NUMBER 36

## Eagles Square Away Against Sonora Here Tomorrow Night

For their first home game, the Eldorado Eagles are pitted against their toughest competition when they meet their old-time rival, the Sonora Broncos, now an AA team. If favorable weather prevails the biggest crowd of the season will be on hand.

The Eldorado Eagles and the Sonora Broncos, both undefeated to date, clash tomorrow night in the 1962 version of their 40-year rivalry. Each team has one contest and one win for the early season play. Incidentally, this will be the third time in as many years that both Eagles and Broncos have been undefeated when they met.

The Eagles will have to wear the role of "Underdog" in the contest. Sonora clearly has the larger school population, more boys to choose from and of course more Senior boys on their squad, and the advantage of more pounds per man. The Broncos should be favored.

Starting lineups:

Eldorado Eagles			
No.	Name	Pos.	Wt.
83	Larry Blair	LE	150
66	Dennis Jurecek	LT	170
65	Bill Lester	LG	140
50	Bobby Halbert	C	140
64	George Draper	RG	150
76	Ellis Loden	RT	160
55	Ray Ballew	RE	140
15	Lynn Meador	LHB	150
21	Ronnie Williams	RHB	150
37	Mack McAngus	FB	160
13	John McGregor	QB	150

Sonora Broncos			
No.	Name	Pos.	Wt.
84	Mike St. Clair	LE	165
72	Luis Perez	LT	170
71	Pat Castro	LG	195
51	Buck Bloodworth	C	160
65	Bob Nevill	RG	205
73	Alfred Perez	RT	186
80	Arthur Bermea	RE	150
30	Julio Samanigo	LHB	165
44	Johnny Merck	RHB	155
31	Danny Rutherford	FB	160
10	Primo Gonzales	QB	155

## August Rainfall Figured At .63

Using rainfall figures collected by the S.C.S. office from seven stations over the county, it is possible to come up with a 6-tenth inch average for the month of August.

Average figures of this kind are tricky and many will declare the average is too high. Certainly if there were 20 stations reporting instead of 7, the average would have shown lower. But the system used is as good as any. Here are the figures from seven places for August:

J. F. Runge	0.10
Jack Wade	0.34
Ford Oglesby, Jr.	1.50
Hensel Mathews	0.00
Eldorado Courthouse	0.06
Ranch Station	1.80
A. P. Thigpen	1.40
Total	4.40

(Divide by 7 and you get nearly 63 hundredths.)

# Eagles Beat Rocksprings By the Skin of Their Teeth

The Eldorado Eagles handed the Rocksprings Angoras the losing end of a 15-14 score in the season's opening tilt, on a rain-sodden field Friday night in Rocksprings.

When they dropped the ramp on the Rocksprings club house landing craft anchored on the southeast shoreline of the Angora gridiron Friday night, September 7, Captains John McGregor, Dennis Jurecek, and Lynn Meador led a somewhat grim squad of Eldorado Eagles as they splashed out on the muddy beach. An equally grim flock of Rocksprings lads disputed every inch of the way—all night long.

A drenching rain fell beginning at about 6:30 p.m., thoroughly soaking the beautifully grassed Angora field; the water, shoe-top deep, was still standing on the east end of the field at the kickoff.

Game statistics reflect the razor thin difference in favor of the Eagles, these as follows:

Eldorado	Rocksprings	
10	First Downs	6
141	Yards Rushing	141

When queried about the game, Eagle Coach Earl Barnett said that he was proud of the game the Eagles turned in on the muddy Rocksprings field last Friday night in their opening contest. He continued that Gary Whitten's hand was still in traction and that he would see action tomorrow only in emergency but that Whitten would probably be fully recovered in time for the Eden contest.

Coach Barnett concluded that he was looking for improvement with the Eagles and that they expected to make a serious struggle of the Sonora game tomorrow night.

The Broncos last Friday romped to an easy 30-0 victory over the Iraan Braves on Sonora's home ground. The lighter, but plucky Braves were no match for the heavier and fast-breaking Broncos.

## Heavy Rains Fall Over Much Of County During the Past Week

Those September rains, so important to farmers and ranchers for winter grazing and feed crops, started falling in this area last week.

While the rains could be described as general, they were spotted as usual. While one person could report a generous five inches, his neighbor might have only one inch.

The Reynolds farming community was one area where the downfall was light.

Cloudy and cooler weather has been prevailing this week bringing the hope that more rains may follow.

Some of the rain figures collected up until noon Tuesday are as follows:

J. F. Runge	1.70
Jack Wade	1.80
Ford Oglesby	1.50
Hensel Mathews	5.20
Eldorado Court House	3.91
Ranch Station	1.25
A. P. Thigpen	1.40
C. O. Bruton	2.50
Parker, Bailey Ranch	6.00
Carroll White	6.00
Gerald Hartgraves	2.60
Harry Friend Ranch	1.40

On Tuesday 25 Black Angus cows belonging to Andy Moore of Sutton county were unloaded at the Hartgraves Livestock yards in Eldorado. They were in poor condition and were being turned into the feeding lots for fattening, after which they would be marketed.

With our subscribers:  
Mrs. John K. Busby reports that her new address in Mineral Wells is 1316 S.W. 5th Avenue. Mrs. Busby is the former Delma Logan, daughter of Marvin Logan.

J. F. Kinser has entered a new subscription for L. Kinser of 308 K. Street, Brawley, California.

Mrs. Charles W. Orr is now receiving the Success at 2411 Vine, Brownwood, Texas.

## Supporters Of Cox-For-Governor Meet Tuesday

Schleicher county supporters of Jack Cox for Governor met Tuesday night at the Memorial Building and made plans for promoting his candidacy in the forthcoming gubernatorial race.

Jack Cox, running on the Republican ticket, is being given a 50-50 chance of upsetting the one-party rule in Texas in the general election in November.

A spokesman for the new county group said that they will meet again on Tuesday, September 25 at the same place at about 7:00 in the evening. They extend a general invitation to all who believe in the conservative political philosophy to attend.

Mrs. Carl Stevens at Leander, near Austin, reported this week that Carl Stevens, long-time Schleicher citizen, would probably enter the John Sealy hospital at Galveston this coming week end. Mr. Stevens is suffering from an unusual rheumatoid condition.

—ps—

## Post Script

## SINGING CONVENTION

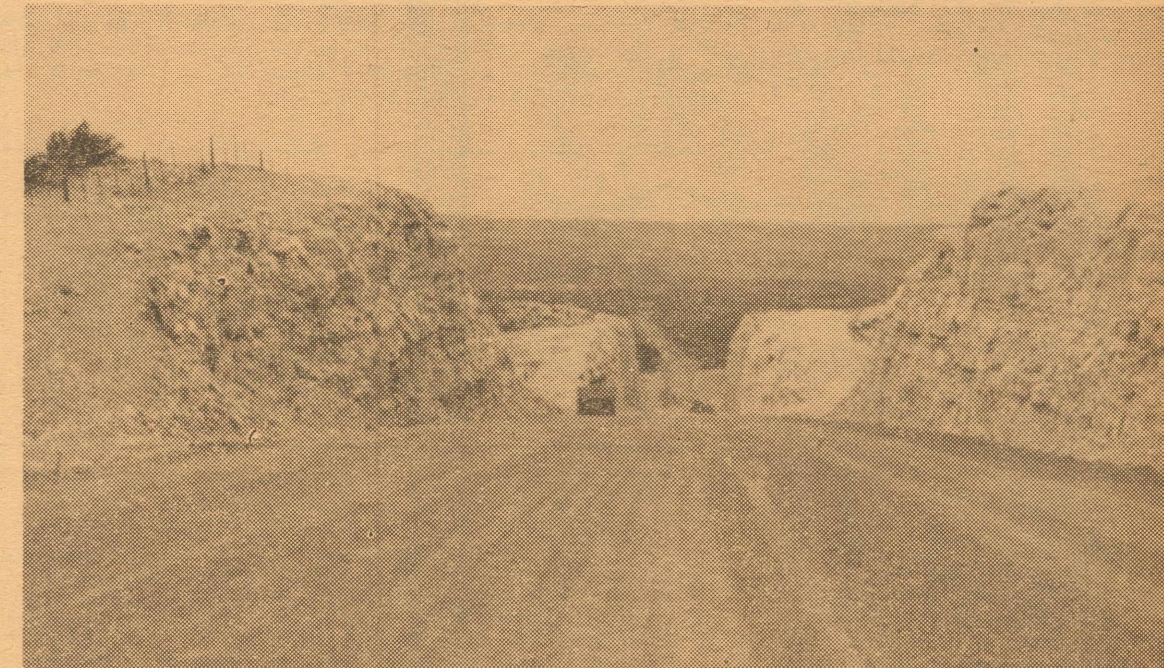

The Kimble and Menard county singing convention will meet Sunday, Sept. 16th at the Hill Crest Baptist church in Menard. Everyone welcome.

James Sallee has returned home from California where he spent several weeks with the Russell Beach family.

Larry Blair demonstrated that he expected to play end with honest offensive blocking and defensive tactics. He caught the only Eagle pass which offset a 15-yard penalty assessed against the Eagles on the first play following Ballew's sparkling punt return.

Mack McAngus showed that he understands "fullback psychology" which essentially is "Get out of the way or I'll run over you." He repeatedly ground out needed yardage for first downs and was a strong threat each time he carried.

## All Aboard For Iraan Road-Opening Trip Saturday

## Oral Polio Vaccine To Be Given September 25

Plans are being completed for the mass immunization with Sabin oral polio vaccine to be given in Schleicher county on Aug. 25.

Dr. E. L. Dyer urges everyone to take this vaccine. It's free to those who want it that way and only 25c to those who desire to pay.

Sabin oral vaccine is taken by mouth, usually on a lump of sugar. It takes three doses to immunize a person against all types of polio viruses and they are given four to six weeks apart. Immunity usually results within a week.

Physicians are urging those who have had Salk vaccine to take the oral vaccine to increase their own and the community's safety from polio.

The vaccine will be given by the local health officers at the Memorial Building on September 25. School children will go by classes and all children must have a permission slip signed by parents.

Type III will be given at this time. Dates for the other two types will be announced later.

Mr. and Mrs. J. D. Ashmore were in Brady Tuesday to attend the funeral of Mrs. Will Kennerly who died after a long illness. The deceased was the mother of Mr. and Mrs. Ashmore's son-in-law, B. K. Kennerly. Burial was in a Brady cemetery.

## MORE PARKING SPACE TO BE PROVIDED FOR TOMORROW NIGHT'S BIG GAME

A large crowd is anticipated in Eldorado for the Eldorado - Sonora football game tomorrow night.

School officials, the Sheriff Department and the Firemen have been making plans to handle the large crowd that is expected.

The rodeo grounds will be opened to provide additional parking space. To eliminate

## Cotton Coming In Slowly

At 10:30 Tuesday morning a total of 40 bales had been processed at the Mikeska gin in Eldorado. Rains over the past week end slowed over the gathering of the crop.

Checking over the ginning books at that time it revealed that Jack and Bob Reynolds had brought in a total of 12 bales. Others were: Vernon Gibson and Vernon Pfluger with 6 bales each; Jack Halbert 5; Christian & Cheek, 4; Lloyd Johnson, 3; C. N. Shaw, 2; and William Jarrett, 1.

Practically all of the crop so far is being hand-pulled with local labor or labor from adjoining counties. One exception is Christian & Cheek, who have brought in bracers and are having their crop hand-picked.

The above figures, of course, will be out of date by the time this paper reaches its readers. In fact, as this reporter was leaving the gin, Leonard Lloyd pulled in with a 4-bale load.

In talking with other farmers in the area it is found that many are making no attempt to start gathering. They are waiting for the whole crop to mature and then plan to use strippers. Once that phase of operation gets under way the ginning season will be "short and sweet."

Mr. and Mrs. W. N. Ramsay celebrated their 56th wedding anniversary on Tuesday, Sept 12 very quietly at home.

A program will be given at about 11:00 in the morning at the Pecos River bridge after which everyone will go to the top of the hill. Herb Petry, Hal Woodward and possibly other officials from the State Highway Department are expected to be on hand.

The barbecue will be served at the football field in Iraan. Local people will pay \$1.00 per plate to help defray expenses.

School Supt. A. M. Whitis reported at the meeting of the Lions club yesterday that he expects between 65 and 70 members of the Eldorado Eagle band to attend. They will leave a little earlier than the motorcade in school buses.

## Band Going To Iraan Saturday With Boosters

Plans are about complete for Eldoradoans to make their booster trip to Iraan this Saturday, Sept. 15. The 32-mile stretch of highway between the two towns includes a 30-mile link which has been under construction for several years and which has just recently been completed and opened to the public.

The Iraan Lions club has arranged to serve a barbecue to the Eldoradoans at noon Saturday, and boosters are also expected to be on hand from Menard, Mason, Llano, and a few other towns.

The Eldorado Lions club is sponsoring and promoting the booster trip over the new road to Iraan, but it is emphasized that all local people are welcome to attend. The motorcade will assemble at 8:00 o'clock Saturday morning west of the courthouse and leave at about 8:30. Distinctive badges imprinted "I'm Boosting Eldorado and the New Highway" will be given to all who go from here.

Special banners will denote cars for officials of the Eldorado Lions club, the City Officials, the County Officials, and the Chamber of Commerce.

A program will be given at about 11:00 in the morning at the Pecos River bridge after which everyone will go to the top of the hill. Herb Petry, Hal Woodward and possibly other officials from the State Highway Department are expected to be on hand.

The barbecue will be served at the football field in Iraan. Local people will pay \$1.00 per plate to help defray expenses.

School Supt. A. M. Whitis reported at the meeting of the Lions club yesterday that he expects between 65 and 70 members of the Eldorado Eagle band to attend. They will leave a little earlier than the motorcade in school buses.

## Eagles Beat Rocksprings By the Skin of Their Teeth

The Eldorado Eagles handed the Rocksprings Angoras the losing end of a 15-14 score in the season's opening tilt, on a rain-sodden field Friday night in Rocksprings.

When they dropped the ramp on the Rocksprings club house landing craft anchored on the southeast shoreline of the Angora gridiron Friday night, September 7, Captains John McGregor, Dennis Jurecek, and Lynn Meador led a somewhat grim squad of Eldorado Eagles as they splashed out on the muddy beach. An equally grim flock of Rocksprings lads disputed every inch of the way—all night long.

A drenching rain fell beginning at about 6:30 p.m., thoroughly soaking the beautifully grassed Angora field; the water, shoe-top deep, was still standing on the east end of the field at the kickoff.

Game statistics reflect the razor thin difference in favor of the Eagles, these as follows:

Eldorado	Rocksprings	
10	First Downs	6
141	Yards Rushing	141

Incidentally, concerning his defensive work at left half or left corner back, nobody scored that way while he was present.

George Draper at guard was one of the lads who fired the key block that gave Ballew running room. He played a fine game both offensively and defensively.

Bill Lester at the other guard bore the brunt of the Rocksprings running attack which ran right consistently.

Larry Blair demonstrated that he expected to play end with honest offensive blocking and defensive tactics. He caught the only Eagle pass which offset a 15-yard penalty assessed against the Eagles on the first play following Ballew's sparkling punt return.

Mack McAngus showed that he understands "fullback psychology" which essentially is "Get out of the way or I'll run over you." He repeatedly ground out needed yardage for first downs and was a strong threat each time he carried.

Clyde Thackerson at offensive tackle did much to pave the way for the Eagles 10 first downs.

Valiant figure of the game was Gary Whitten playing with an ailing hand. Whitten, one of the most respected backs in the entire area, did not fail to gain when called on all night although Coach Barnett obviously was not willing to expose Whitten's hand and arm to defensive stresses, Whitten being a vicious and deadly openfield tackle.

Sophomore Bobby Halbert showed that he could handle a wet soapy ball and get it to his quarterback and play a component blocking game also.

Reserve quarterback Tip Finley called on some fine nerves to hold the ball that John McGregor turned into a winning point.

A standout for the night was Jackie Mackey at right tackle. He was one of the principal reasons that the Angoras didn't run left. Nor did Angora linemen brush past him to move on down field to harass Eagle defensive backs. Mackey drove powerful shoulders

into from two to three of the Angora linemen, sending them reeling out of play, and then went on to crowd the carrier.

Then there was Ronnie Williams carrying the principal burden as a halfback with Gary Whitten in only occasionally for relief. Williams certainly earned the "dirty shirt" distinction on the wet and muddy field.

Summation of the game is that the Eagles had to win the hard way. If there were any breaks, the Eagles did not get them. If an Eagle made a mistake with the rules, it couldn't be missed. Like most season's beginners, they suffered from the "Buck Age" when suddenly given a scoring opportunity such as when Ballew made his fine punt return.

A long season and strong competition are all the Eagles can see when they take a wistful look into the future. Now is the time for the Reserve boys to develop into men and fast. Some tests that "will try men's souls" are surely on the way.

On The Screen . . . 'Sergeants Three' Is Showing Next Week

"Sergeants Three" comes to the Eagle Drive-In Theatre screen Wednesday and Thursday nights of next week. It is in Technicolor and has Frank Sinatra, Dean Martin, and Peter Lawford in title roles.

"Sergeants Three" undoubtedly has its inspiration in Kipling's "Soldiers Three" (which went back to Dumas' "Three Musketeers.") No acknowledgments are made, however, as scriptist W. R. Burnett concocts a story of the American Wild West in 1873 and three unruly, unconquerable sergeants at the stockade which tries to keep order among the Indians.

"Sergeants" opens with a saloon brawl in which Mr. Sinatra gives his fists the best of it against several bearded towering "drifters." John Sturges, the director, tries quite a bit of "new stuff" in the film fights.

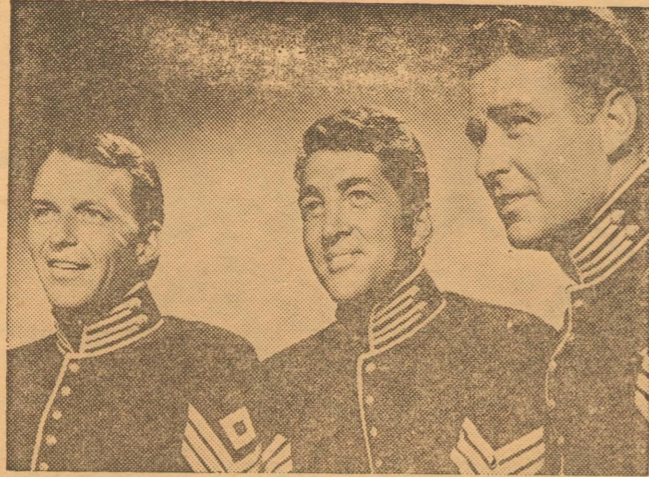

Then our three heroes, who also include Peter Lawford and Dean Martin with Sammy Davis Jr. as a hanger-on, are sent to garrison the silent shacks of Medicine Bend, from which the lusty settlers have fled at the sight of the aboriginal "Ghost Dancers."

Thereafter there are shoot 'em up encounters and a long episode in an Indian cave high up in Bryce Canyon, Utah. The scenic photography here is, by long odds, the best of "Sergeants Three."

Sammy Davis, who plays a freed slave, is given little to do but "Uncle Tom" lines and a brief chance to dance and play the bugle at the same time. For all the bullets, arrows and hatchets he takes, the worst he has to show for it is his arm in a sling.

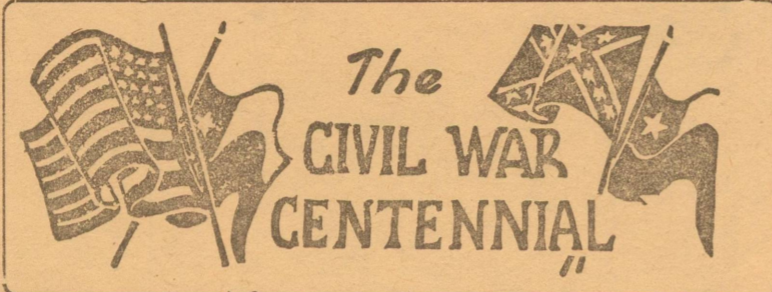

Bing Crosby's boys, Phillip, Dennis and Lindsay, play privates in blue.

Showing Next Week At The Eagle Drive-In

LIKELY TRIO

FRANK Sinatra, Dean Martin, and Peter Lawford have the title roles in "Sergeants Three" which is in Technicolor and which will be shown Wednesday and Thursday nights of next week at the Eagle Drive-In Theatre here in Eldorado.

By Dayton Kelley  
Mary Hardin-Baylor College  
Belton, Texas

The entire Battle of Galveston, mentioned in this space recently, was one of those improbable events which could have happened only during the Civil War and was made up of a series of incidents which were as unlikely as any of the entire War.

The commander of that pre-dawn attack on January 1, 1863, was Gen. John Bankhead Magruder who had only recently been sent to Texas by the Confederate high command. Known affectionately as "Prince John," General Magruder personally yanked the lanyard on the cannon which fired the opening shot of the battle.

Before the day was over the Confederate's combined land and water attack had not only driven the Federals from the city, but had moved into Galveston harbor where the Union naval ship "Harriett Lane" was boarded and captured and another vessel the "Westfield," was destroyed. Between three and four hundred Union prisoners were captured and a number of others killed in the short battle. The Confederates numbered their losses at 26 killed and over a hundred wounded.

One of these unlikely incidents involved the death of Lieutenant Commander Edward Lea, the first assistant officer of the Union ship "Harriett Lane." Lea's father was Major Albert M. Lea of the Confederate troops. Following the battle, General Magruder was met by Major Lea who informed him "I've just found my son Edward on board the Harriett Lane mortally wounded." Edward had died in his father's arms.

Among others killed on board the "Harriett Lane" was the ship's captain, Lieutenant Commander Jonathan M. Wainwright. The day after the battle, some of the captured Unionists, who were themselves members of the Masonic fraternal order, requested that Masonic burial rites be conducted for Lieutenant Commander Wainwright who was also a Mason.

The request was relayed to Major Phillip C. Tucker, a member of General Magruder's staff and Worshipful Master of Harmony Lodge No. 6, A.F.&A.M. in Galveston. Word of the funeral plans were not long in reaching General Magruder who, it was reported, at first objected but relented when reminded by Major Tucker of a similar incident a few months earlier.

Major Tucker's words were: "General Magruder, when Lieutenant Colonel Rogers of the Second Texas fell the Federal authorities gave the body Masonic and military honors, and it is said that you are never to be outdone in courtesy by friend or enemy."

General Magruder responded with: "Colonel DeBray, turn out your regiment for escort duty at the burial of Lieutenant Commander Wainwright of the Harriett Lane."

Among those attending the funeral rites after the meeting of the Masons in the lodge hall were Confederate soldiers, paroled Union prisoners, Colonel DeBray and the escort from his regiment, General Magruder and his staff and dozens of citizens of Galveston.

But perhaps the most unusual aspect of the battle and the one which galled and embarrassed the Federals most was the fact that the entire Confederate force was soldiers while most of the Union force was Navy.

Gideon Welles, Lincoln's secretary of the Navy, wrote "It is only about three months since we took Galveston, and yet a garrison of only three hundred men was there when the Rebel army approached."

And Gustavus V. Fox, the assistant secretary of the Navy said bitterly, "We were defeated at Galveston by two gunboats which

only mounted one 68-pounder, which burst at the third fire, and the whole attacking force were soldiers. It is the most disgraceful affair that has occurred to the Navy during its whole history, without a single redeeming feature."

Recommended Reading This Week: The Battle of Galveston is described fully in Volume Two of Virgil Carrington Jones' THE CIVIL WAR AT SEA published by Holt, Rinehart and Winston under the sub-title "The River War." The author also describes other naval actions on the Texas coast and we recommend it because of the local references as well as for its wide coverage of both Union and Confederate activities at sea.

One of Abraham Lincoln's most ardent admirers was his secretary of the navy, Gideon Welles, mentioned above. The great loyalty Welles had for his chief emerges in the two volumes of essays which the Secretary wrote for magazines after the War and now compiled by Albert Mordell for Twayne publishers. The two are entitled "Civil War and Reconstruction" and "Lincoln's Administration."

And the best one-volume account of the Civil War we've seen recently is "The Compact History of the Civil War" by R. Ernest Dupuy and Trevor N. Dujuy. The same publisher, Hawthorne Books, has published R. Ernest Dupuy's "Compact History of the United States Army" which contains an excellent section on the Army during the Civil War.

Mr. and Mrs. Dan Kent, who are students at North Texas University at Denton, and Mr. and Mrs. Tom Kent of Midland, visited Mrs. A. E. Kent and other relatives in Eldorado over the week end.

Mrs. J. B. Montgomery is visiting her daughter, Mrs. Billy Edmiston and boys in Midland while her son-in-law, Mr. Edmiston, is in Utah where he will work for about two months. He is employed by Continental Geophysical Co.

Electronic Brain Speeds Work For Highway Department

Austin.—An electronic brain that can read 8,000 cards per minute is helping the Texas Highway Department shorten the time between planning another Texas highway and seeing it opened to traffic.

Known as "the 1401," this lightning fast computer teams up with the Department's other computer equipment to solve the intricate engineering problems involved in building today's highways. These are problems in geometric bridge design, hydraulics, earth work, land measurement, and traffic signalization—to list just a few!

Housed in the basement of the Highway Department offices in Austin, the 1401 consists of a card reader punch, a lister, a central processing unit, and four tape units.

This complex "brain" does work in one day that used to require weeks—if done by the human brain and human hands. For example, in addition to reading as many as 8,000 taped IBM cards per minute, it can also—in that same length of time—punch 250 cards, print 600 lines on paper, and read 800 (untaped) IBM cards.

Machines such as this have become a necessity to cope with the increasing complexity of modern highway-building.

As a matter of fact, when the 1401 moved into Highway Department operations, it replaced two obsolete computing machines, that could read "only" 150 lines per minute.

And Highway Department officials feel that the time will come when, in the name of efficiency, the 1401 will be dethroned by a more efficient kingpin of data handling.

NAMED TO F.H.A. COMMITTEE

Robert W. Reynolds of Eldorado has been appointed as a member of the three-man area Farmers Home Administration committee, the agency's County Supervisor Patrick F. Sullivan, announced this week. The appointment is for three years.

Mr. Reynolds succeeds Thomas A. Jones, whose term expired this year. The other two members of the committee are William L. McWhorter and Joseph E. Spencer, who is chairman of the committee for the present fiscal year ending June 30, 1963.

Mr. Reynolds has been farming for many years in the Reynolds community west of Eldorado and is very well known in the area. The local Farmers Home Administration Area Committee reviews applications by farmers and other rural families for six different types of agricultural, housing, and water loans made in Schleicher county and Sutton county. In addition, the committee advises with the County Supervisor regarding the adapting of national loan policies to local conditions.

SOCIAL SECURITY MAN TO BE HERE TOMORROW

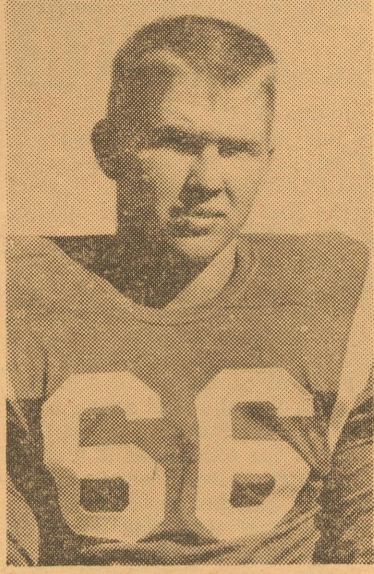

A representative from the San Angelo Social Security office will be in Eldorado tomorrow, Friday, to assist anyone needing help in filing claims or otherwise having Social Security problems. He will be located on the first floor of the court house.

**In Those Days**  
Compiled From Success Files

**ONE YEAR AGO**  
Sept. 14, 1961—Marshall Formby of Plainview, prospective gubernatorial candidate, was to address the Eldorado Lions club at a ladies' night.

Hurricane Carla struck the Texas Coast, and a number of local people expressed concern for relatives in that area. County Judge Bearce was collecting money for disaster relief.

Mr. and Mrs. Fred Watson and Mrs. W. T. Whitten returned from a trip to Canada and Alaska.

C. C. McLaughlin completed 30 years with the telephone company.

**FIVE YEARS AGO**  
Sept. 12, 1957—W. E. (Elmer) Bruton brought in the county's first bale.  
Carl Cochran went to work as mechanic at Fambrough Chevrolet Company.

Wm. Cameron & Co. announced that they would close their yard here in Eldorado effective Sept. 15.

F. V. Everett was current manager.

Tom G. Springstun died at 71. The county swimming pool closed its first season of operation, and the Success pointed out that it about broke even financially for the initial season.

Mrs. Jack Mowrey was chairman of the town committee which was reorganizing the Girl Scout program.

**12 YEARS AGO**  
Sept. 14, 1950—Heavy enrollment caused division of the first grade, with Mrs. Newport and Mrs. Thompson as teachers.

Mrs. Odes Jeffrey leased J's cafe from Lee Halbert.

Mr. and Mrs. Hollis McCormick started construction of a combination store and residence building on the Angelo highway. Other building going on included George Long's new store building, Keno Ogden's motel, and the annex at the rear of the First Baptist church.

Students off to the U. at Austin included Ford Oglesby Jr., Anita Runge, Marselaine Patterson, and Lilla Jean Ellington.

A shower honored Mr. and Mrs. Donald J. Royster, newlyweds.

Ernest Sweatt Jr., and Jean Rhea were married.

**35 YEARS AGO**  
Sept. 16, 1927—Willer Allison, 14-year-old son of J. A. Allison of Sonora, was instantly killed Friday on the George Allison ranch in Sutton county when the horse he was riding fell with him, breaking his neck in the fall.

Miss Cleveland Blasienz of Houston is visiting her sister, Mrs. E. C. Hill, this week.

The Schleicher County Fifth Annual Fair drew good crowds. The all-day program closed with dancing at the Bush Motor Co.

R. K. Finley and daughter Mrs. R. L. Pearce of Fife were visitors to the county fair this week. While here they were guests of the F. M. Bradley family.

R. M. Perry was out from San Angelo this week taking in the fair and disposing of some property. He sold his residence in Eldorado to J. R. Page.

Misses Tillie Young and Agnes Wright left Monday for McMurry college in Abilene.

Miss Nellie Mather left Thursday for San Marcos to attend The Texas State College.

While filling his car with gas at the Rock Filling Station Tuesday, Dwight McClatchy was painfully burned on the leg when the gas caught fire, as he attempted to light a cigar. The car was badly damaged.

Pat Craig and Allen Douglas have gone to Stephenville to attend John Tarleton college.

Louis Jones writes from Baylor hospital at Dallas that surgeons can fix his injured leg, but that it will take a month, says the Christoval Observer.

Nov. 6, Tuesday. General Election.

School Supt. A. M. Whitis, High School Principal Frank Kemble, and Coaches Earl Barnett, Douglas Jung and Guy Whitaker, attended a committee meeting of Football District 8-A in Big Lake Wednesday night of last week. Member schools whose officials were also present were Sanderson, Iraan, Ozona, Big Lake, and Eldorado. Officials approved football eligibility lists and set tentative approval on the 1962-63 basketball schedule.

Jeff Morehouse, brother of Jay Morehouse who attended the high school here last year, visited recently in the Ed Meador home on his way to attend Rutgers University. He is the son of Mr. and Mrs. Julian Morehouse who now live in California.

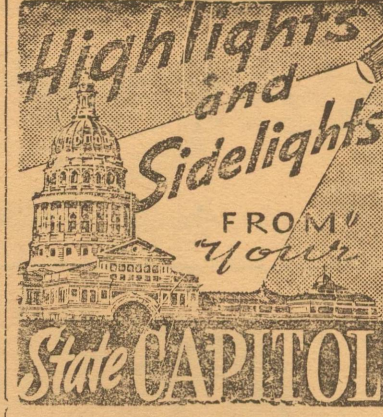

Mrs. Neva Boyer visited here recently. She and her husband, Slim Boyer, have lived near Uvalde since 1955.

Mr. and Mrs. P. S. Dudley returned Tuesday from a trip which included Alaska, where they visited their daughter, Sgt. and Mrs. Phil Olson. Mr. Dudley reported that while in Alaska they were seldom out of sight of snow, in spite of it being August.

**CARD OF THANKS**  
Words cannot express the gratitude and appreciation that we hold for all of the ones who were so very kind during the illness and the passing of our beloved brother and son. Your thoughtfulness and sincerity will always be remembered. Our thanks to Brother DuBose and the First Baptist church for their warmest sympathy. May God Bless each of you.

Austin—Texas' new sales tax was one year old on September 1. First year's income averaged some \$2,870,000 a week, or a total for the first 12 months of approximately \$149,000,000.  
Robert S. Calvert, State Comptroller, says "I think the general public has accepted it quite well."  
Despite years of pro and con arguments in the legislature and by political candidates, concerning the sales tax, the first year's operation was generally harmonious.  
One of the exceptions is a court ruling that Calvert cannot collect the 2 per cent tax on total receipts from sales of less than 25 cents. This ruling is on appeal.  
Another court has ruled that natural gas and electricity used in laundry and dry cleaning establishments should not come under the sales tax. This too is on appeal.  
Calvert says that even though the collections for the first year are some \$10,000,000 to \$12,000,000 shy of the expected \$160,000,000 he was pleased with the success of the first year's program. "We ended with a cash balance of \$21,851,594 in the general fund, anyway," he pointed out, "but we were back in the red within a few days."  
Reason was that the very next day \$40,000,000 went into the Teachers' retirement fund—and the state's main bank account went into the red again. This time to the tune of \$19,459,359.  
He indicated that audits of the various businesses responsible for collection of the tax would be in full swing before long. Then auditors would help clarify a lot of misconceptions.

**Textbook Controversy**  
Texas State Teachers Association has broken its silence on the textbook controversy to warn that the next session of the legislature may bring attempts to put the burden of school book purchases back on the individual parent.  
Some school leaders regard the

attacks on textbooks as essentially an attack on the public school system, says TSTA.  
Texas furnishes textbooks at a cost of less than \$4 a year for each child. If parents bought the books, the cost would be approximately \$30 for each child.

**Polio Fighters**  
There are signs that the polio epidemic is abating.  
Only three new cases of paralytic polio were reported last week. They were in Cameron, Harris and Lubbock counties.  
Anti-polio treatments continue to be applied on a mass scale, with the opening of schools, in an effort to completely wipe out the scourge.  
However, there have been 193 cases in Texas this year. During the first eight months of last year there were only 50 cases.

**Wilson Says No**  
Published reports that Atty. Gen. Will Wilson would run in 1964 for the Railroad Commission, against Commissioner Ben Ramsey, were scotched.  
The man who should know—Wilson himself—said he plans to open a law office in Austin. He said he had no future political plans, and that he positively will not be a candidate for railroad commissioner.

**Expert Speaks**  
Austin McCormick of N. York, the expert on penitentiaries whose recommendations led to reform of the Texas Prison System a decade ago, came to Texas to take a look at the Texas Youth Council's re-organization.  
He headed for New York full of praise for improvements at Gatesville and Gainesville state schools.  
McCormick particularly praised the new Mountain View School at Gatesville, where the tougher boys are separated from the first offenders. He said it was not an "Alcatraz", but a place where the boys with more problems can be given special attention. At the same time their influence is removed from the younger boys.  
But the expert warned that Texas needs a place for boys who are dependent and neglected, but not yet delinquent, to save them from becoming delinquent.  
Too many boys who belong in foster homes are being committed to schools for delinquents, giving them an undeserved stigma, McCormick said. He particularly urged the establishment of a state home for Negro boys in this category.

**Law Overhaul**  
A State Bar of Texas committee is recommending to the 1963 legislative session the first full-scale revision of criminal court procedure in Texas history.  
If the Legislature proves receptive, the state's criminal law, as well as procedure, may undergo extensive legislative scrutiny as a result of scandals which have shaken the state this year.

Mr. and Mrs. Clyde Keeney visited Mr. and Mrs. Wendell Hall in Odessa over the week end, and also visited in Midland with Arnold P. Seabauer.

Mr. and Mrs. Grover McGinnes of Atlanta, Ga., visited Mr. McGinnes' sister, Mrs. W. A. Menees, and family several days last week. They left Sunday for their home and Mrs. Menees went to Atlanta with them to visit and attend to business. She will be gone about two weeks.

### Commissioners Adopt Budget and Tax Rate

At their regular meeting Monday, which included a public hearing on the 1963 county budget, the Schleicher County Commissioners Court adopted the budget along with a \$1.39 tax rate.

The budget approved for 1963 is about the same as for this year, except that it allows about \$24,000 for new equipment.

The \$1.39 tax rate is allocated as follows:

Jury	..... 00
Road & Bridge	..... 15
General	..... 55
Perm. Improvement	..... 03
Road Warrants	..... 02
'59 Fire Eq. Bonds	..... 01
Park Bond '46	..... 01
Park Bond '56	..... 03
Sub-Total	..... 80
Road & Bridge Special	..... 15
Farm-Market Road	..... 30
Road Bond '45	..... 01
Road Bond '52	..... 03
Road Bond '62	..... 08
Sub-Total	..... 59
Valuations for the taxable year 1962 were set as follows:	
Sheep	..... \$2.50
Goats	..... 2.50
Cows	..... 15.00
Horses	..... 15.00
Grazing Land	..... 4.50
Farm Land	..... 7.00
Valuations—Cars	
1962	..... \$400
1961	..... 300
1960	..... 200
1959	..... 100
1958	..... 100
1957	..... 75
1956	..... 65
1955	..... 50
1954	..... 25
All Others	..... 25
Valuations: Tractors, Trucks, and Pickups	
1962	..... \$300
1961	..... 200
1960	..... 150
1959	..... 100
1958	..... 75
1957	..... 65
1956	..... 50
1955	..... 40
1954	..... 25
All Others	..... 25

At the same meeting the Court ordered the transfer of \$775 from Lateral Road Fund to Social Security Fund, and \$5,000 from the General Fund to the Officers Salary Fund.

L. G. Edmiston was authorized to have three cattle guards built in Precinct 2 for \$275 each.

Other facts submitted in reports Monday included: Schleicher county has 806,780 acres in rangeland, 40,000 acres in cropland, 5,060 in miscellaneous uses, and the county had a 1961 taxable valuation of \$15,953,280.

### Coat Hanger Project A Successful Business

As a part of Schleicher county's participation in a fund raising project for the Crippled Children's Treatment Center located in San Angelo, Mrs. Jess Koy, county chairman, and Mrs. Vida Kreklow, interested worker, have been successful with their coat hanger project.

On being asked how much the hangers sold for, Mrs. Kreklow said, "The hangers are free. Give a dollar to the Treatment Center and we will give you a hanger free." And people have been generous. With no visible effort almost 400 beautiful golden coat hangers have been "given away" to people in at least six surrounding counties.

One of the coat hanger team said they are the most perfect gift for a Golden Wedding Anniversary one could imagine. Made of 1/4-inch gold aluminum rod, the hangers look good and will last forever.

The hanger project is not the only one the committee is working on. Dozens of people are working for this Treatment Center.

This concerted effort to raise money is for the purpose of hiring two professionally trained therapists, one for physical and one for speech therapy.

Any patient who is unable to pay for treatment is treated free of charge.

### Schedule Given For Eagles' Football Team

The Eagles, Jr. High football team, will launch their Fall season today, Thursday, when the Ozona Jr. High team comes here for a game starting at 5:30. Coach Guy Whitaker announced the following schedule for the Eagles:

Sept. 13, Ozona	..... Here
Sept. 20, Big Lake	..... There
Sept. 27, Sonora	..... Here
Oct. 4, Ozona	..... There
Oct. 11, Big Lake	..... Here
Oct. 18, Open	.....
Oct. 25, Sonora	..... There

The Eagles' schedule is the same as that for the "B" team.

Mr. and Mrs. Charles L. Haines and family have moved to Odessa. He has resigned his job at Eagle Chevrolet and accepted a position as head teller with the First State Bank of Odessa. They are living at 1312 East Century Ave.

### ATTEND WEDDING IN NEW MEXICO

Mr. and Mrs. W. W. Sudduth spent the week end in New Mexico. They attended a wedding at the Church of Christ on Saturday in Roswell, for some friends, Miss Helen Lusk and Louis McDonald where Mr. Sudduth performed the ceremony and their daughter Mrs. Ronnie Sauer was matron of honor. Rozanna had gone on a week early and visited Miss Lusk. They also visited their son, Ollie Neille, formerly of Amarillo but now of Roswell.

In Lovington they visited Mrs. Sudduth's sister, Mrs. B. H. Joplin and her husband, and some life-long friends, Mr. and Mrs. Claud Lawrence and family. Mr. Sudduth was also guest speaker at the Church of Christ in Roswell at both services on Sunday. At the morning service he had the privilege of baptizing a young man from Venezuela. They returned home on Monday. They were accompanied as far as Lovington by Mrs. Arch Edmiston of Eldorado who visited her son Glen Williams and family during the week end.

### Judge Bearce Talks At H.D. Club Meeting

As a part of the newly instigated educational feature in Schleicher county Home Demonstration club meetings, Judge W. R. Bearce spoke at the first meeting of the clubs after the summer vacation on the Early History of Schleicher County.

The meeting was held in the conference room of the Southwest Texas Electric Co-op building, with the Good Neighbor club as hostesses.

Mrs. Roy Boynton, council chairman and representative of the Glendale club presided over the business meeting.

Instruction was given to the delegates who will attend the state convention in Dallas, Sept. 18-20. Schleicher county will have three delegates. Two of them are Mrs. J. Tom Williams and Mrs. Duwain Sauer. The third member is still uncertain.

A year book committee was appointed to select the 1963 programs. Vida Kreklow gave a review of the remaining part of the year's work to be covered. During the meeting she quoted a statement from Pres. Earl Rudder of A&M College as follows:

"Two acts of far-reaching consequence to the United States and to the world were approved into law in 1862 by President Abraham Lincoln. One established the U. S. Department of Agriculture; the other, commonly called the Morrill Act, established the nation's land-grant college system, so-called because the federal government set aside a portion of the public domain for the establishment and support of these colleges.

"This was the first of several acts whereby it became public policy for the federal government to encourage and help support resident teaching, research and extension work through state dominated colleges and universities.

The A&M College was authorized by the Texas Legislature in 1871 under the provisions of the Morrill Act, and opened its doors to students in 1876. This was Texas' first venture into tax-supported higher education."

Each club member donated 25c a year to a scholarship fund which goes to send two needy, worthy Texas girls to college.

Other members attending the meeting were: Mrs. E. H. Dannheim, of the Good Neighbor club; Mrs. W. C. Parks Jr., Mrs. Bethel Jeffrey and Mrs. Duane Branham all from the Good Neighbor club. Mrs. Ruth Williams of the Earn & Learn club was welcomed back to the Council after an 8-month absence while in California. Mrs. J. Tom Williams, Mrs. Leonard Lloyd and Mrs. Chas. Wimer from the Reynolds club and Mrs. Duwain Sauer represented the Young Homemakers club.

Refreshments by the hostess featured chips and dips served from a chafing dish, and soft drinks.

### Good Crowd Attends Union Service Sunday

A capacity crowd of 305 people filled the First Methodist church Sunday night for the interdenominational evangelistic service put on by the Business Men's Bible Class from San Angelo.

C. M. Nyquist, pastor of the host church and president of the Ministerial Association, reported that an offering of \$67.19 was received for the Association.

The Ministerial Association is planning to sponsor a Union Thanksgiving Service the Sunday night before Thanksgiving, which is November 18. Further plans on this will be announced later.

A community-wide tent revival for sometime next Spring is also in the planning stage.

Sherrill Dannheim who has been employed at the Sonora Covers for about 18 months, has employed by the State Highway Department in Austin. He works in the office of the motor vehicle division of Department, and is making his home in Austin. He accepted this position about a month ago.

### Rabid Calf Causes Some To Take Shots

Billy McCravey was called to the Russell Sallee farm some time ago to treat a sick calf. After treatment the calf did not respond and they began to be suspicious of the calf's actions.

When it died they sent the brain to the laboratory at Austin and the report came back positive. So Mr. McCravey and the Sallee family took a series of shots containing the rabies vaccine, completing them last week.

### WOMAN'S CLUB HAS MORNING COFFEE

The Eldorado Woman's club met Tuesday morning for their first meeting of the new club year at the home of the new president, Mrs. Edwin Jackson. The executive committee served as hostesses.

The table was covered with a beautiful cut-work linen cloth. The centerpiece was of fruit with grapes cascading from an inverted cake plate. An arrangement of pink carnations flanked by pink tapers was centered on the buffet and a pot of pink mums decorated the coffee table. Mrs. C. N. Clark poured the coffee (or tea) from a silver service. Doughnuts, cinnamon rolls, and carrot bread sandwiches, also fruit punch from the centerpiece, served as refreshments before the business meeting.

Mrs. Jackson presided over the business meeting.

Mrs. Bascom Hartgraves was leader and gave an inspirational Thought for the Day and explained the year book.

Mrs. W. A. Van Dusen, secretary, read the Rules and Regulations.

Mrs. Jackson delivered the president's address and read a letter from the national president of the Federation of Woman's Clubs, Margaret T. Arnold of Washington, D.C. She read the poems, Using One's Talent, and What Is Time (A Gift of God) and gave a talk on Our Freedoms, as found in the 23rd Psalm.

The club meeting adjourned with those present reading the Club Collect in unison.

### Lions Club Meets

Final plans for the booster trip to Iraan were ironed out at the meeting yesterday of the Eldorado Lions club, which is sponsoring the event. W. R. Bearce presided and his previously appointed committees reported on their respective jobs.

Orval Edmiston, finance chairman, reported that \$1 will be collected from each person from here who goes to help defray expenses of the barbecue. The club will pay for the band members.

Ray Boyer reported plans complete for having cars decorated, and Charlie Trigg, Paul Page, Howard Derrick and Eldon Calk were appointed to help guide cars through Iraan.

Lion Charlie Hahn introduced "Doc" Ellis of Midland, who was on hand to make his official visit to the club. He recognized Lions Ernest C. Hill of Eldorado and Buzzie Stokes of Sonora as International Counselors.

Ellis discussed his trip to the 45th annual convention of Lions International which was held earlier this year in Nice, France. He also urged the club to help fulfill the goals and aims of the district, especially during the current membership drive.

The club plans to have a ladies' night soon in honor of the school teachers and sometime next Spring will have another one to commemorate the 35th anniversary of the founding of the club.

Guests at the meeting yesterday included Ed Dorris and R. R. Rothschild of San Angelo, Morris Craig of Boys' Ranch, Albert Ward and Buzzie Stokes of Sonora, and Guy Golden, Joe Wagley, and Peyton Cain of Eldorado.

### REUNION HELD

The descendants of the late Mr. and Mrs. J. C. Greenwood held their annual reunion at Camp Allison on the Llano river over the Labor Day week end. Those attending were:

Mr. and Mrs. S. A. Stepp, Mr. and Mrs. Roy Becker and Susan and Debbie Walker of ElPaso; Mr. and Mrs. Chuck Johnson and daughters of Midland; Mr. and Mrs. Bill Greenwood of Dallas; Mr. and Mrs. Pete Greenwood and daughter, Mr. and Mrs. Alton Long and family, Mr. and Mrs. E. L. Ebner and family, Mr. and Mrs. Otto Kramm, Donald Greenwood and Miss Janill Wong all of San Antonio; Mr. and Mrs. Willie Andrews and Mr. and Mrs. Howard Flippin and family of Junction; Mr. and Mrs. Bing Crosby and daughter of Christoval; Mr. and Mrs. G. R. Nance, Mr. and Mrs. Cleveland Nance and family of Sonora; Mr. and Mrs. Arche Crosby of Eldorado. Mr. and Mrs. Bill Moss and family of McCamey. There was a total of sixty in attendance.

Games and swimming provided the highlights of the outing. New officers were elected for the coming year.

Mrs. O. R. Burden and Tom of Wichita Falls visited here recently with Mrs. T. W. Johnson, and they spent the week end in Midland with Mrs. Edwin Johnson and boys.

### REYNOLDS CLUB MEETS

The Reynolds Home Demonstration club met Sept. 11 at 2:00 o'clock in the home of Mrs. B. J. Reynolds with 12 members, Mrs. Victor Sauer and Mrs. H. A. Belk, members, and Mrs. Fred Case and Mrs. W. V. Lux, visitors, and Mrs. Vida Kreklow, present.

A very interesting program, "Where does your food dollar go?" was enjoyed by all.

New officers elected were: Mrs. Charles Wimer, Pres.; Mrs. J. Tom Williams, V-Pres.; Mrs. Henry Moore, Sec.; Mrs. Cecile Williams, Coun. Del. Cookies and punch were served.

Mr. and Mrs. Otto Kramm of San Antonio visited last week with her parents Mr. and Mrs. Arch Crosby. Over night visitors in the Crosby home were Mr. and Mrs. S. A. Stepp of ElPaso.

Mr. and Mrs. Jack Shugart of Fort Stockton came by yesterday and took his mother, Bertha Shugart, with them to Irving where she will visit with her daughter, Mrs. Glenn Spann. The Shugarts are on a business trip to Dallas.

Miss Fern Parrent visited her parents, Mr. and Mrs. W. F. Parrent, over the week end. She is working at Baptist Memorial hospital in San Angelo and lives at 519 E. 10th street.

### NEWSLETTER

From U. S. Senator RALPH W. YARBOROUGH

Dear Fellow Texan:

The United States has been very, very patient with Cuba's Castro. Now Dictator Fidel Castro has turned his country into an armed fortress and the satellite of Communism.

In July and August Communist Russia poured supplies and technicians into Cuba, ship after ship, and there is no indication that Russia means to stop with any token shipments. On the contrary Soviet Russia has announced a plan to help arm Cuba, to build a Communist fortress off the tip of Florida.

We are faced with a build-up on Cuba of Communist military might including planes and missiles and ships firing missiles just 90 miles off the United States coast.

Now I have been informed by the State Department that there is no evidence of military strength in Cuba big enough to allow Castro to start an attack on other countries. But, fellow Americans, the truth is that most Central and South American countries do not have strong military forces. If Cuba is allowed to become the dominant military power in Latin America, its influence, its ability to spread the fever of Communism through fear and through force and through subversion, will be dominant.

We should now call on other Latin American countries to join the United States in throwing a sea blockade around Cuba... a blockade to stop all shipment of military equipment and foreign manpower into Cuba. Surely the Latin American countries receiving aid from the United States can see beyond any doubt that little Cuba is not enough to satisfy this illimitable Communist appetite. Every Latin American government leader should be saying to himself, "If we don't stop Castro today, my country may be the next to fall under the Communist shadow."

The foreign ministers of the American Republics read Cuba out of the Organization of American States in January of 1962. That was a step in the right direction and now there has been another step.

The Second Conference of the Latin American Free Trade Association met on August 26, 1962, with representatives from nine countries—Argentina, Brazil, Chile, Ecuador, Colombia, Paraguay, Mexico, Peru, and Uruguay—and refused to allow Cuba to join this free trade association of Latin American nations. Cuba had applied in June for membership.

Those are two steps. But now, fellow Texan, it's time for another step and this time a big one. The blockade should be used to make sure no large troop movements are allowed out of Cuba to pose a threat to the Latin American countries that are trying to combat Communism.

What I propose is a blockade to insure that there are no big troop movements and no munitions or war movements into Cuba. And we also need to insure that there are no military movements out of Cuba. The Dominican Republic has complained that Cuba is sending subversives, agitators, military equipment and supplies into Dominican Republic, a neighboring island. Our blockade should stop that kind of movement by Castro.

Fellow Texan, the only reason the Communists ever move is to expand their power. Since they seem to be in full charge in Cuba with the active help of Satellite Dictator Castro, the only place left for the Communists to go is into other countries in the Western Hemisphere. The time to limit Castro's power is now, and a sea blockade is a step in the right direction.

Roy Phelps, Prop. Phone 24141

### BACK FROM VIRGINIA

Ruth Williams, daughter of Mr. and Mrs. Cecil Williams, has recently returned from Norfolk, Va., where she spent the summer with her sister, Mrs. T. L. Atchley (Neill Williams). While in Virginia Ruth visited Colonial Williamsburg and several other points of historical interest. Ruth reports that she enjoyed a cool summer with frequent rains.

On her return to Texas Ruth visited in the home of Mr. and Mrs. Walter Reed of Dallas. She was accompanied home by Marvin Reed. On the way home they visited in the homes of Mr. and Mrs. Owen Brock of Fort Worth, Mr. and Mrs. W. J. Davis of Lawn, and Ray Williams of San Angelo.

Ruth is planning to return to college soon, as a student at North Texas State University.

### Students Off To College

College is calling the young people from all over the county. Some are already gone and others are leaving this week end.

Mary Dyer left Tuesday morning for Colorado State University at Fort Collins, Colorado. Her brother, John Dyer, is here this week visiting his parents and sister and he will leave Friday for A&M to enter his Senior year in veterinary medicine.

Jerry Carman will leave this week end for North Texas State University at Denton where he will be a Junior at mid-term. Carl Parker will be a Sophomore while Judy Hext and Lynda McGinnes will enter North Texas as freshmen.

Others who will enter A&M include Jim Runge, Denzil Fisher, Jerry Thomerson and Leonard Kent.

Margo Mittel and Joe Ray Stanford are returning to Baylor as Seniors. Others going are Sammie Mayo, Mikel Jurecek, and Jim Cheek.

Mary Jo Parker will be a Senior and Ruth Parker a Sophomore at the University and Pam Calk will enter as a Freshman.

Nancy Jo Jackson is a Senior at Austin College in Sherman.

Jerry Don Johnson, Genelle Edmiston, Herman Walker, Edna Faught and Joe Charles Christian entered Texas Tech at Lubbock.

Donny Holden goes to Cisco Junior College.

C. F. Dacy, David Kuykendall, Jimmy Garvin, Buddy Hodges, and Kenneth Hicks are at San Angelo college.

Barbara Fry is at Mary Hardin-Baylor college at Belton.

Myrta Ann Topliffe, Martha Ellen Topliffe, Phillip Walker, Billy Van Dusen, Johnny Griffin, Peggy Spencer, Arlene Harris and Linda Jones will go to Sul Ross college.

Gayle Woodward and Genelle McCalla have returned to Abilene Christian College in Abilene while Robbye Waldron and Buddy Mercer will attend McMurry, also in Abilene.

Mike Moore, David Steen, and Judy McGregor are at TCU in Ft. Worth. Ann Blair and Linda Love will return to Texas Wesleyan at Fort Worth.

Bob Whitis will re-enter Law school at Baylor.

Brian Edmiston, son of Mr. and Mrs. Orval Edmiston, left yesterday to return to Tarleton college at Stephenville, where he will be a Sophomore this coming year.

Mr. and Mrs. Cam Smith and daughter Karen are visiting their parents, Mr. and Mrs. C. C. Smith of Christoval and Mr. and Mrs. Marvin McAngus of Eldorado. They will return to Fort Worth this week end and Cam will attend TCU again this year.

### F.F.A. Officers Named

The officers for the Eldorado Future Farmers of America chapter for 1962-63 are:

Walter Powell, Pres.; Denny Burk, V-Pres.; John Lowe, Sec.; Robert Sudduth, Treas.; Phil Edmiston, Rep.; Steve Blaylock, Sentinel; J. W. Hawkins, Historian.—by Phil Edmiston, Rep.

James Williams returned home Saturday from Shannon hospital where he had spent five days undergoing treatment. He has been having more trouble with his left shoulder, which was injured in an accident several years ago.

Mr. and Mrs. Dan Griffin and abby, Curtis Wayne, of McCamey, visited his parents Mr. and Mrs. Jack Griffin and family last Sunday and were letting all the kind-folks get a good look at the new baby who is one month old.

W. R. Thurman of Eldorado and Mrs. Ruth Northcutt of San Angelo were married yesterday. They will make their home here in Eldorado.

Mrs. Joab Campbell is slowly improving at the Shannon hospital. Miss John Alexander is staying with her.

Mr. and Mrs. J. C. Clark of Austin and Mrs. Tom Lindsey and son Scott spent the week end in the home of Mr. and Mrs. Norman Hodges.

Visiting in the home of Mr. and Mrs. Cecil Williams was their son Roy Williams of Snyder.

### First Baptist News

**W.M.U. Bible Study Meets**  
The women of the W.M.U. of the First Baptist church met Monday at the church for Bible study and a business meeting.

Mrs. Charley Morris presided over the business meeting during which a slate of officers for the new year were elected.

Mrs. T. P. Robinson Jr. taught the lesson from the Letter of Paul to the Colossians, completing a study of Paul's letters that she had taught this year.

Thirteen members and a guest, Mrs. Pat Sykes, attended the meeting.

**Day of Prayer For State Missions**  
The W.M.U. of the First Baptist church met from 10:30 until 3:00 Wednesday to observe the Mary Hill Davis Week of Prayer.

The program was "My Brother's Keeper" and was presented by the members and led by Mrs. C. N. Clark, prayer chairman.

A covered dish luncheon was served at the noon hour.

The Mary Hill Davis offering is for state missions. The goal for the local church is \$206.24.

**Holding Revival**  
Rev. D. C. DuBose is holding a Revival at the Phillip Memorial Church in Big Spring this week. He will be back for the evening service next Sunday.

A revival is slated for the First Baptist church here in Eldorado the first week in October.

**Concho Valley Workers Conference**  
Frank O'Banion attended the Concho Valley Baptist Workers' Conference Tuesday night at the Eola Baptist church. After the W.M.U. and executive board meeting, supper was served by the host church. Rev. Kenneth Sellers of the Immanuel Baptist church gave the inspirational message.

### CHRISTIAN WOMEN'S FELLOWSHIP MEETS

Women of the C. W. F. met in the church at 1:30 p.m. Thursday, Sept. 6, for their first regular business meeting of the 1962-63 season.

The president, Mrs. Roy T. Rowntree, called the meeting to order by leading those present in the reading of the C. W. F. prayer. Much business was brought before the group. Plans and projects for the year were discussed.

Mrs. Raymond Schrank read Conrad N. Hilton's prayer, "America On Its Knees."

Mrs. Rollin A. (Bud) Haynes served delicious home baked cookies and coffee.

The theme of study is, "The Decade of Decision." Every Christian women must ask herself, Am I an active or inactive member for Christ?

Next meeting will be Sept. 20th at 1:30 p.m. at the church. All members are urged to attend, and visitors are welcome at all times. —CWF Reporter.

### CHORAL GROUP MEETS

The Junior High choral group met Tuesday, September 4, and elected officers:

Jan Wagley, Pres.; Maureen McCravey, V-Pres.; Carolyn Wilson, Sec.-Treas.; Gordon Schrank, Parliamentarian; Kathy Carman, Reporter; Sue Edmiston and Stella Hubble, Librarians.

Our director is Mrs. Teele. We started to learn new songs for the school year, following the election. —Rep.

**Surprise Birthday Party**

Mary Lynn McGinnes was honored with a surprise birthday party Sunday afternoon at 3:00 p.m. at her home. The occasion was her 16th birthday, and co-hostesses were her mother, Mrs. Albert McGinnes and a cousin, Miss Lynda McGinnes.

Party plates of miniature sandwiches, dips, chips, cookies and mints were served, with lemonade, from a table decorated in EHS colors of green and white.

Guests were Misses Paula Mace, Mickey Phelps, Christy Moore, Kay Peters, Frankie Blaylock, Marilyn Wilson, Sharon Nyquist, Jan Porter, Linda Boynton, and Rita Rozean, all of Eldorado, and Rita's guest, Deborah Odom of Rankin.

The honoree was presented with gifts from the guests.

**Certificates Given At County Public Library**

Jaci Hammond read 63 books making her the top first grader for the summer. Karl McCormack was second with 41. Those who read 12 or more books were Johnny Rosford, Mark Bland, Rosellen Maness, Sherwin Jackson, Melody Davidson, Jimmie Rutledge, Lou Ann Nixon, Priscilla Holsey, LeAnne Cawley, Janice Rowe, Lonnie Reynolds, Mark Calk, and Phyllis Sauer. Hurray for the first graders!

The following list gives the final report on those earning the Vacation Reading Certificate from the State Library:

Judy Ann Davidson, Leslie Martin, Terry Martin, Tom Hartgraves, Arlene Hartgraves, Libby Preston, Keith Williams, Karen Hight, Mike Branham, Mary Susan Dav, Letha Ann Parks, Deena Kaye Day, Debbie Hammond, Kathy Robinson, Gaylynn Richardson, Genie Newport, Loretta Schooley, Caroline O'Farrow, Nan Sauer, and Buddy Calk.

Memorials given since last report include:

A Field Guide to the Birds of Texas, for Mrs. George Ochsner, by Mr. and Mrs. R. D. Johnson.

A History of Williams, Smith, and Hyde Families, for J. Tom Williams, given by J. Tom Williams family.

Alexander the Great, for Claude Meador, by Mr. and Mrs. James Williams.

Selected Verse of Edgar A. Guest, for Mrs. W. E. Baker and American Holidays for W. E. Baker, both given by Mr. and Mrs. Claude T. Smith.

The Pathfinder, for Payne Robinson, by Ruth Baker.

The World's Great Religions, for Payne Robinson, by Mrs. C. A. Tracy.

Newest Guild books are The Hands of Esau, Portrait in Brownstone, and The Sound of Bow Bells.

A Funny Place to Live, Plop, Plop, Ploppie and Silly Mother are new for beginning readers.

**School Menus**

Monday, Sept. 17: Smothered hamburger patties, whole kernel corn, mixed greens, apple rings, buttered rolls, milk, canned fruit.

Tues., Sept. 18: Barbequed beef, potato salad, pinto beans, cabbage & pineapple slaw, buttered rolls, milk, fruit cobbler.

Wed., Sept. 19: Spaghetti and meatballs, buttered carrots, green beans, celery sticks, buttered rolls, milk, white cake with choc. icing.

Thursday, Sept. 20: Swiss steak, creamed potatoes, buttered broccoli, waldorf salad, buttered rolls, milk, butterscotch pudding.

Friday, Sept. 21: Tuna loaf, buttered rice, creamed English peas, tossed salad, buttered rolls, milk, cookies.

**Home Demonstration Agent's Column**  
By MRS. VIDA KREKUC'W

The food dollar and the grocery dollar are a couple of different dollars these days. Occasionally some brave man speaks up and says that his wife spends too much for groceries. It's hard to tell whether it's the food bill or the bill at the grocery store which is under fire.

The supermarket which is so common today is exactly what the name implies—a super market. But what kind of a market? It is a market for many things. Many more things, in fact, than most of us even realize. Not long ago somebody got curious as to how much food was actually bought on the average trip to the market and how much money was spent on other household items.

This is what the checking of many, many grocery tapes showed. Out of a \$15.55 total tape, the items were divided into classes and this is the division:

- Household ----- \$2.10
- Detergents, cleaning items.
- Personal ----- \$5.11
- Spray net, cigarettes, shampoo.
- Recreation ----- .33
- Toys.
- Education ----- .60
- Magazines, school supplies.
- Medical Care & Health ----- \$1.18
- Aspirin, tooth brushes, paste.
- Household Furnishings ----- .79
- Coffee mugs.
- Clothing ----- \$1.64
- Nylon hose, shoe polish.
- And you guessed it!
- Food ----- \$3.74
- Milk, coffee, eggs, potatoes, cheese, etc.

Think again before charging out all those items against the "grocery" bill.

Some sage made this comment recently and he may be close to right: "Today we are not suffering so much from the high cost of living as we are the cost of living high."

Home Demonstration clubs are going to work on the general subject of food and the money it costs under the heading of "Making cents out of the food dollar" for the month of September.

If you are interested in who gets the divided dollar (the farmer gets 40c) how much the average person should spend per week for food, ways to save and yet be nutritionally well fed—come to a club meeting or call my office, 22592, and I'll be more than glad to help supply the answers to some of these questions.

Martha Lee Meador was by the office just now and told me about this well liked salad which she served to friends not long ago.

**The Orange-Orange Salad**

Dissolve one package orange jello in one cup boiling hot water. Stir until completely dissolved. Add one small can frozen orange juice—no water here, just the concentrated orange juice. Open and drain one small can mandarin oranges and add to gelatin mixture. Pour into a mold which has been coated well with salad oil. Let stand until firm.

Martha Lee said that she served a chinese pork dish with rice and this salad actually as an accompaniment to the meat dish and that the sharp flavor of the fruit pointed up the bland flavor of the pork and rice.

Would you like a copy of the Chinese Pork Ge-Yok? It's a lot easier to make than it sounds and everybody seems to like it. Call me and I'll send you a copy.

Just in case we get to the point of expecting rain in September, the records show:

1960 ----- None

1961 ----- 5.45 Inches

It could be all or nothing at all.

Don't try to impress your high school teen ager with these figures but remember them yourself. The high schooler will never believe them anyway, and you probably won't either, but Herman P. Miller of the U. S. Census Bureau has answered a question. The question: How much is a college education worth in dollars? These average lifetime earnings: Grade school graduate, \$182,000; High School graduate, \$258,000; College graduate, \$435,000.

Labor Day week end visitors in the E. H. Dannheim home included Mr. and Mrs. "Rusty" Dannheim of Euless who came after their daughters, Linda and Gail, who had been visiting their grandparents for several weeks; Sherrill Dannheim and a friend, Coburn Brummett of Austin, and Mr. and Mrs. H. L. Spencer and a friend, a Mr. Howe also of Austin.

The Lutheran Hour, 3:30 P.M., Sonora radio station.

**GAME WARDEN REPORTS DOVE CROP NOT SO GOOD**

Game Warden Bill Works of Schleicher county reports that the dove crop here is not anything like as good as it has been in previous years.

The season opened September first but it hasn't brought out the maximum limits that most hunters have enjoyed in past years. Exceptions are a few favorable "pockets" where hunters have gotten their limit.

**Trans-Pecos Antelopes**

While a drouth has persisted in this area throughout the summer, the Texas Game Commission reports that wildlife conditions in the Trans-Pecos are highly favorable and promises another successful antelope season.

Following long-needed rainfall in July, vegetative conditions improved greatly over the entire area. Antelope herds ranging the broad flats and rolling hills west of the Pecos river are doing well and should be in excellent condition for the Sept. 29-Oct. 7 hunting season according to area biologists.

Landowners in the Trans-Pecos have been issued 1,548 buck and 447 doe permits. Landowners in the Texas Panhandle will be issued 375 buck permits by the Game and Fish Commission. These permits may be distributed among sportsmen at the landowners' discretion.

Sportsmen interested in bagging a Trans-Pecos trophy should contact either ranchmen in Pecos, Brewster, Presidio, Jeff Davis, Culberson or Hudspeth counties or Chamber of Commerce officials near the antelope hunting areas who will aid sportsmen in making hunting arrangements.

Few hunters who make a trip to the Trans-Pecos leave empty handed because past records indicate that hunting success is consistently above 90 per cent.

If past records are an indication, this season's hunt should be bigger than ever, especially with the two extra days of hunting allowed this season. The extended season also provides for two week ends of hunting.

**Our WASHINGTON Letter**

By Congressman O. C. FISHER

Arthur Goldberg's appointment to the Supreme Court shifts the balance on that court in favor of the liberal bloc. The latter often favors changing the Constitution by interpretation rather than amendment, and through their liberal leanings that bloc made some decisions that has made it difficult to control domestic communist activities.

A few months ago the conservatives, who practiced judicial restraint and often opposed the liberal bloc, held a 5-to-4 majority. But with the resignations of Whitaker, and then Frankfurter (both conservatives), and their replacement by Whizzer White and Goldberg, control has undoubtedly shifted to the liberals.

Unemployment edged up a bit in mid-August, to 5.8% of the work force. One explanation of this is that when wage costs are forced beyond the limits of increased productivity, the result is unemployment or inflation or both. Unemployment results from elimination of marginal jobs, actually advocated by AFL-CIO's George Meany in his fight to increase minimum wages.

From 1957 to the present there has been an upward movement of unit labor costs at a time when markets would not permit an upward movement of prices. The resulting squeeze on profits has created a chronic unemployment problem.

Policies advocated by labor unions, of forcing wage raises out of proportion to the productivity rate, plus the raise in minimum wages which strike the hardest at marginal jobs, must bear the responsibility for this development.

Should the Government send a Federal employee to work overseas when he has a wife and nine children, and transportation to and from costs taxpayers \$26,380.

This will be the bill for sending John C. Cort, a newspaperman of Boston, a Peace Corps employee, to the Philippines last February, it has just been revealed.

Maybe being from Boston didn't hurt Cort in convincing his fellow-townsmen, Peace Corps Director Sargent Shriver Jr., that he should be thus favored.

This is an example of waste and extravagance which helps explain why we are due to have a \$6 billion deficit during the current fiscal year.

**Real Estate Bargains**

- Kenneth Homer residence in Eldorado  
2-bedroom, furnished ----- \$9,300
- 3-bedroom house, 1 block from  
First Baptist Church ----- \$7,000
- Lot 5, block 13, O. T. Eldorado  
with 5 room house ----- \$2,000
- 3-bedroom house, close in ----- \$8,000
- 3 bedroom, close to school ----- \$7,500
- 2 bedroom, close in ----- \$4,000
- House and lot, close to school ----- \$1,500
- Corner lot and building on new highway  
where Mr. Whitley's shop was ----- \$1,000
- 3-room house to be moved,  
furnished, for only ----- \$500
- Have the Oliver house, furnished, across  
from school. On corner lot 150x140.  
Would like an offer.
- 100 acres 7 miles west of Menard, 1/2 mile  
river front, lots of pecans, also  
deer and turkey, per acre ----- \$ 200
- Have buyer for 4 to 6 section ranch  
Around \$70 or \$75 per acre.

**COUNTY AGENT'S COLUMN**  
by Tiny Godwin  
Schleicher County Agricultural Agent

Producers have the opportunity to vote on the wool referendum being held September 10 through 21, 1962, to determine whether wool and lamb growers approve or disapprove of a new agreement to continue financing an advertising and market-development program for wool and lambs. The question is whether deductions from the incentive payments should continue. The deductions at the rate of 1 cent per pound of shorn wool and 5 cents per hundred weight of lamb would go to continue the council's promotional activities in behalf of lamb and wool. Under these deductions Texas sheep and wool producers contributed 17% of the council's budget, a big \$536,107 in 1960. Deadline for voting is September 21 and ballots may be returned to county ASCS offices starting September 10th.

Any individual, corporation, partnership or legal entity which had an interest as owner or partial owner in one or more sheep six months of age or older located in the United States for any one period of at least 30 days from Jan. 1, 1962 to the day his ballot is cast, is an eligible voter. Joint owners may cast only one ballot.

This referendum if carried authorizes deductions at the quoted deductions for the year 1962, 1963, 1964, and 1965 marketing years.

The National Sheep Producers Council was organized following

the National Wool Act of 1954 to implement section 708 of the act and to conduct self help for the industry. The council is governed by a board of directors elected from delegates who represent sheep men in every state or area. All delegates and directors are sheepmen.

Was very much impressed at the White Sands missile proving grounds with the firing of many types of missiles. This tour was in connection with the National County Agents' Convention being held in Las Cruces, New Mexico. The first impression was how well the missiles were controlled by man. The result of atom splitting. Then I thought this: The first Adam-splitting gave us Eve, a force man has never been able to control.

With the coming of rain, many producers are concerned about the sowing of oats for temporary pastures. There are four varieties of oats recommended for this county. When these varieties are not planted, then the producers gamble multiplies manifold for not selecting the right variety. These varieties in order are: (1) Mustang; (2) Bronco; (3) New Nortex, and (4) Mustang.

These are rated as the varieties that are most resistant to cold weather, disease, yield of forage for grazing and oat yield, adaptability to soil and adaptability to fall planting in general.

Should you spring sow, the high yielder will be Alamo variety oats. Use Ceresan M, Ceresan M-2X or Panogen for seed treatment to control most oat diseases.

Pecans in the city have a very good crop of nuts. However, brown spot, vein spot, leaf blotch, and brown leaf spot have begun to appear. The insect of any significance is the hickory shuckworm. The black spot on the pecan is evidence the pecan hull is affected by not opening, sticking to the nut and not opening. Use zineb to control the diseases mentioned.

Picking up and destroying all shucks in the fall is the only effective way to control the hickory shuckworm. All succeeding generations develop in the shuck making it impossible to control by an insecticide.

The word "govern" comes from the Latin term "guberno" meaning "to steer a ship." Democracy, like a log raft, will never sink, despite often exasperating inefficiencies of self government. The ship of state will stay afloat if you "keep trying" and appreciate what self-government means.

Keeping an open mind is no trick. The hard part is knowing when to shut it.

Room Representatives Announced At School

Chairmen of room representatives in both the elementary and high schools, and faculty sponsors in the high school, were selected during the first week of school. Chairmen of Elementary Room Representatives are as follows: 6th grade, Cain: Mrs. Elton McGinness; 6th grade, Bowen: Mrs. T. P. Robinson, Jr.; 5th grade, Humphries: Mrs. Jimmy Ballard; 5th grade, Storr: Mrs. Gerald Hartgraves; 4th grade, Whitaker: Mrs. Jas. Williams; 4th grade, Donelson: Mrs. L. E. McCalla; 3rd grade, Whitis: Mrs. C. L. Martin, Jr.; 3rd grade, Stigler: Mrs. Clifford Schooley; 3rd grade, Loveless: Mrs. Billy McCravey; 2nd grade, Steele: Mrs. Bill Maness; 2nd grade, Royster: Mrs. John Rae Powell; 2nd grade, Jones: Mrs. G. M. Cauley; 1st grade, Nimitz: Mrs. Wilson Page; 1st grade, Miller: Mrs. Paul

Page; 1st grade, Robinson: Mrs. Chanvelaria Robledo; 1st grade, Newport: Mrs. Jesus Perez. In the high school, sponsors and chairmen were announced as follows: Senior sponsors: Robert Jay, Guy Golden, Douglas Jung. Mrs. Andy Nixon, chairman room representatives; Junior sponsors: Leslie Woulard, Oliver Burk, Raymond Mittel. Mrs. A. D. Williams, chairman; Sophomore sponsors: Bill Bowen, Dixie Bell. Mrs. Henry Moore, chairman; Freshman sponsors: Jack Bell, Katherine Hill. Mrs. Billy Frank Blaylock, chairman; 8th grade sponsors: Marylu Ray, Guy Whitaker. Mrs. Billy McCravey, chairman; 7th grade sponsors: Earl Barnett, Dana Ray Owens. Mrs. Howard Derrick, chairman. Judy Beth Nyquist, daughter of the Rev. and Mrs. C. M. Nyquist, has returned to Southwestern University at Georgetown where she will receive her degree in January. Sammye Mayo, daughter of Mr. and Mrs. Johnny Mayo, has returned to Baylor U. at Waco.

We, The People . . .

The week of Sept. 17-23 will be honored throughout this country as Constitution Week, celebrating the birthday of a concept never before adopted by any people as their governmental philosophy. The framers of the Constitution believed that all powers of sovereignty should forever reside in the people, and that the government they were about to establish, should be a limited government, subject always to the will of the people. They sought to create a government which also would incorporate such checks and balances as would insure that all public officials should forever remain subservient to the will of the people.

The personal rights, opportunities and freedom of the individual were foremost in the minds of the founders of this nation as they set out to build a structure of lasting government. Their immortal work, the Constitution of the United States of America, was brought forth after long periods of bitter and eloquent debates. This marvelous document was built around three main concepts of freedom, namely, religious, political, and economic. Their belief in God was the foundation of the religious concept. A constitutional republic, guaranteeing political rights and establishing obligations, was the foundation of the political concept. A free enterprise profit-motive system, based on private ownership of property, constituted the economic concept.

"We the people," heirs of these enlightened framers of the Constitution, should ever be on guard to prevent the rapid centralization of power in our government which is the last step preceding national decay. We should dedicate ourselves anew to an adherence to the principles embodied in the Declaration of Independence, in the Federal Constitution, and an abiding faith in God.

Events of today are so far afield from the original concept of the Constitution as to frighten one concerning the future of our country.

The idea that our Constitution is now outmoded, is pure nonsense. The Constitution is concerned with eternal principles. It was made for the ages. It is almost completely free from the restrictions which bind it to the problems of the day. Let us not forget the law of life. Human beings are not permitted to lean on the wisdom of the past to meet a crisis of their time. They must be willing to work as hard to preserve that wisdom, as their forefathers worked to distill it from their own painful experience.

Americans of our generation are not going to save our Constitution and hand it on, unimpaired, to succeeding generations, unless they achieve the devotion of the men who signed the Declaration of Independence, and dedicated to their country, their lives, their fortunes and their sacred honor.

We shall not be able to preserve our Constitution through the present national and international crises unless we also reach the high level of intelligence which our Revolutionary leaders needed, to create our of their experiences, a perfect instrument for liberty under law.

Soil Erosion, The Work Of Uncontrolled Water

Erosion is the dominant problem on 739 million acres of America's farm and ranch land. This is more than half of the agricultural land in the United States. Erosion is a problem requiring constant attention on 234 million acres of cropland.

These facts, along with many more, are found in a new publication just issued by the U. S. Soil Conservation Service. It is called "Soil Erosion, The Work of Uncontrolled Water." A copy can be obtained from the local S.C.S. office at the top floor of the county courthouse, Wm. M. Rountree, work unit conservationist, said.

Rountree, who is assigned by the S.C.S. to assist the Eldorado-Divide Soil Conservation District, said that the new bulletin contains 16 pages and 25 pictures describing and illustrating the causes and types of erosion caused by water. It is a publication which we believe will be welcomed by school libraries and other selected users. It is the latest publication by the S.C.S. that deals with this basic problem of American farmers and ranchers. A few months ago Farmer's Bulletin 2171, "How To Control a Gully" was issued. This is also available from your local S.C.S. office.

ACREAGE SURVEY STARTING

Postmaster Bernard Carr announced today that rural mail carriers will begin distributing 1962 Acreage Survey cards to patrons on their routes about September 13. The Post Office Department assists USDA in making this survey each year. These reports, directly from farmers, are the basis for official estimates for Texas acreage of all crops harvested in 1962.

To be sure this community is well represented in the survey, Postmaster Carr urges each patron receiving a card to fill it out and return it to his mailbox.

The Constitution stands in all its majesty—the center of our nation. Simply by being, it defends and warns. It defends us from the fallacies that the experience of 3,000 years condemns; from dictatorship which is abhorrent to every American concept; from the totalitarian state that regiments men, their minds and bodies.

From these and like evils now so widespread on earth, our Constitution daily defends us. It stands between us and the great blasphemy that man is a creature of the state.

The peculiar glory of the Constitution of the United States is that it is not a charter of rights granted by government to a people, but a limit of powers to which a vigilant people restricts its government. It is not a government edict which the people must obey, but a people's law which government must obey.

The fathers of the Constitution were not just a group of casual people who started a casual thing in a casual way. They had studied the ancient civilizations and the methods of government employed therein. They had studied the medieval systems and the various governments of their day. They were well acquainted with the great classical writings on the subject; therefore, they came to their tasks very thoroughly equipped. They knew the results of the experiments in government through the ages.

Our Fathers knew, better than we, that the specific temptations of government in all times—any government—even an American government—is to seize more power than is allotted to it, or misuse the power it has. They foresaw the always possible use of dazzling personal leadership; they foresaw the displacement of law by temporary emotion; the tendency to unwise action under stress; and to prevent these evils, they erected certain barriers. The Presidency, the Congress and the Courts were made subordinate to the Constitution. These three powers of government, with officers' oath, bound to the Constitution, are established in complete independence one of another, on the supposition that never would all three of them combine against the people on the law that gave them being.

The Constitution gives us the foundation for a free, prosperous and independent life for every citizen, but each generation, in time, must work for and claim it. Otherwise, through carelessness, or indifference, the rights and liberties we have enjoyed may vanish.

Thus these seven potent words, "We the people of the United States" were and remain, all subsequent world upheavals notwithstanding, the most revolutionary words on record.

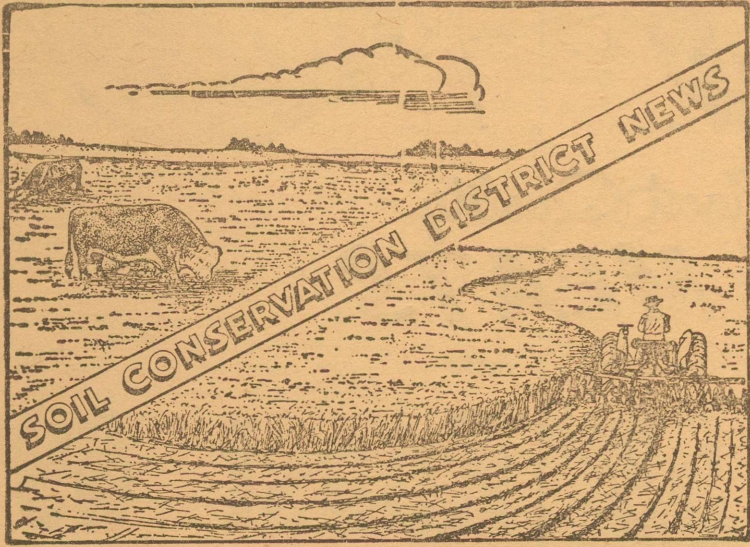

Compiled and composed by Mrs. J. B. Montgomery, chairman National Defense for El Dorado Chapter, D.A.R.

New Vehicles for August

During August, the following new vehicles were registered in the sheriff's office: J. B. Swain, '62 Chev. 4-door; Alvin Chamberlain, '62 Ford pickup; Perry S. Johnson, San Angelo, '62 Chev. 4-door; R. J. Nixon, '62 Chev. pickup; S. M. McKenzie, Sonora, '62 Ford Falcon 4-door; W. S. Carrell, '62 Chev. pickup; Shannon H. Ratliff, '62 Chev. 4-door; L. E. McCalla, '62 Ford 4-door; Robert Epley, Sonora, '62 Ford pickup; T. Knox Campbell, Talpa, '62

Chev. pickup; Jane Dyer Blackburn, '62 Volkswagen sedan; J. Forrest Runge, '62 Chevrolet pickup.

Mr. and Mrs. Ben Biggs returned home last week from their vacation. In Dallas they visited Mr. and Mrs. Dewey Burger. They spent several days in Brownwood where Mr. Biggs attended the Brotherhood Jubilee on Lake Brownwood and they visited Mrs. Biggs' brother, Walter Stucke and family. They spent some time with their sons, Glenn and Truman and families in Abilene and visited in San Angelo also.

The Board of Supervisors of the Eldorado-Divide Soil Conservation District in their regular monthly meeting Friday, Sept. 7, approved two conservation plans on 11,897 acres, approved one Great Plains contract on 5,905 acres, and one conservation plan on 134 acres was cancelled due to sale.

These conservation plans represent the intentions of the owners or operators to conserve as much soil and moisture as is possible in an effort to produce the maximum pounds of beef, lamb, and other food and fiber crops. Each plan is based on the physical factors of the farm or ranch, such as soils, slopes, and conditions of pastures with the operators own methods and his knowledge of the farm or ranch.

Each plan contains maps showing fences, acreage by fields, amount of erosion, kinds of soils and other factors which will help the operator analyze his place and apply proper conservation measures.

The Board discussed plans for revising and up-dating their program and plan of work for this Soil Conservation District. This program and plan of work is a statement of conditions, problems created by those conditions, and a plan for carrying out corrective

measures to alleviate the problems. The various memoranda of understanding between the district and cooperating agencies are based on the district's program and plan of work.

During their meeting the supervisors also discussed plans for an election of a supervisor to be held in zone 4. This election is to be held on the first Tuesday in October which will be October 2nd. Ben Hext is presently the supervisor representing this zone.

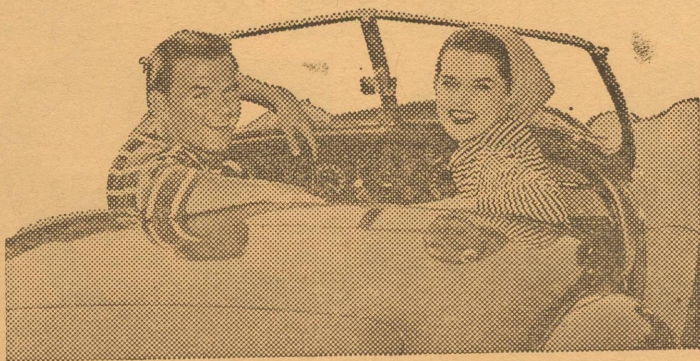

In their meeting the board of supervisors voted to give \$50 toward getting conservation education into our schools. First someone must be paid to do the job of assembling materials to build the program and procedures for integrating conservation in the school program. This is called curriculum building.

There are 182 Soil Conservation Districts in Texas and if each district will contribute, enough money will be raised for the Texas Advisory Committee on Conservation Education to hire someone permanently to integrate conservation education into our schools.

To date the Schleicher county part of the Eldorado-Divide Soil Conservation District has four signed Great Plains contracts on 10,679 acres for a total cost share of \$22,822.43.

personal budgets vary... so do auto financing plans —

but there's only one best plan, if economy counts with the purchaser:

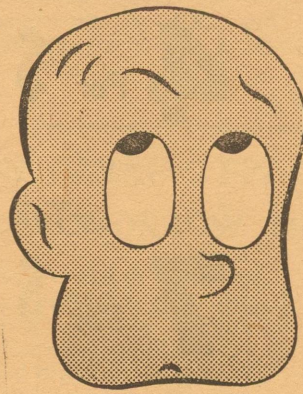

a bank auto loan!
