Funeral Held Friday For Mrs Cora Stevens

Mrs. Cora Spencer Stevens, 75, died Wednesday morning, Jan. 25, at her home in the Bailey Ranch community southwest of Eldorado. Services were held at 3:00 p.m. Friday, January 27, in the First Baptist Church of Eldorado with Reverend Kenneth Vaughan officiating. Ratliff-Kerbow Funeral Home directed burial services which were held in Eldorado Cemetery.

Mrs. Stevens was born December 2, 1891, at Harper, Texas, and was married to A. J. Stevens June 21, 1908, in the Bailey Ranch Community in the home of her father Frank Spencer who was among the earliest sheep ranchers in Schleicher County, coming to the community in 1905. Mrs. Stevens had resided in the Bailey Ranch Community since 1922.

Survivors are her husband; two daughters, Mrs. Peyton Cain of Eldorado, and Mrs. Phil Swartzell of Canyon, Texas; one sister, Mrs. Mary Harvey of Flatonia; and three half-sisters, Mrs. Lester Henderson and Mrs. William Blaylock, both of Eldorado, and Mrs. Lelah Spencer Kent of Midland; and one half-brother, Mr. Edgar Spencer of Eldorado, in addition to seven grandchildren.

Pall bearers were Messrs. Verne Sudduth, Ben Hext, Archie Mittel, Truett Stanford, Ed Meador, and Weatherly Kinser.

Out-of-town friends and relatives attending the funeral services included Mr. John Lowrance of Dallas; Mr. and Mrs. Bomar Lowrance, Mr. and Mrs. L. B. Wade, and Mrs. Grace Sherman, all of Georgetown; Mr. and Mrs. Jack Swartzell of Canyon; Mr. and Mrs. J. M. Stevens, Mr. and Mrs. Creighton Stevens, Mrs. Mary Lenton Stevens, Mrs. Harvey Stevens, Mr. Ruben Bode, and Mr. Earl Copple, all of Harper, Texas; Mr. and Mrs. C. O. Spencer of Ozona, Mr. and Mrs. Tom Kent of Midland, and Mr. and Mrs. Floyd Farrington of San Angelo.

Eagles To Host Sonora Friday

The Eldorado Eagles have an opportunity Friday night to "nail down" the east zone 8-A title. The Eagles stand 3-0 but Sonora is right behind with a 2-1 having lost only to Eldorado in Bronco Gym.

Eldorado has much going for them in that they are in their own gym where they have not lost a game this season and they stand atop the ladder. The Eagles should not have the pressure upon them that was present in the first game because they are not the challenger and of course Eldorado always seeks to beat the Broncos.

Sonora has a fine ball player in Laney Cook, a Senior who is averaging 24 points per district game. Mitch Trainer, David Wuest, Mike Gosney, and Nino Perez round out the starting unit. However, Eldorado has at least 7 boys who are capable starters in Danny Halbert, Donald Rogers, Gary Derrick, Chris McCravey, Jesse Bosmans, Jay Halbert, and Pat Childers.

Everyone knows, however, that statistics mean very little in any Eldorado-Sonora clash and that the Eagles will have to play hard, hustle every minute, rebound, hit, and play a very sticky defense to hold that top spot.

Be there Friday night to help the Eagles to victory. The "B" boys will open play at 6:15 as they try for a win over Sonora.

Post Script

We were talking here last week about possible sites for our proposed hospital and of the possibility that someone might donate a tract of land for that purpose as a memorial to a loved one.

Along that line we would like to point out that the bill which is now being introduced in the State Legislature sets out the specific power of the Schleicher County Hospital District as well as its obligations. You might say it is a sort of "charter." It tells how it is to be administered—SEVEN trustees like the school district has, only here they are called "directors." It tells, after the first year, how these directors shall be elected by the voters. This board of directors, like the school trustees, will have the power to make contracts, to hire an administrator, and to set a tax rate, which will be collected along with your county taxes.

It specifically says that the directors may ACCEPT donations and memorials.

Anyone who has been in a hospital of any size has probably seen a small bronze plaque on the door of a room bearing an inscription, "This room donated in memory of . . ."

If this hospital and nursing home is finally approved by voters of this county, there will be many opportunities for citizens to have their names identified with it with donations of various kinds.

The point here is that the more that is donated, that much more will be available to spend on building and equipping the institution by the directors.

Two state officials are expected early next week to be in San Angelo where McKnight Hospital is in the process of being renovated and updated to meet Medicare standards.

Don McCormick, who heads the local hospital committee, is planning on meeting with these officials to obtain such information as may be useful for the Schleicher County Hospital District. He would like to have several others accompany him.

Royce Ashcraft and Don Burk are the two officials who will be in Angelo. Ashcraft is from the State Health Department in Austin, and Mr. Burk is from San Antonio where he has an executive position in the Medicare program.

Building going on: Workmen had foundation slab cast this week for the Walter Powell Jr. house north of the school.

New brick trim was being put on the front of the office at Shaw's Motel, early this week.

Mikeska Gin ran out the last bale of the 1966-67 season Wednesday of last week.

The bale total came to 1,944.

With our subscribers: Mrs. L. T. Wilson is back home after spending a few months in California with relatives.

Thomas D. Bradley's new address is 4002 Howard, Los Alamitos, California 90720.

Housing Plans Approved Monday

Eldorado Housing Authority members Monday approved final plans for construction of 12 duplexes in a local federal housing project. The plans now must be approved by authorities in Fort Worth before bids can be taken for the work.

Mrs. Max Wilkins, authority executive director, anticipated no difficulty with the approval and expected the job to be under way before long.

Five of the duplexes will be for housing of elderly residents and seven for low-rent housing. The Eldorado Housing Authority has been approved for \$240,000 in federal funds for the project.

William D. Holdredge, Houston architect, met with local members Monday to complete the local end of the plans.

Members of the authority board are Kenneth Vaughan, Clay Porter, Mrs. Domingo Pina and Mrs. Carolyn Spencer. John Hodges is board chairman.

BOND MAN HERE

Jack Brown, who is handling sale of Eldorado's bonds, met with city officials here Monday, and expressed the opinion that the city would be able to take title to the gas line by March 1st.

Belated March of Dimes Drive Being Launched

Leslie L. Baker, president of the First National Bank here in Eldorado, is general chairman of a belated drive being launched this week for the March of Dimes. The drive has usually been held in January, but delays this year postponed the drive until now. Local promoters hope to put the drive over within the next four days.

There will be a solicitation over town on Saturday, and Sunday the traditional Mothers March will be conducted. This year, a number of teenagers will help with the canvass, it was stated by Mrs. Damon Wagoner, chairman of Mothers March.

Zone chairmen over town were announced by Mrs. Wagoner as follows: Mrs. Jimmy Doyle, Mrs. Leroy Hanusch, Mrs. A. J. Mann, Mrs. Clifford Schooley, and Mrs. Dora Bosman. Each of these will select her workers to canvass her own section of town. It is planned for the canvass to be held Sunday between the hours of 4:00 and 6:00 p.m.

Anyone wishing to give a special gift to the March of Dimes should mail or hand a check to Mr. Leslie Baker here in Eldorado.

787 Voters Register

With passing of the voter registration deadline Tuesday, there were 787 who had registered in the sheriff's office, according to report Wednesday morning.

Voting strength of this county also includes those 61 and older, who were not required to register and are automatically eligible to vote. There are estimated to be between 200 and 300 of these.

So voter strength this coming year should be around a thousand or more.

The sale of '67 license tags for vehicles was under way in the sheriff's office Wednesday morning. The new plates are sold during the months of February and March and must be on all vehicles no later than April 1st.

T. H. Alexander Falls

Mr. T. H. Alexander, 87, who lives southwest of town, fell at his home late in the day Tuesday, and was taken by Sheppard Ambulance to the Clinic-Hospital in San Angelo.

After being x-rayed and checked over by the doctors there, it was found that he had no broken bones and he was allowed to return home.

Mrs. Alexander, who was in the hospital a while back, is continuing to do well at home.

Only Six New Vehicles Registered In January

With everyone paying Christmas bills and starting to figure income tax, there were only six new vehicles registered in the sheriff's office during the month of January just ended. They were:

Gerald V. West, '69 Olds coupe
Jan Wagley, '67 Chev pick-up
Curtis Stockton, '67 Chev pickup
Jerry Doak, '66 Chev pick-up
John Hodges, '66 Olds sedan
Howard Derrick, '67 Chev. pickup

Senior Play Progressing

The previously announced Senior Play which is scheduled for February 16, 1967, is progressing rapidly. All sets and props have been made and set up. There have been two or three practices each week. All lines are memorized and now it is just a matter of smoothing out the rough spots.

The play, titled "Hillbilly Wedding" is the story of a young man who is studying to be a doctor, and his aunt. Their car breaks down in the back hills. This forces them to stay with a hillbilly family. The Bellsnickle family carry on life in a manner that the young man and his aunt can't believe.

The Bellsnickle family has a group of girls who are at the marrying stage. Paw Bellsnickle is left with the job of finding all of these girls a husband. His oldest daughter, who has never had a bath, is the father's choice to marry the young doctor. A feud results when the doctor falls in love with the wrong daughter. To see how Paw Bellsnickle solves this problem, be sure to be at the High School Auditorium at 7:30 p.m. on February 16, 1967 (two weeks from tonight).

Tickets will go on sale February 6, 1967, and can be purchased from any Senior. Advance tickets will sell for adults 75c and student 50c. At the door tickets will be \$1.00 and 75c.

Ray Morgan and Allan Dinsmore are directing the play.

Browning Resigns As Coach At Van Horn

Jack Browning, head football coach and athletic director of Van Horn High School has submitted his resignation to the school board effective at the end of the present term, Supt. H D Smith has announced. Browning who has served in the Van Horn system for the past four years, said he intended to seek another coaching position.

(Browning formerly coached the Eldorado Eagles football team. His wife is the former Jane Mund of this place.)

THEME OF SCOUT WEEK

Scouting Rounds A Guy Out, the bold new theme that gets launched during Boy Scout Week, Feb. 7-13, is the voluntary creation of Benton and Bowles, one of the nation's top advertising agencies.

The premise behind this theme is simple: The world needs to be made better, and better men are going to do it. Scouting builds better boys—and where else do better men come from? Hence the need to have boys and men realize that Scouting rounds a guy out.

Badges Are Now Harder To Earn

Life Is Getting More Complex, Even For The Boy Scouts

You've probably been too busy to notice, but life is getting more complicated. Things that used to be explained in a few words now take pages

And doing them is virtually impossible. The spectre of complexity has even crept into the field of those who should be prepared for it. The

Boy Scouts. Not that they are complaining, mind you. The younger Scouts just don't know how it used to be. Take merit badges. In a 1911 Boy Scout Handbook, kept in the Council's Library, there are listed 56 different badges that could be won. They didn't prepare the scout for life, however. "The wearing of the badge does not signify that a Scout is qualified to make his living by the knowledge gained in receiving the award," the rare book says. Poor, unprepared Scouts. Today's Scouts can earn 107 merit badges, not including two—space exploration and oceanography—which are so new pamphlets describing them have not been prepared. No mention is made of whether he is qualified to earn a living. To see how things have changed, look at the old requirements to win an award in bee farming: "1. Have a practical knowledge of swarming, hiving, hives and general agriculture, including a knowledge of the use of artificial combs. "2. Describe the different kinds of honey and tell from what sources it is gathered." That's all. Today's Scout can't get a badge in bee farming. It has to be in beekeeping and the requirements are much stricter. "1. Examine a colony of bees, remove the combs, find the queen and determine the amount of the brood, number of queen cells, and the amount of honey in the hive. "2. Distinguish between the drones, workers and eggs, larvae, pupae at various stages of development; honey, wax, pollen and propolis. Tell how the bees make the honey and where the wax comes from; and explain the part played in the life of the colony by the queen, drones, and workers. "3. Have had experience in hiving a swarm or artificially dividing at least one colony." There are several more steps, but you get the idea. Others have been changed as drastically. Some—like blacksmithing—have been dropped. To get the merit badge in camping—required then, as now, to get above First Class rank—used to be it was enough to camp out for 50 nights. The number has been lessened to 20 nights, but you have to make lists of things you're going to take, and have them. The old require-

ments took five sentences, the new 2½ pages.

The old handicraft badge asked Scouts to "whitewash a ceiling." The new home repairs badge has him "repair a break in a cement sidewalk, driveway or garage floor or in an asphalt surface." There was a useful badge that

through the years has been dropped: inventions.

To get it, you had to "invent and patent some useful article and show a working drawing or model of same."

Today's newest merit badge, space exploration, is right out of the headlines.

For it, among other things, you have to present a report in at least 500 words on the history and development of space explorations, identify from illustrations or models 10 U. S. spacecraft and five launching devices and explain most of the terms used in stories about space travel.

NOTICE is hereby given that the Commissioners' Court of Schleicher County, Texas, pursuant to its order of the 23rd day of January, 1967, entered upon the Minutes of said Court, will receive and consider public bids at 10:00 o'clock A. M. on the 17th day of February, 1967, at the County Courtroom in the Schleicher County Courthouse in the City of Eldorado, Texas, for the sale of an oil, gas and mineral lease on the following described land, to-wit:

TRACT 1—SW/4 Labor 1, League 284, 44.28 acres; and W/2 Labor 2, League 284, 88.56 Acres.

TRACT 2—All of Labor 3, League 284, 177.12 Acres.

TRACT 3—W/2 Labor 6 and W/2 Labor 7, League 284, each containing 88.56 Acres.

All of the above tracts of land being Schleicher County School Land situated in Gaines County, Texas.

All bids shall be upon the understanding that Schleicher County will retain a one-eighth (1/8) royalty on oil and gas, a one-tenth (1/10) royalty on other minerals except sulphur as to which the royalty shall be fifty cents (50c) per long ton; that in no case shall the primary term of such oil, gas and mineral lease be longer than five years from the date of the lease; and that the Commissioners' Court may reject any or all bids if in its opinion the same do not represent the fair value of such lease.

Only cash bids will be considered and a deposit by Cashier's Check or Bank money order in the amount of at least five (5) per cent of the bid will be required of the successful bidder as security pending full payment within three days of such sale.

Car Registration Now Under Way

Austin, Texas.—The Texas Highway Department reported today that more than 6.7 million motor vehicles will be registered in Texas in 1967 and urged car owners to buy their license plates early.

The new license plates may be purchased during February and March at county tax assessor and collector's offices or at authorized sub-stations. New license plates must be displayed after midnight April 1.

A Highway Department spokesman said motorists can help shorten waiting lines and speed up registration by buying license plates early and by presenting proper ownership documents.

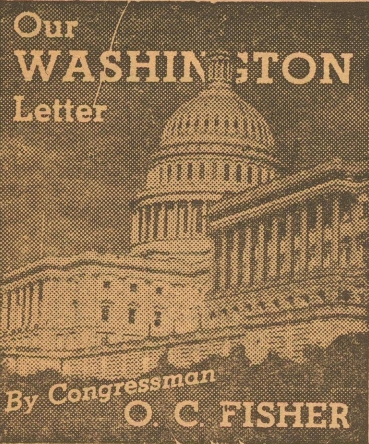

Car owners are required by law to present certificates of title and last year's license plate receipts when renewing vehicle registrations.

In previous years there has been some confusion and misunderstanding about the ownership documents needed to obtain license plates.

In one Texas county, for instance, motor car owners were permitted to renew their vehicle registrations with their old license numbers written on the backs of envelopes or other scratch paper without proper proof of ownership.

The Highway Department stressed that county tax assessor-collectors and their sub-station agents must demand proper credentials before issuing license plates. Motorists may speed up the process by taking last year's license plate receipts and certificates of title with them to the tax office to obtain their 1967 license plates.

Mr. and Mrs. Vernon Carroll were here Monday. They now operate a motel in Brady and are former local residents.

Our WASHINGTON Letter By Congressman O. C. FISHER

The U. S. Supreme Court was probably toasted in Moscow this past week when a ruling was handed down which prohibits any school board in America to dismiss an admitted Communist. It is assumed that the same principle applies with respect to all others who work for a city, county, state or the federal government.

That means, for example, that Employee X who works for a municipal generating plant, becomes a Communist and thereby shifts his allegiance from the U. S. A. to the Soviet Union, the city which owns the generating plant would not be allowed to fire the man.

Yet that one man might very well be able, at a given time, to pull a switch or engage in sabotage, which would instantly put the plant out of operation for hours or even days. And that man could be expected to do just that—or something worse—on orders from Moscow if we should find ourselves at war with the Russians.

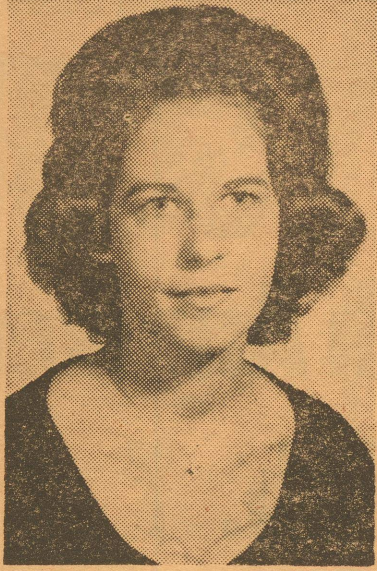

This Supreme Court decision may prove to be the greatest single set-back for national security that has happened in a decade, although this is by no means the first time the Justices have thrown a mantle of protection around Communist activities. This reminds that Law Professor Fred Inbau at Northwestern University said that "This country has been on a civil liberties binge too long . . ."

The 5-to-4 decision was condemned in a dissenting opinion by Justice Tom Clark. Clark declared "the majority (on the court) has swept away one of our most precious rights, namely, the right of self-preservation."

It was asked: If the state cannot protect school children against indoctrination by members of a party which advocates or teaches that the Government should be overthrown by force or violence or other unlawful means, who can?

Chief Justice Warren's majority seems never to have grasped the nature of the Communist Party, which is committed to the overthrow of our form of government. And it seems that the calibre of the majority on the court was not improved with the addition of Abe Fortes, an LBJ appointee, last year. He swung the balance which resulted in the 5-to-4 ratio in this instance.

The young couple will make their home in Kerrville, where the groom is employed.

7th Grade Boys Win, 8th Graders Lose, In Games At Sonora

The Junior High boys traveled to Sonora again and split two games Monday. The 7th grade won their game 27-16 and the 8th grade lost a close fought game 36-37. In the 6th grade game, the story was at the free shot line as both teams scored 13 baskets from the floor. Sonora hit 11 of 15 from the foul line as Eldorado hit 10 of 23. Keith Williams was high point for Eldorado with six field goals and 21 free shots for 14 points. Robert Porter was next with 4 field goals and one free shot for 9 points. Charles Adams had 8 points with 2 field goals and 4 free shots. Donnie Overstreet had 4 points and Steve Sykes had one. The lead changed several times after a slow start by the Eagles trailing 12-5 at the end of the first quarter.

They scored 12 points in the second quarter to lead 19-16 at half-time, was trailing 25-28 as the 3rd quarter ended and managed to get a one point lead with about two minutes left, but lost it as Sonora made two free shots. They then had several scoring opportunities after that but could not get one to fall as several shots rolled around the rim and fell the wrong way.

The 7th boys played in spurts. They scored 8 points in the first quarter, 5 in the second, 12 in the 3rd, and 2 in the final quarter. Sonora scored 7 in the 1st, 3 in the 2nd, 4 in the 3rd, and 2 in the 4th. Billy Hubble was high for the game with 13 points. Archie Nixon had 6 points, Oscar Martinez had 4, Tom Hartgraves and Ricky Griffin had two points each.

Both teams play again here Thursday night against Sonora. The 7th Grade starts at 5:00 and the 8th Grade after the first game is over.

World Jamboree 'For Friendship'

At the First World Jamboree held in Olympia, England, in 1920, Scouting's founder, Lord Baden-Powell, challenged the Scouts and their leaders to "... go forth from here fully determined that we will develop among ourselves and our boys comradeship, through worldwide spirit of the Scout brotherhood, so that we may help develop peace and happiness in the world and goodwill among men."

In keeping with this challenge, our World Jamboree and World Conference Committee has chosen "For Friendship" as the theme for the XII World Jamboree to be held at Farragut State Park, Idaho, U. S. A., next August 1-9.

The dates of the Jamboree—the first 9 days of August—were not chosen without purpose. It was August 1-9, 1907, that the first Scout camp was held on Brownsea Island off the coast of England with 22 boys led by Baden-Powell.

Friendship Boulevard will be the name of the main thoroughfare at the Jamboree. Fostering friendship and understanding of others will be an objective of each activity and ceremony throughout the Jamboree.

Eagles Strengthen Lead, Defeat Menard

The Eagles, faced with a press the entire game, sailed by Menard 66-33 after a shaky first half.

Eldorado pushed their East Zone mark to 3-0 and now need to repeat against the same three teams to win the zone title.

Menard stayed in the game the first half as Eldorado had a 14-12 and then 27-20 half time margin. Don Rogers with 10 and Dan Halbert 9 plus 6 from Gary Derrick led the attack the first half.

The third quarter the Eagles notched 18 to only 7 for the jackets which put it out of reach as Jesse Bosmans hit 7 to lead the third period. In the final stanza Buff Whitten hit for 8 points, Jay Halbert 4, Dan Halbert 4, Jesse 2 and Rogers 3 for 21 points to 6 for the black and gold.

The Eagles had four men in double figures as Rogers and 17, Halbrt 15, Bosmans 11, and Whitten 10. Derrick added 6 though he did not play in most of the third nor any of the fourth quarter. Jay Halbert had 4, Chris McCravery 2, and Pat Childers 1. Rusty Meador had no points but his passes set up several scoring plays and he had 5 rebounds. Bobby DeLong did not score but he got 3 rebounds.

Danny Halbert led the rebounding with 16 and Donald Rogers had 12.

This was an opportunity to share a team victory in getting win number 17. The Eagles showed much team work as they passed and

COUNTY AGENT'S COLUMN

by Ting Godwin

Schleicher County Agricultural Agent

All eligible mohair growers are being urged to cast their ballots in a mail referendum on a mohair-market development program, announced by the U. S. Department of Agriculture for the period of February 6-17.

Producers eligible to vote are all those who have owned Angora goats which are six months old or older for at least 30 consecutive days during 1966.

If passed, the referendum would authorize deductions of up to 1 1/2c per pound of mohair incentive payments mohair producers receive under the National Wool Act.

The vote will be held at the ASCS county offices during the 2-week period in February, and voting may be in person or by mail. Results of the referendum will not affect the mohair payment program itself, which has been extended by law through 1969. The vote will determine whether or not deductions will be made from payments to producers on mohair marketed during 1966-69.

The promotion program would be carried out under an agreement between the Secretary of Agriculture and the Mohair Council of America, Inc., as authorized by the National Wool Act. The proposed agreement would be similar to those under which advertising and sales promotion programs for wool and lamb promotion have been conducted since 1955.

For additional information, eligible voters are urged to contact their local ASCS county office. It's located in the ASC Building. These county offices will distribute copies of the agreement and ballots to mohair producers early in February, and producers may cast their ballots by mailing or delivering them in person to the ASCS office before the close of the referendum (February 17).

Politicians admit that the two-party system consists of the appointed and the disappointed.

A deferred rotation grazing system here is boosting cattle profits about \$11 a cow per year.

At Texas A&M University's Texas Experimental Ranch two methods of deferred rotation are being used. Both have given outstanding results, according to Dr. Wm. (Dub) Waldrip, in charge of the A&M Experimental Ranch.

He said, "Of all treatments, the system of grazing continues to have the most important dollar and cents influence on livestock production. Both the 2-pasture and the 4-pasture systems of deferred-rotation grazing have produced more and heavier calves than continuous grazing at the same stocking rate."

Waldrip said the 4-pasture system has produced the best gains so far. Weaning weights for the past 6 years have averaged 518 pounds on the 4-pasture system, 499 with the 2-pasture system and 487 on continuous grazing.

Calf production per cow averaged 482, 454 and 438 pounds under the 4-pasture, 2-pasture and continuous grazing systems respectively.

ly. Waldrip figured the increased production of the 4-pasture system over the continuous grazing is about \$11 per cow.

Calving percentage with the 4-pasture system was a healthy 93%, he said.

The 4-pasture system allows each pasture to be grazed 12 months, then rested 4 months. It was developed at Texas A&M's Ranch Experiment Station, Sonora, by Dr. Leo Merrill, range specialist.

Waldrip says he not only gets more beef per acre and per cow with deferred rotation—but gets plenty of range improvement too.

Try to see yourself as others see you but try not to get mad about it.

Rooting cuttings and growing plants is a simple, inexpensive method for getting the plants needed to improve the appearance and value of a home.

Immediate effects can be obtained by purchasing plants of a desirable size from a nursery; however, circumstances often prevent the making of extensive plantings with such material.

It is possible for anyone to start enough plants from cuttings to completely landscape the average home grounds.

In general, cuttings are made from wood that is mature (hardwood) or wood that is actively growing (softwood). The method most commonly used by the homeowner or amateur involves the use of hardwood cuttings.

Some plants easily propagated by this method are Spiraeas, Abelia, Althea, Deutzia, Wigela, Honey-suckle, Multiflora Rose, Hydrangea, Ligustrums and willows.

Hardwood cuttings are usually made during the period from November through February. Select mature, one-year-old wood from the preceding season. Make the cuttings 12 to 18 inches long with the basal or bottom cut about 1/4" below a node or joint. Be careful to note which is the basal end of the cutting. Treat the basal ends by dipping them in a root promoting hormone before placing them in the rooting medium.

Moisture is very important in the successful rooting of cuttings. If the garden soil is a good sandy loam that stays moist, the cuttings may be set directly outdoors. Set them so that 2 to 3 inches of the top is above the soil surface. Space them 8 to 12 inches apart in the row. If the cuttings are over 8 inches long, it is best to place them in a slanted position so the base is not over 5 inches below soil surface. Firm the soil around the cuttings after they are placed in the row.

Cuttings handled in the above manner should root in the spring or early summer and begin growth. The agent says to keep the area free of weeds & leave the cuttings in this location during the first summer. The young plants can be moved the following fall.

Girl to girl: "It wasn't much of a proposal. He suggested we pool pay envelopes."

Eaglettes Lead Dist.

The Eldorado girls took charge of first place in the 8-A East Zone Tuesday night by crushing Menard the defending champion, 54-26.

Every Eaglette played considerable time and all did a good job. Chris Ermiston, Nancy Juecek, Sherry Yates and Shirley Hubble took the heavy duty to get things started and they did such a good job that Menard did not make a basket the first quarter but they did manage 2 free shots which gave Eldorado a 42-2 first period lead. Susan Hill led the scoring with 8 and Libby Preston added 4 while Susan Mobley gave two free shots.

The second quarter saw Stella Hubble, MarSue Page, and Dale Montgomery take the forward chores about half way through. However Susan Hill had already added 6 more points when Stella came into add her 6, Dale 2, and Libby 2, finished the scoring and gave the Eaglettes a 32-10 lead. Only 3 baskets were allowed by Shane Henderson, Jacque Davis and Jan Wagley in addition to the first four guards.

The third quarter was Eldorado's poorest as the green hit only points while the Jackets got 7. Billie Gayl Blaylock, Donna Davis plus the first mentioned were in the game at guard. The Eaglettes scored 13 points in the last quarter to finish with 54 points.

Susan Hill hit 8 baskets and 4 free shots for 20 points while Libby Preston had 5 baskets and 2 free throws for 12 points. Stella Hubble did a very good job in hitting 6 baskets for 12 points. Martha Sue Page and Dale Montgomery each added 4 and Susan Mobley 2. Chris Edmiston got 10 rebounds defensively plus 7 for Nancy Juecek and Jan Wagley 6. Every guard got rebounds as all hustled and gave a good account of themselves.

The Eaglettes notched their 20th victory of the season against four losses. They will not have a game Friday night but will next Tuesday.

Game: Eldorado 14 18 9 13-54, Menard 2 8 7 9-26

Bee Producer Gives Program To Lions

J. R. Petty, bee producer of San Angelo, presented the program at the meeting yesterday at noon of the Eldorado Lions Club.

He had a small glass-enclosed demonstration hive, and distributed small jars of honey to those present. He described the three types of bees as being the queen, drones and workers, and stated that the bees traveled distance equal to 2 1/2 times around the world to produce just one pound of honey. He was introduced by Joe M. Christian, program chairman for the month of February.

L. D. Mund introduced the guests: Doyle Richey, Clarence Casey, and Bobby Barber, of San Angelo; A. E. Prugel, Sonora; and L. L. Barton, Fort Worth.

In the business session, at which Boss Lion Charles Wimer presided, it was reported that the ladies night will be held Feb. 20th, and the T-B testing for adults will be March 6th, with follow-up the 9th. Lion Jack Bell expects to announce arrangements soon for the Queen's Contest to be held this Spring.

Basketball Girls To Host Junction Tues.

The Eaglettes will try to up their district mark to 3-0 Tuesday as they entertain the Junction girls in their second district encounter. The girls will also be in search of the 21st win and it will be the last presently scheduled chance to protect their "no losses" on their home court.

The Eldorado fems will begin at 6:30 with no "B" game prior.

WE SALUTE THE BOY SCOUTS 57th Anniversary Feb. 7 - 13

Although the great influence of Scouting on our youth has been recognized for many years, much more can still be done. This is why the 1967 Boy Scout Week theme is "Scouting Rounds a Guy Out." Its purpose is to introduce Scouting to more boys.

We urge Scout alumni to help in this challenging program.

This Is The Goal Of The Boy Scouts

—The goal of Scouting is to prepare each boy to achieve his adult potential as a responsible citizen. —The boy in Scouting enjoys a variety of experiences, opportunities to develop self-confidence, satisfactions in service to others, and the fun of working in a group. —Scouting is an active, virile program with broad appeal for the emerging adult.

The Scoutmaster's Job

It's sleeping in a pup tent
On a rainy, windy night;
Or singing round a campfire
When the stars are shining bright.
It's hiking in the sunshine
With a pack upon your back;
Or stalking thru the woodland
On a dim lit forest track.
It's a hand upon the shoulder
When a boy just needs a friend;
Or a word of caution given
When guidance he should lend.
It's training for the future
And the road that lies ahead;
And pointing out the pathway
That youthful feet should tread.
It's teaching God and country
And what the Law's about;
It's helping a boy to manhood,
As he learns to be a Scout.
It's giving forth the best he has
And tho the hours are long,
He's building for the future
To keep our country strong.
He doesn't work for credit
Nor power or fame or gold,
But he'll always be a hero
To the man who's 11 years old.
—Horace S. Williamson

Austin.—They're off. And running!
With a hearing Tuesday night on a bill to legalize horse-race betting in counties where voters approve, the Legislature got into full swing. Committee actions soon will lead to final decisions.
Organization of both houses is complete. To date more than 400 bills have been introduced and referred to committees. Meetings will be scheduled mornings, afternoons and evenings to hear sponsors and objections—to listen to those who think the bills should or should not be passed.
Floor action soon will begin in earnest and the pattern of the session will quickly take form.

Cross Currents
One pattern emerging early has been a widening difference between the Senate and House leadership.
Senate majority seemed determined to pass a \$5,200,000 bill to give 20% overall pay raises to the 40,000 state employees by March 1. Speaker Ben Barnes and the House leadership seem equally determined to prevent it, and likely will succeed.

Gov. John Connally is readying his tax program. Lt. Gov. Preston Smith, noting that spending from the state's main checking account can be \$217,000,000 higher for the coming two years from currently expected revenues without new taxes, suggested that the line be held on taxes.
These differences point up the conclusions being drawn by Capitol observers that Smith will go for governor in 1968, even if Connally tries for that unprecedented fourth term.

Bills, Bills, Bills

All 181 legislators have been busy introducing bills they feel should become laws. The range is wide, as always.
Rep. Jake Johnson of San Antonio thinks his bill to legalize the sale of liquor by the drink (labeled the LBJ bill—liquor by the jigger) has a fighting chance. His poll of House members shows 67 for, 41 against and 21 undecided. He's thus only 9 votes shy of the 76 votes needed, with 21 members yet to poll.
Rep. James Slider of Naples has one to make Texas eligible for highway beautification money from the U. S., and to allow the Highway Department to buy scenic easements to move billboards and junkyards off the roadsides.
Rep. Dick Cory of Victoria wants to repeal the new Code of Criminal Procedure lawmen are fussing about, and to restore the old law. Others are proposing changes in the new law, and Rep. James E. Nugent of Kerrville, chairman of the House Criminal Jurisprudence Committee, invited everyone with ideas for improvement to let him know.

Election Code
That exemption from annual voter registration, which citizens over 60 years of age, living in towns of less than 10,000 now enjoy, would be removed from State law, under a bill by Rep. Gene Fondren of Tyler. This to clarify the election law.
Fondren's proposal would also mean that if you forgot your registration receipt, you would have to go back home and get it or get a duplicate, because voting officials would not be able to accept your signature in lieu of that receipt.

More Sales Tax
Under a bill by Rep. John Traeger of Seguin, any city in the state would be able to collect a one percent sales tax, if a majority of its qualified voters approved this method of financing city services.
The local option sales tax proposal, which would be levied in addition to the existing 2% state sales tax, was recommended by Governor Connally at the request of the Texas Municipal League.

Lily Trap Removal Bill
Relief for waterways clogged with prolific water hyacinths, often called water lilies, would be in sight if the Legislature passes a bill by Rep. Leroy J. Wieting of Portland. It would make possible State Parks and Wildlife co-operation in their removal.
P&W would be able to contribute 30 per cent—in money and/or man hours—to match 70 per cent in federal funds to remove the lily and other insidious water plants where they fill up lakes and river reaches.

Right To Work Law
Rep. Don Gladden has filed a bill to repeal the Texas right-to-work law, and Rep. Bill Clayton of Springlake has filed a bill to strengthen the work law. So the House Labor Committee should be kept pretty busy.
Other labor proposals provide a state version of the Taft-Hartley labor management relations act, and set uniform determination of prevailing wages for workers on public projects.

Cattle Feed Lots
Reps. Tom Holmes of Granbury, Alonzo Jamison of Denton, Delwin Jones of Lubbock and Bill Rapp of Raymondville are authors of a bill to require licensing of cattle

MERRY MAKERS MEET
Mrs. Claude Doyle was hostess last Thursday, Jan. 26th. when the Merry Makers "42" Club had their party in the club room of the Memorial Building.
There were three tables of players including three guests, Mrs. Ruby Damron, Mrs. Myrtle Galbreath, and Mrs. Mary Palmer.
The hostess served sandwiches, potato chips, olives and pickles, and "Merry Makers Pudding." — Rep.

CORRECTION—
In last week's Buyer's List for the Stock Show, the names of Eldorado Variety and James Williams were mistakenly omitted as purchasers of Lanis and Janis Mikeska lambs.

feed lots and regulation of their operation. They said, "The Act is designed to protect and promote the public health and welfare by the establishment and enforcement of certain standards in the maintenance and operation of beef cattle feed lots."
It was recommended by the cattle feed lot division of the Southwest Cattle Raisers Association.

Appointments

Governor Connally has reappointed John L. Hill of Houston, Secretary of State; Charles H. King, Jr., Longview native, Commissioner of the Bureau of Labor Statistics; Gen. Thomas S. Bishop, Houston, Adjutant General; Brig. Gen. James D. Scott, Mineral Wells native, Assistant Adjutant General for Army; and Brig. Gen. James M. Rose of Denton, Assistant Adjutant General for Air.

A. G. Opinions

Atty. Gen. Crawford Martin has ruled that a constable is not barred by state law from becoming a surety on a bail bond, but there are circumstances that would make it official misconduct on his part.
Other rulings: That the Veterans Land Board does not have authority to permit a veteran purchaser to substitute a different tract of land for one covered in a Board commitment prior to December 1, 1965. It is not illegal to catch fish by hand. Fraternities at the University of Texas Medical School at Galveston are not exempt from property taxes. When a sheriff arrests a person under a writ of attachment, he may elect to accept the arrested person's personal bond, if the civil court does not specify sureties or other security.

Wildlife Areas Sough

Parks and Wildlife Department has proposed to legislative budget writers purchase of 233,000 acres for inclusion in 16 wildlife management areas in Texas.
P.W.D. said 130,000 acres are needed in brush country—Rolling Plains, West Cross Timbers, Grand Prairie, Trans-Pecos, Lower Coastal prairie and Pinewoods. Another 93,000 acres is requested for expansion of five existing management areas and preservation of native brush in the Lower Rio Grande Valley for nesting use by white winged doves.

Department asks authority to use unappropriated balances from \$7,000,000 Special Game and Fish Fund No. 9. State money would be matched by federal aid which would provide 75 per cent of cash, under proposal advanced.

LBJ Park Showdown

Controversy over the value of the last 54 acres of land sought for Lyndon B. Johnson State Park in Gillespie County is roaring toward a showdown.
When a legislator entered the case as attorney for owners, Mr. and Mrs. Earl Sweeney of Stone-wall, forcing postponement of the condemnation trial, LBJ Park fund administrator John Ben Shepperd tendered into Gillespie County Court, \$62,500 in cash, representing the commissioners' award for the land.
Shepperd said action was taken so plans to develop the park could be pushed forward, with prejudicing the right of either the Sweeneys or the state to have a Gillespie County jury determine the fair value of the land.
Meanwhile, he said Parks and

THE WATT and THE KILOWATT

Producing power is a gigantic battle with nature. The windmill produces enough power to pump water from the ground—something a few watts of electricity can do. But the huge generating plants which produce the power transmitted over the vast network of WTU transmission lines which reach from the Red River to the Rio Grande are measured in kilowatts—hundreds of thousands of them. Power enough to serve 166 cities and towns in 50 West Texas counties. You can live better electrically—West Texas Utilities provides the kilowatts.
