## Deadline Looms For Poll Tax Payment

Be Sure to Pay Your Poll Tax by January 31st!

This year could very possibly hold in store for all of us a number of things in which we will be unable to participate if we have no poll tax receipt.

Even though a U.S. Constitutional Amendment abolishing the poll tax in national elections has gone into effect, it has no bearing on balloting on issues of a local nature.

This year is what is known as an "off" year, because there will be no national, state, county or precinct elections to elect public officials at those levels. However, we do know there will be elections to name city officials and school trustees.

And there is always the possibility of bond elections for county, city and school improvements.

If you want to participate, you had better hand over your \$1.75 so you will be able to vote.

Orval Edmiston, county sheriff and tax assessor and collector, calls attention to the fact that January 31st falls on Sunday this year.

The office will be open 'til noon Saturday to receive poll tax payments, and "We'll even be willing to open Sunday to anyone giving us a call," the sheriff stated. But it's more convenient to all concerned if you handle the payment by Friday or Saturday.

The sheriff, tax-assessor collector pointed out that in checking back over the county taxes paid so far that a number of people had failed to include their poll taxes when making payment of regular taxes. He urges that all taxpayers check their tax receipts to see if they had included the number of poll tax receipts wanted. If not, payment must be made before the deadline date in order to be eligible to vote.

Whether it be the election of school board members, the city council, county and state government, or any special issue that may come up, you, as a citizen, will want to express your views and desires, by voting for what you believe right, and opposing issues that you do not believe of just cause.

All residents who have lived in the county 6 months and the state one year (and are citizens) are eligible to vote in the 1965 elections.

Anyone who reached the age of 61 before Jan. 1, 1964, is entitled to vote without a poll tax or exemption. Persons who reached the age 21 anytime during 1964 are also eligible to vote, but must secure an exemption from the tax assessor's office.

Summing up, here are probable issues on which Texans will vote in 1965, and for which a valid poll tax will be required:

1. City election (alderman).
2. Bond elections.
3. School Trustee Election.
4. Probable Constitutional Amendment to repeal the Poll Tax Law.

5. State Senators and Representatives when the state is reappointed.

6. It's always possible for a "wet" election to be called.

Only the holders of a current Poll Tax receipt or exemption can vote on these or any other City, County or State issues this year.

Lots of people are confused because of the Federal law where a person can register and vote on Federal issues without being the holder of a Poll Tax Receipt. Such a registered voter cannot vote on state, county or city issues unless he also pays his poll tax," Sheriff Edmiston concluded.

## New Speech Teacher Is Now On The Job

Now on the job in the local high school as new speech teacher is Robert Nelson Word, who graduated from the University of Texas on Jan. 20th. He has a wife and one child, and the family have rented a Fred Riley house.

Mrs. James Dooley, who before her marriage this last Fall was Miss Lena Nelson, tendered her resignation at mid-term as speech teacher.

Mrs. Dooley taught the first semester of the current school year, and has now joined her husband at Abilene.

## Post Script

Saturday: A cold north wind is making it chilly up here at my office desk near the front door. Looking out over the buildings across the street, I see a dark gray-brown sky—a high-rising dust storm is coming in from the upper plains. It looks kind of ominous. Let's hope that it was not a sample of more to come.

(But more did come, on Monday afternoon.)

Of course it would have to happen on the day of the annual stock show. As long as we can remember that show has been plagued with inclement weather of some kind or another.

Sunday: Clear, chilly but pleasant.

Monday: Another dust bowl day which was even worse than Saturday. You get a gritty feeling from everything you touch.

Delta's dun-it again.

We looked out from our back porch Sunday night and saw a large blazing flare in the northern sky. It was the Delta-Pauley No. 1 Jackson gasser, looking like a huge blow-torch.

James Williams has an unusual addition on his used car lot this week. It's a 1952 Cadillac hearse, and to the casual observer the body, chrome, etc., look to be in good shape. Mr. Williams says it is for sale along with his other cars on the lot.

Several suggestions have been voiced on how the hearse could now be used.

"It would make a good fishing and camping car. With all that room in the back, there's more space for fishing tackle and camping gear and hunting rifles, than in any regular station wagon."

Less sensitive souls could even put a sleeping bag or mattress in the back and sleep in it.

"Add some more seats down through the center and you have a dandy carry-all bus."

Just the thing for a large family, Scout patrol, or club to take their outings in.

"Leave it like it is, and open up another funeral home here." Use it just once, and it would be paid for.

The asking price? Mr. Williams says it's \$200. For that you get a good Cadillac engine with less than 60,000 miles on it (most of it, presumably, at slow speeds), and a "heavy" type of vehicle to drive.

James says he will be glad to have any interested person look it over.

The Eldorado-Divide Soil Conservation District has come out with its annual report covering the district's work for the year of 1964.

This year's report is dedicated to two of its late members—Eck Moore and J. Forrest Runge, both of whom passed away in 1964.

We quote two paragraphs from the District's newsletter:

"On July 25, 1964, and September 24, 1964, the Eldorado-Divide Soil Conservation District, loved ones, the community, and friends suffered a loss that is irreparable through the death of B. E. Moore and J. Forrest Runge. They both had served as District Supervisors of the District since its organization on June 23, 1941. Mr. Moore had retired in August, 1963, due to ill health. Mr. Runge had just been elected in October, 1963, to serve an additional 5-year term.

"Let us recognize that the contribution made by these two men to the welfare of their fellow-man is far beyond that of conservation of inanimate natural resources. It was their desire, their dream, their purpose in life that the soil resources of their homes, the nation, and the world might be preserved. They realized that the principle of man's stewardship of natural resources would mean a better life for all who now live and for those generations yet unborn."

This coming Wednesday, February 3, Mrs. T. W. Johnson will quietly observe her 90th birthday at her home here in Eldorado. She has been a resident of this county for about 60 years.

A native of Gonzales county, Mrs. Johnson was born and reared there. She was the former Liza

Sample and her father, James Sample, was a Confederate veteran.

On Oct. 17, 1899, she was married to T. W. Johnson at Pilgrim, in Gonzales county. The couple

ranching there for three years before coming to this county in 1904, when Schleicher county and the town of Eldorado were just getting started. Mr. Johnson was in the mercantile business for a while before he acquired a place four miles northeast of Eldorado which Mrs. Johnson still owns. The place has been leased out now for a number of years.

The Johnsons reared their children on the ranch, living here in town during school terms.

In August of 1949, Mr. and Mrs. Johnson were honored on their Golden Wedding. Mr. Johnson died in 1956.

Mrs. Johnson has two daughters: Connie, Mrs. W. B. Terpenning, lives in Eugene, Oregon, and Joyce, Mrs. O. R. Burden, lives in Wichita Falls. A third daughter, Estelle, died in 1935, and another child died in infancy.

Her son is Edwin T. Johnson of Indonesia.

Mrs. Johnson has been an active member of the First Baptist church and she is believed now to be the oldest member on the church membership roll. She was active in WMU and did Sunday School extension work for a number of years.

In her later years, she took up two hobbies, oil painting and china painting. Her paintings of West Texas scenes, beautifully framed, are hung in several rooms of her house and her hand-painted china is displayed in her dining room.

As Mrs. Johnson approaches the significant milestone of her 90th birthday, she will have the best wishes and thoughts of all her many friends she has acquired in her years of residence here.

No celebration is planned, although her family and close friends may be on hand Wednesday to wish her well.

## New By-Pass Road Proposed

About twenty-five farmers and ranchers met with Schleicher county commissioners here Monday and laid down a proposal for a new 4-mile by-pass to connect the Reynolds highway with a new road to run directly east to Hwy. 277.

The Reynolds farm-to-market paved road now intersects the Mertzton highway at a point some seven miles northwest of Eldorado. Members of the delegation pointed out that when they wanted to take a load to San Angelo they had to come all the way southeast into Eldorado to reach 277 and turn north. They estimated that the proposed by-pass would save about 8 miles; that it would also be an advantage to oil workers traveling from the Huldale fields to the Northern Natural plant and to other new oil fields farther out on the Mertzton highway.

The tentative route would be an extension of Reynolds road and would run due east on a section line. The route would be through rough ranch land and in at least one case would leave a rancher with land on both sides of the road.

The purpose of the delegation Monday was to stress to the Commissioners the need and advantages of this by-pass. Their next step will be to get signatures on a petition which will be duly presented to the county in the near future. Until that step has been taken there will be no official action by the Court.

County Judge Bearce pointed out that the by-pass road, if and when built, would be a county project. He also explained that the county has already filed a request with the State Highway Dept. for a 5½-mile extension of FM to take it to the Thad Thomson ranch, and that in another year it would be extended to the Sam Jones ranch.

C. W. F. meeting was held in the home of Mrs. Lawrence Bell.

Meeting opened with prayer by Mrs. C. E. Cogswell. Roll call was made and minutes of the last meeting was given. Ruth Baker being in the Clinic-Hospital in San Angelo, Mrs. Charles Young presided over the meeting.

Many visits had been made to the clinic hosp., and the report is that Ruth Baker will soon be home. Our prayers are that she will be well enough to be with us when we meet again.

The Snack Supper was a real success and Roy Thorpe was the speaker for the evening. Rev. C. E. Cogswell was master of ceremonies.

Our meeting was a missionary meeting and Mrs. C. E. Cogswell had a worship center of the Bible and Praying Hands. Her scripture was 1st John 4:11 & 19 to 20. After reading this scripture on Love she read a Poem explaining the

praying hands. We all knew it is a real picture of art, and was a blessing to all to have this knowledge, as praying hands is a great thought for anyone.

The missionary lesson was on our Spanish American People, called From Down Under, given by Mrs. Charles Young. Our meeting closed with C.W.F. Benediction.

Our guest: Mrs. J. Yearout from Hobbs, New Mexico. We were also glad to have Mrs. Wm. Thurman with us as she had not been able to meet with us for some time. Refreshments of spiced cake and whipped cream and coffee was served by hostess, Mrs. Lawrence Bell.

Mrs. Charles Young will be our hostess for February. —Rep.

**Anti - Poverty Loans Reported Available**

Texas Farmers Home Administration Head Gives Details on First Anti-Poverty Loan:

The first loan to help a Texas low-income rural family raise their income and attain a better standard of living under President Johnson's War on Poverty Program was explained today by Lester J. Cappleman, state director for the Farmers Home Administration.

Mr. Cappleman gave details on a loan being made to a family who operate a small farm near Long Branch, Panola county, which Secretary of Agriculture Orville L. Freeman announced as one of 11 such loans being made throughout the country.

The loan was made to a 57-year-old farmer and his wife, parents of 8 children, living near Long Branch, Panola county, Texas; \$2,500 for 15 years to refinance a mortgage which is overdue against his small 25-acre farm, purchase a milk cow and a mule, carry out some land development work and pay operating expenses on his 1965 truck crop which will consist of 2½ acres of tomatoes and cucumbers. The family of 10 also will raise a large garden and some pigs to meet their family food needs. Improvements made with the loan will enable this family to make a 50% increase in their gross income which last year totaled \$1,540.

Cappleman said approximately 75 applications for economic opportunity loans have been received.

The loans are authorized by the Economic Opportunity Act of 1964, which includes a rural credit service involving \$35 million in Federal funds.

In addition, three other loans have been approved in Texas; one to a 51-year-old farmer who lives in Harrison county near Marshall, Texas.

There are five children in this family. The total amount of the loan is \$2,500. The funds will be used to purchase 12 acres of land and move and repair a house to be located on the 12 acres being purchased. This will provide a more adequate dwelling for the family.

The third loan made this week in Texas, according to Mr. Cappleman, was one made to a widow living near Hempstead in Waller county. A loan of \$820 is being used to assist this widow in purchasing livestock and drilling a well so that she and her family will have a sanitary water supply for domestic purposes.

The Farmers Home Administration County Supervisor for Washington and Waller counties, Temple Evans, has developed a farming program on the small acreage which should result in an increased gross income of approximately \$400 per year.

The fourth loan was made to a couple living in Bell county who

operate a small farm. The loan funds will be used to enable them to add an additional source of income through the construction and equipping of a small tractor and farm implement repair shop. With this additional source of income, the family will be able to raise their level of living from \$1,200 a year to approximately \$2,000 per year after the business is in operation. This will amount to a 50% increase in their gross income from all sources.

The State Director of the Farmers Home Administration in Texas stated that all personnel are enlisting the assistance of rural agricultural and business leaders, school teachers, ministers, welfare workers, charitable organizations and others to assist this agency in informing low-income rural families of the opportunities available to them in the Economic Opportunity Act of 1964.

According to Mr. Cappleman, "The 1960 Agricultural Census showed approximately 375,000 rural families, both farm and non-farm, living in the country and in communities of less than 2,500 population, receive a gross income of \$3,000 a year or less from all sources. This means we have a real challenge in Texas in providing opportunities for these families to improve their level of living."

All of the loans bear a 4 1/8% interest. Economic Opportunity Loans may be made in amounts up to \$2,500 to finance small family businesses, trades, services, and farming enterprises.

The rural families eligible for anti-poverty loans are confronted with such problems as limited resources; low income; indebtedness beyond their present ability to repay; lack of management skills, and an unsatisfactory level of living. To help overcome these problems and assure success of the new businesses or farming enterprises, borrowers will be provided with intensive and continuing management aid by local county supervisors of the Farmers Home Administration.

To be eligible for the new rural credit program, an individual applicant must:

1. Live in a rural area which includes towns up to 2,500 population.
2. Have an income so low it does not cover basic family necessities.
3. Be unable to obtain credit from other sources, including the regular loan programs of the Farmers Home Administration, and
4. Show a reasonable promise of succeeding in the enterprise to be financed by the loan.

Any inquiries regarding the assistance available through the Farmers Home Administration or other provisions of the Economic Opportunity Act, should be directed to any one of the local Farmers Home Administration County Offices.

**Episcopal Council To Meet Feb. 4-6**

San Antonio.—The 84 churches in the 60-county Episcopal Diocese of West Texas will send delegates to the 61st annual Council of the diocese Feb. 4-6, at St. Paul's Episcopal church, 1018 E. Grayson St., San Antonio.

Established in 1874, the diocese was a missionary district for 30 years, during which time it held annual convocations. Becoming self-supporting in 1904, it began its annual diocesan councils during the following year. In its 90-year history, the diocese has had only four bishops. The Rt. Rev. Everett H. Jones, the fourth bishop, will be presiding over the annual meeting of church and lay leaders for the 23rd time since his consecration as bishop in 1943. St. Paul's Church, which has been greatly expanded with magnificent facilities in recent years, was one of the diocese's early churches, having been built in 1884 to serve Army families at the then frontier post of Fort Sam Houston across the street.

Many of the famous military names of American history have worshiped at St. Paul's. The history of the church is depicted in its stained glass windows. Bishop Jones noted that this will be the first council meeting in San Antonio in three years, the previous two councils have been held in McAllen and Corpus Christi.

"Partnership in Mission" will be the theme of the council, Bishop Jones said. He explained this as follows: "There is a spirit of reformation and renewal in all branches of the church today. This new life includes a new recognition that we in all the churches are fellow-workers with God and with one another. One reason we come together—whether it be a Vatican Council in Rome or an Episcopal Council in San Antonio—is to see more clearly what God wants us to do in His world today."

Scheduled to attend as delegates from St. Mary's Church, Eldorado, are the Rev. Lea Roy Aldwell, priest-in-charge, and Ernest H. Nimitz, W. S. McGregor is alternate delegate.

**Former Resident Buried At Anilers**

Ralph Steward, a former resident of Eldorado, died in Athens, Tex., on Jan. 16 of a heart attack. Funeral services were held in Athens at Hassel-Foster Funeral Home and interment was made in an Athens cemetery, beside his wife who died Feb. 9, 1934.

He is survived by his daughter, Gayle Steward of Lubbock, five brothers, John X. of Rockwood, Aaron of Eldorado, Alfred of Rock-springs, his twin, Ray of Gould-busk; and five sisters, Lillie Steward of Abilene, Mrs. Roy Smith of Austin, Mrs. Bea Weems of Houston, Mrs. Neva Haver of Pueblo, Colorado, and Mrs. Jean Train of Chattanooga, Tennessee. His step-mother, Mrs. W. J. Steward, also survives.

**FIREMEN CONTINUE TRAINING**  
The special training course for the firemen is being continued each Tuesday night at the fire station.

Tuesday night, the A&M instructor gave instruction in proper hook-up and operation of pumps. The chief and four firemen were on hand from Sterling City. The course will continue for the coming three Tuesdays.

### Eldorado: 57 Big Lake 'B' 31

Thursday morning at 10:00 the Eldorado Eagles opened the 34th Annual Ozona Tournament with a victory. Scott McGregor and Richard Preston both scored 15 points while Bob Halbert had 8. The other Eagles in the scoring column were Pat Childers and Gary Derrick with 6, Chris McCravery 3, and Mike McCravery 4.

Richard and Gary led in the rebound department with 21 and 11 respectively.

Game at a glance—

Eldorado	14	19	10	19-57
Big Lake B	6	7	9	9-31

### ACHS 69, Eagles 60

Abilene Christian High School, on the campus of A.C.C., hit a phenomenal percentage from the floor to down the fighting Eagles 69-60. This group does not function under Interscholastic League and therefore play more basketball. They already had participated in four tournaments and won 31 games.

They were in for a surprise though because Eldorado never gave up despite a tremendous 47-34 half-time score. Richard Preston played an outstanding game making 14 of 18 attempts from the floor for 77%.

Freshman Gary Derrick continues to improve and his rebound ability kept Eldorado within range. Scott McGregor, Jay Halbert, and Bob Halbert got 3 each and Pat Childers 5. Gary contributed 8 and Jesse Bosman and Mike McCravery had 2 and 1.

Eldorado's ability to hit outside was the deciding factor. The first Preston made 8 of 8 from the floor. However, ACHS shot 7% from the floor making it hard for the Eagles to overcome it.

This was a fine team and every Eagle fan was proud of the way the Eldorado group played against excellent competition.

Game at a glance:

Eldorado	13	21	11	15-60
A.C.H.S.	27	20	13	9-69

### Lose Number Four

The Eldorado girls had won 18 consecutive home court games until Monday night when a group of red-hot Maidens invaded the home of the Eaglettes and beat them 57-45. The Eaglettes are 17-4 going into district play Friday night.

Christy Moore hit for 26 points to lead all scorers, Karen Griffin connected for 15 and Marsha Mund had 4. The girls hit only 33% from the floor which is much below par for the Eldorado group.

Eldorado had defeated the Lake View girls on two other occasions this year.

Chris Edmiston's 12 rebounds led the defensive unit.

Game by quarters:

Eldorado	11	11	14	9-45
Lake View	13	16	16	12-57

The sister-in-law was Mrs. Gail Johnson and it was one of her girls who was killed. Her other five children were in the hospital.

Mr. and Mrs. James Benton of Abilene were with Mrs. Warrick when she was notified of the deaths.

O.E.S. SCHOOL HELD

"The Bridge of Opportunity" was theme of the Eastern Star school of instruction held last week in McCamey.

Participating and giving instruction were Amy Gooble, worthy G. M.; Edith Orr, district deputy G. M.; and Frances Herrin, Grand Examiner.

Those attending from here included Palmer West, Blanche West, Penny Childers, Rose Brannan, Mary Sofge, Geneva Wade, Jessie Lee Spencer, Edith Hartgraves, and Jewel Hodges.

Two minor vehicle accidents occurred here Jan. 16th. The first involved R. J. Page and Maggie Stockton and in the second, Bill Rozcan collided with the Calk pickup.

### Eaglettes Open Dist.

The Eldorado girls begin to defend their district crown and seek a third consecutive district first Friday in Junction.

Tuesday night Menard, the big challenger, comes to Eagle Gym for the first big contest. The winner will have a big step toward the east zone crown. Presently Iraan and Sanderson girls are battling for the west zone first.

### B's Blast Coleman

Eldorado's "B" team Eaglettes scrambled around, got behind, then look out because here they came to a 58-27 rout of Coleman.

The Eaglettes were behind 10-9 in the initial quarter but a 19 point second period sent them into a 28-15 half-time lead. Another 19 and 11 points the third and fourth quarters sent the Eldorado group out of range. Martha Sue Page sparked the attack with 21 points but she had plenty of help from Nancy Jurecek with 15, Susan Mobley with 12 and Stella Hubble with 8. Nancy Kay also had 16 rebounds and Susan 12 to show excellent hustle.

Shirley Hubble led the defensive unit with 10 but was followed by Jacque Davis and Sherry Yates with 8. Sherry also played some offensively and scored 2 points.

Joan Doyle had 4 and Jan Wagley and Maureen McCravery and Billie Gayl Blaylock each had 3. The B's are 5-2 this season.

Game by quarters:

Eldorado B	9	19	19	11-58
Coleman B	10	5	6	6-27

### Eagles Lose District Opener

The Eagles invaded the home of the Broncos Tuesday night in district 8-A East Zone opener and lost 51-46. The gym was packed with Eagle fans who saw the lead change hands and the score tied on various occasions. However, Richard Preston was in foul trouble as early as the second quarter with four. He received his fifth foul about a minute deep in the fourth quarter leaving Eldorado with very little rebound strength.

Scott McGregor connected for 15 points, Richard 12, Pat Childers and Mike McCravery 6, Bob Halbert 4, and Gary Derrick 3. The difference was a poor night at the free throw line and hitting only 30% of their shots from the floor.

The Eagles will have another shot at Sonora on our home court Feb. 5.

Game by quarters:

Eldorado	8	16	10	12-46
Sonora	12	16	9	14-51

### Eaglettes Stomp Coleman

The Eldorado girls beat Class AAA Coleman 57-40 Thursday night to up their season record to 17-3. The Eaglettes jumped to a 15-8 first quarter lead and held a 31-11. The Ramblettes had a good third quarter scoring 18 to our 9. However, the Eldorado girls hit 17 points the last quarter to their 11.

Christy Moore had another excellent night soaring to 39 points. Karen Griffin who has looked excellent in the last two games, scored 11 and Marsha Mund who garners the majority of offensive rebounds, had 5. Rita Rozean contributed another 2 points and a like number of rebounds.

In the defensive area Chris Edmiston netted 12 rebounds, Frankie Blaylock 10, Paula Mace 8, Jane Cain 4, and Beth McCalla 1. These guards always do an excellent job and deserve much credit. They steal the ball, rebound and watch while the forwards try to make it count.

### State Fair To Be Held October 9 Thru 24

"Exposition of the Americas" will be the theme of the 1965 State Fair of Texas, which will be presented October 9 through 24 at Dallas.

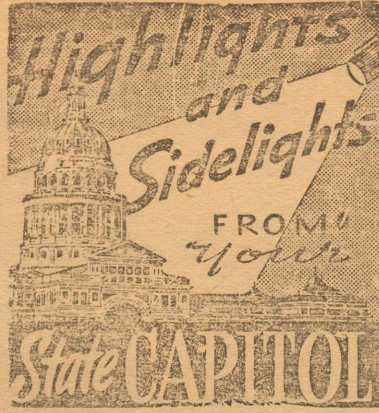

Attractions from Canada, Mexico and other countries of the Americas will help carry out the theme of the Fair, said James H. Stewart, executive vice president and general manager.

"The Exposition of the Americas theme is a most fitting tie-in with our great Pan-American Livestock Exposition, which attracts visitors from throughout the Western Hemisphere, and the Texas International Trade Fair, which has exhibits from many of the nations of the Americas as well as from other parts of the world," Stewart said.

"The emphasis at the 1965 Fair will be on special events and unusual attractions representative of the various countries of the Americas," he said.

"The 1965 Exposition of the Americas will have a truly international flavor and holds the promise of being one of the most exciting and entertaining Fairs we have ever presented," Stewart said.

The Texas-Oklahoma football game will again be played on the opening Saturday of the Fair, October 9.

Austin—A goodly share of the 3,000 Texans who went to Washington for President Lyndon Johnson's inauguration went through the same sort of celebration—on a much smaller scale—in Austin Monday and Tuesday.

Following Monday's early-afternoon State Democratic Executive Meeting, the round of State Inaugural parties began. One of the best-attended was a reception in the Gondolier Hotel for House Speaker Ben Barnes of DeLeon and Dan Blocker (the "Hoss Cartwright" of Bonanza fame).

"Hoss" was a headliner, along with TV celebrity Edie Adams, at the \$25-per-plate Democratic Victory Dinner, honoring Gov. John Connally, Lt. Gov. Preston Smith and other party winners.

Following the solemn ceremony of the swearing-in of Connally and Smith on Tuesday, another round of luncheons and receptions began. Gov. and Mrs. Connally received thousands of visitors at a reception in the Governor's Mansion, across the street from the Capitol.

Connally's kind of celebration, heavy of folksy flavor, is a far cry from the former custom of a series of governor's bills on the eve of Inauguration.

### Bill Filing Begins

First bill filed in the House of Representatives was one by Rep. Maud Isaacks of El Paso—only woman member in the House. It would allow youngsters 15½ years old to obtain drivers licenses if they pass approved drivers education courses. It's designed also to abolish the special motor scooter and motor bike licenses.

### Distilled Spirits Bill

A measure which sponsors say will raise \$10 million in tax money for the state, during the next two years, has hit the legislative hopper. It is not a liquor by the drink bill. But it would make available to people dining in Texas restaurants tiny, 2-oz. (or less) bottles of distilled spirits.

Bill calls for an annual license fee of \$500 from each restaurant providing the service. Sponsors claim it will encourage tourism while at the same time will not permit open bars.

Measure was introduced in the upper house by Sen. Jim Bates of Edinburg and in the lower house by Rep. Willis Watley of Houston.

### Teacher Bill In

A bill raising the salary of school teachers \$45 a month for each month of the school year was assured of passing in the House. Rep. George Hinson of Mineola, who is sponsoring the measure, invited other House members to sign the bill as co-sponsors. He quickly got more than 80 signatures, a majority of the House members.

Bill probably will have easy sailing in the Senate, where it was introduced by Sen. A. M. Aikin Jr., of Paris, joined by Sens. J. P. Word of Meridian, Dorsey B. Hardeman of San Angelo, D. Roy Harrington of Port Arthur and Jim Bates of Edinburg.

Another bill asked by the teachers, one providing for five days sick leave a year cumulative to 30 days, was introduced by Rep. Wayne Gibbens of Breckenridge. Both bills are being sponsored by the Texas State Teachers Association.

### Beef Import Measure Introduced

A plan to discourage the purchase of imported beef by Texans was laid out by Sen. Dorsey B. Hardeman of San Angelo.

His proposal would make it illegal—subject to fines up to \$500 and a jail sentence—to sell imported meat, unless the grocer displays a sign six by 12 inches large, with the words, "Imported Meat Sold Here," and labels packaged meat, "Produce of . ." stating country of origin.

### County School Support

Texas Committee on State and Local Tax Policy recommended that the proportionate share of the Minimum Foundation Program which is borne by local taxing authorities in the Local Fund Assignment be increased by a total of some \$19 million over the next two years.

Committee stated that state government is providing \$56 more per pupil for public school education than the national average, while local governments are providing \$93 per pupil less than local governments of other states.

No recommendation was made regarding Governor Connally's proposal that the state ad valorem tax

be abolished—one way county and city governments would have more tax leeway—but it is rumored that the committee made its recommendation with that in mind.

### TIPRO Pooling Bill In

Rep. Wayne Gibbens of Breckenridge is garnering support for the petroleum pooling bill—a product of the Texas Independent Producers and Royalty Owners Association, which he is sponsoring in the House.

Gibbens said the bill "emphasizes safeguards to make sure pooling orders will be fair to all parties." It would allow forced pooling only after every effort to pool voluntarily on a fair basis had failed.

### Poll Tax Fight Renewed

Bills which would put poll tax repeal on the Nov., 1966, ballot—via constitutional amendments—have been introduced in both houses of the Legislature.

A proposal by Sen. Franklin Spears of San Antonio also would try to extend the vote to all military personnel who qualified under residency requirements presently applicable of other Texas voters. House measure, co-sponsored by Dallas Representatives James W. Stroud and Cooper Blankenship, specifies that military personnel could vote only in the county in which they resided at the time they entered the service.

### On Prosecution of Communists

Atty. Gen. Waggoner Carr complained that U. S. Supreme Court is making it more difficult to enforce the state law regarding prosecution of communists.

Carr issued his statement after the high court had struck down a warrant under which he and Bexar County Dist. Atty. James Barlow seized some 2,000 books and pamphlets from San Antonian John Stanford.

Material was confiscated Dec. 27, 1963, after Stanford was ordered to register as a Communist by the Subversive Activities Control Board.

"Under each decision of the U. S. Supreme Court regarding state prosecution of Communists, it becomes more difficult to enforce our state laws, but we intend to continue our efforts as vigorously as possible," Carr said.

### TFB Head Opposes Charge

C. H. DeVaney, president of the Texas Farm Bureau, told more than 70 legislators attending a bureau legislative conference in Austin that redistricting solely on the basis of population would seriously hurt both state and national government.

DeVaney believes the Legislature should work toward an amendment to the U. S. Constitution that would override the Supreme Court decisions on reapportionment.

### Courts Speak

State Supreme Court held that Atty. Gen. Waggoner Carr should approve the \$48.5 million interim bond issue of Trinity River Authority, for land purchase and construction of Livingston Reservoir, unless refusal is based on a lawsuit challenging the bonds.

Court, in a conditional order, upheld TRA's right to issue interim bonds while final bonds are in preparation. Carr objected to certain features of the bonds and cited a suit attacking the issue. He said bonds should not be approved until nine questions raised had been settled.

Supreme Court said it would not decide "questions raised by the nine objections," and directed its opinion to objections of Carr to the bonds themselves.

Court of Criminal Appeals held courts cannot decide whether state legislators from large counties should be elected countywide or in small individual districts. Ruling that the matter is up to the Legislature upheld district court decision in a suit brought by Robert Hainsworth, Houston Negro, who claims countywide elections discriminate against Negroes.

Supreme Court will hear Port Arthur's suit against ex-directors of a Jefferson county water district growing out of purchase of a water system. Lower courts held statute of limitations for hearing the dispute had run out.

### Colored Bridges?

Texas bridges may take on an Easter egg hue.

Texas Highway Department announces it is considering painting overpasses and other structures in different colors. It already is trying out a few shades of gray.

Theory is that pastel shades will help relieve monotony for drivers, thus making travel safer and more pleasant.

K. K. Moore, supervising paint engineer of the THD Materials and Tests Division points out two problems. First, agreeing on colors and second, more rapid fading of brighter hues. He predicts some standard color will be used in another five years.

South Dakota, a jump ahead, already is planning to paint all its interstate overpass bridges in blue, pink, green, yellow, lavender and orange.

### Short Snorts . . .

Crawford C. Martin of Hillsboro was reappointed by Governor Connally to serve as Secretary of State, a term that runs concurrently with that of governor . . . Connally also reappointed to six year terms: Hal O. Woodward of Coleman to the State Highway Commission, Jack Ross of McAllen to the State Board of Pardons and Paroles, and Will Odom of Austin to the State Parks and Wildlife Commission . . . State officials gave a happy birthday salute to the City of Austin on the 125th anniversary of its selection as the capital by the Fourth Congress of the Republic of Texas on January 19, 1840 . . . State Securities Board during last month issued permits authorizing sale by 44 corporations of \$21.7 million worth of securities in Texas, an increase of \$9.4 for same month in 1963 . . . Cecil Rotsch, 60, chief of the attorney general's slant well division died of a heart attack in his office here . . . Conservation storage in major Texas reservoirs was 75% of potential capacity at end of 1964, Texas Water Commission reports.

### Celebration At Iraan Scheduled For May 8th

The across-the-street banners ordered by the Iraan Chamber of Commerce have arrived and will be hung in the near future, according to Manager B. W. Ayers.

This is one phase of the tourist attraction project of the Chamber. The red, white and blue banners are 25 feet long and five feet tall. The signs state: Welcome to Iraan, Texas—Birthplace of Alley-Oop.

"Plans for the May 8 celebration are shaping up," Manager Ayers said. "I have heard from V. T. Hamlin, originator of the comic strip, Alley Oop, and he assured us that he and his wife will be here for the celebration."

Hamlin was an oil field worker here in the early days of Iraan and states that the idea for his comic strip originated back then. He has given the Iraan Chamber of Commerce permission to use the slogan, Birthplace of Alley Oop.—Iraan News.

### Raisin Coffee Cake Teenagers Choice

California Raisin Advisory Board Photo

Recipes like this appeal not only to teenagers but also to new brides. Start with versatile California raisins — which are always ready to use instantly from their carton or pouch — and biscuit mix. It takes little time to put together and comes out of the oven fragrant and flavorful. A brown sugar streusel mixture is layered with the raisin batter to give it extra richness.

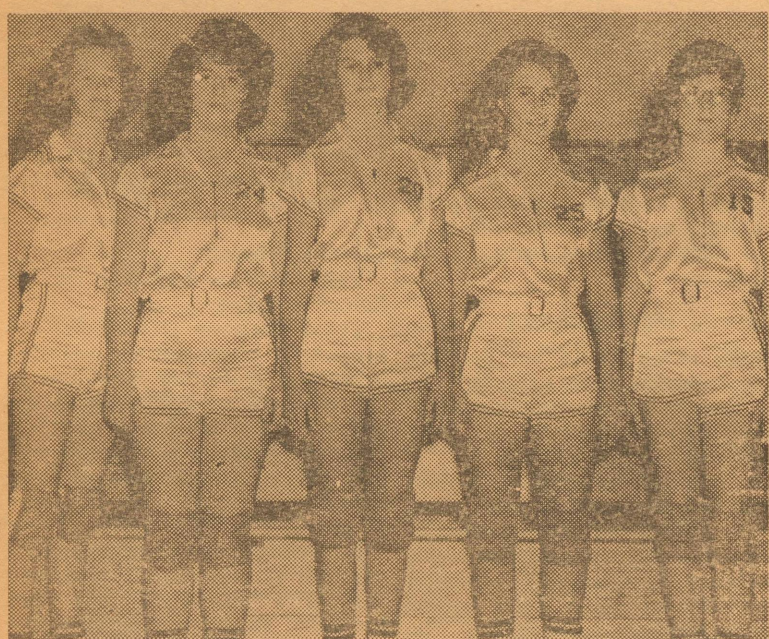

### QUICK RAISIN COFFEE CAKE

- 3 tablespoons melted butter or margarine
- 1/2 cup brown sugar (packed)
- 2 1/4 cups biscuit mix
- 3/4 cup dark or golden raisins
- 1 teaspoon cinnamon
- 1/2 cup sugar
- 1 egg
- 1/2 cup milk

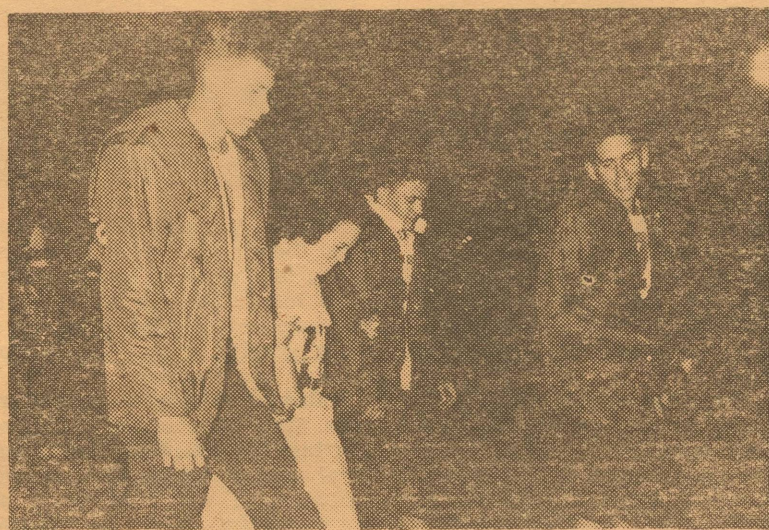

Combine melted butter, brown sugar and 1/4 cup biscuit mix until crumbly. Set aside. Combine raisins with remaining 2 cups biscuit mix, cinnamon and sugar. Add lightly beaten egg and milk. Stir to blend. Spread half of batter in greased 8-inch round baking dish. Sprinkle half of crumbly mixture evenly over batter. Repeat layers. Bake in moderate oven (350 degrees F.) about 35 minutes. Cut into wedges and serve hot. Makes 1 (8-inch) cake.

**Home Demonstration Agent's Column**  
By MRS. VIDA KREKLOW

One day just before the Christmas holidays Joe parked his car in a lot belonging to a store where he was doing some shopping. When he got back to the car he saw the following note attached to the steering wheel—"I have hit your car and scratched up the fender. Call me at (the number was given) and I will take care of the expense of getting the damage fixed." A woman's name was signed.

I was not particularly proud of women's driving at the moment, but I was so proud of this woman's true honesty I could not describe it. No one saw her scrape that fender and if they had have—so what? Or at least that is what some people say—so what?

So what did she do? She let the golden rule decide for her. She was kind and gracious to Joe when he called and she was as good as her word in paying for the damage done. We were both so pleased as we could be that it was not extensive or expensive damage.

Whenever someone excuses his own weaknesses by saying, "Well everybody else does"—I remind them of the note the unknown woman wrote and say, "Well—not everybody."

We are talking about the 1965 fabrics at Home Demonstration sessions during the month of January and are finding some interesting developments taking place, especially in the area of the stretch fibers and fabrics.

A true stretch fabric is not only one which will give in certain directions but has the ability to recover its original shape very quickly. Remember the old saying about a pair of pants being so baggy at the knees that the wearer looked as if he were constantly about to jump? That was not a true stretch garment. It was a stretched garment.

One manufacturer explained the need for constant research taking place in this direction said—

"If man never used his muscles, if women had no curves, if children never climbed and babies never wiggled then there would be no need for stretch clothing."

But, we do need stretch clothing and so far the progress made may be briefly said this way:

—Stretch clothes may be made

from many fibers—silk, linen, cotton or man-made fibers.

—There is no rubber in today's stretch fabrics, no remote connection with elastic.

—Stretching directions have been made simple. When a piece of material stretches vertically or up and down, it is described as having a north and south stretch. When the filling threads stretch, the other points of the compass are used, that is an east to west stretch. Needs vary.

—Much research has gone into the production of fabrics which will give. More will likely be done. This fact is true, the stretch materials by the yard and by the garment, are here to stay. At the present action clothes are getting all the attention; work clothes for both men and women, children's clothes and active sports clothes. However, it is forecast that within 4 or 5 years all fabrics will be stretchable.

Start looking for them now. Know what you are selling, know what you are buying. You owe it to yourself to be informed.

I seem to be in a remembering mood this year, especially in recalling the past year's speakers and what they said.

Last fall 785 Extension agents in Texas met for a day conference at Texas A&M University. Our director, John E. Hutchison, spoke to us. He opened his remarks with this story—

A member of the United States Army was mortally wounded in action during World War I. He realized his condition and asked for paper and pencil. He wrote his wife a short, last note. After re-

peating his eternal love for her and their son, he closed with this sentence, "Tell Bill that the word is integrity." \* \* \*

Sir Winston Churchill is dead. I am grateful that the time of his life and mine occurred for some of the same years. His word was integrity, too. But he added a greater range to his words; he had time to live them out. Courage, fearlessness, leadership, audacity, imagination, and humility could be identified as words which might have accompanied some of his actions.

He quickened the pulse of the world while lesser men sat at its bedside frantically trying to take it.

**"A Goodly Heritage" D.A.R. Meeting Topic**

The El Dorado Chapter of the Daughters of the American Revolution met at the home of Miss Katherine Hill on Jan. 21st with Mrs. L. M. Hoover, Miss John Alexander as co-hostess, and assisted by Miss Miltia Hill.

A slate of officers to serve during the club year 1965-66 were elected as follows:

Mrs. Luke Thompson, regent; Mrs. V. G. Tisdale, 1st vice-regent; Mrs. Elizabeth Powell, 2nd vice-regent; Miss John Alexander, chaplain; Mrs. Ernest Goens, sec.; Mrs. Frank Meador, treas.; Mrs. J. E. Hill, registrar; Mrs. W. O. Alexander, historian.

Mrs. Hoover reported on D.A.R. Good Citizenship programs for Feb. 13th and that she had contacted the Ozona members of the El Dorado D.A.R. Chapter, and that they plan to attend this meeting.

Mrs. Goens, regent, read the National President's message and offered regrets from Mrs. Ernest C. Hill that she was not able to attend the meeting and present the Defense Chairman report.

The regent suggested that the out-going officers acquaint the new officers with the duties of the office they are filling.

Mrs. J. E. Hill was program leader. The chaplain, Miss John Alexander, read a passage from the 91st Psalm and led the prayer.

After the group sang the National Anthem and gave the Flag salutes, a paper on Patriotism's Foundation prepared by Mrs. J. B. Montgomery, was read by Mrs. Elizabeth Powell. This was a resume of the early settlers of America along the eastern shoreline; describing their homes, customs, hardships, and determination to build a free country where the people could worship the "God who made us and preserved us a Nation." Three hallowed words, Duty, Honor, and Country were listed as main elements to make American citizens as what they should be in a free world.

A delicious salad plate was served by the hostesses. Members present were: Meses, Ernest S. Goens, J. E. Hill, V. G. Tisdale, Elizabeth Powell, Luke Thompson, L. M. Hoover, Raymond Schrank, P. K. McIntosh, W. N. Ramsay, Carl McWhorter; and Misses Kitty Buchanan, John Alexander, Katharine Hill, and Miltia Hill.

**Woman's Club Meets**

The Eldorado Woman's club met Tuesday afternoon in the Club Room of the Memorial Building for a program on Americanism.

Mrs. R. D. Johnson talked to the group on the Sound of Freedom and the fact that bells have always been used in this country to represent this sound. More than two years ago Congress passed a resolution to make bell-ringing an official observance of Independence Day and President Kennedy endorsed the idea.

During the business session presided over by Mrs. Arch Mittel, club president, the club re-elected the present slate of officers to serve another year. The club voted to meet once a month during the new club year 1965-66 on a trial basis. They also planned to hold a bake sale on Friday, Feb. 5, and to sponsor an Open House for the library on Sunday, Feb. 14.

Mrs. C. N. Clark was leader and brought the Thought For The Day.

Mrs. Bascomb Hartgraves was hostess and served cheese cake, coffee, and tea to 13 members and a guest, Miss Mary Bain Spence of San Angelo.

Mr. and Mrs. Tom Ratliff were in Fort Worth early this week visiting their son.
