Number 4

Mrs. J. Tom Williams Funeral Held Tuesday

Mrs. J. Tom Williams, 63, member of a well-known Reynolds community family in Schleicher county, died at 7:05 a.m. Sunday in Shannon Hospital after a lingering illness of some eight months.

Funeral services will be held at the West Side Church of Christ in Eldorado at 2:00 p.m., Tuesday, conducted by Portis Ribble, minister of West Angelo Church of Christ, followed by burial in Eldorado cemetery.

Cecile Hyde was born Nov. 23, 1906 to Mr. and Mrs. W. W. Hyde of Cumby, Texas. The family moved to Eden in 1910, and later to Schleicher county. Cecile was married in 1936 to J. Tom Williams who passed away in 1959.

Survivors include three sons, Billy and Frank of Eldorado and Robert of Wolfe City; one daughter, Mrs. Owen Brock (Ann) of Fort Worth. Six step-sons, Cecil and James Williams of Eldorado; Bernard of Roby, and David, Garland and Harold of Amarillo. Also two sisters, Mrs. Gertrude Williams of Eldorado and Mrs. Eddie Taylor of Mineola.

Grandchildren are Karl and Eric Brock, and Tina and Robin Williams.

Pat Joiner Joins Commissioner Race

W. H. (Pat) Joiner, long-time resident of Schleicher county, this week asked the Success to announce his candidacy for the office of Commissioner of Precinct 2, subject to action of the Democratic primary.

Son of the late Mr. and Mrs. W. H. Joiner, Pat has been a resident of this county since 1924. He served four years in the Army in WW2 and saw service in North Africa and Italy. Eldorado has been his home since that time and most of the time he has been self-employed.

If elected by the voters of Precinct 2, he declares he will give the job all the time it requires.

Vi Henderson Joins Commissioner Race In Precinct No. 2

Mrs. Sam (Vi) Henderson, wife of well known county rancher for 23 years, has filed with the County Democratic chairman, and has authorized the Success to announce that she is a candidate for the office of County Commissioner, Precinct No. 2, subject to action of the Democratic Primary on May 2nd.

In making the announcement, Vi said:

"I am vitally interested in county government since the future of my family depends on the future of Schleicher County. If elected I will try to serve the best interests of the county as a whole, and will do my best to justify your confidence and trust."

Sam and Vi are the parents of four children: Hunter and Forrest are still students in the Eldorado schools, Shane is in college, and Sam is married, and working and attending college.

Receive Telephone Call From Australia

After much hopeful waiting on Sunday, the R. L. Ballews, Sherwood Barkers and Mrs. F. M. Bradley were happy to receive a telephone call from Ray from Sydney, Australia, where he and Bill Lester Jr. were on R&R from their stations in South Vietnam. The reception on both sides of the ocean was as clear as if each were talking to a next door neighbor.

Ray reported that they were having "a ball" and seeing many interesting places and things. The call came Sunday, January 18, at 3:15 p.m., and it was Monday, January 19, at 7:15 a.m. in Australia.

The Bill Lesters, in Colorado City, also talked with their son and brother, Bill, Jr., at the same time and from the same place.

UNDERGO SURGERY

Mrs. Sybil Kinser and Johnny Hawkins underwent surgery Wednesday morning in the local hospital.

Post Script

As we now get into the third week in February I find the political pot is beginning to simmer — it is warming up, but it is not boiling.

Several new names have been added to our political column on this page, but around the coffee bars at the cafes and drug store we continue to hear rumors of more candidates.

County Democratic Chairman Dick Preston explains that Monday, February 2nd is the last day a candidate can file with him in order to have his name on the ballot in the Democratic Primary.

Newspaper announcements can be carried in this paper after that date all the way up to the last Thursday before the Primary on Saturday, May 2.

We expect that the next several weeks will see several more aspiring candidates coming out of the woods.

—ps—

We all huffed and puffed and froze around here Monday when mercury dropped to about 12 degrees. Stockfarmers coming to town for a cup of hot coffee told about breaking the ice on tanks so their stock could get water. We all thought it was rugged. Then on Tuesday night I talked to kinfolks at Thief River Falls in northwestern corner of Minnesota and was informed it had been 42 degrees below zero. That made me count my blessings.

—ps—

In another column we carry a report of the death of John Whiteley, 91, who was buried in Eldorado cemetery last Thursday alongside the grave of his late wife.

John Whiteley was a neighbor of ours for quite a few years when he and his wife lived in a house next to the airport on one side, and next to our house on the other side. We learned to know John Whiteley as a good neighbor, a quiet, unassuming and friendly gentleman who followed blacksmithing as a trade. His family informs us that he came to this county in 1936, driving an old Essex car, but in the years we knew him he did not own a car. He walked each morning from his home to his shop down town and his wife usually walked down with his lunch at noon. In bad weather his girls would provide transportation. And that was after he was well over 70 years of age.

John was also a great gardener. He had a large garden with many rows of various kinds of vegetables which he worked and watered in the late hours of each summer day. No doubt his efficient wife made good use of the products of his garden and together they maintained a satisfying and tranquil home life.

Now that this gentle old man has been laid to rest, I wonder if he didn't get as much out of life as any of the rest of us. Where most of us in this hectic world are knocking ourselves out trying to accumulate more of this world's goods, it seems that John was not a slave of ambition. He was content with his simple station in life, which reminds me of Grey's Elegy in a Country Church Yard . . .

Far from the maddening crowds ignoble strife
Their sober wishes never learned to stray;
Along the cool sequestered vale of life
They kept the noiseless tenor of their way.

John was so far behind the present times that he never learned to charge enough for his work.

I remember one time I had him work up a piece of oak 2 x 4 to replace a handle in my wheelbarrow. It involved shaping and trimming and finally drilling a hole for a bolt. When it was done I asked the charge.

"Well," he replied, "Would 50 cents be all right?"

Of course I insisted on paying him much more than that. But that was John for you—an old-time craftsman who took pride in being able to turn out a special job and not bothering to charge for his time. His rates were probably what he had charged in 1933.

He was still sharpening sweeps in his shop when he was 87 years old.

Probably the last of his kind. I'm glad I knew him as a neighbor and a friend.

CALIFORNIA SINGERS BOOKED—The Palomar College Chamber Singers, booked for concerts in a tour to several Texas cities, will be presented in a program in Eldorado at 7:00 p.m., January 25, 1970, in the High School Auditorium, sponsored by Ministerial Alliance. Joe Stanford, a native of Eldorado, Texas, is director of the 18-voice group which has won considerable musical recognition in Southern California. The concert will feature both secular and sacred compositions by noted composers. Palomar College is located in San Marcos, Calif., in the scenic ocean and mountain region 30 miles north of San Diego. Most Eldorado church congregations will attend this special concert.

Funeral Held For Mrs. Nancy Doran

Mrs. Nancy Ballard Doran, 76, of Eldorado died about 2:00 p.m., Friday in Hudspeth Hospital in Sonora after a lengthy illness.

Graveside services were held at 2:00 p.m. Sunday in Eldorado cemetery with the Rev. Billy Daniels, pastor of Antioch Baptist Church, officiating. Ratliff-Kerbow Funeral Home of Eldorado directed services.

Mrs. Doran was born May 18, 1893, in Texas. She was married to the late Wally Doran. She was an Eldorado resident 28 years.

Survivors include a brother, John W. Ballard of Christoval.

855 Registered To Vote At This Time

As of Wednesday noon, 855 voters had registered in the office of Sheriff Orval Edmiston.

This indicates that there is considerable interest building up in politics this year, since there are already several races and others are being talked.

Just a little more than a week remains for voters to register, since January 31st is the deadline.

Nursing Home Notes

Visitors:
Arcadia Johnson, Sonora;
Mrs. Arthur Kyle, Mr. and Mrs. D. L. Crump, John Epton, Mr. and Mrs. Bill McAngus, Mr. Steward, Mr. and Mrs. Howard Streigler, Mr. and Mrs. Elton Williams, Mrs. Maudie Doran, Mr. and Mrs. Driscoll Christian.

Dona Sutes, home to Sonora for last week end with daughter.
Tom Jones, few days at Brady with Jess Kovs.

John F. Gardner, home to Rocksprings for brief visit.

Last Sunday: Church services by Rev. Billy Daniels, Antioch Baptist. Hymns, "Special" by young folks. Short sermon. Thoroughly enjoyed.

Huntsville the first semester.

Carroll Green is subscribing again at 2615 Elms St., Lake Charles, La 70601.

Ronnie Mittel to Head Stock Show Feb. 7th

RONNIE MITTEL

The Annual Schleicher County 4-H and FFA Livestock Show will be held here Saturday, February 7th at the County Livestock Barn. Ronnie Mittel, chairman of the Schleicher County Adult Leaders Association said today.

Judge of the Show will be Clint Langford of Sonora, Texas, Sutton County Agricultural Agent.

Mittel said there will be fat lambs, market barrows, registered Rambouillet sheep, range ewes and registered heifers exhibited by 4-H and FFA members.

Champion and Reserve Champion will be selected in the finewool and finewool cross division, also a group of 3 finewool lambs and finewool cross will be shown to a Champion and Reserve Champion stated Mittel. In addition there will be Champion and Reserve in the market swine division and in the registered Rambouillet class and registered heifer class.

The judging will begin at 9:00 a.m.; a noon barbecue will be sponsored by the Adult Leaders Association at 12:30 noon. The Annual Livestock Auction and Awards Program will be held following the barbecue. Awards will consist of Showmanship Trophy, and trophies in each division of the Show.

Trophies of the Show will be furnished as follows: Champion Lamb, Nathan's Jewelers Trophy, San Angelo; Champion pen of 3 lambs, Lum Davis, Eldorado; pen of 3 range ewes, Bill Maness, Eldorado; Champion Registered Heifer, Jim Martin, Eldorado; Champion Market Swine, George Williams, Eldorado; Champion Pen of 3 Rambouillets, County Judge Tom Ratliff, Eldorado.

Showmanship Trophy will be presented by Schleicher County Registered Breeders. This trophy is

exhibited in the First National Bank with winners inscription. The Production Award, a Silver Medalion, will be presented by the Texas Sheep & Goat Raisers Association. NFLA of Sonora will present a Spurclip for Showmanship.

Show officials besides Mittel will be W. F. Edmiston, Steers and Registered Heifers; Lee Williams, Market Swine; Clifford Schooley, Fat Lamb Division; Range Ewes, John Powell, David Powell, Secretary of the Association will serve as records superintendent.

The ever popular Foods Committee and Arrangement Committee is headed by Mrs. E. H. Nixon, Mrs. Tibba Powell, and Mrs. W. F. Edmiston.

Another Spell Of Weather Hits

Eldoradoans awoke Tuesday morning to find cold, foggy, slightly moist weather and ice beginning to form on trees and power lines.

This followed about two days of bright, clear, weather and a warming trend.

We are having frost nearly every night.

County Assured New Gas Discovery

A Canyon sand discovery was assured in Schleicher County with the flowing of gas at the rate of 1.5 million cubic feet daily at Tucker Drilling Co., Inc., San Angelo, No. 1-C Thad A. Thomson Jr., et al, in 42-A-HE&WTRR, six miles south and slightly east of Eldorado, 2 1/4 miles south-southeast of Canyon gas production in the Eldorado (Canyon gas and Wolfcamp oil) field.

Tested 24 hours on a 20-64-inch choke through perforations at 5,930-40 feet, it made gas at the above rate, plus 30 barrels of load and acid water. Tubing pressure was 690 pounds; casing pressure 750 pounds.

Testing continued with 70 barrels of load and acid water remaining.

School News

Miss Virginia Lusk resigned her job as school librarian at mid-term. Effective date of her resignation was Jan. 20th.

The Student Council held a meeting on Monday.

On Wednesday, the Seniors ordered their Graduation invitations.

Veteran Blacksmith Buried Last Week

John C. Whiteley, 91, old-time blacksmith who practiced his trade in Eldorado for over 20 years, died last Wednesday about 11:30 a.m., in a Brady hospital after a lengthy illness.

Services were held Thursday afternoon in the First Baptist church with burial in Eldorado cemetery under direction of Ratliff-Kerbow Funeral Home.

Mr. Whiteley was born September 16, 1878 in Texas. In May 1901 he was married to Ida Clevenger in Mason county. He followed the blacksmith trade for many years. In 1940 the couple moved to Eldorado where he continued to operate his own shop until about three years ago. By then in frail health he and his wife were moved to a rest home in Brady where Mrs. Whiteley passed away about a year later.

Survivors include three daughters, Mrs. Vernon Hazelwood of Eldorado, Mrs. Vernon Carroll of Brady, and Mrs. Tom Carroll of San Antonio; a son, Jack Whiteley of Brady; a sister, Mrs. Bettie Obelhauser of Montebella, Calif.; six grandchildren and 15 great-grandchildren.

OEO Office To Help Aliens Register

Dick Beare reported this week that the OEO office here in Eldorado will help aliens to fill out their registration forms as required by law.

Aliens are required to register each year in January. A card form for this purpose may be picked up at the post office, filled out, and then returned to the post office.

Clean Up Your MEDICINE CHEST

12 Safety Rules To Prevent Accidental Poisoning

1. Keep all medicines and household poisons (cleaning fluids and insecticides) out of the reach of children.
2. Never refer to medicine as "candy" to your child.
3. Read all labels carefully and follow directions.
4. Don't take a medicine prescribed for someone else.
5. Never increase the dosage or the frequency of a dose of medicine—unless your doctor suggests it.
6. Throw out the contents of all old medicine bottles.
7. Keep internal medicines in one cabinet and external medicines and poisons in another.
8. Do not place poisonous liquids in soda bottles.
9. Throw out all unlabeled medicines and containers.
10. Do not take or give medicines in the dark—when you may be sleepy.
11. Protect your skin when using insecticides, solvents or cleaning agents. Remember some products can be absorbed through the skin; use as directed.
12. If someone takes a potentially toxic substance in your home, call a physician immediately. Don't wait for symptoms to appear.

Communist Rules For Revolution

In May of 1919, at Dusseldorf, Germany, the Allied Forces obtained a copy of some of the "Communist Rules for Revolution."

More than 50 years later, the Reds are still following them.

1. Corrupt the young; get them away from religion. Get them interested in sex. Make them superficial; destroy their ruggedness.
2. Get control of all means of publicity, thereby:
 1. Get people's minds off their government by focusing their attention on athletics, sexy books and plays and other trivialities.
 2. Divide the people into hostile groups by constantly harping on controversial matters of no importance.
 3. Destroy the people's faith in their natural leaders by holding the latter up to contempt, ridicule and disgrace.
 4. Always preach true democracy, but seize power as fast and as ruthlessly as possible.
 5. By encouraging government extravagance, destroy its credit, produce wear of inflation with rising prices and general discontent.
 6. Incite unnecessary strikes in vital industries, encourage civil disorders and foster a lenient and soft attitude on the part of government toward such disorders.
 7. By specious argument cause the breakdown of the old moral virtues—honesty, sobriety, self-restraint, faith in the pledged word, ruggedness.
3. Cause the registration of all firearms on some pretext, with a view to confiscating them and leaving the population helpless.

That is quite a list, isn't it? Now, stop to think—how many of these rules are being carried out in this nation today?

Good Crowd Expected To Hear Palomar Singers Here At 7:00 Sunday Night

JAMES WELD, accompanist, is shown with Joe Stanford, director of the Palomar Choir.

Mrs. Goens Presides At DAR Meeting

On January 15, 1970, the Eldorado Chapter Daughters of the American Revolution met in the Memorial Building. Mrs. Ernest S. Goens, regent presided.

Mrs. W. N. Ramsay opened the Chapter with appropriate Scripture and prayer, led the flag rituals and the singing of the National Anthem.

Mrs. L. M. Hoover acted as secretary pro tem.

Mmes. Ernest C. Hill, Mary Davis Coupe, and Luke Thompson presented nominations for 1970-71 for Chapter officers. These were elected:

- Miss Ruth BakerRegent
- Mrs. Ernest Goens1st Vice Reg.
- Mrs. Wm. Gunstead2nd V. Reg.
- Mrs. W. N. RamsayChaplain
- Mrs. Luke ThompsonSec.
- Mrs. J. B. MontgomeryTreas.
- Mrs. J. E. HillRegistrar
- Mrs. Ernest C. HillLibrarian
- Mrs. Mary D. CoupeHistorian
- Mrs. W. O. AlexanderPerm. Board Member

Mrs. Ernest C. Hill read a letter to the regent from the State Recording Secretary, Mrs. Ford Hubbard, Houston, in which she thanked Mrs. Coupe for sending her the 1969-70 year book.

She was very complimentary of the program for the chapter.

The National Defense of the year was given by the National Defense chairman, Miss Ruth Baker. As always her amplification of the subject was most impressive.

Mrs. Coupe, hostess chairman for January delighted the members with an arrangement of beautiful red and white carnations, accented with blue. Mrs. Ernest Hill assisted in serving a refreshment plate of apple pie a la mode, mints, toasted pecans, tea or coffee. For the occasion, Mrs. Coupe made it lovely with her own linens, china and silver. —Rep.

DUPLICATE BRIDGE NOTICE
Correction for Jan. 8th: Winners for 1st place were Fayla Cheatham and Ruthie Dacy. Sorry about that Ruthie.

Winners for Jan. 15th were Jan Mobley, Ethel Olson, 1st; W. L. Kinser and Beverly Childers, 2nd; Blakeways, 3rd.

There will be bridge at 7:00 p.m., Thursday, Jan. 22nd. —Rep.

School Menus

(All meals served with hot rolls and milk.)

Monday, Jan. 26: German style sausage, pinto beans, potato salad, tossed green salad, fresh pear halves or canned fruit.

Tuesday, Jan. 27: Fried chicken and gravy, creamed potatoes, English peas, waldorf salad, chocolate pudding.

Wed., Jan. 28: Hamburgers, lettuce and tomato slices, potato chips, pork & beans, fresh fruit cup, peanut butter cookies.

Thursday, Jan. 29: Roast beef & gravy, creamed potatoes, mustard greens, harvard beets, fruit cobbler.

Friday, Jan. 30: Chili with/without beans, cheese strips, cabbage & carrot & pineapple salad, cornbread, fresh pears or rice pudding.

Eagles Lose In Ozona Consolation

The Eldorado boys opened play in the Ozona Tournament with a 57-34 loss to Big Lake, the tournament favorite. Mickie Clark was the only Eagle to hit in double figures scoring 12. In general, the Eagles were very cold especially in the first half. A 17 point third quarter helped put the Eagles back in the game. Wayne Doyle notched 7, Roy Jones 6, Sam Oglesby 4, Billy Hubble 2, Charles Adams 1, and James Larry Davis 2.

This loss sent Eldorado to the Consolation bracket in a second round game against Wall. The Hawks had beaten Eldorado twice earlier in the season but Saturday morning the Eagles played an outstanding game and beat Wall 63-45 to advance to the Consolation finals.

Sam Oglesby was hitting beautifully as he notched 21 points along with Mickie Clark 8, Roy Jones 6, Billy Hubble 7, Bob Page 7, and Charles Adams 10. James Larry Davis got 4. The Eldorado free throws were a big factor in the game.

The Eagles thus advanced to the Consolation Finals against Merton at 5:20 Saturday. Eldorado experienced an unfortunate game in that bad passes, kicking the ball, and poor hitting from both the free throw line as well as the field kept them from victory and Eldorado went down 35-37. Eldorado could never seem to get started as they had all sorts of difficulties. Sam Oglesby again led the scoring with 12 points and Sam was named to the All-Tournament team.

Deadline Nears For Vehicle Inspections

Austin, Texas.—With the state's April 15 motor vehicle inspection deadline approximately 90 days away, large numbers of Texas motorists have yet to take their vehicles in for the mandatory annual safety inspection.

Colonel Wilson E. Speir, Director of the Texas Department of Public Safety, today urged all motorists whose vehicles have not been inspected to visit an inspection station as soon as possible.

"Those getting the inspection now will avoid long lines which are certain to develop at many stations as the April 15 deadline draws near," he said.

The DPS Director noted that Texas adopted an annual inspection program on September 1, 1969. All vehicles inspected since that date have had the sticker placed on the left side of the windshield with a large number tab inserted to show the month of expiration.

For example, vehicles inspected in September have the number nine displayed and will require reinspection before September 30, 1970. Those inspected in October have the number 10 and must be reinspected before October 31, 1970. Vehicles which are inspected in January will bear the number one and reinspection will be required before January 31, 1971.

All vehicles which currently have a sticker on the right side of the windshield have not been reinspected in compliance with the new law and their owners have only until April 15 to visit an approved inspection station.

—GARAGE SALE advertisements must be paid in advance. No phone orders, please. —Success.

—ADDING MACHINE PAPER, roll 35c at The Success Office.

Social Security Increases Automatic

Social Security beneficiaries need not apply for the 15% benefit increase just signed into law by President Nixon.

"Every one of the 25 million men, women and children now on the Benefit rolls will receive the increase automatically," Robert M. Ball, Commissioner of Social Security, said recently.

"The first regular check in the new amount," Commissioner Ball said, "will arrive April 3, the usual day for delivery of benefit checks covering payments for the month of March." A separate check in the amount of the benefit increase for the months of January and February will reach beneficiaries later in April, probably during the week of April 20.

Refiguring the benefit amounts of the 25 million men, women, and children now on the benefit rolls is a tremendous task, Commissioner Ball pointed out, and it must be done without disrupting the regular benefit payment cycle.

"About one out of every eight Americans is now receiving a Social Security check every month," Commissioner Ball said. "As of the end of December, these monthly payments totaled \$2.2 billion and the monthly total will go up by \$345 million to more than \$2.5 billion as the 15% benefit increase becomes effective."

The average retirement benefit of \$100 a month will rise to \$116 per month; a couple 65 or older receiving the average couple's benefit of \$170, will have their benefit increased to \$196; the average benefit of \$170, will have their benefit increased to \$196; the average benefit for a family made up of a disabled worker, wife and one or more children will go up from \$237 to \$273; and average payments for a widow and two or more children will rise from \$254 to \$292."

We honor BankAmericard and all major oil company cards.

Olson Leads Win

The "B" Eaglettes went to Lake View Monday night and brought home their ninth win of the season 43-16, behind the red-hot shooting of freshman, Patti Olson as she put in 13 field goals and 2 free shots for a 28 point performance. Janet Oglesby had a good night netching 11 and Rosellen Mamees at 4. Priscilla Holsty did not score but she made several assists, stole the ball and hustled well. As a matter of fact the green forwards jumped to a 14-6 lead by moving and getting good shots and play well defensively.

The starting three at guard were Patsy Tampke, Janet Davis, and

Lynn Sanders who allowed 6 and 2 points in the first two quarters as they caused numerous turnovers with their alertness and had far more rebounds than the opponents. Leanne Cawley, Kim Ray, and Sherwin Jackson carried their share allowing four points each of the last two quarters as they teamed together and with the starting three to put up a good defense. These girls are all freshmen and played a freshman group from Lake View. Their season record is 9-0 and they will host Mason "B" Tuesday in Eagle Gym, 5:15.

Notice to Parents of School Age Children

The school census for Schleicher County is now being taken. All children who are six years old on or before September 1, 1970, but will not be 18 or older on or before that date should be counted in this census. It is important that all children 6 to 18 be counted in this census. The child should be counted even though he may not be in school and even though he may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31, you are being overlooked and should contact one of the following school principals:

WINTER FEEDING—With snow on the ground and no grass in sight, cattle gobble up protein-rich cottonseed pellets. This safe, natural feed is also high in energy value and contains phosphorous and other minerals.

VETERAN CATTLEMAN—Ranch operator Ray Jackson poses with part of the pure-bred Angus herd on the 28,000-acre Powell spread in Meridian, Texas. He knows grass plus supplemental winter feeding of cottonseed cake maintains strong, healthy cows and bulls and produces big, growthy calves.

COTTON AND CATTLE

GOAL: 100 Percent Calf Production

On the N. P. Powell Ranch in Meridian, Texas, herds of wild deer roam the rolling 28,000 acres and, occasionally, a riding horse gets bitten by a rattlesnake.

This is mesquite country . . . home of the spiny shrub or small tree which exudes a gummy, commercially worthless sap. Its lacy, shadeless foliage has no grazing value and its roots sometimes penetrate as deep as 70 feet.

Ranch manager Ray Jackson has learned to live with it. His is a light-stocked operation supporting 1,400 cows and 125 bulls, which include a registered herd of 150 cows producing 140 calves a year on the average. That's 93 percent and close to perfection.

Lean and cattle-wise, Mr. Jackson is strong in his preference for cottonseed cake as a supplemental feed. Good grass plus the P.E.P. (Protein, Energy, Phosphorous) content of the cake during the winter main-

tains strong, healthy cows and bulls and, therefore, big, growthy calves.

Aware of the many faddish feeds on the market today, Mr. Jackson insists, "I get better performance using one pound of cottonseed cake, which contains 41 percent protein, than three pounds of 20 percent range cubes."

Young bulls from the pure-bred Angus herd get a special ration on the Powell Ranch. As calves, they are placed in a special feed lot at weaning time and given grain, cottonseed hulls, cottonseed meal and molasses. After a month or two, they are turned out to pasture, to self-feed on cottonseed hulls, meal and cake for a week or so to get used to eating the cake. Thereafter, the young bulls get two pounds of cake per head per day until they're old enough to join the bull herd or be sold.

Mr. Jackson gets \$450 or more for an 18-months-

Eagles Win In Come-Back Over Junction

Eldorado's green Eagles and the black and gold of Junction got together Friday night for a real barn-burner with feathers flying. Eldorado, down eleven at one time, came back and took it 48-43 in a thriller that had the crowd on its feet the entire fourth quarter. This victory shoved the Eldorado lads into a 3-0 district lead in 8-A competition.

Eldorado was unbelievably cold during the first half, able neither to hit nor rebound and Junction could do no wrong. They led 11-5 at the first quarter and 22-13 at the half and had Eldorado down 10 into the third quarter. About midway in the third Eldorado, after making some changes in strategy, began their comeback scoring 19 points and bringing the third quarter score to 32-36, at least within reach. As the final stanza opened Bob Page sank a free shot to make it 33-36 and the next five minutes saw Junction able to stay ahead by two. However, with three minutes on the clock Eldorado had captured a one point lead and managed to hold Junction's attempt thus getting possession again. The Eagles worked for a good shot which they got but missed and Junction scored to go ahead 43-42. The Eagles came down court, gave it to Roy Jones on the side and he sank it to put Eldorado back in front 44-43. Junction made another attempt but Eldorado, who was now rebounding like mad, took it down court and added a free shot to send it 45-43 and Mickie Clark sank a basket to make it 47-43. Bob Page added the final icing at the free throw line. It was a very satisfying victory for the boys to come from behind and win showing a tremendous team effort.

Bob Page had a good game sinking some important free shots and doing a good job on the boards. He had 9 points. Billy Hubble sank a couple of free throws early in the fourth quarter before fouling out.

Charles Adams hit a couple of baskets in the third quarter when every two points was a treasure plus the fact that he did a good

job controlling the ball in the closing moments. Sam Oglesby hit for 9 points though bruised and sore from an auto accident earlier in the week. Roy Jones came in to play a very good game especially considering that he carried four fouls nearly all of the final quarter as did Bob Page.

Roy got a tip-in and an outside shot late in the game and was able to help pull it out. He had 10 points and was outstanding on rebounds. Mickie Clark led the scoring with 13 points and was the most consistent player throughout. Wayne Doyle, after a touch of the flu, was unable to go full strength.

Score by quarters—

Eldorado	5	8	19	16	49
Junction	11	11	14	7	43

Girls Team To Host Menard & Mason

Friday night the Eaglettes will entertain the Menard Yellowjackets in an 8-A district game and try to move to a 5-0 district record. This marks the end of the first half of play with Eldorado in the lead.

Tuesday night Mason will come to Eldorado for a second encounter with the Eaglettes this season. There will be a "B" girls game beginning about 5:15 with Mason. The varsity girls play at 6:30 followed by the varsity boys.

Eaglettes Score 79

Eldorado's basketball girls put it on Junction Friday night in an 8-A contest by a whooping 79-32 score. Every Eaglette played considerable time while still allowing those who have started for the green their share. Four girls were scoring in double figures and the rest scored.

Kathleen O'Harrow had a good night score 18 in three quarters. Lorretta Schooley notched 13 also getting about 3 quarters. Randy Yates was scoting in and out and making some unbelievable baskets as she garnered 12. Peggy Hill had her best night scoring as she also had 12. Sheri Roberts hit for nine points and led the offensive rebounders with 7 while playing about 2 quarters. Sherry Davis had 6 points, Linda Derrick 5 and Patty Page 4 to finish the scoring.

The Eaglettes hit 52% of their shots from the floor and 64% of their free throws. They committed only 10 turnovers. The defense rotates in every game with play-

ing time pretty equal. Lisa McAngus had 7, Lisa Whitten 6, Jean Rountree 4, Gay Lyn Richardson 3, Claudia Meador 2, and Mary Lynn McCalla 1.

The Eaglettes are 3-0 at this point in district.

Six Flags Audition For Talent Set Feb. 14

Arlington, Tex.—Representatives of two of the nation's top family entertainment centers—Six Flags Over Texas and Six Flags Over Georgia—will be in Arlington, Tx., on Saturday, February 14, to conduct talent auditions.

The auditions are open to performers from all sections of Texas. The auditions will begin at 10 a.m. in the Explorer's Hall of the Cibola Inn at Arlington.

Earlier auditions have been set at Baylor University, TCU, SMU and North Texas State University. The general auditions in Arlington are also open to students who miss those earlier "try outs."

David Blackburn, producer/director of all live entertainment at the Six Flags parks, said, "The 1970 Six Flags audition tour has been expanded to cover 24 cities in 13 states. We will be looking for the most outstanding young talent in each area." Blackburn said it is expected that between 3,000 and 4,000 students will "try out" during the tour. More than 300 will ultimately be hired to appear in live show presentations this summer in th Texas and Georgia parks. Six Flags Over Texas is located at Arlington, midway between Dallas and Fort Worth. Six Flags Over Georgia is in Atlanta.

During the 1969 season, the Texas theme park counted more than 1,922,000 guests. In Georgia there were some 1,850,000 visitors.

All types of talent will be considered by the audition staff. That includes everything from singers and dancers to musicians and specialty acts.

Six Flags will provide a piano accompanist, tape recorder and record player for the auditions. Auditionees should bring their own music, instruments, costumes, props, etc. They may bring their own accompanist if desired.

Live entertainment at the two parks ranges from strolling quartets to full-scale musical productions staged in permanent theaters.

'Christmas In January'

Mr. and Mrs. Robert E. Theis and little daughter Kristie of San Angelo visited his grandmother, Mrs. Mabel Davis Monday afternoon.

Robert E. returned home Friday night from Vietnam where he served 11 months.

He is the son of Mr. and Mrs. Robert H. Theis of 3237 Acorn Dr., San Angelo.

Mrs. Mabel Davis will spend the week end at her home in San Angelo with her family. They plan a turkey dinner with all the trimmings and to open gifts that have been around the tree awaiting the return of Robert Elton.

It will be "Christmas In January."

MOHAIR COUNCIL TO MEET

The annual membership meeting of the Mohair Council of America will be held at 10:00 a.m. Wednesday, January 28, at the Cactus Hotel in San Angelo, reports Dolph Briscoe Jr., of Uvalde, president of the fiber promotion organization.

Highlighting the meeting will be election of new directors and officers, approval of the Council's 1970-71 budget and discussions on product and market development, advertising, publicity and promotion activities.

Speakers from various segments of the textile industry will review work being done to boost sales of mohair and will discuss projections for the 1970's, Briscoe said.

EUBANKS VISIT HERE

Mr. and Mrs. Gene Eubank, Scott and Leslie Lynn of Victoria, Tex., visited with the Palmer Wests, and the Vance Eubanks, parents of Gene, at Roosevelt, Texas, during the holidays.

Scott spent all of the Christmas holidays in Eldorado and Roosevelt. Mrs. Eubank (Dale) is secretary at Stroman High School. Gene is with General Motors as staff adjuster for M.I.C. Scott is in the 6th grade, in Junior High School, and Leslie Lynn is in kindergarten. They live at 402 Blyth Road and enjoy living there very much.

Car Inspection Deadline

April 15 is the deadline for motor vehicle inspections.

Texas adopted the annual inspection program September 1. Vehicles inspected in January will bear stickers with "No. 1" and won't be up for reinspection before January, 1971. All cars which still have old stickers on the right side of the windshield have not been re-inspected in compliance with the new law, and owners have until April 15 to visit an approved inspection station.

In Those Days

Compiled From Success Files

ONE YEAR AGO

Jan. 23, 1969—Jerry Doyle resigned as manager of the Thomson T. Circle Ranch and was preparing to move to McCreary.

Nancy Lux won 3rd in San Francisco in the nation Make-It-Yourself With-Wool Contest. She won a \$200 scholarship.

The Jaycees were launching a clean-up of several lots fronting the highway.

FIVE YEARS AGO

Jan. 21, 1965—The Baylor A Cappella Choir from Waco was to give a performance here, and Miss Terry Phelps was a member.

Mr. and Mrs. Roy (Shorty) Taylor were back in business here in the Java Junction Cafe.

A daughter was born Jan. 17 to Mr. and Mrs. Glendon Aldridge of Dallas.

Mr. and Mrs. Vernon Carroll were moving to Brady to manage a motel, after he operated a welding shop here for a number of years.

The Rev. and Mrs. C. M. Nyquist announced that their daughter, Judy Beth, would be married here on Feb. 13th to Joel Fenn Rategan of San Antonio.

Martin Belman, Jr., was getting ready to leave for Marine duty.

12 YEARS AGO

Jan. 23, 1958—A telegram from U. S. Sen. Ralph Yarborough announced approval of a \$532,000 loan to Southwest Texas Electric Co-Op for expanding service to 300 new members.

The school approved opening of an office for the school tax assessor-collector.

Thomas Baker announced as a candidate for Commissioner of Precinct 4.

Ben Hext had his pick-up stolen from the Rancho station. It was found later 12 miles south with the engine burned out.

Becky Mund was chosen DAR Good Citizen.

Capt. and Mrs. Thad A. Thomson returned from a trip to Europe.

A petition was presented to the Commissioners Court calling for a road bond election in the amount of \$60,000, for a new road to the Cooper Gas Field east of town.

35 YEARS AGO

Jan. 25, 1935—Rev. J. L. Ratliff officiated at joint funeral services in the Baptist church for Samuel W. Mather, 71, and Jesse Mercer, 61, both old settlers of Schleicher county.

Frank Cameron, who has been managing the Palace Theater for the past 2½ months, left Thursday for Ballinger where he will be connected with the Hodge circuit of theaters.

Joining the local school faculty were Miss Mary Ella Millar, teaching physical education, and Miss Hazel Bruton, who was teaching in the grammar school.

Mrs. Karl Kerr was sponsor of a girls' 4-H club organized in Bailey Ranch by Miss Lora Farnsworth, county home demonstration agent. Mildred Mund was president and Edith Fought vice president. Other officers: Alice Mund, secretary; Coleen Stevens, recreational leader; and Norma Mund, reporter.

Mrs. H. W. Wiedenmann was elected president and Mrs. W. O. Alexander vice president of Alpha Delta Study Club.

F. M. Bradley was connected with the Evans Commission Co. after serving as County Judge for four years.

Agnes Wright left for San Antonio to complete her course at the Draughan's Business College.

The Litter Critter Says...

Dr. Clinard Coming To Teach Series On James

Dr. Gordon Clinard, pastor of the First Baptist church in San Angelo, will be here next week at the First Baptist church to teach the epistle of James.

Sessions will begin at 7:00 p.m., Tuesday night at the church and continue through Friday. On Wednesday night he will teach at 7:45.

All are invited, stated the Rev. Kenneth Vaughan, pastor of the First Baptist church here.

The Spring Revival will be held at the church March 8 thru 15.

This small boy came home from school and his mother asked him how his day had been.

"Today we got as far as the guzentas in arithmetic," he said.

"The guzentas?"

"Yeah," he said. "You know—three guzenta twelve four times, two guzenta six three times . . ."

Community Calendar

Jan. 22, Thursday. Duplicate Bridge session, 7:00 p.m.

Jan. 23, Friday. Menard A teams here for games starting 6:30 p.m.

Jan. 24, Saturday. Area Band, at Austin.

Jan. 25, Sunday. Mt. Palomar choir presents concert 7:00 p.m., school auditorium.

Jan. 26, Monday. Beta Sigma Phi meets at 7:00 in club room.

Army Major To Give Lectures Here Thursday

ARMY MAJOR DALLAS COX is giving lectures on Vietnam at 10:40 a.m. and 8:00 p.m., Thursday, Jan. 22nd, in the school auditorium sponsored by the Am. Legion post.

Major Dallas L. Cox, who was twice awarded the Silver Star, the nation's third highest award for valor and who was wounded 4 times while serving in Vietnam, will speak at 8:00 p.m. Thursday, Jan. 22, 1970 to the citizens of Schleicher and adjoining counties, in the high school auditorium.

Earlier that same, he will address the student body in an assembly that will begin at 10:40 a.m.

Major Cox is now a member of the Army Speakers Program, a program which has provided Army speakers on request for public platforms for several years. The program provides audiences with an opportunity to hear the firsthand experiences and observations of recent Viet returnees so they can understand and appreciate the solid achievements of American soldiers stationed there.

Serving in Vietnam for two years Major Cox has a wealth of experiences to relate. His first assignment was as Special Forces team Commander with the 5th

Special Forces Group. His team built the Special Forces Camp at Lang Vei. Returning to the United States he completed the Infantry Advanced Course at Fort Benning, Georgia.

In August, 1968 beginning his second tour in Vietnam, Major Cox was company commander of Co D, 1st Bn., 27th Inf. Div., for three months, later becoming the battalion executive officer.

Twice during this time he assumed command of the battalion when the battalion commanders were medically evacuated.

His battalion was located in the Michelin Rubber Plantation near Saigon. It was familiar with such operations as the Iron Triangle, the Trapezoid, the Crescent, the Onion, the Razor Back and the Angels Wing.

In addition to the SS w/OLC, Major Cox has been awarded the Bronze Star with "V" device for valor and two Oak Leaf Clusters, the Air Medal with Oak Leaf Cluster, the Army Commendation Me-

dal and four Purple Hearts during his two tours in Southeast Asia.

Born in Hiwassee, Va., Major Cox attended William and Mary College, University of Maryland, and American University. Major Cox joined the US Air Force in 1954 and transferred to the Army in 1960. Immediately following Infantry Officers Candidate School in 1962, he completed the Airborne and Ranger schools.

His first troop assignment was as an Assault Platoon Leader with the 4th Infantry Division at Fort Lewis, Wash. From Fort Lewis, he went to the Defense Language Institute at Monterey, Calif. Here Major Cox spent one year becoming fluent in the Serbo-Croatian Language. After language training he completed the Special Warfare School and was sent to the 10th Special Forces in Europe.

He was born in Hiwassee, Va., on October 9, 1936.

Major Cox is sponsored locally by Bev McCormick Post No. 257 of Eldorado, the local Legion post.

Palomar Singers To Give Concert Sunday

The Palomar College Chamber Singers from San Marcos, Calif., making a 3,400-mile concert tour to Texas, will be presented in a program in Eldorado at 7:00 p.m., Sunday, January 25, 1970.

The concert by the California group will be in the High School Auditorium and the public is invited. Most local churches are dispensing with their night services then in order that their congregations may attend.

Joe Stanford, a Texan, is director of the college singers who have earned high critics' ratings in their performances in various California cities. They have participated in choral festivals in the Los Angeles and San Diego areas, and have performed choral works with the San Diego Symphony Orchestra.

Their program will feature both sacred and secular music.

Stanford, a native of Eldorado, Texas, attended Baylor University, where he received a bachelor of music degree, and then studied at the University of Southern California where he received a master of music degree. He did additional post-graduate work at Baylor, the University of Colorado, and Occidental College in Los Angeles.

He joined the music faculty of Palomar College in 1966, and in that year organized the chamber singers. He has directed church choirs in both Texas and California.

The 18-voice concert group is composed of nine men and nine women students of the California school. Also making the tour are Mrs. Stanford, and James Weld, who will play piano and organ accompaniment. Weld is also a member of the Palomar College music faculty.

The program will include compositions in a variety of musical styles. Sizeable works for the concert are Handel's "Coronation Anthem No. 4," Vivaldi's "Credo," and Leonard Bernstein's first movement of "Chichester Psalms." Other compositions whose music is included are Schutz, Gibbons, Palestrina, Brahms, Mendelssohn, Effinger, Britten, Howells, Manz, Prentice, Lunde, Felciano, Diemer, Hennagin and Howard Brubeck.

The group is traveling by chartered bus which will leave San Marcos, Calif., Jan. 23. Towns on the Texas concert itinerary are Monahans, Eldorado, Waco, Baytown, Webster, Houston, San Antonio and Austin.

The singers, who specialize in music written for small ensembles, will visit several places of interest during their Texas tour, including the Alamo in San Antonio, the NASA Manned Spacecraft Center in Houston, and the Caverns of Sonora, at Sonora.

Palomar College is a highly-rated community college in the California junior college system, serving a large territory in the scenic "North County" region of San Diego county. The school has a day enrollment of about 2,500 and the same number of students in evening and adult education classes. The college was established in 1946, and the towns within the college district include Poway, Escondido, San Marcos, Vista, and Fallbrook. The campus at San Marcos is about 30 miles north of San Diego, and midway between the beaches of the Pacific and the inland mountains and desert.

Eastern Star Seeks Servicemen's Addresses

The Eldorado Chapter, Order of the Eastern Star, is seeking names and addresses of Schleicher county men in service in order to send each of them a Valentine during the coming month of February.

Because there is such a turnover of men going into service as well as being discharged, the committee asks the co-operation of families and friends of men in service in turning in their addresses. So if you know of a man in service, please turn in his name and mailing address to Mrs. N. G. Hodges, Mrs. W. G. Godwin, or Mrs. Elton McGinnes. Your co-operation will be appreciated.

Mr. and Mrs. Craig Davies and little son, Tye, of San Angelo, were Sunday evening visitors in the Frank Bradley home.

New Babies

Mr. and Mrs. Ricky White of San Angelo announce the birth of a daughter born Jan. 5th in the Clinic Hospital in San Angelo. The young lady weighed 6 lbs. and 5 1/2 oz. and has been named Kari Diane. This is their first child.

Grandparents are Mr. and Mrs. Jerroll Sanders of Eldorado and the Rev. and Mrs. Joe White of Odessa. Great-grandparents are Mrs. W. R. Palmer of Eldorado and Mrs. R. B. Allen of San Angelo. Also Mrs. S. W. Gaston of San Angelo is a great great grandmother.

Mrs. White is the former Kay Sanders. Mr. and Mrs. White are both students at ASU.

Eagles Fail To Sonora Tuesday

Sonora captured a district 8-A win over Eldorado Tuesday 67-55 but only after Jerry Baty and Mickie Clark had fouled out.

Eldorado never led in the game though it was only a 3 point span in the third quarter as the 5th foul was called on Baty. Jerry was high with 15 and led the green rebounding. Bob Page played a consistent game with 13, Charlie Adams hit several good outside shots for 10, Mickie Clark got 9, Billy Hubble 4, and Sam Oglesby 3.

This ties Eldorado, Mason, and Sonora with 3-1 district records and the 8-A lead.

Eaglettes Rap Sonora

The Eldorado girls had no difficulty in running their district record to 4-0 as they defeated Sonora 66-29 Tuesday. Every girl played therefore it is difficult to say how many more might have scored had the starting unit played longer. One starter was out due to illness. Kathleen O'Harrow scored 23, Loretta Schooley had an unusually good night with 18 and Randy Yates 10. Linda Derrick got 6, Sherry Davis 3 and Peggy Hill, Patty Page, and Jeanne McCravey, 2 each.

The team hit 66% on free shots and 44% from the floor.

The guards were particularly effective as they held Sonora to 5 in the first quarter, 10 in the second, and 1 point in the last. The third quarter began with Eldorado ahead 38-15 and Sonora scored 13 in the third and that was it.

Lisa Whitten had 7 rebounds Mary Lynn McCalla 7, Claudia Meador 6, Gay Lyn Richardson 6, Jean Rountree 3, and Lisa McAnugus 3. The girls are 17-4.

RODEN HOME ON LEAVE FROM NAVY

Howard Roden was home visiting relatives and friends recently. He has finished boot camp and is going to electronics school in San Diego. While home on leave he visited in Ft. Stockton with Mr. and Mrs. Monroe Dacy and Russ, and with Mr. and Mrs. Ernie Webb and family in Midland.

He hopes to hear from his friends and anyone in Eldorado who would care to write. His new address is: SA Howard Roden B750984 BE/E School Div. 3410 Cls. 1C05 SSC - NTC San Diego, Calif. 92133

Mr. and Mrs. Jack Etheredge and Mr. and Mrs. W. E. DeLong were in Crane Sunday visiting the ladies' brother, Quinn Sharp, who had surgery recently. Meeting them there were Mr. and Mrs. Floyd Miller of Denton. The visit turned into a family reunion of sorts, because the five living Sharp children, Lois Etheredge, Velma DeLong, Ella Mae Miller, Quinn and Alfred were together that day.

Mrs. J. V. Hill of Timpson, Tex., who has been a guest of Mrs. Mary Palmer, left to return to her home Tuesday morning. Mrs. Hill is a sister of Mrs. Palmer.

Oil News

One Of Two Schleicher Gas Strikes Gauged

One Canyon sand discovery has been gauged and a second assured in Schleicher county. Meadco Properties, Ltd., and Chambers & Kennedy, Midland, recompleted as a Canyon gas-condensate strike their No. 1 Paul Klatt, J. R. Lay survey 7 1/2, a former 8,014-foot failure 11 miles west of Eldorado, 2 1/2 miles north-east of the lone producer in the Henry Speck area and 3 1/2 miles southwest of the 6,985-foot Canyon sand gas area.

The wildest, originally drilled by Miami Operating Co., Inc., and plugged Dec. 14, 1956, rated a calculated, absolute, open flow of 5.2 million cubic feet of gas daily through perforations at 6,834 to 6,839 feet, after injection of 500 gallons of mud acid and 20,000 gallons of fracture fluid. Gas-condensate ratio was 87,000-1 and gravity of condensate 52.8.

Gas flowed at the rate of 1.5 million cubic feet daily from the Canyon sand through 20-64-inch choke and perforations at 5,930 to 5,940 feet, after injection of 750 gallons of mud acid and 20,000 gallons of fracture fluid, in Tucker Drilling Co., Inc., San Angelo, No. 1-C Thad A. Thomson, Jr., et al. section 42, block A, HE&WT survey, A-854, a Schleicher discovery six miles southwest of Eldorado and 2 1/2 miles southwest of the Flying Anchor Wolfcamp gas area. Testing continued.

ELDORADO LODGE

No. 800 - A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

WOMAN'S CLUB TO MEET

Mr. Dennis McDaniel, Regional Director of the American Heart Association, will bring program to the Woman's Club on Tuesday, Jan. 27th, at 2:30 p.m. at the Memorial Building Club Room.

The Woman's Club extends invitation to everyone interested in this program.

Austin, Tex.—Skyrocketing welfare costs may hit the \$1 billion a year mark in Texas within a decade, a State Welfare Board member predicts.

Burton G. Hackney, Welfare Commissioner, sees a very real possibility that his budget for the important "Aid to Families with Dependent Children" program may be exhausted this biennium. If that happens, another cut in AFDC benefits may be necessary.

"The \$80 million a year welfare ceiling (approved by Texas voters only five months ago) now seems completely unrealistic (in view of) demands we will have to face within the next four to five years," said Louis R. Sarazan of Fort Worth, Welfare Board secretary.

Sarazan's comments followed reports by Hackney of rising costs in all the major state assistance programs.

Total public assistance payments during the past fiscal year came to \$364.3 million, some 25% of which was paid with state funds.

Welfare rolls have increased at the rate of 10,262 a month in AFDC since August. Federal court cases and agency rulings relaxing eligibility requirements, together with increased population, account for most of the growth.

Airport Aid

Texas Aeronautics Commission granted five requests for airport construction and improvement grants, each to be matched at least 50-50 by the local entities.

Granted were the applications from:

Brenham—for construction of an additional apron and taxiways and extension of runway, \$27,500 (the maximum allowable grant under the appropriation);

Dumas—acquisition of additional land and removal of a power line, \$9,900;

Marshall—restoration of runway lighting and acquisition of additional land for runway extension, \$13,200;

Rockwall—acquisition of an additional clear-zone easement and resurfacing of the existing runway, \$9,600; and

White Bluff (Hill County Water Control and Improvement District)—construction of a new airport, \$27,500.

Application from Beeville for a \$16,000 grant to construct a taxiway and grade a crosswind landing strip was delayed until the town assures the Commission it will eliminate a power line crossing the end of one runway.

Appointments . . .

Gov. Preston Smith designated Dallas attorney Manuel DeBusk chairman of the Coordinating Board, Texas College and University System. He succeeds Tom Sealy, Midland.

Smith re-established the Governor's Commission on Status of Women in Texas and named Mrs. Margaret Brand Smith, a Dallas attorney, chairman of the 120-member body.

Governor also made these appointments: Judge of new Harris County juvenile court—Sen. Criss Cole of Houston.

Committee on State and Local Tax Policy—Hulen Marshall of Houston, John McKee of Dallas and Hugh H. Loewenstern Sr. of Amarillo.

60th District Judge—Former St. Sen. J. P. Fuller of Port Arthur. Governor's Committee on Aging—Mrs. Louise Massey of Monahans. L. G. Vawter of Houston and Carl D. Levy of Beaumont.

Brazos River Authority Board—Hugh (Jack) W. Dobbs of Hillsboro.

State Board of Tuberculosis Nurse Examiners—Miss Mildred I. Blair of Cisco (reappointment).

Fine Arts Commission—Gilbert M. Denman Jr. of San Antonio, Mrs. Mary Lou Braymer of San Angelo, Russell R. Waterhouse of El Paso, Harold J. Elias of Longview, Dr. John Biggers of Houston and Mrs. Frances M. Holden of Lubbock (reappointment).

Chairman, Joint Interim Water Study Committee—Rep. John Allen of Longview.

Upper Colorado River Authority—Guy C. Jackson, Clyde Parker and Arthur Lochte of Kerrville and

Jasper Moore of Ingram.

Crime and Narcotics Advisory Commission—Dr. Bobby Gene Smith of Arlington, James M. Ray of Austin and J. Wonne Hande of Dallas.

State Board of Podiatry Examiners—Dr. Bernard J. Hersh of Dallas and Dr. Joseph Ordile of Fort Worth.

Canadian River Compact Commissioner—William Andrew Clifford of Lubbock.

Judge, Domestic Relations Court No. 1 for Harris County—Wells Stewart of Houston.

Oil Production Held Steady—Railroad Commission set the statewide oil allowable for February at 68% of potential, highest for the month since 1953.

Figure is the same as for January. It will permit a maximum production of 3,732,919 barrels a day. Actual production is estimated at 3,250,500 a day.

None of the 14 major purchasers of crude asked for an increased allowable. Ten recommended the same factor and four saw a declining need for the month. Big buyers suggested a daily allocation of 3,226,192 barrels.

Courts Speak

State Supreme Court set February 11 to hear arguments in a court case testing whether governmental units (Brownsville Navigation District) are immune from lawsuits for breach of contract.

High court held that a Jefferson County woman who claimed she got scalp blisters from using "New Dawn" hair coloring was not entitled to damages.

Also set for February 11 review is the appeal of a Marshall theater operator from a \$31,250 damage verdict awarded a girl who was hit by a liquor bottle thrown from a movie house balcony at a midnight show.

District Judge Herman Jones of Austin denied an injunction to

prevent construction of a golf course at Meridian State Park. Federal court earlier dismissed the suit.

Third Court of Civil Appeals upheld a lower court decision that a Houston bus company must get a Railroad Commission certificate for space center tours and other routes outside the city. All three judges wrote their own opinions, one dissenting.

Attorney General Rules

Fraternal and veterans organizations do not have to collect sales taxes on mixed drinks served to members, Atty. Gen. Crawford Martin ruled in a new opinion.

Martin also said that a new law requiring free kindergarten programs during the 1970's did not allow for all "practical problems" and may need adjustments.

In other recent opinions, Martin concluded that:

—State Board of Insurance is required to fix and maintain fair, reasonable and just insurance premium rates, and auditing may become a means of enforcement, even where the agency obligation under law extends only to approval of forms.

—Majority of the members of Burnet County Hospital Authority Board of directors must be appointed by the board and remaining members by the Burnet County Commissioners Court.

—Architects are excluded from provisions of the Texas Professional Corporation Act but may incorporate under the Texas Business Corporation Act.

—An application for registration as a professional engineer in the state meets legal requirements of the Engineering Practice Act when the applicant changes the affidavit by marking out the words "sworn upon oath" and writes in "affirmed."

Draft Call

February draft call for Texas is 929. No man will be ordered for induction with a random sequence

number higher than 60, says Col. Morris S. Schwartz, state Selective Service director.

February quota is an increase of 573 from January, which will be filled January 16-30 with men who have random sequence numbers no higher than 30.

State quota for pre-induction physical and mental examinations in February is 9,359, up from 5,800 in January. In filling the call for examination, draft boards will order I-A and I-A-O men of 1970 random selection sequence group before men born in 1951. The 1970 group contains men born 1944-50. National call for February is 19,000.

Short Snorts . . .

Governor Smith and Lieutenant Governor Ben Barnes will head the delegation of Texas Democrats flying to Miami Beach, Fla., Feb. 5 to participate in the Nationwide Democratic Fund-Raising Gala.

State Comptroller Robert S. Calvert, 77, has filed for re-election. Department of Public Safety completed the first phase of its war on dangerous drugs when 61 officers and officials finished an intensive course on combatting the problem in their areas.

Republican Congressman George Bush of Houston announced for U. S. Senate pegging crime, fiscal policy and the Vietnam war as foremost issues.

Governor Smith has approved a \$218,540 community action grant for Starr county, a \$218,826 grant for Hidalgo county, a \$48,893 grant for Jim Wells county (anti-poverty projects) and a regional planning assistance grant of \$106,610 for the Houston-Galveston Area Council (an 8-county area).

Lt. Gov. Barnes named Sens. A. M. Aikin Jr. of Paris and Tom Creighton of Mineral Wells to Legislative Budget Board.

Attorney General Martin deposited \$161,600 in anti-trust suit collections in the state treasury last week.

Deferred Grazing Pays

Henry and Mike Moore, ranching some 15 miles west of Eldorado, came up with a pretty good explanation as to how deferring a pasture paid dividends as far as they were concerned. They reported that they had been grazing 40 cows with calves on sorghum fields up until around the first of the year. While grazing the fields the cows were eating a tank of 32% protein feed and a 100 pounds of free choice mineral feed every four or five days.

Around the first of the year the cows were moved to a 980-acre pasture that had the brush dozed, seeded with a mixture of grasses, and deferred from April 15, 1969 until sometime around the first

of January, 1970. Due to the kind of feed, and the preference they had for natural feed on the native range, Henry and Mike said it was noticeable that the cows were not eating as much of the minerals and liquid as they had been eating. This aroused their curiosity and after checking into it closer they found that within the same period of time on the deferred pasture the cows were only eating 1/3 as much of the minerals and liquid feed.

Yes, deferred grazing doesn't cost, it pays. This practice is gaining in popularity in the Eldorado-Divide Soil and Water Conservation District. When you defer a pasture you do not lose grazing—you just postpone the harvest to a later date.

COUNTY AGENT'S COLUMN

by Ting Godwin

Schleicher County Agricultural Agent

Post-planting techniques are as important in tree survival as any other factor.

A bare-rooted tree should be supported to prevent damage from prevailing winds.

The most common method of staking is with two or more wooden stakes driven into the soil around the tree and about a foot from it.

Soft string may be used to tie the tree to the stakes. Wire or other hard materials are poor substitutes because they will injure the tree. Guy wires may be attached to large trees in a section of rubber hose is used to protect the tree. If rubber hose isn't used, the wire will cut into the tree and possibly kill it.

A tree should remain supported for at least two years. Balled and burlapped shrubs usually do not need supporting.

Newly planted trees also need to be pruned. The amount of pruning is determined by the root system, the condition of the plant and its future care.

Usually one third to a half of the top growth is removed.

Only secondary branches are cut back. Buds along a single shoot can be rubbed off.

Pruning is done to assure a balance of the roots with the top growth. Balled and burlapped plants need little or no pruning.

Plants are not fertilized immediately after pruning. A light application of fertilizer should be applied after the first growing season.

After planting, the moisture content of the soil demands careful attention. This is especially true for evergreen plants.

As much or more damage results from over-watering as under-watering newly planted shrubs and trees.

Plants should not be allowed to wilt from dry soil. Neither should the soil be kept at a water-logged level.

 An egotist is not a man who thinks of himself; he is a man who thinks too little of other people.

 When properly handled and ap-

plied, pesticides provide an effective and inexpensive means of minimizing and controlling the damage and discomfort caused by insects in the home. Proper and safe use depends upon the pesticide user's basic knowledge of the materials being used, including the chemical, formulation equipment, application and handling procedures, storage and disposal of containers.

Final 1969 Screwworm Count—Screwworm cases in the Southwestern States for 1969 totaled only 219 against 9,268 confirmed cases in 1968. The past year was described by officials of the eradication program as the best in the history of the program from the standpoint of confirmed cases.

Stockmen are advised to keep checking animals and when worms are found, to submit samples to the laboratory at Mission for positive identification.

 Resolution making time is here again and small grain producers are reminded that improved pastures can add considerably to their income.

Why not make a resolution now to do something during the year ahead about improved pastures. For a beginning, select an area and consider these practices.

Control weeds with chemicals. Weeds steal moisture and nutrients which should be used by small grain.

Get a soil test early in the year and fertilize in accordance with the test recommendations.

Good quality grazing can be produced from the excess growth in the spring and a plot check will show how much the pasture and grazing have been improved.

Graze the area when the small grain is good in quality and cross fence the area so livestock can utilize the improved grazing.

Figures by this time next year will show the progress made and serve as a guide for further pasture improvement work.

 In the final choice, a soldier's pack is not so heavy a burden as a prisoner's chain.

 The profitable production of corn and grain sorghum in many areas is closely related to disease control. Many of the diseases can be satisfactorily controlled by using disease-tolerant hybrids.

To assist producers in selecting the best adaptable hybrids from the stand-point of disease tolerance Extension and research personnel of Texas A&M University in cooperation with industry and farm leaders have prepared disease ratings for many corn and grain sorghum hybrids and the information is now available at the office of the county agent.

Too, he added, the information on which the ratings are based was obtained by close observance of the hybrids grown at many different locations over Texas. In addition to the ratings, facts on such

diseases as maize dwarf mosaic, downy mildew, anthracnose and head smut are given.

The information as something every grain sorghum producer in the county will want to look over before deciding on the hybrids to be planted next year. A copy of the report is available for study at my office. Persons interested are advised to call for a look and consultation on the disease problems of corn and grain sorghum production.

 Most people are about as happy as they make up their minds to be.

Thomas Nix Rites Monday In Sonora

Thomas Franklin Nix, 95, died at 10 a.m. Sunday in Hudspeth Memorial Hospital after a long illness.

Services were held at 10:00 a.m. Monday in 1st Presbyterian Church in Sonora with burial in Eldorado cemetery at 11:00, directed by the Ratliff-Kerbow Funeral Home.

Mr. Nix was born Oct. 18, 1876 in Mason and was married to Emma Lindsey in 1906 in Mason. Mrs. Nix died in 1932. Mr. Nix had made his home in Sonora with his daughter Ruth for the past four years. Prior to that time, he had lived in Rocksprings and had ranched at Eldorado. He was a member of the First Presbyterian Church and the Woodmen of the World.

Survivors include two daughters, Mrs. Jim Hugh Richardson of Sonora and Mrs. Ernestine Lenamond of Houston; a son, Hoot Nix of Sonora; five grandchildren and six great-grandchildren.

Mrs. Lester's Brother Died Last Week

Funeral services were held Friday in Colorado City for James Marvin Robinson, 55, of Temple who died Thursday morning in the Veterans Hospital there after an illness.

Mr. Robinson was born Nov. 19, 1914 in Colorado City. He was a member of the Church of Christ and a World War II veteran.

Survivors include a sister, Mrs. Bill Lester of Colorado City.

ATTEND STATE MEETING

Palmer West attended a State Firemen's and Fire Marshal's executive board meeting Saturday and Sunday in San Antonio.

He is chairman of the State Racing Committee, and will be in charge of the Ladies and Men's races at the June Convention in San Antonio. Mr. Hubert Gorobec, Granger, Texas, is state president of the association.

Still Going Together

WIND AND WATER—The picturesque windmill pumping water for cattle is still a familiar sight on many ranches. By placing wells and windmills at strategic locations, the herds are spread out and thus graze over wider areas.

Cotton and cattle are still going together.

Gone is the legendary cowboy who, with swirling rope and hissing branding iron, tamed the wild long-horn. Except for actual "working of cattle," the man on his mount has long since been motorized.

Gone, too, is the adventurous ranch life that was "hell on horses and women." Derring-do has faded away and the automobile, airplane, telephone and technology have banished solitude and drudgery. Home on the range has become sophisticated.

However, cottonseed meal, that valuable by-product of the cotton plant, has not disappeared from the cattle-raising scene. Far from it. Over a million tons of cottonseed meal are consumed annually by beef cattle. Dairy cattle eat up another half million tons.

What's in the meal that creates such demand? P.E.P. That stands for Protein, Energy, Phosphorous. Cattle need all three year-round for steady weight gains, good calf production, abundant milk and early weaning. Whenever grazing grasses fall to provide the right amounts of P.E.P., supplemental feeding with cottonseed meal is the safest, most economical way to get the job done, according to the National Cotton Council.

Take the well-known Swenson ranches at Stamford, Texas, which embrace 258,000 acres surrounded by barbed wire strung around for 650 miles. The fencing divides the four big spreads into smaller pastures to facilitate round-ups, control grazing and conserve grass.

The famous SMS brand (derived from the initials of Svante Magnus Swenson, who came from Sweden to settle in Texas in 1836) identifies 23,000 head of Hereford cattle. For over 50 years, the SMS ranches have produced top quality feeder calves and yearlings for commercial feed lots.

In normal years, despite the pesky mesquite, SMS pastures are covered with nourishing grasses but in wintertime the Swensons use cottonseed meal (in the form of pellets commonly called cake) as a regular supplemental feed.

As a matter of fact, ranch manager A. M. "Swede" Swenson, a former University of Texas football star, points out that in 1902 "our family started a cottonseed oil mill to make sure we had a regular supply of cottonseed cake for our cattle. We've been using it ever since."

Regarding mesquite, its present range far into the Southwest is believed to have resulted from seeds scattered during the thundering cattle drives of yesteryear. Mesquite is a spiny shrub or small tree with roots sometimes penetrating as deep as 70 feet. Its lacy, shadeless foliage has no grazing value. It exudes a gummy sap which is commercially worthless. So is the wood, though it was once used to make railroad ties.

The rapid sprouting of mesquite and the way it takes over pasture lands poses a constant threat to cattlemen. Early in the century, the Swenson ranches were overrun by prairie dogs which ate much of the grass and also mesquite seedlings. The prairie dogs were finally eliminated by poison but then the mesquite took over. Today, under a six-year rotating eradication program, the Swensons use treedozers, root cutters and anchor chains to keep the mesquite under control.

It's all part of modern ranching designed to insure properly managed nutrition.

That, coupled with scientific breeding policies, means constant improvement in cattle quality which, in turn, provides the best in beef for the dining room table.

No Need For Advertising?

—Preachers don't preach just once a year even though people are against sin.

—Teachers review lessons. They know that children do forget and often have to be told more than once.

—Highway patrolmen drive up and down the highways, and caution drivers although motorists know the law and should obey.

—Mail order firms continue to send out catalogues.

—Not all of us know what is sold in stores in the home town, and we need to be invited continually to trade in your place of business.

—The Notre Dame cathedral has stood for centuries, but still they ring the bell every day.
