Number 11

## Funeral Held Sat'day For County Pioneer

Mrs. Martha Ann Roberts, 92, died at 8:30 a.m. Friday in Sonora hospital after a short illness.

Funeral services were held Saturday at 4:00 p.m. at the West Side Church of Christ with burial in Eldorado cemetery under direction of the Ratliff-Kerbow Funeral Home.

She was born Nov. 23, 1876 in Jacksboro and was a long-time resident of Schleicher county. She was married to O. C. Roberts in 1907. He died in 1940.

Survivors include a son, J. C. Roberts of Eldorado; three daughters, Mrs. Ida Neill of Granbury, Mrs. Myrtis Smith of Cisco and Mrs. Jewell Ives of Eldorado, 17 grandchildren and a number of great-grandchildren.

## Car Wreck Prevents Kinfolks From Attending Grandmothers' Funeral

On their way to Schleicher county Friday night for a funeral to be held Saturday, three granddaughters were injured in a one-car wreck just a short distance from their destination, and wound up in Shannon hospital in San Angelo.

The small foreign make car was driven by Miss Charlotte Smith of Fort Worth and her two passengers were Miss Noma Lee Smith, 13, and Miss La Verne Smith, 18, both of Cisco. All were great granddaughters of Martha Ann Roberts whose funeral was scheduled the next day.

Arriving safely in Eldorado they were on their way on the last lap of their journey to the Roberts farm home on the McIntosh farm-to-market road. About seven miles southeast of town they lost control and the car overturned in a deep ditch.

The trio were taken to Schleicher county Medical Center about 6:20 p.m., and later transferred in two ambulances to the San Angelo hospital. As of Monday they were reported in satisfactory condition.

Highway Patrolman J. D. Copeland investigated the accident. Schleicher County Deputy Sheriff Jack Jones also was at the scene of the accident.

## Baptists To Launch Revival Here Sunday

Rev. Kenneth Vaughan, pastor of First Baptist church, announces their annual Spring Revival will start Sunday, March 16 and continue through Sunday, 23rd.

Evangelist will be the Rev. Max Brown and music director will be Van Funderburk. Both have appeared in revivals here before. Max Brown will be here for the evening service, March 16, and Mr. Funderburk will join the services Monday.

Nationwide much is being said about vandalism and irresponsibility of American youth. This being a youth-led revival it will stress the positive side of the contribution and responsibility of our youth, Kenneth Vaughan said.

This annual event is being promoted with an ad on another page and with window cards in downtown stores.

Members of the Junior choir are reminded there will be a choir rehearsal at 5:00 p.m., Monday, March 17.

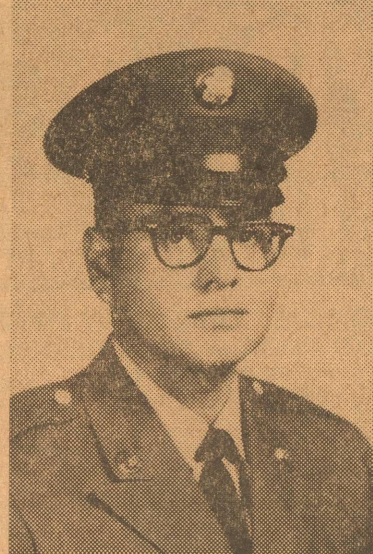

## Chamber Membership Drive In Progress

The membership committee of the Schleicher County Chamber of Commerce is now contacting citizens of our community in order to give all an opportunity to join the organization. One of the main purposes of the Jaycee-Chamber banquet was to give out membership pledge cards to everyone there. At this time the committee on membership would like very much to collect all of these cards.

April 1 is the deadline for joining. If any additional information is needed or if the membership committee is unable to reach you, please contact Rose Doyle or Sarah Yates. These ladies are both active members of the membership committee and will be glad to assist you in joining the Chamber of Commerce.

Mrs. G. M. Skornicki recently renewed from 3204 Schley Ave., Bronx, N. Y. 10465. She is the former Lou Ella Parrent of this place.

## Home After Serving A Year In Viet Nam

MANUEL PINA

Manuel Pina has arrived in Eldorado for 40 days of leave after serving for a year in Viet Nam, with the 1st 83rd Artillery.

During his leave he plans to tour Mexico with his parents, and when his 40 days are up he will go to Fort Carson, Colo., for another 6 months which will complete his Army career.

Manuel expresses his thanks to his many friends for their letters, packages and prayers while he was overseas.

## Senior Class Play Was Well Received

"We can declare war on Monday, be conquered on Tuesday, and rehabilitated Friday," was the theme of the '69 Senior Class play, The Mouse That Roared, which was presented Tuesday night in the school auditorium to a large and appreciative crowd. The production was directed by Alan Dinsmore, Robert Jay, and Norman Roberts.

The plot revolved around the effort of the Grand Duchy of Fenwick, a European kingdom three by six miles with a population of 6,000 people, to declare war on the United States with the idea of being subsequently "rehabilitated" by gifts of money.

The small kingdom's only claim to fame is its picturesque forests and waterfalls and its main income is derived from sale of a special wine. When a winery in San Raphael, California, imitates it and sells it cheaper the stage is laid for the Grand Effort.

The duchy is ruled by Gloriana the Twelfth, 22-year-old sovereign, who was well played by Elaine Dempsey.

Oddly enough, the small band of invaders who set out to conquer the U. S. succeed in their effort. Buddy Colk portrayed Tully Bascom, a forest ranger who later becomes High Constable of Grand Fenwick.

Armed with crossbows, Bascom's brave band sets sail for New York City, lands there during an air raid alert when the streets are deserted, manages to capture General Shippet (Richard Keel) and his aides, and Professor Kokintz, the brilliant nuclear physicist (Jimmy McGinnes) and his newly-invented Q-Bomb.

All land back at the Royal Chamber of Fenwick, victorious, and the play ends on a romantic note with Bascom marrying the queen.

The play was presented by the unique system of having the stage divided into three segments which were set to represent the Royal Chamber of Fenwick, the professor's laboratory, and the office of the President of the United States. (Mike Olson was Pres.) And a scene was occasionally given in front of the curtain to represent the National Forest or a TV station in New York.

The play, adapted by Christopher Sergel, was from the book by Leonard Wibberley.

This class play was different, and was well received by all who attended. The class members expressed appreciation to all who bought tickets and advertising space in the play program.

The '69 Senior class president, Jimmy McGinnes, portrayed Professor Kokintz.

There were many class members in the cast and the others helped backstage and as ticket takers, etc.

The W. L. Talley family recently moved from Nacogdoches, Texas, and their new address is Box 788, Livingston, Texas 77351.

## Four Elections Instead Of Three

Deadlines have already passed for filing in three local elections and we reported last week what the names would likely be on the ballot in each of three elections:

City election—The only contest is where Eldon Calk and R. V. Sheppard are in race for mayor. For aldermen, Jimmy Doyle and Granvil Hext. Just two to elect, no contest.

School trustee—Bradley, Martin and Sykes for re-election. No contest.

For Hospital Board—Meador, McGinnes, and Enochs, for re-election as directors. No contest.

Fourth Election  
A fourth election which was not brought to our attention, nor publicized, is that of county school trustees. This election is held in connection with the school trustee election, but on separate ballots. These ballots will read:

### For County School Trustee

(1 to be elected)  
Mrs. Edwin Jackson  
—Trustee at Large

(1 to be elected)  
Raymond D. Hall  
—Trustee, Prct. 1

If there should be any contest in any of the above elections it will have to be by the write-in route.

## Meeting Is Set On Fertilizer Problems

Stokes Feed & Seed Store of San Angelo will sponsor a Fertilizer Meeting for local Farmers and Ranchers this coming Tuesday, March 18th, in the Memorial Building.

The meeting will start at 7:30 p.m. Dr. Bill Longstaff, well noted agronomist with the American Plant Food Company, will be guest speaker. Various fertilizer problems will be discussed.

Coffee and doughnuts will be served and door prizes will be given.

## Court Of Honor Set For Monday Night

Scoutmaster Jim Holley announces that a Court of Honor for Troop 18 Boy Scouts will be held Monday night at 7:30 in the Memorial Building.

It will be highlighted by the presentation of two Eagle Scout awards.

A covered dish supper will be served starting at 7:30, to be followed by the awarding of rank and merit badges.

The new Eagle Scouts are James Holley and Mark Bland.

Other awards to be given include:

Dwain Rushing and Mark Calk, Life Scout;

Dan McWhorter, Star Scout;

Benjie Jay, First Class;

Ken Peters, Second Class;

Charles Blair and Pat Honea will be given Tenderfoot badges.

Several merit badges will also be given.

Each family that attends is asked to bring a covered dish. (Contact Mrs. Bob Bland or Mrs. Dan McWhorter, food committee.) All ex-Scoutmasters, former Scouts who have been in the troop in previous years, and special recognition will be given to the former Scout from the earliest year.

Two new committeemen to be added to the present committee are Bob Bland and Dan McWhorter. The troop is presently preparing the new charter application and it will be sent in soon.

The troop will spend the week of July 20 through 26 at Camp Sol Mayer near Fort McKavett. Some preliminary information on this will be given at the program Monday evening.

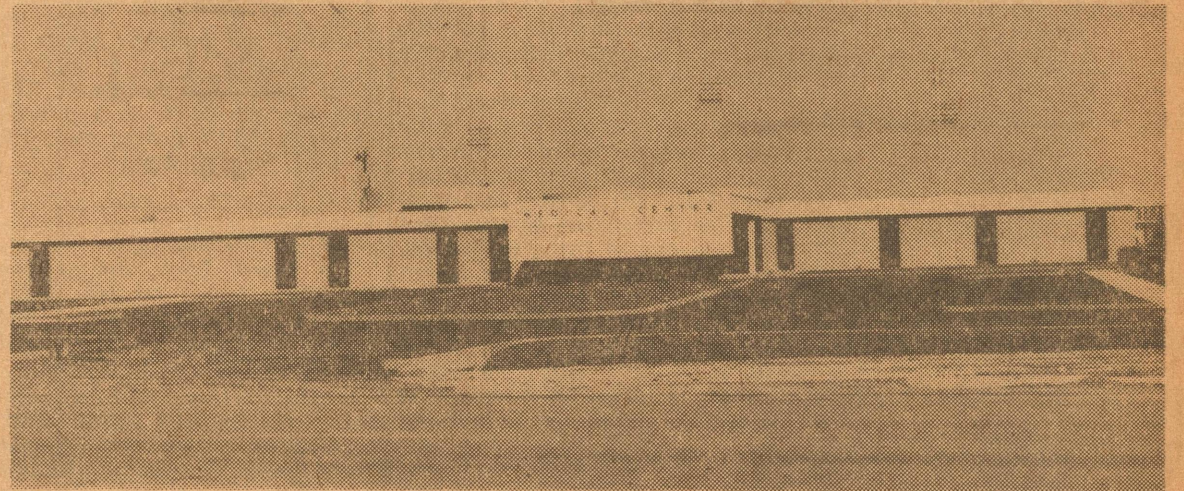

### To Attend Jamboree

Mark Calk has applied to attend the National Jamboree of the Boy Scouts of America to be held this summer in Idaho.

He will be part of the one-troop contingent from the Concho Valley Council who will fly to and from the jamboree site.

Larry Rittenhouse reported recently that they had moved from North Branch, Minn., to Illinois. New address given is: Shady Oaks, Route 1, Minooka, Illinois 60447.

## After First Month Hospital Needing More Beds

The report here Tuesday was that all beds in the hospital were already occupied and some hospital patients were being placed in the nursing wing, making both wings full-up.

When the hospital was built provision was made for 8 hospital rooms and 11 nursing wing rooms. Practically all of the rooms have space for two beds, but only two-thirds of the maximum number were ordered.

The thinking of the hospital directors and Dr. Brame, was that it might take a year before more beds would be needed and there would be plenty of time to order more.

Tuesday morning hospital director chairman Carroll Ratliff had called the supply house to order more beds and was told it would take 90 days to fill an order for more beds of the type used here.

There are known to be several

hospital beds in the community owned by civic organizations and Ratliff was trying to locate these and borrow them for the hospital to ease their problem.

In an interview with Miss Lillian Kroeger, administrator, she was asked, "Aren't you surprised this all filled up so quickly?"

"No, I'm not, I was convinced of it right from the beginning, but I couldn't convince the others."

## Plateau Relays Are Set For Saturday

The Thirteenth Annual Plateau Relays will be held here with 30 teams competing for the championship. The Plateau Relays have come to be one of the largest track meets in all of West Texas and one of the best in the state.

The relays were started with one division made up of Class "A" and "B" teams and was run that way for ten years. It was changed two years ago to a two division meet. We now have Division I which is made up of class "AA" teams; Division II is made up of class "A" and "B" teams. Teams that are entered are as follows:

Division I  
Ballinger, Big Lake, Big Spring "B", Brady, Coleman, Crane, Llano, Ozona, San Angelo "B", Stanton, Winters.

Division II  
Bronte, Christoval, Eden, Eldorado, Eola, Iraan, Junction, Mason, Miles, Menard, Paint Rock, Rankin, Robert Lee, Rocksprings, Sonora, Sterling City, Sanderson, Water Valley, Wall.

Top Performers Expected  
Some of the outstanding performers in Division I will be Ozona's Ernest Rios, a high jumper who has cleared 6' 1 1/2"; David Huff, who has pole vaulted to a height of 11' 10"; and Fleet Coates, who has run the 220 yard dash in 23.2.

Strong in the shot put will be John Watson of Big Lake, who has thrown 52' 9" this year. Other Division I top performers will be Brady's 440 yard relay team; Steve Stallions of Stanton, a miler who has one of the best times in the state at 4:37.9. Top teams in this division should be the favorite Ozona, followed by Crane, Brady, Winters, and Big Lake.

In Division II the host team, the Eldorado Eagles, who are strong in both relays, will be the favorite. Eldorado also boasts two fine sprinters, Paul Page with a 51.4 in the 440 yard dash and Wayne Doyle with a 9.9 in the 100 yard dash. Doyle will be pushed by Jimmy Bankston of Junction who also has a 9.9 to his credit. Bankston should win the 220 yard dash as he has run this in 23.2 this season. In the field events Billy Green of Sonora will be the leader in the discus. In the shot put it should be Alan Corbell of Eldorado leading the field. Mason should push Eldorado in the mile relay. Rankin has a top performer in Booker Dixon who has made a strong showing in the sprints. Pushing the Eldorado Eagles for the team

(Continued on Page 5)

EAGLE 440 & MILE RELAY TEAM will try for honors in Plateau Relays here Saturday. Front to back are Bob Page, Wayne Doyle, Keith Williams, and Paul Page. —Success Staff Photo

**Home Demonstration Agent's Column**  
By MRS. VIDA KREKLOW

Are medicines always a mystery to you?

You needn't be concerned with the special ingredients that make up the medicines you order from the pharmacy. Your registered pharmacist is standing by with skill, precision, ready to fill the prescriptions your doctor calls for.

Beef is America's favorite meat and high on the list of favorite beef dishes are pot roasts. Pot roasts are more popular in other parts of the country by name but regardless of what we call it the cut of beef is about the same.

Pot roasts are usually made from any of several beef cuts but usually come from the fore quarter of the beef and are bought as chuck or arm roasts. A sirloin or T-bone steak may be easier and quicker to cook and serve but a well prepared chuck pot roast tastes just about as good. Chuck steak sells for just about half the price of a loin steak and that makes it taste even better.

Chuck is a comparative lean cut, so it's a bargain in food value as well as price, because the leaner the meat the higher the proportion of protein, vitamins and minerals. Do not assume that you can beat the cost of living by not eating meat; meat is a major source of protein and protein is necessary for good health. The money one might save on the meat bill will be a poor substitute for health.

Try this recipe for a change; it takes little trouble and is delicious.

**Savory Pot Roast**

Brown 2 pounds chuck or arm roast in heavy frying pan. Sprinkle over top of meat 1/2 envelope of dried onion soup. (A box of dried soup contains two envelopes.) Spread over this one can undiluted cream of mushroom soup.

Cover skillet or container in which meat will be cooked.

Cook in oven at 300 F. for about two hours, or until fork-tender. Serves 4 to 6.

Warning, use just a little bit of salt, if any, because onion soup mix is salty.

**Eaglettes Begin Running**

The Eldorado girls took to the cinders this week in an effort to begin the 1969 track season. The "green girls" had never run competitive track until last spring but they came on to win district and were runner-up in regional, qualifying seven for the State Meet.

From that group of lettermen Susan Hill graduated and Susan Rogers moved to Iraan and will be running for the Bravettes while Sheila Murr moved with her family to Wimberly. Dale Montgomery moved last week with her family. Remaining lettermen are Lisa McAngus, Linda Derrick, Kathleen O'Harrow, Peggy Hill, Claudia Meador, Lisa Whitten, and Mary Lynn McCalla.

The Eaglette Plateau Relays are scheduled for Saturday, March 22 with about a dozen girls track teams expected to participate. The girls are scheduled to run each week end and the district meet will be held here in April.

**VISIT AT McCAMEY**

Mrs. Bessie Doyle, Jimmy Dan and Mike Doyle, and Mrs. Ruby Damron, visited Saturday and Sunday in McCamey with Mr. and Mrs. Jerry Doyle and children.

On their return home they stopped on the Shannan Estate Ranch and visited Mr. and Mrs. Marvin Doyle. He is a cousin of the late Claude Doyle and Ruby Damron. Marvin Doyle is foreman on the Shannan Estate Ranch.

The meat is juicy tender and the soup makes the gravy. Served with green beans, fruit salad and a crisp cookie or two, savory pot roast is good enough to serve to all the company you and I will likely have and will be cheap enough to serve the whole family.

Wash Day wisdom: Don't over-dry durable press garments after laundering.

Studies have shown that "people carelessness" is still the primary cause of burns and most other accidents. It is alarmingly commonplace to read of serious injury to children playing with matches, adults smoking in bed, housewives being negligent around the stove. Parents can help a great deal by teaching children to exercise care, precaution, prudence and alertness in dealing with fire-producing substances, and then follow them themselves.

A new technique for handling fresh beef may make it possible to keep beef under refrigeration up to 28 days without freezing, not to ship unless bone and excess fat and to save time and labor for the homemaker. The process which places beef cuts in special plastic bags eliminates shrinkage and trim loss. The market-ready beef is the "fabricating of carcass beef beyond primal cuts with as many as 28 cuts per animal," a guest speaker at the Texas Meat Processing Conference at Texas A&M said.

Because of better diets and better medical care in this century, Americans are getting bigger. Statistics show that a 21-year-old today is about three inches taller and five pounds heavier than the 21-year-old of 1900.

The strawberry is unique because it's the only fruit with seeds on the outside. Other fruits have seeds on the inside. Researchers experiment with

new varieties which will stay firm when ripe and still taste garden fresh after shipping. More than a million different seedling strawberry varieties have been tested, but 24 main varieties make up about 97% of the commercial crops.

You've probably used frozen French fries—one of today's popular convenience foods. To keep them on the economical side, you may want to make your own.

To make home frozen French fries, according to U. S. Department of Agriculture home econo-

mists, pare and cut potatoes lengthwise into 3/8-inch strips. Rinse in cold water to remove surface starch, and dry thoroughly with a towel.

Fry strips in deep fat or oil about four minutes, or until cooked but not browned. This process is called par-frying. Remove from fat and drain on absorbent paper.

Cool parfried strips to room temperature and pack in cartons or other moisture-vapor-resistant containers. Seal, freeze and store at 0 degrees F. Frozen parfried potatoes will keep three or four months.

Frozen parfries may be thawed and browned in fat, or left unthawed and browned in an oven or broiler—in minutes.

For deep fat browning, thaw frozen strips in the package (2 to 3 hours at room temperature). Remove from container, pat lightly with towels to remove condensed moisture and fry about one minute or until golden brown.

In the oven, brown unthawed parfries for 10 minutes at 500 degrees turning as needed. Or heat five minutes or 500 degrees, followed by three minutes in a broiler.

### Eagles Runner-Up At Sonora Relays

Coach Sherwood Barker's fighting "mean green" Eagles battled the Ozona Lions for the team championship last Saturday at the Sonora Relays but had to settle for the runner up spot. Although the Eagles won four first places and Ozona three the Lions picked up points with third and fourth place finishes to total 127 points to the Eagles' 98. One thing to be noted here is that Ozona is a Class "AA" school with a squad of 30 boys and Eldorado a class "A" has only 13 boys, but with pride and determination the mean green won both the 440 yard relay and the mile relay. Both relays are made up of the same lads, who are Bob Page, Wayne Doyle, Keith Williams and Paul Page. The times of both relays have improved each week and with HARD WORK, pride and the determination that the boys have, the times will continue to get better each week.

Our first place points came on a record breaking time of 51.4 by Paul Page in the 440 yard dash. Paul broke the record of Jim Runge of Eldorado set in 1961. We know the new record will stand for a year and Paul will be back next year to set even a better one. Hats off to you Paul for a job well done.

Another first place winner was our century man, Wayne Doyle; Wayne is currently ranked 10th in the state with a time of 9.9. Wayne kept up the good work. Wayne also placed second in the broad jump with a leap of 20 feet.

Albert Torres keeps on surprising the fans with his showing in the mile run. He has placed second the last two weeks, being nosed out at the finish. Albert's best time this year is 4:53. Also in the mile run is Sam Oglesby who has just finished basketball season. Sam picked up two points with a fifth place finish.

Another surprise in the Sonora meet was Keith "Honest" Williams who placed a third in the 220 yard dash with a good time of 23.8.

Others who made a strong showing last Saturday were Alan Corbell who placed third in the shot put and fifth in the discus totaling eight points. Alan is consistently throwing 50 feet. Also in the shot put is Freshman Archie Nixon who placed fourth in the meet. You weight men keep up the good work. Hard working Mike Olson placed fifth in the Pole vault after working just two weeks. Mike will improve with his hard work and a little time.

Mickv Clark had to be scratched in the 330 yard hurdles due to an injury acquired in practice last week. Mickv we hope you will get over your injury and make a good showing in the Plateau Relays.

Another Eagle who has a spell with the flu is James Larry Davis. He is recovering slowly but we are expecting James to make a strong showing when he gets back in good shape.

Two other boys who failed to place were Billy Dock Hubble and Roy Jones. These boys who are young (freshman & soph.) and both run the hurdles for the first time this year will improve and will place before the season is over.

Eagles you are molding yourself a winner. Remember Always Be First! Work plus Pride plus

Determination equals Victory.

#### Eagles Best This Year

440-yd. relay, First place, Sonora and Ozona meets. Bob Page, Wayne Doyle, Keith Williams, and Paul Page. Time 45.2.

120 yd. H. H. Fourth place, Ozona Meet, Bob Page. Time 16.2.

100 yd. dash, First place, Sonora meet. Wayne Doyle. Time 9.9 (best time was run at Fort Stockton and Ozona.)

440 yd. dash, First place, Fort Stockton, Ozona and Sonora meets. Paul Page. Best time 51.4. (New record at Sonora.)

330 yd. I. hurdles, fifth place, Ozona meet, Mick Clark. Time 44.7.

220 yd. dash, Third place, Sonora meet, Keith Williams. Time 23.8.

Mile run, Second place, Ozona & Sonora meets, Albert Torres. Time 4:53.7. Fifth place, Sonora meet, Sam Oglesby. Time 5:05.

Mile Relay, First place, Sonora and Ozona meets, Bob Page, Wayne Doyle, Keith Williams, Paul Page. Time 3:36.2.

Shot Put, First place, Ft. Stockton meet, Alan Corbell, 50 feet. Fourth place, Sonora meet, Archie Nixon, 45' 3".

Discus, fifth place, Sonora meet, Alan Corbell, 120 feet.

Pole Vault, fifth place, Sonora meet, Mike Olson, 10' 9".

Broad jump, Second place, Sonora meet, Wayne Doyle, 20 feet.

### Four Eaglettes Named To All-District Team

Recently the district 8-A coaches selected the girls to be named to the 1969 All-District Cage Team.

Dale Montgomery was a unanimous choice at forward on the first team and Lisa Whitten received every vote at guard. Both are juniors. On the second team Eldorado placed Kathleen O'Harrow, a sophomore, and Donna Davis, a senior.

Joining the Eaglettes are:

- First team forwards:
  - \*Dale Montgomery.....Jr., Eldo.
  - \*Felicia Armstrong.....Sr., Menard
  - \*Dorothy McDonald.....Sr., Mason
  - \*Sherri McNutt.....Jr., Junction
- Second Team forwards:
  - Kath. O'Harrow.....Soph., Eldo.
  - Maggie Harrod.....Jr., Eden
  - \*Trouba Teaff.....Soph., Sonora
  - Sherry McSherry.....Sr., Menard

First Team Guards:

- \*Lisa Whitten.....Jr., Eldo.
- Gay Nobles.....Sr., Menard
- Nancy McMillan.....Soph., Junction
- Second Team Guards:
  - Donna Davis.....Sr., Eldo.
  - Lou McCartney.....Sr., Menard
  - Jo Lyn Haenisch.....Jr., Eden

The four Eldorado girls were stalwarts in the successful season just passed. Kathleen and Dale each scored over 500 points this season and Donna and Lisa were the leading rebounders for Eldorado. Voting on the girls was done in secret ballot.

### S. S. MAN COMING 19TH

Dick Bearce, chairman of the Neighborhood Center here, announces that a man from the Social Security office in San Angelo will be on hand at a meeting Wednesday night at the Catholic church.

The meeting will begin at 7:30 p.m. and everyone is invited, Mr. Bearce said. There will be discussion and questions and answers on Social Security benefits.

SALES PADS for sale at the Success office.

### Whitten, Montig'r'y, Eaglette Captains

The Eldorado girls basketball team this week elected permanent captains for the 1968-69 basketball season and selected Dale Montgomery, a junior forward, and Lisa Whitten, a junior guard.

Dale was an All-Tournament selection at Eden and was a unanimous All-District choice. She scored 07 points and led the offense in rebounding with 230. Dale set a new total scoring record for 10 district games by scoring 200 points.

Lisa Whitten was also an All-Tournament selection at Eden and a unanimous choice for all district guard. She pulled in 205 defensive rebounds during the season.

### Girl Scout Week Started On March 9

Girl Scout Week traditionally begins with Girl Scout Sunday, a day purposely designed for Girl Scouts all over the world to reaffirm the first portion of the Girl Scout Promise—"to do my duty to God and my country."

The Girl Scout movement was founded in 1912. Today its members, both girls and adults, number more than three million in the United States.

At times like these, when so many young people are troubled to the point of rebelling against society, it is important to know that there are others who are dedicated to duty to God and country, and to helping others at all times. Girl Scouts believe it is a spiritual force which gives validity, impetus, and meaning to their program of learning to serve others. Girl Scouts learn tolerance and understanding of others through participation in troops. There, too, they learn to live with the Promise they have made, and to live up to it. And Girl Scouting stresses the importance of each girl's increasing and strengthening her own religious conviction, knowledge and faith—and of practicing them in her daily life.

### Girl Scout Facts:

1. This year nearly THREE MILLION GIRLS in the U. S. belong to the Girl Scouts.
2. Approximately one of every seven girls of ages 7 through 17 belongs.
3. More than 600,000 adult volunteers serve at all levels.
4. Girl Scouts of the U.S.A. is the largest organization of its kind for girls anywhere in the world.
5. Founded in March 1912 by Juliette Gordon Lowe, Girl Scouting has become an important part of growing up in the United States.
6. In Scouting, girls of all races and creeds obtain practical experience in working together for the common good. Girl Scouting teaches girls to get along with one another, to become better citizens, to be of service to their communities, and to accept responsibility.
7. Girls who grow up in Scouting grow up with a code of friendship, loyalty, service and honor. Their years as Girl Scouts serve them well in their future years as mothers and homemakers—or as career women, meeting challenges in such important fields as education, medicine and science.
8. Many Girl Scout projects and activities are financed by your purchases of Girl Scout Cookies. When you buy Girl Scout Cookies, you help today's girls grow into happy resourceful, responsible women. Thus, you help build the better America of Tomorrow. And when you buy Girl Scout Cookies, you make the advantages of Scouting available to more girls in the U. S. A.

### Methodist Notes

Rev. D. G. Salter states that the Lenten Membership Training Class will begin in his study this Sunday at 9:50 a.m. Youth who will be nine years old by Easter may enroll in the class. Each student will receive a membership training manual. Those completing the course will be eligible to unite with the church on Palm Sunday.

Mrs. Ed Meador, chairman of the Commission on Education, announces that a Sunday School attendance drive will commence this Sunday, March 16. Competition will be on a percentage basis with classes in each department competing each other. The contest will conclude on Easter Sunday, April 6, followed by a church supper on April 9 at 7:00 p.m., at which time the losing classes will be responsible for entertaining the winners.

E. C. Peters, Sunday School Superintendent, states that systematic attendance is important at all times because the Church School has just voted to start using perfect attendance pins. Under this system, the only excuse for being absent is illness. When out of town a family will want to attend Sunday School where they are so that they might show evidence of this upon their return to their home church.

### S. S. Beneficiaries Should Report Changes

Residents of the Eldorado area who are receiving monthly social security checks are reminded by Ted F. Moellering, social security manager in San Angelo, to report directly to the San Angelo office any change of address or other events affecting continued receipt of their checks. Reports may be made by mail, phone, or in person. Appropriate report forms are available at the San Angelo office.

Mr. Moellering said this reporting method enables the district office to take advantage of the increased capacity of its high speed communications circuits to transmit information to record centers. Until recently, social security beneficiaries were encouraged to notify the Social Security Administration about the occurrence of these events by mailing pre-addressed postcard forms to a record center.

Events that affect receipt of monthly social security checks, in addition to changes of address, are starting or stopping work (unemployment), marriage or remarriage in some instances, divorce, and death.

For further information, contact the Social Security Office at 3000 West Harris Ave. in San Angelo or see the representative when he is in your area.

### PAR-TEE

WELCOME Patricia and John Pitts! We are indeed happy to have you as new members of the Eldorado Golf Club, and wish for you the best of golfing.

The first place winning team in the mixed team play Sunday the 9th was the team of Arch Mittel, Jerroll Sanders and Ernestine Hext. Tying for second were the teams of Jack Hext, Pat Wester, Eddy Kinser and Vernon Rogers, Charlie Hahn and Mary Waldron. In the sudden death play off the first hole was halved with a par. On the second hole Eddy Kinser pitched in for a birdie to win the play off for her team. Congratulations to all you golfers! Don't forget the next Mixed Team play is the last Sunday of the month (March 30) at 2:00 p.m.

DUPLICATE BRIDGE is scheduled for this Thursday, March 13. The time is 7:00 p.m.

Also don't forget the change

Telephone 655-6721

Thursday to Friday night the last of the month. The second session for March will be on March 28th at 7:00 p.m. (Friday).

ther doctor" that may not prescribe laying off golf. (We will see).

Delbert Taylor, Bob Bland and Charlie Hahn got the frame work up for the canopy over the front door Saturday. Ralph Wandron went out Monday to paint the framework and sure enough Old Man Winter was there and made the job unpleasant to say the least. Anyway the project has a good start and we do thank these gentlemen for their time and effort — we appreciate it!

The school boy golf team, under the direction of Coach Bobby Helmers, has been very active the past two weeks. They were even on the tee Monday in that "too cold for me" weather. That's what it takes to make a golfer, so stay with it boys!

Dr. Brame, a fellow golfer, has told Jack Hext that he should not play golf for three weeks (due to a "tennis elbow"). I just wonder if Jack will abide by the Dr's instructions—or if he will "find another doctor" that may not prescribe laying off golf. (We will see).

The Eldorado Women's Golfers have been invited to a one-day play in Sonora in April and one in Del Rio in May. Details of these plays will be received at a later date and information will be posted on the inside bulletin board.

We have invited the Sonora Women to play with us on March 20. None of them have played our course and seem anxious to "try it out". Luncheon will be served to us and the guests at 12:00 noon then play will begin after lunch. We hope that ALL of our lady golfers will show up to play. We need YOU!

Another date to circle on the calendar is March 27; this will be BINGO night, baked goods as prizes, also the annual meeting of the golf club and election of officers! Be sure to reserve this date!

Worry, like a rocking chair, will give you something to do but won't get you anywhere!

IT'S TIME TO LOOK UP YOUR CAR TITLE CERTIFICATES AND BRING THEM TO REGISTER YOUR VEHICLES

In Those Days

ONE YEAR AGO March 14, 1968—Raymon Mobley's new Enco service station had Formal Opening set for Saturday. Libby Preston and Chris Edmiston were named All-Regional choices in basketball. Hyman Sauer was elected president and Ross Whitten vice president of the Student Council.

FIVE YEARS AGO March 12, 1964—This was Girl Scout week, and Geannie Newport, Claudia Meador, Peggy Hill and Marchia Gault were pictured as having attended camp the preceding summer. Raymond Mittel reported that the Senior class had arrangements complete for their class trip to Padre Island in May. Funeral services were held for Claudie Eugene Bradshaw, 53. School Supt. A. M. Whitis reported 419 patrons visited during Public School Week. Mrs. Louise Boyd started serving buffet lunches on Sundays at her Java Junction Cafe. A son was born to the Rev. and Mrs. Dan Sebesta. Kenneth Doyle left for Venezuela to continue work with Santa Fe Drilling Co. Grover Lee Johnson was transferred by Shell from Odessa to Goldsmith.

12 YEARS AGO March 14, 1957—For the second year, the Jackets For Jesus group from Howard Payne college, were coming to help conduct a revival at the Eastside Baptist church. Dick Runge, Vov J. Mitchell, Margo Mittel, Christy Sauer and Joy Dodd were victorious in the Student Council election. Sinclair expected material and equipment in soon for the addition to their Plant No. 23 at Huldale. Plans were continuing for Luedeker Day set for July 4th, and tickets for the barbecue were going on sale soon. Mrs. Mary D. Coupe, Mrs. W. F. Meador, and Mrs. J. E. Hill were attending the state DAR meeting in Mineral Wells. Dr. Guy D. Newman, president of Howard Payne College, accepted invitation to speak to the local graduating class in commencement exercises coming up on May 24th.

35 YEARS AGO March 16, 1934—Cecil Moore's lemons won first in the Fort Worth show. Will Rogers in Mr. Skitch was showing at the Lone Star Theatre, sponsored by The Methodist Ladies Society. L. T. Barber discovered a burglary at the Eldorado Wool Co. About 150 pounds of wool were missing in small bags. Sheriff O. E. Conner was investigating. Mrs. A. A. Williamson, former local resident, died at Hext. Mary Jess Koy and Imogene Evans entertained with readings and musical numbers at a meeting of the Lions Club. Miss Isabella Isaacs became the bride of Mr. William Bryant McCutcheon, Jr., in a ceremony in Sonora. The Commissioners voted to create a voting place at the Reynolds school house. This made nine voting boxes for the county. Bill Booth and L. L. Harris of Littlefield were here the past week end visiting relatives. Mrs. T. W. Johnson received a letter from her son Edwin stating that he was transferred from Texas to Montana. W. C. Parks, ranchman and cotton grower, west of Eldorado, was buying supplies and meeting friends here Saturday. J. W. Hunt died at Abilene. He was president of McMurry College.

CARD OF THANKS The family of Mrs. O. C. Roberts wishes to thank their many friends who have helped in many ways during the loss of our loved one, and visit to Mrs. Jewel Ives in the Sonora Hospital and the Smith girls in San Angelo. Thank you for the use of the Memorial Building and the food, May Gos bless each of you. The family of Mrs. O. C. Roberts \*

Wrestling Match To Be Staged Here Tuesday Slim Dannheim reports that a wrestling match will be staged here next Tuesday night. The Junior Chamber is sponsoring the match which will be put on by the Abilene Wrestling Club. The event will be staged in the old gym in the grade school building. We have not been informed who will be on the card, but the Abilene Wrestling Club has a camp of many first class wrestlers. Those who have followed wrestling on T-V will be interested to learn there will be a tag team match between the Infernos managed by J. C. Dykes, and Ricky Romero and the Lawman. Other matches include a girls' match between Linda Klein and Patty Duke. Admission: For children under 12, \$1.00; general admission \$1.50; ringside \$2.00. For reservations call S&D Used Car Lot, 2975.

Lions Met Yesterday Mrs. Evelyn Stigler's 6th grade choral group rendered several selections at the meeting yesterday of the Lions Club. The program was introduced by P. S. Dudley, program chairman for this month. At start of the meeting, Joe Christian led singing of the Battle Hymn and America, Mrs. Olson at the piano; Lion Charles Wimer led Flag salute, and Lion E. W. Brooks gave invocation. In the business session at which Boss Lion Humphries presided, the members voted to buy sign decals for the sides of the panel truck which the club owns. It was stated that the Queen's Contest will be held in April. The combined District and State Convention will be held in Big Spring June 13-15. Lions Bill Rountree, Charles Wimer, and Ray Boyer were appointed committee to name nominees for officers for the 1969-70 club year. Carroll Jones is new here in the Otto Mund house.

Hilary Doran's Austin Report Recently I and ten other members of the House of Representatives, made a two-day inspection tour of six units of the Texas Department of Corrections, or as most people refer to it, the Texas Prison System. There are presently 14 different units in this system but time did not permit us to visit all of them. Most folks think of the penitentiary as only being located at Huntsville, but actually the units extend from Palestine to Lake Jackson, a distance of some 250 miles. I was both impressed and pleasantly astounded by the fine prison system the State of Texas has. Our prison system is rated the best in the United States and after seeing it in operation, it is easily understood why it has attained this prominence. It was especially revealing to me as I did not have the personal experience or knowledge as to exactly what happened to a man when he entered the penitentiary. I can proudly report that under the direction of Dr. George Beto and his extremely capable staff, the State of Texas is operating not only a modern and up-to-date prison system, but it is also making extraordinary strides in the rehabilitation of the man convicted of a felony so that he may return to society better educated, better trained in a vocational skill and motivated toward becoming a useful member of society instead of a destructive one. Our prison system has a population of approximately 12,300 prisoners. Of this amount, approximately 400 are women and the rest are men. All incoming prisoners enter the diagnostic center located in Huntsville where they are given thorough examinations, aptitude tests and personal counseling to determine which unit they will ultimately be assigned to. This procedure results in the first-time youthful offender being assigned to a separate unit and not being thrown in with the so-called "hardened criminal" or "two-time or more repeater." Some other classifications that are made are having the medically classified prisoners that cannot do strenuous work and other afflicted prisoners housed in a separate unit, the multiple offender being housed in separate units, and so forth. Incidentally "death row" is no longer located at the Huntsville unit but instead is located at the Ellis unit some 20 miles away. I could go on and on stating the many unique and excellent features of our penitentiary system, but suffice it to say that we, as Texans, can be justifiably proud of this state agency and the fine work it is performing in the field of penology. —Hilary B. Doran, Jr.

E. V. Gibson, Jr., recently moved from Clovis, N.M., to 1204 S. Congress in Austin, Texas. Mr. and Mrs. Kenneth Pennington and son Blair of Austin visited home folks here over the week end.

Deserters got some attention on Capitol Hill last week when a Senate committee reported there were 53,357 walk-aways from military duty last year. Of this number, 90% were picked up or turned themselves in, with less than 300 convicted of desertion. Desertion involves intention not to return. AWOL is classified as a temporary absence. Ordinarily 30-day absence is presumption of intention not to return, but the military complains this law is a bit hazy. The law should be spelled out in precise terms, since "intention" is sometimes difficult to prove. Plans to improve the statutes are in the works. Canada is used extensively by the draft dodgers. Sweden has been the haven for deserters. Since a few countries, including Sweden, treat deserters as political refugees not subject to extradition, the deserters flock to those sanctuaries. Since July 1, 1966 there have been 749 of them, of which 170 have returned home. Sweden now harbors about 250. A Stockholm report describes most of them as a motley crowd, barely eking out a living, with 80% of them unemployed. A reporter found most of them in shabby rooming houses, living on welfare, and looking "like tramps or vagrants." Swedish authorities encourage the deserters to go to school and learn the language, and a few have tried, but most have given up. One of these dissidents who defected from Japan to Russia and then to Sweden, recently voluntarily came home. He was court-martialed, imprisoned 4 years, stripped of all pay and given a dishonorable discharge. In Sweden pro-Communists dish out some money for the deserters, but the amount is limited. The American Deserters Committee over there collects cash from left-wing sources, but it is far from being a pot of gold at the end of a rainbow. The government of Sweden has held out the olive branch for these nondescripts who are unwilling to fight for their country. Good riddance! Sweden can have them, for keeps. Since that country embraces this type of immigrant, perhaps our government should strive to wangle a deal with Sweden to accept more of our undesirables, including other criminal elements, who would voluntarily accept Swedish exile. It would spare us the burden of their presence and the cost of their upkeep.

PLATEAU RELAY

(Continued From)

championship will be McKin, Sonora and Junction. The complete program of scholastic League track and events will be held. Medals for 2nd and 3rd places will be given. These medals have been struck especially for the meet. They are inscribed with green eagle and Plateau Relays. Trophies will be awarded to the champion and the runner-up in each division. There will be a team trophy for each of the relays. The Tommy Sikes Memorial Trophy for the fastest mile will be given for the third year; this is a traveling trophy. Steve Stallings of Stanton was the recipient in 1968, and he will be competing for the trophy again this year. Both divisions will be competing for this trophy. The oldest record on the books for the meet is the 100 yard dash. It was set by David Green of Richland Spring in 1958, and the time was 9.6.

Van Dusen, G. Hext, Glenn Parker, Nick Jurecek, Vernon Rogers, Jack Griffin, Weatherly Kinsler, Oran Enochs, Clovis Taylor, Weldon Davis, and L. D. Ochsnor.

Science Winners Named

E. S. P., Durability of Textiles, and Factors Affecting Reaction Times were just a few of the projects entered in the High School and Jr. High Science Fair held March 3-6 in connection with Texas Public Schools Week. Winners of the Science Club sponsored fair were announced last Wednesday by Robert L. Jay, director. They included:

Senior High

- 1st Bio., Gay Lynn Richardson, Patty Page, "Testing Durability of Textiles." 1st Physical, "The Home Speaker," Danny Boyer, Buddy Calk, Jimmy Mercer. 2nd Overall: "Longer Bows Are Faster Than Short Bows," Sam Oglesby, Ross Whitten. 3rd Overall: "Growth of Bacteria," Leslie Martin, Loretta Schooley. Honorable Mention: "Bernovilli's Principle," Paul Page, Hyman Sauer, Richard Keel. "Plant Growth," Paula Dockal, Sheila Redwine. "Angular Dispersion of Light," Danny Boyer, Buddy Calk, Jimmy Mercer. "Affects of Antibiotics on Bac.," Terry Martin. "Hot Wire Explosions," Bob Page, Mike Olson.

Junior High

- 1st Bio., "Factors Affecting Reaction," Eva Jo Blaylock, Benjie Jay. 1st Physical, "Electromagnet," Denise Adams. 2nd Overall: "The Artificial Ear," Beth Day. 3rd Overall: "Photosynthesis," Sherwin Jackson, Sherri Lux. Hon. Mention: "Comparison of Non- and Fertilized Plants," Lou Ann Nixon, Mort Mertz. "Comparison of Trees," Janet Oglesby. "Evaluation of Local Soils," Len Mertz. Secretary, Kathy Robinson.

Rep. Hilary Doran Visits Dept. Of Corrections

Huntsville, Tex.—Rep. Hilary B. Doran, Jr., of the 6th Representative District visited six units of the Texas Department of Corrections Thursday and Friday. The Appropriations Committee of the State Legislature studied many of the vocational and educational facilities as well as a number of industrial and agricultural operations.

Among the programs visited on Thursday were the horse raising operation of the Goree Unit, the garment factory at Ellis, and the classification facilities at the Diagnostic Center. Friday, the committee toured the Wynne Treatment Center's records conversion's project, the mop and broom factory at the Ferguson Unit, and the license plate plant at the Huntsville Unit.

Ashley Niblett, young son of Mr. and Mrs. C. J. Niblett, was entered as a patient last Monday in the local hospital. He was treated for fever and pneumonia and was reported responding to medication by Tuesday.

School Menus

(All meals served with buttered rolls and milk.) Thursday, March 13: Chicken fried steak & gravy, creamed potatoes, cream style corn, lime congealed salad, butterscotch pudding. Friday, March 14: Sandwiches (tuna salad, ham salad, pimento cheese), potato chips, English pea salad, peanut butter cookies. Monday, March 17: Ground beef steaks & gravy, creamed potatoes, blackeyed peas, carrot & pineapple & raisin salad, white cake, chocolate icing. Tuesday, March 18: Barbecued beef, pinto beans, potato salad, cheese slices, cucumber slices, pickles, fruit cobbler. Wed., March 19: Hamburgers, lettuce and tomatoes, potato chips, cheese strips, fresh fruit cup, brownies. Thursday, March 20: Baked turkey & dressing, giblet gravy, English peas, Waldorf salad, fruit jello. Friday, March 21: Tuna croquettes, spaghetti and tomatoes, waxed beans, lettuce & pineapple & cheese salad, peanut butter cookies.

Tax Man Sam Says:

When it comes to arithmetic the IRS computer would get a straight A and stand at the head of the class. Most of us make simple errors in arithmetic anytime we add more than two and two. However, when we figure our income tax returns we have to go through the painful process of adding and subtracting and multiplying just like we did when we were in the fifth grade.

When an Internal Revenue agent or any tax professional figures a tax return he uses an adding machine and/or calculator to work the tax computation. He also goes back and re-checks all of his figures. In many cases the professional man who works with figures also has someone else to check the figures. If all taxpayers would follow the system used by the professionals and very carefully re-check their figures, they would keep the IRS computer from sending out so many math error notices.

Mrs. Elnora Love visited recently in San Antonio where she was met by her son-in-law and daughter, Mr. and Mrs. Bob Whitis and young daughter of McAllen. Visiting Mrs. Love here now is her sister-in-law, Mrs. Merle Davis of San Antonio.

Sam A. Whitten and family have moved from San Angelo to California. Their address is 3734 Vinton, Apt. 7, Los Angeles, Ca! 90034.

Wildcat Staked Near County Line Lloyd Patton, Fort Worth, scheduled the 4,200-foot Ellenburger wildcat in Menard county, No. 1-A Joe Hunter Russell, 1,999 feet from north and 2,465 feet from east lines of section 73, EL&RR survey, A-874, seven miles north of Fort McKavett and three-quarters of a mile northeast of the Shaheen 3,500-foot Harkey sand pool.

Gregory Toburen Is In Sealy Hospital

Gregory Toburen, age 10, son of Mr. and Mrs. Toby Toburen, former Eldorado residents, now of Lufkin, was taken to John Sealy hospital on Feb. 27 in critical condition. He remains there at present but is some improved. Steve, Don, Ken and David Toburen are visiting the W. R. Thurmons for two weeks while the parents are in Galveston. Greg is in Ward C, Room 944, at John Sealy Hospital in Galveston. Foregoing information is from Mrs. George (Toby) Toburen, Rt. 1, Box 404T, Lufkin, Texas 75901.

County Extension News

W. G. Godwin, Co. Agent

Grass is our basic heritage and good palatable grass is the cheapest feed we can grow. And, it affords protection from floods, guards our cities' water supplies, furnishes our cereal crops and provides forage for livestock and wildlife.

Knowing which grasses grow on your range can be the key to successful range management. Certain pasture grasses are indicators, like signs on a highway. They show whether the range is going up-hill or down, or if the road ahead will be crooked or straight.

The ranchman should know the kinds of plants growing on his range. He should know their forage value, how to use them properly, the kind of livestock to utilize them to the fullest and the proper seasonal management.

He should also know the drought resistance and livability of grasses, how and when to control noxious plants, how to properly distribute livestock for uniform forage use and how to develop a

grazing system to keep the livestock numbers and forage in balance.

Read the signs on your range, and then handle it accordingly. "Know Your Grasses," a publication of the Texas Agricultural Extension Service can help answer many of the questions dealing with good range management. Copies are available at my office.

You cannot lengthen your life, but you can add width and depth to it.

What does the calibration of equipment mean to a good farmer or manager? It means more money in his pocket and the reputation of being a better manager.

Calibration of equipment means knowing, for example, that a fertilizer distributor will spread 1,800 pounds to the acre and not 1,000 pounds or 2,500 pounds.

The calibration of sprayers is more critical than that of other equipment because the results can be more disastrous.

Under-planting or sowing means you are losing a definite percentage of your soil's production capacity. How long would you keep a low producing cow or a tractor that was running on 3 cylinders instead of 4? Over-planting or sowing means a waste of expensive seed and too much competition between plants.

Why not do something about the calibration of your planters, grain drills, fertilizer distributors, chemical applicators and spray rigs? Operator's manuals which come with most machines usually contain calibration instructions and they should be studied and understood.

No possible profit justifies questionable action.

Ronnie Mittel has definitely proved that fertilizer can mean the difference between 15 bushels of oats where no fertilizer was used and 50 bushels where fert-

ilizer was used. In this demonstration 13 acres of ora oats was planted September 20, 1967 using two bushels of certified seed per acre. Eight acres was fertilized with 250 pounds of 16-40-0 per acre, drilled in the first week in September. Five acres received no fertilizer. These oats were grazed 100 days with 100 ewes with lambs. The economic evaluation was an additional 35 bushel yield, which showed a value increase for oats of \$25.90 per acre. The cost of fertilizer was \$8.00 per acre, profit due to fertilizer \$17.90 per acre which gave a profit of \$2.25 for each dollar spent on fertilizer. Ronnie was only able to harvest about 60% of the grain due to excessive winds before harvest causing "lodging" while the harvest of the unfertilized 5 acres was 98%. Should 98% of oats been harvested on the 8-acre plot; profit due to fertilizer, would have been \$43.80 and profit per dollar spent for fertilizer would have been \$5.48.

All crop producers should attend a fertilizer meeting Tuesday, March 18 at the Memorial Building at 7:30 p.m. Coffee and doughnuts will be served. Dr. Bill Longstaff, of the American Plant Food Company will be the speaker. Coffee and doughnuts will be served by Stokes Feed and Seed Company.

One minute of patience when you are angry saves 100 days of regret. The 4-H team of Jack Williams, William Edmiston, John Danford, Donald Holsey and Jim Martin, won the 4th place trophy in the 4-H Range-Pasture Plant Judging, Saturday at the San Angelo Fat Stock Show. Jack Williams was 10th High Point man. A man's judgment is no better than his information.

**SIX FLAGS TO OPEN '69 SEASON APRIL 12**

SIX FLAGS Over Texas hostess Jill Tipps caused a slight work stoppage by some members of the construction crew building the Park's newest attraction, the 300-foot Oil Derrick.

Scheduled to be in operation when SIX FLAGS opens the 1969 season on April 12, the Oil Derrick will afford visitors a spectacular view of the 145-acre park from observation platforms near the top of the rig. At the 50-foot level (where workmen are waving), a giant 180-foot-long, 12-lane slide angled down 35 degrees will be built for visitors wishing to make a rapid and rather daring high-speed trip to ground level.

The 19-million-dollar historical-theme park is located between Dallas and Fort Worth.

Arlington, Texas: One of the first signs of Spring came about today as SIX FLAGS Over Texas, the big, historical-theme entertainment park between Dallas and Fort Worth, set the opening of its 1969 season for the weekend of April 12 and 13.

The announcement came from Angus G. Wynne, Jr., founder of SIX FLAGS and Chairman of Great Southwest Corporation, which owns and operates the \$19,000,000 park.

SIX FLAGS will be entering its 9th operating season this year and is the State's most popular single tourist attraction, according to the Texas Tourist Development Agency, having drawn over 13,000,000 visitors since opening in 1961.

A large corps of workmen are busily engaged on a \$1.4 million expansion program which will add a fresh and exciting array of new rides, attractions and shows for the estimated 2,000,000 people who will visit SIX FLAGS during the 1969 season.

The expansion program is primarily centered on the area between the Texas and U. S. A. sections of the 145-acre park. Here construction on the world's largest land-based oil derrick, which towers 300 feet above SIX FLAGS, is nearly completed.

Designers of the Derrick have ideas other than drilling for oil. Instead, the Oil Derrick will serve as both an observation tower, with a spectacular panoramic view of the entire park stretched out below, and as an unusual ride.

Two elevators capable of carrying 2,000 passengers per hour will carry visitors up to observation platforms near the top. On the return trip down, passengers will have the option of getting off at the 50-foot level, where a giant 180-foot-long, 12-lane slide angled down 35 degrees has been built for a rapid

and rather daring high-speed access to the ground.

A new ride especially for the younger set is the Mini-Mine Train. This ride is a smaller version of the Run-A-Way Mine Train, one of the most popular of all the 85 rides, shows and attractions featured at SIX FLAGS.

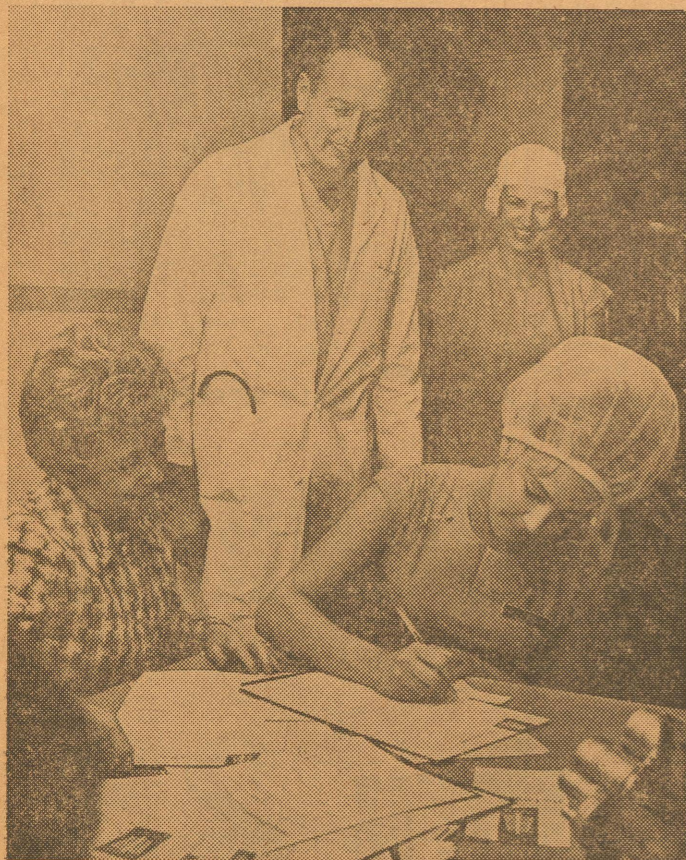

Another new attraction for the 1969 season will be a porpoise show featuring the aquatic antics of four trained porpoises. To house the porpoises, a 115,000-gallon tank is now being built, as well as permanent bleachers around the tank with a seating capacity of 1,500.

The Krofft Puppet Circus, which debuted last season with such critical acclaim, has an entirely different and lavish production planned for this year. The show promises more of the rollicking humor and imaginative surprises which delight audiences of all age groups.

Like all rides, shows and attractions at SIX FLAGS, the Krofft show is included in the one-price ticket that entitles the visitor to ride all the rides and see all the shows as many times as he likes during each operating day at no additional charge.

Tickets are \$4.50 for adults and \$3.50 for children under 12 years of age.

After the opening weekend and starting April 18, SIX FLAGS will be open during the Spring on Fridays from 5 to 11 p.m. and on Saturdays and Sundays from 10 a.m. to 10 p.m. From May 26 throughout the Summer, the Park will be open seven days a week from 10 to 10. After Labor Day, through September 28, SIX FLAGS will be open on Saturdays and Sundays only from 10 a.m. to 8 p.m. Then from October 4 until closing November 30, the Park will operate on Saturdays and Sundays from 10 a.m. to 6 p.m.

World-famed heart transplant surgeon Dr. Denton Cooley watches in Houston as one of his surgical team signs up with The Living Bank, a non-profit organization formed to help persons who wish to donate all or parts of their bodies for transplantation or research upon death. Dr. Cooley and several others on his team signed the few papers necessary. The Living Bank's founder, Mrs. Glen Karsten of Houston, provided the forms as nurse Mary Lou Budde signed. In a joint press conference following the event, both Dr. Cooley and Mrs. Karsten emphasized the importance of a central international information center such as The Living Bank for progress in the field of transplantation of human organs. The Living Bank can be contacted at P. O. Box 6725, Houston, Texas 77005. Dr. Cooley was presented with a gold Living Bank pin when he signed the forms to donate all of his body for medical use.

ASC Honor Roll Includes 3 From Here

San Angelo, Tex.—Three Eldorado students qualified for the Dean's 3.0 Honor Roll at Angelo State College during the fall semester, Dr. Hugh E. Meredith, ASC academic dean, has announced.

A semester grade average of B or better was necessary for listing on the honor roll, Dr. Meredith said.

The Eldorado students earning the honor were: Bedford (Beep) Cain III, son of Mr. and Mrs. Peyton Cain. He is majoring in history at Angelo State.

Gordon Schrank, son of Mr. and Mrs. Raymond A. Schrank. He is majoring in pre-medical at Angelo State.

Don C. Taylor, son of Mr. and Mrs. Delbert Taylor. He is majoring in pre-engineering at Angelo State.

PUBLIC NOTICE

OF THE REQUIREMENT FOR RECORDATION AND LIMITATION OF CERTAIN CLAIMS OF WATER RIGHTS.

Notice is here given as required by Section 4 of the Water Rights Adjudication Act of 1967 (Article 7542a, Vernon's Civil Statutes) that all claims of riparian water rights, all claims under Article 7500a, Revised Civil Statutes of Texas, 1925, to impound, divert or use public waters for other than domestic and livestock purposes for which no permit has been issued, all claims of water rights under the Irrigation Acts of 1889 and 1895 which were not filed with the State Board of Water Engineers in accordance with the Irrigation Act of 1913, as amended, and all other claims of water rights other than claims under permits and certified filings, must be recorded with the Texas Water Rights Commission. Section 4 does not apply to use of water for domestic and livestock purposes as the same is defined by Commission Rules.

On or before September 1, 1969, every person claiming any water right to which Section 4 applies shall file with the Commission a sworn statement setting forth the nature of the claim of water right. Claims to which the Section applies shall be recognized only if valid under existing law and only to the extent of actual application of water to beneficial use without waste during any calendar year from 1963 to 1967, inclusive. However, in any case where any claimant of a riparian right has prior to August 28, 1967, commenced or completed the construction of works designed to apply a greater quantity of water to beneficial use, such right shall be recognized to the extent of the maximum amount of water actually applied to beneficial use without waste during any calendar year from 1963 to 1970, inclusive; provided an additional sworn statement is filed on or before July 1, 1971. Failure to file the sworn statement or statements in substantial compliance with Section 4 shall extinguish and bar any claim of water right to which the Section applies.

Instructions and forms for recording claims may be obtained without cost from the Texas Water Rights Commission, P. O. Box 12396, Capitol Station, Austin, Texas 78711.

Joe D. Carter, Chairman TEXAS WATER RIGHTS COMMISSION (M 6-13)

A Message From The President of the U. S.

Girl Scouts of the U. S. A. have helped to train and inspire 29-million girls and adults to become more active, informed and resourceful citizens. That is a record of service to our nation of which you can be unusually proud. From personal experience, Mrs. Nixon and I know how Girl Scouting also encourages individual enterprise and initiative, and personal development. Both of our daughters have been Girl Scouts. There has never been a greater need for a youth organization that encourages good citizenship and responsible personal conduct, international friendship, and service to others. Mrs. Nixon joins me in congratulating you on 57 years of achievement and in extending good wishes to your three and three-quarter million members for continued success and growth in your vital program for youth. —Richard Nixon; from Girl Scout Leader Magazine, March, 1969.

Bake Sale Set Friday By Firemen's Auxiliary

The Ladies Pumper Team is sponsoring a bake sale downtown, Friday, March 14, at 9:00 o'clock. The purpose of the bake sale is to raise money for the Ladies Pumper Team to go to the State Fire Convention in McAllen, Texas June 10-12. If you have a certain cake or pie you would like baked we will take orders. These orders may be placed by calling Jo Fathoreo or 853-2679. Your response will be greatly appreciated. —Rep., Dorothy Clark.

P-TA Meeting Set

Tuesday, March 18, at 9:30 a.m. in the high school auditorium the Eldorado P-TA will meet.

A film on abuse of drugs will be shown. Guest speaker will be Captain McConnell, administration officer from Goodfellow Air Force Base at San Angelo.

The election of P-TA officers for the coming year will be held. So everyone please try to attend.

Austin, Tex.—Thwarted in one effort to keep down the size of the 1970-71 tax bill by school fund diversion, Gov. Preston Smith took a new approach.

He called on Atty. Gen. Crawford Martin to rush an opinion as to whether income from state-owned submerged lands (bays, river banks, etc.) can be used for current school spending.

Martin earlier held unconstitutional the governor's plan to get \$7.6 million in state land revenue bound for the sacrosanct permanent school fund for educational

financing during the next 2 years. Only investment income from the permanent fund can now be spent. Smith accepted Martin's original opinion, but noted that revenue from submerged lands was not dedicated to the school fund by constitution but by statute in 1939 and 1941. So, if the Legislature can dedicate money from those oil-rich lands, Smith feels it can "undedicate" as well.

"If 72 1/2% of the royalties involved were utilized, it would mean approximately \$52 million which the taxpayers would not have to produce to meet anticipated revenues needed to finance state government during the coming two years," Smith maintained.

He asked Martin for an early ruling in preparation for a supplemental message the governor will deliver to the Legislature, in which he will spell out alternative sources for the \$71.6 million item invalidated by the attorney general's March 3 opinion.

Smith first said he has two alternatives: budget-cutting or a reinforced revenue plan. He decided he didn't have much fat left to trim in his budget and settled on alternative money raisers.

Legislature Acts

Legislature finally reached its full complement, with the election of Rep. John H. Poerner of Hondo, a Republican, to fill the vacancy created by the death of Rep. D. C. Howard of Uvalde. And the lawmaking process continues.

Legislators have completed action on the workmen's compensation reform bill which raises benefits to injured workers from \$35 a week maximum to \$49. Measure went to the governor for his signature following House passage 146 to 1. (Senate acted earlier.)

One of the session's most important measures, a proposed constitutional amendment raising the water bond ceiling to \$3.5 billion to finance the state's share of the \$10 billion Texas water plan, passed the House 131-15 and went to the Senate.

In their liveliest action, both houses voted out a bill to provide maximum fines of \$200 and jail sentences up to six months for disruptive activities on school and college campuses. Bill went to conference committee for adjustment of differences.

Another bill cleared by both houses would permit Texans to buy rifles, shotguns and ammunition in adjoining states despite the federal gun law. Similar legislation is being considered in other states.

Senate passed a variety of bills including a Texas Meat Inspection Law (which is necessary to prevent federal regulation of meat), a trailer house uniform standards act, a 45-minute daily planning break for school teachers and extension of time for homecoming Vietnam servicemen (90 days after return) to renew their drivers' licenses.

House approved bills allowing persons between 19 and 21 to be licensed as cab drivers, protecting the rights of developers of new varieties of cotton, and requiring the labeling of eggs as to their state or country of origin.

Bills Introduced

Legislators kept dropping more and more bills into both the House and Senate hoppers, including:

—A bill to require telephone companies to maintain a business office in every county seat where it provides telephone service. —Creation of a 50-member Govern-

ment's Committee on Human Relations "to recommend programs of action designed and intended to promote and obtain a better understanding and relationship between the various groups."

—Establishing a Texas Board of Examiners in the Fitting and Dispensing of Hearing Aids to license and regulate all persons in that business.

—Allowing haulers of agricultural products to get a permit to operate without having to prove their service would fit the "public convenience and necessity," which other truckers must show.

—Creating the Legislative Modernization Committee to study and improve the legislative process.

—Closely regulating when and how and for what purpose state law-enforcement agencies can use electronic eavesdropping or "bugging."

—Requiring all elections in Texas to be with the use of voting machines, which he state would furnish but which would be stored and maintained by the counties.

—Allowing school districts to increase the length of their school terms from nine to 10 months.

—Increasing the penalty for the crimes of rape, armed robbery and murder.

—Providing state support for kindergarten programs voluntarily operated by local school districts for five-year-old children.

—Requiring door-to-door salesmen to return a customer's money, if the customer demands it within three days after buying something which he did not solicit.

—Establishing a Texas presidential primary to replace the existing system of a series of conventions and prorating the state's national-convention delegate votes according to the returns in the primary.

Appointments . . .

Former State Rep. Joe Burkett Jr. of Kerrville was named by Governor Smith to the Texas Liquor Control Board for a short term extending until November 11. He succeeds O. R. Crawford of Jasper who resigned.

Smith named Leslie R. Neal of San Antonio to succeed William E. Berger of Hondo on the Texas Water Rights Commission.

Governor appointed Tommy V. Smith of Austin as Commissioner of the Bureau of Labor Statistics.

Governor Smith appointed Dr. Albert B. Spires of Taylor to the State Board of Medical Examiners; James W. Throgmorton and Daniel J. Bromley Jr. of Port Arthur as branch pilot for Sabine Bar, Pass and Tributaries.

He reappointed Laurence R. Melton of Dallas as chairman of the Committee for the Employment of Handicapped.

Courts Speak

Supreme Court listened to arguments of two banks over which bank is entitled to administer \$300 million estate of Sarita Kenedy East pending a decision on which will of the South Texas ranch owner is valid. Will contest itself will be heard in Kenedy County district court near Kingsville.

A 19-year-old San Antonio youth, hit by a taxi while trying to help a girl hurt in a previous traffic mishap, is not entitled to damages awarded him by the trial court, says the High Court.

A merchant seaman seriously injured when he fell on an unsecured plate on a catwalk should recover \$54,264 judgment, the Court found.

Attorney General Rules

To nobody's great surprise, Attorney General Martin declared unconstitutional Governor Smith's proposed diversion of money earmarked to the permanent school fund for current education spending.

Martin said legislation making air and water pollution misdemeanor offenses is unconstitutional as applied to associations and firms

in that the constitutional reference applied only to individuals and private corporations. A variance by state agencies would be complete defense to prosecution.

Attorney General held as not qualified an applicant for registration as a professional engineer who holds only an agricultural degree from Texas Tech College prior to 1962.

Brucellosis Challenge

A McMullen county rancher is challenging the constitutionality of the Texas Animal Health Commission brucellosis program, which requires that cattle owners must sell any stock with brucellosis to slaughter houses.

R. J. Nunley got a temporary restraining order to stop the Commission from quarantining his cattle, which apparently have the disease. A Sinton court was to hear arguments on the issue.

Animal Health Commission is concerned because, if the brucellosis control program is ruled unconstitutional, then other states likely will prohibit the importation of Texas cattle.

Animal Health Commission is concerned because, if the brucellosis control program is ruled unconstitutional, then other states likely will prohibit the importation of Texas cattle.

Boll Weevil Beaten?

If experimentation under way in Dickens, Motley, Briscoe and Hall counties proves successful, Agriculture Commissioner White says the dread boll weevil may become as extinct as the dinosaur.

High Plains cotton farmers are getting the help of an experimental boll weevil trap coupled with poison baited plants to eradicate the biggest trouble-maker in Texas agriculture history and one of the South's biggest economy-changers.

Experiment will be carried out
