## Lambs Again Flooding Local Stock Yards

Trucks full of lambs were parked all over the yard yesterday waiting to unload at Hartgraves Livestock pens here in Eldorado, and eleven railroad cars were spotted on the siding to provide transportation out of the state. When the big movement of lambs took place over a month ago the Hartgraves management thought that the height of the season was over, but yesterday they found themselves confronted with something like 9,000 head. They are coming in from Schleicher and adjoining counties.

## Minstrel Rehearsals To Start Monday Night

Under direction of Bill Bowen, rehearsals for the P-TA minstrel show will begin Monday night at 7:30 in the school auditorium. The minstrel is to be presented the evenings of October 22 and 23. Mrs. James Page and Joe Kreklow will have charge of the music for the minstrel and they invite all musically talented people of the community to be on hand for the first rehearsal Monday. Singers are especially invited to attend. Rehearsals will continue two or three times a week until time for the presentation. Plans for further rehearsals will be announced at the first one Monday night.

## With The Boy Scouts . . . District Camporee Set For This Week End

Bob Warner, chairman of the District Camping and Activities Committee, has notified all Scoutmasters in the Twin Mountain district which includes Eldorado that the big district-wide camporee is to be held this Saturday and Sunday, October 6 and 7, at Camp Sol Mayer near Fort McKavett. The camping event will start at 3:00 p.m. Saturday and close the following afternoon at 2:00. Highlighting the program will be a big campfire program Saturday night and the competitive events will be held after the church service on Sunday morning. Visitors will be welcome, especially Cub Scout units so that the younger boys may see what is in store for them when they are old enough to become Boy Scouts.

Scoutmaster Gail Mittel and his assistant, Walter Ray Donaldson, met with the troop Monday night in a regular meeting. Also on hand were J. B. Morris, Assistant Executive from the San Angelo office; Bill Gunstead, troop committee chairman; and Fred Watson, institutional representative. Plans discussed included a membership drive for this fall, lining up the fall program, and making some improvements in the Scout hall.

Plans are already under way for the Canadian Canoe Expedition in the summer of 1963. Twelve Scouts and Explorers have already sent in their reservation fees, including Jim Runge of Post 318 here in Eldorado. Jim is a freshman this fall at A&M College.

Scoutmaster J. T. Henderson of Troop 1, San Angelo, and Scouter Phillip Robbins of Fort Stockton will be the two adult leaders and a maximum of 20 boys can make the trip. The group will leave for northern Minnesota next July 14 and return July 31. The total cost per boy is \$165.

April 20, 1963, has been announced as date for the Council Circus which will be sponsored by the Concho Valley Council of the Boy Scouts of America. The event will be held in the Coliseum and Robert F. Mayer will be general chairman. Full information will be sent to Cubmasters, Scoutmasters, and Explorer Advisors in the near future.

Mrs. Roy Shilling of Del Rio has been a recent guest of her sister, Mrs. Harry Mercer.

Mr. and Mrs. John Masey and son of Odessa visited with Mr. and Mrs. George Williams recently.

## Post Script

A number of Eldoradoans were in Sonora Friday night and witnessed the hard-fought game between Sonora and Big Lake, in which Sonora suffered its second defeat of the season. The final score was close—13 to 14.

Big Lake's triple threat is full-back Tommy Franklin who weighs 215 pounds and is fast on his feet. However the average weights of the starting lineups gives a different story. Sonora's average weight was 168 and Big Lake's 160.

Eldorado's closing game of the season will be with Big Lake when they come here on Nov. 16. No doubt the Eagles will have a special strategy mapped out by then for their boy Franklin—we hope.

Tomorrow is open date for the Eldorado Eagles, and Ozona plays Sonora at Sonora. Last Friday Ozona lost to Rocksprings 6 to 0. Big Lake is playing Coahoma tomorrow night at Big Lake.

With tomorrow being the Eagles' open date, the coaches will be scouting some games and the team members will attend games over the area.

With our subscribers: Mr. and Mrs. Henry Mittel, Jr., are again subscribing to the Success. They now live at 528 N. Daisy, Lompoc, California.

More new '63 cars are being shown this week end.

Today, Thursday, the new Oldsmobile is being shown at Eagle Chevrolet-Olds.

Tomorrow, Friday, is showing day for the new Rambler at Earl Parker Motors.

Morris Whitten bought the first '63 Chevrolet from Eagle Chevrolet Olds, and Walter Pope bought the first of the new Fords, George Humphrey reported.

If you are going to be in the market for a new car this coming year, the local dealers invite you to check with them first.

Fire Chief Palmer West asks us to remind our readers that next week is Fire Prevention Week throughout the State of Texas.

Of course in one sense every week is Fire Prevention Week, but this is one week when the matter is emphasized and you are urged to check your property for anything that might develop into a fire hazard later on.

West also had a visiting fireman here yesterday. He was W. E. Zorn of Del Rio, president of the State Firemen's Association. Mr. Zorn had been attending a meeting at Mineral Wells and stopped in Eldorado on his way home.

West Texas Utilities announces that they are holding open house Monday from 2 to 5 p. m., and that you are invited to drop around for coffee and cookies.

The "Thing" which cost about as much as a new 2-bedroom house, has arrived at the First National Bank and is on display in the lobby. But it is not in operation yet—probably waiting for a man from the company to come rig it up.

What is it? Raymond Hall says it is called a "proof machine."

It consists of three units, finished in a pretty grey color; it has lots of keys on it, and it is made by Burroughs, the adding machine company. Its purpose is to speed up bookkeeping and eliminate errors. I didn't ask 'em how its works because I wouldn't understand it anyhow.

You ought to go in and see it.

Mikel Jurecek, outstanding player on last year's Eagle squad, and now a freshman at Baylor, has been elected captain of the Baylor freshman team, according to word received here yesterday.

Building going on: Mrs. Sallie McLaughlin is having the Edmiston home place in Glendale extensively renovated. The interior is being remodeled with partitions relocated and new carpeting to be laid throughout.

Howard Faulk was low bidder on laying of a new tile floor in the county court room. He started work on the job Tuesday after the fall term of District Court was held Monday.

Marion Dacy is putting finishing touches on the new room at the rear of the Eldorado Success

## Eldorado Draws A Tie At Menard

By PEYTON CAIN

The Eagles and the Yellowjackets racked up a 6-6 tie football game September 28, in a bruising contest which saw Menard fade in the last half and the Eagles grow steadily stronger but not quite fast enough. The Yellowjackets were overjoyed with their tie game.

Eldorado Captains John McGregor, Dennis Jurecek, and Lynn Meador found a "no rest area" when they trotted out on the Menard Field. Rather, they suffered a regular "Banzai" attack which saw them overrun in the second quarter when Menard's Gary Seat capitalized on his running mate Wayne Pope's fine punt return and crossed the Eagle goal line. The attempted kick went high, wobbly, and very wide.

Then the Eagles rallied and drove back in the third quarter to score. It came about when Captain John McGregor dropped back near his own goal line to punt on 4th down. The snap back was high and McGregor had to run back to recover it. He did not have time to kick so he took advantage of Menard's eagerness and calmly ran the ball back some 40 yards for a first down.

The shaken Yellowjackets could not pull themselves back together and after another first down, the Eagles started left but gave the ball to Lynn Meador thru right tackle. McGregor, along with Geo. Draper and Bill Lester, smashed would-be tacklers out of the way to give Meador a breath of running room, and he outraced the Yellow-jacket pursuit some 30 yards to

the southeast corner of the field and the Eagles' touchdown.

McGregor's gifted toe failed its crucial test at this point but there were extenuating circumstances. A big, burly Menard line shook Bobby Halbert so that his long 12-yard snapback was slightly off course. This in turn caused ball holder Tip Finley some delay and a slight uncertainty. Too often forgotten is this three-man relationship and the extremely small margin for error. Still the kick was close.

Statistics show how fired-up the Yellowjackets were. They racked up 14 first downs to the Eagles' 11, which includes 154 yards to Eldorado's 91 yards rushing. Total yardage gave Eldorado 177 yards to Menard's 172. But the Eagles garnered 86 yards via forward passes to Menard's 18. The Eagles

completed 7 of 17 passes to Menard's one for 9 attempts. Eldorado's Corky Hodges intercepted one Menard toss, while Menard intercepted two of Eldorado's missiles. Eldorado lost one fumble but captured two of Menard's boggles. Eldorado's punt average for five tries was 36 yards while Menard had to be content with 26 yards for the same number of tries.

Over all description of the game shows that the Eagles gathered themselves together and began systematically exhausting the Yellowjackets' fired up energy and enthusiasm. The first half saw Captain Dennis Jurecek and his "stonewall squad" absorb a terrific battering. They scotched the between-tackle raids quite handsly, being able to gain consistently only off tackle and by going wide to capitalize on the speed Pope and Seat were gifted with. But the Yellowjackets lost much of their punch in the last half under the violent and increasingly bitter resistance Jurecek and associates provided. For instance, Ellis Loden and Clyde Thackerson from their tackle slots on defense collected 16 tackles each, principally Wayne Pope-Gary Seat dashes. Bobby Halbert labbed 16 as an outside line backer. Larry Blair and John McGregor were credited with nine stops each. Other Eagles posted the following number of stops: Mack McAngus, 8; Jurecek and Hodges, 7 each; Ballew, 5; Meador, 3; Mackey and Draper, 2 each; and Williams and Lester, 1 each. Usually the smaller number of tackles means that this lad was principally occupied with offensive chores.

Bright spots in the game included McGregor's sparkling recovery and run back from near disaster, Meador's flashing touchdown and run back of a punt some 50 yards until he was run out of bounds, George Draper's authoritative stop on the opening kickoff of Seat's return. And it was a source of pride that the Eagles showed to be in better condition gaining in strength as the game progressed while the Yellowjackets steadily became weaker, grasping at time outs and the water boy at every opportunity like the boxer who desperately hopes to last out the bout resting dazedly between the rounds.

The fact that the Eagles did not panic and maintained their rock-ribbed team unity in the face of adversity should also be a source of pride to fans and coaches.

Some rules interpretations mystified Schleicher fans and players alike such as repeated tackles of would be Eagle pass receivers a considerable period of time before the ball arrived.

All in all, hundreds of millions of words have been written about the why of football games. The Eagles richly deserve the recess they will have this week end before beginning the last half of the season. When smaller, younger lads demonstrate team unity, determination, and cool headedness when the going is rough, they have earned the complete respect and affection of their community.

## New Babies

A daughter was born Sept. 22 to Mr. and Mrs. Norman N. Bonnett of 1519 Academy Drive in Austin. Mrs. Bonnett is the former Barbara Faught. The baby weighed 6 lbs. 3 1/2 oz. and has been named Sherri Ann.

This is the first grandchild for Mr. and Mrs. R. T. (Bob) Faught of Eldorado. Other grandparents are Mr. and Mrs. Bonnett of Austin and Mrs. Ruby Damron is a great grandmother.

The Faughts and Mrs. Damron visited the Bonnetts in Austin recently. The Faughts have returned home while Mrs. Damron remained for a longer visit.

A daughter was born Thursday, September 27, in the Sonora hospital to Mr. and Mrs. Hal Whitten. The baby weighed 7 lbs. 9 oz. at birth and has been named Martha Jo.

Grandparents are Mr. and Mrs. Joe E. Weddle of San Angelo and Mr. and Mrs. Lewis Whitten of Eldorado. Great grandparents are Mr. and Mrs. Sam E. Jones Sr. of Eldorado.

## Twirlers, Drum Major Add Much To Football Games This Fall

SHOWN HERE are this year's high school twirlers: Terry Phelps, Jane Sanders, and Lois Menees; and Paula Mace, drum major. —Staff Photo

## LIONS CLUB HAS WILDLIFE PROGRAM

W. G. Godwin brought the program at the meeting yesterday of the Eldorado Lions club. He discussed the upcoming hunting season and how it was tied in with wildlife conservation.

A color film, "Outlaw of Cameron County," which was in color and depicted hunting in South Texas, was shown, with L. D. Mund as projectionist.

C. J. Hahn presided and in the business session Peyton Cain was voted in as a new member.

Secretary Bill Rountree read a note from School Supt. A. M. Whitis thanking the Lions club for the recent ladies' night honoring the faculty.

Other guests present included Richard Selman and A. E. Prugel of Sonora, Roy Jerrell and Bill Denton who are conducting a revival at the First Baptist church, Kent Elliott of San Angelo, and Bob Bradley and L. L. Watson.

## BROWNIES MEET

Brownie Troop 45 met Wednesday, Oct. 3. Pres. Mary S. Day called the meeting to order. The vice president, Jean Rountree, called the roll. Sec. Kathy Rutledge read the minutes, and Treasurer Kathy Beth Henberg collected the dues.

Sunshine reporter for the week was Teresa Alexander. For fun we went on a hike. Hostess was Teresa Alexander.—Rep. Sheela Redwine.

## TAX STATEMENTS OUT

Statements for the current year's taxes have been sent out by Sheriff Orval Edmiston's office, Mrs. Creola Phelps' school tax office, and the city office. All report good collections under way with the full 3 per cent discount being allowed for payment in October.

building. The tile extension will eventually provide a new press room.

## SMALL COTTON CROP COMING IN SLOWLY

At the close of business on Tuesday night Mikeska Gin in Eldorado had processed a total of 291 bales of this year's cotton crop. Good harvesting weather has prevailed for some time, but still there is no rush at the local gin. About 20 bales a day is the rate the crop is coming in.

Predictions on this year's crop range all the way from 2,000 to 3,000 bales—the latter being the most optimistic estimate. Mr. Mikeska's opinion is that when the 2,000 figure is reached there will not be much left except some "bollies."

He also reports that very little of the cotton coming in is hand-picked. Most of the farmers are stripping.

Mrs. Helen Beach came in last week from Downing, California. She is the mother of Russell Beach who now lives with his family at Sebastopol, Cal., and formerly taught in the Eldorado schools.

## News Of The Sick

Billy Van Dusen returned from Shannon hospital Tuesday after undergoing knee surgery last Friday morning.

Buster Gunn is recovering nicely at the Shannon hospital and will be home in a few days.

Herbert Murray, brother-in-law of Mrs. W. A. Van Dusen, is still critically ill at the Veterans Hospital in Houston. Mrs. Van Dusen returned home Monday night after spending several days at his bedside. Mr. Murray's home is in Corpus Christi.

Mrs. Truett Stanford was in Eldorado last week end after being with her mother, Mrs. A. E. Kent, who had undergone eye surgery in Santa Rosa hospital in San Antonio.

## Eaglets Pop Sonora 40-0

Pat Childers scored three touchdowns and led a stout defense to crush Sonora 40-0 last Thursday night.

Childers opened the scoring early in the second period with a 30-yard sprint down the sideline. Childers also scored the second T. D. and Roy Davidson carried over the extra point on a reverse to make the score 14-0 at halftime.

Troy Thackerson scored two T. D.'s in the second half on long passes from Quarterback Danny Halbert. Pat Childers scored on a point return and Roy Davidson scored on a reverse. Danny Halbert scored an extra point to round out the scoring.

Sonora did not mount a serious scoring threat all night as the Eagles played a stout game on defense.

Today, Thursday, the Eagles go to Ozona for a game at 5:30, followed by a "B" game at 7:00.

## Ten New Vehicles For September

During September, 10 new vehicles were registered in the sheriff's office:

R. W. Reynolds, '62 Ford 4-door; Jack Halbert, Jr., '62 Ford pick-up;

Mrs. Hattie Stanford, '62 Ford 4-door;

Lynn Griffin, '62 Ford pick-up; L. L. Watson, Christoval, '62 Chev. 4-door;

E. H. Jessup, Dryden, '62 Chev. pick-up;

Wade Choate, San Angelo, '62 Olds 4-door;

Frank Newman & Son, '62 Chev. pick-up;

Mrs. E. L. Carlsman, '62 Rambler 4-door;

F. H. French, Sonora, '62 Rambler 4-door station wagon.

Ballard (Bill) Banta was a business visitor in Eldorado last Monday. He stated that the family are happily situated in their new home at Levelland.

By Dayton Kelley  
Mary Hardin-Baylor College  
Belton, Texas

Folks around Waxahachie are still looking for the Yankee spy who blew up the old Confederate powder mill on April 29, 1863. The owner, William Rowen who had set up the mill the previous year, and an employee, Joshua G. Phillips, were killed.

Of course, there's no actual proof that a spy did it, but the story goes that a stranger was seen around town prior to the explosion and when it was over, there was no trace of him.

The incident was brought up anew a few years ago when the basement was being scooped out for the First Baptist church and the contractor uncovered the foundations of the old building that housed the mill. The state had erected a marker near the site in 1936 which located the mill "210 feet north of 36 degrees east" of the marker's location. When the old foundations were uncovered, state historians went up to Waxahachie and verified the location again.

Actually Waxahachie was not much of a town in the 1860's. The townsite had been laid out in 1861 even though the county was organized in 1850 and named for Richard Ellis, a delegate to the 1836 convention which declared Texas independence.

It was near Waxahachie at a place called Rockett's Spring that the famed Parson's Cavalry Brigade was formed on September 11, 1861 by authority of Governor Edward Clark. The Brigade was officially known as the 12th Texas Cavalry but bore the name of its best-known commander, Col. William H. Parsons. The unit served in Louisiana and Arkansas.

The history of Parson's Brigade is contained in a little book in the Sims Library at Waxahachie entitled "A Brief and Condensed History of Parson's Texas Cavalry Brigade," published in 1892 by a local printer, J. M. Flemister. Long out of print, the booklet relates that several hundred people were on hand for the organization of the 10-company cavalry brigade. Among officers elected were John W. Mullens, Lt. Col.; E. W. Rogers, major; John Hogan, surgeon; Dr. Embree, asst. surgeon; T. G. A. Willis, quartermaster; Frank Ayres, commissary; Andrew Bell Burleson, adjutant; and Rev. J. Fred Cox, chaplain.

Perhaps the thing that interested us most about the history was the fact that Lt. B. F. Holder, whose "Manual of Instruction for the Volunteers and Militia of the United States Army" we now own, is listed in the roster for B. Company of Parson's Brigade. The manual, written by Major William H. Bilham and published just prior to the outbreak of the War, was used by both the North and South. Lieutenant Holder, a native of Freestone County, inscribed his name and unit in front of the manual on October 24, 1862, but referred to the unit as a regiment of Dragoons rather than a brigade of cavalry.

In spite of the record made by the men from Ellis and surrounding counties as members of Colonel

Parson's Brigade, probably the best-known event in wartime Waxahachie was the funeral held for Gen. Ben McCulloch who was killed at the Battle of Pea Ridge in Arkansas. The general's mother, Mrs. Frances F. LeNoir McCulloch, lived in Waxahachie at the time and the funeral was held in the old Methodist church. The body of General McCulloch was taken on to Austin later that same week where he was buried in the state cemetery.

Mrs. McCulloch continued to make her home in Waxahachie until her death in 1866. She, too, is buried in the state cemetery at Austin.

Recommended Reading For This Week: Clarence Poe, for 50 years editor and publisher of The Progressive Farmer, has collected and edited for the University of North Carolina Press "True Tales of the South at War," a book that should be in the library of every Southerner. Here is a masterful handling of the stories handed down among members of the old Southern families and now put into print for the first time.

The University of South Carolina Press, not to be outdone by her neighbor, has published "A Rebel Came Home," the diary of Floride Clemson who was a granddaughter of John C. Calhoun and a true daughter of Dixie. Edited by Charles M. McGee, Jr. and Ernest M. Lander, Jr., this is the account of Miss Clemson's adventures in Northern territory and how she came home right in the middle of the War.

Two biographies from University publishers that readers will find informative and entertaining are "Richard Keith Call, Southern Unionist," published by the University of Florida Press and written by Herbert J. Doherty, Jr., and "The Life of Jonathan Baldwin Turner" published by the University of Illinois Press. The latter is a reprint of the 1911 volume by Turner's daughter.

Of general interest for its first-hand accounts, is "Crucial Moments of the Civil War," edited by Brig. Gen. Willard Webb and published by Fountainhead Publishers, Inc.

**SALE OF ANNUALS UNDER WAY**

Oct. 1 marked the beginning of the sale of the Talon annual for the 1962-63 school year. Those who want the year book must subscribe with a down payment of \$2.30 by Tuesday, Oct. 16, or they may pay the total of \$4.59.

The second payment of \$2.30 will be in March '63. Miss Jewel Shelton is sponsor of the Talon.

"The Talon" staff is at work, and the class pictures, faculty, and football pictures have already been made.

In December, all club and organization pictures will be made; also the basketball pictures will be made at that time.

Betty Humphries and Patricia Rogers will lead the staff. Dennis Jurecek, Bill Lester, and Henson Garvin are the boys on the staff. Eileen Kent, Mary Lynn McGinnes, Alice Dyer, Kay Peters, and Kaye Harkey complete the 10-member staff. They meet at 4:05 each Thursday.

**\$152 Million Available For Rural Housing Loans**

An additional \$152 million has been made available for rural housing loans, Secretary of Agriculture Orville L. Freeman announced recently.

The action makes a total of \$182 million available through the Farmers Home Administration for this type of credit during fiscal 1963. The funds come from the \$430 million authorized by the Housing Act of 1961, to be expended within a four-year period. Approximately \$95 million was obligated during fiscal 1962.

"These funds will help 20,000 rural families who do not now have adequate housing to obtain credit to finance a new home or improve the home they already own," Secretary Freeman said.

"The rural housing program is also a driving force in rural areas development. The construction carried on with the funds provides work for local carpenters, masons, plumbers and electricians and steps up the sales of building supply dealers and other merchants in small rural communities. The wages received by the workmen and the profits retained by the businessmen are in turn circulated through local trade channels, invested in local enterprises. The effect of the housing dollar is multiplied many times before its force is diminished," the Secretary

**'63 Oldsmobiles Being Shown Today At Eagle Chevrolet-Olds**

TOP—This is the 1963 Starfire, Oldsmobile's full-size sports car. With its crisp, youthful styling theme, fresh new roofline and concave rear window, the Starfire is further identified by the tailored aluminum band along the sides. It has its own grille. Bucket seats, center console, Hydra-Matic transmission, power brakes and power steering are standard equipment. Produced in both coupe and convertible models, the Starfire is powered by Oldsmobile's ultra-high compression 345 horsepower Starfire engine equipped with dual exhausts.

BOTTOM—A complete styling change including a fresh new roofline gives the 1963 Oldsmobile Super 88 Holiday Sedan a sheer new look. Interiors in this series are more impressive with greater emphasis on luxury in fabrics and appointments. Door armrests are set in brushed aluminum panels and the Holiday Sedan is equipped with a center rear seat armrest. All Super 88 models feature greater series identification in exterior appearance. For example, wheel openings are tastefully outlined by stainless steel moldings. Powering all Super 88 models is Oldsmobile's 330 horsepower Skyrocket engine.

stated. Under the Rural Housing Program the Farmers Home Administration has made in Texas over 2,700 loans for over \$20,440,000. There have been no losses on these loans. As of December 31, 1961, these borrowers had paid over \$5,966,000 on principal and \$2,879,000 on interest, which leaves only about \$14,474,000 owed on principal; 665 of these borrowers have already paid their loans in full ahead of their maturities.

**MARGC MITTEL IS ELECTED SOCIAL CLUB VICE-PRESIDENT**

Waco.—Margo Ann Mittel, Baylor University senior, was recently elected vice-president of Delta Alpha Pi, women's social club.

Miss Mittel, daughter of Mr. and Mrs. Arch Mittel of Schleicher county, is a home economics major. She is a member of Tri-D, Home Economics Club, and Baylor Rodeo Club.

She was a 1959 graduate of Eldorado High school.

Mrs. Van McCormick is in Midland this week visiting her son, Len G. McCormick.

**THE FIRST NATIONAL BANK**

Eldorado, Texas

On The Screen . . .

**'Bon Voyage' Provides Good Entertainment**

Probably no one, not even producer Walt Disney, would make any claims of greatness for "Bon Voyage," the delightful bit of zaniness that is scheduled for showing Sunday and Monday nights at the Eagle Drive-In Theatre here in Eldorado. It is in Technicolor and stars Fred MacMurray.

The story concerns the adventures of a Terre Haute, Indiana, plumbing contractor and his family on a long-anticipated vacation trip to Paris. Just about every cliché imaginable involving the hick behavior of American tourists abroad has been worked into the action. And the outcome of almost every situation can be accurately predicted long before the sequence has run its course on the screen.

What then, is the secret of this film which has found such a delightful response at box offices at theaters around the country?

Perhaps Disney himself has the answer when he says that there is a large audience that is looking for and wants entertainment from motion pictures.

Disney has never gone in for movies with "message" or "problem" themes—his name probably always will be identified with family screen entertainment.

But other producers, on the theory that movie audiences had "grown up" and wanted films built on so-called adult ideas, a few years ago began turning out films in considerable numbers which found their underlying motivations in crime, sex, violence and the like.

These films, with this disturbing conflict about the sordidness of life, could never be classed as real entertainment. They are shocking to the viewer and they do depict a certain kind of realism—the ugly kind. Many of them are excellently done, with top technical qualities and acting at the highest level, but too often they create a feeling of dirtiness and they certainly do not result in the "good feeling" that Disney wants his audiences to have.

**Ben Hext Re-Elected Supervisor Of Zone 4**

Ben Hext, supervisor Zone 4 of the Eldorado-Divide Soil Conservation District, was re-elected to serve an additional five year term at a meeting of landowners held at the Ben Hext farm, Tuesday, October 8.

Ben has represented this zone as a district supervisor for the past 10 years. During these years Ben has done a very good job representing his zone as supervisor. His interest in the land for our use today as well as for generations to come is the thing that helps to make a good supervisor. It takes a lot of a man's time with very little, if any, monetary compensation to be a supervisor.

During past years Ben has taken a lot of his time traveling all over the state attending meetings of Soil Conservation District supervisors. At these meetings supervisors learn what other districts are doing about soil, water, and plant conservation.

Prior to the election a program on game management and conservation was given along with pointing out the potential game production of Schleicher county.

Landowners and their wives of zone 4 present for the election included Mr. and Mrs. Oliver Teele, Mr. and Mrs. Peyton Cain, Mr. and Mrs. A. J. Stevens, C. N. Shaw, Mr. and Mrs. Ben Hext, and Bob Faught.

Others present included J. Forrest Runge, chairman of the local board of supervisors and his wife; B. E. Moore, vice chairman of the board and his wife; W. G. Godwin, county agent; Bill Works, Schleicher county game conservationist; and Wm. M. Rountree, soil conservationist.

Following the program and prior to the election, coffee and cake was served to the group by Mr. and Mrs. Hext.

Mrs. F. M. Bradley went to Bishop Sunday for an indefinite visit with Mr. and Mrs. Sherwood Barker and little daughter, Jamie Lyn. Mrs. Barker is doing practice teaching in the Bishop schools.

J. Forrest Runge ..... Chairman of Supervisors

The leveling of approximately 12 acres of irrigated land is being done on W. T. (Pete) and Glenn Parker's farm, 11 miles southwest of Eldorado. The work was begun Monday of last week and will probably be completed this week. Work was stopped from Tuesday of last week until Tuesday of this week due to the rain.

The purpose of the land leveling is to alter to a planned grade the topography of the land in such a manner to obtain efficient use of irrigation water and to make efficient use of rainfall, prevent erosion, and facilitate proper soil and water management.

The leveling being done on the Parkers' farm is known as Bench Leveling or Level Borders. In this method the land is leveled between borders that are constructed to approximately 12 inches high to hold the water in each individual bench area. The benches are parallel with the fall from the upper side of each bench to the lower side being not more than 0.10 of

a foot. This eliminates the side movement of water whereby the water can be applied at an even depth across the entire border width. The width used is determined by soil, topography of field, water supply, and farming equipment. The grade along the length of the benches is determined by the planned method of water application and crops to be grown.

The land being leveled will be sprigged to Coastal Bermuda grass next spring. Underground irrigation pipeline was completed under the Great Plains Conservation Program last month, on the field being leveled.

The Parkers are being assisted by technicians of the Soil Conservation Service in laying out and checking the field being bench leveled. Cost share is being received from the Agricultural Conservation Program to do the irrigation land leveling.

The irrigation land leveling and underground irrigation pipeline are a part of Parkers' soil, water,

and plant conservation plan. These practices along with the other planned practices are to treat each acre of agricultural land in accordance with its needs for protection and improvement.

**NEW BADGE FOR RANGERS**

Austin—Col. Homer Garrison Jr., director of the Texas Department of Public Safety, announced recently that the Texas Rangers are going back to the tradition-steeped Mexican silver badge worn by their predecessors in frontier days.

Garrison said the new official Ranger badge, issued to each of the 62 members of the force, is a replica of the badge which old-time Rangers carved out of Mexican silver pieces when Texas became a state and their duties changed from military to law enforcement.

The history of the Rangers dates back to 1823 when Stephen F. Austin hired a contingent of 10 men to "range" over a wide area to protect his colonists from the Indians. Since that time, the force has been synonymous with the suppression of lawlessness and crime—first the Indians, then the bandits and cattle rustlers, then the outlaws of the early 20th century and finally the modern-day criminals.

Mrs. Leola Cartwright of Wabash Indiana, who has been attending a church convention in California, is expected here tomorrow evening for a visit at the home of her mother, Mrs. Otto Sauer. She will be accompanied by her sister, Cora DeLongue of San Antonio. A Sunday family gathering is scheduled at the Sauer home in Reynolds community. Among others from out of town expected are Mr. and Mrs. William Sauer and children of Van Horn.

Mr. and Mrs. Bruce Burton visited Mrs. Burton's mother, Mrs. Ada Pennington and other relatives in Lufkin last week end.

### In Those Days

Compiled From Success Files

#### ONE YEAR AGO

Oct. 5, 1961—Office quarters were being prepared in the Bob Page building for Dr. Robert A. Sunler, dentist.

A reorganizational meeting of the Boy Scout troop was set, with Jack Mills to be Scoutmaster.

Mrs. V. G. Tisdale announced plans to build a new brick house in Sunset Acres.

Joyce Durst and Walter Ray Donaldson were married in Baytown Sept. 29th. Cynthia Anne Baker became the bride of Duwain Sauer, Sept. 30th in Fort Worth.

#### FIVE YEARS AGO

Oct. 3, 1957—Edwin Jackson was to head a Religion In American Life campaign on the local level, to promote church attendance.

Funeral services were held for W. C. (Shorty) Doyle, long-time barber.

Dick Preston received the Good Citizen award from the Lions club.

W. H. Hale was chairman of a fund drive getting under way for the Concho Valley Council of the Boy Scouts of America.

Kaye Harkey was honored on her 10th birthday.

Freddie Henderson opened a beauty shop in the Finnigan building.

#### 12 YEARS AGO

Oct. 5, 1950—Roy Phelps and Wayne Griffin were enrolled as new members of the Lions club.

Olge Halbert, Junior Williams, and William Spurgers were inducted into the Army and assigned to Fort Sill, Okla.

Mr. and Mrs. Paul Phillips bought the ice house from Howard McDaniel.

The Eaglets, Jr. High football team, were to meet Mason here in their first game of the season.

Probable starters were listed as Jim Steward, Bill Gaynor, Maurice Valis, Clyde Bauguess, Herman Carroll, Ronnie Mittel, Kenneth Love, Jerry Pennington, Tony Kerr Harold Rutland, Bernay Sheffield, and Harold Lloyd.

With Rev. Roy B. Shilling officiating, Jonnie Lee Dickens became the bride of John Lee Barrows, and they were planning to make their home in San Angelo.

The Dramatic club under direction of Mrs. Gary was to present a melodrama, "Curse You, Jack Dalton." The cast included Ebba Jean Blaylock, Roger Sofge, Rita Ann Elder, Sue Shilling, Derl Griffin, Betty Doyle, and Durward Rutland.

Miss Jerry Blaylock enrolled in the nurse's training program at Baylor.

#### 35 YEARS AGO

Oct. 7, 1927—Chevrolet dealers started their second annual turkey bean contest October 1st, according to an announcement received by the Success from J. E. Grimm, Jr., advertising manager of Chevrolet.

L. T. Wilson was exhibiting a large yellow catfish this week that he and D. C. Hill had landed the day before on the Llano river.

A group of high school girls have organized a Glee Club, with Maude Kent as president, Fenna Jones as vice president, and Marie Stanford secretary.

Baker-Hemphill Co. in San Angelo advertises the addition of Miss Lilli Barr as personal shopper for the convenience of out-of-town customers.

Tuesday afternoon Reuben Dickens and Miss Annie Neill motored to San Angelo and were married by the Rev. Gaston Hartsfield, pastor of the First Methodist church there.

Dr. and Mrs. Newsom are visiting in Coleman.

Tom Mather and wife and little daughter Rose returned from New York this week and are now on the Mather ranch.

### County Extension News

W. G. Godwin, Co. Agent

A new slogan, "Expansion Through Management," may replace the old adage, "It takes money to make money."

Certainly money will continue to be a requirement for rapid expansion by purchase of more land, livestock and equipment.

But for the ranch operator who is interested in somewhat slower but equally certain expansion, he can achieve many of his goals with no outlay of cash money.

Any ranchman, regardless of size of his operation, can expand his production by using proven practices for range and livestock improvement and management.

The most significant results from "Expansion Through Management" are achieved when an over-all program is planned that includes the following areas of interest and improvement:

- 1. Improved range and pasture conditions.
- 2. Improved livestock quality.
- 3. Improved marketing methods.
- 4. Improved business management.

Within these four fields lie the most vital areas, without spending any cash money but still being able to meet the changing economic challenge of today and tomorrow is the answer, management.

A good leader is one who is willing to take more of the blame and less of the credit.

Disease is noted on approximately 35 per cent of all lawn plants, shrubbery, and trees, especially pecans in the town. An accurate diagnosis is essential in planning a preventive program.

Aid in diagnosing the disease may be obtained by consulting the agent's office for correct control of a disease. Should we be unable to diagnose the disease it will be sent to diagnostic laboratories operated by A&M College within the state.

The possibilities for a successful hunting season with more deer and turkey than in previous years is the report of Bill Works, game warden in the county. His judgment is based upon census lines where deer were counted in all parts of the county.

Bill also noted that 70 per cent of all does still have twins by their sides, a big boost for the screw-worm program. Ninety per cent of all does have twins, but due to the largest killer, the screwworm, and other factors, seldom raise more than one fawn. This looks like the first year that the deer population could double in a short time.

Your county authorities and the fish and wildlife biologists have wisely with the consent of the ranchers established regulatory game authority, for the year 1962, to continue as long as ranchers should desire to have the say over their game.

Leading this progressive step has been Patton Enochs, chairman of the Conservation of Natural Resources committee, assisted by able members, Howard Derrick, J. H. Mace, Billy Frank Meador, Sam Henderson, John Powell, Perry Mittel and Richard Jones.

The able Commissioners Court and Judge Bearce saw to its approval after authorized by the Game and Fish Commission and put in statute books at Austin by legislation.

The approved proclamation for hunters carries a bonus for hunters for 1962 as passed by recommendation of the local county court as approved by the Fish and Game Commission.

One buck and two does, or two bucks and one doe.

A taxpayer is a person who does not have to pass a Civil Service examination to work for the government.

### Student Council Meeting Held At Big Lake

Fourteen members of the Eldorado High school Student Council and their two sponsors attended the meeting of the West Texas Forum of Student Councils in Big Lake Saturday.

Those attending were: John McGregor, George Draper, Betty Humphries, Jan Davis, Beep Cain, Terry Phelps, Alice Dyer, Lynn Meador, Christy Moore, Mike McCarvey, Toya Finley, Gary Don Donelson, Gordon Schrank, Rusty Meador, Miss Dana Owens and Frank Kemble, Jr.

The meeting started with registration in the foyer of the auditorium. The general session started at 9:30. Linda Livingston, president of Reagan County High school Student Council, introduced the Harmonizing Heflins who provided the entertainment. The invocation was given by Billy DeArmon, vice-president of the Reagan council.

Reagan County High School's principal, Mr. Robert Magruder, gave the welcome. The response was given by Central High school of San Angelo. The speaker for the day was Melvin T. Munn of Pampa. His subject was "For Peace and Progress Seek Individual Excellence." After Mr. Munn's speech, John McGregor, president of the West Texas Forum, gave some announcements.

At this time everyone went to a discussion group for an hour. The discussion groups and the school leading them were:

- 1. What are the powers, duties, and responsibilities of the student council? Iraan High school.
- 2. How may the student council encourage more participation in student activities? Ozona High.
- 3. How can the student council encourage students to stay in school? Central High, San Angelo.
- 4. What part should the student council play in the orientation of new students? Kermit High.
- 5. Common errors of the student council. Sonora High.
- 6. How can the student council be of more help to the high school? Big Spring High.
- 7. How can the student council improve sportsmanship in inter-school relations, especially in athletic contests? Colorado City High.
- 8. Sponsors meeting. Mr. Frank Kemble.
- 9. After the discussion groups were dismissed, lunch was served in the school cafeteria. During the noon hour there was dancing in the band hall.
- 10. The second general session began at 1:00. Reports from the morning discussion groups were given.
- 11. Following the second general session was the business session with John McGregor of Eldorado presiding. The minutes of the last meeting were read, and the roll was called. The meeting was then adjourned.

## Outstanding Features Included in New '63 Olds

Following last Friday's successful showing of the 1963 Chevrolet, Eagle Chevrolet-Olds is showing the '63 Oldsmobiles today, Thursday, in their showroom here in Eldorado. J. D. Huckaby and Paul Page invite the public to come in and see them.

Oldsmobile has designed its 1963 models for broader appeal through fresh, youthful styling, stronger model identification, many improvements for customer comfort and important engineering advances. These advances include a new adjustable tilt-type steering wheel and—another first for Oldsmobile—an exclusive positive crankcase ventilation system.

Jack R. Wolfram, Oldsmobile's general manager and a vice president of General Motors, announced that the 1963 Oldsmobiles are being shown publicly at dealer showrooms across the nation today, Thursday, October 4.

"To meet the varied wants and needs of today's individual buyers," Wolfram said, "Oldsmobile is offering 26 highly distinctive models for 1963, ranging from the crisply designed, longer-looking F-85 to the most elegant 98's we've ever built.

"Styling distinctiveness, impressively apparent in each 1963 Oldsmobile series," Wolfram continued, "has been gained through sweeping changes in body and sheet metal, individualized grilles, rear quarter surfaces and tail lamps, bright metal accent trim and contemporary roof and upper structure design. New rooflines have been designed for the Dynamic and Super 88 Holiday Sedans and for the Starfire. Two new 98 models have been added."

In describing Oldsmobile's full-size cars, Wolfram said that they are styled with long, sleek lines, incorporating special characteristics for each series.

"In addition to the totally new and appealing exterior styling of the Dynamic 88," he added, "interiors are richer and more tastefully appointed.

"The Super 88," he said, "is more glamorous than ever with new luxury trim and fabrics inside and distinctive accent moldings outside. As an example, the edges of wheel openings and rocker panel in the 1963 Super 88 are outlined in stainless steel."

### The Compact F-85 Olds

All eight F-85 models for 1963 have been styled specifically to give them more the look of an Oldsmobile, immediately identifiable as members of the Oldsmobile product family, it was announced by J. F. Wolfram.

"The more impressive look of this car," Wolfram said, "has been achieved by a styling theme of crisp, horizontal lines. Actual overall length of the F-85 has been increased by only four inches, and the maneuverability of its 112-inch wheelbase has been retained."

Wolfram said that the public will see the 1963 F-85's when they are displayed at dealer showrooms across the nation today, October 4.

"Our customers will also find numerous mechanical improvements in the new F-85's for economy of maintenance, increased passenger comfort and safety, better handling and for smoother and quieter operation," he added.

"The Hydra-Matic transmission, for example," Wolfram said, "is much smoother, comparable to the transmission on the full-sized Oldsmobile 88's and 98's. New techniques in automatic shift controls, both in the throttle control and in the transmission itself are incorporated in the 1963 F-85's specially designed Hydra-Matic."

Our  
**WASHINGTON**  
Letter

By Congressman  
**O. C. FISHER**

When the House recently adopted an amendment to the foreign aid bill prohibiting any of the funds to be used to benefit any country which permitted one of its ships to be used to transport any form of goods to Krushchev's Cuba, the amendment was ridiculed as an interference with rights of our

NATO allies. And, sure enough, the Senate proceeded to strike out the amendment.

About the same time, a dispatch from London announced: "British Government has no present plans to ask Parliament for legislation to control shipping of Soviet cargoes to Cuba in British vessels, the Foreign Office said today."

At the same time West Germany reported steps were being taken to shut off that country's shipping trade to Cuba.

While this hassle is going on, a Soviet-Castro announcement says the Russians are to build a "fishing" port at Havana. This has every appearance of a smokescreen. Normally Soviet fishing grounds in this hemisphere have been limited up of now to the North Atlantic, rarely touching the Caribbean. Most Russian trawlers are semi-military, elaborately equipped with radar and devices to keep tab on our Cape Canaveral Polaris missile launchings and other tests carried on there.

A Cuban fishing port can readily accommodate Red submarines and Red torpedo boats, thus becoming a sort of Soviet naval base. This would threaten the Panama Canal and vital inter-American shipping lanes.

This is a brazen move not only to ridicule the Monroe Doctrine but also to provide a foothold from which the Russians could launch a

war of subversion and indirect aggression against the Americas.

This threat is not limited to the U.S.A. It involves the entire free world. And this brings to mind recent words of President Kennedy: "If at any time the Communist buildup in Cuba were to endanger or interfere with our security in any way . . . then this country will do whatever must be done."

The Congress last week adopted a resolution supporting this position. It is the voice of America. It is high time that we demand that our allies line up behind us, cut out the shipping trade with Cuba, and face up to a grave menace. And the time is overdue for firm and positive action by Uncle Sam, either with the help of our allies or unilaterally. Our problem becomes more difficult by the hour.

**School Menus**

Monday, Oct. 8: Smothered hamburger patties, baked potatoes, green beans, cabbage & carrot & pineapple salad, buttered rolls, milk, canned fruit.  
 Tues., Oct. 9: Roast beef and gravy, creamed potatoes, brussels sprouts, cucumber and onion salad, buttered rolls, milk, whipped fruit jello.  
 Wed., Oct. 10: Hamburgers, lettuce and tomatoes, English pea salad, potato chips, cheese strips, milk, fruit cup and pecan squares.  
 Thurs., Oct. 11: Chicken tetrazzini, asparagus, tossed green salad, buttered rolls, milk, fruit cobbler.  
 Friday, Oct. 12: Tuna salad, French fried potatoes, blackeyed peas, carrot & apple & raisin salad, buttered rolls, milk, white cake with chocolate icing.

Mr. and Mrs. T. P. Robinson and Mr. and Mrs. Billy Frank Blaylock were in Marfa recently where they participated in the annual antelope hunt.

Mr. and Mrs. Herbert Locklear of China Spring, Texas, visited over the week end with Mr. and Mrs. Milton Faught and other relatives. Mrs. Locklear is the former Carol Jane Beckett. Sherry Oakley of Ozona was also a Sunday visitor in the Faught home.

**Rambler Warranty Extended For '63**

Detroit.—American Motors has announced that beginning with 1963 models it is extending its Rambler new-car warranty to two years or 24,000 miles, covering both the original owner and subsequent purchasers.

The '63 Ramblers are being shown Friday, tomorrow, at Earl Parker Motors here in Eldorado.

The company is continuing its exclusive lifetime warranty to the original owner on the most common costly automotive replacement—the exhaust assembly. A ceramic-coated muffler-tailpipe assembly, impervious to corrosion, has been standard on all Ramblers for the past two years.

President Roy Abernathy said that American Motors initiated the 12,000-mile or 12-month warranty with its dealers on October 1, 1959, "because of the already proved Rambler record of service excellence."

"As the company making the most substantial basic construction advances this year, we feel we are achieving the great quality improvement on which still further extension may now be undertaken," he said.

"Our new body construction methods are an additional advance in quality and durability of marked advantage to the consumer. The reduction of 30 per cent in the number of separate segments that go to make up the unit body make it tougher, more rigid and more nearly squeak & rattle free during its entire life in service.

"Not only has constant advancement been made in mechanical parts, but Rambler has been foremost in checking body corrosion," he said. He pointed out that American Motors in 1958 began submerging Rambler bodies in a rust-preventing primer.

"In addition to the industry's most thorough rust-proofing process, Ramblers in 1963 will have the further advantage of a 7-fold increase in the use of galvanized steel in critical areas of the body," Abernathy said.

Other long life features of the '63 Ramblers substantially reduce the possibility of component failure. These include permanently lubricated transmissions and rear axles; 33,000 miles or three-year chassis lubrication intervals; 4,000-mile engine oil and filter change; 25,000-mile air cleaner; service-free linkages for the steering, clutch, brake and accelerator systems; repacking of front wheel bearings extended to 25,000 miles; and 24-month guaranteed battery and Dowgard all-season coolant.

"We feel we have been successful in building a car which will outlast any warranty by many years," he said. "We intend to continue adding to Rambler's record of long trouble-free life."

American Motors' new warranty calls for repair or replacement by an authorized Rambler dealer of any part defective in workmanship or material, prior to 24,000 miles or 24 months from the date of

original purchase, whichever comes first, Abernathy said. Rambler dealers will make such a repair or replacement without charge for parts or labor, he said.

**"Come in - and have coffee and cookies with us."**

MONDAY

OCTOBER 8, 1962

2 to 5 P. M.

West Texas Utilities Company

**ANNOUNCING RAMBLER FOR '63**  
**The New Shape of Quality**

1963 Rambler Classic Six Four-Door "770" Sedan. Looks longer but isn't. Curved glass side windows. Advanced Unit Construction.

1963 Rambler Ambassador V-8 "990" Wagon. 250 HP standard, 270 HP optional. Lockable hidden compartment in rear.

Brand new for '63! Rambler American "440-H" Hardtop. 138 HP, Bucket Seats and Console standard.

**COME SEE THEM!** The most beautiful, the most exciting Ramblers ever built — the '63 Rambler Classic Six and Rambler Ambassador V-8. **New!** All-new Advanced Unit Construction, a years-ahead breakthrough in car building — foundation of the New Shape of Quality. Amazingly greater strength—unequaled door fit and weather sealing. **New!** Lower, swifter lines, yet with easier entrance. Room for six 6-footers. **New!** Quietest Ramblers ever, with vibration-free Tri-Poised Power, curved glass side windows that hush wind noise. **New!** Most service-free Ramblers, with more lubricated-for-life vital parts and 33,000-mile or 3-year chassis lubrication. **New!** Most thoroughly rustproofed cars ever, with 7 times more galvanized steel than before, Deep-Dip rust-proofing, Ceramic-Armored exhaust system.

**New!** Even easier to park. Looks longer, but isn't. Actually turns shorter for greater maneuverability and handling ease.

**New!** Twin-Slick Floor Shift with Instant Overtake, Chair-Height Reclining Bucket Seats with Console, optional.

**New!** Curved Glass Side Windows. **New!** Astonishingly easy entry because doors curve into roof. You step in gracefully.

**THE ECONOMY KING HAS BRAND-NEW ZING**

See the sports-spirited Rambler Americans for '63. The all-new Rambler American "440-H" Hardtop has Reclining Bucket Seats, Console, new 138 HP Six, standard. Double-Safety Brake System with self-adjusting brakes standard, many other service-free features. See new 1963 Rambler American sedans, wagons, convertible.

American Motors—Dedicated to Excellence

**ALL NEW! ALL BEAUTIFUL! ALL RAMBLER! ON DISPLAY TOMORROW!**

**Earl Parker Rambler, 102 Divide St., Eldorado**

# BEGINNING THIS MONTH:

Austin.—Jack Cox and John Connally crossed paths on the campaign trail in Austin . . . and they waved at each other.

Connally was talking to the County Treasurers Association convention. He stepped out on the hotel balcony to watch Cox riding in a parade put on by Youth for Cox.

Inside the hotel, Connally was urging the county treasurers to pitch in and help support the Democratic ticket, else there might be Republican candidates for county treasurer next time.

Outside, Cox was urging youngsters to pitch in and help him change Texas to a two-party state.

### Office Space

Some of the legislators who get elected on November 6 will have office space at the Capitol. But some won't.

For two years now, space formerly occupied by state agencies has been in the process of conversion to offices for the 150 members of the House of Representatives.

A few were occupied during the 1961 session. Rep. Will Smith of Beaumont, chairman of the House Rules Committee, had the chore of assigning offices, with not enough to go around.

Finally he hit upon a solution. He has 90 offices ready. So he and the Speaker-to-be, Byron Tunnell of Tyler, agreed to assign the 90 offices to the representatives who will be returning.

There are 92 incumbents, including two Republicans, in the Nov. 6 election. One is Speaker-to-be Tunnell, who not only will have an office, but also an apartment.

If all incumbents but one are elected, there will be just enough offices for each old member to have one.

The 60 or so freshmen members will have to do what all representatives have done in the past—use their desks in the House chamber as their offices.

When the John H. Reagan State Office Building is completed next year, the Board of Pardons and Paroles and the Department of Agriculture will be moved out of the Capitol, leaving space for the other 60 representatives to have private offices.

### School Prayers

Public schools in Texas are not prohibited from allowing prayers to be said or passages from the Bible to be read (as a result of the U. S. Supreme Court decision in the Engel vs. Vitale case), so long as the state or a political subdivision does not prescribe or approve the prayer or religious activity.

So said Attorney General Will Wilson in a legal opinion requested by J. W. Edgar, Texas Commissioner of Education.

### Biggest Road Project

Largest highway program ever put together in Texas was authorized by the State Highway Commission.

Covering super-highway work only, the program comes to \$287 millions worth of construction and right-of-way buying during the coming two years. It will build 1,063 miles of expressway and buy right-of-way for 188 more miles.

When the work is completed about four years from now it will double the completed mileage of interstate highways in Texas under the 90 per cent Federal and 10 per cent State program.

### Anti-Amendment Group

A statewide group opposing the most controversial of the 14 proposed Constitutional Amendments is mapping its fight in Austin, with the help of Governor Daniel.

Under fire is the amendment which would empower the Legislature to require trial de novo in appeals from decisions of administrative agencies and executive departments of the state or political subdivisions.

A statewide trend toward conservatism in state government is predicted by State Senator Charles F. Herring of Austin.

"Trend is evident," says Senator Herring, "by the election of so many new representatives with platforms that promise to take a closer look at government spending."

The veteran Austin legislator believes the public has become agitated and dissatisfied with the tendency toward more spending.

He cites the defeat of several "old-timers" in the Legislature as evidence; plus the nomination of many "new faces."

### For Polio Action

Texas Medical Association has joined with the State Department of Health in urging community-

wide oral polio vaccine programs. Both groups state that Sabin oral vaccine Type I and II are fully licensed and effective for infants and children.

More than 70 per cent of the paralytic cases in Texas through September 15 occurred among persons who had received no Salk vaccination, says the Health Department.

However, polio cases are slackening off. Only two of the five cases reported last week were paralytic.

**SHORT SNORTS** — State colleges have about 9,000 more students enrolled this fall than they did a year ago, figures at the Texas Commission on Higher Education indicate . . . State's general revenue fund, briefly on a cash basis last month, has dropped back to a \$19,459,359 deficit and State Treasurer Jesse James expects it to linger until sometime next year.

### MERRY MAKERS MEET, ADMIT NEW MEMBER

Mrs. J. L. Ratliff was admitted to the Merry Makers "42" club when they held their regular semi-monthly meeting last Thursday afternoon. Mrs. Bob Anderson was hostess for the afternoon. Guest players were Mrs. W. T. Whitten and Mrs. Ernest Finnigan completing the three tables of players.

The meeting was held in the dining room of the West Texas Cafe. Frosted cokes and cookies were served as refreshments.

Mrs. J. L. Neill and O. E. Conner were in Brady and Pontotoc the past week end as guests of their sister, Mrs. John McLeod. They were joined there by John Conner, another brother, of Kingsville, Texas.

Guests of Mr. and Mrs. H. H. Murchison on Sunday were Everett Johnson of Abilene, Mrs. John Conner of Kingsville, and Mrs. Herman Carter of San Angelo. Mrs. Conner is an aunt and Mr. Johnson an uncle of Mrs. Murchison and Mrs. Carter.

Mrs. Pat Enochs served cake and coffee to two tables of players when she was hostess to the Thursday Night Bridge Club. Guests were Mrs. Richard Jones, Mrs. Bob Bradley, and Mrs. John Murr. Mrs. E. C. Peters won high, Mrs. Bob Evans low and the bingo prize went to Mrs. Delbert Edmiston.

Becky Mund, who is a faculty member in the San Angelo public schools, visited her mother, Mrs. Ervin Mund, last week end.

### Home Demonstration Agent's Column

By MRS. VIDA KREKUCW

Consider the poor potato. It's simply not a fact that potatoes are fattening and must be left out of the diet entirely. A medium-sized potato supplies about 100 calories, just about one third supplied by a piece of pie or cake. It's the butter, the steak fat and the gravy that loads the potato.

And, did you know that the potato furnishes vitamin C, thiamine, riboflavin and some iron. Boil them in the jackets to keep the vitamins and minerals.

A different way to fix potatoes? Try this . . .

### German Hot Potato Salad

Assemble these ingredients: 3 cups diced raw potatoes; 4 slices bacon; ¼ cup finely chopped onion; 1 tablespoon flour; 1 teaspoon powdered dry mustard; 1 teaspoon salt; 1 tablespoon sugar; ½ cup water; 1 egg, beaten; ¼ cup vinegar.

To make: Cook potatoes in a small amount of boiling salted water until tender. Drain. Cook bacon in fry pan until crisp. Remove from pan and chop. Using 2 tablespoons of the bacon fat, cook onions until golden brown. Blend flour, mustard, salt and sugar into the fat. Stir in the water and boil for two minutes. Add about two tablespoons of the hot mixture to the beaten egg, then stir this into the rest of the mixture. Add vinegar and reheat. Pour the hot dressing over the hot diced potatoes. Mix in the chopped bacon. Serve hot. Makes 5 or 6 servings.

One of these days that sharp north wind is going to keep right on blowing and you are going to find yourself thinking about chili or soup for supper. For just a little more effort you can make this

### Spanish Delight

which is as good as it can be and a favorite of the E. H. Dannheim family.

- 1 clove garlic
- 2 onions
- 1 lb. ground meat
- 1 small can tomatoes
- 1 small can corn
- ½ pkg. noodles
- ½ bottle chili powder
- 1 lb. cheese (or less)
- 1 green pepper.

Fry onions until brown. Add meat and brown. Add chili powder, salt and black pepper to taste. Cook until well blended, add corn

and tomatoes. (Cook noodles until tender and blanch in cold water.) To this mixture add noodles and cheese. Boke until brown.

Some little things that will work—

Use carbonated water to remove marks left on the windows made by Halloween spoons.

Rub a tiny smear of cold cream around the threads on your nail polish bottle. Keeps the cap from sticking.

Furniture or chair legs leave matted spots on your carpet? Hold a steam iron over the spots; the nap will rise. Don't touch the rug with the iron.

Want to clean the bottoms of your copper pots and pans the easy way? Sprinkle with salt and rub with a lemon or grapefruit rind.

When adding a garlic bud to chili or red beans, stick a toothpick through it. It will be easier to find when the cooking is done.

Schleicher School Supt. A. M. Whitis accompanied Mrs. Edwin Jackson and Mrs. Martha Lee Meador to a district meeting of Parent Teacher Association representatives in Ozona Tuesday. Mrs. Jackson was president of Schleicher P-TA last year and Mrs. Meador is this year's program chairman.

### Statement

Required by the Act of August 24, 1912, as Amended by the Acts of March 3, 1933, July 2, 1946, and June 11, 1960 (74 Stat. 208) Showing the Ownership, Management and Circulation of The Eldorado Success, published weekly at Eldorado, Texas, for October, 1962.

1. The names and addresses of the publisher, editor, managing editor, and business managers are: Publisher: Fred Gunstead, Eldorado, Texas. Editor (same).

2. The owner is: Fred Gunstead, Eldorado, Texas.

3. The known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: None.

5. The average number of copies of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above was: 1010.

Fred Gunstead

Sworn to and subscribed before me this 2nd day of October, 1962.
