Football Workouts To Start Monday

Coach Ray Morgan will be in charge when the Eagle football boys begin their summer practice Monday morning. Twice a day workouts will continue up to the opening of the fall term of school. A scrimmage game will probably be worked into the practice schedule.

The Eagles go to Eden for the season's opening game on Sept. 8th, and host the Golden Cranes for the first home game on the 15th, at which time all new facilities are expected to be ready and in place at the new football field.

Earl Dear Clark, who constructed the six steel lighting towers, finished painting them early this week, and the electrician was expected to be mounting lights on them soon. After that, the towers will be hoisted up and mounted onto their cement foundations and connected to power supply.

Band Practice To Start Monday

Eagle Bandmaster Wayne McDonald announces that summer band instruction will begin Monday at the band hall.

All returning and beginning band students are urged to be on hand.

Mr. McDonald attended a state meeting of band instructors last week in San Antonio and is expected to be here this week end, in time to start instruction Monday.

Work Continuing On Public Housing Units

Work is coming along well on the public housing units being built here in Eldorado, at two sites. One is just north of the Christian church and the other is in northeastern Eldorado near the Scout hall.

At the site near the Christian church, a block north of the court house, three of the five duplexes were framed up this week.

Mac Rankin, one of the supervisors with Herman Bennett Construction Co., stated that the units should be "weathered in" in about two months, after which time interior work can continue.

The Bennett Construction Co. has until next March to complete the units, but it is expected that they will be finished well ahead of time.

The five duplexes near the Christian church will be constructed with special features for the elderly. There will be showers with stools in them to sit on, and hand rails to hold onto.

The Bennett firm has hired quite a bit of local labor for the work.

Foundation work was continuing at the north site near the Scout hall, where seven duplexes for families will be built.

It was stated that the Herman Bennett Construction firm will probably bid on our hospital job as soon as site is selected, final plans and specifications are drawn up, and bids are called for.

Lions See Film On Southwest Football

Raymond Mobley furnished a film put out by Humble which was shown at the meeting yesterday of the Lions club. It depicted highlights of the Southwest Conference Football Season, and L. D. Mund was projectionist.

Bill Rountree presided. He appointed Lions Humphries and Whitaker to recommend a date for the ladies night in September honoring the teachers.

Joe Christian and Granvil Hext were appointed to get the traditional hat for W. O. Faull for bringing in the first bale of cotton this year.

The club voted to sell bags of Halloween candy again this year. Guests were Rusty Meador, who played for the singing of two verses of "America", and the Rev. Toney McMillan.

Mrs. Ronnie Clithorne of Dallas visited here recently with her parents, Mr. and Mrs. J. P. Enochs. She was scheduled to fly to Virginia where her husband is in training at Fort Lee, and to spend a few days in that area.

Architect Says Hospital Ground - Breaking May Take Place About Jan. 1

All directors were present when the Hospital board met in regular session Monday night. Chairman Ratliff produced a deposit slip dated Aug. 7 showing that \$450,747.50 had been credited to the District account at the First National Bank here, representing funds from the sale of bonds plus accrued interest. In an agreement with Bank President Baker, the larger share of this money will be placed in certificates of deposit where it will draw 5 per cent interest until needed.

Mr. Ratliff acknowledged receipt of a check for \$130 as a memorial, making a memorial total of \$130 received up to the present. The board agreed to set up a special memorial fund for gifts of this kind.

Contracts were signed with Don Goss as architect, and Tol Terrell as hospital consultant, clearing the way for the next major step—selection and purchase of grounds. Mr. Goss explained that his ultimate construction plans and estimates hinged on the location of the building and it was agreed that the members would meet with him here Thursday (today) to go over the several proposed locations. Considered are locations on Angelo highway, Mertzon highway and Menard highway, plus one or two in between. Each has advantages as well as disadvantages which will be weighed today by the members in consultation with the architect.

Mr. Goss estimated that the architectural job of making plans and specifications would require at least three months and that they should be ready for submission for bids to contractors on or about December 1st, and that ground breaking could be expected about 30 days later.

With money now in the bank the board approved two bills and ordered them paid—to Columbian Securities for their services as fiscal agents the sum of \$2,175, and to the Eldorado Success for office supplies, \$51.00.

Ray Boyer In Hospital Following Accident

Ray Boyer and son Danny sustained injuries when their '59 Dodge was demolished in an accident that occurred about 1:20 last Wednesday afternoon near San Antonio. The two were on their way to San Antonio when the mishap occurred as they were about to get on the freeway.

The two were knocked out, and were taken to Robert Green hospital in San Antonio where they were given emergency treatment. Danny received a cut on his chin; he was released following treatment.

Larry Boyer of San Angelo came through here to pick up Mrs. Boyer and they went to San Antonio. Ray was transferred later to the Clinic-Hospital in San Angelo where he has been undergoing therapy this week for his injured neck.

His address is: Room 100, Clinic-Hospital, San Angelo. Mrs. Boyer reported this week that he might be released later this week.

The '59 Dodge was reported to be a total loss.

Charles and Patsy Kellogg of Big Lake visited relatives here this week.

Guy Whitaker To Register Students

The Junior High and High School students of the Eldorado schools are to register for classes for the coming school year on August 22, 23, and 24, it was announced this week by Guy Whitaker, principal.

Mr. Whitaker will announce the schedule of registration next week.

In the meantime, Mr. Whitaker stated that any new students who will be coming into grades 7 thru 12 should see him at the high school office.

To State Co-Op Meeting

The state meeting of Texas Electric Co-Operatives, Inc. will begin Wednesday of next week in Houston with an all-day meeting of attorneys. Louis D. Gayer of San Angelo, who is attorney for the Southwest Texas Electric Co-Operative, plans to attend the all-day session and the convention that follows.

Mr. and Mrs. Don McCormick from here and Mr. and Mrs. W. Sheen of Menard are scheduled to attend.

With our subscribers: Mrs. Ebba J. Crow recently renewed from 2826 W. Harris in San Angelo.

Betty Humphries' new address is 2200 Fountainview, Apt. 6, Houston, Texas 77027.

Clyde Thackerson's new address is Box 621, Goldsmith, Tex. 79741.

In connection with the annual Co-Op barbecue held Tuesday, I think a few words of praise should go to the county officials and especially to their custodian—Hicks for the fine condition of the court house grounds. The lawns were in perfect shape and large numbers of guests simply sat on the well-mowed grass while they enjoyed their meal. The huge, well-kept trees provided an abundance of shade which was especially enjoyed since daylight saving time made the starting time an hour earlier than last year and the temperature was about 100.

The well-organized Co-Op crew and 4-H boys and girls handled the large crowd of some 800 with their customary efficiency, and Orland's barbecue was superb.

At the business meeting following the barbecue, Co-Op Manager McCormick reported 700 guests and members had been served. Re-checking later he admitted an error in his arithmetic. The total was actually 800.

Johnny Meador, who operates the C. C. Lease Service Company, was back in our office last week to place another order for Work Ticket books.

His usual order is for 30 books which contain 1,000 tickets in triplicate—that is, each ticket consists of a white sheet, a pink sheet and a yellow one; each numbered and perforated.

We looked up his last order and found it was turned out in February this year—just six months ago—and that caused us to ask Mr. Meador about his business. He said, yes, they had been very busy this year; he is running a crew of about 15 men, and his payroll is about \$10,000 a month.

Since each ticket represents a job turned out, it would appear that C. C. Lease turned out 1,000 jobs in just about six months!

Whoopee! We're glad somebody has a business that is not affected by the drought.

We were asked this week to change the address on the paper for Mrs. Jewel Miller which has been going to Cloudercroft, New Mexico. Her new address is: 1009 Laughlin, Hobbs, N.M. She will be teaching a first grade class in an elementary school there.

The East Side Lions club will be selling chances soon on a wrist watch to be given away in a drawing to be held November 23 at 3:00 p.m. The chances are 75c each and will be available from any club member.

This will be one of the fall money raising projects of the club.

The watch is on display in the window of John Stigler's jewelry store, here in Eldorado.

The El Dorado Chapter, Daughters of the American Revolution, was the first local organization to have their new year books printed in our shop last week. This means that early Fall is just around the corner.

School will be starting and the various clubs will begin their new year's program of work and study. The DAR's opening program will be on Thursday, September 21st.

Hardeman Named To Investigating Committee

Austin, Tex.—Lt. Gov. Preston Smith recently named Senator Dorsey B. Hardeman of San Angelo to head the important Senate General Investigating Committee. The committee was created by Senate Resolution 39, adopted during the recent Regular Session of the 60th Legislature.

The five-member committee is charged with the duty of inquiring into affairs and activities of governmental departments and investigating law violations. The resolution calls for a report by the committee to the 61st Legislature when it convenes in 1969.

Hardeman, an attorney, represents the 25th Senatorial District, which includes Schleicher county.

First Bale In Eldorado

The first bale of cotton was ginned out at the Mikeska Gin in Eldorado Tuesday morning.

It is probably the very first bale ginned anywhere in the southwest area of Texas, and the August 8th date is probably the earliest ever recorded here.

The bale was brought in by W. O. Faull from his farm about nine miles southwest of Eldorado, and came from a field of early irrigated cotton. It made a 440-pound bale. Mr. Faull reported that he had about 4 or 5 more bales already open and in the process of being gathered.

Gin man George Mikeska reports that the county's irrigated cotton is looking good, but that dryland cotton is very limited. He is looking forward to another light ginning season.

Faull's cotton is being hand-picked by local labor.

Boy Scouts Hold Court Of Honor

With Scoutmaster Jim Holley in charge, Boy Scout Troop 18 held a Court of Honor Monday night in the Memorial Building at which badges of rank and merit badges earned in the recent week spent at Camp Sol Mayer, were given out. A large crowd of parents and boys attended.

Scoutmaster Holley presented new badges of rank as follows: Benjie Jay, Tenderfoot; Dewayne Kushing and James Holley, Second Class; and Steve Sykes, Life.

Merit badges given out by Gerald Childers were: . . . Steve Sykes: Citizenship in Nation, Athletics, Life Saving, Reading, Wildlife Management.

Bobby Sykes: Archery, Citizenship in Nation, Camping, Sheep Farming, Beef Production, Public Speaking, Conservation of Natural Resources.

Jerry Childers: Nature, Pioneering.

Dewayne Rushing: First Aid, Swimming.

Mark Calk: Swimming. The Rev. Kenneth Vaughan of the First Baptist church was present as a guest and gave a brief talk and opening prayer.

Gary, Mindy, and Mark Wolfe are visiting here from Dallas with their grandparents, Mr. and Mrs. S. D. Harper.

Jim Thornton has moved from the Ebba Crow house to the Jimmy West house on the Angelo highway.

News of the Sick

Shirley Hubble is still continuing to convalesce in the Sonora hospital, and may be able to come home early next week, according to word from friends who have visited her there in recent days.

Mrs. Overstreet and Mrs. Cheek were reported in the Sonora hospital early this week.

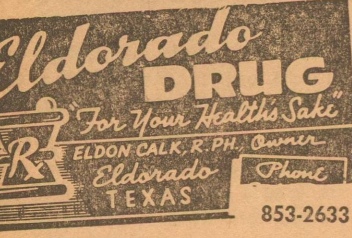

Rev. D. G. Sulter of the Methodist church received word during the week end that his father was in a San Antonio hospital undergoing tests. He left Sunday for San Antonio to spend a few days.

Ernest C. Hill remains about the same in the Sonora hospital where he has been for a number of months.

Sam Ensley is serious ill in the Sonora hospital. He was taken there by Sheppard ambulance on Saturday, July 29, from the Derrick ranch in this county. He is the father of Mrs. Arch Ory.

Leslie Woullard brought his aunt, Miss Ada Woullard, home Monday from the Shannon hospital where she stayed several days. She is continuing convalescence at home and had a good report from the doctor. She is allowed visitors. She is being cared for by Mrs. Martha Jackson, who has had experience in caring for elderly people.

**William Edmiston
Back From 4-H Camp**

Junction, July 31.—The 13th annual Youth Range Camp for outstanding 4-H and FFA boys of Texas opened today with registration at the A&M Adjunct near here. The camp is sponsored by the Texas Section of the American Society of Range Management.

The boys were selected on a basis of outstanding 4-H and FFA work and interest in or projects with range management. Expenses for each boy attending the camp were secured from local banks, service clubs, soil conservation districts, livestock associations, farm bureaus, individuals, parents and other organizations.

The week's camp is designed to give outstanding range and ranch boys an opportunity for additional training in range management, leadership and recreation. The program included nature study, judging range conditions, wildlife management, ranch planning and field trips to a Kimble County ranch and the Ranch Experiment Station, Sonora. A well planned recreational and entertainment program was planned for the group between instruction periods.

William Edmiston attended the week-long camp from the Schleicher F.F.A. He is the son of Mr. and Mrs. W. F. Edmiston.

Boys took notes on the instruction received and prizes were given out on Saturday morning, August 5, on the notebooks and herb-aria prepared. Ben Sims, president of the Texas Section, presented awards to outstanding campers.

**Renee Denton Becomes
Bride Of Charles Nixon**

Miss Renee Denton and Charles Nixon were married Saturday in West Side Fundamental Baptist Church with Rev. Edgar Tatum officiating. Parents of the couple are Rev. R. L. Denton of San Angelo, and Mr. and Mrs. E. H. Nixon Sr. of Eldorado.

The bride was attended by Miss Carol Sawyer of San Angelo as maid of honor, with Pat Childers of Eldorado serving as best man.

Ushers were Archie and Gene Nixon, nephews of the bridegroom, of Eldorado. Ring bearers were Sheila La Combe, niece of the bridegroom, and Brice Denton, nephew of the bride. The bride wore a white floor length gown of brocade which her mother made.

A bridal shower was held in the West Side Fundamental Baptist Church on Friday.

After a short wedding trip, the couple will live in Brady where the groom is employed.

Methodist Notes

Our sincere thanks to all those who helped in our revival. We wish to welcome the following new members into our church fellowship:

Miss Patti Olson, on profession of faith.

Mr. Charles Niblett, by letter of transfer from the First Methodist Church, Hastings, Okla.

Mr. and Mrs. Billy Gene Edmiston, by letter of transfer from the Odom Methodist Church.

Mrs. Sammie Dannheim, by letter of transfer from the Lakeview Methodist Church, San Angelo.

Gerald Hartgraves is usher-in-charge for August. P. S. Dudley & Bob Bradley will usher this Sunday, and on August 20 Ralph Waldron and Ed Meador will serve.

The Rev. D. G. Salter left for San Antonio by bus shortly after noon Sunday. He was notified earlier that his father was in a hospital there undergoing tests.

On The Screen . . .

**Italian Hand Heavy
In 'Kiss The Girls'**

There was a fine Italian hand used in the making of Kiss the Girls and Make Them Die, which comes in color to the Eagle Drive-In screen next Wednesday and Thursday, but it is a hand of many palms and quite heavy at times.

The film is a product of the Dino De Laurentiis organization, though there was much location filming in Brazil. Most of the crew is Italian—director Henry Levin is the major exception. And most of the cast is native English-speaking—Raf Vallone is the major exception.

Kiss the Girls is in the genre of the wave of comedy spoofs of espionage with way out plots and way out gimmicks designed to titillate the viewers' interest. Perhaps the Italians simply do not do these things well, at least for American audiences.

Dorothy Provine, using a difficult to understand English accent and portraying a British agent, and Michael Connors, as a representative of American intelligence, are adept enough and director Levin is skillful enough to bring them off in the proper tongue-in-cheek style that has made other spy spoofs so delightful.

Two factors provide saving grace for Kiss the Girls. One is the presence of Terry-Thomas, the hyphen-toothed British comedian, who makes a brief appearance in the opening sequence as an English anthropologist and returns in another (and longer) role as Miss Provine's chauffeur.

Nothing disturbs this inscrutable Englishman. He takes on whole gangs of roughnecks and disposes of them all neatly, quickly and with scarcely a ruffled suit front. His beloved Rolls-Royce, in which he takes Miss Provine on the devious paths of her mission,

can supply any heart's desire—a ladies wardrobe, tea with the pot boiling, whisky and soda or a punch in the jaw for an unwanted passenger.

The other saving factor is the ingenious special effects, the gimmicks dreamed up by Augie Lehman to deal with spy and counter-spy in a personal way and the convincing laboratory and rocket launching center that becomes the climax of the story. When Miss Provine and Connors first make contact, it is not friendly—the clinch comes later. She shoots a poison dart from a cigarette holder; he shoots one from his shoe tip; she warns that she has another, he raises the other shoe and says he has, too.

In the story, originally written by Dino Maiuri and turned into a screenplay by Maiuri and Jack Pullman, Vallone portrays a mad scientist who has built a secret laboratory near Rio de Janeiro where he has developed a powerful ray capable of sterilizing the male population. He enters into a pact with obvious Orientals and probably Chinese, though the dialogue does not make the nationality clear, to put the ray in a rocket which they will supply so that the sexual urge of American men can be wiped out, thus destroying the United States in a generation or so.

But the scientist is a sneaky one; he kills off the Orientals to get the rocket for himself and sets out on a plot to wipe out the rest of the earth leaving only himself to repopulate it through girl friends that he has put in hibernation through an unusual process. Of course, he doesn't carry this off and falls victim of the hibernation process himself, but it is the chauffeur Terry-Thomas who really saves the situation so that Miss Provine and Connors can plan a more lasting Anglo-British alliance of the future.

The most exciting scene and more a la James Bond than those that follow is an early sequence

**GRIFFIN'S GULF
NOW THREE YEARS OLD**

It was on August 15, 1964, that your Gulf Station opened under our ownership. We promptly found out that operating a busy station was something that ran into lots of work—and we've been busy all this time (no chance to lay down on the job.)

The compensation we have gotten for all our work has been seeing the many satisfied customers coming back again and again and again.

Now, with three years' experience behind us, we enter upon our fourth year and want to thank you all for keeping us so busy—which is the way we like to be. By now you know all about our products and the service you have learned to expect.

So, we again say "Thank You."

And now we have added S & H Green Stamps.

Griffin's Gulf Station

DAN GRIFFIN

of a shootout involving Connors and a Vallone henchman inside and atop the statue of Christ overlooking Rio, with the final rescue effected by a helicopter.

Another plus factor is some gor-

geous Brazilian scenery with an air cruise around some spectacular waterfalls providing background for the credits. There is an interesting musical score with frequent harmonica cadenzas played by

John Sebastian, though the repetition of theme may tend to bore toward the last of the film.

In a word: The Italian hand should have had a gentler touch to preserve the nuances of comedy.

**PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER THREE ON THE BALLOT**

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund hereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the re-

irement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Most farmers and ranchers who produce livestock have to live and work with the buildings they construct. Therefore, buildings should

be planned to save time and labor, and to provide the type of environment needed by the livestock. Good planning goes a long way in eliminating headaches in farm buildings. Visits to other livestock producers offer ideas. Also discussions with building supply dealers. Every idea may not be acceptable, but at least some sound ones will

be picked up. When planning, figure out the flow of livestock and materials. Make sure you know where the feed is going into the building, and where livestock and manure are going out. Then ask: Is there an easier, more economical way of doing this? The time spent in planning new

construction or the remodeling of existing buildings may make it possible to double the number of animal units that can be handled with the present labor supplies.

The world's champion tightwad is the man who takes his electric shaver to his office to recharge it.

Extra care of roses during August and early September when the weather is hot and dry can mean more beautiful blooms this fall.

Check the mulch applied in the spring. Make certain it is still at least an inch or two thick. Water the bed thoroughly every 10 days or more often if needed and soak the soil to a depth of 8 to 10 inches. Frequent light waterings encourage shallow roots and make the plant susceptible to disease.

It is also essential that the spray program be continued, even though the weather is dry, to prevent blackspot. Heavy dew in the morning will encourage blackspot just as do frequent showers in the spring.

The rose plant should be sprayed with a fungicide containing maneb or folpet every 10 to 14 days. Continue this spray program until the first killing frost, since the leaves are the food manufacturing organs of the plant. It is essential to retain as many leaves as possible to build up the food reserves in the plant and to promote larger flowers with more intense color. Good food reserves will also help the plant to withstand severe winter weather.

Examine rose plants at this time of the year with a critical eye to determine if there are plants which need replacing. Many excellent rose varieties are available and it's a waste of time and effort to keep plants which do not live up to your expectations. Mark those selected for removal so they can be easily located when planting time is around.

How long can the consumer continue to get big mileage out of his dollar spent for agricultural goods while the farmer is caught in a critical economic squeeze?

Looks like a bumpy road ahead for consumers of agricultural products. The situation could become alarming.

The reason—the farmer is operating to a very very thin profit margin. If he loses his economic incentive to produce, the consumer will be faced with serious shortages.

Here's the situation. While food prices are 35% higher than they were 20 years ago, farm prices are still 5 to 7% below what they were then.

Add to this the fact that practically all agricultural equipment and supplies have risen steadily in price.

Agricultural prices are the lowest since 1933 at present. There has been a 10% drop since August of 1966.

Forty-two producers, veterinarians, bankers, dealers, research personnel, economists and Extension and Experiment personnel attended a program at the Jimmie Powell Ranch on Monday, from 9:00 to 11:00 a.m.

The program was on synchromate—a new management tool to help improve sheep and wool production profits by improved lambing percentage and a more even supply of lambs through a short lambing period by the use of chemicals. By the use of this chemical ewes can be timed to lamb at any time, and within a short period of one week.

G. D. Searle, company representative, had charge of the program and demonstration.

Cronolone synchromate has been used many years in Australia, New Zealand and other foreign countries. This was the first planned meeting in the U. S.

ATTEND MEETING

Mrs. Evelyn Stigler attended a state meeting of music teachers last week in San Antonio. Mrs. Stigler will teach elementary music this coming year, succeeding Mrs. Irene Teele who retired.

Also attending the San Antonio meeting was Lynda McGinnes, who is spending the summer here after teaching this past year in the schools at Lovington, New Mexico.

Mr. and Mrs. Levis Kinsler returned last week from the Washington, D. C. area where they spent ten days visiting their son-in-law and daughter, Mr. and Mrs. Robert Proehl and their young daughter. They went through many points of interest in the Washington area, Mount Vernon, and the city of Baltimore.

Mr. and Mrs. Bill Rountree and Karen and Jean returned during the week end from a trip to Tennessee and Dallas where they visited relatives. They were away about three weeks.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds," shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife De-

partment, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

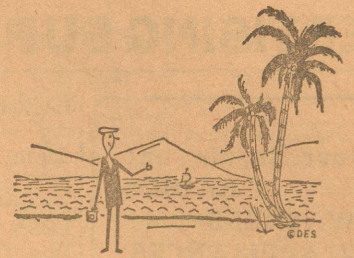

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

Mrs. Will G. Smith Dies

Mrs. Will G. Smith died July 27 in a hospital in Santa Fe, N. M. Funeral was held at Carlsbad, on July 29.

In addition to her husband, she is survived by one daughter, Mrs. Merwin Campbell of Carlsbad, N. M., and three sisters, Mrs. Wylie Brooks, Carlsbad, N.M., Mrs. Will West of West Palm Beach, Fla., and Jewel Anderson of Abilene; two brothers, George Anderson of San Angelo and Jim Anderson of Oregon. The deceased was a daughter of Mr. and Mrs. B. F. Anderson, residents of Eldorado in early days.

George Sofge, a Senior at South-west Texas State, a chemistry major, will teach in the Pleasanton, Texas, school system beginning in September.

Mrs. J. L. Ratliff of Dallas visited friends here Sunday, and attended services at the Baptist church.

The Raymon Mobley family have returned from a five-day trip through New Mexico, Arizona, and Nevada.

Mr. and Mrs. Charles McLaughlin Jr. and daughter of San Antonio visited here this week with his parents.

Sam McGinnes spent a few days here this week visiting relatives and attending the Co-Op meeting. He and Mrs. McGinnes are now making their home at the Park Plaza Nursing Home in San Angelo.

Lions Elect International President

Jorge Bird of San Juan, Puerto Rico, was elected President of Lions International at the Association's Golden Anniversary Convention in Chicago, July 5-8. Serving as the 51st President during the Golden Anniversary Year, Mr. Bird heads the world's largest service club organization with 835,000 members in 21,400 clubs located in 137 countries and geographical areas.

Lions International is best known for its aid to the blind, sight conservation activities, youth programs and its many community service projects. "Better World Understanding Through Lionism," and development of a stronger friendship between North and South America are the goals of Bird's program for his 1967-68 Presidential Year.

Editorial Comment From Our Neighbors

School Bells Again Soon
With the coming of August, the hottest days of summer are upon the land. With this climax of the seasons will come the month of September—the time for millions of young people to return once again to tens of thousands of schoolrooms across the land.

In today's world, the sum total of man's knowledge is exploding upward at an accelerated pace. It takes many more years of schooling to become well trained in any field and further to become a well educated human being with the established, permanent desire and ability to continue the learning process throughout life.

The cost of education today is a major tax burden. With this in mind, many of the "older generation" sometimes voice the doubt that "all this schooling is really worth it." They wonder what kind of a crop of young people we are raising. Protesters, sit-inners, rioters and school dropouts get a great deal of publicity, but they are a tiny proportion of our school population and would probably be in trouble wherever they were and whether they had any education or not.

The real promise of the future lies in the vast majority of hard-working young people who look forward to school days opening again this fall—not only for the social companionship, excitement and fun of activities, but also, because they feel the stimulation of learning about their heritage and opportunities and exploring the vast fields of knowledge now being unfolded to man's mind. As the school bells ring again, we all should wish them well. —McCa-mey News.

Was It Worth A Billion?

Was it worth \$1 billion? Did it do \$1 billion worth of good for the underprivileged of Detroit? These are among the questions we would pose if given the opportunity—or misfortune—of talking to the despicable beatniks who touched off the tragic killing, burning and looting of Detroit.

Although the first weeks of summer indicated a better than anticipated year, the summer of 1967 has indeed lived up to its billing as another "long, hot summer." From where we sit, the reactions of government—at almost every level—seem destined to bring on more of the same. Arrests have been astoundingly low—although thousands were behind bars for short periods—and the signs are already becoming evident that prosecutions will be restricted to an unprecedented low in ratio to the crimes committed. We are the first to recognize, however, that Detroit police have a monumental task in trying to gather the evidence required to convict anyone in that mob of thousands who were responsible for the worst riot in our nation's history. Assignment of federal troops to quell the riot was a wise move and at least temporarily showed that law is law.

We have long heard—and easily understood—that an "atmosphere" has been responsible for racial uprisings from time to time in our larger cities across the nation. We still believe that a certain "atmosphere" or "climate" are partially

VISITORS AT DOYLES

Mr. and Mrs. Billy Jack Etheredge and children of Lubbock spent a week here recently, and Mr. and Mrs. Jerry Doyle and baby from San Marcos were also visitors. They returned home Sunday.

Other visitors in the Claude Doyle home were: Milton Doyle of Roby, Mrs. Hazel Bilhartz of El Paso, Mr. and Mrs. D. E. Roach of Redwood City, Calif.; and Mrs. Opal Blackmon of Victoria.

Mr. and Mrs. George Long returned home Monday evening after spending four weeks vacationing at Cloudcroft, New Mexico.

Mrs. Vida Kreklow, County Home Demonstration Agent, returned Monday from Dallas where she spent a few days visiting.

Mrs. Morris Davis and son of Austin visited her parents, Mr. and Mrs. James Williams, here this week.

Mrs. W. C. Parks and Letha returned home last week from a trip to San Antonio where they visited relatives and in Corpus Christi. At Houston they saw three games in the Astrodome and spent one night.

Mr. and Mrs. A. M. Whitis were here early this week. They left Tuesday to return to their home at San Antonio.

The Lawson Roller Rink was dismantled and moved away last week after operating here for about two weeks. Report here was that it would be located in Iraan for a while.

responsible, but the Detroit uprising has passed far beyond the stage of the politician's atmosphere."

What we saw was a complete disregard for the law by thousands—and a treasonous attack on our country.

The answer still being sought by many is whether the acts of crime in Detroit are the result of sociological problems or simply a rebellion displayed through complete lack of respect for the law. We believe they both are a part of the massive problem, but we also are firm in believing that the best way to compound sociological problems is to ignore wholesale murder, arson, burglary, armed robbery and treason. Two wrongs have never made a right and never will.

Has the burning of substandard housing in Detroit, by its occupants, given them a better place to live, or will it ever? Does giving in to a child's temper tantrum lead to a smoother road ahead for the parent? Will the continued freedom of a murderer or an arsonist stop his disregard for the law? We think not—and our prayer is that criminals be dealt with as criminals—that sociological problems be kept apart and aside from felony crime.

Until local governments insist that law and order be upheld—and until we convince a few thousand bearded traitors that this country will not be blackmailed into handing them the "good life" on a silver platter—riot and unrest in this country will continue. We only hope that our public officials in Washington keep this in mind when trying to accomplish the difficult separation of clear-cut felony crime and racial mistreatment. —Ft. Stockton Pioneer.

10% Tax Increase

The proposed 10% income tax increase is due to encounter some rough treatment in Congress, and will probably be reduced somewhat before it is enacted.

Facing an estimated \$29-billion deficit during the current fiscal year, the President has come to Congress for relief from an excessively liberal domestic spending program which has skyrocketed during the past three years of the Great Society.

While the cost of the Vietnam war accounts for much of this, the fact is that defense outlays have been largely offset by vastly increased income from taxes at a time when the gross national product has been surging upward to new heights.

But the catch is that the government has insisted on maintaining and increasing nondefense spending during wartime—a "butter and bullets" policy.

In recent years nondefense spending has climbed faster than defense spending. During the past six years defense spending has jumped from \$47 billion to nearly \$70 billion—or an increase of 54%. But during that same period non-defense spending was upped from \$36.8 billion to \$58.7 billion—or a raise of 59%.

This type of nondefense spending, when a war is on, simply cannot be maintained without deficits—and big deficits. The government spent \$10 billion more than was taken in during the past fiscal year which ended in June of this year. And with cumulative outlays for scores of Great Society programs, the deficit will skyrocket—with or without a tax increase.

The proposed hike would raise \$7.4 billion a year. If needed to finance the war, then of course it should be voted. But there is an alternative: Simply reduce non-defense spending by \$7.4 billion, and accomplish the same purpose and the tax payers will not be further burdened.

As the matter now stands I oppose the 10% tax raise. As one who anticipated the present deficit dilemma and who has voted against the spending policies which have brought it on, I prefer a cut in spending.

Colonel Davis Receives Three Medals, Vietnam

U. S. Air Force Lt. Col. Paul A. Davis, whose wife, Dorothy, is the daughter of Mrs. C. H. Meadows of 223 W. Ave. A, San Angelo, has received three military medals at Nha Trang AF, Vietnam.

Col. Davis was decorated with the Bronze Star Medal and his second and third awards of the Air Medal for action in Southeast Asia.

He earned the Bronze Star for meritorious service as an assistant deputy commander for operations, Tan Son Nhut AB, Vietnam. Col. Davis was cited for his exceptional leadership ability in military operations against Viet Cong forces.

The Air Medals were won for outstanding airmanship and courage on important missions under hazardous conditions.

The colonel, a graduate of Eldorado High School, received his A. A. degree in 1941 from San Angelo College.

Lions Recommend Safe Driving Award

Five (5) residents of Schleicher County shall be appointed by the Lions Club president about September 1st, of each year to judge the safe driving habits of youths of Schleicher county for one (1) year.

These judges may or may not be a member of the Eldorado Lions Club. The names of the judges shall be known ONLY to the club president. At the end of the year each judge will make a recommendation in writing to the president of the Lions Club for 1st, 2nd, and 3rd places for safe driving habits during the year. There will be a total of fifteen (15) recommendations.

The president shall count the votes and in case of a tie or ties for first place, the president shall submit the names of the ones receiving the highest votes to the committee for them to vote on the youth for the award.

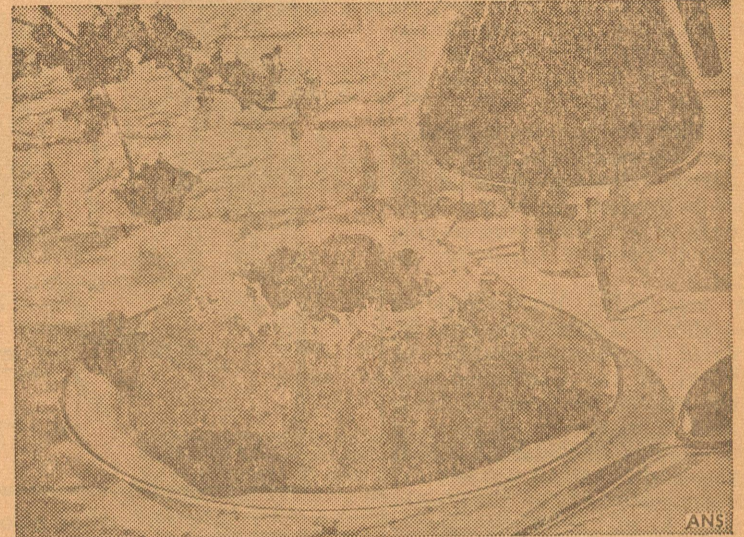

The contestants shall be under twenty (20) years of age and shall be residents of Schleicher county and shall have a drivers license. A Lions Club plaque or similar award shall be presented to the winning youth (boy or girl) at a regular meeting of the Lions Club or at a ladies night luncheon.

These suggestions were submitted by a member of the Club.

COOL AND AIRY DESSERTS are welcome meal endings on warm evenings. Jellied Coconut Ring is a fluffy mold of whipped black cherry flavor gelatin and whipped cream, with Baker's Angel Flake Coconut folded in for texture interest. Bing cherries fill in the center of the mold. This is a lovely dessert to make ahead in the cool of the morning and then quickly assemble at serving time.

JELLIED COCONUT RING

- 1 package (3 oz.) black cherry flavor gelatin
- 1 1/4 cups boiling water
- 3/4 cup milk
- 1/2 cup sugar
- Dash of salt
- 1/2 cup heavy cream
- 1/2 cup flaked coconut
- 2 cups Bing cherries*

*Use pitted fresh or drained canned Bing cherries.

Dissolve gelatin in boiling water. Allow to cool to lukewarm. Scald milk. Add sugar and salt and stir until dissolved. Cool to lukewarm. Then add milk to gelatin very gradually, stirring constantly. Chill until very thick. Beat with rotary beater or electric mixer until mixture is fluffy and thick and about double in volume. Whip cream. Then fold whipped cream and coconut into the whipped gelatin. Pour into a 1 1/2-quart ring mold and chill until firm. Unmold and fill center of ring with Bing cherries. Garnish with additional flaked coconut and mint leaves, if desired. Makes 6 to 8 servings.

Strawberry Spectaculars

by Betty Crocker

Berry pickers, be choosy. Look for clean strawberries, uniformly bright red in color. Buy only the amount you'll use in a day or two. Then treat them gently and vary the strawberry surprises. Of course, you'll serve the world's easiest dessert, fresh strawberries with cream. And strawberry sundaes and parfaits. And the good old-time American dessert, strawberry shortcake. For a twist, add a little lemon or orange rind to the whipped cream. Or try almond flavoring instead of vanilla. Then for an extravaganza at party time, try my elegant recipe below for Baked Alaska Shortcake. It's positively guaranteed to dazzle your audience.

- Baked Alaska Shortcake
- 2 cups Bisquick
- 3/4 cup light cream
- 2 tablespoons sugar
- 1 pint strawberry ice cream
- 2 cups sliced fresh strawberries
- Meringue (below)

Heat oven to 450°. Mix Bisquick, cream and sugar with fork to a soft dough. Beat vigorously 20 strokes. Knead 8 to 10 times on cloth-covered board lightly dusted with flour to prevent sticking. Roll dough into an 11-inch circle. Ease into layer pan, 8x1 1/2 inches. Bake 10 minutes. Remove from pan; cool thoroughly. Place shortcake on baking sheet; spoon ice cream on shortcake. Place in freezer. Just before serving, heat oven to 500°. Spoon strawberries over ice cream. Place

in freezer while preparing Meringue. Pile Meringue over strawberries, being sure to seal Meringue to edge of shortcake. Bake 3 to 5 minutes or until Meringue is lightly browned. Serve immediately. 12 servings.

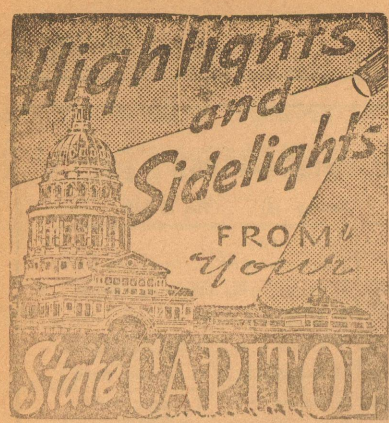

Meringue: Beat 2 egg whites with 1/4 teaspoon cream of tartar until frothy. Beat in 3/4 cup sugar gradually; continue beating until stiff and glossy. Do not underbeat. Beat in 1/4 teaspoon vanilla. Remember, speed's the thing at serving time. Have your fancy dessert plates lined up. Cut the Baked Alaska Shortcake into pie-shaped slices. Beautiful! Now rush them in. Four the compliments. You're something of a spectacular yourself, you know, as a hostess.

HERB ALPERT & TIJUANA BRASS SET OCT. 10 & 11 AT 1967 STATE FAIR

Herb Alpert and the Tijuana Brass will bring their witty, upbeat, romantic—and above all happy—sound to the 1967 State Fair of Texas for two performances in the Cotton Bowl at 8 p.m. Tuesday, Oct. 10, and Wednesday, Oct. 11. Mail orders for reserved seats are now being accepted at State Fair Attractions, P. O. Box 26263, Dallas, Texas 75226.

Austin, Texas—One day after receiving a 40-year service award from the Texas Highway Commission, State Highway Engineer Dewitt C. Greer announced his retirement.

Greer reached the mandatory retirement age of 65 on July 27; but he agreed, at the behest of the Commission, to stay in the job until the end of the year.

Lt. Gov. Preston Smith, acting as governor while Connally hunts in Africa, called on Greer at his office to present him with a framed copy of a proclamation making August 4 "Dewitt C. Greer Day" in Texas.

A celebration commemorating the Highway Department's 50 years is slated for September 26. A highlight of the celebration will be presentation to Greer of funds donated to endow in his honor a lectureship at the Texas A&M Civil Engineering Department.

Greer, a graduate of A&M, went to work for the Highway Department in 1927 and became its top administrator in 1940. During his tenure as chief engineer, Greer has supervised the investment of more than \$4 billion in a highway system that's grown from 20,359 miles to more than 68,000 during the past 27 years.

A former president of the American Association of State Highway Officials, Greer now serves on the organization's executive and legislative committees and has received its two highest honors for contributions to highway progress. In 1965, Texas Christian University made him an honorary Doctor of Laws. Texas A&M gave him its Distinguished Alumni Award in 1966.

Successor Named

Succeeding Greer on January 1 will be Asst. State Highway Engineer J. C. Dingwall who has been with the Department since 1928 except for the World War II years when he served in the U. S. Army Corps of Engineers and four years he spent as Engineer-Mgr., of the Texas Turnpike Authority, supervising the financing, design and construction of the \$58 million Dallas-Fort Worth Turnpike.

Dingwall served as the Department's supervising urban engineer in Houston, overseeing construction of the Gulf Freeway—the first major freeway built in Texas. He has been assistant state highway engineer since 1958.

COW POKES

By Ace Reid

"Don't bother about the skunk now, that last shot jist put us outta the chicken business."

In other Highway Department activity, Hal Woodward of Coleman was sworn in as chairman of the Highway Commission, and Herbert C. Petry Jr. of Carrizo Springs took the oath to begin an unprecedented third six-year term on the Commission.

Woodward, who succeeds Petry as chairman, was first named to the Commission in 1955.

Agencies

A deed has been signed by the School Land Board giving the United States the minerals under 47,895 acres in Guadalupe Mountains National Park.

Two day hearings, October 17-18, have been scheduled by the Texas Water Rights Commission on proposed cancellations of unused water rights for diversion of water from the Rio Grande, indicating that the Commission will apply the newly passed Water Rights Adjudication Act to Rio Grande rights first.

Water Rights Commission has found that directors of Brazoria County Water Control and Improvement District No. 8 have failed to comply with the law by appointing directors to fill vacancies for which there is no unexpired term of office; by not holding annual

elections for directors; by assessing taxes which are not equal and uniform; by not appointing a board of equalization; by collecting too much from the District for services and expenses; and by not calling a special election to fill vacancies.

Board of Insurance put the new driver penalty point system into effect on August 1. By levying \$6,439,362 in penalties on drivers who had wrecks or serious traffic offenses during the year just ended, the Board was able to cut average rates by 1%.

Texas Employment Commission reports that a total of \$8.2 million in unemployment insurance benefits was paid to eligible claimants in Texas during the April-June quarter.

Price-Fixing Suit

State of Texas has filed a price-fixing suit against five big drug firms.

Suit, entered in federal court at Dallas by Atty. Gen. Crawford C. Martin, seeks triple damages totaling about \$12 million from the producers of aureomycin, terramycin and tetracycline products. Drugs involved are used to treat both human and animal diseases and as animal feed supplements.

According to Martin, the federal government already has an anti-trust suit pending against the same firms: Charles Pfizer & Co., Inc.; American Cyanamid Co.; Olin Mathieson Chemical Corp.; Bristol-Meyers Co.; and the Upjohn Co.

Martin alleges that the drug manufacturers charged state and local governments "unreasonably high" prices for the antibiotics through a conspiracy to limit their manufacture and sale.

Furthermore, the attorney general contends, the firms' actions inflated prices to retail druggists, wholesalers, private hospitals and the consumer.

Martin estimated more than \$3 million has been spent by state and local governments alone between November, 1953, and November, 1966, to buy antibiotics for use in public-supported hospitals, schools and other institutions and health or welfare programs.

Other states are contemplating similar suits, Martin said, and state attorneys general will discuss the case at their conference in Portland, Ore., on August 29.

Health Grants Sought

Seventy-eight health facilities have applied for federal Hill-Burton construction grants of more than \$34.5 million, about twice as much as is expected to be available for Texas.

New 1968 Texas State Plan for Construction and Modernization of Hospitals and Related Medical Facilities now is available for review at the State Department of Health.

Hill-Burton Act provides funds to help finance construction and modernization of general hospitals and long-term facilities, diagnostic or treatment centers, rehabilitation facilities, tuberculosis hospitals and public health centers.

Dr. J. E. Peavy, State Commissioner of Health, said the 1968 plan indicates ever-increasing use of health facilities.

Appointments

Lieutenant Governor Smith has made these appointments: Sens. Henry Grover of Houston, George Parkhouse of Dallas and David Ratliff of Stamford to Interim Committee on State and Local Tax Policy; Sens. Henry Grover of Houston, D. Roy Harrington of Port Arthur and A. R. Schwartz of

Galveston to a Special Committee to Study Texas Beaches; and Sens. Chet Brooks of Pasadena, Tom Creighton of Mineral Wells, Barbara Jordan of Houston, Jim Wade of Dallas and Charles Wilson of Lufkin to the Study Committee on Emergency Hospital Treatment.

House Speaker Ben Barnes has made these appointments: Rep. Richard C. Slack of Pecos to the Legislative Budget Board to succeed Maurice Pipkin, who resigned from the Legislature to become executive director of the State Judicial Qualifications Commission; Raleigh Brown of Abilene to the Governor's Committee on Interstate Cooperation; Reps. Ben Atwell of Dallas, W. C. Sherman of Fort Worth and Hudson Moyer of Amarillo to the House Concurrent Committee on State and Local Tax Policy; and Reps. Charles Jungmichel of La Grange, Dean Nugent of Texas City and Gus Mutschers of Brenham to the Interim Committee to the Study of Land Uses and Environment Control.

State Finance Commission appointed Francis A. Miskell, Regulatory Loan Commissioner, to serve as Consumer Credit Commissioner, effective October 1. Post was created to administer the Consumer Credit Code passed by the 60th Legislature.

Attorney General Rules
Attorney General Martin has ruled that: —Personal car mileage and meals during travel on official business, office rental and parking space fees are among legal expenses which legislators now can charge to the state under their \$1,000-a-month expense allowance.

—County tax assessors are not authorized to require a taxpayer to use the tax rendition forms they prescribe.

—Guadalupe-Blanco River Authority property, not necessary to business of the district, may be sold to either the original owner or others. But GBRA may not make improvements solely for the purpose of selling surplus land.

Education . . .
Amarillo College has received approval from the Coordinating Board to establish a two-year registered nurses' training program. First class will be accepted in '68. College also has received a \$37,000 research grant from the Texas Education Association to plan curricula for its School of Health Occupations.

Tax Man Sam Sez

The Internal Revenue folks point out that thousands of American housewives are tax law violators. These ladies consider themselves community leaders and law-abiding citizens, but fall into the trap of becoming tax law violators by failing to file a household employee's tax return on their maid. There is also a large group who forget to file a household employee's return on the high school boy next door who mows the lawn.

If you employ household or yard help, you should get a copy of Circular H from the Internal Revenue and see whether you owe social security tax on these employees or not.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35¢) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also author-

ize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property-taxpaying voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment allowing counties to put all county taxes into one general fund."
