## Eagles Champs Of District 8-A In Track

Coach Sherwood Barker's Eldorado Eagles not only won their 6th consecutive track meet but won the district 8A championship last Saturday at the Eagle Stadium. The fast flying Eagles scored a total of 151 points compared to Mason 142, Sonora 123, Junction 52, Menard 25 and Eden 4.

By the time the finals in the running events started the field men for the Eagles had scored a total of 69 points giving the Eagles a good lead going into the final events. In doing this we had a triple winner in Archie Nixon who picked up three first places, the shot put, discus, and the high jump. Terry Clingan added to the points when he won the long jump and also placed fourth in the high jump and pole vault. Jerry Baty came through and added even more points to the field events as he took second place in the long jump, sixth in the shot put and third in the discus. Adding even more points in the field was Billy Hubble who picked up fifth in the Pole vault, sixth in the long jump and fourth in the discus.

With this lead the speedy Eagles began to get ready for the first running event of the night, the 440 yard relay. There was truly a big surprise in store for the Eagle relays team which had won five in a row; they came in second, but this did not stop them from posting a fine time of 43.8. The Eagle team had a better time of 43.7 this season. Coach Barker said of this, "We made a mistake and it cost us a first place finish and possibly a real good time but I want to commend the relay unit for recovering and placing good enough to get the regional meet; the boys will see that this won't happen again."

Adding to the points was Jimmy Martin who picked up a sixth in the 880 yard dash. Bob Page scored a second place finish in the 120 high hurdles, Wayne Doyle who just keeps on winning the 100 yard dash picked up another first place in the event, and Keith Williams even added more to the total when he placed a good third in the 100-yard dash.

As the mid-point of the meet came and the 440 yard dash time came it was Paul Page who set a new record in the event with an excellent time of 49.9. Wayne Doyle gave us another first place when he won the 220 yard dash with a record tying the old record with the time of 22.2. This is one of the best Class A times in the state. Also placing in the 220 was Archie Nixon who picked up a sixth place.

The next event is one of the hardest in track, the mile run. In this event determined Steve Sykes brought home the second place medal which gave the Eagles a good lead going into the last event. When Steve finished second it put the championship out of reach of the other teams. Sam Oglesby picked up a fourth place in the mile.

The mile relay team picked up a fourth place to add to the total points and walk away with the District 8-A Championship.

The District 8A Championship Team is made up of the following Eldorado Eagles: Jerry Baty, Mickey Clerk, Terry Clingan, James L. Davis, Wayne Doyle, Ricky Griffin, Billy Hubble, Archie Nixon, Sam Oglesby, Bob Page, Paul Page, Bob Sykes, Steve Sykes, Keith Williams, Robert Wilson, Robby Joyce, Manager.

## Hospital Auxiliary To Operate Beauty Shop

The Hospital Auxiliary executive board met Monday and voted to set up and operate a beauty shop in the hospital for use by patients.

The shop will be staffed by volunteers and no charges will be made. It will be strictly for use by patients in the hospital and nursing home. A room has already been designated for this purpose and arrangements made for purchase of the necessary equipment.

A Flea Market is set for April 23-24 to provide funds for equipment, and this is more fully described elsewhere in this Success issue.

Spending from Monday to Friday at Kingsland lake were Mrs. Elnora Love, Mrs. Leslie Baker, Mrs. Sarah Hall and Mrs. Margaret Frost.

## Post Script

There were over 20 people in attendance at last week's Foundation meeting, as reported elsewhere on this page. This was considered a good turn-out for a brand new project.

By conservative estimate there were perhaps twice that many who did NOT attend last week's meeting. Although they were absent they, too, are interested in the future of Eldorado. Now that the Foundation has been officially set up, no doubt nearly all of these "absentees" will want to become members and that is what the Directors expect and are hoping for. They have agreed that all who join during the next month will be enrolled as "Charter Members."

If you should be one of these simply call or see one of the directors and hand in your check. Remember these five directors all have full-time jobs demanding their attention. They will appreciate it if you will come in voluntarily without being solicited.

Names of additional new members will be carried in our next issue.

This is a completely new organization and what we get out of it will be determined by what we put into it.

At the Industrial Foundation meeting last Thursday night this question was asked: "What can a Foundation do that a Chamber of Commerce or Lions Club couldn't do?"

The answer was that the Foundation is chartered and incorporated and will be able to enter into legal contracts on various programs offered by the Small Business Administration.

An explanation of SBA's program is provided in one of their bulletins as follows:

The Program is an economic development program, not just a loan program. One of the important objectives of the program is to help small communities attract payrolls to stabilize their economies and slow down, or stop, the migration of its citizens to the larger urban areas. This migration is a paramount national problem because the migration is causing problems in the small community and even more unsolvable problems in the larger urban areas.

It is a program that works exclusively through a community development corporation made up of a broad base of 25 or more local citizens whose primary purpose is to improve their local economy. To become eligible for assistance, these citizens must organize a Local Development Corporation (or Industrial Foundation), raise funds to cover at least 10% of the total project cost, and as a corporation assume the full liability for any project they sponsor. Economic development of the community, not individual profit, is the motivating force.

In every case, a loan is made exclusively to a Local Development Company to permit it to assist a specific identifiable Small Business Concern. The personal involvement of the citizens and commitment of their own personal dollars is good insurance for sound projects.

People moving: Douglas Schmidt is back here in the Jack Ottaberry house. Mr. and Mrs. M. D. McAngus Jr. and family have rented the Chestman house.

Wednesday, April 15th, was the final day for filing your income tax report, and for the past few days we've noticed a number of people making their way to Leslie Baker's office with papers in their hands, getting in just before the deadline with their 1040 forms.

On page 4 you'll find a group of new pictures of our roping arena, which is now close to being finished.

Friends at the Schleicher County Nursing Home honored C. I. Martin Sr. celebrate his 81st birthday April 15th.

Mr. and Mrs. Don McCormick of Austin arrived here this week to visit relatives and friends. He is former manager of the Southwest Texas Electric Co-Op, and has lived in Austin since retiring about two years ago.

## Industrial Foundation Is Off and Running

With a cigar box full of checks and cash the Schleicher County (Industrial) Foundation was launched as a going concern Thursday night when some twenty enthusiastic citizens attended the initial kick-off meeting in the Lions Club room in the Memorial Building.

Elton McGinnes served as temporary chairman at this meeting, and he and Attorney Barfield and County Agent Godwin explained the purposes and needs of an official organization—how this one had already been chartered with the Secretary of State—how no small town could deal with the Small Business Administration without a foundation—how similar foundations had just been set up at Crane and Iraan. It was pointed out that "if you don't have a foundation you don't have a chance."

After a round table of questions and answers an invitation was extended for paid members. That was when Cecil Pearce, temporary secretary, was deluged with a flurry of checks and cash, and the organization was under way.

Proposed by-laws were promptly adopted, and then the five temporary directors were voted as permanent directors—Elton McGinnes, Ed Meador, Cecil Pearce, Pat Wester, and Raymon Mobley. These in executive session then named the officers:

President, Raymon Mobley;  
Vice President, Cecil Pearce;  
Secretary-Treasurer, Elton McGinnes.

Other details included naming The First National Bank as a depository; authorizing the attorney to order an official seal, and ordering necessary supplies including membership cards.

On Friday morning the president and secretary called at the bank and opened an account in the name of The Schleicher County Foundation, and made an initial deposit of \$580.00. On Monday Secretary McGinnes reported 22 members up to that time.

An active drive for many new members is being made. Individual memberships will be \$10.00 per year, and \$25.00 for business establishments.

## Hospital Notes

Patients admitted between April 8th and 14th:

Frank McMullen  
Juanita Foster  
Jerold Young  
Willie Wilson  
Ivy Lassater  
Ella Parrent  
Bailey Renfro  
Clemencia Mendez  
Jaime Arebalo Mendez  
Ramona Varagos

Patients discharged:

Beverly Childers  
Juanita Nixon  
Marjorie Roden  
Jerold Young  
Hattie Stanford  
Willie Wilson

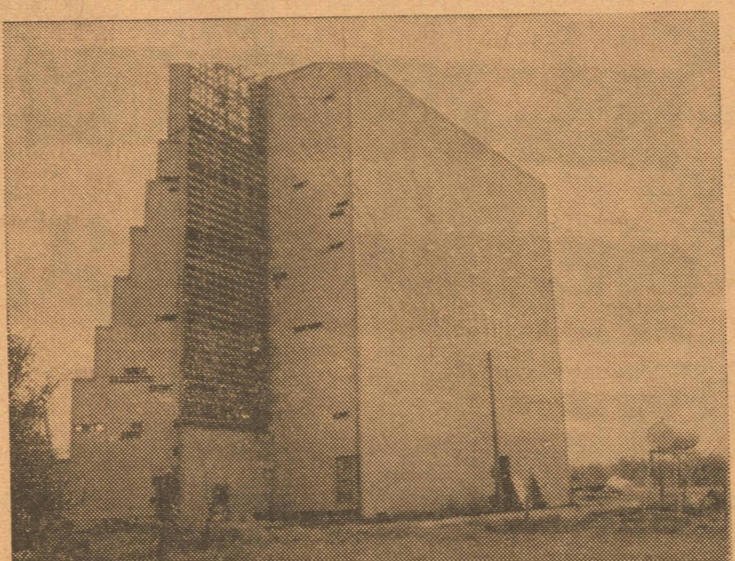

## TB Association Sets Meeting For Saturday

The first Annual Meeting of the Big Country Tuberculosis and Respiratory Disease Association will be held Saturday, April 18th at 1:00 p.m. in the Angelus Room of the Central National Bank.

On April 1, 1969, 32 counties in Southwest Texas combined forces to fight tuberculosis and respiratory diseases. San Angelo was selected as headquarters and D. C. Moore as Executive Director. Two Directors from each county compose the Board of Directors.

Presently serving from Schleicher county on the Board of Directors of the Big Country Tuberculosis and Respiratory Disease Association are: J. B. Brame, M. D., and Mrs. W. F. Edmiston.

## DRIVE-IN THEATER SCREEN IS BEING DISMANTLED

Dismantling is under way of the drive-in theater screen on the east edge of town. Delbert Edmiston operated it for a 16-year period, from 1951 through 1967 and he still owns the property and lives nearby.

## Band To Brownwood Friday For Contests

The Eldorado Eagle Band will go to Brownwood Friday, April 17 for concert and sight reading contests. All Class A bands will perform on Friday at Brownwood High School.

The Band will be trying to make the 4th consecutive Sweepstakes Award. Having earned I in marching they will need to win concert and sightreading in order to get the Sweepstakes.

Eldorado holds the record for the longest winning streak among Class A bands and we hope to continue. The Eagle Band will perform at 4:00 p.m. on Friday. Due to the band being the largest in the class they will be last to perform.

Other Class A bands in competition will be: Junction, Santa Anna, Eden, Goldthwaite, Glen Rose, Mason, DeLeon, Dublin, Ranger, Menard, Sonora and Cross Plains.

## Further Action Made On Low Rent Units

At a recent meeting of Eldorado City Council, the council by a unanimous vote passed a resolution requesting an additional 24 units to the present low-rent units here which are now fully occupied.

Eldorado's low-rent housing facility is governed by Mrs. John Gilmore, executive director, and five additional board members: Buddy White, chairman; Kenneth Vaughan, Delia Pena, Dana Owens and Clay Porter.

This board was called together Tuesday night by Mrs. Gilmore to act upon the resolution passed by the City Council and it was unanimously approved. The papers will now be sent to district headquarters in Fort Worth for processing. It may require months, but the request is now in the mill.

## Thirty-Six Attend Bicycle Inspection Day

The Lions Club staged their Bicycle Inspection Day this past Saturday at the Memorial Building and 35 youngsters turned out with their bicycles for the event.

Highway Patrolman Del Copeland put on a program on safety. Several "Dime Races" were run.

Ten door prizes were given and the Lions Club thanks the 10 local business concerns who donated these, it was stated by Lion Rountree.

## Back From Viet Nam

RAY LEWIS BALLEW

was flying in Wednesday of this week for a visit with his parents, Mr. and Mrs. R. L. Ballew and other relatives after serving for the past year as a Naval officer in Viet Nam.

He will be here on 30 days' leave and then report to new assignment at Orlando, Fla.

Mr. and Mrs. Bill Gunstead and Gwendolyn and Billy Charles spent Saturday at Six Flags Over Texas at Arlington. Saturday was opening day of the 1970 season and was

## March Credited With Rain Of 2.14 In.

Total precipitation for the month of March is reported at 2.4 inches according to the averages of several gauges by Lloyd Johnson.

January had half an inch, and February was listed at 1.33 inches, making the total for the first three months 3.97 inches—or practically 4 inches.

These rains for the most part consisted of a series of intermittent showers which never allowed the country to get out of the mud.

## Sample Ballot For First Demo. Primary Printed On Page 7

A sample of the ballot for the May 2nd Democratic Primary is printed on page 7 of this Success issue. It shows how candidates' names will appear in the various races, on both the local and state levels.

Sample ballots printed on pink paper are also available for each of the four precincts at the Clerk's office and at the Success office; these are free to voters who want them.

Local citizens who plan to vote in the Democratic Primary are urged to study the sample form carefully; remember, however, that you cannot take a sample with you to consult when you go to the polls to vote. To do so would be a violation of the Texas election code. This rule applies whether you plan to vote at the polls on May 2nd, or vote absentee before then.

## Absentee Voting On

Absentee voting for the First Democratic Primary started Monday in the office of J. P. Enochs, County Clerk.

Tuesday afternoon, 50 votes had been cast, 22 in person and 28 ballots mailed out.

Since there is considerable interest building up in local races, it is expected that many more absentees will be cast during the remainder of this month of April.

## Incentive Payments Total Over \$320,000 For Schleicher Co.

Producers were mailed last week their incentive payments on 1969 wool, mohair and unshorn lambs. The total amount paid under this program in Schleicher County amounted to \$320,480.76. Of this amount, \$277,469.08 was paid on wool, \$34,326.99 on unshorn lambs and \$8,684.69 on mohair.

## Flea Market Set By Hospital Auxiliary

A Flea Market is set for April 23-24 by the Hospital Auxiliary, proceeds of which will be used to purchase equipment for the beauty shop that the group will set up soon in the hospital.

Mrs. W. W. Holsey, phone 256, and Mrs. C. C. McLaughlin, phone 2515, are chairmen for this event which will be held in the Woodward lower shop building on the Menard highway. If you have anything you wish to donate to this sale, call one of them and she will arrange to have it picked up.

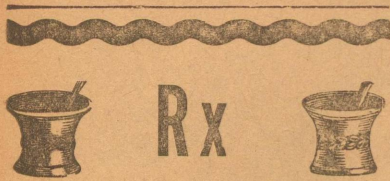

This sale is to be conducted along the lines of a rummage sale or garage sale and any and all household articles that you no longer need and wish to dispose of may be included in the sale.

A bicycle built in 1898 could seat 10 people.

## Cancer Drive To Be Launched

A fund drive for the American Cancer Society is being launched here during the week of April 20-25. Members of Beta Sigma Phi sorority will have charge of residential collections, A. G. McCormack will be head of solicitations in the business district, Mrs. Jack Hext is general chairman, and the Rev. Bobby C. Palmos is chairman of publicity.

Goal for Schleicher County is \$250. Please give when the Cancer volunteer calls on you next week.

**Clean Up Your  
MEDICINE CHEST**

**12 Safety Rules To  
Prevent  
Accidental Poisoning**

1. Keep all medicines and household poisons (cleaning fluids and insecticides) out of the reach of children.
2. Never refer to medicine as "candy" to your child.
3. Read all labels carefully and follow directions.
4. Don't take a medicine prescribed for someone else.
5. Never increase the dosage or the frequency of a dose of medicine—unless your doctor suggests it.
6. Throw out the contents of all old medicine bottles.
7. Keep internal medicines in one cabinet and external medicines and poisons in another.
8. Do not place poisonous liquids in soda bottles.
9. Throw out all unlabeled medicines and containers.
10. Do not take or give medicines in the dark—when you may be sleepy.
11. Protect your skin when using insecticides, solvents or cleaning agents. Remember some products can be absorbed through the skin; use as directed.
12. If someone takes a potentially toxic substance in your home, call a physician immediately. Don't wait for symptoms to appear.

**Unique Roses Found  
In Rosedown Garden**

St. Francisville, La.—Late blooming azaleas are at their peak in the gardens of Rosedown, including the famous "Felicianas Reds", great plantations of Judge Solomon and Ping Pearl. These dainty blossoms dominate garden vistas every spring after the delicate, ephemeral Rosedown pinks have had their show.

Growing alongside azaleas are Banksia roses, which bloom about six weeks in the spring. These dainty, pert blossoms which flower in clusters on long, thornless limbs look like double doll blossoms. Both the golden, or lutea, and the Albas flourish at Rosedown. The white Banksia smell like violets. These favorites of the South came to us from China, and are known to have been in cultivation since 1700. Many thrive so well in Southern climates, that they climb up to 50 feet. Both of these long-lived varieties have small shining foliage, and are called Lady Banks roses.

The gardens of Rosedown are rich with old, rare roses. Many scarce antique rose bushes grow in an old rose garden near the plantation office. A few varieties bloom only in the spring, among them Madame Hardy, a white Damask rose dating from 1832 which is said by many rosarians to be the most beautiful white rose ever created. The blooms are many-petaled, flat, with the petals arranged in an intricate design. The sepals flare, and each blossom is centered with a jade green carpet.

Other old roses in bloom include Madame Cochet, a high pointed old tea rose; Devoniensis, a large flat white rose which is perfect in shape; and Souvenir de la Malmaison, a milk white quartered rose with a pink heart. The tea roses, which are as much a part of Southern heritage as old silver and lustre ware, flourish at Rosedown and are part of a collection of old roses on the ground.

Still in bloom are native trees and shrubs of spring, including dogwood, fragrant yellow jasmine, and wisteria, which is almost synonymous with old Southern gardens. During the difficult years after the Civil War, wisteria vines were used as plow lines and as a substitute for rope. At Rosedown in the spring lavender wisteria can be seen high in the tops of giant trees, all of which have grown to enormous proportions in the last century.

Two films, the Rosedown Restoration and Enchantment of Rosedown, are available for club use. For information write Rosedown, Drawer M., St. Francisville, La. 70775.

In 1923 a Model "T" Ford could be purchased for \$295.

**Hospital Construction  
Modernization Bill**

By U. S. Senator Ralph Yarborough

There is a great need in this nation for more hospitals, outpatient clinics and other health facilities. This country needs over 200,000 new hospital beds now. It needs nearly 900 more public health centers and 872 more outpatient clinics. Existing hospitals and other health centers with nearly half a million hospital beds need modernizing.

The health authorities of the 50 states have certified to the United States government, including the Congress, that at today's prices it would cost \$16.5 billion to build the needed hospitals and do the remodeling of the old ones.

This week the Senate of the United States moved to meet this demand. The Senate, by a vote of 79-0, passed my hospital bill, authored by me, which authorizes \$6 billion in money and credit to be extended by the Federal government over a five-year period for grants outright, loans, loan guarantees and low interest direct loans to build new hospitals and to modernize the older hospitals.

Both public and private hospitals are provided for in my bill. The bill also includes provisions for outpatient clinics, long time care facilities, such as nursing homes and for emergency operating rooms so that the many people being injured in industrial accidents and highway accidents can be brought immediately to an emergency room and many lives saved that way.

This bill is the best approach toward providing federal construction assistance in overcoming this great need for more hospitals and health care facilities. It is the greatest hospital construction bill ever approved by the United States Senate. I am proud to be the author.

My bill extends, expands and improves the present hospital construction and modernization program, commonly called the Hill-Burton program. The Hill-Burton Act was first passed 24 years ago in 1946. The Act has been extended several times since it was first passed in 1946. The bill the Senate passed this week is the first major revision of the entire original Hill-Burton program. My bill contains some features of the Hill-Burton program, changes other parts to meet today's needs and adds new provisions not in the law before.

The construction of more outpatient facilities, which is part of my bill, will ease the burden on hospitals. Many people are now being sent to hospitals; if they had outpatient clinics they could be treated near their homes at less expense to them and to the country, and the daily charges for hospital rooms, running \$100 a day in some parts of the country, could be alleviated.

Under my bill over \$21 million would be authorized for use in Texas during 1971. Texas needs more than this, but the \$21 million would be more than double what Texas has been receiving under the Hill-Burton program.

**COUNTY AGENT'S  
COLUMN**

by Tim Godwin

Schleicher County Agricultural Agent

An all-out effort to increase agricultural income in Texas by \$1 billion by the end of the 1976 crop year is being made. The program objective is to further develop the tremendous potential for agricultural income in Schleicher County and for all other counties of the state.

The slogan for the program, "3.76 in '76," is significant for it marks the centennial year of Texas A&M University, the state's land grant university. Too, the agricultural income of Texas is now approximately \$2.76 billion and the \$1 billion increase would achieve the 3.76 figure.

The program is specifically planned to close the gap between average and potential yields of all economically important agricultural commodities produced in Schleicher county and will utilize improved marketing practices. Too, the program is designed to increase both the gross and net income of producers.

The County Program Building Committee will set long range and annual goals based on the knowledge and experience of local farmers and ranchers. These will be attainable if producers will follow the coordinated application of improved practices already proved by research and Extension demonstrations. The practices have been outlined in production guides prepared by Extension office and other resource people for each economically important agricultural enterprise in the county. Improved marketing practices will receive emphasis to production in the program effort.

The County USDA Rural Development Committee, composed of representatives of the Texas Agricultural Extension Service, Soil

Conservation Service, Farmers Home Administration, Agricultural Stabilization and Conservation Service, and Rural Electrification Administration, have pledged their services to the County Program Building Committee in helping Schleicher county reach its goal by 1976.

The program as a rewarding challenge to agricultural producers is a stimulant to the entire economy of Schleicher county.

The best place for your bathroom scales is in front of your refrigerator.

Most of us would probably take a dim view of a contractor who designed and built a house but forgot about outside doors. Of course, the house couldn't be used until at least one hole was cut in a side to resemble a door. But, no matter where the door was cut a compromise would have to be made because some functional or aesthetic feature would be changed.

This assumption may be a bit far fetched but there are producers who are expanding or building new livestock facilities without considering the matter of waste disposal and this could be a costly mistake.

In fact, one of the first questions that should be answered when expanded or new facilities are being planned is—how much waste will have to be disposed of and how will it be handled?

Different waste disposal methods require different housing types and locations to provide an efficient overall unit. Planning a waste disposal system after the construction of the housing facility is completed will, like the house without a door, force a compromise. Con-

sider waste disposal first.

There are still a lot of wide open spaces in this country; the trouble is that they are mostly surrounded by teeth.

It may not be the best weather for repairing metal roofs; however, many problems associated with this type of roofing, in service for several years, can be solved by replacing existing or missing fasteners.

Loose nails should be replaced with nails having a ring or screw-type shank. But be sure the nails are of the proper length, have a lead collar under the head to form a moisture seal and are zinc coated to prevent rust.

When the wood around the old nail is decayed, a different angle on the new nail will usually locate solid material. If there is no solid

wood in the area of the fastener, a No. 12 or 14 sheet metal screw can be used to seal the nail hole and a new nailing made nearby.

If the old roofing sheets are bent or water siphoning has been a problem, the laps can be sealed with asbestos wicking or a mastic sealer that will remain pliable under a wide range of temperatures. The sheets should be fastened tightly with nails and sheet metal screws.

A leaky roof can be responsible for damage and waste to stored farm products as well as a source of discomfort to livestock needing protection from the weather.

Every family tree has some sap in it.

**Do you put a  
higher price on an  
Olds than we do?**

Our own surveys indicate that quite a few people think an Olds costs a lot more than it really does. Result? Many people buy an ordinary car and end up with a lot less car and value for their money.

It's so unnecessary, too, because Oldsmobile has many models that are priced right down with so-called low-priced cars. See your Olds dealer. He'll prove that you're closer to Olds than you think.

**Cutlass S:** The sporty Olds—one of nine Olds models priced under \$2995\*—right down with a lot of low-priced names. But Cutlass really widens the value gap with standard features like these: Regular-gas Rocket V-8 □ Nylon-blend loop-pile carpeting □ Foam-padded seats □ Deluxe steering wheel □ Bias-belted tires □ Door side-guard beams □ Recessed windshield wipers □ Hidden radio antenna.

**Home Demonstration Agent's Column**

I looked up and found at was suddenly Spring. Spring rains that looked and acted like winter rains fooled me. I didn't know it was so close, this Spring which always seems to come before you expect it.

The smell of freshly cut grass, apple blossoms and lilacs are wafted on the wings of a breeze and the sun gets a little closer every day.

I have quit fretting about daylight saving time these days. When the practice first started I stayed tired for three weeks. Later I found out that the work could be walked away from just as easily at 7:00 as at 9:00 in the evening; the position of the sun made little difference. Last year I hardly noticed it.

In case you have forgotten which way the clock should be set, remember the lines:

"Spring Forward;  
Fall Backward."  
The date for DST is April 26.

Consider the importance of the vegetable in your life.

Besides its accustomed place on the family dinner plate, the versatile vegetable appears in soups, main dishes, salads and snacks.

Because more and more persons are calorie conscious, ways of reducing caloric value are indicated in many dishes nowadays.

Actually, most vegetables served alone contain few calories, but added ingredients, such as butter or other fats, can easily boost the caloric content, says the U. S. Department of Agriculture. In some recipes, reduction or omission of fat or other high-calorie ingredients is suggested when such a change does not affect palatability.

Other ideas include replacing an ingredient with a similar one of few calories. For example, skim milk or reconstituted nonfat dry milk in place of whole milk, low-calorie salad dressing in place of regular salad dressing, or sour half-and-half instead of sour cream makes the dish more acceptable to those who must watch their weight.

Although technically a grain, corn is commonly used as a vegetable. And supplies of both canned and frozen corn are plentiful, reports the Consumer and Marketing Service.

This Corn Casserole recipe makes six servings:

**Corn Casserole**  
3 bacon strips, cut in half  
1/3 cup green pepper, thinly sliced  
1 tablespoon bacon or other fat  
1 cup whole kernel corn, drained  
1 cup crackers, plain, cheese or bacon-flavored, crushed  
1 1/2 cups whole or skim milk  
1 teaspoon salt  
1/8 teaspoon pepper  
2 egg yolks, beaten  
2 egg whites, stiffly beaten.  
Preheat oven to 350 degrees. Grease a 1-quart casserole. Fry bacon until crisp. Drain on paper. Cook green pepper in fat until tender. Mix green pepper, corn, crackers, milk, salt, pepper and egg yolks. Fold in stiffly beaten egg whites. Pour into casserole. Arrange bacon on top of corn mixture. Bake about 40 minutes. This casserole contains about 190 calories per serving if bacon and whole milk are used; 145 with skim milk and no bacon.

**Mexican Panned Corn**  
3 slices bacon  
1 tablespoon bacon drippings  
1/4 cup chopped onion  
1/4 cup green pepper, chopped  
4 cups frozen whole-kernal corn  
1/4 cup stuffed green olives, chopped  
1 teaspoon salt.  
Fry bacon until crisp. Drain on paper. Cook onion and green pepper in bacon drippings until just tender. Add corn, olives and salt. Cook over medium heat, stirring constantly, just long enough to brown the corn slightly. Reduce heat cover and steam until corn is tender. 5 to 10 minutes. Crumble bacon over corn. Makes six 1/2-cup servings of 140 calories each.

In the good old days baked beans meant baked beans but today you have time to bake beans for 6 or 7 hours, the usual baking time? Like virtually everything else the process of baking beans has been streamlined and I hereby offer the recipe given to Lovce Parker by her mother and both are excellent cooks with discriminating tastes. If they say it's good, depend on it. Anybody can do it.

**Baked Beans**  
2 cans pork and beans (today's law governing labels would have it read beans and pork)  
1/2 cup barbecue sauce  
1/2 cup brown sugar  
1 onion  
4 slices bacon.  
Cut bacon slices in squares and chop onion. Cook together until onion is golden. Mix bacon and onion with remaining ingredients. Simmer on top of stove or bake in oven at 240 F. for about 2 hours. Remember that beans are a good source of protein and occasionally the ever saving home maker needs a little break in the food bill.

A dandy dessert to serve with the beans would be this fudgy applesauce cake.

Use a gentle touch in seasoning apples dishes.  
Add spices if you wish, but be sure to let them enhance the natural flavor—not smother it. Spices especially pleasant for apples are allspice, cinnamon, nutmeg, ginger, apple pie spice, coriander seed, clove seed, pumpkin pie spice, mincemeat spice and fresh mint.  
Spices often give applesauce appealing flavor, but avoid adding nutmeg until serving time. It has a tendency to make applesauce bitter if allowed to "stand" for any length of time.  
Try adding a stick of peppermint candy to applesauce for a delicious topping for ice cream or for inclusion in parfait glass combinations. Include diced, uncooked, peeled apples to your favorite muffin batter and serve with homemade crystal clear apple jelly.  
Applesauce adds interest to a variety of foods. You'll find it especially appealing in cooked desserts. Try this:

**Fudgy Applesauce Cake**  
1/3 cup softened shortening, butter or margarine  
1 cup sugar  
2 eggs  
1 cup unsifted flour  
1/3 cup cocoa  
1/2 teaspoon soda  
1/2 teaspoon salt  
1 teaspoon allspice  
1/2 cup chopped nuts  
1 cup applesauce  
1/4 cup milk.

Beat fat and sugar together until creamy. Beat in eggs. Combine dry ingredients and mix well. Add nuts. Add dry ingredients to creamy mixture with the applesauce and milk. Stir only until blended. Pour into a greased 9-inch square baking pan.  
Bake at 350 degrees about 45 to 50 minutes, or until surface is firm when touched lightly. Cool before cutting.

**Caution Urged In Driving After Rains**

Austin, Tex.—The proverbial April showers can bring May flowers to Texas, but the Texas Safety Association cautions they also may bring some special problems for Texas motorists.

A sudden Spring shower can catch many drivers unaware. Wet weather accounted for over 16% of all fatal injuries and more than 20% of other injuries in traffic accidents, according to the most recent statistics.

Faulty, or inefficient, windshield wipers, slick tires, and other unsafe conditions on passenger cars become even more dangerous during wet weather.

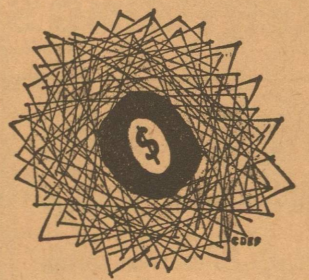

The Texas Safety Association reminds motorists that wet roads and poor visibility call for reduced speed, slow turns, easy braking, and gearing down on steep grades.

A sudden shower, after days without wet weather, can turn highway and roadway surfaces slick as glass as oil and road residue build up. Drivers are reminded that if a skid occurs, the wheels of the automobile should be turned in the direction of the skid to regain control, and the brakes should be touched lightly.

TSA also cautions that foggy conditions can present additional hazards on early Spring mornings in Texas. The safety group says the best safety procedure is to be prepared by making sure your car headlights are properly adjusted, and kept clean. And to reduce glare, drivers should use only low beams when traveling in fog.

Most accurate clock in the world is in the Copenhagen Town Hall in Denmark, and its celestial pole motion will take 25,700 years to complete a full circle.

Farming on the contour was one of the first mechanical conservation practices put to use by farmers in the Eldorado-Divide Soil and Water Conservation District. Row crops planted this year, with very few exceptions, will be contour farmed. Since the district was organized some 28 years ago, there has been many changes in farming operations. The need to conserve all rainfall received for crop use has not changed.

Good rains since last fall has put most cropland in good condition moisture-wise. Rains received have fallen slow and in amounts that could be taken up by the soil with little or no runoff. Many District farmers have stated they have never seen moisture conditions any better at the beginning of a crop year.

Weather permitting, farmers should be able to get their crops planted at planting time. Moisture should be adequate throughout Schleicher county to plant crop and get them up to good stands. Farmers in the District don't always have enough rain before planting time to plant and get crops up to good stands. The fact that rainfall received before planting, in many years, has not been enough to get crops started, makes it very important that all rainfall received is conserved for crop use.

Contour farming has helped in assuring that rainfall received is saved for crop use. Rows on the contour can hold all the water received from some rains. When rain falls in the amount and intensity that it is held in contour rows, maximum benefit from the rain is obtained.

Contour farming costs farmers very little, if any, additional cost in producing crops. The little added inconveniences caused by contour farming is more than offset by the increase in crop yields. Farmers in the District have realized an increase in yields amounting to as much as 30% by farming on the contour.

Contour guidelines have been run by Soil Conservation Service Technicians on several district cooperators' farms this Spring. Last week contour lines were run on Wayne Mikeska's farm about 20 miles west of Eldorado. Mikeska assisted Lloyd B. Johnson of the Soil Conservation Service in running the contour guidelines.

Some of the land is irrigated in dry years and some grade is used in rows to help facilitate irrigation. Mikeska hopes rainfall will be such that he will not need to irrigate this year. Therefore, contour guides are being followed to help conserve rainfall.

Fields without terraces or contour guides, should have contour guides run before crops are planted. The rains received and held on the land from now until crops are made can make the difference in good or poor, crop yields.

Contour farming is one of the needed conservation practices on cropland that is row cropped. Contour farming used in combination with all the needed soil and water conservation practices, will assure best use of rainfall received and best treatment of the soil to maintain or improve productivity.

Technicians of the Soil Conservation Service assist farmers in running terrace lines on contour guides on their cropland.

Assistance in planning and applying all needed conservation practices on agricultural land, is available from the S. C. S. Cost share assistance in applying enduring type conservation practices is available through the Great Plains Conservation Program administered by the S. C. S. Cost-share assistance is also available through the Schleicher County A. S. C. S. office.

HELP KEEP TEXAS CITIES BEAUTIFUL

It's easy to think of littering as something that happens on the highway; but it is an unsanitary, unsightly and expensive problem in our cities, too.

Many times our city streets are littered by people who simply don't realize that they are littering... Be a litter quitter.

**In Those Days**  
Compiled From Success Files

**ONE YEAR AGO**  
April 17, 1969—Kathy Robinson and Jim Mercer were announced honor grads of the 1969 Senior class of Eldorado High School. Mrs. Clifford Nelson's funeral was held in Brownwood. Funeral services were set in Dallas for John McWhorter, 50, after his body was found in the Garza-Little Elm Reservoir there.

**FIVE YEARS AGO**  
April 15, 1965—The First Baptist church was launching a "Follow Up Revival" with Barry Wood of Oklahoma City as evangelist. Over 1500 people attended the open house at El Dorado Woolen's new building. Ray Boyer reported that Stella Maya, Santos ina, Jerry Dean Gartman and Angelina Gauna were to attend summer sessions of the Lions Crippled Children's Camp at Kerrville. Jimmy Dan Doyle was honored on his 5th birthday. Postmaster Bernard Carr discussed the Postal Zip Code system at a meeting of the Lions Club. Linda Sauer was recognized as an honor student at the University of Texas at Austin. Ray Lewis Ballew and James Tipton Finley were named to the Dean's list at college at San Marcos.

**12 YEARS AGO**  
April 17, 1958—B&J Service Co. was establishing an office and warehouse here. The Senior class were planning their trip to Monterrey, Mexico, in May. L. R. Phillips was moving back to Kansas after being in charge of Dresser Engineering Company's project here of building the Northern Natural Gas Co. plant. The Woman's Club met in the home of Mrs. Ernest Hill. Mrs. Joe Edens had charge of the program. Mrs. W. L. McWhorter, Bob McWhorter, and Mrs. W. T. Whitten left on a trip to South America. April Burkhart was honored on her 7th birthday. She was daughter of Mr. and Mrs. Bob Burkhart. Margo Mittel was Lion of the Month at a meeting of the Lions Club, presided over by Charlie Trigg. Rev. Keith Wright showed slides of a trip to southern Europe.

**35 YEARS AGO**  
April 19, 1935—M. F. Laird purchased the West Texas Service Station. Jack and Grace Ratliff, students at Simmons University in Abilene, were spending the Easter holidays here with relatives. Returning with a load of fish from Devil's River were L. T. Wilson and son Lewis, Jr., Mr. Harris and Joe Chitty. Mrs. A. D. Richey and Mrs. W. E. Cooper were hostesses at a bridge meeting. Mrs. Kenneth Garey won high and Mrs. J. W. Hoover high cut. Floyd Williams died at the age of 33. A. B. White advertised a two-year-old Duram bull for sale. Cecil Newlin, Doris Fish, and Clarice Lee went to San Angelo to participate in the district typing contest. Home Economics girls who went to a meeting in Kerrville were Maxine Wilton, Johnnie Fern Isaacs, Mary Jess Koy, Leola Sauer, Wenona Isaacs, Rosa Sauer, and Zona Clare Koy. Little J. W. Day of San Angelo returned home Sunday after a visit with his uncle and aunt, Mr. and Mrs. R. J. Page. The County Library was being set up in the Commissioners room at the Court House. It was reported that 75 volumes were on hand, mostly donated by local citizens, and that others were coming in.

**King Crab Enhances Cheese Dish**

Cheese rarebit is a classic dish of the British, but here it takes on a western tone with colorful Alaska King crab. The delicate-flavored crab meat is folded into a rich Cheddar cheese sauce, then served over toast points. Quick to make, this tasty dish is perfect for brunch or supper. You may use either the canned or frozen Alaska King crab. Both are tender, juicy and fully cooked, with tendons removed.

**King Crab Rarebit**  
1 (7 1/2 oz.) can Alaska King crab or 1/2 pound frozen Alaska King crab, thawed  
2 tablespoons butter  
2 cups grated Cheddar cheese  
1/2 cup beer or milk  
1/4 teaspoon dry mustard  
1 teaspoon Worcestershire sauce  
1 egg, slightly beaten  
Toast triangles

Drain and slice crab. Combine butter, cheese, beer or milk and seasonings in saucepan. Heat, stirring until smooth. Slowly beat in egg. Fold in crab and simmer 5 minutes. Serve over toast triangles. Makes 4 to 6 servings.

**B. L. BLAKEWAY**  
For Re-Election  
**WALTER POWELL, JR.**

### Eaglettes Sweep District Track Meet

The Eldorado Eaglettes piled up 153 1/2 points Tuesday to sweep to their third consecutive girls track championship in as many years. Robert Lee was the next closest opponent with 106, Wall 99 1/2, Sonora 89, Mertzon 48, Christoval 2, and Blackwell 1.

Taking first place medals were Kathleen O'Harrow in the discus with a record breaking throw of 103' 4 1/4" and Lisa McAngus in the 880 yd. run with a time of 2:47.4 which is a district record. The mile relay team composed of Peggy Hill, Rosellen Maness, Mary Lynn McCalla and Gay Lynn Richardson also took first with a 4:35.9 clocking.

Kathleen took second in the shot put with a 22' 1 1/2" while Janet Oglesby high jumped 4' 8" to take runner-up.

Lynn Sanders ran the 440 dash in 69.5 while Randy Yates sped to a 13.55 finish in the 80 Meter Hurdles both good for 2nd place. The 880 relay team composed of Lorretta Schooley, Rosellen Maness, Patsy Tampke, and Lisa McAngus clocked a 1:55.6 for 2nd.

Coming in for third place points were the 440 Relay team with a 54.1 time. It is composed of Hill, Maness, Tampke, and McAngus. Patsy Tampke also took third in the 220 Dash with 28.0 as did Peggy Hill in the 60 with 7.9 time. Janet Oglesby was nipped at the wire in the 880 run as she took third with a 2:52.9.

First, second, and third advance to Regional in all events.

Make no mistake though Eldorado won district because of not only the first, second, and third places but also because of the seemingly unimportant and often forgotten fourth, fifth and sixth places. The Eaglettes picked up 35 1/2 points in those places so without them the meet championship would be in question.

Those scoring were: Patsy Tampke, 4th broad jump, 3rd 220 dash, 3rd 440 relay, and 2nd 880 relay.

Rosellen Maness, 5th broad j., 6th triple jump, 3rd 440 relay, 2nd 880 relay, 1st mile relay.

Kathleen O'Harrow, 5th discus, 2nd shot put, 5th 100 dash.

Lorretta Schooley, 5th triple jump, 2nd 880 relay, 6th 100 dash. Janet Oglesby, 2nd high jump, 3rd 880 run.

Gay Lynn Richardson, 6th high jump, 4th 220 dash, 1st mile relay. Peggy Hill, 3rd 440 relay, 3rd 60 dash, 1st mile relay.

Lisa McAngus, 3rd 440 relay, 1st 880 run, 2nd 880 relay.

Lynn Sanders, 2nd 400 dash, 6th hurdles.

Mary Lynn McCalla, 4th discus, 4th 440 dash, 5th shot put, and 1st mile relay.

Janet Davis, 5th 440 dash. Barbara Robledo, 5th 220 dash. Randy Yates, 2nd hurdles. Sherwin Johnson 4th 880 run.

**District Records**

50 dash, Jackie Conley, R. Lee, 7.1, 1970

100 dash, Jackie Conley, R. Lee, 11.6, 1970.

220 dash, Vickie Hardgrave, Sonora 26.7, 1970.

440 Dash, Lisa McAngus, Eldo., 64.0, 1969.

80 Meter Hurdles, Lois Hewal, R. Lee, 13.0, 1968.

440 Relay, Eldo., 52.6, 1968; Peggy Hill, Linda Derrick, Lisa McAngus, Susan Hill.

880 Relay, Sonora, 1:53.9, 1970.

Mile Relay, Eldo., 4:24.3, 1968, Peggy Hill, Linda Derrick, Lorretta Schooley and Lisa McAngus.

Shot Put, Kathleen O'Harrow, Eldo., 34' 7", 1969.

Discus, Kathleen O'Harrow, Eldorado, 103' 4 1/4", 1970.

High Jump, Vicki Lindley, Mertzon, 4' 10", 1969.

Broad Jump, Ann Rigdan, Trent, 16' 11 1/4", 1968.

Triple Jump, Lois Heuval, Robert Lee, 33', 1968.

Regional Meet for the girls is Monday, April 27 in Robert Lee.

### Safety Meetings Held At S. W. Texas Electric

The Southwest Texas Electric Co., held a safety meeting for the wives and families of employees Monday night. G. E. Baker, Texas Job Training and Safety Program, Engineering Extension Service, A & M University, showed a film entitled "Pulse of Life." The film dealt with first aid methods for accident victims, showing how to (1) Clear air passages, (2) Restore breathing, (3) Restore circulation.

Those present were then given an opportunity to practice these life-saving methods on a life size volunteer. Attending were Clifford Schooley, line superintendent and Louise Kuykendall, Willa Perry, Rozanna Sauer, Georgia Taylor, Sybil Kinser, Johnnie Easterwood, Wanda Harmon, Vanda Maness, Peggy Mittel, Flora Hubble, Jo Ann Turner, Vi Henderson.

Also June Hicks, Ruthie Dacy, Winnie Allen, Mary Bolen, Helen Maness, Rosellen Maness, Stella Moody, Pam Moody, Norma Lynn Mund, Donnie Danford.

On Tuesday Mr. Baker conducted the regular monthly safety meeting for the crews of the Co Op.

### New Babies

Born to Mr. and Mrs. William E. Luman in the local hospital on March 28, a son, named Stephen Wayne. He weighed 10 lbs. 1 oz.

Born to Dr. and Mrs. Harold Skaggs, Jr., at St. Mary's Hospital in Rochester, Minn., on March 15th, a daughter, weight 7 lbs. 3 oz. She has been named Sharon. She has a brother, Harold age 5 1/2, and a sister age 2 1/2.

Grandparents are Mr. and Mrs. Jack Hext of Eldorado, and Mr. and Mrs. Harold Skaggs Sr., of Sherman, Tex. Greats include Mr. and Mrs. Ben Hext and Mrs. Ernest Finnigan.

Kyle and Elaine Donaldson of Sonora have adopted a new baby daughter, born April 1. She has been named Traci Chaserals and is their first child.

Grandparents are Mr. and Mrs. Cullen Luttrell of Sonora and Mr. and Mrs. Russell Donaldson of Eldorado.

### Records Fall— Jr. Eaglettes Win

The Eldorado Junior High track girls set records in the 440 relay, the 60 yard dash, and the 880 relay as they totaled 99 points in the junior high district meet to take the championship trophy for the second year. Mrs. Harber's troops also won first place ribbons in the broad jump, and the 220 dash.

Wally Joiner won the broad jump leaping 14' 1/4" and Vonda Maness was third with 13' 3/4". These same two girls came back in the triple jump and Vonda took second with 30' 4 1/2" and Wally third with 30' 2 1/2". Vonda then went to the high jump and picked up another 5 points placing third with a 4' jump. Wally ran in the 330 dash placing third with a time of 48.1. Gail Storie finished 5th with 49.8.

Kathy Page ran the 220 dash in a time of 28.5 for first while Debbie Page took the 60 dash in 7.5 to set a new record. Diana McDonald placed 4th in the 100 with 12.7 and Gail Storie got 6th. Vonda Maness picked up 5th in the 60 and Debbie Robledo was 5th in the hurdles with 17.3.

The 440 and 880 relay teams both won first setting new records and these are composed of Debbie Page, Wally Joiner, Diana McDonald, and Kathy Page. The 440 time was 55.2 beating their old record of 56.1 and the 880 ran a fine 1:58.1 besting 2:00 set in 1969.

### Local Jr. Highs Win Elem. Track Division

The Eldorado Junior High won the Elementary Division of the District 8-A track meet last Saturday. The junior tracksters accumulated 114 points to take the championship with Menard taking 2nd with 89. The Eagles displayed much strength in the field events accumulating 54 points prior to any running events.

The following is a summary of events and winners:

Shot Put, Mike Manning, 1st; Ken Peters, 2nd.

Discus, Mike Manning, 1st; Ken Peters, 2nd.

High Jump, Gene Nixon, 2nd.

Pole Vault, Gene Nixon, 1st; Benjie Jay, 5th; Forrest Henderson, 6.

660 Yd. Dash, Timmy Farris, 4th.

100 Yd. Dash, Ken Peters, 1st; Roy Lloyd, 6th.

330 Yd. Dash, Mike Manning, 3rd.

70 Yd. Int. Hurdles, Gene Nixon, 2nd; Timmy Farris, 6th.

440 Yd. Relay, Eldo., st.

1320 Yd. Relay, Eldo. 4th.

Junior High schools from Eldorado, Sonora, Menard, Junction, Mason and Eden participated in the meet.

### BACK FROM VISIT

The Vernon Rogers have just returned from a two weeks' visit to Charleston, S. C., where they visited their daughter and son-in-law, Pat and Mike Edwards, and their new grandson, Michael Wayne Edwards II who was born March 25 at the Charleston Naval Base. The baby's other grandparents are Mr. and Mrs. M. H. Edwards of Lindale, Ga. The Rogers also report a nice visit with Johnny Lawrence who is stationed at the Charleston Naval Base.

The Rogers also visited with their son, Donald, and other relatives in Waco.

### MISS HOOVER BACK IN DALLAS

Mary Hoover returned to Dallas on Friday, April 10, from a trip, which covered half the northern hemisphere. She was with the Ross Perot party as he was trying to go to Communist heads of state in behalf of the prisoners of war who are held in enemy territory. The group she was with went to Hawaii, Guam, Anchorage, across the top of the world over Greenland, Scotland, and finally landed at Paris, France.

Perot has not given up his idea and still intends to try to penetrate the wall around the prisoners. The flight was made on a Braniff plane. —Mrs. L. M. Hoover.

### Nursing Home Notes

Mrs. Maud Hayes of San Angelo and Mary Belle Stigler of Christoval visited Miss Thelma Carter.

Mrs. Nellirene Williams' daughter Mrs. L. D. Kirby of Ozona visited with her.

Mr. and Mrs. Bizet of San Angelo were here to see her mother, Mrs. Streigler.

Mrs. Minnie Kyle had as her guests Mr. and Mrs. Arthur Kyle of Ozona.

Mr. and Mrs. P. C. Hoffman of Weslaco stopped on their way home to see Mr. C. L. Martin.

Mrs. Stites spent the past week and at Sonora.

### Services Wednesday For Joe Raymond Smith

Three Presidio men died Monday of injuries suffered in a Sunday night headon accident 1.4 miles north of Presidio on U. S. 67.

The dead were identified as 33-year-old Antonio Venegas, 39-year-old Raymond Galindo Lujan and 57-year-old Joe Raymond Smith.

Services for Smith were set for 2:00 p.m. Wednesday at the First Baptist church of Eldorado with burial in Eldorado cemetery directed by Geeslin Funeral Home of Alpine.

He was born in Mason Feb. 4, 1913 and had lived in the Presidio area for the past 10 years.

Survivors include his wife of the home; a son, Joe Smith of Tecopa, Calif.; a stepson, Doug Smith of Huntington Beach, Calif.; his father, John I. Smith of Ozona; two sisters, Mrs. Ebba Jean Rogers of San Antonio and Mrs. Faye Jeffries of Odessa; a brother, Bill Smith of Moscow, Idaho and four grandchildren.

### Col. St. Clair Decorated At Nebraska Air Base

Omaha, Neb.—U. S. Air Force Colonel Eugene C. St. Clair, son of Mrs. J. T. St. Clair, 411 Barrera St., San Antonio, has been decorated with the Meritorious Service Medal at Offutt AFB, Neb.

Colonel St. Clair distinguished himself as commander of the 25th Weather Squadron at Bergstrom AFB, Texas.

He is now at Offutt serving as vice commander of the Weather Wing.

Commissioned in 1943 through the aviation cadet program, he served in the Asiatic and Pacific Theaters of Operations during World War II.

The colonel, a 1939 graduate of Tyler (Tex.) High School, received a B. S. degree in science and an M. S. degree in meteorology from Texas A&M University.

He and his wife, Kathleen, the daughter of Mrs. Lillian Crosby, Eldorado, Tex., have one child, Christie Gene, 19.

### Wesley Class Sets Event

The Wesley Class of the First United Methodist Church will have a covered dish luncheon immediately after church Sunday, April 19th.

Guests will be members of their families, Rev. and Mrs. B. C. Palmos; and special guests. Mr. and Mrs. Ed DeLong who are soon to make their home in San Angelo.

Mrs. Wiley Hight is teacher of this adult class.

### 6th Grade Spring Dance

Last Friday night, the 6th grade Spring Dance was held in the Memorial Building. Hostesses were Charlene Warnock, Cindy Jackson, and Janis Mikeska. All sixth graders were present.

The girls decorated in green and white. Chips and dips and punch was served. Several parents chaperoned.

### LADIES F. D. RACING TEAM RAISING MONEY FOR TRIP

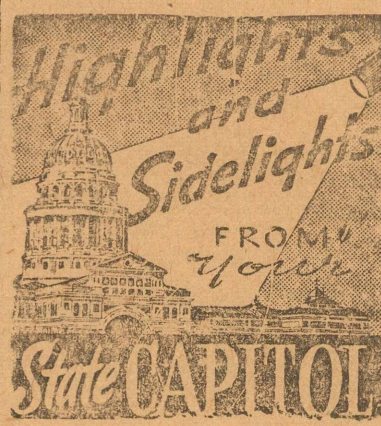

The ladies racing team of the Eldorado Fire Department will have their annual bean supper on April 23. Tickets are being sold at 50 cents to earn money so the team can go to the convention at San Antonio.

### BRIDGE WINNERS

Last week Bridge winners were: Blekeways, 1st; the Berkers, 2nd; and Jan Mobley and Ethel Olson, 3rd.

Games continue this Thursday at the club house as usual at 7:00.

**The Bible Speaks To You** 8:15 a.m. Sundays KGKL-960 Angelo New Christian Science Radio Series

State welfare costs may go up sharply next year if Congress passes a new Medicaid bill.

State Senate Committee on welfare reform heard estimates that Medicaid amendments alone will require at least \$25.9 million in additional state outlays during the coming biennium.

Burton G. Hackey, State Welfare predicts President Nixon's Family Assistance plan of legislation might cost Texas a minimum of \$22 million more each year and double the number of children on state welfare rolls.

Senate committee heard estimates that Medicaid changes will add more than \$6.2 million to the state's obligations for the present biennium.

While welfare officials are now optimistic over being able to continue present program levels until the next legislative sessions, they will, at best, be in debt \$13.5 million come January. That's the amount Gov. Preston Smith transferred to welfare from medical school construction funds to head off the scheduled April 1 cut in payments to the needy.

If rough estimates presented the committee are correct, the legislature will be looking for an increase of \$70 million for new programs during the next fiscal period—not to mention another \$20 million of "catch-up" money carrying over from the current biennium.

If Congress places mental retardation under new limitations for inpatient services, the state could end up with another \$9 million a year in new obligations, plus \$8.2 million in unexpected expenses for the present fiscal period.

### School Fund

Largest single piece of income for the Texas permanent school fund, \$139 million, has been assured. After 11 months of discussion, School Land Board accepted a unitization agreement on the huge new sulphur deposit found in Culberson County by the Duval Corporation of Houston. Deposit is the second largest in the world. It contains 81 million long tons of sulphur. Agreement involves the drilling of 6,000 wells.

High bids on public school land oil and gas leases totaled \$3.1 million, representing an average of \$36.84 an acre. Twenty-two per cent of the acreage sold was in El Paso and Hudspeth counties. Land lying in Loving and Ward counties brot a bid of \$120,006, topping all others.

Second highest bid of \$113,040 was on a 1,440-acre tract of submerged coastal lands in Jefferson County.

Third highest was \$110,053 for 411 acres in Reeves County.

Receipts from the sale boosted the permanent school fund to \$829.6 million, for total increase of nearly 86 per cent in last decade.

### Courts Speak

Third Court of Civil Appeals held the 1969 law giving tobacco distributors 15 days to pay for cigarette tax stamps is constitutional, but State Treasurer Jasse James said he will appeal.

State Supreme Court refused the request of Fred Williams, Houston, to force Land Commissioner Jerry Sadler to make public veterans' land loan applicants.

In other actions the Supreme Court:

—Set May 6 arguments on liability of an insecticide firm for damages in the death of a Colorado County child who swallowed bug spray.

—Held there was no conspiracy in an alleged breach of contract involving a fishing fleet and an Ecuadoria seafood pack plant.

—Refused to review a Dallas furniture company's challenge for the Sunday closing law.

### Appointments

Governor Smith named eight members to the American Revolution Bicentennial Commission. They are Mrs. Marcella Perry of Houston, John T. Steen of San Antonio, Dr. George Ruble Woolfolk of Prairie View, Mrs. Ina May McAdams of Austin, Sam Kinch of Austin, Charles Ray Ritcherson of Dallas and Frank Tolbert of Dallas.

Smith also made these appointments:

Hospital Advisory Council: Edward S. Reese of Gonzales, Jesse H. Oppenheimer of San Antonio, Robert P. Gordon of San Angelo, Charles M. Kennedy of Texarkana, Sister Mary David of Houston and George David Trader of Robstown.

Interim Committee on Aid to Private Education: Manuel C. DeBusk of Dallas, Ben R. Howell of

Farm-Ranch Study Commission: Claude K. McCan Jr., of Victoria, James M. Price of Corpus Christi, Joe Key York Jr., of Kinney, Joe David Rankin of Ralls, and Frank H. Lewis of Bay City.

Smith named 75 to serve on the governor's advisory committee on aging and appointed a steering committee on children and youth to plan state participation in the White House conference on children and youth.

### AG Rulings

Atty. Gen. Crawford Martin says, in an opinion requested by Wiley L. Cheatham of Cuero, that a Justice of the Peace may conduct court on criminal cases on Sundays. He added that he also could enter judgements and sentences and collect fines on Sundays.

In another opinion Martin ruled that Commissioners Courts may enter into contract with the U. S. to administer job training programs under a concentrated employment project.

### Federal-State Grants Made

Office of Child Development grant of \$208,594 in new federal funds went to Bee County Community Council for Head Start school programs in Beeville, Goliad and Pettus.

A federal recreation grant of \$126,800 has been approved for acquisition of 15.5 acres of land to enlarge Pasadena's Memorial Park.

Governor approved an \$11,250 regional planning assistance state grant to Ark-Tex Council of Governments, Texarkana, and a \$22,190 planning grant to El Paso C. O. G.

### SHORT SNORTS

Highway Commission has told the U. S. Department of Transportation it will not make any more studies about possible routes for the North Expressway in San Antonio and asked for 50 per cent aid to help build the road.

Victoria, Harris, LaSalle and San Patricio counties have been added to the list of those with brucellosis control programs by the U. S. Department of Agriculture and the

State Animal Health Commission. Aeronautics Commission staff has recommended that 28 cities in the state be prodded intrastate cargo only air service and approved four companies to serve them.

Governor Smith has accepted the resignation of District Judge Sterling Williams of Snyder, but is not expected to appoint anyone to the post until after the district Democratic committee has selected its nominee for the May 2 primary.

Tax revenue from smoking increased more than \$4.5 million last month, over March 1969, due to the increase from 11 cents to 15 1/2 cents a pack on cigarettes.

Governor Smith has called an April 16-18 conference of college student presidents.

Parks and Wildlife Department is asking cities and counties along the Gulf Coast to submit applications in May for participation in the beach cleaning and maintenance assistance program enacted by the last Legislature.

### Springtime Can Bring Own Special Hazards

Austin, Texas.—The bluebonnets and other spring flowers are in bloom over Texas, and the thoughts of the average Texas home-owners turn in lawn and garden.

As Texans by the thousands begin to putter around their yards, the Texas Safety Association cautions that springtime can bring its own special hazards that cause injury and even death.

The safety group reminds that the first thing to do is get those garden tools in top shape before you start using them. Split, broken, or sharp-edged handles can cause serious injuries, not to mention troublesome splinters.

Insecticides can also be a dangerous part of springtime gardening. Over a billion pounds of insecticides are used annually in the United States. These compounds vary greatly in their toxicity, many are harmless, but some are lethal.

The Texas Safety Association reminds that there are some simple rules to follow to prevent accidents while handling pesticides. The first is to read and follow the directions printed on the product label. Insecticides should be stored where young children cannot accidentally get them. Some chemical sprays require that a person wear protective clothing, since they are very toxic if ingested through breathing or absorbed through the skin.

Insecticides should not be used on windy days. The chemicals could be blown back on the person spraying or blown into neighboring areas where it is unwanted.

### Answers Required To Census Questions

By Congressman O. C. Fisher

Those Census Queries. Last year 108 of us in the House sponsored a bill to reduce to six the number of census questions which would have required answers. Answers to other questions would be on a voluntary basis, with no penalties attached.

We did succeed in getting a bill approved in the House. It was watered down, but would have helped. The Senate, however, did not consider the measure.

As it is, answers are required to all questions—and penalties are applicable for failure to respond. There are relatively few of the long questions. Four out of five questionnaires will contain 23 questions. While many of us feel that most of the queries have nothing to do with the legitimate census purposes, the Census Bureau says they are strictly confidential.

Judge Carswell. After the Senate, led by 13 Republican rebels, voted 51 to 45 against confirmation of Judge Carswell, an astute Capitol observer said "Well, that's twice the U. S. Senators have risen to the heights of mediocrity. The other time was when the Senate liberals turned down Judge Haynsworth."

As is well known on Capitol Hill, the real inside truth is that qualifications did not figure in the Senate voting. Both Haynsworth and Carswell were highly qualified and both were recommended by the American Bar Association. But both were opposed by AFL-CIO and by the NAACP. And, even more important, both were from the South.

Senator Richard Russell hit the nail on the head when he said, "If Carswell were from Indiana he would have been confirmed long ago."

While there is much gloating over the defeat of Judge Carswell, as there was over knocking off Judge Haynsworth, it appears likely President Nixon's popularity will be enhanced as a result of his effort to achieve a better balance on the nation's court of last resort. Surveys show the vast majority of the people are sick and tired of court decisions which have unduly favored criminals and subversives by a lop-sided Supreme Court.

Who will the President now nominate? He'll be lucky to get any man, regardless of qualifications, confirmed unless the nominee resides north of the Mason-Dixon line. That handicap might be overcome if the nominee is beholden to both the AFL-CIO and the NAACP.

Make no mistake about it—the majority of the present member-

ship of the U. S. Senate simply does not want to change the complexion of the Supreme Court.

### Oil News

A prolific gas discovery in Schleicher county was reported last week as follows:

Third pay, Strawn sand gas-distillate, was opened in the Cheaney (Strawn lime and Harkey sand oil) field of Schleicher county with completion of Fortune Drilling Corp., San Angelo, No. 4 Cheaney one location south and the same distance northeast of Strawn lime production and 25 miles northeast of Eldorado.

It was finalized for a calculated, absolute open flow of 19,572,100 cubic feet of gas per day, with gas-liquid ratio of 125,000-1. Gravity of the liquid was 64.4 degrees.

Production was through perforations at 4,495-509 feet, which had been acidized with 500 gallons and fractured with 10,000 gallons and 40,000 pounds of sand.

The project, drilled to 4,685 feet, where 5½ inch casing was set, tested extensively through Strawn lime perforations at 4,630-34 feet.

Frank Caraway Drilling Co., of San Angelo, was the drilling contractor.

Location is 2,080 feet from the north and 3,107 feet from the west lines of 33-8-TW&NG.

The field, opened to Harkey sand production, has one producer from that zone and seven Strawn lime wells.

McClure Oil Co., of Michigan has five Strawn lime wells; and Fortune Drilling, one Harkey and two Strawn lime producers.

### MARTHA SUE HONORED

Martha Sue Page of Eldorado was one of 17 coeds honored during Women's Recognition Night held April 9 at Texas Christian University.

The annual event is sponsored by the TCU chapter of Ampersand, senior women's honorary organization, and the Association of Women Students, representative body of TCU coeds. Speaker for the occasion was Miss Robia Taylor of Dallas, regional director of the women's bureau of the U. S. Dept. of Labor. Her topic was "Where Do You Go When the Go-Go's Gone?"

The students, all juniors, were tapped for 1970-71 membership in Ampersand.

Martha, daughter of Mr. and Mrs. James A. Page of Eldorado, is an accounting major. The president of Pi Beta Phi sorority has served as treasurer and chairman of the finance committee for the student House of Representatives. She is a member of Alpha Lambda Delta, honor society, Beta Alpha Psi, accounting fraternity, and Phi Chi Theta, business sorority.

### DEMOCRATIC PARTY

#### FIRST PRIMARY ELECTION

Schleicher County, Texas    May 2, 1970

### SAMPLE BALLOT

INSTRUCTION NOTE: Vote for the candidate of your choice in each race by placing an "X" in the square beside the candidate's name.

I AM A DEMOCRAT AND PLEDGE MYSELF TO SUPPORT THE NOMINEES OF THIS PRIMARY.

#### For United States Senator:

- Ralph W. Yarborough
- Lloyd Bentsen
