64TH YEAR

ELDORADO — SCHLEICHER COUNTY — TEXAS

Thursday, March 18, 1965

NUMBER 11

All-District To Moore, Blaylock & Griffin

Seniors Christy Moore and Frankie Blaylock and junior Karen Griffin were named to the All-District 8-A East Zone team this week. Christy made it for the 3rd straight year and Frankie was named for the second year. Karen received honorable mention last year.

Honorable-mention went to Marsha Mund, a junior and Chris Edmiston, a freshman.

The team was chosen by the coaches. Each coach voted on an all-opponent team.

The entire team was as follows: Forwards: Christy Moore, Cr., Eldorado; Karen Griffin, Jr., Eldorado; Joye Williamson, Jr., Menard; Judy Seat, Jr., Menard.

Guards: Frankie Blaylock, Sr., Eldorado; Barbara Nauwald, Jr., Menard; Miss Wooten, Sr., Junction.

Honorable Mention: Marsha Mund, Jr., Eldorado; Chris Edmiston, Fr., Eldorado; Gerry Castleberry, Jr., Menard; Miss Phillips, Junction.

Eagleette Lettermen Are Announced

Coach Jack Bell announced the names of 12 lettermen for the 1964-65 girls' basketball season. Christy Moore and Frankie Blaylock earned their fourth letters while Marsha Mund received her third. Those who were awarded their second letter were Karen Griffin, Paula Mace, and Rita Rozean. An unusually large group of first-year lettermen included Mickey Phelps, Beth McCalla, Jane Cain, Susan Hill, Libby Preston, and Chris Edmiston. Mary Ann Page earned her letter as manager for the team. These were also selected for the Girls' Athletic Association. Of this group, Marsha Mund, Karen Griffin, Libby Preston, Susan Hill, Chris Edmiston, Jane Cain, and Beth McCalla will return next season.

Mrs. Ochsner Is At Home

Mrs. L. D. Ochsner was brought home Saturday from Midland where she had been in a hospital and at the home of her son, George, and family.

She reports that she is continuing to make good improvement at her home here, but will not be able to drive her car for several weeks.

New Babies

A daughter was born March 9 to Mr. and Mrs. Robert Hasty of Richland, Washington. Mrs. Hasty is the former Retha Nell Lloyd.

The baby weighed 6 lbs. 10 1/2 oz., and has been named Nancy Ann. The Hastys also have a son, Alan, 14 months old.

Grandparents are Mr. and Mrs. Leonard Lloyd of this county, and Mr. and Mrs. Robert A. Hasty of Dallas.

Mr. and Mrs. George Dickens Jr. announce the birth of their third daughter, Angela Marie, born February 8 and weighing 6 lbs. 13 oz. Her two sisters are Renee, 3, and Shelly, 2 years old.

Her grandparents are Ruby and Buster Dickens of Cloverdale, California, formerly of Eldorado, and Mr. and Mrs. Maurice Sauvageau, also of Cloverdale.

Mr. Dickens is employed with Bordens dairy products in Cloverdale.

Mr. and Mrs. George Dickens Jr. are at home at 309 Champlain Avenue, Cloverdale, California 95425.

Mr. and Mrs. R. H. Cannon of Burleson, Texas, are the parents of a baby girl born March 16 at 1:00 a.m. Mrs. Cannon is the daughter of Mrs. J. L. Ratliff of Eldorado.

The baby has been named Debra Elizabeth. She weighed 6 lbs. 8 oz. at birth and has a sister, Eva Susan, who is 19 months old.

Other grandparents are Mr. and Mrs. Cannon of St. Jo, Texas. A great grandfather is G. N. Gilbreath, formerly of Wichita Falls, now at Levelland, Texas.

The Woman's Club tasting tea is being held today, Thursday, from 2:30 to 4:30 at Mrs. Ed Meador's.

Post Script

Farmers! Landowners! For heavens sake don't fail to be present at the meeting next Wednesday night which has been called by a water conservation committee!

It will be held at the school auditorium and is scheduled to start at 7:30 p.m.

This issue of the Success tells a lot about it in an announcement on page 6 and 7.

Us printers at the Success have had to set all the type and we've had to read proof on all the small print. To be frank with you, we're still a little confused. You'll probably be confused, too, just by reading it—especially is you are not a lawyer or a geologist—which most of us are not.

You probably already are wanting to ask some questions.

The meeting next Wednesday will afford you that opportunity.

We are not qualified to advise anyone on this project. All we know is that a group of awfully good men are promoting it and they are entitled to your consideration.

—ps—

The Palace Barber Shop, which has undergone several changes in barbers in the last few months, was reopened Monday morning by Hazel Cobern, recently of Fort Worth.

While larger cities have become familiar with lady barbers, this is Eldorado's first experience and we trust that Mrs. Cobern will be welcomed with a generous amount of business. Eldorado needs two barbers.

Mrs. Cobern has rented a home and expects to set up housekeeping by this week end. She will then be joined by her 83-year-old father, a retired contractor.

—ps—

Improvements going on in the east part of town:

The baby-chick brooder business must be doing all right for Paul Phillips. He is now building his fourth large building, following the re-building of his third one which was destroyed by fire a number of months ago.

This new one now under construction, is laid out to be 40 feet by 200 feet. Paul says it is supposed to be ready by April first when he is scheduled to receive a big shipment of chicks.

—ps—

Cramer Sofge has completed a large garage building to house some of his large implements, combines and such like.

—ps—

Marion Dacy has a good-sized building job under way on his own property.

First he had a large garage 24 x 34 separated by about 15 feet from his residence. Now he is closing in the open space which will be made into a den as an extension to his home. He is also putting a second storey on top of the large garage which will eventually become an apartment.

—ps—

Mrs. Ebba J. Crow, the former Ebba Finley of this place, has moved from San Angelo to Llano. Her address is Sunrise Beach, C/O Driftwood Inn, Llano, Texas.

President Johnson delivered a 45-minute speech on civil rights Monday night before a joint session of House and Senate.

Broadcast live over T-V, the speech will probably be regarded as one of the best ever made by the chief executive. Dealing with voting rights for Negroes, he declared, "We have already waited 100 years and more and the time for waiting is gone," and he went on to say that he was presenting a bill to Congress which would guarantee once and for all these rights.

The bill is to have top priority when it gets into the hands of Congress this week, and what happens to it there remains to be seen.

The President mentioned Selma, Alabama by name several times, and the substance of his talk was that if Selma officials denied the vote to Negroes, then the Federal government would step in and force them to do so.

It's a pretty big order.

In the March 5 issue of The Texas Observer, the liberal political publication published in Austin, appeared the following item

Methodists To Hold Conference Sunday

This Sunday night, March 21st, members of the Methodist church will hold a conference, highlight of which will be voting on the plan for the 28- by 60-foot addition to the educational building.

Plans for the proposed addition have been modified somewhat but still will provide for four more Sunday School rooms.

A covered dish supper will be held at 6:00 p.m., followed by a church conference in which the plans will be voted on. All church members will have a vote on this.

A Quarterly Conference will then follow, and Dr. Lawrence Brown will preach at the 7:00 o'clock evening service.

Draft Re-Classifications Announced By Clerk

Frances W. Grobe, clerk of the Draft Board which has headquarters in the courthouse in Sonora, announces that the following Schleicher county registrants were classified at the board meeting on Tuesday, March 9th:

Guillermo Martinez	V-A
Carey W. Frisby	IV-A
Terrance R. Carlman	IV-A
Rex N. Enochs	II-S
Robert Williams	IV-A
Jerry D. Johnson	I-A
Anastacio Romero	III-A
James F. Runge, Jr.	II-S
Alvaro A. Chacon	III-A
Jerry W. Mackey	I-S(H)
James E. Parker	II-S
Harold W. Wright	II-S
Gordon D. McDonald	I-S(H)
Manuel Pina	I-S(H)
Dar H. Roach	I-Y
Richard H. Jones	I-S(H)
John T. Whitten	I-A

Ren McCormick Funeral Yesterday

Ren McCormick, 78, died in the Veterans Hospital in Temple at 3:15 p.m. Tuesday after a long illness.

He was born Oct. 21, 1886, in Mills county and moved with his family, the late Mr. and Mrs. P. H. McCormick, to Schleicher county in 1900, and this was his home prior to entering service. He attended Eldorado public school and did farm and ranch work, also public works in several states.

He entered the service in May, 1918 at Camp Travis, Texas, and was discharged in Nov., 1919. He had spent a number of years in Veterans Hospitals for the reason of his disabilities.

Ren McCormick was married to Lorene Fisher of Comanche in 1921 and they resided in Eldorado and San Angelo until her death in 1923. There were no children born to this union.

He is survived by one brother, Don McCormick of Eldorado, two nephews and two nieces.

Funeral was held at 4:00 p.m. Wednesday at the First Methodist church with burial in Eldorado cemetery under direction of Ratliff-Kerbow Funeral Home.

Fred Riley Leases Pool

At a recent meeting, the Schleicher county Commissioners Court leased the county swimming pool to Fred Riley to manage again this summer. Mr. Riley was pool manager last summer.

Plans call for the pool to be run again about as it has in the past. Admission will be 25c for children and 40c for adults, and the wading pool will be free for children up to age of 5.

Riley will be paid \$400 on July 12 and another \$400 on Sept. 13th.

The pool will be opened for the summer season about the last week in May or first of June, and operated through August.

—3x5 and 4x6 index cards at the Success Office.

in their Political Intelligence column:

"Sen. Dorsey Hardeman, San Angelo legislator—the senior surviving member of the team that ran the Texas Senate with an iron hand during the Shivers era—is not expected to run for re-election. There is a report that he may run against Cong. O. C. Fisher of San Angelo."

Absentee Voting On For City And School

Success printers turned out the ballots for the upcoming school trustee and city alderman elections; and delivered them early this week.

Absentee voting is now under way for both of these.

Absentee voting in the Schleicher County Independent School District election, slated for Saturday, April 3, began on Monday, March 15, and will end on March 30. J. P. Enochs, county clerk, has been appointed as clerk for absentee voting in this county-wide election, and ballots may be obtained from him in the clerk's office at the courthouse.

The names of Fred Case and W. C. Lester are on this ballot and they are unopposed for re-election.

In the city election, slated for Tuesday, April 6, absentee voting began on Wednesday, March 17, and will continue through April 2. Lum Burk, city secretary, has been named clerk of absentee voting in this municipal election, and ballots may be obtained from his office at the city hall.

On the City ballot, Eldon Calk is unopposed for re-election as Mayor. Candidates for aldermen are Jimmie Harris, Granvil Hext, and Jack Montgomery. Two of these will be elected new aldermen and this is the only local contest in the coming elections.

The incumbent aldermen, L. D. Mund and Jack Halbert Jr., did not seek re-election.

Screwworm Drive To Start March 29

By W. G. Godwin
Schleicher Co. Agricultural Agent

Probably all producers are already aware of the situation that faces your Screwworm Program. Most of us agree that the benefits from the screwworm eradication program have already saved livestock producers millions of dollars.

The program faces a critical period at this time. Present funds for operation of the program (federal-state and producer contributions) will soon be exhausted. To maintain the program from April thru June will take approximately \$1,100,000. The federal government has asked for an emergency appropriation of \$550,000 to be matched with state and local funds to continue the program through June 30. (No federal money may be extended unless matched by state and local funds.) Our state government has already passed an emergency appropriation of \$250,000. This leaves a sum of \$300,000 needed from producers in order to match the federal appropriation of \$550,000. Incidentally, USDA has already asked Congress for money to maintain the program in its entirety from July 1, 1965.

The contribution will be based on 10 cents per animal unit. One cow-horse or five sheep, goats or swine make an animal unit.

You may make your contribution at the First National Bank, in Eldorado. Mr. Leslie Baker or Mr. Jo Ed Hill will be glad to take your contribution.

Preston Is All-District

Richard Preston, the 6' 6" senior who spearheaded Eldorado's 16-8 season, was named to the first team east zone All-District.

Named to the Honorable Mention list were Scott McGregor and Bob Halbert.

Also named to the first team with Preston were Louis McClinis and Po Ellis of Menard and Bill Elliott and Mike Wuest of Sonora.

Coaches in each zone voted on an all-opponent team.

News Of The Sick

Mr. and Mrs. Granvil Hext were notified Sunday night that Mrs. Hext's brother-in-law, Ray Wooten of Albuquerque, N.M., has suffered a coronary thrombosis. The attack came at about 5:00 Sunday afternoon. His condition remains critical.

Mrs. Jack Etheredge underwent surgery Tuesday morning in the Clinic-Hospital in San Angelo.

—POSTER-BOARD at the Success.

Annual Plateau Relays to Be Staged Here This Saturday

"It should be the best ever" is the way Coach Earl Barnett of the Eldorado High school coaching staff sums up prospects for the annual Plateau Relays which will be held here all day Saturday.

At this 10th annual running, the Eldorado Eagles will host some 20 teams from the high schools of West Texas.

Barnett will be general chairman of the relays. Preliminaries and some finals will be held in the morning, there will be a recess at noon with lunch served in the school cafeteria, and finals will get under way at 2:00.

Many records are in danger of being topped Saturday, Barnett pointed out.

Teams who have been invited and who have indicated they will be here include: Sonora, Ozona, Menard, Junction, Iraan, Sanderston, Rankin, Big Lake, Coahoma, McCamey, Mason, Ballinger, Brady, Crane, Santa Anna, Jim Ned, Robert Lee, Comfort, Barnhart, Miles, Bronte, Mertzon, Christoval, Sterling City, Wall, and Rocksprings. Some of the foregoing are AA schools.

Teams favored to win top honors are Brady, Ozona, McCamey, and Crane.

Rip Ripley of Athletic Supply, Abilene, will be starter. Guy Whitaker will serve as clerk.

Others who will help will include: Ronnie Giles, finish judge; John McGregor, announcer; and Curtis Humphries, scorer.

Mrs. Sharon Mittel and A. M. Whitis will have charge of the cafeteria and Karen Griffin serves as typist.

Timers will be Paul Page, Dick Preston, Wilson Page, Ralph Wal-

Rites Yesterday For Duwain Hughes, 41

Funeral services were held in Emmanuel Episcopal Church in San Angelo yesterday (Wed.) morning for Duwain Hughes, 41, well-known organist, of San Angelo, and brother of Mrs. Charles Trigg of Eldorado.

Mr. Hughes died at 12:40 p.m. Monday in a hospital after being treated in a number of hospitals in recent years for diabetes.

He taught in San Angelo public schools until he retired five years ago because of his health. Since then he taught piano and organ. He was in demand as organist at churches and for weddings and programs. He was well-known to Eldorado people, having given occasional recitals and taught some here over the years.

His house at 322 S. Monroe is one of the show places in San Angelo. His music room duplicates the governor's ballroom in the palace at Williamsburg.

Burial was in Fairmount cemetery.

Survivors other than Mrs. Trigg are his mother, Mrs. D. E. Hughes of San Angelo, another sister, Mrs. J. P. Crews of Mertzon, and a brother, Studley Emery Hughes of San Angelo.

E Club To Serve Barbecue Saturday

For benefit of spectators who attend the Plateau Relays here Saturday, the E Club will assist Orland Harris in serving barbecue at noon.

Cost will be \$1.25 a plate. The track boys who participate in the events will be served their meal in the school cafeteria.

SUSAN STEELE ATTENDS BROTHER'S FUNERAL

When Mrs. Susan Steele, teacher in the Eldorado elementary school, returned home from the District teachers' meeting at Brownwood last week end, she was notified that her brother, Steve Shimek of Little Rock, had died suddenly Friday night of a heart attack. Mrs. Steele left immediately to attend the funeral which was held in Little Rock Monday afternoon.

Mrs. Steele returned to Eldorado Tuesday night.

dron, Bill Carlwile, and Jim Martin. Catchers will be T. P. Robinson, Walter McGregor, Lynn Meador, John Murr, Ray Ballew, and Doug Yates.

Judges for some of the events were announced as:

Shot Put, Jack Wilson; Discus, Raymond Mittel; Pole Vault, Robert Jay; High Jump, Jack Bell; Broad Jump, Jack Montgomery;

Pictures
Relating to Track Teams
on Page 5

Curve and Handoff inspectors, Jack Bell, Earl Barnett, Jack Wilson; and Hurdle String, Bobby Halbert, Mike McCravery.

The schedule of the Plateau Relays was announced by Coach Barnett as follows:

SCHEDULE OF EVENTS

Preliminaries

9:30—Prelims and finals in Pole Vault, Discus, and Broad Jump.
10:00—440-yard Relay.
10:20—120-yard High Hurdles.
10:40—100-yard Dash.
11:00—880-yard Relay.
11:20—440-yard Dash.
11:40—180-yard Low Hurdles.
12:00—220-yard Dash.
2:00—Prelims and finals in Shot Put and High Jump.

Finals

2:30—440-yard Relay.
2:45—880-yard Run.
3:00—120-yard High Hurdles.
3:15—100-yard Dash.
3:30—880-yard Relay.
3:45—440-yard Dash.
4:00—180-yard Low Hurdles.
4:15—220-yard Dash.
4:30—Mile Run.
4:45—Mile Relay.
5:00—Presentation of Team Awards.

4 throws in Shot Put and Discus in Preliminaries; 3 throws in Finals. 3 misses eliminates a boy in High Jump and Pole Vault.

Broad Jump—4 jumps in preliminaries, 3 in finals.

Ne preliminaries in the 880 Yd. Run, 1 Mile Run, and 1 Mile Relay.

Seven will qualify for field events, relays, and dashes.

Six will qualify for finals in hurdles.

Qualifying will be by time.

PLATEAU RELAY RECORDS

120-yd. High Hurdles, 15.0, Joe McMullen of Ozona in 1960.
100-yd. Dash, 9.6, David Green of Richland Springs in 1958.

Pole Vault, 11' 8", Walker, Mason, 1964.
Shot Put, 54' 0", Edwin Hall, Eden, 1962.
Discus, 155' 9 1/2", Don Jacobson, Iraan, 1958.

Circus Coming Here

The Fairyland Circus, a successor to the former Plunkett Shows, is scheduled to show here in Eldorado next week on Thursday, afternoon and night, March 25th.

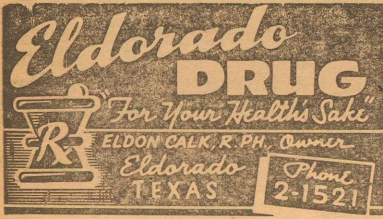

We understand that there will be at least two elephants and a number of acts. (Read the ad on page 7.) Eldorado is full of young mammals with pre-school children and we're confident they'll all be there.

LOCAL TRADEMARKS, Inc.

Letters From THE PEOPLE

Defends Cong. O. C. Fisher

Editor, Eldorado Success, Eldorado, Texas. Dear Sir:

I am writing regarding your editorial criticizing the voting record and stands of Rep. O. C. Fisher.

You say it is "easy" to favor right to work laws if labor is not a dominant force in your district. You say it is "easy" to favor eagle hunting from planes if ranching is the dominant industry, — "easy" to be against a civil rights bill if non-whites are a minority — Yes, Mr. Editor, all this is true, but let me ask you what is a representative for if not to represent the views of his electorate?

In the case of Mr. Fisher and the 21st Dist. let me point out to you ranching IS the dominant industry still and we just don't like the eagles eating our livelihood up on the hoof.

Also, Mr. Editor, the "civil wrongs" bill is not the most popular legislation ever passed hereabouts.

Let us reverse the situation and let me ask if in your opinion the negro Rep. from Harlem Adam Clayton Powell could have been

re-elected if he had NOT found it "easy" to SUPPORT civil rights, eagle bills, etc.

That a man in elective office must respect the opinions of the "home-folks" is a political fact of life in Texas on in Harlem. If he wants to be re-elected, he'll find it "easy" to support the majority viewpoint. He just might even agree with it: Mr. Editor!

Now, if the people in Harlem like a man like Adam Clayton Powell and think that in spite of his various convictions in court etc. he is a good representative, why that is their business. As to Texas' 21st Dist. I believe O. C. Fisher's record is one of which the vast majority of both Dem. and Republican voters can be proud.

Mr. Fisher is a solid conservative. If you will check the records of the A.D.A. you will find that this pack of Communists and fellow travelers regards O. C. Fisher's record as among the "worst" and that is about the BEST endorsement for a man that I know anything about.

The Nov. election notwithstanding the people here 21st Dist. are for the most part pretty conservative. We don't like Federal intervention in our lives. We don't like groups like the A.D.A. nor what it stands for and even if Odessa-Midland are thrown into the district we will likely continue to reelect Mr. Fisher as long as he wants the job and continues to represent OUR VIEWS in the same honorable and forthright manner he has used for to these many years.

—Your truly, Jim F. Cawley, Route 1, Eldorado.

Reader Discusses Needs Further For Our Young People

Editor, Eldorado Success, Eldorado, Texas.

Dear Editor, Thank you for the opportunity to express our feeling on the problem of something for the young people of our community. Your editorial was appreciated by all members of this family. We, as parents of two very normal (thank goodness) teen-agers, are familiar with the cry, "What is there to do in this town?" And they are justified in making that cry; for, what IS there to do?

For several months now we have been concerned over the lack of wholesome activity for our young people, outside of school-related activity. But we have been unable to conjure up a satisfactory solution. We have even gone so far as to inquire about "Teen Club" organizations in other small towns. We found at least one that we think would work very well for our own young people. Now that

you have "opened the door" perhaps other interested and concerned parents will help us find a way to answer that question, "What is there to do in this town?"

True, summer recreation programs, the fine swimming pool, Little League baseball; and school sports are wonderful; but, as you pointed out, they are limited to certain age groups and/or specific seasons of the year. Whatever we find to do for our youth will be an investment in the future of our community, state and nation. Statistics will bear us out in the fact that no county comparable to Schleicher in size and population can boast a finer citizenry of young people, or a lower rate of vandalism and juvenile delinquency. We should let our young people know that we are grateful to them for their fine citizenship. What better way is there to show our appreciation than to provide wholesome recreation and entertainment to fill the void in their lives?

Let's provide the opportunity, then let them work at it themselves. They are capable of organizing their own "Teen Club" and governing it with only a minimum of adult guidance and supervision. If we have enough faith in them to show them that we want them to ENJOY living in Schleicher County, then they will prove to us that our faith is not misplaced. So... let's DO something. Let's not just let this thing die on the vine for lack of concern!

May we say a great big "Thank you" again to you for being concerned about this situation and giving us the opportunity to "sound off" about it.

Respectfully, Mr. and Mrs. Albert McGinnes.

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

Several people have told me how much they enjoyed the letter from Wayne Sharp, a Tom Green county 4-H club boy now in Argentina. Wayne is an International Farm Youth Exchange student and apparently is having a wonderful time.

One of my nephews, Mark Hardeman, 18, is enjoying a comparable situation in the University of Medellin, at Medellin, Colombia, South America.

Mark wrote that a jewelry store on the ground floor of his building was robbed and the chase to catch the robber set off a riot and for once he was glad to be eight floors off the ground. He added nonchalantly, "Nearly everybody carries guns here." Other interesting data gathered—he hopes to get into the emerald exporting business before he leaves S. A. and has been out to check over a gold mine or two.

You know, at the age of 18: those emeralds and gold mines will look bigger than at any other time in the world.

Last month club menus featured foods from other countries and the favorite, for many reasons, was Chinese Fried Rice. Try it some time; it's easy to prepare, not too expensive to serve and is sound from a nutritional standpoint.

There are many variations, on this particular recipe, so use your taste as a guide if you want to change it.

Chinese Fried Rice

In a large skillet melt 1/3 cup butter, salad oil or other preferred fat. Add 1/2 cup onion, finely chopped. Cook slowly until onion is clear but do not brown. Add two cups cooked meat. The meat may be left over pork or beef roast, chicken, turkey or shrimp. Heat for 3 or 4 minutes or until meat is thoroughly hot. Add 4 cups COOKED, cold rice and heat. Beat one egg, add 1/2 teaspoon salt, 1 tablespoon soy sauce, pepper to taste. Add egg mixture to rice. Stir rapidly to keep from sticking—sprinkle top with chopped green onions and serve at once. The egg will coat rice grains and cannot be seen. Serves 6.

Served along with the fried rice were American vegetables cooked as the Chinese cook theirs.

Quickie Chinatown Vegetables

1/2 cup pitted ripe olives
2 tablespoons salad oil
1 1/2 cups (1/4" thick) diagonally sliced carrots
1 1/2 cups (1/4" thick) diagonally

sliced celery
1 teaspoon instant minced onion
1 tablespoon butter.

Cut olives into halves. Heat oil in skillet. Toss carrots and celery into skillet; coat with oil. Sprinkle onion on top. Cover and steam over high heat about 3 minutes (or 4 minutes). Add butter and olives. Stir to mix and turn into serving bowl. (If using electric skillet use 375-degree setting throughout the cooking.) Makes 4 servings. (Don't hesitate to double the recipe. If any should be left over, marinate in French dressing and use in salads.)

If you will accept the fact that this dish is actually a hot salad and not an underdone vegetable, you will appreciate it much more.

Crusty French Bread and a fruit melange (fresh or frozen fruits diced and served together) would make this menu come out just about right and I think you will agree when you try it.

A leader is one who has followers. Your leadership and to coin a new word, your fellowship, will be improved by your attending the Leadership Training Session to be held at the Memorial Building on the nights of March 25 and 26. 7:30 until 9:30 each night. The best in the field in charge—Determine right now to come.

Not many of you may be of an age to remember Joe Penner of radio fame and his duck which he was always wanting to sell. His opening line on every show "Wanna buy a duck?"

The Eastern Star is going to simulate Joe Penner, only their question is—"Do you want to buy a hat?" And new hats it is that they will have to sell on Monday March 22 at the Memorial building auditorium.

Bargains and fun all over the place. Don't miss it.

HD. Leadership Training Session To Be Held

Leaders of every classification will take part in a Leadership Training session which will be held in Eldorado on the nights of March 25 and 26, from 7:30 until 9:30 p.m.

Mr. O. B. Clifton, program specialist; Miss Bonnie Cox, organization specialist and Miss Mary Mahoney, Extension Service editor, all from Texas A&M University, will conduct the lively, interesting sections for two hours each night.

Judge W. R. Pearce will make the introductions for the evening and will welcome guests and visitors on opening night. Jimmy Powell, rancher and past president of the Texas Sheep and Goat Raisers Association, will give the keynote speech. Mr. Powell will talk about the value of effective organizations in community life.

Other points which will make up the body of the programs include these headings: "How To Plan and Conduct a Meeting", "Duties of Officers", "Responsibilities of Members To Leaders", "How To Get Something Out of a Meeting" and "Effective Committee Work."

This training session was planned by representative community leaders who met with A&M University staff on the afternoon of January 27 in Eldorado. These members were at the planning committee meeting:

Ford Oglesby, Jr., rancher and member of school board.

Miss Constance Spence, chairman of Home Demonstration Council.

Mr. Charles Wimer, superintendent of Northern Natural Gas Co.

Mrs. H. A. Belk, member of County Planning Committee.

Ben Keele, irrigation farmer and president of P.T.A.

Mrs. Truett Stanford, county chairman of Texas Home Demonstration Association.

Mrs. Vida Kreklow, county Home

Demonstration Agent.

Mr. W. G. Godwin, County Agricultural Agent.

The purpose of this training session is to help the people of Schleicher county to develop good leadership qualities and techniques so that they may effectively serve as officers and members of any organization.

You have a special invitation. Every adult and young person in the County is welcome. Come if you are in a position of leadership or if you are one of the necessary followers which make up every organization in the County.

The training meetings will be held in the Auditorium of the Memorial Building on the nights of March 25 and 26. Beginning at 7:30 and closing promptly at 9:30, the meetings will move at a pace calculated to hold the interest of the audience. Plan now to come—you are welcome!

REMEMBER WHEN?

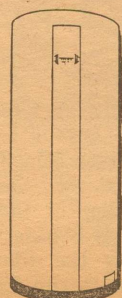

Netleton Industrial Museum

"Ask your grandmother if she remembers this old 1893 Mosley oil-fired water heater and folding bathtub... I dare say, it would hardly meet the needs of 1964 living—supplying dishwashers, clothes washers, bathtubs, and lavatories with instant clean hot water upon demand.

Few of us actually realize that over 2/3 of the water used in the home is hot water. With the completely automatic electric water heater there is no fear of a flame going out when hot water is needed the most. And being totally flameless, it requires no venting, is easier to install and maintenance is practically nil.

What a change from the 'good ol' days!'"

Henderson Heads Slate Of New Student Officers

THESE NEWLY-ELECTED officers of the Student Council will serve during the 1965-66 school year. Left to right are Sam Henderson, president; Joe Phillips, vice-president; Jane Cain, recording secretary; Karen Griffin, corresponding secretary; and Gordon Schrank, parliamentarian. —Staff Photo

Eaglettes Close Out Successful Season

Tuesday night, March 2nd, five Eldorado Senior girls played their last game for EHS and brought the 1964-65 season to a close with 23 victories and 6 losses.

Senior forward Christy Moore, who has been outstanding for the last three years, again enjoyed another record setting season. She broke many of her own records and now holds every record for a forward that the school has. She scored 887 points this year and had 200 rebounds. Karen Griffin, a junior, scored 343 points this year and 150 rebounds. The third starting forward, Marsha Mund, also a junior, scored 206 points and 223 rebounds. Susan Hill, a freshman, scored 62 points and had 54 rebounds while another freshman forward, Libby Preston, scored 39 points and had 46 rebounds. Rita Rozean, a senior forward, tallied 35 points and had 26 rebounds.

Defensively Frankie Blaylock, a senior, pulled in 306 rebounds. She was followed by freshman, Chris Edmiston, with 251. Paula Mace, a senior, had 109 and Jane Cain, a junior, pulled down 97. Among the reserves were Beth McCalla with 56 and Mickey Phelps with 24.

The Eaglettes scored 1606 points an average of 55 points per game while the opponents scored 1066 points, an average of 37 per contest. The team also broke their own single game scoring record, reaching 77 points against Junction. The team also scored 29 points in one quarter against Wall, setting a new record. The girls won consolation at Dyess Air Base Tournament and first at the Eldorado tournament. Most important of course, was the successful defending of their third straight District Championship Title.

The Eaglettes can never say enough "thank you's" to those who have so faithfully boosted them this season.

School Group At Work On One-Act Play

Mr. Robert Nelson Word, who came on the job at mid-term as Speech instructor in the local high school, has cast a one-act play, "Call Me Mac," which will be entered in the contest in San Angelo on March 29th.

That event will be judged by Dr. Irwin.

Cast consists of Mickey Phelps, Kay Sanders, Eldra Gibson, Mike McCravy, Rusty Meador, and Larry McGinnes.

The alternate cast and stage crew consists of Cissy Gault, Mary Humphrey, Paula Mace, Mickey Pennington, Richard Preston, and Gordon Schrank.

Mr. Word announced that the play may also be presented at a PTA meeting in the near future.

Robbie Joyce, 8-year-old son of Mr. and Mrs. Bob Joyce, was in Clinic with pneumonia Monday.

Mrs. Edwin Johnson To Present Slides

Mrs. Edwin T. Johnson of Indonesia, who has been visiting her mother-in-law, Mrs. T. W. Johnson, for about three months on sabbatical leave, will present a program of slides and hold open discussion of a trip around the world with emphasis on Indonesia, at the First Baptist church next Monday afternoon, March 22, at 2:30.

Mrs. Johnson has lived on the island of Sumatra for seven years. Her husband, who was born and reared in Eldorado, is superintendent of the Dumai district of the Cal-Tex Pacific Oil Co. He will join his wife here in May and they will return to the East in August.

The public is cordially invited to come to the church and see and hear this program especially since many of these films were made in the trouble spots of the world today.

Senior Shindig Dance Set For Saturday Night

Honoring the grads of '65, a Senior Shindig dance will be held this Saturday night from 8:30 to 12:00 at the Memorial Building. Music will be by "The Radicals."

The event is billed as informal and hosts will be Messrs. and Mmes. Jo Ed Hill, Howard Derrick, Walter McGregor, Paul Page, Bob Sykes, and Jack Jones.

Statement Pads, 40 sheets to pad, 25c at Success.

First Baptist News

The Ruth Dickerson Circle of the First Baptist church met Monday afternoon at the home of Mrs. Vernon Rogers. During the business session presided over by Mrs. Jack Griffin, plans were made to visit the Golden Years Nursing Home on March 28.

It was announced that Mrs. Edwin T. Johnson of Indonesia, a guest at the meeting, would present a program at the church on Monday, March 22. Bible study under the direction of Mrs. T. P. Robinson Jr. will be held on Monday, March 29.

Mrs. W. A. Van Dusen completed the mission study book, Winds of Change, by Gerald B. Palmer. Refreshments of apple popovers, coffee, tea and nuts were served to 9 members and Mrs. Johnson.

Mrs. T. P. Robinson Jr. was hostess for the Maurice Doyle circle of the First Baptist church Monday afternoon.

The circle chairman, Mrs. L. M. Hoover, presided. The Community Missions chairman announced that plans were on for the circle to go to Christoval to present a program at the Golden Years Nursing home. Bible study will be held on Monday, March 29.

The hostess served "Gone with the Wind" pudding, coffee, and tea to the 11 members present.

New caliche was being laid this week on the parking lot between Hext Foods and the Eldorado Hardware.

Junior High Girls' Statistics Given

The junior high girls ended their season February 15 under the direction of Coach Jack Wilson and Mrs. Harber. The final totals were not figured by head basketball coach Jack Bell until the high school girls finished their season.

The Junior girls played 10 games and won 5. Two "B" games were played. Totals include only "A" contests.

They brought home two trophies which included a second at the Junction Tournament and Consolation at Rocksprings. The team scored 264 points while the opposition had 217. Top scorer for the team was Randy Yates with 126 points. This performance set a new scoring record for a season. She averaged 12.6 points per game which breaks a record. Christy Moore held both records since 1960-61. Randy also broke the records held by Susan Hill for free throws. Randy attempted 99 in a season and made 42. Both are new records. Arlene Hartgraves scored 63, Julia Garza 24, Dale Montgomery 7, Terry Martin 14; Kathleen O'Harrow 6, Marsha Ballard 4, Lisa Whitten 2, and Tanya Yates 2. All are seventh graders except Tanya.

Guards who participated this season were seventh graders Dale Montgomery, Marsha Ballard, Peggy McGrew, Esther Garza, and Lisa Whitten. Eighth grade guards were Shane Henderson, Debra Murr, Donna Davis, and Tanya Yates.

COMMUNICATIONS Your Tool for Progress

Whatever happened to the Old Oaken Bucket?

One of our towns uses a communications system which automatically keeps the local water tower full from a distant water supply. In another of our towns the water supply lake uses our ELECTRONIC SENTRY® warning unit to notify authorities automatically when the water level reaches a low point. These are additional examples of how we serve in the ever-broadening field of communications. For full information about how our communications services can be your Tool for Progress, please call our Business Office.

NIGHT CIRCLE MEETING

Seven members of the Woman's Missionary Union of the First Baptist church were present at a meeting of the Night Circle at Mrs. Wm. Rountree's last Tuesday night.

The Community Missions chairman announced that Mrs. Edwin T. Johnson would present a program of slides of a trip around the world at the church on Monday, March 22, at 2:30 p.m.

Mrs. W. A. Van Dusen and Mrs. Kenneth Vaughan completed the mission study book, Winds of Change, by Gerald B. Palmer, a missionary to the Indians in the U. S.

Mrs. Rountree served a salad plate to Mrs. Vaughan, Mrs. Van Dusen, Mrs. Sadie Davidson, Mrs. W. T. Whitten, Mrs. Buster Gunn and Miss Louise Kuykendall.

Voy J. Mitchell Is Back From Germany

Airman Voy J. Mitchell has been visiting here recently with home folks after completing a tour of Air Force duty in Germany.

Attracting some attention here has been his bright red Porsche automobile which he purchased while abroad. He has new assignment at Goodfellow air base near San Angelo.

Voy J. has about 1 1/2 years left of his current enlistment.

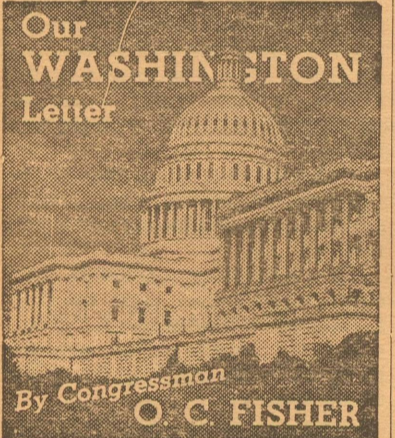

Airman Alton Roy Mitchell visited here this week from San Antonio.

Cub Scouts To Meet

A Cub Scout pack meeting will be held tonight (Thursday) at 7:00 o'clock at the Community building.

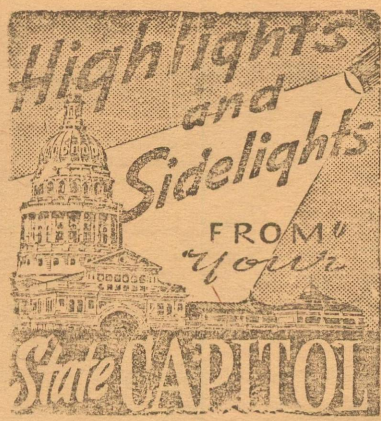

There will be a kite flying contest Saturday morning at 10 a. m. at the city park for Cub Scouts.

Mr. and Mrs. David McAfee are moving from a trailer house at the corner of Field and Hill streets to a Fred Riley house.

The first Congressional sounding of public opinion, taken anywhere in the Nation this year, has just been concluded in the 21st District of Texas. A Questionnaire was recently sent to the home of every voter in the district, and the response has been very generous. This gives us an accurate cross-section of public opinion in southwest Texas on the issues submitted. Each return has now been tabulated, and here are some of the results:

- 1. Eighty-six out of every 100 in our district oppose repealing Sec. 14(b) of Taft-Hartley, thereby voting to retain right-to-work laws.
2. Sixty-seven percent oppose the Federal aid to Appalachia bill, which recently passed Congress. 23% favored it, with 9% undecided.
3. Our immigration laws are popular in the 21st district, where 78 oppose the President's plan to scrap the National Origins quota system, which restricts the intake of immigrants; 13% favored the change, 9% were undecided.
4. Solid opposition was registered to the Administration's Medicare proposal, with 83% against, 13% for, and 4% undecided. The Kerr-Mills plan is popular, with 80% voting in favor of it as a means of helping the needy elderly.
5. Aid-to-Education: 69% oppose Federal funds for teachers' salaries, 54% oppose such aid for school construction, and 84% oppose aid for church-supported and other private schools.
6. Two-thirds of the people in the 21st district favor LESS Federal outlays to aid LOCAL problems of transportation, welfare, housing, etc.; 84% think the Congress should spend no more during a fiscal year than is taken in.
7. On the question of whether the Federal government "should do more in scientific research for birth control techniques, with results to be made available to those who seek more knowledge on the subject," 69% answered "Yes", 22% said "No", with 9% undecided.
Details of the results, with complete tabulation, will be inserted in the Congressional Record, and copies will be sent to everyone who answered the Questionnaire.
To the thousands who responded and helped to make this sounding of public opinion a great success I extend my sincere thanks. The response was most gratifying and rewarding. Now we KNOW how the thinking goes in our area on these issues.

Austin.—A bill to regulate commercial applicators of pesticides is having a hard time in a House committee. This is an indication that it probably will be changed considerably before it is reported for floor action.

Its author, Rep. Grainger McElhany of Wheeler, tried unsuccessfully to get it referred to a different subcommittee from the one headed by Rep. Bill Rapp of Raymondville. House agriculture committee, however, did vote to instruct Rapp to report the bill to the full committee.

Rapp said the bill is one of the most important issues to come up before the Legislature this session, on par with redistricting, taxes and other statewide issues. "This bill doesn't affect only commercial aerial applicators," Rapp said. "It affects a lot of people."

Required by the bill would be licensing of owners and operators of equipment used to apply pesticides. Licensing would require passing an examination to demonstrate familiarity with application of pesticides and payment of an annual fee. Operator's fee would be \$10; owner registration, \$25; and \$25 for each piece of equipment.

Operators would have to show minimum financial responsibility of \$15,000, by insurance, bond or deposit, for each piece of equipment.

Proponents of the bill say farmers need protection because modern pesticide equipment can, if misused, damage large land areas, including adjacent property.

Rapp contends the bill needs to be studied carefully because the transient nature of some of the persons who work on pesticide equipment would require that the operator spend a lot of money on additional license fees and bonds.

Health Legislation

Sweeping new concepts for treatment of tuberculosis, mental illness and mental retardation are about to be written into Texas law.

Bills overhauling the entire state organization for dealing with these vast problems soon may be sent to Gov. John Connally for signature.

House passed 142-0 an amended version of legislation already approved by the Senate to set the tuberculosis eradication program in motion.

A separate bill to establish a new Texas Department of Mental Health and Retardation cleared the House 139-1 and was sent to the Senate.

The tuberculosis control measure by Sen. H. J. Blanchard of Lubbock and Rep. Menton J. Murray of Harlingen would shift all tuberculosis hospitals and programs from the Board for Hospitals and Special Schools to the Texas Department of Health.

A bill by Rep. W. H. Miller of Houston also would take from the Board all mental hospitals and special schools for the retarded, moving them to the new department.

Both emphasize community-centered attacks on the problems at hand.

Experts maintain that case-finding, long-term follow-up care and contract care of patients close to home can virtually eliminate tuberculosis. Proposed \$22.3 million, six-year program will begin in the San Antonio-Central-South Central Texas area and counties along the border from El Paso to Brownsville.

Community care centers to treat mental patients close to the cities they live in rather than big hospitals far away are heavily relied on for major progress in the mental health field.

Horses Booked

Odds are long against the horse race betting advocates this session, but they will provide one of the Legislature's most colorful shows.

On March 29 the House State Affairs Committee will hear a bill to legalize parimutuel betting on supervised tracks. Bill is backed by the Texas Racing Association. It was introduced by Rep. Maurice Pipkin of Brownsville.

Rep. Rayford Price of Palestine has introduced a constitutional amendment which would outlaw parimutuel (in a pool) betting and all other forms of gambling in the state.

Budget Conferees Take Over

Whether Texans will face substantial new taxation to finance expanding state services rests largely with 10 top lawmakers.

Budget writing was checked to a joint conference committee of senators and representatives after

the Senate, without discussion, passed a \$3.65 billion appropriations measure. It called for \$617 million in general revenue spending.

Senate version is \$13 million above the House-passed bill in general funds earmarked for the 1966-67 biennium. Both houses left money "on the table."

Senate bill is \$14 million below anticipated income; House bill \$25 million below. But there are plenty of claims for the leftover.

Amount of the school teacher pay raise approved after the general budget finally is adopted is the real key to the magnitude of a tax bill. But recommendations of the conferees—likely to be approved by both houses—will determine just how much of the foreseeable revenue is left to apply toward better salaries for teachers and other new spending demands.

Sabine Bill Passed

Legislation aimed at paving the way for making the Sabine River navigable from Longview to the Gulf has reached the governor's desk.

Bill sets up Sabine River Navigation District in Gregg, Harrison, Panola and Rusk counties.

A \$15 million revenue bond-financed project extending to Toledo Bend Dam is contemplated. Under the plan, locks would be constructed to lift barges into the Gulf of Mexico.

Beer-Liquor Interests Clash

One of the hottest floor fights of the session was waged over a bill which found beer and liquor interests on opposite sides and the "wets" and "dries" somewhat confused.

Liquor store operators bitterly opposed a measure by Rep. Gus Mutscher of Brenham, which they contended permitted wholesale beer distributors to sell ale and malt liquor directly to consumers.

Mutscher said the two beverages should be treated as beer under state statutes, since they are made by breweries, not distillers.

After prolonged debate in the House, Rep. Bill Heatly of Paducah unsuccessfully tried to tack on an amendment to raise the beer tax \$1 a barrel.

Mutscher's bill finally passed 90-44 and went to the Senate for another round.

Pickups May Speed Up

House has approved and sent to the Senate a bill permitting pickup trucks to travel 70 miles an hour on Texas highways instead of the present 55 mph limit.

Another bill by Rep. John Traeger of Seguin specifies that pickups may be driven with a regular operator's license. Some law enforcement agencies (not the Texas Highway Patrol) contend that drivers of pickups must have a commercial license. They say law is not clear on the point. Bill cleared committee and is on the House calendar.

Property Titles Unclear

Rep. Forrest Harding of San Angelo believes that no Texan can be sure he has a clear title to any of his personal property because present law permits the state to get a preferred lien without notice on any property which has gone through the hands of a person arrears on his taxes.

Harding said the state can do this regardless of how many times the property has changed hands.

He has introduced a bill which would provide for handling of personal property liens in the same manner that liens on real property now are handled, including filing of a notice with the county clerk. No lien would be effective on personal property before the filing of such notice.

Vocational Education Plan

Rep. Milton Schiller of Cameron has introduced a bill calling for a statewide plan to take maximum advantage of federal funds for vocational and technical education.

Bill would make the State Board for Vocational Education, established in 1949, the coordinating agency for setting up standards and requirements for school districts which want to set up a vocational and technical school or a vocational and technical school district with state and federal participation.

Texas Crime Rising

Major crime is increasing at an alarming rate, warns the Texas Department of Public Safety.

Last year 260,850 major offenses were committed in the state. This represents an increase of 13.3% over 1963, says DPS Director Homer Garrison Jr.

All seven categories—murder, rape, robbery, burglary, aggravated assault, theft and auto theft—recorded big jumps. Crime rate (offenses per 100,000 population) rose from 2,393 to 2,723.

Short Snorts

House passed a bill to double boat registration fees; authorize zoning of lakes for boating, swimming and fishing; and require lighting devices, with fees going to State Highway Department to finance boat ramps and rest room facilities. A constitutional am-

endment to raise the pay of the House speaker and lieutenant governor from \$4,800 to \$12,500 a year received overwhelming House approval after an amendment was added to raise expense allowance of Representatives from \$12 to \$20 a day for 140 days. Rep. George Cowden, opponent of the constitutional amendment for equal rights because of sex, has introduced five bills to remove discriminations because of sex in existing laws. Ten West Texas counties would comprise an Upper Colorado River Authority under a bill filed by Rep. Forrest Harding. Sen. Bill Patman's bill would give bow-and-arrow hunters all of October to hunt before hunting seasons are opened for firearms. House committee approved submission of constitutional amendment to repeal the poll tax as a voting requirement in Texas elections. A bill to establish a new medical school at Texas Tech College, Lubbock, has received committee approval. Texas cities and counties would be authorized to pass strong anti-discrimination laws and to set up human relations councils to enforce a broad state civil rights policy by persuasion, order or civil court injunction in a bill introduced by Rep. Paul Haring of Goliad. Salaried county officials in counties with populations between 15,000 and 20,000 and property valuations of at least \$80 million may get raises up to \$2,600 a year under a bill by Rep. Dick Cory of Victoria. Texas is not getting its share of research funds for studies of problems of the Aging, a representative of a federal agency told the Governor's Committee on Aging. The 1965 Deer herd count may show a new record, according to the Texas Parks and Wildlife Department. Midnight April 15 is deadline for getting 1965 auto safety inspection stickers, DPS warns. Atty. Gen. Waggoner Carr was elected chairman of the 16-state Southern Regional Conference of Attorneys General. State Bar will file brief in U. S. Supreme Court supporting position that television coverage of Billy Sol Estes trial in Tyler did not violate his constitutional rights. O. R. Crawford, vice president of East Texas Pulp and Paper Company, was named to the Texas Liquor Control Board to succeed Summers A. Norman of Jacksonville. Applications for Citizens State Bank of Winona, Lawndale State Bank of Amarillo and Amelia State Bank of Beaumont have been filed with Department of Banking.

Mr. and Mrs. Bill Lester and daughter "Bunny" were in Houston last week for Bunny's check-up and to visit friends.

Mrs. Ben Biggs is at home after spending about two weeks in Abilene while her son, Glenn Biggs, underwent surgery. He is reported as improved.

Mr. and Mrs. Ray Burch moved last Friday from a Ratliff house in Eldorado to Robert Lee. Mr. Burch is an employee of Paul Haley and was transferred to Robert Lee by Mr. Haley. This couple moved here over a year ago. They have seven children, ages ranging from 14 years to 14 months. They lived in the Webb house several months before moving to the Ratliff house.

Mrs. Eldon Calk and Miss Dana Owens were in Brownwood last Friday and Saturday where Mrs. Calk visited relatives while Miss Owens attended the District teachers' meeting.

Charles Ratliff of Austin had lunch with his father, J. L. Ratliff and Mrs. Ratliff, last Tuesday. He stopped to visit them en route to Ozona on business.

Mrs. R. A. Evans returned last week end from a several weeks' visit in Houston and Kingsland with relatives.

Linda Sauer, student at the University of Texas, was here last week end at the home of her parents, Mr. and Mrs. Clemens Sauer and other relatives.

Mr. and Mrs. Herman Carroll of Andrews spent Saturday night here with Mr. and Mrs. Laman Hazelwood and visited Sunday with Mr. and Mrs. Vernon Hazelwood and Mr. and Mrs. J. C. Whiteley.

Mrs. Billy Jack Etheredge and children, Jackie Susan and Billy Gregg, of Lubbock, spent the past week visiting in the Claude Doyle and Jack Etheredge homes. Billy Jack came in over the week end.

ANNOUNCEMENT

A county-wide meeting of all interested persons will be held WEDNESDAY evening at 7:30 p. m., MARCH 24, 1965 at the auditorium of the Schleicher County Independent School to elaborate on and discuss the need and method of creating an Underground Water Conservation and Supply District covering the area of Schleicher County.

All interested parties are urged to attend and offer constructive criticism.

It is the intention of the County Water Committee to conduct a ballot referendum in connection with the School Trustee election April 3, 1965, to determine the attitude of the public toward formation of the proposed water district.

A copy of the Act relating to the creation, organization, powers, and duties of this water district is printed below.

A BILL TO BE ENTITLED

AN ACT relating to the creation, organization, powers, and duties of an underground water conservation district located in Schleicher County; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Subchapter A. General Provisions
Section 1. Short Title. This Act may be cited as the Plateau Underground Water Conservation and Supply District Act.

Sec. 2. Definitions. In this Act, unless the context requires a different definition:

(1) "person" includes firm, association, partnership, and corporation;

(2) "underground water"

(A) means water suitable for agricultural, gardening, domestic, or stock-raising uses, percolating below the earth's surface;

(B) does not include water in a defined subterranean stream or in the underflow of a river;

(3) "district" means the Plateau Underground Water Conservation and Supply District;

(4) "board" means the board of directors of the district.

Subchapter B. Administration

Sec. 3. Creation of District. The Plateau Underground Water Conservation and Supply District is created. The district is created under Section 59, Article XVI, Constitution of the State of Texas.

Sec. 4. Area of District. The district covers the same area that Schleicher County covers, and all other area added by the board under Section 38 of this Act, except

(1) area which is within the limits of an incorporated city or town in Schleicher County on the effective date of this Act;

(2) area which comes within the limits of an incorporated city or town in Schleicher County after the effective date of this Act, which the board excludes under Section 37(c) of this Act;

(3) area under which there is either no underground water or no underground water that can be brought to the surface at a cost that makes bringing it to the surface economically feasible, which the board excludes under Section 37(c) of this Act.

Sec. 5. Establishment of Board. The board of directors of the Plateau Underground Water Conservation and Supply District is established.

Sec. 6. Composition and Terms of Office. (a) The board consists of five directors.

(b) The directors are elected at elections provided for in Section 10 of this Act. A director serves a two-year term.

(c) If a constitutional amendment is adopted authorizing directors of conservation and reclamation districts to serve six-year terms, Subsection (b) of this section is repealed on the day of the first election to elect directors held under this Act after the constitutional amendment becomes effective, and the directors serve six-year terms. At that election, two directors are elected for two-year terms; two for four-year terms; and one for a six-year term. The board shall conduct biennial elections after that election, at which directors are elected to replace retiring directors, for six-year terms.

(d) If a position on the board becomes vacant, a majority of the remaining directors shall appoint another person to fill the vacant position for the unexpired term.

(e) A director serves until his successor is elected.

Sec. 7. Qualifications of Directors. A person is qualified to serve on the board who is elected or appointed to that position, and who

(1) is at least 21 years of age;

(2) owns real property in the district;

(3) is a resident of the district.

Sec. 8. Administrator and Employees. (a) The board may employ an administrator and set his salary. The board may delegate any of its powers and duties (except those of

adopting rules, a dissolution resolution, a dissolution order, and those relating to hearings, taxation, and bonds) to the administrator, who may carry out powers and duties delegated to him by the board. Employment of personnel is subject to the general law on nepotism.

(b) The administrator, with the approval of the board, may employ employees of the board and set their salaries, and hire legal counsel for the board. If an employee or a member of his family is a member of the board, the employee may not receive compensation for his services as an employee.

Sec. 9. Board Meetings and Officers. (a) The board shall hold regular quarterly meetings. It may hold other meetings at the call of the chairman or at the request of at least two directors.

(b) A majority of the directors is a quorum for conducting business.

(c) The board shall elect its officers.

Sec. 10. Elections. (a) The board shall call an election to elect directors to the board on the second Tuesday in January of each odd-numbered year. The first election to elect directors under this Act is to be held on January 10, 1967.

(b) The board shall conduct an election held under this Act under the general laws of the state relating to elections.

(c) One person shall be elected from each of the four precincts in Schleicher County and one additional one from the precinct with the largest population.

(d) No board member may serve continuously for more than two terms.

(e) The board shall pay for the cost of elections with money of the district.

(f) No board member may hold any office of emolument.

Subchapter C. Administrative Procedure

Sec. 11. Procedure for Adopting and Amending Rules.

(a) Before the board may adopt or amend a rule under this Act, it must publish a brief summary of the rule or the amendment in one or more newspapers as it decides is necessary to give the summary general circulation throughout the district. The board must publish the summary one time a week for two weeks.

(b) The rule or amendment takes effect on the fourteenth day after the day the summary is published the second time, unless

(1) the board specifies that it takes effect at a later time; or

(2) the board rescinds the order adopting the rule or amendment.

(c) The board may rescind the order for (but it may not change) a rule or amendment, from the time the summary is first published until after the rule or amendment takes effect. After the rule or amendment takes effect, the board may change or repeal it only by adopting a rule repealing or amending it.

(d) If the board rescinds an order for a rule or amendment, it may adopt a new rule or amendment at any time, even though the new rule or amendment is on the same subject as the rule or amendment rescinded.

Sec. 12. Declaratory Judgment On Validity Of Rules

(a) The validity of a rule adopted under this Act may be determined upon petition for a declaratory judgment on the validity of the rule addressed to the district court sitting in the Plateau Underground Water Conservation and Supply District, when it appears that the rule, or its threatened application, interferes with or impairs, or threatens to interfere with or impair, the legal rights or privileges of the petitioner. The board shall be made a party to the proceeding. The declaratory judgment may be rendered whether or not the petitioner has first requested the board to pass upon the validity of

the rule in question.

(b) The court shall declare the rule invalid if it finds that the rule violates constitutional provisions, exceeds the statutory authority of the board, or was adopted without complying with Section 11 of this Act.

Sec. 13. Definition. In Sections 13 through 20 of this Act, "contester case" means a proceeding before the board in which the legal rights, duties, or privileges of specific parties are required by law or constitutional right to be determined after a board hearing.

Sec. 14. Hearing Officer. (a) In a contested case, the board shall employ an attorney to serve as the hearing officer in the hearing. At the hearing, the hearing officer shall

(1) preside over the hearing;

(2) rule on the admissibility of evidence;

(3) at the direction of the board, prepare the record, decision, and order of the board and the notices for the hearing;

(4) assist the board in all legal matters connected with the hearing.

(b) The hearing officer may vote only to break a tie.

(c) If a member of the board is an attorney, the board may designate that he is the hearing officer, rather than employ another attorney to be the hearing officer. In that case, Subsection (b) of this section does not apply.

Sec. 15. Notice, Hearing, Records. (a) All parties shall be afforded an opportunity for hearing after reasonable notice. The notice shall state the time, place, and issues involved, but if, because of the nature of the proceeding, the issues cannot be fully stated in advance of the hearing, or if subsequent amendment of the issues is necessary, the issues shall be fully stated as soon as practicable, and opportunity shall be afforded all parties to present evidence and argument with respect to the issues.

(b) The board shall prepare an official record, including testimony and exhibits, in each contested case, and shall prepare a mechanical recording of the proceedings. It is not necessary to transcribe the recording unless the transcription is requested for purposes of rehearing or court review.

(c) Informal disposition may also be made of any contested case by stipulation, agreed settlement, consent order, or default.

(d) The board shall adopt appropriate rules of procedure for notice and hearing in contested cases.

Sec. 16. Rules of Evidence. (a) In contested cases, the board may admit and give probative effect to evidence which possesses probative value commonly accepted by reasonably prudent men in the conduct of their affairs. The board shall give effect to the rules of privilege recognized by law. It may exclude incompetent, irrelevant, immaterial, and unduly repetitious evidence.

(b) All evidence, including those of the board's records and documents it desires to use, shall be offered and made a part of the record in the case, and no other factual information or evidence shall be considered in the determination of the case. Documentary evidence may be received in the form of copies or excerpts, or by incorporation by reference.

(c) Every party has the right to cross-examine witnesses who testify, and has the right to submit rebuttal evidence.

Sec. 17. Official Notice. The board may take notice of judicially cognizable facts and in addition may take notice or general, technical, and scientific facts within its specialized knowledge. Parties shall be notified either before or during hearing, or by reference in preliminary reports or otherwise, of the material so noticed, and they shall be afforded an opportunity to contest the facts so noticed. The board may use its experience, technical competence, and specialized knowledge in evaluating the evidence presented to it.

Sec. 18. Examination of Evidence By Board. When in a contested case a majority of the directors of the board who are to render the final decision have not heard or read the evidence, the decision, if adverse to the party to the proceeding other than the board itself, shall not be made until a proposal for decision, including findings of fact and conclusions of law, has been served upon the parties and an opportunity has been afforded to each party adversely affected to file exceptions and present argument to a majority of the directors who are to render the decision, who shall personally consider the whole record or as much of it as may be cited by the parties.

Sec. 19. Decisions and Orders. Every decision and order adverse to a party to the proceeding, rendered by the board in a contested case, shall be in writing or stated in the record and shall be accompanied by findings of fact and conclusions of law for each contested issue. Parties to the proceeding shall be notified of the decision and order in person or by

mail. A copy of the decision and order and accompanying findings and conclusions shall be delivered or mailed upon request to each party or to his attorney of record.

Sec. 20. Judicial Review of Contested Cases. (a) A party aggrieved by a final decision in a contested case, whether the decision is affirmative or negative in form, is entitled to judicial review of the decision.

(b) Review shall be instituted by filing a written statement complaining of the board's decision in the court of civil appeals within 30 days after service of the final decision of the board. The statement shall specify concisely each finding, conclusion, or action of the board with which the aggrieved party disagrees. Copies of the statement be served upon the board and all other parties of record. The court, in its discretion, may permit other interested persons to intervene.

(c) Filing the petition does not stay enforcement of the board's decision; but the board may do so, or the reviewing court may order a stay upon such terms as it deems proper.

(d) Within 30 days after service of the statement, or within such further time as the court may allow, the board shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review; but, by stipulation of all parties to the review proceeding, the record may be shortened. A party unreasonably refusing to stipulate the record may be taxed by the court for the additional costs caused by his refusal. The court may require or permit subsequent corrections or additions to the record when deemed desirable.

(e) If, before the date set for hearing, application is made to the court for leave to present additional evidence on the issues in the case, and it is shown to the satisfaction of the court that the additional evidence is material and that there was good reason for failing to present it in the proceeding before the board, the court may order that the additional evidence be taken before the board upon such conditions as the court deems proper. The board may add to or modify its findings, conclusions, and decision in light of the additional evidence and shall file with the court, as part of the record, the additional evidence, together with any additions or modifications to its findings, conclusions, or decision.

(f) The review shall be conducted by the court and shall be confined to the record, except that in cases of alleged irregularities in procedure before the board, not shown in the record, testimony on the alleged irregularities may be taken in court. The court shall, on request, hear oral argument and receive written briefs.

(g) The court may affirm the decision of the board or remand the case for further proceedings; or it may reverse or modify the decision if the substantial rights of a party may have been prejudiced because the administrative findings, inferences, conclusions, or decisions are

(1) in violation of constitutional provisions;

(2) in excess of the statutory authority or jurisdiction of the board;

(3) made upon unlawful procedure;

(4) affected by other error of law;

(5) unsupported by competent, material, and substantial evidence in view of the entire record as submitted; or

(6) arbitrary or capricious.

Subchapter D. Financial Provisions.

Sec. 21. Taxation. (a) The board may levy and collect property taxes levied on the property in the district that are necessary to enable the board to perform the powers and functions given it in this Act.

(b) The board may not levy or collect property taxes at a rate greater than the number of cents per \$100 valuation based on Schleicher County values to provide a net fund of no greater than \$10,000 unless a district-wide election is held to provide a raise in taxes, and in no case shall the rate of taxes exceed 35 cents on the \$100 valuation.

(c) The general law on water control and improvement districts, relating to the levy and collection of taxes and to elections held on tax levies applies to the levy and collection of taxes by the board.

Sec. 22. Bonds. (a) The board may issue bonds to finance operations and construct projects authorized under this Act.

(b) The general law on water control and improvement districts, relating to issuing bonds and retiring bond issues, elections on bond issues, and elections in assuming and discharging tax liability for bonds, applies to issuing bonds and retiring bond issues by the board.

(c) The provisions of Section 139, Chapter 25, General Laws, Acts of the 39th Legislature, Regular Session, 1925 (Article 7880-139, Vernon's Texas Civil Statutes), re-

lating to approval of plans and specifications for projects to be financed by the sale of bonds, apply to the sale of bonds under this Act.

Subchapter E. Powers and Duties Of The Board

Sec. 23. Conservation Rules. The board may adopt rules for the purpose of conserving, preserving, protecting, and recharging the underground water in the district.

Sec. 24. Waste. (a) The board may adopt rules designed to prevent waste of the underground water in the district.

(b) A person wastes underground water who

(1) withdraws the underground water at such a rate or in such an amount as to cause the intrusion of water that is not suitable for agricultural, gardening, domestic, or stock-raising uses;

(2) allows a well to flow or produce underground water for a use other than

(A) an agricultural, gardening, domestic, stock-raising, municipal, or recreational use;

(B) a use which is beneficial to the user;

(3) allows underground water to escape from one underground water stratum to another stratum which does not contain water suitable for agricultural, gardening, domestic, or stock-raising uses;

(4) pollutes or harmfully alters the character of the underground water; or

(5) uses the underground water to explore for, produce, handle, or treat oil, gas, sulphur, or other minerals, if rules of the board specify that special circumstances make these uses wasteful.

Sec. 25. Permits. (a) The board may adopt rules requiring a person to obtain a permit from the board before he may drill, equip, complete, or substantially alter the size of a well or the size of a pump used in connection with the well.

(b) The board may add whatever terms and conditions to the permit and modify the terms and conditions, that are necessary to insure that drilling, equipping, completing, or substantially altering the size of a well or the size of a pump used in connection with the well will

(1) preserve and conserve the underground water in the district;

(2) prevent any of the kinds of waste of the underground water specified in Section 24 of this Act;

(3) minimize as far as practicable the drawdown of the water table or the reduction of artesian pressure;

(4) lessen interference between wells.

(c) A permit issued under this section is conditional and the board may revoke it if the person to whom it was issued does not comply with rules adopted under Sections 23 through 28 of this Act or with the terms and conditions stated in the permit.

(d) Before the board may refuse to issue a permit, add terms or conditions to a permit, modify the terms or conditions of a permit, or revoke a permit, it must offer the applicant or holder of the permit an opportunity to be heard by the board.

Sec. 26. Spacing and Production.

(a) The board may adopt rules to be drilled to produce water from the underground water in the district;

(2) regulate the production of wells producing water from the underground water in the district.

(b) To be valid, a rule adopted under this section must relate to minimizing as far as practicable the drawdown of the water table or the reduction of artesian pressure, or to the prevention of any of the kinds of waste of the underground water specified in Section 24 of this Act.

(c) Rules adopted under this section do not apply to wells drilled to produce water to be used by an individual, a family, or a household for

(1) drinking and cooking;

(2) washing;

(3) irrigating a garden or orchard, if the produce of the garden or orchard is primarily to be eaten by the individual, family or household;

(4) watering animals.

Sec. 27. Records and Reports. The board may adopt rules

(1) requiring that records be kept and reports be made to the board concerning

(A) drilling, equipping, and completing wells into the underground water strata in the district;

(B) taking and using underground water in the district;

(2) requiring accurate driller's logs to be kept of wells into underground water strata, and that driller's logs and any electric logs kept be filed with the board.

Sec. 28. Rules Relating To Capping Wells. The board may adopt regulations implementing the requirements in Section 36 of this Act relating to capping uncapped wells.

Sec. 29. Projects. The board, through its employees and agents, may

(1) construct and maintain dams;

(2) drain lakes, depressions, draws, and creeks;

(3) install and operate pumps

and other equipment necessary to recharge the underground water in the district;

(4) acquire land, by eminent domain or otherwise, to do the things specified in Subdivisions (1) through (3) of this section.

Sec. 30. Surveys. The board may employ engineers to

(1) survey the underground water in the district and the facilities for developing, producing, and using the underground water;

(2) determine the quality of the underground water available for production and use and the improvements, developments, and recharges needed in regard to the underground water in the district.

Sec. 31. Plans. (a) The board shall develop comprehensive plans for

(1) efficiently using the underground water in the districts;

(2) controlling and preventing waste of the underground water.

(b) The board shall specify in the plans, to the maximum extent practicable, the acts, procedure, performance and avoidance which are or may be necessary to effect the plans, including specifications for them.

(c) The board shall carry out research projects, develop information, and determine limitations, if any, which should be made on withdrawing underground water in the district.

(d) The board shall collect and preserve information regarding the use of underground water in the district and the practicability of recharging the underground water.

(e) The board shall publish plans and information developed under this section, bring them to the attention of the users of underground water in the district, and encourage the users to adopt and use the information.

Sec. 32. Water Supply For Municipalities. (a) The district may purchase water rights and pipeline rights-of-way, drill wells, and erect suitable storage and other facilities for the purpose of selling water to municipalities within the district.

(b) The district may employ pumps and well service personnel and may purchase vehicles and gauges pertinent to operation. No vehicle of the district may be used other than for official business.

(c) Rights of eminent domain are specifically excluded from proceedings or negotiations under this section.

(d) amortization of bonds and operating expenses must be guaranteed by the purchasers of the water, and any tax money spent for these purposes must be refunded to the district.

Subchapter F. Rights and Duties Of Persons In The District

Sec. 33. Ownership of Water.

The ownership and rights of the owner of the land and his lessees and assigns in underground water are recognized, and this Act does not in any way deprive or divest the owner or his assigns or lessees of that ownership or those rights, subject, however, to the rules adopted under this Act.

Sec. 34. Responsibility For Complying. The owner of underground water or his lessee, if is one, is responsible for complying with rules adopted by the board under this Act.

Sec. 35. Illegal Drilling and Production. Drilling a well without a permit or drilling or operating a well in violation of the terms and conditions of the permit, if a permit is required, and operating a well at a higher rate of production than the rate approved by the board for the well, are each declared to be illegal, wasteful per se, and a nuisance.

Sec. 36. Capping Wells. The owner of underground water being produced from an underground water well shall keep the well capped with a covering capable of sustaining a pressure of at least 400 pounds, except when the well is in use, and shall comply with rules adopted under Section 28 of this Act.

Subchapter G. Miscellaneous Provisions.

Sec. 37. Excluding Land from the District. (a) A person who owns land over which the board is exercising authority or claiming jurisdiction may petition the board for a hearing to determine whether or not the land is or should be excluded from the district under Section 4 of this Act.

(b) At the conclusion of the hearing, the land is a part of the district if the board finds that the person has failed to establish

(1) with respect to land claimed to be excluded under Section 4(1) of this Act, that the land was within the limits of an incorporated city or town on the effective date of this Act; or

(2) with respect to land claimed to be excluded under Section 4(2) of this Act, that the land has been included within the limits of an incorporated city or town since the effective date of this Act, and that exclusion of the land would defeat none of the regulatory purposes of this Act; or

(3) with respect to land claimed to be excluded under Section 4(3)

of this Act; or

(4) with respect to land claimed to be excluded under Section 4(4)

of this Act.

—(Continued On Page 7)—

of this Act, that there is no underground water under the land or that the underground water cannot be brought to the surface at a cost that makes bringing it to the surface economically feasible.

(c) If the board makes a contrary finding under Subsection (b) (1) of this Section, the land has never been a part of the district. If the board makes a contrary finding under Subsection (b) (2) or Subsection (b) (3) of this section, the land is excluded from the district on the day the person filed the petition with the board to determine whether or not the land should be excluded.

Sec. 38. Including Land in the District. (a) The board may order a hearing to determine whether or not land contiguous with the district but not within the district should be included in the district.

(b) At the hearing, if the board finds that the owner of the land that is the subject of the order has failed to establish that the exclusion of the land defeats none of the regulatory purposes of this Act, it shall order that the land is included in the district. The land is included on the day the order is issued.

(c) If the board makes a contrary finding, the status of the land is unchanged.

Sec. 39. Dissolution. (a) The board may dissolve the district, if it finds that the continued existence of the district will not best serve a public purpose, either because conditions in the district have changed so that regulation of underground water in the district is no longer necessary, or because it would be more efficient to have that regulation performed by some other agency.

(b) To dissolve the district, the board shall adopt a resolution proposing dissolution using the procedure for adopting rules provided for in Section 11 of this Act. After the resolution becomes effective, the board shall appoint a trustee, who shall settle the affairs of the district as quickly as possible. The trustee serves at the pleasure of the board, and is entitled to reasonable compensation set by the board.

(c) The trustee shall reduce to possession, and money, all assets and resources of the district, and shall apply the money to discharging the outstanding obligations of the district, having regard to specific funds. If it is necessary to do so, the board shall levy, assess, and collect additional taxes to pay all necessary expenses and outstanding obligations of the district.

(d) When all expenses and outstanding obligations are paid and the trustee's account is verified, the board shall discharge the trustee. When the trustee is discharged, the board shall enter of record its final order of dissolution and record the order in the deed records of the counties in which the district is located. The district is dissolved on the date specified in the order. The board shall file a copy of the dissolution order with the Texas Water Commission and mail a copy to the Texas Legislative Council.

(e) The board shall pay to the counties in the district a proportionate part of all money in the possession of the district not needed to pay for expenses and outstanding obligations of the district when it is dissolved.

Sec. 40. Application. The provisions of this Act do not apply to a well drilled under a permit from the Railroad Commission of Texas.

Subchapter H. Enforcement Provisions.

Sec. 41. Suits By Private Persons. (a) A person who has an estate in land any part of which is within one-half mile of a well which is being drilled or operated in a manner declared to be illegal in Section 35 of this Act may sue or restrain or enjoin the illegal drilling or operation or both. He may also sue to recover damages he has suffered because of the illegal operation and for any further relief he is entitled to at law or equity.

(b) In a suit for damages under this section, the operation of the well in violation of rules adopted by the board is prima facie evidence of illegal and illegitimate drainage.

(c) The suit for damages may be brought in the county where the illegal well is located or in the county where any part of the affected land of the plaintiff is located.

(d) The cause of action and the rights created by this section are cumulative, and do not impair the rights of any other person or the enforcement powers of the board.

(e) A suit brought under this section shall be advanced for trial and be determined as expeditiously as possible, and no postponement or continuance of the suit (including a first motion for postponement or continuance) may be granted except for reasons deemed imperative by the court.

Sec. 42. Suits By The Board. The board shall sue for injunctions,

mandatory injunctions, and other appropriate remedies, to compel persons to comply with rules adopted by the board and with the provisions of Section 3 of this Act.

Subchapter I. Temporary Provisions

Sec. 43. Initial Board. (a) On the effective date of this Act, the following persons are the directors of the board: Precinct 1, Ford Oglesby; Precinct 2, James L. Powell; Precinct 3, Bobby R. Sykes; Precinct 4, Earl Lloyd; director-at-large, Mort Mertz.

(b) The term of office of the initial board members is from the effective date of this Act until January 10, 1967.

Sec. 44. Expiration Date. If the board dissolves the district under Section 39 of this Act, this Act expires on the day the dissolution order is effective.

Sec. 45. Emergency Clause. The importance of this legislation and the crowded condition of the calendar in both houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each house be suspended, and the Rule is hereby suspended.

PROPOSED AMENDMENTS

Amend Sec. 10:

(c) One person shall be elected from each of the four precincts in Schleicher County by the qualified voters of the respective precincts and one additional to be elected at-large by the qualified voters of the entire district.

(d) No board member may serve continuously for more than two terms or 6 years, if the constitutional amendment mentioned in Sec. 6, subsection C becomes effective.

Add: Sec. 10

(g) A person is qualified to vote in any district election who

(1) is at least 21 years of age, and

(2) owns real property in the district, and

(3) is a resident of the district or of the county in which the district is located.

Add: Sec. 25

(e) Rules adopted under this section shall not be enforced in any precinct until a majority of the qualified voters of that precinct approve enforcement by referendum.

Sec. 26 (d) (Same as above.)

New Elks Lodge Being Organized In Sonora

A preliminary meeting to discuss the possibility of organizing an Elks Lodge at Sonora, was held on March 5 at the Park Inn Cafe. The meeting was called by Edward M. Schlieter of Kerrville, chairman of the state New Lodge Committee.

The meeting was attended by individuals from Sonora, Ozona and Eldorado and much interest was shown. Ed Schlieter explained what would be required to organize a local lodge and the steps required. After a good deal of discussion, the local men voted to proceed with organization plans.

In order to get started, they decided to immediately establish their Organization Committee and set another meeting date. The Committee consists of: John A. Martin, Jr., chairman; N. J. "Hut" Moore, co-chairman; Travis E. Glasscock, secretary; R. H. Lee (Ozona), treasurer; and W. A. Canall, E. R. Rowan (Ozona), M. L. Clifford (Ozona), and Billy Gosney, members of committee.

The second meeting was set for Wednesday, March 17th, at 7:30 p.m. at the Park Inn Cafe.

Also present at the above meeting were the following named men from the San Angelo Elks Lodge: Bobby Barber (Past Exalted Ruler of San Angelo); Franklin Jordan (an Officer of San Angelo Lodge); Elmer Easley (Secretary of the San Angelo Lodge) and two others. They have agreed to render all of the assistance possible in organizing the local lodge in Sonora.

MERRY MAKERS 42

The Merry Makers 42 club met at the West Texas Cafe last Thursday with three tables of players, including three guests: Mrs. Frank Van Horn, Mrs. Buster Gunn and Mrs. Lige Chestman.

Mrs. Frank Bradley was hostess and served coffee and pie.

Receives Honor At San Marcos

Eddy A. Etheredge, senior government major, and son of Mrs. Ethel Etheredge of Eldorado, Texas, was recently selected to serve as the chairman of the Student Legislative Commission of SWTSC in San Marcos.

The SLC, a creature of the Associated Students of SWTSC, is an investigating body and information agency dealing with higher education legislation in the present session of the Texas Legislature. The group, under the leadership of Etheredge, has been busy bringing out information in regard to bills providing for tuition increase in state schools, teacher pay raises, and the Superboard to coordinate Boards of Regents.

The SLC leaders have gone before House committees in Austin for the purpose of explaining college student interest and opposition to certain parts of all these bills.

Etheredge, in a rather disgusted tone said, "If section 11 of the governor's superboard bill is left as it was passed, it will be a terrible thing and a tremendous setback to higher education in Texas. Why! No one even knows how the section got into the bill; or if they do know they won't admit it."

The section stipulates that the board may delete or consolidate any course or courses that it deems necessary.

The 18-man board is appointed by governor and cannot have educators in it. Etheredge says that if the right people were to get on that board, education could be controlled and thwarted as the board saw fit. There is no place in Texas for this sort of strangling of the democratic way. There would be no stopping point if a group of reactionaries were to gain power on the board.

Etheredge and the Commission have done a tremendous job in opposing the tuition increase, which calls for doubling the tuition. According to the SLC, at least 17.8% of the students now enrolled at SWTSC will not return to school if the tuition is raised. There are over 4200 students at this institution. Etheredge is recorded as saying, at an appointment with a Representative in Austin, "The financing of higher education is something that our citizenry should be proud to help with. An education should be considered as investment by the people and for the benefit of all. It is not something to be regarded as personal and private, and a person holding a degree should not use it to exploit; but to strengthen society. We, as Texans, must make an education available to all capable people; not just the ones who can pay. This tuition increase deal is just an easy way out. Some legislators don't think the youth of today have enough grit to fight back. They have another thought coming though."

Etheredge also serves as the president of the Young Democrats of SWTSC and is on the House Council of the dormitory in which he resides. The Young Democrats

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

Cotton planting time is just around the corner and producers are faced with the decision of whether to employ the use of systemic insecticides to control early season insects and spider mites.

Di-syston and phorate (thimet) are available through insecticide dealers as 10% granular materials to be placed in the seed furrow at planting time. These materials are recommended at 8-10 pounds per acre of the 10% formulation per acre giving a rate of 0.7 to 1.0 pound of actual residue per acre. Cost of the systemic materials will range from \$1.50 to \$2.60 per acre depending upon the material, formulation used and planting rate.

In general, phorate and di-syston will give effective control of the thrips, aphids, leaf minors and spider mites for 4-6 weeks following planting. In some instances, under optimum conditions, even longer control has been experienced. The grower, however, should not anticipate more than the normal 4-6 weeks control from planting time.

The systemic activity is not sufficient to control overwintered boll weevils and fleahoppers. If damaging levels of these pests are present when the plants begin to square, (5-7 weeks after emergence) supplementary spray applications will be required to protect the early fruit.

Here are the advantages and limitations of systemic insecticides Advantages:

1. Prevents excessive damage of young plants by sucking pests for 4-6 weeks following planting without additional trips over the field during the period.
2. Releases manpower and equipment for other jobs during the 4-6 week period.
3. Compares favorably in cost with conventional spray applications in areas where early season control is a necessity.
4. The effectiveness after emergence of the plant is not altered by rain or other weather conditions which normally prevent the use of ground machinery.
5. Beneficial insects are not harmed by the chemical. (Note—populations of beneficial insects may actually be lower where systemics have been used because of the reduced food supply, however.)

Limitations:

1. Since it is impossible to predict, at the time of planting, whether early season pests are going to be an economic problem, the cost incurred in the use of systemics may not be justified on the basis of early season insect infestations.
2. If replanting is necessary, the effectiveness of the initial treatment would be lost or reduced, thereby requiring a new application of granules or the use of treated seed.
3. Cool, wet weather following planting may result in injury to seedlings where systemics are used and a delay in emergence or reduction of stand may occur. Granular materials, especially when used with fuzzy planting seed, are generally safer in this respect than the seed treatment applied to acid-delinted seed. When using systemic materials, delaying planting for 5-7 days after the normal planting time will help insure rapid germination and emergence.
4. Some plant injury has been experienced when systemic insect-

icides and pre-emergence herbicides were used in conjunction. Careful attention should be paid to application and other recommended precautions should be closely followed.

5. Additional equipment is required for application of granules.

Conscience gets a lot of credit that should really belong to cold feet.

Brown wheat mites and green bugs have been found in small grain in the county. These insects are most destructive in cool weather. The appearance of brown and yellow "spots" within the field is the first symptom. Upon closer observation the insects can be found; the wheat mite is about the size of a period at the end of this sentence.

If found in great numbers spray with parathion or malathion. The brown mite is controlled with methyl parathion or demeton, giving a much better control at the rate of 1-2 quarts of spray concentrate per acre.

Gardening is just around the corner. The productiveness of the garden will depend upon good soil, water supply, soil preparation, fertilizer, time of planting, seed treatment and the selection of varieties recommended to the area—and care.

For best production in bush, snap beans, plant Top Crop, Tendergreen or Pearl Green. Snap-Pole Beans, Blue Lake and Kentucky Wonder.

Tomatoes: Texto 2, Firesteel and Porter.
For recommended varieties of this county call the agent's office and ask for B-70, Vegetable Gardening.

Some tasks have to be put off dozens of times before they completely slip your mind.

C.W.F. Of First Christian Church

C.W.F. met in the home of Mrs. C. E. Cogswell. Meeting opened with prayer. Roll call was made with favorite Bible verse.

Many visits have been made to our shut ins.

Scripture, 95th Psalm, was read by Mrs. Cogswell. Lesson was on Jamaica and India, Ruth Baker director. Meeting closed with C.W.F. Benediction.

Cookies and tea were served by our hostess, Mrs. C. E. Cogswell. Our next meeting will be March 25th with Shirley Haynes, hostess.—Rep.

MRS. DOYLE'S BROTHER DIES

Mr. Arthur Yarbrough, 70, passed away in Harrisburg, Oregon on March 10th. He died suddenly with a heart attack. His wife and eight children survive, also several grandchildren.

He leaves also two brothers, four sisters, and two step-brothers. Mrs. Claude Doyle of Eldorado is a sister.

The funeral was held in Murphy Funeral Home in Harrisburg on Saturday, March 13th.

The Kimble-Meard County Singing Convention will meet Sunday, March 21, at the Hext Baptist church at 2:00 p.m., announces the secretary, Mrs. Allen Davis.

at SWT have one of the largest memberships in Texas. The club is rapidly gaining recognition for its enthusiasm in political affairs on all levels and for its provision of well known and controversial speakers at the regularly held meetings.

At a recent student gathering, Etheredge said, "If people could tear themselves away from so much golfing, boating, and just plain personal interests, they could devote a little time to finding out what is going on around them. I

don't expect everyone to be statesmen and diplomats, but a little public interest never hurt anyone. I'm definitely an advocate of constructive criticism, it's our way of life, but I'm getting tired of hearing and reading statements that come straight from the surface of a problem and have as much depth as a mashed pie plate. This shows lack of interest and knowledge, and I, personally, could not be proud of being so indifferent as to not even look into the actual problems at hand."
