Parade To Launch Halloween Event

The first Halloween carnival in several years to be sponsored by the local Parent-Teacher Association will get under way Saturday at 5:30 p.m. with a parade through the business district.

Final plans for the P-TA carnival are shaping up. Room mothers are hard at work on various booths which will include:

- Mrs. Nimitz, 1st grade, has popcorn;
- Mrs. Miller's 1st grade has horse shoes;
- Mrs. Jones, 2nd grade, cake walk;
- Mrs. Royster, 2nd, country store;
- Mrs. Steele, 2nd, balloon man;
- Miss Mund, 3rd, pick pocket;
- Mrs. Stigler, 3rd, pie & coffee;
- Mrs. Whitis, 3rd, hat booth;
- Mrs. Wright, 4th, panning for gold;
- Mrs. Tulley, 4th, fishing pond;
- Mrs. Humphries, 5th, water gun;
- Mrs. Whitaker, 5th, fortune telling;
- Mrs. Tinnin, 6th, dart game;
- Mrs. Cain, 6th, football movies;
- Jr. High, hot dogs and cold drinks;
- Freshman class, baseball throw;
- Sophomores, spook house;
- Juniors, dunking for apples;
- Seniors, street dance in fire station.

There will be a parade beginning at 5:30 in front of Clovis Taylor's Phillips 66 filling station, north to the Memorial Building.

Presentation of an elementary Halloween queen and a queen from grades 7 thru 12 will follow the parade near the entrance to the Memorial Building.

A short surprise program will begin the festivities. All food booths will open at 6:00 and game booths shortly thereafter.

Mrs. Newport and Mrs. Robinson's rooms have sold all their tamales by taking orders.

This will be the main money-raising event this year for the P-TA.

Proceeds of the carnival will go to the unit's general fund for school betterment. This includes the annual \$200 scholarship given a future teacher in the graduating Senior class of EHS, and a major addition is given each year to the school plant.

Last year the P-TA gave the new stage lights, and this year addition of a popcorn machine is planned.

F.F.A. Members Participate In State Fair

The Eldorado FFA chapter made a good showing at the Dallas Fair last week with their livestock entries.

Lisa McAngus won a blue ribbon with her Hereford steer. The steer was bred by Robert Page.

The Chapter members placed 16 of 17 fat lambs that they entered in the show. They received the following places: 1st, 4th, 5th, 6th, 7th, 8th, 11th, 14th, 14th, 17th, 29th, 34th, 36th; 49th, 54th, and 55th.

These placings were in six different classes.

The next show that they will attend will be the Odessa show where they will enter about 40 head of livestock. —rep., Steve Blacklock.

480 Bales Of Cotton

Mikeska Gin had processed 480 bales of this year's crop at quitting time Tuesday night—an increase of about 100 bales over a week ago.

It seems that many farmers are looking forward to a killing frost, which would defoliate the stalks and permit stripping.

New Babies

Jamie Steele Thompson, son of Mr. and Mrs. Jerry Thompson, formerly of Eldorado, now of Hobbs, New Mexico, was born Oct. 16 in the Lea General Hospital at Hobbs. The baby weighed 6 lbs. 14 oz. He has two brothers, Tracey 7, and Casey 4.

Grandparents are Mr. and Mrs. Ernest Thompson, now at Albany, and Mr. and Mrs. Ray Alexander of Eldorado. Greats are Mrs. W. E. Bruton and Mr. and Mrs. T. H. Alexander, all of Eldorado.

Mr. and Mrs. Ray Alexander returned home Monday night after spending almost two weeks in Hobbs with the Thompson family.

Post Script

Next Tuesday is Election Day. This is a time of perennial, electric excitement which seems unique only to elections. Also, it is a time of sobering sadness.

Here's why: This year in Texas there are an estimated 5,900,000 people over 21, but only 3,110,000 are eligible to vote. And that "eligibility estimate" takes in everybody: poll-taxpayers, folks who were issued exemptions and those who live in towns who don't require over-age exemptions, and those who registered under the federal provision.

So, right off the bat we lost more than two million potential voters.

Now, some forecasters predict a voting turnout of 2,500,000 Texans. That would be a record, but not a record of which to be proud.

That means only about 7 out of 10 Texans who are eligible to vote will take time out to do so.

You—and only you—can do something about it. Only you can go to the polls; only you can cast your vote.

It's up to you. You are voting for more than yourself. You are voting for half of Texas which can't vote for themselves.

—ps—

Now that Election Day is right on top of us—Tuesday, don't forget—we find great satisfaction in some figures reported by R. L. (Bob) Johnson of the Texas Election Bureau.

Mr. Johnson reports that the "country cousins" in 231 rural counties out-voted their city brothers, percentage-wise, nearly two-to-one!

Yes, sir, it's a fact. And we are mighty proud. It just shows that the country folks take politics seriously enough to go to the polls and do something about it.

We do more than talk—we vote. Now for the facts:

In the four big-city counties surrounding Houston, Dallas, San Antonio and Fort Worth, there were 1,182,976 qualified voters. This spring, only 38%—or 452,135—voted.

In the 231 so-called rural counties, there were 1,132,067 Texans eligible to vote and 769,697 voted. That's nearly 69%. Schleicher is among those classed as rural.

—ps—

A final reminder: If you have not yet made up your mind how you are going to vote Tuesday, both the Democrats and the Republicans have local offices open to serve you with information about the top candidates. They have pins, buttons, bumper stickers, pamphlets, posters, and all kinds of other related literature.

The Democrats have their LBJ-Humphrey office open in the old telephone office on Gillis street.

The Republicans have their Goldwater-Miller office located in the old Wiedenmann clinic building, just south of Ed Meador's office.

—ps—

Also, the Success office and the County Clerk's office have Sample Ballots for the election Tuesday, free for the taking.

As a voter, you are urged to take the sample and study it carefully ahead of time, keeping in mind, however, that you CANNOT take a sample with you to consult when you go to the polls to vote.

—ps—

About that heavy black horizontal line across the upper part of the ballot . . .

It is for benefit of those voters who "registered" to vote for federal officials last spring, instead of paying their poll tax. There were half a dozen or so in this county who did so, and they will vote only for those candidates above the line.

All other qualified voters vote for the races on the entire ballot.

Poll Tax Required

Tom Ratliff, election judge in Precinct No. 1, asks us to warn voters that they must produce their poll tax receipt when they come to vote in the General Election next Tuesday.

"We are going to go strictly by the law," Ratliff declared, and he went on to explain that voters would avoid delay by having their poll tax with them.

Peggy Spencer Dies At Age Of 23

Funeral services were held Saturday at 2:00 p.m. in the First Baptist church for Peggy Lee Spencer, 23-year-old daughter of Mr. and Mrs. Edgar Spencer. Rev. Baltis Matthews of San Angelo, former pastor of Bailey Ranch Baptist church, officiated and was assisted by Rev. Kenneth Vaughan, pastor of the First Baptist church of Eldorado.

Interment was made in Bailey Ranch cemetery under direction of Ratliff-Kerbow Funeral Home.

Pall bearers were J. T. Jackson Jr., Kenneth Cheek, W. G. Godwin, Richard Jones, Jack Hext, and W. L. Kinser.

Peggy Lee Spencer was born in San Angelo August 9, 1941. She attended local schools and graduated from Eldorado High School with the class of '59. She died in Shannon hospital last Thursday morning at 7:30 following a short illness.

In addition to her parents, she is survived by two brothers, Joe Ed Spencer of Alpine and Claude Oran Spencer of Eldorado; and one sister, Barbara, Mrs. Monty Hill of Houston.

Also surviving are grandparents, Mr. and Mrs. Jesse D. Ashmore of Eldorado.

Welding School Set

There will be an adult welding school Nov. 2 to Nov. 6 in the Vocational Agriculture Department at Eldorado High School.

The classes will start at 7:00 p.m. each night. The school will cover several phases and types of welding:

- a. Flat welding.
- b. Horizontal welding.
- c. Vertical welding.
- d. "T" joints.
- e. Cast iron welding.
- f. Brazing.
- g. Aluminum welding with carbon torch.
- h. Hardfacing.

The school will be sponsored by the Forney Company under the supervision of Voc. Ag. teacher, Glynn D. Hill.

Bale Sale Set Tuesday

The Home Demonstration women of the county will stage a bale sale Tuesday, Election Day, in the corner room of the Eldo hotel building.

They will have all kinds of home-baked cakes, cookies, pastries, etc., for sale all day. All the H. D. clubs of the county are participating, it was reported by Mrs. Truett Stanford, finance chairman.

Pep Rally Set For 2:30

H. S. Principal Guy Whitaker announces that the football pep rally will be held at the auditorium tomorrow (Friday) starting at 2:30 p.m.

All adult fans are invited to attend.

School will be dismissed at 3:00.

15-Year Prison Term

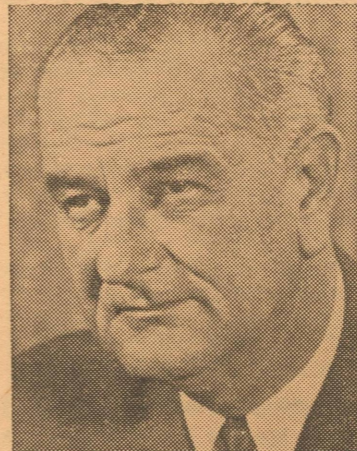

James Edwin Smith drew a 15- and 8-year prison term in District Court here last Thursday when he pled guilty to charges of incest.

Dist. Atty. Frank Dickey Jr. and Schleicher County Attorney T. P. Robinson Jr. prosecuted the case. Smith was delivered Sunday to the state pen. at Huntsville by Sheriff Orval Edmiston.

All Set For General Election; Heavy Vote Predicted Tuesday

For President

LYNDON JOHNSON

BARRY GOLDWATER

For United States Senator:

RALPH YARBOROUGH

GEORGE BUSH

The long and bitter General Election is now in the final days of the campaign and will come to a close Monday night with television appearances by the major candidates.

Voting will commence Tuesday morning all over the nation and a record turn-out of voters is predicted.

Two Top Races

In Schleicher county and in Texas as a whole, interest is centered on two top races with Republican Barry Goldwater challenging Lyndon Johnson for President; and with Republican George Bush challenging incumbent Ralph Yarborough for a 6-year term in the U. S. Senate.

The election ballot carries a full slate of candidates all the way down to county commissioner, but ticket-splitting will be done mostly on the two races at the top of the ballot.

Voting time

In Schleicher county polls will open at 8:00 a.m., Tuesday, November 3rd, and will close at 7:00 p.m.

There will be six voting boxes in this county as follows:

Precinct 1: Memorial Bldg. Tom Ratliff, judge; Ford Oglesby Jr., assistant.

Pret. 2A: Wool House. Mrs. M. H. Woodward and Mrs. Owen Fry.

Pret. 2B: Hal Whitten Res. Hal Whitten and Mrs. Arch Orly.

Pret. 3: County Barn. Mrs. Curtis Short and Mrs. C. N. Clark.

Pret. 4A: Perry Mittel Res. Jimmy West and Mrs. Perry Mittel.

Pret. 4B: Northern Natural office in Reynolds. Mrs. J. Tom Williams and Mrs. Leonard Lloyd.

Results from the six voting boxes will be tabulated in the County Clerk's office. Complete returns from this county are usually available by 10:00 p.m. Returns from this county will be phoned to the Texas Election Bureau in Dallas as soon as complete.

Gruelling Campaign

It has been a long and intense campaign and several party workers have been heard to say they would be glad when it is over.

Schleicher county has gone Republican in the last three presidential races, but never before have the two top parties set up headquarters on the grass roots level here in Eldorado, and found as many volunteers to work for their cause. Practically all of the political ads in this and previous Success issues have been gotten up and paid for by local contributors.

Deadline Is Friday For Voting Absentee

By 10:00 Tuesday morning, there had been 49 absentee votes cast in the coming General Election in the office of J. P. Enoch, county and district clerk.

Qualified voters who will be out of town on Election Day may cast their vote absentee.

Deadline for doing so is 5:00 p.m. tomorrow, Friday, October 30.

Hail Spoils Football Game At Texas Tech

Mr. and Mrs. Granvil Hext and the Raymond Halls went to Lubbock last week end to see the Texas Tech and SMU football game and to visit the Hexts' daughter, Deanne, a student, and Mrs. Hall's brother, Mr. and Mrs. Dan Mason, and to attend the Dad's Day activities.

Before the first half of the game was over, the game was interrupted by rain and hail that came down with such intensity the party waded through several inches of ice to get to the cars to hear the remainder of the game by radio.

Eagles Leave Friday For Game At Rankin

The Eldorado Eagles journey to Rankin tomorrow night, a place where the "Red Devils" dwell and whose delight is psychological warfare along with grid barbarities. For instance, only last year, the Red Devils induced such an ominous atmosphere prior to their contest with the Eagles that even Eagle fans were alarmed. Weapon was a drum beaten continuously for 24 hours prior to the game—night and day; and its interminable beat like African jungle drums was definitely a deterrent to maximum Eagle competitive spirit. Of course, the Red Devils had a fine fullback named Jerry McDonald who really executed Eagle hopes 20-13 and destroyed their chances for 8A honors.

Thought provoking thing is that they probably will be beating the same drum this time tomorrow and without stop until the kickoff, hoping to frighten children and the fainthearted among football players, these being the usual targets for psycho hostilities.

This year sees Rankin operating from "Split T" formation with an additional refinement—a split end on the right in the person of Sophomore Donald Ivey, a 153-pounder. Theory of Split T offense is that it provides maximum blocking angles against defensive linemen, best utilization of timing and surprise as well as speedy play development, all of these being things to dread. The split end is a refinement of the Split T idea which is supposed to give this end blocking as well as pass receiving advantages and to confuse defensive personnel.

Rankin starting lineup probably will be like this:

No.	Name	Pos.	Ht.
41	Jerry LacyLE	155
60	Gary HouchinsLT	140
70	Ronnie ThornLG	170
51	Gary UphamC	181
42	David BrownRG	185
50	Kellam ColquittRT	149
62	Ronald IveyRE	153
32	Billy HaleLHB	134
82	Ronald IveyRHB	152
80	Sal AguilarFB	130
10	Roy WintersQB	161

Ozona Playing At Sonora Tomorrow

Three weeks ago Sonora, Ozona and Big Lake were undefeated in 8A football.

Since then Sonora was defeated by Eldorado, and Ozona fell to Big Lake last week.

Tomorrow night Ozona plays at Sonora in what may be a contest for second place standing.

Since it is 100 miles from here to Rankin, it is likely that some Eldorado fans will choose to witness the outcome of this game closer to home.

Final Show Of Season Set At Eagle Drive-In

The final show of the current season will start at 10:15 this Saturday, October 31st, which is Halloween night. Then the Eagle Drive In Theatre will close for the winter, according to the management.

The Halloween movie, "Comedy of Terrors," will get under way following the P-TA carnival so that patrons will have time to attend both.

Believe it or not, "Comedy of Terrors" is a laughing matter. It is to the credit of stars and director that it achieved this end.

All the true masters of macabre mayhem are teamed in this movie which frightens its viewers into laughing. It's a toss-up as to which

actor does the best job . . . Boris Karloff, Vincent Price or Peter Lorre.

The story, set in a small New England city of the late 1880's, tells of a drunkard, Price, operating a funeral parlor inherited from his senile father-in-law, Karloff. Apparently, people in the town are unusually healthy because Price's business is bad. Profits are dying because people are not.

He, with the help of his assistant, Lorre, creates his own business.

His foul temper isn't helped by his wife, Joyce Jameson, a frustrated opera singer. The notes she hits are as sour as her husband's disposition.

Add to that the persistent nagging of landlord Basil Rathbone for back rent and you have the ingredients for a movie which skips from farce to slapstick to satire with entertaining ease.

So determined is Rathbone to collect back rent that Price decides to make the businessman the next funeral parlor customer. Rathbone just will not die, much less be buried. It is his return from the grave that really adds what genuine horror there is in the film. Special cameo guest star Joe E. Brown has some classic moments as a cemetery keeper.

Price, Lorre and Karloff show an uncanny sense of the comic. Director Jacques Tourneur deserves some credit. Price has never been more hammy, Lorre more gruesomely pathetic and Karloff more tenderly off his rocker. "The Comedy of Terrors" is in Panavision and Color.

In a word: The undertaking business is run into the ground humorously and entertainingly.

"Good Management Necessary To Attain Good Yields"

The crop year of 1964 is fast coming to an end. In a few more weeks, weather and other factors permitting, this year's crops will be harvested. Whether already harvested or remaining to be harvested, farmers know about what this year's crop yield will be. Unfortunately, crop yield this year will be low on most of the dry cropland as well as some of the irrigated cropland.

Water, one of the most important elements in crop production, has been the predominant factor affecting this year's crop yields. The crop year 1965, and all following years, will be no different in respect to how much rain is received for crop production. How much of the water that is held on the land for crop use will be as it has always been. Land with all the needed soil, water and plant conservation practices applied and maintained, will again receive the maximum benefit from rainfall received. On the other hand, land without the needed conservation practices will again lose soil and water needed for crop production.

Crop yields for all future years will continue to be dependent on more than just the moisture available for plant use. Soil fertility is equally as important as the needed moisture for good crop yields. Poor soils produce poor crops low in the necessary elements needed in both animal and human nutrition. Soils kept high in fertility through soil, water and plant conservation practices, and other good farm management practices, produce plants that provide the necessary elements needed in animal and human nutrition.

Farmers in the Eldorado-Divide S. C. D. have already begun doing things that will effect next year's crops. Grain sorghum fields are being plowed, killing this year's plants to prevent use of moisture. Also, leaving a good amount of plant regrowth for soil improvement. Some small grain has been planted for a cover crop and grazing.

Cover crops for soil protection and improvement should be given high priority by every farmer in the district.

Maximum potential yields can not be obtained without the use of soil improvement measures. As a rule, cropland is at its peak good condition when first put in cultivation. However, this is not always true; grassland that has been kept short with numerous bare areas is far from a good condition when put in cropland. New cropland on land where ample grass cover has been maintained, can be kept in a good condition only by applying all the needed soil, water and plant conservation practices. Soil condition and fertility does not remain the same year after year. Soil condition and fertility becomes better or poorer, depending on the treatment it is given.

Farmers in the district have the best moisture condition they have had in several years to plant a crop for use as a cover crop and soil improving crop. Small grain is the most suitable crop for a cover crop in this area. With sufficient moisture a good growth can be maintained to protect the soil from wind and water erosion. Any close growing grasses, legumes, or small grains used prim-

arily for summer or winter protection is a suitable cover crop and soil improving crop.

Farmers throughout the country are dependent on the conditions of the soil. Soil conditions throughout the country are dependent on the use and treatment given it by those who use it. The choice of treatment and use of land belongs to those who use it. Their economic welfare is governed by their good or bad management. However, whatever your trade, profession, or business the soil is just as important to you. Without good productive land we would not have many necessities of life or many of the luxuries that come directly or indirectly from the soil.

VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement . . . a man who has worked consistently against progressive measures in the Senate . . . a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service . . . who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire . . . has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

L. B. BURK
CITY SECRETARY

DO YOU KNOW

WHAT HUBERT HUMPHREY AND THE ADA WANT TO DO IS ENOUGH TO SCARE THE DAYLIGHTS OUT OF ALL AMERICANS

What is ADA?

A writer from the Louisville COURIER-JOURNAL defined ADA this way:

"The political organization, Americans for Democratic Action, (ADA) has become a synonym for fellow-traveler, for communist sympathizer, for advocate of 'soft' policies toward Russia." Robert L. Riggs, Washington Bureau, Louisville COURIER-JOURNAL.

ADA stands for:

- Domestic socialism.
- One world government.
- Blindness to the Communist threat.

ADA is a national left wing political organization. It is the most influential of all home-grown organizations attempting to change our traditional American government into a socialist dictatorship. Though not admittedly a "secret organization," no membership list can be obtained from their national headquarters in Washington.

U. S. Senator Strom Thurman said about the ADA: "All the actions and policies advocated by the ADA point to federal socialism."

WHO FOUNDED ADA?

ADA was founded in 1947 by a group of ultra-liberals, including Hubert Humphrey; Chester Bowles; radical labor leader David Dubinsky; New York City editor, James Wechsler, once an official of the Young Communist League; Harvard historian Arthur Schlesinger, Jr.; Walter Reuther of the UAW; Morris Ernst of the American Civil Liberties Union; Joseph L. Rauh, Jr., liberal Washington lawyer; and many others.

HUMPHREY AND ADA - ONE AND THE SAME

Hubert Humphrey, perhaps more than any other person in high elective office, stands for and symbolizes the extreme left in American politics.

Humphrey, a founding father of ADA, was chairman of ADA in 1949 and 1950. Every year since, he has served as National Vice-Chairman. During fifteen years in the Senate he has voted the ADA position on 191 occasions, and against it only 13. Humphrey demonstrated his subservience to the ADA when he said "this great organization has seen fit to chastise me. Perhaps I did not understand why at the moment, but their judgment was undoubtedly better than mine."

Norman Thomas, six times a **Socialist Party** presidential candidate, said this year: "Humphrey is the type of Democrat I like, and one who would be a Socialist if he got to England." Chicago Tribune, May 30, 1964.

ADA WORLD, (ADA official publication) March, 1964 reported: "The nation's great gathering of liberal-labor leaders will begin May 15 in Washington, D. C., at the ADA Seventeenth Annual Convention. **Walter Reuther, Hubert Humphrey and Martin Luther King** will address the convention.

Congressman Otto E. Passman (Dem.-La.), 10 years Chairman of the House Appropriations Sub-committee: "... Hubert Humphrey is a Socialist if I ever saw one. America is not creeping, but running toward Socialism." —Dallas News, Sept. 11, 1964.

"The left-wing, radical ADA and their cohorts stand for everything Texas doesn't."

Governor John Connally in a statewide telecast to Texas voters May 23, 1962

Local Churches to Collect For CROP

The Ministerial Alliance of Eldorado is sponsoring the annual Trick-or-Treat for CROP program on Halloween night.

Junior High and High School boys and girls from all the local Churches are invited to do this door to door canvassing. They will meet at the Presbyterian Church on Halloween night at 5:45 and be prepared to begin their door to door march at 6:00, to conclude by 7:00. These young people will be identified by CROP badges and the literature telling of their program. The initials in the word CROP stand for Christian Rural Overseas Program, a branch of Church World Service.

Last year, gifts to CROP made possible the distribution of 93,654,000 pounds of government donated commodities to hungry and needy people throughout the world. Every gift to CROP becomes "Christian Love in Action" to those who need it most.

Texas young people of various church youth organizations working together in their communities will be among thousands of CROP workers in the state this month as they call from door to door in their communities seeking "treats" for needy people abroad.

CROP is the Community Resources Program of Church World Service and collects food, fiber and cash in communities throughout the United States for the world relief programs of the churches. It is becoming as much a symbol of Halloween to the young people of Texas as the traditional "trick or treats", black cats, pumpkins, and the rest.

The youth will join other CROP workers in the state who are seeking contributions of grain, cotton, rice, livestock and cash for the overseas programs.

Together they will help to provide a meal a day of rice for a Child Feeding Program in Hong Kong where 18,000 children, who have come to the British Crown Colony from Communist China, otherwise do not receive as much as one full meal a day. A gift of \$4 will provide enough rice for a meal a day for one child for a year.

They will help to provide emergency assistance for people left homeless by natural disasters of which there were 14 in 1963. In September of this year, for example, 44,000 people were left homeless in Korea due to torrential rains; and through Korea Church World Service tents, blankets and other items were provided by the contributions of the people of

America.

They will help to provide agricultural assistance to other lands—food for wages to build roads and to develop water supplies, better seeds, and more effective tools. One third of the aid provided by CROP in 1963 was for some form of agricultural assistance. A gift of \$2 will help to provide a hoe for Africa to help turn jungles into productive gardens.

They will also help to make possible the distribution of government donated farm commodities that are given to Church World Service for its overseas programs. A gift of \$1 will provide over 300 pounds of food in this way.

Young people representing CROP will be recognized this year by an orange-yellow CROP identification tag bearing the "Freedom from Hunger" symbol.

Bull Sale Set 10th

The Concho Hereford Association will hold its 18th annual auction sale of registered bulls in San Angelo, Tuesday, November 10, 1964, according to Troy Williams, association president.

There will be 69 bulls offered in the sale, this including five pens of three bulls. They are all of good ages and in good breeding condition. Consigned by leading breeders of West Texas, they are of high quality and popular bloodlines.

James Grote, Granite Hills Hereford Ranch, Llano, will judge the bulls at 9:00 a.m. and Water Britten, auctioneer, will start the sale at 1:00 p.m.

Write Ed Hyman, secretary, for a sale catalog.

You are invited to attend the Concho Hereford Association Sale at San Angelo Tuesday, Nov. 10.

Recent Transactions

Flying Anchor Ranch of Eldorado recently sold two Aberdeen-Angus bulls to Horton Ranch Company of San Angelo.

Gerald B. Hartgraves of Eldorado recently sold an Aberdeen-Angus bull to A. E. Luckett, M. D., of Ozona.

Abilene Cotton Classing Report

Sample receipts increased slightly at the Agricultural Marketing Service-Cotton Classing in Abilene. For the week ending October 23, 1964, 13,680 samples were classed. Total bales classed for the harvest season reached 53,289 compared to 173,082 at the corresponding date last year. During the 1963-65 cotton harvest the Abilene office classed 401,000 samples and the estimated total for the 1964-65 season is 250,000 bales. Drouth conditions have reduced production throughout the classing area.

Grades for Concho, Schleicher and Tom Green counties improved considerably. Two percent of the cotton graded white, 60% was light spotted and 38% was spotted. The predominant grades were: 8% middling light spotted, 42% strict low middling light spotted, 10% low middling light spotted and 30% strict low middling spotted. Eleven percent of the samples were reduced in grade due to bark and 1% due to rough preparation.

Staple lengths remained the same. Percentages were: 11, 13/16; 49, 7/8; 30, 29/32; 9, 15/16; and 1, 31/32.

Ninety-four percent of the samples miked in the 3.5-4.9 range, 5% miked 3.0-3.4 and 1% miked 5.0 and above. The most desirable readings are 3.3 through 5.1.

Rankin Game

(Continued From 1st Page)

with a three-man secondary, and with two safeties: i. e. a 6-3-2. Advantage is that it presents an up front or near up front defensive strength of nine men. The defense was first designed against opponent's ground attacks and is now regarded as not so effective against aerial raids.

Rankin's offensive strength lies in the speed of Tailback Billy Hale, Number 32; Quarterback Roy Winters as a potent diversion; and the blocking of Messieurs Ronnie Thorn and David Brown, 153 and 185 pounds of high speed interference.

Rankin has lost to Sonora by 24-14, to Big Lake by 33-6, to Iraan by 23-16. They rested October 16, and "whumped" Sanderson 40-6 this past Friday night with David Brown and Billy Hale scoring two touchdowns each and Roy Winters and Sal Aguilar one each.

It will be the Eagles' last contest away from home and will probably be a "Rock 'em and Sock 'em" affair with the two teams fighting savagely to stay up the 8A ladder. The Eagles have the better personnel but will be playing away from home and probably with the foreboding beat of a bass drum in their ears. But the Eagles will be seeking revenge for last year's shattered dreams. Conclusions are that it is not a night for fainthearted spectators.

Starting Eagle lineup will probably see Richard Jones and Captain Richard Preston at ends, Captain Mike McCravy and Joe Phillips at tackles, Jim Belk and Steve Blaylock at guards, Captain Bobby Halbert at center, Ronnie Griffin and Monte Montgomery at halfbacks, Sam Henderson at fullback, and Scott McGregor at quarterback.

Routine defensive changes will present most effective deterrents to Red Devil encroachments of Eagle territory.

It is also the last football trip of the current season for Bandmaster Eddie Pace's finely drilled Eagle High School Band. They can expect a challenge from the Rankin band, long a beautifully uniformed and carefully instrumented organization.

last five yards for the Eagle score. The try for extra point failed and the game was deadlocked.

The rest of the ball game saw Iraan unveil some ancient spreads but the day of the stone ax and the blunderbus have passed as the Eagles hardly permitted the Braves a first down with these weapons.

It looked so easy when the Eagles scored that fans sat back to enjoy another sparkling series of plays to win the game. But it was not to be as the Eagles always bogged down when they got inside the Iraan 20 yard line and the Brave-last-ditch-defenders went in the game to choke off Eagle hopes.

There were several interesting highlights such as the excellently executed block Freshman Gary Derrick administered to a Brave defender in open field; Charley Nixon's fine punt to the Iraan 7 or 8 yard line, and the sight of Eagle interior linemen vainly pursuing Brave tailback John Joy far back in Brave territory.

Big question with many Eagle fans is the "official interpretation of pass interference." It appears possibly to biased eyes that anything goes when Eagle Captain Richard Preston goes up and up for a pass—a block, a tackle, or a desperate hang on by the defender—anyway to keep Preston from receiving the ball. On the other hand, an Eagle defender who goes for the ball with arms outreached is usually penalized for interfering. It would be a desirable addition if the official's association would number officials on their backs so Eagle fans could know if it were always the same man.

The Brave-Eagle game results moved the Eagles up to Number Four place in Savage District 8A with Big Lake out front, Ozona currently in second place, Sonora in third, Eldorado in fourth, Iraan in fifth, closely followed by Rankin, next opponent for the Eagles.

Named Crew Leader For '64 Agriculture Census

Jene W. Moore of Eldorado has been named a crew leader for the 1964 Census of Agriculture, Percy R. Millard, director of the regional office of the U. S. Bureau of the Census at Dallas, announced. The new crew leader is one of about 1,825 persons throughout the U. S. to receive this appointment.

The new crew leader will supervise a team of census enumerators who will visit all farms and ranches in Schleicher county to collect official census questionnaires from farm operators. Enumeration of all farms in the county will take place in November and early December.

The crew leader is a key person in conducting a Census of Agriculture. He recruits and trains the enumerators, schedules their work, reviews the accuracy of completed forms, and conducts difficult interviews.

The Census of Agriculture is taken every five years in years ending in "4" and "9" to gather information on the nation's agricultural resources and production. Information obtained will be published starting in 1965 for counties, states, and the nation.

Girl Scout Camporee

Twenty-two Girl Scouts from Eldorado attended an area camporee at the M. D. Bryant ranch last week end. They left here Saturday morning and returned home Sunday. There were 800 girls from this area in attendance.

Chaperones for the Eldorado group were Mr. and Mrs. Joe Gault, Mr. and Mrs. Lawrence Newport, and Mrs. Gene McCalla.

DAVIDSONS HAVE COMPANY

Mr. and Mrs. J. O. Smith and family of Bakersfield visited Mr. and Mrs. Bud Davidson and family and Mrs. Sadie Davidson last Friday and attended the Eldorado-Iraan football game Friday night.

Other guests of all the Davidsons over the week end were Mr. and Mrs. Clyde Young from Bertram. Visiting them and Kenneth Cheek this week is Norton Cheek of San Antonio, a brother of Mrs. Sadie Davidson and Mr. Cheek.

Mr. and Mrs. J. D. Ashmore were visiting relatives at Athens when they had to return because of the serious illness and death of their granddaughter, Miss Peggy Lee Spencer. They had visited in Greenville and other points and had planned to stay longer before returning home.

Mrs. J. C. McKinley and son Jimmy of Longview and Austin were here last week visiting Mrs. McKinley's sister, Mrs. Edwin Jackson. They had been in New York several weeks, having gone to attend the World's Fair and to take in some shows but Jimmy was taken seriously ill and had to spend the time in the hospital while there.

Mr. and Mrs. Jack Gartman and sons visited Mr. Gartman's parents in Sterling City last week end.

Iraan Game

The Eldorado Eagles failed to put their winnings on the scoreboard last Friday night and left the score to stand a frustrating 6-6. Statistics show that the Eagles indeed dominated the game.

Eldorado	Iraan
20	First downs 11
235	Yards rushing 85
40	Yards passing 85
275	Total yards 170
40f9	Passes compl. 6of20
2	Passes interc. 2
2	Fumbles lost 0
3for40	Punts & av. 4for38

District 8A rules provide ways for settling tie games. Eldorado won the game by penetrating inside the Iraan 20 yard line four times but the Braves got inside the Eagle 20 only once. The Eagles tabbed 20 first downs to 11 for the Braves had the penetrations been tied. Lastly, in event both penetrations and first downs had been equal, the Eagles racked up 275 yards of progress to 170 for the Braves. But the Eagles just didn't turn the lights on with the scoreboard and all the statistics won't give them what they really wanted.

For the second time this season, an official decision set up an opponent's first score. Three Eagle defenders covered Brave John Smithson near the Eagle 20-yard line and an official ruled pass interference. A down or so later, Iraan Tailback John Joy flipped a deadly aerial to Smithson in the same defensive territory and in the end zone but this time no Eagle defender was there. That was the last of Brave scoring or even the last serious threat as for that.

Indeed a doughty Eagle defense stopped massed Iraan interference as well as Brave efforts to penetrate interior Eldorado defenses; but it could not erase the glittering 6 points to the Iraan side of the score board.

The Eagles ran wild in the middle of the field but never could get together enough to penetrate Brave vital territory and the first half ended with Iraan out front 6-0.

In the third quarter on the kickoff, the Eagles took possession of the ball and never faltered until they scored. The offensive thrust began with Sam Henderson's fine return of the kickoff up to his 40-yard line. Then Eagle backs, Henderson, Ronnie Griffin, and Monte Montgomery acted as thunderbolts for Quarterback Scott McGregor as the Eagles ground out the distance to the Brave's goal line behind some honest blocking on part of the Eagle offensive line. Sam Henderson took the ball over the

Sweethearts Recognized

During the half-time of the game last Friday night when the Iraan Braves came here to play the Eagles, Misses Marilyn Wilson and Mary Ann Page were presented as football sweetheart and band sweetheart.

Mrs. Leland Haynes of Kingsland visited her mother, Mrs. R. A. Evans the first of the week.

Mrs. Barbara Hill and son, Eddie, are staying over this week with Mrs. Hill's parents, Mr. and Mrs. Edgar Spencer, while her husband and daughter have returned to their home in Houston.

Lions Club Meets

The Eldorado Lions club held their regular weekly meeting yesterday in the club room of the Memorial Building. A. G. McCormack presided.

Guests were Myron Merchant of Abilene and A. E. Prugel and Tom Davis of Sonora.

Secretary Ronnie Mittel presented new members, Jack Bell and Ronnie Giles with their certificates of membership and badges.

For the program, Mrs. Oliver Teele's high school girls rendered several choral numbers. C. M. Nyquist was program chairman.

Historical Society To Meet This Afternoon

The Schleicher County Historical Society will meet this (Thursday) afternoon at 3:00 in the club room of the Memorial Building.

Tom Meador, historian of the group, will read a paper on county history from 1600 to 1900, and another on Confederate veterans of this county.

Judge W. R. Bearce will report on a meeting he attended recently in Austin.

All persons interested in local history are invited to be present.

Womans' Club Hears Dr. Vernezobre

Dr. Ernest F. Vernezobre was guest speaker at a meeting of the Woman's Club at the Memorial Building Tuesday. Dr. Vernezobre conducted a question and answer period relating to his experiences and conditions in Cuba. During the period he emphasized the inroads of Communism and the precious heritage of Democracy and Liberty that we, as Americans, take too much for granted.

Mrs. R. D. Johnson was leader for the day and introduced the doctor.

Mrs. Arch Mittel, club president, presided over the business session that followed the doctor's talk. Mrs. T. R. Spence was elected to active membership in the club.

Seventeen members, including Mrs. Spence, were present. Guests other than Dr. Vernezobre were Judge and Mrs. W. R. Bearce, Josh Ewing, W. N. Ramsay, Carrol White, Mrs. L. M. Hoover, Miss John Alexander, Mrs. L. T. Wilson, Mrs. J. L. Ratliff, Mrs. Charlie Trigg, Mrs. Emil Dannheim, Mrs. Truett Stanford, Mrs. J. H. Mace and Mrs. James Williams.

Mrs. W. A. Van Dusen was hostess. She was assisted by Mrs. Arch Mittel. Refreshments of cake, tea and coffee were served.

Jim Hoover of Mason was here last Saturday to attend Miss Peggy Spencer's funeral and to visit Mr. and Mrs. L. M. Hoover.

Marking Of Ballot Is Important

Over the state of Texas there has been much discussion in an effort to clarify and stress the importance of marking a ballot. This is being done in an effort to assure voters that their votes can and will be counted.

The general election ballot will have three parties' candidates listed for some offices of the nation and state and any voter who scratches out only one of the columns, or scratches out only one of possibly three names for one office, turns in a ballot that cannot be counted by the election judges.

This illustration is given: If a person scratches out only the Republican column and does not make any mark in any of the other columns, his ballot can be counted in votes for only those candidates who do not have an opponent in the other party columns unscratched.

If a person wishes to vote for Democrats all the way, he must mark through the other columns on the ballot if he wishes his vote for all the Democratic candidates to be counted.

If a person wishes to "split" a ticket, which he may do in Texas, he should mark out each name for which he does not wish to cast a vote and leave only those names unmarked for whom he wishes to cast a vote.

It is stressed that the names of two candidates or of two parties left on the ballot disqualifies a judge from giving a vote to any candidate, since the choice of two or more candidates is the voters' and not his.

One final reminder: You cannot take a marked Sample Ballot with you to consult when you go to the polls to vote.

Sen. Goldwater Enters Final Phase of Campaign

Austin.—In the last phase of his promising presidential campaign, Senator Barry Goldwater continued to stress the need for morality in government at all levels.

"Certainly, simple honesty is not too much to demand of men in Government," Goldwater said.

GOP leaders saw a personal tragedy in the Walter Jenkins case but pointed out the disclosures raised serious questions of national security and Jenkins' alleged involvement in the Bobby Baker scandal.

Texas GOP Chairman Peter O'Donnell Jr. asked: "If Walter Jenkins and Bobby Baker are examples of Mr. Johnson's ability to size up men, what can be expected if he sits down opposite the new leaders of the Kremlin?"

William S. White, close friend and biographer of the President, wrote of Jenkins last December: "He attends the super-secret National Security Council."

Security officers in Washington have warned for years that Communist agents seize on moral weakness as a means of blackmailing government personnel for information they seek.

O'Donnell asked if the FBI had made a security check on Jenkins when he joined the White House staff last November. "If not, why not?"

"The most simple security check would have revealed Jenkins' previous arrest on a similar morals charge in 1959," said Tad Smith, state campaign coordinator for Goldwater-Miller. "How many other Johnson aides are now serving without having adequate security checks?"

O'Donnell pointed out that Mr. Johnson had protected Jenkins from testifying before the Senate Rules Committee investigation of Bobby Baker.

"According to sworn testimony, Jenkins used pressure to secure kickbacks in the form of advertising revenue for Lyndon Johnson's television station.

"Executive privilege no longer protects Jenkins and he should be required to testify on everything he knows about Bobby Baker and the alleged kickbacks to Johnson's station," O'Donnell said.

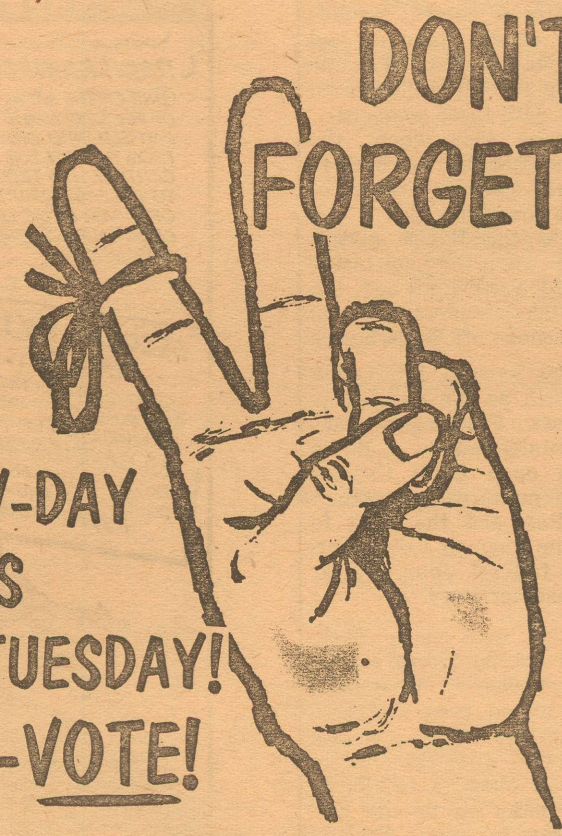

Willie Luedecke Named To Gaillardians, SWTSC

Mr. and Mrs. O. H. Luedecke of Eldorado were notified recently that their son, Willie Luedecke, was named to the Gaillardians organization at Southwest Texas State College at San Marcos.

"This honor is a distinct one since those selected must have met the high standards of fellow students in the matter of academics, character, personality, and campus popularity," James H. McCrocklin, president of the college, wrote.

The parents have been invited to attend a reception for the nominees in the Student Center at 7:30 p.m. on Saturday, November 7th. The presentation of the six young men and six young women chosen as Gaillardians for 1964-65 will follow at 8:30 in Evans Auditorium, with special seats reserved for the parents.

Democratic Rallies Held In San Angelo And Here, Monday

MRS. LYNDON B. JOHNSON

Local Democrats turned out in force in San Angelo Monday afternoon to greet Mrs. Lyndon B. Johnson at a rally, tea, and gathering held on the campus of San Angelo College.

With Mrs. Johnson were Mrs. W. Willard Wirtz, wife of the Secretary of Labor; Mrs. Orville Freeman, wife of the Secretary of Agriculture; and Mrs. Robert S. McNamara, wife of the Defense Secretary.

The First Lady gave a speech to the gathering of Democratic notables from a wide area of West Texas before she and her party continued on their campaign swing across the country.

A local Democratic rally got under way at 7:30 Monday evening in the Memorial Building.

Tom Ratliff, Schleicher County Democratic Chairman, presided and read a telegram of greeting from Lyndon B. Johnson.

Present were visitors from neighboring counties of Sutton, Irion, and Tom Green, and from Kingsland came Lefty Haynes, former Eldorado resident who now lives at Kingsland.

George Stanley Finley, attorney of San Angelo, was on hand to introduce the speakers of the evening, Forrest Harding and Joe Foy.

Mr. Harding is completing his second term in the Texas Legislature as representative from Tom Green county. He traced the history of the Democratic party from 1792, to the more recent past when President Truman referred to it as "The People's Party."

Joe Foy, who is an attorney with Hardeman, Smith, and Foy, in San Angelo, spoke on the issues confronting the voters, including the Billie Sol Estes and Bobby cases, the health of the respective nominees, and foreign and domestic policies, and peacetime preparedness.

Mr. Ratliff thanked all who came to the rally, and thanked Mr. and Mrs. C. C. McLaughlin for allowing the use of the building on Gillis street as Johnson For President headquarters.

The hat was passed so that all wishing to do so could contribute to the fund.

Refreshments were served.

Mrs. A. D. (Nancy) Patton and daughter, 4-month-old Elizabeth Ann, arrived by plane Sunday, October 25 for a visit here, and will return to Pittsburgh Nov. 1.

Letters to the Paper

To The Editor:

Well, I have been reading the Success for over 30 years and I have a lot of friends out in that part of the country. So I thought I would write in on my stand for the President. Goldwater is not the man for the job in these trying times. He changes his mind as often as he does his shirt. He wants to lower the prices on beef and all farm products. It came out in my daily paper and should have come out in the Fort Worth Star-Telegram. Just look how many millions of dollars the farmer and ranchman would not get. And he wants to do away with Social Security. That is all the income I and my wife have and I am too old to work. I have the clipping out of my daily paper where up in Greensboro, North Carolina a laundry worker said Goldwater threw a Social Security card down on the floor and stomped on it. Wake up folks. If that won't wake you up, what will? President Johnson has got all what it takes to be a President.

He has the backing from most everybody in this great land of ours and we have wonderful times. Everybody that wants to work, can. Look in early 'thirties when Hoover was President. "No jobs, no money." Ninety-eight per cent of all the newspapers have come out to support President Johnson and if that is not a good record I never saw one. Nearly all, I mean all dailies are for our President Johnson. So I am for him 100%.

I will vote on Nov. 3 for our President and hope everyone will. He has had a rough job since the short time he has been in, but he has done the job well. So let's all true Americans vote on Nov. 3rd for the best way of life, a real Democratic ticket. Vote for Johnson; I will vote for L.B.J.

KEEP A TEXAN IN THE WHITE HOUSE

Let's
Back
Johnson

Study the Issues---Then Vote The Choice Will Be Yours

EXTREMISM

President Johnson "Let us turn away the fanatics of the farm left or right; from the apostles of bitterness and bigotry; from those who pour venom into our nation's bloodstream.

Republican candidate: "I am impressed by the type of people in it (the John Birch society.) They are the kind we need in politics.

SOCIAL SECURITY (Health Care For The Elderly)

President Johnson: "There is no need for elderly people to suffer the personal economic disaster to which major illness all too commonly exposes them. . . There is a sound and workable solution. Hospital insurance based on Social Security payment is clearly the best method of meeting the need."

Republican Candidate: "I would like to suggest a change. That Social Security be made voluntary." Both Democrats and Republicans recognize that this would bankrupt the system. Since he has voted against every Social Security amendment under Eisenhower, Kennedy and Johnson administrations. Is His Real Desire To Bankrupt Social Security System?

EDUCATION

President Johnson: "I now call for a goal of higher education for every American with the desire and the capacity to learn. No one should be kept from knowledge because there is no room, or no teacher, or no library, or because he has no money."

Republican Candidate: "The government has no right to educate children. The parent, you and I have that responsibility. The child has no right to an education. In most cases, the children will get along very well without it."

Note: The Republican candidate does not have a college education.

PEACE

President Johnson: "General War is impossible. In a matter of moments you can wipe out from 50 to 100 million of our adversaries, or they can wipe out 50 to 100 million of our people. So our purpose is to employ reasoned agreement instead of ready aggression, to preserve without a world in ruins."

Republican Candidate: "There will either be a war, or we'll be subjugated without war. . . real nuclear war. . . I don't see how it can be avoided perhaps five, ten years from now."

JOBS

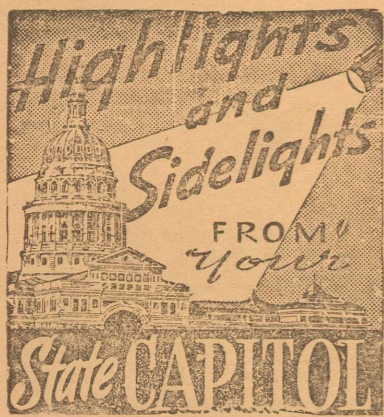

President Johnson: "We have a commitment to full employment. We must keep it, and we shall."

Republican Candidate: "The only way business can survive today is to cut expenses, and that means cutting employees."

Facts: At his Senatorial job the Republican candidate was present the last two years only 56% of the roll calls. President Johnson was present his last two years 95%. WHO REALLY CARES.

The Stakes Are Too High to Stay Home

(Pol. Adv. paid for by Schleicher Co. Democrats)

This is the final week of the voter roundup.

Tuesday, some 3 million Texas voters will reveal what they think about the candidates who've been wooing them with promises, charges, warnings and counter charges.

Central attention naturally has gone to the presidential race in which Texan Jyndon B. Johnson has been fending off attacks from Arizona Sen. Barry Goldwater.

But the U. S. Senate race in which Republican George Bush of Houston is trying to oust Senator Ralph Yarborough has gained much attention.

The two presidential candidates have made strong endorsements in the Senate race. Johnson has urged Yarborough's election and Goldwater has urged Texans to support Bush.

Salt Water

Trial is scheduled to begin on November 2 in a lawsuit brought by Superior Oil Co., to determine whether the Railroad Commission or the Water Pollution Control Board has jurisdiction over the disposal of salt water produced with oil and gas.

But the lawyer for both state agencies, Atty. Gen. Waggoner Carr, has stepped out of the case. Carr said there appears to be a "conflict of interest" between the two state agencies, so he advised them to use their staff lawyers if they want to be represented in the trial. The Attorney General's department will take part in the trial only to see that all evidence is fully developed.

Retail Sales

September retail sales were less than one per cent below those of August, when normal, seasonal variation is considered. So reports the UT Bureau of Business Research.

But the dramatic increase was the one of 14 per cent in dollar sales volume over September 1963, and a 32 per cent increase in auto sales. For the year, sales are up 6 per cent over the same portion of 1963, showing that the upward trend in business conditions is continuing steadily.

Courts Speak

Effect of a U. S. Supreme Court decision concerning admissibility of confessions as evidence was debated before the Court of Criminal Appeals in San Antonio and Houston cases.

Bexar County Dist. Atty. James E. Barlow said the high court's finding may have upset all guidelines of Texas courts on proper methods of introducing confessions. The Supreme Court said persons other than the convicting jury should make a finding of facts as to whether a confession is voluntary or not and whether it is admissible.

The Supreme Court upheld rulings favoring the city of Temple in a suit brought by a former fire alarm operator who charged he was fired without sufficient reason or due notice.

53rd District Judge Herman Jones is due to make a decision soon on the City of Big Spring's suit against the Board of State Hospitals and Special Schools. In 1937, when the city was competing for the State hospital now located in Big Spring, it contracted to furnish water for the hospital at 10 cents per 1,000 gallons.

A few years ago, the city decided the arrangement was untenable since it costs 32 cents per 1,000 gallons to provide the water that earns 10 cents per thousand. But State attorney generals have ruled that the Board cannot re-negotiate on the perpetual contract.

Opinions

A county hospital district formed under a new law has the same responsibility for care of indigents as is imposed on commissioners courts, Atty. General Carr told Ochiltree county attorney.

He also held that the State Board of Hairdressers and Cosmetologists cannot require financial statements as a prerequisite for a license.

Corpus Christi First

Corpus Christi became the first metropolitan area in the nation to complete a comprehensive transportation plan in compliance with the Federal Aid Highway Act of 1962.

The study was conducted by the Texas Highway Department in cooperation with the City of Corpus Christi, Neches county, and the Bureau of Public Roads. It pinpoints present and foreseeable traffic problems in the area and provides a basis for development of highway routes, city streets and county roads serving the Gulf

coast city over the next 20 years. Nineteen similar plans are due to be developed in 22 Texas urban areas over 50,000 population this year.

Coke County Hearing Off

Hearing was postponed until December 14 by the Texas Water Commission on the application of the Colorado River Municipal Water District (Big Spring) to relocate a dam in Coke County and increase capacity to 488,760 acre feet. The Lower Colorado Authority, fighting the application, requested the delay.

Crops Progress

Clear, open weather helped move along the harvest in the cotton farming region of the blacklands of Texas, the U. S. Department of Agriculture reports.

Clear weather also aided farmers to push sorghum combining and the planting of small grain. Lack of top-oil moisture slowed growth of grass and some grains, but ranges and pastures remained in good condition over most of Texas.

Workmen's Comp. Rates Up

After a public hearing, workmen's compensation rates probably will go up an average of 2.3 per cent, effective December 1, says the State Board of Insurance. Indicated changes by groups are: manufacturing, up 4.4 per cent; contracting up 3.8; oil, down 0.9; all other, up 1.4.

Water Storage Increases

Texas Water Commission reports that the month of September brought better than normal rainfall in most areas. Conservation storage in major reservoirs increased 2,300,000 acre feet, to 8,400,000 acre feet. Storage at the end of September was 71 per cent of potential capacity.

Seventeen of the 18 stations over Texas reported above average rain. Weather bureau station at Brownsville was the lone exception. There near normal fall was recorded.

Shell Dispute

The Parks and Wildlife Commission has not decided yet whether to call a public hearing on the application of a Corpus Christi construction firm to dredge oyster shell from Copano Bay.

Mental Health

A mental health plan, drafted by a 110-member committee appointed by Gov. John Connally is of vital importance to every Texan. So says Committee Chairman Judge C. L. Abernathy of Plainview.

Reason is that every person — Texan or not — has at one time or another, been a "troubled" person. The committee defines "troubled" as anything from a transient inability to make a necessary decision to a severe psychosis.

Wells in Creek Bed

W. F. Company, Limited, a Monahan oil and gas firm, gained permission from the Texas Water

Commission to divert 800 acre feet of water each year from Beals Creek by drilling about five wells in the creek bed. The company will use the water from 'brackish' underground in secondary recovery operations in the Snyder Field in eastern Howard County.

Bar Okays Law-Change Ideas

The State bar's board of directors approved a 9-point legislative program for 1965, which includes the proposal that county commissioners be granted authority to establish county-wide traffic courts and cities to be able to set up metropolitan "courts of control."

The board also pledged support of a "substantial across the board" pay raise for district and appellate judges. No particular salary structure was recommended, but a \$25,000 annual salary for district judges has been discussed.

The board gave overwhelming endorsement to revision of the State's criminal code. A bill to do this was passed by the 1963 Legislature, but it did not become law, due to a technicality.

Short Snorts

Parks and Wildlife Director J. Weldon Watson will inspect a 27,000-acre tract in Franklin Mountain area north of El Paso which city officials want converted into a state park . . . Governor Connally ordered flags over state buildings flown at half staff in tribute to the late President Hoover . . .

When the house is closed up...

and the kitchen's soot free

Flameless Electric Cooking

is all it could be

During the winter months when the house is closed up, a flameless electric range is almost a necessity. Only an electric range can prevent the ugly, oily film on windows, walls, cabinets...everything in the kitchen and adjacent rooms, because there's no combustion. Since heat is delivered directly by metal-to-metal contact with the bottom of the utensils, you don't have to clean soot from pots and pans. There's no doubt about it...electric cooking is clean, accurate, fast, and by putting the heat into the food, not into the air...you don't have to pay for dissipated heat.

Visit an electric appliance dealer soon and bring home an electric range so you, too, can have a bright and shiny kitchen.

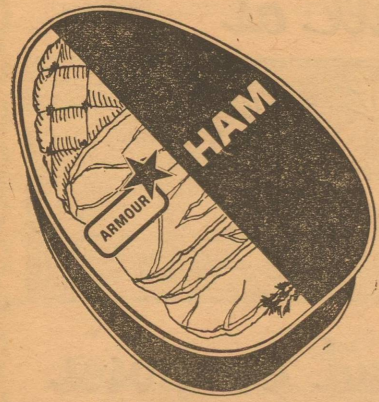

FREE WIRING — An extra for WTU customers. If you are a customer of WTU and purchase your flameless electric range from a local appliance dealer, WTU will install the wiring at no charge to you.
