### Mrs. T. R. Spence **Buried Saturday**

Mrs. T. R. Spence, 70, of Eldorado, died in Shannon hospital at 6:50 p.m. Thursday, after having been taken there by Sheppard ambulance.

Services were held at 9:30 a.m., Saturday, in Johnson's Chapel. Burial was in Oakwood Cemetery near Austin at 5:00 p.m. that day.

She was born Aug. 27, 1896, in Davilla in Milam county. She was married to T. R. Spence Nov. 2, 1921, on the George Baugh ranch in Schleicher county. She was a member of the First Presbyterian Church in Eldorado. Mrs. Spence moved to Tom Green county on the Chamebrs Ranch in 1898, and moved to Schleicher county in 1908.

Survivors include her husband; two sons, David William Spence of Houston and George Baugh Spence of Cleveland, Ohio; two brothers, A. L. Baugh of San Angelo and L. L. Baugh of San Antonio; one sister, Mrs. Josh Ewing Sr. of Schleicher county, and seven grandchildren.

### **Grazing Of Diverted** Acreage Approved

Notification has just been re- ing stations. ceived that Washington has approved Schleicher county for haying and grazing diverted acres and acreage in the Soil Bank and cropland adjustment programs.

The local county committee submitted several weeks ago an application for this emergency program due to the extended drougth conditions in the county.

It is important that all producers understand that there is a charge for this haying and grazing and prior approval must be obtained from the county committee

Applications are now being taken in the local ASCS office to participate in the emergency program.

## Car Hits Deer On **Monday Night**

Weatherly Kinser's 1965 Oldsmobile sustained major damage to the front end when it struck a deer on a stretch of highway this way from Rocksprings, on Monday night. Driver of the car was Tip Finley.

The wrecker towed the vehicle back here and it was placed in Eagle Chevrolet's back lot.

### Clean Refrigerators **Before Vacation Trip**

College Station, Tex.—Homemakers on the go often face a refrigerator problem: what to do with it? Miss Joy Arrington, Extension home management specialist with Texas A&M University, says that for away-from-home time periods of three weeks or less the refrigerator should be emptied, but left turned on.

For extended periods of a month or more, or if the refrigerator is to be moved or stored, it's important that specified care procedures be followed.

The refrigerator should be emptied of all food, defrosted completely, cleaned thoroughly, and disconnected. The door should be left open for 24 hours or longer because the hidden insulation holds moisture even after the inside appears completely dry. Thorough cleaning and drying is most important in preventing the development of odor, mildew, and

It is also highly important that the refrigerator door be left ajar during storage. In fact, it's a smart idea to insect a wedge or prop to insure an opening. If the refrigerator insulation is damp and the door closed, the interior will become moldy, mildewed, and odorous. Often this odor can be removed only by replacing the insulation.

When the refrigerator is again connected, it should be thoroughly cooled before placing food in it.

Mrs. Annie Hogg was here last week for the Mias Amigas meeting. She is now employed at Memorials Hospital in San Angelo. She is the former Annie Neill Dickens of this place.

#### Nugent Honored By Texas Lawmen

Austin, Texas.—Rep. James E. Nugent of Kerrville was honored by The Texas Lawman in their July issue. The magazine is the official publication of the Sheriff's Association of Texas.

In their annual "Academy Awards" section, their selection went to Nugent for being "the most cooperative house committee chairman-based on courtesy and consideration to witnesses, fairness and impartiality and parliamentary conduct.'

Nugent served as Chairman of the House Criminal Jurisprudence Committee, and is in his third term as a Representative. His district formerly included this county.

The Buddy White family spent the Fourth in Christoval.

Heretofore the Congress has The appropriation for it last year was very skimpy, and some thought it would die aborning.

The Corps which now numbers 1200, would enlist 2,500 interns this summer, followed by 3,000 next year, and by 1970 planners say there will be 9,000—costing at that time about \$80 million a year. Presumably the number each year will increase after that. Some of these elite federally-paid teachers receive up to \$12,000 a year—often more than the principals in the

schools where they teach.

The danger of this plan is selfevident. It provides a pernicious
precedent for direct Federal intervention in local schools. It will be recalled that the late Sam Rayburn, usualy liberal on Federal projects, took a dim view of federally financed teachers in our public schools.

Thus, another milestone has been reached in federal involvement in local education. #### Transient's Car Burns Afternoon Of The 4th

Local firemen were called out at about 2:30 Tuesday afternoon (July 4th) to the '66 Chevrolet Impala belonging to Paula Jean Cook of Crane, which was on fire. The vehicle was parked in front of Davidson's hardware.

Prompt action by firemen controlled the blaze, but the car's engine and interior sustained major damage. Relatives from Crane came to pick up Miss Cook and her friend who were on their way to Austin for the summer term at the University

The two girls had stopped at the Java Junction Cafe, when the car caught fire.

Cucumbers are not the only am sure that they certainly are car soon. the most popular and best liked of all the rest.

Pickles, home made pickles, come in two varieties. The quick and easy is one that is quickly chosen by most pickle makers, but some with her father, Charles Wimer. sturdy spirits still prefer the "9day pickle" and don't mind doing it the hard way.

and finally boils down to how much here for Mias Amigas. time and effort one has to devote to the job. To some people pickle saving the cucumbers which needs week end.

Take your pick of the recipes which will be coming up.

Simple Dill Pickles

1 quart vinegar 3 quarts water

1 cup salt (not iodized, makes pickles dark)

Dill for each jar Red pepper pod for each jar

Clove garlic for each jar Grape leaf for each jar (helps to keep pickles green).

Wash cucumbers well. Pack cucumbers, dill, pepper, grape leaf and garlic into sterilized jars. Heat during the winter months, they are vinegar, water and salt to boiling point and pour over cucumbers. Wipe rim of the jar until dry and seal. Wait 3 to 6 weeks before us-

#### Bread and Butter Pickles 24 medium to large cucumbers

3 tablespoons salt

10 onions

2 cups sugar

3 cups vinegar

About 1 tablespoon each of the following spices (let your taste be your judge):

ginger turmeric

celery seed

mustard seed (white). Let unpeeled cucumbers stand overnight in ice cold water. Drain

and slice cucumbers. Add sliced onions. Sprinkle salt over mixture and let stand one hour. Add sugar, vinegar and spices. Cook for about 40 minutes: simmer. Pack pickles solid in sterilized

jars. Wipe jar rims until clean Cut hay while it's young and and dry. Seal and let stand 10 days before using.

Sweet Pickles

2 cups slaked lime (call for calcium hydroxide in drug store; that is what it is)

2 gallons water

7 pounds cucumbers. Dissolve lime in water. Use a big crock or glass (no metal). Let

stand 24 hours. Wash cucumbers at least 5 times.

2 quarts white vinegar

9 cups sugar

1 tablespoon salt

teaspoon whole cloves 1 teaspoon celery seed

1 teaspoon mixed pickling spices. Mix all the above ingredients and pour over washed cucumbers. Let stand overnight. Next day cook pickles and syrup for 35 minutes. Pack in sterilized jars and seal.

For five mornings we had a 20% chance of rain and sure enough on Friday morning it all added up to 100% chance and it rained.

With a smooth CHEESE SAUCE s a starter, you can build many kinds of dishes. You'll need 4 tablespoons fat, flour, 2 cups milk, 1/2 teaspoon 48.70 salt, and ½ pound thinly shaved 17.80 | cheese.

Melt the fat, and blend in the flour. Add cold milk and salt. Heat 20.88 and stir until thickened. Add the cheese, and stir until it melts

> By 1975 there may be underground pipelines which will deliver both food and prescription drugs to your home. Other coming innovations include moving store aisles, robot services, and drive-in stores. Crazy? So were the Wright brothers!

I've read and heard of all kinds of togetherness, but this story excels them all.

A Demonstration Agent friend's parents live somewhere in East Texas and both are getting along The father is blind but otherwise

is in good health. The mother is in pretty good shape too. The mother never learned to

drive but this is the way the, not to be bested, old couple still use their car. The father sits behind

wheel, does all the braking and acceleration and the mother sits beside him and steers the car. 'Where in the world can the go with that kind of arrangement?'

and over to a son's house.

The friend added, with a touch of alarm in her voice, "I heard not the next time I go home I'm going to see about that.'
