Number 11

Bids For Hospital To Be Considered Next Wednesday

Seven directors of the Schleicher County Hospital District will assemble in special session next Wednesday, March 20th, to open and consider bids for construction of the new hospital and nursing home.

Time of the meeting will be 2:00 or 2:30 p.m., at the Memorial Building—or if it is being used, then in the District court room.

Architect Don Goss reports that 11 contractors have requested copies of plans and bid forms. Of the 11, five are San Angelo contractors, four are from Abilene, one from Fort Worth and one from Fredericksburg.

Goss expects that six or eight from this group will be present to submit bids.

Next Step

Assuming that a satisfactory bid will be accepted next week, the next step to look forward to will be ground breaking. Directors recently made a contract with C. J. Chidester of Menard to move the old church building from the hospital site.

Equipment and supplies for the hospital, ordered months ago, are now arriving and are being stored in the former Ford garage building.

Lions Start Sale Of Tickets For Queen's Contest

The Eldorado Lions Club met yesterday at noon in the Memorial Building and tickets were given out to each member to sell for the Queen's Contest and Program that comes up two weeks from tonight: on Thursday, March 28th at 8:00 o'clock in the high school auditorium.

Proceeds of the queen's program this year will go to the Eagle Band trip to Dallas on June 26th to march in the parade at the Lions International convention.

Everyone is urged to support the Eagle Band and the Lions Club by buying tickets and attending the Queen's Program. Adult tickets are \$1.00 and student tickets are 50c. Get yours from any Lion.

Boss Lion Bill Rountree presided at the meeting yesterday. Joe Christian led singing of "America" accompanied by Rusty Meador at the piano, Lion Ray Morgan led Flag salute, and P. S. Dudley gave invocation.

Rountree read a letter from Susan Hill thanking the club for inviting her to the Sweetheart Banquet held in February.

For the program, Mrs. Stigler presented the 4th graders who sang several numbers. Their teachers, Mrs. Hodnett and Miss Brister were also present.

The 4th graders rendered Teddy Bear's Picnic, Every Little Boy Can Be President, Love Makes The World Go Round with Cindy Jackson at the xylophone, Molly Malone with Charlene Warnock as Molly, and Dixie.

The program was introduced by C. T. Humphries.

Hospital Directors To Seek Re-Election

The seven Hospital District directors have announced for re-election and will appear on the ballot when the election is held April 6th.

School News

The school trustees met Monday night and re-elected all faculty members to new terms. Mrs. Nimitz announced she would retire at the end of the current school term. Thursday night of this week the drama students from Central High in San Angelo will be here to present a one-act play. Curtain time will be 7:00 p.m.

Saturday, a literary meet will be held at Boerne. That same day, the Jr. High teams go to San Angelo. Monday, Debate and ready writing events will be held.

Tuesday, One-act plays will be held here.

Renting Starts Of Public Housing Units

Last week, tenant contracts were printed for the Public Housing Authority and the first units have been rented.

The housing units are located at two sites. Those for the elderly are on the half-block just north of the First Christian church. Those signed up for rentals here include Mr. and Mrs. J. D. Ashmore, Mrs. Carry E. Blakeway, Mrs. Lillian G. Galbreath, Mrs. Katie M. King, Mrs. Ola Ward, and Mrs. Lottie E. Parrent.

The other site of the housing units is just north of the Scout hall in northeast part of town. Tenants here are Mrs. Alice Robledo and Josh Hastings.

Muddy streets this week delayed tenants from moving in, but they will do so as soon as they are able.

Mrs. John Gilmore, executive secretary of the Public Housing Authority, will be showing other units and receiving applications this Thursday and Friday.

Two On Ballot For School Trustee

Robert Bland and Ed Meador will be on the ballot unopposed for election as school trustee when the election is held on April 6th. Filing deadline passed recently.

Bland, who was appointed to fill out Bill Lester's unexpired term, filed for re-election. The other incumbent, Fred Case, did not seek re-election.

Three candidates for the County Board will also be on the ballot: W. V. Lux, Tony Cheatham, and Jim Cawley.

Three Incumbents File For City Alderman

With passing of the filing deadline, the three incumbents filed for re-election as City Aldermen, and will be unopposed on the ballot when election is held April 6th.

The three are Ralph Waldron, Bud Davidson, and Alvin Farris.

Post Script

Next Week's Paper May Be A Day Later

Next week the Hospital Board of Directors will open and consider bids from contractors about 2:00 or 2:30 p.m., on Wednesday. The Success will have a representative at this meeting in order to report awarding of contract. It may be late Wednesday or early Thursday morning when next week's Success will be on the news stands.

With our subscribers: James Storrs renewed from 622 North 17th, Waco, Texas 76707. He was formerly on the local school faculty.

Henson Garvin recently moved from Amarillo to 1310 Broadmoor, Bryan, Texas 77801.

Mrs. W. C. Parks Jr. recently renewed for Gary Parks at 417 W. Pleasant Run Road, Lancaster, Texas 75146.

As reported in an adjoining column everything is all set for three local elections on Saturday, April 6th—over three weeks from now. But we can't see any reason for a big turn-out of voters—there is no contest in any of the three. Two are unopposed for school trustee, three are up for re-election as city aldermen, unopposed; and the 7 hospital directors are all up for re-election and also unopposed.

City election will be held in the fire hall; school trustee election will be held in the school building; and hospital election will be in the Memorial Building.

You won't need to be early; there will be plenty of ballots to go around.

Another sign of inflation. A local service station man this week reports that soft drinks sold from vending machines will now cost 15c; they had been a dime for some time.

A photographer will be at Western Auto all day Friday to take portrait poses. Details are given in the ad on page 2.

Eagle Trackmen To Host 13th Plateau Relays

PARTICIPATING in Plateau Relays here Saturday will be the above teams of Eagle trackmen. At left is Mile Relay team, Ray Lewis Lozano, Roy Davidson, and Paul Page. At right on Sprint Relay team are Bob Page, Roy Davidson, and Paul Page. Not available when photos were made was Wayne Doyle, 4th member of the teams.

Arrangements are about complete for the Plateau Relays to be staged here all day Saturday, the 16th of March, and good weather is predicted. Ray Morgan, head coach and athletic director in the local schools, states that the meet will be conducted in two divisions. Coach Morgan will be assisted in staking the meet by the other coaches and by several townspeople.

The divisions, with the schools that have indicated they will send track and fieldmen here Saturday are as follows:

Division I—Class AA Schools

Mason, Colorado City, Winters, Brady, Ballinger, Crane, Big Lake, Coleman, Llano, Big Spring Sophomores, Stanton, and San Angelo Central Sophomores.

Div. II—Class A&B Schools

Ozona, Sonora, Paint Rock, Junction, Menard, Sterling City, Iraan, Rankin, Sanderson, Wall, Leakey, Eden, Bronte, Bangs, Rocksprings, Robert Lee, Coahoma, Miles, Christoval, Eldorado.

In Div. I, the meet favorites will be the Mason Punchers and the Colorado City Wolves of Coach Dell Riley. Mason has turned in a 3:28 in the mile relay so far this year. The Wolves will return with Arthur Molina who won the Sikes Memorial Mile trophy last year. This trophy is passed on from year to year to the boy in either Division who runs the fastest mile in the meet. This award is a memorial to Coach Tommy Sikes who was on the Eldorado coaching staff at the time of his death two years ago.

The Ozona Lions will be challenged for the top spot in Div. II by Rankin, Sonora and the host Eldorado Eagles led by John Mayo and Roy Davidson. Ozona is led by a duo of pole vaulters, David Huff and Bill Montgomery, along with Gary Sutton who throws the discus and shot put.

Rankin is led by ace sprinter Larry Funderburg who has turned in a 22.7 so far this year in the 220 yd. dash. Funderburg also runs the 100 yd. dash and is their anchor man on the 440 yd. relay team.

Eddie Lee Renfro paces the Sonora Broncs track team. Renfro runs both of the hurdle races and is the anchor man on the sprint relay team along with his fine jumps in the broad jump or long jump as it is now referred to.

This is the first year for the Plateau Relays to be a Two Division affair. If the participants hold up to expectations, it will be the finest meet in Texas at this time of the year.

The starter will be Mr. Rip Ripley of Abilene and the timers and catchers will be the Eldorado Eagle Boosters. The field events will be

Spell Of Weather Hits Here On Monday

Schleicher county had a near-blizzard Monday with a hard driving norther sending snow flurries over the area all day.

San Angelo and towns north reported several inches of snow, but it melted here almost as fast as it fell. We had a scant half-inch on the ground about 6:00 p.m. Monday.

The snow dumped some more moisture following earlier rains. Saturday morning, most people here in town and out in the county had one-half to three-quarters of an inch of moisture.

Telephone service was disrupted for a time Monday during the snowfall.

All this is latest phase of a really wet winter. We have more moisture in the ground now than at the same time in many a year.

"It looks good for Spring planting" is the general report.

By Tuesday, clear skies gave promise of a warming trend.

—Receipt Books at The Success.

1st Baptist Church Sets Youth Revival

The Rev. Kenneth Vaughan reports this week that plans are complete for the Youth-Led Revival to be held next week at the First Baptist church here.

Services will start Sunday and continue for a week at 7:00 a.m. and 7:00 p.m., with breakfast served each day.

Evangelist will be Robert G. Campbell, director of religious activities at Howard Payne College in Brownwood. He has the bachelor of arts degree from Louisiana College and a bachelor of divinity degree from Southwestern Baptist Seminary.

Rev. Campbell expects to receive his doctor of theology degree from the Seminary in 1968. He is married to the former Judith Ann Rothwell.

In charge of music for the Revival will be Walter M. Johnson, minister of music, Park Heights Baptist church in San Angelo, a job he has held since 1958.

He is a native of Austin, Texas, and graduated from Baylor University in 1949 with bachelor of music degree. He has done graduate work at Southwestern Baptist Theological Seminary in Ft. Worth.

Mr. and Mrs. W. A. Blaylock spent Monday visiting in Sabinal with Mrs. Hattie Blaylock, who is making her home there with her daughter, Cornelia Copple.

News of the Sick

Granny Mund is in a semi-coma in St. Johns hospital where she has been for about the past 10 days. She had previously lived for about a year in the rest home in Christoval.

Clyde Calentine is a patient in St. Johns hospital where he had surgery last week. Mrs. Calentine is a patient in the Ozona hospital.

Ernest Hill continues a patient in the Sonora hospital.

Mrs. Granvil Heit states that her father, Mr. M. M. (Pop) Schafer, is recovering slowly from a foot infection in Brady hospital. He is still in Brady hospital and has been a patient there 4 weeks.

Mrs. W. N. Ramsay has been ill at home, and is now reported some improved. Mr. Ramsay spent two weeks a while back in the Sonora hospital.

Mrs. Tucker Clark has been in San Angelo at the bedside of her father, Mr. Webb, after he sustained a stroke.

Mrs. Don McCormick is in Clinic Hospital for treatment and examination, and is expected to be released later this week.

Preston and Edmiston All-Regional Choices

The announcement was made Saturday night after the Class A Region I championship game that for the first time an All Regional team of three forwards and three guards would be selected from Springlake, Eldorado, Wylie, and Stratford.

Miss Libby Preston, a Senior forward, and Miss Chris Edmiston, a Senior guard, were both named to the team. Libby hit for 30 points in the semi-final game making 14 of 15 free throws. Chris handles most of the ball handling chores and managed to hold All State forward Susan Britton to eight field goals.

Joining them were Miss Britton from Sprinklake and Miss Allen from Stratford at forward and guards Luann Plunk of Stratford and Linda Gregory of Springlake.

Each girl received a trophy. Wylie did not place anyone on the team.

New Mobley Enco Service Station To Have Formal Opening Saturday

FORMAL OPENING of the new Raymon Mobley Enco service station is set for this Saturday with prizes, and favors for all comers, according to Mr. Mobley. Details are given in the ad on page 6 of this Success issue.

The station is located at the intersection of the Menard and Sonora highways and is Eldorado's newest and most modern service station.

Work on the station started last summer on the site of the old Eldorado Motor Co.

In photo at right, Mr. Mobley is shown in the service station office.

Mr. Mobley and his crew invite everyone to come in Saturday for the Open House all day.

Eaglettes Fall To State Champ

The Eldorado Eaglettes saw their 1967-68 basketball season draw to a close as they met an insurmountable object in the regional semifinals last Saturday. They battled two time defending regional champion, Springlake and finally fell 79-57. Springlake won the state title last year with a 105-52 romp over Cross Plains. Both Springlake and Eldorado came into the game with 30-2 records while Wylie (25-6) and Stratford (31-5) met in the other game. Stratford played Springlake in the finals and fell by a 84-64 score so Springlake will return to defend their state title.

The Eldorado-Springlake clash was termed by the Abilene Reporter News as "a battle between two state powers." Eldorado's doom lay in the fact that the Eaglettes were just too short to cope with four girls who stood 5' 10" or better but they never stopped trying.

The two teams played on even terms in the first quarter and the Eaglettes trailed only 11-19. However, the Wolverettes scored nearly every time they got the ball and they had it on every mistake by the green. They upped their lead at halftime to 39-26 as Eldorado failed to hit on six one and one free shot opportunities plus committing six defensive errors.

As the third period opened Eldorado scored, but two violations, a failure to get the ball in, plus a foul defensively, gave the green and gold seven straight points and

it was 46-26. Every mistake at either end resulted in two points for the Wolverettes. Eldorado shot a far better percentage both from the floor and free throw line than did Springlake but the added height gave them too many more opportunities. The Eaglettes got 35 shots and made 17 while the Wolverettes took some 60-70 shots and hit 31. From the charity line Eldorado hit 70% while Springlake could muster only 55%. Sherry Yates guarded a 5' 10" sophomore, Chris Edmiston had a 5' 9" all state senior and Donna Davis a 6' 1" junior; needless to say they had a little trouble rebounding but they did their best and did do a good job bringing the ball down court so the forwards could score. The offense went well as Libby Preston finished her high school career in fine fashion pouring in 30 points and hitting 14 of 15 free shots. Susan Mobley connected for 15 points and Susan Hill hit 10 while Stella Hubble hit two free throws. All four are Seniors.

Though the Wolverettes were ahead throughout the second half they were never comfortable enough to take out their first team until less than two minutes were left in the game. Everyone played for Eldorado.

Overall Eldorado played a good game but simply could not keep pace with the height of the opposition. It was a fitting close to a fine season to play in Lubbock Municipal Coliseum with the best. At the same time it was a fitting end to a wonderful four years for eight girls who finished their high school basketball days. Libby Pres-

ton, Susan Mobley, Susan Hill, Stella Hubble, Shirley Hubble, Chris Edmiston, Sherry Yates, and Billie Gayl Blaylock have made a lasting contribution to basketball in this area and made other teams revere the green and white. They have been leaders, and hard players, but always admired and respected young ladies. As numbers 10, 11, 20, 30, 31, 32, 22, and 14 are passed down they will carry with them the pride, desire, hustle and winning spirit that these girls have always shown. During their four years they have helped win 102 games and lost only 17 and have never lost the Eldorado Tournament. They will leave for those to come awinning tradition.

In addition to the Senior captains there are five players who will return to try to lead next year's team right back to Lubbock. They are Donna Davis, a junior; and four sophomores, Arlene Hartgraves, Randy Yates, Dale Montgomery, and Lisa Whitten, Kathy Robinson, the manager, is also a junior and will be back to do her share to see that the team has a winning year.

This year's team has set several records such as scoring 88 points in a game, winning 30 games in a season, winning 23 games in a row, scored 1991 points in a season and had the best record in tournament play with a second and two firsts.

It's been a memorable year for the Eaglettes and those who enjoyed watching them play. The fun and winning were the rewards for their hard work and extra efforts. The people of Eldorado have

been the greatest fans as doves followed them all the way to Lubbock. The school administration has been not only cooperative but active backers and the faculty and students have been faithful boosters. The parents of the Eaglettes have been faithful and helpful in every respect. No one has been disappointed in these girls as they have performed all season and everyone knew that as their season drew to a close Saturday, even in defeat they had each given their 110% effort every minute.

To this team the people of Eldorado should say thank you for representing us so well, for the great games we've seen, and for the honors you've brought home. You are champions in every sense of the word and we're proud that you played for the green and white.

Growers Meeting Set At Stamford

The annual meeting of the Rolling Plains Cotton Growers, Inc., will be held in the auditorium of Stamford High School on Friday, March 22, beginning at 1:00 p.m.

In order to interest wives of the members of the Growers' organization, the program will include a talk by Mrs. L. B. McDowell of McAdoo, Texas, chairman of the Women's District Cotton Promotion Association, and a style show sponsored by the Chamber of Commerce.

Other speakers on the program will include John A. Baker of Washington, D. C., Assistant Secretary of Agriculture; Representative Graham Purcell of Wichita Falls, congressman from the 13th district; Joe B. Pate, Jr., Lubbock cotton farmer who is chairman of the new Texas Association of Cotton Producers Organizations, and J. B. Cooper, Jr., Roscoe cotton farmer and president of SPCG.

The style show will feature models wearing garments made of cotton fabrics.

Don Yarborough Cites Small Towns' Needs

Waxahachie, Tex.—Democrat Don Yarborough said recently that Texas must stop the exodus of young people from the homes they love by providing more industrial and job opportunity in small towns.

"According to recent polls, 50% of the population want to live in small towns or rural areas but 70% of the population live on 1% of the land," the gubernatorial candidate said.

"Texas must place special emphasis on helping small towns obtain new industry to revive the economy of these corner stones of our society," Yarborough said.

"We can no longer shrug off the problem of the exodus of young people from small towns and say 'let the cities worry about their new citizens.'"

"It is senseless to dry up small towns just to create urban population problems when the situation can be solved by imaginative leadership willing to go all the way to find solutions," Yarborough said.

Lumber Prices To Continue Upward

Austin, Tex.—Lumber prices can be expected to continue their upward trend in the foreseeable future because of a triple pressure on the market. Joe Butler, Executive Vice-President of the Lumbermen's Association of Texas has advised the association's members. He stated that the three pressures causing the trend are:

1. Increasing demand for timber in the world market, especially in Japan where the economy is booming and building is far behind demand.

2. The strong recovery of housing construction in the U. S., increasing domestic demand.

3. The fact that many lumber mills have never recovered from shortages of logs caused by the closure of forests last summer due to fire hazards.

"The export of logs from our Pacific Northwest has risen tremendously," Butler said. According to an industry reporting paper, Random Lengths, Pacific Northwest exports for November, 1967 were up 74% over November, 1966. Japan is responsible for most of the increase.

"Prices for dimension lumber in grades and species commonly used in construction are up 15 to 30% over a year ago," the lumber official reported. "This is one of the most rapid increases we have seen in lumber demand price. There is nothing on the horizon to indicate a leveling off of price or demand."

Butler said he has advised Texas lumber firms who are members of the Association of the situation so they can warn customers of the existing conditions.

PEOPLE MOVING:
E. R. Copeland is new in the Fred Watson house.
Jean Reyes bought the Holley house in northeastern Eldorado.

Soil Conservationists Met Here Last Thursday Morning

STANDING left to right are: Barney L. Jefferson, Work Unit Conservationist, San Angelo; Walter Pope, George Humphrey, and Otis Deal, supervisors of Eldorado-Divide S&WCD; Jason L. Richmond, area conservationist, SCS, San Angelo. Seated is Bill Rountree, work unit conservationist of Eldorado. —Staff Photo

Copy Of Memorandum Of Understanding Delivered To Eldorado-Divide SWCD

J. L. Richmond, area conservationist of San Angelo, with the Soil Conservation Service, met here at the regular meeting of the Eldorado-Divide Soil and Water Conservation District and delivered an assigned copy of the basic memorandum of understanding between the USDA and EDSWCD.

This memorandum is a division of the original basic memorandum signed by the Eldorado-Divide District members a number of years ago, soon after the formation of the district signed by Ben Hext chairman, and Walter C. Pope III secretary of EDSWCD in June, 1967, and later was approved and signed by U. S. Secretary of Agriculture Orville Freeman.

"Changes in the program and in the concept of agriculture within the past 25 years has caused the local board of supervisors of the district to update the program and it had to be agreed upon by the USDA and signed by Secretary Freeman," Otis Deal, new chairman of the Eldorado-Divide District explained.

Otis said the Soil Conservation Service has signed a supplemental memo of understanding with the district.

H. N. (Red) Smith, state conservationist with SCS at Temple, sent a letter of commendation to the

district officials of this district for their efforts in the soil and water conservation program.

"I should like you to convey my compliments to the members of the district governing bodies for their foresight and vision in broadening the concepts of conservation and rural areas development in their districts," Smith wrote in a letter to Richmond.

"Commend them for me for recognizing the new challenges and opportunities which lie ahead in this field," he continued. "I pledge to them the full cooperation of the Soil Conservation Service in meeting these new challenges."

The signing of the revised memorandum of understanding of the Eldorado-Divide SWCD by Secretary Freeman was witnessed by administrator D. A. Williams of SCS.

Student Council Officers Elected

The run-off election was held at school earlier this week for officers of the Student Council who will serve during the 1968-69 school year.

Those elected are: Hyman Sauer, president; Ross Whitten, vice president; Nan Sauer, recording secretary; Deborah Murr, corresponding secretary; and Bob Whitten, parliamentarian.

Jr. High-Freshman Team Won Crane Meet

The combined Jr. High and Freshman Track Team ran away with the Freshman division of the Crane track meet Saturday. Winning 4 first and placing in every event except the 330-yd. dash, the boys accumulated 116½ points to Alpine's 74. Rankin was 3rd with 66. Other teams competing were: McCamey, Crane, Coahoma, Jal, N. M., and Stanton.

Archie Nixon led the scoring with 34 points. Joel Muzquiz added 22 points. Nixon won the shot put with a toss of 50' 10", the discus with 141' 8" and placed 3rd in the broad jump. He also ran on both relay teams which placed 2nd behind Alpine both times. Muzquiz won the 70 high hurdles with a 10.6 and the 330 yd. lows in 45.6. He also placed 5th in the pole vault. The 440 yd. relay of Nixon, James Davis, Donnie Overstreet, and Keith Williams ran a 48.0 for 2nd place and the 1320 yd. relay (Nixon, Davis, Overstreet, Williams) ran a 2:46.6 also for a 2nd.

Other points were gotten by: Dobie Lively, 4th in the 660 run; Roy Jones 5th in the 70 yd. H H; Williams 3rd in 100 yd. dash, ties for 4th in the broad jump; Davis, 3rd in the high jump; and 4th in 100 yd. dash; Griffin, tie for 5th in the high jump. Next meet is in San Angelo on March 16.

Band Fund Drive On

Did you notice a lot of people at the Eldorado vs. Winters basketball game wearing green band-aides? No, they had not all had various and sundry accidents. The band-aides had been purchased in order to help boost our Band toward new uniforms. At the end of the evening the total taken in on the sale of the band-aides was \$6.50 and \$25.25 was gained from the concession stand.

Thursday afternoon the Eldorado band marched in the annual San Angelo Rodeo parade. The Rodeo Association allotted \$1.00 for each band member's evening meal and the band voted to donate their dollar toward the purchase of the much needed and wanted uniforms. A very noble gesture, don't you think?

Roy Shilling, Jr., To Southwestern University

Roy B. Shilling Jr., son of Rev. and Mrs. Roy B. Shilling of Westlaco, Texas, former pastor of Eldorado Methodist church, has accepted the position of Executive Vice-President of Southwestern University, Georgetown, Texas. A graduate of Merton High school, McMurry College, and SMU, he received his Ph. D. Degree at University of Indiana and this current year is on the staff of the Methodist College at Berea, Ohio.

He and Mrs. Shilling and children, Roy B. III and Nancy, will move to Georgetown in June.

County Extension News

W. G. Godwin, Co. Agent

The winning of the range ewe competition by Margaret Powell, daughter of Mr. and Mrs. John Powell, was one of the highlights and dramatic achievements of youth and parents in the county for 1968. This is a three-fold contest. Lambs are judged in the wool; later after being sheared and the fleeces are evaluated and placed after shearing. Margaret won first with pen of 3 ewe lambs in the wool and 3rd out of the wool, while the wool was evaluated first giving Margaret a total of 278 points. The lambs were Debouillet bred by her father.

We all are proud of John Powell and Jimmy Martin who placed 4th and 10th with 253 points and 229 points.

It was a great triumph for the Powell and Martin families.

The trouble with good advice is that it usually interferes with our plans.

Buying fertilizer for the lawn

and garden need not be a task. Saving money may be important, but the economics of buying a few bags of fertilizer are not as important as buying quantities. However, you can save by avoiding small packages.

You may pay 10 to 20 times more for fertilizer in the one-pound size compared to an 80-pound bag. Farm-sized bags of 80 pounds are not too much fertilizer for anyone with a vegetable garden, flower beds and a lawn.

All fertilizer containers must be properly labeled. This means there is no excuse to be misinformed about the merits of the product, although you may be misled by extravagant claims in words and pictures. Read the label, before you buy.

Don't be misled by claims of how many square feet a fertilizer will cover. What counts is whether you are applying enough of the proper material to give your plants the nutrients they need.

Soil tests can be used to determine the kind and amounts of plant food needed for lawns and gardens as well as for field crops and pastures. Information on soil testing is available from my office.

Life is an everlasting struggle to keep money coming in and teeth and hair from coming out.

With planting time at hand, Schleicher county farmers are reminded that the planting seed used can have much to do with yields at harvest time.

Seed bargains are usually expensive and cheap seed may be a source of weed seeds, be low in quality and doubtful as to variety.

In the overall cost of growing a crop, seed is a minor item, regardless of whether it is the cheapest or most expensive at the time of purchase. Too, research and farm demonstrations year after year have shown the best seed available are the best buy.

The few cents more per acre spent for top quality planting seed is mighty cheap insurance against

yield and quality losses from a crop.

To obtain quality seed, check the tag attached to the seed bag to make sure the seed is clean and free of weed seed, is not mixed and is of a recommended and adapted variety. Also check the germination information. It should be high enough to insure a good stand when planted at the recommended planting rate per acre. Texas certified seed meet these requirements.

Optimist: A person who can see the bright side of any calamity as long as it didn't happen to him.

This is a typical result demonstration of selecting angora goats for mohair production in the county:

Start of demonstration-----1964
Overall Evaluation -----1967
Percent of Kid Crop, before 52; later 87.
Average Fleece Weight; Before 8.1; Later 13.2.
Income Per Doe; 4.05 6.60.

Comments: This selection program was designed to fit into the plans of the individual ranch. Culled animals were replaced by carefully selected doe kids. The poorest animals were sold to start with—those undersize and shearing light—whereas the big open face does with good quality, long staple made up the blue tag group. The slightly less desirable does made up the red tag group.

Dividing the bucks in the same manner as the does puts the best bucks with the best does during mating season.

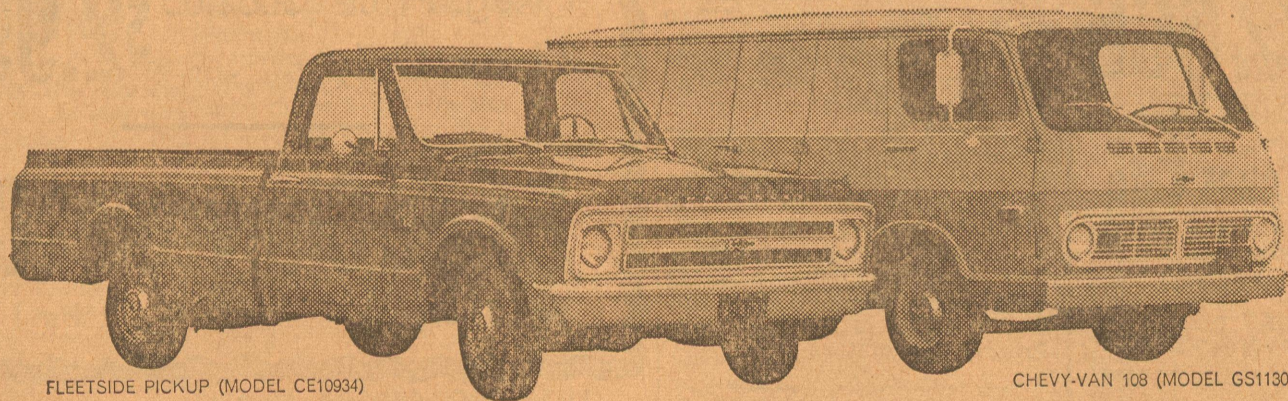

The quality of mohair has increased as to length, density, completeness of covering and size of animal.

The does are better breeders, larger and better producers of mohair as to quality and poundage.

The kid crop has increased and dry does are culled regularly.

The connecting link between animal and vegetable kingdoms is stew.

In Those Days ONE YEAR AGO March 16, 1967--A son was born March 12 to Mr. and Mrs. Bob Reynolds. Susan Hill was named winner of the Lions Club Queen's Contest here. She was to attend the district contest in Midland. Funeral services were held for Mrs. Emma R. Freund, 86.

FIVE YEARS AGO March 14, 1963--Clarence Fish moved in the initial four-unit structure for his new motel in south Eldorado. Word was received here of the death in Temple on Feb. 27th of Lark McClary, 73. He was a long-time stonemason in this area. R. E. Van Horn died at age 83 in Christoval. He was brother of Frank Van Horn of Eldorado. No Man Is An Island, and Gay Purr-ee were movies being shown at the Eagle Drive-In. A daughter was born to Mr. and Mrs. James Raibourn. T. C. Meador, a member of the membership committee, was planning to attend the convention in San Antonio of the Texas and Southwestern Cattle Raisers Association. Tommy Roach was here on leave from the Army visiting relatives and friends. He was to leave for Fort Monmouth, New Jersey, to attend Army Photographic School.

12 YEARS AGO March 15, 1956--Jack Shugart was holding open house in his newly completed house in the Benton addition. Joe Dossett, pastor of the East-side Baptist church, announced that the Jackets For Jesus group from Howard Payne College would conduct Revival services. Wallace Joiner announced for sheriff. Mrs. C. C. McLaughlin returned from a three-weeks trip to the West Coast. The '56 Senior class were presenting their play, "Rest Assured." The cast included: Charles McLaughlin, Burnell Doyle, Gaiel Belk, Carolyn Hall, Monty Hill, Herman Early, Bob Ratliff, Willa Higgins, H. L. Turnbow, Kathy Hemphill, Barbara Spencer, Bill Gaynor, Ralph Taylor, Frances Parker, Helen Kaye Taylor, and Ila Jean Boyer. Mrs. Dick Wynne was directing the play. Several from here attended funeral services in Bertram for Mrs. J. S. Barnett, mother of Mrs. Edwin Jackson of this place. The Merry Makers 42 Club observed their 25th anniversary. Ed DeLong started building a new three-bedroom house on his place west of town. Foxworth Galbraith Lbr. Co. was contractor.

35 YEARS AGO March 17, 1933--The R.F.C. Federal Board allotted \$500 here for rebuilding the road to the depot. Don McCormick and W. N. Ramsay were in charge of arrangements; wage scales were to be \$1.00 a day for men and \$2.00 for wagon, team and men. Mrs. Marv Martin leased the Ritz Sandwich Shop which had been owned and operated by Tommy Kent. Dr. Pennington reported a son born to Mr. and Mrs. H. C. Wolbruecke. Sherman Shoemaker returned from Temple where he underwent medical treatment. Local winners in the Fat Stock Show at Fort Worth included B. E. Moore, Jack Clark, T. H. Alexander, Francis Clark, Wilburn Clark, Mary Jess Kov, Helen Stanford, Zona Koy, R. J. Alexander, Katherine Moore. Jack Ballew and Buck Graves announced St. Patrick's Day Dance would be held at the Rock Filling Station, with music to be furnished by John Lochabey's orchestra. Dr. Horace Bishop died in San Angelo. Doc Rape advertised general blacksmithing; he had his shop back of the Ford Garage. Casey Garage advertised "All-Electric Stormizing Machine, for cleaning car engines." Mr. and Mrs. Tommy Kent and little son, Tommy Spencer, and Mrs. Frank Spencer, returned home after a visit in San Angelo. Pursuant to FDR's nation-wide "bank holiday" the local First National Bank received a telegram that it could re-open March 15th.

Cancer Fight Is Now World Wide

The fight on Cancer is now World-wide, reports Mrs. Blanche West, who will serve as chairman of the Cancer Crusade in this county this year.

An advance planning session for the 10th International Cancer Congress in 1970 was held recently in Houston. It is held every 4 years. Cancer is one of the foremost medical problems in the world. It ranks second in the cause of death.

Lawrence Welk is the National Cancer Chairman for 1968; Walter M. Schira, Jr. is Texas' 1968 Crusade chairman; Charles P. Taylor, Jr., San Angelo, is District IV Executive Director.

Local officers include: Mrs. Palmer West, Schleicher County Cancer Crusade Chairman; Mrs. Domingo Pina, co-chairman; and Mrs. E. L. Carlman, Memorial or special gifts chairman.

The Eldorado Ladies Volunteer Firemen's Auxiliary; the Schleicher County Home Demonstration Council and clubs; the churches and pastors and lay leaders; the two Lions clubs, will show films; and Dr. Brame will show a film at the school. The Eldorado Success and individuals will be working as volunteers toward Schleicher county's "C" Day—Cancer Crusade Day on April 2, 1968. Kick-off will be 6:30 p.m. at the Memorial Building.

Keep this very important date in mind, and you will be making it possible for the American Cancer Society to forge ahead with its program of research, education and service to patients. Every day, every hour, we learn of a friend or loved one becoming a known victim of cancer.

Thanks crew. —B. West.

Girl Scout Week—1968

In Savannah, Georgia, on March 12, 1912, girl scouting in the U. S. had its beginnings. The birthday commemoration of this outstanding organization is being observed this year from March 10-16, during Girl Scout Week.

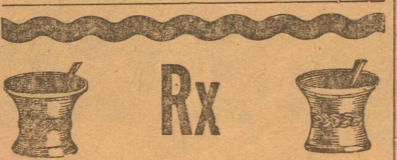

True to its traditions of more than half a century, the Girl Scouts have a new look. The organization is involved in helping girls understand and deal with problems of urban ghettos. Girl Scouts will have opportunities to learn more about music, dramatics, the visual arts and space exploration. There will be travel and study programs in the U. S. and abroad. The Girl Scouts offer these opportunities to all girls between the ages of 7 and 17, regardless of race, color or creed.

The horizons have never been broader for young people and the scouting movement offers an opportunity of exploring these horizons to girls who, in many cases, might otherwise not even be aware of them. There is great significance in this, for the girls of today will be the wives and mothers of tomorrow and will, in large measure, hold the responsibility of passing on the torch of civilization—the values, the concern, the understanding and competence—that will be so sorely needed by those who will guide the nation and the world the day after tomorrow. It's a well-deserved tribute which we pay to the Girl Scouts of the United States of America.

SALTER ATTENDING DALLAS MEETING

Rev. D. G. Salter is in Dallas attending the Conference Board of Ministerial Qualifications & Training of the Methodist Church. This board interviews and passes on students who are preparing themselves for the ministry. Salter has been a member of the board for the past four years and has recently been selected to serve another four year term. The meetings are being held on the campus of SMU. Rev. Salter will return to Eldorado late Friday.

During construction at the Methodist church, the congregation will meet in the Fellowship Hall of the Educational Building. They hope to be back in the sanctuary by Palm Sunday.

COW POKES

By Ace Reid

"Jake, it's a good thing this registered colt didn't git hurt none!"

Mrs. Arthur Mund, 73, Buried Here Sunday

Mrs. Arthur Mund Sr., 73, wife of a stock farmer, died at 12:25 a.m. Saturday in St. John's hospital in San Angelo after a brief illness.

A San Angelo resident since 1954, she lived at 2645 W. Harris St. She was born July 17, 1894, in Gainesville, Fla., and was married to Arthur Mund Jan. 31, 1919 in Riverside, Calif. Before moving to San Angelo she lived in Eldorado 34 years. She was a member of St. Mark's Presbyterian church.

Funeral was held at 2:00 p.m. Sunday at St. Mark's Presbyterian church with the Rev. Peyton Wagdill, pastor, officiating. Burial was in Eldorado cemetery under direction of Johnson's Funeral Home.

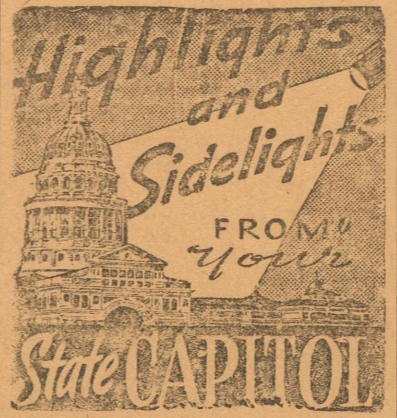

Survivors include her husband; five daughters, Mrs. Mildred Bigby of Ballinger, Mrs. Nora Jones of San Diego, Calif., Mrs. Ruth Base of O'Fallon, Ill., Mrs. Barbara Priest of Houston and Mrs. Gretchen Beck of Dallas; two sons, Arthur J. Mund Jr. of San Antonio and Aaron Kumlard Mund of Alamo, N. M., and a brother, E. K. Coffeen of Yuma, Ariz., a sister, Miss Mary Coffeen of San Diego, Calif., and 19 grandchildren.

Pall bearers were Ben T. Horton, Dr. Harry Blaneck, Dan Kidd, Bobby Barber and George Finley, all of San Angelo, and Edwin Martin Jackson Jr. of Eldorado.

Heart Fund Drive Reports \$124.75

A total of \$124.75 is reported by the Heart Sunday canvass made by Methodist and Presbyterian Junior High Fellowship young people.

Anyone missed may mail checks to Box 95, Schleicher County Heart Fund.

Austin, Texas.—Rural areas are surprising the experts on voter registration.

Preliminary figures submitted to Comptroller Robert S. Calvert show that the first 100 counties to report on their voters, all smaller counties, had a 63.5% gain over last year.

Estimates by tax collectors in the three largest counties—Harris, Dallas and Bexar—indicate gains of only 13.5, 31.7 and 18%.

Some of the increase in rural

counties is due to the fact that voters over age 60 in rural areas and towns under 10,000 now must register to vote. Heretofore, they could vote without registering.

It is estimated that the number of qualified voters in Texas will exceed 4,000,000 this year. Final figures will not be in until April 1, the date that county reports are due.

School Costs Rising

Local school districts' share of the minimum foundation school program for next year will be \$5.8 million higher than the current level.

However, only 74 districts actually will have to pay a bigger share of teacher salaries, maintenance and operation costs of schools, bus transportation and Texas Education Agency operating expenses. In fact, 157 will pay less.

Total estimated cost for the minimum foundation school program this year has grown to \$739,112,195. Local fund assignment is \$159.6 million.

State Board of Education approved a new economic index on which each local district's share is calculated, selected textbooks for 23 subjects and all grades, and endorsed a plan for spending \$737,950 in federal funds to aid handicapped children. While the bulk of the money would be spent in larger school districts, Victoria, Huntsville, Mount Pleasant, San Antonio and Midland will obtain

\$8,400 each to effect special edu-

cation plans for handicapped youngsters in rural and sparsely-settled areas.

Vocational Training Urged

Need for improved vocational-technical education to train the unemployed for paying jobs is being spotlighted in Texas as never before.

Virtually all major candidates for governor are proposing this as one way to trim welfare rolls, raise more taxes, curb the danger of riots and reduce crime.

Both House and Senate committees are conducting hearings and studies on how best to expand training courses and improve techniques.

Gov. John Connally gave job training facilities a major boost by endorsing an application of the Lower Rio Grande Valley Development Council for a \$9 million federal grant to build and operate a new technical institute at Harlingen Air Force Base.

Connally said he feels that most such training probably should be handled through the junior college system. But he described area problems as so urgent that waiting for development of a system was not feasible.

He said he will recommend to the next legislature an appropriate state agency to run the new institute permanently. Meanwhile, he recommended that Texas A&M University and James Connally Technical Institute at Waco operate the Harlingen facilities.

Last year the legislature appropriated \$5.2 million to buy facilities and equipment at James Connally Air Force Base to launch the state's first program of this kind.

Funds from the Federal Manpower Development Training Act will finance 90% of the Harlingen facility's cost—at least until June 30, 1969.

Barrera Named State Secretary

Roy Barrera, 41-year-old San Antonio attorney, is John Hill's successor as secretary of state. Hill resigned last month to devote full time to his race for governor.

Governor Connally named Barrera to the \$24,000-a-year job. His duties include service as the governor's top liaison man and as the chief election officer.

Barrera is a member of the Texas State Historical Survey Committee, is a former chief prosecutor in the Bexar County district attorney's office and is ex-president of the board of trustees of Edgewood Independent School District.

Courts Speak

Fining of 22 whites for staging a civil rights sit-in at Cafe Raven in Huntsville was affirmed by the Court of Criminal Appeals. Same court also upheld the death penalty conviction of Tommy R. Vessels for rape of a Gray county woman and ordered a new trial in a fatal stabbing case.

State Supreme Court ordered a Bexar county jury trial to determine whether a group of San Antonio stockholders in the Uvalde Rock Asphalt Company has the right to inspect the firm's books and records.

Third Court of Civil Appeals reversed an additional workmen's compensation award to a Comal county woman hurt on the job because her lawsuit petition appealing the Industrial Accident Board decision was filed one day late.

Attorney General Rules

Atty. Gen. Crawford C. Martin has held that county commissioners courts may not legally sell to private concerns for commercial purposes duplicate copies of magnetic tape containing names of registered voters.

However, Martin said that county tax assessor-collectors and their deputies can prepare on their own time and sell copies of the registered voter list, providing that the "moonlighting" does not interfere with regular duties.

In a separate opinion, Martin concluded that the State Liquor Control Board must turn down liquor license applications from persons who have not been Texas residents for the past three years.

Governor Preparing Budget

With a view toward that special legislative session just around the corner, Governor Connally is putting final touches on his budget recommendations this year.

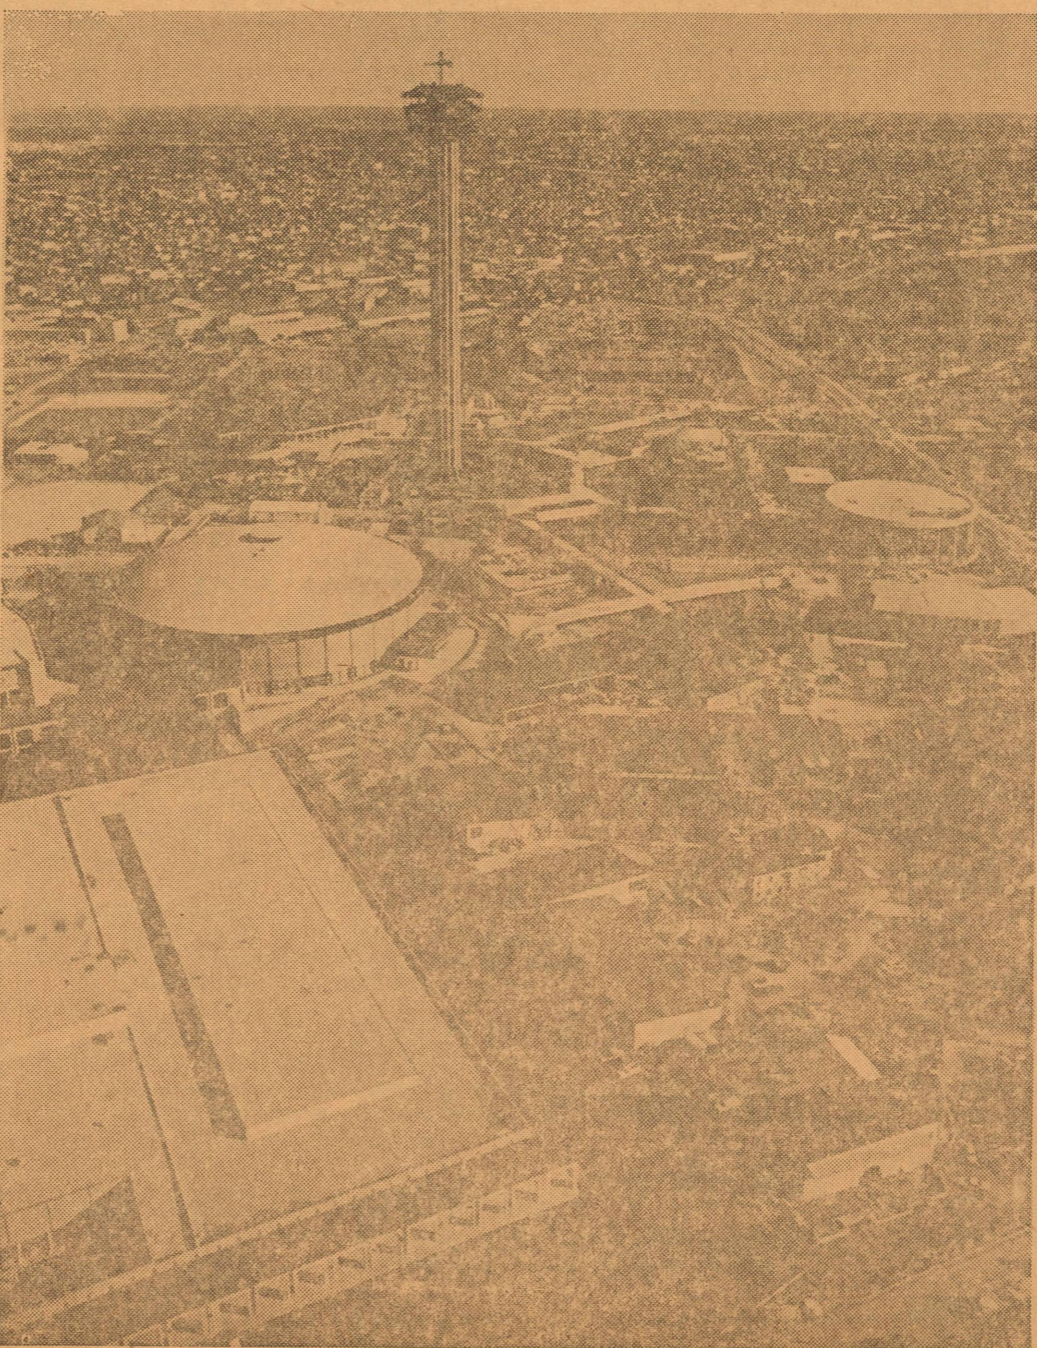

Connally still declines to be pinned down on the session date, but he volunteered one significant prediction: The new tax bill at this time appears to be shaping up in the \$125 million to \$135 million range.

Legislative Budget Board previously gave tentative approval to spending for 1969 which would require some \$122.8 million in additional taxes. LBB general fund budget so far totals \$468.5 million. Governor's will be higher.

Short Snorts . . .

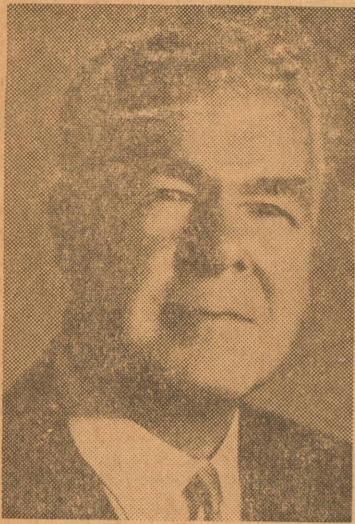

Federal government will acquire 206,650 acres in Williamson county during the next five years to build Lanport and North Fork dams on the San Gabriel river, reports the U. S. Corps of Engineers.

Renovation and expansion of Stephen F. Austin State Park three miles east of Sealy is almost complete, says the Parks and Wildlife Department.

WORLD'S FAIR—HemisFair '68, only a dream a few short years ago, stands proudly in San Antonio as the last month of work continues before the April 6 opening. The \$13 million civic center complex in the foreground, 622-foot Tower of the Americas in the center and the \$6.75 million United States Pavilion on the right center are all prominent in the picture of the 92.6-acre showcase.

Lecture Set Tuesday On Christian Science

GEITH A. PLIMMER

The healing power of divine Love will be brought out in a free public lecture on Christian Science to be given in San Angelo by Geith A. Plimmer, C. S. of London. Mr. Plimmer, a member of The Christian Science Board of Lectureship, will speak under the auspices of First Church of Christ, Scientist, in Rio Concho Manor, 401 Rio Concho Drive, Tuesday, March 19 at 8:00 p.m. His subject will be "Christian Science: The Discovery of the Healing Christ." A native of Perth, West Australia, Mr. Plimmer was educated in New Zealand and at the University of Adelaide, South Australia. He withdrew from the teaching profession in 1934 to enter the public practice of Christian Science healing. In World War II he served for three years as Christian Science Officiating Minister to the Allied Forces in Italy. Prior to becoming a lecturer, he was District Manager of Committees on Publication for Great Britain and Ireland.

Marilyn Dannheim To Be Married In August

Mr. and Mrs. Harvey L. Dannheim of 3612 Sprague, San Angelo, have announced the engagement of their daughter, Miss Marilyn Ilene Dannheim, to David Ray Wyatt, son of the Rev. and Mrs. Lloyd D. Wyatt, also of San Angelo. The wedding will be in early August in Trinity Church of the Nazarene.

The Harvey Dannheim family formerly lived here. A senior in Lake View High School, the bride-elect is editor of the school paper and a member of the National Honor Society and the Student Council.

The prospective bridegroom, a senior in San Angelo Central High School, is employed by an air conditioning and heating firm in San Angelo.

- Friday, March 22: Fish filets, spaghetti and tomatoes, blackeyed peas, lime jello salad, buttered rolls, milk, chocolate pudding.

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

There is no question about it—everybody agrees on the fact that a mother's love is probably the most glorious thing on earth and that every child alive needs love. The question is asked, "How shall I best love my child?" The answer is discussed below.

Love is a basic ingredient in parent-child relationships and parent can show love by doing for his child. But this can be easily misinterpreted by the child. Parents should show love in ways the child can understand, says Jennie Kitchings, specialist in Family Life of Texas A&M University.

Parents make the child eat properly, go to bed early, wear a coat and other necessary things. However, the child may not interpret this as love.

Miss Kitchings says there are many ways to assure the child of his parents' love, for example, a warm, friendly smile.

Words can also portray feelings. "You're a fine boy." "That was a helpful thing to do." "I like you." are examples of words a child could understand as parents' love. Sometimes it helps to listen to other parents talk to their children. Do they sound as if they love their child? Parents might ask themselves if a stranger would know that they loved their child by the things they say and the words they

use. Other ways to show a child he is loved and cared for are by giving him your undivided attention at times, by reading a story, listening to him talk, or playing with him. The quality of one's love is important, too. A parent's love which fosters growth and development should be mature, reminds Miss Kitchings. A parent should express himself as a responsible grown up being a parent, not always trying to be a pal and by letting the child make decisions he is capable of making.

The Earth takes 365 days plus to make a complete circuit around the sun. All these extra minutes are added every four years to make that extra day in February making Leap Year. The name may have originated because February 29 had no legal status in English courts in years past. It has "leapt over" as far as legal records were concerned. Anything happening on the 29th was dated as happening February 28. In 1288 Scotland passed a law providing that any woman could propose during Leap Year—originating another custom. If she was refused by the gentleman he had to pay her one pound English currency, unless he was already engaged to someone else. And this is the year! And to add to the

general woes of the whole situation, the English pound has been devalued.

Word is out that it was the Jolly Green Giant who gave Jack all the trouble and made him have to climb a bean stalk for dear life. It seems that the giant wasn't going to eat Jack at all—all he was going to do was to say Ho-Ho-Ho.

Kind of nutty about peanuts? The answer is yes? Then clip this whole section from here out—right here you will find more ways to use peanut butter than Carter had oats. (I never knew for sure how many oats Carter had but it must have been quite a few to get such a story started.)

Saucy Peanut Butter is a delicious easy-do sandwich spread. Blend equal amounts peanut butter and jellied cranberry sauce, spread atop fresh buttered bread slices, add sliced cooked turkey and crisp lettuce and close sandwiches with mayonnaise-spread bread slices.

Peanut Buttered-French Toasted Sandwiches. The recipe calls for 1/2 cup peanut butter, 1/4 cup honey, 1/4 teaspoon salt, 2 tablespoons butter or margarine, 8 slices bread, 2 beaten eggs and 1/2 cup milk.

Blend peanut butter, honey and salt. Divide mixture into quarters

and spread each portion between 2 slices of bread to make 4 sandwiches. Combine egg and milk and soak sandwiches in mixture. Melt butter or margarine in baking dish, add sandwiches and bake 40 minutes at 470 degrees F. Turn while baking to brown both sides. Or place sandwiches in buttered skillet and cook slowly on top of range. Serves 4.

Try a Peanut Butter-Fruit Sauce as a dessert topping. Mix 1/2 cup each of sugar and dark corn sirup with 1/3 cup water and simmer for 10 minutes. Cool and add slowly to 1/4 cup peanut butter. Stir thoroughly. Then stir in 1/4 cup raisins. Serve over ice cream or pudding.

Peanut Ice Cream Puff. Fill a baked 9-inch pie shell with this mixture and you'll have a family favorite. Combine 1 quart slightly softened vanilla ice cream with 1/2 to 1 cup chunk-style peanut butter. Spread over pie crust. Add a topping of chopped salted peanuts. Place in freezer about 2 hours, or long enough to firm. Serve as it or with a topping of hot fudge.

Peanut Cookies. You'll need 1 cup brown sugar, 1 cup white sugar, 2 eggs, 1 cup peanut butter, 1 cup shortening, 1 teaspoon soda, 2 1/2 cups flour and 1 teaspoon vanilla. Drop by spoonful on a cookie pan. Press down with a fork criss-cross each way and bake.

Highway 29 & 277
Eldorado

We're having a celebration and you're invited to drive in for the special attractions we have for you. And while you're here, we hope you'll try High-energy Enco Extra gasoline. It gives you the 1) cleaning power, 2) firing power and 3) octane power to help you get the most out of your car. Enco Extra is the gasoline that puts a Tiger in your tank!

HUMBLE OIL & REFINING COMPANY... AMERICA'S LEADING ENERGY COMPANY **Happy Motoring!**

Pat Wester Replaces C. H. Hahn As Local WTU Office Manager

Following the retirement of C. J. Hahn on March 1, Pat Wester of the Eldorado Service Department has been named local manager for West Texas Utilities Company in Eldorado. M. D. McAnus, who has been employed in the company's meter department in San Angelo, has returned to Eldorado to replace Wester in service department.

The announcement of the changes of personnel in the Eldorado Local Office were announced recently by District Manager W. K. Ramsey of San Angelo.

Hahn Joined WTU in 1926

Employed by WTU for the past 42 years, Hahn has been serving as manager in Eldorado since March 1956. He joined the company in San Angelo in 1926 and worked as a lineman's helper until 1929 when he was transferred to the service department.

In 1938 Hahn was promoted to local manager for the towns of Mertzton, Sherwood, Knickerbocker, Tankersley, Wall, Eola, Mereta and Veribest, serving also as collector and meter reader for these towns in the vicinity of San Angelo. He served in this capacity until his transfer to Eldorado 12 years ago.

Born in Fredericksburg, Texas in 1903, Hahn spent his early life in Mason county near the community of Long Mountain. He attended the Long Mountain School, and later went to San Antonio where he attended Draughon's Business College.

Hahn moved to San Angelo in 1925, and was employed by the R. P. Amacker Ford Motor Company before joining WTU.

The Hahns were married in Carlsbad, New Mexico in 1931. She is the former Jean Edwards of Sterling City. He is a member of the Lutheran Church, and he is an active member of the Eldorado Lions Club where he has served as secretary, director and president and was zone chairman of Lions International in 1962-63.

The Hahns are making plans to return to San Angelo where they will make their home.

Wester Formerly At Fort Davis

The new local manager in Eldorado has been employed by WTU for the past 10 years, and before moving to Eldorado last September was serving at the company's local manager in Fort Davis.

Wester was employed in Abilene in 1958 and after three months training in the Abilene Service Department, he was transferred to

PAT WESTER

C. J. HAHN

Marfa where he worked in the service department for the next four years. In 1962 he moved to Fort Davis where he served as local manager until his transfer to Eldorado in 1967.

Born in Brownfield, Texas in 1935, Wester spent his early life in Hale Center, Dickens and Rule, and following graduation from Rule High School in 1952, he attended Hardin-Simmons University and Tyler Commercial College.

Before beginning his career with WTU, Wester was employed by the Frisco Railroad in Fort Worth, and by the Halliburton Company in Rule and Abilene. During his five years residence in Fort Davis, Wester was active in civic affairs serving as master of the Masonic Lodge, vice president of the Lions Club, president of the school board and a Boy Scout committeeman.

Mrs. Wester is the former Nell Eakins of Knox City. The Westers were married in 1953, and have two sons, James Garry and Larry Wayne; and one daughter, Marilyn Denise. They are members of the Baptist church.

Easter Seals Provide Rehabilitation

Persons with physical handicaps who need treatment and service in Schleicher county may find the services they need through Mr. Jo Ed Hill, who is the Schleicher County Representative of the Easter Seal Society for Crippled Children and Adults of Texas.

The Easter Seal Society offers rehabilitation services to children and adults with physical disabilities including speech and hearing problems, according to Mr. Hill.

The Society also operates an information and referral service that will direct residents of Schleicher County to other appropriate sources of health and welfare aid in the area he said.

Mr. Hill urged parents, doctors, nurses, clergymen and other individuals and organizations to refer handicapped persons who need assistance to the Easter Seal Society by contacting him at First National Bank in Eldorado.

The Texas Easter Seal Society helps support 21 treatment centers where services are provided to crippled children and adults regardless of their ability to pay. Physical, occupational and speech therapy are offered to help the handicapped to overcome their disabilities.

The Easter Seal program is financed by contributions made during the Easter Seal Campaign that is now under way and will continue until April 14, Easter Sunday.

During 1967 the Texas Easter Seal Society provided treatment and services for 16,522 children and adults with a variety of physical handicaps.

Mr. Hill urged that contributions to the 1968 Easter Seal Appeal be made as soon as possible.

Lily Day Set April 6th By Local Football Boys

The Eldorado High School Football Boys will take part in a Lily Day to help the Easter Seal Society for Crippled Children finance the program for the Crippled Children of Texas, according to Coach Ray Morgan.

Coach Morgan has named Mike Olson, Jimmy McGinnes, and Ross Whitten to be captains for the Lily Day to take place in Eldorado on Saturday, April 6th. The several members of the football squad will pin plastic lilies on the population, and at that time give the people an opportunity to financially help Crippled Children of Texas.

The Texas State effort is headed by Bob Lilly of the Dallas Cowboys Professional Football Team. Many of the Texas Football teams will take part in the Annual event.

Last year, the Easter Seal Society was able to help 16,031 disabled and crippled Texans.

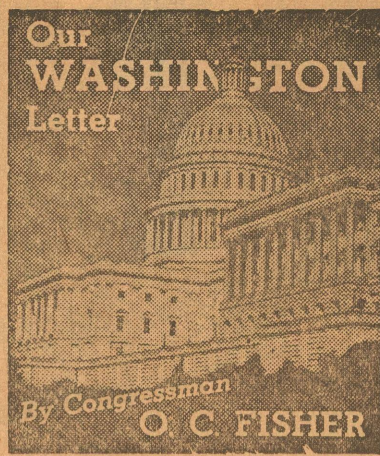

Jo Ed Hill, vice-president of the First National Bank, is the local county chairman.

To Lou Hazelwood

Lou, I'm sort of late, but I want to try to tell you how much you've meant to me, all these years. My few words can not begin to express how very much I'm going to miss you, my true and dear friend, I first met you when only thirteen years of age. You taught me to truly know God and gave me the inspiration to live for Him. I've never known nor ever will know again, such a delightful and inspiring person.

I'll always be so very thankful to God, to have granted me the privilege of knowing you. I know that Heaven will glow brighter and more beautiful, now that you are there. God truly has picked a beautiful and shining flower from His garden. I'm looking forward to seeing you in that shining glory when God decides He has a place for me.

—Lorena Heffernan

The President's Commission on Civil Rights, after spending \$1 million, has finally released a report on the cause of the Negro riots last year. It blames the riots on (1) white people, (2) low income, (3) unfair publicity for Negroes thru the news media, and (4) not enough integration.

Had the report been prepared by such agitators and trouble-makers as Martin Luther King, Stokely Carmichael and Rap Brown, much of the findings would have been about the same. So it was really money and time wasted, and was so tilted that it may encourage more emotionalism and hysteria on the part of the gullible—and hence more riots.

To correct all this, the report wants the police to discard their anti-riot weapons. The Commission aped Martin Luther King by calling for a federally guaranteed annual minimum income for all who make less than \$3,335, to be paid whether they work or not.

In addition, the Commission calls for a Great-Great Society social and welfare bonanza, which would cost an estimated \$30-billion—on top of all the other goodies. And the Commission says if riots are to be prevented, really offered for rent or sale by whites must be sold to Negro applicants. This one conforms with the new Civil Rights package now being debated in the

Eagle Trackmen 3rd At Sonora Relays

With a slow team from the Friday night rains and several mishaps, the Eagle track team managed to amass 84 points for third place behind Ozona who had 141 points and Sonora with 102 points.

John Mayo set another record in the shot put with a toss of 59' 1 1/2". His discus mark was 148' 7", good for 2nd place. John will be going for the Plateau Relay record of 54' 0" set in 1962 by Edwin Hall of Eden this Saturday.

In other field events, Roy Davidson broad jumped 20' 1 1/2" to nose out Ed Renfro of Sonora for the

Senate.

Actually, the Commission did not touch on two of the prime causes of riots. One, all the hysteria built up with the agitation for more and more civil rights legislation. This triggered marches, demonstrations, etc., all forerunners of crime, riots, vandalism, and many other forms of disrespect for law and order.

A second prime cause of riots was the hoopla attending the war on poverty. The politicians succeeded in convincing many of the gullible that they were victims of an intolerable low-income stalemate. This ballyhoo brought on disillusionment and bitterness—which among the more gullible helped to ignite the riot sparks. And the coddling of the trouble-makers who told the rank and file they had a right to violate laws with which they disagreed. Lack of force and firmness by police in coping with the out-breaks encouraged the lawless element.

Strangely, the President's Commission mentioned none of the real contributing causes of the riots and other criminal outbursts. After all, riots are only a part of the upsurge in the crime rate in this country.

2nd place trophy. The slick run-away in the high jump caused Buff Whitten to slip and fall on his 3 attempts at 5' 4".

For the finals, the Eagles had Doyle in the 100-yard dash, Davidson in the 220, Paul Page in the 440, Bob Page in the 120 yard high hurdles, and the sprint relay team. Ray Lewis Lozano, Albert Torres, and Sam Oglesby did not have to run preliminaries in the 880 and 1 mile run, Mickie Clark hit the next to last hurdle in the preliminaries and took a bad fall in his 330 Intermediate hurdle race and did not qualify.

Doyle won the 100-yard dash with his best effort of the year in a 10.1. Roy Davidson placed 2nd in the 220 yd. dash with a 23.5 for his fastest time thus far this year. Paul Page clipped the 440 in 52.8 for his best race in the 1968 season and the 1st place trophy. Bob Page placed 6th in the 120 yard high hurdles. Bob Ran an 18.0 for his best time in 2 years.

In the 880 yard dash, Lozano placed 2nd behind Perez of Junction with a time of 2:07.8. Albert Torres improved his 1 mile run time to a 5:06.3 for a 6th place finish. Oglesby did not place.

The sprint relay composed of Page, Page, Doyle and Davidson qualified with a fine 45.6 only to have misfortune hit them in the finals. The quartet was disqualified for passing the baton out of the zone and they received no points for their efforts.

In the final race of the day, the mile relay, the Eagle team composed of Doyle, Lozano, Davidson and Paul Page brought smiles to the faces of the Eldorado fans with a time of 3:38.6 and a first place trophy in this event.

FIREMEN CALLED MONDAY

The firemen were called out at 7:30 Monday morning when some grease caught fire in the kitchen of Neff's cafe. The cafe crew had the blaze out by the time the firemen got there, and little damage resulted, other than smoke.

PAR-TEE

The Welcome Mat is out for Mr. and Mrs. D. Williams, Jr. and Mr. and Mrs. Jimmy Mackey, new members in El Dorado Golf Club. We do hope the links treat you kindly in the days to come.

Our new year begins on April 1st with a new slate of officers to be elected at the regular club membership meeting on March 28. Dues for the coming year will be due and payable on that date. Mr. Humphries you better hurry and get in that annual round of golf before April 1st!

The tree planting at the Golf Course was a huge success. We received 75 trees instead of the expected 50 so a few members had good sized blisters in their hands after hand digging 25 holes for the extra trees. With the good rains falling now it should not be long before we have some shade to get relief from the hot weather that will be coming up this summer.

Mr. Ratliff is having a good turnout for his golf classes for women on Tuesdays and Fridays. Among the earnest workers are Ada Belle Taylor, Eddie Mae Kinser, Florence Moore, Mrs. Tampke, Beverly Childers, and Mert Williams. Remember girls, "left arm straight" "head behind the ball" "shift your weight", "practice makes perfect." When those sore muscles are gone and you make that first par, your efforts will be rewarded and your sense of accomplishment will be great.

1968 Rule books are in the pro shop for you to purchase at 25c each. They are a real handy thing to carry in your bag when you are playing.

The high school has purchased some golf clubs for use in girls PE classes. Who knows—maybe we have another Carol Mann enrolled in EHS. Since basketball season is over both boys and girls in EHS will be working more with golf. Not many days ago Calk, Derrick and Mercer were out playing a practice round, so interest is already showing through.

Don't forget the bingo party on March 23rd, Dick Preston and Bob Bradley will be in charge of Bingo night. I am sure they have a good time planned for all of us.

Winner of the Putting Ringer (Ladies Association) play ending February 15) was Mary Robinson. Mary qualified (18 holes) with 35 putts and improved to a 22 putt total to win the play. —R.p.
