66TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS (76936) Thursday, January 12, 1967

Number 2

ZIP Code To Speed Package Mailing

The use of ZIP CODE will make it easier to mail packages after January 15, Postmaster Bernard Carr of Eldorado said today.

New rates and a new system for identifying parcel post zones will go into effect on that date as provided in legislation signed into law by President Johnson on September 20, 1966, the Postmaster pointed out.

The rate increases will average about 10 cents a parcel.

The use of ZIP CODE in the recipient's address will enable the sender or a mail clerk to quickly determine the proper zone, and thus the rate, for the package. The zones will be based on the distance a parcel travels between the 552 sectional centers in the country.

By consulting a simple chart, which is available at all Post Offices, the zone can be readily identified because the first three numbers of the ZIP CODE represent sectional center. This replaces a method in which a directory often had to be consulted to locate the proper zone for each of the nation's 33,000 Post Offices. The new rates will range from 40 cents for a three-pound parcel destined for local delivery to 60 cents for the same parcel to zone 3 (150 to 300 miles) to \$1.05 to zone 8 (over 1,800 miles). The new zoning method will also apply to Air Parcel post, catalogs and to publishers who pay zone rates on the advertising portion of their periodicals.

It is noted that all parcels mailed between post offices within the San Angelo sectional center will be charged at the first zone rate. There are 28 post offices within the San Angelo sectional center.

The new rates are expected to provide an additional \$74 million a year for the Post Office Department. The additional revenue is to help keep the Department within 4% of costs on parcel post as the law requires.

SNOWFALL IN SOUTH TEXAS

South Texas towns like Eagle Pass and Cotulla had snow this week, and in many parts of that area it was the first to cling to the ground in 35 years. No doubt many kids down there engaged in the first snowball fights of their lives.

West of us, Alpine and Van Horn had snow Monday.

Our own weather remained clear and cold. Except for the duster last Friday, conditions here were about as usual for this time of year.

Jr. High Girls Win Junction Tournament

The little Eaglettes defended their Junction Tournament title last week-end with resounding victories over Mason, Leakey, and Brady.

Eldorado 63—Mason 2

In its opening game of the tournament Eldorado had easy sailing past a scrappy and promising but very inexperienced Mason team. Mason's two points came late in the 4th quarter via the free-throw route to prevent a shut-out by guards Mary Lynn McCalla, Kathleen O'Harrow, Claudia Meador, Gail Robinson, Susan Rogers, and Gay Lynn Richardson, all seeing about the same amount of action as did the forwards with Peggy Hill tallying 11 points, Sheila Murr and Linda Derrick 10 each, Lisa McAngus 8, Loretta Schooley and Patty Page 12 each. Barbara Robledo and Jeanne McCravery rounded out the team complement of 14—all of whom again participated in the second game.

Eldorado 46—Leakey 12

It was no surprise that Leakey would prove to be a tougher team than the Eaglettes had been facing lately, because they had scored 40 points in their opening game. But it was a surprise when their defense presented a tight zone around the basket that Eldorado was hesitant to penetrate and reluctant to shoot over—for a simple reverse turn then gave the Leakey guards rebounding position for control. So the 1st quarter ended in a 8-3 deadlock, although the Eldorado guards, Mary Lynn McCalla, Gail Robinson, Susan Rogers, and

Post Script

We should have reported this last week—

Bill and Charlene Gunstead left at noon Wednesday (yesterday) for San Antonio, where they checked in at a hospital, and where on Thursday (today) a specialist is due to perform plastic surgery on their 3½-year-old son, Billy Charles, in Santa Rosa hospital.

Their appointment at San Tone made it necessary for us to move up our schedule here at the Success. We were forced to do our final printing and mailing early in the day Wednesday, instead of Wednesday afternoon.

A number of our contributors have turned in news items and ads on Wednesday morning and as a rule we have been able to handle it, but this week, we are sure we have had to leave out a number of these last-minute items, so they will appear in next week's Success issue.

As I said, we should have reminded everyone of this in last week's paper. You just can't think of everything.

And now by the time our readers have this paper, Grandpa will be carrying on week-end duties at the Success office alone, and anxiously awaiting word from San Tone how his little grandson is making out.

Bill is expected home by Sunday. Charlene and Billy Charles may have to remain longer.

In case you hadn't already heard, the boy picked up an electric extension cord last summer and put it in his mouth, thereby receiving a 110-volt burn at the left side of his lips. Specialists have reported that he would carry the scar for life unless it was corrected by surgery, now while he is young.

Mrs. L. W. (Lige) Christman has bought a home and will be moving soon to Holiday, Texas, which is up near Wichita Falls. Her reason for moving is that she has brothers and sisters in that community, and she added, "Down here it is so far to a doctor."

"What do you think about the City Bond issue?"

This is a question that is being asked as men gather at coffee bars and want to have something to talk about.

Our position is this: Citizens of Eldorado elected a Mayor and five aldermen to look after the business of the City. After long and careful study, these men have come up with what they believe is the best solution for the good of the city. Therefore, let's give them a vote of confidence, and give them what they want when we go to the polls to vote on January 24.

Now of course someone can say that if buying this line is a good thing now, then why in h-l didn't the city buy ten or fifteen years

ago? That, I suppose, is a good question. Just why didn't they?

Why didn't I buy a house for \$4,500, when I came here in 1945, which now is priced over \$10,000? At that time I couldn't see what the future would bring.

Hindsight is better than foresight.

I think our City Dads are doing the very best they can.

—ps—
People moving:
C. E. Phillips, who was in a Crosby apartment, and J. T. Barton, who was in a Riley house, have moved away.

Mike Love, who lived here for the past several months in the Albert McGinnes house with his sister, Faith, and mother, has moved to San Angelo. He was employed at Parker Foods and served as pastor of the Assembly of God church. He expects to commute to the church here on Sundays, for a while.

—ps—
The Sheriff's office reports that voter registrations continue to lag. Monday morning, the total stood at 373.

—ps—
The Social Security representative from the San Angelo office will be at the Court House tomorrow, Friday, from 1:00 to 2:30 p.m. Persons desiring to file claims, or obtain information, may contact him at that time.

—ps—
How did it taste to you?

I mean that big, brown dust storm we had last Friday. The air was full of it. The sun could barely be seen through it. It was everywhere and seeped into everything, including your nose and mouth.

My question is: did it taste like Oklahoma dust or Texas Panhandle dust?

—ps—
It's a rather limp time of year. The Christmas and New Year's holidays are over. Students are taking mid-term exams, and their elders are busy paying bills and beginning to figure income tax.

In many a local store, it's a common sight to see inventory going on, totaling being done on the adding machine, checks being written and bills being paid.

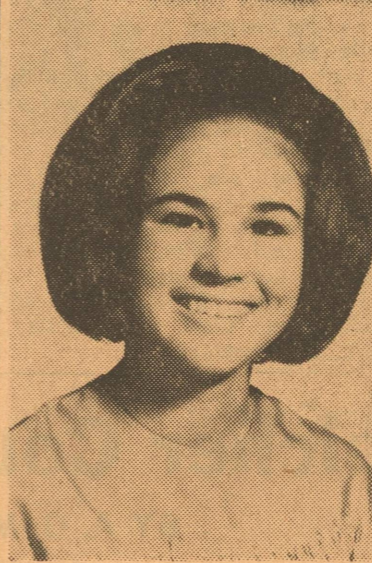

One or two local stores still had counters with "Christmas wrappings—half price" but most decorations and other trappings have been down for more than a week. Clearance sales were held last week.

WINNER OF RIFLE

With close of the hunting season, Earl Hubble was winner of the rifle given by Foxworth-Galbraith Lumber Co. for bringing in the largest deer.

Mr. Hubble is employed on the Rocking R Ranch in this county.

Named Outstanding 4-H Girl Of County

Laura Sue Nixon

Laura Sue, the daughter of Mr. and Mrs. Lester Nixon, has been named the outstanding 4-H Club girl of Schleicher county for the year of 1966.

The Home Demonstration Council committee on 4-H Club work selected Laura Sue as the best example of "an all around Club girl" and as a part of that selection nominated her as the winner of the Gold Star Medal for 1966.

As a Gold Star recipient in the county, Laura Sue was honored on a district basis along with other Gold Star winners from 22 other counties at a banquet held in December.

These outstanding boys and girls were guests of the West Texas Utilities Company at a festive luncheon given for 4-H Club members, their parents, leaders and Extension agents of District Seven. Laura Sue was cited for outstanding accomplishment in her foods work, her home making managerial ability and her participation in 4-H clothing projects. She has represented the county at district 4-H camp, district 4-H councils and in the foods and clothing contests held in San Angelo each year.

Laura Sue is a fine example of the American 4-H club girl, it was stated by Mr. C. E. Coombes of the West Texas Utilities, as he presented the prized Gold Star pin to her on District Seven's Gold Star day.

Tom Owens Funeral Held In San Angelo

Tom Owens, 70, of Midway Ranch between Barnhart and Big Lake passed away on Friday, January 6th in Clinic-Hospital, San Angelo, after a prolonged illness.

Funeral services were held January 7th at Robert Massie chapel in San Angelo, conducted by the Rev. Roy Shilling who flew in from McAllen for the purpose. Shilling, an old friend of Mr. Owens, formerly served Methodist churches in Mertzon, Eldorado and Big Lake. Interment was in the family plot of Fairmount Cemetery in San Angelo.

Tom Owens was one of the more prominent ranchers of West Texas. He and his wife, the former Ella Bolt of Junction, had extensive holdings in that county and had one of the best herds of Angus cattle in the West. He is survived by his wife and one daughter and two grandchildren. Mrs. Owens is a niece of the Tisdales of Eldorado, Menard and San Angelo.

Included among those from Eldorado attending the funeral were Mrs. V. G. Tisdale, Mr. and Mrs. Gerald Hartgraves, and Mrs. J. L. Neill.

Bank Stockholders To Meet Here Today

The stockholders of the First National Bank will meet at the bank here today (Thurs.) at 3:00 p.m. Following the stockholders meeting and election of directors, the directors will meet and name the officers for the year.

Officers are Leslie L. Baker, pres.; Jo Ed Hill, vice-pres.; Raymond D. Hall, cashier; and Mary Nell Harkey and Frances Peters, assistant cashiers.

The present directors are W. O. Alexander, Jo Ed Hill, L. L. Baker, James L. Powell, Paul Page, and George R. Long.

News of the Sick

Mrs. Waxie Mund was brought home from the hospital by Sheppard ambulance, Wednesday of last week.

L. Kent was taken by Sheppard ambulance to the Sonora hospital last week.

Billy Charles Gunstead, 3½-year-old son of Mr. and Mrs. Bill Gunstead, was taken to San Antonio Wednesday of this week and was scheduled to undergo plastic surgery on his mouth Thursday morning in Santa Rosa hospital. He sustained an electrical burn last June when he put an extension cord in his mouth.

L. L. (Bill) Watson was released late last week from the hospital where he earlier underwent surgery.

Granny Mund came home last week after spending several days in the Sonora hospital. She is now in the Golden Years Nursing Home in Christoval.

Mrs. Joe Edens entered Ozona hospital last Friday for treatment and was reported improving by Tuesday.

Ernest C. Hill continues about the same in the Sonora hospital where he has been for many weeks. Mrs. Hill is staying there with him.

Mrs. Bob Rowe returned recently from a stay in Shannon hospital.

Mrs. Ovid Wade is in the Clinic-Hospital.

School Census To Be Taken During Month

January is school census month in Schleicher county and the rest of Texas.

Texas state law requires the enumeration of all children thru age 17, whether they attend a public, private, or parochial school, military school, training school, are married or have graduated from high school.

Census in Schleicher county is taken through local schools. Information needed includes the full names and birthdays of children as they appear on their birth certificates, the address of the family as of the date of census, the maiden name of the mother, and the signature of either parent or guardian.

Parents who do not have children in school and who have a child who will be six or before September 1, 1967, should contact Mr. Frank T. Janes, elementary principal, or Mr. Guy Whitaker, high school principal.

Enlists In Marine Corps

Samuel Vasquez

San Antonio, Tex.—Samuel Vasquez, son of Mr. Sylvestre Vasquez of Eldorado, Texas, was enlisted in the Marine Corps last Wednesday, his recruiter Gunnery Sgt. Val Vasquez has announced.

Prior to joining the Marines, Sammy attended school at the Schleicher County school in Eldorado. Sammy joined the Marines via the 120 day delay program which enables him to postpone his date of departure for recruit training and active duty up to 120 days. He will begin his active duty the 27th of April.

This program has an added financial benefit because a serviceman's first pay raise is at the end of four months time—active or inactive duty.

He is scheduled for eight weeks of boot camp at the Marine Corps Recruit Depot, San Diego, Calif., followed by advanced training at Camp Pendleton, Calif., before he returns home on leave.

January Big Month In Basketball

The high school teams stand undefeated in 1967 and they would like to keep it that way. They took out Robert Lee in three games last week and both teams are favored in the Eden Tournament this week-end. Both teams would like to bring home championship trophies.

Tuesday night the teams will be entertaining Rocksprings teams. The boys will be trying for their first win over the Angoras in a couple of years and the girls will be trying for their second win this season over a talented group of Angoras.

Beginning the 19th the boys will be participating in the Ozona Tournament. The following Monday the Eldorado girls will be hosting the Lake View Maidens in a return engagement. The Lake View girls won the December contest 36-33. This is the last non-district contest.

Tuesday night January 24, the Eagles will go to the home of the Sonora Broncos for the first district battle. This one could get the green off to a big start in 8-A East Zone play. Friday, January 27 the boys and girls go to Junction for another important district game and finally Tuesday, January 31, Menard comes to Eldorado for district contests. Thus, January completes the first round of district games and the winner of these first games will be in a good position for the second round.

There's lots of good, exciting and important basketball games coming up this month. Neither the high school boys nor girls have lost a game in Eagle gym this season.

TB Testing Set At School Monday

Mrs. Frances Edmiston, school nurse, announced this week that testing of students for TB will take place Monday, Jan. 16th, and the tests will be read on the 18th.

An announcement sent to parents this week stated, in part:

"Your local school board, following the recommendations of the Legislature of Texas has passed a rule that all students of Eldorado Public Schools must be tested for Tuberculosis during the term of 1966-67. The tuberculin test is simple and painless. It consists of placing a harmless test solution into the skin to show whether your child is infected with the germs that cause tuberculosis.

"In most cases the result will be negative and you will know that your child has not been infected with these germs. If the test is positive, it will indicate that your child has been infected with the germ causing tuberculosis, but it does NOT necessarily mean that your child has active tuberculosis. If your child has a positive test, other examinations, including a chest x-ray, are necessary.

"Your co-operation in this testing program is important to the health of your child and your family. It will be conducted January 16 and reaction read January 18th." Assisting Mrs. Edmiston in giving the tests will be Dr. Anderson of San Angelo, county health officer of Tom Green county; Mrs. Rogers, with the TB Association, and several other local helpers.

Fire Alarms

Firemen were called out last Friday to a grass fire that burned across some pasture on Clyde Vinson and Joe Christian property, just east of Eldorado.

Early Tuesday morning they responded to a call from Lum Davis service station where a truck was on fire.

WORKING FOR DAD

Butch Hext, son of Mr. and Mrs. Granvil Hext, is a new employee at Hext Foods. Butch and his wife, Lavonne and infant son Rodney Dean, moved here recently from Albuquerque, New Mexico, and are now living at 214 Dixie Ave., here in Eldorado.

RETURNS TO TEMPLE

Mr. and Mrs. George Long left Sunday for Temple, where George has re-entered the Veterans hospital for tests and treatment. They spent the Christmas holidays with Mr. and Mrs. Frank Smithy in Borger.

THAT'S A FACT

(Continued on Page 5)

Girls Prepare For Eden Tournament

The Eldorado girls have spent this last week taking mid-semester tests and preparing for their last tournament of the season in Eden. The girls will meet Junction in the first round at 3:40 Friday afternoon. Junction is also a district foe so the girls will get a chance to prove to themselves how they will fare in 8-A. If the Eaglettes win they will play the winner between Water Valley & Melvin at 9:10 Saturday morning. The third place game is 5:30 Saturday and the championship at 8:10 p.m. If the Eldorado girls should lose the opener they will then play at 8:00 Saturday morning and the Consolation Championship at 3:00 p.m., Saturday.

The Eaglettes will carry a 13-4 record into the tournament. Other teams participating include Paint Rock, Eden, Menard, Water Valley, Melvin, and Christoval. Doubtless the Eaglettes will be one of the favorites so they will carry a heavy responsibility. Water Valley and Eden will also be favorites.

Friday 3:40 p.m.—Eden.

Vehicle Inspections Continue Lag Over Tex.

Austin, Tex.—Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, reminded Texas motorists today that most vehicles have not yet been inspected for their 1967 vehicle inspection sticker.

"The inspection period is two-thirds over and only about a third of the vehicles have been inspected," said Garrison. "This means that during the 14 weeks remaining before the April 15 deadline for inspections, more than twice as many persons each week must have their car inspected to avoid long lines forming at the end of the period."

In urging motorists to have their vehicle inspected at an early date, Garrison pointed out that official inspection stations are easily identified by the standard sign displayed at or near the service entrance of the garage.

He advised that inspection stations are being urged to request permission to inspect any vehicle brought into the garage for repairs or regular service.

"In this way," Garrison pointed out, "time will be saved for the motorist as well as for the inspection station."

"And if you have not had your vehicle inspected, take it to one of the 5,500 authorized inspection stations for a check-up and start the new year off right with a safe vehicle."

Eagles Ready For Eden Tournament

After a 10-day lay-off due to mid-semester exams the Eldorado boys will be taking on their first round opponent in the Eden Tournament Friday afternoon at 5:00.

The Eagles meet Junction in the opener and they always present tough competition. The Junction Eagles will be district competition later this month and this could be a preview contest. The boys will be seeking their 10th win of the season. If the Eagles win that first one they will play at 11:40 Saturday morning with the third place game at 6:50 p.m. Saturday and the championship at 9:30 p.m. Saturday. Should they lose the opener they will take the court at 10:20 a.m. Saturday with the consolation Finals at 4:15 p.m.

The Eagles will be participating in their second tournament of the season and should be one of the favorites of the meet. Paint Rock and Eden as well as Water Valley should provide tough competition. Remember: 5:00 Friday—Eden.

Army Pvt. Roy Lynn Love arrived here Dec. 17th to visit his parents, Mr. and Mrs. Gus Love, during the holidays. He left last week to return to duty at Fort Polk, La. He has finished basic training.

Miss Guitar Bride Of 1st Lt. Robbye Waldron

Miss Ricka Guitar of Colorado City and Lt. Robbye Waldron were wed at Christmas in Honolulu, Hawaii. The Rev. Stanley M. Adams,

School Menus

Thursday, Jan. 12: Barbecued beef, blackeyed peas, buttered rice, tossed green salad, buttered rolls, milk, fruit cobbler.

Friday, Jan. 13: Hamburgers, lettuce and tomatoes, English pea salad, milk, potato chips, fresh fruit.

Monday, Jan. 16: Baked ham, sweet potatoes, creole green beans, apple & celery & raisin salad, buttered rolls, milk, canned fruit.

Tuesday, Jan. 17: Turkey tetrazzini, brussel sprouts, congealed carrot and orange salad, buttered rolls, milk, gingerbread.

Wed., Jan. 18: Swiss steak, creamed potatoes, whole kernal corn, stuffed celery, buttered rolls, milk, chocolate pudding.

Thursday, Jan. 19: Fried chicken and gravy, buttered potatoes, mixed greens, stewed tomatoes, buttered rolls, milk, peanut butter and raisin cookies.

Friday, Jan. 20: Hot dogs with chili, potato salad, peach halves, milk, fruit cobbler.

Vicar of the Episcopal Chapel in Waikiki performed the double-ring ceremony.

The bride's street length gown of silk shantung was accentuated by bell sleeves of re-embroidered Alencon lace. Her shoulder length veil of illusion fell from a pillbox crown covered with Alencon lace. She carried a bouquet of tiny orchids centered with a large orchid. Guests included the groom's parents, Mr. and Mrs. Ralph Lee Waldron of Eldorado, Texas, and Miss Arla Jo Payne of Colorado City, Texas. The bride chose a going-away suit of candlelight white silk set off by mother-of-pearl buttons. The couple flew to the "Big Island" Hawaii for a honeymoon in the Kilauea volcanic crater resort area on the slopes of Mauna Loa.

Lt. Waldron returned to duty in Vietnam where he is serving as Public Information Officer with the First Brigade, First Division, United States Army.

Mrs. Waldron will resume studies at the University of Texas where she is a graduating senior.

Mrs. L. E. McCalla returned home by bus at about noon Sunday after spending about 10 days in Denver, Colorado, with Mr. and Mrs. Sidney Pennington and their new baby son.

News From O'Banions

(Mr. and Mrs. Frank O'Banion and family lived here several years while he was music-education director of the First Baptist church. They left here over a year ago and moved to Ft. Worth where he entered Southwestern Baptist Theological Seminary to work on his Master's degree. Following letter is from Mrs. O'Banion.)

Dear Friends: Please renew our subscription to the Success for another year. We enjoy hearing from and about our friends in Eldorado.

We were unable to send Christmas Greetings this past season because of my extended illness of about 6 weeks. This was from Nov. 17 until Christmas. We are all doing fine at the present time and Frank is trying to make up class work that he missed out on during my illness. We are also packing to move to our new home and church field. We plan to move to Kerens, Texas next Friday, Jan. 13, where Frank will be music, educational, and youth director of First Baptist church. We are very happy about our new work there. Frank will continue classes here on Tuesday and Thursday. The drive is only 70 miles. Our new address is:

Mr. Frank J. O'Banion
Box 236
Kerens, Texas 75144
Thank you, Mrs. Frank (Edna) O'Banion.

MEMBER FEDERAL DEPOSIT INSURANCE CORPORATION

Austin, Tex.—There has been a lot of swearing going on at the Capitol.

Seems like almost everyone has been sworn into an office of one type or another. We haven't made an official count but the number will approach the 200 mark.

First it was the judges. Then the top elective officials. Then the 31 State Senators and 150 members of the House.

There's no doubt about it, there is a lot of swearing going on in the Texas capital. And there's more to come.

With what's upcoming in the legislative halls, there's likely to be a lot of unofficial swearing, too—a bit stronger in nature. This is bound to happen when so many people get together . . . and especially when arguments, pro and con, get under way for this and that bill.

It's expected that some 2,500 measures will hit the hopper before the lawmaking session ends.

Show Is On The Road

The 60th session of the Legislature now is under way. How long it will last is anybody's guess.

Three officials in a position to be among the state's best guessers are predicting it will not continue beyond the 140-day deadline for a regular session. This despite a mountain of problems to be resolved.

"We can finish on time," commented Speaker of the House Ben Barnes, as the representatives began to assemble. And he emphasized "I want no special sessions."

Gov. John Connally has voiced a similar view. Lt. Gov. Preston Smith is even more strongly convinced that special sessions are out of the question.

"It is not only possible to complete our work in 140 days—there ought to be no other thought than finishing by then—and probably before," commented Smith.

Lieutenant Governor Smith suggested that legislators could speed up their work if they abandoned the usual practice of four-day weeks and stayed in sessions Fridays and Saturdays once the bills start coming out of committees. Asked if he felt that the lawmakers would do that, the lieutenant governor acknowledged that chances of them doing so are slim.

Smith feels the 60th Legislature faces no more problems than previous ones.

Courts Speak

Texas Supreme Court agreed with the lower courts that West Texas State University could indefinitely suspend a student for violating conditions of disciplinary probation for traffic offenses.

High Court also, in effect, upheld tax values of the City of Port Lavaca which had been attacked by property owners who claimed land assessments were discriminatory since bank deposits were left off tax rolls.

Austin District Judge Herman Jones heard arguments in the AFL-CIO suit to invalidate the constitutional amendment which would require annual voter registration. Labor leaders claim that the ballot stated only that it would repeal the poll tax as a voting requirement—thus failing to describe its full purpose. Secretary of State John L. Hill has been enjoined from canvassing the November 8 vote on the amendment pending outcome of the suit. AFL-CIO seeks summary judgment. Union officials want permanent registration.

Attorney General Rules

Only licensed physicians or optometrists, not ophthalmic dispensers of optic goods, can legally fit contact lenses, former Atty. Gen. Waggoner Carr held.

In a separate opinion, Carr concluded that University of Texas regents can require participants in UT postgraduate medical programs to be holders of doctor of medicine degrees, excluding doctors of osteopathy.

Shepherd Named Park Trustee

John Ben Shepherd has been appointed sole trustee and administrator of the LBJ Park Fund.

Fund consists of money donated to buy land across from the LBJ Ranch in Gillespie County.

Selection of the former attorney general for this post was made by the State Parks and Wildlife Commission following criticism of the Commission for its handling of the fund.

Simultaneously, the commission announced it is fencing 25 acres of the 247-acre park to contain deer, buffalo, turkey, longhorn steers and other native animals.

Park has been enlarged to include historic and scenic, as well as recreational objectives. Area will be open soon, commissioners indicated.

Commission Chairman Will Odum of Austin said Shepherd was named to make the project function more smoothly and not because of earlier criticism. Shepherd said he will reveal the names of the donors to the fund, as requested by Governor Connally, when all and acquisition is complete.

Tourism Exhibit

A \$12,000 exhibit has been prepared to demonstrate the scenic and recreational attractions of Texas. It will be displayed at major travel shows across the nation.

Exhibit includes a miniature waterfall, slides and a diorama depicting each of five areas of the state—East Texas, the Hill Country, the Rio Grande Valley, the Gulf Coast and the Trans-Pecos/Far West Texas region.

Theme of the exhibit is "Texas—For a World of Difference."

Festivals On Parade

Eight top tourist attractions will be represented in the inauguration parade for Governor Connally and Lieutenant Governor Smith here on January 17.

They are the Fiesta San Antonio; Austin's Aqua Festival; Bucconer Days (Corpus Christi); Char-

ro Days (Brownsville); Washington's Birthday Celebration (Laredo); Sun Carnival (El Paso); Houston Fat Stock Show and Rodeo; and "Texas", the outdoor drama from the Palo Duro Canyon Amphitheatre near Amarillo.

Festival floats will be supplemented by military displays and marching units.

College Grants

Twenty-eight Texas colleges and universities have been recommended for \$812,094 in teaching grants from the federal government, says the Higher Educational Coordinating Board.

Public senior colleges scheduled to receive \$375,499 are Angelo College, Stephen F. Austin State, Sul Ross State, East Texas University, Sam Houston State, Southwest Texas State, Midwestern University, Texas College of Arts and Industries, North Texas State University, Texas Western College and University of Houston.

Nine public junior colleges to receive \$177,280 are San Antonio College, Cisco, Wharton County, Lee, Laredo, Del Mar, Cooke County, Southwest Texas and Panola County.

Private schools receiving \$259,315 will be South Texas College, University of St. Thomas, Abilene Christian College, Jarvis Christian College, Texas Christian University, Bishop College, University of Dallas, and St. Edward's University.

Schools must match federal money on at least a dollar-for-dollar basis.

Federal approval is expected within the next few months.

Airports Increase

Municipal airports in Texas increased from 219 to 226 the past year, says the State Aeronautics Commission.

Texas still leads the nation in the number of air strips even though the total decreased from 895 to 870.

Insurance Rates Changed

A 7.3% across-the-board increase in title insurance rates, the first jump since 1962, has been approved by the State Board of Insurance.

Increase, which became effective on January 1, is based on a formula that board actuaries worked out in 1962.

At the same time the Board approved a general statewide reduction of 4% in crop-hail insurance rates.

Reduction was approved when the Board okayed a filing by the Crop-Hail Actuarial Association of Chicago proposing rules, rates and forms for the 1967 growing season.

Slant-Well Suits Settled

Slant-hole oil well lawsuits involving millions in possible penalties were settled by the state against 30 defendants in Longview-Tyler-Kilgore area for \$391,925.

Settlements were requested by defendants after Atty. Gen. Crawford Martin hinted he may not go along with the earlier formulas used for disposing of such cases.

Twenty-six other slant-well cases still are pending.

Water, Water Everywhere

A dramatic plan for solving West Texas water problems by transporting huge amounts across the state from the Mississippi river and other sources is undergoing cost studies by the U. S. Bureau of Reclamation here.

Included in the survey will be water transportation from the Amistad Reservoir near Del Rio to El Paso and the Trans-Pecos area.

Bureau expects to have its cost

estimates assembled by May 15.

Its findings will be incorporated into the Texas Water Plan, which is now being finalized by the Texas Water Development Board.

Corps To Let Contracts

Southwestern Division, U. S. Army Corps of Engineers will let contracts in 1967 representing well over \$60 million worth of construction on Texas projects.

Texas lettings are included in \$240 million scheduled for a five-state area. This is a 50% increase over 1966 contract values.

Short Snorts . . .

Jesse James, State Treasurer who took the oath of office on January 3, has served the State longer than any other Treasurer, having first been appointed to the office in 1941 to replace Charley Lockhart, who resigned . . . Judge K. K. Woodley has been appointed Presiding Judge of the Texas Court of Criminal Appeals by Governor Connally . . . Revenue from cigarette, liquor and wine stamps dropped nearly \$1 million in December from the same month in 1965 . . . Republican State Executive Committee will meet here Friday and Saturday to adopt its budget for 1967 and discuss possible 1968 campaign opportunities . . . State Water Development Board has lodged an objection to the cost allocation for part of a federal dam on the Red River below Shreveport . . . Merchants Park Bank of Houston is seeking a charter from the State Banking Department.

Thanks to All

who sent cards, letters, flowers and who brought food, and for the contributions made to Boys Ranch in honor of our loved one, and especially to Sybil Kinser.

Also we express our thanks to any and all who helped in any way in our hour of sorrow and need. At such times as these, we realized how much the thoughtfulness of others really means.

May God bless each and every one of you.

The Family of J. T. Ottaberry.

Notice to Parents of School Age Children

The school census for Schleicher County is now being taken. All children who are six years old on or before September 1, 1967, but will not be 18 or older on or before that date should be counted in this census. It is important that all children 6 to 18 be counted in this census. The child should be counted even though he may not be in school and even though he may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31, you are being overlooked and should contact one of the following school principals:

GROWING-UP COMFORT

How times have changed in electric heating—it's growing up! By the time this lad is 15 years old, according to Edison Electric Institute, there will be 19 million electrically heated homes in America. Just as the electric refrigerator replaced the icebox, electric heating is replacing tired, outmoded fuel systems. Electric heat is even from floor to ceiling. It is constant. And, it is safe—a clean break with the past.

Isn't it time you began to enjoy this modern way of heating your home? It costs no more to operate than flame-type fuels. See WTU or your local comfort-conditioning dealer.

Notice Of City Bond Election

STATE OF TEXAS)
COUNTY OF SCHLEICHER)
CITY OF ELDORADO)

TO ALL RESIDENT, QUALIFIED PROPERTY TAXPAYING VOTERS OF THE CITY OF ELDORADO, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:
TAKE NOTICE that an election will be held in the City of Eldorado, Texas, on the 24th day of January, 1967, to determine whether or not the City Council of said City shall be authorized to issue the bonds of the City of Eldorado in the following amount and for the following purpose: \$65,000—Revenue Bonds for the purpose of purchasing facilities and equipment for, and making extensions, improvements and additions to, the City's gas system;

and which election was duly called and ordered by ORDER of the City Council of the City of Eldorado, Texas, passed, adopted and approved on December 29, 1966, and which election order is made a part of this notice, and is in words and figures as follows, to-wit:

ORDER
BY THE CITY COUNCIL OF THE CITY OF ELDORADO, TEXAS, CALLING AN ELECTION FOR THE AUTHORIZATION OF BONDS OF THE CITY OF ELDORADO IN THE AMOUNT OF \$65,000 FOR THE PURPOSE OF PURCHASING FACILITIES AND EQUIPMENT FOR, AND MAKING EXTENSIONS, IMPROVEMENTS AND ADDITIONS TO, THE CITY'S GAS SYSTEM.

WHEREAS, the City Council of the City of Eldorado, Texas, deems it necessary and advisable to issue the bonds of the City of Eldorado in the amount and for the purpose hereinafter stated;

THEFORE, BE IT ORDERED BY THE CITY COUNCIL OF THE CITY OF ELDORADO, TEXAS:

Section 1. That an election is hereby ordered to be held in the City of Eldorado, Texas, on the 24th day of January, 1967, such date being not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the resident qualified property taxpayers of said City, who own taxable property in the City and who have duly rendered the same for taxation, for their action thereupon:

PROPOSITION
SHALL the City Council of the City of Eldorado, Texas, be authorized to issue \$65,000 of revenue bonds of said City, maturing serially over a period of years not to exceed thirty (30) years from their date, bearing interest at a rate not to exceed six per cent (6%) per annum, for the purpose of purchasing facilities and equipment for, and making extensions, improvements and additions to, the City's gas system; said revenue bonds to be special obligations of the City of Eldorado, payable as to both principal and interest solely from and secured by a lien on and pledge of the revenues of the City's combined waterworks, sewer and gas system, after deduction of reasonable operation and maintenance expenses?

Section 2. That said election shall be held at the FIRE STATION in the City of Eldorado, Texas (all of said City being included in one election precinct) and John Hodges is hereby appointed President Judge and T. R. Spence is hereby appointed Alternate Presiding Judge. The Presiding Judge shall appoint two clerks to assist in holding said election. Absentee voting shall be conducted at the Office of the City Secretary in the City Hall in Eldorado, Texas, beginning January 4th, 1967, and extending through January 20th, 1967, between the hours of 8:00 o'clock, A. M., and 5:00 o'clock, P. M., which is at least eight hours, every day during said period except Saturdays, Sundays and official state holidays, and notice thereof shall be posted in said Office at least twenty (20) days prior to the date fixed for said election.

Section 3. That said election shall be held under the provisions of the Constitution and laws of the State of Texas, and only resident qualified property taxpayers voters of the City of Eldorado, Texas, who own taxable property in said City and who have duly rendered the same for taxation, shall be allowed to vote.

Section 4. That the ballots for said election shall have written or printed thereon the following:

OFFICIAL BALLOT
FOR THE ISSUANCE OF GAS SYSTEM IMPROVEMENT REVENUE BONDS.
AGAINST THE ISSUANCE OF GAS SYSTEM IMPROVEMENT REVENUE BONDS.

Each voter shall scratch or mark out one of the above expressions, thus leaving the other as indicating his vote on the proposition.

Section 5: That in the event said revenue bonds hereinabove mentioned are authorized to be issued by a majority of the qualified electors of the City of Eldorado voting at said election, and the same are issued and sold, the holder or holders of such bonds shall never have the right to demand payment thereof out of funds raised or to be raised by taxation.
Section 6. That notice of said election shall be given by posting and publication of a copy of this order, at the top of which shall appear the words, "NOTICE OF CITY BOND ELECTION"; and said notice shall be posted at the CITY HALL and at two other public places within the City not less than fourteen (14) full days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in a newspaper of general circulation, published in the City of Eldorado, Texas, the first of said publications to be made not less than fourteen (14) full days prior to the date set for said election.
PASSED, ADOPTED AND APPROVED this 29th day of December, 1966.
Eldon T. Calk
MAYOR, City of Eldorado, Texas
Attest: L. B. Burk, City Secretary (Jan 5-12-19)

Mid-Term Exams At School End Today
Today, Thursday, is the final day of mid-term exams at school. Here is the exam schedule for:
Thursday, Jan. 12
5th Period.....8:15-9:45 a.m.
7th Period.....10:00-11:30 a.m.
1st Period.....1:00-2:30 p.m.

P-TA To Meet
The Parent-Teacher Association meeting for January will be held at 11:00 Tuesday morning in the high school auditorium, and will consist of a program by two exchange students.
High School Principal Guy Whitaker will be program leader. He stated that the high school students would attend the program, and that all P-TA members are urged to attend, as well as any of the general public who care to do so.

Basketball

(Continued from Front Page)

Claudia Meador had yielded but 2 field goals (and together with Gay Lynn Richardson were to give up only one more during the remainder of the game.) When still in the 2nd quarter it became apparent that forwards Linda Derrick, Sheila Murr, Peggy Hill and Lisa McAngus were playing it too conservatively, a replacement unit, Kathleen O'Harrow, Patty Page and Loretta Schooley went in, threw caution to the wind, drove with abandon, and initiated the break-through that saw the score mount gradually as varied forward combinations from then on scored consistently. In the second of her three excellent games Peggy Hill hit for a total of 18 points, Linda Derrick 10, Kathleen O'Harrow 7, Sheila Murr 4, Loretta Schooley 3, Patty Page 2, Jeanie McCravey 2.

Championship Game: Eldorado 47—Brady 19

Excellent teamwork and ball handling, good scoring punch, and aggressive defense were the marks of the final Eldorado performance in a game the outcome of which, after the opening moments, was never in serious doubt. But Brady, tall and powerful looking, had overcome a 14 point deficit late in the semi-final game to win over Rocksprings, and it was obvious that the Eldorado guards would be thoroughly tested. But contain them they did, Mary Lynn McCalla, who was later to be named to the all-tournament team, Claudia Meador, and Kathleen O'Harrow (the latter two who had been alternating with Gail Robinson and Susan Rogers as game starters), allowing but two field goals in the 1st quarter and none in the second, in a brilliant display of defensive tactics. Bradys feared offensive thrust though feeble, came when changes in Eldorado's line-up were being made and before new defensive adjustments could be effected. Eldorado's guarding was outstanding throughout the tournament, the forwards as alert and aggressive on defense as the guards.

Eldorado's scoring punch was led by Sheila Murr in perhaps her best game of the season, with 18 points (the shot chart shows her missing only one field goal try), Peggy Hill 15, Linda Derrick (who also made the all-tournament team) in her third very good game of the tournament tho' off her usual scoring pace with 6, Loretta Schooley and Patty Page with 4 each. Certainly the forwards, Linda, Sheila, and Peggy, as a group, are due fore recognition than a mere listing of scoring totals; they are to be commended not only for their ability to score well—50 to 60 points at times—but also for their skill in ball handling, screening, and assisting—those well-executed passes that lead directly to a shot.

The 7th graders on the traveling squad, Gay Lynn Richardson, Patty Page, Loretta Schooley, Jeannie McCravey, and Barbara Robledo, all showed remarkable poise and ability under game pressure. The good depth of the Eldorado roster was further demonstrated by the showing of Lisa McAngus and Kathleen O'Harrow, both capable at guard or forward, and who often acted as catalysts to get things going when they turned sluggish. Claudia Meador, last-year forward turned guard, has shown continued improvement at her new position and gave an outstanding performance in the final game. And the roster is not complete without recognizing the efficiency of Jean Newport and Jenny Martin, capable managers, who keep the score-books, game statistics, and look after the needs of the players and coach.

The "Thank-You" Notes

The Junction tournament is the larger of the two tournaments only that the Jr. Hi girls are permitted to enter, and so it is the highlight of their season. They, together with the boys, are grateful for the backing of the large number of Eldorado fans and high school players who traveled over to see the games and to shout their words of encouragement; for the parents who provided transportation when it was not convenient to travel by bus; and for Coach and Mrs. Bell who added another trip (to their already so very many during the basketball season that it had to be a special effort) and whose kind words are treasured by the girls. And the Jr. High girls further give thanks to Coach Thomas for his backing, encouragement, and helpful suggestions, and to his boys who support the girls as generously as the girls do them. And finally thanks to the school administration and board of trustees who see fit to provide this program of basketball for the younger girls whose needs, interests, and abilities are so adequately met by it.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

An annual billy performance test is being initiated February 1, 1967 by the Ranch Experiment Station at Sonora.

Data to be collected will be as follows:

- Body weight and daily gain
- Fleece weight, grease & clean
- Per cent yield of fleece
- Staple length
- Fiber diameter
- Per cent medulated hairs.

Scores: face, belly, neck, britch, kemp, luck type, luster, character and handle.

Both commercial and registered breeders of angora goats who can comply may enter.

1. Groups of from 4 to 8 male keds from a single sire.
2. Keds should be born between January 15 and March 15, 1966.
3. Should weigh 60 pounds.

Entries should be made by January 23rd. Delivery of animals between Jan. 26 and Jan. 30.

Entry form may be mailed prior to delivery of goats at Range Experiment Station.

Recipe for good speeches: add shortening.

Keep your cattle in a thrifty condition the year round to avoid internal parasites.

Clean drinking water also helps in preventing internal parasites. Ponds should be drained, filled, or fenced. Keep corrals clean and well drained. Don't route drainage from barns through calf pens, yards, or into pastures. Corral and holding pens should be free of vegetation and don't feed animals on the ground.

Destroy liver fluke areas by draining and using copper sulfate or sodium pentachlorophenate to kill the snails which serve as intermediate hosts.

Another pointer: avoid overgrazing. Infective larvae are usually found near the bottom of the grass blade, about an inch off the ground. A pasture with 4 to 6 inches of growth can be loaded with larvae. But the animals grazing it will not pick up many larvae if the pasture is not overgrazed.

Crossfencing pastures so animals can be moved easily when grass becomes short is a help. If you get into real trouble in a particular pasture, completely stop grazing for about 90 days to eliminate larvae. Rotating grazing pasture with horses will help in eliminating cattle parasites.

Treat with phenothiazine or thiabendazole according to recommendations. These drugs will rout the parasite from the intestine.

Treatment can be only as good as your management. Correct the fault that caused the parasites—whether it be malnutrition, sanitation or poor management—and you will eliminate the parasite problem.

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

This morning I put the finishing touches to my 1966 annual report. By two o'clock it was safely in the hands of the post office. After having worked on it for two weeks I breathed a sigh of relief on having finished a job on time. And it was a big job, too.

I did not get to a column for last week, because of said report. So, when I finished it my first thought was—get to the column. And, too, I wondered what I would write about. Nobody, but nobody, wants a recipe on January 9. No need to bring up any house cleaning hints. It took more than a hint for most of us to clean up after Friday's dump of dust.

So—what? Then the telephone rang. "Mrs. Kreeelow?" a strong voice asked. I gave the gentleman the correct pronunciation and had a flash of feeling that someone was playing joke by changing his voice.

"This is John Hayes with the U. S. Government Insurance Agency in Washington, D. C.," the man said.

I still thought it might be a joke but certainly wasn't the funniest thing I ever heard.

"My purpose in calling you is to ask of you might assist you with some of your educational programs on insurance, property, records and that kind of thing," my caller continued.

I assured him that he could; assured by this time that the long arm of the public agency is getting shorter by the day and that this was no joke. I told the gentleman how many copies of each publication I could use and we said "good bye."

Of course by that time I realized

If you start by watching the clock, you may well become just one of the hands.

Soil testing is a necessary part of today's agriculture. Maximum yields produced at the lowest per unit cost are a must to keep fertilization practices at a profitable level.

Now is the time to have soil tested to determine its capacity to supply the necessary nutrients for top yields. And, it is also a good time to make arrangements for the fertilizer which will be needed when the test results are known.

If the soil test shows the soil to be low in a given nutrient, fertilizer containing this element will be recommended to meet the yield requirement for the crop to be grown.

Low production means a higher per unit cost of production and a loss of potential profit while high yields have the opposite effect on production and profits.

And finally, fertilizers for next year's crop can be applied when the land is being prepared; thus, when planting time rolls around next spring, there'll be no delays and planting can proceed on schedule.

There's nothing wrong with teenagers that trying to reason with them won't aggravate.

Winter has arrived and as outside temperatures drop, indoor fire dangers rise! National Fire Protection Association records show that cold weather always brings an increase in destructive fires.

Heating systems are mainly to blame. When they're pushed hard in cold weather, any weakness in the equipment or installation may show up—sometimes with disastrous results. And any faulty practice in using and fueling heaters can lead to trouble.

To reduce fire hazards as well as fuel bills, all furnaces and heaters need a periodic cleaning and check-up. Likewise, flue pipes should be kept clean, free of holes and weak spots, well-supported and away from combustible materials. They should be spaced far enough away from nearby surfaces to prevent overheating. Stove or brick chimneys should be checked for cracks and loose bricks and a yearly cleaning is a must.

Portable heaters should be kept out of hallways and away from doors or stairs where they might block an escape route in case of an emergency. Heaters should not be placed too near curtains, clothes racks or other combustibles. Moreover, don't buy heaters which do not set solid on the floor.

My wife's terrible to grow old alone. My wife hasn't had a birthday in six years.

that the flat fee, direct dialing method of telephonic communication was with us, right now.

I was at first amused. I sat and said to myself—like some doubting back-lander, "So they call Home Demonstration Agents from Washington, D. C., these days, do they?"

When an organization or an individual pays a flat fee to the telephone company instead of by the call, the calls are never counted and can be made for 24 hours a day if there is any one up to answer them, and the price remains the same.

Actually it makes sense to use the telephone like this. It didn't take Mr. Hayes any longer to call me than it would have taken me to call a neighbor on my own line. The same number of digits must be dialed.

The material ordered will be shipped tomorrow. And look what was saved: the time to write a letter ordering the material, postage, paper, postal employees' time and best of all I didn't have to write myself a note to be sure to remember to order the publications in time to be used at a March meeting—which I just might forget to do.

They have been telling us for a long time that everything is in a state of change—yes, mam, I believe it.

P. S. I'll try to look up a real dandy recipe by next week. Maybe we will be hungry again.

TEXAS HIGHWAY DEPARTMENT

Former March of Dimes Poster Boy Is Part of Twin Medical Problem

Identical twins are supposed to be carbon copies of each other in every respect but twin brothers Joel and Jeffrey Kirker, 6, New Stanton, Pa., have been cruelly different from birth.

Joel, the older brother by five minutes, was born with an open spine (spina bifida), a birth defect that has paralyzed him from the waist down. At the same spot on his back, Jeff has only a birthmark.

"When Jeff doesn't feel well, he gets two blisters on his birthmark, otherwise he is a normal, very active little boy," says his mother, Mrs. Thomas Kirker.

Understandably, the young Kirkers pose a medical puzzle. As their mother puts it, specialists are "amazed that only one has the defect and not the other" or else are "quite lost for words" to explain the crippling differences in these identical twins.

Yet Mrs. Kirker says, "We feel we have a great deal to be thankful for because Joel is doing well and we can hope for even more improvement in the future."

Despite his physical handicap, Joel gets around quite a bit. During January, 1966, he was Pennsylvania State Poster Boy for the March of Dimes campaign to fight birth defects. This means that Joel traveled through a number of counties in his area and even appeared on a television in Pittsburgh.

Now as they watch the twins pretending they're big leaguers or playing together on the backyard slide, Mr. and Mrs. Kirker can appreciate all the things Joel can do even though he wears braces and uses a cane. They are thankful for the skilled medical care Joel received from the day of birth. Without that care, Joel might not be alive today.

When Joel was only one day old, his open spine was operated upon to give his spinal cord some protection. While surgeons could not restore the function of nerves and muscles, they did prevent further complications, the most dangerous being infections such as meningitis.

Like many other victims of open spine, Joel also had hydrocephalus ("water on the brain"). Doctors performed several operations to drain off the dammed-up fluid within the brain and thus relieve pressure.

"That's OK, Joel, even astronauts need help with their gear sometimes," says Jeff Kirker, 6, of New Stanton, Pa., as he helps his identical twin Joel into his braces.

Without relief, this pressure can lead to permanent mental damage, blindness or even death.

For Joel's parents, the past six years have been times of great emotional anguish, to say nothing of financial strain. Mr. Kirker has worked for the Bell Telephone Company since he graduated from McKeesport Technical High School in 1950.

In addition to caring for his twins and keeping house, Mrs. Kirker sells kitchenware to supplement her husband's income and help with medical expenses.

The Kirkers are deeply grateful to the local chapter of the March of Dimes which helped pay Joel's hospital bills and covers the cost of braces which must be changed periodically.

Braces or not, Joel loves it when the family pile into their trailer and set out on a camping trip, something all the Kirkers enjoy. When they settle in a campsite, the whole family knows what to expect from Joel.

He invariably takes off to visit all the other campers, one by one. He loves to meet and chat with other people, even if it means climbing hills and fighting in the underbrush every step of the way.

The twins can take care of each other pretty well these days. Joel can put on his braces for himself but sometimes Jeff helps him. Active, outgoing Jeff helps his quieter, more thoughtful brother in other ways, too. A firm "I think you'll like this, Joel," from Jeff often helps Joel make a decision in favor of places or things. This sort of fraternal influence leads Mrs. Kirker to tell friends that Joel's "twin brother is his therapist."

By this time, the Kirkers know what Joel can do and they avoid overprotectiveness which could be harmful to both boys. His doctors hope that when Joel is about 14, surgery can be performed that will make the leg braces unnecessary.

S.S. Office Will Check Medicare Claims

Older people in the Eldorado area who have paid doctor bills but have not yet claimed their medicare doctor insurance payments are invited to have their claims checked by the San Angelo social security office before mailing them to the medicare carrier, according to Ted F. Moellering, district manager.

"In the first six months of the medicare program some benefit payments were delayed because the applicants did not include all the necessary information with their claims," he said.

Moellering believes that most people will need this help only the first time they make a medical claim. "The Medicare Handbook, which is given to all beneficiaries,

explains how to make the claims," he said, "and the form is relatively simple, but most people can use some advice the first time they apply. We're glad to offer assistance, and we believe we can help many people to avoid some delay in their payment."

Moellering noted that the medicare claim may be made either by the patient or by the doctor, if he accepts assignment of the insurance. If the doctor applies for the medicare payment, he bills the patient only for any part of the \$50 deductible that still remains to be paid and for 20% of the bill over the \$50 deductible.

Under the other method of payment the doctor bills the patient, the patient pays the bill, and then the patient sends the completed request for payment form to the medicare carrier. A statement from the doctor showing the treatment given and the charges already paid by the patient MUST be furnished

on the request for payment form or in a separate receipted bill.

"The social security office does not make the decision or pay the claim," Moellering said. "The law requires that the payments be handled through the selected medicare carriers. But we can answer general questions about medicare and help people in the Eldorado area get their applications ready for review by the carrier."

"If an older person cannot visit the social security office in person, he can send the forms by mail or by someone else," he said, "but in this case, he should be sure to give his telephone number."

The San Angelo social security office is located at 3000 West Harris. The phone number is 949-4608. Office hours are from 8:30 a.m. to 7:30 p.m. on Monday, and 8:30 a.m. to 4:30 p.m. Tuesday through Friday.

(S. S. man will be here Friday at Court House, 1:00 to 2:30 p.m.)

Famous Flemish Stew With Frozen Vegetables

Frozen stew vegetables and frozen peas are among the ingredients that go into this streamlined adaptation of Belgium's famous stew, Carbonnades Flamande. In addition to their ready-to-use convenience, the vegetables—flash-frozen at the peak of perfection—assure bright color, firm texture and the maximum in garden freshness and health-giving nutrients.

The stew derives its characteristic, unidentifiable flavor from the use of beer as part of the liquid and the subtle additional seasoning of thyme, brown sugar and vinegar. By omitting these ingredients as indicated at the end of the recipe, it becomes an English-style Beef Stew.

CARBONNADES FLAMANDE (Flemish Beef Stew)

- 3 tablespoons flour
- 2 teaspoons salt
- ¼ teaspoon black pepper
- 2 pounds lean beef stew meat, cut in 1½-inch cubes
- 2 tablespoons cooking oil
- ½ cup frozen chopped onion
- 1 tablespoon dark brown sugar
- 1 can (12 ounces) beer
- 1 can (10¼ ounces) beef broth
- 1 bay leaf
- ¼ teaspoon dried thyme, crumbled
- 2 tablespoons red wine vinegar
- 1 package (1¼ pounds) frozen stew vegetables
- 1 cup frozen peas
- 2 tablespoons chopped parsley

Blend together flour, salt and pepper; roll meat pieces in mixture. Heat oil in 4-quart Dutch oven; brown meat, a few pieces at a time, removing pieces when browned. Add onion and cook until transparent. Sprinkle with sugar; mix well. Return meat to casserole. Add beer, broth, bay leaf, thyme and vinegar. Bring to boil. Reduce heat. Cover; let simmer slowly 1 hour (or place in preheated 325°F. oven for 1 hour). Add

frozen stew vegetables and peas; continue to cook 20 to 30 minutes, or until meat and vegetables are tender. Remove bay leaf. Sprinkle top with parsley.

English-Style Beef Stew: Omit beer, brown sugar and vinegar. For the liquid, use 2 cups beef broth or 1½ cups beef broth and ½ cup red wine.

Makes 4 to 6 servings.
