Rains Hit County Monday and Tuesday

Rains in varying amounts fell in dry Schleicher county on Monday and Tuesday and brought temporary relief from the extreme hot spell. The half-inch that fell in Eldorado may be of some brief benefit to lawns but is not likely to provide any permanent change in the weather picture.

West of town rainfall was heavier with Clemens Sauer and Leonard Lloyd reporting 1.50 and 1.70 inches respectively on Monday, but no rain at all on Tuesday.

As usual precipitation was terribly spotted as brought out by the fact that H. A. Belk reported 3-quarters of an inch, while W. V. Lux had 2 1/2.

Some of the other figures gathered at random are:

A.S.C. Committee Election Is Set

The 1966 County Committee Election will be held on September 8, 1965. As in the past, this election will be conducted by mail. Ballots must be returned to the ASCS office by no later than 5:00 p.m. on September 8 if returned in person, or if mailed, be post-marked no later than midnight of that date.

It is desirable that candidates for committeemen be currently active farmers or ranchers who are best qualified for county committee work and who will be representative of the various sections and types of agriculture in this county. A committeeman must be a resident of Schleicher county and be eligible to vote in the county committee election.

Petitions signed by six or more eligible voters nominating persons for membership on the committee will be received at the ASCS office until 5:00 p.m. August 19. Petitions must be limited to one nominee each. Eligible voters may sign as many petitions as he desires. Names of persons nominated by petition will be placed on the ballot if they are eligible and willing to serve as committeemen. Anyone nominated by petition whose eligibility is questioned will be notified immediately, and they may appeal to the county any time prior to the date set for completion of the slate of nominees.

The present county committee may make such additional nominations as are required or as it considers desirable.

Physical Exams Are Set Tuesday For Jr. Highs

Coach Barnett reports that physical examinations for Junior High football boys will be given next Tuesday evening at the local clinic starting at 6:30.

High school football players were given physicals there this past Tuesday.

Attending funeral services for Mrs. Buddy Vaughn (the former Alberta Whitley) in Christoval on Monday were Mrs. F. M. Bradley, Mrs. Frank Van Horn, Mrs. C. L. Wheeler, and Mrs. R. L. Ballew.

New Babies

Mr. and Mrs. Bill Hook of San Angelo are parents of their third daughter, Kerrie Ann, born July 30 in San Angelo's Clinic-Hospital. The baby weighed 8 lbs. 9 oz., and has two sisters, Kim, 6, and Kelly, who is 4.

Grandparents are Mr. and Mrs. Ed Hicks of Eldorado and Mrs. F. L. Hook of San Angelo.

The mother is the former Colleen Hicks and she and her family have been visiting here with her parents.

Post Script

I hope we can disagree without being disagreeable.

I'm talking about that public meeting coming off tonight (Thursday) in the courtroom at the court house, when interested citizens will again try to discuss future health and medical problems—in other words some kind of hospital facility for the county.

I don't pretend to believe that tonight's meeting will come up with a workable solution that will meet with the approval of a majority. At best they will agree to appoint a committee to investigate further and report back at some future meeting.

I wonder if we are all missing something?

I took the trouble last week to look up the county's financial statement for year 1964 and published this past January. That statement shows that the amount received from taxes totaled \$205,000. County officials tell me that oil companies now pay over 80% of these county taxes. Call it 80% and you'll see the oil industry paid \$164,000 while all the rest of us paid \$41,000. (My tax was \$54.)

Right now the county is almost out of debt—their last bonds will be paid off this fall. When all bonds are paid, the tax rate that supported them will be eliminated—and our county taxes will go down.

Is that good or bad? If my county taxes were lowered 10%, I wouldn't save enough to buy two cartons of cigarettes, but the oil companies would save \$16,400, and the county would be minus over \$20,000 a year in revenue.

To my peculiar way of thinking the best thing the county could do is to hurry up and get back in debt again—back in debt for something that will be useful and beneficial for everyone. I think this is one time when economy is not a virtue.

If you are dead set against a hospital or nursing home, then think of something else.

School trustees have announced that they have plans on foot for moving the football stadium into town and establishing it on a location to be west of present school property.

We had never thought much about it one way or the other until the other day when a citizen took occasion to criticize the move. One of the things about the present location we've been proud of is the large parking space for cars. We've always been reminded of it when we go to Sonora for a game. Cars there are parked every which way on narrow side streets for blocks back from the stadium, and what a job it is to get your car out after a game.

This citizen also asked, what about all the older people living in that part of town? Do they want all the traffic congestion, confusion and noise right in their midst? However, it's only five nights a year when we have home football games that the problem would be at its worst.

Now, as far as I am concerned, I am not that old. I'll not be at home when games are played; I'll be at the game.

But—are there others who object to moving the football games into town? If there are they should make their objections known to the trustees now. I'm sure they would like to hear the objections before they are fully committed to the move.

Palmer West was busy Monday working over a large-wheeled hose cart which Mrs. Jim O'Harrow recently gave the local fire department. The relic boasts wheels as tall as a man, and West was painting it a bright red, and was being assisted by Marvin McCaughey in greasing the wheels.

"It's a long time since I greased wagon wheels," West stated. It seems that firemen in the old days used to wheel such carts to fires, unwind the hose from them, and then hook up to the hand-operated pumps.

It's possible that the cart may be taken down to Sonora during that city's coming celebration and be shown off with other antiques.

The lines have been laid to the new city water well at the airport, but there will still be some delay tying it into the local system. The City Council is taking bids for the

PUBLIC MEETING TONIGHT

Two weeks ago a small meeting, called by the County Judge and Commissioners, was held at the Memorial building to discuss future medical needs for Eldorado and Schleicher County.

After an hour-and-a-half's discussion the meeting adjourned to meet again in two weeks—tonight—in order to obtain a broader consensus of opinion of county citizens.

The meeting tonight is a PUBLIC meeting, and you are invited if you are interested in future medical care problems of this community. Judge Bearce has announced that tonight's meeting will be held in the county court room.

All people seem to agree that we have a problem, but all are not agreed on a solution. If you have an opinion you are invited to be heard.

Coach Expects About 43 Out For Football Practice Starting Monday

By PEYTON CAIN

Coach Earl Barnett is expecting a squad of some 43 lads to report for pre-school football practice this next Monday, August 16. These lads will include 11 freshmen, 14 sophomores, eight juniors, and 10 seniors.

Coach Barnett said that two-day drills would be the rule for all practice days prior to the beginning of school and that the Eagles would journey to Rocksprings for a session on intra-school head-knocking the afternoon of August 27 or 28.

This early donnybrook with Rocksprings will be just one week in advance of the Eagles' efforts towards providing a bleak evening of exercise for the AA Golden Cranes of Crane High School the evening of September 3, the season's opener. The Cranes will be about the same as last year—al-

ways potent although they were edged out by unusually strong Alpine last year for their district honors. The Cranes will be led by their stellar end, 220-pound Bob McKay.

Coach Barnett said that freshmen up from the 1964 junior high division would include these lads: Dwight Dempsey, Allan Corbell, Chris Faulk, Ray Lozano, Jimmy McGinnes, Clay Meador, Jimmy Robledo, Hyman Sauer, Albert Torres, Ross Whitten, and Brooks Walker. These youngsters are venturing into high school play for the first time. A freshman lad may play senior high level football but usually endures a season of "B" game play for experience and physical development.

A roster of the sophomores, juniors and seniors with pertinent information concerning them is as follows:

No.	Name	Position	Wt-64	Wt-65 Est.	Class
10	William Wiley Whitten	back	116	125	soph.

Coach Barnett remarked that the estimated weights would have to be confirmed but that often the heavier boys as they grew older lost weight slightly while freshmen arriving as sophomores usually added weight. Such estimates are useful in planning and compar-

ing various sets of data.

All lads will undergo physical examinations as required by Inter-scholastic League rules, this being an effort to prevent physical harm to boys not being physically ready for the rugged sport.

State Representative Jim Nugent of Kerville spoke Wednesday at the Lions club meeting, at which Ray Boyer presided. Hundreds Throng 20th Meeting Of Southwest Texas Electric Co-Op.

Scattered showers over the area, which dumped another half-inch of moisture here in Eldorado in the afternoon, and gave rise to speculation that the barbecue might have to be served indoors, cleared off in time for hundreds of members and guests to gather as usual Tuesday evening for the 20th annual meeting of the Southwest Texas Electric Co-Op.

Orland Harris reported that 879 plates of barbecue were served, down slightly from a year ago, but representing good attendance nonetheless. The barbecue was served on the courthouse grounds and was followed by the business meeting conducted from the west porch of the Memorial Building.

W. W. Sheen of Menard, president of the Co-Op, called the meeting to order. A moment of silent prayer was held in memory of J. Forrest Runge and other departed

members. Mr. Runge died about three weeks after the meeting of a year ago. He was long-time secretary of the board of directors.

Peyton Cain, who was appointed to fill out Mr. Runge's unexpired term as secretary, read the minutes of the preceding year's meeting.

Louis Gayer, attorney for the Co-Op, presided at the election of directors in which W. W. Sheen and Joe M. Christian were elected to new three-year terms.

In his manager's report, Don McCormick recognized P. K. McIntosh and W. R. Bearce as original directors present. He stated that during the past year, the Co-Op had continued to expand lines and other facilities and that 65 new miles of line had been added and 129 new meters.

Two films were shown. The first of these was "Fun At The Circus."

The second was a color film on the annual meeting of the National Rural Electric Cooperative Association which was held last January at Miami Beach, Florida, and which was attended by R. A. Harrell and W. W. Sheen of the local Co-Op.

Guests present included Howard Moore of Graybar, Corky Galbreath of Sterrett Supply, and Gal Essary of the state office at Austin of the association of electric co-ops. He took some pictures.

Mr. McCormick introduced Paul Harmon, Sherrill Dannheim, and Kenneth Hicks as new employees who had been hired during the past year.

Lanis Mikeska, son of Mr. and Mrs. Wayne Mikeska, drew the capsules with names to determine the winners of the 16 door prizes. Prizes, with donors and winners, were as follows:

Business outlook is bright for the last half of 1965, according to UT's Bureau of Business Research. On the basis of reports from 20 cities, the Bureau found business activity 13% better for the first six months this year than January-June, 1964, and saw "nothing to dim prospects of continued prosperity" for the rest of 1965.

Texas draft boards will be inducting a "considerable number" of 19-year-olds by fall, if draft calls remain high, according to Col. Morris S. Schwartz, state Selective Service director. Amended September quota for Texas is 1459 men; estimated October call, 1780. This compares with recent monthly quotas of 700 to 900. Schwartz said that mostly 21-year-olds will be called in August.

The cotton flea hopper remained about the same with infestations in approximately about two-thirds of all fields. However, as cotton is reaching advanced stages of growth larger populations can be tolerated without serious damage.

Boll weevil activity for the county remains about the same with infestations being spotted. Average count runs from 1% to 66% with a general average of 1-23%.

Fields should be inspected regularly and insecticides applied if 15-25% of punctured squares are found as prescribed in L-218, Texas Guide For Controlling Cotton Insects.

There are three great passings in American history: passing of the Indian, passing of the buffalo, and passing of the buck.

Uneven distribution of livestock on large pastures will decrease the forage production and utilization. Proper selection of watering sites, salt containers and cross-fencing will reduce the problem.

Distance between watering facilities varies with land surface features, but each properly selected watering site should be sufficient for 1,000 to 1,500 acres of grazing land.

The use of salt to lure livestock to undergrazed areas and placing salt about one-half mile from water to obtain moderate use of entire pastures, should be a common practice. It should be moved occasionally to avoid trampling and encourage even grazing.

Contrary to popular belief, it is not necessary that livestock obtain water immediately after salt consumption. As long as eight hours may elapse between the time animals eat salt and drink water.

If cross-fencing is necessary, use of suspension fences to reduce cost is practical. They are well adapted to subdividing large pastures for systematic rotational grazing programs.

Eight miles of cross-fencing is required to successfully subdivide a square four-section pasture for a systematic deferred rotation grazing program. Research conducted at the Sonora and Throckmorton Experiment Stations reveals that increased animal production will repay the cost of eight miles of cross-fencing in about eight years.

Individual animal gains increased 25 to 100 pounds per head and range conditions improved from fair to good during ten years of experimentation at Sonora.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 8 proposing an Amendment to Section 24, Article III and Section 17 of Article IV of the Constitution of the State of Texas, to allow an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives, and increasing the per diem allowance of Members of the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24 of Article III of the Constitution of the State of Texas be amended to read as follows: "Section 24. Representatives shall receive from the Public Treasury an annual salary of not exceeding Four Thousand, Eight Hundred Dollars (\$4,800) per year. Senators shall receive from the Public Treasury an annual salary of not exceeding Four Thousand, Eight Hundred Dollars (\$4,800) per year. The Lieutenant Governor and the Speaker of the House of Representatives shall receive from the Public Treasury an amount to be fixed by the Legislature. All Members of the Legislature, including the Lieutenant Governor and the Speaker of the House of Representatives, also shall receive from the Public Treasury a per diem of not exceeding Twenty Dollars (\$20) per day for the one hundred and forty (140) days of each Regular Session and for thirty (30) days of each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days. This Amendment shall be self-enacting and appropriations heretofore made in the General Appropriations Bill for the biennium ending August 31, 1967, for the salaries of the Lieutenant Governor and Speaker of the House of Representatives shall not be invalid because of the anticipatory nature of the legislation.

"In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of Government, which mileage shall not exceed Two Dollars and Fifty Cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no Member to be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of the Regular or Called Session."

Sec. 2. That Section 17 of Article IV of the Constitution of the State of Texas be amended to read as follows: "Section 17. If, during the vacancy in the office of Governor, the Lieutenant Governor should die, resign, refuse to serve, or be removed from office, or be unable to serve; or if he shall be impeached or absent from the State, the President of the Senate, for the time being, shall, in like manner, administer the Government until he shall be superseded by a Governor or Lieutenant Governor. The Lieutenant Governor shall, while he acts as President of the Senate, receive for his services an annual salary in an amount to be fixed by the Legislature and the same mileage which shall be allowed to the Members of the Senate, and no more; and during the time he administers the Government, as Governor, he shall receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office, and no more. The President, for the time being, of the Senate, shall, during the time he administers the Government, receive in like manner the same compensation, which the Governor would have received had he been employed in the duties of his office."

Sec. 3. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday following the first Monday in November, 1965, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment allowing an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives and allowing a per diem for Members of the Legislature not to exceed Twenty Dollars (\$20) per day for the 140 days of each Regular Session and 30 days of each Special Session."

"AGAINST the Constitutional Amendment allowing an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives and allowing a per diem for Members of the Legislature not to exceed Twenty Dollars (\$20) per day for the 140 days of each Regular Session and 30 days of each Special Session."

Sec. 4. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

Car Air Conditioning
Your air conditioning system is an expensive accessory and must be serviced periodically to prevent failure. Working parts of the system are eroded by the circulation of freon and oil in the system. If a leak has occurred during the off season, and they often do, the system can be damaged in just a few minutes of operation. Let us check your air conditioning NOW at the beginning of the season.

Voter Registration Bill 'Grab For Power' By Federal Government Says Fisher

By Congressman O. C. Fisher

The much ballyhooed voter registration bill, which finally cleared the House and Senate and was signed by the President last week, is more a grab for power by the federal government, at the expense of the states, than it is a protection for Negro voters. Make no mistake about it—there was in reality no need for any more law to protect voter rights.

Last year the Congress passed a bill which fully authorized the courts to enjoin against arbitrary rules which might interfere with the voting privilege. The courts were given all the authority they needed, and all they could use, to prevent any form of discrimination against Negroes in the use of the ballot.

But the new voter bill goes much further. In states or in political sub-divisions where fewer than 50% of the Negroes choose to register or vote in a preceding election, then the Attorney General may, if he chooses, send in federal registrars who can shove local election officials aside, and virtually decide who can vote—regardless of local laws, however

reasonable and necessary such local election laws may be.

With this unprecedented power lodged in the Executive branch of the government, if the wrong crowd ever gets control of the federal government, and should want to do it, they could effectively influence or even control many local elections—even for justices of the peace or mayor of a small town.

Moreover, the Constitution clearly states that the states—not the federal government—shall determine the qualifications of votes. But under the new voter bill that concept of constitutional authority is prostituted and ignored. And the sad thing about it is that the present Supreme Court will probably uphold the law by doing as it has done on other occasions—by ignoring the plain wording and intention of the Constitution.

Between now and next year the agitators and politicians will be burning midnight oil in efforts to cook up another emotional civil right bill to fight over next year—that being election year. Voter rights legislation was not needed to protect votes—but it serves to get votes.

Edmiston Honored On Golden Wedding Sunday

Mr. and Mrs. E. N. Edmiston celebrated their Golden wedding anniversary on Sunday, August 8, at their ranch home. The couple's five children and 13 grandchildren honored them with a party and open house.

The table centerpiece was arranged by Mrs. R. L. Bridgeman. It was a gold candelabra with white satin streamers to a white Bible, encircled by a gold wedding band.

Serving at the table were the four granddaughters of the couple: Pam Spigarelli, Paula Spigarelli, Sue Edmiston and Chris Edmiston. Punch and cake squares were served. The cakes were decorated with the Ranch Brand in gold.

Mrs. Lyonelle Ballew and Mrs. J. L. Neill registered the guests as they arrived. Many local guests, as well as out of town guests were present. In the receiving line to greet the guests were the honorees and their children, Orval Edmiston, W. F. Edmiston, Billy Gene Edmiston, Mrs. R. D. Spigarelli.

Austin, Tex.—State offices are playing a game of musical chairs.

Better make note of these departmental moves that have just taken place, are now being made or will be completed this month:

Undaunted and un-cowed, the Brahman won—everybody knows that eating popcorn is part of "going to the fair." The 1965 State Fair of Texas will run October 9 through 24 in Dallas, with the internationally significant Pan-American Livestock Exposition the major attraction of the first nine days. The Pan-American will feature the Premier Angus Show of the Americas, along with excellent shows of Hereford, Brahman, Brangus, Charolais, Santa Gertrudis and Shorthorn cattle. During the exposition, a superior dairy show also will be presented, with the Regional Holstein Show, State Jersey Show, and shows for Ayrshire, Brown Swiss and Guernsey cattle. In addition, there will be shows for purebred swine, sheep and goats.

Intercoastal Canal Dilemma

Joe Moore has a \$400,000 problem and, so far, no solution.

Moore a member of Gov. John Connally's staff, is trying to find a way to allow Texas to live up to its commitment made by Gov. Allen Shivers exactly 10 years ago.

In August of 1955, Governor Shivers gave the state's endorsement to a proposal for the widening and deepening of the Intra-coastal Waterway from the mouth of the Sabine River to just south of the Brazoria county line across West Bay.

He assured the U.S. Army Corps of Engineers that local sponsors would meet the cost of the right-of-way so that the canal could be widened to 140 feet from 125 feet.

"All that was needed to keep the project going in 1955 was the state's commitment," Moore said. "There was no need to produce the right-of-way money then. But there is now, if we're not going to lose the project. The state has at least a moral commitment to aid in getting local sponsors."

Although no firm figures are available, Moore believes acquisition of right-of-way for the project through Jefferson, Chambers and Galveston counties would cost about \$400,000. The federal government's cost of widening and deepening the waterway is expected to be in excess of \$6 million.

Completion of the project would open the channel to Mississippi River barges.

Short Snorts ...

—Texas Railroad Commission has ordered its staff to devise tests for oil fields over the state similar to those used in East Texas.

—Texas Parks and Wildlife Department will send hunting and fishing licenses to 2,500 dealers earlier this year to avoid the usual last-minute scramble.

—Detailed hunting and fishing regulations for key areas now are available from the Parks and Wildlife Department.

—Texas Railroad Commission is hearing opponents of an application to approve lower interstate rates on mixed shipments of interstate and intrastate products. Truck lines oppose the practice long followed by railroads.

—Cigarette tax receipts increased \$280,118 in July over the same month in 1964, but liquor stamp sales dropped off \$108,182 and wine stamp receipts declined \$53,458, according to Comptroller Robert S. Calvert.

—State Auditor reports that as of August 31 last year the University of Texas system held investments worth nearly \$463 million.

—Attorney General Carr says his office will sponsor a series of 14 regional seminars over the state to acquaint law officers with the new Texas Code of Criminal Procedure and recent US Supreme Court decisions pertaining to criminal laws.

—Governor Connally tentatively is planning to go to Japan on October 20 with a group of Governors participating in an exchange program sponsored by the Japanese government and the US State Department. A Viet Nam side trip still is uncertain.

—Texas League of Women Voters has issued the first of two Guides that will be published relative to this year's Constitutional Amend-

ments.

—Indications are that more than the initially predicted 1,600 youths will participate in the Attorney General's Youth Conference on Crime to be held in Austin on August 19-22.

On The Screen ...

Hypo 'Bullets' For Big Game

To kill or tranquilize, that is the question. And that's the theme of "Rhino," the MGM film which is in color and which is being shown Friday and Saturday nights of this week at the Eagle Drive-In Theatre here in Eldorado.

Science has introduced a new twist to big-game hunting. The beasts are now being shot with hypodermic "bullets" instead of the huge blasts of powder which could bring down animals which tipped the scales in excess of 5,000 pounds. The reason is obvious. Several herds in Africa's dank jungle areas are approaching extinction.

"Rhino" offers a strong argument in favor of animal conservation. Poachers and kill-happy hunters have made an almost criminal dent in the herds which once roamed the South African plain. Unless something is done, the white rhino, the wildbeast and some of their jungle mates could disappear.

A story line (conservationist vs. poacher with a shapely blonde tossed in for added measure) helps director Ivan Tors get his point across.

Harry Guardino is cast as the rugged poacher and British actress Shirley Eaton is his girl. Robert Culp portrays the jut-jawed scientist who hopes to rope a pair of white rhinos and send them to some un-named zoo for breeding purposes.

Unknown to Culp, Guardino has been offered \$20,000 by a British syndicate if he can deliver the beasts alive and kicking. It makes for some interesting footage as one tries to outfox the other. But the good-guy always wins and this is no exception. The grudge is settled when Guardino is attacked by a python—a particularly spine-tling shot—and Culp and Miss Eaton nurse him back to health. He teams up with science.

Especially appealing are the amazing color scenes of animal life in Zululand. And the latter isn't exactly what Tarzan has led generations of movie fans to believe. There are comparable wide-open spaces in West Texas which could have served as a locale for Tors' film.

But West Texas could never produce the breath-taking site of a herd of elephants bathing in a shallow pond, or baboons searching each other's furry coats for fleas. There are several shots of zebras and giraffes frolicking in the grass. One interesting scene involves a tribe of natives doing a dance which seems strangely related to the Twist.

Discovery of the white rhinos, loling lazily in the shade, is an impressive scene. The beasts weigh upwards of 5,000 pounds, grotesque animals with beady eyes, a sharp horn located between their eyes, and a thick skin.

Science triumphs in the form of two of the hypo darts shot from standard rifles. The animals are totally tranquil only seconds after the "bullets" have found their mark. Miss Eaton probably became the first actress in history to be photographed astride a rhino.

A final scene shows the subdued beasts crated aboard huge trucks, en route to some domestic zoo where they will help preserve the species. One's sympathy, in these times, is with the animals.

"(1) Ninety per cent (90%) of the funds allocated on June 1, 1966, shall be allocated to state institutions based on projected enrollment increases published by the Coordinating Board, Texas College and University System for fall 1966 to fall 1978.

semester of the tenth year. All such designated institutions of higher learning shall not thereafter receive any general revenue funds for the acquiring or constructing of buildings or other permanent improvements for which said Ten Cent (10¢) ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the uninsured loss so incurred may be made by the Legislature out of any General Revenue Funds. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this Amendment, and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose. This Amendment shall be self-enacting. It shall become operative or effective upon its adoption so as to supersede and repeal the former provisions of this Section; provided further, that nothing herein shall be construed as impairing the obligation incurred by any outstanding notes or bonds heretofore issued by any state institution of higher learning under this Section prior to the adoption of this Amendment but such notes or bonds shall be paid, both as to principal and interest, from the fund as allocated to any such institution.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, A.D. 1965, at which election all ballots shall have printed thereon: "FOR the Amendment to Article VII of the Constitution of the State of Texas by amending Section 17 thereof, providing a method of payment for the acquiring, constructing and equipping buildings and other permanent improvements at certain state institutions of higher learning."

Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 57 proposing an Amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions: requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such earlier age, not under seventy (70), as may be provided by law; creating a State Judicial Qualifications Commission and providing for its composition and the qualifications, methods of selection and terms of office of its members; defining the functions and procedures of said Commission, including the duty to investigate, and hold hearings in respect of, disability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas for involuntary retirement or removal of such Judges; empowering the Supreme Court of Texas, in its discretion, to retire such Judges for disability and to remove them for misconduct, upon recommendation of the Commission and consideration of the record made before it; defining misconduct for which said Judges may be so removed; providing that the proceedings of said Commission shall be confidential until filed in the Supreme Court with recommendation for retirement or removal; and providing that the removal provisions here by established shall be alternative to and cumulative of those provided elsewhere in the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-a of Article V of the Constitution of the State of Texas be amended so that said Section shall hereafter read as follows:

"Section 1-a. (1) Subject to the further provisions of this Section, the Legislature shall provide for the retirement and compensation of Justices and Judges of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their reassignment to active duty where and when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent

him from serving the remainder of said term nor be applicable to him before his period or periods of judicial service shall have reached a total of ten (10) years.

"(2) There is hereby created the State Judicial Qualifications Commission, to consist of nine (9) members, to wit: (i) two (2) Justices of Courts of Civil Appeals; (ii) two (2) District Judges; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iiii) three (3) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a judgeship within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership. Commissioners of classes (i) and (ii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with advice and consent of the Senate, and those of class (iiii) by appointment of the Governor with advice and consent of the Senate.

"(3) The regular term of office of Commissioners shall be six (6) years; but the initial members of each of classes (i), (ii) and (iii) shall respectively be chosen for terms of four (4) and six (6) years, and the initial members of class (iiii) for respective terms of two (2), four (4) and six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. Commissioners may succeed themselves in office only if having served less than three (3) consecutive years.

"(4) Commissioners shall receive no compensation for their services as such. The Legislature shall provide for the payment of the necessary expense for the operation of the Commission.

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine, but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceed-

ings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members.

"(6) Any Justice or Judge within the scope of this Section 1-a may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any such Justice or Judge may be involuntarily retired for disability seriously interfering with the performance of his duties, which is, or is likely to be, come, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to misconduct or disability of particular Justices or Judges, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) The Commission may, after such investigation as it deems necessary, order a hearing to be held before it concerning the removal or retirement of a Justice or Judge, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefore, it shall recommend to the Supreme Court the removal or retirement, as the case may be, of the Justice or Judge in question and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order removal or retirement, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

"(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, and the filing of papers with, and the giv-

ing of testimony before, the Commission, Master or the Supreme Court shall be privileged; provided that upon being filed in the Supreme Court the record loses its confidential character.

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any judge against whom a proceeding is instituted to cause his retirement due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the judge in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

"(12) No Justice or Judge shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to, and cumulative of, the methods of removal of Justices and Judges provided elsewhere in this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

"AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

Sec. 3. The Governor shall issue the necessary proclamation for the election, and this Amendment shall be published as required by the Constitution and laws of this State.

"(d) The Legislature may provide for the investment of moneys available in the Texas Opportunity Plan Fund, and the interest and sinking funds established for the payment of bonds issued by the Coordinating Board, Texas College and University System, or its successor or successors. "(e) All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price thereof, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the

moneys of said Fund in compliance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violation of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to

shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.
