SCHLEICHER COUNTY'S ONLY NEWSPAPER—CARRYING HOME NEWS FIRST—OFFERING THE BEST ADVERTISING MEDIUM—Est. 1901, THIS COUNTY'S OLDEST BUSINESS ENTERPRISE

60TH YEAR

ELDORADO, — SCHLEICHER COUNTY — TEXAS

THURSDAY, NOVEMBER 2, 1961

NUMBER 44

### Moore Well Being Tested This Week

The Bright & Shiff No. 1 Moore well, about 11 miles west of Eldorado, is undergoing tests this week.

A rotary rig was set up there on October 22 to clean out and re-enter this old well which was drilled and abandoned about nine years ago. The well was cleaned out and casing was set in about a week's time. The rotary was moved off last Sunday and a work-over rig has been set up.

Perforating and acidizing operations are being carried on this week.

In July when the TXL Corporation completed the R. L. Henderson well as a flush gas producer, interest in gas production picked up all over the west part of the county. In a deal made in September, Bright & Shiff, oil operators from Dallas, took a lease on a small amount of acreage surrounding this dry Moore well. They have a 90-day drilling contract and are interested in testing the upper zones for gas.

Gas production in paying quantities in this well would open up a wide area for future exploration.

### New Babies

A son weighing 7 pounds was born October 25 to Mr. and Mrs. Robert K. Bradley of Casper, Wyoming. The boy was born in Memorial Hospital at Casper and has been named Charles Robert. Grandparents include Mrs. F. M. Bradley of Eldorado.

A daughter was born in Ohio on October 27 to Mr. and Mrs. Frank Feight, Jr. The baby has been named Deborah. The mother is the former Virgie Tinning.

Grandparents are Mr. and Mrs. W. H. Paff of Troy, Ohio, and Mr. and Mrs. Frank Feight, Sr., of Covington, Ohio.

Mrs. V. G. Tisdale of Eldorado is a great grandmother.

### News of the Sick

Mrs. Joab Campbell entered the Sonora hospital on October 23rd where she is receiving treatment.

Miss John Alexander has been in the Sonora hospital since October 27th, with a fractured bone in her foot.

Laman Hazelwood is in Room No. 111 in the Clinic-Hospital in San Angelo, where he is being treated for sciatica.

Miss Dana Owens is in Room 317 in the Clinic-Hospital in San Angelo, where she is convalescing from surgery early today. Her place in the home ec. department at school is being filled by Mrs. Bill Barr during her absence.

Tom Henderson is reported some improved in the Sonora hospital.

Payne Robinson is convalescing this week in the Shannon hospital, San Angelo. He was taken to the Sonora hospital last Thursday and transferred to Shannon during the week end where he underwent surgery Saturday night.

### Post Script

C. L. Martin, Jr., is back on the job as a carpenter following his serious car accident about two months ago.

He has a crew at work this week repairing Harkey's Humble station which was damaged by a heavy oil truck several weeks ago. Part of the station is having to be completely rebuilt, and is closed for business at present. Martin said, "We've got the roof back in place, and it won't be long now."

—ps—  
"Hey! Lookee there!"  
"Wild turkeys!"

It was Pete and Glenn Parker coming up toward the post office in their pickup yesterday morning at about 11 o'clock.

There was a flock of about 30 of the big birds walking across the road in the Hoover neighborhood. The men had already started to turn so they whipped around the block to get a better look, and then they saw the flock take off.

"We drove around several blocks in that part of town, but we never did see where they lit."

Conditions apparently are very good for wildlife this year.

B. L. Blakeway reports that there "must be" 500 ducks on the lake near his residence. Another party reports seeing a small buck deer going up the alley near his home recently.

We are wondering how come all this wildlife is moving into town. Can it be that Eldorado is so quiet that they think nobody lives here?

—ps—  
About 65 men are connected with the Air Force unit now located in Eldorado. Most of the men are single and are housed in barracks at Goodfellow in Angelo and are driving down here each day. A number of married men have rented furnished apartments in Eldorado. There are still a few seeking apartments who have been unable to find them.

The crew will be located here until some time in December. If you have a furnished apartment suitable for a couple with small child, get word to the Air Force boys.

—ps—  
Among new people in town: L. F. Evans, in Gus Love house. W. G. Woodrow, in W. L. Taylor house;

Warren S. Mahaly, Crosby apartment; Edward D. York, Roy Andrews house.

Some of the foregoing are here on assignment with the Air Force, but many others are renting apartments over town where the landlord pays the bills, and so are not on record in the city office.

Housing is short once again in Eldorado, and will probably remain so until Christmas.

—ps—  
The gin total yesterday was 2469 bales, an increase of 415 over a week ago.

The harvest is gradually beginning to overtake the figures from last year. This week a year ago the total was 2954 — less than 500 bales over the present figure.

More sunshine is what the farmers are looking for so that they can hit the fields with their strippers.

### City Water Supply Receives Approval

Eldon Calk, mayor of the City of Eldorado, recently received a letter from the State Department of Health in Austin in which G. R. Herzik, chief of the Environmental Sanitation Services, stated that Eldorado's water supply had been inspected recently and had received the same approval that it had in past years.

Mr. Herzik's letter stated in part

"Dear Mayor Calk: On October 5, 1961, our representative, Mr. Charles L. Davis, made an inspection of the public water system serving the residents of Eldorado, Texas.

"As a result of our representative's evaluation of conditions existing at the time of inspection, it pleases us to advise you that your city continues to operate and maintain its public water supply so as to warrant continued approval by this Department."

### Miss Davis Is Elected F. F. A. Sweetheart

JAN DAVIS

The Eldorado FFA Chapter held a meeting October 18th. Jan Davis was elected Chapter Sweetheart and will attend the district banquet December 5th. She is one of nine contestants. One sweetheart will be elected and serve as district sweetheart for 1961-62.

## Eagles Go Down Before Brilliant Performance of The Sonora Broncs

The Eldorado Eagles bowed before the fired up determination of the Sonora Broncs 22-0 Friday night in Sonora. It was a dismal night.

It hurts to sit in the stands and see the hometown boys lose a football game; but there is one point which should never be forgotten. It hurts the teen-agers out on the field a lot worse. And they are not as well conditioned to disaster and disappointment as adults who have experienced much more and too often more disappointment than triumph. It all builds up to what Mr. R. Kipling aptly said with, "If you can make one heap of all your winnings, and risk it all on one game of pitch and toss; and lose, and start again at your beginnings and never breathe a word about your loss—"

### Schleicher Included in 1962 Highway Improvement Program

The Texas Highway Commission last week approved the expenditure of \$118,000 for highway safety and betterment in Schleicher county during 1962, announced District Highway Engineer J. A. Snell of San Angelo.

He said a total of 3.0 miles in the county will be involved. The work will be under the supervision of G. L. Rogers, senior resident engineer of Junction.

This work is part of the 1962 State Highway Safety and Betterment Program just authorized by the Highway Commission.

Under this program, a total of 2,433 miles of U. S. and State highways will be improved. Work will be done on 378 projects in 156 counties.

Purpose of the annual program is to continue the improvement and modernization of U. S. and State highways for increased safety and convenience of travel.

The following improvement project will take place in this county: State Highway 29, from Menard County line west, a distance of 3.0 miles, reconstruct grading, structures and surfacing.

well, that is what the Eagles will have to do and come back strongly against the Big Lake Owls tomorrow night.

And that was what happened to them Friday night. They made one heap of the season's record to date and lost. It was a night when nothing seemed to go right. Sonora received and after making a first down or so, lost the ball on downs. The Eagles took over deep in their end of the field.

Sure enough, Big Donnie Holden broke loose for a long gain; and it looked as if the Eagles were on the way. But they fumbled and nothing went right after that. Like the boxer, who dazed by a chance blow, never recovers, the Eagles couldn't pull themselves together; and Sonora's line-ripping ground game took a quarter to wear the Eagles down. Then Sonora's Johnny Morris early in the second quarter stole a Jim Cheek aerial near mid-field and ran it back to the Eagle 27-yard line. The Broncs drove over in seven plays and Primo Gonzales showed that it is possible to educate other toes as he booted a perfect placekick through the goal posts to put Son-

ora out front 7-0. Bronco Danny Rutherford was the lad who crossed the goal line.

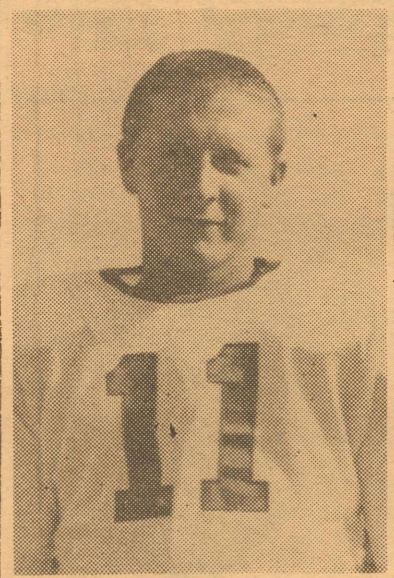

Sonora's second touchdown came late in the second quarter when after a 78-yard see-saw of drives and penalties, Primo Gonzales carried over from the one-yard line and successfully picked his second extra point to put Sonora out front 14-0.

Sonora's third touchdown came in the third quarter and a fumble about midfield was the cause of it all. The charging Bronc line rushed into Eldorado's backfield offensive staging area and Bronc Guard Preston Neely captured the loose ball. Bronc Arthur Bermea capitalized on a freak defensive situation and flashed between two Eagle pass defenders to go on 25 yards for the score. Primo Gonzales drove over to add two points to the Bronc margin which then stood at 22-0.

Eldorado's only chance to score came when Jim Cheek intercepted a Primo Gonzales pass which was partially blocked, Cheek nearly scoring, being stopped within three yards of pay.

But a rock-ribbed Sonora line wouldn't give an inch and Eagle opportunity slipped away.

### Eagle of the Week

JIM CHEEK

The Broncs threatened strongly in the fourth quarter and clearly demonstrated that they were not in a merciful frame of mind; but the Eagles would not agree. As it was, game statistics illustrate that the Broncs did clearly win the game. They racked up 21 first downs to Eldorado's 13; indeed behind the raging Bronc line, Gonzales and associates could make three or four yards almost at will. The Broncs earned 319 yards on the ground and 29 yards via Primo Gonzales's air attack for a total of 348 against Eldorado's 125 on the ground and 40 by way of Jim Cheek's arm for a total of 165.

Cheek threw 20 passes of which six were completed. Gonzales fired 12 and completed three. Each suffered three pass interceptions.

Thus the Broncs avenged themselves for their defeat last year in Eldorado. It will be at least until 1964 before the two teams meet again in conference play, although non-conference rivalry will be continued.

Meanwhile, the eagles in Eldorado High School auditorium, one of which, tradition says, was placed there by "Titan" Buck Bailey back in the "old days" will rustle their feathers disconsolately and settle down for a wait, long or short.

### About Big Lake

The Eldorado Eagles will be relieved of the heavy "Upper Dog" role which has plagued them for six games in tomorrow night's game with the Reagan County Owls of Big Lake. The Reagan County school enrolled 900 children last year to 600 for Eldorado.

Big Lake ranks Eldorado financially also, with \$27 million evaluation broken down to \$1.40 per hundred dollars for a local maintenance tax rate and .30c for bonded indebtedness. The Big Lake school is a member of the Southern Association of Colleges and Secondary Schools as is Eldorado.

The Eagles may be able to bounce back from the Sonora game as they yet are very much in the running for district championship honors. Should Big Lake defeat Sonora as many people expect, and should Eldorado take Big Lake, the conference situation will be strictly back to normal.

Ozona High School should not be completely disregarded, as should a bad night occur for Sonora and one for Big Lake; and again the situation could really be confused.

But the game tomorrow night leaves the Eagles with only one more regularly scheduled contest in the waning 1961 season. This is the season's finale and final home game against Ozona.

Senior Eagles may not have considered it but there are only four more days left for practice.

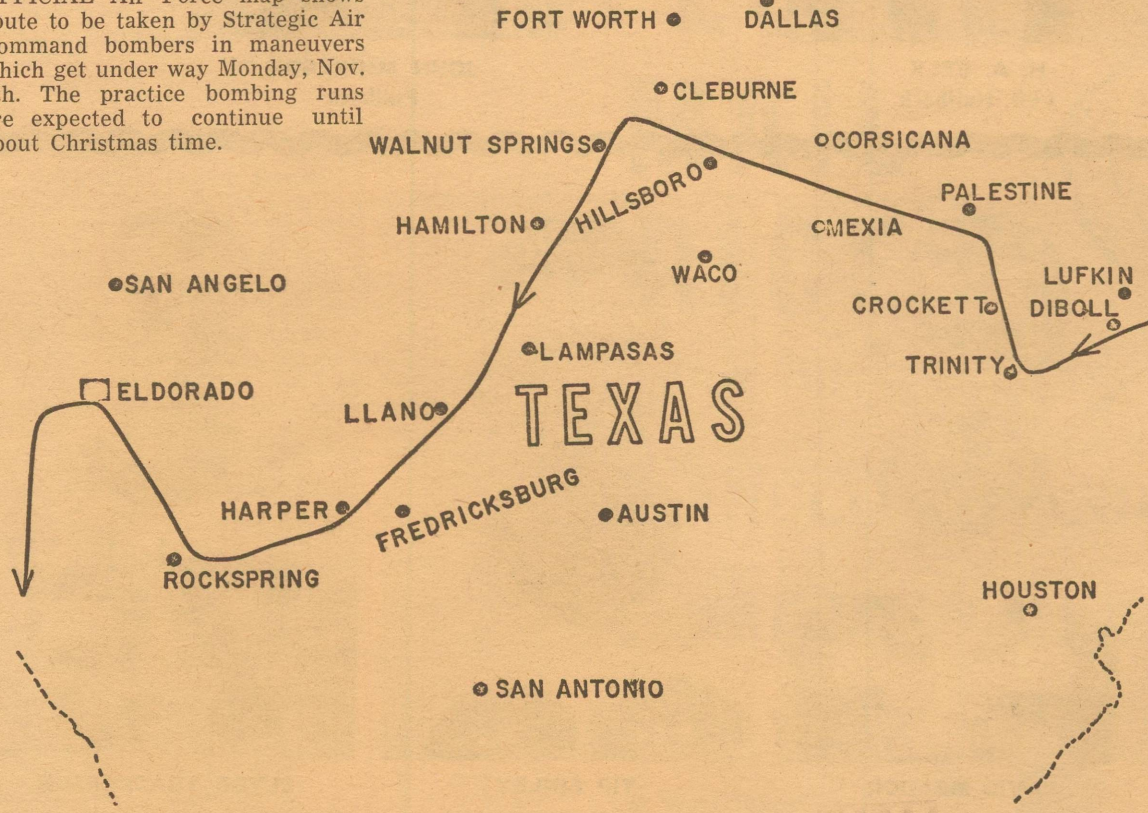

### AIR FORCE OPEN HOUSE

Maj. Adrian Webb, commander of the Air Force unit in Eldorado, announces that Open House for the news media in this area will be held on Friday (tomorrow) from 10:00 a. m. to 2:00 p. m., at the Air Force train.

Open house for the public will be announced at a later date.

## Radar Train With 65 Personnel Located At Eldorado

OFFICIAL Air Force map shows route to be taken by Strategic Air Command bombers in maneuvers which get under way Monday, Nov. 6th. The practice bombing runs are expected to continue until about Christmas time.

Offutt AFB, Neb.—Jet bomber crews of the Strategic Air Command will begin flying missions on November 6 against simulated targets near Eldorado, Texas.

Radar bomb scoring equipment mounted on an Air Force train parked near the target will score the accuracy of simulated bomb drops by means of radio and radar signals.

The bombers will enter the route at high altitude beginning over Lufkin, Texas. When the bombers arrive at a low level entry point in the vicinity of Crockett, Texas, they will descend to an altitude between 2,000 and 3,000 feet and fly over a route 20 miles wide into the target. Upon approach to the target the bombers will climb to 6,000 feet for a simulated bomb run.

SAC planes making the simulated bomb runs will be B-47, B-52 and B-58 jet bombers. The B-58,

capable of traveling at supersonic speeds, will fly against the target at subsonic speeds.

All target and route selections have been coordinated with the Federal Aviation Agency. Populated areas and areas of heaviest air traffic will be avoided.

The RBS Express, designation for the mobile radar bomb scoring site, will inject more realism into SAC's training program, providing crews with a wider range of unfamiliar targets and unfamiliar routes.

This will be done by moving the RBS site to a new geographical location every 45 days to simulate new and different target areas. With each relocation, a new route, terminating near the RBS Express will be implemented.

Low level bombing and navigation training has been conducted against fixed sites under the code name "Oil Burner" since Novem-

ber 1959, and these will continue in use in addition to the mobile sites, to provide SAC aircrews all-weather operational training.

The RBS train will carry about 65 Air Force personnel. These will be radar and electronic technicians and personnel needed to operate the train and furnish other support. Civilian train crews will move the train between target complexes.

Each train has 10 cars carrying radar and communications equipment, fuel and supplies.

Electronics equipment aboard the train will be used to jam the aircraft's radar during the bomb runs against the targets. Bomber crews will use electronic countermeasures to overcome the jamming while attempting to pinpoint targets.

The trains consist of existing U. S. Army stock from the Ogden General Depot in Utah.

**Explorer Scouts To Meet Monday Night**

Explorer Scouts of Post 318 will hold their regular meeting this coming Monday night, Nov. 6, at the Memorial Building. Robert Jay is advisor and all boys of Explorer Scout age are invited to attend. Officers elected recently were David Meador, president; Lynn Meador, vice pres.; Joe Christian, sec.; Jack Mackey, treas.; Ronnie Williams, parliamentarian; and Jim Runge and Jerry Edmiston, cabinet representatives. Local Explorers are at present competing in a National Rifle Association-B.S.A. marksmanship contest with matches being held each meeting night. Among the Explorers who placed in the Bivouac at Camp Farr recently were: Buzz McCormick, Ronnie Williams, Jerry Edmiston, Phil Edmiston, Jack Mackey, Phil McCormick, Jim Runge, and Joe Christian.

**MRS. BRADLEY ON TRIP**

Mrs. F. M. Bradley left Eldorado for Casper, Wyoming, last Friday to visit her son and daughter-in-law, Mr. and Mrs. R. K. Bradley and their children, Elizabeth Kay and Charles Robert.

**School Menus**

Monday, Nov. 6: Chicken fried steak & gravy, creamed potatoes, greens beans, mushroom sauce, pickled onion rings & cucumbers, hot buttered rolls, milk, canned fruit.  
 Tuesday, Nov. 7: Meatloaf, tomato & okra gumbo, pinto beans, cabbage & carrot salad, buttered rolls, milk, applesauce cake.  
 Wed., Nov. 8: Baked ham, candied sweet potatoes, Sammy's beans, fruit salad, buttered rolls, milk, peanut butter cookies.  
 Thurs., Nov. 9: Steamed smoked sausage, fried potatoes, black-eyed peas, carrot & pineapple & raisin salad, buttered rolls, milk, chocolate cake.  
 Friday, Nov. 10: Beef on buns, tuna sandwiches, potato chips, cheese strips, celery sticks, milk, fruit cobbler.

**About The Family Washing**  
The family laundry load, the weather and the seasonal needs are simply not in tune with each other. In the summer when nearly every day is a good wash day, washings are not so big. There are no school clothes and knit shirts and shorts are ordinary every day outfits for children. Winter weather, some lack of sunshine and the demands for clean school clothes makes it ever so much more necessary that one give proper attention to this never ending job of getting the washing done.

And—it's along about now that some people begin to think how nice a clothes dryer would be. Many women say that the clothes dryer is the biggest work saver and time saver around the house—no lugging of heavy wet clothes, no bending or stretching, and cleaning of the clothes line no worry. Also no worry about the weather.

If you do not have a dryer, maybe you would like to know these things about a dryer:  
 Gas or electric: The electric machine usually costs less to buy but more to operate. Gas machines usually require a vent to the outdoors. Some electric ones do, too. Others have vapor traps connected to the water pipes and drain—but most of these consume many gallons of water for condensing purposes. If the dryer is to be placed in a large well-aired room where condensation won't matter, you'll need neither trap nor vent.

Installation. Gas dryers can be hooked up to the nearest gas outlet. The cost is minor unless the gas pipe has to be extended across the cellar or into a kitchen. Electric dryers generally operate on 220 to 240 volts. Unless you have special wiring available, figure on an additional \$50 to \$80 for a heavy-duty line. Some electric dryers will work on normal house current (110-120 volts). All you have to do is plug them in. Drying time with these is much longer, however.

Controls. If you plan to use your dryer for fine and synthetic fabrics, choose a model that permits you to vary drying temperatures and drying time.

Extras. Thermostats to cut off the machine before it overheats, special switches to halt operations if the door is opened, and ultraviolet germ-killing lamps to supplement the sterilizing effect of drying are all practical for some homemakers.

Combination washer-dryers—these take up less floor space than two machines and wash and dry clothes in one continuous operation. Two disadvantages: (1) you can't do a second wash while the first is in the drying cycle; (2) drying takes longer than in most single-unit dryers.

At the laundry clinic last spring a "recipe" was given for washing

In Schleicher county water which is classed as hard water. Person after person has reported wonderful luck in getting clothes whiter and brighter by using this formula:  
 3/4 cup LOW sudsing detergent;  
 3/4 cup Borax, Calgon or other such water conditioners. This amount cleans eight to ten pound load of clothes in any kind of washing machine.  
 \* \* \*  
 Years ago, in the days of real soap, high suds was a kind of a sure clean. When the chemical detergent hit the markets sometime after World War II, the manufacturers wanted their new products to look and act like soap. They added chemicals which would foam when added to water. Right now they have almost overdone the sudsing trick and the swing back now is to a low sudsing detergent. In the city water of Eldorado, and a majority of the wells in the county, the low sudsing detergents combined with borax do the best job.  
 For your next washing, try the new formula. The cost is the same and the clothes are whiter, because the rinsing is easier and more thorough.

In Those Days

Compiled From Success Files

ONE YEAR AGO Nov. 3, 1960—Ed Meador was elected new Chamber of Commerce president, succeeding Paul Page. The Appreciation Day drawing was discontinued.

Mr. and Mrs. J. D. Ashmore were to be honored Sunday on their Golden Wedding anniversary. Ernest S. Goens died in Dallas. City offices were moved to the new city hall building.

Bill Reesor completed his Air Force basic training at Lackland Air Base.

Brian Edmiston was named district FFA treasurer.

The Gulf station on South Main street was to be sold at auction on November 9th.

FIVE YEARS AGO Nov. 1, 1956—"County, State Nation, Square Away For Election Tuesday." Eisenhower and Nixon were running against Stevenson and Kefauver.

The dedication of St. Mary's Episcopal Church was set for Sunday, with the Rt. Rev. Everett H. Jones conducting the service.

A. T. Wright observed his 80th birthday and Golden Wedding Anniversary.

A shower honored Mr. and Mrs. Lawrence Dannheim.

Claude King bought out his partner, E. D. Walton, to become sole owner of the Huldale wax plant.

Christabel Sauer was crowned band sweetheart and Jimmie Dell Williams football queen, at half-time of the Ozona game.

Edwin Martin Jackson quit his job with the highway department, and went to work for Bland Construction.

12 YEARS AGO Nov. 3, 1949—"Plans Shaping Up For Lions Auction Nov. 12." The event was to include an air show, carnival, auto race, bike race, and sack race.

Miss Kathryn Hall and Billy Whitley married in Las Cruces, N. M.

H. M. McClothing, 66, a former resident of Eldorado, died in San Angelo.

Ray Tisdale started construction of a new house in Glendale.

The Edwin T. Johnson family were moving from Kermit to Venezuela.

Mrs. Wilson Page, a recent bride, was honored with a gift tea.

Mrs. John Stigler gave a coffee honoring Mrs. Aris Carr, who was moving to San Angelo.

35 YEARS AGO Nov. 5, 1926—Rev. J. C. Young was returned to Eldorado for his fourth year as pastor of the Methodist church, when annual conference was held recently. New presiding elder is Sterling Fisher.

Floyd Young, J. D. Trotter, and John Walton Cain are included on the football team. The team lost to Junction 6 to 0 and go to Winters tomorrow.

Dr. Gray of Brownwood will preach at Presbyterian services Sunday.

Buck O'Conner was shot and killed on the Sim Glasscock ranch near Sonora.

Annie Neill of Eldorado is in the Matrix club at the College of Industrial Arts at Denton.

While driving on the road west of town Saturday, Will Green and family narrowly escaped injury when the Ford touring car in which they were traveling overturned.

Mrs. Chester Hughes of Mertzon is visiting her parents, Mr. and Mrs. J. E. Tisdale.

Miss Annie Doty was over from Ozona Sunday visiting "Uncle Kip and Aunt Alice."

On a Senior BYPU program were Peyton Cain, Nina Smith, Jones Craig, Jessie McAngus, Bertie Nolan, Tom Kent, and Otto Williams.

Archie Buie is new night watchman.

October New Vehicles

During October, the following new vehicles were registered in the office of Orval Edmiston: Mrs. Sadie Davidson, '62 Buick 4-door; Oliver Teele, '62 Ford 4-door; Mrs. Ruth C. Williams, '62 Ford 4-door; Carl Stevens, '62 Ford 4-door; H. E. Parish, '62 Ford pickup; Carrol White, '62 Chrysler 4-door; L. E. Lloyd, '61 Ford pickup; Jack Elder, '61 Volkswagen; W. G. Powell, '62 Olds 4-door; Haley Transports, '62 Olds 4-door sedan; Mrs. Jimmie McCormick, '62 Plymouth 4-door sedan; Tommy Roy Shelton, Brackettville, '61 Chevrolet pickup; Jerry L. Pennington, '62 Ford 2-door Falcon; John Williams, '61 Ford 4-door; J. A. Griffin, '62 Chev. 4-door; Mrs. D. C. Royster, '62 Chevrolet 4-door; Mrs. Frances M. Porterfield, '61 Chevrolet 4-door; W. M. Whitten, '62 Chevrolet pickup; Robert L. McWhorter, '62 Olds 4-door; R. J. Nixon, '62 Chevrolet 4-door sedan.

C Of C To Meet Soon

A membership meeting of the Schleicher County Chamber of Commerce will be held soon to elect a new president and board of directors. Ed Meador is now president. Tentative plans call for the membership meeting to be held Tuesday night, November 14th. Further plans will be given in next week's Success.

STUDY CLUB HAS GUEST SPEAKER

The Eldorado Study club met on Thursday night at the club room. Guest speaker, Jim Garvin, guide at Sonora Caverns, gave the program on the caverns. He told of the discovery, exploration, and development of the caverns and showed colored slides revealing areas not open to the public, as well as the area seen on the regular tour.

This program on the Sonora cavern was the second in a series of programs on the history of the area of Eldorado and surrounding territory.

Coffee, cake, and whipped cream was served by the hostess, Mrs. Flora Hubble, following the program.

Debbie Johnson was honored with a party on her ninth birthday yesterday at the Memorial Building. Twenty-eight third graders were present and a number of gifts were presented the honoree. Debbie is the daughter of Mr. and Mrs. Lloyd Johnson.

**QUESTIONS AND ANSWERS ON BOY SCOUT DRIVE ARE SET FORTH BY EXECUTIVE**

(Ed. note: As result of the editorial on the Scout drives in a recent Success, Milton Wyatt, executive of the Concho Valley Council of the Boy Scouts of America, supplied the following questions and answers.)

**I. Q. Why does all Community Chest money go to San Angelo?**

A. 1. For proper business control of council funds.

2. All council bills are paid by council checks prepared in the San Angelo Scout Office so it is essential that all funds be sent to the same bank. The council treasurer lives in San Angelo. He is Alvin Hay, Certified Public Accountant of Jones, Freeze, Hay and Co.

**II. Why don't we hold some of our Community Chest money here in our town and give it to our units?**

A. 1. Chest money is allocated for the Concho Valley Council budget fessional, clerical and general Scouting service direct to all units. If the budget were to be enlarged in order to provide cash to be given to units, the total would need to be several times the present amount.

2. The division of public funds to individual Scouting institutions within a city, county or council proved to be a mistake because there is no completely acceptable way to do it.

3. If any chest in the Concho Valley Council retained any portion of its chest allocation, then all chest cities would automatically do so and the council would collapse. If the council ceased to exist, 90 per cent of all the Cub Packs, Scout Troops, and Explorer Posts would die within a year.

**III. What do we in our town receive for the money we put into the council budget?**

A. 1. Personal assistance from our District Scout Executive, Assistant Council Scout Executive J. B. Morris, and Council Scout Executive Milt Wyatt. These professional Scouters help us with all of our activities in Cub Scouting, Boy Scouting and Explorer Scouting. They train our leaders, help us recruit new leaders, guide our advancement program, run our summer camps at Camp Sol Mayer and Camp Fawcett, Camporees, Expositions, Scout-O-Ramas, and are always available to inspire and stimulate our adults and boys in all phases of Scouting. Salaries and travel expenses are paid out of the budget.

2. All badges of rank are given free to all boys. Optional badges of leadership are purchased from the Scout Office at low cost.

3. The Scout Office in San Angelo maintains accurate personal records of every boy and adult in Scouting. The records help tremendously in our regular advancement and training program and are always available to every unit leader.

4. Frequent letters and training bulletins come to our Scouters from the Scout office. The stencils, ink, paper, envelopes, postage and other office supplies and equipment are costing \$4,200 for the entire council in 1961.

5. The cost of operating our summer camps is about \$35 per week per boy. The camp fee is \$14.50. This difference of about \$20 per boy is paid out of the

council budget. Very few boys could go to camp if they had to pay \$35 each, and we want all of our boys to have the benefit of long term camping experience.

**IV. How should the Boy Scout budget compare with other agencies in a Community Chest?**

A. We in the Boy Scouts of America prove the need for our budget. We are not familiar with the needs of other agencies.

**V. Who sets the council budget?**

A. Sixty West Texas businessmen and professional men who form the Council Executive Board. All Districts are represented on the Board. The Board carefully planned and adopted the budget. Every item was thoroughly studied. Everything in the budget is needed to properly carry on the administration of the Scouting program in the 23½ counties in this 37,000 square-mile council.

**Financial Summary**

Records in the Council office reveal that Eldorado's contributions for the past five years were as follows:

1955	\$644.33
1956	\$797.50
1957	\$773.50
1958	\$998.50
1959	\$740.50
1960	\$932.47

As of September 25 of this year, Eldorado had contributed \$229 in sustaining memberships.

**Eaglets Defeat Menard By Score Of 46-0**

**End Season Tonight In Sonora Game Time: 7:00**

Eldorado won their seventh game without a loss Thursday night. The Eaglets blasted Menard 46-0 with a strong second half after leading by only 18-0 at half time.

Dickie La Barno, Sam Henderson and Charles Nixon led the Eaglets offensive show. Henderson scored three touchdowns and La Baron 2.

The Eaglets defensive unit did a fine job during most of the game, only a Menard kick-off return to the Eaglets 35-yard line marring their defensive show.

The Eaglets go to Sonora for their last game tonight. Game time is 7:00. The Eaglets beat Sonora 32-6 in their first game.

The Jr. High football banquet is scheduled for this Saturday.

**GIRL SCOUT TROOP 3**

The meeting of Scout Troop No. 3 was called to order by the president, Billie Gayl Blaylock, on Monday, October 30. We opened the meeting with Our Promise.

The vice president, Stella Hubble, called the roll, with 12 present and none absent. Dues were collected by the treasurer, Maggie Stockton. Minutes of the last meeting were read by the secretary, Shirley Hubble.

Sunshine Reporter Stella Hubble for the last week did the following good deed: cooked supper.

Sunshine reporter for next week is Nell Neff. Old business: we made football pins. New business: we practiced flag ceremony.

Hostess this week is Carol Casbeer. Hostess next week is Chris. Motion for adjournment was made by Sherry Yates. —Libby Preston.

**State Capitol News**

Austin.—Aware of the fact that more money soon may be available for trunk-highway construction, 15 delegations of civic leaders descended on Austin.

They asked the Texas Highway Commission for a record number of dollars for highway work. Specifically, \$171,056,000.

Houston and Harris county, presenting a plan of freeway development designed to carry Houston's traffic in 1980, asked for approval of an \$89,400,000 program. That was the big one. But all of the 14 other projects were equally as pressing to the homefolks, even though less money was involved.

State Highway Engineer D. C. Greer feels that 22,000 of the 25,000 miles in the trunk-highway system are inadequate. He says that less attention has been paid to these "town-to-city" roads during the years in which urban freeways and farm-to-market roads have taken top priority.

Gov. Price Daniel brought the issue of highway financing to a head when he vetoed the \$15 million Colson-Briscoe farm-to-market road appropriation. Legislators had appropriated it for the year starting next September 1.

Governor Daniel will ask the Legislature, at its special session this winter, to cut down on farm-to-market road construction and step up the money available for trunk-highway work.

Texas County Judges and Commissioners Association has endorsed the change.

Governor Daniel will go in person to the Texas Farm Bureau convention in Galveston November 12-15 to try to get that powerful rural group to accept the plan.

**Business Coming Back**

A steady growth in Texas retail trade in 1961 is reported by the Bureau of Business Research of the University of Texas.

Despite a Gulf Coast slowdown Carla, retail sales for the first nine months of 1961 pulled to within one per cent of the sales for the same period of 1960. First six months of 1961 were three per cent behind 1960.

September sales were off, largely because people bought heavily in August to avoid the sales tax. But the nine-month figures indicate to the Bureau's economists that things are looking better.

A big gain in construction in 1961 has helped the business picture. Not even Carla's September blow could head off a new nine-month record in the construction field in Texas. The UT Bureau found \$1,047,625,000 in construction authorized the first nine months of 1961, five per cent above 1960's first three quarters.

Recovery of the home building business was the major factor. Third quarter saw \$169,127,000 worth of one-family homes authorized. This was 23 per cent above the same quarter of 1960. Apartment construction is nearly double the rate of the previous year.

**More Taxes?**

James W. McGrew, research director of Texas Research League, told the group's annual meeting that additional state spending of about \$50 million a year is in sight for the two years starting September 1, 1963.

New sales tax will provide part of the added money, McGrew predicted. Other taxes will just about produce the extra money. But it will require some economizing to make ends meet in the 1963 session of the Legislature, in spite of the huge new tax.

Growth of Texas is the reason for the added spending. Growth means more children, more schools, more patients in mental hospitals, more college students, more cars and more highways to hold them.

More people mean more governmental spending to serve them.

Railroad Commissioner Ben Ramsey, main speaker at the League's luncheon, said Texans should be commended for their willingness to accept the added tax burdens needed to finance education and other essential services.

Ramesy provided some startling figures. While he was lieutenant governor, presiding over the Texas Senate, state spending increased nearly two and a half times, from \$520 million to \$1.2 billion a year from 1950 to 1961.

In defense of the Legislature, he said it wasn't "free spending." Spending was necessary for essential programs like education, highways, welfare, hospitals and the like, Ramsey explained.

Rep. Jesse M. Osborn of Muleshoe has some tax cutting in mind. In a letter to Governor Daniel he proposed that the State ad valorem tax be abolished, and the sales tax revenue be used to make up the gap.

So far, sales tax revenues have only begun to trickle in to the State Treasury. So the state's main checking account is still \$86,850,569 in the red. If good business conditions continue and income is up, it will still be more than a year before the deficit is erased.

Mr. and Mrs. John Conner of Kingsville visited recently in the Neill, Murchison, and Mrs. Tom Johnson homes.

#### 'The Hoodlum Priest' Is On Sunday And Monday

The life of a St. Louis priest who has helped to rehabilitate convicts after their release from prison is depicted in "The Hoodlum Priest," showing this Sunday and Monday nights at the Eagle Drive-In Theatre.

The priest, the Rev. Charles Dismas Clark, has dedicated his life to helping convicts find useful places in society. He has established Dismas House, using his own name, in St. Louis as a sort of "half way house" where the released criminals are sheltered and clothed while Father Dismas seeks jobs for them.

Don Murray produced and plays the star in the motion picture based on the life of Father Clark, affectionately referred to in the St. Louis press as "the hoodlum priest." Others in a top Hollywood and New York cast include Larry Gates, Logan Ramsey, Cindi Wood, Keir Dullea and Don Joslyn. Since almost all of the film was shot on location in St. Louis, it is not surprising that some 650 residents of the city were enlisted for the movie, many of them making their acting as well as their film debuts. Many of them were men who had been befriended by Father Clark and were anxious to help portray his life and work.

Much of the filming was in the

actual areas which Father Clark calls his "parish"—Dismas House, slums, skid row, courts building, the city jail and, of course, the state penitentiary at Jefferson City.

Shooting the film in St. Louis made quite an impression on the city and its citizens, in large measure because Father Clark was the subject matter.

The two St. Louis dogs working in the film, Alfie and Satan, are veterans of the department—they have been responsible for more than 80 arrests.

An amusing incident happened while the film was being shot. While filming on skid row, the company had a caterer serve lunch buffet style on a parking lot. When the meals served was tallied, it was discovered the total was 23 too many. The explanation was that many residents of the area had sneaked into the line with the extras, cast, and crew for free meals.

#### ATTEND PRESBYTERY

A group of women from the First Presbyterian church in Eldorado attended a two-day meeting of the Women of the Church of the Presbytery of the Southwest, held in Odessa on Tuesday and Wednesday of last week.

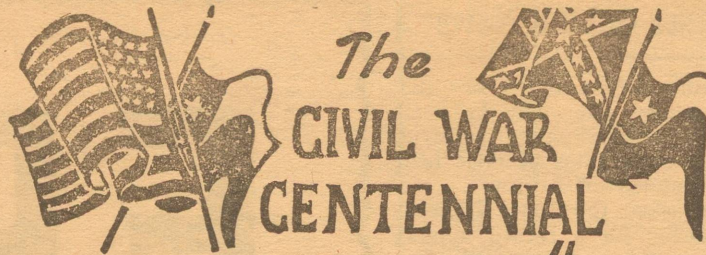

Included in the program were several outstanding inspirational messages. Those attending were Mmes. Joe Edens, Dan Sebesta, John Williams, Wilson Page, and Edwin Jackson.

#### MUSICAL PROGRAM FOR LIONS

The Eldorado Lions club were entertained at their meeting yesterday with a musical program which was introduced by School Supt. A. M. Whitis. Mr. Whitis is program chairman for the month of November. November includes National Education Week.

A choral group consisted of nine high school girls: Mickie Phelps, Pat Rogers, Jan Davis, Rosanna Sudduth, Barbara Fry, Joyce Woodward, Terry Phelps, Genelle Edmiston, and Lynda McGinnes. They were accompanied in several selections by Judy Hext at the piano. They were under the direction of Mrs. Oliver Teele.

W. R. Bearce presided at the meeting.

By Dayton Kelley  
Mary Hardin-Baylor College  
Belton, Texas

Abraham Lincoln, as the Civil War commander-in-chief of Union forces, fired no less than half a dozen generals from the top Army command before turning things over to Ulysses S. Grant who saw the War through to the surrender of the Confederates at Appomattox.

The National Civil War Centennial Commission, taking its cue from General Grant's successes, began functioning two years ago under the leadership of the general's grandson, Ulysses S. Grant, III. No use getting involved with all these others when operations could start right off under the direction of another general named Grant.

But now General Ulysses S. Grant III has resigned as chairman of the special commission named to plan and execute observance of the Civil War. He was replaced last week by historian Allan Nevins, the dean of Civil War scholars.

General Grant's resignation, along with that of Vice Admiral Stuart H. Ingersoll as head of the Commission's executive committee, and the removal of Karl S. Betts as executive director, has created almost as much of a stir in Washington as did the differences which brought about the beginning of the Civil War a century ago.

The National Commission has found the going rough in spots ever since it was created two years ago. The Commission invited all the states to appoint Civil War Centennial Commissions and suggested that the groups meet periodically to talk over local plans for observances and commemorations. This worked well for awhile, although some states were slow to appoint committees and there are still two or three that have no such organizations. The first glimmer of division came when the Commissions from the states of the Old South met in Atlanta, Georgia, and organized the Confederate States Centennial Conference.

Then last April, when the state commissions were to meet jointly

with the National Commission at Fort Sumter, South Carolina, the assembly had to be moved from the segregated hotel on Charleston to the U. S. Naval base six miles away. The commissions from Dixie declined to change their meeting place and met in Charleston as originally planned.

A few of the commissions protested the reenactments planned for some of the battles and skirmishes while others proceeded with plans to call attention to engagements of major significance. Texas' Governor Price Daniel, who appointed members to the state's Civil War Centennial Commission, asked that no reenactment of battles be planned but that sites of the military events which occurred in Texas during the Civil War be marked and memorialized in some way.

"The Civil War Centennial will stress the bravery and noble deeds of all men and women who fought for their cause and then after the war rebuilt their homes, communities and nation rather than reviewing and reenacting the bloodshed, strife and discord of the period," he said.

The latest state commission to rule out a reenactment such as that of last July at Manassas, is the Pennsylvania delegation. The members of the commission refused to sponsor a reenactment of the Battle of Gettysburg when the anniversary of that great battle comes along on July 1, 2, and 3, 1963.

And now the sudden spate of resignations from the National Commission threatens even more dissension in the ranks of those in charge of planning and encouraging the observance of the Civil War.

But if the new chairman, Dr. Allan Nevins, is half the leader and scholar we think he is, the breach will be healed and the remaining years of the Centennial will be pleasant and interesting ones for Civil War buffs.

Good luck, Dr. Nevins, from now to Appomattox.

Becky Mund visited home folks over the week end from Baylor.

#### School News

Fred Lowery, world's foremost whistling artist, will perform at the Southern Assembly at school this Monday, November 6, at 2:00. Final touches are being put on the P-TA play which will have two performances next week. The play, "You Can't Take It With You," will be presented Tuesday and Thursday nights.

Oliver Burk, Vocational Agriculture instructor, announces that the district FFA leadership contest will be held Monday, November 13th, at the Southwest Texas Electric Co-Op building here in Eldorado.

Mrs. Barr is working as substitute home ec. teacher, in the absence of Miss Dana Ray Owens. Mrs. Douglas Jung is teaching Mrs. Payne Robinson's first grade.

Under Coach Guy Whitaker, the Eagles' basketball team are scheduled to launch their 1961 season on Friday, November 17, with a game at Rocksprings. The following Tuesday, Nov. 21, the Mertzon team will come here for the Eagles' first home game. The schedule is still tentative at the present time, and Coach Whitaker will announce the complete schedule before the season opens.

Saturday, Nov. 18, is date set for the band marching contest in San Angelo. The Eagle band, under direction of Glenn Mathews, plans to participate.

Mike Moore and David Steen were home over the week end from TCU, and attended the game at Sonora Friday night.

#### Stocker-Feeder Sale Set Nov. 9 At San Antonio

A Stocker-Feeder Sale will be held at Union Stock Yards, San Antonio, on Thursday, November 9, 1961. This sale, by popular demand from people in the livestock industry, is a follow up to the recent successful Stocker-Feeder Show and sale where steers sold up to \$29 pre cwt. and heifers brought up to \$26 per cwt.

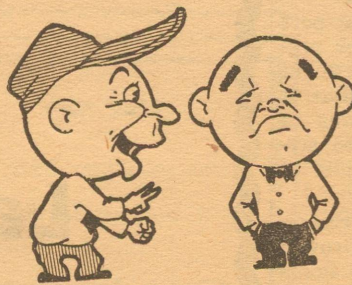

This special sale will feature stocker and feeder cattle, calves, cows and cow and calf pairs. Livestock will not be judged for awards but this special sale will provide a better market for stocker and feeder cattle.

## PIPELINES AND POCKETBOOKS

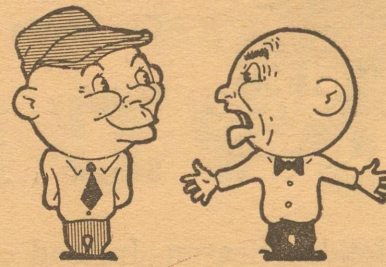

Pipelines - smipelines! What do oil pipelines give that's so outstanding?

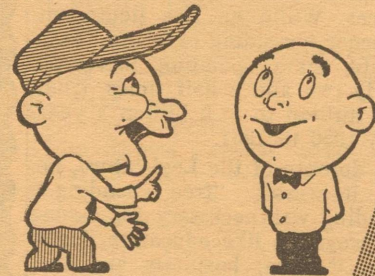

Two things, my friend: economical oil transportation and good service to producers and refiners.

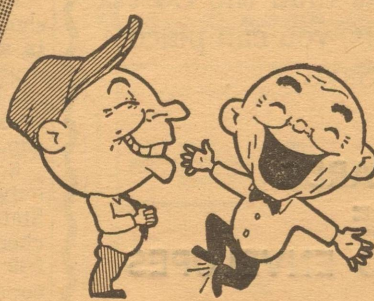

Means nothing, chum I'm no producer or refiner. What I want to know is what they do for me.

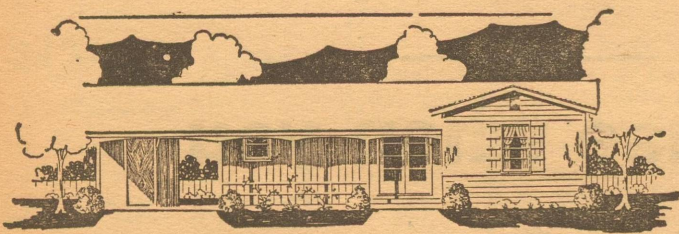

That's the point. THEY SAVE YOU MONEY . . . at your gas station.

For without low cost pipeline transportation, the cost of petroleum products would be a lot higher.

Miss Faught To Marry Mr. Bonnett December 8

Barbara Faught

ENGAGEMENT and approaching marriage of Miss Barbara Faught and Norman N. Bonnett has been announced by her parents, Mr. and Mrs. R. T. Faught of Eldorado. Mr. and Mrs. Bonnett of Austin. The couple plan to be married December 8th in the Church of Christ here in Eldorado.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

A new method for screening market cattle for brucellosis will make the job of keeping Schleicher on the modified-certified list much easier. The new program has six basic points. Cattle being sold for beef are identified with a special backtag at the ranch or assembly points on the way to market. Blood samples collected from the tagged animals at the packing plant or other designated points. The samples are then forwarded to a testing laboratory and the results to disease control officials.

Negative animals are credited to herds and areas of origin and veterinarians work directly with herd owners until the disease problem is cleared up. In areas where winter feeding is practiced, at least 80 per cent of all eligible heifer calves retained in a herd each year must be vaccinated. Under the new method, counties can be recertified if at least five percent of all breeding cattle in the county are tested each year OR a total of 15 per cent for each three-year period. Only female cattle three years of age or older are backtagged and tested.

Cattle owners desiring more information on the new plan are invited to come by the county agent's office for additional information on the program and to obtain their back tag kits available at the office.

Intuition is what tells a woman her husband has done something wrong before he has figured out how to do it.

Sue and William Edmiston placed registered Hereford heifer calves at the State Fair of Texas, Sue placing fourth and William seventh in a class of 23 Junior Heifers. William showed a heifer out of the Bob Sykes herd. Sue's heifer was out of the herd of Edmiston Bros.

Sue and William were congratulated by Vice President Lyndon Johnson and his guest from Pakistan.

The San Angelo office of the Internal Revenue Service has provided us with the following basic information on the Southwest Animal Health Research Foundation for screwworm fly eradication:

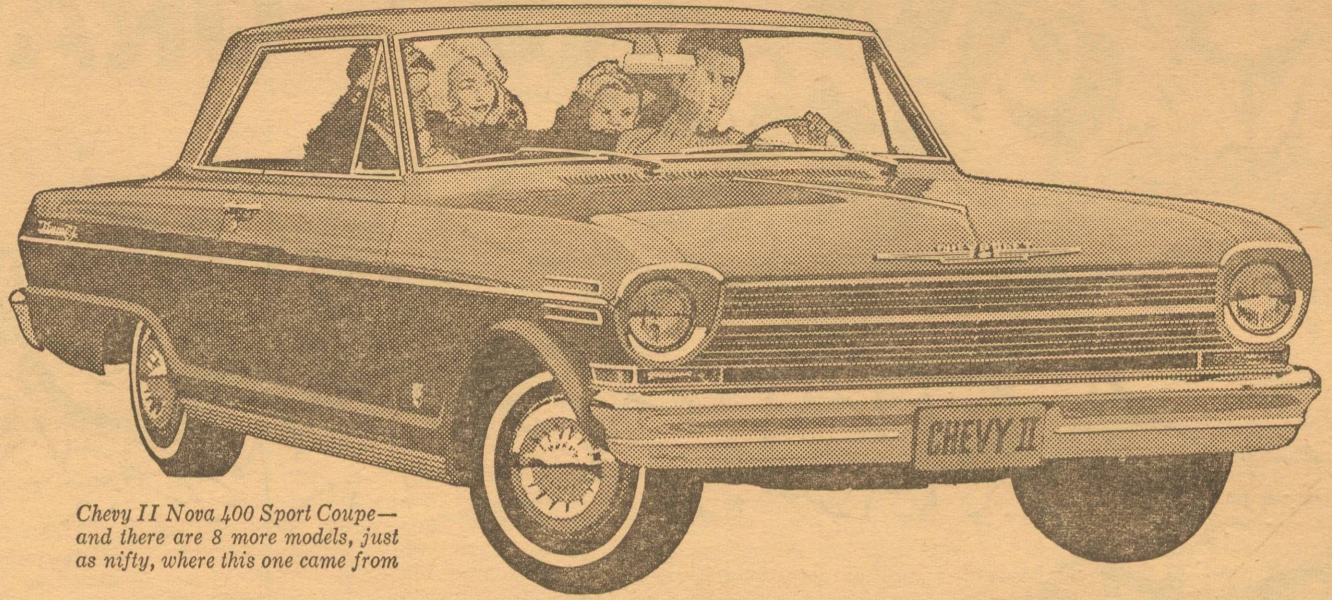

1. For owners of livestock, any payment to the foundation may be deducted as a business expense because the money is being spent for the purpose of obtaining direct benefits to their business of producing livestock.

2. For landlords who do not own livestock, any payment to the foundation may well be classified as a business expense because they could reasonably expect to derive direct benefits to their property as a result of the screwworm fly eradication. However, if the donor in this category failed to qualify his contribution as an expense, he could claim the payment as a contribution to a tax-exempt organization.

3. All other contributors (including business firms): Any payment to the foundation would be a contribution and would ordinarily be handled in the same manner as

CHEVROLET THE NEW CHEVY II GOING GREAT GUNS!

Chevy II Nova 400 Sport Coupe—and there are 8 more models, just as nifty, where this one came from

This one was on the road to success right from the start, a new kind of solid simplicity blended with economy and dependability. Beneath the hood... a frugal 4- or satiny 6-cylinder engine (your choice in most models). Nine new models... sedans, wagons, hardtop and convertible.

If you're looking for sensibility at its Sunday best—join the celebration at your Chevrolet dealer's. It's Chevrolet's golden anniversary year, and this new Chevy II is making it a year to remember with a new line built especially to save you money on service and maintenance. Get the full story at your dealer's.

any contribution to a similar organization.

There is one word of caution—Each income tax return is subject to individual audit and examination. Any donor should make certain he can substantiate each claim—whether it is an expense or a contribution. A cancelled check makes a good receipt to offer as proof of payment.

You can pull the wool over your wife's eyes, but she can still see through the yarn.

L-481 Hunting Leases are available at the county agent's office. In this leaflet are day hunting agreements between rancher and hunter, season leases, permits to be on the property and all the major and minor problems that may arise during the season. Yes, these agreements or contracts can add to the pleasure of both parties. Put it in writing.

Diagnosis: You're in great shape at the age of 62; so let's forget you're 43. —Family Doctor.

BOOSTERS ARE MEETING Booster club met Monday, 30th, at 8:00 p.m. A film of the Sonora-Eldorado game was shown.

Next meeting is set for Monday, Nov. 6, at 8:00 p.m. Let's all be present at the next Booster meeting. —Rep.

Young People Collect \$160 For C. R. O. P.

About 50 teen agers turned out Halloween night to help with the collection over town for C.R.O.P., the Christian Rural Overseas Program.

The group met at the Methodist educational building where they were served doughnuts and cocoa and were divided into teams for the canvass.

The idea for participating in the C.R.O.P. canvass this year was originated by young people of the Methodist Youth Fellowship a while back, and was further devel-

oped by youth from the other churches. The canvass was sponsored by the Ministerial Alliance of Eldorado.

Members of the Alliance, as well as the young people who participated in the drive, expressed appreciation for the generosity of local citizens in giving to C.R.O.P., especially considering the fact that this was the first time the drive was conducted here on Halloween.

Mr. and Mrs. Kenneth Mitchell and son Marvin of Oklahoma City visited over the week end with Mr. and Mrs. Charles Wimer. Mrs. Mitchell is Mr. Wimer's sister.

MISS MOLINA BRIDE OF RAY FAVILA AT MERTZON

St. Peter's Catholic Church in Mertzon was the setting Sunday for the wedding of Miss Leticia Molina and Reyneldo Favila of Eldorado. The Rev. Cyril Hermann of Big Lake officiated.

Following a reception at Molina Hall, the couple left on a wedding trip to San Antonio.

The bride attended Mertzon high school. The groom attended the Eldorado schools and was graduated from San Angelo Central high school. He is to enter business college in November.

45 Million Cars Later— Chevrolet Celebrates 50th Birthday

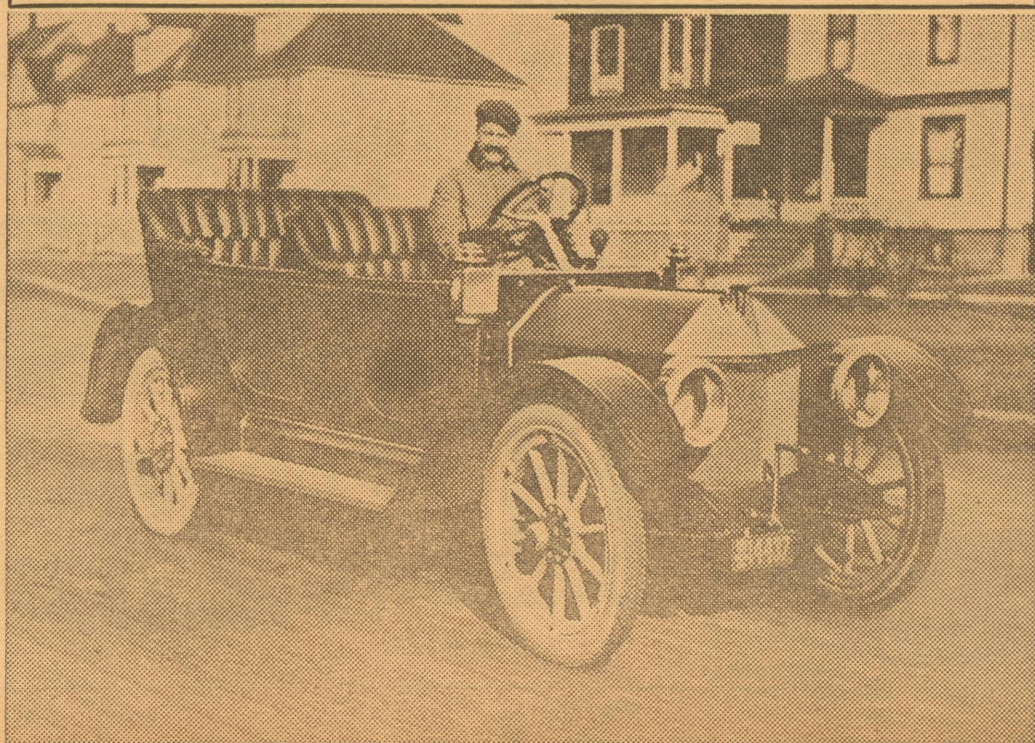

PHOTO COURTESY DETROIT PUBLIC LIBRARY AUTOMOTIVE HISTORY COLLECTION

CHEVROLET AND HIS CAR—Famous race driver, Louis Chevrolet, displays his experimental 1911 car which went into production in 1912. This was the beginning of one of the automotive industry's most fabulous success stories and one which is highlighted by the golden anniversary of Chevrolet starting November 3. In its first year of production Chevrolet built 2,999 cars.
