64TH YEAR

ELDORADO — SCHLEICHER COUNTY — TEXAS

Thursday, August 26, 1965

NUMBER 34

Assembly Monday Will Launch School Year

The Schleicher County Independent School will open its doors August 30 at 8:45 a.m., for the 1965-66 school session, with a short opening in the Auditorium.

The following program will be given:

Presentation of Colors—Boy Scouts Pledge of Allegiance
—Led by Sam Henderson
Pres. of Student Council
Invocation—Kenneth Vaughan
Song, "America"—Eddie Pace directing
Introduction of New Teachers and Introductory Remarks—A. M. Whitis, Supt.
Announcements by P. T. A.
—Mrs. Pat Sykes

Instructions for Elementary School—Curtis Humphries, Prin.
Instructions for High School—Guy Whitaker, Prin.

Buses will run in time to get the children to school by 8:30 a.m. Monday, August 30. School will be in session most of the day Tuesday, and buses will leave school at 3:00 p.m.

Lunch will be served in the Cafeteria on Monday, August 30.

Pre-planning sessions for teachers will begin Friday, August 27, at 8:30 a.m. in the library and will be concluded Saturday at 12 noon, August 28.

Thumbs Down By Commissioners On Health Officer Deal

A proposition that has been knocked around and confronting the Commissioners Court for the past two weeks, was resolved in a called meeting of the Court here Monday.

Having to do with a proposed raise in salary for the County Health officer, who now receives \$100 per month for his services, the court decided to make no change whatsoever.

The record of the meeting is as follows: (in brief form)
Upon motion of Co. Judge Bearce, seconded by Commissioner Kinser, that the County Health officer's salary be raised to \$350 per month, effective Nov. 1st. All commissioners voted No, whereupon the motion was declared not carried.

Upon motion by Com. Wagley, seconded by L. E. McCalla to authorize Dr. Vernezobre to employ a County Health Nurse at a salary not to exceed \$250 per month. Commissioners Wagley and McCalla voted "yes"; Commissioners Kinser and Baker voted "no". Whereupon Judge Bearce voted "no", and motion declared not carried.

This denies, for the time being, any further county support for the doctor situation in Schleicher county. It will probably come up again next year.

In other action, the Court approved a budget of \$222,400 for the year of 1966.

The Commissioners voted that the County Road Superintendent be allowed to hire extra road hand, when needed, for a specific job at a rate of \$12 per day.

Local School Is Now Integrated

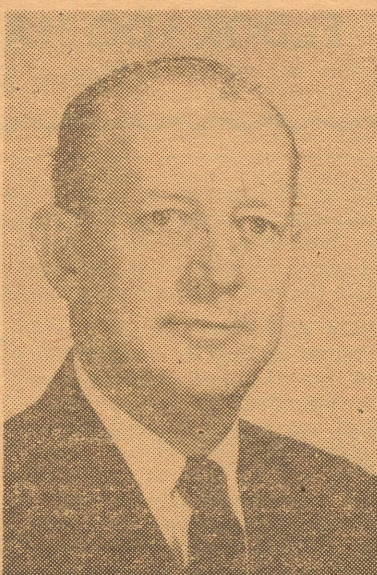

One year ago, the Schleicher county school system began to desegregate when about half a dozen colored pupils were admitted to the high school grades here in Eldorado.

Now, as the new term gets under way, the process will be completed as the two dozen students who have attended the colored school in the east part of town will attend the main elementary school, and be enrolled in the various grades. This action was approved by the local school trustees early last spring as they signed the "compliance order" with the new civil rights act.

The future disposition of the building and other properties that comprised the colored school is indefinite at this time.

Park Area To Be Paved

In this Success issue, the County Commissioners are calling for bids for laying 13,000 square yards of new asphalt topping.

This paving job is slated for the County Park Area in western Eldorado. The areas around the swimming pool and the little league ball park are slated to be paved as soon as contractor is lined up.

A. M. WHITIS
Superintendent

Post Script

Following the opening-of-school assembly Monday morning, there will be meetings to elect the chairmen of the elementary room representatives, also in the auditorium.

—ps—

September and School ... To many a freckle-faced youngster September is a foreboding sound. For it is in this month that complete freedom dies for millions of boys and girls, and the schoolroom curriculum once again demands its place in their lives. To the youngster who roamed the hill with an adventurous spirit during June, July and August, this confinement often comes hard. To the freckle-faced lad who spent his time swimming in that nearby tank, or hiking through the woods, or just lying on the bank of some stream waiting for a fish to bite, looking up into a summer sky, school is the worst of all mankind's inventions.

To most young girls, the catastrophe of reopening school is not as grave a matter. Somehow, as is the case with their mothers, the female sex seems to adjust to shock more easily.

And, despite the tremendous grief at the arrival of September, the consequences are neither serious nor long-lived. But, if it is any consolation, lads, father, and most of the red-blooded men around (and maybe mother), long ago suffered the same emotions. They faced the threat of education with a stiff upper lip.

—ps—

With our subscribers: Bob Helmers, coach in the Christoval schools, is again subscribing at box 7, in that city. A new subscriber is R. L. Bridgeman at 3401 West Michigan, Midland, Texas.

—ps—

Co. Treasurer and Mrs. A. G. McCormack spent three days of last week in Amarillo attending the annual meeting of the State Treasurer's Association. In the election of officers for the coming year A. G. was elected president of the association, having been First V. P. this past year.

While in that area they attended the pageant put on in the amphitheatre at Canyon.

—ps—

Ranchers, get out and count your sheep!

When Oran Enochs checked on his around the first of this month he found he was short about 80 head of ewes. He is not sure if they are lost, strayed or stolen, and the "laws" are helping to check.

—ps—

And now we see where Brady has gone and voted wet, after being dry these many years.

The idea must be catching, since it is being revived on the street again here in Eldorado.

—ps—

New in Eldorado: Wayne Estes in Phillips house; Billy Collins in Palmer West house.

—ps—

The City Council is holding a joint meeting tonight, Thursday, with the Housing Authority committee which was set up a while back with Tom Ratliff as chairman and Mrs. Max D. Wilkins as secretary. Other members are Kenneth Vaughan, Clay Porter, and Mrs. Pina.

The two groups will look into housing needs of Eldorado and possibility of obtaining government guaranteed loans for erecting low-rental units

Oil News

Tucker Drilling Co. and Clyde Roscoe have started a 7,600-foot Ellenburger wildcat 13 miles northwest of Eldorado, and were drilling below 3,362 feet early this week. It is 318 miles west of the recent Canyon sand gas opener in the Velrex, Southwest field. Location is 1,320 feet from east lines of 25-TT-TCRR.

The Canyon sand gas discovery, John Q. McCabe of Midland No. 1 DeLong, was finalized May 5 for a calculated, absolute open flow of 1.9 million cubic feet of gas per day, with gas-liquid ratio of 51,000-1, through perforations between 6,577-85 feet.

Tucker Drilling Co., recently started operations on their No. 2 Grace O'Harrow and were drilling below 1750 after setting casing at 530 feet. Location is 660 feet from the south and east lines of 56-1-GH&SA.

John Q. McCabe of Midland will attempt to open upper-Strawn production in the Fort McKavett multipay field of Schleicher county with the re-entry and plugging back to 4,115 feet at the No. 2 J. F. Webster, former Strawn gas producer in the Camar field, 26 miles east of Eldorado.

The Velrex (Canyon sand) field of Schleicher county gained a 3/4-mile north-northwest extension with the completion of H. L. Huffman, Ltd., of Midland No. 1-B. R. Henderson, 15 miles northwest of Eldorado.

It was finalized for a calculated, absolute open flow of 1,725,000 cubic feet of gas per day, with gas-liquid ratio 18,900-1. Gravity of the liquid fraction was 52 degrees.

First Bale By Mika

James Mika, who farms what was formerly known as the Muncy Potter place, brought the first bale to Eldorado gin on Monday. He had 1960 pounds of seed cotton which made a bale of 465 pounds and 760 lbs. seed.

The first bale was ginned free by Mikeska Gin, and the Lions club on Wednesday awarded him the usual premium of a hat, to be selected from Ratliff's.

Mika brought in his second bale on Tuesday which was much heavier. According to gin employees Mika had 15 or 20 more bales open in his field. They also report that at least a half dozen farmers are already looking for pickers and the crop generally is looking good.

Labor again is going to be a problem. Farmers are reluctant to pay more than \$1.50 per hundred for picking and the question is if hands will be available at that price.

MRS. CROSBY'S SISTER DIES

Mrs. Seth (Ida) Stepp, 58, of El Paso, the sister of Mrs. Arch Crosby, died last Wednesday at 6:00 p.m. in El Paso. Mrs. Crosby was in El Paso and with her sister at the time. The funeral was held Friday afternoon, there, and Mrs. Crosby returned home Saturday.

Football Ads To Start Next Week

The traditional series of football booster ads will begin next week in the Eldorado Success. The pictorial ads will continue through the season.

Quite a bit of preliminary work has already been done by the Success crew. Last week, pictures were taken of the football boys and coaches; these are being engraved and will appear each week with starting line-up for the game.

The football booster ads serve several purposes. First, they give recognition to the players. Second, they advertise each week's game, giving the time, date, place and season's result. Third, through the sponsors of the ads, they demonstrate townwide support and backing of the Eldorado Eagles, and finally, fourth, the ads make possible the complete coverage in the Success of all the games.

The Success has already done the bulk of the selling for this ad series, and any Eagle booster overlooked should call this office at once at 21771. There may be few direct sales in getting on the series, but it creates good will which is vital to any business enterprise.

Now in his 6th year as head football coach, Earl Barnett continued this week to direct the twice-daily team workouts.

The Golden Cranes will come here the night of Friday, September 3rd, to meet the Eagles in the season's opening contest.

Carl M. Farrar of Senatobia, Mississippi, was here last week and attended the Diamond anniversary at Sonora.

Eagles Continue Workouts, Scrimmage Friday

The 1965 Eagle football squad will leave Eldorado tomorrow afternoon about 4:00 o'clock for Rocksprings and will take the field about 7:00 o'clock for a long and vigorous period of scrimmage with the usually potent Angoras.

Tomorrow's Rocksprings trip repays the visit the Angoras paid the Eagles last year.

This scrimmage will be a full speed, high-spirited head bumping but in all probability will not feature any kickoff situations. The Eagles will return immediately following the exercise.

Such scrimmage sessions before regular scheduled games are permitted by Interscholastic League rules although no admission may be charged, and teams scheduled for games the coming season cannot scrimmage each other.

Already Schleicher High grid-sters have named four lads to quadruple captainships for the ensuing season. They are Jimmy Belk, 180-pound guard; Sam Henderson, 155-pound back; Scott McGregor, 160-pound back; and 205-pound Joe Phillips, a tackle. All four boys are Seniors.

Coach Earl Barnett said Monday that in the first grueling week of practice considerable progress had been accomplished towards the week's objective. He said this first problem was to install rudiments of the 1965 offensive system and that this had been done. He continued that the current week would continue emphasis on offense but that the defensive tactics for the season would be set up.

Coach Barnett said that several lads were shaping up in such fashion that enemy excursions through the Eagle line would encounter stubborn resistance. Among these boys are Bobby DeLong, a 200-pounder at center and tackle, Captain Jim Belk and Steve Blaylock at guards, Danny Halbert at quarterback and Scott McGregor as a versatile back or quarterback.

Coach Barnett said that the development of ends was a prime consideration. He remarked that Gary Derrick, 180-pound sophomore candidate, had been cleared by medics for practice but that the Eagle coaching staff was exercising considerable caution in his training due to a blood pressure problem. Derrick is a 1964 letterman, a fine receiver, and a prodigious punter.

Coach Barnett continued that 36 boys had reported Monday, August 16, and that attrition had claimed three light and young boys. He said that several boys had not yet been able to report due to pressure of homework and jobs. Among these boys is Fullback Charles Nixon who has been able to engage in the evening session of practice only. Nixon is a 1964 letterman, an excellent punter, and a determined ball carrier.

Coach Barnett said that no squad member had suffered any injuries other than routine bumps and bruises.

In discussion of the full dress scrimmage on Eagle Field the night of August 21, Coach Barnett said that the exercise was very worthwhile although results may have appeared inconclusive. He said that this was due to the fact that the squad had been divided to equalize the strength; but that the coaches had been pleased with individual performances rather than the team play and that the scrimmage had given a satisfactory perspective of boys moving up to varsity stature for the first time.

Coach Barnett continued that the Rocksprings scrimmage tomorrow evening would give the 1965 Eagles a chance to operate as a team against opposition of unknown strength and field tactics than from what either squad could encounter in intra-squad practice.

He said that all Eagle candidates would make the trip and that all boys would have opportunity to participate unless Rocksprings would not have enough boys to continue such scrimmage over considerable period of time. He concluded that this would be the only such opportunity the Eagles could enjoy prior to meeting the Golden Cranes of Crane High School in Eldorado in the season's opener here the night of September 3rd.

Mrs. Laman Hazelwood is still sick, but better.

Here Are This Season's Football Team Captains

SCOTT MCGREGOR

JOE PHILLIPS

Austin.—As absentee voting gets under way for the September 7 election on the proposed constitutional amendment to increase the size of the Texas Senate from 31 to 39 members, battle lines are drawn.

State AFL-CIO is leading the opposition. It charges that the proposal is a "pig in a poke" offering no guides as to where the new districts will go.

"Committee for Fair Representation," made up primarily of trade and industrial association representatives, contends that Texans would get "proper representation without jeopardizing the interests of sparsely-settled areas" by adding eight new members to the Senate.

Lobby groups acknowledge they favor the plan because increased membership would cut down a senator's work load somewhat and make it easier to communicate with him.

The enlargement amendment, which triggered one of the 59th Legislature's most bruising battles, was intended to take some of the sting out of legislative redistricting by making it possible for most incumbent senators to keep their jobs.

Big city forces are divided, while most rural interests tend to favor a 39-member Senate.

Whether either campaign affects the expected light voter turnout remains to be seen. Most predictions are that the amendment will fail.

Crime News Study

First three members of the Legislature's 11-member "Interim Committee To Study News Media on Proceedings in Criminal and/or Civil Courts" have been named by Lt. Gov. Preston Smith.

They are Sens. Dorsey Harde-man of San Angelo, Culp Krueger of El Campo and Bruce Reagan of Corpus Christi. Yet to be named are three members from the House of Representatives, three from the news media and two from the State Bar of Texas.

Panel resulted from controversy over deletion of a provision from the new Code of Criminal Procedure which would have severely restricted pre-trial news coverage. New code takes effect January 1.

Study committee was authorized to take a sharp look at existing coverage.

A.G. Rules

In requested opinions, Atty. Gen. Waggoner Carr has held that: —Texas Western College cannot use money appropriated by Legislature for tuition scholarships to aid students living in Juarez, Mexico.

—Sections of a new act instituting jury wheel in Young, Titus and Kerr counties are unconstitutional "local and special laws."

—El Paso County commissioners have no authority to grant an easement across Ascarate Park for an underground gas pipeline.

—A city, after annexing an area including a county road, does not need permission of county to abandon and close such road or street.

Appointments

Gov. John Connally has announced his first appointments in a series of several needed to get newly-designed agencies in gear.

His choices for the Texas Commission for Indian Affairs are Dempse Henley of Liberty, W. R. Beaumier, publisher of the Lufkin Daily News, and Ed Easterling of Beaumont, former District Attorney of Jefferson county. As Mayor of Liberty, Henley worked with the Alabama-Coushatta Indians to help achieve their severance from the State Board of Hospitals and Special Schools and self-govern-

ment under guidance by the Commission.

James B. Swann of Houston has been named to head new Texas Industrial Commission office of export expansion.

Rep. Will Smith of Beaumont is interim chairman of a committee to plan office construction for House members.

Oil Allowable Held

Texas Railroad Commission set September oil allowable at 28% of potential, same as the previous month.

Allowable amounts to more than 2,800,000 barrels a day, 41,000 less than for August. Commission emphasized this level would prepare industry for demands of peak winter months.

On September 1, Commission will set up District 8-A, composed of 21 West Texas counties. They are Bailey, Lamb, Hale, Floyd, Motley, Cottle, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Yoakum, Terry, Lynn, Garza, Kent, Gaines, Dawson, Borden & Scurry.

Commissioners say the new district will promote efficiency in administering oil and gas conservation laws.

Screwworm Battle Intensified

Federal-state air invasion against the screwworm fly was stepped up during July with the release of 632,000,000 sterile flies over Texas, New Mexico, Arizona, California and 12 Mexican states.

Dr. S. B. Walker, director of the Texas Animal Health Commission, and Dr. John Wilbur, Veterinarian of the Animal Health Division of U. S. Department of Agriculture, report that 115,800,000 sterile flies were released over Texas where 63 confirmed cases of screwworm were reported. Special "hot spotting" was directed in Texas and northern Mexico river beds.

Largest number of confirmed cases in Texas—25—was in Zavala county. New Mexico confirmed 29 cases; Arizona, 94; California, 3; and Mexico, 800, where 438,600,000 sterile flies were released.

Brucellosis Program Moving

At the end of July, 182 of Texas' 254 counties were engaged in some phase of Brucellosis Eradication program, with 128 qualified for certification. So reports federal and state animal health authorities.

In Atascosa, Bosque, Brooks, Coryell, Duval, Erath, Falls, Hood, Milam, Parker, Potter, Somervell and Williamson counties, area testing was in progress. But some of the heaviest livestock population areas in the east of the state were among the 72 counties not yet in stride, they said.

Labor Day Traffic Toll Predicted

Department of Public Safety estimates 35 will die in traffic accidents in Texas during the three-day Labor Day holiday.

Violations of Texas traffic laws will be apparent in nine out of 10 of these accidents, says Col.

Homer Garrison Jr., DPS director.

As part of stepped-up efforts to curb the toll, DPS will add 150 men from other uniformed services to supplant its regular Highway Patrol force.

Interbasin Canal Funds Asked

Funds for more planning on the proposed 418-mile interbasin canal along the Texas Gulf Coast from the Sabine River to the Lower Rio Grande Valley are included in preliminary fiscal 1967 budget plans of U. S. Bureau of Reclamation.

Budget calls for planning of Sinton and Baffin Bay diversion works and study of Lower Rio Grande Valley irrigation costs.

Funds also are sought for study of proposed pumping of water from the canal up the Colorado River and pipelining to West Texas cities.

Short Snorts . . .

Texas Employment Commission reports that a breakdown of 60,328 farm placements made during July showed 41,894 workers placed in cotton farming activities; 10,333 in vegetable harvests; 1,448 in grain; 811 in fruit and nut trees; 487 in livestock work; 2,652 in general field crops; 1,225 in non-seasonal farm work; and 923 in dairy and poultry jobs.

The 1,600 teenagers who attended the third annual Attorney General's Youth Conference on Crime will distribute their findings on causes of juvenile crime and school drop-outs to youth and community organizations.

Texas Water Commission set October 25 for hearing on application of North Texas Municipal Water District, Wylie, to triple Lavon Reservoir conservation storage.

Federal water system loans totaling \$24 million have been granted 213 Texas communities and 213 more are seeking loans, according to Sen. John Tower.

Texas Hospital Association has received a U.S. grant to conduct research on planning of community health resources for disasters.

Monday saw the last meeting of Board for Texas State Hospitals and Special Schools, now replaced by new State Department of Mental Health.

Texas Railroad Commission hearings are set September 8 on request of National Bus Traffic Association, Inc., for a 10% hike in local and interline rates and charter services.

Land Commissioner Jerry Sadler has announced that 531,000 acres will be offered at the third oil and gas lease sale of 1965 on October 5 in the General Land Office.

None of the 8,000 braceros who will be admitted from Mexico to the U. S. between September 1 and October 1 will work in Texas, according to Texas Employment Commission.

The Kimble-Menard County singing convention will meet this Sunday, August 29, at the Hext Baptist church at 2:00 p.m.

Sgt. Yates Completes 20 Years In Air Force

Sherman, Texas—Master Sergeant Harold L. Yates, whose wife, Ozell, is the daughter of Mrs. C. C. McKinnerney of Richland Springs, Texas, has retired from the U. S. Air Force at Perrin AFB, Texas, after 20 years service.

Sergeant Yates served as a supply systems computer supervisor with the Air Defense Command unit at Perrin prior to his retirement.

The sergeant served in the Southwest Pacific during World War II.

A 1943 graduate of Eldorado (Tex.) High School, he attended San Angelo (Tex.) Junior College and during off-duty hours Sergeant Yates was a student at Austin College, Sherman, Texas.

His brother, Earl Yates, resides in Eldorado.

The sergeant and his family will reside at 2317 N. Ricketts, Sherman. He will be affiliated with Texas Instruments, Dallas.

Betty Humphries Is On Dean's List At Baylor

Waco.—236 students earned places on the Dean's Honor Lists at Baylor University for the spring semester.

The Dean's List is composed of 124 students have grade point averages between 3.6 and 3.79. The Dean's Distinguished List has 112 students with averages from 3.8 to 4.0.

A perfect grade point average at Baylor is 4.0.

The list of honorees includes Betty Ray Humphries, a junior, who is the daughter of Mr. and Mrs. Curtis T. Humphries of Eldorado.

Senator Tower's REPORT TO WEEKLY PAPERS

An amazing and reprehensible situation has come to light in our state in recent weeks, and all Texans must be advised about it so that all of us can help combat it.

Racketeers posing as representatives of the Social Security Administration have defrauded several elderly Americans by pretending to sign them up for Medicare coverage. At least two of these frauds were in our state.

Two elderly Texas ladies have been cheated by swindlers pretending to sell them Medicare insurance. One lady lost \$100 to the con-man.

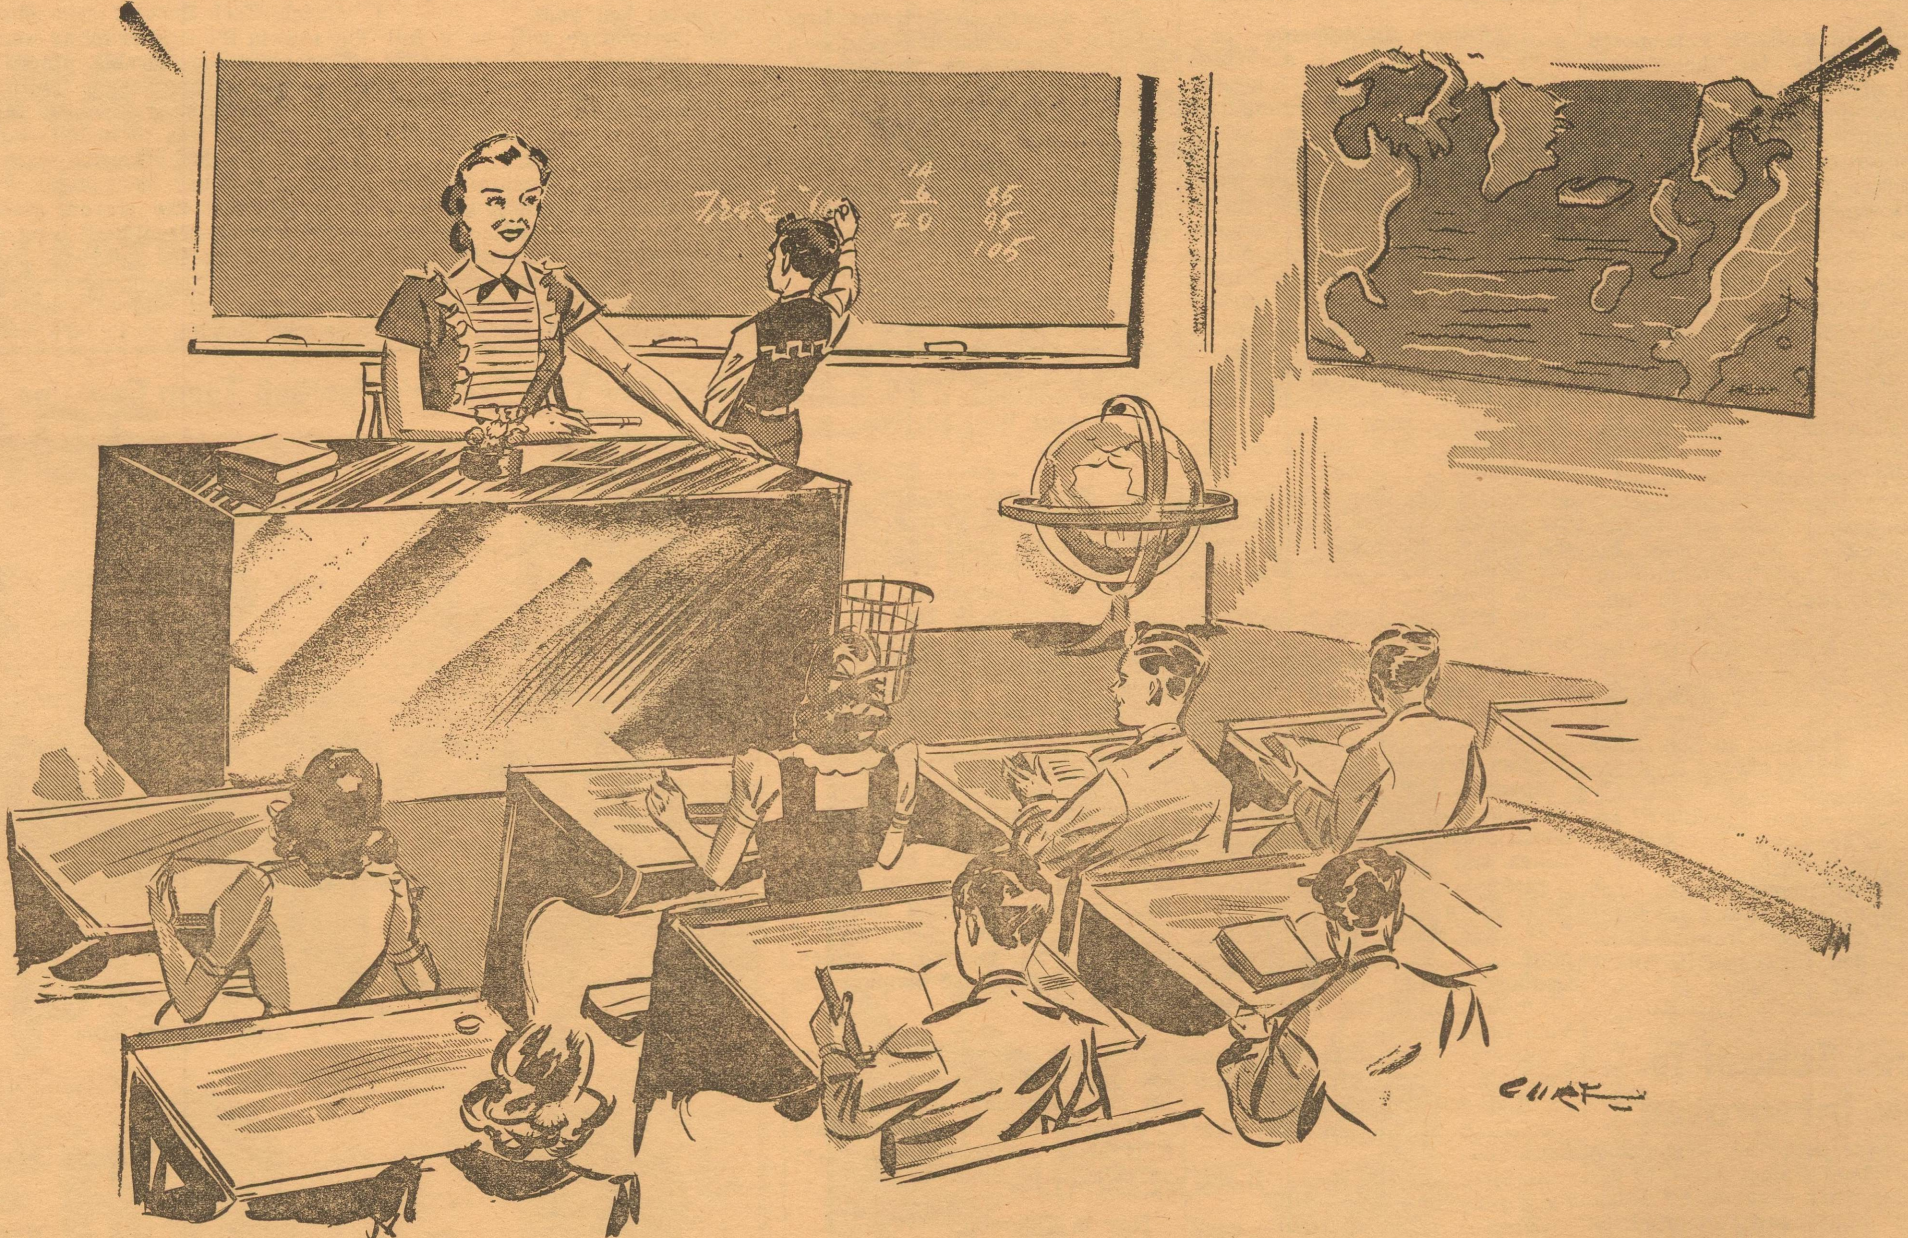

Of course, Medicare coverage is NOT for sale, and neither is any other portion of Social Security coverage.

Here is how the racket has been working:

Advertisement for Eagle Chevrolet-Olds. Includes illustration of a family and text: 'As the New School Year gets under way, we greet all faculty members and students and look forward to serving your automotive needs throughout the coming year. EAGLE CHEVROLET-OLDS John Hodges and Paul Page'

Advertisement for Eldorado Hardware Co. Includes illustration of two children and text: 'We Are Glad It Is School Time Again. Our school is a good one, and we are proud of it, and want to co-operate in every way to make it better. We extend our warmest welcome to all faculty members and students as the school year begins. ELDORADO HARDWARE CO. Phone 23351'

The crook shows up at the home of an elderly person and introduces himself as a Social Security field agent. He says he is there to explain the new Medicare program. After giving the intended victim some authentic information about the law and showing him some intended brochures, which anyone can get at a Social Security office, the fast-talking crook says he will be glad to take care of the "enrollment paperwork." He then says that a special discount on Medicare insurance "premiums" can be had by paying in advance to him right then. If he succeeds in getting any money, he simply pockets it and disappears quickly. This is an unspeakably vicious racket. All Texans must join in foiling these swindlers. No bona fide Social Security worker ever will try to collect cash for Medicare enrollment. No Texan should make any cash payment to anybody who claims to be "selling" Medicare. If you see or hear of one of these crooks, call your police or sheriff's office and, if possible, the nearest FBI office. Posing as a Social Security official is a Federal crime punishable by up to three years in jail.

WELCOME TEACHERS— Back to the desk and round-the-clock responsibilities that go with your chosen work, so important to every one of us. To those who have come for their first year among us . . . Our Welcome. To those who have been here through years past . . . Our Appreciation. To those who have served and have gone to other fields . . . Our Best Wishes in your new responsibilities.

Home Demonstration Agent's Column
 By MRS. VIDA KREKLOW

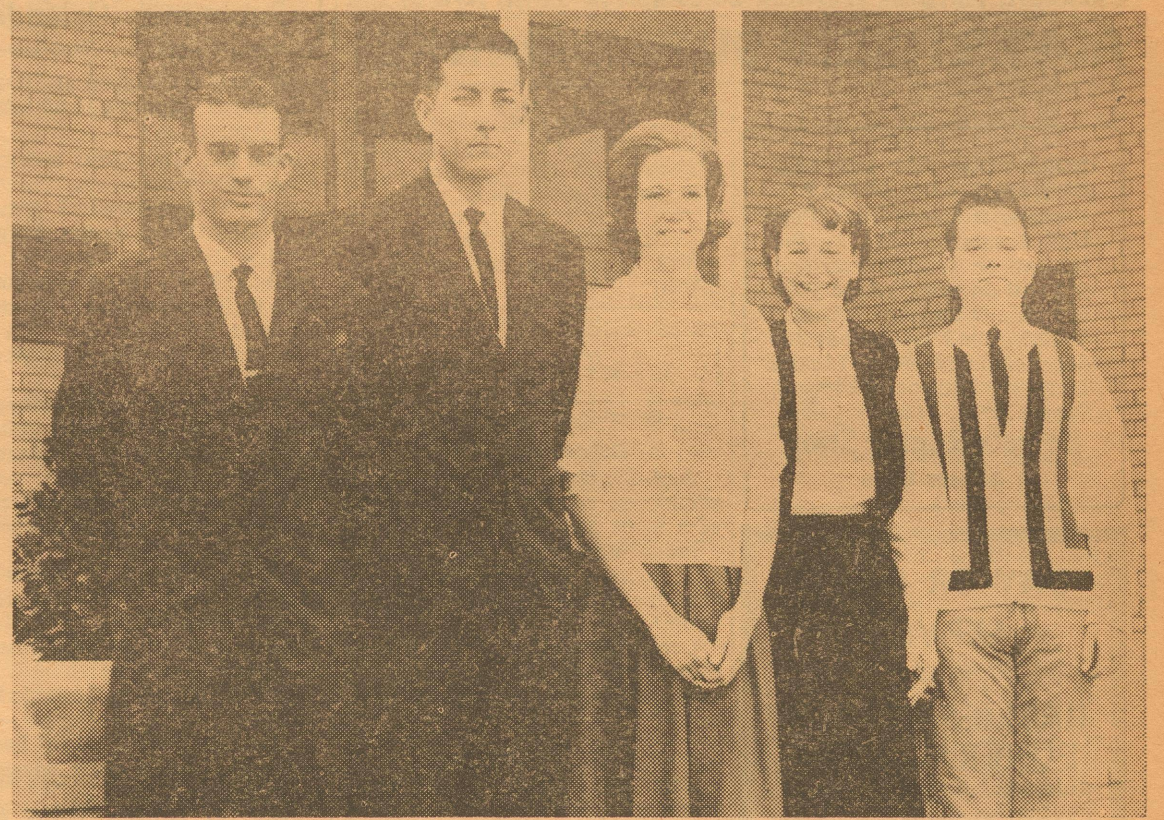

Several people commented on a letter from Wayne Sharp, Tom Green county's 4-H club boy who spent some time recently as an exchange student in South America.

Another 4-H boy from the plains of Texas is now in the area of Bonn, West Germany, as an International Farm Youth Exchange student.

Rudolph Baumgardner's recent letter is reproduced below. I think you will be interested, very likely surprised and maybe a little startled in this report from West Germany just about 20 years after World War II.

Our WASHINGTON Letter
 By Congressman O. C. FISHER

Shock waves from the Los Angeles riot created quite a tremor in Washington. The bloody outbreak was particularly embarrassing to Civil Rights advocates who had insisted that the extreme measure which Congress enacted last year was necessary in order to prevent riots, demonstrations, and other racial strife.

Yet, in only one year following the enactment of the Civil Rights Act of 1964 there have been more riots, demonstrations, civil disobedience, & racially-inspired bloodshed, than in any 10-year period in American history.

Criminologists are now saying that there appears to be a definite relationship between these racial upheavals and the legislation Congress enacted. It is reasoned that agitation and demonstrations beget political reaction and the enactment of laws, often extreme because of the hysteria, and many Negroes are led to believe they can disobey the law with impunity. Hence, the civil disobedience, riots and other criminal actions.

Politicians are at least in part responsible for this course of events because during debates and in other public speeches they have falsely assured Negroes they have been in "bondage" for a hundred years. They have implied that the Negroes would have been justified in taking the law into their own hands and shaking off the so-called yoke.

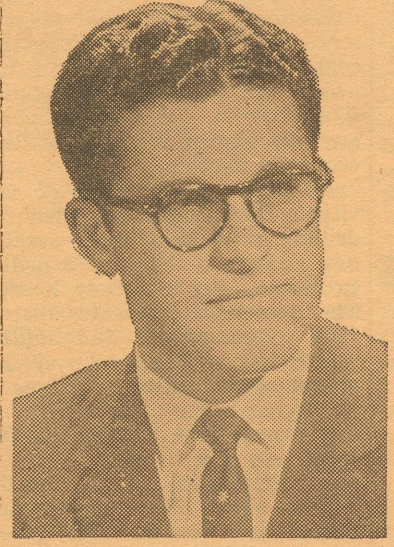

This, it is said, has misled many Negroes into believing that they are victims of universal discrimination and can make progress only by yielding to the pleas of the agitators by engaging in riots, demonstrations and other forms of disobedience.

Many law-abiding Negroes dislike what happened. But when the mob-spirit is at work, reason and moderation are of no avail.

While it may be a coincidence, there are some who believe there is a relationship between the upsurge in crime in the big cities where there are many Negroes, and civil rights agitation, demonstrations, and the enactments of Congress. Here in the District of Columbia about 90% of the crime

is committed by Negroes. And there has been noticeable increase during the past two years. It would seem to be a good time to quit fooling the American Negroes into thinking they can get something for nothing if they will only favor those who promise the most.

Revival Continuing At First Baptist Church

GEORGE M. SLAYTON
 Evangelist

A week-long Revival is under way at the First Baptist church, and services are being held each week-day at 10:00 a.m. and 7:30 p.m.

The Revival will close with the service this Sunday night. Evangelist is George M. Slayton, pastor of the Coggin Avenue Baptist church in Brownwood, and Ivan W. Baugh is in charge of music.

The local church pastor, the Rev. Kenneth Vaughan, and church members state that all are welcome at the remaining Revival services.

42 Seized For Early Game Take

Austin.—Jumping the gun on the coming harvest season got 42 persons in trouble on game law violations during the month covered by the new Texas Parks and Wildlife Department arrest report.

Premature contact with the big game herds was noted in eight cases linked to killing deer in closed season, according to J. B. Phillips, law enforcement coordinator.

Others involved illegal shooting of pheasants, dove, turkey and squirrel.

Phillips said game wardens are beefing up nighttime patrols in the big game country.

Dear Friends:

Time is certainly flying by—my visit with my second host family as an IFYE in West Germany is almost over, but it seems like almost yesterday that I arrived here. These past four weeks I have been in the west central part of Germany in the state of North-rhine—Westfalia near Soest. Soest lies just to the east of the Ruhr—the great industrial region which includes the cities of Cologne, Dusseldorf, Dortmund, and Essen. There are 16 million people living in this state which has an area of only 13,000 square miles (1,200 people per square mile). The area around Soest is well suited for agriculture with fertile loam soil of loess origin, fairly level land, and adequate rainfall. In general, the farms are fairly large by German standards and appear to be very prosperous.

The farm which I am now visiting has 75 acres of crop land, and the main crops are wheat, rye, barley, rape (an oilseed crop), and sugar beets. The yields are very good—the average wheat yield, for example: is about 70 bushels per acre. The farmstead itself is located in a small village of about 600 people. The buildings are large, well constructed (mostly of red brick), relatively old, but in good repair.

The house is 200 years old, but is well-furnished and modern inside. There is a large kitchen with an electric stove, dishwasher, refrigerator, and a large amount of cabinet space and work area. Adjoining is a large pantry where the deepfreeze is located and a washroom which contains the washing machine and dryer. The living room is richly furnished in oak, but this is balanced by the brighter color in the rug and by the many flowers and potted plants in the large picture window. The large entrance hall contains deer trophies and bear tusks on the wall (hunting is a very popular activity here), two large oak chests with the dates 1725 and 1729 inlaid together with the family's initials, and a large grandfather clock which is also very old, but still keeps good time. There is also a large dining room (the television set is located at one end), five large bedrooms upstairs, an office, a sewing room, a work-clothes room, a bathroom (there is a sink in each of the bedrooms), and a full basement. A very luxuriant garden lies on two sides of the house. There are many flowers and fruit trees and a very well-kept vegetable garden.

Two large red brick barns and a machinery shed lie on the other side of the house. One of the barns contains a swine feeding operation for about 125 head. There is a simple but well-planned feed mixing setup. The feed is weighed and fed by hand, but this requires only about 15 minutes or so per feeding. The ration includes barley, rye, corn, tapioca meal, wheat meal and bran, soybean meal, and fish meal: There are three different rations for the feeding period. The hogs are weighed every four weeks, and good records are kept of the feed conversion. For this operation the feed conversion ratio ranges between 3.0 and 3.5:1, though 3.2:1 is about average. The pigs are purchased at a weight of about 30-35 pounds at a cost of about \$15 per head. They are marketed at a weight of about 220 pounds. The current slaughter hog price is about 30c per pound; however, because of the high feed grain price (approximately \$5.00/cwt.), the feeder is not making any tremendous profit. They estimate on this farm that they are netting about \$7-10 per head. In regard to the breed, it is the German improved Landrace. Approximately 90% of the swine in West Germany are of this breed.

In the other barn are kept the two tractors, combine (7 ft. pull type), and the sugar beet harvester. There are also large storage bins with a drying system for the grain. In addition there is stall area for about 20 head of feeder cattle for the winter months. In the summer these cattle are grazed on the 10 acres of pasture adjoining the farmstead: and in winter they are fed sugar beet top silage, feet pulp, and a small amount of soybean meal. They receive no grain during the feeding period. Since Germany has no beef cattle breed as such, the existing breeds

are used as dual purpose breeds. The Holstein is the most important. The cattle on this farm are Holsteins; they are purchased from a dairy operation when they are about six months old and are kept until they weigh 1100-1300 pounds. They are usually between 18 and 30 months of age when slaughtered. The current price is about 35c per pound.

My host family includes the older parents who are about 60 years old, their son and his wife who are about 35, and a little boy one year old. The son rents the farm from his father, though the father and mother still do quite a bit of work. Everyone does work hard—we have spent much time thinning sugar beets while I have been here. My host mother and her mother-in-law have a good-sized job keeping the house clean and the garden worked and the meals cooked and the clothes clean, just like in America. But they do not work all of the time. My host father belongs to a kegal club (kegal is similar to bowling) which meets once a week. He also belongs to a shooting club. This past week end they put on their yearly festival here in the village. There was a lot of fellowship, merriment

and celebration—and in the course about 600 gallons of beer were put away.

I find the living standard here very good. Though this is a relatively prosperous community, I do not think this family is too far from the average. As far as the farming operation and the swine and cattle feeding are concerned, I believe it is very representative of the German agriculture. The crop land is intensively used, a large share for small grains. Most of this grain is then fed and sold through hogs. The poorer land is used for pasture, with the most intensive operations utilizing it for milk production and the less intensive for beef production.

My next host family is in the northern part of Germany near Denmark in the state of Schleswig-Holstein. I am looking forward to spending the next four weeks there.

I hope it's not too hot back in Texas. It has been cool and rainy here this past month.

Sincerely,
 Rudolph Baumgardner

Mrs. Steele Receives Master's Degree Tuesday

Mrs. Susan Steele, who is to begin her fifth year this September as teacher in the Eldorado schools, received her Master's Degree in Education from East Texas University at Commerce, in exercises held Tuesday evening.

She graduated from Baylor University at Waco in 1961 with a B. A. in elementary education. She was due back in Eldorado Wednesday of this week.

Mr. and Mrs. Vernon Rogers and Mrs. T. B. Embry of Waco visited relatives and friends in New Mexico last week. They returned home Wednesday and picked up Pat and Donald and continued on their vacation Thursday to Waco and Dallas where Pat attended the Texas Student Education Association Leadership Planning Conference.

Mr. and Mrs. Wm. Sauer and Paul, Louise, John, and Mary of Van Horn spent the week end here visiting Mrs. Otto Sauer, Fred Gunstead, and other local relatives. They left at noon Monday to return to Van Horn.

Don't Drop out of School!

If you drop out your education and job opportunities will drop out too!

Today, more than ever before, a high school diploma is vital if a young man or woman wants a career. In fact, it's difficult to obtain any job without completing high school. When a job is available to the non-graduate, it is often one that stops where it starts. . . There is little chance for advancement. Look beyond the promise of an immediate salary—look to the future and don't drop out of School!

In Those Days Compiled From Success Files ONE YEAR AGO Aug. 27, 1964—J. Forrest Runge, prominent county ranchman, died of a heart attack at the age of 71. Mike McCravey, Bob Halbert, and Richard Preston were named captains of the '64 Eagles football team.

FIVE YEARS AGO Aug. 25, 1960—School board members pictured were Henry Speck, C. O. Dewey, Jimmy Martin, Bill Lester, Henry Moore, Joe M. Christian, Dr. Jack Mowrey, and Leslie Baker.

12 YEARS AGO Aug. 27, 1953—Harlan McAlpine was in the Navy and was being assigned to duty near Japan. Mrs. B. F. Jones, 77, died. Jerry Starkey, field Scout executive, was here helping line up the Cub Scouts for their new year.

35 YEARS AGO Aug. 29, 1930—E. C. Hill, president of the Lions club, was accompanied to the quarterly district meeting in Sonora by eight other local Lions club members: R. D. Holt, L. D. Hardt, Joab Campbell, L. M. Hoover, Clarence Knight, F. M. Bradley, John Rae, and W. N. Ramsay.

Summons as petit jurors for the September term of court: V. K. Brooks, S. L. Wright, Ford Oglesby, Marvin McDonald, C. B. Reagan, W. A. Spencer, C. A. Graves, Bernie Currie, Edgar Spencer, Silas Burk, Jeff Enoch, W. E. Bruton, Sam McGinnes, J. S. May, Henry Speck, C. W. Galbreath, O. W. Wade, E. T. Davis, George Woods, Dick Bearce, Earl Cathey, Jack Halbert, T. H. Alexander, S. F. Shoemaker, Otto Williams, W. E. Baker, A. W. Gay, W. C. Doyle, J. M. Holmes, Luther Gunter, Jess Koy, J. M. Logan, Henry Wilson, W. J. Burrus, J. F. Faught and Will McAngus.

Summoned for grand jury: W. O. Alexander, T. K. Jones, Sam Oglesby, W. M. Davis, Ed Finnigan, Tom Johnson, Fred O. Green, W. T. Whitten, Albert Thigpen, W. N. Ramsay, T. G. Springstun, H. T. Bird, S. L. Stanford, Robert Milligan, Sam Lloyd, and H. R. Asimmore.

Mayor Fred O. Green reported that 100 Sanitary Pit Toilets had arrived here for installation in the Eldorado business district. Interstate Water and Power Company was erecting a new water tower here and it was nearing completion. The 50,000-gallon tank was expected to provide more water pressure and satisfactory service. Mr. Johnson was manger.

Over 700 votes were cast in the Democratic Primary. O. E. Conner was winner over Jess L. Thompson in the sheriff's race. Ross Sterling won over Ma Ferguson 413 to 255 in the Governor's race. Sterling also won on the state level.

Schleicher Is 91st In Texas Oil And Gas

Schleicher County's producers and royalty owners are marketing some \$9.8 million in crude oil and natural gas a year, according to statistics released by Texas Mid-Continent Oil & Gas Association this week.

Ranking 91st among Texas' oil and gas producing counties, Schleicher County in 1963 received some \$8.2 million from wellhead sales of oil and an estimated \$1.6 million from natural gas. County production of oil was approximately 2.7 million barrels; natural gas, 13.2 billion cubic feet.

Farmers, ranchers and other mineral owners share in a \$1.2 million distribution of oil and gas royalty payments annually. The Association based its annual study of this county's oil and gas output on statistics compiled by the U. S. Bureau of Mines for 1963. Production data for 1964 would be approximately the same.

Statewide, Texas oil and gas wells produced an estimated \$3.6 billion in income: \$2.9 billion from oil, \$730 million from gas. Data from the Texas Employment Commission indicate direct employment in oil and gas industry jobs for more than 155 Schleicher county citizens with a payroll of approximately \$1 million a year. Because oil operations require such a large number of service contractors and supply firms, which are not included in this figure, direct employment figures are only part of the story of local economic impact.

An important indicator of activity is the amount expended on drilling of wildcat wells seeking new fields and those wells drilled to develop fields already located. The Association estimates that in 1964 approximately \$3.7 million was risked by Texas oil and gas operators on drilling ventures in Schleicher county. About 56.3% of this expenditure, or \$2.1 million, went into dry holes.

A tabulation by the Oil and Gas Journal shows 48 wells were drilled in the county in 1964: 15 oil, 6 gas, and 27 dry holes. A total of 277,000 feet of hole were drilled—101,000 for development wells and 176,000 for wildcats. In addition to local school and county property taxes by oil and gas operators, taxes on production from Schleicher county flowed into the State Treasury at the rate of about \$491,000 a year.

An upgrading of the county's gross economic output is contributed by the operation of 2 plants which can process some 55.5 million cubic feet of natural gas a day to remove liquids such as butane and propane.

Mr. and Mrs. George Long left Tuesday on a two-weeks vacation trip through the mountain region of New Mexico and Colorado.

Mr. and Mrs. John Kerr and son Jimmy of Abilene visited Mrs. Mabel Griffin recently.

Miss Linda Nixon Becomes Bride Of Velton Taylor In Church Ceremony

MRS. VELTON JOHNSON TAYLOR

Miss Linda Sue Nixon, became the bride of Velton Johnson Taylor Saturday in the First Christian Church. Rev. Lloyd Thompson, pastor of Lake View Christian Church in San Angelo, officiated. Miss Kaye Harkey was organist. Parents of the couple are Mr. and Mrs. Robert Andrew Nixon and Mr. and Mrs. Clovis Taylor.

The bride was given in marriage by her father. She wore a full-length gown of peau de soie, designed with a fitted bodice with a square neckline and finger-tip length sleeves.

Lace covered the bodice of the dress which also was adorned with seed pearls. The pleated skirt was accented with a lace panel down the front. The back of the skirt had a deep pointed waist-line accented by a huge rose made of the matching peau de soie.

A waist length veil of illusion was attached to a tiara of seed pearls and crystals. The bridal bouquet was yellow rose buds surrounded by cluster of white stephanotis on a white Bible.

Matron of honor was a sister of the bride, Mrs. Richard S. Runge. Bridesmaid was another sister, Mrs. Dick Sauers from Fort Worth. Their dresses were white taffeta and white organza. Their bouquets were yellow miniature shag mums.

The Junior bridesmaids were Marihelen Bittle from Hobbs, New Mexico, a cousin of the bride; and Deborah Kellogg from Rankin, a niece of the groom. Their dresses were the same as the matron of honor.

Roy Lynn Taylor served as his brother's best man. Phillip Walker was groomsmen. Ushers included Don Charles Taylor, Chris McCra-vey, Gary Lynn Wood of Hamil-

ton and Howard Haynes of San Angelo.

A reception followed the ceremony on the lawn at the home of Mr. and Mrs. Delbert Taylor.

Mr. and Mrs. Clovis Taylor, parents of the bridegroom, were hosts for the rehearsal dinner in the Neff Cafe Friday evening.

Other pre-nuptial parties included a shower given by the bride's grandmother, Mrs. N. J. Yearout, in her home at Hobbs, N. Mex.

A gift tea was given July 31 in the home of Mrs. Roy Phelps, and co-hostesses.

Aug. 19, Mrs. B. F. Harkey and Mrs. Oliver Teele honored the bride with a buffet dinner at 6:00 in the Harkey home. The girls made the rice bags for the wedding.

The reception house party included Mrs. D. L. Nicholson of Hobbs, N.M., Miss Doris Hinton of Midland, Mrs. Patsy Kellogg of Rankin, Mrs. Ralph Jackman of Austin; Mrs. Luther Wood of Hamilton; Mrs. Leon Russell of Ballinger.

The yellow rice bags were passed out by the Junior bridesmaids. The couple left on a wedding trip to Lake Lyndon B. Johnson. They will be living at 1220 S. Davis in San Angelo.

The bride, a graduate of Eldorado High School, attended North Texas State University for two years. She was a member of the Association for Childhood Education, Women's Forum and Esteleros, a riding club.

Her husband, also an EHS graduate, has attended San Angelo College where he was a member of the Rodeo Club and Concho Aggies. Both plan to attend San Angelo State College in the fall.

Candlelight Ceremony Friday Unites Miss Deanne Hext, and Mr. Walker

MRS. HERMAN CLIFFORD WALKER, JR.

In a candle-light ceremony at the First Baptist church of Eldorado, Miss Deanne Hext became the bride of Herman Clifford Walker, Jr., last Friday evening.

Rev. Kenneth Vaughan, pastor of the church officiated. Mrs. Roy Phelps accompanied Miss Gailyn Seljas of Denver City as she sang O Promise Me, Wherever Thou Goest, and The Wedding Prayer. The altar was before an arch of

Plumosa fern accented with white doves and a candelabra of seven candles set in crystal cups and flanked by two baskets of glad-oli connected with smilax roping. Tall candelabra holding a candle in a cup on each pew of the center aisle lighted the church.

The bride wore a formal princess type gown of peau de soie with appliques of re-embroidered Alencon lace. Motifs of the lace were

Mr. and Mrs. Jack Whiteley and Mr. and Mrs. C. V. Carroll of Brady visited Sunday with Mr. and Mrs. J. C. Whiteley and Mr. and Mrs. Laman and Vernon Hazelwood.

Mr. and Mrs. Lowell Wilks and baby son have been visiting here with Victor Sauer, Mrs. Otto Sauer, and other relatives. Mrs. Wilks is the former Kathy Sauer, and the family live in Anchorage, Alaska, where he is in service. They expect to leave about Saturday to return to Alaska.

Mr. and Mrs. Hollis McCormick and Buz and Phil took the week end off and drove to Ruidosa, New Mexico, for a final fling before the college school term starts in September. They left out Friday evening and returned home in the early hours of Monday.

Mary Hoover of Dallas visited from Wednesday through Sunday here with her mother, Mrs. L. M. Hoover, and her aunt, Miss John Alexander.

Mr. and Mrs. Rusty Gibson left Tuesday for Canyon, Texas, where their daughter, Eldra, has been attending college and playing a role in the summer pageant. Eldra will return home for a brief vacation before resuming her college work in the regular term.

repeated on the skirt which extended from back pleats into a chapel train. Her elbow length veil was held in place by a tiara of seed pearls. She wore a diamond pendant which was a gift from the groom and carried a white orchid on a Bible which was a gift from her mother.

Miss Jane Sanders was maid of honor. Miss Alice Dyer, Miss Joan Griffin and Miss Terry Phelps were bridesmaids. They wore identical princess-type dresses with empire waistlines of azalea pink peau de soie and matching pill-box hats and pink shoes. They carried colonial bouquets of pink glamellias.

Phillip Walker served his brother as best man. Groomsmen were Jerry Thomerson, McK. Hartgrove of Lubbock, and Johnny Griffin. Morris Hext of Albuquerque, brother of the bride, and Charles Allcorn of Talpa, were ushers. John and Ricky Hext, cousins of the bride, of Fredericksburg, were candlelighters.

The reception was held in the garden of the home of Mr. and Mrs. Jack Hext. Miss Janna Walker, sister of the groom, registered the guests. Others in the house party were the hostess, Mrs. Hext; Mrs. Roy Phelps, Mrs. Ernest Finigan, Mrs. Ben Hext, Mrs. Clarence Geistmann of San Angelo, Mrs. J. D. Hext of Fredericksburg, Mrs. Jerrill Sanders, Mrs. Archie Mittel, Mrs. McK. Hartgrove of Lubbock, Mrs. M. D. Hext of Albuquerque, N.M.; Miss Paula Mace, Miss Mickey Phelps and Mark, Michelle and Renee Rousellot of Sonora who distributed the rice bags.

The serving table was all-white centered with an arrangement of white carnations and wedding bells intertwined with lily of the valley. The cake was separate, graduated tiers decorated with sugared bells and hearts circled with tiny pearls and flanked by orange blossoms on a white net base. Mrs. McK. Hartgrove served the cake and Mrs. M. D. Hext poured punch.

Mrs. Walker, the daughter of Mr. and Mrs. Granvil Hext, is a Sophomore at Texas Technological College where she is a member of the Rodeo Association. She graduated from Eldorado High School where she was a cheer leader, area FFA sweetheart, a member of the National Honor Society, and Eldorado's nominee to the district Lions contest in 1963 and '64.

The bridegroom, the son of Mr. and Mrs. Herman Clifford Walker, Sr., also graduated from Eldorado High school. He is a Junior at Texas Tech and also belongs to the Rodeo Association. In high school, was a student council officer, class favorite, and member of FFA.

The couple left on a wedding trip to New Mexico. The bride's going-away suit was of peacock-blue knit wool and she wore winter beige accessories. Her corsage was the orchid from her bride's bouquet.

Out of town guests here for the wedding included: Mr. and Mrs. Kenneth Abraham, Lubbock; Mr. and Mrs. Wm. Brown, Santa Anna; Mr. and Mrs. Arnold Allcorn and Benny, Talpa; Mr. and Mrs. C. L. Geistmann and Teey, San Angelo; Mr. and Mrs. Ed Mayer, San Angelo; Mrs. Shelly Lowe, Sonora; Miss Karon Kemble, Cameron; Dr. and Mrs. Glenn Walker and David, Houston; Mrs. C. W. Arthur, of Blythe, Calif.; Mrs. Eugene Cochran, San Angelo; Mr. and Mrs. Lowell Wilson, San Angelo; Mr. and Mrs. Pat Thompson, Shallowater; M. M. Schafer and Mrs. H. Gordanier, Brady; Dr. and Mrs. Marcus Young, San Angelo; Mr. and Mrs. Reuben Bohnert and Sharon, Abilene; Mr. R. O. Walker, Midland; Mrs. Hayden Wilmoth, Crane; Mr. and Mrs. Geo. Walker, Midland; Rebecca Archer, San Angelo; Mrs. Edwin S. Mayer, San Angelo; Mr. and Mrs. Ralph May-son; Sonora; Mr. and Mrs. Lewin Plunkett, San Antonio; Mrs. Wm. C. Chamberlain, San Antonio; To-

Tom Ratliff Resigns As Democratic Chairman

At a recent meeting of the Schleicher County Democratic Executive Committee, Tom Ratliff tendered his resignation as county chairman, a position he had held since the death of Edwin Jackson.

The committee named Dick Preston new chairman to fill out Mr. Ratliff's unexpired term. Preston has been Precinct 1 committeeman and this week no successor had yet been named for that position.

Mrs. Josephine Woodward moved out of Precinct 2A a while back, automatically vacating her precinct committeeman job there. The committee named Gerald Hartgraves to fill out her unexpired term.

The committee also approved refunding part of the fees assessed candidates in the 1964 Democratic Primaries. Checks have been mailed to candidates, with amounts on a pro-rated basis.

SWIMMING POOL TO CLOSE

This Sunday will be the final scheduled day for the county swimming pool to be open, announce Fred and Flora Riley, who have been managers for the summer season now drawing to a close. Pool hours are 2:00 to 6:00 p.m.

About 35 Bicycles Were Inspected Wednesday

The Bicycle Inspection Day was staged Wednesday of this week, and about 35 youngsters brought their bicycles in for inspection, had reflective tape and stickers mounted on them, and stayed for a showing of a safety film and lecture by a highway patrolman.

Alan Hall and Cynthia Ralbourne were judged to have the best-kept boy's and girl's bicycle respectively.

Ray Boyer, president of the Lions club, was assisted in staging the event by Roy Phelps, A. G. McCormack, Fred Watson, and one or two other adults.

Door prizes were won by Randy Black, Joey Jones, Sue Ann Morris, Johnny Griffith, Shirley Faye, and Ricky Bishop.

Others having bicycles inspected were: Karl McCormack, Timmy Farris, Ricky Griffin, Bob Rowe, Roy Jones, Jean Rountree, Eva Stigler (door prize), Gail Robinson, June Holley, Elizabeth Niblett, Delia Guerrero, James Holley, Jay Holley, Danny Boyer, Mary Helen King, Carolyn King, Ray Lozano, Johnny Orta, Salvador Garza, Richard Maya, Reuben Adame, Mario Gauno, David Blakeway, Frank Lozano, and Oscar Martinez.

Texas has averaged 14 tornadoes a year since 1916.

Has Cartoon Published

Max D. Wilkins, Sinclair Gas plant employee, was awarded a check for a cartoon illustration published in the August 23 issue of the Oil and Gas Journal.

The Lone Star Steel Co. sponsors a monthly contest for comic illustrations to advertise their products. Mr. Wilkins' winning cartoon for this month depicts an oil field worker in a little boy's coaster wagon with an oil derrick in the background. In the foreground another helmeted worker, Ranch-nick Joe thinks, "Needs a Push-er." The advertisement is emphasizing oil field pipe to carry oil from the wells to the refineries.

James David Griffin and his sister, Lawanda Griffin, children of D. D. Griffin of Hooks, have returned home after visiting their grandmother, Mrs. Mabel Griffin for a month.

Mrs. Vertis Murray and a friend, Mrs. Hattie Cullman of Corpus Christi, visited Mrs. Murray's brother-in-law and sister, Mr. and Mrs. W. A. Van Dusen, from Saturday until Tuesday.

Mrs. Allan Kuykendall and daughter, Miss Louise Kuykendall, were on vacation last week. They visited in Fort Worth and Dallas and with their son and brother, David Kuykendall, in Dallas.

BRUSHY TOP

Mr. and Mrs. Glynn Edmondson

News Of The Sick

Mrs. Happy Kerr underwent surgery at the Clinic-Hospital in San Angelo last Friday. She is expected home the last of the week.

Miss Tom Pearl Smith is ill in the Clinic-Hospital in San Angelo.

Mrs. Vernal Sudduth underwent surgery at the Clinic-Hospital last Friday after being injured in a car wreck with her husband and Mrs. Fred Logan recently.

Mrs. J. H. Mace suffered a foot injury during a fall on the steps of her home a few days ago.

ENTERTAINS "42" CLUB

Mrs. Henry Speck Sr. was hostess for the "42" club when they met in the dining room at the West Texas Cafe recently. Mrs. Lige Chrestman and Mrs. Roy Andrews were guests.

Pie and coffee were served.

Bride Honored

Mrs. Carroll Ratliff entertained members of her Sunday school class with lawn party at her home honoring Deanne Hext, bride-elect of Herman Walker Jr., one night last week. Miss Christie Moore brought the devotional and each girl gave a toast for the bride.

Mrs. Ratliff served peace ice cream and cake to the honoree and class members, Misses Marilyn Wilson, Frankie Blaylock, Christie Moore, Karen Griffin, Joan Griffin, Mickey Phelps, Paula Mace, Jain Cain and Jane Sanders; the bride's parents, Mr. and Mrs. Granvil Hext, and Miss Betty Humphries.

The bride was presented with a kitchen gift.

Sonora Sale Successful

Good quality livestock brought high prices, commented Sears Sennell of Sonora Livestock Exchange regarding the Jubilee Sale of August 19th which featured kid goats.

He added that sale was one of the biggest the exchange had had with 4,670 head going through the auction ring.

Prices on livestock included the following: Packer goats were off about 1c and sold for \$4.50 to \$5 cwt. Yearlings were in short supply and went \$6 to \$6.50 a head. Nanny goats were \$3 to \$6 a head. Billy kids sold \$4 to \$7.50 a head. Light lambs 20c to 22c lb. Heavy lambs about 21c. Old ewes \$6 to \$8.50 cwt., steer calves 20c to 24c, and heifer calves 19c to 22c lb.

Mr. and Mrs. Lewin Plunkett of San Antonio, spent last week end in Eldorado visiting her parents, Mayor and Mrs. Eldon Calk and brothers, Mark and Buddy.

Shirley Ann Newby's Engagement To Sp5 James L. Swain Is Revealed

MISS SHIRLEY ANN NEWBY

Mr. and Mrs. Harold Newby of Geronimo, Oklahoma, announce the engagement of their daughter, Shirley Ann, to Sp5 James L. Swain, son of Mr. and Mrs. J. B. Swain of Eldorado, Texas.

The bride-elect is a 1960 graduate of Geronimo High School and is presently employed as bookkeeper at Walters National Bank. Her fiancé, a 1957 graduate of Eldorado High School, is now stationed at Fort Sill. He also is serving as pastor of the Valley View Baptist church six miles east of Walters, Oklahoma.

Melody Davidson Is 10

Mr. and Mrs. W. R. Davidson honored their daughter, Melody, on her 10th birthday with a slumber party last Thursday at her home. The little girls had a supper of tuna and cheese sandwiches, potato chips, punch, decorated birthday

cake and ice cream. They then attended the movie. Mrs. Davidson took the little girls home the next morning after breakfast. Favors were birthstone charm bracelets. Attending were Becky Cheek, Kathy Rogers, Lynn Sanders, and Patsy and Paula Prater.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

Boll weevils in the cotton for the county run from heavy to light in practically all cotton in the county. Infestations are when 15-20% of all squares are found punctured. If weevils are found, insecticides should be applied at 5-day intervals until the infestation is brought under control.

The question is asked the agent many times a day. Should I poison? All producers should know before making a decision some of the following points:

1. Age of cotton and the number of mature bolls, to be able to arrive at the economics of the situation. (Dryland)
2. That unless your cotton has large bolls formed, it may be the only thing to do, to prevent egg laying to perpetuate further damaging generations of weevil.
3. Three to five times at 3-5 day intervals will be the minimum number of times that poison will have to be applied; and on late cotton probably 4-8 times.
4. Know the stages of history of a cotton plant from planting to harvest will help cotton producers

to know if it is economically favorable to apply poison at the right time.

5. Know the life history of all cotton insects.

6. Know the advantages of new technology as to herbicides and systemic poisons in setting the squares for a cotton plant.

Other cotton insects such as cotton fleas and boll worms are doing very little damage.

When it comes to picking up dirt, the vacuum cleaner can't compare with the telephone.

Livestock producers should start making grazing plans now for the coming winter. It is explained that grazing systems should be planned and checked so there will be no difficulty at the starting date.

When planning winter grazing programs, use varieties of forage crops best adapted to local areas, and base stocking rates on available forage rather than expected rainfall and grass crops.

The number of livestock to graze a particular area should be adjusted to keep pastures in a good state of production. Grasses on moderately used ranges should appear patchy and uneven at the end of the grazing season. Stubble heights should range from four to seven inches for bunch grasses and one to two inches for sod grass.

A "low base herd" grazing program to keep pastures in a good state of production is recommended. Herd size should be maintained so that about three-fourths of the forage is utilized.

Even with good pastures, ranchers need to supply protein supplement during winter months. Range plants greatly decrease in nutritive value as they reach maturity. Dry winter grasses should be used as hay with a protein supplement to produce a balanced ration.

Pastures should be examined frequently to evaluate available forage. If livestock numbers need to be reduced, they should be sold before they lose weight and before prices decline.

Winter stocking rates should be adjusted to maintain forage for wildlife grazing the area. It is important that livestock and wildlife not compete for available forage.

Angus Sale Set

The Grote Angus Ranch and the Art Angus Ranch of Mason County have announced their September 18 Production Sale. The sale will consist of 50 cows, mostly with calves, 25 bred and open heifers, and 25 bulls. Both herds have produced a number of Grand and Reserve Champion heifers and steers at the major shows including Dallas, San Antonio, Fort Worth, Houston, and San Angelo.

The sale will be held at the Mason County Fairgrounds at 1:00 p.m. Marvin and Oliver Grote are the owners of Grote Angus Ranch and Dan Lehmburg is the owner of the Art Angus Ranch. The public is cordially invited to attend. A barbecue lunch will be available at the sale.

Turkeys Happy Without Trees

Game Warden Billy Works of Eldorado reports he saw a resourceful flock of turkey hens teach young poults to use telephone poles for roost sites in an area predominated by low branching mesquite trees.

Turkeys on the western fringe of the Edwards Plateau are now in the sparse mesquite flats of their summer range, far from river bottom roost trees.

Since tall roost trees so vital to turkey safety are lacking, telephone poles decorated with sleeping wild turkeys may be occasionally seen in West Texas, said Warden Works.

I will be teaching piano this coming school year in the Halbert building. Parents desiring further information please call me at 22063.

Mrs. Margaret Ellen Nixon

What some public speakers lack in depth, they give you in length.

Now is the time to be on the look-out for one of the most destructive of pecan insects, the pecan weevil, which will appear in September and August.

After the nuts harden, the female chews a hole in the shell and deposits eggs in pockets. White grubs hatch from the eggs and feed inside the shell and feeds inside the shells and nuts during the fall months, keeping the pecan from maturing, and almost impossible to get out of the shell.

The best control method is an application of DDT—one pound per 15 gallons of water.

Other pecan insects that could cause damage are pecan aphids.

Use one pound of 12% Gamma BHC wettable powder in 15-20 gallons of water.

Mites is your third pecan insect to watch for. An application of wettable sulphur gives good control, one pound to 25 gallons of water.

A procrastinator is one who puts off until tomorrow the things he has already put off until today.

FOR THIS IS HEADQUARTERS FOR GOOD SCHOOL SUPPLIES

We have a complete stock of School Supplies for all the scholars of the Eldorado schools. We purchased our complete school supply stock with every age group in mind, and can supply your needs from the first grade through the Senior class.

Notebook binders and fillers, fountain pens and ball points, pencils, erasers, ink, tablets, crayons, map colors, paste and glue, composition books are a few of the many school supply items we will have for your use.

As all school kids well know, Eldorado Drug is this town's most popular meeting place for after-school sessions. We welcome all of you to our store.

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

The Industrial Team selling a community to industry

When a community prepares itself to attract new industry, a strong industrial team is essential. Industry representatives want all the facts. And only informed team members can sell a community's story accurately plus solving the industry's problems on a new location.

Team members must be thoroughly and completely informed on labor . . . taxes . . . utilities . . . transportation . . . sites . . . insurance . . . city commitments . . . and financing . . . thus indicating a minimum of seven members on the team.

As a PATTERN FOR PROGRESS a permanent Industrial Team is a definite requirement in a community's economic development program.

WTU's area development representatives have information about the organization and operation of an industrial team. This service is available to growth-conscious communities on request through your local WTU manager.
