## Eagles to Iraan For Possible District Championship Contest

Ask anybody in Iraan and they'll tell you modestly that this is "The Year of the Braves." The Iraan coaches have already set up a war of nerves of a sort against Eldorado as evidenced by the humiliation they visited on the Eldorado "B" squad October 5. The Eagle "B" squad is composed of freshmen. The Braves added six juniors and understandably were able to inflict a terrific whipping on the Eldorado kids.

The Iraan Braves have also remarked that they plan to see to it that this year's version of the Eagles have a hard time staying on tomorrow night's field.

Reasons for Iraan's cockiness are something like this: First, their boys are just physically tougher and more aggressive. Second, they have a naturally better ball club than anyone else in the district. And, third, their self confidence is almost limitless.

The Iraan Braves regard the Eldorado Eagles strictly as stepchildren to be disposed of neces-

sarily before facing the real district leaders.

A great American once said something that could be phrased like this: "Now is the time for all good Eagles, past and present, masculine and feminine, to steel themselves for a great effort tomorrow night against a cruel and merciless adversary." Indeed this is a crucial game; and the Eldorado Eagles, definitely darkhorses and underdogs, are able by means of complete unity of fans and team to humble the boastful and arrogant Braves.

Footballwise, the Eagles will come up against a new type of offense. It has been employed against them for a play or so this year but not as the working formation of their opponents. The Iraan Braves utilize a so called "Pro-set" offensive stance which sees them use a split end in the pro-concept with the other end in close to that tackle but with the half-back on that side set outside as little as six yards and as much as 20 yards. Idea is to confuse opponent pass defenses while maintaining two good running backs behind

—(Continued On Page 5)—

## Fall Term Of Court To Convene Oct. 16th

The Fall Term of District Court will convene Monday morning, Oct. 16th, in the Court House.

Judge Joe L. Mays will call the Court into session at 10:00 a.m. The following persons have been summoned for Petit Jury:

- Billy Williams
- Mrs. Ello Wilde
- Mrs. Victor Sauer
- Michael Henry Moore
- Dee Love
- L. E. Lloyd
- Horace Linthicum
- Mrs. C. M. Whitten
- Mrs. W. F. West
- Jack Wade
- Billy Jack Reynolds
- Robert Page
- E. H. Nixon, Jr.
- Gail Mittel
- James Mika
- J. F. Mayo
- Dan McWhorter
- Glenn McDonald
- W. V. Lux
- Mrs. W. O. Enochs
- George Draper
- Fred Case
- Mrs. Carrol White
- Curtis Stockton
- Curtis Short
- Mrs. Robert Martin
- Wilma B. Lueddecke
- Tony Cheatham
- Houston Arrott
- Mrs. Arch Ory
- A. A. Clark
- Mrs. B. K. Patton
- Marvin McAngus
- Pat Joiner
- Richard Kent
- Gilbert Lowe
- Mrs. John Luman

## Water Damaged Cars Sold As 'Bargains'

Automobiles submerged in South Texas flood waters will be sold to used car specialists at extremely low prices and then transported all over the state of Texas for quick re-sale, warned William Coffey, general manager for the American Automobile Association, Texas Division.

"Every time there is a big storm there is usually a sudden influx of used car 'bargains' in markets some 200 to 1,000 miles from the scene of the storm," Coffey reported.

Usually these cars are dried out, new seat covers or upholstery are installed, flood mats replaced, but the problem of water submersion and damage usually cannot be washed away, he said.

Grit, sand, dirt and small objects get into the engine, transmission and other parts of the car and are nearly impossible to remove. Rust on fenders and the body will usually occur in a few months after a car has been submerged.

"Buyers should demand a specific name and address of the previous owner of the used car," the AAA official said. Usually the license plate number or the car registration will show in what part of Texas the car was once registered.

## 1st Round Partnership Golf Tourney Results

All but one of the first round matches in the first partnership golf tournament at the Eldorado Golf Club were completed by Sunday afternoon. Bob Bradley and Eldon Calk versus Gerald Sanders and Raymon Mobley failed to play their match last week.

Second round play will get under way this week, and are scheduled to be completed by October 8th. The course played tougher than usual because of the new dirt around the greens and the rule that the ball could not be played from the new area around the greens. This rule will be observed until the new grass has covered the approaches.

Following are the results of the matches played:

**First Flight**  
Ratliff and Bland defeated Jack Hext and Pearce.  
Wilson Page and Meador defeated White and Waldron.  
Vernon Rogers and Finley defeated Paul Page and Gary Derrick.  
Adams and Childers defeated Hannes and Preston.

**Second Flight**  
Granvil Hext and Rosford defeated Taylor and Wester.  
Walker and Mackey defeated Godwin and Nixon.  
Mittel and Williams defeated Bailey Rogers and Hyatt.

## Authorization Received to Graze Or Bale Hay Soil Bank Acreage

The county ASCS office has been notified that permission has been granted to graze or bale hay on acreage in the Soil Bank or Cropland Adjustment Programs. Also hay can be baled on acreage that is diverted under the cotton and feed grain programs.

It is necessary that you pay the grazing or haying fees and receive prior approval of the county committee before any of this acreage is grazed or hayed.

This authorization only extends through October 31, 1967.

## New Babies

A son was born Sept. 25 at 9:30 a.m. in the Clinic-Hospital in San Angelo to Mr. and Mrs. Myrl G. Sudduth. The baby weighed 8 lbs. 1 oz. and has been named Grady Glyn. He has two sisters, Lori Lin and Amy Allison.

Grandparents are Mr. and Mrs. Vernal Sudduth and Mr. and Mrs. Fred Logan, and Mrs. E. E. Newlin is a great grandmother, all of this county; Mrs. T. W. Logan of Sonora is also a great-grandmother.

The new baby's father, Myrl Sudduth, is distribution superintendent for West Texas Utilities in San Angelo. The mother is the former Charleen Logan. The family have lived in San Angelo for some time.

## Fund Drive Set For Boy Scout Council

A fund drive will be launched for the Concho Valley Council, Boy Scouts of America, with a kick-off breakfast Monday morning, Oct. 23rd, at the Java Junction cafe here in Eldorado.

Ronnie Mittel is chairman of the drive and was busy this week lining up his captains and other co-workers. He is being assisted by James Williams and by Eldon Calk, institutional representative.

J. B. Morris of the Boy Scout office in San Angelo was here at noon Wednesday to attend the Lions club meeting and to assist the local workers with plans for the drive.

Plans call for the drive to be conducted about like those in the past. The captains will be given their prospect cards at the breakfast and will have the subsequent task of contacting each of them. Donors will have opportunity to pledge a set amount for each-month during the coming year, or to make a lump sum donation.

The Lions Club has sponsored the local Scouting program during all its nearly 40 years' organization.

The Lions currently sponsor Boy Scout Troop 18 and Explorer Post 318. The Ministerial Alliance sponsors the Cub Scout Pack.

BY 8-VOTE MARGIN

## County Goes Wet

After being a "dry" county for approximately 65 years, Schleicher County voters Saturday went to the polls and voted to legalize the sale of alcoholic beverages by a narrow margin of 358 to 350.

Quiet but intensive work by both advocates and opponents of legal sale brought out the respectable total of 708 votes, but this was about 75 votes less than were cast in the hospital election in May. The following tabulation shows that only three boxes carried for legal sales, but they were enough to offset the narrow losses in the others.

Vote By County Boxes:	For	Against
1. Mem. Bldg. ....	217	235
2A. Wool House .....	13	28
2B. Frieske Res. ....	10	0
3. County Barn .....	14	16
4A. School Gym .....	18	22
4B. Northern Office .....	22	8
5. Absentee .....	64	41
<b>Totals .....</b>	<b>358</b>	<b>350</b>

October 1948 was the last time a "wet" election was held in this county; Success files show that only 662 votes were cast in that election, resulting in the drys winning by 517 to 145—better than 3½ to one. Prior to that time there may have been other "wet" elections, but apparently all of them failed to come up with a majority. One of our older residents said the last saloon in Eldorado was voted out at least 65 years ago. He said it was shortly after the county was organized, and it could have been in 1902.

## Post Script

You can tell by the accompanying table on this page that the advocates of "legal sales" were winners in Saturday's election by the narrow margin of 8 votes.

While these returns were complete they will not be declared official until they have been canvassed by the Commissioners Court on Monday, October 16th.

Since this newspaper endorsed and supported the "legal sale" side of this election, we are glad to be on the winning side with 8 votes rather than on the losing side with that many; but it also makes us realize that 49½% of the voters were against it.

It could mean that anyone investing in a package store here will be operating under the threat of a repeal election within one year if it is not run properly.

Telephone calls were coming in here by 8:00 Saturday night from dealers in nearby towns interested in Eldorado as location for a store.

If the unofficial returns given above stand uncontested it is possible a package store will be in operation in time for deer season.

—ps—

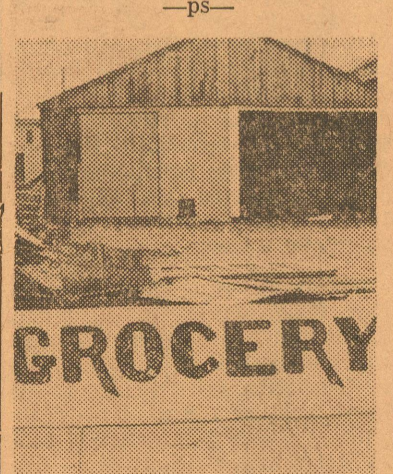

Note from Colorado City, Tex., with subscription renewal:

"Dear Friends, I like to get the news from Eldorado, so please continue the coming of the Success."

"It has been especially interesting to follow the story of your work for the hospital. The town and county are to be congratulated. —Respectfully your, Claude E. Cogswell."

Rev. Cogswell served as pastor of the First Christian Church here before moving to Colorado City where he is a curator of a museum.

—ps—

The sign was one of the last things to go as the old A. T. Wright building was being cleared away last week. Robert Jay took over the job of clearing the lot and is hauling usable material to his place east of town. The debris, of which there is a great deal, is being carted out to the county's new dump ground four miles west of town.

—ps—

Here is one for the book! An organization writes to tell us they have all the money they need and no contribution will be necessary this year.

Read on—

"Dear Associate Member: "Due to your generosity when called upon at this time three years ago we find that funds have been more than sufficient to meet the needs of your Volunteer Fire Department. We are indeed grateful to you for your support in the past and trust that we can count on your continued support."

"By way of showing our appreciation we are extending your associate membership to October, 1968. This letter is to notify you of your extended membership and to send you your new membership card."

"Though we are not in need of funds at this time, contributions are always welcome and will be accepted with our thanks. In time of need, we are as near as your telephone and it is our pleasure and duty to serve you to the best of our ability. —Thank you, L. D. Mund, secretary, Eldorado Fire Dept."

—ps—

Work was continuing this week at the site of the new Enco service station being built at the intersection of the Angelo and Menard highways.

A large pit has been excavated where the underground storage tanks are to be located. A layer of rock was encountered by workmen, and Reese Albert's crew was expected to make the pit still deeper through the rock.

—ps—

Mikeska Gin reported this week that the county cotton crop is continuing to lag. Wednesday morning, they had turned out 50 bales.

—ps—

Along with everyone else I got my tax bills last week, and have been comparing them with the figures of a year ago.

I find my school tax is about \$13 higher than last year, and my state-county tax is about \$7.00 more; but my city tax is about \$5.00 LESS. (Lum Burk must be slipping!)

Anyway here are our comparative figures for the two years:

	1966	1967
State and County .....	58.68	65.93
School Tax .....	103.95	115.07
City Tax .....	125.99	117.79
<b>Total, all Three .....</b>	<b>\$288.62</b>	<b>\$298.79</b>

The \$65.93 bill for State and County includes \$12.32 for the hospital.

—ps—

With the wet election over, Schleicherites and other Texans now look to Nov. 11 when six amendments to the State Constitution come up for vote.

## Revival Is Set At First Baptist Church

REV. CARL E. HEREFORD

A week-long Revival will be launched Sunday at The First Baptist Church, with the Rev. Carl Hereford of Lubbock as evangelist.

Services will be held each day at 10:00 a.m. and 7:00 p.m., thru Sunday, Oct. 22. Nursery will be provided.

Paul Goodwin, who served as music-education director of the church here from 1958-60, will have charge of the music. After leaving here, Goodwin served churches in Ballinger and Comanche and is now minister of education and youth of First Baptist Church at Brownwood. He and Mrs. Goodwin now have four children.

Further details on the Revival are in the church's ad inside this Success issue.

## ATTEND NEPHEW'S FUNERAL

Mr. and Mrs. Grover Lee Johnson came through Eldorado and spent Sunday night with her mother, Mrs. Bertha Wilson. The Johnsons left Monday morning for San Antonio to attend the funeral of Grover's nephew.

The deceased was Ken Johnson, 18, the youngest son of Mr. and Mrs. Glenn Johnson. The family made their home in San Antonio and the funeral was held there at 3:00 p.m. Monday.

## Four Voting Boxes After January First

This week's election report is the last one where votes are reported from six polling places in addition to an absentee box.

After January first each of the four commissioner precincts will have one voting box each.

Boxes 2A and 2B will be combined into one box which will be at the Wool House.

4A and 4B will be consolidated and all voters in that precinct will cast their ballots at the school-house gym.

This change is being made as the result of a state law passed this summer requiring a voting box to have not less than 50 registered voters.

## Doe Permit Issuance To Begin Soon

The Texas Parks and Wildlife Department has announced the dates and locations for issuing antlerless deer permits in eight of the 10 regulatory responsibility districts.

Permits will be issued to qualified landowners or the appointed representatives between 8 a.m. & 5 p.m. on the date and location as indicated for each county. Permits must be drawn in the county where they are to be used.

Permits will be issued for Schleicher county on Oct. 25 and 26 by the Chamber of Commerce.

## HUMPHREYS BUYERS OF IRRIGATED FARM

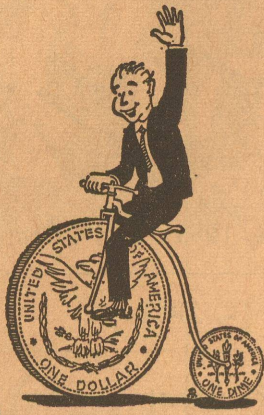

George and Lola Humphrey closed a deal this week for purchase of the Ben Patton estate irrigated farm, located on the San Saba river at Menard.

Deal was handled by Williams Real Estate in Eldorado.

Mr. and Mrs. James Williams, who are starting construction of a new home on their farm east of town, have sold their Glendale residence to Mr. and Mrs. Jim Holley. Mr. Holley is a county employee and he and his wife, Jerre, also operate their Jerre's Drive-In in the south part of town.

Mrs. Margaret Frost of Virginia came in last week to visit her mother, Mrs. F. M. Bradley, and other relatives.

**Humphrey Succeeds Hext As S.C.D. Supervisor**

George Humphrey

Ben Hext, who has been supervisor of the Eldorado Divide Soil and Water Conservation District, Zone 4, retired from this post today, Oct. 7, 1967. He celebrated his retiring by giving a barbecue dinner for the members and their wives at his ranch home 10 miles south of Eldorado. The ladies brought cake and salad; Mrs. Hext cooked the red beans and Ben barbecued two goats which were delicious. We all enjoyed the dinner very much.

After the dinner the meeting was called to order by the program chairman, Mr. Godwin.

He introduced Mr. Bill Works, the game warden of Schleicher county. He gave a very interesting talk on wildlife in our county. He

told how wild life was growing in our county and other counties more and more each year. Also now the land owners made so much money by leasing out their land to these hunters, who enjoy hunting.

T. P. Robinson was elected the chairman of the meeting to hold the elections. The following were elected: Mr. Oliver Teele, sec.; Mrs. Weatherly Kinser, tally clerk. George Humphrey was elected as supervisor of the Eldorado Divide Soil and Water District, Zone 4, on Oct. 7. Then the meeting adjourned.

Those at the meeting were the hosts, Mr. and Mrs. Ben Hext, Mr. and Mrs. L. B. Johnston, Mr. and Mrs. Weatherly Kinser, Mr. and Mrs. Oliver Teele, Mr. and Mrs. Otis Deal, Mr. Works, Jack Hext, Truett Stanford and T. P. Robinson, Jr.

Mr. Ben Hext has been Soil and Water Conservation District Supervisor for 15 years and has done a wonderful job of representing our soil and water conservation district. Other supervisors include Otis Deal, Walter Pope, Milton Rathbone, and Voy Lee Butts. One supervisor is elected each year for a five year term.

So our new supervisor, George Humphrey, will do a good job as he is very interested in soil conservation. In April, 1962, the Humphreys became district cooperators and with the assistance of the local Soil Conservation Technicians developed a conservation plan and Great Plains Conservation Program contest for their ranch. The Humphreys completed their contest in 1965 and have continued as co-operators.

In 1966 the Humphreys won the Fort Worth Press Soil Conservation Award for District & Region and were presented a silver bowl at Eagle Pass, and a plaque at the Lions Club in Eldorado for their efforts. George is completely sold on soil conservation practices and feels brush control and conservation practices double the production on his place.

We all support George. Go out and see his place east of town. —Rep.

**7th and 8th Grades Contest in McCamey**

McCamey's Badger Pups defeated Eldorado's 7th and 8th grade contingent last Thursday afternoon in McCamey 8-0, in a hotly contested game that ended the first three games of the six-game Eldorado slate.

Eldorado lads competing were as follows:

- 30 John Rosford -----end
- 41 Karl McCormack -----end
- 28 Ricky Bishop -----tackle
- 76 Len Mertz -----tackle
- 24 Archie Posey -----tackle
- 13 S. Montgomery -----guard
- 33 Peter Case -----guard
- 52 Mark Calk -----center
- 11 H. Henderson -----back
- 15 Johnny Orla -----back
- 27 John R. Powell -----back
- 43 Chris Pena -----back
- 44 Lonnie Reynolds -----back
- 42 Salvador Garza -----back
- 27 Mark Bland -----back

Eldorado captains Mark Bland and Karl McCormack lost the coin toss and the Eldorado lads kicked off to the little Badgers. McCamey took advantage of the early-game fitters and ran the ball back to the Eldorado 30-yard line and scored in two more down series in the 1st three minutes of play. The McCamey lads ran the ball across for two extra points to put McCamey out front 8-0.

The Eldorado lads then found themselves and the rest of the contest saw the two teams battling it out with Eldorado having a yards-gained advantage but they could not get on the score board and the contest ended 8-0, McCamey.

These same Eldorado lads play host to Big Lake this afternoon on Eagle Field at 5:00 o'clock.

**Home Demonstration Agent's Column**

By MRS. VIDA KREKLOW

Something special for homemakers is coming up. There will be a demonstration and exhibition on antiques and many other decorative objects at the Memorial Building auditorium at 2:00 p.m. on Tuesday, October 17th.

This is for everyone and the whole county is hereby invited.

Mr. J. H. Mace of the Foxworth-Galbraith Lumber Co. has made it possible for Mrs. John Willingham of San Angelo to come to Eldorado and present this program for our education and enjoyment. Mrs. Willingham is well known in West Texas for her abilities in this line of work and her demonstration of using paints and antique materials will be something worthwhile.

The Foxworth-Galbraith company will give three door prizes and will also be the host for refreshments after the demonstration.

Many articles will be on exhibit which have been at one time utterly useless but are now objects of beauty as they are used in various spots about the house.

We hope that you will give yourself a treat and be there.

Nearly everybody today is on somebody's mailing list. I've almost memorized the first lines of dozens of letters which we get every year. They begin with, "We desperately need your help." The soliciting organizations actually do need help and say so, over and over.

The one which came today was different. It went like this:

"Dear Associate Member:

"Due to your generosity when called upon at this time three years ago we find that funds have been more than sufficient to meet the needs of your Volunteer Fire Department."

Congratulations to the Fire Department!

And a special commendation for the courage to say they have managed well enough to have money to last until 1968 and are accordingly extending membership cards until next October.

What a switch. What a wonderful switch!

The contaminated sugar incident which took the lives of some 18 or 20 people in Tijuana, Mexico several weeks ago has stirred up many people to ask many questions about all kinds of food additives and food substitutes.

The Department of Health, Education and Welfare, Food and Drug Administration, have released this information concerning artificial sweeteners.

In effect the statement says this: "The safety of artificial sweeteners has been studied for more than 10 years and are generally recognized as safe."

That's good news for the general public today because artificial sweeteners are cheaper than the natural sweeteners and as a result they occur in hundreds of foods, canned and baked, in such a way that the consumer never knows it.

Here is a quick, economical and delicious suggestion using rice. Dilute a can of onion soup with 1/3 cup of water. Add 3 cups cooked rice, 2 cups diced cooked meat, and salt and pepper to taste. Pour into a 1 1/2-quart casserole and

sprinkle generously with grated sharp cheese. Bake in moderate oven until bubbly, about 20 to 30 minutes. You will want to try this delicious dish.

You simply can not get by with it. Skipping breakfast that is. A person needs about 20 essential nutrients each day and it is just too hard to make up that many nutrients.

You say you never have eaten breakfast? And you have gotten by with it? Medical authorities say, "OK thus far, but sooner or later the effects will show up." It's a hard game to play and depend on never losing.

Here is a delectable recipe for PEANUT BUTTER DATE COOKIES. You will need 4 cups sifted flour, 1 teaspoon each baking powder, salt and cinnamon, 1 cup each margarine, firmly packed brown sugar and chopped dates, 1/4 teaspoon baking soda, 1/2 teaspoon nutmeg, 2/3 cup granulated sugar, 2 eggs and 1/2 cup peanut butter.

Sift flour with baking powder, soda, salt and spices. Cream peanut butter and margarine together. Gradually stir in sugar, beating until light and fluffy. Add eggs and beat well. Gradually add flour mixture, mixing to blend. Mix in dates, which have been sprinkled with 1 tablespoon additional flour. Shape into 4 rolls about 8 inches long. Wrap in plastic food wrap, waxed paper, or foil. Chill well in refrigerator.

When ready to bake, cut into thin slices and bake on an ungreased baking sheet in a moderately hot oven (about 400 F.) for 5 to 8 minutes. This will yield 6 1/2 dozen cookies.

Unbaked cookie dough may be stored in refrigerator for several weeks. What an aid in getting a delicious dessert together on short notice; and especially is this true with Halloween time coming up soon.

The next time your taste wanders down Mexico way try MEXICAN POTATO BALLS. Ingredients you will need are: 1 1/2 cups hot mashed potatoes, 1/4 teaspoon chili powder, 2 beaten eggs, 1/2 teaspoon salt, 1/8 teaspoon powdered dry mustard, 1 teaspoon grated onion, 1 teaspoon milk, 1/2 cup each of shredded cheese and dry breadcrumbs.

Combine potatoes, eggs, seasonings, and milk. Blend cheese and breadcrumbs. Add one-half potato mixture. Shape into balls and roll in remaining cheese and breadcrumbs. Fry in deep fat at 380 degrees F. until golden brown. Drain. Makes four servings.

**LATER MAIL DEPARTURE SET FOR CERTAIN DAYS**

Later Departure time for First Class mail on Saturday, Sundays and holidays has been announced by Postmaster Bernard Carr.

For those of you requiring a little more time for your out of town mailings on Saturdays, Sundays, and holidays, a later departure time is now in effect on those particular days.

This is how it works. The street collection box has been restricted to OUT OF TOWN mail only. On Saturday ONLY, any out of town mail you have to deposit and you will be depositing it between the hours of 12 Noon and 4:15 p.m., you must deposit it in the street collection box, in order that it will leave that day.

On Sundays and holidays ONLY, when mailing out of town mail between the hours of 10:15 a.m. and 1:15 p.m., you must deposit it in the street collection box, in order that it will leave that day.

The reason for the necessity of using the street collection box is, there will not be any one on duty during those hours on those specified days and hours. The Star Route Carrier will collect the mail from the street collection box and carry the mail into San Angelo for postmarking. Therefore, do not deposit local mail in the street collection box, and please do not drop coins in this box for your unstamp letters, for the work room in the San Angelo office does not have facilities to accommodate you for this service. The only time that this change will be effective is Saturdays, Sundays, and holidays during the specified hours mentioned above.

**SHOWER SATURDAY TO HONOR MRS. MIKE SUDDUTH**

The Westside Church of Christ women will be hostesses at a Gift Coffee Saturday morning at the Memorial Building honoring Mrs. Mike Sudduth, a recent bride.

Calling hours will be from 9:30 to 10:30.

Visiting Mr. and Mrs. Lum Davis and Mrs. Lucile Jackson last week were Col. Paul Davis of Vietnam and Mrs. Davis of San Antonio; Mr. and Mrs. Wallace Davis, Alpine; and Mrs. F. L. Powers, also of Alpine.

SALESBOOKS: Simple charge tickets in duplicate, with carbon; 50 sets to pad, 10c each. —Success

## Sanderson Downed By Eagles 51-0

It was just another dark and dreary evening for the Sanderson Eagles last Friday evening on Eldorado's superb new football field. Eldorado's Eagles routed the Terrell County Birds by a crushing 51-0 margin. Game statistics show how completely the Eldorado lads overwhelmed the Sanderson Disconsolates:

Eldorado	Sanderson
25 First downs	5
554 Yards rushing	97
7 Passes attempted	9
3 Passes completed	1
1 Opp. passes int.	0
17 Yards passing	3
571 Total yards	100
3for15 Penalties	6for60
2 Fumbles captured	2
2for33 Punts & Dist.	6for24
0 Punts blocked by opp.	1
Score by quarters:	
Eldorado ---- 6 23 13 9—51	
Sanderson ----- 0	

It looked at first as if Sanderson's forlorn kids were going to make a game of it and actually believe what their coaches keep telling them: that Sanderson could actually win a ball game. This gets harder for kids to believe all the time particularly when it has not happened in nearly three football seasons. But the Sanderson boys made a pretty good game of it for the first four or five minutes until Eldorado's speedy halfback Roy Davidson zipped over the Sanderson goal from 21 yards out. The Sanderson kids held up the rest of the first quarter.

Their roof fell in during the second quarter as some bruising Eldorado tackles smothered the Sanderson offense and a relentless Eldorado attack rolled over the Sanderson Mournfuls for three touchdowns with successful extra point attempts and a safety for two extra points also.

The second half was hardly a game as Eldorado Coach Ray Morgan in all decency and courtesy began doing what really is not good for his team: that is, trying to slow down. It wasn't much use as the third period saw the Eldorado youthful score another 13 points.

In the fourth period Coach Morgan and associates really took drastic steps to stop the slaughter. Eldorado linemen became backs. Even Center Jim McGinnes had a ball as a fullback. Coach Morgan also agreed that the clock should not be stopped for normal reasons in the last quarter. But even then, Eldorado scored a touchdown and a field goal to raise the total score to 51-0 before the contest ended. Coach Morgan was probably mentally turning over the propriety of calling in the Eldorado cheerleaders to stop the carnage.

It is not that Sanderson has such weak potential. In fact, a Terrell county lineup by that school's own weights and classifications averages 164 pounds with three sophomores, four juniors, and four seniors manning the 11 positions. Eldorado offensive starters by way of contrast are composed of two

sophomores, five juniors, and four seniors with average weight of 167 pounds.

Sanderson's team and morale situation at present is any coach's nightmare. These lads have lost their ability at least temporarily to believe in themselves.

In some respects this sort of game was poor presentation for Eldorado's stern confrontation tomorrow night with the self-assured and confident Iraan Braves.

General observations are that the Eldorado Eagles behaved in a fine, competent, sportsmanlike manner. They drastically reduced their fumbles, they flung devastating blocks as for example when Ross Whitten whacked down two Sanderson lads to help Buff Whitten return a Sanderson punt nearly 60 yards for a touchdown, and the Eldorado lads displayed good self control and poise as they received only three of the least expensive penalties, two of these happening to linemen converted to backs in the last quarter of the game.

All 22 Eldorado lads rate commendations for their play. There were no displays of "Tiger" behavior with the hapless Sanderson lads. This is true of the at least one Eldoradoan who never played before this year.

Facts are that it will be a distinct disadvantage to the other teams scheduled to play Sanderson unless the Terrell county lads can pull themselves together and come up with some uncompromising attitudes towards their stern opposition: Ozona, Iraan, Sonora, and Junction with the remainder of the 1967 schedule.

### DAVISES VISIT FROM AUSTIN

Mr. and Mrs. Morris Davis of Austin were in Eldorado over the week end visiting with her parents, Mr. and Mrs. James Williams. Their son Tres, who had spent the previous week here, returned home with them.

Mr. and Mrs. Charlie Niblett and family had Mr. and Mrs. Kenneth Childs of Medina visiting with them over the week end.

Celeste Holm, starring as Mame Dennis in the musical hit, "Mame," appears briefly as the Moon Lady in the show-within-the-show—until she falls off the moon and throws the whole company into chaos. This is but one of the hilarious moments in the State Fair of Texas attraction playing at the Music Hall Oct. 6 through 22.

### School Menus

Monday, Oct. 16: German style sausage, potato salad, pinto beans, tossed green salad, buttered rolls, milk, canned fruit.

Tuesday, Oct. 17: Turkey and noodles, cut green beans, congealed fruit jello (strawberry), celery stuffed with cheese, buttered rolls, milk, brownies.

Wed., Oct. 18: Chili with beans

and without beans, cheese strips, cole slaw, milk, orange juice, fresh fruit cup, sugar cookies.

Thurs., Oct. 19: Fried chicken and gravy, buttered rice, green beans, mushroom sauce, carrot & pineapple & raisin salad, buttered rolls, milk, fruit cobbler.

Friday, Oct. 20: Romney steak, creamed potatoes, whole kernel corn, tossed green salad & French dressing, buttered rolls, milk, bread or rice pudding with raisin sauce.

### Completes Veterinary Sales Training Course

Norwich, N.Y.—Jerry L. Doyle, veterinary sales representative for Eaton Laboratories, Division of The Norwich Pharmacal Company, has completed an advanced course in the sale of ethical veterinary products conducted recently at the Company's headquarters in Norwich, New York.

Mr. Doyle joined Eaton this year. He received a B. S. degree from Texas Technological College in 1965, and was a teacher in Lubbock until joining Eaton. He also

attended San Angelo College and has done graduate work at Texas Tech. He is responsible for the sale of Eaton's ethical veterinary drugs in south Texas.

The intensive two-week course included lectures on veterinary medical science, nature and treatment of animal infections, and clinical workshops, as well as veterinary sales and marketing principles.

Mr. and Mrs. Doyle and their daughter live at 1000 LBJ Drive, San Marcos, Texas. Jerry is the son of Mr. and Mrs. Claude Doyle of Schleicher county.

# REVIVAL

## Starts Sunday, October 15

DO PEOPLE read these small ads in the Success? You just did.

In Those Days

ONE YEAR AGO Oct. 13, 1966-Only 15 bales of cotton were reported at Mikeska Gin, as the crop continued to lag. Fred Logan was adding a room onto Mrs. Allan Kuykendall's house.

FIVE YEARS AGO Oct. 11, 1962-Retired Army General Richard B. Moran was to speak at a local rally for Jack Cox for Governor.

Jack Hext and Dee Love bought the Gulf service station from Jack Mund.

Rev. D. C. DuBose resigned as pastor of the First Baptist church and was planning to move soon to Amarillo.

Mrs. C. C. McLaughlin was to retire Nov. 9th from the Telephone Company.

The Garden Club had a meeting at the Jim O'Harrow ranch.

Linda Love's engagement to Robert Wayne Whitis was announced.

Lynda McGinnes and Judy Hext visited here from North Texas State University in Denton.

Mr. and Mrs. Bill Bowen were in San Antonio for a meeting of the Mid-Texas Speech Teachers.

12 YEARS AGO Oct. 13, 1955-It was Oil Progress Week. Cooper Gas Co. had their new plant in operation, and the Wax Plant in Huldale, which had been established in 1954 by L. M. Hill, was also a going concern.

L. D. Mund was seriously injured on a Delta Gulf oil rig, and was taken to the Sonora hospital with both legs broken.

The Polo Team was meeting Spur here for a game.

Alva Johnson Rodgers, 26, received a four-year sentence after pleading guilty to stealing the typewriters from the school.

A. G. McCormack was going to Dallas for a medical check-up.

The Roger Luckenbach family visited several days with his parents at Hext.

Dwight Wiedenmann, Jr., was honored on his 2nd birthday.

Mrs. Bernice Sammons became acting postmaster at Van Horn.

35 YEARS AGO Oct. 14, 1932-W. J. McDonald died at the age of 76. He was a resident here about 20 years and was a Baptist preacher.

Thomson Bros. & Lawhon sold a clip of wool to A. W. Hilliard & Sons of Boston, Mass., with the 40,000 pounds going for 15c a pound.

Oct. 28 and 20 were dates set for the high school boys and the Lions Club to give a negro minstrel to pay for a new bath house at school.

Born, Thursday in the San Angelo hospital, a daughter, named Betty Lindsey, to Mr. and Mrs. George Crawford.

A son was born to Mr. and Mrs. Francis J. Wood.

Grandma Eaker died in Eden at the age of 95.

Payette Murrah and Robert Shepherd of Christoval visited here on their way to the Valley country.

L. D. Mund was honored on his birthday. He blew out 11 of the 13 candles on the cake, after which his friend, Miss Earline Tate, blew out the other two.

Boys' dress shirts were 49c at Leaman's.

Sheriff O. E. Conner traced down the two thieves of Hensel and Fred Matthews' and H. C. Williams' saddles. Bennie Crawford was in jail at Wichita Falls and C. L. Batton was reported in jail at Austin.

Boys' and Men's part-wool sweaters were 89c at City Variety Store.

ELDORADO LODGE No. 890 - A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

Mrs. Montgomery Given 50-Year Pin By OES

The Eldorado Order of Eastern Star Chapter 140 met for its October meeting Monday night. The Worthy Matron gave a good report on Grand Chapter which was held in Dallas the last week in September. Those attending were Mr. and Mrs. Dewey Campbell and Mr. and Mrs. Palmer West and Mrs. Rose Brannan. Mrs. Brannan was presented at Grand Chapter as a 50-year member. Palmer West was appointed a member of Masonic Educational Committee of the Grand Chapter of Texas. A member of the local chapter was honored with her 50-year pin Monday night. The sister was Mrs. Nan Montgomery. A star point program was given, and then Mrs. Montgomery was presented a large star filled with the flowers of the stations on it. Mrs. Montgomery has served as a Deputy Matron of the Grand Chapter of Texas, Dist. 5 section, 1-4-50; Grand Representative of the Grand Chapter of Wisconsin to the Grand Chapter of Texas, 1959-62; served as Worthy Matron 1949-41; Bailey Montgomery served as Worthy Patron with her. -Rep.

ATTENDS MARKET SEMINAR Weldon Davis of Eldorado, Tex., has recently completed qualifications for attendance at a five-day animal nutrition and marketing seminar which was held in Quincy, Illinois, on October 9th through the 13th. Requirements to attend included completion of a basic educational course in livestock and poultry nutrition as well as territory sales and service. He was a guest at the plant of the Moorman Mfg. Co., whose sales staff he joined recently. Mr. and Mrs. Davis are the parents of three children: Jacque, James, and Janet.

The big raise in minimum wages, and the expanded coverage, is beginning to pinch. And the inflationary effects are already beginning to show. The new law, which became effective on Feb. 1, 1967, sets the minimum for those already covered at \$1.40 an hour, and \$1.60 on Feb. 1 of next year. Those newly covered will start at \$1, and graduate upward to \$1.60 on Feb. 1, 1971. For agricultural workers who are covered, the minimum began at \$1, and will go up to \$1.30 in 1969. As an indicator of how this law is interpreted, the Wage and Hour Board in the District of Columbia has now decided that a bootblack in a shine parlor is covered, and in order to work must be paid the minimum hourly rate regardless of how many shoes he shines—or whether he shines any at all. That comes under a District law. When such employees earn less than the minimum, the employers are stuck with the difference. And it is reported that a good many shine boys are seeking new ways to earn a livelihood. Nation-wide, the federal law is bringing forth some rather sad reports of hardships growing out of the new rates. The Wall Street Journal reports that because of the new law, a survey estimates that the layoff of marginal workers has reached an annual rate of almost 700,000. A sample check by the Labor Department suggests that in February 1968, when the minimum goes to \$1.60, more than a million workers will be made jobless. Many of these are among the poorly educated and untrained who even when jobs are plentiful find work hard to get. Those who voted for this new law really have something to mull over in their minds. The chickens are coming home to roost. Instead of promoting universal prosperity, as promised, the big raise strikes a cruel blow at employment opportunities for the fringe and marginal workers. But there are always the relief checks to fall back on.

Program On Scouting Presented To Lions

Assistant Executive J. B. Morris and Archie Miller, director of Field Service, of the Concho Valley Council of the Boy Scouts of America, presented the program at the meeting yesterday of the Lions Club. Miller, who lives in Ballinger, discussed the aims and objects of a long-range planning set-up adopted recently by Council members to expand Scouting to include more boys in this area. The 23 1/2 counties of the Council make it the third largest in area in the nation, and planners met May 25th at Dolph Briscoe's ranch at Katarina to set up a five-year plan. A fund drive for the Council will be launched with a kick-off breakfast here the morning of Oct. 23rd. C. T. Humphries presided at the business session. Rusty Meador played the piano for singing of "America" followed by Flag Salute led by Don McCormick and invocation by D. G. Salter. Lion Wimer presented Frank Kreie with his badge and credentials as a new member. Guests included Bill Walker and Jack Keniston of Midland, and Stella Hubble and Rusty Meador of Eldorado.

Furniture Refinishing Clinic Slated Tuesday

Mrs. Vida Krecklow, county Home Demonstration Agent, has announced a furniture refinishing demonstration which will be held on Tuesday, Oct. 17, at 2:00 p.m., at the Memorial Building. Mrs. John Willingham of San Angelo will present the program which is being sponsored by the Home Demonstration Clubs of Schleicher county. A piece of furniture will be refinished during the demonstration and a display of articles already done will be featured. Door prizes and refreshments will add to the interest of the afternoon's work. The public is invited; all will be welcome. Especially are the newcomers invited.

Three Pass Board For Eagle Scout

Keith Williams, Jerry Childers, and Bob Sykes recently passed their exams with the Eagle Board of Review in San Angelo and will soon receive their Eagle Scout badges, denoting the highest rank of Boy Scout. Scoutmaster Jim Holley expects to stage a Court of Honor for these and other awards late in this month of October.

Sonora Game To Be School Homecoming

When the Sonora Broncs come here the night of Oct. 20th to play the Eagles on their home field, it will be the school homecoming for this fall. All exes are invited and urged to attend the Sonora game, which is always highlight of the season. The Seniors are taking orders for mums for the night of the Sonora game. They are \$2.50 each, and Rusty Meador, class president or any other Senior will be happy to take orders. The Seniors will also have the concession stand that night.

People Moving

Mrs. Henry Itz, new here, has moved to C. L. Martin's residence. Dewey Campbell has moved from W. F. Edmiston's house to Hollis McCormick's house. Rodney Williams moved from a Riley house to Bernard Carr's house.

# Football

(Continued From Front Page)

the quarterback. Iraan has good personnel to operate this sort of attack. Their QB Pat Gladden likes to roll out, threaten to run, and then fire short or long passes. When he throws long, usually he "Hangs the ball up in the air", so to speak, for a Brave receiver to come under from somewhere else to capture it. Their workhorse is a tough capable fullback named Roger Wortham who is a hard driving runner and who makes gainful use of traps to drive up the middle. Wortham has been the carrier in three out of every five ground plays the Braves have run this season. Incidentally, nearly any Iraan fan will admit that QB Gladden is easily the best in District 8A.

Their starting lineup is as follows:

- 84 Tim Armstrong -----LE 165
- 74 Eddie Aishman -----LT 151
- 62 Gene Holmes -----LG 157
- 52 Mike Hale -----C 179
- 61 Wendall Rowe -----RC 164
- 73 Bobby Buckbee -----RT 198
- 80 James Sullivan -----RE 135
- 20 Ricky Rylander -----LHB 125
- 22 David Wilson -----RHB 180
- 40 David Wilson -----RHB 180
- 40 Roger Wortham -----FB 165
- 11 Pat Gladden -----QB 154

Of the 11 boys listed above, 7 are seniors and four are juniors. The Braves change out 125-pound Rylander for another senior, No. 51, Reggie Badgett, for defensive purposes and this is their only change.

The Braves have lost to Big Lake and McCamey but have defeated Stanton, Rankin, and upset a highly regarded Junction team.

Eldorado came out of the Sanderson rout with no injuries and greatly improved morale. Eagle coaches plan to keep the same basic offensive and defensive stances. Offensive starters will be probably as follows. Offensive: Mike Olson and Buff Whitten at ends, John Danford and Ross Whitten at tackles, A. Torres and D. Lloyd at the guards, Roy Davidson and Duane (Pinky) Dempsey at halves, John Mayo at fullback, and Bob Page at quarter.

Defensive starters will probably be Paul Page and Bob Page at ends, Ross Whitten and Mickey Pennington at the tackles, John Mayo and Allan Corbell at the guards, Jim Mann and Pinky Dempsey at line backers, Roy Davidson as the Eagle or "Monster" line-backer, with Wayne Doyle and James L. Davis as halfbacks.

Conclusions and generalizations are easy in a contest such as this: It is an ideal situation for an upset. A united Eagle effort could do the trick. But make no mistake about it, this is not a contest for the "Sunshine" player or fan. This is one of those "Really for real-or-die" confrontations where the truly younger and underdog Eagles might just be able to down their older and certainly magnificently overconfident opponents.

It is about 85 miles to Iraan. The young Eagles need maximum sympathy and backing, every bit possible.

**CHARGE TICKETS**, special for service stations; 8 for \$1 or \$11 carton. —The Success office.

## News of the Sick

Mrs. Marvin Reed, the former Ruth Williams of this place, was released Friday from Harris hospital in Ft. Worth and is continuing convalescence at her home there from her auto accident.

Mrs. Cora DeLongue was released last week from the hospital in San Antonio after she was involved in an auto accident here which included two other vehicles.

Mrs. L. Moore continued convalescence this week in St. Johns hospital where she had surgery a while back. She was due to be released this week.

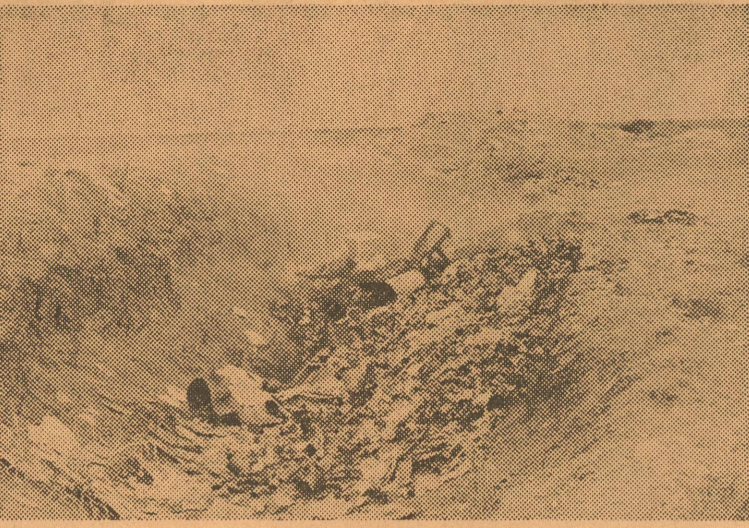

Mr. and Mrs. Harold Lloyd of Batesville expect to have their 18-month-old son undergo open heart surgery this week in Santa Rosa hospital in San Antonio. The young boy is a grandson of Mr. and Mrs. Leonard Lloyd of this county.

Mr. and Mrs. Vernon Hazelwood and Mrs. Laman Hazelwood were in Brady Sunday with J. C. Whiteley who continues as a patient in Fireside Nursing Home. During the day Mr. Whiteley fell from his bed and sustained injuries which had to be dressed at the hospital. Later he was returned to the nursing home.

Howard Derrick has been on crutches after he was thrown by a horse a while back, but this week is back on his feet.

Mrs. Roy Andrews entered Clinic Hospital last Friday and underwent minor surgery on Monday. She is located in Room No. 107 and her friends report she is doing fine.

## New Dump Ground An Improvement

Four miles west of town on land formerly used by the old Shell station is the location of the county's sanitary pits which have now been in use for several months. When pit is full it will be graded over and new pit dug.

This end of the pit is being filled with old tires which will one day make a spectacular bonfire. Anybody want to stage a rally out there ? ?

This shows how the county has fenced off the old dump ground beyond the railroad and have graded off the highway and opened it to unobstructed traffic.

## Punt, Pass & Kick Contest Held Saturday

The Punt, Pass & Kick Contest was held at school Saturday, with the following results (age, points, and winners):

- 8-Year-Olds:**
- (107) Alan Storie;
  - (102) John Campbell;
  - (100) Lynn Whitaker.

- 9-Year-Olds:**
- (146½) Randy Rozean;
  - (146) Alan Hall;
  - (140) Edward Tomlinson.

- 10-Year-Olds:**
- (177) Gary Roberts;
  - (160) Charles Morgan;
  - (148) Lanis Mikeska.

- 11-Year-Olds:**
- (260½) Ken Peters;
  - (227½) Gene Nixon;
  - (208) Benjie Jay.

## 12-Year-Olds:

- (197) David Yocham
  - (174) Robert Parker;
  - (162) Wayne Joiner.
- The local winners will participate in the area contest in San Angelo on Oct. 21st.

Mrs. A. T. Wright has moved to San Angelo where her address is 107 LaSalle.

Mr. and Mrs. Frank Kreie and daughter have moved to a house trailer on a lot they bought from Townsite Company on North street. Their property is just east of the Jack Bell residence. Mr. Kreie is employed here with Northern Natural Gas Co.

**SALES PADS** for sale at the Success office.

## County Extension News

W. G. Godwin, Co. Agent

Let disaster or tragedy strike some family, and almost without exception the entire community opens hearts—and often pocket-books. Yet if good fortune comes, the people are jealous and congratulations are left unspoken.

If one actually feels kindly in time of sorrow, shouldn't one rejoice with friends?

Everyone enjoys a good fire and a full stomach on days when the wind is brisk and ponds sport icy coats. And insects are no exception.

Many insects are common indoors in the winter months simply because they're looking for warmth and food, and this causes problems for the homeowner.

In this winter parade, homeowners can expect to see cockroaches, silverfish, crickets, box-elder bugs, elm leaf beetles, spiders, wasps, moths and many other shelter-seekers. As the nights become cooler, homeowners can expect the parade to begin.

An insecticide "barrier" around the foundation is an excellent means of keeping these invaders out. Dieldrin or chlordane applied to the outside foundation, around porches, steps and patios give effective results.

Spraying is the best method of applying the barrier around the house. Treat the outside walls and foundation from sill to soil and about five to six inches of the soil surface next to the foundation. Give particular attention to cracks, crevices and entry ways into the house.

For treating window sills and DESK-SIZE BLOTTERS: Red, Blue and Green. 20c each at the Success office.

QUICK SERVICE on orders for rubber stamps, Dating stamps and stamp pads in stock. The Success.

thresholds, a paint brush makes a good applicator.

A 2% chlordane solution is recommended for outside application. This can be prepared by mixing one pint of 45% chlordane in 3 gallons of water. A 0.5% dieldrin spray works equally as well. By mixing 7¼ tablespoons of 18% dieldrin in each gallon of water, you get the 0.5% dieldrin spray.

Anyone with questions concerning household insect control is invited to pick up a copy of the Texas Guide for Controlling Household Insects. It is available at the county agent's office.

A husband is a man who lost his liberty in the pursuit of happiness.

It's time to act when a fire hits and too late to plan how to fight it. But now, when there is no fire to fight, is the time to do the planning with other family members for a fire or other emergency.

How well are you prepared to fight fire or hold it in check until the firemen can give you help? Are you familiar with availability of the fire department? Valuable time can be lost in getting in touch with the fire department and such loss could mean the difference in saving property or its complete loss.

It's a good idea to have equipment available, including tools for fighting rural fires but those who might be expected to use it must know how to use it.

Perhaps the one most important tool is a fire extinguisher. Make sure it is of adequate size and filled with the proper chemical to fight the kind of fire expected. Look for the UL or FM label of approval on extinguishers before they are purchased. These letters on the extinguisher means it has been tested and approved by a nationally recognized laboratory.

Extinguishers should be placed strategically in all fire danger areas, including the kitchen, barns, machine sheds, and near the stor-

age tanks for gasoline and oil. And remember, different chemicals are required for different types of fires. Make sure the extinguisher is filled with the proper material for any expected fire at the different locations.

New types of lures are introduced every season and the fishermen continue to bite.

About this time every year, leaves become a real problem around a lot of homes within the county. Of course, most of us prefer our leaves on the tree but it just doesn't work that way with a lot of trees for it's part of their makeup to do some leaf shedding every fall.

Now these leaves can serve a very useful purpose if they are collected and made into compost. As material becomes available, including leaves, place it in layers in an out-of-the-way place and add a layer as more material becomes available. A mesh wire or board pen makes a good container for keeping the material from scattering. The pile should be kept moist as an aid to the decomposition process.

Layers of manure or commercial fertilizer, placed alternately with the leaves, will make the resulting compost even more valuable. The resulting compost from such will not only supply organic matter but will also have value as plant food.

Compost can be made anytime during the year, but the decaying process is slower during the colder months. Now is a good time to start a compost pile because of the generous supply of composting materials that are available during the fall season.

Your flower and vegetable garden next year can become more beautiful and productive as a result of compost you can have ready for next spring.

Money may not buy friends, but it will help you stay in contact with your children.
