Reynolds H. D. Meets

The Reynolds Home Demonstration Club met with Mrs. Otto Sauer with 9 members, agent Mrs. Vida Kreklow, and two visitors, Mrs. V. L. Lux and Mrs. Clemens Sauer, present. Mrs. H. A. Belk presided and Mrs. B. J. Reynolds was secretary.

Mrs. Hartgraves led the group in recreation. Mrs. Belk gave council report. Mrs. Henry Moore gave an account of the training meeting. She said that six things necessary for good leadership are: capability, friendship, dependability, honesty, integrity and being well groomed.

Mrs. Edith Hartgraves was elected as nominee from our club for the district meeting April 27 in the Cactus Hotel in Angelo.

Every member is urged to attend this meeting.

The program was on quality of furniture.

Next meeting will be April 14 with Mrs. Henry Moore. The program will be You (The woman as a person). —Rep., Mrs. J. Tom Williams.

—Receipt Books at The Success.

Eaglettes Win 24th

Last Saturday night the 1966-67 Eldorado Eaglettes did something no other Eaglette team has ever done—win 24 games in a season. These girls did it in a very convincing style, whipping Eden 59-44 as every Eldorado girl played.

Eldorado took a 4-0 lead but half way through the first quarter Eden caught fire as the Eldorado defense was too eager and fouled too much. Eden tallied 17 points with 11 on free throws to 16 points from the green.

However, Eden couldn't keep it up and the Eaglette guards settled down to hold them to 7 points while the Eldorado forwards were hitting for 14 to take a 30-24 half-time lead.

Eldorado's Susan Hill hit 11 in the first half and Libby Preston had 3. However the Eldorado forwards worked one particular play that practically never failed. It consisted of a pass under the basket from Hill to Mobley and as a result Susan Mobley hit for 16 points before the half.

The Eden defense consisted of playing man-for-man with one girl covering Libby at all times. This enabled the two Susans to simply out-manuever their guards. The local girls hit 52% the first half but missed 8 free throws in 18 attempts.

The second half it proved to be more of the same as Susan Hill hit 8 free throws, Libby had 6 points and on the same play Susan Mobley hit another 11 points to give her a 26 point total for the night. Susan Hill had 19, Libby 9, Chris Edmiston added 2 free throws, Stella Hubble made 2 and Mar' Sue Page added 1 free throw.

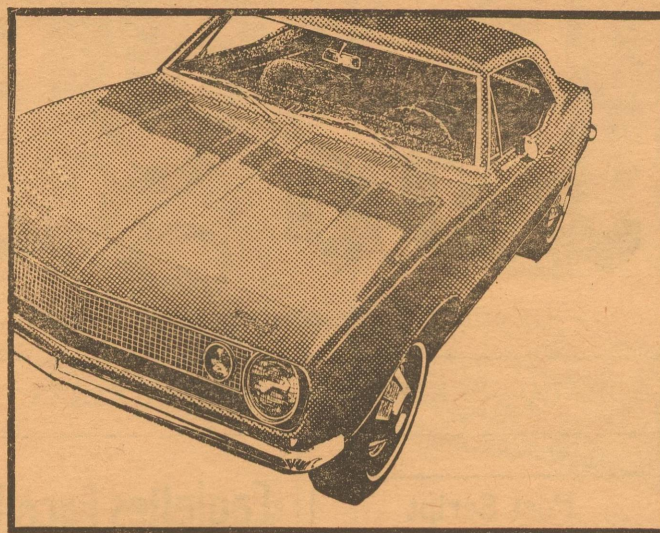

Defensively Shirley Hubble was the standout as she grabbed 17 rebounds and played a very consistent game. Sherry Yates played her usual good game with 11 rebounds, Chris Edmiston playing part-time, got 9, Nancy Jurecek 5, Shane Henderson 3, and Jacque Davis and Jan Wagley 1 each.

The girls also played well as they were trying to prepare themselves for the district play-off.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

All cotton producers are urged to be present at the Memorial Building 7:30 p.m. Friday, February 24, 1967.

Mr. Clovis Cato, representing the Lockett Seed Co. of Ropesville, Texas, will be present to talk about a long staple developed stripper variety of cotton for Schleicher county.

Representatives of Southwest Chemical Company will help Mr. Cato.

With the stepping up of the speed of the milling industry as to the manufacture of cloth, blending with nylon, it could be of economic importance to cotton producers to set up a block of one variety cotton for the mill man to buy. Such cotton is paying off in many cases.

The county crops committee ask that you be present if at all possible to hear pointers on producing quality cotton.

Beef cattle producers need to consider the amount of phosphorus their herds are getting. This mineral is highly deficient in dry pasture forage, a condition here in the county. Phosphorus is supplied in grains, 41% C.S.C. or grain pellets. Phosphorus can be supplied in drinking water or fortified cubes.

Character is what you are when you think nobody is looking.

To help prevent disease, plant a crop on the same soil no more often than is absolutely necessary. It is important to rotate crops. A disease of only slight importance to a crop the first year may carry over in the soil and become more serious with each passing year. Finally, the crop will no longer be profitable to grow.

Most of the common soil-borne diseases pass through unfavorable periods on crop refuse in the soil. Such diseases include damping-off, root rot, wilts and root knot plus many foliage diseases such as early blight.

After disease organisms enter a new field, a small infection can grow and become serious. Corn smut is an example of a fungus which is carried by wind-blown spores. It survives in the soil for several seasons.

A plant disease already established in a field may often be avoided by planting a different crop which is not susceptible to the disease.

Farmers should learn to recognize the important plant diseases of this area, and then follow recommended control practices or plant crops which are resistant to the disease or diseases. Some disease organisms may live in the soil for years, even in the absence of a susceptible crop, while others can be controlled if the land is planted for only a few seasons to non-susceptible crops.

Information is available from the agent's office on plant diseases which are most common in the county along with suggestions for control.

A perfectionist is somebody who takes great pains and gives them to other people.

Good lighting around the farmstead can provide farm families year round benefits.

These include keeping wild animals and prowlers away, preventing falls and accidents, saving time in farmstead night work and making activities in the building area easier.

The new mercury-vapor yard light is one of the best lights available. Where located near the middle of the building area, it provides enough light to adequately cover the entire area. The 250-400 watt size lamps are rapidly gaining in popularity over the 175-watt size.

The fixtures have a built-in photoelectric control to automatically turn the light on at dusk and off in the morning. The mercury bulb has a rated life of 16,000 hours. This would be about four years of operation under automatic control.

Many electric power suppliers have a rental plan by which these lamps can be installed and permanently maintained for a small monthly charge.

I'd rather brush with ordinary toothpaste and have 31% fewer commercials.

Trambakalal Pandya, Ali Khan and Chandra Gogoi are animal husbandry officers from India and they were guests of the county Tuesday.

They visited with the county agent to learn philosophy, principles and method of Extension Education through study of development of co-operative Extension work. They are learning how Extension work and the county agent is correlated with research and resident instruction and to acquire increased understanding in the processes and methods by which ideas are transmitted.

Thanks to Joe Ed Spencer for showing industry (woolen mills) and the independence of business and agriculture. Thanks to James L. Powell for showing them leadership in program development on his ranch in regard to sheep and goats, cattle and pasture and brush management.

I am sure that having spent time in Schleicher county that they can help workers in their territory by encouraging them to do a better job.

To get maximum attention, it's hard to beat a good big mistake.

Overstreet Serving With U. S. Navy In Hawaii

Barber's Point, Hawaii (FHTNC)—Airman Apprentice David D. Overstreet, USN, son of Mr. Delbert D. Overstreet of Eldorado, Texas, reported for duty aboard the Naval Air Station, Barber's Point, Hawaii.

Barber's Point is located 25 miles from Honolulu near the point named for a British Naval Captain, Henry Barber, master of the brig Arthur, which ran aground and was wrecked during a violent storm in 1796.

Barber's Point's mission is to maintain and operate facilities and provide services and materials to support operation of aviation activities and units designated by the Chief of Naval Operations.

Two To Participate In Houston Calf Scramble

William Edmiston and Jimmy Martin, Eldorado FFA members, have been selected to participate in the "world's greatest calf scramble" at the Saturday, February 25, evening performance of the Houston Livestock Show Rodeo in Houston's famed Astrodome.

Contestants come from every county in the state and are selected by the 4-H and FFA leaders in each area. The boys are guests of the show at the performance in which they participate. Dates of the show are Feb. 22 through March 5.

When the Houston show held its first scramble in 1942, 24 calves were awarded. It was not dreamed that the project would result in putting some 4,000 boys into the

cattle business in the next 22 years. In 1944, 112 boys scrambled for 56 calves in 5 contests. Each year the calf scramble activities increased, and more and more sponsors stepped forward.

The Calf Scramble Contests became so popular with the rodeo audiences that for the past 20 years, there has been a contest included as an event in each performance of America's Wildest Rodeo.

During the course of one season, 384 boys now scramble for 192 calves. Half of the calf certificates are given to boys interested in dairy cattle and the other half to those who prefer beef cattle.

Eaglettes Set Record With 25th Game Win

The Eldorado girls grabbed off win number 25 and at the same time set a team scoring record. The girls defeated Eden 60-43 Monday night in Eagle Gym and ran their total points to 1642 which breaks the record of 1602 points set in the 1964-65 season. The girls kept their 1966-67 record clean with no losses on their home court this season.

Susan Hill netted 26 points and Libby Preston hit 19. To go with this Susan Mobley added 8 and Martha Sue Page 7. Eldorado hit a good 40% from the floor for the game and a fine 71% from the free throw line hitting 20 of 28.

The four Seniors served as captains and all four started the game. These included Nancy Jurecek who got 11 rebounds, Jan Wagley who got 3 and Jacque Davis 1 at guards and Mar' Sue at forward.

Also seeing action at guard were regulars Chris Edmiston who had 7 rebounds, Sherry Yates 9, and Shirley Hubble 6. Billie Gayl Blaylock got 2 while Stella Hubble did not score; she got a rebound.

This was the last non-district ball game for the girls and its purpose was to prepare them for the big district championship tilt Thursday against Rankin.

PICK UP & DELIVERY

Austin, Texas.—Texans may be a lot closer than they think to paying city sales taxes. But, in any event, they will have the final say at the local level.

A bill to permit authorization of a 1% sales and use tax by cities, where voters approve, received a Senate Committee endorsement. It didn't find such a warm welcome in a House Committee.

Floor consideration is likely in both houses within a short time, say legislative leaders.

Texas AFL-CIO headed the opposition in committee hearings, while Texas Municipal League paraded mayor after mayor to testify that the property tax—standby revenue source of municipalities—is overworked. Texas State Association of Fire-fighters and Texas Municipal Police Association, pushing for better fire-police pay and benefits, supported the mayors.

Here is what will happen if this bill is passed:

—City councils can call elections on whether the levy is to be authorized—or wait to be petitioned for an election.

—If local voters say "no," there will be no local sales tax for at least two years in that community.

—If they approve, an extra 1% will be added to the 2% state sales tax on covered items (but not automobiles) in the city. State comptroller will collect total 3% tax, turning a third over to the city hall.

—If citizens get to feeling overtaxed, they can get up a petition and call another election to throw out local sales taxation.

Money Bills Pass, Fail

Gov. John Connally's emergency appropriations request, which included \$5.5 million for the state's exhibit at San Antonio's HemisFair '68, won final passage and was signed into law after weathering a Senate filibuster.

A few days later, the House refused 116 to 29 to suspend its rules to permit consideration of the Senate's \$15 million interim pay raise bill for state employees. However, House Speaker Ben Barnes promised to encourage an interim raise after the general budget is approved.

Industrial Bonds

Texas is losing ground in the industrial-expansion race among states. So say Rep. Bill Clayton of Springlake and Sen. Charles Wilson of Lufkin. And to get into the ball game, the state needs a new program for statewide industrial financing.

Thus the two have introduced bills in their respective chambers calling for a Constitutional Amendment to authorize a municipal revenue bond program, wherein cities can issue bonds to build facilities

for luring new industry. Bonds would be retired by lease revenue paid to the cities.

"Texas is in a favorable competitive position in regard to raw materials, transportation, labor, industrial sites, recreational facilities and all the other industrial location factors which are considered by industry as vital to industrial development, except an industrial financing program," Clayton said, in urging passage of his bill.

Water Bills

Public notice by publication of new or amended rulings of the Texas Water Rights Commission would be eliminated by a bill introduced in the House by Rep. Menton J. Murray of Harlingen. Bill also would dissolve the three water divisions in the state.

Another bill by Murray would cut from four to two the number of publications required on an application for appropriation of water.

Drivers Bills

Modernization of Texas' license plates and driver's licenses would be accomplished by a pair of bills introduced in the House by Reps. Milton Schiller of Cameron and Dick Cory of Victoria.

Cory's bill would provide for a color photograph of the licensee on the driver's license. Persons under 21 years of age would be issued different-colored licenses. Proof of birth date and fingerprints would be required on the applications.

A bill by Schiller calls for reflectorized license plates. Motorists would pay the added 30 cents cost per plate.

Community Centers

Three bills have been introduced in the House of Representatives to establish community health-mental retardation centers and implement the recommendations of the Department of MHMR.

Speaker Barnes sent to the House Committee on Constitutional Amendments the resolution to change the Constitution in order to create the centers. Bill to permit the state to help finance them and a bill to aid in setting them up were sent to the Committee on MHMR.

Guadalupe Park Bill Moves On

Senate approved 30-1 bill to insure creation of \$13.5 million Guadalupe Mountains National Park in Culberson and Hudspeth counties.

House Parks and Wildlife Committee already had cleared the bill for House floor debate. Sen. Joe Christi of El Paso and Rep. Gene Hendryx of Alpine are sponsors.

Measure conveys to the federal government all mineral rights in the 71,000-acre area including Guadalupe Park. Amendments would provide for reclaiming minerals if the area is dropped as a national park and the sharing of royalties if the federal government develops the natural resources.

Blue Law Proposed

A new twist to the old Sunday "blue laws" is proposed in a bill by Rep. Billy Williamson of Tyler. It would levy an occupation tax on persons selling or renting personal property on Sunday.

Actually, the tax would be so rough as to prohibit Sunday sales. It would be at the rate of 10% of the receipts from the sale or ren-

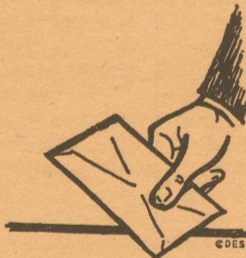

The telephone will always revolve around people. There is—and always will be—a courteous, willing operator as close to you as your telephone dial. She is ready to serve you in any situation or emergency where her personal help is needed. The very fact that she is there every hour of the day and night is a comforting thought in itself. The next time you routinely dial a number to talk to a friend or transact business, we hope you'll remember that the telephone is still a very personal instrument. It wouldn't work at all without our people, nor serve so well without our operators. That is the way it will always be.

GENERAL TELEPHONE

A Member of the GTE Family of Companies

YOUR FRIENDLY SERVICE BANK

It's always nice to see you coming in our front door but when you're busy, bank-by-mail with us

Whether you bank-by-mail or in person, we'll always try to make you glad you bank at First National.

tal, with some deductions provided. Anyone violating the measure would be fined not less than \$25 nor more than \$500 for each violation.

Bank Check Expanded

Texas Banking Department plans to expand routine examination procedures to include direct verification of customers' deposit and loan balances in state-chartered banks.

Examiners would mail verification forms to bank customers whose accounts are selected on a random sampling basis. Customers would be asked to verify deposit or loan balance indicated.

Oil Allowable

State Railroad Commission cut the oil allowable to 35.7% of potential for March.

Cut was almost a full percentage point from the 36.5% in February and nearly 2% below the 37.5% factor for January.

Producers can draw 3,147,541 barrels of oil a day next month, or 45,602 barrels daily below this month.

A reduction from February to March is the usual practice. March allowable this year is higher than the 33.2% of March, 1966.

Courts Speak

A district court ruling that the constitutional amendment to require annual voter registration is invalid because the issue was not spelled out clearly on the November election ballot will be argued on March 15. Third Court of Civil Appeals will hear the state's arguments.

In a Lampasas County case, the Third Court held a free rider (guest) in an auto must show gross negligence on the part of the driver before suit for injury damages can be maintained.

Dams Urged

Immediate construction of Cooper Dam and Reservoir and auth-

orization of dams on Bois d'Arc Creek and Cypress Creek—all three in Northeast Texas—were recommended by Joe G. Moore Jr., executive director of the Texas Water Development Board.

Moore said that the three projects are important to the Texas Water Plan and "will be needed to help meet a part of Texas' water requirements of some 37-million acre feet of water annually by the year 2020."

Cooper Dam, already authorized by Congress, will be in Delta

county and will have a storage capacity of 422,700 acre-feet.

Short Snorts . . .

Texas' seventh water bond sale totaling \$15 million is slated for March 1. Interest on \$85 million in bonds issued by Texas Water Development Board to date averages 3.18%.

Named by Connally to the State Board of Vocational Nurse Examiners were Dr. Ray L. Shepperd of Burnet, Mrs. Katherine McKinney of Nacogdoches, Mrs. Martha

Queen of Weatherford, Mrs. Bernice Harris of Galveston and Miss Petra Riojas of Harlingen.

Col. Homer Garrison Jr., director of the Department of Public Safety, announced that Major W. J. Elliott, commander of the DPS Central Texas division headquartered in Waco, will retire Feb. 28.

Senate Jurisprudence Committee has favorably reported a bill by Sen. Don Kennard of Fort Worth which would prohibit discrimination in state and local government.

In Those Days

Compiled From Success Files

ONE YEAR AGO Feb. 24, 1966—"Washington's Birthday Finds County Snow-bound." Several inches fell and schools were closed for two days. Johnny Griffith filed for City Alderman. The incumbents, Alvin Farris, Roy Davidson, and Ralph Waldron, were also on the ticket. Marsha Mund, Karen Griffin, Chris Edmiston and Sherry Yates were named to the all-district girls basketball team.

FIVE YEARS AGO Feb. 22, 1962—Genelle Edmiston was named winner of the Bausch & Lomb Science Award in school. E. W. Brooks was undergoing surgery in a San Antonio hospital. Mrs. Toby Posey was undergoing treatments in a Houston hospital. Lavelle Meckle died at the age of 45. Miss Darla Jones, bride-elect of David Hale of Hardwick, Vermont, was honored with a gift tea. The Future Farmers of America chapter held a parent-son barbecue which about 80 attended. Girls awarded basketball letters were Linda Nixon, Tissie Enoch, Joan Griffin, Susie Scott, Verna Lux, Kathy Sauer, Jan Davis, Frankie Blaylock & Christy Moore.

12 YEARS AGO Feb. 24, 1955—Peggy Slone and Arnold Gene Clark were married. Jimmy Whitten, Ronnie Mittel, Sonny Moore, and Dick Runge left for San Antonio with their lambs to enter in the stock show. A son was born to Mr. and Mrs. W. A. Brooks. Charles Hubbard, a Pan Am. employee, was honored with a farewell party as he planned to move to Colorado City. Mrs. Mary Ann Johnston observed her 83rd birthday. The Baptist, Methodist and Presbyterian churches were taking a religious census of the town and county. Mr. and Mrs. Lum Burk left for Miami, Florida, to visit their daughter, Mrs. Jim McWhirter and family. A gift tea honored Mrs. Tad Carlisle, the former Grete Mund.

35 YEARS AGO Feb. 26, 1932—Glenn R. Lewis of San Angelo announced for reelection as District Attorney. R. C. Edmiston announced here for Commissioner of Precinct 2. Joab Campbell, A. T. Wright and J. N. Davis were a Lions Club committee investigating possibility of a public road to Station A. The S. F. Shoemaker home burned. Furniture and household goods were saved. Prof. E. L. Nunally, Rev. Mims J. Jackson and L. G. Robinson of San Angelo met with local Masons for a 200th anniversary service of George Washington. Thomas Gathright, who has been working for the Ford Motor Co. for the past two years, has bought the City Service Station in the south part of town. Robert J. Andrews & Son was thrown into involuntary bankruptcy in San Angelo, where they had been in business for 40 years. Awarded football sweaters were Albert McGinty, Hollis McCormick, Karl Kerr, and Bernard Carr. Coach Williamson presented letters to Jack Ratliff, Jim West, Jack Kerr, Billy Kerr, Karl Kerr, Hollis McCormick, McGinty, Raymond Smith, J. R. Conner, Junior Isaacs and Bernard Carr. Bill and Jack Parker, Grace Ratliff, Misses Margaret and Elizabeth Bradley, Gusta V. Graves, Jess Ella Johnson, Lolette and Elnora Andrews, Pauline Kent, Fay Keeney, Ruth Nicks, Inez Cobb, Ruth Howell, Lucille Oglesby, and Mrs. Willie Ruth Johnson all attended a bridge party at G. H. Parker's.

ELDORADO LODGE No. 890 — A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

DAR Met Thursday

The El Dorado Chapter, DAR, met February 16, 1967, at the Memorial Building with the regent, Mrs. Luke Thompson, Sr., presiding.

The hostesses were Mrs. V. G. Tisdale and Mrs. J. O. Willoughby. Each member's favorite covered dish made it a delight to serve buffet and repair to a table that had as its most attractive decor a flower arrangement in the National colors with candles. Remembering George Washington's birthday, cherry limbs cut with little hatchets, centered the length of the table.

Miss Ruth Baker said grace. Following lunch the chapter was opened by the chaplain, Mrs. L. M. Hoover with appropriate scripture and prayer. Mrs. Walter Ramsey led the chapter in singing the national anthem. Mrs. F. H. Pannil of Midland led the Pledge of Allegiance to the Flag of the United States.

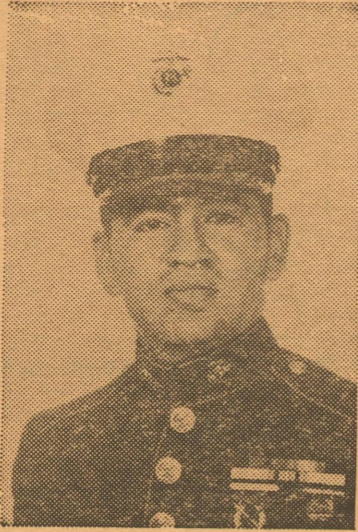

Mrs. Ernest S. Goens, program leader for the day, presented the DAR State Recording Secretary, Mrs. Pannil, guest speaker for American History Month. She gave a very inspiring DAR message.

Mrs. John Butler of Midland was introduced by Mrs. Pannil as the organizer of a secondary DAR chapter in Midland, which had to have 25 organizing members.

Mrs. E. L. Dyer and Mrs. Eldred Roach, El Dorado Chapter members, of Ozona, were present.

Mrs. Lawrence Neill was a guest.—Rep.

Marine Recruiter To Come Here Wednesday

VAL VASQUEZ

Gunnery Sgt. Val Vasquez, Marine recruiter from San Antonio, will be in Eldorado on the first Wednesday of each month to discuss enlistment opportunities with any young men and women interested in the Marine Corps.

He will be here this coming Wednesday, the first of March.

During his visit, Sgt. Vasquez will be located at the post office from 9:30 a.m. to 12:00 noon.

Anyone wishing to talk to him but unable to meet him at this time can contact him at his home office in San Antonio by calling (Area Code 512) CA5-5511 Extension 335 (Call Collect).

Heart Contributions Lag In This County

Mrs. Edwin Jackson Sr. reported this week that contributions to the local Heart Fund drive are lagging.

Letters asking contributions were sent to county residents a while back and not very many have been returned, as yet.

Mrs. Jackson urged all who have not yet done so to mail their Heart Fund checks as soon as possible. Contributions are tax-deductible.

If you failed to receive one of the letters with return envelope, just make out your check to the "Heart Fund" and mail or hand it to Mrs. Jackson.

County Historical Committee Meets

The members of the Schleicher county Historical Survey Committee met in the home of Miss Sarah Miltia Hill, Saturday night, February 18th.

The third Friday in each month was designated as the date for all general meetings, and the Memorial Building as the place. Programs for these meetings were set up according to directions given in the state manual.

The purpose of these meetings is to collect and preserve the historical data of Schleicher county. Many "old timers" who could have given us much information about early pioneer life in our county are already gone. If you, as a citizen, know of any factual event that should be recorded, please put it in writing and give it to us.

Another purpose of our organization is to collect artifacts and articles that belonged to, and were used by, our first settlers. Or used at a later time, if the article has historical significance. If you possess, and are willing to donate, costumes, documents, old photographs, unusual butter molds, smoothing irons, and the like, we shall be happy to receive them after a committee has passed upon them. We look forward toward having a museum to hold our collections. At present the collections are being housed in the library.

The Texas State Historical Survey Committee, with headquarters in Austin, has asked us to emphasize, this year, the placing of markers in our county. There are many sites that need to be marked. We are asked to consider such sites as: early post offices, early mercantile stores, early teachers, early banks, early churches and schools, early political leaders, the first railroad, the first livery stable or wagon yard, hunting and fishing landmarks.

Other suggestions appearing on the lists are: homes or birthplaces of illustrious persons, such as authors, newspapermen, etc. Landmarks of sheep and goat industries and homes of leaders in the fields. Notable gun battles, sites of ghost towns, homes of noteworthy cowboys, early oil drilling, sites of first radio and first TV stations, cattle trails in all counties they cross.

The next meeting of Schleicher County Historical Survey Committee will be on the evening of March 17, at the Memorial Bldg. Make your plans now to attend this meeting. Every person in the county is invited. We need your help and believe you will find the program intensely interesting. — Miltia Hill, chairman.

Gary Parks of Dallas and Mr. and Mrs. Donald Parks of San Angelo were week end guests of their parents, Mr. and Mrs. W. C. Parks.

EAGLE CAGE STATISTIC RELEASED

The Eagle Basketball coach, Jack Bell, has released the current statistics for the varsity team who finished second in district 8-A and had an excellent 21-6 record.

The leaders in various categories were Danny Halbert in total points followed by Donald Rogers with 392 and 293 points respectively. Reversly Rogers was first on rebounds with 358 and Halbert had 303. Halbert awws the number one hitter on free throws hitting 74.5% of 122 attempts.

Field goal per cent was led by

Rogers who hit 43% and Jessie Bosmans with 40%.

Gary Derrick, who missed several games due to injury or illness, was third in scoring with 152 and in rebounds with 288.

Over-all the Eagles scored 1321 points, an average of 49.1 per game while the opposition made 1039 points which is an average of 38.4 per contest:

Eldorado won first place in the Eden Tournament and the East Zone Championship in 8-A before falling to Iraan 50-55.

21 Wins—6 Losses Basketball Summary

Eagles Go Down: Fighting — 55-50

The Eldorado Eagles saw their hopes for a second district championship for the school in 15 years fall short as they lost to Iraan 55-50, in a game here last Friday.

The Eagles and the Braves were both tight in the initial quarter as the Braves led 9-7 with Danny Halbert responsible for all 7 points. In the second quarter Iraan came alive and hit 19 points, 7 on free throws, while the green and white made every mistake known to the game and had a cool streak to boot. So at half-time it was a dejected group of Eagle fans that saw the scoreboard stand at 28-12.

Coach Bell took his charges to the dressing room and re-grouped, re-charged and re-built them. As the Eagles came out it was a different group of young men for it was with renewed confidence that they came on. On the strength on 9 points by Rogers, the home team picked up 14 points while Iraan countered with 9 to cut the lead to 37-26. Then it was a wide open game as the fourth quarter opened with Eagles everywhere pressing, stealing the ball, and rebounding to net 24 points with 10 coming from Rogers and 10 from Halbert. Iraan was hot too, tho, and netted 18 points to hang on for victory.

Gary Derrick did a fine job for Eldorado with 4 points and 9 rebounds especially considering that he had been unable to eat for four days due to illness. He gave it his best to the last moment.

Donald Rogers, a Senior, playing his last game, finished with 21 points and 14 rebounds. He especially came on strong in the last half.

Chris McCravey, a Senior, got 2 points, 2 rebounds and did a good job on defense for Eldorado.

Jessie Bosmans, a Senior, who has been tenacious defensively for Eldorado, ended his basketball days with 2 points and 5 rebounds. Buff Whitten went in when Rogers got in foul trouble and pulled in 2 rebounds.

Danny Halbert, who has also done an outstanding job this year also scored 21 points and hauled in 12 rebounds. Danny hit 83% on free shots for the night.

The story of this championship game was one of halves. The Eagles were too far behind in the first half and Iraan never had a cold spell. However, the real story came at the free throw line where Eldorado made 44%—8 of 18 and Iraan hit 60%—15 of 25. Eldorado outthit the Braves from the floor 21-20. The Iraan boys had 6 boys who hit 4, 5, 7, 8, 14, 17 for a 60% clip during the game. The Eagles hit at a 41.5% rate with 2, 2, 4, 21, 21.

Nearly every Eldorado fan was pleased though to see their team come back like champions the second half and fight to win down to the wire.

Congratulations on a fine season with 21 wins and only 6 losses plus one tournament victory. To the Seniors, Danny Halbert, Jay Halbert, Jessie Bosmans, Chris McCravey, Donald Rogers, Pat Childers and Bobby DeLong, many congratulations on a fine season and for a job well done. To three Juniors, congratulations: to Rusty Meador, Buff Whitten, and Gary Derrick who will be around next year to try to better the records attained by the present group.

Summaries of the season will follow next week.

Game at a Glance—
Eagles — 7 5 14 24—50
Braves — 9 19 9 18—55

Silas Triplett Heads A.C.C. Fund Drive Here

Abilene, Texas.—Silas Triplett, minister for the Church of Christ, has been named Eldorado city chairman for the Community Gifts campaign of Abilene Christian College's \$25.7 million Design for Development.

Triplett, who resides at 121 N. Madison in San Angelo, will direct the activities of team captains and volunteer workers in Eldorado as the Community Gifts campaign gets under way here.

The Design for Development, initiated in 1965, is a 10-year program to raise \$25.7 million for academic, physical and endowment expansion. The Phase I three-year target of the campaign is \$10.4 million, and currently more than \$8 million has been raised.

The Community Gifts campaign will be conducted among the alumni, parents and friends of ACC in more than 260 Texas cities. The effort will reach about 30,000 persons, seeking three-year gifts or pledges up to \$3,000 during the first half of 1967.

Triplett attended David Lipscomb College and graduated from Abilene Christian in 1938.

A local real estate salesman, Triplett is a member of the Lions Club.

The Triplets have four children, Hall, Phyllis, Pamela and John. Both Hall and Phyllis attended Abilene Christian.

SMALL HOUSE for sale; can be moved. Call 853-2684. 1*

This model statue of General Douglas MacArthur has been completed by Dr. Waldine Tauch, world-famed sculptress from San Antonio. She is currently working on a life-size statue, eight feet tall, which will stand in front of the Douglas MacArthur Academy of Freedom campus in Brownwood, Texas. The Academy, non-sectarian and non-political, functions as an honors program within the division of Social Sciences at Howard Payne College. Texas School Children launched a drive in 1964 to raise funds for erection of the statue in honor of the late general.

H. A. Belk, Jr., Receives Degree From T. Tech

H. A. Belk Jr. graduated from Texas Technological College in Lubbock on Jan. 20th.

He was on the Dean's Honor Roll and won honor for Intramural Champion Boxing in 1965 and '66.

He is now teaching Vocational Agriculture in the Belle Glade, Fla., high school system. He started the job about two weeks ago. He graduated from EHS in 1962.

His parents, Mr. and Mrs. H. A. Belk, live in this county.

His address is: 659 Southeast Ave. E Plaza, Belle Glade, Florida 33430.

Woman's Club To Hear Book Review Tuesday

The Eldorado Woman's Club will hear Mrs. T. P. Robinson Jr. review the book, "Gift From The Sea," by Anne Morrow Lindbergh next Tuesday afternoon at 2:30.

The meeting will be at the home of Mrs. M. H. Woodward with Mrs. L. L. Watson and Mrs. Keno Ogden assistant hostesses.

Guests are invited to hear Mrs. Robinson review this book and participate during the tea hour.

Lions Club Gives Two Trees To School

At their meeting yesterday, the Eldorado Lions Club voted to donate two \$15 pecan trees to the school to be planted in connection with the beautification program being launched.

School Supt. C. T. Humphries reported that tentative plans will call for the trees to be planted on the west side of the new band hall.

Boss Lion Charles Wimer presided at the business session. The song, "Battle Hymn of the Republic" was led by Duane Branham, invocation was by P. S. Dudley, and Mrs. Mary Lou Olson was back at the piano after being in the hospital recently.

The only guest was Ray Pantell of College Station, who was a guest of Lion Elton McGinnes.

Ladies Night Set For Monday

The club voted to stage their ladies' night this coming Monday, Feb. 27th, at 7:00 p.m. in the club room of the Memorial Building. The Rileys will serve the meal.

The program will be brought by Rev. Richard Crews of the First Christian Church in San Angelo.

This ladies night will take the place of the regular meeting next Wednesday.

Explorer Scout Officers Hold Round-Table Here

The Explorer Scout officers of Post 218 here in Eldorado hosted officers from over the Twin Mountain District at a Round-Table Tuesday night.

Spring events were discussed and planned. Coming up this week end will be an Explorer Bivouac and Raccoon Hunt at Camp Sol Mayer, near Ft. McKavett. Buddy White, advisor, plans to take about six boys to the event.

In April, the Scouts In Action Show will be held in San Angelo and local Explorers, along with Boy Scouts and Cub Scouts, will begin selling tickets for it in the near future.

Mrs. W. A. Van Dusen, Mrs. Jesse Morris and children, Lisa and Lori visited Mr. and Mrs. David Lawrence and family and Mr. and Mrs. Billy Van Dusen and baby in Odessa over the week end.

Help!

We picked up a copy of the Eldorado Success and read it from the front page to the back page. We tried to read it not as a newspaper staff, but as a newspaper reader. We came to a conclusion. There is not enough local news in the Eldorado Success!

Unlike our big brothers in the city, a local newspaper does not have a huge reporting staff. The Success can't send men to cover a birthday party, social events, etc. But we want to have a story of those events in your local paper.

When you have a visitor, that's news. When you get married, that's news. When you take a trip, that's news. When your child has a birthday, that's news. When you have a social gathering, that's news. There's a lot of things happening in this county that we want to run in the paper, but we don't know where and when they happen.

We are going to ask your help. When something happens let the Eldorado Success know about it. You don't have to have a college degree in Journalism to send us a news story. Just write out the facts and we will re-word them, if necessary, for the news story. You can mail us your write-up, drop by the Success office, or phone us.

There's only one simple rule to follow when you send us a story. Think of 5 W's—who, what, where, when and why. Answer all of those questions and you'll have a story.

Be sure to include first names. And when your story contains the name of a married woman, write it "Mrs. John Doe" not "Mrs. Jane Doe." Also please help us spell names correctly. Always ask how to spell a person's name—even if it is "Smith." It might be spelled "Smyth."

We start to work on your local newspaper a week in advance. In other words, as soon as we get this week's paper off the press we begin work on next week's paper. So the earlier you get your stories into the Success office the better it will be for both of us. Stories which come in first get first choice and best placement in the paper.

With your help we know the Eldorado Success will have more news about Schleicher county people. We'll have a local paper of which you'll be proud. And when you're proud of your local paper, we'll be proud too.

THE ELDORADO SUCCESS STAFF

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

Look what we can look for, or what they say . . .

Keeping house will be a simple breezy task by the year of 2000; 32 years from now, that is.

Air filtering, not just air conditioning systems, will take out all the dirt before it has a chance to get into the house and will just about eliminate dusting, scrubbing and vacuuming. (Good!)

Combination freezer-micro-wave ovens will take care of the cooking automatically. Dishwashing will be a thing of the past, since disposable dishes will be made from powdered plastic for each meal by a machine permanently installed in the kitchen.

Permanent press clothes will do away with ironing completely.

All of this is expected to expand the housewife's leisure time. Hopefully she will use this time for educational and cultural pursuits. Hopefully, that is.

Since the man of the house will have a shorter working week he too will have time to enjoy the pursuit of excellence in his own life.

Three dimensional television screens will appear on living room walls on which a choice of dozens of programs may be selected. A choice of video tapes at the local library may be chosen from a person's home simply by pushing a button. Later on in the day a programmed course on one of hundreds of subjects may be piped into the house from a computer at an adult education center.

Unlikely—not forseen, fantastic, not possible? Of course not. These things are already being done in some areas, by some people. It just takes a long time for a condition to become generally accepted and used by a majority of the people.

I have one regret. Knowing human nature, I'm sure that if I'm still around in the year of 2000 I'll be so old and set in my ways I'll never use any of these exciting things in my life.

But—on the other hand "quien sabe"—who knows, I might.

The most unexpected, most pleasant letter came to me yesterday. It was from Mrs. Lester Bell, a resident of Valparaiso, Indiana, and an ardent member of her Home Demonstration Club of Porter county, Indiana.

Mrs. Bell introduced herself and explained her knowledge of me and our work by saying: "This afternoon there were 15 women in the recreation room of the trailer park we are all in and Mrs. Fred Watson of Eldorado gave us a fine demonstration and much help in making flowers, pins, earrings and other articles from old newspapers. They are so pretty, and we enjoyed it all very much."

She continued her letter by asking for instruction sheets for the papier mache work, which I will send as soon as possible. Mrs. Bell said that she was president of her Home Demonstration Club, "Prairie View Homemakers" and that there are 23 members, all of them living in the county. She also requested one of our yearbooks; she is making a collection from the whole of the United States and on the day she wrote the letter, had received one from Alaska.

If you have time I know that some of you would enjoy exchanging letters with Mrs. Lester Bell of R.R. G., Valparaiso, Indiana 46383, so why not drop her a note soon—it is always fun to know something about another state and its people. Indiana is a lovely state and its people, and I wish I could know Mrs. Bell.

Incidentally, Mrs. Bell says that she loves Texas and visits a son who lives in Houston, quite often.

This little incident illustrates the speed of our times as well as a happy element of chance which will occur off and on throughout a lifetime.

I have a sister who lives in Big Spring. She has a friend who lives in Dallas. The Dallas friend has an English girl who lives next door to her in the apartment house and the girl from England is an airline

Gift Tea Saturday Afternoon Will Honor Miss McMinn, Bride-Elect Of Larry Blair

JUDY LYNN McMINN

Miss Judy McMinn, bride-elect of Larry Blair, will be honored with a Gift Tea, Saturday, Feb. 25, in the Memorial Building. Calling hours will be from 2:30 until 4:30.

Hostesses will be Meses. E. G. Donaldson, Cramer Sofge, Paul Phillips, Clifford Schooley, Charlie

stewardess.

A week or so ago the English girl flew out of San Francisco to Dallas and just before leaving bought several loaves of the famous bread of San Francisco.

She gave two loaves to our Dallas friend whose husband is with an oil company. It so happened that the company plane was flying to Big Spring from Dallas that afternoon. The pilot was given a loaf of bread to deliver to my sister in Big Spring. About ten o'clock that night he knocked on her door and handed her a loaf of bread, baked in San Francisco that morning.

Real slick. The only trouble anyone went to was on the pilot's part and since he lived in Big Spring all he had to do was to make a stop on his way home from the air port.

I wish I could get a loaf of San Francisco bread every week or so—I do love that bread.

Brother Victim Of Heart Attack

Mrs. Arch Crosby received word last week of the death of her brother, Bill Greenwood, 54, in Mabank, Texas. She was unable to attend funeral due to illness.

He is survived by his wife, four sisters and one brother. In addition to Mrs. Crosby, are Mrs. R. G. Nance, San Angelo; Mrs. W. M. Orear, Chico, Calif.; Mrs. Frank Orear of Leakey, Texas; and Pete Greenwood of San Antonio, Texas.

The funeral was held Thursday at Canton, Texas.

BIRTHDAY PARTY HELD

Mrs. Claude Doyle honored Mrs. Cramer Sofge with a birthday party Feb. 14th, when she invited several ladies to meet her in Mrs. Sofge's home, for birthday cake and coffee. Gifts were presented to the honoree.

Those present included: Mrs. Shirley Jackson and Trey, Mert Campbell and Walter, Rose Doyle and her niece, Jamie Sloan; Ruby Damron, Winnie Griffin, Lolete Dempsey, Mable Griffin, Ella Parent, and Clara Mae Donaldson, and Rose Brannan.

School Menus

Monday, Feb. 27: Hamburger with noodles, green beans with mushroom sauce, tossed green salad, buttered rolls, milk, canned fruit.

Tuesday, Feb. 28: Smothered chicken and gravy, steamed rice, boiled carrots, broccoli spears, buttered rolls, milk, banana pudding.

Wed., March 1: Chili with and without beans, cheese strips, cabbage slaw, fruit cup, pecan squares, milk.

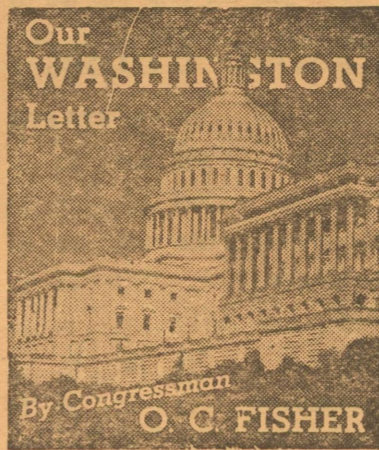

Thursday, March 2: Barbecued beef, pinto beans, potato salad, cole slaw, buttered rolls, milk, fruit cobbler.

Friday, March 3: Tuna salad sandwiches, chicken salad sandwiches, hash brown potatoes, strawberry congealed salad, milk, peanut butter cookies, fresh pears.

Attend Baylor Meet

Though not placing in the Baylor Speech and Debate Tournament his past week end, each speech club member did a fine job in his own field. The students all gained a great deal of experience, received constructive criticism, and were able to observe some of the finest speechsters in the state.

Large 4-A schools from Abilene, San Angelo, San Antonio, Austin, Tyler, Dallas, and Houston competed. All Eldoradoans have just reason to be proud of the students who participated. The club's next tournament will be this week end at Sonora. —Sec., Kathy Robinson.

A bloc vote-getter: civil rights, popped up again on Capitol Hill last week despite reports from throughout the country that the people have grown sick and tired of the subject. With no business programmed last week in either the House or Senate, a special message from the President, calling for radical new civil rights legislation, grabbed the Washington headlines. The message was preceded two days earlier by a massive demand by more than a score of professional civil rights who descended upon the White House.

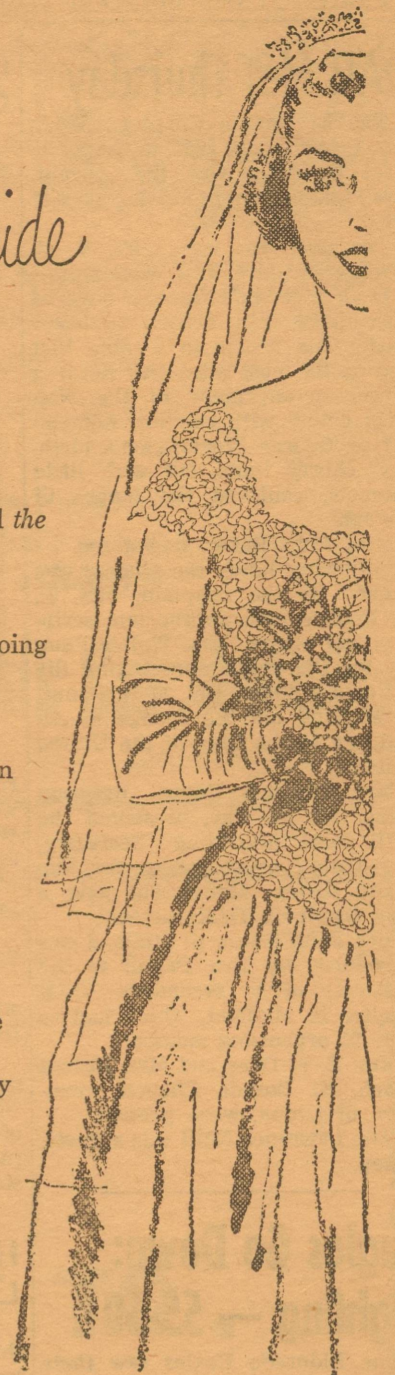

The President's new plan calls for total and complete prohibition against refusing to rent or sell your private real estate to a Negro.

The message also called for an extraordinary amendment which would give a government bureau power to issue "cease and desist" orders in employment practices, without bothering to seek such actions through the courts. Already in existence (approved two years ago) is a bureau which is completely stacked with pro-civil rights, having power to enter private businesses, examine all books and records of an employer, and then

Dear Bride

Now that you have selected the patterns—the silver and crystal and china you are going to call your own—why not come in and register them in our Bride's Registry Book? Listing your heart's desires will take only a minute. Your friends will appreciate knowing exactly what lovely things will live happily ever after in your home.

JOHN STIGLER — JEWELER

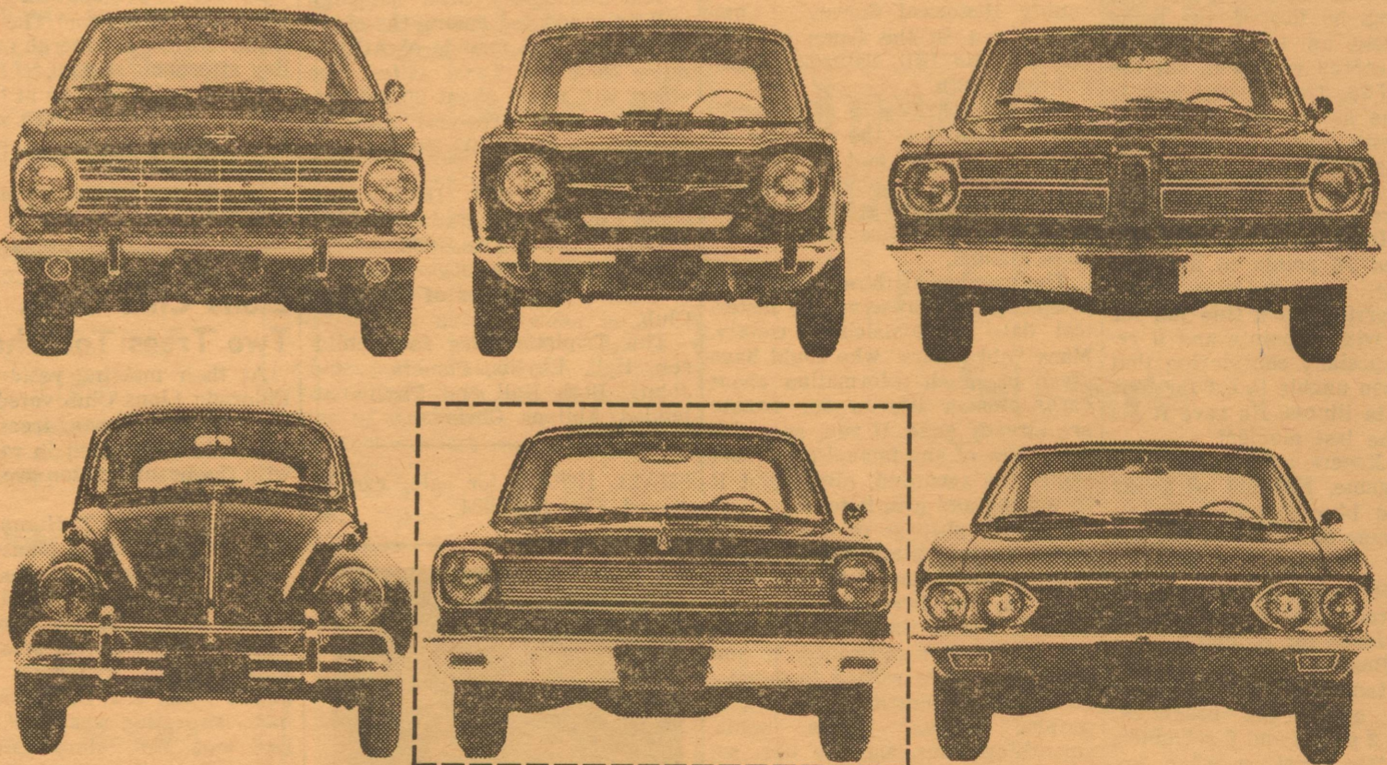

order the businessman to hire or promote Negroes, and to force him to reinstate—with back pay—a Negro if the bureau should decide the worker lost his job because of race.

The new proposal would help close the bureaucratic noose around the neck of private business throughout the country—but exempts small businesses for the time being.

It is reported that with riots and demonstrations on the wane, the

Negro leaders are grasping for an issue to exploit among their followers—and open housing seems to be their best bet at the moment. It remains to be seen whether this will trigger renewed civil disobedience movements with enough following and publicity to pay off.

Some politicians are known to be skittish about the issue, fearing the backlash which saw a sizeable number of civil rights stalwarts busted out of office last November.

Now, from American Motors, the car that wasn't there.

This may well be the most important news to come out of Detroit this year.

A major gap has developed in today's automobile market—a gap that no American-built car is filling.

Because this gap exists, over 1,000,000 car buyers a year have not been able to get the car they wanted: a car for the American motorist at a list price competitive to foreign imports.

Today, American Motors' new management and nearly 2,500 American Motors/Rambler Dealers are filling that gap.

As of today, we are limiting future changes in our Rambler American line to essential changes that will further enhance the safety and reliability of these cars.

This will save us millions of dollars—and we and our dealers are passing the savings along to you now. This means that the Rambler American 220 two-door sedan that yesterday listed at \$2,073 now lists at \$1,839. It means that today, your American Motors/Rambler Dealer has put new price stickers on all nine Rambler American models.

For years, Rambler American has been the best value in an American automobile. Today, priced competitive to imported cars, it is the best automobile value in the world.

This week on television, we promised you exciting news from American Motors.

This is only the beginning.

Jene Moore Training For Specialist's Job

College Station, Texas.— Three agricultural specialists heading for assignments with the Texas A&M Agency for International Development contract group in the Dominican Republic are in orientation at A&M.

Larry Vest of Tolar will complete the 22-week orientation and language program next week. He will join the contract group as poultry science advisor, announced Dr. Jack D. Gray, International Programs director.

Vest was assistant county agent at Port Lavaca. The Tolar High School graduate earned B. S. and M. S. poultry science degrees at A&M in 1961 and 1966.

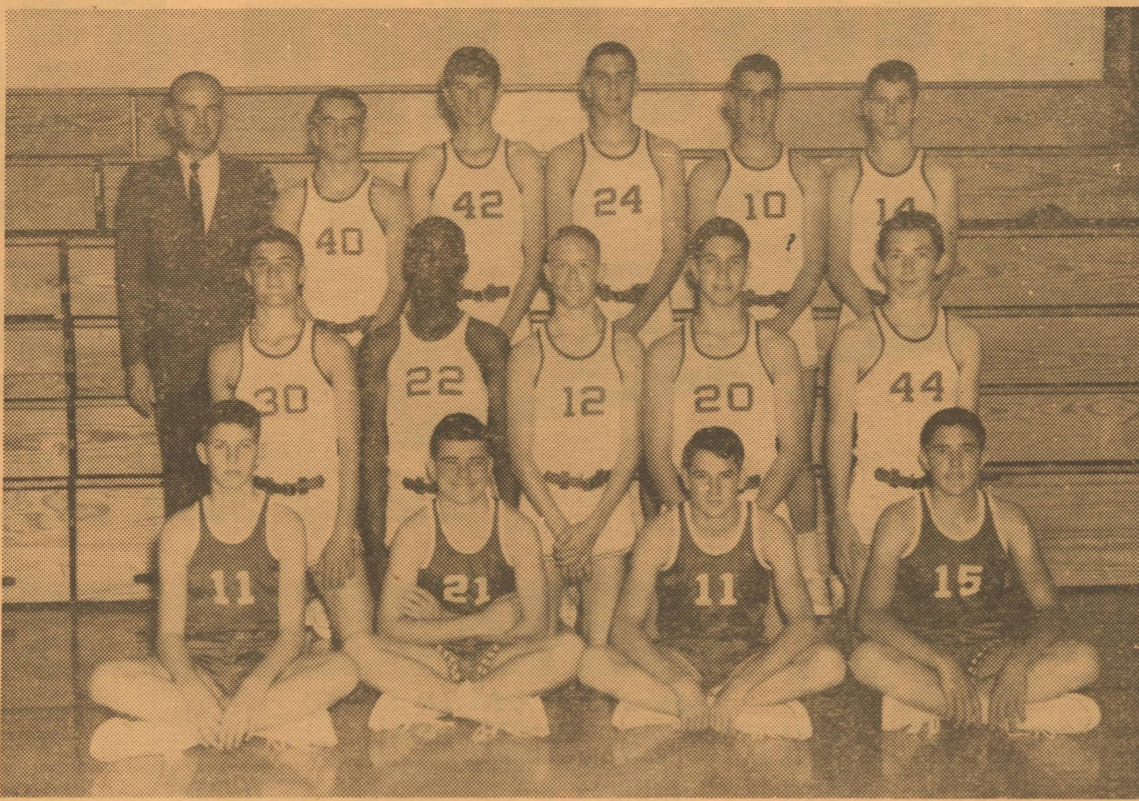

Eldorado farmer Jene Moore will complete orientation March 15 to become administrative assistant in the Republic. He was awarded the M. S. in agricultural education at A&M last year. The 1947 animal husbandry graduate will be accompanied to the Dominican Republic by his wife, who is presently enrolled at the University of Michigan.

Mr. and Mrs. Clarence J. Murphrey and their three children will depart for Santo Domingo after the orientation program June 1.

Murphrey will be agricultural extension advisor for the contract group. He has been area farm management specialist in the Extension Service district office at

EAGLE "B" CAGERS COMPLETED THEIR SEASON PLAY FEB. 3RD

EAGLES "B" TEAM— On front row: 11 Porter, 21 Mann, 11 Nixon, 15 Sallee. On 2nd row: 30 Davis 22 Lozano, 12 Oglesby, 20 Clark, 44 Olson. On back row: Coach Pete Bryan, 40 Doyle, 42 Porter, 24 Paul Page, 10 Bob Page, and 14 Whitten.

Amarillo since 1959. The Seagoville High School graduate took bachelor and master degrees at A&M in 1943 and 1953 and has done work on a Ph. D. at Michigan State. Murphrey taught vocational agriculture at Seminole 10 years.

The International Programs personnel are studying Spanish in advanced language training, technological change methods, cultural adjustment problems and economics of underdeveloped countries in the Modern Languages, Sociology and Economics Departments.

The Eagle B team boys completed a successful basketball season in Eagle Gym on Feb. 3rd by defeating the Sonora B team 48-44 in overtime. In that particular game, three Eagle B teamers scored in double figures. Bob Page and Wayne Doyle each had 11 points, and Mike Olson had 10. Bob Page led both teams in rebounding, pulling down 20.

For the season, the boys won 7 and lost 6, scoring 510 points to their opponents' 470. After getting off to a slow start, losing their first four games by a total of 17 points, they came back to win 7 of their last 9 ball games.

Bob Page was high scorer for the season, netting a total of 116 points. Wayne Doyle was second high scorer, hitting 92 points, and Mike Olson was third with 84.

In rebounding, Paul Page led the team, pulling down 128. Ross Whitten was second high rebounder with 122, and Bob Page was third with 118.

Highest percentage of field goals was shot by Harold Porter, hitting 14 of 27 attempts for 52%. Highest percentage of free throws was shot by James Larry Davis, hitting 4 of 7 attempts for 57%.

Honors for most points scored in one game went to Bob Page who scored 20 against Sonora there. Bob also got the most rebounds in one game, pulling down 20 against Sonora here.

Other boys playing with the B team not mentioned above were Mickie Clark, Sam Oglesby and Ray Louis Lozano.

Booklet On Brush Is Now Available

The San Angelo Standard-Times has published a 24-page illustrated booklet, "Brush, The Water Thief" dealing with brush and its relationship to West Texas water supplies.

The booklet is based on a series of articles written by Standard-Times science writer Jean Gillette and published on the Sunday science page in September and October 1966.

Fresh material and more illustrations have been added to make up the booklet.

Included in the brush publication are contributions by Otis Bobbitt, meteorologist in charge of the Mathis Field Weather Bureau; Richard U. Grozier, San Angelo sub-district chief for U. S. Geological Survey and James Powell, Fort McKavett ranchman and past presi-

QUICK SERVICE on orders for rubber stamps. Dating stamps and stamp pads in stock. The Success.

dent of the Texas Sheep & Goat Raisers Association.

Topics covered in the publication include the water cycle, factors which influence the movement of water in the cycle, discussion of the history of vegetative changes in West Texas, means for control-

ling brush, programs which aid landowners and others in conserving soil, water and plant resources, economic factors, brush control research and research in "vegetation management."

The booklet is available from The Standard-Times now.

PLAN...

A CLEAN BREAK WITH THE PAST

Remodel to Electric Heat

It's easy to add electric home heating when you remodel a home. Everything from decorator wall panel units to an electric heat pump is available for your selection. Baby-safe baseboard units with individual room controls are a big favorite with families who have growing children.

WTU's low 1¢* winter heating rate, Guaranteed Operating Cost, and Equal Payment Plan keep operating costs way down. In fact—you pay no more for clean flameless electric home heating.

See your electric home heating contractor or WTU for complete information.

*Plus tax and fuel adjustment.

Mrs. Raute Honored

The Women of the Church were hostesses at a gift tea for Mrs. George C. Raute, the former Rosa Lueddecke, at the Educational Building of the First Presbyterian Church on Saturday, Feb. 11, from 2:30 to 4:00 o'clock.

A Valentine theme was used in the serving table appointments. The linen covered table was centered with a beautiful red and white floral arrangement, and cake and strawberry punch were served by Miss June Deaton and Mrs. David Caveness. Mrs. R. L. Ballew was at the guest register.

Special guests were Mrs. W. J. Burrus, grandmother of the honoree, and Mr. and Mrs. Fred Perry, who accompanied Mrs. Raute from Kerrville. Mrs. Perry is the mother of Mr. Raute.

Former Governor To Be Honored At Junction

Austin, Texas.—Former Governor Coke Stevenson will be honored at the dedication of an Official Texas Historical Marker on March 19 at Junction, Texas. The announcement was made recently by Charles Woodburn, president of the Texas State Historical Survey Committee. Ceremonies will be at 2:00 p.m. on the Courthouse Square.

The marker is the third to be erected in the Modern Texas Statesmen series initiated by the Texas State Historical Survey Committee. Markers previously erected honor former Gov. William P. Hobby and former Gov. Allen Shivers. The Hobby marker was erected in 1964 at Moscow in Polk county while the Shivers marker was erected Oct. 1, 1966 in his hometown of Woodville.

The marker will commemorate Stevenson's long years in public service.

Woodburn stated, "Everyone interested in paying homage to one of Texas' outstanding statesmen is invited to the dedication ceremonies."

Mr. and Mrs. Tom Bradley and son and daughter, Joe and Mary, of Brady were recent guests in the home of the Frank Bradleys.
