Acreage Lined Up For Cucumber Crop

About a dozen irrigation farmers turned out last Friday night to hear a discussion of the cucumber project for Schleicher county.

The group heard Tom Wells of the Brown-Miller Company of Texarkana, Ben Keel, local operator, and W. G. Godwin, county agent.

It is generally agreed that Schleicher county land will produce an abundant crop of cucumbers, but the major problem causing hesitation here would be a labor supply. It was pointed out that as a general rule the harvesting required three pickers for each two acres. If the county signed up for 200 acres provision would have to be made for 300 harvesters or pickers.

Four Latin capitans from Sonora were present at the meeting and each agreed they could round up about 25 hands when called on. Ben Keel admitted that the labor problem was the only thing that had him worried, but after contacting capitans in a number of nearby towns, he was confident that the labor question could be solved.

Bees Play Big Part

Here are some of the points brought out at the meeting:

1. Bees play an important part in pollinating cucumber blooms. A San Angelo apiary places bee hives on farms for \$3.00 the season.
2. Cucumber seed are planted with cotton planters. Several new parts must be bought for the planter. In case you use a John Deere planter, the name and number of the part was given and several farmers took down the numbers.
3. Planting should be done in 40-inch rows.
4. With a favorable season Schleicher county land could be expected to produce 4 to 500 bushels per acre.
5. The Brown-Miller Co. would set up a grading and buying station in Eldorado, probably at the cotton gin grounds.
6. Every load is graded and paid for as received.
7. Standard labor scale is for the picking crew to receive one-half of the crop.

Work Being Done At County Park

Painting of the swimming pool bath houses was done recently, and the pool itself is being painted this week at the County Park in western Eldorado near the airport.

A general sprucing up of the park property is going on for the coming season of Little League ball play and the operation of the swimming pool.

"Pop" Riley is to have charge of operating the pool during the coming season and he will announce specific plans soon. The pool is expected to be open for the summer about the end of May, to be open six days a week, Tuesdays through Sunday, and closed Mondays as in the past.

The fences and decks at the pool are being painted and some more concrete was run near the link fences that enclose the pool area.

Ben Biggs is superintendent of the park and some more grandstands are being built near the Little League field to accommodate spectators more comfortably.

Seed Ordered This Week

By Tuesday of this week Ben Keel had 120 acres signed up and pledged to the cucumber crop and had several more planters still to interview. Feeling confident that the remaining 30 acres would be secured, Mr. Keel has ordered the seed for the 150-acre project.

Seed will come from the Brown-Miller company at a cost of \$1.35 per pound. Recommended planting is 3 pounds to the acre.

The seed is due to arrive here today, Mr. Keele said yesterday. At that time he also said that additional growers were signing up and that the 150-acre project was assured.

The following information is given for John Deere owners—

To convert your John Deere cotton planter to cucumber planter you need a buy a "precision plate" No. H-3102-B, and a ring that goes with that plate, part No. P-671-B. These parts have been ordered and will be available from Porter Henderson at San Angelo.

Lighted Church Sign Given To Methodists

The family of the late Mrs. W. H. McClatchy is giving a lighted church bulletin sign to the Methodist church as a memorial to her.

The sign and materials have been ordered and the estimated cost of the project is \$500.

The official board of the church voted a while back to accept the gift from the McClatchy family. Mrs. McClatchy was a long-time and faithful member of the church.

Dr. Dyer Closes Office Here

Dr. E. L. Dyer closed his office at the Eldorado Clinic Tuesday afternoon. He left yesterday morning for Yellowstone National Park where he will practice medicine in the Park Clinic. His family will join him in about two weeks.

The office will remain open with Mrs. Jack Montgomery, registered nurse, on duty and Mrs. Edgar Spencer at the desk, until Friday, May 15th.

Planning Is Now On For Little League

Earl Barnett will be in charge of Little League play here this summer.

Workouts are to start June 8th with the first game on June 11th.

Teams have not yet been organized but such arrangements will be worked out soon and announced in the Success in a forthcoming issue.

Re-Entry

Operator Jesse Wright was putting equipment on the ground early this week to re-enter and test a Brushy Top sand in a hole drilled in 1959. It was the C. L. Norsworthy No. 1 Thomson, located 980 feet from east line and 660 feet from north line of Sec. 60, Block A, HE&WT R. R. Co. survey. It is located approximately one mile east of Brushy Top field, on land now owned by Morty Mertz.

Graduation Editions Are Coming Out May 21, 28

The next two issues of the Success for May 21st and 28th, will be the annual Keepsake Editions for the graduating Senior class.

Reason for having two papers given over to the Seniors instead of just one, as in recent years, is that this year's class is larger and the two issues will allow for less crowding.

We plan to have pictures of all of the 34 graduates along with a brief write-up of each, historical highlights concerning the class, and advertising messages from local merchants and other boosters.

It is hoped that the coming two Success issues will be treasured keepsakes to be kept in future years by the '64 graduating class and their friends.

The Success crew have been at work on these special editions for some weeks now.

The Seniors and sponsors left last midnight on their trip to the Texas Coast. They will visit Padre Island near Brownsville and Port Isabel.

Track Champs Guests At Lions Meeting

The local high school track team who won the State meet last week end in Austin were guests at the meeting yesterday of the Lions club.

Coach Earl Barnett introduced Ronnie Williams, Gary Turner, Sam Henderson, Pat Childers, Lynn Meador, and Ronnie Griffin.

Other guests were Bill Carlyle and Tom Wallace of San Angelo; Sgt. P. A. Olson recently of Anchorage, Alaska, and Bill Rozean of Eldorado.

Dan Sebesta was program chairman and he introduced Neil Tarvin of the Social Security office in San Angelo. He showed a film, "The Long Haul" which set forth the disability benefits now a part of the Social Security program.

County Democrats Approve State And National Party Slates

When the County Democratic Convention convened Saturday afternoon in the court house, Tom Ratliff as chairman presided. The convention passed resolution from four of the precinct conventions to endorse the state slate of candidates headed by Governor John Connally, and the national slate headed by President Lyndon B. Johnson.

The County Convention also adopted the John F. Kennedy Memorial Resolution which was previously read and approved at several of the precinct conventions.

Mrs. Curtis Short, delegate from Precinct 3, served as secretary. Others on hand included Gerald Hartgraves, 2A; Oran Enochs, 4A; and Don McCormick, Bascom Hartgraves and Bill Gunstead, all of No. 1.

The delegates also passed a resolution to the memory of the late Edwin Jackson and Sam Jones.

New Voting Place For 4A

Oran Enochs, delegate from precinct 4A, reported that his precinct convention had brought up the proposal to change the voting place of his precinct from the Perry Mittel residence to the swimming pool.

To be accomplished, the precinct lines would have to be re-drawn for Precinct 4A to take in the County Park area and would have to be done by the County Commissioners Court.

Precinct 4A no longer has a public place, such as a school, in it, and the voters of that precinct expressed desire for the new voting place, Enochs explained.

The County Convention voted to recommend to the County Commissioners that the precinct lines be redrawn to accommodate Precinct No. 4A.

Delegates To State
The State Convention of the Sept. 15, with one or two conventions to come up in the intervening period.

Schleicher county is allowed one delegate to it, and Dick Prestor and Tom Ratliff were elected with one-half a vote each and bound by the unit rule.

Alternate delegates elected were J. P. Enochs and Bill Bowen.

Eagle Track Team Wins State Honors

The best track and field performers from all over the state of Texas gathered in Austin last Friday and Saturday to hold the annual University Interscholastic League State Meet. The Eldorado track team who had earlier won the UIL Regional meet and qualified 6 young men to the state meet had their sights set on a state championship—the first ever for this school! As the Eagles arrived in Austin they found that Petersburg had become the favorite due to reasons about which we wonder. This fact made the Eagles even more determined since they knew they could take Petersburg for they did it once before at the Regional meet.

A birdseye report:
As 8:00 p.m. rolled around Friday evening it seemed as it would never arrive. The butterfly pool was terrific as fans and competitors alike awaited the moment of truth. This wait also had the sto-

mach ulcers behaving badly.

Pat Childers leads off—hands to Lynn Meador—good hand off—Meador runs good leg—hands off to Gary Turner—fine hand off—We are in good shape as Turner hands to Griffin. After 43.7 seconds elapsed Ronnie Griffin broke the finish string first place in the 440 relay and 20 precious minutes.

As the meet progressed Ronnie Griffin picked up 1 valuable point in the 100 yard dash with a sixth

place finish. Then came Lynn Meador in the 440 yd. dash with 4th place and 4 delightful points. Time 50.6. Next was Ronnie Williams who ran the low hurdles in 20.4 for a 7th place but points are allowed for only 6 places. With a career best time of 22.9 in the 220 Gary Turner placed 5th for 2 gracious points

Now the mile relay. If we finish 3rd or better we are O.K. They are off:

After quarter mile laps of 52.9 by Griffin; 53.6 by Henderson; 52 by Griffin; 49.6 by Meador and a total of 3:28.1 fourth place finish and 8 points gave us 35 points. Still we were not sure of how the points stood with schools other than our West Texas rival Petersburg. A few moments later over the public address system at Memorial Stadium in Austin came this glorious request: "Will the team from Eldorado and the coach report to the finish stand?"

Funeral Today For Ernest Finnigan

Funeral services will be held at 10 a.m. today, Thursday, in the First Presbyterian church, for H. E. Finnigan who died late Tuesday in the Clinic-Hospital in San Angelo following a long illness.

The pastor, the Rev. Dan Sebesta will officiate assisted by the Rev. Kenneth Vaughan of the First Baptist church.

Interment will be made in the Eldorado cemetery under direction of Ratliff-Kerbow Funeral Home.

Pall bearers will be Bill Lester, Arch Mittel, Gene Edmiston, Oran Enochs, James Page, and R. J. Page.

Ernest Finnigan was born in McCulloch county September 16, 1900, and came to Schleicher Co. in 1935. For the past 21 years he was the wholesale Gulf distributor for Schleicher and Sutton counties. For many years he was an active worker in the Lions Club and other civic affairs.

He is survived by his wife and one daughter, Mrs. Jack Hext; and two sisters, Mrs. I. A. Russell of Dexter, N. M., and Mrs. G. H. Patterson of Espinola, N. M.; also a granddaughter, Judy, Mrs. Harold Skaggs of Galveston.

Pack Meeting Tonight

There will be a Cub Scout pack meeting tonight (Thursday) at 7:30 at the Memorial Building, according to Dan Sebesta. This will be the last pack meeting of the school year and a special program is being prepared.

Post Script

We were reminded of another annual event coming up when we got an order last week for printing invitations to the 34th annual meeting of Mias Amigas club, which will be coming up June 25 and 26.

About one-hundred invitations usually go out for this event which brings to Eldorado many former residents who still have a warm spot in their hearts for the old home town.

Members are composed of people who attended Eldorado schools prior to 1920.

New Baptist Quarters To Be In Use Sunday

The contractor has completed the remodeling of the front of the Baptist church and the new educational annex at the east side, and while the new furnishings may not all be in place, it is expected that the new quarters will be ready for use this Sunday.

The new educational building is to house the nursery and beginner departments and some of the equipment was being moved from the old nursery building this week.

The pastor's study will also be housed in the new annex and will have its own heating and air conditioning.

Ground-breaking for the new building was held last December but it was after Christmas before the contractor, Leon Burk, got going on the construction. The entire job is costing close to \$50,000 and included re-working of the air-conditioning system in the old building.

Fred Watson bought the old frame nursery building and was arranging to move it this week to Little Mexico.

Mrs. J. T. Jackson, Sr. Dies At Age Of 91

The Jackson and Curtis Stockton families of Eldorado were in Bertram yesterday, Wednesday, to attend funeral services for Mrs. Mary Louise Jackson, 91, who died Monday morning at the home of her daughter, Mrs. Stockton, in this county.

The funeral was held at 2:00 p.m. in the Cumberland Presbyterian church in Bertram with burial in Liberty Hill cemetery beside her husband who died in July of 1957.

Ratliff-Kerbow Funeral Home of Eldorado was in charge of arrangements.

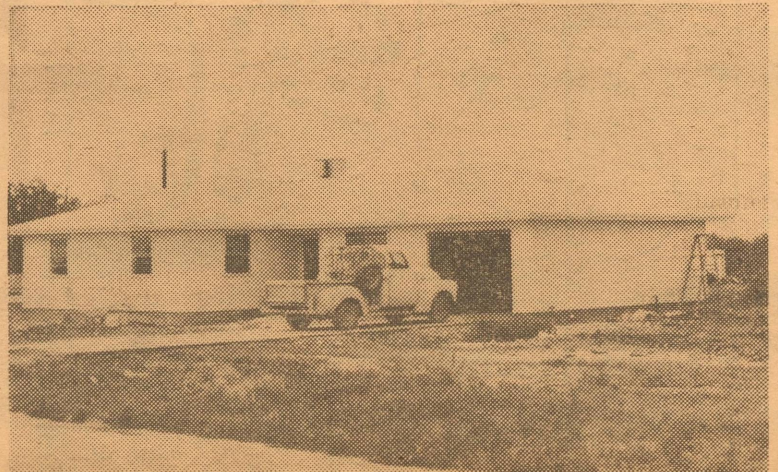

Besides her daughter, Mrs. Jackson is survived by a son, J. T. Jackson of Eldorado; four grandchildren and six great-grandchildren.

She was preceded in death by two other sons: Willie Wood Jackson who died in 1950, and Edwin who died just last month.

Mrs. Jackson was born Mary Louise Davis on March 28, 1873. She married Mr. Jackson on July 16, 1895, in Round Rock, Texas. They owned and operated a large farm in Williamson county before settling in this area in 1925.

School Vote Carries

There was a light voter turnout Saturday in the School District election; apparently most Schleicher county citizens forgot about it and the 500 ballots that were printed were mostly unused.

Two propositions were on the ballot. The first one was "for" and "against" Maintenance Tax.

The second was "for" and "against" the Assumption of Bonded Indebtedness and the Levying of the Tax in Payment Thereof.

The vote was 30 to 1 in favor of both the propositions. W. N. Ramsay was the election judge.

Approval gives the school board the clearance to pay off some of the school district's bonded indebtedness and refinance at lower rate of interest.

Austin.—Conservative tone of the Texas Legislature was little changed by May 2 primary results.

Thirteen members of the Senate and 101 Representatives won re-nomination.

There will be two new Senators. Former Rep. Jack Hightower of Vernon will replace veteran Sen. George Moffett of Chillicothe who is retiring. Successor to Sen. Frank Owen III of El Paso, who did not seek re-election, will be decided in the runoff between Rep. George Cook of Odessa and former Rep. Pete Snelson of Midland. The winner still must face Republican opposition on November 3.

Democratic incumbents in state offices polished off their primary opponents, and turned to the job of running against their Republican opponents in the November general election.

The two primaries resulted in two runoffs, to be held on June 6.

Republicans George Bush and Jack Cox, both of Houston, will vie for the right to face Sen. Ralph Yarborough in November for the U. S. Senate seat Yarborough won holds.

Democratic Congressman-at-large Joe Pool of Dallas will be in a runoff with Robert W. Baker of Houston for nomination to that statewide office.

Outside the U. S. Senate race, all Republican primary candidates for state office were unopposed.

Trial Coverage Discussion Set

A State Bar subcommittee will meet here on June 12 with the state's major press associations to discuss coverage of court trials.

Representatives of United Press International, Managing Editors, Associated Press Managing Editors, Texas Daily Newspaper Association and Texas Press Association have been invited to the first three conferences. Radio and television broadcasters and law enforcement officials will be invited to confer with the Bar's subcommittee on "Trial News Coverage" in subsequent meetings.

The subcommittee has instructions "to study and make recommendations concerning proposed standards of conduct or statements of principles governing parties involved in news stories related to prospective or pending litigation."

Higher Education Boosted

The Committee of Governing Boards of State Colleges and Universities called for a "giant step" to upgrade higher education in Texas next year.

In a new brochure, the voluntary group of regents from different institutions terms 1965 a "year of destiny" for education.

Meanwhile, Gov. John Connally's Committee on Education Beyond the High School got together to edit its preliminary draft of a report on how to achieve that "giant step" necessary to make Texas colleges and universities best in the U. S.

Textbook Committee Named

The new State Textbook Committee was sworn in on May 8.

Group, which will read and evaluate 250-300 school textbooks before making recommendations to the State Board of Education, is made up of:

Edsell F. Bittick, Texas City; Mrs. Edna B. Boon, Austin; Henry Bennett Cooksey, Longview; Durward Grubb, Abilene; Mrs. Steva Ross Harris, Denton; Mrs. Ruth Hicks, North East San Antonio; Fred W. Hunter, Beaumont; Mrs. Evelyn Kidwell, Mt. Vernon; Smith Markham, Richardson; James W. Martin, Arlington; Bruce E. Oberholtzer, Mexia; Mrs. Fay Richey, Bonham; Manuel Solinas Jr., Falgout; Mrs. Hester Still, Amarillo; and Keene C. Van Orden, San Angelo.

Judges Appointed

Governor Connally named James F. Parker Sr. of Beaumont associate justice of the Ninth Court of Civil Appeals to fill the unexpired term of W. T. McNeill, deceased.

Connally also appointed Charles L. Reynolds, Childress county attorney, judge of the 100th District to fill the unexpired term of Judge Luther Gribble, deceased.

Both appointees are Democratic nominees for the judicial posts. Connally said earlier he would appoint winners of the party primaries to the unexpired terms.

Scabies Order Eased

California has eased a dipping order for Texas cattle, reports the Animal Health Commission Director Dr. R. G. Garrett.

Only those cattle shipped to California from the counties of Childress, Cottle, Garza, Kent, King, Lynn, Stonewall, Terry, and Yoakum need to be dipped under the new regulation, Dr. Garrett said. All cattle still need a permit from California and an inspection certificate certifying freedom from scabies.

Constitutional Amendment Places Drawn

Three constitutional amendments to be voted on at the general election on November 3 will appear in this order on the ballot:

No. 1. Amendment to remove authority for transfer of 1% annually of the permanent school fund to the available school fund.

No. 2. Requiring advance publication of bills to create conservation and reclamation districts or

amend finance powers and boundaries of existing districts.

No. 3. Authorizing the Legislature to provide for vendor payments for medical care for citizens 65 and over who are not on old age assistance and are unable to pay for medical services (and including glasses in medical services provided).

Place of the proposals on the ballot was determined by drawing numbers in the office of Secretary of State Crawford Martin.

Missing Persons Search

The State of Texas is looking for hundreds of "missing persons" who have left possessions ranging from a 50-cent piece to a \$239.62 unclaimed payroll check in various depositories for seven years or more, and failed to provide forwarding addresses.

In a final effort to find these people, before their property is escheated by the state, Atty. Gen. Waggoner Carr has filed a lawsuit in the 53rd District Court of Travis County, entitled: The State of Texas vs. R. E. Janes Gravel Co. and others.

Names of the "missing persons" filled three and one-half newspaper columns in the May 1, 1964, Austin American, to fulfill the requirement for advertising for missing owners of property subject to escheat. Persons with any claim to the property listed should file their answers to the suit in the 53rd District Court before June 8.

Opinions

The "Calcutta Pool," a betting system used in some sporting ev-

ents, such as horse races, golf tournaments, tennis matches, skeet shooting, is illegal, according to Atty. Gen. Waggoner Carr. He says the Calcutta Pool system constitutes a lottery.

Carr also held a district court may not commute (shorten) the sentence of a parolee, since state law vests the power to grant reprieves and commutations in the governor.

In another opinion, Carr gave the state insurance board a go-ahead to prevent insurance firms from offering credit as a customer come-on.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

Two new hybrid grain sorghum varieties that have been developed by the Texas Experiment Stations hold great prospects as heavy producers in the county RS625 and RS626. These hybrid are similar to RS608 and 610, but are completely resistant to head smut while RS608 and RS610 are highly susceptible. RS608 and RS610 have been favorites as to yield here in the county.

Taking RS608 and RS610 and crossing to TX414 a head smut resistant combine 7078 with TX09 and then back crossing to combine 7078 gives a smut resistant, higher yielding, less height, sunless hybrid RS625 and 626.

All varieties used in these classes have been favorites in the county for years.

The biggest obstacles to achievement of higher levels of living in underdeveloped nations is that the population is increasing at an unprecedented rate. Foreign aid

programs have been to increase food production by use of fertilizers and management. But population growth in many areas outstripped the rise in food production to the extent that food per capita is less than before the war.

From the first time man and woman set foot on earth, it has taken 1 1/2 billion years to reach the first billion people. The population of 1 billion was achieved in 1830, but it required only 100 years for the population to total 2 billion in 1930.

Furthermore, it has required only 30 years for the population to reach 3 billion in 1960 and it will require only 15 years to add the 4 billion and only 10 additional years to add the 5th billion.

If the growth is not arrested, 7 billion people will be living on this planet by the turn of the century.

Only 7 screwworm cases in the state of Texas last week. Bee, Kennedy and Karnes counties are receiving the necessary treatment, drops of sterile flies to prevent infestation.

For months now, sterile flies have been dispersed along rivers such as Devil's river. Surveys show that the valleys formed by such rivers could and probably do serve as avenues used by screwworm flies to migrate into Texas from Mexico.

Schleicher county producers have turned in 28 cases of worms that have been identified as NSW, not screwworm. This shows alertness, and producers are requested to continue to turn in samples. The battle continues and depends upon each individual producer's alertness.

Dr. Heinsohn will preach at the Memorial Service—honoring ministers who have died during the year—Tuesday morning.

'Cap. Thomson Road' To Be Extended

The Texas Highway Commission last week approved the expenditure of \$120,000 for construction of new Farm to Market Road mileage in Schleicher County as part of the 1964 FM Road Program, announced District Engineer J. A. Snell of San Angelo, Texas.

Mr. Snell said the construction of a farm to market road from end of R. M. Road 2596, 5.6 miles south of Eldorado, Southeast a distance of approximately 5.8 miles has been authorized in Schleicher County. The project will be under the supervision of Mr. R. A. McCulloch, resident engineer of Sonora, Texas.

F. M. 2596 starts near the Santa Fe depot and goes south on the east side of the railroad track a distance of 5 1/2 miles.

The work authorized for this county is part of the new \$23.0 million FM Road Construction Program just announced by the Texas Highway Commission.

The annual Farm to Market Program this year will build more than 1,000 miles of Farm and Ranch to Market Roads in 166 Texas counties. The Commission authorized a total package of 277 projects financed for construction by the action. Construction on a total of 1,032 miles of Farm to Market Roads is involved.

The Farm to Market Program is an annual roadbuilding undertaking of the Texas Highway Department under legislation authorizing a yearly budget for new FM construction.

The Farm to Market Road grid in Texas now stands at 37,143 miles of designated roads. "Designated" includes both roads already built and those financed to be built in the near future.

With addition of new FM miles authorized by the Highway Commission, the Texas highway network exceeds 65,000 miles for the first time. New total for highways of all types in Texas: 65,778.

Of this designated mileage, 3,031 miles represent Interstate Highway and 25,604 miles are U. S. and State-numbered highways of the "Primary" system. The remaining mileage is Farm to Market Roads.

Of the new farm roads to be added to the Texas highway system under the 1964 program announced, 69% are school bus routes and 67% are mail routes. The remaining per cent are generally new routes that when improved will also be utilized as school bus and mail routes.

Today's sprawling Farm to Market Road system in Texas traces its genesis to a 6-mile stretch built in 1936 between the communities of Mount Enterprise and Shiloh in Rusk county. From this first Farm

to Market Road the Texas Highway Department has been pointing toward an ultimate system of 50,000 miles of such roads. Biggest expansion of the system has occurred since 1949.

Former Resident Buried At Denton

Older residents of Eldorado will recall the R. N. Brown family who were residents here some 25 years ago. Children in the family at that time were a son, Carlos; and three girls, Maudie, Mary Lou and Babe. Their neighbors and friends included the L. B. Burk family.

Last week Mrs. Burk received a letter from Mrs. W. E. Baker (Mary Lou) at Mina, Ark., reporting the death of Maudie. We reprint part of the letter as follows:

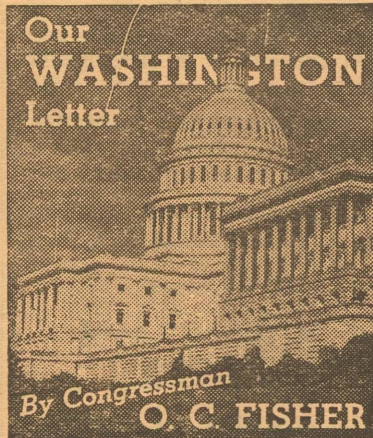

"Dear Ona,
"I know you are surprised to hear from me, but I thought you would like to know about Maudie. She passed away two weeks ago and was buried in Denton where she lived. She had been feeling bad since around Christmas and was coughing up a little blood, so she went to the doctor. . . . They had planned to remove the lung, but the tumor burst and she died on Thursday, April 23 and was buried on Saturday. Her boy is a freshman at North Texas College at Denton.

"Babe has been living in Fort Worth since January while her husband spends a year in Thailand. Her oldest child, Jackie is now 20 years old and is going to school to be a stewardess for some airline. Her oldest boy, now 19, is in Georgia serving on the six months army training program. He will be out in August in time to enroll at Virginia Military school. Her youngest boy, 14, is at home and in 8th grade. I went down and stayed with her a few days and to see Maudie while she was in the hospital.

"We moved up here to Arkansas three years ago. I don't like it but Jack and Josephine do, so it looks like I'm doomed. I am now working as bookkeeper in Hunt's Dept. store. . . . You might want to put something in the paper there about Maudie. Her name was Mrs. E. S. O'Rear and she is survived by her husband and son, Howard of Denton, Texas.

"Babe's name is Mrs. Jack Wurth and Carlos is living in Houston. — Love, Mary Lou (Mrs. W. E. Baker.)"

— WATCH FOR THE TIGER? —

Like a road block, stalled by an accident up front, the Congress is dragging its feet as the Summer months arrive. The House started out in a blaze of speed. Six of the annual appropriation bills were promptly approved, and others are moving ahead of schedule. The tax bill sailed through, and the House also okayed the so-called civil rights measure.

Early this year the leadership talked of an early recess, probably by mid-July. But this is election year, and the answer to the dreams of the top politicians has in recent years been those Negro bloc votes, come November. Hence the civil rights bill, the "accident" ahead which has caused the road block.

Indeed the politicians are so anxious to capture those colored votes that they have virtually shut down the entire machinery of government, so far as the Congress is concerned, in a bid for kind words from such prominent agitators as Martin Luther King, Roy Wilkins, CORE leaders, the Urban League, and others. By putting the civil rights bill first, to the exclusion of all other legislation, the Senate leaders invited the filibuster that may continue for weeks.

By a one-vote margin the Senate last week refused to allow defendants the right of trial by jury in criminal contempt cases arising out of racial issues. It was the Senate's first attempt to modify the civil rights measure.

The Senate has not considered a single appropriation bill, and very little of anything this year except the tax bill—so intent is the leadership, both Democratic and Republican—on corralling those Negro votes in November.

Negroes now represent 10.5% of the total population. That makes them the biggest single minority bloc. One astute politician observed: "Every one knows the civil rights bill is bad legislation, but the political party that dominates in the future simply must be able to count on those bloc votes when the going is rough. It is like finding a pot of gold at the end of the rainbow."

Troop 18 Presented Advancement Plaque

Boy Scout Troop 18 here in Eldorado, which is sponsored by the Lions club, was presented the advancement plaque for April by the Twin Mountain District of the Concho Valley Council.

The award for the highest percentage of advancement of any troop in the district for the month of April was presented the local unit by J. J. Parrish, chairman of the district advancement committee. He made the presentation at the troop meeting on Monday, May 11th.

Bill Johnston, immediate past chairman, also attended. Both Mr. Parrish and Mr. Johnston are with General Telephone in San Angelo.

Gail Mittel is Scoutmaster and Perry Don Free is assistant Scoutmaster of the local troop.

Mr. Free is to accompany about a dozen Scouts to Camp Fawcett for a week starting June 7th.

The price of beef is down. In Schleicher county that doesn't bring much comfort to the rancher, the man who grows the beef. To the housewife, however, the sound is different. Cheaper meat means good eating and easier meal preparation.

It might be a good time to freeze beef if you have enough freezer space. There are a few musts which go hand in hand with satisfactorily frozen meat and that covers poultry, fish and all classes of meat.

The package must be moisture-vapor-proof and must be quickly frozen at 0 degrees. Do not suddenly load your freezer with warm meat or any kind of warm food as that goes. Meat which has been wrapped in common butcher paper, house hold waxpaper or light weight aluminum foil will not protect the contents of the package against moisture loss which causes the meat to turn a grayish color and become dry and hard. This condition is known as "freezer burn" and will in the long run cost a lot more than it will to properly wrap foods.

The "drug store wrap" is the most efficient and popular method of wrapping frozen foods, and is performed by placing the meat in the center of the paper. Take hold of the opposite sides of paper and fold down tightly to meat, so as to drive out air. Fold edges under once again. Then fold in the two ends, pressing out air and make the wrap as tight as possible. Tape the ends or tie package with a string.

(I've just had an idea—if you are slightly confused by these directions above for the drug store wrap, just run down to the drug store; anybody at Calk's will be glad to demonstrate.)

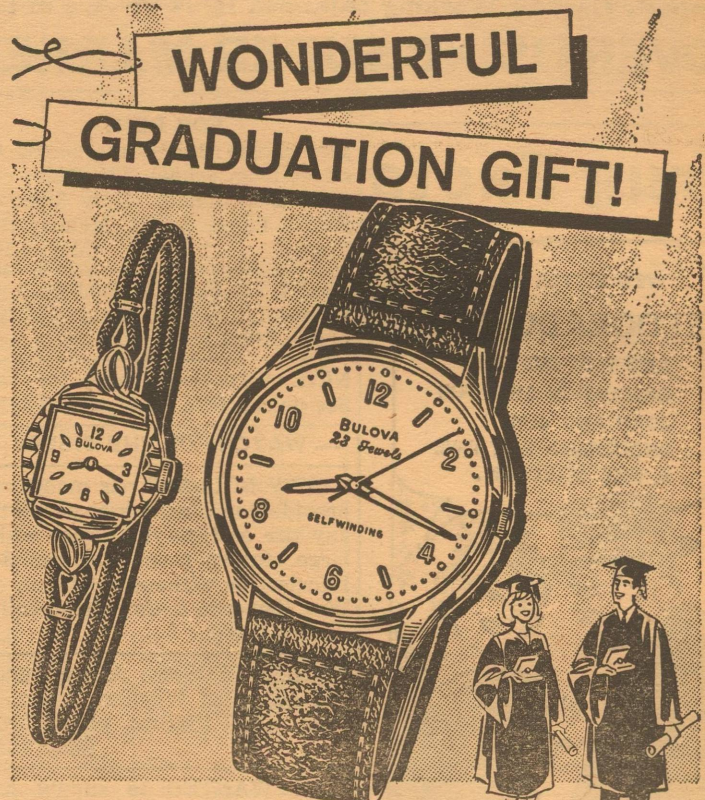

The Junior-Senior banquet of 1964 is one which will set the mark for years to come. Its outstanding decorations, food and general theme has caused more complimentary comments than I've heard in a long, long time.

The credit goes to all the committee members who worked and contributed. This committee effort certainly repudiated the old description of the work of the average committee. Someone has said that a camel looked like a horse that had been put together by a committee. This banquet looked as if it had been put together by a group of people with exciting imagination and a capacity for the fine details which mark this type of an occasion with distinction.

A food hit of the evening was a sweet and sour ham dish. Since the theme for the entire occasion was Polynesian, foods of the islands were featured and from what I hear it was as beautiful to look at as it was to eat.

Dale Preston was responsible for the name and on being called a few minutes ago said that she had promised it to Frances Peters for the Methodist cook book which is being compiled right now.

I told Dale that nearly everyone lost her paper anyway and that most people would be glad to know that the recipe would be placed in a good, permanent binding—so, if

Sweet and Sour Ham
2 tablespoons butter or margarine
3 cups ham (approx.) in bite-size pieces
1/2 cup green pepper strips
1 no. 2 can pineapple chunks, drained
2 tablespoons brown sugar
1 tablespoon cornstarch

3/4 cup syrup drained from pineapple
2 tablespoons vinegar.
Saute ham in butter, stirring until golden. Add green pepper and pineapple chunks. Cook 2 or 3 minutes. Stir in combined brown sugar and cornstarch, then pineapple syrup and vinegar. Cook, stirring, until smooth and thickened. Serve with rice to six. This is an excellent way to use ham leftovers.

News From Our Neighbors

Five Republican Votes

Five votes were cast at the Culbertson County Republican election polls set up here at the last minute for Saturday's primary election.

Local Republicans received word last Friday that they might jeopardize their votes in the general election in November if a local primary was not held according to the election code.

Therefore hurried arrangements were made for ballots, boxes, clerks, etc. and the polls were set up at the First Methodist Church Fellowship Hall.

The local Republicans gave unanimous choice of Jack Cox for U. S. Senator in the only contested race on the ballot and also gave all five votes to Barry Goldwater in the presidential preference poll. —Van Horn Advocate.

Street Name Changed

Complying with a petition signed by homeowners and businessmen of Depot Avenue which requested that the name of Depot be changed to Main Avenue, the City Council of Big Lake acted favorably in its meeting on Wednesday night of last week. Effective after October 1, 1964, Depot Avenue will be designated as Main Avenue with street signs noting that name and all legal technicalities completed. —Big Lake Wildcat.

Hospital Set Open House

A patient spends half as much time and gets better faster today in a hospital than he did 30 years ago. Walter Tinsley, administrator of Kimble Hospital said today on making plans for the opening of National Hospital Week, May 10-16.

An open house will be held from 6:00 to 8:30 p.m. Wednesday, May 13. There will be guided tours and refreshments.

102 Vote GOP in McCulloch

McCulloch County's first Republican Party primary election drew 102 voters Saturday. It was the first such primary in the county's history.

In the presidential preference election, Barry Goldwater was the overwhelming favorite. He got 98 votes as the first choice of local Republicans for the party's candidate for president. —Brady Herald.

Industrial Meeting Set

An open meeting, hailed as one of the most important in Fort Stockton's economic history, is planned for Tuesday night in the High School Cafeteria when two speakers will explain the workings of an industrial development foundation.

The meeting follows a series of studies by the directors of the newly chartered Fort Stockton Development Corp., committee of the Fort Stockton Chamber of Commerce, as to the best plan for operating a Fort Stockton industrial foundation.

Speakers Tuesday night at the meeting will be Vern Lemon, executive vice-president of the Red Bird Industrial Park in Dallas, and Homer Tanner, manager of the Brownwood Chamber of Commerce. —Ft. Stockton Pioneer.

First Butane Loaded Out

First product delivery from the new \$3½ million gasoline plant two miles south of Ozona took place Friday and the first trucks were loaded with the butane and propane at the new plant's loading dock.

The huge transport tank trucks were loaded with the first run of butane and propane produced in the new plant from processing gas from the Hunt-Baggett and the Ozona Canyon gas fields to the east and south and southwest of the plant site.

Henry Miller, superintendent of the sprawling gas plant, said that the loading of tank trucks would be almost a continuous process. —Ozona Stockman.

Swimming Pool Is Nearly Paid For

At the meeting Monday of the County Commissioners Court, it was voted to redeem Bonds 28, 29, 30 and 31 in the amount of \$1,000 each, of the 1956 Park Bond issue (swimming pool).

When the Court met, the amount outstanding of that bond issue was \$8,000, and the \$4,000 being paid now was due May 1, 1966. The First National Bank is holder of the bonds and they agreed to the earlier payment.

County Judge W. R. Bearce reported that the final \$4,000 may be paid this coming December; then the County Park and swimming pool will be ours.

In other business Monday, the Court voted to accept the Highway Dept. order to extend Ranch Road 2596 southeast of Eldorado; and ordered the board of equalization to convene. Both these matters are more fully described elsewhere in this Success issue.

The Court set the salary of Cleo Sanders, deputy in the sheriff's office, at \$300 per month.

S.S. Benefits Total \$14,403 Monthly, Here

The Old Age, Survivors, and Disability insurance payments under the Social Security program is given to 255 Schleicher county people each month and the total is \$14,403.

The figures were released recently for the 13-county area served by the San Angelo office, by Neil Tarvin.

Mr. Tarvin pointed out that since Schleicher county is a rural area, these benefits each month are far above tax collections from here, and that the 255 recipients comprise nearly 10% of the county's population.

Mrs. J. O. Miller Installs Woman's Club Officers

Mrs. J. O. Mills of San Angelo and newly elected president of the Heart of Texas district, Texas Federation of Women's Clubs, was installation officer at the last meeting of the club year for the Eldorado Woman's Club.

The installation services followed a luncheon prepared by the social committee headed by Mrs. Arch Mittel and served in the banquet room of the Memorial building.

The serving table was decorated with an arrangement of red glads presented by Mr. and Mrs. Carroll White in memory of Edwin Jackson, Sr., late husband of the club's president, Winnie Jackson.

Mrs. W. A. Van Dusen was leader for the day and read as the inspirational thought a few verses from the 3rd chapter of Ecclesiastes and introduced Mrs. Mills.

Mrs. Arch Mittel was installed as president to head the slate of officers for the coming year. Mrs. Bascomb Hartgraves will be first vice president; Mrs. Edwin Jackson, secretary; Mrs. Keno Ogden, treasurer; Mrs. R. D. Johnson (club counselor); Mrs. L. D. Ochsner, parliamentarian; Mrs. W. N. Ramsay, historian. She charged each of them to fulfill her duties to the best of her abilities.

Outgoing officers reported on the work done by the club during the year. The theme for the year's study has been "Our American Heritage" and several excellent programs have been presented, showing much study has been done.

Mrs. Mills announced that Mrs. Jackson had been installed as a trustee of the Heart of Texas district at the State Convention last week. She presented Mrs. W. O. Alexander with a state award for outstanding service rendered in her department as conservation chairman this year.

Mrs. W. N. Ramsay was the only member with perfect attendance for the year. She is a charter member of the club and has never missed but one or two meetings.

Other guests present included Mrs. W. C. Swart of Christoval, district secretary and treasurer; Mrs. Lewis Hale, district vice president, also from Christoval; Mrs. Phil Olsen of Anchorage, Alaska and Mrs. Vernon Rogers. Seventeen club members were present.

Women Honored With Luncheon Before Going To The Fair

Mrs. W. T. Whitten honored her friends, Mrs. V. G. Tisdale and Mrs. Mabel Parker, with a luncheon at her home a few days ago.

Mrs. Tisdale and Mrs. Parker left San Angelo Monday morning on a bus tour to the Worlds Fair in New York, with stops at Williamsburg, Va., Washington, D. C., and Niagara Falls in addition to the fair. They will be gone about three weeks.

Others attending the luncheon were Mrs. Lige Chrestman and Mrs. L. D. Ochsner.

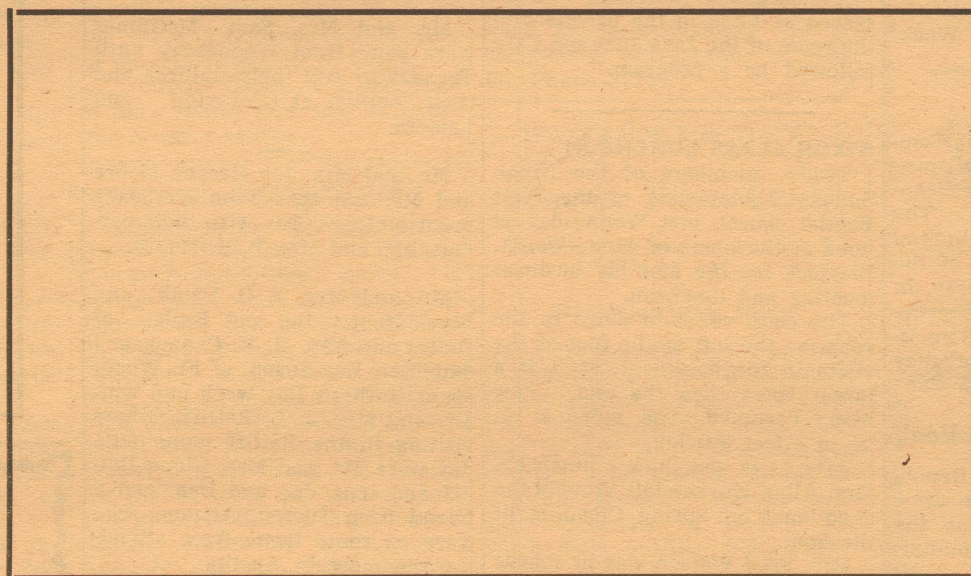

CIRCLE HOLDS MEETING

The Benny Oliver Circle met at the home of Mrs. Bill Rountree for the regular monthly business meeting and mission study lesson. Mrs. Buster Gunn, chairman, presided over the business meeting. Mrs. Edgar Spencer taught several chapters from the mission study book, "Spiritual Life Development" by Mildred McMurry, that is being taught this quarter in W.M.U. study classes throughout the Southern Baptist Convention.

Seven members and a guest, Mrs. W. T. Whitten, were present. Mrs. Rountree served sweet rolls and coffee or tea.

American Legion Convention Is Set

A. W. (AL) GEE
Division Commander

W. H. McGREGOR
Department Adjutant

Legionnaires and Auxiliary members from the 16th, 17th, 18th, 19th and 21st Congressional Districts, comprising the Fourth Division of The American Legion, will assemble in San Angelo on Saturday and Sunday, May 16-17, for their annual Spring Convention, A. W. (Al) Gee, Division Commander, has announced.

Registration will open at 9:30 a. m. Saturday, in the lobby of the Town House Hotel, which will be headquarters for the convention. That afternoon there will be a rehabilitation conference in the Cotillion Room. Arthur Sitas, general chairman, will be assisted by Department Service Officer Fred Brookman of Lubbock. The social hour will be from 4 to 6:30 p. m. The annual convention dance will follow at 8:30 p. m., at Post No. 32 Home on Lake Nasworthy.

On Sunday registration will be resumed at 8:00 a. m. A dutch breakfast for all who desire to attend will be from 8 to 9:30 a. m. in the dining room of the Town House Hotel.

The joint session of The Ameri-

can Legion and Auxiliary will convene at 9:30 a. m., with B. F. Kirk, Commander of Post No. 32, calling the meeting to order.

Principal speaker for the joint session will be the Hon. Waggoner Carr, Attorney General of Texas, who will be introduced by Senator Dorsey B. Hardeman.

Traffic Accidents

Figures released recently by the San Angelo Sub-District of the Texas Department of Public Safety revealed that in Schleicher county, the first four months of 1964 saw a continued rise in accidents over the same period for '63.

There were 15 accidents reported for this county, compared with 12 for 1963, and three injuries this year compared with two for last year. There were no deaths this year and one last year.

Property damage for the four months this year totaled \$8933, up from 1963's \$8185.

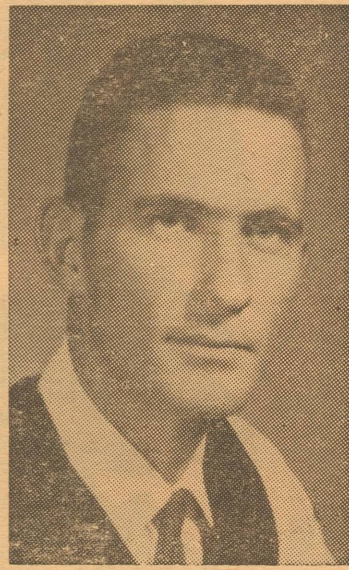

During April, we had one personal injury accident and five with property damage for a total of 6 and the number injured was reported as 2. Property damage for April was reported \$2608.

Attend Family Dinner

Mr. and Mrs. Claude Doyle were in Kerrville Sunday visiting Mr. and Mrs. Lowell Griffin. A family dinner was given in their home in honor of their son, James Griffin, who was home in leave from the U. S. Navy. He had spent the past six months in Japan. He and his wife and two children left Monday the 11th for the Navy Base at San Diego, Cal.

James Griffin is a nephew of Mrs. Claude Doyle. Thirty-two relatives visited him and his family in the Lowell Griffin home Sunday.

By Dayton Kelley

Dallas Morning News columnist Frank X. Tolbert a few weeks ago was looking for information on how the town of Creedmoor, near Austin, got its name.

We've often wondered if the town could have been named for General John Creed Moore, the Texas Confederate who was commended for gallantry at Shiloh, participated in the Battles of Corinth, Vicksburg, Chattanooga and Mobile, and is buried at Osage in Coryell County.

Not much is known of General Moore, who graduated from West

Point in 1849, except that both before and after the War he taught school in such places as Ennis, Mexia, Coryell City, Dallas, and perhaps others; that he lived in Galveston and perhaps San Marcos; and that he resigned his commission for some unknown reason in 1864 and returned to Texas.

We've wondered if he spent some time in the vicinity of what is now Creedmoor and if the citizens admired him so much that they named the town for him. This could easily have been done by combining the middle and last name with the fine "e" of Moore being dropped off somewhere along the line.

It has been said of General Moore that he became a "prolific contributor" to journals and periodicals following his Civil War experience. We've searched through several of the periodicals of the day but have yet to locate anything by him. We've also searched for some of his relatives who might tell us more about his writing and so far, our best source of information has been his granddaughter, Mrs. W. E. Patton of Crawford.

Other descendants are said to be living in Dallas and Wichita Falls and we would like to locate them or anyone else who knows something of General Moore's papers or writings.

General Moore came to Osage in his later years to live near his children. He died in 1910 and is buried in the Osage cemetery. Recently, the Texas State Historical Survey Committee erected an impressive marker at his gravesite listing his Civil War service.

While we were in Mansfield, Louisiana, recently for the 100th anniversary commemoration of that battle, we got together with our old friends, A. H. Plummer, curator of the Mansfield Battle Park, and Llewelyn Notley of Teague, chairman of the Freestone County Historical Survey Committee, to talk about the commemoration. These two were our staunchest supporters when the idea of the commemorative program was first suggested and it was largely thru their help that the plans were finally carried out.

It was generally agreed that the three of us were the first to come up with the idea and we were amazed by the way the thing had grown from a little thought to a massive commemoration of the entire Red River campaign with several thousand persons attending.

Several persons have asked us what Prince de Polignac, who led Texas troops in that battle, was doing in the Confederate Army. We don't know off-hand why he was in America, but will ask Mr. Plummer or Mr. Notley to share their information with us.

month when the Battle of Mansfield and the Red River Campaign were commemorated were those going to two outstanding facsimile reproductions of books published shortly after the War. These were "Generals of the Confederate States Army, 1861-1865," first published in 1898 and now republished by the Steck Company of Austin, and "Leon County CSA Sketches," an 1899 book now republished by W. M. Morrison of Waco.

Both of these publishers always do a commendable job with their reprints in facsimile and these are good examples of numerous other excellent Civil War books on their reprint lists.
