Henry Speck Funeral Services Set For Today at 2 o'Clock

Henry Speck, long-time Schleicher county rancher and highly respected public figure, died at 12:05 a.m., yesterday at Baptist Memorial hospital in San Angelo at the age of 62.

Funeral services are scheduled for today at 2:00 p.m. at the First Presbyterian church in Eldorado with Masonic graveside rites at the Eldorado cemetery.

Apparently hale and hearty up until two months ago, Mr. Speck suffered a brain hemorrhage in August and underwent brain surgery in Houston on Aug. 14. From that time on doctors offered no hope for his ultimate recovery. He was transferred from Houston several weeks ago to the San Angelo hospital where his death occurred.

Mr. Speck served as a County Commissioner in the 30's and for the past 16 years had been a member of the board of trustees of the Schleicher County school system. He was a deacon in the First Presbyterian church here and a member of the Lions club. A Mason, he was a member of Scottish Rite of Dallas, York Rite, and Shriners of San Angelo.

He was born in Menard County Dec. 1, 1898.

Survivors include his wife; two sons, Henry W. Speck Jr. of Eldorado and Fred L. Speck of Rock Springs; three brothers, John and Pete Speck, both of Menard and Bill Speck of Telegraph; a sister, Mrs. Earl Haley of Fort McKavett; and six grandchildren.

BOARD MEMBER — RANCHER

HENRY SPECK, SR.

Absentee Voting Is Now Under Way

Success printers delivered the ballots for the November 6 General Election, to the County Clerk's office yesterday, and absentee voting is now going on. Five requests for ballots were already on file the opening day.

Absentee voting will continue through October.

Sample ballots for each of the four precincts, printed on yellow paper, are also available in the Clerk's office for voters who want them. Sample ballots are also available at the Success office.

Interest in the General Election is expected to pick up as November 6th draws closer.

D.A.R. MEETING CANCELLED

The first Fall meeting of the Eldorado Chapter, Daughters of The American Revolution, which was scheduled for today, Thursday, has been called off.

Officers will announce further meeting plans later.

SELL LIVESTOCK MONDAY

In the Producers Livestock auction in San Angelo Monday, Gerald Hartgraves sold 58 Angus heifer calves to C. H. Cole of Levelland, at a price of \$1.33 per head.

First District Game Finds Eagles Contesting Rankin Here Friday

By PEYTON CAIN

The Eldorado Eagles are soberly contemplating their engagement with the Rankin Red Devils tomorrow night at 7:30 on Eagle field. There's plenty of reason for a thoughtful consideration of the game. First, it opens the 1962 District 8A Football race. Second, Rankin has not succeeded in defeating Eldorado, certainly not since 1959 when they lost by 12-0; in 1960, by 27-14; and last year by 14-6 when Ray Ballew broke their backs with a fine 55-yard run.

Then Rankin has a two-win-three loss record, losses being to such respectable football powers as Crane and McCamey. They have followed a rough schedule this season and have matured well with it. The Red Devils can be expected to land on Eagle field in a "devilish" bad frame of mind if such crude figures of speech are permissible.

The Eagles certainly are scrutinizing the Red Devils' offensive mainspring, 193-pound Junior Jerry McDonald. He is a tough, strong-minded lad who runs in a most decisive manner.

The Red Devils also utilize a component "Lonesome End" in the person of Senior Terry Taylor, 140-pounder with wings on his heels. But the Eagles have posted a

respectable three-wins two-ties no-losses record to date. Their fine offensive end and defensive half-back Ray Ballew will be back in action after a siege of sprained ankle.

The Eagles' starting line-up is on page 3, and the Rankin Red Devils' starters will be:

No.	Name	Pos.	Wt.
81	Eddy Houchins	LE	125
71	Roger Scott	LT	175
52	Robert Browning	LG	182
62	David Brown	C	187
60	Gary Houchins	RG	135
70	Ron Thorn	RT	170
82	Terry Taylor	RE	140
32	Sam Bean	LHB	152
30	Larry Gryder	RHB	150
40	Jerry McDonald	FB	193
20	Jim Parrish	QB	143

Good Crowd Out For Cox Rally

A good crowd of about 20 turned out Tuesday night at the Memorial building to hear Richard B. Moran, Brig. Gen., U.S. Army Retired.

The gathering was sponsored by the local Cox For Governor group, but the speech given by the general was non-political. He spoke on the Communist conspiracy.

Gen. Moran called for the election of Conservative officials, regardless of party label, in all levels of government.

He also cited Communist infiltration of governing bodies, and pointed out that many members of the Supreme Court had rendered decisions over half the time conducive to the Communist cause, rather than the Constitution of the United States.

General Moran retired from the Army a few years ago and was subsequently recalled for a year's duty in Ethiopia. He now makes his home in Kerrville. He was introduced by Dr. E. L. Dyer.

The general has devoted his years since retirement to actively combatting Communism. He called for never-ending vigilance of the people and for an arousing of interest in the dangers imposed by the conspiracy.

The rally Tuesday was one in a series sponsored by local supporters of Jack Cox for Governor. Pamphlets and booklets setting forth Cox's platform were given out.

Refreshments were served and Gen. Moran answered a number of questions afterward put to him by those who attended the meeting.

RICHARD B. MORAN

Game time for tomorrow night has been moved up to 7:30, and that earlier starting time will continue in effect for the remainder of the season, according to coaches and school officials. As usual, the 75-piece Eagle band under direction of Glen Matthews has a fine half-time performance ready.

And the Eagles with their hours of glory and no bitter defeats in their 1962 memoirs settle down to the serious job of defeating a team which hasn't won over them in over three years and can be expected to attack like a swarm of frenzied furies when the referee jerks the lid off Eldorado's Pandora's box tomorrow night.

A night of fine high school football with all the trimmings is obviously in the offing.

Eagles Draw Tie At Junction

By PEYTON CAIN

A scoreless tie, 0-0, was the result of the Eldorado Eagles' clash with Junction last Friday night.

It wasn't supposed to happen that way last Friday night, but it did. The Cedar Chopping Eagles from Junction and the Cotton Picking Eagles from Eldorado battled all over Junction's converted race-track; and neither side could score. But statistics show that the Divide Country Eagles came out better in the contest.

Eldorado racked up 198 yards on the ground and in the air to 114

for Junction. Eldorado tabbed 14 first downs to Junction's five. The Eagles intercepted a Junction pass from the hand of Junction's Kenny Neal; but Junction retaliated by a larcenous grab on two from the hand of Captain John McGregor.

But where disaster struck the Eldorado lads was when they tried to field punts and kickoffs. They lost the ball four times for 157 yards this way, three times when an Eagle touched a punt without getting complete control and once when a Junction Eagle pounced on a fumbled kickoff.

Eldorado moved the ball with some degree of assurance until they penetrated the Junction 20-yard lines which they did five times. Then Junction's resistance became fanatical.

Eldorado's Captain Dennis Jurecek and his Stonewall Squad were too much for Junction's offense. Jurecek along with Thackerson, Blair, Mackey, Ellis Loden, George Draper, Bill Lester, Captain John McGregor at line backer, and backs Ronnie Williams, Gary Whitten, and Captain Lynn Meador quickly dispelled the myth that 180-pound Roy Modgling was hard to stop or that Junction's James Hodges or Clifton Moss, or anyway Butch St. Clair usually ran five or six yards after being tackled. These lads had difficulty even getting back to the line of scrimmage, spread formation, T formation, or variation.

But the Eldorado Eagles apparently suffered an optical illusion in that it seemed that the Junction boys moved about seven feet to Eldorado's six. This difference in velocity explains why Eldorado boys made such hurried grabs at Kenny Neal's desperation punts which he was barely getting away. This difference in velocity might account for the way the Junction lads pled for time outs and water during the entire game.

But all of this had no effect on the score which remained 0-0 until the final horn.

District Court On This Week

News Of The Sick

Miltia Hill has returned from Shawnee, Okla., where she was called to the bedside of her sister, Alma, Mrs. J. J. Robertson, who underwent surgery recently. Mrs. Robertson is reported recovering nicely.

Tom Oglesby, 6-year-old son of Mr. and Mrs. Bill Oglesby, has been confined home since last Thursday when he fell out of a pickup and sustained a brain concussion. After being examined by doctors, Tom was reported making satisfactory recovery but will be confined at home for some time. He is a first grade student in the Eldorado school.

George Gandy is in the Clinic Hospital recovering from a heart attack.

Herbert Graf is reported making slight improvement in the Sonora hospital; he is to undergo tests today, Thursday. His son, George Lee Graf and family came in last week nd from Nashville, Illinois. Charlie Graf is also here from San Antonio, staying with Myrtle Gable, who is sister of the Graf men.

Mrs. Joab Campbell underwent her third operation Saturday on her broken hip, and Sunday night had a severe heart attack. She continues in serious condition in the Shannon hospital.

Oscar Brown of Orient, father of Mrs. Wilson Page of Eldorado, is in Shannon hospital after sustaining a heart attack during the week end. The family have been with him.

Post Script

With a large group of other Eagle fans I journeyed to Junction last Friday night where I enjoyed a good, but disappointing football game. My impression was that our boys fumbled their way to a scoreless tie. Beginning tomorrow night we hope they start clicking again.

Coming home from Junction last Friday night fans ran into rain showers, and at Eldorado it was found that about 3-tenths had fallen. Not enough to slow down harvest work.

Books at the Mikeska gin showed that 709 bales had been processed up to Tuesday noon. The gin owner says that it is still coming in slowly. Many of the farmers, he explained, are still waiting to defoliate and strip. Then there are some now ready to strip who are unable to engage a stripping machine. (Some own 'em, and some rent 'em.)

Although it is a very light crop, George says, it will drag along until Christmas.

From Washington comes word that the Secretary of Agriculture has set next year's national cotton allotment at 16 million acres. Texas as allotment this year was 7.6 million acres. With the cut, Texas might wind up with just under 7 million acres for 1963.

This in turn will have an effect on Schleicher county, but just how much it's hard to tell, according to Wilson Smith, local A.S.C. manager.

Wilson Smith, incidentally, has only two weeks left as manager of the local A.S.C. office. He turned in his resignation several months ago and plans to move to his ranch in Llano county to make his home. His successor will be Ronnie Mittel, a former local boy and a Tech graduate.

Just 2½ weeks remain until the General Election on November 6th. Last Friday Bill Stacy of Kerrville, who is running for State Representative of the 66th district as Republican candidate, was in Eldorado in the interests of his campaign. He passed out leaflets and visited in the business district and saw a number of voters.

Tuesday, incumbent Jim Nugent, who is running as a Democrat, was here, and he too spent several hours in the interests of his campaign for re-election.

Tuesday, October 16th, was the day for two local couples to observe their 25th wedding anniversaries. They were Mr. and Mrs. Ray Boyer and Mr. and Mrs. Arnie Lee Westbrook.

The day passed quietly for both couples with no celebration planned other than congratulations extended by their families and friends.

Isabell Stoepler became the bride of Ray Boyer at the Stoepler home in Eden on October 16, 1937. The Rev. C. T. Aly officiated and only the family and friends of the couple attended. Friends attending

from here included Hollis McCormick and Bernard Carr.

The Boyers made their first home here in Eldorado, later moving to San Angelo where they stayed for several years. They moved back to Eldorado in 1946 and have operated a radio and T-V repair shop and appliance dealership since that time.

The Boyers have a family of three: Ila Jean, their only daughter, is Mrs. M. E. Carothers, Jr., of Abilene; the two sons are Larry who is a barber in San Angelo, and Danny Ray, a student in the Eldorado schools.

Their Silver Wedding Anniversary found the Boyers having become grandparents the preceding week. Kenneth Allen Carothers was born Oct. 11 and is their first grandchild.

October 16, 1937 was also the date the Westbrooks married.

Bessie Irene Reynolds became the bride of A. L. Westbrook in a ceremony in San Angelo, with only family and close friends present.

They have a son and a daughter. The son is Arnie Lee Westbrook who is attending school in Fort Worth and the daughter is Myrtle, Mrs. Joe Luttrell, who lives in Fort Stockton. The Luttrells have a daughter who was a year old on October 12th.

Albert Tisdale has opened a tire store in the former Eldorado Motor Co. location. Assisted by Martin Estes, Mr. Tisdale is handling Fisk and General and other brands of tires.

Mr. Tisdale was in the tire business here a number of years ago with Tut Ellis, so he is not a stranger to the Eldorado business district.

Further details, with an opening special, are given in Mr. Tisdale's ad on page 5 of this Success issue.

With our subscribers: Mrs. Mittie Bray of 1700 College Avenue, Ft. Worth 10, Texas, is a new subscriber.

Other new subscribers are Mr. and Mrs. Glendon Aldridge of 2217 Poplar, Abilene, Texas. Henry Mittel Jr. reports that his new address is 521 North "V", Lompoc, California.

With court on this week some local business houses have been operating short-handed. Glen Parker has been absent from Parker Foods and Rooster Jackson from his dry cleaning shop.

DUBOSE FAMILY TO BE HONORED SUNDAY NIGHT

The First Baptist church will honor their pastor, Brother Douglas DuBose and family, with a social after services Sunday night. Everyone is invited.

Rev. DuBose resigned as church pastor last week to accept a pastorate at Amarillo. The moving van will be loaded Monday, and the DuBose family will make the move to Amarillo Tuesday.

Memorial Fund Started

A number of people yesterday announced that they were starting a "Henry Speck School Memorial Fund."

The fund will be used for the purpose of buying some useful item for the school as a permanent memorial to Mr. Speck in recognition of his many years as a school trustee.

Those wishing to contribute to this fund may do so with Leslie Baker at the First National Bank.

Two Performances Of P-TA Minstrel Set

Rehearsals for Parent-Teacher Association minstrel show have been continuing this week under direction of Bill Bowen, head of the speech department at school, who is coach of the play.

Two performances will be given, on Monday and Tuesday nights, starting at 8:00 o'clock. P-TA committees have been at work selling tickets and advertising for the minstrel program.

About 30 local people are in the minstrel cast and capacity crowds are expected both nights.

Mrs. Morris Dies

Funeral services are being held today, Thursday, at 3:30, in the First Baptist church, for Mrs. Charley M. Morris, 38. Mrs. Morris died early Wednesday morning in a San Angelo hospital following a brief illness.

The body is to be brought here from San Angelo at 12:00 noon and will lie in state until the 3:30 service, at which the Rev. D. C. DuBose will officiate.

The body will be taken to Coffeyville, Kansas, for interment. In addition to her husband, who is employed here with Sinclair, Mrs. Morris is survived by three children, Jim Pat, Mike, and Sue Ann, all of whom are students in the Eldorado schools.

Mrs. Morris was superintendent of the Junior department in the First Baptist Sunday School. Pall bearers will be associates in the department: Bill Rountree, W. L. Talley, Henry Moore, Duane Branham, L. D. Mund, Harry Mercer, Weldon Davis, and Roy Phelps.

PACK MEETING TONIGHT

The first Cub Scout pack meeting of the new school year is scheduled for tonight, Thursday, at 7:30 at the Memorial Building, according to Dan Sebesta, leader.

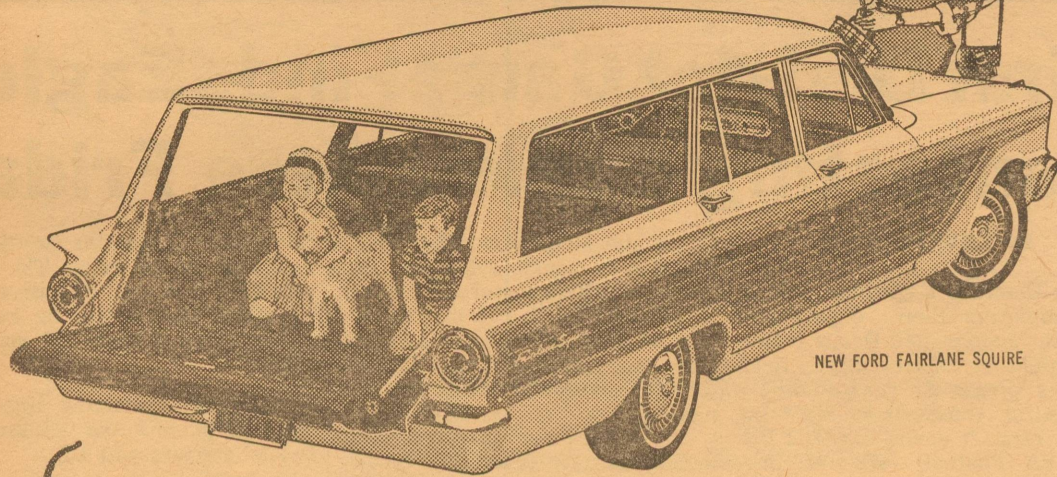

Parents, along with their boys, are all urged to be present. The Cub Scout program is for boys 8, 9, and 10 years old.

Bill Stacy Asks Election As Representative

W. G. (Bill) STACY

Bill Stacy, Republican candidate for the 66th Legislative District, opened his active campaign last week with this announcement. "In 1960, the voters of Kerr County honored me by their support over my opposition and again I am soliciting their support to bring responsible representation to the Hill Country. A vote for Bill Stacy on November 6 will mean a vote for a two-party system in Texas as the Democratic Legislature has given the people broken promises, higher taxes, deficit spending and corruption in high places. "Since my opponent supports the present Democratic Administration in Washington, a vote for him will mean endorsement of the fiasco in Washington. If the people of the Hill Country do not like the present Administration in Washington they can show their disapproval by voting for Bill Stacy and return the government to the people. "A vote for Stacy will mean a vote for a man who will work for the following objectives: a good water conservation for Texas, funds for the eradication of the screw-worm fly, equal legal rights for women, effective tourist and public parks for Texas, the creation of a Little Hoover Commission for economy in our state government."

Stacy supports our present right to work law, an effective loan shark bill, and honest election laws. He will oppose any increase in the sales tax or a personal income tax for the state. He opposed Federal aid to education and the Kennedy Administration plans to socialize America.

"My opponent in this race has not announced any platform or principles to stand for re-election and feels that he should be elected just because he is a Democrat. This I think is terrible and one of the reasons that our state is in such difficult trouble. However my opponent broke his word on his campaign promises in 1960, so I can understand why he would not like to be pinned down on his stand

on any position now. "My opponent said that he was a conservative, but voted against a resolution condemning Federal aid to education and economy in our state government. He says he is a conservative, but supports the administration. I want to know, just what is a New Frontier Conservative? When my opponent suddenly realized that he had a fight on his hands for this legislative position he hurriedly spent hundreds of dollars sending out loaded questions to the voters. This again is amazing as he has been in office some 18 months and is just now getting around to asking the voters opinions just 30 days before the election.

"November 6 will be a date with destiny for the voters of Kerr County and the other counties of the 66th district, including Schleicher. They have the opportunity to elect Bill Stacy their representative, a man who will be a full time Legislator for all of the people and will not use the office for personal gain. Bill Stacy needs your help and asks that those persons in the district who want to help him, call or write him at his office at 404 Main St., Kerrville.

Stacy is a Kerrville businessman, married, father of four children, graduate of Tivy High school, and the University of Texas.

BACK FROM VACATION

Mr. and Mrs. J. D. Holden are home after spending two weeks on a vacation trip. They visited relatives in Midland and Odessa for several days, then returned to Grosvener to visit a brother and family and also attended a football game at Cisco where Donnie plays. Cisco won over Abilene Christian College 27 to 13.

The Holdens then went to Dallas to see their daughter, Mrs. Tina Huichuman and family. They also spent two days with their son and family, David Holden, at Benedum Field at Texon.

Mrs. George (Ruth) Williams left Friday for San Antonio for a few days' visit, and she also planned to visit a niece at Crystal City.

School Menus

Monday, Oct. 22: Ground beef & noodles, creole green beans, tossed salad, buttered rolls, milk, canned fruit.

Tuesday, Oct. 23: Roast beef & gravy, creamed potatoes, whole kernel corn, spiced apple rings, buttered rolls, milk, peanut butter cookies.

Wed., Oct. 24: Beef stew and vegetables, cole slaw, buttered rolls, milk, stewed prunes, fruit cobbler.

Thursday, Oct. 25: Fried chicken and gravy, buttered rice, frozen broccoli, harvard beets, buttered rolls, milk, butterscotch pudding.

Friday, Oct. 26: Tuna loaf, hash brown potatoes, green lima beans, carrot & apple & pineapple salad, hot buttered rolls, milk, harvest holiday cake.

HOMECOMING NOMINEE

Waco.—Margo Ann Mittel, Baylor University senior, was recently chosen homecoming nominee for Tri-D, home economics club.

Miss Mittel, daughter of Mr. and Mrs. Arch Mittel of Box 731, Eldorado, is a member of Delta Alpha Pi, women's social club and the Baylor Rodeo Club.

In Those Days

Compiled From Success Files

ONE YEAR AGO
Oct. 19, 1961—Honored at half-time during the Junction game were Judy Hext, football sweetheart; and Betty Humphries, band sweetheart.

Congressman O. C. Fisher was to address the Lions club.

A truck rammed the newly completed Harkey Humble station in the south part of town.

Solon Boothe sold his Texaco station to Jack Etheredge.

The Eagle Drive-In Theatre was showing "The Last Sunset."

FIVE YEARS AGO
Oct. 17, 1957—Several from here attended funeral services in Austin for Mrs. Otis Bue.

Douglas C. DuBose was on the job as new pastor of the First Baptist church.

Nancy Jo Jackson was attending meetings of the Lions club as Lion of the Month from the high school.

Herma B. Whitten returned from Houston where she had medical treatment.

Jimmy Wayne Harris visited here from Texas Tech.

12 YEARS AGO
Oct. 19, 1950—It was announced that an Open House and Homecoming to show off the newly completed school plant would be held November 4th.

McDale Farrington injured his knee in the game against Sonora and was undergoing treatment.

Helen Case and Arthur P. Brigham married.

Mrs. Nannie Sellman died in Brownwood.

Murray Dickson, Methodist missionary to Bolivia, visited the church here and discussed his work.

A number of local people attended funeral services in Buda for Fred B. Faust, former pastor of the Methodist church here.

Don and Dick Jones took over the Magnolia station on Main street formerly operated by Orland Harris.

Jessie Ruby Trentham was honored on her 10th birthday.

Mr. and Mrs. J. Forrest Runge attended funeral services in Comanche for her uncle, George Black, who was 80.

Bridal showers honored Mrs. T. P. Robinson, Jr., and Mrs. John L. Barrows.

35 YEARS AGO
Oct. 21, 1927—V. O. Copple reports that he has sold the Live Oak Filling Station to Mr. Joiner. The Copple family have moved to town for the present.

The Parent-Teacher Association will sponsor a Halloween party Monday night, Oct. 31st, in Enochs hall.

Rex McCormick has sold his house to Will McAngus.

Henderson-Ede Co. in San Angelo advertises that the 1923 Buick has an engine "vibrationless beyond belief."

J. V. Howerton, president, and F. B. Cosby, representative of Fidelity Trust Co. in Ft. Worth, were in Eldorado Thursday establishing a branch office to serve 23 West Texas counties. R. A. Evans will be district representative.

In an election last Saturday, the people of Sonora voted \$45,000 bonds for a sewer system, which will cover most of the town.

Miss Hermalee Hooker visited here this week from business college at Abilene.

Mrs. Joe Bursleson is leaving for Dallas to make her home. She has rented her farm to Hop Cheatham.

Historical Societies To Meet Saturday at Menard
On Saturday, October 20, the Menard County Historical Society will be host to members of other historical societies of this section of Texas. In general, the purpose of this meeting is two-fold: (1) To fellowship together and enjoy a program of mutual interest to all and (2) To take steps toward the organization of an area Historical Society. Plans were announced by John M. Winslow, president of the Menard County Historical Society.

In addition, the program Saturday is planned to show two points of historical interest in Menard county which it is felt will add to the enjoyment and knowledge of all who attend.

The complete program is as follows:

10:00 A.M. Meet at the old school building in Fort McKavett, 22 miles west of Menard, for a tour of the Fort with a commentary by Mrs. Frances Fish.

10:45 A. M. Depart for Mission San Saba, one mile west of Menard.

11:15 A. M. Commentary on Mission San Saba by Mrs. Alec Menzies.

12:00 Noon. Lunch at the Menard Country Club adjacent to the Mission.

1:00 P. M. Meeting of one delegate from each historical society represented to discuss Constitution and By-Laws for an area organization.

1:45 P. M. All present convene in the dining room of the Menard Country Club.

The proposed Constitution and By-Laws will be presented for discussion and for adoption or rejection after which the following program will be presented:

History of Ft. Mason;
History of Ft. McKavett.

In inviting all persons interested in area history to attend this meeting Saturday, Mr. Winslow pointed out that the first meeting of the day will be at Ft. McKavett so everyone should go directly there.

"You may, of course, join the group at any point of the program. It is anticipated that the program will be terminated by 3:15 P.M. in order that those who have long distances to travel may reach home before dark," Mr. Winslow concluded.

The Kimble and Menard county singing will be held at the Saline school house Sunday, Oct. 21, from 2:00 to 4:00. Everyone welcome, states Mrs. Frank Schuessler, sec.

Community Calendar
Now going on: Absentee voting in the Nov. 6 General Election.
Oct. 18, Thursday. Junction "B" team here, 6:00 p.m.
Oct. 18, Thursday. Cub Scout Pack meeting, 7:30 p.m., Memorial Building.
Oct. 19, Friday. Rankin here vs. Eagles, 7:30 p.m.
Oct. 22-23, Monday and Tuesday. P-TA Minstrel Show. Performances each night at 8:00.
Oct. 23, Tuesday. Woman's club.
Oct. 24, Wednesday. Lions club meets 12:15, Memorial Building.
Nov. 1, Thursday. American Legion post meets.
Nov. 6, Tuesday. General Election.
Nov. 8, Thursday. Masonic Lodge meets.
Nov. 12, Monday. Eastern Star meeting.

STILL HAVE hot and sweet peppers, red and green; turnips and greens. Ten lbs. sweet peppers at 15c lb. —W. R. McCravey, phone 25462. *

Editorial Comments From Our Neighbors

Cuba Won't Go 'Way!

After the commotion in Mississippi has receded into the mists, after the World Series is over and the last word has been written on the magnificent six-orbit ride of Astronaut Walter Schirra—and after Krushchev, on his US visit, makes or fails to make a deal to relax Berlin pressures—Cuba will still be right where it has always been, 90 miles from territorial US.

Terrifying now, as a mighty, 40,000 square mile Sino-Soviet invasion base, it will grow even stronger day by day—at least until mid-October. About that time, according to the White House, there will be some discussions about denying US seaports to the ships of our allies and other nations that are engaged in speeding Red arms, material and men to this island fortress which we allowed a verminous bandit to seize for the Kremlin.

Meanwhile, confusing advices from on high are that Secretary of State Rusk told the recent Western Hemisphere Foreign Ministers Conference in Washington that we had decided to close our ports to such ships, after Under Secretary of State Ball had told Congress that only Soviet ships had carried arms to Cuba since July. Yet the US Maritime Commission reported that 169 free world ships—76 of them with cargoes from Communist countries—went to Cuba in June, July and August.

And Americans, who had read in their newspapers of the Administration's strenuous efforts to persuade our allies to stop ferrying Russian munitions to Cuba, heard the British Chancellor of the Exchequer saying on a US television program that he had not asked his country to withhold its ships from the Cuban arms run—but probably would if we did request it.

What is the explanation of this apparent desire to distract our attention from Cuba and the continuing vacillation in facing this Soviet challenge? Is it possible for responsible statesmen to believe that Khrushchev is creating this vast fortress to aid Castro? Or are the free world leaders agreed on the "better Red than dead" philosophy?

At this late date we can think of no convincing (or effective) act of honorable intent short of blockade. —Ozona Stockman.

CASH IN ADVANCE

Please...

Don't phone your want ads to the Success office...

Our charge for the average little ad is only 50c, and with the increase in postage rates, we can't afford to keep books on 50-cent items and mail out bills. Please bring your little ads (including cards of thanks, \$1.00) to the office and pay for them cash in advance.

Exceptions: If your husband is an advertiser and the item can be charged to his advertising account...

Or if you are a shut-in and too feeble to come to town.

New Babies

A son, their first child, was born last Thursday morning, Oct. 11, at 2:10, in an Abilene hospital to Mr. and Mrs. M. E. Carothers, Jr. Mr. Carothers is the former Ila Jean Boyer.

The baby weighed 5 lbs. 13 oz. and has been named Kenneth Allen.

Grandparents are Mr. and Mrs. Ray Boyer of Eldorado and Mr. and Mrs. Carothers of Anson.

Greats include Mrs. Rutha Boyer of Eldorado and Mrs. Albert Stoeppler of Eden.

Mr. and Mrs. Boyer and son Danny Ray were in Abilene Sunday to visit Mr. and Mrs. Carothers and new baby.

A son was born Monday, October 15, in Shannon hospital, to Mr. and Mrs. Sellers Laxson. The baby

weighed 5 lbs. 12 oz. and has been named Tony Glenn.

The Laxsons also have three girls. Mr. Laxson is a mechanic at Eagle Chevrolet-Olds.

GIRL SCOUTS MEET
Girl Scout Troop No. 67 met in the Methodist educational building with 15 present.

Minutes of the last meeting were read by the secretary, Penny Johnson. The treasurer, Dale Montgomery, collected the dues. Treats were served by the hostess, Mrs. Jimmy Ballard.

To help other people this week we are going to do better at home and not fight with brothers and sisters next week. For fun we sang songs.

A song was led by Vicki Preston, Carolyn O'Harrow and Lisa Whitten. Our sunshine reporter for the week was Marsha Jo Ballard.

Plans for the future include the Girl Scout camporee near San Angelo on October 27-28. —Rep.

AHEAD of its time
that's the NEW AERMOTOR SUBMERSIBLE PUMP
• Stronger Than Ever
• Quieter Than Ever
• More Gallons Per Dollar Than Ever
It's as up-to-date as tomorrow's newspaper. Aermotor's new Model "S" Submersible handles deep wells down to 600 feet. Its maximum capacity now ranges to 1900 gallons of water per hour. With new pump parts molded from the miracle plastics of DuPont and Borg-Warner, these 18 models are now running ahead of comparable brass pumps when it comes to lighter weight, quieter operation and economical performance. Fully automatic operation. You sit back and relax. Pump never loses prime, never freezes, never needs oiling. Easy to install on 4-inch diameter and larger wells. Come in and ask us about the new Aermotor sub today...

Eldorado, Texas

Our WASHINGTON Letter

By Congressman O. C. FISHER

The 87th Congress has become history. It will now be a field day for the commentators to appraise its achievements and its shortcomings.

As I see it, the Congress has done nothing to boast about this year. On the debit side, it did support and provide for a powerful national defense structure, advanced our space and missile programs, and advanced the essential research and development projects.

It also succeeded in blocking the expensive new Department of Urban Affairs, the \$2.5 billion hospital-oil plan for the elderly under Social Security, the \$3 billion school aid program, the \$200 million Youth Conservation Corps, and a dozen other costly ventures in expanded welfare and other projects which if enacted would have cost additional billions.

At the same time, the Congress went hog-wild in approving a \$900 million special public works program, to be spent whenever and wherever the President might choose—a real boondoggle.

It approved a five-year trade bill which grants to the President authority to remove all tariff protection or without reciprocity, and without any review or control on the part of the Congress. In the same measure it was provided that the American industries which are curtailed or put out of business as a result of overly generous tariff concessions may apply to Uncle Sam for redress. The Federal Government may then provide a variety of subsidies to both the affected industries and the people working in such plants or industries.

But there were a few bright spots. While the deficit for the current fiscal year is estimated at about \$6 billion, if the Congress had approved all the requests made by the White House the annual deficit would be increased by at least \$6 billion additional. A book could be written about the many screw-ball proposals that

were offered during the session. Here is one example: A bill passed the Senate, written by Arthur Goldberg, was approved by the House Labor Committee and the packed Rules Committee, and debated in the House recently, which would have prohibited any child under the age of 18 to do farm work without being in the company of the child's family. The age was cut to 16, but it would still have been against the law for a 12-year-old boy to be hired by his neighbor to come over and gather up the eggs, milk a cow, or shell some corn! This monstrosity was blocked in the House.

Students of government are taking increasing notice of trends in the evolution of our check-and-balance system of government. Back in school days we were taught that the judiciary, executive, and legislative were separate and distinct and that each operates as a check upon the others. Yet, observers are pointing out that in right recent years there has been a rather brazen grab for power on the part of both the judiciary and executive.

FDR's packing of the Supreme Court for the announced purpose of inducing the court to usurp the functions of the legislative branch marked the beginning of overt acts to shift the traditional functions of the three branches as contemplated by the Constitution. Since then the Supreme Court has followed through on occasions by taking over legislative prerogatives of the Congress and virtually writing laws. And the Executive has pressed the Congress repeatedly for more and more delegation of power to the President.

Pressures of that nature have been very noticeable this year—more so than usual. It is a nibbling process, and the Congress can blame itself for many generous grants of power to the executive in the past. This has "whetted the appetite" of the bureaucrats and has encouraged the President to seek more authority in many areas. For example, the President unsuccessfully sought an expansion

of power in more than 200 instances this year including: (1) power to raise or lower taxes at his will; (2) power to activate a mammoth public works program if he should decide a recession was in the making; power to bring the Federal Reserve Board chairman more under his control by changing his term from 14 to 4 years; power to withhold taxes on dividends and interest; power to establish a national compulsory health insurance care program; power to outlaw literacy tests as a pre-requisite for voting; and power to withhold union dues from pay of civilian government employees.

But the Congress did grant the President power to spend a billion dollars on so-called accelerated public works projects; power to increase control over agriculture; power to purchase bonds to support United National operations; and unprecedented power to negotiate trade agreements and cut tariffs.

This is our last weekly report until next year.

Mr. and Mrs. Frank Kemble were in Houston this week attending the Principals' Conference. They returned home Tuesday night.

Mrs. Jack Fought and Mrs. Joe Faull yesterday attended the funeral of their brother, August Mund, of Doss, who died Sunday night.

Mr. and Mrs. Lamar Bear and three girls of Lamarque visited relatives at Mertzon and Eldorado over the week end.

Mrs. George Cartwright left Friday to return to her home at Wabash, Indiana, after visiting for a week here in the home of her mother, Mrs. Otto Sauer. She was accompanied by her mother and Victor Sauer to San Antonio where she took a train to Indiana. On the way to San Antonio the group visited relatives briefly at Harper.

LIONS HAVE MUSICAL PROGRAM YESTERDAY
Mrs. Irene Teele's elementary school chorus from the 5th and 6th grades rendered several selections at yesterday's Lions club meeting. Accompanists at the piano were Connie Sue Speck and Kathy Robinson.

W. R. Bearce presided and reminded members of the membership drive now under way.

Guests were Bobby Sykes of Christoval, Damon Wagoner of Eldorado, R. D. Wiswell of San Angelo, Wayne L. Davis of Dallas, and Judge Joe L. Mays of San Angelo.

Firemen were called out Friday afternoon at about 4:00 o'clock to Aaron Steward's, where a tractor being refueled caught fire. Some damage was done to the tractor.

Alton Roy Mitchell has been visiting here with his father, Jerome Mitchell, on leave from the Air Force. He is to leave soon for new assignment in Turkey.

BROWNIE TROOP 45
Brownie Troop no. 45 met on Oct. 16 with 22 present. Refreshments were served by Betsy Bradley. Sunshine Reporter was Judy Hantusch. Motion to adjourn was by Patty Page. After our program we played games. —Rep.

Mary Lee Davis was here last week end from Dallas visiting her parents, Mr. and Mrs. E. T. Davis.

Mr. and Mrs. Vernon Carroll expect their son-in-law and daughter, Mr. and Mrs. Sam Granberry, and 3½-month-old daughter, here this week end for a visit.

New people in Eldorado include Carl Fuller, in the Edith Nixon house; Maxine Craig, in Gus Love house; and C. D. Preece, in Pete Finley house.

Mr. and Mrs. Norman Cash visited here last week with her parents, Mr. and Mrs. S. D. Harper, and then left Friday on a trip to the Far East. They spent a few days in Honolulu and went on to Tokyo where he will play with the Detroit Tigers in some exhibition games. They will be back in the States about Thanksgiving time.

Students of Sul Ross College who came in last night for the Henry Speck funeral were Myrta Ann and Martha Ellen Topliffe, Pat Speck and Joy Speck.

Carl Richardson, 6-year-old nephew of Mr. and Mrs. Clifton Henderson, spent the week end with Mr. and Mrs. Richardson. He returned to San Angelo where he attends Fort Concho elementary school. While here he attended the Junction-Eldorado game.

Captain and Mrs. John Nikolauk arrived in Eldorado last week from Germany where they have been for the past three years. Captain Nikolauk has returned to duty in Washington, D.C., where he will be assigned for a tour of duty. Mrs. Nikolauk is the former Ebbagene Blaylock, daughter of Mr. and Mrs. William Blaylock, long-time Schleicher ranch family. Mrs. Nikolauk's sons, Mike, 6, and Bill, 4, are with her, and Mike is attending the local school. She is visiting her parents and will probably remain with them until after Christmas.

Mr. and Mrs. Bruce Wilson and three children of San Angelo visited his grandmother, Mrs. L. T. Wilson, Sunday.

P-TA HAS MEETING TUESDAY
The Eldorado Parent-Teacher Association met Tuesday afternoon in the Music Room. Curtis Humphries was in charge of the program, "Citizenship on the Elementary School Level." Each of the first six grades was represented as they gave an interesting program. The First Grade gave "Good Citizenship in work and play." The Second Grade had "The Meaning of Good Citizenship." The Third Grade showed "The Story of Our Flag." The Fourth Grade sang songs of Safety, Helping others, etc. The Fifth Grade sang Patriotic Songs. The Sixth Grade gave a panel discussion on the Meaning of Citizenship, with Mrs. Bill Bowen as leader.

All members present were urged to attend the Texas State Convention in Fort Worth Nov. 14-16. The Room Court awards went to Mrs. Nimitz's First Grade and the 10th Grade.

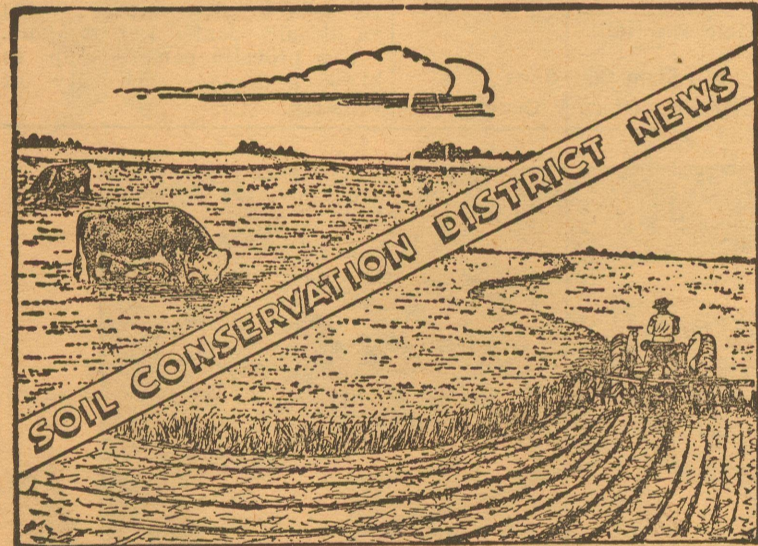

Be sure to attend the Minstrel Show Monday or Tuesday night and support your P-TA.

WCS HAS MEETING
The Woman's Society of Christian Service of the Methodist church is hostess to its annual covered dish luncheon with Eldorado business personnel as special guests on Thursday, October 25, from 11:30 to 1:00 p.m. in the Fellowship Hall.

At 2:00 p.m. a worship service in observance of the "Week of Prayer and Self-Denial" will be held in the church sanctuary under the direction of Mrs. Elton McGinnis, with other WCS members participating in the program.

SECOND GRADE BROWNIES
The Second Grade Brownie troop met Oct. 9 to organize their troop. Officers elected were: Janet Davis President Jaci Hammond V Pres. Priscilla Halsey Sec. Paula Prater Reporter Linda Robledo Sunshine Rep. Twana Mara Historian Twana Mara served refreshments to 16 members. —Rep.

The crop year 1962 is fast coming to an end and farmers of the Eldorado-Divide S. C. D. will soon know their exact crop yields. Most farmers already know that this year's crops will compare to some of the drought years. The lack of moisture is considered by most everyone to be one of the main factors effecting this year's yields.

Now is the time for farmers to begin making preparations for next year's crops. Since moisture is one of the main factors in good crop production, a close check should be made to determine whether or not all the water conservation practices are applied and are adequate. With little rainfall this year, most terraces have held all rainfall received. The decision as to whether or not terraces need main terrace work should be based on previous years when more rainfall was received. Terraces that have broken in previous years and have not been repaired to the needed height and width, should receive high priority in the plan of jobs to be done. Terraces that have had water run over in low places should receive the needed maintenance work to add the needed height at these places. Since water goes over the lowest points in a terrace each time there is too much water for the terrace to hold, these places continue to become lower and eventually cause the terrace to break. To prevent the initial breaks and topping over of terraces, maintenance work following each crop has proven economical and effective.

Clemens Sauer is doing conservation work on his place 17 miles west of Eldorado, that he considers essential in good crop yields for future years. The maintenance of all the terraces, needing considerable work done on them, was completed last week. The work was done with a road maintainer.

The combination of a diversion terrace to protect cropland from outside water was also started on Sauer's place last week. The diversion is being constructed to intercept and hold the excess water from rangeland. The excess water, following big rains in past years, has done considerable damage to crops being grown on the cultivated field. Following the big rain in June of last year approximately 10 acres of cotton was almost completely covered with water that ran off the rangeland. The potential yield was decreased on the field that received excess water while yields on Clemens' other fields was increased. Water that is held by the diversion terrace will also be beneficial to the rangeland.

The construction of the diversion terrace and the maintenance of field terraces, are two of the soil, water, and plant conservation practices included in Clemens' conservation plan. Technicians of the Soil Conservation Service assisted Sauer in preparing the conservation plan for his place. Technicians of the S. C. S. designed and ran the diversion terrace for construction and will check it for completion. Cost share in constructing the diversion terrace is being received through the Schleicher county ASC office.

Davis Cosden Service

**NATIONAL BIBLE WEEK
OCT. 15-21**

This advertisement published in cooperation with the Laymen's National Committee

THE FIRST NATIONAL BANK
Eldorado, Texas

S. S. REPRESENTATIVE HERE

Field Representative Paul McCowen of the San Angelo District Office said he talked to about 10 persons this past Friday during his regular visit to Eldorado. He took three applications for monthly benefits.

Mr. McCowen is in the courthouse on the second Friday of each month from 1:00 to 3:00 p.m. and invites anyone who has a Social Security question to see him.

PLEDGES SORORITY

The Athenean club of Baylor University announces that Sammye Mayo, daughter of Mr. and Mrs. J. F. Mayo of Eldorado, has been chosen to be one of their seven pledges for the fall semester.

The Athenean club is a social organization composed of about 70 girls.

Miss Mayo has been elected president of her pledge class.

ATTENDING SCHREINER

Charles West, son of Mr. and Mrs. Jimmy West, is attending Schreiner Institute at Kerrville where he is a Sophomore and is enrolled in the military science program.

Charles and a friend, Skip Nugent, son of State Rep. and Mrs. Jim Nugent spent from Thursday until Sunday here with the Wests.

Mrs. W. A. Van Dusen left Monday for Houston where her brother-in-law, Herbert Murray, 50, of Corpus Christi, died in the V.A. hospital after a lengthy illness. Funeral arrangements were not definite when she left, but interment was to be made in the national cemetery at San Antonio. Survivors include his wife, Vertis, and a daughter Joan, of the home.

W. A. "Slim" Menees is moving soon to Athens, Texas. He is being transferred there by Service Pipe Line Co. by whom he is employed as a district gauger. He has lived in Eldorado for about 10 years.

Leland Craif of West Palm Beach Florida overturned his Oldsmobile station wagon last week 14 miles east of Eldorado on the Menard highway. The mishap occurred when he blew out a rear tire. The vehicle was badly damaged but Mr. Craif escaped with scratches.

School Land Leases

Latest leasing of state school lands boosted the permanent school fund beyond the half-billion mark, Land Commissioner Jerry Sadler reported. In exact figures, it is now \$500,639,012.

During the past 21 months, \$38,500,000 has been placed in the public school available fund. State university and college lands in the same period produced \$32,684,992. Permanent fund now stands at \$385,995,002.

Austin.—Texas doctors are about to open a campaign for legislative approval of a constitutional amendment bringing Texas under the Kerr-Mills program.

Through it the Federal and State governments would jointly pay hospital and medical bills of all retired persons receiving less than \$1,800 a year and unable to qualify for old age assistance. Uncle Sam would pay 75 per cent; the state, 25 per cent.

Doctors believe there are 350,000 Texans over 65 who would be eligible.

Idea developed at a meeting

between State Welfare Director John Winters, Texas Medical Association committees, insurance agents and insurance company representatives.

Plan would be to handle the proposition through an insurance company, as the medicare program for old age assistance is now done.

This would amount to an insurance premium of \$3,000,000 a month, based on the \$8.68 now paid blue Cross for each of the 222,000 on old age assistance.

Higher Education

Texas Commission on Higher Education heard presidents or other spokesmen for 20 state colleges and universities voice objections to proposed cuts in their budget requests for 1964-65.

As a result, the Commission will reconsider its recommendations at a meeting on October 23.

Three doctoral programs in teacher education were approved for the University of Houston, which will become a senior college next year.

Four graduate programs were approved for East Texas State College.

Rex Baker, Commission secretary, opposed this latter action on grounds that it went against policy of concentrating such programs in the University of Texas and A&M College. Dispersal of such programs, Baker said, would lead to general mediocrity.

Commission member Elizabeth Koch's reply was that they were necessary to attract teachers of eminence.

Early Balloting

With absentee voting at hand (Oct. 17) comes the realization that the Nov. 6th General Election is almost here. Little enthusiasm has been stirred by either the Democratic or Republican candidates.

Capitol observers predict a light vote. That, they feel, would be to the advantage of the Republican candidates since it is conceded that the anti-administration voters will go to the polls en masse.

None Counting

Population in fast-growing Texas will increase 2,150,000 by 1970.

Texas Research League predicts 11,800,000 people for Texas by the end of the present decade. The 1960 census showed the state's population as 9,650,000.

By 1985 Texas' population will have soared by 16,000,000. Most explosive trend, says the League, will be the rise in the college-age group—expected to rise 53.4 per cent.

Sales Tax Income Low

Texas' limited retail sales tax law, passed by the 57th Legislature accounted for only 10.31 per cent of the state's revenue during the fiscal year ended Aug. 31. So reports Robert S. Calvert, State Comptroller.

We're telling America about the business and industrial advantages

... IN THE ^{fast-growing} CENTER OF THE SOUTHWEST

American business and industry are on the move... looking toward growing areas, new markets, and expanding profit opportunities.

Our service area—the fast-growing CENTER OF THE SOUTHWEST—is one such region, because the Southwest is growing 25% faster than the Nation.

That is why we are engaged in a continuing program designed to tell American business leaders about the advantages of this portion of West Texas.

We advertise the area in national publications, mail information material to selected lists, and make personal visits to many prospects.

As this is written, a WTU Representative is in the northern and eastern industrial areas of the country, calling on key executives whose companies are looking our way. They, like WTU, are convinced that this area faces GROWTH UNLIMITED.

During this first-year period it produced a total of \$14,660,600.57, to rank fourth in the major income sources of the state.

Storms ABrewing?

That same quietness that precedes a storm seems to hang over the State Capitol. It's a physical as well as a spiritual calmness.

Capitol observers have sensed it

now for several weeks.

Could be due to the upcoming elections and the resulting change in the Administration. Or the coming session of the Legislature. Or to an outbreak of news from an unexpected source.

Time will tell!

Slant Well Suits

Assistant Attorney General Lin-

ward Shivers reports that between 50 and 150 penalty suits for slant well drilling will be filed in the near future.

Shivers, who has headed the investigation, says he will file separate suits on each violation, where an illegally slanted well is found.

Law provides penalties up to \$1,000 a day for each day of violation.

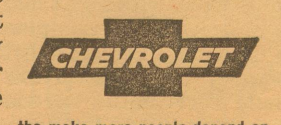

EXCITING! GO '63 CHEVY II

Nova 4-Door Station Wagon

SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher

beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's.

See four entirely different kinds of cars at your Chevrolet dealer's... Chevrolet, Chevy II, Corvair & Corvette.

Juniors And "B's" Win Over Big Lake

The afternoon and night of Thursday, October 11, Coach Guy Whitaker & Coach Douglas Jung's Schleicher Elementary and "B" football teams ended the annual two-stand schedule of kid football by taking both games from Reagan County (Big Lake) kid football teams. For the series, Eldorado took three wins and Big Lake one.

Coach Whitaker's elementary lads took the field at 5:30 p.m. and the issue was never in doubt as they topped the Big Lake kids by a whopping 48-0 and Coach Whitaker polished off his bench repeatedly. The win stretched Coach Whitaker's lads' skein of wins to 16 straight with only one tie, that being against Ozona.

But Coach Douglas Jung's lads had a tough time avenging their 12-8 loss at Big Lake in the first of the series. In fact, Big Lake was very reluctant to hold still for the 14-12 Eldorado win. But it was a sweet victory for the Eldorado boys.

The Big Lake boys had Coach Jung's charges behind the same 12-8 situation less than four minutes before the end of the game. But the Eaglets got together and put the blocks in place for their only sustained drive for 60 yards, in three first downs with the last 20 being ripped off at one time by Ronnie Griffin aided by a key block by Beep Cain who wiped out two would be tacklers just as they were anticipating the stop. But

Griffin just would not stop running until he was across and the Owlets goal. With less than 90 seconds to go, Big Lake's passer was hurtling dangerous missiles all over the field until he was nailed for a 15-yard loss by an exasperated Eaglet lineman, and within seconds the Eaglets again had possession of the ball. Last play of the game saw Eaglet Fullback Roy Love stopped less than four yards from the Owlets' goal.

Eldorado scorers were Sam Henderson with a 55-yard sortie over his left side and Griffin's run to the right for 20. But the winning margin was provided by lanky Richard Preston who nailed Big Lake's passer Montgomery behind his own goal line for a safety and the two points too much for the Owls.

Coach Whitaker's Elementary boys dominated the game completely with 12 first downs and 256 yards rushing to Big Lake's five first downs and 87 yards. His passers completed five of nine attempts for 135 yards to Big Lake's one success for five tries and 40 yards.

By quarters, Pat Childers returned a punt for 60 yards and Roy Davidson double reversed 19 yards in the first.

In the second quarter, Roy Davidson carried 20 yards around end for the scoring to date with none in the second.

But in the fourth quarter, another lanky lad took over and played offense when Eldorado had the ball as well as when Big Lake

had it. Lad in question was Gary Derrick who scored on a five-yard dive play, took a pass from Danny Halbert for 44 yards more, and then took a Big Lake interception for another 45 yards to rack up three touchdowns in the fourth period.

Defensive standouts for Coach Whitaker's lads were Bert Loden, Danny Halbert, Gary Derrick, and Pat Childers who along with the other Eaglets resolutely denied the Owlets any comfort whatsoever in the way of scoring.

Coach Jung's ball carriers were Sam Henderson who ran for a total of 92 yards in 15 tries, Monty Montgomery with three yards for three tries, Scott McGregor with three for three, Ronnie Griffin with 39 for six carries, and Roy Love with 19 yards in five tries to total 156 yards, and eight first downs. Big Lake racked up five first downs. Scott McGregor hit receivers four times out of seven attempts.

Big Lake scored in the second quarter and the third; Eldorado's in the first and fourth.

Swain and Calcote took the honors on stopping the outside rushes for the Owlets with 17 tackles or assists each. Belk ranked next with 11, Tackles Beep Cain and Steve Blaylock posted 9 each inside stops. Preston claimed 8, Whitten had 6, Nixon and Henderson posted 5 each, McCormick and Montgomery 3 each, and Ronnie Griffin 2.

Coach Jung's lads will host the Junction "B" squad today, Thursday, at 6:00 p.m. No Jr. High game.

Elvis Turns Boxer In 'Kid Galahad' Film

Elvis Presley, the erstwhile rock 'n' roller who thrilled a generation of music lovers with swinging pelvis and mumbled lyrics, turns prize fighter in "Kid Galahad," the United Artists release which is in Color by DeLuxe and which will be shown Sunday and Monday nights at the Eagle Drive-In Theatre.

Presley packs a solid wallop in boxing tights and bare chest. He also turns in an acceptable acting job in the role of an ex-GI who becomes a light-heavyweight contender.

There is nothing original about the script based on a hungry kid who wanders into a training camp and winds up a sparring partner for a potential champ. With a roundhouse right, he decks the mighty one and embarks on a career which leads to the inevitable "big" fight. Richard Barthlemess, James Cagney, William Holden, John Garfield and Paul Newman are just a few "ex-champs" who have traveled the route.

Elvis' acting talents are limited but he comes across rather con-

MRS. BOYER IS 80

Mrs. Rutha Boyer quietly celebrated her 80th birthday yesterday, October 17th, at her home here

Only members of her family and a few close friends called on her during the day.

vincingly as the country boy who can outlick the city slickers.

Most prominent among the latter is Gig Young, proprietor of the upstate New York gymnasium where Presley trains. Young, an incurable gambler involved in a long-term romance with Lola Albright, is hard-pressed for money. He places a call to his sister in the Bronx and she decides to deliver the cash in person. She is raven-haired Joan Blackman, who provides the film's romantic interest

the moment she meets Presley. Further developments are centered around the romance, and Elvis' participation in the big fight which a New York mob tries to fix.

The cast:

Walter Gulick.....Elvis Presley
Willy Grogan.....Gig Young
Dolly Fletcher.....Lola Albright
Rose Grogan.....Joan Blackman
Lew Nyack.....Charles Bronson
Otto Danzig.....David Lewis
Father Higgins.....Liam Redmond
Lieberman.....Ned Glass

EVEN NEWER BEHIND THE WHEEL!

You'll never know how really new a 1963 Cadillac can look until you've seen it from the driver's seat. For only in action does this great car reveal all its secrets.

Here's a hint of what you have in store: A newly refined engine so silent you won't be quite sure it's running—until you touch the accelerator pedal.

And then! The instantaneous response will bring you quickly up to date on Cadillac's new true-center drive line. For as the big car glides away from the curb and down the road, you'll experience a wholly new sensation in smoothness. The exclusive design and precision assembly of the new Cadillac drive line

makes the flow of power from engine to rear wheels incredibly smooth under all load and road conditions.

And while you're at the wheel, be sure to adjust it to your favorite angle. This year, the new Cadillac adjustable steering wheel moves easily to six different positions. It's an extra-cost option, convenient for the family and especially refreshing on long journeys.

But these are only a few of the seventy ways in which Cadillac performance, ride and handling have been advanced in 1963. Make an early date with your authorized dealer to sit at the wheel of a new Cadillac. It's the world's nicest place to sit.
