64TH YEAR

ELDORADO — SCHLEICHER COUNTY — TEXAS Thursday, September 30, 1965

NUMBER 39

Meeting Stresses Tourist Development

About 30 people enjoyed a conducted tour of El Dorado Woolens last Thursday followed by a dinner served in the patio and then moved to the high school auditorium for an informal meeting dealing with future possibilities for Eldorado and Schleicher county.

The meeting was staged by Schleicher County Chamber of Commerce with Ed Meador as master of ceremonies, and revolved around the subject of developing tourist attractions.

Frank Hildebrand, executive director of Texas Tourist Development, cited El Dorado Woolens as a present tourist attraction, and restoration of old Fort McKavett as another which would benefit both Eldorado and Menard.

County Judges Bearce of Eldorado and Winslow of Menard were named as committee to look into possibilities of acquiring title to some of the old fort property.

Other speakers at the meeting included John Ben Sheppard, president of Texas Historical Society and visitors were present from Sonora, Menard and San Angelo. The meeting closed at 3:30 and was followed by a tour of Fort McKavett.

S.S. Office To Be Open Two Nights A Week

The Social Security District Office at 3000 West Harris in San Angelo will remain open from 4:30 p.m. to 8:30 p.m. each Tuesday and Thursday evening for the next several months, for the added convenience of residents of the area, Floyd B. Ellington, Social Security District Manager, said recently. These evening hours are in addition to the regular 8:30 a.m. to 4:30 p.m. schedule of office hours, Monday through Friday. Personnel will be on duty to talk with you in person or by phone.

Mr. Ellington pointed out that it is important for many people to get in touch with the district office to take advantage of the health insurance and other provisions of the 1965 amendments to the social security program.

Contact can also be made when a representative from the office makes his monthly visit to Eldorado. The next scheduled visit is set for Oct. 15th when the representative will be at the local court house from 1:00 to 2:30 p.m.

Freight Line Setting Up Warehouse Here

Southwest Motor Transport, the freight line serving Eldorado is setting up a warehouse here to improve their services in anticipation of increased business.

Recently the Texas-Arizona line also served this territory, but their line here was discontinued when the company sold out to a Northern line.

Southwest Motor is now the only line here and is represented locally by Martin Estes. The warehouse will be set up on the residence lot of Mr. Estes and is expected to be here Thursday (today). S.M.T. provides overnight freight delivery from San Antonio.

Grover C. Johnson Buried At Gonzales

Grover Cleveland Johnson, 74, died at his home in Gonzales on Saturday, Sept. 25.

Funeral services were held at Seydler Funeral Home in Gonzales on Monday, September 27th, and interment was made in a Gonzales cemetery.

The deceased is survived by three sons, Glen and Pershing Johnson of San Antonio, and Grover Lee Johnson of Goldsmith; and one daughter, Mrs. Jewel Kelley of Gonzales; also 7 grandchildren and 3 greats.

Mr. and Mrs. Grover Lee Johnson stopped here briefly on Tuesday evening on their way home to Goldsmith after attending the funeral.

Game Time Now 7:30

Tomorrow's game here with Menard is the first of five October games and the starting time is moved up to 7:30.

The Eagle Band will go to Austin Saturday to participate in Band Day.

Post Script

It's free-coffee-time again in Eldorado as our 3 local dealers make plans to show their 1966 models during the coming month of October.

Tomorrow, Friday, the '68 Ford will be shown at Joe Gault Ford Sales here in Eldorado.

The Texas Automobile Dealers Association this week made several suggestions to purchasers of 1966 cars.

H. C. Pittman, executive vice president, said new car buyers in Texas lose thousands of dollars annually by failing to read operating instructions on the care and use of their new automobiles and by not understanding the warranty issued with each new car sold.

"Buyers will save time and money by reading immediately upon purchase their warranty and instructions," Pittman said.

He also urged buyers to trade with established automobile dealers. "This assures you of a title to your car promptly, and also a warranty," he said.

New model cars will begin appearing at Texas dealerships Oct. 1, and by Oct. 15 all dealers will have 1966 models on hand.

The following description of the lot of the smalltown weekly newspaper editor first appeared 135 years ago, but it is just as appropriate today as when it was first printed in 1830.

"A country editor is one who reads newspapers, selects miscellany, writes articles on all subjects, sets type, reads proof, works at the press, folds papers, and sometimes carries them, prints jobs, runs on errands, cuts and saws wood, works in the garden, talks to all his patrons who call, patiently receives blame for a thousand things that never were and never can be done, gets little money, has scarce time or materials to satisfy his hunger or enjoy the quiet of 'nature's grand restorer,' and esteems himself particularly happy if not assaulted and battered by some unprincipled demagogue."

We don't know who wrote that little gem (it first appeared in the Cooperstown, N. Y., Freeman's Journal for May 10, 1830), but we can tell from what he says that he's been there.

With our subscribers: Mrs. Cora T. Millar writes that her new address in Corpus Christi is 3306 Casa Rosa.

Billy Gene Edmiston's new address is RR2, Box 896, Alvin, Tex. James H. Faull's address is 901 S. Gilbert, Anaheim, California.

Mrs. Fred H. Barney is now subscribing at 7341 Normandy Drive, Fort Worth 12, Texas.

Mr. and Mrs. Ray Jacoby of Telegraph, Texas, are subscribing again.

Paul Phillips is again at work building another large brooder house. This will be the fifth one and will be 40 x 200 feet in size, the same as his No. 4 structure which was completed several months ago. Glad somebody is having good business.

A brilliantly lighted oil derrick just a short distance off from the east end of the field, will greet visitors who come here Friday night for the football game with Menard. It's an inspiring sight.

A word to the Eagles: There is no danger of this well blowing in, so don't watch the oil rig but keep your attention on the ball game. Don't fool around like you did two weeks ago when Junction was here.

It's just about a month until Halloween, October 31st. A purchase made by nearly all families is a bag of "trick-or-treat" candy, which is kept on hand for giving out that night to young "spooks"; any candy left is consumed by the family members.

This year, the Eldorado Lions club is making arrangement to sell plastic bags of Halloween candy; each bag to contain 160 individually-wrapped pieces and to be sold for \$1.00.

As October gets well under way, members of the Lions club will be selling these; so make your plans to buy a bag from the Lion who calls on you.

Also coming up late in October will be the P-TA Halloween carnival, and the Lions club will also stage a pancake supper the night of the Rankin game.

Ministerial Alliance Supporting Billy Graham Motion Picture

The Billy Graham motion picture, "The Restless Ones," will be showing in San Angelo this coming Sunday, Monday and Tuesday.

Five showings will be held in the San Angelo City Auditorium: Sunday, October 3 at 3:00 p.m.; two showings on Monday, October 4 at 6:00 p.m. and 8:15 p.m.; and two showings on Tuesday, October 5 at 6:00 p.m. and 8:15 p.m. Admission will be \$1.00 per person. The film is sponsored by the San Angelo Ministerial Association.

"The Restless Ones" is a very dramatic and moving effort to speak to young people and their parents as they face some of the difficult problems of this day. There are answers to many of the situations of life in which the modern generation finds itself. This film dares to provide one particular answer. Every parent and teen-ager should see the film.

Eagles Set For Critical Game With Menard Here Tomorrow

The same danger confronts the Eldorado Eagles tomorrow night when they square off against the Menard Yellowjackets that confronted the Ozona Lions last Friday night: overconfidence. The Menard lads led by their very competent QB Po Ellis will do their utmost to take advantage of any complacency whatever on part of the Eldorado Eagles as well as of their fans. The asperin should not be very far away tomorrow night.

The Yellowjackets will employ an effective offense which will feature Po Ellis as the main threat but will hold their fine halfback Jack Kothman as the counter man to run the other way through any Eagles who fail to recognize the deadly effectiveness such a system

can pose. In fact "they" say that there are more fatalities from wasp stings than from rattlesnake bites. This is a bit of information which the Eldorado Eagles should study carefully because with a "fired up" team of Yellowjackets and with just a little self-satisfaction on part of the Eagles, Eldorado football hopes can easily be an interesting statistic in Saturday's paper to those who wish the Eagles anything but good luck in the current football wars.

The Eagle defensive lads will probably be as follows:

At left tackle, Bobby DeLong, No. 50, 200; Johnny Mayo, No. 76, 215; Wayne McGinnes, No. 70, 220; Donald Rogers, No. 81, 170; Left Cornerman, Captain Sam Henderson.

son, No. 44, 150; LLB, Captain Scott McGregor, No. 13, 165; MLB Captain Jim Belk, No. 75, 176; RLB, Chris McCravery, 55, 155; Right Cornerman, Danny Richardson, 80, 160; Left Safety, Roy Davidson, 42, 155; and Right Safety, Jay Halbert, 21, 145.

This is a crucial game for the Eldorado Eagles and for the Menard Yellowjackets alike. The inevitable loss to either will be a ticket to District 8A oblivion for the 1965 season.

The Menard starting lineup will probably be as follows:

No.	Name	Pos.	Wt.
81	Eddie Wallace	LE	140
71	Mike Amos	LT	190
64	Larry Burch	LG	140
50	Frank Walston	C	155
62	Bob Speck	RG	150
72	Craig Collier	RT	185
80	Mike McCartney	RE	155
31	Martes Stewart	LHB	140
23	Gregory Neel	RHB	125
12	Jack Kothman	Wing-B	155
22	Po Ellis	QB	150

Eldorado offensive team members will probably be as follows:

No.	Name	Pos.	Wt.
85	Phil Montgomery	LE	170
76	Johnny Mayo	LT	215
75	Capt. Jim Belk	LG	176
65	Bob Lester	C	160
86	Steve Blaylock	RG	160
77	Capt. Joe Phillips	RT	205
80	Danny Richardson	RE	165
44	Capt. Sam Henderson	LHB	150
13	Capt. Scott McGregor	FB	165
11	Danny Halbert	QB	150

(See Page 5 For Ozona Game)

Here Are This Year's Eagle Team Cheer Leaders

FIGHT, EAGLES, FIGHT! Leading the cheers for the Eldorado High School Eagle football team this year are, left to right: Billie Gayl Blaylock, Carolyn Wilson, Lulu Geldard, Karen Griffin, and Chris Edmiston.

Another Pipeline Is Being Projected To Serve Gas Field North Of Eldorado

"It may be two months and it might be six months," declared a Sinclair employee this week, but it is no secret that Sinclair is surveying for a pipeline to take gas from Eldorado field to the gas products plant at Huldale, and that work on the project will be under way in the near future.

The proposed pipeline should provide an outlet for eight gas wells in the Eldorado field which are now capped, and at least one more which is scheduled to be drilled.

The entire field at present contains 20 gas wells, of which 12 are Delta-Pauley wells.

The field got under way several years ago when Delta brought in its No. 1 Whitten as a discovery. Over the following 2-year period they brought in 11 more—4 on Jones, 1 on Parker, 3 on West, 2 on Jackson and 1 on Keeney. Eleven of these wells are now on production and are being marketed to Northern Natural through a Brooks pipeline. Delta No. 1 Keeney is not yet connected to the pipeline but promises to be in the near future.

Following Delta's success with gas wells other companies began

developing their leases in the adjacent area, and brought in eight wells which may be listed as follows:

Cabot No. 1 Whitten
Skelly No. 1 T. P. Robinson
Sinclair No. 1 T. K. Jones
Texaco No. 1 Mittel
Skelly No. 1 Jackson
Texaco No. 1 Jackson
Mallard No. 1 Luedecke
Skelly No. 1 McWhorter.

All of these wells are still capped and will likely be provided a market in the new pipeline. The last well on the list—McWhorter—was completed just last week and has been described as another "good well."

The latest project, already announced, but not yet started, will be the Mallard No. 1 McWhorter. Dan McWhorter explained that it "will be located between my house and the Jackson road." This well is on a drilling block which includes a large number of city lots. The block was worked up by Robert Page Oil Properties earlier this year and farmed out to Mallard.

Under way at the present time is a wildcat southwest of town on land adjoining the football field. The prospector is Tenneco Oil Co., No. 1 T. P. Robinson and will be a deep test. If it were to come in as a gasser it would make an important south extension to the Eldorado gas field.

542 Bales

At 9:30 yesterday morning, 542 bales had been processed at the Mikeska Gin. A number of loaded trailers were parked on the gin lot waiting to take their turn. This week the gin was turning out about 75 bales per day.

The rate will gradually increase if present fair weather continues.

Bulletin Board

Scores Sept. 24

Sonora 30	-----	Iraan 6
Eldorado 14	-----	Ozona 12
Menard 27	-----	Sanderson 6
Big Lake 18	-----	Rankin 8
Eden 25	-----	Junction 12

How They Stand

Sonora	-----	3 wins, 0 lost
Eldorado	-----	3 wins, 1 lost
Iraan	-----	3 wins, 1 lost
Menard	-----	2 wins, 1 lost
Big Lake	-----	2 wins, 2 lost
Rankin	-----	2 wins, 1 lost
Ozona	-----	2 wins, 2 lost
Junction	-----	1 tie, 3 lost
Sanderson	-----	no wins, 4 lost

Games Tomorrow

Big Lake at Sanderson;
Ozona at Junction;
Menard at Eldorado;
McCamey at Iraan;
Sonora at Rankin.

Oil News

Re-Entry Scheduled On Case Well

Rascoe & Dean, Midland, will re-enter and clean out with rotary to 5,700 feet for tests of the Wolfcamp at a Schleicher County 7,038-foot wildcat failure, 12 miles northwest of Eldorado, 5/8 mile southeast of the one-well Velrex, Southwest (Canyon gas) field and 1 1/2 miles southwest of the one-well Velrex, South (Canyon oil) field. It is the No. 1 R. I. Case.

Originally drilled by Tucker Drilling Co., Inc., San Angelo, as the No. 1-A Case, it was abandoned Aug. 19.

Location is 600 feet from the north and west lines of 7-TT-TCRR.

Glenn Biggs Named Aide To Speaker Barnes

Glenn Biggs, son of Mr. and Mrs. Ben Biggs of Eldorado, was named late last week as executive administrative assistant to Texas House Speaker Ben Barnes.

Biggs, a partner in the real estate and insurance firm of Millerman & Millerman of Abilene, will assume his duties Oct. 15.

In the new job, Biggs will be responsible for general management of activities involving the interim legislative committees, working with the speaker in implementation of the work of the legislative council.

Glenn is a graduate of Eldorado High School and Baylor University. He had a position with the Abilene Chamber of Commerce as well as his later position with Millerman & Millerman.

He served as coordinator for the designation of the Guadalupe National Park proposal. Bills have been introduced in Congress seeking designation of the area as a national park.

Building Being Prepared For Laundry Location

The building at one time known as Vernie Humphrey hardware, but lately owned by Carroll Ratliff, changed hands again last week. New owners are Mr. and Mrs. M. E. McEwen, proprietors of Friendly Wash laundry, who this week have been preparing the place for their coin-operated laundry machines.

A concrete base has been run along one side to accommodate their heavier equipment, and new wiring and plumbing is being installed.

The laundry has been operating since last fall in the Waiter Taylor building on South Main.

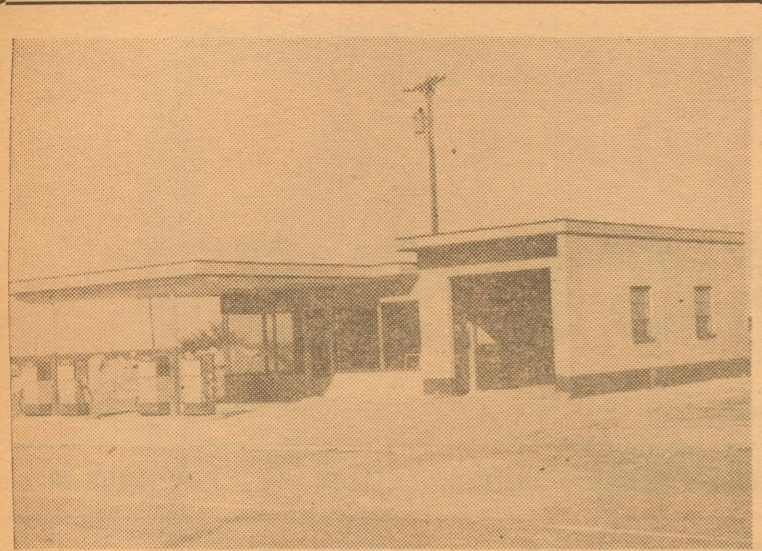

The McEwens started moving their equipment to the new location Wednesday of this week and stated that they would try to be open for business there by Monday.

Assembly Of God Has Revival Under Way

Revival services, with Evangelist Buddy Hicks of Wichita Falls preaching, are under way at the Assembly of God Church, announcing the pastor, the Rev. Johnny Griffith.

Services are being held at 7:30 each evening and will continue through Oct. 10th.

The Assembly of God is now located in the former Eastside Baptist location on the Menard highway.

THIS WEEK - END MARKS OUR
6th Anniversary

in business in our present location on the new Sonora highway. It was Saturday, October 3, 1959, that we held open house in our brand-new service station building. In the 6 years since, we have added many new customers and have done an increased volume of business, for which we are grateful. We thank you, the public, and invite you to keep coming here for fine Cosden and Fina products and service.

THE FIRST NATIONAL BANK

Eldorado, Texas

Austin.—Battle lines are forming! In the political arena, that is. Big gloves already have been laced on the champ vote-getter—Gov. John Connally. He's in the ring and squared away—ready to battle any challenger. Question is—will he win by default? It's possible. He has a record few will challenge.

Very likely there will be a free-for-all in most other races. Texas' second highest state office could be an exception. There Preston Smith holds forth in rather firm command as Lt. Governor.

Popular young Waggoner Carr already has proclaimed his interest in becoming U. S. Senator and is agilely dancing around the ring ready for the first sign of Democratic opposition to Republican John Tower's post. This may come from Congressman Jim Wright who is skipping rope to get in shape for something bigger. But so far he hasn't entered any ring.

Secretary of State Crawford Martin has set up his training camp for Carr's to-be-vacated post as Attorney General of Texas. Most likely he will have Connally's blessing, since he was the Governor's appointee as Secretary.

State Sen. Franklin Spears of San Antonio is trying to decide whether he wants to take on Martin. Other possible candidates for Attorney General are Former Sen. Frank Owen of El Paso, Sen. Galway Calhoun of Tyler, and Harris County District Atty. Frank Briscoe.

U. S. Sen. John Tower told Austin reporters that Texas Republicans will concentrate their statewide efforts on the senate race in 1966, and will field no active candidate for governor. In reference to his own race and local legislative and congressional contests, Tower predicted a good year for the GOP.

Announcements this early could mean one of two things: a burned out field by '66—or several Battles of the Century.

As opponents warm up, only time will tell.

From the Capitol Dome and the focal point of all races—Austin—it looks right interesting.

Meanwhile, better buy yourself a ticket while still available at the box office—er, poll tax headquarters.

Death Penalty Out?

Some attorneys contend that the new code of criminal procedure abolishes the death penalty for crimes in Texas.

They believe that absence of procedures for assessing punishment—where the state asks for execution of a criminal—makes it impossible for a death penalty to stand up in appellate court even if assessed by a jury.

A member of the State Legislature, Rep. Bob Armstrong of Austin, is asking Governor Connally to submit proposed revisions in the controversial code to a special session of the Legislature. Complains Armstrong: the revision goes too far in requiring accused persons to be warned of their rights against giving statements to police.

Redistricting Row Goes On

Attorney General Carr and the Republicans still are swapping legal broadsides over congressional redistricting.

Carr, in a brief filed with the Houston federal court, urged judges to give lawmakers another chance at reapportionment in 1967 if the 1965 redistricting act is invalidated. He repeated his earlier opinion that the law adopted this year meets the court's specifications, however, since population variance among the 23 districts is below 15%.

A new GOP brief chides that the redistricting act borders on "sheer lunacy" and demands that it be redone by electrical computers rather than politically-minded legislators.

Tourist Conference Called

Some 500 Texans are expected to attend a tourist development conference in Austin on October 14. Purpose is to insure better cooperation between state and community efforts to promote travel.

Governor Connally will keynote the sessions. Other speakers will include Jon McCarty, chairman of Texas Tourist Development Agency advisory board; pollster Joe Belden; Kern Tips, TTDA advertising account executive; Tom Taylor, State Highway Department travel and information division head; J. Weldon Watson, Parks and Wildlife Department director; John Ben Shepperd, president of Texas State Historical Survey Committee; and Don Epperson, Texas Tourist Council executive director. Meetings are open to the pub-

lic, says TTDA Director Frank Hildebrand.

Education Leap

A major characteristic of the Texas government's budget this year is a leap forward on education.

Texas spent 40.8% of the state tax dollar on education during the last two years, but it will spend 44.5% for the next two-year period.

Highway spending will drop from 27.8 to 23.5%.

Welfare and assistance will rise from 15.6 to 16.6%; health and hospitals will decline from 4.9 to 4.6%. Other state activities are expected to hold even.

Study Committees

Lt. Gov. Preston Smith has announced the appointment of nine Texas Legislative Council study committees to direct staff work on interim projects and formulate recommendations to the 60th Legislature in 1967.

Committees include state assistance to municipalities for arterial streets, mass transportation, education and services for the deaf, a brochure on the Texas State Capitol, preservation of Texas forts and missions, facilities for delinquent and dependent and neglected children, water laws and problems, county government and statutory revisions.

About Defoliating Of The Cotton Crop

Desiccation (usually called Defoliation), is it good or bad?

"Either can be true," says B. B. Manly, Jr., In-Charge of the USDA, Cotton Classing Office in Abilene, Texas.

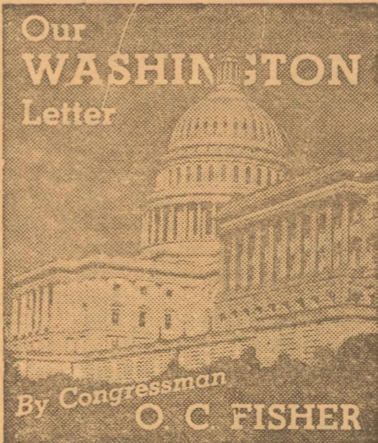

The Extension Service recommends that 90% of the bolls be open 'fore defoliating. This should be especially true in the "low spots" and rank cotton. The last places to fully mature are likely to be in the best cotton.

Defoliation before cotton is mature can be disastrous. It can cause low mike readings, lower grades, poor turnouts at the gin, and low yields. If the crop is mature, proper defoliation can not damage it. Some advantages of proper defoliation are: The crop is harvested early with less chance of damage or loss from bad weather. It kills harmful insects and it gives an opportunity to rotate cropland.

Applied properly, defoliant can be economical, but improper use can be costly and dangerous. An arsenic solution can kill people, cattle, pets, insects, or about anything that comes in contact with it. Care should be exercised to not allow wind to carry it into pastures or feed crops. Arsenic acid will not evaporate or just go away. It is absorbed by the plant. It can be dangerous.

Sometimes rain washes the defoliant off the plant before it absorbs enough to die. It pays to watch weather forecasts and weather trends. Then if it rains too soon or some spots are missed, the crop or spots at least should be treated again. All the bolls should be thoroughly dry before the plants are stripped. Green bolls or wet lint do not gin good which is evident in the cotton sample and usually results in a lower grade of lint.

Crop prospects are good this year. The Abilene Cotton Classing Office, one of 43 under the Consumer and Marketing Service, expects to class 400,000 samples this season, compared to 273,000 last season and 400,000 two years ago. The big increases over last season will come from Howard, Martin, Scurry, Mitchell, Tom Green, Runnels, and Fisher counties. Due to a late planted crop and recent rains, harvesting has been slow. Total classed through September 24 was 3,193 compared to 15,000 a year ago and 24,000 in 1963. The quality of this crop is better than average.

With adjournment fever at a high pitch, the Congress is now face-to-face with a possible filibuster in the Senate—which could extend the session indefinitely. The obstacle is repeal of Sec. 14-B, which would outlaw the right-to-work law in Texas—and in 18 other states.

Senator Dirksen of Illinois is opposed to compulsory unionism, and is therefore opposed to repeal of 14-B. He has the company of some 25 other Senators, and he has public opinion on his side. That is, according to the Gallup and other polls.

The unions claim they can count around 60 Senators who will vote according to their beck and call on

Who Owns My Bank?

Jack Shugart Announces Large New Project At Fort Stockton

Jack Shugart, Fort Stockton real estate developer-contractor and owner of the Sands Motel, has begun work on a block-square project which will add 26 units to the motel operation and provide a 23-unit apartment house for the community (Ft. Stockton).

The site is immediately west of the Sands, on West Highway 290-67 and adjacent to, but outside, the city limits.

The 26 motel units, of corresponding design to the previous Sands construction, will be built in two sections running north and south at the east and west sides of the property, with service buildings and an ornamental fence connecting the two wings along the highway frontage.

Rear of the block will be occupied by the apartment building, which will be built in a U-shape, extending on each side from the end of the motel rooms and completely across the street (an extension of West Ninth) on the south side of the block).

The two-storey apartment building will be similar in design to the other Sands buildings, faced with Mexican brick, with cedar shingle roof.

Apartments will be one and two-bedroom, each with a kitchen and dining area, and most with sizeable living rooms.

With furnishings, ground improvements and paving, the total investment is expected to approach a half-million dollars.

Shugart is optimistic about the prospect for both operations. He said that almost every night during the summer, and on many recent nights, the Sands has been fully occupied, and that as travel increases on highways of the area he expects motel room demand to continue strong. The Motel now has 51 units.

The apartments will be built first, with early spring as a target date, and motel units are expected to be ready for the tourist rush in the early summer. —Ft. Stockton Pioneer.

Farmers Home Admin. Cites Activities In Texas

Over 39,766 families of farmers, ranchers and rural residents in Texas benefitted from Farmers Home Administration loan services during 1965. This is an all-time high according to L. J. Cappleman, state director for the agency.

Loans made or insured by the Farmers Home Administration in Texas during the fiscal year ended June 30 totaled a record \$88,289,230.

State Director Cappleman said that the Farmers Home Administration preserved its long-standing record for keeping its various lending programs in a sound position during fiscal 1965. Repayment of principal and interest by borrowers totaled the largest volume collected in the agency's 30-year history.

"This good credit record signifies the initiative and integrity displayed by the people of rural Texas in their vast self-help effort which these loans represent," Cappleman stated.

Patrick F. Sullivan, County Supervisor of FHA's San Angelo unit, serving Tom Green, Schleicher, Crockett, Irion, Reagan, Sterling and Sutton counties said that the unit made 44 loans totaling \$267,570 last fiscal year. Sullivan stated that the first Rural Housing Loans made in the unit were made last year. Recent congressional legislation will permit FHA to finance homes and home repairs in towns up to 5500 population, whereas in the past the population limit was 2500.

Pledges Sorority

MARY ANN PAGE

Fort Worth.—Pledging of 298 women students enrolled at Texas Christian University was announced at the close of rush week by the TCU Panhellenic Council sponsor, Dr. Jo Ann James, dean of women.

Pledging ceremonies were conducted after issuing of bids by the 10 Greek-letter organizations for women at the University.

Chapters of national fraternities and sororities were established at TCU in 1955 after approval by the Board of Trustees. The initial sorority rush for held in January, 1955.

Among the fall pledges of Pi Beta Phi is Mary Ann Page, daughter of Mr. and Mrs. James Page, of Eldorado.

'66 Fords To Be Shown Friday

Dramatic fresh styling—including a new 2-door hardtop roof line—a new "7 Litre" series with 428-cubic-inch V8 engine and front-wheel power disc brakes, and even higher standards of quietness, luxury and performance stand out among 1966 Ford features.

Joe Gault, local Ford dealer, will have an all-day showing this Friday of the '66 Ford cars.

"The Ford was all-new a year ago," said M. S. McLaughlin, Ford Division assistant general manager. "It represented the greatest tooling investment in Division history and was superior in ride and

Another Sale Set By Sonora Exchange

Good quality goats, sheep and cattle are to be sold again at the sale set for today—Thursday—on September 30th, at the Sonora Livestock Exchange Co.

A similar sale was held Sept. 16th and was termed successful. Unshorn lambs sold \$19.40 to \$20.70 cwt.; ewes, \$6.50 to \$8.80 cwt.; solid mouth ewes, \$10 to \$14.75 head; buck sheep, \$15 to \$27 head; aged bucks, \$7.50 to \$8 cwt.; billy kids, \$3.60 to \$6.50 head; nanny kids, \$4.30 to \$4.90 head; aged nannies, \$3.20 to \$5.40 cwt.; aged mutton goats, \$4.10 to \$7; cows, \$10 to \$13.50 cwt. Total head moved: 4700.

DESK-SIZE BLOTTERS: Red, Blue and Green. 20c each at the Success office.

quietness to some of the world's finest cars.

"In every sense, we had a sound competitive base for 1966 but we chose not to stand still. On that solid foundation we have built still more safety, convenience, quietness and performance into all 1966 Fords."

Important revisions have been made in the revolutionary Ford suspension design introduced in 1965 to provide an even greater ride and better handling in 1966. Front spring and shock absorber rates have been modified, and the rear suspension track bar has been lowered to achieve a better "balanced" ride. This fine tuning of the 1966 Ford suspension provides a better handling feel with reduced pitch and improved straight-line stability.

The number of engines available to Ford buyers has been increased to nine in 1966 from six in 1965.

Heading the list of new engine choices is a 428-cubic-inch V8 with hydraulic valve lifters. This engine is standard in the new 7 Litre series, and is optional on all other Ford models. It is unique in offering the best of two worlds—outstanding performance combined with smoothness, quietness and low-speed tractability.

Another advantage is that the new 428 can be ordered with automatic transmission, power steering, power brakes, air conditioning and limited-slip differential—options not available with the extra high-performance 427 engine.

A special handling package similar to that standard with the 427 engine, including heavy-duty shock absorbers, springs and stabilizer

bar, is optional on the 428-powered cars.

Front-wheel power disc brakes are another standard feature of the 7 Litre series. They may be ordered on all other Fords for 1966. Disc brakes were pioneered

on the Thunderbird and Mustang in 1965.

Advantages include optimum fade resistance, quieter operation, easier serviceability, self-adjustment, and lining life equal to or better than regular brakes.

In Those Days

Compiled From Success Files

ONE YEAR AGO
 Oct. 1, 1964—The Lions club announced plans to serve a pancake supper the night of Oct. 9th, to raise funds.

More political advertising, from both the Republicans and the Democrats, was appearing in the Success.

An outdoor mailbox was installed at the post office.

FIVE YEARS AGO
 Sept. 29, 1960—Mrs. Liz Luedcke was continuing convalescence at home after spending some time in a hospital.

Sons were born to Mr. and Mrs. Fred Thomas Gilaspy and to Mr. and Mrs. Sam A. Whitten.

Eldorado was trying to get a doctor here, and the question of a local hospital was also being discussed.

Sandra Alcorn and Charles McLaughlin Jr. were attending Southwest Texas State College at San Marcos.

Judy Kay Nixon was pledging Alpha Delta Pi sorority at North Texas State, Denton.

Mr. and Mrs. W. R. Bearce attended the state convention in Houston of the County Judges and Commissioners Association.

12 YEARS AGO
 Oct. 1, 1953—A daughter was born to Mr. and Mrs. Clifford Schooley.

Celebrating completion of the Edwin Cox No. 1 J. F. Runge oil well, a barbecue was held at the Runge Ranch and nearly 500 were served.

Herb Howe was Scoutmaster; Dick Preston, Cubmaster; and Doyle Morton, Explorer Advisor, as the Fall program of Scouting was being launched.

Mary Dell Edmiston married Lloyd Baskin.

Anita Runge arrived back in New York after spending the summer in Europe.

Mrs. Virge Tisdale went to Del Rio to attend the funeral of her sister, Mrs. Levi Hinds.

Bill Holcomb was president and Myrl Sudduth vice president of the dramatics club in high school.

35 YEARS AGO
 Oct. 3, 1930—Mr. Johnson, local waterworks manager, reported that new motors and pumps had arrived for use in pumping water to the new high tank that had just been completed to serve Eldorado.

Mr. Draper, Scout executive, was down to help Mr. E. W. Brooks launch a new program with the Boy Scouts. Assisting Mr. Brooks were Tom Redford and Luther Gunter. Patrol leaders were Joe M. Christian, Vance Morgan, Eli McAngus, and Joe Hearne Moore.

The Woman's Club met with Miss Tom Pearl Smith, Mrs. J. W. Lawhon entertained the Eldorado Bridge club, and the Self Culture Club met with Miss John Alexander.

Leaman's Department Store, "The Store For All The Family," advertised a large stock of blankets, double size, for \$1.98.

Mr. and Mrs. A. L. Stewardson, Miss Sammie Lee and Mr. Bill Stewardson were in from the ranch near Fort Stockton, visiting relatives and friends.

J. W. Lawhon Jr. of the Thomson Bros ranch shipped 1550 lambs to Granbury to be fed for the winter.

Community Calendar

Sept. 30, Thursday. Ozona Jr. High and "B" teams here for games beginning at 5:00 p.m.

CARD OF THANKS
 I wish to thank the many friends in this area for the visits, cards and words of encouragement during my illness.

I am sorry to have missed my Watkins route. However, I plan to be in Eldorado the first week in October. I will not be able to make house calls, but will take orders from my truck.

I plan to get out of the Watkins business soon, so will allow a big discount on the stock on hand. I will appreciate your orders.

Your Watkins Man,
 H. G. Smith *

MANY THANKS
 I wish to thank all my many Eldorado friends for their cards and letters sent me while I was in the hospital in Kansas City, and for all other thoughtful acts extended to my family during that time and since my return home.

I am continuing my recovery at home.

Boy Scout Troop Launches New Year

J. B. Morris of the San Angelo office of the Concho Valley Council, Boy Scouts of America, was on hand Monday night at the Memorial Building to assist Scoutmaster Perry Don Free and his assistant, Max Wilkins, in launching the new year of activities for the troop. A number of Scouts and their parents were on hand.

Early Fall is traditionally the time for Scout workers to recruit new boys into the troop and to make plans for the coming year, which culminate in the summer with the unit's attendance in camp.

Bob Joyce is also an assistant Scoutmaster and will be working with boys coming into the troop from the Cub Scout pack.

"Follow The Rugged Road—Join The Scouts" is theme of the current membership drive being put on in the Concho Valley Council, and by all respective units in the Twin Mountain district of which Eldorado is a part.

Each boy presently in the troop is to try to recruit at least one new boy, and special awards will be presented to Scouts and the troop for successfully fulfilling their goals.

Scoutmaster Free announced that the troop will meet Monday night at the Scout hall in north-eastern Eldorado and hold a clean-up night. The hall will be cleaned and put into condition for the coming season.

Also on the agenda, the night of Friday, Oct. 15th, following the Sonora football game here, the troop will leave for an overnight camp-out at Camp Sol Mayer near Ft. McKavett, and stay there thru Saturday. Arrangements and details on this will be worked out Monday night and succeeding days.

Mr. Morris announced other district activities coming up in the future. On November 20, a Scouts In Action Show will be held in the Exposition Building near the Coliseum in San Angelo and all troops in the Twin Mountain District have been invited to sponsor a booth in which they will demonstrate some special Scout skill or Merit Badge. Tickets for this will be distributed to all unit leaders and Scouts on November 1st, to be sold in the respective towns.

On February 12th, the Twin Mountain District first aid contest will be held.

A board of review composed of Scouters was conducted Monday night. Buddy Calk was approved for Life Scout, and Keith Williams for Star.

Approved by the board for Second Class rank were Bobby Sykes, Steve Sykes, Jimbo Overstreet, and Billy Hubble.

Jedon Calk presented the Silver Spade Award to James Williams for successfully heading the local fund drive a year ago for the Scout council.

Thomas Richard Jones had major surgery Wednesday morning in Shannon hospital.

Firemen were called out Monday afternoon at 2:00 to a grass fire at Robert Baker's.

Mr. and Mrs. T. B. Conner of Bronte visited Mrs. Conner's brother and sister-in-law, Mr. and Mrs. Sam McGinnes, en route to Menard and Mason and back, a few days last week.

Case Ranch of Eldorado recently sold 5 registered Polled Hereford bulls to W. A. Wilson, Rancho Cerro Colorado, Dacoachi, Sonora, Mexico.

Miss Amy Fuller of Dallas came in Monday night to visit her parents, Mr. and Mrs. Carl Fuller, while on vacation. She and her parents left Tuesday afternoon for a short trip to Jefferson and will return home tonight.

Having Sunday dinner with their parents and grandparents, Mr. and Mrs. Richard Cheatham, Sunday, were Mr. and Mrs. Monroe Smith of Ozona; Mrs. Fern Glasscock, Charlotte and Teresa of San Angelo; and Mr. and Mrs. Tony Cheatham, Vicky and John of Eldorado.

Mrs. B. E. Moore is spending the week in San Antonio with her children and their families. She will return home this week end.

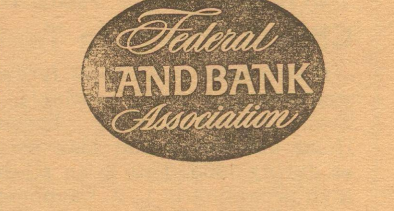

Visiting with Mr. and Mrs. Albert McGinnes and Larry over the week end were Mrs. Ben Brooks, Mr. and Mrs. Bill Brooks and Beverly of Sterling City; Mary Alyce King, Linda Horton, and Mary Lynn McGinnes all of Abilene; and A/2 Robert Terry of Dyess Air Force Base, Abilene.

Mrs. Rose Doyle was in San Angelo last week end where she attended a beauticians' meeting, and a meeting of the Sons of Herman.

Eagles Win Tough Game At Ozona

There really isn't much use telling about it because nearly all Schleicher County inhabitants saw the Eagles topple the Ozona Lions in Ozona last Friday night 14-12 in a hotly contested game, anyway. Game statistics show just how fiercely contested this fracas was:

Eldorado	Ozona
12	14
145	251
54	37
199	283
9of21	5of14
1	1
2	1
2	1
7for55	10for90
1for26	1for0
Score by quarters—	
Eldorado	0 7 7 0—14
Ozona	0 6 0 6—12

The differences were in the passing ability of Eagle Quarterback Danny Halbert over Ozona's highly touted Billy Carson; in the Eagle defensive line's ability to get serious and hold off the Lion's desperate try for a first down when very short yardage was needed; and lastly, the two points contributed by the Eagle kicking team composed of Half-back Jay Halbert and Captain McGregor, the kicker—these two points being the margin of victory.

Eldorado won the toss and received while Ozona kicked and defended the south goal, apparently seeking the wind advantage. The first quarter saw each team rack up four first downs; neither seriously threaten; Eagle Donald Rogers recover a Lion fumble; and the period ending with Ozona intercepting a Danny Halbert aerial.

The second quarter saw Eldorado finding out about Lion QB Billy Carson as in three minutes and 30 seconds, he steered the Lions to the Eagle goal line and sent Lion Fullback Thomas DeHoyas smashing in for the first Lion score. But the Lions failed to make their extra point.

The Eagles came back hard and on basis of pass receptions by Donald Rogers and Gary Derrick plus a "pass plus lateral" from Derrick to Jay Halbert, they placed the ball near Lion vital territory and on the next play Danny Halbert passed to Gary Derrick for the touchdown. Messrs. J. Halbert and Captain McGregor added the extra point and the Eagles were out front 7-6.

The third quarter saw Donald Rogers capture a Lion fumble on the Lion 30. Jay Halbert made 10 yards on a reverse and then Ozona held and recovered the ball. But they were soon forced into a kicking situation and Carson dropped back to punt.

Then the Eagles contributed to a Lion disaster as Captain Jim Belk broke through and blocked the ball and tried hard to capture it but only dribbled it along towards the goal line; and Captain Joe Phillips succeeded in recovering behind the Ozona for the precious six points. Again, Messrs. J. Halbert and Captain McGregor added the extra point via McGregor's talented toe and Eldorado led 14-6.

The Lions roared back into the game; their QB Billy Carson even broke away for a hair raising 60-yard scamper; but Eagle Sophomore Roy Davidson ended his trip on the Eagle 20. The Lions would not be denied and some 40 seconds before the final horn, Ozona scored again.

In a desperate attempt to tie the game with a two-point extra, Lion QB Carson attempted a pass to Lion Pon Seahorn; but Eagle Captain Scott McGregor broke it up and the score stood 14-12 for Eldorado.

The Lions attempted an onside kick but Eagle Steve Blaylock received the ball safely and the Eagles let the time run out and the game ended 14-12 for Eldorado.

A feature of the game was Sophomore Halfback Roy Davidson's punt, only successful one of the game. He also intercepted a Lion pass which materially contributed to Eagle success.

Captain Sam Henderson's facial embroidery from the Junction game prevented his being in the contest. The second quarter was only three minutes old when Senior Fullback Charley Nixon hurt his right shoulder and missed the rest of the game. Final Eagle tribulation saw Pass Receiver and punter Gary Derrick forced out of the game after being a bit more than shaken up thoroughly by zealous Lion defenders.

A feature of the game was the fact that Ozona failed to make

for them a crucial first down just as the third quarter was ending with less than a yard needed. Eagles up front such as Bobby DeLong, Wayne McGinnes, and Donald Rogers just would not hear to the Lion scheme and that was the beginning of the end for Ozona's hopes.

The game result should be considered an upset. It kept the Eagles in good position in the District 8A race, wrecked the hopes of a bitter rival, and revealed that the Eagles are steadily developing as the 1965 season progresses.

Building & Remodeling Projects Are Going On

Several projects in the way of building and remodeling have been going on over town in recent weeks.

M. E. McEwen has purchased the Humphrey Hardware building from Carroll Ratliff and is getting it ready to house his coin-operated laundry business. Equipment was being moved this week, and the business will be in operation by Monday in the new quarters.

The streets around the headquarters building of the Southwest Texas Electric Co-Op are being re-worked. Some road work is also going on on some blocks north and south of the school.

Houses nearing completion: the Bob Sykes residence in Sunset Acres, and Bob Page's about two miles north of town.

R. V. Shepperd has purchased the Doc Pennington clinic property in northeast Eldorado and is working it over for his residence. Cement tile walls were being put up this week for the new Apostolic Church building in east Eldorado. Mrs. H. E. Finnigan's small building on Sonora road which was vacated by Nance Laundromat some time ago, has received a new coat of paint.

Jack Hext's building at the intersection of the Menard and Angelo highways has been painted.

Grass has come up on some of the greens on the pitch and putt golf course being put in at the County Park, in the West Addition.

New Chevrolet Trucks Now Out

Principal improvements in the 1966 Chevrolet truck line include six new engines, an optional three-speed automatic transmission, a new three-ton series with payload capacity up to 34,000 lbs., a restyled more efficient heavy-duty cab design, and addition of several safety items as standard equipment.

To meet highly specialized needs of truck users, Chevrolet has revised and expanded its line to 366 models, including 101 new offerings which are divided almost equally between gasoline and diesel power.

The six new engines bring to 25 the number of different power plants offered—17 gasoline and 8 diesel. Discontinued for 1966 are the 153 cu. in. four and the 348 and 409 cu. in. V8's.

Gas engines new to the 1966 Chevrolet truck line are a 250 cu. in. six of 155 hp., a 366 cu. in. V8 of 220 hp., a 396 cu. in. V8 with ratings of 325 and 360 hp., and two V6's of 401 and 478 cu. in. displacement developing 237 and 254 hp.

The new diesel is a 637 cu. in. four-cycle V8 in two versions developing 195 and 220 hp. It is offered in two models of a new heavy-duty series with gross combination weight ratings up to 65,000 lbs.

The 250 cu. in. six is based on the highly successful design of the Chevrolet 230 cu. in. six, which is retained in the line for some light-duty models. The new engine is much smoother and quieter than previous in-line sixes.

The 366 cu. in. V8 engine is approximately the same size and weight as the 348 cu. in. V8 it replaces, but its design differs substantially from its predecessor.

Major emphasis in the new engine is on structural strength and rigidity. Cylinder wall thickness is 25% greater and block structure is much heavier than in any previous Chevrolet gasoline truck engine.

The 396 cu. in. engine is similar to the 366 in design and features, but gets its greater displacement through a larger cylinder bore.

The 401 and 478 cu. in. V6 engines are modern power plants with over-square design for low friction and maximum efficiency, economy, and operating life. Truck durability is designed and built into these two new power plants.

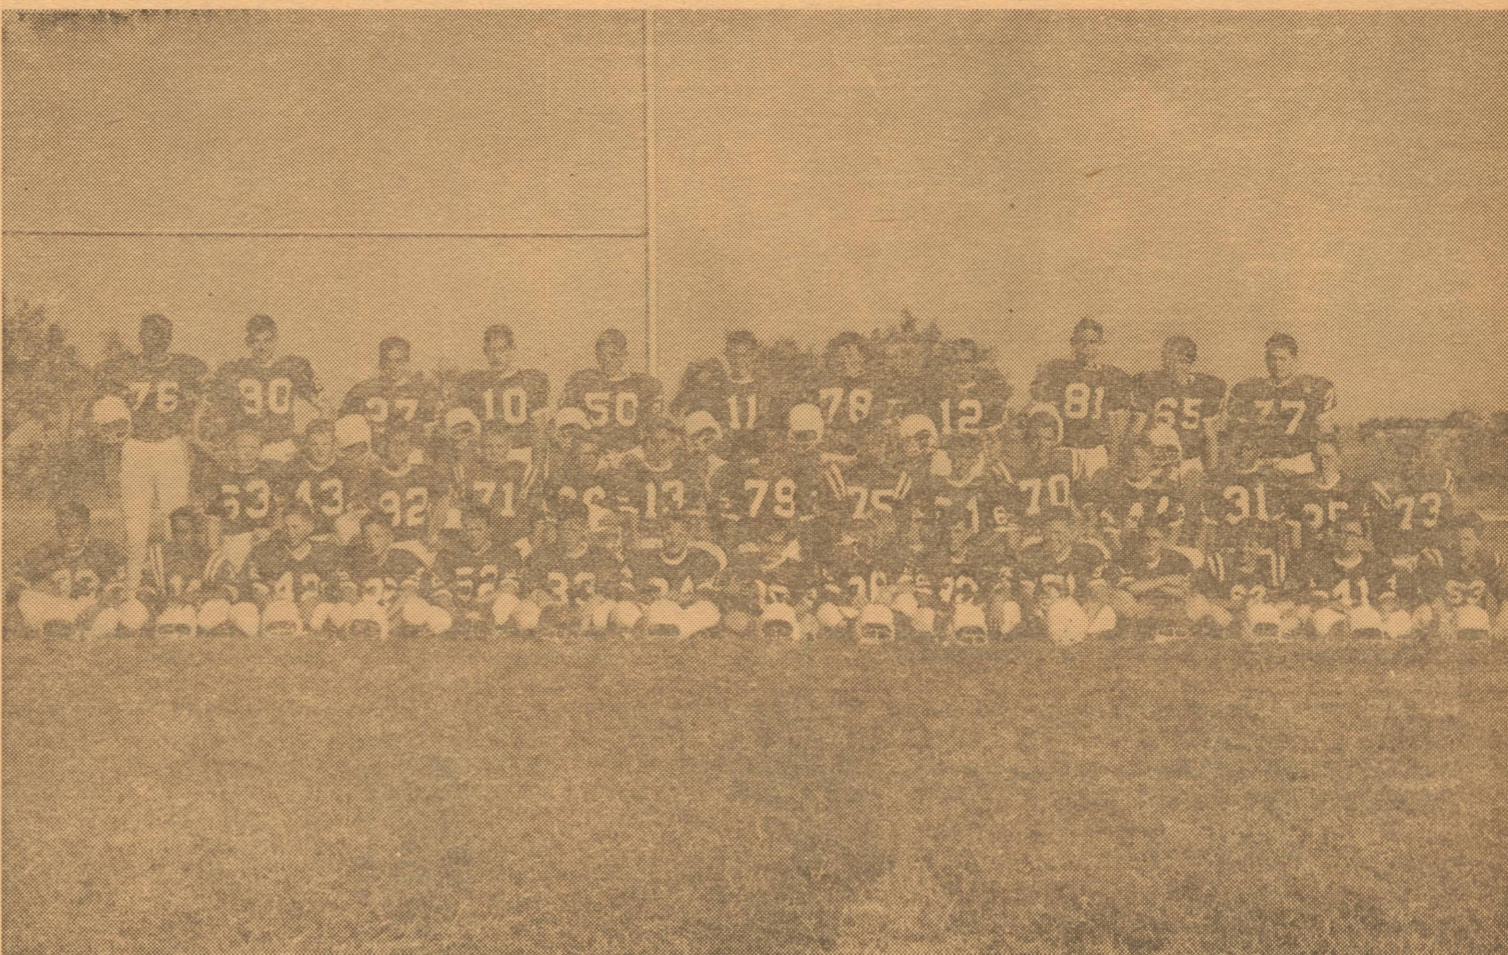

The new 637 cu. in. V8 diesel is of the same basic design and construction as the 478 cu. in. V6 introduced in Chevrolet trucks last year, but with a larger displacement derived from the additional two cylinders.

Two versions of the V8 engine will be offered.

Eagle Chevrolet-Olds here in Eldorado is now showing the '66 Chevrolet truck line. On Oct. 7 the Chevrolet cars will be shown to be followed on Oct. 14th by the new Olds line.

Brownie Leaders Trained

Mrs. Lynn Griffin, Brownie leader, and her assistants, Mrs. Tony Cheatham, Mrs. Luther Dunham, Mrs. Jim Davis and Mrs. Charles Blair attended a leaders instruction clinic Tuesday morning held by Mrs. Joyce Smith of San Angelo.

The Brownies held a coke party last week to organize for a new season of work. The next meeting will be on Oct. 15 at 2:45 in the Corral room.

If you have a Brownie uniform to donate, exchange or sell, call Mrs. Tony Cheatham at 21403. It will be appreciated.

First Baptist Church

Sunday School Teacher Honored
Miss Marylu Ray was honored by the girls in the Sunday School class she served as teacher for the last year, on Monday night.

The 16-year-old girls appeared at the home of Mrs. Sadie Davidson where Miss Ray lives bearing a gift of stationery and a supper of sandwiches, chips, cookies and tea to surprise their teacher.

Miss Ray will serve as superintendent of the intermediate department of the First Baptist church next year. The girls will enter the young people's department.

Those attending the party were Judy Davidson, Vicki Overstreet, Jaque Davis, Carolyn Wilson, Judy Sallee, and Kay Sanders.

Royal Service Program For W.M.U.

The Woman's Missionary Union of the First Baptist church closed out the official church year with a program at the church on Monday afternoon. Mrs. Jack Griffin presided over the business meeting in the absence of Mrs. Carroll Ratliff, outgoing president. Mrs. Jack Wilson was elected to serve as Sunbeam leader for next year.

The program, "Scattered in the Orient" was from Royal Service magazine and was presented by Mrs. Edgar Spencer. Assisting her were Mrs. Fred Watson, Mrs. Wm. Rountree, Mrs. Jack Bell, and Mrs. J. B. Montgomery.

A tape recording belonging to Mrs. Frank O'Banion was played. It recorded the story of two missionaries serving in the Tokyo area of Japan.

Mrs. D. Williams read the Prayer Calendar and Mrs. Allan Kuykendall led the prayer. The Ruth Dickerson circle were hostesses and served the 22 members present.

F.H.A. Elects Officers

The Future Homemakers of America met after school last Wednesday afternoon to install the newly-elected officers of the club. Miss Dana Owens, sponsor, served as installing officer.

Jane Cain was installed as president of the club. Cissy Gault is 1st vice president; Martha Sue Page, 2nd v.p.; Judy Davidson, 3rd v.p.; Libby Preston, 4th v.p.; Kay Sanders, 5th v.p.; Jaque Davis, parliamentarian; Billie Gay Blaylock, historian; Nancy Kay Jurecek, secretary; and Norma Kay Mund, photographer.

Martha Sue Page presented the program which was on The Degrees of Achievement.

Garvin Now Stationed Near Wichita Falls

Airman Henson Garvin, who visited here recently on leave after completing Air Force basic training, is now stationed at Sheppard Air Force Base near Wichita Falls, where he expects to be stationed for some time.

He graduated from Eldorado High School with the Class of '64, and was employed at Parker Foods.

He subscribed to the Success and gave his address as: A3C Henson R Garvin AF18727919 Box A1709 CMR 1 Sheppard AFB, Texas 76311

CHANGE IN MEETING DATE FOR WOMAN'S CLUB

Members of the Woman's Club are being notified that the next meeting will be on October 26th instead of October 5th.

Sonora B's Edge Eagle B's

The Eagle "B" team held off Sonora 13-6 for two and a half quarters on a 95-yard punt return by Pat Childers and a touchdown by Pinky Dempsey last Thursday. However, in the third period Sonora drove for a touchdown making the score Eldorado 13 Sonora 12. The Broncos tried a pass for the P.A.T. which they completed making the score read Sonora 14 Eldorado 13.

Sonora's last score came only on a freak play that was questioned. Sonora punted with Jimmy Mann deep for Eldorado. Jimmy started to catch the ball but decided to let it go. It went into the end zone where a Sonora lad covered it and the Sonora officials called it a touchdown for the Broncos. A flag had been thrown also indicating that Eldorado had doughed the kicker. This would have given the Broncs a first down but perhaps not a touchdown.

The Eagles didn't give up the even amid this confusion. The green launched a drive that was on the one foot line when the final buzzer sounded.

Lonnie Gibson, an Eagle captain, was the night's leading ball carrier. He carried 7 times for 45 yards, caught one pass for 10 yds. One run was for a 40-yard gain. He was also a stalwart on defense leading in tackles with 7.

Pat Childers had 36 yards on 14 carries, one touchdown, one extra point, and one pass for 9 yards. Pat kicked off four times for 95 yards, and returned two punts for 105 yards. He also punted four times for 150 yards. Pat was credited with 6 tackles.

Pinky Dempsey had 34 yards on 13 carries and scored a touchdown. Defenses were good as usual as Lonnie Gibson and Kirk Jones led with 7 tackles followed by Pat Childers with 6, Jimmy Mann 6, Jimmy McGinnes 5, Allan Corbell and Bill Whitten 4, Mickey Pennington and Chris Faulk 3, and Pinky Dempsey 1.

The Eagles "B" team are now 1-2 for the season.

Mrs. Dempsey G. Saiter spent a few days in a San Angelo hospital last week, and has been confined home all this week.

Mrs. DeWitt Patton and daughter, Elizabeth Ann, arrived here Tuesday to spend a few days with her parents, Mr. and Mrs. Jack Elder and other relatives. She and

her husband are moving to Bryan this week from Pittsburgh, Pa., where they have made their home the last several years. DeWitt Patton has accepted a position with A&M College and will assume his new duties there Oct. 15.

Eagle B Host Ozona

The "B" team, after losing a close one last Thursday, will prepare for Ozona tonight, Thursday. The Ozona "B" is supposed to be one of the strongest in recent years so no doubt the Eldorado group will have their hands full.

The "B" team has a new member of the squad in Jesse Bosmans. However, Jesse has only worked out since Monday and his action will no doubt be limited. Otherwise the team will be much the same as it has been for the past three games.

Tonight's games here with Ozona: The Jr. High game will begin at 5:00 p.m. to be followed at 6:00 by the "B" teams' contest.

Lions Club Meets

A two-part program was given at the meeting yesterday of the Eldorado Lions club.

Steve Whitten and Jane Cain of the local high school reported on the Attorney General's Youth Conference they attended in Austin. They were introduced by T. P. Robinson, Schleicher county attorney.

Ed Meador discussed the seminar which was held here last week and which about 30 local people attended. Theme was developing the area's resources, with special emphasis on tourist development.

Charles Wimer presided at the meeting. The guests, Buddy Hicks, Kenneth Rogers, and Bobby Sykes, were introduced by Gene McCalla.

Speed Reading Course Completed By McGinty

Mrs. Ruth C. Williams of Eldorado recently received word that her son, Albert S. McGinty, had completed a speed reading course offered by Optimization, Inc.

Mr. McGinty, who attended school here in Eldorado about 35 years ago, is now principal of Harlandale Junior High School in San Antonio. He began the speed reading course with a reading speed of 162 words per minute and was graduated with excellent comprehension at speeds of over 10,000 wpm. One of the study requirements was to read a complete book in 15 minutes.

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

I don't know how you feel about it, but I'm getting enough of those little attached cards inside magazines which say, "You may already have won." True, but on the other hand I may not have won. I've signed and mailed dozens of those nagging little pieces of paper. Nothing in the way of prizes so far. And about half the time you are supposed to present them to a dealer in something like chain saws who is located somewhere in Minnesota.

I've just made a stern resolve I'm not going to sign any more. Somebody else can have those fabulous prizes—I'm getting out of the running right now. I just pitched away a chance for more than 26,000 prizes. It's just possible I might have won something.

It has always been my opinion that Schleicher county homemakers are ones of integrity and now I'm convinced. Know how I know? We still cook from scratch. The majority at least.

As we discussed convenience foods and prepared some for demonstration in the clubs over the county the proof has shown up. In talking to a group of 14 women not one had ever tasted pre-cooked potatoes. And as I think of it I don't believe I have either.

I must retract. One woman said that she had served ready-mashed potatoes once—but just once. Her husband's repeated comment of, "I can't figure out what's wrong with these potatoes," has put her back in the potato peeling business.

Don't get me wrong. I'm not against convenience foods. But I do want them convenient and good, not just good and convenient. If I'm going to spend calories and money on a pie I want the best pie possible. I believe most homemakers feel the same way.

A very good cook told us about this experience the other after-

noon. She said that her son, a young man who works in another town, was coming home for the week end. She wanted to have something special so she made the best chocolate cake she could—even to using country butter.

After eating the first piece the son said, "Mother, I believe this is the best cake made out of a mix that I ever tasted."

"From now on that's exactly what he gets, too," the mother said with just a little disgust in her voice, "we've never had cake mixes at our house but we are beginning now."

Convenience foods cost more. They have got to. Somebody must be paid for getting everything ready to heat and eat. Or maybe freeze and eat. Much of it is ever so much better than we could ever do in our own kitchens regardless from where we start, that I'm aware of.

One item which has been named as a favorite ready prepared item is the prepared chicken or turkey dressing mixes. Pre-mixed, pre-seasoned, ready for water, milk or chicken broth and quick as a flash—it's ready.

Frozen onions by the pound can now be bought. About 30 cents per pound I think and fresh onions run from 11 to 15 or 16 cents usually. I've seen the time that I would have been glad to save myself the wear, tear and tears of chopping onions for 14 cents a pound.

Not all quick and easy foods have to be bought. Some we can do for ourselves. A home made master mix costs just about half the price of the popularly boxed mixes and tastes just as good.

The Basic Master Mix is made like this—

- 9 cups all purpose flour
- 1/3 cup double acting baking powder
- 1 tablespoon salt
- 2 teaspoons cream of tartar
- 1/4 cup sugar
- 2 cups shortening (which does not require refrigeration).

Stir all dry ingredients together

mixing well. Blend shortening in with pastry blender. Mix until mixture is the consistency of meal. Keeps as long as the shortening will. Does not need refrigeration.

Muffins

(Have been liked very much)
3 cups Malted Milk
2 tablespoons sugar
1 egg
1 cup sweet milk.

Add sugar to mix. Beat egg and milk together. Add to mix and stir until flour is just moistened. Bake in greased muffin pans for about 20 minutes in hot oven—425 F.

We dipped tiny muffins in melted butter and then rolled them in cinnamon and sugar. Good.

To make biscuits: 3 cups mix & 2/3 to 1 cup milk. Mix as for any biscuit. Bake at 450 F. for 10 to 12 minutes.

To make griddle cakes or waffles: 3 cups mix; 1 1/2 cups milk, 1 egg. Mix as for muffins. Bake on griddle or waffle iron.

Bruce Luedecke Dies

Funeral services were held Friday in Menard for Bruce H. Luedecke, 62, brother of O. H. Luedecke of this county. Interment was made there.

Mr. Luedecke died Thursday morning in the Menard hospital following an illness of 14 months. He was born in Lockhart in 1902 and had lived in Menard since 1946.

Mr. Luedecke was a member of the Church of Christ and the American Legion's McCoy Post No. 378. He was a World War II veteran.

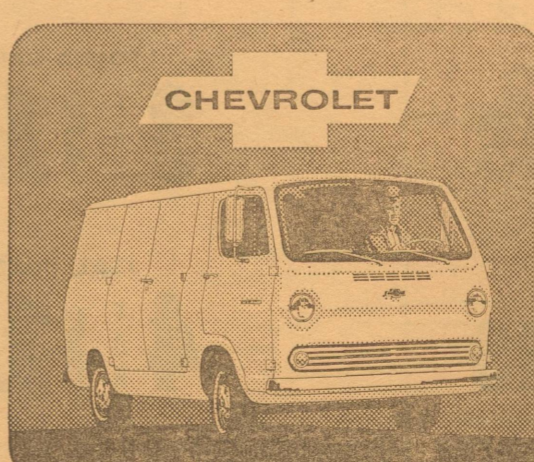

Survivors include his wife; a daughter, Mrs. Shirley Stevens of Eden; two brothers, O. H. Luedecke of Eldorado and Clint Luedecke of Security, Colo.; three sisters, Mrs. J. W. Strickland of Luling, Miss Garnette Luedecke and Miss Mozelle Luedecke, both of Midland; two grandchildren and several nieces and nephews.

County Agent W. G. Godwin was in Ballinger Tuesday.

CHEVY'S BUILT FOR BIGGER THINGS IN '66!

NEW CHEVROLET WORKPOWER IS HERE!

NEW HEAVYWEIGHTS UP TO 65,000 LBS. GCW! The all-new Series 70000 and 80000 models are here—the biggest Chevies ever built, out to do the biggest jobs any Chevrolet trucks have ever done! They're ready to cut costs with new V6 gasoline engines, new V6 and V8 diesels. They offer, also, a new 92" cab that's the best yet for working efficiency, new higher capacity frames and axles and a high 65,000-lb. GCW rating.

NEW LIGHT-DUTY WORKPOWER! The most widely used of all truck engines—the famous Chevy light-duty Six is built for bigger things in '66 with a big new 250-cubic-inch design. It's the standard power plant in most light-duty models. Also, users of 1/2-ton models can now specify a big 327-cubic-inch V8—the most powerful engine ever offered in a 1/2-ton Chevy truck. See the new Chevies now, at your Chevrolet dealer's.

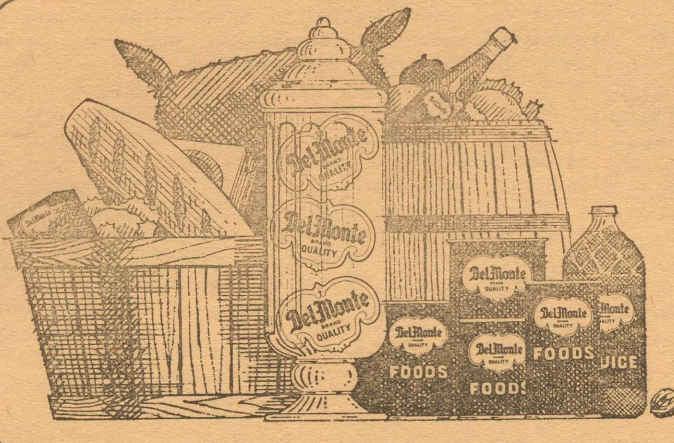

Here's low-cost Chevy-Van—economy champ of Chevrolet's long, strong covered delivery truck line.

Telephone your Chevrolet dealer about any type of truck.
