Number 49

Week Rain Halts Cotton Stripping

Eldorado's Mikeska Gin was fired up Monday morning and processed about 25 bales, bringing their season's total to 1473.

This gin run represented cotton held over from Sunday, April 23. That night rain set in and continued throughout the week until Saturday noon when sunshine broke through clouds for the first time.

Total rainfall for the week is reported all the way from 2½ and 3 inches and as high as 4½ in some places.

It has left fields extremely muddy and gin men estimate it will be late in this week before farmers will be able to resume stripping. One man stated it simply, "The cotton is dry enough, but the ground isn't."

Gin men are still expecting this year's crop to reach 2,000 bales, which makes it appear that 500-plus bales are still in the field.

In spite of the cotton delay all farmers and ranchers are enthusiastic over the week's rain. It is regarded as a godsend for winter crops.

Nancy Lux Named 4-H Gold Star Girl

NANCY LUX

Nancy Lux has added one more award to her long list of winning achievements in 4-H Club work.

A 4-H Club member for 5 years, Nancy has been named Gold Star girl for Schleicher County for 1969. The daughter of Mr. and Mrs. W. V. Lux of the Reynolds community, Nancy is at present a freshman at Texas Technological Institute in Lubbock.

In 1968 Nancy won the State of Texas Contest in "Make It With Wool." She went to the National Contest in San Francisco and was named third place winner in the nation.

The District 4-H Dress Revue held in San Angelo in August of 1969 occasioned another blue ribbon as Nancy was named a first place winner. The blue ribbon entitled her to participate in the State 4-H Dress Revue held in Dallas in October, but the press of college work made the trip from Lubbock to Dallas impossible and she did not participate in the state contest.

Nancy's 4-H projects have been in the field of foods and nutrition, Home management, interior decoration, vegetable gardening and other related subjects but her great interest is in the world of clothes and fashion. As a Home Economics major in college, Nancy has chosen to specialize in fibers, fabrics and clothing design. Her college work and future career will be centered around this interesting and highly technical segment of the clothing world.

Gold Star winners from District Seven were honored yesterday at a luncheon in the Cactus Hotel. West Texas Utilities hosted 45 boys and girls along with their leaders and Extension Agents as these outstanding 4-H members were recognized for their club work.

November Rainfall 3.01

Average rainfall for November as reported by Lloyd Johnson, was 3.01 inches. Added to 23.49 at the end of October, this makes a total of 27 inches for the year.

As of Wednesday noon, clouds are again becoming overcast.

Santa's Parade Set For Monday

Plans for Eldorado's second annual Christmas parade are well under way. Several organizations are building floats and a \$5.00 prize will be awarded the best float entered.

The parade will begin at 4:00 p.m. Monday afternoon. All floats and people participating in the parade should line up at the Memorial Building at 3:45. Eldorado's Eagle Band will lead the parade through the downtown section of town. Due to poor road conditions by Java Junction, the parade will move down the high-

way and turn back to Main street at the corner where the old Harkley Supply building stands. It will then proceed back to town and end at the square. O! Santa will ride in the parade and will hear every child's Christmas wishes in front of the court house.

Miss Merry Christmas will be chosen from one of the Senior Class girls. All of the contestants will ride in the parade and the queen and two runners-up will be crowned at the end of the parade by C of C president Buddy White.

A plaque will be awarded to the best decorated business—so let's all get busy with our decorating.

Now—for all pre-school thru 3rd grade children, a prize for the best Christmas costume will be given. Get your costume ready and meet over at the Memorial Building at 3:45. The children will march in the parade so that everyone can see their costumes.

A \$5.00 prize will be given to the winner right after Miss Merry Christmas is crowned.

Decorating Set At The Local Hospital

Mrs. Leslie Baker, decorations chairman for the Schleicher County Medical Center Auxiliary, is hard at work with her committee preparing Christmas decorations for the Medical Center. Permanent decorations are being bought and will add cheer and holiday spirit to our hospital and nursing wing.

Anyone wishing to make cash donations for this project is urged to contact Mrs. Baker for details.

Uniforms Arrive For Hospital Auxiliary

Uniforms for the Schleicher County Medical Center Auxiliary have arrived. They may be picked up at the hospital office.

The regular monthly meeting of the Auxiliary will be held on Thursday morning, Dec. 4, in the hospital dining room. Time for the meeting is 9:30.

Basketball Boys To Angora Tourney

This week end will bring lots of basketball action as the Eagles will take part in the Rocksprings Tournament this Thursday, Friday, and Saturday.

Thursday the boys will meet Nueces Canyon at 4:30 p.m., then Friday they will play Comstock at 12:30. Friday the Eagles will be at home to host the Miles Bulldogs in regular play.

Saturday morning at 8:00 Junction and Eldorado will get together back in Rocksprings and Saturday night at 8:00 Eldorado and the Angoras will meet. Winner is determined by the team with the best record.

Wall Here Tuesday

The Wall Hawks both boys and girls will come to Eldorado Tuesday, December 9, for regular games.

The Eagle teams will have just completed the Winters and Rocksprings tournaments and should certainly be ready for the occasion.

Funeral Tuesday For John I. King, 69

John Irving King, 69, died Saturday in Seaton Hospital in Austin after a long illness.

Funeral services were held Tuesday at 11:00 a.m. in Church of the Good Shepherd Presbyterian church in Sonora with burial later that day in Live Oak Cemetery in Brady directed by Ratliff-Kerbow Funeral Home of Sonora.

He was born July 28, 1900 in Brady. He was the son of the late Mr. and Mrs. R. A. King, pioneer ranchers in Sutton and Schleicher counties. He attended the University of Texas and played baseball under famed coach Uncle Billie Disch. He returned to Sonora and ranched in Sutton county, eventually buying the R. A. King home ranch in Schleicher county. He was a charter member of the Good Shepherd Presbyterian church and served as trustee. He was also a member of the Masonic Lodge.

Survivors include two sisters, Mrs. Georgia Offutt of Austin and Mrs. Vera Granville of Brady, and a number of nephews and uncles, aunts and cousins in the area.

Snowflake Ball Set For December 30th

Final plans are being completed for the annual Snowflake Ball set for Dec. 30th at the Memorial Building. This is a private formal dance given by interested local high school and college students for invited guests only.

Mrs. Kenneth Doyle is general chairman and may be contacted for further information.

The dance is a highlight of the holiday season for the young people of Schleicher county and their friends. Music will be furnished by Frank Trevino.

New Vehicles For Month Of November

During the month of November just ended, there were eight new vehicles registered in the office of Sheriff Orval Edmiston:

Henry Speck Jr., '70 Olds 4-door; Page Bros., '70 Chev. pick-up; E. Robert Duke, Midland, '70 Olds 4-door; Ruby Jones Damron, '70 Olds 4-door; Frank Bradley, '69 Chevrolet pick-up; Edgar C. Stone, Del Rio, '70 Chev. pick-up; Atlantic-Richfield, Dallas, '69 Dodge flat-bd. and '70 Ford pick-up.

OES To Have Supper Before Meeting Monday

A covered dish supper to be served at 6:00 p.m. Monday will precede the regular monthly meeting of the Eastern Star Chapter, it was announced by Mary McGinnes, WM, this week.

The Deputy Grand Matron, Mrs. Rose Hughes of Big Lake, will be on hand.

Post Script

Part of the Success crew made a trip over Thanksgiving, west to the Davis Mountains and from there to Van Horn to spend the holiday with relatives.

We put the Thanksgiving Day paper in the post office early Wednesday morning, spent that morning doing finish-up work for the week, picked up our Second and First graders at noon from school and took out in damp and rainy weather.

We went to Fort Stockton, then to Balmorhea where we turned south to see historic Fort Davis. It had been several years since any of us had seen the fort and it has been in process of restoration of part of the facilities. One of the old barracks buildings has been rebuilt and serves as headquarters and tourist information center. It also houses a museum.

There is now a parking lot for visitors, picnic grounds, and helpful guides on hand to answer questions and give out pamphlets and maps to those who want them. These printed guides also give the history of the fort, which was in use from about 1860 to 1891. Each carload of visitors pays \$1 for a one-day pass to tour the facilities.

All of the houses that comprise officers row have roofs, and some have been restored, as have other buildings. Still other structures have just some walls standing, and just a foundation is all that remains of a few more.

From Fort Davis we went over the Scenic Loop of highway thru Limpia Canyon to the McDonald Observatory, which has been enlarged in recent years with a new 107-inch telescope beside the 82-inch telescope which was erected in the early 1930's. We had passes to go through the observatory and also were scheduled to actually look through the 82-inch scope at the stars, but foggy weather prevented this. There were about 30 in our party of visitors, and the astronomer in charge of the tour showed us through the observatory building and also the 82-inch telescope mounted in its dome. He showed

some slides and otherwise presented an interesting program for all present.

The McDonald observatory is open daily to visitors, and the last Wednesday night of each month is open for actual viewing through the telescope, weather permitting. But you have to write ahead for tickets, giving number in your party and enclosing a stamped, self-addressed envelope.

We urge our readers to tour Ft. Davis and McDonald Observatory whenever your travels take you out in that part of the state of Texas.

Wednesday and Thursday nights we were at Van Horn and Friday morning found four inches of snow on the ground, but we decided to start for home anyway, despite weather conditions. About 10:30 a.m. we were in the town of Van Horn, headed east on Highway 80, soon to be Interstate 10, and passed about a dozen cars that had been involved in fender benders and pulled off to one side. It took two hours just to reach Balmorhea, and another hour or more to reach Ft. Stockton, where the snow thinned out, and faded out altogether by the time we reached Iraan. But it was an all day trip getting back to Eldorado.

We are now coming into the Christmas season, one of the highlights of the year for churches. Most local churches will have their Christmas parties, with exchange of gifts from under the tree the night of Sunday, December 14. So for next week's issue of the Success we invite all church pastors and their reporters to please turn in their plans and schedules for the Christmas season. Include plans for the Sundays of Dec. 14th and 21st, and any special days in between.

We also urge you to keep Christ in Christmas by contributing to the benevolences of the church of your choice.

People moving: Willard Roper moved Monday from the Jack Montgomery house to Sonora; William Carpenter moved Monday from a Riley house; Tim Sellman, who was here for a while with Atlantic-Richfield, moved away Monday, vacating the Fred Smith house.

And how was Thanksgiving here? Thanksgiving Day in Eldorado saw Main Street locked up and abandoned. It was so quiet that this lone editor, passing the bank on his way to the post office, thought he could hear their notes drawing interest.

And it was a chilly, drizzly and muddy day. It was not until Saturday noon that the sun came out.

If you want to know just how muddy things were, and if you want to talk to someone bothered by it, you might talk to Mrs. Clements at Java Junction Cafe. For a solid week her customers had to endure the sloppiest, muddiest, gosh awful conditions underfoot anyone could imagine.

Now things are drying up and we hope the road crew will rebuild the street before another wet spell arrives.

Now Thanksgiving is behind us and we're in December with only 21 days until Christmas. It's soon time to install the Christmas lights on the court house and streets.

Referring to the Christmas season, a national advertisement points to it as, "The season to be jolly—not exhausted."

With our subscribers: Jerry Lyn Pennington is a new subscriber at 2045 South Ong, Amarillo, Texas 79100.

Mrs. Hattie Blaylock reports that her new address is Box 333, Santa Anna, Texas 76878. She has moved from Fredericksburg.

Dick Bearce reports that the OEO office wants old but repairable toys. These will be re-done in time to serve as Christmas gifts for underprivileged children here.

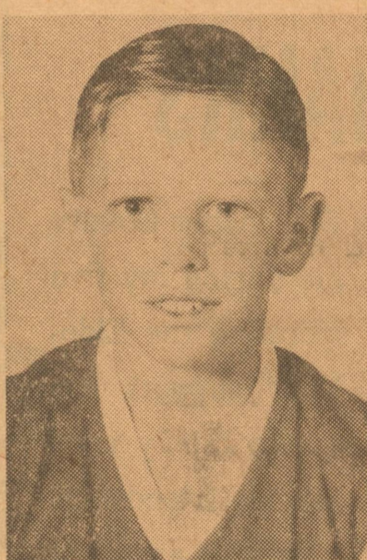

Anyone with such toys to donate should call Mr. Bearce and he will see that they are picked up.

Beta Sigma Phi will have birthday calendars on sale later this week.

Band Trophy Is Now On Display

The beautiful trophy, now on display at the bank, was won by the Eagle Band in the Street Marching Contest at Angelo State University's homecoming parade on Saturday, Nov. 1. The trophy was presented to Mr. McDonald and Lisa Whitten, drum major, during halftime at the football game that afternoon between ASU and Tarleton. —Band Rep.

4-H Gold Star Award

TIM EDMISTON

Tim Edward Edmiston, 13-year-old son of Mr. and Mrs. W. F. Edmiston, joined the Schleicher County 4-H Club 5 years ago. He has been an active member and has had a project each year. These projects have included feeding and fitting of fat lambs, registered Hereford heifers and steers. He has shown these projects at the local show and also at San Angelo and San Antonio.

He has a registered heifer and fat lambs as his project this year.

Tim has attended the 4-H Club Camp at Camp Christian Retreat at Brownwood, Texas, the past three years.

Tim was honored at a luncheon sponsored by the West Texas Utilities Wednesday. He was presented with the County Gold Star pin.

Dr. Browne's Father Dies In Local Hospital

Gresham A. Browne, 85, died at 8:15 p.m. Monday in Schleicher County Hospital. He had been a patient here since the hospital opened last Spring.

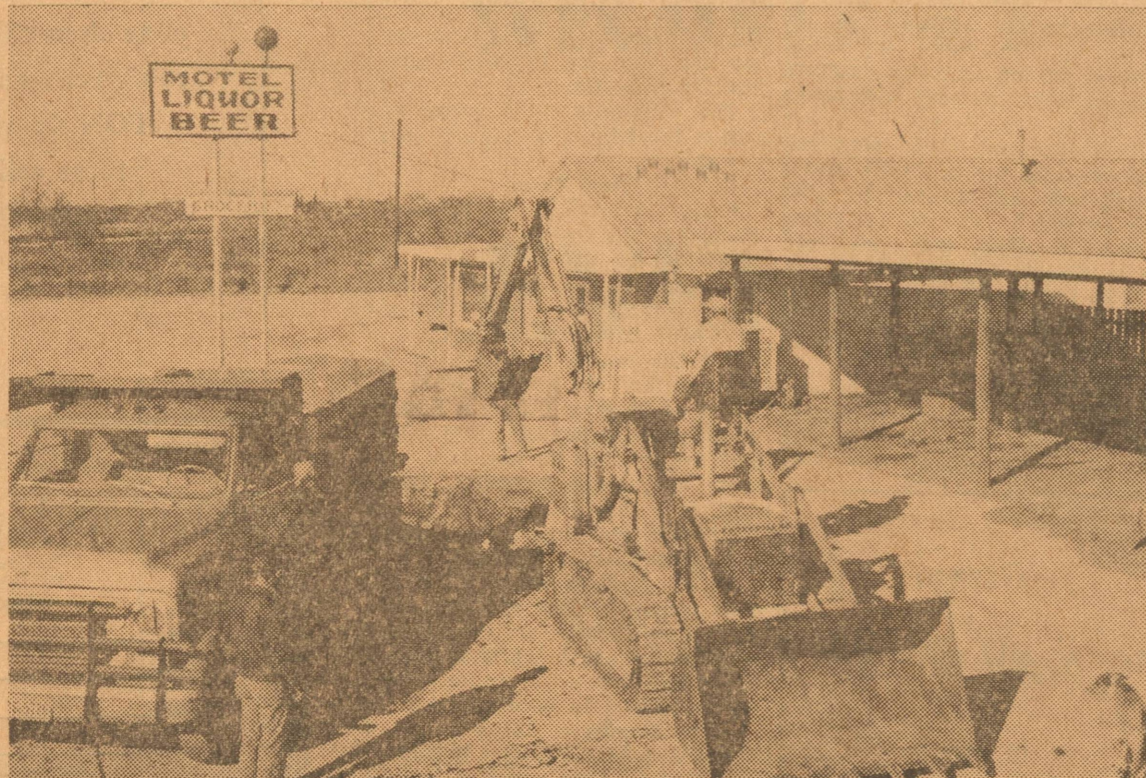

Services will be held at 2:00 p.m. Thursday at St. John's Episcopal Church of Sonora with Masonic graveside rites to follow in Sonora cemetery. Ratliff-Kerbow Funeral Home is in charge of arrangements.

Mr. Browne was born March 25, 1884 near Walker, Mo. He was married to Bessie Flynn in 1912 at Walker, Mo. He was a member of the Masonic Lodge, the Scottish Rite and a 32nd Degree Mason.

Survivors include his wife; three sons, Dr. Charles F. Browne of Sonora, Glenn W. Browne of Huntington, N.Y., and Berle E. Browne of San Diego, Cal.; a sister, Mrs. Ona Roberts of Muskogee, Okla., and eight grandchildren.

The family requests that memorials go to the donors' favorite charity.

Excavating For New Self Serve Filling Station

Cahill Construction Company of Sonora are digging a hole large enough to bury two 8,000-gallon gasoline tanks at the Cramer Sofge drive-in on the east edge of town. Mr. Sofge states that Pioneer Oil Company is installing the facility, which will be the first of its kind in Eldorado. Similar stations are now operating in Menard, Sonora and San Angelo, he said. In foreground is Shorty Huffman, Jr., of Huffman Equipment & Service Co. of Fort Worth, a firm specializing in service station sales, service and installation.

**COUNTY AGENT'S
COLUMN**

by *Tiny Godwin*

Schleicher County Agricultural Agent

Proper grazing distribution and the degree of forage utilization are factors often overlooked by ranchers in their range management program.

Stocking rates may be correct for the ranch, but if grazing is not properly distributed, some areas may be overused while others remain almost untouched. This means maximum net returns are not being received from the management program.

Now, at the end of the growing season, is the time to look over your range and see how you are doing with your distribution and utilization.

Are areas near water heavily used, while the far corners of the pastures stand unused? Is your salt supply near the water source? The solution to this problem is to place the salt in areas that have been underutilized. Moving salting locations several times during the year will increase grass utilization in the out-of-the-way places.

Research has shown that salt should be considered as a distribution tool rather than as a nutrient.

The degree of utilization during the growing season is often too high. Numerous experiments all over Schleicher county have shown that a rancher can expect greater returns from moderate than from either light or heavy grazing.

A good rule of thumb is to "take half and leave half" of the current year's growth. If this sounds wasteful, remember that the same grass blades which feed livestock or wildlife must also feed the plant and store sufficient food material for early growth next spring.

Riches are not from an abundance of worldly goods, but from a contented mind.

The fire in the fireplace during the upcoming Holiday Season can be made to reflect the cheerfulness of the occasion even more by adding multi-colored flames.

Chemical treatment of the material to be burned can result in green, red, blue, orange or purple flames instead of the usual flame from wood.

Calcium chloride can be used to produce orange colored flames, copper chloride, blue; potassium chloride, purple; strontium nitrate, red; lithium chloride, carmine; and copper sulfate, emerald green. Dry pine cones, small chips or blocks of wood can be soaked in these chemicals for the multi colored flames. Most of the chemicals can be purchased from chemical suppliers or drugstores.

To treat the cones or wood, a plastic pail and an onion sack are needed. The cones or chips are placed in the sack and immersed in a solution containing one pound of the chemical thoroughly dissolved in one gallon of water. The bag must be weighted so that all of the material is completely covered and soaking should last for at least 10 minutes.

After soaking, place the treated material on newspapers to dry and then they will be ready for use.

Newspapers can be turned into "logs" which will burn with a rainbow of color. Simply tie the loosely rolled newspapers with heavy twine and soak them in a solution of four pounds of copper sulfate and three pounds of rock salt dissolved in a gallon of water. After allowing these "logs" several days for drying, they may be burned just as wood.

Keep smiling—it makes everyone wonder what you have been up to.

Pesticides and other chemicals are essential for profitable cotton production. Agricultural chemicals are commonly used as herbicides, insecticides, defoliants and desiccants. These materials are very effective for the purposes intended, but there are certain limitations and hazards of which the producers must be aware.

Producers should exercise caution in grazing chemically-treated cotton fields. Fields treated with

most defoliants, desiccants and insecticides and some herbicides should not be grazed by livestock following harvest of the cotton crop. Some of these chemicals are highly toxic to livestock and animal deaths can occur when treated fields are grazed. Besides causing direct death of animals, chemical residues from treated fields may contaminate meat or milk, making these products subject to seizure under state or federal regulations.

It is the producer's responsibility to adhere to the specific restrictions on grazing fields treated with any pesticide or harvest-aid chemical. He should read all directions for usage, limitations and restrictions on the label of pesticide containers and use only in accordance with label instructions. If any doubt exists concerning use or grazing restrictions, producers should contact their county agricultural agent for additional information.

Character is very much like window glass—even a little crack shows clear through.

School Menus

(All meals served with hot rolls and milk.)

Thursday, Dec. 4: Spaghetti and meatballs, green beans, tossed green salad, raisin cake.

Friday, Dec. 5: Chili with/without beans, cheese strips, stuffed celery, cabbage & apple & pineapple salad, fruit cobbler.

Monday, Dec. 8: Romany steak, creamed potatoes, okra-tomato gumbo, tossed green salad, canned fruit.

Tuesday, Dec. 9: Barbecued chicken, pinto beans, potato salad, cabbage & carrot & pineapple salad, white cake with chocolate icing.

Wed., Dec. 10: Beef and vegetable stew, cheese strips, cole slaw, cornbread, fresh orange halves, and cookies.

Thursday, Dec. 11: Chicken fried steak & gravy, creamed potatoes, whole kernal corn, broccoli, vanilla-cherry pudding.

Friday, Dec. 12: Macaroni and cheese, mustard greens, tarter sauce fish filets, boiled carrots, apple betty.

Methodist Notes

Tuesday of this week, the WSCS held their annual Christmas Party at the parsonage.

On Sunday, Dec. 14th, the church will have its Christmas Program and Party at the evening service. Also, contributions to the Methodist Children's Home at Waco will be presented then. Further arrangements will be announced by the Rev. Bobby Palmos next week.

**Deer Kill Average
For Most Of Texas**

Austin, Tex.—Reports from around the state indicate an average deer kill during the first two weeks of the hunting season.

Warm weather during the opening days kept the kill down, but the following week end saw cold weather over most of the state which resulted in a good couple of days for hunters.

Body condition of the deer varies over the state. West Texas hunters report the deer fat and in good shape, while East Texas hunters say the deer are in good shape, but far from fat.

The following is a region-by-region breakdown of hunting over the state:

West Texas

From the edge of the Edwards Plateau to the eastern edge of the Trans-Pecos, the deer story in West Texas is the same—they are plentiful, and they are the fattest that have been seen in years.

But the reason they are fat is because there is plenty for them to eat which means there is plenty of greenery to conceal them. This also means deer do not have to move very much to satisfy their hunger.

Hunters are reportedly doing well despite the handicaps.

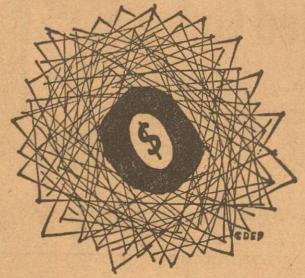

Turkey hunters are also doing well, although most of those who are killing turkeys are deer hunters who are in the right place at the right time. The turkeys are numerous and in good shape.

Southwest Texas

The story was different in Southwest Texas. Cold weather during the second week of hunting there produced a larger kill. Biologists report the kill picked up 30 to 100% after a slow beginning.

Opening day found hunters complaining about such things as plentiful browse which kept the deer from moving, and warm weather which produced the same effect.

Plentiful Foods

College Station, Tex.—Juice oranges, grapefruit, sweet potatoes, cabbage, carrots, tomatoes and locally grown mustard, collard and turnip greens are in best supply at the most economical prices this week.

These fruits and vegetables add the vitamins A and C half of all Americans lack in their diets, says Gwendolyn Clyatt, Extension consumer marketing specialist at Texas A&M University.

Other economical items include apples, bananas, Tokay grapes, rus-

set potatoes, celery, dry yellow onions and cranberries.

Cauliflower, eggplant, green beans, broccoli and yellow squash are moderately priced.

At meat counters, Mrs. Clyatt suggests homemakers look for best beef values on round steaks and roasts, ground beef, short ribs and chuck roasts and steaks.

Pork values include picnics, shoulder roasts and steaks, end-cut loin roasts and chops and pork liver.

Fryers remain a good buy in most meat departments and grade A large size eggs offer the best quality and economy in eggs.

MANY THANKS

to all my customers in Schlencher County for the support given me during my five years of owning and operating the Eldorado Welding Shop. Your support has been most gratifying and my family joins me in thanking you for all friendships made during the year. I pledge anew my best efforts to serve you in the future with prompt and top quality welding service.

Caution Urged In Graing Chemically Treated Cotton Fields

College Station, Texas.—It is a well established fact that pesticides and other chemicals are essential for profitable cotton production in Texas.

Agricultural chemicals, points out John Thomas, Texas A&M University Extension entomologist, are commonly used as herbicides, insecticides, defoliants and dessiccants. They are very effective, he adds, for the purposes intended but producers should also be aware of certain limitations and hazards associated with their use.

Fields treated with most defoliant, dessiccant and insecticide and some herbicides should not be grazed by livestock following the harvest of the cotton crop, reminds Thomas.

Some of these chemicals are highly toxic and death losses can occur when treated fields are grazed. Besides causing direct death of animals, chemical residues from treated fields may contaminate meat or milk making them subject to seizure under state and federal regulations, explains the entomologist.

It is the producer's responsibility emphasizes Thomas, to adhere to the specific restrictions on grazing fields treated with any pesticide or harvest-aid chemical.

Label directions for usage, limitations and restrictions should be studied and understood and the material should be used only in accordance with container label instructions. If any doubt exists concerning use of grazing restrictions, Thomas suggests a visit from the local county agent or a representative of the chemical company from which the material was purchased.

BRIDGE PLAYERS NOTE

A duplicate bridge session will be staged at the golf club house Thursday night, December 4th, starting at 7:00 o'clock.

Winners at the last session were Blakeways, first; Jan Mobley and Ethel Olson of Sonora, 2nd; and Frankie Williams and June Jones, third.

Chris Faull and friend Dennis Sisk were home for the Thanksgiving holidays. Both are students at Del Mar Tech at Corpus Christi. Chris wishes to say hello to the friends he didn't get to see.

Elders' Son-In-Law Named Honor Engineer

DeWitt Patton, assistant professor of electrical engineering at Texas A&M University, has been named young Engineer of the year for 1969-70 by the Texas Society of Professional Engineers.

Patton was cited for outstanding engineering accomplishment as a research worker, teacher, and author in the power system reliability area of electrical engineering.

In his capacity with the Electric Power Institute, he has been substantially responsible for the acquisition and execution of major research efforts funded by the Edison Electric Institute and the Philco Ford Corp.

Patton is a registered professional engineer and a member of numerous technical societies. He serves on several major committees in those societies in which he participates.

Prof. Patton received his B. S. in electrical engineering at the University of Texas in 1957 and his M. S. in electrical engineering at the University of Pittsburgh in '61. Prior to his joining the Texas A&M University faculty in 1965, he served as an engineer for the Westinghouse Electric Corp. in Pittsburgh, Pa.

Patton is married to the former Nancy Elder and they reside with their two daughters in College Station.

Repairable Toys Sought By Local OEO Office

Dick Bearce announced this week that the local OEO office is seeking repairable toys which will be put in good repair for underprivileged children of this county, between now and Christmas.

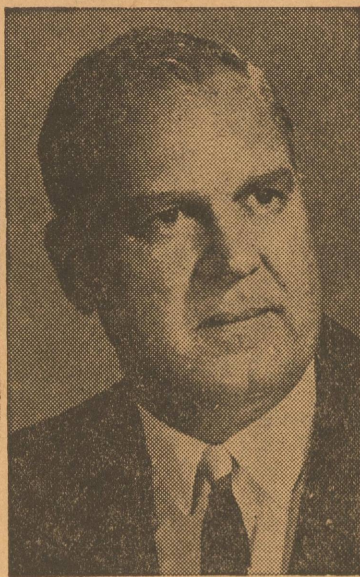

Anyone having any such toys they wish to donate may call Mr. Bearce or the OEO office, and they will send someone to pick them up.

Bearce also announced that the government surplus food will be distributed Wednesday, Thursday, and Friday of next week.

Mr. and Mrs. Billy Jack Etheredge and children from Dallas spent the Thanksgiving holidays with their parents, Mr. and Mrs. Jack Etheredge and Mrs. Bessie Doyle and the Jimmy Doyles.

Mr. and Mrs. Jerry Doyle and children of Pearsall visited over the week end in Eldorado with Jerry's mother, Mrs. Bessie Doyle, and also visited the Jimmy Doyles.

Dec. 4 Is Date For Lecture In Angelo

Paul K. Wavro
Christian Science Lecturer

The meaning of Christ's statement about coming to bring men life "more abundantly" will be explored in depth at a Christian Science public lecture in San Angelo on December 4th.

Paul K. Wavro, C.S.B., will be the speaker, under sponsorship of First Church of Christ, Scientist. The event begins at 8:00 p.m. in John Glenn Junior High School Student Center, 2201 University Avenue.

Title of the lecture is "The Way of Abundant Life."

Mr. Wavro is a member of the Board of Lectureship of The First Church of Christ, Scientist, in Boston, Massachusetts. He has lectured in Europe, the Caribbean and South America and is currently on tour of this country. He is a recipient of the De Molay Legion of Honor for achievement in his chosen field of endeavor. During World War II he served as a Christian Science Wartime Minister, withdrawing from business to devote full time to the healing practice of Christian Science. He has since become an authorized teacher of Christian Science and resides in Jacksonville, Florida.

B's Still Winning

Though they had difficulty doing it, the Eaglette "B's" won over the Rocksprings Angoras 33-25 Saturday night to bring their season mark to 4-0.

This group was paced at forward by Jeanne McCravy and Rosellen Maness who hit for 10 and 9 points each. However, Thanksgiving turkey caused a little sluggishness on everyone's part.

Gail Robinson, Janet Davis and Betty Kay Bradley turned in good performances at guard along with Margie Green and Patsy Tampke.

The "B" girls will play at home Friday night at 6:30 against the Miles "A" team.

Home Demonstration Agent's Column

The day after Thanksgiving a friend said to a group that she wished we didn't have to "go through" Christmas this year. Another friend reached over with her hand and said, "Shake."

And then we talked about what was wrong. We agreed that there was nothing wrong with Christmas but there was plenty wrong with the way people approached the day.

Commercialism, frenzied buying, trying to do too much too late, doing the unnecessary for the unneeded and the uncaring, getting too tired and quite an assortment of other non-pretty aspects of trying to enjoy the Christmas season came in for some pretty pointed remarks from all of us. We represented people whose children are married and bring grandchildren home from far away for Christmas. Some of us have no children, one woman is a teacher, another has a 13-year-old son—we were of no particular description but we all felt the same way about what's happening to Christmas.

Everybody handles Christmas in his own way and that's the way it should be. Maybe you will be clever enough to make it all come out nice and right at your house. I hope so. But it is not going to be easy.

Christmas is three weeks from today.

Kitty Trigg is the generous one with her recipes and I launch the Christmas season with her latest contribution. This sounds speedy and super. Try it soon!

Icing and Oatmeal Cake

- 1 1/4 cup boiling water
- 1 cup oatmeal (quick or old-fashion)
- 1 stick oleo
- 1 cup brown sugar
- 1 cup granulated sugar
- 2 eggs
- 1 3/4 cup flour
- 1/2 teaspoon salt
- 1 teaspoon cinnamon
- 1 teaspoon soda.

Pour boiling water over oatmeal. Add oleo, cover and let stand 20 minutes. Then add to mixture brown sugar, granulated sugar and eggs. Mix well. Sift together flour, salt, cinnamon and soda. Add to mixture. Pour into 9" x 13" baking dish. Bake at 350 degrees for 30 minutes.

Icing:

- 6 tablespoons oleo
- 1/2 cup canned milk
- 1/4 cup brown sugar
- 3/4 cup nuts
- 1 cup coconut.

Mix the above ingredients together over low flame about 5 minutes. Spread over cake while all are hot.

These spiced pecans are specially good for serving during the holidays. Some people like other spices but I prefer just cinnamon.

Send a tin box of these to a far away friend who would be made a little happier with this delicious

taste of Texas.

Spiced Pecans

- 2 cups sugar
- 1 cup water
- 1 1/2 teaspoons cinnamon
- 2 cups pecan halves.

Combine sugar, water and cinnamon and cook to hard ball stage when a drop of syrup is put in cold water. Remove from the fire. Add pecans and stir until the syrup is crystallized and the nuts can be separated easily.

But let me not get carried away with sweets, candies and desserts. There is more to "three squares" a day than candy and desserts. Baked beans is what I have in mind. Money saving rib stickers is what I call these beans. Make up several batches right now—well, anyway by tomorrow and freeze them. You will be glad some cold night to have these for supper, especially if you have been making cookies all day.

Boston Baked Beans

- 2 cups dry pea beans or Great Northern beans
- 1 1/2 quarts water
- 1 teaspoon salt
- 1/4 pound salt pork

- 4 tablespoons molasses
- 1/2 teaspoon mustard.

Soak beans in the water. Add salt and boil gently for 45 minutes. Make cuts through the rind of the pork about 1/2 inch apart.

Put half the pork in a bean pot or deep baking dish. Add beans and rest of pork, exposing only the scored rind.

Mix molasses and mustard with the cooking liquid from the beans. Pour over the beans. Cover baking dish.

Bake at 250 degrees F for six or seven hours. Add a little hot water from time to time if beans seem dry. During the last hour of baking remove the lid to let the beans dry on top. Makes six to eight servings.

For shorter baking time, boil pork 45 minutes along with the beans. Add molasses and mustard and bake at 300 degrees F. (slow oven) for three hours. Remove the lid the last 30 minutes to let the beans brown on top.

We do not know what to do with this short life, yet we want another which will be eternal. —Anatole France.

CHRISTMAS Is Just Around The Corner ! !

This year, send your Christmas cards to your friends and relatives who are out of town, and greet your friends here the easy way by placing a

GREETING MESSAGE

in the special Christmas Editions of the Eldorado Success, to be published this year on Thursday, Dec. 18 & 25. While these editions are published mainly for business concerns to greet public, Greeting ads are also welcome from individuals. For less than the cost of a box of Christmas cards, you can place a small Greeting Message in the hometown paper, and save

- COST OF CARDS

Scotch Tradition Gives Warm Welcome

Cold days in Scotland make people come inside to the warm and friendly atmospheres of Scottish homes. And as everyone knows, you don't have to be in Scotland to have icy cold weather. When family or friends come in from the cold, welcome them with warm Scotch Porridge Pudding.

True to Scotch heritage, oats are used to give toasty nut-like flavor to Scotch Porridge Pudding. Apples, raisins and spices add further delicious flavor. Serve with milk or cream the way they do in Scotland.

SCOTCH PORRIDGE PUDDING

Makes 8 servings

- 2 cups quick or old fashioned oats, uncooked
- 4 cups boiling water
- 1 teaspoon salt
- 4 cups peeled apple slices (about 1/4 inch)
- 2 tablespoons butter or margarine
- 1 cup firmly packed brown sugar
- 1/2 cup raisins
- 2 teaspoons pumpkin pie spice

Heat oven to moderate (350°F.). Stir oats into briskly boiling salted water. Cook 1 minute for quick oats, stirring occasionally; cook 5 minutes for old fashioned oats. Cover pan; set aside.

Saute apples in butter over medium heat 4 minutes, stirring occasionally. Add sugar; cook over low heat, stirring until sugar is dissolved. Remove from heat; stir in raisins and pumpkin pie spice.

Starting with the oatmeal and ending with the fruit mixture, alternate layers of oatmeal and fruit mixture in a greased 2-quart baking dish or casserole. Bake uncovered in preheated oven (350°F.) 20 to 25 minutes or until edges bubble vigorously. Serve warm with milk or cream.

*The oatmeal may be cooked ahead of time, covered and refrigerated until used. If cold oatmeal is used, stir oatmeal before layering in casserole and bake 30 to 35 minutes.

In Those Days
Compiled From Success Files

ONE YEAR AGO
Dec. 5, 1968 —Mrs. Myrtle N. (Blondy) McMillan was in the hospital following involvement in a car accident north of here.
The hospital directors ordered draperies and other furnishings for the new hospital and were planning a Formal Opening in the near future.
Elmer Smith, assistant coach at A&M University, was to be speaker at the football banquet coming up.

FIVE YEARS AGO
Dec. 3, 1964 —A wreck over the Thanksgiving holiday week ended claimed the life of Mrs. Barbara Spencer Hill, 26.
Palmer West retired as Fire Chief and was succeeded by Lum Davis.
Funerals reported: Mrs. Irene Rutland, 54; Eli Freeman Yardley, 77; and Mrs. Bettie Beatrice Tubb, 88, at Robert Lee.
Kathy Carlman was named 4-H Gold Star Girl.
Bobby Halbert and Ronnie Griffin were named to the All-District Football Team.
Clifford Schooley was announced 4-H Gold Star Boy.
Mr. and Mrs. M. E. McEwen were getting ready to open their "Friendly Wash" on South Main St.

12 YEARS AGO
Dec. 5, 1957 —Mrs. J. L. McElroy died in San Angelo at the age of 83.
Under direction of Bill Bowen, the Junior class were presenting their play, "The Night is My Enemy." Cast included Margo Mittel, Jeannie Mund, Janis Sofge, Ernest K. Nimitz, Myrta Topliffe, Nancy Jo Jackson, Robby Waldron, Arnie Lee Westbrook, Alvin Atkinson and Phillip Walker.
A daughter, Patricia Carol, was born to Mr. and Mrs. Marvin Gausemeier.
A Sonora contractor was at work on a new road over the top of the hill to the Huldale oil field.
The Highway Dept. held a public hearing and disclosed plans to reroute the Sonora highway from Main Street to South Divide Street sometime in the near future.
Congressman O. C. Fisher addressed a meeting of the Lions Club.

35 YEARS AGO
Dec. 7, 1934 —Josie Barrow, the daughter of Mr. and Mrs. J. E. Barrow, underwent surgery for appendicitis in Shannon hospital.
Jones Motor Co. was enlarging and improving their building and were installing new concrete floor.
G. H. Hall of Sonora purchased the Lone Star Theatre here from A. M. Morgan, and took over operation of the business.
Joe B. Edens, Mrs. John Williams and Mrs. Palmer West attended the State Agricultural Association meeting in Dallas.
A. H. Connell died at 72 and was buried at Cotulla. He was father of Rev. P. S. Connell and had recently been involved in a burning accident.
The Lions Club were sponsoring Dr. Gaffney and Company's presentation of "Mysterio, Master Magician" with Estelle, the Vanishing Princess.
A community Basketball League was organized with Dave Williamson as coach, Glenn Ratliff secretary, and Conn Isaacs, treasurer.
"Accidents Are Numerous In Past Week" was headline. Melvin (Grossbur) Harris was accidentally shot. Jim Patton injured his hand while sawing wood. Sam Williams was burned Thanksgiving Day while cutting wood. Floyd Sinks was burned when he fell across a hot stove, and A. T. Smith was involved in a car wreck in Oklahoma.
Mr. and Mrs. G. A. Neill observed their 43rd wedding anniversary.
Coach Williamson reported Milton Spurgers was elected captain of the '35 Eagle football team. Letters were presented to Spurgers and to Billy Kerr, Bill Smith, R. J. Alexander, Ardrian McDaniel, Joe Turner Hext, John E. Rodgers, Edward Butler, Richard Jones, Felix Susen, Harold Susen, Jack Shugart, Paul Davis, Sam Cloud, Sam Smith, and Marshall Davis and Jack Rape.

Is there something more to life?
Perhaps you feel there is. If you want a wholeness and richness to life beyond the ordinary — more happiness, a more expansive love, even more life to live, then what you really need is an understanding that God is Life. Hear this public lecture "The Way of Abundant Life" by PAUL K. WAVRO, C.S.B., a member of the Board of Lectureship of The First Church of Christ, Scientist, in Boston, Mass.

ELDORADO LODGE
No. 890 — A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:30 from April 1 to October 1. Visiting brethren welcome.

Austin, Tex. — A 1968 constitutional amendment did not affect the amount of fees that should be paid county tax assessor-collectors for assessing and collecting county taxes, but it limits the amount that may be paid by the state. So ruled Atty. Gen. Crawford Martin recently. (State cannot be required to pay more than 2% of state taxes assessed which are actually collected.)
—In other recent opinions, Martin concluded that:
—State Department of Public Welfare is authorized to spend money to refurbish the interior of a building which is leased by a county on a long-term basis and furnished the welfare agency rent-free.
—An otherwise recordable affidavit of heirship may be recorded in the office of a county clerk even though the unprobated will is attached. However, the unprobated will not constituting the exhibit to an affidavit may not be recorded with the clerk although it contains acknowledgment.
—Texas Board of Corrections is not obligated to collect, nor must public utilities pay, for placing lines along public roadways transverse state-owned lands under prison system control. (TBC) has no authority to reserve the exclusive right to grant utility easements over such public roadways.)
—Harris County Hospital District may legally enter into a lease contract for an X-Ray equipment system for a period of five years, contingent on availability of appropriated funds.

DDT Ban Urged
Travis Audubon Society of Austin called on Governor Smith to use "all resources" to ban the use of insecticide DDT in Texas.
Resolution claimed that DDT is harmful to wildlife, remains toxic in environment for 10 years, is spread by wind and water, and has been "implicated" as a possible cancer cause.
Arizona, California and Michigan, Czechoslovakia, Sweden and Denmark have banned DDT already, the Society contended, further noting that "numerous other insecticides can do the job and become harmless to the environment within a few weeks."

Courts Speak . . .
Supreme Court found that a truck driver who was shot during an overnight stop was not entitled to workmen's compensation for disabilities.
In other cases the high court ruled that:
—A former liquor store executive is not entitled to recover \$1 million in "back salary" from the business.
—Court has no jurisdiction to hear the appeal of a Houston attorney who was disbarred in 1963 for alleged fraudulent and dishonorable conduct.
High Court also heard arguments that refusal to approve a new economy air flight service between Dallas/Ft. Worth, Houston and San Antonio would frustrate efforts of Texas Aeronautics Commission to develop an efficient intra-state air carrier system. Air Southwest Co. seeks certification for service, but Braniff International, Texas International and Continental Airlines have blocked TAC from issuing credentials.
Federal court here took under advisement the government's request to dismiss atheist Madelyn Murray O'Hair's suit to outlaw prayers by astronauts in outer space.
Court of Criminal Appeals upheld the death sentence of a man convicted of slaying during service station robbery in West.

Causeway Urged
A Rio Grande Valley delegation, including Cameron County officials and Chamber of Commerce spokesmen urged the Texas Highway Commission to approve a \$7.8 million Port Isabel-South Padre Island causeway.
At the same hearing, an East Texas group asked for a \$1 million four-lane railroad overpass in Jacksonville.
Highway commissioners indicated they favor the idea of a new Queen Isabella Causeway since traffic has nearly doubled during the last two years. Local officials pledged about \$300,000 of the cost.

Appointments
Dr. Fred Wendorf, Southern Methodist University professor from Dallas, is new chairman of the fledgling State Antiquities Committee, and Truett Latimer is acting executive director.
Woodville attorney and State Bar President Josiah Wheat has

been appointed to the National Water Commission of the U. S. Department of Interior.
Jerry Brock of Austin, formerly of San Antonio and Dallas, is a new research staff assistant to Governor Smith.

Antiquities
Texas' State Antiquities Committee has decided to spend \$2,000 of its \$25,000 budget to help preserve the artifacts found in the wreck of a Spanish galleon off Padre Island.
Dr. Fred Wendorf, Southern Methodist University archaeologist who was elected chairman of the committee, proposed the expenditure for chemicals and photographic supplies for emergency work to prevent rusting of iron cannons and other iron artifacts.
Land Commissioner Jerry Sadler, who is a member of the Committee, made it clear that it is now absolutely illegal for anyone to explore for offshoot artifacts without a permit from the new committee.

Spanish Land Claims
Mrs. Celia Saiz Montez of Victoria is trying to collect a debt from the United States that she says Mexico has owed her, under a treaty between the two governments, since 1934. Debt goes back to a land grant given her ancestors by the King of Spain. Under a treaty, the United States agreed to pay the claims of Americans living in Mexico and Mexico agreed to pay the claims of Mexicans living in the United States. However, the Mexican government has refused to pay Mrs. Saiz Montez because she is an American citizen and the United States has refused because it argues that her ancestors were Mexicans. She is taking the case to Federal district court.

Natural Gas Rate
Texas Railroad Commission, after hearing testimony by consultants and Pioneer Natural Gas Company officials, has recessed its hearings on a proposed increase on the city gate rate for 61 West Texas towns until Dec. 15.
The proposed increase amounts to 8.33 cents per thousand cubic feet of gas.
Laborers
R. L. Coffman, Texas Employment Commission administrator, reports that the moderate increase in placement of farm workers in October was due to early citrus fruit harvesting in the Lower Rio

Grande Valley. Increase came amid the seasonal decline in most other activities reported by local offices.
TEC filled almost 3,000 more farm jobs in October than September. Non-farm openings in October were down 6,727 from September and non-farm job placements were down 3,604 from the preceding month.
Hog Cholera
Both the State and Federal Departments of Agriculture are warning ranchers to be careful of hog cholera during winter. They report that hog cholera struck 19 Texas herds during October. A total of 1,684 animals in 19 infected and 23 exposed herds were disposed of during the month at a cost of \$46,300. Departments said that "Every outbreak that is located and eliminated this winter reduces the chance for spread next spring when movements of pigs will increase again."

Demonstrators
Texas' Board of Regents of State Senior Colleges endorsed the suspension of 10 Southwest Texas State University students by the school's president for participating in an unauthorized demonstration. Students were suspended by Dr. Billy M. Jones after they failed to break up a moratorium demonstration on university property. American Civil Liberties Union has said they will take the case to the courts.

CARD OF THANKS
We would like to thank all those who sent food, cards, and other forms of condolences during our loss of Scott. We sincerely appreciate the thoughtfulness of each. God bless you all.

Eagles Open Season Against Angelo

The Eldorado Eagles opened their 1969-70 campaign against the San Angelo Bobcat Sophomores by jumping to a 22-8 quarter lead but just could not hold on and added only 8 the second quarter. By the end of the third period the score was tied 42 all and in the final period S. A. tacked on 17, Eldorado only 13 and the game ended 56-59.

Jerry Baty had 21 and Wayne Doyle 13 while Bob Page added 9 and Mickey Clark 7. Charles Adams was next with 5 and Archie Nixon got 1.

The first home game before an expectant home crowd always leaves the players nervous and pressing too hard. Such was the case as Eldorado entertained Angelo November 25. Jerry Baty again was high point with 15 but no other Eagle could produce double figures as Doyle and Bob Page had 6 each, Adams 4, Clark 3, Nixon 2, and Sam Oglesby 1.

The Eagles lost it 37-40 again that so close and yet so far 3 points.

Last Saturday night the green & white was host to Rocksprings and was thumped by a 60-46 margin.

Eldorado combined too many mistakes with not enough points, and being minus a few regulars for the downfall.

Double figure performances came from Sam Oglesby with 15 and Charles Adams 10. Billy Hubble got 6, Nixon 5, Bob Page 4, Roy Jones 3, and Doyle 2.

The team did improve in the free throw department reaching 71%. However, Rocksprings hit 21 baskets while Eldorado got 18 so the margin of victory came too in the 18 free throws of 32 attempts for the Angoras. Eldorado had 25 fouls to 14 for Rocksprings.

Score by quarters—
Eldorado — 11 14 13 8—48
Rocksprings — 13 20 16 11—60

First Baptist Church

The WMS is observing the week of prayer for the Lottie Moon Christmas offering. The goal for our church is \$941. The program is being carried on throughout the week by members of WMS, YWA's and GA's and also by some of the men of the church.

The programs are very interesting and each member is invited to attend part of the programs.

Theme of the Foreign Mission Program is "In the Power of His Spirit." —Rep.

Basketball Boys Lose To Wall Tuesday 55-44

Wall defeated the Eldorado Eagle cagers 55-44 in a non-district game Tuesday night in Wall.

Scores by quarters:
Eldorado — 7 10 9 18—44
Wall — 10 17 8 17—52

Eldorado scoring: Adams 8, Baty 10, Clark 1, Doyle 2, Oglesby 4, and Page 19.

Wall scoring: Kiesling 23, Holik 13, Edwards 8, Lehr 2, and Fuesel 6.

The "B" team boys won 44-33 over Wall while the Hawks varsity bested the Eagles 52-44. The Eagles simply could not find the range during the first half but business picked up in the fourth and at one time Eldorado came within 6 points before Wall pulled ahead to stay.

Eaglettes Dumped Del Rio Nov. 25th

The Eldorado girls got back on the winning track Tuesday, Nov. 25, with a resounding victory over Del Rio 64-33.

Eldorado jumped to an early lead of 13-2 behind Kathleen O'Harrow, Sheri Roberts, and Lorretta Schooley and good defense by Lisas McAngus and Whitten and Mary Lynn McCalla. The Eaglettes let down slightly and Del Rio came roaring up to within 8 points as mistakes, some below par guarding, and only seven points came in the second quarter giving Eldorado only a 27-19 lead. After the half-time intermission the Eaglettes went to work and promptly scored 25 points in the third period and allowed the Wildkits only 6 points. At this point the game was out of reach for the hosts and no set group had played full time for Eldorado. For instance, third quarter scoring was Kathleen 6, Randy 2, Lorretta 7, Sheri 3, Sherry Davis 3, and Peggy Hill 4. In the 4th period Patty Page, Jeanne McCravey, and Sherry Davis put together 12 points to complete the scoring. The second half performance by the forwards was excellent as they hit 48%. The free throw per cent was up to 66%.

Scoring went thus: Kathleen O'Harrow 23, Lorretta Schooley and Sherry Davis 9, Peggy Hill 8, Sheri Roberts 6, Jeanne McCravey 4, Randy Yates 3, and Patty Page 2. The guards all performed well with Lisa Whitten getting 10 rebounds, Mary Lynn McCalla 7, Lisa McAngus 3, Gay Lynn Richardson 4, Jean Rountree 2, and Claudia Meador 1.

GIRL SCOUTS MEET

Girl Scout Troop 150 made birthday and Christmas cards for the elderly in the Nursing Home. Carolyn Bland had refreshments. Members there were Carolyn Bland, Sandra Kreie, Judy Reynolds, and Charlene Warnock. —Rep.

Basketball Girls Win Game At Wall Tuesday

Eldorado didn't perform in a smooth manner Tuesday but they played well enough to best Wall 53-30 with every girl getting at least two quarters action.

Kathleen O'Harrow and Sheri Roberts shared scoring honors with 13 each with everyone getting on the scoreboard as follows: Lorretta Schooley 7, Peggy Hill and Sherry Davis 6, Randy Yates 4, Jeanne McCravey 2 and Patty Page 2.

Only five guards played because Claudia Meador is still recovering from an ankle sprain. Lisa Whitten, Mary Lynn McCalla, Lisa McAngus, Gay Lynn Richardson, and Jean Rountree all turned in good performances working well together. Mary Lynn grabbed 11 rebounds and committed no turnovers.

Eldorado took an early lead and was never behind.

Oil News

Meadco Properties and Chamber & Kennedy, Midland, will re-enter, clean out to 7,200 feet and test the Canyon, topped at 6,650 feet, minus datum point of 4,168 feet, in No. 1 Paul Klatt, 6,231.4 feet from south and 669 feet from west lines of J. Eldorado Girls Edge Rocksprings

The annual square-off between the Eaglettes of Eldorado and the Angoras of Rocksprings lived up to its reputation as a thrilling, exciting and "down to the wire" battle as the two teams met in Eagle Gym Saturday night. Eldorado eeked out a 50-46 victory and giving the home crowd much for their money. The Angoras held a six point lead in the second period but Eldorado never gave up though they did commit some errors, and brought it 25-26 at halftime. To that point Sheri Roberts, Kathleen O'Harrow and Lorretta Schooley were the workhorses getting help from speedy Randy Yates and Sherry Davis who rebounds well.

The defense held up well with Lisa Whitten, Lisa McAngus, Mary Lynn McCalla, and Gay Lynn Richardson carrying the load. A crash of bad passes in the second period proved to be the only bad lapse defensively. Lisa Whitten controlled 11 rebounds and did an outstanding job on her forward keeping her to 4 baskets. Lisa McAngus and Mary Lynn McCalla captured 8 each and Gay Lynn Richardson had 3.

Kathleen O'Harrow had 24 points, 8 rebounds, and hit 100% of her free throws. Lorretta Schooley had a consistent night's work with 18 points, 8 rebounds and missed only 1 free throw. Sheri Roberts hit only 8 points but she was on the backboards for 13 rebounds helping Eldorado to control the basketball.

Winters Tourney Set Dec. 4-5-6
The Eaglettes have a 3-1 record and are preparing for stiff competition in the Winters Tournament. Eldorado will meet Paint Rock at 6:30 Thursday. Eldorado will then face the Robert Lee girls at 5:00 Friday and will play Winters at 6:30 p.m. Saturday. The tournament is based on the winner of the most games.

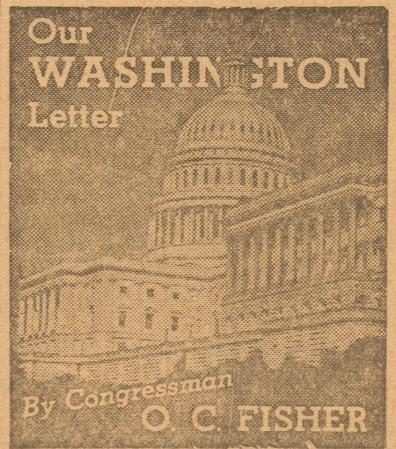

This will be the green & white's first appearance in a tournament this season.

Eaglette 'B' Wins

The younger girls' basketball team extended their winning to three in a row with a relatively easy 40-8 win over Del Rio "B" a week ago Tuesday.

Patti Olson held scoring honors with 11 followed by Rosellen Manness and Barbara Robledo with 10 each. Judy Hanusch scored 5 and Janet Oglesby 4.

Guards Patsy Tampke, Gail Robinson, Margie Green, Janet Davis, and Betty Kay Bradley did a good job defensively. Patsy led the rebounding with 7.

All indications are that Vice President Agnew hit the jackpot when he leveled criticism at the TV and certain newspapers for slanted and biased reporting of the news. My mail has been unanimous in support of Mr. Agnew, and every person I have talked with where the subject was mentioned has praised him for "telling the truth."

An indicator of general public reaction is revealed in letters from readers to newspapers. The Washington Evening Star, for example, which has carried many such letters, recently added this Editor's Note: "The letters excerpted herewith are representative of more than 70% received by The Star. The following letter is one of only two received to date critical of Vice President Agnew's position."

Efforts by the networks to laugh it off with ridicule has apparently boomeranged.

* * *

Many Gold Star Mothers and other next-of-kin have lambasted the New Mobilization Committee, sponsor of anti-war marches, for displaying the names of relatives killed in Vietnam. One court injunction was issued in behalf of

surviving mothers.

On the eve of the November 15 demonstrations I received two protests, both from San Antonio. One was from Mrs. Anna B. Conally, surviving mother of PFC Gary E. Young, killed in action, who said such an ugly display would "hishonor" her distinguished son. Another, from Mrs. John Farley, whose husband, Lt. John H. Farley, lost his life on June 2, said: "... My husband was killed doing what he believed was best for this great nation and I have no desire to see his name paraded along the streets by anyone of questionable motives."

It is a shame that the names of fallen heroes be used for such purposes. Such actions smack of desecration of the dead, and are abhorrent to most Americans—regardless of their views about the war.

LIONS MET YESTERDAY

The Lions Club met yesterday with Boss Lion A. G. McCormack in charge. Walter Willis is program chairman for this month.

The club expects to help sponsor a decorating contest of residences this month of December. Chamber of Commerce will be co-sponsor. Further details will be given in the Success later.

TEXAS ALMANACS HERE

A few new Texas Almanacs for 1970-71 are now in stock at the Success. Paper back \$2.00, including tax. Hard cover \$3.00 inc. tax. Some buy them for Xmas gifts. (Only 6 copies on hand.)

Mr. and Mrs. Waldon Hall and son Mike from Dallas visited in the Steve Neil home over the Thanksgiving holiday. The Halls will be remembered here by many old friends as they are former local residents. Also visiting in the Neil home were Jimmy Neil of Snyder and Mr. and Mrs. Rudy Norwood of Big Spring.

Mr. and Mrs. Kenneth Pennington and son Blair of Austin visited over the week end with their parents, the Charles Wimers.

STILL SOME 5 x 7 photos of the Jr. High team, twirlers, and cheer leaders. Just \$1 each at the Success office.

CHARGE TICKETS, special for service stations: 8 for \$1 or \$11 carton. —The Success office.

LOADING MACHINE PAPER, roll 35c at The Success Office.
