65TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS (76936) Thursday, October 13, 1966

Number 41

It's Fifteen Bales, Not 15 Hundred

With nearly half of October gone Mikeska gin yesterday had 5 bales ginned and 10 more on the yard ready to be ginned.

At this time in a normal year the gin would probably be reporting 1500. With heavy clouds overhead and a threat of rain, it was not likely Mikeska could expect any more bales that day.

According to Mikeska and John Mayo the 15 bales so far have come from three places—Arch Mittel, Grat Edmiston and Gillie Pfluger.

They said a number of farmers were planning to defoliate in the near future provided weather conditions would permit, and in that case there could be a ginning rush in November.

S. S. Man To Be Here Tomorrow

A representative from the Social Security office in San Angelo will make his monthly visit here Friday (tomorrow) from 1:00 to 2:30 p. m. at the Court House, to assist local residents in filing claims, or who need information on such claims, etc.

"Each month 120,000 Americans reach age 65," according to Ted F. Moellering, district manager. "If these people wish to have medical insurance starting with the month they reach age 65, they must apply for it during the three-month period before the month in which they become 65."

A person who will be 65 in January, 1967, should apply during October, November or December. If he waits until January, the medical insurance will be effective in February, 1967.

This example shows that it does not pay to be late in applying for social security. Even those persons who do not plan to retire should file an application before age 65 in order to get the valuable protection they can now have under the medicare program.

No Longer Chamber of Commerce Deal

Hospital Project Gets New Group Of Leaders

The hospital and nursing home project initiated by a few directors of the Chamber of Commerce and publicized in The Success on the first of September, met with such widespread citizenship endorsement that C of C directors realized that it should be made a county-wide program and not an exclusive plan of the civic group.

Accordingly in a series of committee meetings in the last two weeks, a new steering (executive) committee was brought into being and three individuals have volunteered to take charge and carry the ball. They formally assumed their duties in a meeting Monday night.

Don McCormick, manager of Southwest Texas Electric Co Op., and life-long resident of Schleicher, has assumed the role of chairman of an overall executive committee. He will be assisted by John Williams, long-time Schleicher county rancher, recently retired but deeply interested in the progress of the town and county. The third member of the committee is Duane Branham, who is conscious of this county's deficiency in medical facilities, and whose wife is now employed as a registered nurse in Sonora.

This much—just this—was the result of a meeting on Monday night. From this point on, Mr. McCormick and his committee will be in overall charge of the project.

Many others have declared they would help in any way they could, and no doubt some will be called on to serve on special committees.

One of the most valuable volunteers is Mr. T. R. Spence, who has agreed to contribute his talents in dealing with architects and contractors in the problem of actual buildings. For some 20 years he was manager of the office of Physical Plant for the entire A & M system, and his services will be most valuable when the time approaches for plans, specifications and bids for actual construction.

Present at the meeting Monday night in addition to Mr. McCormick and Duane Branham (Jim Williams unable to come) were Fred Gunstead, A. G. McCormack, E. C. Peters and Patton Enochs.

Chairman McCormick has directed that a representative of The Success be present at all committee meetings and that complete and frank reports be made to the citizens of the county as the program goes on.

Post Script

On November 8th, the General Election will be held, with interest expected to be centered mainly in the U. S. Senate race. Waggoner Carr, who won Democratic nomination in primary last Spring, is trying to unseat Republican Senator John Tower.

So far, things remain quiet locally in regard to the coming political contest.

The Success received copy for the ballots last week, set the type, and by this week end expects to have the ballots printed and delivered to the County Clerk's office.

Absentee voting will start late this month.

Also on the ballot, Democrat Dorsey B. Hardeman is seeking reelection in the 25th District. His Republican opponent is Raymond St. Germain of Midland.

Mr. St. Germain was here last Thursday in the interest of his campaign.

Local nominees for office won the Democratic nomination earlier, which is "tantamount to election" and they have no Republican opponents.

So main interest will center on the Carr-Tower contest for U. S. Senate.

Earl Parker, local Rambler dealer, invites everyone to come in to his showroom today, Thursday, have refreshments, and see the new '67 Rebel Sedan now on the floor.

The new Rebel was one of two units which came in late last week for showing. The other Rambler was damaged in transit, so Mr. Parker returned it to the factory.

The Woman's Club is holding a Bake Sale today (Thurs.) in the Eldo Hotel, beginning at 9:30 a.m. Come by early to select your choice of the home-baked products that will be available, members stated.

I happened to drive out the Merton highway Friday evening and my attention was called to a big flare burning out in a Whitten pasture.

What it was, of course, was the Cabot No. 2 Whitten gas well, which had kicked off and was being allowed to blow and clean itself out. It was going like a big blow torch.

James McWilliams was there in charge of the operations, and H. A. Belk was there too. He had installed a small butane tank which provided a constant "pilot light" flame.

The pipe, leading from the well control head over to the slush pit, was covered with white ice, indicating heavy pressure. The flames were blowing out across the slush pit and high into the air.

On the far side of the slush pit and well above ground were REA poles carrying two power wires. As I stood there one of the wires burned in two from the intense heat just below them—and the two ends dropped to the ground. A few minutes later the other wire, too, broke and fell.

McWilliams was out there in his pick-up accompanied by his wife. He asked her to drive back to town and notify the CoOp boys about their broken line. I am sure they took whatever steps were necessary to prevent any danger from broken lines.

Things like this are all a part of the rapidly developing gas well activity in Schleicher county.

Ten years ago when anyone drilled a well they were looking for oil, and any number were abandoned and declared dry holes because they failed to produce oil.

Since then gas in paying quantities has been discovered, which has caused a new look at old failures. Many "dry holes" are being "re-entered" and turned into profitable gas wells.

With our subscribers: Mrs. L. T. Wilson has left for California to spend the winter. Her address will be 2901 Concord Blvd., Concord, California 94520.

The following item appeared in a recent issue of The Texas Observer, published in Austin:

"The Texas State Bar Association is embarrassed that three of its lawyer members now serving penitentiary terms are still licensed to practice in the state, the New York Times reports. They are Clem McClelland, James Bryson Martin, and Sam Hoover . . . W. O. Shafer of Odessa, bar president, says a confidential statewide poll showed that lawyers rank next to last among professions in Texans' esteem, one notch above chiropractors."

That corroborates an impression we have had for some time. There has been much said in recent years about a shortage of doctors and dentists, but we have not heard anything about a lawyer shortage. Yet, as recently as 35 or 40 years ago, lawyers had higher incomes than doctors.

The law profession still provides the traditional entry into political offices on the state and national level.

Several factors may have combined to change the public image of lawyers. Among these are, first, they seem to try to avoid the flamboyant tactics which in the courtrooms of yesteryear provided so much intense drama. People then "went to court" as fans as eagerly as to movies and other events. Second, the young lawyers who are now admitted to the bar search out soft berths in the large impersonal firms.

All in all, it must be of some concern among top officials of the State Bar Association that their public image is in need of repair.

Highway 29 from the cotton gin on west for a number of miles is pretty well torn up at this time. While travelers can still go through it is pretty rough and slow driving. Through traffic is being directed around the Reynolds farm-to-market loop.

Mrs. Allan Kuykendall has had a room added onto her house. The project is nearly finished, and Fred Logan was contractor.

Tough Game Expected With Iraan

Last Monday morning the "Old Professor of Football" looked up from his careful perusal of the week's 8A football activities, leisurely pushed his glasses from down near the end of his nose up over his bushy and grizzled eyebrows, and carefully joined the tips of his fingers while his elbows rested relaxedly on his desk. "Let's see," he mused, "Ray Morgan's boys have won—hmm—three games, lost one to 2AA Crane, and tied one with Robert Lee. It's time for those Eagles to take a real examination on football fundamentals with a really rough, tough hard-luck outfit that will make the Eagles really get down to business. Now what sort of test would be best? They know about the 'drum bit' from Rankin a year or so ago." Here the old professor's eyes took on the 1,000-mile focus and he continued musing.

"But they will get as rough an exam with the Iraan Braves tomorrow night as they could take just now. Those Braves have played five and lost four and they have had enough hard luck to make them 'grass killing wild,' so Friday night is exam time for those Eagles."

This may sound somewhat facetious, but it is as true as can be. Coach Jerry Larned who came to Iraan from Class AA Duncanville up Fort Worth way has a finely

Bulletin Board

HOW THEY CAME OUT LAST FRIDAY:

Sonora 32	-----	Junction 13
Ozona 20	-----	Menard 0
Rankin 22	-----	Iraan 8
Eldorado 36	-----	Sanderson 0

How They Stand:	w	l	t
Rankin	5	0	0
Sonora	4	0	0
Eldorado	3	1	1
Menard	3	2	0
Junction	3	2	0
Ozona	3	2	0
Iraan	0	4	1
Sanderson	0	5	0

Where They Play Tomorrow Night . . .

Sonora at Rankin
Junction at Ozona
Sanderson at Menard
Iraan at Eldorado

coached aggressive aggregation. Their latest frustration took place last Friday night against Rankin which team they could well have defeated or at least tied but for two disasterous fumbles. The Braves rank high percentage wise on fundamental skills. They block and tackle ferociously and exhibit the

Homecoming Game Friday To Include Crowning of Queens

When the Iraan Braves come here Friday night to meet the Eagle team, it will be the Homecoming game to which all EHS exes are invited. Also, the half-time show under direction of Eagle Bandmaster Wayne McDonald will be highlighted by the crowning of the Band Queen and Football Sweetheart. Both of these were elected Wednesday, and their identity will be kept secret until game time Friday. A Pep Rally will be held Friday morning at 11:30 in the school auditorium.

Sanderson Downed 36-0

Sanderson pulled out all the stops last Friday night from parades, torchlight pep rallies, and all the trimmings in preparation for their 8A contest with Eldorado; but they still played the game on the football field where the "Thin Green Line" shattered Sanderson enthusiasm with a devastating five-touchdown first half after which the Eldorado Reserves took over and held Sanderson lads scoreless. Final tally was 36-0 for Eldorado.

Statistics show how hard and fast the Eldorado Eagles whacked Sanderson:

Eldorado	Sanderson	
19	First Downs	13
347	Yards rushing	126
118	Yards passing	5
306	passes att. & compl.	10f10
1	passes intercepted	0
1	fumbles lost	3

Sanderson was able to complete only 1 of 10 passes and their only scoring opportunity was dashed when Buff Whitten intercepted late in the fourth quarter.

Donald Rogers, Pat Childers, and Kirk Jones each captured a Sanderson fumble, all in the first half.

Eldorado scoring went like this: On the fifth play from scrimmage, two minutes into the game, D. Halbert pitched an accurate aerial to D. Rogers who bolted over the Sanderson goal, garnering 55-yards on the pass-run sortie.

After forcing Sanderson to punt again on the fifth play, D. Halbert pitched to Rogers again, this combination netting 35 yards.

Four plays later after Eldorado got the ball, QB D. Halbert scatted 25 yards to score on a bootleg play. He was well assisted in this endeavor by J. Bosman who "whacked" a couple of would-be Sanderson defenders down on the seats of their respective pants, insuring Halbert against too much unpleasantness on his journey.

Next scoring play in the second quarter saw C. McCravery blast a Sanderson lineman out of the way on a trap play; and R. Davidson zipped over from 33 yards out to score.

Then D. Halbert pitched to J. Bosman for 30 yards and Bosman loped five yards more to tab the fifth touchdown.

Place kicking team composed of P. Childers with the toe and D. Halbert to hold earned two extra points and D. Halbert passed to J.

Letters From The People

Hospitals Are Expensive

I have never stated that I was against a hospital or any other medical facility located or to be located in Eldorado. What I did say was that I believe we should see and study both sides of the problem before we start out to put another taxing organization into action over the people of Schleicher County. I have tried to point out that regardless of who pays the taxes, a hospital district located in a small town will operate at a substantial loss.

Colorado City has a population of approximately 6,000 people and five doctors practicing yet they are unable to keep a hospital open. Due to rising medical costs and the lack of adequate personnel small hospitals are being forced to close or operate at a great financial loss. The Sonora Hospital operated at a loss of over \$38,000 last year and draws its patients from a far larger area than would Eldorado.

I talked to the County Judge of Kimble County yesterday and he stated that Dr. Brame was wrong and they do not intend to reopen their hospital.

—Walter C. Pope, III

will to win all the way on through the sound of the final horn. Iraan is indeed a stern test for Eldorado tomorrow night.

Iraan utilizes "Wing T" offensive formation and makes good use of their fine fullback, Larry Smith. Smith carries so well that the Braves are quite ground minded but can and do pass when necessary. Their pitcher is their quarterback, Gladden, whose favorite target is their left end, No. 30, Hale. Just to discourage defensive tactics from keying too much on Smith, the Braves have an effective trap play which uses Smith as a decoy and then brings Wingback No. 15, Rylander back behind Smith. He can run.

Defensively, the Braves employ a four-man front but rely on five linebackers with two secondary men. The three inside linebackers and the two inside men or guards on the four-man front engage in a variety of tactics including blitzing, converging, angling, etc., in their efforts to do all possible to discomfit opponents offensive efforts. The Eldorado offensive unit clearly faces its most dangerous challenge to date.

The Iraan starting lineup consists of five seniors, five juniors, and one sophomore. It will probably be as follows:

No.	Name	Pos.	Wt.
30	Hale	LE	151
73	Watts	LT	170
62	Wortham	LG	157
70	Heath	C	244
51	Rowe	RG	151
74	Ramirez	RT	165
28	Mabry	LHB	145
15	Rylander	RHB	118
22	Smith	FB	150
11	Gladden	QB	151

Season record for the Braves has been one of disappointment and frustration. They lost to Class AA Big Lake 28-6, to 2A McCamey 26-20, to Junction 15-7, to Rankin 22-8, succeeding in one instance to a 14-14 tie with Stanton. They are far from impotent and are in fact a competent aggregation. Whoever deals with them in following weeks should exercise great caution and this is particularly true for the Eldorado Eagle tomorrow night.

The Eagles will probably have as starters J. Bosman and D. Rogers at ends, R. Buchner and J. Mayo at tackles, K. Jones and C. McCravery at guards, A. Corbell at center, R. Davidson and J. Halbert at halfbacks, P. Childers at fullback, and D. Halbert at quarterback.

Defensive positioning will probably see D. Halbert and M. Pennington at ends, Rogers and Buchner at tackles, Corbell and Mayo at guards, with McCravery and Childers as line backers and Davidson, J. Halbert, and Bosman at the three-man secondary.

Conclusions are that this will be a dangerous evening for Eldorado. It will be a good time for bruises and aspirin.

Comment

The entire Eagle football team and the coaching staff have said repeatedly how much they appreciate the generosity of fans and backers who made it possible for the Eagles to journey to Sanderson by chartered bus.

Congratulations to Senior Bobby DeLong whose long period of heartache and disappointment may be ending. DeLong, currently president of the Eldorado High School Student Council, lettered last year and was keenly anticipating the '66 season when he became victim of illness and misfortune. Here is a sincere hope that the last half of this season may be to his liking and that he can contribute materially to Eagle efforts.

GAMES AT SONORA TONIGHT

The Junior High and B teams will be in Sonora tonight, Thursday for three football games.

The 7th graders play at 5:00 p. m., the 8th graders at 6:00, and the B team will play at 7:30.

Visiting recently in the Gus Love home were Mrs. Frank Williams of Hondo, Mr. and Mrs. Delbert Hicks and Mr. and Mrs. Lynn Love, of San Antonio, and Mrs. Merl Davis.

Eldorado, Texas

COUNTY AGENT'S COLUMN
by Tiny Godwin
Schleicher County Agricultural Agent

Stocking rates are vitally important to the modern day rancher, and should be determined on the basis of forage available.

Moderate stocking rate means carrying only the number of livestock that can utilize about one-half the current season's forage production. The remaining half is used for maintenance of plant vigor, deep root system, cover to protect the soil from erosion, extreme temperatures, and influences deeper moisture penetration, and provides for efficient forage, livestock and wildlife production.

Keeping the livestock operation flexible is sound management. This means grazing only three-fourths as many animals as the range is estimated to carry. This can also be termed as a low base herd. During the good years when there is an excess of forage, the rancher can keep the calves longer before marketing or purchase fast gaining high grade stockers to utilize the grass.

During dry years when forage becomes short, livestock should be culled and sold. When deer are grazing the area, the livestock stocking rate must be adjusted to maintain forage for the number of wildlife that is estimated on the range. Livestock and wildlife should not be competition for available forage.

Advantage should be taken of hunting leases to increase total ranch income.

Stocking rates should be based on the amount of forage available and not on the amount of rainfall that is expected to grow the grass crop. A range inventory to determine stocking rates should be made during August or September and again at the beginning of the growing season. Livestock numbers should be adjusted at the time of the survey to maintain forage production. The main thing is to adjust the livestock numbers before the grass supply is used.

It's what you learn after you know it all that counts.

Know the source soil to be used for making a flower bed, establishing a lawn or filling low spots in the yard. Soil from an unknown source may be low in price but it can be expensive in the long run.

Many homeowners have found that bringing in topsoil adds to their gardening problems because eases have been included. Rich looking rived bottom soils are frequently infested with nutgrass, and other hard-to-kill weeds as well as being a source of nematode infection.

These pests, points out the county agent, may completely destroy lawns, flower beds and other garden plants. The homeowner is then forced to spend extra money for chemicals to control the pests and re-establish the lost plants.

Investigating the source of top soil can save a great deal of time and trouble and pay big dividends in the future.

You can figure the price of eggs by dividing 12 by the weight of the size of egg you are considering. On the average, small eggs weigh 18 ounces; medium eggs, 21 ounces; and large eggs, 24 ounces. Another rule the 7 cent rule. Buy the large egg if the difference in price is less than 7 cents per dozen. For example, if large eggs are worth 63 cents and medium eggs, 59 cents, buy the larger size because you are getting more for your money.

According to records of the animal health division for Schleicher county, only 878 cattle were tested at slaughter under the market testing program. This number represents 110 herds. Only one reactor was disclosed.

It has been the ruling of the federal and state health officials that Schleicher county will be re-certified for brucellosis when this said reactor is run down. This means that ranchmen will not have to blood test 20% of all herds in the county for re-classification for a modified-certified brucellosis county, by November 14, 1966.

Health officials will be in the county Wednesday, October 12, to take care of recertification.

Thanks to all ranchers who co-operated and volunteered to get up their cattle for testing and to John Rae Powell, Wilson Page, and others that co-operated in helping co-ordinate the brucellosis program in case the 20% would have had to be tested for re-certification.

Ideas are much like children. Yours are very wonderful.

No new screwworm cases have developed in the county the past week but in adjoining counties the situation continues to increase. Every effort has been made to release flies over every case of hot spotting, strategic, or grid release.

It continues to be imperative for the owners to collect samples and send them to Mission, Texas for identification. Owners are urged to use preventive sprays.

Optimist: The man who is always able to laugh at your troubles.

District 4-H Council Met At Robert Lee

The District 4-H Council met in the Recreation Hall October 1, in Robert Lee, Texas, with Coke county members as host.

Doyal Urban, District Chairman, presided over the meeting. The group was welcomed to the city by Coke County Judge, W. W. Thetford and Vaughn Davis, member of Robert Lee City Council.

Doyal Urban and Sandra Marshall, District Co-Chairmen, gave a report on the State 4-H Council, sponsored by United Gas, which they attended in June. Doyal also reported on the State Youth Conference which he attended in Austin along with two other District 7 4-H'ers, Scott Beaver and Cindy Beck of Talpa. He urged the youth to attend the District Youth Conference October 15.

Charlyn Urban reported on the 4-H Talent Tour to Ft. Collins, Colorado which she had the privilege of attending. Adult leaders, from various counties reported on the Adult Leader Associations which are being formed around the District at present.

It was announced that the District 7 Gold Star Banquet will be held December 7 at 12:00 noon in the Cactus Hotel, in San Angelo.

Counties on the committee to plan District Camp are Taylor chairman, Nolan, Coleman, Runnels, Coke and Tom Green.

Concho County members provided the recreation.

The next District Council will be held in Fredericksburg on March 18th.

Members attending from Schleicher county were Patsy Tampke and Velma Tampke. —Kathy Fleming, district reporter.

David Steen has gone to the University of Mexico City where he expects to take a course.

Maximum potential yields can only be attained from soils with good fertility and good physical condition. These conditions are usually present in soils when they are first put in cropland from grass land in good condition. This good condition cannot be maintained without the use of cover and green manure crops. Soil condition and fertility becomes better or poorer depending on the treatment it is given.

Moisture conditions are good for planting a crop to be used for cover and soil improving. Winter growing crops that can be planted now for cover and soil improving are small grains, Austrian winter peas and clovers. Clover is the only one of these that would require special planter boxes. The planting of cover crops should be given the same good treatment as any crop. Legume crops such as clover and peas should be inoculated with the proper inoculant when they are planted.

Soil conditions throughout the world are dependent on the use and treatment given by those who use it. In America the choice of treatment and use of the land belongs to those who own or operate the land. Their economic welfare is governed by their good or bad management. However, whatever trade or profession, the soil is just as important to you.

The crop year of 1966 will soon be over and will be remembered as another year of low yield by most farmers in the Eldorado Soil and Water Conservation District.

Low rainfall has been the main factor that has affected this year's crop. However, rainfall alone has not been the only thing that has affected the yields. Good practices and the application of conservation practices have also affected this year's crop yields.

Some of the things that can affect next year's crop can be done now. Some practices that can be applied now will benefit next year and crops for several years later.

Cover and green manure crops fit in this category. Land is benefited while it is being grown. But the most benefit is usually the increase in crop yields due to the improvement of soil fertility and soil condition.

Land in grain sorghum or small grains this year is a good place to plant crops for cover and soil improvement. Also, land not used for crop this year, is a good place to plant cover crops. Cover and green manure crops should be included in the conservation cropping system and panted systematically as cotton and other crops.

Assistance in planning, layout practices available from the Soil practices available from the Soil Conservation Service technicians assisting the district. Cost share assistance in applying conservation practices is available through the Great Plains conservation program and the Schleicher County A. S. C. office.

For LANDS sake and for MAN'S sake—plant cover and soil improving crops.

Veterans Land Sale Set For Nov. 15th

Austin, Tex.—Land Commissioner Jerry Sadler announced that a Veterans' Land Board Forfeited Land Sale would be held on November 15, 1966, in the General Land Office. He pointed out that the Program has exceeded all expectations in its success and value to the people of Texas.

Sadler said that the delinquencies on veteran contract payments are lower today than at any time in the history of the Program. Land prices are higher and the Program is making a \$2½ million profit per year for the taxpayers of Texas, in addition to helping veterans own a tract of land that they fought to preserve.

"Those interested in purchasing land should take advantage of this sale," Sadler said.

Rev. J. C. Hancock Goes To Mason Church

Rev. J. C. Hancock, former pastor of the First Baptist church here in Eldorado who served churches in Houston and Sanderson after leaving here, has been named pastor of the First Baptist church at Mason and is now on the job there.

The following report appeared in the Oct. 6 issue of the Mason County News:

The Rev. J. Clifton Hancock will begin his duties as pastor of the local First Baptist Church Sunday.

The pastor and his wife are natives of West Texas being reared in Fisher county. They have a 13-year-old daughter, Pamela Dianne.

Mrs. Hancock is the former Ida Lee Farmer, daughter of Mr. and Mrs. Lee Farmer of Clyde.

His parents, Mr. and Mrs. W. A. Hancock live at Rotan.

Rev. and Mrs. Hancock attended the Rotan and Roby schools and graduated from Hardin-Simmons University. He graduated from the Southwestern Baptist Theological Seminary in Fort Worth in 1953.

He began his work as pastor in 1947 at the Rowden Baptist church in Callahan county. He has also served the North Groesbeck church in Hardeman county, the Eldorado church, Garden Villas Baptist church in Houston and the church at Sanderson.

The Rev. Hancock has served in various capacities in Baptist area and State organizations. He is presently chairman of Evangelism and member of the Missions Commit-

tee of the Big Bend Association.

One who is active in civic and community organizations he served, by appointment of the Terrell County Commissioners Court, as treasurer of the Sanderson Disaster Fund following the flash flood there last year.

He served on the steering committee and also the fund raising committee for the Trans-Terrell Medical Center. In this campaign more than \$50,000 was raised in less than 20 days of May, 1966.

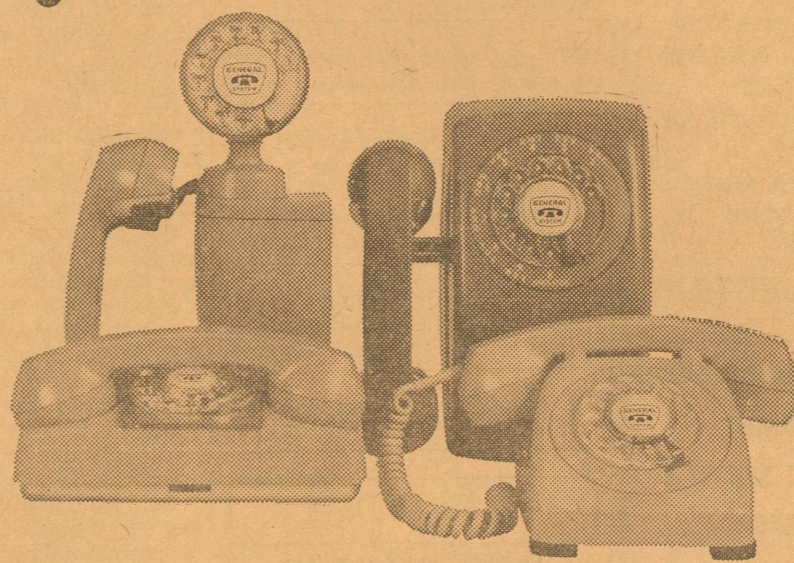

The new pastor wrote: "We are looking forward to being in Mason and anticipate a happy and lengthy relationship with the people of Mason and Mason county."

Texas Game Warden Trainees Now Sought

Austin, Texas.—The Texas Parks and Wildlife Department is accepting applications for prospective State Game Warden Trainees leading up to competitive examinations at eight key state cities in November.

Successful candidates receive \$397 a month while studying and \$453 per month after six months on-the-job training. They are requested to contact the nearest Parks and Wildlife Field Office or write to the Personnel Office, Parks and Wildlife Department, John H. Reagan Building, Austin, Texas. Completed applications must be received by the Department's Personnel Office no later than Nov-

New Eligibility For Legion Membership

Austin, Tex.—American Legion membership ranks have been opened to the current generation of veterans in what must have been one of the fastest legislative procedures in the history of the Congress and the office of the Chief Executive of the United States, according to Alvin Farris, commander of the Bev McCormick Post of The American Legion in Eldorado.

Just 48 hours after the Legion's 48th National Convention approved a proposed amendment to the Constitution, permitting Viet Nam veterans to become members, both Houses of Congress had passed the legislation necessary to amend the Legion's Federal Charter, and President Johnson had signed the measure into law.

Commander Farris stated that Viet Nam Veterans are now eligible for membership in world's largest Veterans' Organization and, in behalf of the Post, extends a most cordial invitation to these men to join The American Legion. Any member of the Post will be glad to accept their application.

Parents and/or wives of service men now fighting in Viet Nam are urged to clip this article and forward to them.

With the Presidential signature, men and women with honorable active service in the Armed Forces from August 5, 1964, until "the cessation of hostilities as determined by the Government of the United States," are eligible.

Tommy Roach was the first veteran of the Viet Nam conflict to join the Eldorado post, under the new eligibility rules.

Other periods of service for American Legion membership are: April 6, 1917, to November 11, 1918 (World War I); December 7, 1941, to September 2, 1945 (World War II); and June 25, 1950, to July 27, 1953 (Korean War).

Mr. and Mrs. Norm Cash and two children came in Sunday night from Detroit, Mich., where he is with the Detroit Tigers. On their way down, they spent two days at the medical center at Kansas City, Kansas, where they visited Mr. and Mrs. Ken Rosford. Mr. Rosford underwent heart surgery.

DO PEOPLE read these small ads in the Success? You just did.

In Those Days
Compiled From Success Files

ONE YEAR AGO
Oct. 14, 1965—The County Commissioners announced that more land was acquired in western Eldorado for the County Park.
A son was born to Mr. and Mrs. Earl Dean Clark.
Mrs. Ada Jones' funeral was held in Christoval. She was 93.

FIVE YEARS AGO
Oct. 12, 1961—Following their recent marriage in Fort Worth, Mr. and Mrs. Robert Duwain Sauer were making their home in the King house on Dixie Drive.
Bill Meador and 10-year-old son, Clay, returned from Valentine where they each bagged an antelope.
Peyton Cain became associated with the Ed Meador insurance agency.
Mrs. Ridgeway of San Angelo spoke at a meeting of the Eldorado Garden Club.
David Powell was recalled to Army duty.
Sandra Alcorn and Charles McLaughlin were attending Southwest Texas State College at San Marcos.

12 YEARS AGO
Oct. 14, 1954—The congregation of the Mission Baptist Church voted to set up their own East Side Baptist church. Joe Dossett was pastor.
Mikeska Gin reported 1200 bales ginned.
Jackie Ray Wade, Edda Lou Beach, and Myrta Cash were enrolled for the fall semester at Sul Ross College, Alpine.
Mrs. John Lueddecke returned home after spending several weeks in Midland with Mr. and Mrs. Boots Corbell.
With men in service: Kenneth Meneses was on an aircraft carrier in the Far East, and Jimmy Woodward was stationed in the Philippines.
Sons were born to Mr. and Mrs. Bill Wade and Mr. and Mrs. Fred Case.
Jorei Lasow's engagement to Truett K. Stanford was announced.

35 YEARS AGO
Oct. 16, 1931—Mrs. J. W. Hill was observing her 89th birthday.
City Variety Store was advertising gray cotton blankets, \$1.00 per pair and part wool blankets for \$2.50 per pair.
F. C. Bates, Sr., for 30 years a resident here, died at the home of his son, F. C. Bates Jr., near Sheffield. The elder Mr. Bates died at the age of nearly 100.
Cora Lee West, who was practicing nursing at Ft. Sam Houston, was home for the week end visiting her parents, Mr. and Mrs. C. C. West.
Dr. H. Z. Pennington of Floydada announced plans to move here Nov. 1st to begin practicing medicine. He rented the residence formerly occupied by the Leamans, from the West Texas Lumber Co.
Dr. Fred E. Baker, San Angelo optometrist, advertised that he was cutting prices in half on spectacles on account of his funds being tied up in the San Angelo National Bank that had closed. This was in order to raise working cash.
A daughter, Joyce Aliene, was born to Mr. and Mrs. Q. M. Sharp.
Forrest Alexander visited at home from Austin.
Velma May, EHS grad of '28 now teaching at Dry Hollow school on the line of Concho and Runnels counties, had a lengthy write-up of her summer school course when she was part of a group of students who traveled by bus through the South and to other points of interest in the Northeast.
Hollys Alexander had a write-up of the football game in which the Eagles lost to Menard 7 to 0. The Eagle line-up consisted of Jim West, Raymond Smith, Clyde Mills, Jack Ratliff, Bernard Carr, Marshall Chick, Karl Kerr, Lefty Smith, Jack Kerr, Junior Isaacs, and Albert McGinty.
Mrs. Stephen Perner and little son of Crockett county were guests of Mr. and Mrs. C. C. Doty for several days while Mr. Perner delivered some lambs to market.

FASCINATING FACTS:
OVER \$150 BILLIONS IN U.S. SAVINGS BONDS HAVE BEEN SOLD SINCE 1941. \$49.9 BILLION IS STILL OUTSTANDING, BUT THE REMAINDER HAS RE-ENTERED THE ECONOMY AS NEW HOMES, APPLIANCES AND NUMEROUS GOODS AND SERVICES.

7th Grade Game
Last Thursday night the Eldorado Eagles' 7th grade met the Big Lake Owls 7th grade for their first game of the season. Archie Nixon made the 1st touchdown and ran the ball for 2 extra points making the score 8-0. Mike Mikeska ran the second touchdown and Ricky Mann made the 2 extra points making the score 16-0 which was the final score.
Billy Dock Hubble played a very outstanding game as fullback and defensive line backer. Archie Nixon played outstandingly as an offensive quarterback. Ricky Mann and Willie Manning are to be given credit, also, on an outstanding game. All the boys played a good game with a lot of sport and desire to win. —Rep.

School News
The Texas Association of Secondary School Principals held their state convention October 9-11 in the Texas hotel in Fort Worth. Attending from here was Guy Whitaker.
The Governor's Committee on Public School Education is sending questionnaires on "How effectively are we staffing the public schools" to 128 selected schools over the state of Texas, including our own county-wide school here in Eldorado. The survey is being made among superintendents, students, teachers, and placement personnel.

Sanderson

(Continued From Front Page)

Bosman and R. Davidson for two 2-pointers after touchdowns four and five.

In the second half, Eldorado coaches sent in the Reserves for the invaluable training and seasoning these youngsters get under such conditions. In fact, QB R. Meador relieved QB D. Halbert some four minutes before the end of the first half. Bobby DeLong had opportunity exert himself after his heartaching frustrations healthwise in his final high school season.

All told, Eldorado Coaches were proud of the fact that Sanderson was able to post only 11 first downs on the Eldorado Reserves in full 24 minutes of play. They could tab only two against the first contingent. Nor has any team in five full games of the 1966 season been able to penetrate the "thin Green Line" for vital territory.

Only opportunity Sanderson had to score came as result of a 15-yard penalty which placed the ball on Eldorado's 7-yard line. Coach Morgan then dispatched the "Thin Green Line" to snuff out the threat. They did as four downs later the ball lay on the 12-yard stripe, net loss being five yards in four downs.

The game ended 36-0 with Eldorado out front and further compounded Sanderson's dismal 1966 season.

Petit Jury List Is Announced

The Fall term of 51st District Court will convene Monday morning at 10:00 in the Court House, under direction of Judge Joe L. Mays.

List of persons selected to serve as Petit Jurors during the first week of the October term, 1966, is as follows:

- Clovis Taylor
- Mrs. E. H. Topliffe
- Mrs. W. S. Carrell

Tom Wallace To Speak

Tom Wallace, president of El Dorado Woolen Mills, will participate as a speaker in the West Texas Chamber of Commerce Industrial Development Conference in San Angelo, October 14th.

Wallace will speak to the luncheon meeting on the subject of why Eldorado Woolen Mills selected West Texas, and particularly Eldorado, as a site for their mill.

Mayors, county judges, members of industrial foundations, chamber of commerce executives and other civic leaders from more than 130 counties will attend the all day session at the San Angelo Coliseum.

Explorer Scouts Launch New Year's Program

There was an Explorer Scout meeting Monday night in the Firehall. Several scouts and advisors were present.

Officers were elected for the 1966-67 Scouting year which ends in February. The following boys were put in office:

- Buddy Calk Pres.
- Richard Keel Vice-Pres.
- Jimmy Mercer Treas.
- Robert Wilson Sec.

Service projects were discussed and two were decided upon. The first of these was cleaning up the rifle range. R. Willson was appointed to look into this, and the second was cleaning out the city street gutters in front of the local business establishments. There will be NO charge for the latter; however, donations will be happily accepted.

The next meeting date was set for 7:00 p.m. Monday, October 17, 1966, in the local Firehall. —Richard Keel.

NEW PATTERNS ON THE LAND

"Texans built enough of the new, evenly spaced parallel terraces last year to reach from Texas to Maine—more than 2,200 miles," according to H. N. Smith, State Conservationist, Soil Conservation Service of Temple. "In fact, nearly half the terraces built in Texas were the new kind."

Cooperators with local conservation districts built more than 5,000 miles of all kinds of cropland terraces last year. 2,265 miles were parallel, as compared to 984 miles in 1965, 440 in 1964.

"This isn't just another Texas brag," Smith continued. "It just shows how popular these modern terraces are becoming. The amount built has doubled two years in a row."

"Terraces spaced an even number of rows apart and without point rows are called parallel terraces," P. M. Price, Texas State Conservation Engineer, SCS, pointed out. "They really save time and

money for the farmer and they do a good job of conserving soil and water."

Parallel terraces are spaced to fit both the farmer's equipment and the lay of the land. For example, they might be built 24 rows apart or 72 rows apart, depending upon the slope. Three, four, six, or eight-row equipment could be used in either of the above cases.

Designing, laying out and building this kind of terrace system, however, is not an easy job. Price said it takes more engineering time to design and stake a parallel system. They may cost more to build. Shorter terraces with more grassed waterways may be needed. More cuts and fills are used.

"Our engineers are willing to take the extra time to figure out parallel terraces," Price said.

"Some short cuts have been developed and we're getting more efficient in working out these modern conservation systems."

Price thinks that in another year or two, 50% to 75% of the terraces built in Texas will be the parallel type.

Landowners and operators like them—from city farmers to soil and water conservation district supervisors. They are easy to plow and they save time and fuel. They also eliminate or greatly reduce short rows of uneven length—point rows. Some landowners say they would not have built terraces if SCS had not worked out these which are much easier to farm.

"Cost-share from the Great Plains Conservation Program and the Agricultural Stabilization and Conservation Service has helped many farmers build these terraces. Technical help from the SCS and loans from the Farmers Home Administration have also helped get this job done," Price concluded.

CARBON PAPER at the Success.

Lions Club Meets

Charles Wimer presided at the meeting yesterday of the Lions club.

The 450 bags of Halloween candy were distributed and are now being sold over town by the Lions members. The East Side club has 150 of the bags for sale in the Latin community. The candy bags are \$1 each.

For the program, Martha Sue Page, Billie Gayl Blaylock, and Kay Sanders rendered several songs and played guitars.

Report was given that arrangements are continuing on the ladies night honoring the school faculty set for 7:00 p.m., Oct. 24th.

Dep. Dist. Gov. Lewis Drake of San Angelo was a guest and spoke briefly to the club.

8th Grade Game

Thursday night, Oct. 6th, is a date to remember for the 8th grade. On this date the Eldorado 8th grade met the Big Lake 8th grade in a decisive defensive battle in which Eldorado won 12-6. Keith Williams made the first touchdown. He ran 45 yards on a punt return to tie the score 6-6 after Big Lake had made a touchdown in the early part of the game. The second touchdown was again a 45-yard run by Keith Williams. Extra point efforts were no good. The final score was 12-6.

Keith Williams played an outstanding offensive game. Donny Overstreet played in outstanding defensive game. All the boys played a wonderful defensive game. The 8th grade boys are to be commended on the marvelous game. —Rep.

Mr. and Mrs. James Williams were in Austin for the week end to visit their son-in-law and daughter. Mr. and Mrs. Morris Davis, and to take their grandson, Tres, home. Tres had been in Eldorado for the past week visiting with them. While they were there they attended the Travis high and Austin high school football game and were privileged to watch the Travis high school drill team, the "Rebelettes" perform at half time. Mrs. Davis teaches there and is the Rebelettes sponsor.

News of the Sick

Whit Smith was reported in the Sonora hospital this week.

Mrs. L. Wheeler continues to improve in the Sonora hospital. Ernest C. Hill is still there too.

Gus Love came home last Friday following a stay of about two weeks in Clinic-Hospital, and has been continuing convalescence at home.

O. B. Bradshaw was still in the Shannon hospital this week.

Ken Rosford is continuing to make progress following his heart surgery of a week ago in Kansas City, Kansas. He may be released next week from the medical center.

P-TA To Meet

The Eldorado Parent Teacher Association will meet this coming Tuesday evening, Oct. 18th, at 7:30 in the homemaking rooms at the school.

"Extending Education to the Entire Community" will be theme of the program, with Miss Dana Owens as leader.

This will also be observance of Texas Congress Birthday.

Final arrangements will be announced for the P-TA Halloween Carnival to be held the night of Oct. 31st.

Mrs. Bob Sykes is president, and Mrs. Bill Maness is vice-president and program chairman of the P-TA.

ANOTHER LOCATION SOUTH OF TOWN

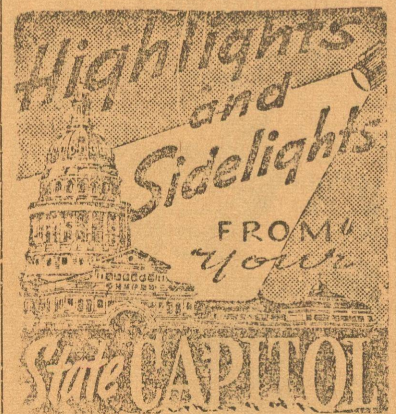

Mallard No. 1 Annie Emmons, one-mile outpost to Canyon gas production in Eldorado multipay field is preparing location which is 1,220 feet from north and east lines of 82-A-HE&WT. Contract depth is 6,800 feet.

GIRL SCOUT TROOP 41

Troop 41 met at the Methodist church on Monday from 4:00 to 5:00. They elected officers and discussed the year's activities.

Refreshments were served by Rosellon Maness. Girls attending the meeting were Melody Davidson, Priscilla Holsey, Sherwin Jackson, Jan Jones, Rosellen Maness, Patti Olson, Paula Prater, Patsy Prater, Lynn Sanders, Cary Salter, and Patsy Tampke.

Guests this week end in the home of Mrs. F. M. Bradley to visit with Mrs. Robert F. Frost will be the Jack Davises from Snyder, Okla., Mr. and Mrs. H. D. Bradley of Brady, Mrs. R. L. Pearce and Mr. and Mrs. Robert K. Pearce and sons from Fife, Texas.

Austin, Tex.—Shape of Gov. John Connally's major legislative goals is beginning to emerge.

He gives high priority to his proposal for a constitutional convention to rewrite the state's basic laws.

Modernization of local governments is essential to state progress and effective management of local affairs. "Functional government by federal guidelines" is the likely alternative to a "renaissance of local responsibility," Connally warned.

Governor outlined a tough, 7-point traffic safety program including driver education for all youngsters, severe penalties for violations of driving laws and a minimum licensing age of 16.

"Without question," he acknowledged, "the 60th Legislature is looking at a raise in our state taxes, but it is impossible to tell exactly how large or how small."

He also ticked off these subjects from his lists of legislative "essentials":

Revision of the penal code and code of criminal procedure; additional sources of revenue for growing cities; substantial salary raises for state employees; continuation of progress in education, tourist and industrial development, community services for the mentally ill and mentally retarded and park system development and improvement.

In discussing streamlining of local government with county officials, the governor declared: "We cannot progress on a preconceived notion that modernization is politically impossible."

School Stretchout Urged

Texas children ought to start to school younger and stay in school longer. So concludes the State Board of Education in its 16-point legislative program.

Board proposes schooling for 5-year-olds, state-supported summer school for all grades, a study of feasibility of a 10-months school year and seven-hour day, and higher salaries for teachers.

Courts Speak

Texas Court of Criminal Appeals has ordered a new trial for Jack Ruby, who faced a death sentence for the murder of Lee Harvey Oswald, the man the Warren Commission said assassinated President John F. Kennedy on November 22, 1963.

Court said Ruby must be tried elsewhere than Dallas, scene of the crime, and concluded that testimony of a police officer concerning statements indicating premeditation were improperly admitted at Ruby's first trial.

Motion Filed

Attorneys General for Texas and New Mexico have filed a motion with the U. S. Supreme Court for permission to file a complaint against Colorado for insufficient releases of Rio Grande water.

Motion was filed by Attorneys General Carr of Texas and Boston Witt of New Mexico for alleged violations of Rio Grande Compact providing for releases of water to the two states to the south. Proposed complaint says Colorado has withheld 939,900-acre-feet of water, as of December 31, 1965.

Attorneys General asked the Supreme Court to require Colorado to deliver agreed upon amounts of water at the Colorado-New Mexico state line, and to eliminate Colorado's accrued debt under the Compact.

Texas Almanacs at Success.

Highway Travel Handbook Calls Attention To El Dorado Woolens

A new Texas Travel Handbook published by the Highway Department includes, among its 1,500 items of interest, a brief report of Eldorado and its El Dorado Woolens.

The glove-compartment-sized book contains more than 1,500 items of interest ranging from Alibates Flint Quarries to General Zaragoza's birthplace. In the family of materials now published by the Highway Department, the new Handbook fills a need by providing specific information on points of interest and where they are located.

As State Highway Engineer D. C. Greer pointed out, "We have in the past attracted visitors with a colorful array of brochures, maps, motion pictures and posters—all broad in scope. But once within our borders, there was no single volume to introduce specific points of interest."

"This new publication," Greer said, "will lead our visitors to attractions in every corner of the state."

In addition to guiding the individual visitor, the new "Texas Travel Handbook" will serve as a reference tool for national travel writers, whose interest is increasingly focused upon Texas.

"Through Highway Department distribution channels," Greer said, "the new travel handbook will be placed in the hands of travel writers, editors and publishers throughout the United States—and in fact, in many countries over the world. However," Greer said, "the Handbook will not be available in bulk quantities for redistribution. Rather, it will be provided on a select and individual basis to the actual traveler."

Eldorado is listed on page 55 as follows: "Eldorado—Schleicher County. Pop. 2,790; Alt. 2,410.

"General—County seat of Schleicher County, Eldorado was established in 1895. Located in the scenic, rugged Hill Country of West Central Texas, Eldorado is headquarters for a large ranching area, especially sheep and goats. El Dorado Woolens of Eldorado is the only woolen mill in the Southwest weaving fabrics of virgin wool and mohair produced on West Texas ranches. A heavy concentration of white-tailed deer makes the entire county very popular with hunters each fall and winter.

Local Boys Winners In Punt, Pass & Kick

In the absence of a Ford dealership in Eldorado, local boys were invited to compete with San Angelo boys in the annual Punt, Pass & Kick Contest staged by the Jim Bass Ford dealership in San Angelo on Saturday, October 8th.

Eldorado boys took four places: Ken Peters 1st with a score of 253, and Gene Nixon 2nd with a score of 233, in the 10-year age group; Charles Morgan took 1st in the 9-year old group with a score of 184, and Alan Hall won 1st in the 8-year old group with a score of 129.

The first place winners stand a good chance of being chosen to compete for District Competition in the Cotton Bowl at Dallas on October 29th.

COMMITTEE VISITS SCHOOL

School Supt. Curtis Humphrey reported this week that the Accreditation committee from the Texas Education Agency visited the local school last Thursday.

The committee consisted of Ted Edwards, Mrs. Baird, and Mrs. Galvan.

HOMEMAKERS TO MEET

The 1966-67 Chapter of the Future Homemakers of America will meet Monday, October 17, at 4:00 at school. Mrs. Rose Doyle will show slides entitled "Neighbors Near and Far." All members are urged to attend. —Rep.

FAIR WEATHER AHEAD! AND FUN FOR YOUNG AT FFA CHILDREN'S BARNYARD

All the animals will be there—and so will the youngsters who like to get a close-up look at all types of animals and their youngsters. Time and place will be the 1966 State Fair of Texas, Oct. 8-23 in Dallas, at the Future Farmers of America Children's Barnyard, located in the big red tent adjacent to the Livestock Coliseum.

1966 1967 TEXAS ALMANAC

Just Off the Press — Order Your Copy Now!
CURRENT AND COMPLETE
It's brand new and completely modernized, all facts and figures updated plus many brand new features. The Texas Almanac is the "Encyclopedia of Texas." Contains millions of facts to settle any argument about Texas. Invaluable reference aid to businessmen, teachers, students, salesmen, farmers, etc. Ideal as a gift.

AND PICKUP AND DELIVERY

And, it now takes \$22.42 to buy the groceries you could get for \$20 just six years ago.

And, the 1933 dollar is now worth only 39.6 cents.

The 1940 dollar is worth only 43 cents; the 1960 dollar, only 91 cents.

Now, let no one be misled. The cause of this massive, penalizing inflation is excessive government spending. Without an attack on government spending, further inflation is inevitable. The government has been on a needless, non-sense spending spree. What is needed is a period of restraint—not restraint by farmers and business men and housewives, but immediate and effective restraint by the federal government. It is the federal budget, not the family budget that needs balancing.

As Texas' United States Senator, I have sought and will continue to seek to eliminate unnecessary, non-defense federal spending. Since 1961 I have voted to cut more than \$57 Billion from the red ink of federal budgets. In 1961 I voted to cut \$11 Billion; in 1962, \$9 Billion; in 1963, \$5 Billion; in 1964, \$10 Billion; in 1965, \$17 Billion. So far this year I have supported spending cuts of more than \$5 Billion.

During these years the federal budget deficit has been \$31 Billion, so my votes on behalf of Texans would have resulted in black ink that could have offset the pressures that caused our current inflation.

I believe Texans are quite right to expect their government to live within its means and to protect their dollars rather than debasing them.

Senator Tower's REPORT TO WEEKLY PAPERS

The Bureau of Labor Statistics has released its latest Consumer Price Index showing the latest cost-of-living figures. It was another all-time high. Here is what the index showed:

Since 1960 the cost of living has gone up 10.27%.

Since 1960 the cost of groceries has jumped 13.75%.

Since January, living costs in

just seven months have jumped 25.2%.

And, in the same seven months, grocery costs increased 3.95%.

If you put \$100 away in a shoe box in 1940, you have lost \$57 in purchasing power on that savings.

If you put \$100 away in a shoe box in 1960, some \$9 of it already has been "stolen" from you in purchasing power losses.

If you retired on a fixed income or pension in 1940 of \$3,000, it is now worth only \$1,290 insofar as purchasing power is concerned.

And, if you retired in 1960 with a \$5,000-a-year pension, you already have lost \$450.

College Students Subscribe To Success

The following college students from this county have subscribed to the Success for the coming 9-month school term:
