NUMBER 30

Tiger Victory Closes Little League Season Tuesday

When the Tigers defeated the White Sox 13 to 6 here Tuesday night, it made them —the Tigers—champions of the second half as well as the first half of the Little League season, and thereby did away with the necessity of having a three-game play-off.

According to the original set-up at the beginning of the season the top team in the first half would play the top team of the second half in a three-game "world series" if the White Sox had won, it would have been followed by one or two more games to determine the champions.

The Game

The White Sox, batting first, did all right by running in 2 scores in the first innings and shutting out the Tigers in the bottom of that inning. But in the bottom of the 2nd the Tigers got the breaks and ran in 8 scores. The Whites came back in the top of the 3rd and got 4. Then the Tigers got two more, making it 10-6 in the bottom of the 3rd.

When the White Sox went to bat in the 4th it seemed like every batter took a cut at the ball for a line drive, but Tiger outfielders were equal to the occasion. They stopped the rally and retired the side.

In the bottom of the 5th Tiger Mickey Clark slammed one over the fence for a home run. That was all they got in that inning and they didn't need that. White Sox batters were shut out in the 5th, and the Tigers picked up two more in the bottom of that frame. It was nearly 9:30 when the White Sox came up to bat. With one away, the Tigers executed a brilliant double play and retired the side.

So ends the popular Little League season of 1964.

Both teams were presented trophies at the close of the game.

Thursday

It was a night of disaster for the Red Sox and a glorious merry-go-round for White Sox.

Somewhere in the early part of the game the Reds brought in one score. At the end of three full innings White Sox had 18. At the end of the fourth they had 22. In the fifth they ran in no less than 13 more scores, making it 35 to 1, and then we quit counting.

The most thrilling thing in the game was that Johnny Danford of the White Sox knocked two home runs over the fence.

Friday Night

The top team and the bottom team met Friday night for the last regularly scheduled Little League contest, when the Tigers crossed bats with the Cougars.

While the Cougars gave a pretty good account of themselves, the outcome was just about what was expected.

After 3½ innings the score was 9 to 0 in favor of the Tigers. The Cougars brought in two runs in the bottom of the 4th making it 9 to 2. The fifth inning was scoreless.

Monday

The first game in the double-header was between Red Sox and Tigers and at the end of 4½ innings the score was 4 to 0 in favor of the Red Sox. Anything can happen in Little League and as the Tigers came to bat it did. With two men out and the bases loaded the Tigers got some hits; the Red Sox made a bunch of errors and overthrows, and when the dust settled it was Tigers 6, Red Sox 4.

At 8:00 o'clock the White Sox played the Christoval Cougars to the tune of 10 to 0 in 5½ innings. It was the last game of the season for the Cougars.

TROPHY

But the Cougars went home with a trophy provided by Carroll Ratliff. It was presented to the Christoval team before the game for the team displaying the most sportsmanship throughout this Little League season.

The Cougars and their manager deserve the award. Their young, inexperienced team won only one game this year, yet their interest and enthusiasm has never faltered. Everyone looks for stronger competition from the Cougars when next year's season rolls around.

Thanks Workers

Earl Barnett, director of Little League, expresses his appreciation to all the voluntary helpers who gave much time and effort to make the Little League season a successful and popular summer program.

The following are named for special thanks:—

- Wayne Black
- Wilson Page
- Jack Jones
- John Murr
- Ronnie McLain
- Paul Page
- Carroll Ratliff
- Dan Sebesta
- Jack Halbert
- Guy Whitaker

- H. W. Scott
- Sherry Yates
- Jack Montgomery
- Joe Wagley
- Tommy Whitten
- James Reyenga
- Jimmy Harris
- Pete Peters
- E. H. Nixon
- and others.

A recent visitor in the home of Mr. and Mrs. Ed Davis was their son, Marshall, who concluded a meeting Sunday night in San Angelo and has now returned to his home at Taft. The Davises' daughter, Mary Lee of Dallas, is visiting them this week on vacation.

Post Script

The City of Eldorado has had West Warner Avenue extended across the "lake" in the west part of town to the Merton highway.

A fill has been put in with culverts for the roadbed, and some nearby lots have also been filled in.

—ps—

Plans are continuing for the formal dedication and open house of the new Masonic Temple set for Saturday, August 1st.

Edwin Childers is new worshipful master of the Lodge. Further details will be given in next week's Success issue.

—ps—

People moving:
C. E. Harris to the Mary Kemp-sky house.

Billy Singleton to Wallace Joiner house.

Eddie D. Wall to the L. O. Griffith house which he has bought.

—ps—

When the Grand Jury met Tuesday, they returned three truibills. Judge Joe L. Mays may call a session of District Court to meet sometime between now and the regular fall session, which comes up in October.

—ps—

Last Friday, the firemen were called out at about 11:00 o'clock in the morning to a grass fire near Arch Crosby's.

—ps—

With our subscribers:
Claude Alexander's new address in Austin is 2113 Glendale Place.

Glady's Bostick has moved from Camarillo, California, to 1509 Webster in San Angelo.

Jerry Lynn Doyle's new address in Lubbock is 1915A 17th Street.

Frank Kemble's address now is 206 West 8th Street, Cameron, Texas.

—ps—

The walls and roof are in place on the new addition being built onto the First National Bank building, and interior work is now under way.

—ps—

Mr. and Mrs. Fred Riley reported that as they were operating the swimming pool one day last week, a parakeet flew into the office.

Mr. Riley caught it and it acted tame. "Apparently someone's pet," he said.

So—if anyone is missing a male parakeet, Mr. Riley has it at his house and he will be glad for the owner to come and claim it.

—ps—

We goofed a little last week when we repeated a statement that the city water shortage was caused because the pumps weren't running.

Another rumor on the street was that the city was furnishing water for transport trucks hauling water to oil fields. This is not so either. Haley transport trucks are getting their water from Joiner Bros. well.

So the pumps are pumping and Eldorado citizens are using the water almost as fast as it is produced. Supply and demand seems to have leveled off this week and the water department men feel that the critical period is past. In the meantime they are studying about drilling another city well on the south side of town in order to be better prepared for next summer.

Mr. and Mrs. Jack Browning of Van Horn have been visiting here and they brought her mother, Mrs. E. W. Mund, home after she had visited with the Brownings at Van Horn for several weeks. The Brownings are going on to Fort Worth and other points to visit and will attend coaching school the first week in August. He is coach in the Van Horn schools.

Cucumber Grading Machine Now In Operation On The Gin Yard

Our timing wasn't right so we failed to get a picture of this machine last week when it was running with the cucumbers spilling out from a number of chutes according to size. If you really are interested in seeing it in operation, the best time to go is between 5:30 and 6:30 in the evening, at the local gin.

Two truck loads were shipped out to Texarkana recently—one

last Thursday and one on Monday. The two loads totaled 18,000 lbs. Truckers are expected to make it from here to Texarkana in 15 hours.

Ben Keel, the largest operator with 100 acres and having planted first, has brought in the most crop to date. However, Joe Brown, in charge of the station, says that next week will really see the height of the harvest. He reported

that Bill Moore brought in 1,000 pounds Tuesday from one acre, grading from No. 1 to No. 4. That was in addition to 240 lbs. of culls.

John Mayo brought in 3500 pounds on Monday. Leonard Lloyd marketed two batches that graded 58% No. 2 and 17% No. 1. This is a very high grade, since 40% No. 2 grade is considered an average. —Staff Photo

Mika Takes Over Java Junction

James Mika has leased the Java Junction Cafe, located on the Sonora highway, from Bill Edmiston and has taken over the operation of the business.

Mr. Mika, who makes his home on the Potter place about seven miles northwest of Eldorado, stated this week that he would also continue to operate the place as well as run the cafe.

Mr. Mika stated that he would give the same courteous cafe service that patrons have come to expect. The establishment had been operated until recently by Mrs. Louise Boyd, who has remarried.

Mr. Mika has been in the used car business in San Angelo and served on the police force there in recent years.

Boy Scout Jamboree Now In Closing Days

Today, Thursday, is the final full day of the Boy Scout National Jamboree at Valley Forge, Pa., which Buddy Calk from Eldorado and a number of other Scouts and leaders from the Concho Valley Council have been attending with 50,000 others.

Tuesday morning, the Calks had a phone call from Buddy at the Jamboree reporting that he had traded out all of the rattlesnake rattles, cat claws, and other trading articles, and was still having a wonderful time.

The only mishap that had occurred, Buddy reported, was that his tent-mate from Sonora had had to undergo an emergency appendectomy.

The Concho Valley Scouts and leaders are to leave Valley Forge tomorrow and go to the Washington, D. C., area to see points of interest, and they are due back at Mathis Field near San Angelo early Sunday morning.

Herbert Locklear, Bobo Gunn and James Alexander are being transferred to Ozona by the Texas Highway Department, by whom they are employed.

Mr. and Mrs. Toby Posey and family are in Houston for a few days this week for Mrs. Posey's check-up at the Anderson Clinic.

News Of The Sick

Mrs. W. J. Humphrey returned home from the Shannon hospital Monday night and is convalescing nicely.

Ernest Hill returned home from the Sonora hospital last week and is doing fine.

Paul Page came home Saturday from the Shannon hospital where he spent about 12 days after undergoing surgery.

Football Workouts To Start On August 17th

The University Interscholastic League has set the date for fall football practice to begin as Monday, Aug. 17. The Eagles will open the season under the direction of head coach Earl Barnett. Coach Barnett begins his fifth year in this capacity with a respectable coaching record of 30 wins, 7 losses and 3 ties.

A new personality will be on hand as the Eagles get started in the form of Ronald Giles who was recently hired as line coach to take the place of Douglas Jung. Coach Giles comes to Eldorado from McMurry College where has served one year as assistant line coach. The remainder of the coaching staff is not complete at the present time.

Junior High practice is not allowed before school opens and will not begin until August 31.

The Eagle coaching staff are making plans to attend the annual Texas High School Coaches' Association clinic to be held in Fort Worth August 3-6.

This clinic offers lectures by outstanding coaches such as Wayne Hardin, Naval Academy; Charles McClendon, L.S.U., and many others. New and better equipment is always displayed. About 4,000 coaches will be present to exchange ideas, handle association business, and find out what they are doing in other places.

Coach Barnett is to be honored at the Balfour Awards Luncheon as State Championship Track Coach on Thursday.

The Clinic will be climaxed that night at 7:45 by the North-South High School All-Star game at Amon Carter Stadium.

Candidates for the 1964 Eagle football teams both Jr. High and High School are asked to report to the Eldorado Clinic Aug. 11 at 7:00 p.m. to get their physical examinations. These are a must before a player is allowed to practice.

Practice will get under way Aug. 17 with two-a-day workouts scheduled for the first two weeks. Morning workouts will be held at 8:00 a.m. and afternoon at 5:00.

The 1964 Eagles are rather inexperienced with only three starters returning. The line will be larger than usual with average speed. Anchoring the line will be Bobby Halbert, Jimmy Belk, Richard Preston, Beep Cain, and Mike McCra-vey. In the backfield there will be speed galore but no size to speak of. Ronnie Griffin, Sam Henderson, Monty Montgomery, Charles Nixon, and Scott McGregor are the more experienced. A number of the younger players may find a position for themselves if they want one bad enough.

Pre-season forecasts indicate the

top three in district 8-A to be Big Lake, Rankin, and Sonora in that order. With strong community support the 1964 Eagles expect to have a lot to say about those predictions.

The Eagles will open the season on Sept. 4 in Crane against the AA Crane Golden Cranes. A preparatory scrimmage against Rock-springs will take place Aug. 28. The time and place has not yet been determined.

Returning Lettermen

- Beep Cain C-T 200 5' 9" Sr.

On The Screen . . .

'The Brass Bottle' To Be Shown

Showing Friday and Saturday nights at the Eagle Drive-In Theatre and billed as An Arabian Nights-mare is "The Brass Bottle" which is in Eastman Color and stars Tony Randall and Burl Ives. Even with big-time stars like Tony Randall and Burl Ives, you are going to come up with a film for the younger crowd if your plot-line concerns genies who come out of bottles. Which isn't to say that "The Brass Bottle" isn't entertaining. It's that, and, at times, a little more.

You can praise Allah for Randall being cast as the fumbling architect who finds clients and riches coming his way when he releases burly Burl from the antique bottle. There's Barbara Eden and harem-girl Kamala Devi for Pop, and, for the youngsters, there's always Ives walking through walls, causing huge feasts to appear with hand claps, and soaring into open convertibles like the Hertz people had put him there.

WHITELEY FAMILY REUNION HELD SUNDAY

Members of the Whiteley family gathered for a reunion Sunday at Christoval park where they enjoyed picnic dinner and a period of visiting. Present were: Mr. and Mrs. J. C. Whiteley, Mr. and Mrs. Vernon Hazelwood, Mr. and Mrs. Laman Hazelwood, Mr. and Mrs. Tom Carroll and Mr. and Mrs. Vernon Carroll, of Eldorado; Mr. and Mrs. Sam Granberry and Cindy of San Antonio, and Mr. and Mrs. Johnny Aubrey and Tamara from North Highland, Calif.; Mr. and Mrs. Farce Clevenger, Mr. and Mrs. Jack Whiteley and Mr. and Mrs. Edward Whiteley and Paula and Ken, from Brady; Herman Carroll, Gloria Duncan and Lee Rhuebottom from San Angelo, and Mr. and Mrs. Lewis Hudson of Brownwood.

Editorial Comments From Our Neighbors

The Coming Campaign

Having to watch the Republican convention all week long instead of getting to watch "As the World Turns" has caused me to come up with this conclusion: They don't think much of the present administration.

Billie Sol Estes' association with certain people has been said to be a factor in their lack of success, and it could well be that when the pile of Bobby Baker is reduced, it may uncover some interesting things about this administration.

J. Evetts Haley has published a book called "A Texan Looks At Lyndon" which is an "exposay" on some of the facts as Haley knows them. It is an interesting book, to say the least.

One fellow we know got two of the books and was trying to give them away because he supposed them to be written by a friend of LBJ. He couldn't find any takers under these circumstances.

Then when he found out who the author was and the association with him and the subject he still couldn't find any takers of the books, since he said everybody "probably already knew everything in the book and figured that there was no question but what it was the truth." So there's just no point reading it.

We have not and will not understand how a man, any man, can go into high level politics without any money, spend thousands trying to get the office, have extremely high living standards while in office, run again and again for office at a big expense, and still come out with a lot of money and say that they made every dime they have honestly.

One thing for sure, it looks like there is going to be a choice between a conservative and a liberal, instead of two of a kind on a different ticket.

If one would or could concede for a minute that Goldwater is the winner of the Presidential race, all of his conservative ways will not be blessed with approval of the Congress we now have.

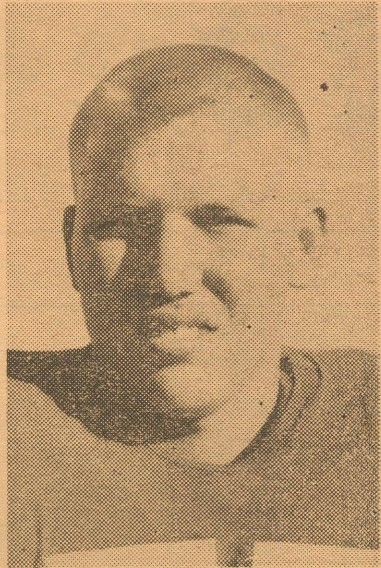

One would say, then why go along with a conservative? In our opinion, there is no use in building a dam without a river, and a river that flows uncontrolled only erodes.

There was a time when the Democratic Party stood with the working man, and it was said that the Republican Party was the party of the millionaires.

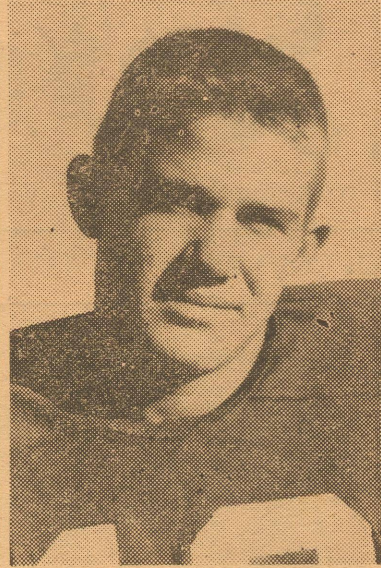

Even that is no longer the truth. Johnson, Kennedy, Humphrey probably outdo in wealth Goldwater, Rockefeller, Scranton.

And little if any of the benefits of the wealth of this nation go to the working man, but rather in contracts to big business; with only a pittance passed out here and there to try to woo the little man in thinking that the federal government is his benevolent god-father. —Sanderson Times.

Chris Edmiston Wins Honors

The annual six weeks summer recreation program ended at the pool Monday afternoon of last week with the swimming meet. Also during the last week contests in ping pong, croquet and basketball free throws were held. Trophies were awarded for champions in each division and ribbons for second place.

Chris Edmiston, a freshman, came away with most of the honors in the senior division. She won the trophy for perfect attendance as well as a trophy for high point swimmer. She won first place ribbons in three swimming events and third in one event. She won first place in girls' ping pong and was runner-up for the over-all championship. Although she is a guard she placed eighth in free throws.

The recreation program had an average attendance of 52 students per day. There was a total attendance of 712 in group I and 716 in group II. This makes a total attendance of 1428 students. There were 91 different students in group I and 100 different students in group II. This means that about 200 different young people took part in the program.

Students participated in croquet, ping pong, basketball, softball, and horseshoes. Mrs. Dixie Bell directed the program.

Winners in each contest are listed below:

Swimming Free Style Junior Girls: 1. Peggy Hill; 2. Claudia Meador; 3. Genie Newport.

Free Style Junior Boys: 1. Roy Jones; 2. Billy Hubble; 3. Mike Prater.

Free Style Senior Girls: 1. Chris Edmiston; 2. Billie Gayl Blaylock; 3. Karen Griffin.

Free Style Senior Boys: 1. Wayne Doyle; 2. Mike Hale; 3. James Hight.

Backstroke — Junior Girls: 1. Peggy Hill; 2. Mary Lynn McCalla; 3. Claudia Meador.

Junior Boys: 1. Billy Hubble; 2. Mike Prater; 3. Karl McCormack.

Senior Girls: 1. Chris Edmiston; 2. Sherry Yates; 3. Shirley Hubble.

Senior Boys: 1. Wayne Doyle; 2. Mike Hale; 3. James Hight.

Sidestroke — Junior girls: 1. Peggy Hill; 2. Genie Newport; 3. Claudia Meador.

Junior Boys: 1. Roy Jones; 2. Mike Prater; 3. Billy Hubble.

Senior Girls: 1. Chris Edmiston; 2. Sherry Yates; 3. Billie Gayl Blaylock.

Senior Boys: 1. Mike Hale; 2. Wayne Doyle.

Breaststroke — Jun'or Girls: 1. Claudia Meador; 2. Peggy Hill; 3. Mary Lynn McCalla.

Junior Boys — 1. Roy Jones; 2. Billy Hubble; 3. Mike Prater.

Senior Girls — 1. Sherry Yates; 2. Billie Gayl Blaylock; 3. Chris Edmiston.

Senior Boys: 1. Mike Hale; 2. James Hight.

High Point swimmers in each division were Peggy Hill, Junior Girls; Roy Jones, Junior Boys; Chris Edmiston, Senior Girls; and Mike Hale, Senior Boys.

A high point trophy was presented to Chris Edmiston in Sen-

ior Girls because there were a sufficient number of contestants to compete.

Croquet — Junior: 1. Billy Hubble; 2. James Alexander.

Senior: 1. Mike Dempsey; 2. Robert Wilson.

Free Throws — Boys: 1. Chris McCravey, 53 of 75 for 70%; 2. Mike Hale, 57%.

Girls: 1. Karen Griffin, 53 of 75 for 70%; 2. Shirley Hubble, 52

of 75 for 63.3%.

Ping Pong. Junior — 1. Randy Black; 2. Billy Hubble.

Senior — Girls: 1. Chris Edmiston; 2. Stella Hubble; 3. Shirley Hubble.

Boys: 1. Mike Hale; 2. Joe Phillips; 3. Chris McCravey; 4. James Hight.

Championship: Mike Hale.

Runner-Up: Chris Edmiston.

California Trip

Leslie Woullard has returned from a week's trip to California. He made the trip out with the Byrl Clayton family of La Marque. On the way out they stopped at Van Horn where they visited the Jack Browning family; then continued on to California where they spent most of their time in the Los Angeles area, visiting the usual points of interest, including Disneyland and Knott's Berry farm.

Mr. Woullard returned home by bus and the Claytons continued their trip to points in northern California.

News From Our Neighbors

New Passenger Air Service

Solar Airlines will begin passenger and freight service to Fort Stockton on August 2 with two schedules daily to link Fort Stockton and Dallas, via Winkler county airport.

Dick Barber, president of the third-level air carrier, met with Chamber of Commerce officials and other interested citizens last Thursday to discuss the service. —Fort Stockton Pioneer.

New Furniture Store

Grand Opening of a new furniture store in Menard, on U. S. Highway 83 at the south edge of town, will be held Saturday. It is Clark's Furniture, owned

by Grady Clark, Jr. Ace Builders of San Angelo was general contractor for the new building. —Menard News.

Coach Moves to Menard

Bobby Richardson, new head coach of Menard High School, moved to town last week and started making plans for taking the Yellowjackets into their first Class A grid campaign since 1959.

Richardson, who has been a high school coach for five years, began sizing up the nine returning lettermen and looking over other prospects to fill the gaps left by nine lettermen lost by graduation. Football practice will begin on Aug. 17. —Menard News.

Swimming Pool for Big Lake

The Commissioners Court of Reagan county accepted a bid totaling \$13,405 from Gus O. Teinert firm of Midland for construction of a swimming pool. It is to be located in the Reagan County Park southeast of the Glen Rest Cemetery. Construction is to begin Monday with 30 day completion date set. —Big Lake Wildcat.

Junction Bank To Remodel

Basic contract for remodeling the Junction National Bank has been signed with D. B. K. Construction Co. of San Angelo for \$54,520, according to President Jordan Cunningham. Contracting firm is headed by A. A. Kelley and John Duncan.

Bids for a drive-in window and certain under-counter equipment amounting to approximately \$6,000

have not been awarded.

Heredit and Henley will be the only local sub-contractor, doing the electrical work.

"Our new building will be a credit to the city and certainly something to be proud of," Cunningham said.

Estimated starting date for the work is within two weeks. Estimated completion date is Jan. 15, 1965. —Junction Eagle.

Negroes Out on the Fourth

A number of cars with Negroes in them were through town on the Fourth of July. Sheriff Melvin Childress said there was no trouble reported to his office and he did not observe any appearance of trouble making.

Evidently they were mostly West Texas people out for a holiday, going fishing, some of them at the local lake. One stopped at Bronte and went into a local cafe for a cold drink, and was served. So far as has been heard here, Negroes who are not out for trouble will not find any.

Several arrests for drunkenness and driving while intoxicated were made here over the holidays, but no Negroes were involved.

Editor's comment: We have a great deal of confidence in the good sense and the good citizenship of the Southern Negroes. We understand from good sources that in San Angelo they want none of this "help" from volunteer trouble makers.

Whatever we think about Civil Rights legislation, we must not lump our colored neighbors with the minority who are making so much trouble for them as well as us. —Robert Lee Observer.

Beer Election Set at Mason

Mason county voters in Precinct 1 will vote August 11, to decide whether or not that Precinct will be allowed to sell beer for off premises consumption.

The Mason County Commissioners Court in a meeting Monday called the election after a petition bearing the required number of signers calling for the election was presented. —Mason County News.

Austin.—A costly plan for "catching up" with other states in the field of higher education has been outlined to Texans by the Governor's Committee on Education Beyond the High School.

It will take considerable money to accomplish just one of the major tests of excellence in education—bringing Texas faculty salaries up to the national average. More is needed for libraries and research facilities.

To help achieve goals in those three fields, the Committee recommended that further college construction be delayed. By using present classrooms and laboratories more hours a day and more days a year, this saving can be accomplished, the committee felt.

Gov. John Connally conceded that it will take new taxes in finance the program which he has termed his No. 1 interest. Neither he nor the committee recommended a financing plan. Committee did say the Legislature should double college tuition, so students and their parents would share more of the cost of education.

Plan calls for expansion of the junior college system, and wide use of vocational training to prepare students for skilled and semi-skilled technical jobs in industry.

Coordination, to eliminate duplication between state colleges, would be placed in the hands of an 18-member board appointed by the governor. Board would take over duties of the present junior college division of the Texas Education Agency and the Commission on Higher Education. This would put junior and senior college and university supervision in a single group.

Goal would be to make junior college training available to all, and to raise its level of excellence so all junior college credits would be immediately transferrable to senior colleges.

Committee, headed by H. B.

Zachry, San Antonio construction executive, is taking its case to the public in a series of meetings with business leaders in their communities.

Allowable Cut Again

Another 28,602-barrel cut in daily oil allowables was ordered by the Texas Railroad Commission as it held August production to 26.5% of the capability of the wells. Two large producers complained they are over-supplied with oil and unable to sell it.

A Popular Place

Texas' State Capitol is being invaded daily by both Texans and out of state tourists who come here to pay tribute to the history of the state. Men, women and children—about three times as many children as parents, it seems—literally crowd the Capitol's halls, their numbers reaching as many as 1,200 a day.

One of the most popular stops on the informal tour (there are no guides) of state buildings is the State Archives and Library, just across a walkway from the Capitol.

There, renowned artists Peter Hurd and his son-in-law Peter Rogers are executing a mural of Texas' history, featuring remarkable likenesses of Stephen F. Austin, Sam Houston and Anson Jones, as well as Davy Crockett and William B. Travis. The mural depicts the conquistador as well as the cowboy.

Visitors are invited to pull up a chair and watch the artists at work, and they do. They are also treated to a newly-arranged re-creation of a room from Gov. Elisha Pease's (1853-57, 1867-69) mansion. Furniture was donated to the archives when former Gov. Allan Shivers bought the venerable mansion.

Making Way For 1990

A large number of Texas cities with populations of less than 50,000 are planning now for the year 1990 by developing a blueprint for progress under a Federal-local program being administered by the State Health Department.

Under this program, a city can obtain studies of current facilities and projections of future needs in every area from economic and sociological needs to budgeting for capital improvements. The Housing and Home Finance agency makes grants for the master plans and the city pays one-third the cost, while the Federal agency pays two-thirds.

A typical towns under study is the West Texas city of Winters, which has a population of 3,200 and will spend \$4,845 toward a \$13,365 master plan.

So far, 109 cities have enrolled in the planning project to see where they can go and how they can get there over the next 25 years.

Public Pier

Parks and Wildlife Department will advertise a second time for bids for concession rights on the new state fishing pier at Port Lavaca. Only one person submitted a bid July 1 after 13 said they were interested.

The 3,200-foot-long pier, which replaced one destroyed by Hurricane Carla, is said to be the world's longest fishing pier. Access to it will be free to the public.

but the department is trying to provide a source of bait, soft drinks and fishing gear via a concessionaire contract.

Animal Health Head Change Due

Texas Animal Health Commission will decide on July 27 on a new commission director to replace Dr. R. G. Garrett who plans to resign.

Decision will be made at a meeting to be hosted by Chairman Ed Knolle of Sandia at his Knolle Jersey Farm in Jim Wells County. Knolle said there have been several "well-qualified" applicants for the post, but declined to list them. However, it has been rumored that a staff veterinarian with the commission, Dr. S. B. Walker, will be favored.

Brucellosis Program Blocked

Animal Health Commission postponed to September a decision on whether to let a Type II brucellosis control program be set up in one part of Brooks county.

Commission has been informed that many Brooks county producers want to organize a program, but the King Ranch which has 3,991 of the 16,000 head of cattle on county tax rolls does not. Approval of the owners of 75% of the cattle in a county is necessary so the proponents want to organize a program in just the soil conservation district which covers all of the county except King Ranch property.

Commission said it lacked sufficient information for a decision at this time.

West Texas School

West Texas cities that want to be home to a new West Texas school for the mentally retarded will have to wait until at least September 14 to learn which will be chosen.

Chairman of the Board for State Hospitals and Special Schools' site selections committee, C. E. Bentley of Abilene, said his committee will report to the board on that date. However, Bentley did not say that the committee will make a definite recommendation on a single site at that time.

Industrial Development

Texas Industrial Commission is boasting in the July issue of Texas Parade magazine that 27 new plants were announced in Texas in May. Map used to illustrate the new industry points out quite prominently the fact that while the Dallas-Forth Worth area gained 12 of these new plants, seven were located in Panhandle towns and six others were in other small towns.

Commission announced that Patrick J. Ryan of the Lamesa Chamber of Commerce and Sylvan R. Lange of Greater Marshall Industries have been approved for the first year class at the Industrial Development Institute in Norman, Oklahoma.

Attorney General Rulings

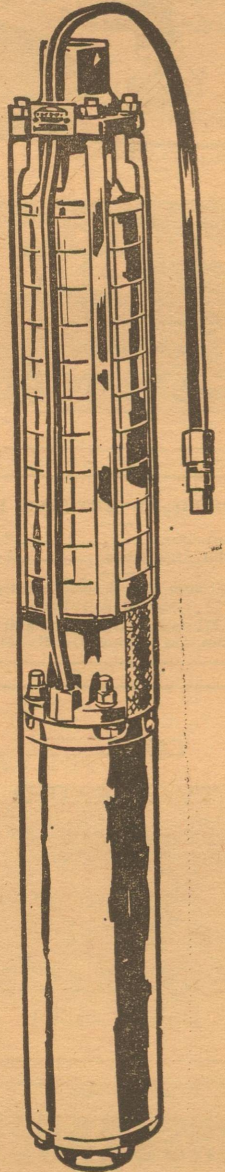

Atty. Gen. Waggoner Carr ruled that a county election board must furnish voting booths for all polling places within each city of 10,000 or more inhabitants.

Carr also ruled that a county clerk does not have authority to charge the fee for releasing of a chattel mortgage or lien on personal property at the time such

Veterans' Commission

State Auditor C. H. Cavness reports that the Veterans' Affairs Commission helped Texas Veterans and their dependents and survivors obtain \$93,591,000 in benefits during the year which ended Aug. 31, 1963. Commissioners are John E. McKelvey of Electra; Justin M. Morrow of Rotan; J. Walter Janko of Somerville; Joe F. Ramsey Jr., Houston; and Charles C. Ford of Longview.

In Those Days

Compiled From Success Files

ONE YEAR AGO July 25, 1963-The newly-formed Republican County Committee was pictured. Ford Oglesby was chairman.

Charles Wimer bought the Albert Tisdale house in Glendale. C. C. McLaughlin was to retire after serving as local telephone manager.

FIVE YEARS AGO

July 23, 1959-Joe Turner Logan, life-long resident of Eldorado, died at the age of 32 following a long illness.

Mary Parker had a report on her trip to the Girl Scout Roundup at Colorado Springs.

Mrs. E. F. Yardley died at the age of 50. Robby Waldron received a track scholarship to McMurry college.

Joan Fudge moved to Houston to stay until school opening, after she directed summer recreation here.

Ford Allen was successful bidder for erecting several flood prevention dams on Lowery Draw above Sonora.

C. C. Newlin moved back to Eldorado and was renting the R. N. McDonald house.

12 YEARS AGO

July 24, 1952-Wilkes Campbell, oil rig operator, died at the age of 58.

August 9 was set as date for homecoming here. R. D. Holt, former school superintendent, was to speak.

Richard Davis died at the age of 27 as result of injuries he received in a car wreck.

Brother Quentin Dunn was to move here from Brennen, Texas, to serve the Rock Church of Christ as minister.

Gordon Hamm and Miss LaNelle Lavinia Motl married in San Antonio.

The Democratic Primary was coming up, and races included Mrs. Mabel Parker and Mrs. Victoria Ohlenburg, treasurer; Dogie Finley and Patton Enochs, county clerk; E. H. Sweatt, Marvin McAngus, and C. N. Shaw, sheriff; and C. L. Meador and E. W. Craig running for county judge.

Kenneth Renfro resigned his teaching position in the local school and moved with his family to McAllen where he started work for Magnolia Petroleum Company.

35 YEARS AGO

July 26, 1929-"Oil Showing Found in Whitten Well." The Whitten well about four miles northwest of Eldorado had a gas and oil show at 4110 feet.

Judge Wilson of Abilene, leading layman, was to speak at the Baptist church. The Salvation Army announced that they would hold a street service here Saturday afternoon.

Dr. Earl D. McDonald moved here from San Angelo and set up an office in the Royster & Whitten drug store.

"We Deliver Ice. The Best Ice Is Always the Most Economical" advertised G. B. Shoemaker & Sons, Inc.

City Variety Store advertised Size A Tubs for 59c and 8-quart water pails for 25c.

Mrs. A. J. Atkins advertised a furnished bedroom for rent and Agnes Wright advertised that she had lost her white wool bathing suit.

An 11½-pound baby boy was born to Mr. and Mrs. Arch Posey.

Peanut Butter Party for Small Fry

PARTIES AND LITTLE GIRLS seem to go together. When it is a party which she can prepare herself it's double fun. Peanut Butter Jelly Rolls are easy to fix and fun to eat - what flavor combination is nearer and dearer to the young set's heart than this? Open a can of fruit juice or punch to go with the sandwiches and the party is all set. Here's how your little lady can make these cute sandwiches. Let her use her own equipment, a small size rolling pin, blunt scissors (well washed) and a small spreading knife. Bread, peanut butter and grape jelly are the three ingredients needed. Follow these step-by-step directions.

- PEANUT BUTTER JELLY ROLLS 1. Use one slice of white bread for each sandwich. 2. With the blunt scissors, cut the crusts from the bread slice. 3. Place slice on board and roll with rolling pin until bread is thin. 4. Spread the peanut butter in a thin layer right to the edge of the slice. Use smooth or crunchy peanut butter - either one is good. 5. Spread a layer of grape jelly on top of the peanut butter, not quite to the edge of the bread. (If you put on too much it will squeeze out when you roll the sandwich.) 6. Roll the sandwich up like a jelly roll. When you put it on the plate put the open edge down. It looks prettier that way. Make as many more sandwiches as you think you and your guests can eat... and mmmmm, they're good.

You can do almost anything automatically these days - even save money

If you want to wash clothes or dishes, nowadays, you just put them in a machine... set it... and forget it. If you want to save money you just join the Payroll Savings Plan. It's just as automatic. And there's no machine to buy. To start, ask your employer to set aside a small amount from your check each payday and put it towards the purchase of a U. S. Savings Bond. Then forget it. As paydays roll by, your savings build up. No effort. Since you don't even see the money you're saving, you hardly miss it. No pain. Millions of Americans save money this way so you know it works. As well as providing for their own future, their Bond dollars help safeguard America by giving Uncle Sam financial strength to stand up to the enemies of freedom. You like the things money buys. Why not use this automatic way to get them? Join Payroll Savings-or sign up for a Bond a month at your bank. Soon. Keep freedom in your future with U. S. SAVINGS BONDS The U.S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this publication for their patriotic support.

Local Girl Scout Units Represented Recently At Camp

GIRL SCOUTS shown here spent two weeks recently at Camp Jo-Jan-Van near Barksdale. Left to right on the front row are Kathy Rutledge, Claudia Meador, and Peggy Hill. Back row: Genie Newport, Marchia Gault, and Ginger Wright.

Attend Funeral At Eden

Mr. and Mrs. Granvil Hext and M. M. Schafer attended the funeral of Mr. Schafer's brother and Mrs. Hext's uncle, Thomas Emmitt Schafer, 81, in Eden last Sunday. Mr. Schafer died in the Concho County hospital last Saturday. He was a retired farmer and rancher and a Mason. His wife, the former Addie Pearl Sparks, died June 17. Survivors include a son, Woodrow Schafer of Columbus, Ga., and two grandchildren besides two brothers and three sisters. Burial was in Eden cemetery. He had several friends in and around Eldorado.

Evelyn Pennington and Mickey spent most of last week vacationing at Port Aransas where they got in some deep-sea fishing.

Ernest C. Hill was brought home late last week from the Sonora hospital where he had been since about the first of April.

Mrs. L. V. Newport and daughter, Genie, are visiting in Commerce this week with her father, Mr. Knight, and other relatives.

The Dr. Vernezobre family moved last week end to the large Shugart house vacated by Frank Kemble, who moved to Cameron, Texas.

Mr. and Mrs. Wm. S. Cochran, Houston, Texas; Mr. and Mrs. Wm. S. Cochran 3rd, Gillett, Texas; and Mr. and Mrs. Steve Cochran, Austin, spent the week end on the Thomson T Circle Ranch.

Mrs. L. T. Wilson had her grandson, Mr. and Mrs. Bruce Wilson and family as guests a few days last week.

Johnny Griffin left Sunday for Rankin to work with a seismograph crew for the rest of the summer.

Mrs. Allan Kuykendall and son David and daughter Louise visited relatives in Andrews recently.

Bible School Scheduled At First Baptist Church

Enrollment for the Vacation Bible School has been going on at the First Baptist church this week. The total reached 120 by Wednesday morning and is expected to reach 135 by today, Thursday.

The Nursery department with Miss Marilyn Wilson as superintendent, had 11 enrolled; the beginners under Miss Mickey Phelps had 22; the primaries headed by Miss Marylu Ray, the highest, of 44; while the juniors with Mrs. Jack Bell as superintendent, had 35.

The ladies of the church serve refreshments each day from 9:30 to 11:00 a.m.

Commencement exercises will be held Friday at 7:30 p.m. After the exercises handwork will be on display, some very attractive items having been made in the various departments.

In 1900 Fort Sam Houston in San Antonio was the largest military establishment in the United States.

At least 14 Texas streams are known as Salt Creek.

If you see lightning, stop worrying, it has missed you.

Brownsville, Texas, is closer to Panama than to New York.

Earliest fish hooks known were discovered in caves in Switzerland.

Roman passenger carriages could travel as much as 100 miles a day.

An unsuccessful attempt was made to grow cotton in France at the end of the 16th century.

PAISANO ENCAMPMENT SET

The Annual Paisano Encampment gets under way next week with the regular schedule of activities beginning Monday night, July 27th. However, there will be preaching services Sunday for those who choose to go early.

Jack Bell of Eldorado will be recreational director of the encampment, assisted by Mrs. Bell. They, the Weldon Davis family, the T. P. Robinsons, the B. F. Blaylocks and Mr. and Mrs. J. C. Ratliff and several young people from Eldorado plan to attend, many of them leaving this week end.

VISIT WORLD'S FAIR

Mrs. T. P. Robinson Jr., her mother-in-law, Mrs. T. P. Robinson Sr., and her mother, Mrs. F. W. Barton of Marfa, returned home last week after visiting the World's Fair near New York City. The women were gone 13 days and report a most wonderful trip.

A hot-water heating system was added to the White House in 1853.

The Scotch government spinning school in the 17th century gave each student a spinning wheel as a graduation present.

Hock is another name of white Rhine wine.

A peanut plant requires a growing season of about five months without frost.

Fort Bliss was established in February, 1848, near El Paso, Texas, as a defense against Indian raids.

Shrimp spawn offshore and the young ones must find their way into the sheltered, less salty bay waters or they perish.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

The future won't wait— This is indeed an exciting time to be alive. The scope of the rapid changes that have taken place with the Twentieth Century is staggering when considered according to a time schedule devised by Robert E. Wilson, former chairman of the board of the Standard Oil Company of Indiana. Compressing the five hundred thousand years of man's development into fifty years this is the way it works out:

"On this time scale it took man 49 years to get over being a nomad and settle down in organized communities. About six months ago a few men first learned to write; two weeks ago the first printing press was built. Only within the last three or four days we really found out how to use electricity, around which so much of modern civilization is built." "And within the very last day have come such amazing things as radio, television, radar, diesel locomotives, rayon, nylon, sulfa drugs, penicillin, bookkeeping machines, electronic computers, and hundreds of other things taken for granted on our condensed time scale. Jet planes, dozens of new antibiotics and hormones, and the release of atomic energy all came into the picture this morning."

The regulator to economic growth of a county, city, or individual is management.

Management is the shifting of resources to the highest valued use. Resources that we have at our command are: labor, land, capital. The allocation of each of these resources will determine the success of economic growth.

Capital has replaced labor on the farm through increased technology. This being in evidence whereby one laborer today produces enough food for 29 people. However, in many cases the fixed costs are too high to make a unit pay in real income both money and non-money; therefore, we have shifting, part-time agriculture and people going to where the jobs are, from farm work to non-farm work. How long this will continue

is hard to say but effects people of all walks of life. The farmer and rancher has been the largest contributor to this nation's economic growth by increasing productivity and transferring of labor to non-farm production.

Somebody is always ready to lend a helping hand if you have any trouble opening your pocket-book.

Cucumber producers are about ready to go into full production. There have been obstacles to overcome plus late plantings that could not be avoided. The first two harvests or pickings are generally light with too many large cucumbers or culls. This is natural in any cucumber harvest, as first blooms are male. Then the female blooms appear in small numbers then increase rapidly until the peak harvest is reached.

Too much water will delay and reduce production, causing a delay in the vine growth and being conducive to disease. Water, fertilizer and labor being the keys, putting them to the best economic advantage.

Cubrits should supply additional income to the irrigationist without interfering too much with cotton and maize harvest.

From planting to harvest it's over in 80-92 days.

Now is time to fertilize the lawn, the roses, the chrysanthemums and many hedge plants. Whether you use a 5-10-5 or 20-0-0 or other combination of fertilizer is up to the individual. A 5-10-5 fertilizer has 5% nitrogen, 10% phosphorus and 5% potassium. Remember when buying fertilizer that your plants in this county are in a slight alkaline soil; therefore potassium, the last figure has little or no use, but makes the soil more alkaline.

Grasses require a high amount of nitrogen which is readily available to the plants, whereas, phosphorus and potassium is slowly usable. Therefore, it is recommended that phosphorus be applied in winter or early spring.

It takes more pounds of a 5-10-0 than a 20-20-0 to do the job. Read the recommendation on the sack. Remember that a well established lawn, fertilized, requires less water.

Only three screwworm cases reported in the state last week. All producers are requested to pay particular attention; collect and send in all cases. Only your vigilance will eradicate the screw-worm fly.

Vials can be secured at the county agent's office.

Back-tags, glue and cards are available at the agent's office for producers desiring to take advantage of market brucellosis program.

A few minutes spent now will save hours when the county comes up for recertification in the spring of 1966.

Education ought to create people who can see clearly, imagine vividly, think steadily, and act nobly.

Bob Evans has been painting the Foxworth-Galbraith Lbr. Co. building this week.

H. D. Delegates To Convention Named

Miss Constance Spence, Mrs. Truett Stanford and Mrs. Jimmy Doyle will be delegates from Schleicher county to the State Convention of Home Demonstration Club women as they meet in Houston in mid-September.

The election of the delegates was announced at the July 10 Council Meeting. Each of the five clubs in the county had a nominee and from the five, Council members chose three with Mrs. Billy Jack Reynolds of the Reynolds club as alternate delegate.

The Schleicher county women will join a group in Eden of West Texas club members, who will go to Houston by chartered bus. Council funds which were added to by the sidewalk sale receipts, will finance the trips of the delegates.

Safety Program Given At Lions Club Meeting

Frank Perkins of the Texas Department of Public Safety, stationed in San Angelo, gave the program at the meeting yesterday of the Eldorado Lions club.

Mr. Perkins passed out copies of a Texas Highway Traffic Law Test which the club members filled out and they all discussed safety laws for an interesting program.

Charles Wimer, vice-president, presided at the meeting. Ronnie Mittel, secretary, reported that arrangements are about complete for a carload of local Lions to go to the Crippled Children's Camp at Kerrville Sunday.

Guests were Allan Walker of Carlsbad, New Mexico, who was a guest of Buddy Spicer; Mike Olson who was a guest of his grandfather, P. S. Dudley; and James Lee Swain of the Army.

Sam Low Dead At 92

Mr. and Mrs. Sam McGinnis were notified yesterday of the death of her father, Sam Low of Menard. Mr. Low was found dead in his chair in the family home at Menard shortly after breakfast. He was 92.

His survivors include his wife; 10 children including Mrs. McGinnis of this place; 26 grandchildren, 48 great-grandchildren, and 2 great-greats.

Funeral arrangements for Mr. Low were pending as the Success went to press this week.

VACATION IN MINNESOTA

Mr. and Mrs. Larry Rittenhouse and children are at home after a vacation spent in the resort area of Minnesota. They took Mrs. Charles Titus, Mrs. Rittenhouse's mother, home after she spent several weeks here while Mrs. Rittenhouse was ill and convalescing from surgery.

The Tituses moved into a new home in Welcome, Minnesota, which was completed while Mrs. Titus was in Eldorado, and the Rittenhouses helped them move.

For the Fourth of July they met with Mr. Rittenhouse's brothers and sisters at the home of the parents, Mr. and Mrs. Vern Rittenhouse, at Nevis, Minnesota, for a family reunion. Twenty-seven members of the immediate family were together. While there they enjoyed fishing in the numerous lakes in the area and reported Larry's luck was fair, but the big one got away.

Mrs. Charles Smith of San Angelo and Charles Ratliff of San Antonio visited their father, J. L. Ratliff and Mrs. Ratliff, one day last week. Mrs. Page Tim Ratliff and Mrs. James Page visited with them at the Ratliff home.

First Baptist News

Attend Associational WMU Meet Mrs. Weldon Davis, Woman's Missionary Union president of the First Baptist church, and Mrs. Kenneth Vaughan, Mrs. L. M. Hoover and Miss John Alexander attended the Concho Valley Associational meeting at the First Baptist church in San Angelo last Tuesday.

The meeting opened at 9:30 a.m. for a business session. The theme of the meeting was "For Liberty and Light." After a sack lunch at noon, a San Angelo attorney, Mac Preston, brought the Inspirational Message on "Our Baptist Heritage." Installation of officers was held.

NEW TEXAS ALMANACS for 1964-65 available at Success. \$1.80 inc. tax.

Blackberry Benefits

IROQUOIS INDIANS were the first to appreciate blackberries in this country. They soaked them in honey and water and served them as ceremonial food. Blackberries maintain their fine reputation today in homemade jellies and jams made the modern way with pectin, water, sugar, and no cooking of the fruit juice. Here are exact directions for this easy-to-make—especially flavorful—Blackberry Jelly:

BLACKBERRY JELLY Yield: about 8 medium (8 oz.) glasses 3 cups prepared juice (2 qt. ripe blackberries) 6 cups sugar 3/4 cup water 1 box Sure-Jell Fruit Pectin

First, prepare the juice. Thoroughly crush about 2 quarts fully ripe blackberries. Place crushed fruit in jelly cloth or bag and squeeze out juice. Measure 3 cups into a large bowl or pan.

Then make the jelly. Measure sugar, add to juice, and mix well. Mix water and fruit pectin in small saucepan. Bring to a boil and boil 1 minute, stirring constantly. Stir into fruit juice. Continue stirring about 3 minutes. (There will be a few remaining sugar crystals.) Quickly pour into glasses. Cover at once with tight lids. When jelly is set (may take up to 24 hours), store in freezer. If jelly will be used within 2 weeks, it may be stored in the refrigerator.

SCHLEICHER COUNTY RAINFALL RECORDS SINCE 1936

Table with 13 columns: Year, Jan, Feb, Mar, April, May, June, July, Aug, Sept, Oct, Nov, Dec, Total. It lists rainfall data for each month from 1936 to 1964.

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

READ CAREFULLY — THIS COULD SAVE YOUR LIFE!

Do Not Mix Chlorine Bleach with other Household Cleaners.

When chlorine bleach solutions are mixed with ammonia, lye, vinegar, or toilet bowl cleaners a very dangerous gas is liberated which can cause serious injury or even death.

CHLORINE is put in the bleaches in a stable form or else it would not be on the market today. When combined with any of the cleaners mentioned above the chlorine is released as a gas.

Teach every one in your family not to mix chlorine with other household cleansers. Protect them with knowledge.

I went down to the cucumber sheds the other afternoon and saw how the sorting machine works. It's interesting and late some afternoon you might like to drive to the gin and see how a few thousand pounds of cucumbers look.

If you have your own or happen to buy a bushel or two of culls (usually a bit too big but still of good flavor and fine for bread and butter pickles) you may be interested in this information released from Washington.

Heat-Process Pickles.
The latest word in home preservation of pickles and relishes is "heat-process." That's what the U. S. Department of Agriculture recommends to maintain the texture, color, and flavor of pickled fruits and vegetables.

Food specialists of USDA's Agricultural Research Service advise processing these products in a boiling-water bath (rather than cold-pack or open-kettle canning). This will inactivate enzymes which might cause off-flavors and destroy spoilage-causing micro-organisms such as yeasts and molds.

Micro-organisms in pickled foods are not considered potentially dangerous—as long as acid content is high to begin with and remains high during storage. But if spoilage micro-organisms survive processing, they may begin to grow within the jar of food and reduce the acid content. In the resulting low-acid surroundings, botulinum spores, if present, could start to grow and produce a deadly toxin.

To be safe, use processing times worked out by the researchers. These are included with pickle and relish recipes in a new USDA publication, "Making Pickles and Relishes at Home." Call my office for a copy of this bulletin.

Well, well — well, what do you think about this story? If you have an occasion to remember this advice just forget the tooth.

Let Teeth Regrow, Says Dentist

If Johnny comes home with a front tooth in his hand instead of in his mouth, don't panic, says an

official at the University of Kentucky School of Dentistry.

He suggests that parents head for the nearest dentist's office on the double.

"And don't forget to take the tooth with you—for it can be put back where it belongs," says Dr. John R. Mink of the University of Kentucky School of Dentistry.

Permanent teeth can be replaced, if they are treated quickly enough, and are likely to last six months to six years. There have been a number of instances where parents just push a loose tooth back onto the bond that holds it in the jaw, he says.

The trouble when a tooth is knocked out usually is that parents forget to bring the tooth with them when they come to the dentist.

"Even if it's dirty, we can clean it up and have a good chance of replanting it," Dr. Mink says.

Do you really suppose it is possible to make enough cookies, just for once? If cookies don't last very long at your house you may want to go at the job in a big way and make a master mix which makes a little more than a gallon and a half of mix. From there cookies are a little easier to come by.

Master Cookie Mix

8 cups sifted flour—if sifting flour is used;
4 teaspoons salt;
2 teaspoons baking powder;
2 teaspoons soda;
6 cups brown sugar, firmly packed;
3 cups shortening;
8 cups quick rolled oats.

—Sift together three times flour, salt, baking powder and soda in a big dish pan.

—Stir in sugar. Cut in shortening as for pie crust, or until crumbly. Stir in oats. Mix well.

—Store mix at room temperature in covered canisters, jars or big plastic boxes.

—From this mix, many goodies will come and a fine example is

Oatmeal Chippers

6 cups Master Mix;
2 eggs, beaten;
½ cup milk;
2 teaspoons vanilla;
one 6-oz. size package Chocolate bits;
½ cup chopped nuts.

Into Cookie Mix stir eggs, milk and vanilla. Add chocolate and nuts. Drop by teaspoonfuls onto greased baking sheet.

Bake in moderate oven (350 F.) 12-15 minutes. Makes 4 dozen.

Mixes are the answer to the needs of a big family. I have biscuit, cornbread, cake and pie crust mix recipes which I'll be delighted to send to you if you will only ask for them.

It takes more effort and energy to make four separate batches of cookies than it will take to make one recipe of the master mix. The motto said, "Work smarter, not harder."

Gift Coffee Saturday To Honor Newlyweds

MRS. BUREN A. WHITTEN, JR.

A Gift Coffee will be held Saturday morning in the Roy Phelps home in honor of Mr. and Mrs. Buren A. Whitten, Jr.

The couple were married July 11th in the First Baptist church here in Eldorado. The bride before her marriage was the former Miss Kathe Evans of Irving.

Calling hours Saturday will be from 9:30 to 11:00 in the morning, and hostesses will be: Mmes. John

Stigler, Granvil Hext, E. W. Gibson, Russell Sallee, J. H. Mace, H. W. Scott, Kenneth Doyle, Chan Whitten, B. F. Meador, Glenn Parker, B. F. Blaylock, Henry Moore, W. A. Blaylock, Orland Harris, Don McCormick, D. C. Royster, Roy Phelps, and Harry Mercer.

The newlyweds will resume their studies at Cisco Junior College this fall.

NEWLYWEDS HONORED

Mr. and Mrs. Willie Luman were honored with a shower at the Memorial Building on Saturday, July 18 from 2:00 until 3:30 p.m. The bride is the former Sharon Duke.

Mrs. Frankie Short registered the guests; Miss Jean Dacey and Miss Bonnie Luman served cake and punch. A color scheme of pink and white was carried out in the decorations.

Hostesses for the occasion were: Mmes. Earl Hicks, W. S. Carrel, D. Williams, Jr., Orland Harris, J. F. Ottaberry, Jack Griffin, G. O. Toburen, J. C. McCoy, Cramer Sofge, A. A. Clark, Leroy Hanusch, M. F. Dacy, Bruce Burton, George Williams, Lafayette Nixon, Jimmy Doyle, Leland Craig, Curtis Short, John Mormon, and Miss Pat Ingerson.

will be the naming of the Mr. or Miss McMurry Band School the final Friday night.

The students have attended several social activities in connection with the band school, including theater parties and faculty recital. Enrollment for the school is nearly 80 more than last year.

Two Participate In Short Course

Abilene. — Maureen McCravey and Susan Mobley of Eldorado took part last Friday night in the first of two extravaganzas featuring nearly 500 young musicians and twirlers attending the 17th annual McMurry College Band and Twirling school.

The youths presented a two-hour concert on the field of Indian Stadium that featured several marching numbers and twirling routines performed by the youngsters. The grand finale of the summer band school will be held this Friday night, July 24.

The McMurry school began on Monday, July 13, and will continue through July 25. Over 30 leading band directors and twirling specialists are the instructors for the band school. The students are receiving training in concert and stage band, instrument playing, theory, drum majoring and twirling. The highlight of the school
