63RD YEAR

ELDORADO — SCHLEICHER COUNTY — TEXAS

Thursday, April 23, 1964

NUMBER 17

District Convention Of Lions Is Set May 1

Lions, and their wives, from 61 Lions Clubs throughout District 2-A-1, of Lions International, are looking toward Brownwood where their district convention will be held on May 1 and 2.

These Lions clubs are located in 25 West Texas counties, with a total membership of 3,000 Lions.

General convention chairman, Roy Fisher, and the Brownwood Lions clubs, are going all out in making preparation for this two-day convention and it is anticipated that their efforts will attract some 500 Lions and ladies.

District Governor, Louis D. Carothers, of Big Spring, will guide the convention's programs and will present many distinguished speakers, including Edward M. Lindsey, of Tennessee, third vice-president of Lions International; David A. Evans, International director from Texas; and Tom Kirkham, state secretary of Texas Lions Clubs.

Another highlight of the convention will be the annual "Queen's Contest". Each club will present a queen (the most beautiful girls in all the world and the winner of this contest will represent this district at the State Convention in June. Nominee from the Eldorado club again this year will be Miss Deanne Hext, daughter of Mr. and Mrs. Granvil Hext.

Deputy Governor, Percy Pace, of San Angelo, is chairman of this function and he states that "All Things Are Ready" for the greatest beauty contest ever held.

The convention's headquarters, in Brownwood, will be The Brown-towner Motor Hotel.

Absentee Votes Lag

With just five days remaining for voters to vote absentee in the May 2 Democratic Primary, the voting continued to lag this week in the County Clerk's office.

As of Monday afternoon, only 7 votes had been cast. These included several mailed out of town.

Deadline for voting absentee is this coming Tuesday, April 28th.

Skelly No. 1 Wade has resumed drilling after making a drill stem test at 6550-60 Tuesday with no shows.

News Of The Sick

Mr. and Mrs. Ernest Hill have steadily improved at the Sonora hospital and she was released this week.

Ernest Finnigan is a patient in the Clinic-Hospital in San Angelo.

Mrs. Irene Rutland continues to improve at the home of her son, Durward Rutland, in San Angelo.

Mrs. W. H. Joiner is back at home after spending some time in the hospital and at the home of her son-in-law and daughter, Mr. and Mrs. Perry Mittel.

B. E. Moore took a turn for the worse last Sunday but is improving.

Ben Biggs suffered a back injury while working in the park one day last week. He is under traction in the Shannon hospital in San Angelo.

Mrs. Robert Nixon was brought home yesterday, Wednesday, from the Shannon hospital where she underwent major surgery eight days earlier. Her family continue at her bedside at home. The F. O. Franklins of Henry, Tennessee, are among the relatives who have been here.

George Long entered Shannon hospital last Wednesday and underwent minor surgery the following day. He returned home Sunday evening and will soon be "good as new."

Sam E. Jones, Jr., is in the Sonora hospital.

Mrs. Bob McElroy of San Angelo, daughter of Mr. and Mrs. Ben Biggs, was readmitted to the Shannon hospital this week with a blood clot. She underwent surgery a few weeks ago.

"Fat" Kinsner underwent minor surgery in a San Angelo hospital Tuesday.

Mrs. W. E. DeLong is in St. Johns hospital in San Angelo undergoing tests.

Post Script

As the primary election approaches our mail is flooded with campaign material of all kinds. We can't begin to read it all and most of it goes into "file thirteen."

The other day we got one that intrigued us. It was from a candidate who frankly admitted he did not have answers to all national problems. This one was from Bill Elkins who is a candidate for Congressman-at-large and he closed his letter with this paragraph:

'If elected, there are two issues on which I need your advice:

South Viet Nam: I don't know how we got there, what we are doing there or how we are going to get out of there.

(2) Agricultural Surplus: If I had the absolute workable answer to this problem I believe that I would run for President."

Now of course we don't think Bill Elkins from Adam's off ox, but we feel that here's an old boy who ought to be given an A for honesty.

—ps—

With our subscribers: Henry Mittel reported his new address recently as 1520 West Airport, Lompoc, California 93436.

C. A. Bruton is now subscribing at 412 E. 12th Street in San Angelo.

—ps—

Residents emerged Tuesday morning to find the air damp and little pools of water standing in low spots. Scattered showers had fallen during the night but in most cases it was not enough to measure.

A rain gauge up near the airport belonging to this writer now contains three-quarters of an inch of water. This represents a two-week accumulation, since it hasn't been emptied in all that time. Don't know when it got in there.

—ps—

J. W. Emerick has moved from the Neill house south of the East-side Baptist church, to the Christian house.

Ronnie Mittel moved from the Claude Meador house to the Jarrett place just east of town.

—ps—

A copy of the ballot for the first Democratic Primary appears in this issue on page 6.

Those who like to study a sample ballot beforehand should make it a point to save this page as it may be the last time it appears. More than likely our paper next week will be crowded with last-minute appeals from local and district candidates, and we may not have room to carry the ballot a second time.

—ps—

Now they tell us that when the Menard highway job is finished they are going to dig out the two blocks from the post office over to 77 and give it the same treatment. We're already worrying how the two cafes there are going to make out when that time comes.

Complete Short Course At A&M University

College Station.—Nineteen men from Texas electric co-operatives have completed a technical course on wathour meters at Texas A&M University.

The three-day school, operated by the Engineering Extension Service, included training in basic mathematics and electrical principles, field testing of meters and similar subjects.

Students included Fred Butler, Doyle W. Easterwood and Alva Lee Harris of the Southwest Texas Electric Co-Op which has headquarters here in Eldorado.

Mrs. W. W. Beale of Austin and her daughter, Mrs. F. C. Benedict and grandson, Mike, of Hawaii, visited Mrs. Beale's sister, Mrs. Edwin Jackson, Sr., last night. Mrs. Benedict and Mike have been visiting Mrs. Beale since the death of Mr. Beale about two weeks ago. Mr. Benedict attended the funeral but returned to Hawaii soon after. Mrs. Benedict and Mike will leave Sunday to fly back to their home in Hawaii.

Alton Roy Mitchell is expected to arrive here in about a week to visit his father, Jerome Mitchell, and sister Maudie. He has been stationed with the Air Force in Turkey and expects to visit his brother, Voy J., who is also in the Air Force stationed in Germany, on his way home.

Republicans To Have Primary — Too

For the first time in memory, Schleicher County Republicans will have a chance to vote in a Republican Primary on the local level.

This course of action was announced this week by Ford Oglesby, Jr., chairman of the local Republican organization.

Mr. Oglesby stated that ballots would be printed in time for a Republican primary to be held here on May 2nd, the same day as the Democratic Primary.

Apparently there will be no races for local offices, so a central voting box will be designated here in Eldorado for persons to vote Republican.

Further details on arrangements will be given in next week's Success.

On the ballot will be the names of Bush, Cox, Davis, and Morris who are seeking the Republican nomination for U. S. Senator.

Main interest, however, is expected to center in the Presidential Preferential Primary, the first ever held in Texas. These names will be on the Republican primary ballot:

Barry Goldwater
Margaret Chase Smith
Nelson Rockefeller
Harold Stassen

So, if you consider yourself a Republican, you will have a chance this year to vote in that party's primary locally.

But you can't vote in both primaries on May 2nd.

Sample Ballot Inside

On page 6 of this Success issue is printed a Sample Ballot for the May 2nd Democratic Primary.

The ballot shown is for Precinct 1 which the bulk of Schleicher county voters will use. Other precincts vary in nominees for the County Democratic Executive Committee and for Commissioners.

Sample ballots printed on yellow paper are available for all precincts here at the Success office and at the County Clerk's office.

A Reminder: Tuesday is deadline for voting absentee. Another Reminder: You are urged to study the Sample Ballot carefully; but you CANNOT take a sample with you when you go to the polls to vote.

Some Changes In Faculty Coming Up

In meetings last week, the board of trustees of the Schleicher county school system re-elected the current group of teachers for the coming year.

Mitchell Bronaugh and Mrs. Elston Donelson tendered their resignations.

Mr. Bronaugh, who has taught high school math here this past year, is to enter graduate school.

Mrs. Donelson, who has taught fourth grade here for several years, is to join her husband at Post.

Coach Douglas Jung submitted his resignation some time ago and after this school term is out will move with his family to Kerrville where he has accepted a coaching position in Tivy high school.

Seismograph Crew Here

The Century Geophysical Corporation sent a crew of about 15 men to Eldorado from Ft. Stockton Monday. They are making a survey in the western part of the county. They expect to be here about three weeks.

The men have lodging in the two motels here and in the Eldo Hotel.

SENIORS SELLING TICKETS

"She Stoops To Conquer," billed as Oliver Goldsmith's Classic 18th Century English Comedy, and abridged by Harold G. Slike, will be the play presented a week from tonight by the 1964 Senior class of Eldorado High School.

The performance will start at 8:00 o'clock the evening of April 30 in the school auditorium and Bill Bowen is director.

Class members are now conducting an advance ticket sale. Student tickets are 35c and adult tickets are 60c.

Proceeds of the play will help defray expenses of the Senior class trip to the Texas Coast in May.

Two Cars Collide Near Baptist Church

The intersection of South Oak and West Mills Avenue here in Eldorado, a block south of the First Baptist church, was the scene of a collision of two vehicles at about 5:00 o'clock Monday evening.

Larry Rittenhouse was driving his 1960 Ford and a car driven by Mack McAngus struck it on the right side, caving it in.

Mr. and Mrs. Rittenhouse and their two-year-old daughter, Ravae, were all in the car and were taken to the Sonora hospital for observation and treatment.

Ravae suffered a badly cut upper lip which required several stitches to close. She and her mother came home that evening after they were treated at the hospital and released.

Mr. Rittenhouse was treated for shock and spent the night in the hospital before coming home Tuesday morning.

The Rittenhouses' 1960 Ford Fairlane 500 was badly damaged with a caved in right door, broken windshield, and bent tie rods in the front.

McAngus' '55 Ford had the front damaged where it struck the Rittenhouse vehicle.

Week-End Revival Set At Eastside Church

The Jackets For Jesus group from Howard Payne College will have charge of services at the week end revival coming up at the Eastside Baptist church.

Friday, Saturday, and Sunday nights at 8:00 o'clock are the times set for the services. R. L. Higginbotham is pastor of the church and he and the church members state that "Everyone Is Invited."

The church nursery will be open.

Old Ice House Removed

Another old building was removed from the Eldorado business district last week when the old ice house near the West Texas Utilities building was moved out.

The frame structure was erected by the West Texas Utilities firm back in about 1928, the year that the company ran a high line into Eldorado. They subsequently sold the ice house property and it was operated over the years by a succession of people who sold groceries as well as ice. The refrigeration equipment was removed some time ago, and it is understood that the building was taken to the lake to be remodeled into a fishing cabin.

Purchaser was Harold Susen.

Boy Scout Troop To Hold Family Night Monday

The Boy Scout Troop 18 here in Eldorado will stage a family night this coming Monday, April 27th, at 7:00 o'clock in the Memorial Building.

The meeting will begin with a pot-luck supper. Each Scout Mother will be contacted by a committee of Scout Mothers on what to bring. The Troop committee will be in charge of physical arrangements and Scoutmaster Gail Mittel and Assistant Scoutmaster Perry Don Free will be in charge of the program.

The program will feature a short movie on summer camp and plans for attending this summer. Scouts who have completed the work on their rank requirements will be awarded their badges.

Certificates and badges to be presented Monday night will include: Richard Keel, Robert Wilson, Carl Porter, and Bob Haynes, Tenderfoot; Keith Williams, Tenderfoot and 2nd Class; and Denny Phelps, 1st Class.

Firemanship merit badges will be presented David Nixon and Buddy Calk and Calk will also receive a Dog Care merit badge.

J. B. Morris, District Scout Executive, will also be on hand from the San Angelo office of the Concho Valley Council.

No Jury Cases

Thirty-eight prospective jurors showed up Monday morning for possible jury duty, but were paid off and dismissed when no cases were called.

A damage suit, L. D. Mund versus W. W. Sheen was settled out of court. It involved damage to Mund's car about a year ago when his car hit a cow on the highway. Several other cases were continued.

CARBON PAPER at the Success.

Buys Hartley House

Mr. and Mrs. Sam A. Whitten and family were in the process this week of purchasing the R. O. Hartley house on West Field street. The house is about two blocks west of the school.

Mrs. Hartley and her family expect to move soon to Seminole where her husband was transferred a while back by Marathon. She will probably give possession of the house here to the Whittens by this week end.

Local Students Tops In Literary Contest

Eldorado High School ran away with District Literary Meet in Ozona last Thursday for the sixth year in a row. Eldorado massed 158 points to Ozona's 97, Big Lake 86, Rankin 67, Sanderson 5, and Iraan 0.

Principal Frank Kemble says that all the credits belong to the coaches of the events and students who participated. The coaches are Robert Jay, slide rule and science; Leslie Woulland, ready writing; Marylu Ray, shorthand and typing; Katherine Hill, spelling; Mitchell Bronaugh, number sense; and Bill Bowen, speech events.

Eldorado swept the slide rule contest by winning all three places and the debate teams won 1st and 2nd place.

The qualifiers for the Regional Meet to be held in Lubbock this week end are: Debate, Martha Sue Page and Kay Peters; Prose Interpretation, Eldra Gibson; Slide Rule, Buzz McCormick, Martha Sue Page, and Scott McGregor; Science, Tip Finley; Number Sense, Phil McCormick; Ready Writing, Barbara Johnson; Shorthand, Jane Sanders, and Typing, Marilyn Wilson.

The Junior Division in High School ended in a draw between Eldorado and Big Lake each scoring 22 points.

The Elementary Division was won by Rankin with 65½ points. Eldorado was second with 59, and Sanderson was third with 20½ points.

The results of the meet were as follows:

High School Division

Debate: 1. Eldorado, Kay Peters and Martha Sue Page; 2. Eldorado, Mary Humphrey and Judy Davidson; 3. Rankin.

Extemporaneous Speech: Boys — 1. Ozona. 2. Eldorado, Bedford Cain. 3. Eldorado, Tipton Finley.

Girls — 1. Rankin. 2 & 3. Ozona. Persuasive Speaking: Boys — 1. Ozona. 2. Big Lake. 3. Eldorado, Richard Preston.

Girls — 1. Ozona. 2. Big Lake. 3. Eldorado, Paula Mace.

Poetry Interpretation: Boys — 1. Rankin. 2. Eldorado, Karon Kemble. 3. Ozona. Girls — 1 & 2. Rankin. 3. Big Lake.

Prose Reading: Boys — 1. Big Lake. 2. Eldorado, Jerry Stigler. 3. Rankin. Girls — 1. Eldorado, Eldra Gibson. 2. Big Lake. 3. Rankin.

Number Sense: 1. Big Lake. 2. Eldorado, Phil McCormick. 3. Sanderson.

Science: 1 & 2. Ozona. 3. Eldorado, Tipton Finley.

Slide Rule: 1. Hollis McCormick. 2. Martha Sue Page and 3. Scott McGregor, all of Eldorado.

Shorthand: 1. Big Lake. 2. Ozona. 3. Eldorado, Jane Sanders. Typing: 1. Rankin. 2. Ozona. 3. Eldorado, Marilyn Wilson.

Spelling: 1. Big Lake. 2. Eldorado, Frankie Blaylock and Jo Marie Gault (team). 3. Ozona.

Ready Writing: 1. Eldorado, Barbara Johnson; 2. Ozona. 3. Rankin.

Junior Division

Boys' Declamation: 1 & 2. Big Lake. 3. Eldorado, Steve Whitten. Girls' Declamation: 1. Eldorado, Jo Marie Gault. 2. Eldorado, Kay Sanders. 3. Big Lake.

Elementary Division

Declamation: Boys — 1. Eldorado, John Meador. 2. Eldorado, Mickey Pennington. 3. Rankin. Girls — Eldorado, Susan Hill. 2. Sanderson. 3. Rankin.

Spelling, 7th & 8th grades — 1. Rankin. 2. Eldorado, Susan Hill and Billie Gayl Blaylock (team). 3. Sanderson.

Number sense: 1, 2 & 3: Rankin. Ready Writing: 1. Eldorado, Billie Gayl Blaylock. 2. Eldorado, Susan Hill; 3. Rankin.

Re-Classifications For Draft Announced

Frances W. Grobe, clerk, announced recently that at the local board meeting on Tuesday, April 14th, the following Schleicher County registrants were classified as follows:

Manuel D. Gauna.....	V-A
Grover L. Johnson.....	V-A
Donald G. Parks.....	IV-A
Robert F. Frost, Jr.....	II-S
Sherrill W. Dannheim.....	IV-A
Ernest K. Nimitz.....	I-D
Bertram L. Bruton.....	III-A
Ollie G. Green.....	I-C Ind.
Velton J. Taylor.....	II-S
Fernando A. Mejia.....	I-Y
James E. Parker.....	II-S
Johnny F. Griffin.....	II-S
Arlo R. Torres.....	I-Y
Ronald J. Griffin.....	I-A
Michael A. Sudduth.....	I-A
Eduardo V. Tanguma.....	IV-F

Mrs. Jim Hoover Funeral In Mason

Mr. and Mrs. L. M. Hoover were called to Mason yesterday because of the death of Mrs. J. W. Hoover, the wife of Mr. Hoover's nephew. She had been in ill health for several years.

Mrs. Hoover was a native of Cherokee, Texas, and married Jim Hoover in 1924. The couple came to Eldorado, where he was a partner of L. M. Hoover in the drug business. She taught school for a time in the Eldorado school and held various other jobs around town.

They lived in Eldorado some 25 or 30 years before selling out and moving to Mason, where he is engaged in ranching.

Funeral services will be held today at 3:00 p.m. in the Methodist church in Mason. Her husband, a sister and two brothers survive her.

Masonic Workshop Set Friday In Ozona

A Masonic Workshop will be held for officers and members of Masonic Lodges in this area at the Masonic Lodge in Ozona at 7:30 p.m., April 24th. Officers of Masonic Lodges at Sonora, Ozona and Eldorado have been invited to participate.

Harold Friess of Sonora, will conduct the workshop. He is also Chairman of the Masonic Workshop Area covering five counties in this area. The workshop will deal with common problems of Masonic Lodges and their operations.

The workshop has been approved by John R. Collard, Jr., of Spearman, Grand Master of Masons in Texas, and is part of a semi-annual state-wide program covering the quarter-million Masons in nearly 1,000 Masonic Lodges in the state.

Grand Master Collard urged the attendance of officers and members of the three lodges invited to participate and stressed that other Masons are welcome to attend.

Bride To Be Introduced

Mrs. James Hamilton O'Harrow, who before her recent marriage was Miss Melissa Sutherland, is to be introduced at a tea this Saturday afternoon at the O'Harrow Ranch.

Hostesses will be Mrs. Grace O'Harrow, Mrs. Luke Robinson, Mrs. Hoyt Smith, and Mrs. Jim O'Harrow.

HEART O'TEXAS SINGERS' REUNION SET APRIL 25-26

Brady: The Annual Heart o'Texas Singers Reunion will meet Saturday night and Sunday, April 25th and 26th in the high school auditorium at Brady, Texas.

A concert, by the visiting quartets will be given Saturday night beginning at 8:00 o'clock. Four outstanding quartets and many other groups will be on hand for your entertainment.

Doors open Sunday morning to the public for the all-day singing, which will include class singing and also quartet singing until 4:00 o'clock in the afternoon.

Lunch can be had at noon in the school cafeteria.

Mrs. A. C. Stewart, president of the organization, cordially invites everyone to attend.

Clara Gauntt of Lovington, N.M. visited her aunt, Mrs. A. A. Clark, last week end.

Mustang Showing Draws Good Crowds

Joe Gault Ford Sales here in Eldorado reported a steady stream of lookers last Friday at the showing of the new Mustang sports car, now being manufactured and sold by Ford.

Forty years of change were shown by Bob McWhorter's 1924 Model T Ford which was on the showroom floor beside the new Mustang. Both vehicles have remained in the showroom this week where they continue to attract comment from people who drop in.

Styling and features of expensive European road cars are combined with an American mass-production price, compact economy and traditional Ford quality in the Mustang—a new line of cars from Ford Division of Ford Motor Co.

Aimed at the fastest-growing dimension in American motoring—driving for pleasure—the Mustang offers the practicality of a back seat and adequate trunk space in a car comparable in size to the classic two-passenger Thunderbird.

Mustang hardtop and convertible models feature—as standard equipment—such sports and luxury features as bucket seats, molded nylon carpeting, floor-mounted shift for both manual and automatic transmissions, all-vinyl interior, padded instrument panel, and full wheel covers.

"In the Mustang, Ford actually has created three cars in one," according to Lee A. Iacocca, Ford Motor Company vice president and Ford Division general manager.

Mustang options available to the performance-minded include a selection of three V-8 engines with up to 271 horsepower, 4-speed transmission, quick-ratio steering, Rally

Pac with tachometer and clock, limited slip differential, and a special handling suspension and sports tires.

Luxury options include a center console, power brakes and steering, automatic transmission, power convertible top, rear-seat radio speaker, remote-control trunk release, vinyl-covered hardtop roof, and air conditioning.

"We believe the Mustang represents a new dimension in American motoring at a time when new and old generations of car-lovers alike have come full circle to an appreciation of the automobile for its own sake," says Mr. Iacocca. "It offers a combination of driving fun, roominess and style that permits the Mustang buyer to make of the car almost anything he desires—all at a low initial cost."

The Mustang is low—only four feet, three inches tall—with a wheelbase of 108 inches. It has an over-all length of 181.6 inches—just half an inch longer than the two-passenger 1957 Thunderbird—and is 68 inches wide. Yet, with two bucket seats in the front and a bench-type seat in the rear, it offers 5-passenger seating.

McLendon Challenges Civil Rights Bill

Gordon McLendon concentrated his fire on the pending civil rights bill in the waning days of his campaign for the Democratic nomination for U. S. Senator.

He followed a schedule designed to reach, through personal contact and communications media, the greatest possible number of voters before the May 2 primary. His itinerary calls for thousands of miles of travel into all sections of the state by plane and helicopter.

"My opposition to the bill being debated in the Senate actually is a crusade for civil rights," he declared. "I'm not in favor of denying any of our citizens the rights granted them by the Constitution, but I am against the passage of this bill because certain sections of it threaten the civil rights of all citizens. Those provisions would deny everyone, regardless of race or national origin, the right of trial by jury and deprive us all of control over our property—including our very homes."

"Some of the people who are demanding the passage of this bill without changing a word or a punctuation mark, evidently are

mised. But I am convinced that the leaders who are mapping the strategy of this high-power campaign know exactly what they are doing. They see in this bill, with its disregard of fundamental civil liberties, another instrument of power over the lives of the American people."

McLendon emphasized that the only way of registering majority opinion on the principles involved in the campaign is to vote in the Democratic primary.

BROWNIES MEET

The Second and Third Brownie Troop No. 153 met at the Corral Tuesday. There were nine girls and two leaders present.

The girls worked on the Girl Scout Promise for their Fly-Up Ceremony. Plans were made for a hike and weiner roast next week. Refreshments were served by the hostess, Rosellen Maness.

Mrs. W. A. Van Dusen visited in Fort Worth last week when she took her mother, Mrs. W. L. Reed of Yantis that far on her way home after visiting in the Van Dusen home for three weeks.

Our WASHINGTON Letter

By Congressman O. C. FISHER

Race problems keep popping up in Washington news. It gets a little boring but since March of 1963 a substantial share of the time of the Congress has been devoted to this emotional and political issue.

Last year it was estimated that Bobby Kennedy spent more than 50% of his official time dealing with racial issues. In fact, Bobby was credited with triggering the first Freedom March, featuring bus loads of a mixture of Negroes and whites who invaded the south to test local segregation customs. Freedom marches led to the Birmingham demonstrations and mob actions, the shooting of a Negro NAACP leader in Jackson, a march on Washington, and an assortment of sit-downs, boycotts, blockades, interspersed with a variety of intimidations and threats.

Over in Brooklyn the CORE chapter is threatening a "stall-in" of cars to tie up traffic at the New York World's Fair on April 22. The plan is to have 2,000 CORE-driven cars run out of gas simultaneously in the main traffic lanes that day, as a protest against racial discrimination. But it may be stopped.

A touch of comedy has entered the picture. Some of the politicians who encouraged the mass demonstrations are now being forced to urge the Negroes to forego this latest threat. Even Bobby Kennedy has quietly suggested that the Negroes slow down.

Here in Washington, which the late President Kennedy said should be the nation's showcase for integration, the age-old principle of "birds of a feather flock together," has been asserting itself. In 1955 (just after the Supreme Court decision barring segregation in public schools) in the District of Columbia public schools for the first time integrated. In Eastern High School, for example, in 1955 there were 510 white students, and 688 Negroes; eight years later, in 1963, in that same school, there were 5 whites and 2,381 Negroes!

At McKinley High school, in the District, in 1955 there were 521 whites and 659 Negroes; eight years later, in 1963, there were 15 whites and 1,774 Negro students! At Roosevelt High school, also in the District, in 1955 there were 634 whites and 518 Negroes; last year, eight years later, there were 19 whites and 1,319 Negroes!

The same ratio runs through all the District schools. The whites have simply chosen to move into suburban areas or send the kids to private schools. It happened that in the District of Columbia, unlike most places, the people did have those alternatives available.

Beth McCalla spent the week end in Abilene with Mr. and Mrs. Sid Pennington. Mrs. Pennington is the former Genelle McCalla.

Visitors of Mr. and Mrs. P. E. Moore were Betty and Ann Pfleger of San Angelo on Tuesday.

'65 Tags Being Made

Austin.—While the Johnny and Jane-come-latelys were rushing to purchase 1964 automobile license plates before the April 1 deadline, production of 1965 tags was well under way.

It has been, in fact, for 30 or so days.

Plates are manufactured by the Texas Department of Corrections in Huntsville under an inter-agency agreement with the Texas Highway Department. The Highway Department provides the design and material specifications for plates, maintains inspections, and accepts delivery within the plant.

Inmates of the Department of Corrections finished '64 plates by January 30. After a 30-day period for spring cleaning—the tag plant is known as the "show place of the prison plants"—inmates started turning out those for next year.

The 1965 plates will have a "new look," according to R. W. Townsley, director of the Highway Department's Motor Vehicle Division, which is located at Austin.

Each passenger plate will have three letters and three digits (i.e.: AAA. 787) instead of the usual two and four combination. Studies show this combination can be perceived quickly and accurately with little difficulty. (Commercial and miscellaneous vehicles will retain their own special registration system.)

By adopting a new license numbering system, the Highway Department will be better able to cope with the rising registration rate. Since World War II, approximately a quarter-million more vehicles have been registered yearly by the Department. This trend should continue.

Because of the spiraling registration rate, Texas was about to exhaust its license number combinations. Taking stock, Department officials decided to revamp its system. After careful consideration, the three-letter prefix English System was adopted. It is known as the English System because it has been used in that country for more than 20 years.

This is the only system yet devised which will adequately handle the number of passenger vehicles to be registered in Texas in forthcoming years.

Using all 26 letters of the alphabet as part of the prefix, the system provides as many as 17½ million possible combinations. To fit its own needs, however, Texas has modified the system. Only 20 letters will be used. Besides "Q," the vowels will be eliminated to avoid possible formation of undesirable words. For obvious reasons, letter combination prefixes of "LBJ" and "JFK" will also be eliminated. Although the modification reduces the prefix possibilities to around eight million, this system should produce enough numbers for passenger plates for the next 10 to 15 years.

The predicted registration increase has had another effect on plate production. Although production of plates has been a year-round operation, prison inmates—thanks to automation—may be finished sooner than usual this year. With an eye to the future, the Highway Department installed two new presses. The presses emboss two sets of plates at once and will be well able to cope with the growing demand.

The presses—and processing of plates—will proceed at top speed anyway this year, so that prison inmates will be able to expand their industrial endeavors. If the inmates finish processing '65 plates before the year is out, they will devote their time, and equipment, to the other industries.

With adoption of the new numbering system and equipment, the Texas Highway Department has once again demonstrated its ability to keep pace with the times. So it is that the Department has abandoned a plate pattern long in use. It seems fitting—and symbolic, somehow—that the late 1964 plate produced at the prison was "touched up" by an inmate with an obvious sense of humor.

Instead of the usual letter-number markings, the plate read, "THE END."

by Tiny Godwin

Schleicher County Agricultural Agent

All cotton producers are invited to attend a cotton meeting, Tuesday, April 28, at the Memorial Building at 2:00 p.m.

Mr. Fred Elliott, cotton specialist, will cover mechanical and chemical grass and weed control.

Philip J. Hamman, entomologist, will cover insecticides and application equipment.

B. G. Reeves, Extension ginning and mechanization specialist, will cover machine harvesting of cotton including new developments in stripper harvesting.

If there other topics that cotton producers which to cover, feel free to do so.

Surveys show that Schleicher county in 1940 had 260,000 acres that had a brush control problem. In 1960 there were approximately 590,000 acres with a brush control problem. Brush control is the largest economic problem facing county ranchers today; a 5-10 million eradication job. Mesquite and other brush is gaining on the county each year even with the brush control now being employed.

Extension Service, Soil Conservation and ASCS technicians will take part on the program.

It is hoped that all producers in the county will attend this program to be conducted at the Memorial Building, Wednesday, April 29, at 2:00 p.m.

Four pounds of grass can be grown on the same moisture as a pound of mesquite.

Education boils down to wise choosing of company, and listening.

Scott McGregor, David Whitten, Chris McCravy and Mike McCravy will represent the Schleicher County 4-H club at the District 7

Elimination Contest Saturday, April 25th.

Should this grass identification team win the district they will represent Extension District 7 at the State 4-H Club Round-Up June 2-4 at College Station, Texas, for the 14th consecutive year.

Schleicher county teams have won the state three times, placed 2nd 5 times, 3rd 4 times and 4th one time.

Did you know that the first grass judging contest was held in Schleicher county? There are over 100 different grasses that have been identified in the county, with 10-15 supplying the economic values as to grazing to livestock in the county.

The best way to prevent a nervous breakdown "is to work hard," says a psychiatrist. Anyone having a better solution please call 22591 the County Agent's office.

The screwworm has begun its annual march northward, and now that weather conditions are favorable farmers and ranchers need to become screwworm conscious.

Failure of producers to treat shearing cuts, scratches, and surgical wounds could result in a sharp upswing in screwworm cases.

Only 7 cases of screwworm were reported in March in the state but this could be doubled in the first week in April.

Producers—please keep a close look-out for cases. Continue to treat, sprav, and send samples to Box 939, Mission, Texas, for identification.

Vials may be secured at the County Agent's office.

Progress is made by learning to apply laws and truths that have always existed.

VOTE MAY 2 TO RE-ELECT GOVERNOR JOHN CONNALLY

FOR MORE JOBS FOR BETTER EDUCATION FOR HELP FOR ELDERLY FOR A BALANCED BUDGET

Don Yarborough Warns Of Sales Tax Increase

Don Yarborough, Democratic candidate for governor, warned Texans this week that continued lobbyist-controlled state government will mean a creeping increase in the sales tax.

"Two years ago I predicted that if John Connally were elected governor, he would cut taxes on the huge out-of-state corporations his

lobbyist friends represent and then increase the sales tax burden on the people of Texas.

"That is exactly what John Connally did. He signed into law a bill cutting \$20 million out of taxes pd. by big eastern gas pipelines, banks, sulphur companies, international oil companies and other giant monopolies."

To make up for that lost revenue, Yarborough said, "the Governor's tax bill extended the sales tax to work clothes. And just as I predicted two years ago, Connally tried to extend the sales tax to cover farm implements. If he were re-elected, he would try again to impose this tax on farmers.

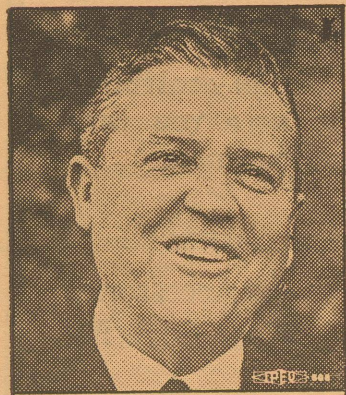

"Texas cannot afford two more years of this kind of lobbyist domination," Yarborough declared. "What it amounts to is a 'soak the poor' tax policy."

Yarborough also pointed out that "the state has ignored the needs of its elderly citizens by providing an average old age pension of only \$53 per month.

"Senior citizens who helped build this state are forced to survive on sub-standard conditions because of the meager assistance payments provided by the state. They live in constant fear of illness and its accompanying medical expenses. "Yet the present governor has done nothing to raise their pensions. He has even come out against the Medicare program which would lessen their burden.

"My campaign is dedicated to bringing a New Day to Texas," Yarborough said, "by correcting the unfair tax situation and protecting the interests of the people instead of the lobbyists."

Mr. and Mrs. Jim Taliaferro were in Odessa last week to visit a four-month-old grandson who was critically ill at Medical Center hospital. The boy has since improved and is out of danger.

A CREDIT TO TEXAS

This is Ralph Yarborough. He is a leader, a man of honesty and integrity. In the words of the late President, John F. Kennedy, "Ralph Yarborough speaks for Texas in the United States Senate and he also speaks for our nation and for progress for our people."

RE-ELECT U.S. SENATOR

RALPH YARBOROUGH

(Pol. Adv. Pd. By Statewide Campaign Committee To Re-Elect Ralph Yarborough, Emerson Stone, Jr., Chairman)

On The Screen . . .

Lewis Fun Fractures Store & Customers

"Who's Minding the Store" at the Eagle Drive-In Theatre Friday and Saturday nights? Jerry Lewis, that's who.

And who's wrecking the mercantile business and fracturing the audience with the madcap nonsense which has become his trademark? This same Mr. Lewis, whose zany antics have won him an enviable track record at the box office, usually without critical kudos.

The secret weapon with which Lewis has mowed down theatergoers to the tune of many millions is his varied portrayal of the underdog, the shy, inept, clumsy troublemaker who eventually comes out on top. The masses identify with one or more facets of the poor little guy's character. They laugh at him, but also with him, which makes the difference. And they get satisfaction when this guy, for whom they have a fellow feeling, wins out over those who have been making him the butt of the jokes.

Frank Tashlin, who also directed, and Harry Tugend have fashioned a screenplay tailored to Lewis' measure. This is the tale of a poor but painfully honest young man who becomes a department store employee and fiancée of a pretty elevator operator. The girl is really the heiress to the store chain but hiding the fact to prove she can be loved for herself. Also, she wants to get away from a domineering mother.

The store is a wonderful setting for Jerry's nutty behavior as he goes from department to department, wrecking each as he goes. Lewis has wisely left the direction and scripting to others, devoting himself to the task of proving that he is a very funny guy with the right material.

Some of the hilarious moments provided are when the havoc-wrecking Lewis is overpowered by a swarm of ferocious females at a bargain basement sale, when he is assigned to painting the top of a flagpole and when he demonstrates a vacuum cleaner which runs amok, devouring all in sight, including a pompous customer's beady-eyed Chihuahua.

In addition to allowing an expert technical team to carry the ball, he has a first-rate supporting cast. Agnes Moorehead is the overpowering mother who runs the store, Ray Walston the chick-chasing store manager, and Jill St. John the attractive mercantile heiress in disguise. All hands romp through the zany proceedings briskly, with Jerry sharing the spotlight.

In a word: The kind of wild funny business which has made Lewis irresistible to his fans.

The cast:
Raymond Phiffer.....Jerry Lewis
Barbara Tuttle.....Jill St. John
Phoebe Tuttle.....Agnes Moorehead
Mr. Tuttle.....John McGiver
Mr. Quimby.....Ray Walston
Shirley.....Francesca Bellini

Ag. Commissioner White Serves Texas Consumers

The agency headed by Texas Agriculture Commissioner John C. White provides more direct services to Texas consumers than any other department of state government, White's office reported this week.

During Commissioner White's administration of the Texas Department of Agriculture, the report said, programs which directly benefit all Texans have been begun and increased to such an extent that consumer services are now five times greater than when White took over. Direct consumer services under White's department include such important programs as checking for honest weights on all goods for home and industry sold in Texas, inspection of egg grades and quality, quality tests of all brands of automobile antifreeze, inspection of numerous kinds of fruits and vegetables, and inspection of nursery products.

In addition to responsibility for fairness in the sale to Texans of the billions of items which come under these programs, White's agency is in charge of numerous additional laws and services which benefit Texas farmers.

Governor Connally To Give Telecast Friday

Governor John Connally will review steps of progress for Texas under his administration in a special half-hour state-wide telecast Friday night of this week. The program will be carried on more than 2 stations in all parts of Texas. Tentative time in most areas is 8:30 p.m. on CBS stations.

It is the first major appearance by the Governor of his re-election campaign. He has made a few non-political appearances over Texas, but mostly concentrated on tending to duties of the governorship at Austin.

In the half-hour program, to originate from the State Capitol, Governor Connally is expected to stress several highlights of his administration on which he has

placed emphasis since taking office. Foremost is likely to be the field of education, which has been a frequent theme of his statements. At the governor's recommendation, the 58th Legislature authorized creation of the Committee on Education Beyond The High School, which currently is evaluating the state's educational resources and laying out a blueprint for the future.

The Governor also is expected to dwell on increased industry for Texas and point out that 317 new plants were built in the state last year—second only to New York. He also likely will point out that the state's new Texas 65 Health Plan provides low cost medical care for aged as a result of legislation passed last year. More than 50,000 elderly Texans enrolled in the plan the first 30 days.

In addition to the statewide half-hour program, Governor Connally also has revived his popular "Coffee With Connally" series inaugurated two years ago. The five-minute informal program is scheduled in stations throughout Texas—in most areas on NBC stations during the Today show.

Sen. Ralph Yarborough Cites His Own Record

"I seek re-election to the United States Senate on a record of accomplishment," Senator Ralph Yarborough said this week.

"I have been your Democratic United States Senator for seven years. In those seven years—working with and for the people of Texas—we have made major steps forward in education, agriculture, conservation, and many other areas."

Listed as major accomplishments by Sen. Ralph Yarborough are:

Tax Cut: Senator Yarborough has fought for the just-enacted tax cut—to stimulate the economic progress of this country—since he was first elected to the Senate in 1957. He helped slash one and a half billion dollars of fat from foreign aid last year.

Education: Sen. Yarborough co-authored the 1958 National Defense Education Act which provides

loans for thousands of Texas students in 77 state colleges and universities.

Agriculture: Sen. Yarborough is a leading supporter of soil and water conservation programs, rural electrification and agricultural re-

search. He co-authored the bill to cut foreign meat imports, and is now investigating depressed cattle prices.

Veterans: 15 laws bearing Sen. Yarborough's name have been passed on behalf of veterans.

GORDON McLENDON

Your candidate for the Democratic nomination for U. S. Senator

BELIEVES . . .

● FOREIGN AID—Foreign aid should be withheld from all communist-dominated countries. Foreign aid should be maintained in those countries in which we have military bases. In other countries where any aid might be prudent, it should be mainly in the form of surplus agricultural products.

● NATIONAL DEBT—Government expenditures should be made only from current income in peacetime. An orderly program for retirement of the public debt should be initiated.

● FOREIGN AFFAIRS—The Monroe Doctrine should be firmly restated and upheld.

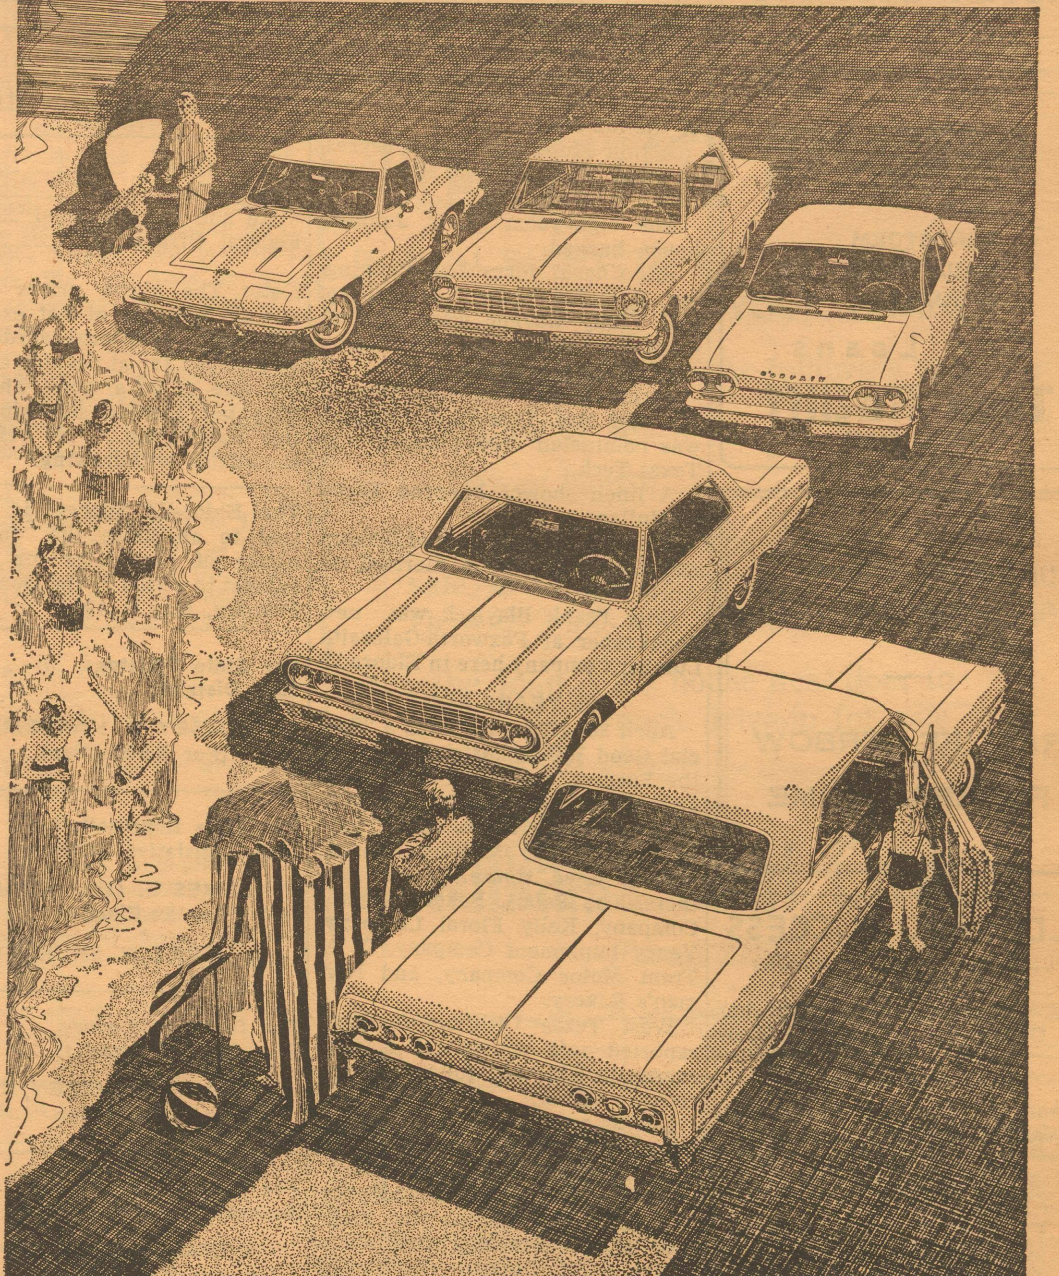

GORDON McLENDON
Democratic Candidate
For U. S. Senator

Vote for Gordon McLendon in the May 2 Primary

In Those Days

Compiled From Success Files

ONE YEAR AGO April 25, 1963—Funeral services were held at Llano for Nolan McDonald, 62.

Bernice Duke took over management of McDonald's Drive-In. A son was born in Dallas to Mr. and Mrs. Billy Jack Etheredge. The Rev. David C. Penticuff was to conduct a preaching mission at St. Mary's Episcopal church.

FIVE YEARS AGO April 3, 1959—Coming up Sunday was open house at the new headquarters building of the Southwest Texas Electric Co-Op. Funeral services were being held for Mrs. Sol Mayer, 94.

Eddy Etheredge was master of ceremonies at the Junior-Senior banquet. George Reesor returned from Missouri where he conducted a revival.

Jane Ann Amacker and Alva Lee Harris set, May 30 as their wedding date in Poplarville, Mississippi. Mrs. Grady Tyler was hostess to a meeting of the Christian Women's Fellowship.

12 YEARS AGO April 24, 1952—A barbecue dinner and all-day family get-together honored the T. H. Alexanders on their Golden Wedding Anniversary.

E. C. Grindstaff of Ballinger was to speak at commencement exercises at school set for May 16th. Lola Beth Ballew was valedictorian of the '52 class.

Arthur Mund was named representative from here to the Draft Board.

The eight-room J. C. Johnson house burned. Bill Cheek, Jerry Lyn Pennington, S. E. Etheredge, Sue Shilling, and Trudy Gaynor were Student Council members who appeared on a Lions club program.

Jackie Henderson, daughter of Mr. and Mrs. Tom R. Henderson, was nominated rodeo queen at Texas Tech.

A linen shower honored Teena McMullan.

Margaret Schwiening of Sonora and Glenn W. Green married on April 13th.

Billy Frank Blaylock was new bookkeeper at Foxworth-Galbraith Lumber Company here in Eldorado.

35 YEARS AGO April 26, 1929—This was a "Special Good Will Industrial Issue" of the Success, for which L. D. Neal and his assistants sold advertisements in San Angelo. Advertisers included The Maurice Shoppe, Monroe Seed House, March Brothers, The Palais, Baker-Hemphill Company, Kelly Floral Company, Yancy Implement Company, D. A. Trent Motor Company, and Norman's Bakery.

West Texas Utilities Company reported sale of several electric ranges in Eldorado following the cooking school.

Deaths reported: Jerome Porter, Schleicher resident for 36 years, and Glendon Truitt Kinsler, 12.

W. T. Conner was elected president and Ed Finnigan vice president of the cemetery association.

Mrs. S. M. Oglesby entertained 13 pioneer women with an all-day meeting and dinner at her ranch home near Mertzon. Those present included Mrs. W. S. Kelly who recalled the Ben Ficklin flood; Mrs. Betty Campbell, who had danced with the James Brothers and Cole Younger; Mrs. Thomas Stonehouse, Mrs. Lee Minor, Mrs. Joe Thorpe, Mrs. J. R. Brooks, Mrs. J. H. McFall, Mrs. Betty Campbell, Mrs. W. S. Locklin, Mrs. Bob Johnson, Mrs. Sam Dameron, Mrs. Jennie Whitsett, and Mrs. W. S. Kelly. McCarroll Lumber Co. opened a yard here.

W. E. Cloud leased the old building once occupied by Rex McCormick and announced plans to open a second hand store.

Z. I. Williams died. He was long-time commander of the Mountain Remnant Brigade of Confederate Veterans who held reunions each year at Christoval.

The Senior class were at work on their play, "The Charm School."

ELDORADO LODGE No. 890—A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

Community Calendar

Attends Brother's Funeral At Lyford

Rev. C. M. Nyquist, pastor of Eldorado First Methodist church, was in Lyford, Texas last week to attend funeral services for his brother, C. G. (Gus) Nyquist, 61.

Following is part of the obituary published last week in the newspaper at Raymondville:

Lyford.—C. G. (Gus) Nyquist, 61, pioneer Lyford resident and civic leader, died unexpectedly of a heart attack at his home in Lyford Monday morning.

At the time of his death he was manager of the Raymondville office of the Valley Production Credit Association, a position he had held for a number of years.

P-TA Installs Officers, See One-Act Play

Mrs. Arlis Brooks of San Angelo, district Parent-Teacher president, was installation officer and guest speaker at the last meeting of the P-TA for the year 1963-64 in the auditorium of the high school last Tuesday night.

She used as her theme "The House That P-TA Built." Ben R. Keel was installed as president; Mrs. Wilson Page, vice president; Mrs. Bob Sykes, sec.; and Mrs. Kenneth Doyle, treasurer.

The three Edmiston youngsters still are somewhat fascinated they can climb the same tree where Ketchum, a notorious outlaw, perched with a Winchester rifle, watching Texas Rangers ride by.

Mrs. Ed Meador reported on the district meeting of the P-TA in Sonora last week. The State P-TA convention expressed appreciation to Mrs. Bob Sykes, program chairman, on the programs last year.

Gas lighting was installed in the White House in 1848.

Surprise House Warming

Mr. and Mrs. Duane Branham were very pleasantly surprised last Monday night when approximately 50 friends and relatives dropped in bearing gifts.

The Branhams moved recently into the house just east of the Co-Op formerly occupied by Howard Faull. They have remodeled and redecorated it since buying it and before moving in from the ranch. Mr. Branham's shop is also located there.

Hostesses at the house warming were Mrs. George Williams, Mrs. James Alexander, Mrs. E. H. Dannheim, Mrs. Vernon Carroll, Mrs. Elvis Parker, and Mrs. Billy Frank Blaylock.

Music for the occasion was furnished by Mrs. Blaylock, Mr. Branham, Mrs. Williams and Dee Jay Garvin.

Out of town guests were Rev. and Mrs. L. R. Higginbotham and son, Bobby; Mrs. Branham's parents, Mr. and Mrs. Floyd Farrington; her uncle, Mr. and Mrs. Dan Farrington, all from San Angelo; and her brother, Mr. and Mrs. Wesley Farrington, and daughters Kathy and Linda, of Miles.

W. F. Edmistons 'Family of the Month'

(The following is excerpted from an article by James E. Vance which appeared in the April 12 edition of the Ft. Worth Star-Telegram, citing the W. F. Edmiston family of this county as Ranch and Farm Family of the Month.)

Old-time badman Blackjack Ketchum probably didn't stir up any more excitement than the fire that ruined the W. F. Edmiston family jeep recently.

The Edmistons raise registered Hereford cattle and sheep about 12 miles northwest of Eldorado. They are the Star-Telegram's Ranch and Farm Family for April.

The three Edmiston youngsters still are somewhat fascinated they can climb the same tree where Ketchum, a notorious outlaw, perched with a Winchester rifle, watching Texas Rangers ride by.

Mrs. Edmiston pointed to the charred remains of the jeep and remarked, "It caught fire while pulling equipment used to burn thorns off prickly pear. Two ranch hands were burned, but it could have been worse. And it was on a Friday the 13th, too."

Edmiston's ranching operation is in a sort of super-sized family partnership. The family lives on and supervises the home ranch of his father, E. N. Edmiston, and Edmiston ranches five leased sections with his brother Orval, the sheriff of Schleicher County.

"We've lived here all our lives and like it," Edmiston commented, "but we have our problems every day. The biggest one always seems to be a need for moisture. I don't know how much too much moisture would be, but I'd sure like to have enough some time to find out."

Average rainfall is about 20 inches. The ranch elevation is about 2,500 feet above sea level. Edmiston controls grazing in order to stretch grass and moisture as far as possible. He controls mesquite that invades the ranges.

"We limit the livestock on a pasture so we'll have grass after a rain and don't overgraze it," he explained. "We're in a 'combination country' which means cattle and sheep are raised on the same ranges. We have a handful of goats."

A white jennet named Genevieve replaced the ill-fated jeep as power to pull the pear-burning trailer. Edmiston said they had burned thorns off pear on 600 acres during winter, providing feed for the livestock. Grass was greening up, signaling the end of pear season, if enough rain falls to make grass grow.

Edmiston also feeds the stock extra to keep it in shape, and to give the grass a chance to grow and increase its nutrient content.

He works to upgrade the cattle and sheep. He buys Battle Intense bloodline, and the cows are Prince Domino and Superior Lad. He sells registered bulls for breeding stock, and commercial cattle for market. The sheep are commercial Rambouillet.

The Edmiston youngsters, including three of Orval's, feed steers furnished by their grandfather.

The home ranch is located in a section where deer population is scarce. For four years the area has been closed to hunting and deer have been imported in hopes of increasing the population.

The Edmistons like their way of life and ranching arrangements, but would like to increase the size.

"We lease because a young man can't afford to buy land," Edmiston, 38, said. "If he could make enough for a down payment, income taxes would take so much he wouldn't have enough money to buy land."

He hopes to continue leasing until the livestock is clear of debt and he can use it as collateral for a start in buying land.

Financial Report Of Community Revival

C. M. Nyquist, treasurer of the local Ministerial Alliance, was in charge of the finances during the Community Revival last week and promised a complete report in this week's Success. Here it is—the average offering for the first five nights was \$71 and on the closing Friday night the Methodist pastor asked for a generous offering to complete payment of expenses—suggesting that \$150 would be the goal, and a \$204.71 offering was received making a total for the week of \$560.65 to be accounted for. The following bills have been paid and there might be some small account not yet received:

The evangelist ----- \$200
The singer ----- \$100
The Eldorado Success ----- \$53.10
Youth Breakfast ----- \$34
Janitor Staff ----- \$30
Motel ----- \$30
Nursery Workers ----- \$24
Long Distance Calls ----- \$6.98
Piano Tuning ----- \$5
Postage ----- \$1.50

Total expense so far it \$484.58 leaving the Alliance with a balance of \$76.07. This amount will be added to our charitable funds and we remind you that the churches of Eldorado thru the Ministerial Alliance administer relief to more persons in Eldorado than any other organization that we know of; so, thanks for the generous financial support.

The Other Side of The Revival
So much spiritual inspiration and moral uplift came from the Christian fellowship in this meeting that the participating churches and pastors without exception are ready to begin planning now for another Union Revival for next Spring. Dr. Edmund Robb and John Ed Carlson made us a wonderful team, and as pastors, we feel that the venture was worth all the work and planning involved. If you attended, you know whereof we speak and we are sure you shared in the blessing that came to each of us.

—Ministerial Alliance of Eldorado

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

The landscape and yard meeting which I mentioned last week was even better than I had anticipated. Landscape design, growing plants, shrubs, trees and all the things akin to them are of special interest to me.

I took many notes and was referred to many bulletins, but these sentences which will follow are the gist of the programs: —"Let's don't create ugliness in our effort to reduce work," said Mr. Jim Franklin, head of the area of Landscape design at A&M University.

—And he went on to say that it took as much or maybe more, common sense than it did book learning to create well landscaped yards and grounds.

—Don't put sulphur on any vine crops; it will kill them.

—Powdery mildew is a dry weather disease and can not grow in a climate of high humidity.

—Black Spot on roses is a wet weather disease; a yard spray will spread the disease the same as a rain.

—Proper fertilization, good watering and mowing are the keys to good lawn care.

More about lawn care—

Use a complete fertilizer at the beginning of the growing season. For us here in Schleicher county that time is now. A complete fertilizer means one with equal amounts of nitrogen, phosphate and potassium. Apply at the rate of two pounds actual nitrogen per 1,000 square feet.

During the summer, or growing season, nitrogen could be applied one more time. Nitrogen is the key to the deep green color that everybody so desires.

When you water the yard do a good job of it. Soak the soil to at least 6 inches.

This causes the roots to go deep and deep roots use the plant foods better and resist diseases.

Do not sprinkle grass once over lightly. Light watering produces light roots and weeds and other strange growths that can ruin a lawn's appearance.

Grass which is well nourished and watered, will finally choke out invading weeds and strange grasses.

Some time in the next few days drive by the Fred Smith home here in Eldorado. The address 110 Oak, diagonally across the street from the First Baptist church. Fred's yard was set with Costal Bermuda grass last summer and its doing beautifully. And, the nice part about the story is that it was just as thick last fall as it is now.

So consider the Costal Bermuda as a possible lawn grass. It is as hardy as our common variety and I believe that it covers more quickly. Many local farmers and ranchers are sprigging with Costal Bermuda now and if you need a small amount of sprigs, call me and I'll try to find some for you.

D.A.R. Honors Memory of Coralie Meinecke

A memorial service was presented by the Daughters of the American Revolution as a tribute to a late member, Mrs. Coralie Meinecke of Ozona, in Ozona last Thursday afternoon.

Mrs. Meinecke passed away last June.

The meeting was held at the home of Mrs. Joe Pierce with the group later convening at the cemetery.

Mrs. V. G. Tisdale served as chaplain. She read from the 12th chapter of Romans; then led in prayer and the Salute to the American Flag, after which the National Anthem was sung.

Mrs. Ernest S. Goens, regent, read the message of the President General and gave the National Defense Report.

A beautiful memorial book with clippings, pictures, etc., was shown. Mrs. L. B. Cox read a tribute to Mrs. Meinecke.

Mrs. Pierce assisted by Ozona members served refreshments of sandwiches, cake, tea and coffee after which the group convened at the cemetery where the regent placed a flag on the grave; the group sang America; Mrs. Goens gave the ritualistic ceremony. Mrs. L. B. Cox Jr. placed the marker at the grave and the chaplain led in prayer, followed by the group repeating the Lord's Prayer in unison.

Attending from Eldorado were Mrs. Goens, Mrs. Tisdale, Mrs. J. E. Hill, Mrs. W. N. Ramsay, and Mrs. Josh Ewing. From Ozona: Mrs. Cox, Mrs. John Bailey, Mrs. Stephen Perner, Mrs. Alma Roach, Mrs. J. A. Fussell, and Mrs. Pierce.

Members of the family were: Mrs. Wallace Scott, Stephenville; Mrs. Wm. Chelton, and Mrs. Gaston Boykin, Comanche; Mrs. J. T. Dockery, Stacy, Shannon and Bud Meinecke, Ozona; and Mrs. Bud Melton, Las Vegas, N. M.

1ST BAPTIST CIRCLE MEETS

The Evelyn Smith Circle met with Mrs. L. T. Wilson Monday afternoon at 2:00 o'clock with Mrs. Richard Cheatham, circle chairman, presiding.

Mrs. J. L. Ratliff taught two chapters from the new mission study book for the quarter, Spiritual Life Development, by Mildred McMurry.

Nine members and a guest, Mrs. W. A. Van Dusen, were served refreshments during the social hour which followed the meeting.

JUNIOR GIRL SCOUTS

The Fourth and Fifth grade Junior Girl Scout troop met Monday, April 20, at the Memorial Building. Refreshments were served by Eva Stigler. We practiced our plays. We sang taps for our closing ceremony. —Jeanne McCravey, rep.

Mr. and Mrs. Gene McCalla and family attended the wedding of Harold Wheeler and Gloria Bell in Azle, Texas, last Friday night.

County Judge W. R. Bearce gave an interesting discussion of Texas history in the Civil War as it related to this county, at the meeting yesterday of the Eldorado Lions club. C. J. Hahn presided.

Mrs. A. W. Hedlund of San Angelo is visiting her sister, Mrs. J. B. Montgomery this week.

Pamela Calk spent the week end at home from the University of Texas.

Damon Bounds, a nephew of J. T. Ottaberry, visited Mr. and Mrs. Ottaberry Tuesday night. He was being transferred from San Antonio, where he had been based since returning from overseas a year or so ago, to Goodfellow AFB in San Angelo.

News From Our Neighbors

Junction Keeping 32 Teachers
Junction school board voted Monday night to retain the present 32 unit teacher set up for the coming year.

Consolidation with London did not bring Junction all the students from that area and some families have moved from the community dropping the average daily attendance enough to lose state support for one teaching unit. However, the board felt that general area growth would make the 32 teachers necessary and so underwrote, for slightly more than \$4,000, the wages for the teacher that would have been lost.

State aid requires an ADA of 25 students per teacher. —Junction Eagle.

Jubilee Events Set At Robert Lee
75th Anniversary events, to be spread over the rest of the year, will be launched here Thursday of next week, with a Board of Community Development luncheon, moved from Tuesday to Thursday to honor the founders of Coke county.

All persons who were living in the county when it was organized, April 23, 1889, are invited to be

honor guests. Those presently residing in Coke county will be given free transportation by Robert Lee people, wherever it is needed. —Robert Lee Observer.

Ask Bids For New Ambulance

The Commissioners Court Monday authorized publication of an advertisement for bids on a new ambulance for Terrell county.

Specifications and details of the bid are to be found in other columns of the Times.

The action came after the recommendation of the ambulance committee, County Judge R. S. Wilkinson, Troy Druse, and Herbert Brown. —Sanderson Times.

GOP Primary Set At Menard

Menard County Republicans, county-wide, will have an opportunity this year to vote May 2 in their own primary, it was announced by Roy Jacoby, county Republican chairman.

Two years ago a GOP primary was held here for voters in Precinct 1. Voters from all over the county may vote in the primary this year.

Only one polling place will be available for the Republican voters, however; those from the entire county will vote at the city hall. —Menard News.

Marathon Officials Tour Area

Marathon Oil Company officials from Findlay, Ohio, Houston, Midland and surrounding area toured the company fields in West Texas April 8th and 9th before returning back to home base. Highlighting the two-day tour was the annual service award dinner held at the Marathon Recreation Building April 8.

A tour of Marathon Oil Company properties in Tom Green and Schleicher counties, Farmer Field, and Olson Field of Crockett county took up the first day, climaxing with the 1964 service awards dinner in Iraan.

Making the 1964 service awards was Coe S. Mills of Midland.

Those receiving awards included Clarence O. Dewey and W. H. Hale, 30 years; Roy A. Crider, 10 years. —Iraan News.

Fill 'er Up And Charge It

Sunday afternoon McCamey was hit by about 17 man-made dust storms in the form of helicopters. And if that wasn't enough, Uncle Sam used your credit card to refuel the approximately 17 helicopters

that used the McCamey airport as a refueling stop.

The planes are part of the war games that will be held in the Mojave Desert near Needles, Cal. They are stationed at Fort Hood and will return sometime around June 1. —The McCamey News.

Van Horn Okays School Budget

The Board of Trustees of Culberson County Rural High School District gave tentative approval of a \$420,340 budget for the 1964-65 term at its regular meeting last Wednesday.

The new budget, subject to final approval in August, is an increase of \$29,340 over this year's \$391,000 budget. \$18,740 of the increase goes for salaries which is brought about by the addition of two more teachers, a local \$50 raise for all returning teachers and 20% of an \$108 increase from state; \$9,200 of the increase is for science equipment and another \$1,930 for the debt service. —Van Horn Advocate.

Ticket Sales Brisk For Big Bend

Ticket sales are going well and interest is running high for the Fort Stockton Day in Big Bend National Park Sunday. Although an exact count on the number of tickets that have been sold is not available because of the variety of places and persons selling, the Chamber of Commerce office is pleased with all indications. —Ft. Stockton Pioneer.

A Cappella Choir Well Received

Well received last night by a large and appreciative crowd in the First Baptist church was a performance by the A Cappella Choir of Howard Payne college which is on tour.

The Howard Payne College College A Cappella Choir of Brownwood, directed by Ivan W. Baugh, was here Wednesday night at the start of a six-day tour of West Texas, announced George Baker, head of the College's music department.

Scheduled are programs at 7:30 p.m. Wednesday (April 22) in the First Baptist church, Eldorado; 7:30 p.m. Thursday (April 23), Belmont Baptist church, Odessa; 11 a.m. Sunday (April 26), Grandview Baptist church, El Paso; 7:30 p.m. Sunday, First Baptist church, Van Horn, and 7:30 p.m. Monday (April 27), First Baptist church, San Angelo.

Baugh, the choir director, is an assistant professor of music at Howard Payne College. He holds the bachelor of arts degree from Mississippi College and the master of sacred music from Southern Baptist Theological Seminary.

He is a tenor soloist and organist of note and has served as minister of music and education for Baptist churches in Florida, North Carolina, Mississippi and Texas. In addition to his work at Howard Payne, he is now serving as minister of music at Brownwood's Coggin Avenue Baptist Church.

School Menus

Monday, April 27: Meatloaf, marinated green beans, baked potatoes, congealed salad, buttered rolls, milk, canned fruit.

Tuesday, April 28: Barbecued beef, pinto beans, potato salad, onion slices, pickles, buttered rolls, milk, brownies.

Wed., April 29: Hamburgers, frites, lettuce & tomatoes, milk, peach shortcake.

Thursday, April 30: Meatballs & spaghetti, whole kernel corn, tossed green salad, buttered rolls, milk, chocolate cake, white icing.

Friday, May 1: Chicken salad sandwiches, tuna sandwiches, milk, cheese strips, potato chips, pecan squares, fresh fruit cup.

Some species of wasps live in social groups while others lead a solitary way of life.

THE BIBLE SPEAKS TO YOU

8:15 a.m. Sundays KGKL-960 Angelo New Christian Service Radio Series

Civil War History Is Being Emphasized

Speakers in 245 Texas counties will relate the stirring events of 100 years ago when they appear before civic groups, study clubs and school assemblies during Texas Civil War History Appreciation Week.

This week, April 20-26, has been proclaimed by Governor John Connally as a time when each county should have at least one public review of Texas Civil War history.

This activity is part of the program of the Texas State Historical Survey Committee and its Texas Civil War Centennial Advisory Committee to research, record, educate and recognize Texas Civil War History.

"It is necessary that, in order to determine which course to take today, we must know what happened and why it happened yesterday," said Governor Connally.

Working through County Historical Survey Committees functioning in more than 245 counties, the TSHSC hopes that by the end of this period, every Texan will know a little more about what happened in Texas during the Civil War.

MARINE RECRUITER COMING

"Building men is a job for men, and the Marine Corps provides seasoned and experienced instructors to train young men in the Corps," said Sergeant Jensen who will visit Eldorado next May 6th from 9:30 a.m. to 10:30 a.m. to interview local young men who are interested in belonging to America's finest Force-in-Readiness.

"A Force-in-Readiness that is built on a foundation of a compact hard-hitting, land, sea, and air team, the Marine Corps is looking for intelligent young men who can qualify to become members of this crack organization," said Sergeant Jensen who will have his office in the post office. Anyone desiring to enlist in the elite organization may contact the Marine Recruiter here or call his main office in Austin, Texas, collect, at GR-66411 extension 425.

Success Office

Austin.—Texans will have ample opportunity to give their views on how the state should be divided into 23 congressional districts of equal population.

A seven-member study group of Texas Legislative Council (research arm of the Legislature) plans to begin extensive hearings over the state soon after the May 2 primary.

Congressmen and party officers already have been invited to make suggestions as to how districts should be drawn with approximately 416,000 population each.

U. S. Supreme Court has supported a Houston federal court ruling that the districts must be formed to provide "equal representation for equal numbers of people" as nearly as possible. The Houston court on April 1 agreed that the Legislature should have a chance to do the job in regular session of 1965.

Sen. George Moffett of Chillocothe, senior member of the Legislature in point of service, heads the study committee which will conduct the hearings. Other members are Sen. Abraham Kazen Jr. of Laredo, and Reps. Paul Floyd of Houston, Tommy Shannon of Fort Worth, Wayne Gibbons of Breckenridge, Richard C. Slack of Pecos, and G. F. Mutscher of Brenham.

Gov. John Connally praised Atty. Gen. Waggoner Carr for his representation of the state during the redistricting case. He said work of Carr and his assistants made it possible for the state to "hold our 1964 congressional elections without the requirement of a special session or at-large (statewide congressional) races."

Court Reforms

U. S. Supreme Court Justice Tom Clark came to Austin for the Texas Conference on Judicial Selection, Tenure and Administration, sponsored by the State Bar of Texas.

Two hundred and fifty lawyers, judges and laymen talked about how to improve the Texas judicial system.

Court organization and administration, and judicial selection, tenure, retirement, discipline and removal were discussed. Lawyers and judges from a dozen other states where court reforms have been enacted participated.

Aging

Governor Connally revealed that 1,400 of the 3,500 senile patients in state mental hospitals have been moved to private nursing homes in the last year.

He told his Committee on Aging that this is one method being used to better the lot of older, ill persons. Many have been sent to mental hospitals because there was no place else for them to go. But under the new Federal-state program of paying nursing home costs of the ailing aged, those not really mentally ill can be taken out of the state hospitals.

He urged the committee, headed by Sen. Walter Richter of Gonzales, to find further ways of bettering the lot of older Texans.

Higher Education

Texas Commission on Higher Education allocated \$3,980,000 in appropriations to meet student enrollment increases in the 20 state-supported senior colleges for the coming school year.

At the same time, the Commission took a step toward higher standards in the state colleges when it moved to abolish state financial support for "questionable" or "frill" college courses, including:

1. Courses not counted toward graduation requirements;
2. Tour or travel courses.
3. Certain "work experience" courses;
4. Dramatic and forensic activities not in regularly organized classes;
5. Courses devoted exclusively to learning operation of one or two simple business machines;
6. Social or self-improvement courses;
7. Remedial courses on the high school level not carrying college credit;
8. Orientation courses aimed at counseling or guidance of freshmen students.

Commission approved recommendations to strengthen graduate and research programs in the North Texas area and authorized new third and fourth-year courses for Angelo State College, San Angelo.

Courts Speak

Fifty-third District Judge Herman Jones granted the first injunction sought by the state to enforce the new small loan act.

DEMOCRATS

Vote In Your

Democratic Primary

Saturday, May 2

Polls Open 8:00 A.M. Close 7:00 P.M.

(Pol. Adv. paid for by local Democrats)

Action was against E. L. Parker, operator of an Austin liquor store, whom Regulatory Land Commissioner Frank Miskell alleged was lending money at rates in excess of 10% without obtaining the required state license.

State Supreme Court knocked out a state law granting a landowner, whose property is surrounded by another's, right of way across the neighbor's land. Its decision, overturning lower courts, denied Baylor County rancher Wilmer Cleghorn authority to a road thru the W. T. Waggoner Ranch.

An El Paso army sergeant convinced the Supreme Court it should hear arguments on April 22 in his suit for Texas voting rights. Many servicemen have complained about state regulations which permit them to vote only in the county where they resided on entering service.

Texas Court of Criminal Appeals rejected the third appeal of Billie Sol Estes from an eight-year prison sentence for swindling. However, the court made technical corrections in its earlier opinion which enables Estes to file another motion for rehearing.

Court of Criminal Appeals ordered a new trial for a Bandera man convicted of sheep theft. He was sentenced to life imprisonment for the theft of one sheep after the jury learned he had had two prior convictions for passing bad checks.

Court ruled that state's attorneys had failed to prove the man's guilt, since the sheep-theft charge was filed by one rancher but testimony centered around "suspicious activities" of the convicted man in the pasture of another rancher who had not filed charges.

Appointments

John P. Thompson and R. L. Thornton Jr., both of Dallas, were named by Governor Connally to Texas Turnpike Authority.

Thornton succeeds his late father for a term expiring February 15, 1967. Thompson succeeds the late Bert Fields for a term expiring February 15, 1969.

Charles H. King Jr., also of Dallas, was sworn in on April 15 as Commissioner of the Bureau of Labor Statistics.

Water

Oil operators in the New and Old Batson and Sour Lake Fields of Hardin County were given a warning by Texas Railroad Commission to dispose of their salt water "in satisfactory manner". However, the commission decided not to issue an order banning the use of open disposal pits.

Lower Neches Valley Authority asked for the hearings on the ground that oil-field salt water was polluting streams from which Beaumont and its industries get water.

Veterans Land Sale Set

Twenty-two forfeited veterans land tracts in seven counties will be offered for sale on May 12, Land Commissioner Jerry Sadler has announced.

Bids on the tracts in Guadalupe, Hidalgo, Uvalde, Wilson, Zavala and Culberson counties must be received at Sadler's office by 10 a.m. on date of sale.

Oil Allowable Set

Texas Railroad Commission set May oil production allowable at

2,800,000 barrels daily for prorated wells, based on production at 28.5% of potential. That's a decrease from the 29% formula of the last three months and 2,900,000 barrels daily for April.

Figure still is the highest for May in the last five years.

PATTERNS FOR PROGRESS

WTU is proud to be a part of your community

PAYROLLS

... sparkplug for economic growth

National studies show that payrolls, which come from 100 basic new jobs in a community, add 100 more homes such as the total electric Gold Medallion home pictured left ... increase retail sales by \$331,000 annually ... create three new retail establishments ... bring 359 new people including 91 school children ... and add 97 more car registrations.

This is another PATTERN FOR PROGRESS.

American industry is on the move ... expanding, relocating, and establishing new product facilities all over the Nation. Here is another opportunity for communities to seek new manufacturing payrolls. WTU suggests that every community give serious consideration to this opportunity, since payrolls are, as we have seen, a sparkplug for economic development and growth.
