Early Fall Norther Drops Temperature And Some Rain

Over the week end, Schleicher county was visited by an early-Fall wet norther which by Monday morning had dropped temperature to about 38 degrees. There were record lows recorded for some areas of West Texas.

Early Sunday morning, about two inches of rain were dumped on Eldorado.

The rains this week followed the one of a week earlier and a number of farmers are now describing their ground as "real wet."

R. D. Johnson with 1 1/2 inches this week claims a total of 3 inches for the month. Parker's Bailey Ranch and Truett Stanford each claim a total of about 3.75 for the month—3 inches in the first period and .75 this week.

Some of the figures gathered Monday are:

George Humphrey	2.30
H. A. Belk	1.60
Northern Natural	3.00
City Eldorado, up to	2.00
Parker Bros. Bailey Ranch	70
A. A. Baugh (far west)	5.0
Billy Jack Reynolds	2.00
Peyton Cain	1.30
R. D. Johnson	1.50
Claude Bruton	2.00
Mort Mertz ranch	2.50
Truett Stanford	75
Fred Case	2.65
Aaron Steward	2.00

Clay Meador Attending Nat'l FFA Convention

Clay Meador, son of Mrs. Bebe Meador, left Wednesday at 10:30 a.m. by jet from San Angelo to Kansas City, Mo., to attend the National FFA Convention as state winner of the Texas Sheep and Goat Raisers Association Award.

He plans to leave Kansas City at 10:40 Saturday morning by jet to return to Eldorado. Clay is a student at Angelo State University this year, majoring in Agriculture. Related article on page 3.

Issuing To Start Of Surplus Commodities

The first Government surplus food commodities are to be issued Thursday and Friday of this week to local welfare recipients, it was announced this week by Dick Bearce of the local OEO.

Applications for the food have been processed in recent weeks. The food will be distributed from the neighborhood center.

Represented At Heart Association Seminar

The Schleicher County Medical Center was represented by Mrs. Pauline Hodges, R.N., to the Tom Green County Heart Association Seminar held at the Angelo State College Oct. 9-10.

The program was "An Introduction to Electronic Nursing". Also attending from this area were Mrs. Eldon Calk and Mrs. Ruth Espy from Sonora.

Commissioners Buy Fire Truck Chassis

Following a notice for bids published recently in this paper, County Commissioners in their meeting Monday ordered a new fire truck chassis from Earl Parker Motors, his being the lower bid.

It was a delightful spring day and four high school girls skipped morning classes to go for a drive. After lunch, they reported to a teacher that their car had had a flat tire on the way to school that morning.

To their relief understandingly and said: "Girls, you missed a test this morning. Please take seats apart from one another and get out your notebooks."

When the girls were settled and waiting expectantly, the teacher continued, "No talking. Now write the answer to this question: 'Which tire was flat?'"

Last week's Devil's River News of Sonora reported that the Sonora Parent-Teacher Association decided to abandon the program there because of lack of interest.

We understand that a similar step was taken some time ago by the Ozona P-TA.

In Eldorado, in the meantime, leaders in P-TA are making a brave effort to remain in business.

R. V. Sheppard appeared before Commissioners Court Monday and appealed for public support for his ambulance service. He reports that most of his ambulance runs remain unpaid for and that it will be impossible for him to continue the service unless new financial arrangements are made. Commissioners are taking the matter under advisement.

Ambulance service is an emergency service similar in a way to our fire department which is supported by the city and the county, and they don't charge an owner for putting out a fire.

Now that Eldorado has a modern hospital, ambulance service is more necessary than ever.

Sammy Dannheim, who has been operating a repair garage and used car business under the name of S&D Used Cars, is withdrawing from the business and moving to Fort Stockton where he will have employment. An increasing number of unpaid accounts is given as the reason for the move.

Lawrence Dannheim and J. W. Hawkins plan to continue the business at the same location.

We had planned to run the photos of the Junior High team and the Cheer Leaders in this issue, but they were crowded out this week.

We will run them soon. In the meantime, we have 5 by 7 prints on sale at our office, for just \$1 each, of the Junior High team, the twirlers and cheer leaders.

Voter registrations continue to lag in the Sheriff's office. As of Wednesday morning of this week, 183 local citizens had registered.

You must register between now and January 31, 1970, in order to be qualified for 1970 voting. And that includes elderly residents, too.

Most people register to vote when they go to the office to pay their taxes. But you may also mail a registration if it is not convenient for you to go in person.

Wednesday morning saw Penny Pennington and David (Burro) Griffin running a crew at the arena mixing concrete and setting upright pipe for the beginning of the grandstand. By the time our readers receive this paper the work will be well under way. If you are interested dry by and see how the work is progressing.

Eldorado coaches and team members were happy to hear this past Monday that Mickey Clark had successfully undergone surgery in Methodist Hospital in Houston for removal of a non-malignant growth that blocked a kidney passage. Mickey is a highly competent Eagle and all are happy at his prospects for early and complete recovery.

Dr. Phil Osborne Moves To Groveton

Dr. Phil Osborne and family moved this past week to Groveton, Texas, where he is to practice in a geriatrics hospital.

The Osbornes lived here since the first of January and resided on the place about five miles east of town that they bought from Gerald Hartgraves.

New C Of C Directors

Recently elected new directors of the local Chamber of Commerce were Dick Preston, Phil Olson and Pat Wester.

They were scheduled to meet Wednesday night of this week with the hold-over directors and elect new officers and help launch the new year's work.

Salvation Army Drive Brought To Conclusion

The fund drive for the Salvation Army was being closed out early this week under the chairmanship of Bill Rountree.

He reported that the goal of \$600 for this county had been oversubscribed.

—Supersede Bond—Success office

It will be "pistols for two" and "coffee with cake for one" in Mason tomorrow night where the highflying Eagles lay their unblemished record on the line against the equally fine record of the rough riding Mason Cowboys in the top game of tough District 8A. This is not only the top game in District 8A but one of interest statewide due to the fact that Mason is ranked in the top four or five Class A teams and Eldorado in the top 15. Then No. 3 ranked Junction should have little trouble with Eden and the strong Sonora Broncs should unseat the Menard Yellowjackets right handily.

As of Wednesday, October 8, Parker ratings listed Junction as third ranking team, Mason as fourth, and Eldorado as 11th in Class A football.

In Mason's five games to date, they have permitted only 31 points scored against them; 25 of these were by air and only 6 on the ground. Eldorado in five games has given up 48 points, 18 by air and 30 by land.

Eldorado scouts and coaches have spent days studying game films in search of "Achilles Heel" for the booted "Cow Punchers" and are not saving what if anything they consider a Mason Weakness. Rather they are unanimous in saying that Mason is just plain unad-

ulterated "Tough."

Coach Sherwood Barker says that the Cow Punchers are an exceptionally well balanced team with great depth of reserves for a Class A team. In fact, they are able to change out eight boys for offensive and defensive play. Coach Barker explains that this is a great physical advantage over teams not so fortunate as eight rested competitors every few minutes soon exhaust their average high school opponents.

He continued that there was little difference between their first and second platoons and that the Cowboys did not play a "flashy" or spectacular brand of football unless their consistent and relentless attack could be classed this way.

Scouting reports show that Mason favors "T" formation for their offensive efforts and that this gives them good utilization of their personnel on their favorite weapon: power plays. They have two excellent passers, one being Starting Senior Carl Willman and the other a left handed sophomore. Both are excellent passers and both like to run with the ball and do run very effectively.

Favorite pass receivers are Half-back Don Nobles, Left End Greg Wills, and Right End Billy Brandenberger, all three being seniors. The Mason quarterbacks provide

Kick-Off Breakfast Set Tuesday To Launch Scout Council Drive

A fund drive for the Concho Valley Council of the Boy Scouts of America is to be launched next week here in Eldorado and Schleicher County, with James Pat Wester as chairman.

A kick-off breakfast for captains and workers will be held at 7:00 Tuesday morning, Oct. 21, at the Java Junction Cafe.

Report meetings will be held at Java Junction the mornings of Oct. 24, 28 and 31st.

The captains and workers will make effort to contact all local residents and get their pledges. You may make one lump sum contribution, or becoming a "sustaining member" and give a set amount each month.

Captains and their helpers are: D. T. Yates and Gene McCalla, Charles Adams, Jimmy Doyle, Bob Bradley and James Williams.

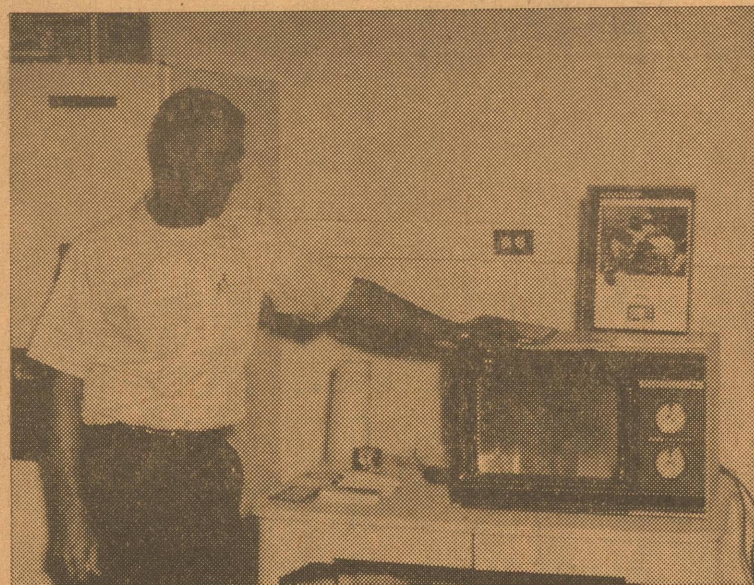

Ronnie Mittel and Dan Griffin, Granvil Hext, Bill Rountree, T. P. Robinson, and A. G. McCormack.

Lawrence Dannheim and Del Copeland, Alan Masloff, Gary Wallace, W. H. Hale, and Kenneth Vaughan.

Elton McGinness and Clifford Schooley, L. D. Mund, B. F. Maness, Jim Thornton and Rev. Bob Palmos.

Phil Olson and Penfield Barker, Jim Holley, Raymon Mobby and Jerroll Sanders.

Complete Amana Appliance Line To Be Shown At Handy Hardware's Formal Opening Saturday

IT'S NOT A T-V SET, but Amana's amazing new Radarange microwave oven, which Billy Gene Edmiston will demonstrate Saturday at the Formal Opening of his Handy Hardware Store, in the former Eldorado Hardware location.

The Amana Show Trailer is to be parked Friday and Saturday at Handy Hardware to show off the complete line of major appliances.

On Saturday, the day set for Formal Opening, Billy Gene Edmiston announces that all comers will be given a chance to register for door prizes at the store. Refreshments will also be served all day.

Handy Hardware store was established by Mr. Edmiston back in the summer, after Eldorado Hardware staged a close-out auction. Since taking over the location and setting up a new store, Edmiston has repainted and refurbished the entire store, replaced and repaint-

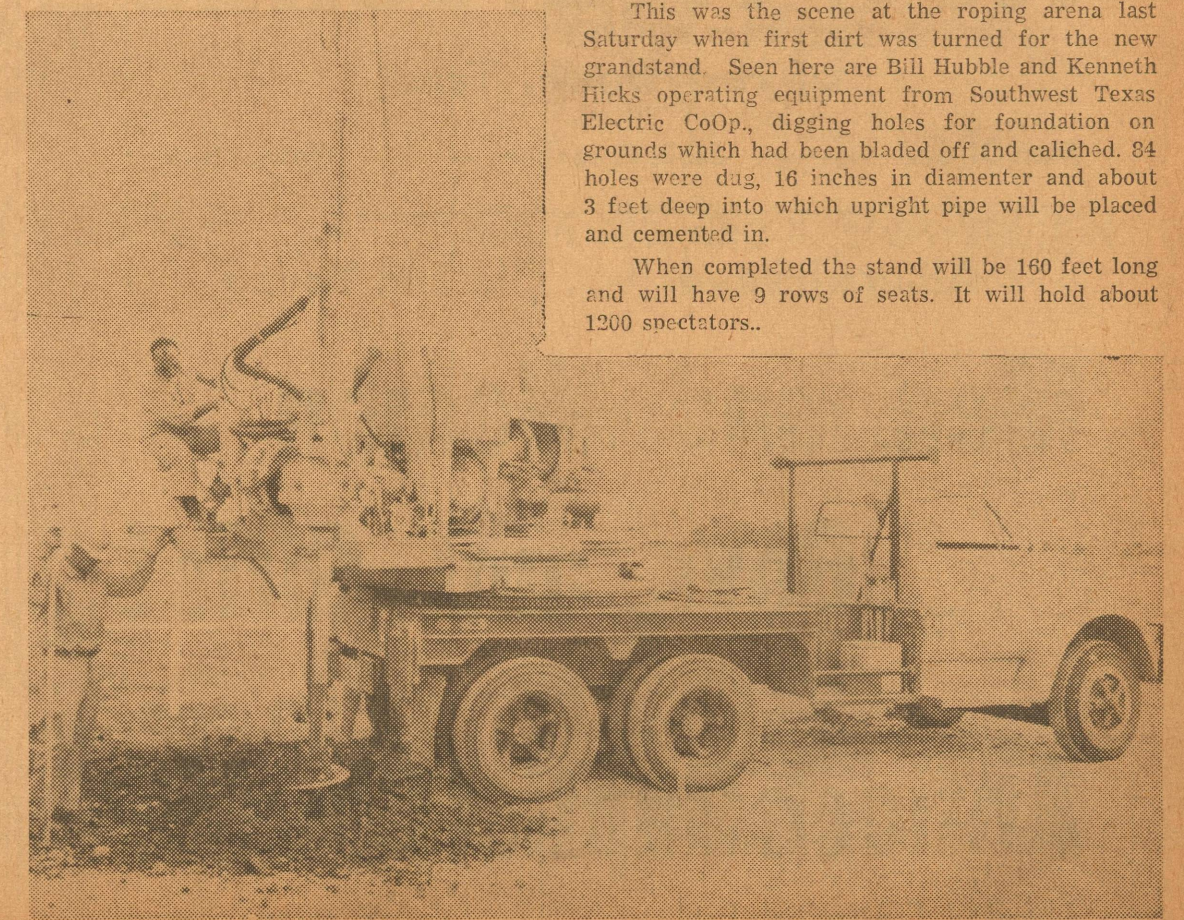

ed fixtures, and established a furniture refinishing shop in the rear quarters where the metal shop was formerly located.

Edmiston and his wife Joann and three children live on their place about 7 miles northwest of town.

Since being remodeled and restocked, the Handy Hardware is a real asset to the business district of Eldorado and it occupies a time honored location. The substantial rock building was erected by the late D. C. Hill away back in 1923.

The Edmiston invite one and all to their Formal Opening Saturday. Further details are in the ad on page 3 of this Success issue.

CONSTRUCTION WORK GETS UNDER WAY FOR NEW GRANDSTAND

This was the scene at the roping arena last Saturday when first dirt was turned for the new grandstand. Seen here are Bill Hubble and Kenneth Hicks operating equipment from Southwest Texas Electric CoOp., digging holes for foundation on grounds which had been bladed off and caliche. 84 holes were dug, 16 inches in diameter and about 3 feet deep into which upright pipe will be placed and cemented in.

When completed the stand will be 160 feet long and will have 9 rows of seats. It will hold about 1200 spectators.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

Cool, wet weather favors an increase in the number of fall army worms. This insect can do a lot of damage before it is noticed unless careful checks are made.

It will feed on small grains, native and some lawn grasses and some legumes. Cold weather is unfavorable to the production of many insect enemies of the worm and the favorable moisture situation provides conditions for good plant growth, upon which the larvae thrive.

The main problem in control is early detection. Control is easier and less expensive when the worms are small. Since the worms leave only the midribs of the leaves, the infested spots take on a silvery appearance. If spots are noted where plants have lost their green color, better make a close check for the small worms.

Since residue problems may be encountered, control measures can be obtained from this or another county agent's office.

Sevin used two pounds to the acre is a very effective control, if small area is being grazed.

Nothing in human affairs is worth any great anxiety.

4-H Club members who desire to feed lambs should contact the county agent's office or your leader. Mr. Schooley, Maness, Jim Martin, W. D. Hubble or Ronnie Mittel, November 1st is the last day for lambs to be put on feed. Those desiring to become members may contact leaders or the county agent's office. 4-H offers many opportunities in over 100 other projects other than livestock feeding. Co-operation of parents is asked by parents in this endeavor.

The annual survey, the basis for the official crop production estimates for Texas and each of its counties, will soon be under way.

This is an important survey since the information gathered is used for many purposes. Certain farmers and ranchers in Schleicher county will be among the 35,000

in Texas receiving a questionnaire.

Those who receive a questionnaire are urged to complete it as soon as possible and return it to the Texas Crop and Livestock Reporting Service, Box 70, Austin, Texas 78767. Accuracy in completing the questionnaire is stressed.

The survey is a joint responsibility of the Texas Department of Agriculture and the U. S. Department of Agriculture's Statistical Reporting Service. Cary D. Palmer is the state statistician and his office will be mailing the questionnaires.

The county agent noted that the county data bulletins for 1968 are now available from state statistician or from the Texas Department of Agriculture.

If we occasionally had to walk in the other fellow's shoes, perhaps we wouldn't criticize his gait.

High moisture in farm-stored grain can be very expensive since much of the grain can be lost. But high moisture can be removed from the grain by aeration.

Once the grain is in the bin, it should be checked at regular intervals. If the moisture content reaches a questionable level, the bin should be probed, a representative sample collected and tested at an elevator. If the test shows moisture content above 12.5%, preparations should be made to aerate the grain.

A fan that will produce as much as 1/10 cubic feet of air per minute per bushel of grain should be used. Aeration should be done during relatively dry weather conditions, avoiding periods of rainfall and high humidity.

Move wet grain if it is not possible to aerate it. This will help dry the grain but is usually an expensive method of drying; however, it could prevent a heavy loss.

It is better to say a good thing about a bad fellow than to say a bad thing about a good fellow.

Methodist Notes

At the service last Sunday evening, the Rev. Bobby Palmos showed a filmstrip, "Grounds for Mission." This film deals with the Advance Special Program of the South Central Jurisdiction of The United Methodist Church.

The Commission of Finance met Wednesday evening of this week.

On Thursday, Oct. 16, the Dora Lee Circle will meet at 3:30 p.m. in the home of Mrs. Bob Bradley.

Plans are under way for the Church Family Night the evening of Wednesday, Oct. 29th.

Benny Harkey was here Wednesday of last week from San Angelo. He is now on the road for Tom's Peanuts. He reports that he sold his Phillips 66 service station in San Angelo about three months ago.

Mary Lee Davis of Dallas was here last week end visiting with her mother, Mrs. E. T. Davis.

Mrs. Bessie Doyle has returned from a week end visit in Pearsall, Texas, with Mr. and Mrs. Jerry Doyle and family.

Mrs. Pat Martin and Bob and Susan Martin and Jillri Ann visited recently with relatives in Houston. Mrs. Martin stayed for a week with her daughter, Patsy Kinner.

Junior High Takes Win Number Four

The Eldorado Jr. High team beat the Robert Lee Steers 32-00 last week to stretch their winning streak to four.

Mike Manning started the game off right by blocking a punt on the Robert Lee 20 yard line. Starting from there Ken Peters carried the ball the final 6 yards on a trap play and Gene Nixon added the points after. After another partially blocked punt Ken Peters was again the boy to score on a 20 yard run. Mike Manning added the points after and the score was 16-0 as the quarter ended.

The high spot of the second quarter came with a 20-yard pass play from Benjie Jay to halfback Gene Nixon. Mike Manning again added the two points after. The score at the half was 24-0 in favor of Eldorado.

On the first play from scrimmage the second half Ken Peters ran 70 yards to cross the goal line but the run was called back because of a penalty. Shortly afterward the Steers threatened by getting to the Eldorado 10 yard line but they were unable to score. Gene Nixon made a good run that covered 90 yards on a reverse but it also was called back because of a penalty. The third period ended with the score still 24-0.

The final high point of the game for Eldorado came with a pass from Benjie Jay to Mike Manning for a touchdown. Mike also added the two points on the extra point attempt. Robert Lee got close to the goal once again but still failed to score and the game ended 32-0.

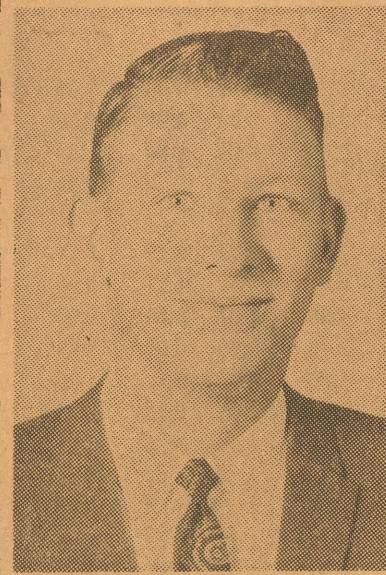

Eldorado Jr. High will play Eden this week in Eden and the starting time is 6:00.

Mr. and Mrs. Robert Martin attended the South-Western Branch meeting of Long Island Ocelot Club in New Orleans recently. They were away for a week and spent three days in New Orleans. They report that a male lion, a puma, and 12 ocelots and one bobcat were on hand, along with 11 margays and 38 attended. Sessions were held at the Dupris plantation, built in 1773.

At FFA Convention In Kansas City, Mo.

CLAY MEADOR

The 41st Annual Convention of the Future Farmers of America is now going on in Kansas City, Missouri. Dates of the event are October 14-17, 1969.

Clay Meador, a 1969 graduate of Eldorado High School, is attending as delegate from the local chapter. He was scheduled to leave for Kansas City on Wednesday of this week.

Fifty outstanding FFA members from Texas have been selected to receive the highest award given by the Future Farmers of America Organization—The American Farmer Degree.

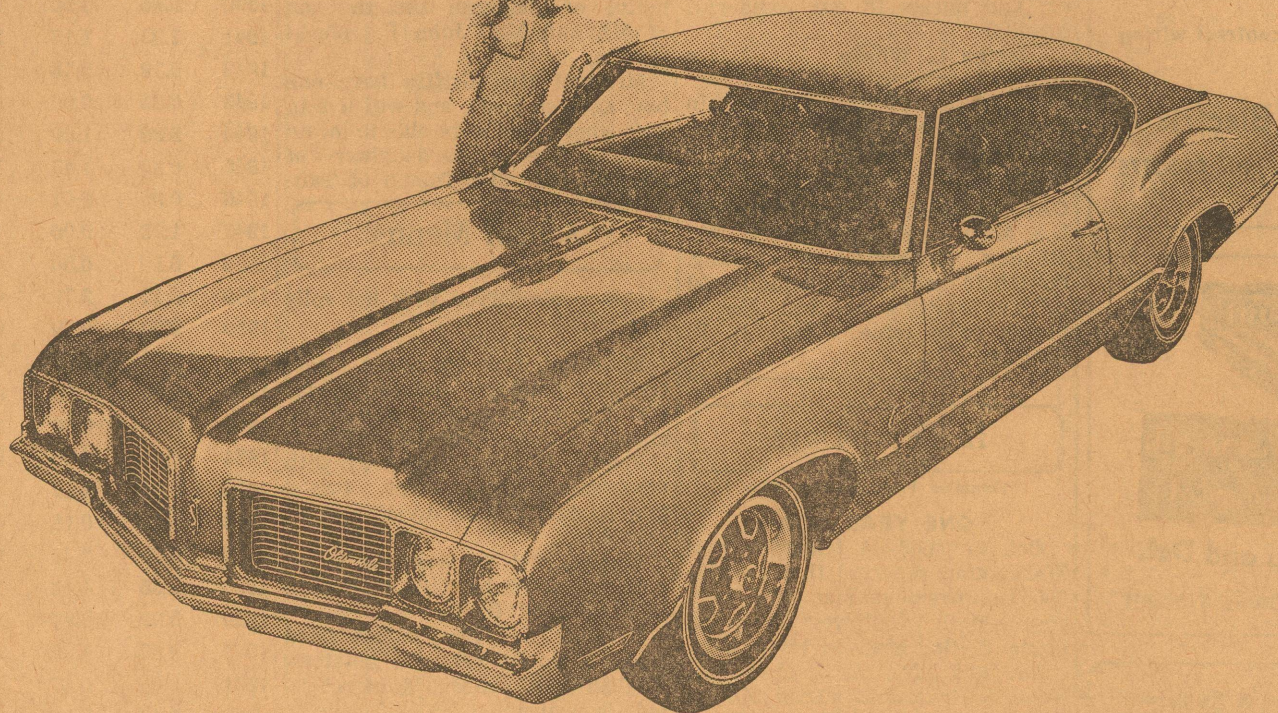

Future Farmers of America is a national organization of members studying vocational agriculture in public secondary schools throughout the nation. Students become members on entering high school and may retain their membership until they are 21 years of age or three years after graduation. The American farmers come from the older group. Only one out of each 1,000 members can receive the degree if qualified.

Clay is presently working on the American Farmer degree.

FFA Sweetheart Elected
Sherry Roberts has been elected the Sweetheart of the Eldorado FFA Chapter, it was reported this week by officers of the group.

Jimmy Ball is presently serving in his first year as FFA chapter advisor, and instructor of vocational agriculture in the local schools. He succeeded Glynn Hill who is now at Burnet.

New Acquisitions For Pate Trans. Museum

A. M. Pate, Jr., executive secretary of the Pate Foundation, announced today the acquisition of two new exhibits for the Pate Museum of Transportation. They are a 1928 American La France Fire Truck and a 1911 Maxwell 5-passenger touring car.

The 1928 American La France was purchased new by the Dublin, Texas, fire department. Cost of the new machine was \$7,500. It spent a useful life in Dublin fighting fires for 36 years. The truck passed every state pumping inspection and test until 1964. All of the original equipment is still intact on the truck.

The 1911 Maxwell proved to be one of America's finest automobiles. But, lack of funds and stiff competition snuffed the Maxwell

Motor Company out. This auto is a fine example of the Maxwell craftsmanship with its fine brass-work and sturdy chassis.

Both the American La France and the Maxwell can be seen at the Pate Museum of Transportation along with 25 of the Southwest's finest automobiles and exhibits on all modes of transportation. The museum is open seven days a week from 9:00 a.m. to 5:00 p.m. Admission is free. The Pate Museum is located on Highway 377 South, just 14 miles from Fort Worth's Weatherford Traffic Circle.

Water-Damaged Cars Are Being Sold

Austin, Tex.—Texas automobile buyers are urged to be particularly careful during the next few months

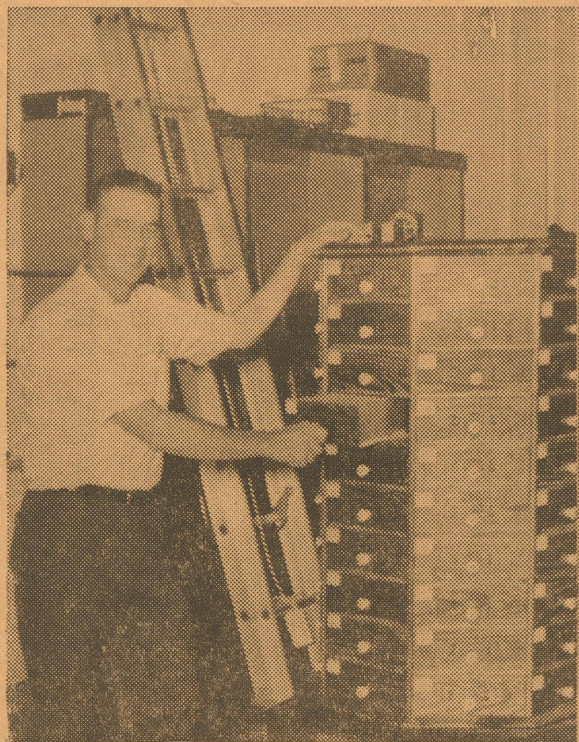

to avoid purchasing 1969 model new cars which were severely damaged by salt water submergence during the frightful ravages of Hurricane Camille in the states of Mississippi and its neighboring states last month, according to H. C. Pittman, executive vice president of the Texas Automobile Dealers Association.

"Many water-damaged cars have been salvaged from lots in Mississippi, Louisiana, Alabama and other Gulf Coast states, cleaned so the damage is not noticeable, sold at auction and now are turning up on Texas lots for sale to unwary Texas automobile customers," Pittman said. "The first of these so-called 'bargain' autos have begun appearing within the last two weeks in South and East Texas."

Engine parts and underbodies have been corroded and warranties will no longer be valid with manu-

facturers, Pittman stated. "This same sort of fraud on the car-buying public occurs following almost every hurricane in the Gulf Coast area," Pittman said. In Texas there is now requiring that the vehicle titles be marked with evidence that the cars have been damaged by immersion, and the TADA executive vice president issued extreme caution to car buyers to check the manufacturer's certificate or bill of sale to determine origin of the vehicles. Pittman said all makes of cars are involved and strongly urged buyers to double check on purchasing obviously underpriced new 1969 cars.

At least several hundred of these cars have been shipped into Texas to date and more are likely to find their way into the state unless the buying public is alert to the papers indicating origin of the car and the reputation of the dealer

Two Old Forts Due Restoration

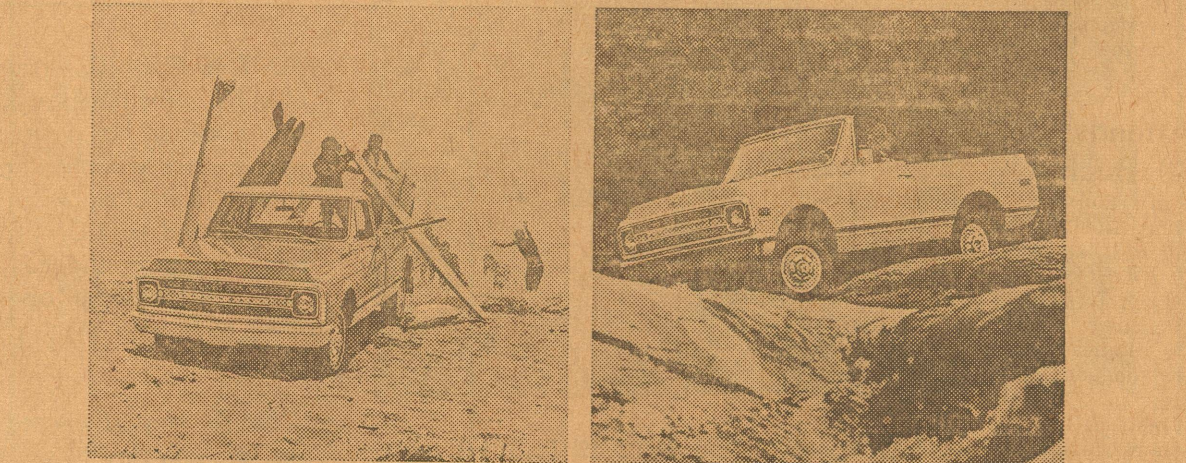

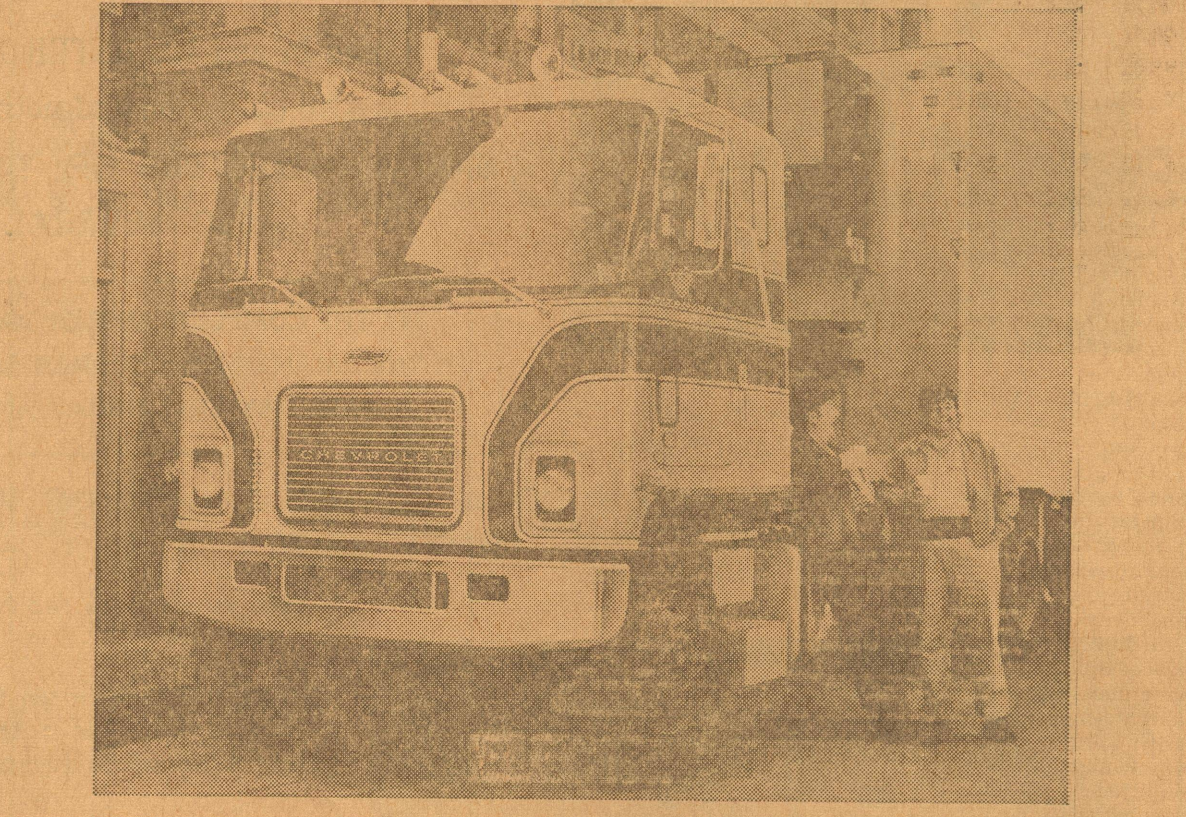

Austin, Tex.—Contracts have been let by the Texas Parks and Wildlife Department for restoration and development work at two old forts which figured heavily in Texas history. A \$62,014 contract was let to Camp Construction Company in Graham for partial restoration of the post hospital and commanding officers quarters at Fort Richard-

son. The fort is located adjacent to Jacksboro in Jack county. A \$33,187 contract was awarded to the Stein Lumber Company in Fredericksburg for restoration work on the school house and two enlisted men's barracks at Fort McKavett, located 22 miles southwest of Menard in Menard county. The McKavett project should be completed in January, 1970, and the Richardson project is due for completion in May, 1970. Fort Richardson, established in 1867, was the most northerly of a new line of frontier defense posts established to protect settlers and military and civilian travelers from

frequent raids by Comanches, Kiowa, and Kiowa-Apaches. Fort McKavett, established in 1852, was headquarters for the U. S. Infantry and some U. S. Cavalry. Troops served on patrols, scouting expeditions to search out and punish Indian marauders and served as escorts for wagon trains, surveying parties, mail coaches, and stagecoaches. On the move: New Chevrolet Movers for '70

Chevy goes heavy! New Titan 90. Anybody can add a new truck to a lineup. Leave it to Chevy to add a truck and a half. Titan 90. No other Chevy tilt is so long on muscle. So right for turnpike stretches. With 9 diesels available. And one of the biggest sleeping compartments on the road. With a wraparound instrument panel that puts everything just a glance or fingertip away. Conventional. Vans. Recreational vehicles. Whatever you're thinking, your Chevrolet dealer's got it. And it's a Mover.

Chevy goes lively! New '70 pickup. The first thing a Chevy pickup has to move is you. And we never forget it. It shows in the way our '70s look. In their smooth ride. And all the different ways they come: Fleetside, Stepside and Longhorn camper. **CHEVROLET** Putting you first, keeps us first.

Chevy goes anywhere! New Blazer. Call it Chevrolet's convertible-station-wagon-car-truck. Or Blazer for short. It's the runabout with the largest V8's, and widest track. Order it with removable hardtop. Two- or four-wheel drive for telling trails to get lost.

FOOTBALL

(Continued From Front Page)

thrills and chills with their "roll out and/or pass, their fake a play and pass, or sprint out at full speed and run or pass."

They will probably employ a 5-man line with three linebackers against the Eagles tomorrow night and no doubt they plan on blitzing Eagle Quarterback Archie Nixon consistently.

Conclusions are that the cowpunchers are just a tough outfit and that the Eldorado Eagles will have their hands full tomorrow night. Their starting lineup is as follows:

Table with 4 columns: No., Name, Pos., Wt. Listing players like Gregg Wells, Robin Lee, John Haines, Mike Haley, Ted Smith, Bill Brady, B. Brandenberger, Skeeter Martin, Don Nobles, Stuart Lehberg, Carl Willman.

Meanwhile the Eldorado Eagles are providing the Mason coaches and team some anxious study. The Eagles are capable of and do score from any place on the field. With a State Champion sprinter, a State Champion relay team, and a State Champion Quartermiler, the Eagles will cause any Class A team to pay very close attention to their actions and potential.

Although Mickey Clark will not be among the Eagles, both Walter Speck and Robert Hibbits have recovered and will provide some depth for the Eldorado line.

Sophomore Eagle Quarterback Archie Nixon has shown himself a very capable lad this 1969 season. He has not met his equal among junior and senior signal calling opponents and he is certainly head and shoulders above any sophomore in this area.

If Eagle linemen Bob Whitten, Bob Sykes, Roy Jones, William Edmiston, Dobs Lively, Jim Martin, et al along with the talented Eagle backfield, can rise to this challenge, the Cow Punchers may very well wish that they had not been as cruel and as unrelenting as they were in Eldorado last October when they ruthlessly whacked this same team of Eagles 52-13.

Wallace Dean Jonas To Preach At Revival

Revival Services are set for Oct. 19 through 26 at the Antioch Baptist Church, announces the Rev. Bill Daniel and his congregation.

The church is located in the east part of town, and the services will be held each night starting at 7:00. Evangelist will be the Rev. W. D. Jones of Fort Worth.

Rev. W. D. Jones—preacher, singer, musician, oesol magician and poet—is an ordained Baptist Evangelist. He is a native Texan, born in Greenville, and makes his home in Fort Worth, Texas, where he resides with his wife and four daughters.

Rev. Jones received his Th. G. and B. B. degrees from Tennessee Temple Schools in Chattanooga, Tenn. During his first year of school he pastored the Martin Springs Baptist Church in Monteagle, Tenn.

Upon resigning this pastorate he became a member of the Street Corner Christian Crusaders Evangelistic Team. Their ministry took them to 33 states and two foreign countries, in the jails, prisons, hospitals, rescue missions, and open air campaigns.

After graduation Rev. Jones was called as the associate pastor and minister of music and education at the Trinity Baptist Church in Rome, Georgia. He served in this capacity until he re-entered full time evangelistic work.

He has been used of God in revivals, Bible conferences, Mission conferences, vacation Bible schools, church camps, youth ranches, evangelistic crusades, and youth revivals in many states and in foreign countries. God has blessed his ministry with many thousands of conversions to Christ.

Further details on the Revival are in the ad on page 2.

Attends Lions Cabinet At Buchanan Dam

Bill Rountree, member of local Lions Club, attended cabinet meeting of District 2A-1 at Buchanan Dam on October 11.

Prior to the cabinet meeting the Buchanan Dam Lions Club hosted the cabinet members with the biggest doggone fish fry in all Lionism.

District Governor A. E. Prugel of Sonora was in charge of the meeting in which plans were laid out to charter District 2A-1's course for the remaining nine months of the year; and make plans for the mid-winter conference in Colorado City, Texas; and the district convention to be held in San Angelo next year.

Bill is serving on District Governor Prugel's cabinet as care chairman for Texas Lions District 2A-1.

Harvey Palmer Speaker At Lions Ladies Night

The Eldorado Lions Club staged their traditional fall ladies' night Monday honoring the school faculty, and a good crowd were on hand to hear Harvey Palmer of San Angelo give the main address of the evening.

Lion Palmer has been a Lion 25 years and served as district governor from 1946 to 1967. He is also principal of one of the elementary schools in San Angelo.

Boss Lion A. G. McCormack presided. "America" was sung led by Joe Christian and Mrs. Olga at the piano. L. D. Mund led Flag Salute, and Rev. Bobby Palmos gave invocation, at start of the meeting.

Bill Rountree was master of ceremonies for the evening and he recognized the committees and chairmen, who included Doug Yates, decorations; Phil Olson, tables and chairs; and Joe Kreklow, who provided music.

Deputy District Governor Horace Heath also attended.

The next meeting of the Eldorado Lions Club will be at noon on Wednesday, Oct. 29th.

Registration Set For Scholarship Tests

Eldorado High School students who expect to complete their secondary school requirements and to enter college in 1971 can register now to participate in the 1970-71 National Merit Scholarship Program. Principal Guy Whitaker announced today.

The first step for all students who wish to enter the nationwide Merit Scholarship competition is to take the National Merit Scholarship Qualifying Test (NMQST). The test will be given in the school at 9:00 a.m., Saturday, February 14 or Tuesday, February 17, 1970.

Taking the NMQST is also the first step for students who wish to participate in other scholarship programs administered by the National Merit Scholarship Corporation (NMSC). These programs include the National Achievement Scholarship Program for outstanding Negro students and Special Scholarship programs administered by NMSC for business and industrial firms.

NMQST participants pay a \$1.25 test fee. When the test is given on a Saturday, the school may charge an additional fee of up to \$1.25 to cover administrative costs of testing on a nonschool day. If an unusually promising student is unable to pay the \$1.25 test fee, it will be paid by NMSC at the request of his principal.

When his NMQST scores are reported, each participating student will receive a handbook to help him understand his scores and compare his test performance with that of other high school students across the country. The handbook, which contains information about making college choices and financing a college education, is furnished as a part of reporting the student's test results. Other interpretive materials are sent to the school.

At this meeting the students attended various discussion groups given by different Student Councils. After lunch they returned home. —Rep.

'70 Chevrolet Trucks Now Being Shown

For the first time since it entered the commercial vehicle market in 1918, Chevrolet will become a full line truck marketer when it introduces its 1970 models in mid-October.

Addition of a new series of heavy diesel line-haul tractors will give the division coverage of the market ranging from light haul dual purpose vehicles to prime movers as large as any now commonly used in over-the-road service.

Entry into the extra heavy-duty field with the new top-of-the-line diesels will bring changes in the division's heavy-duty truck marketing program. For the 1970 model year, selected Chevrolet dealers meeting specified qualifications for physical facilities, parts stocks, and trained service and sales personnel extra heavy line.

In general the balance of the 1970 Chevrolet truck line is continued with several significant improvements and refinements. Exhaust emission control equipment now is standard on all gasoline engines, with fully aluminized exhaust systems for longer life. In addition, all engines used in half-ton models include a new transmission controlled spark system which effects a significant reduction in hydrocarbon and carbon monoxide emissions.

Improvements in the half-ton conventional line include a 1.6 inch wider rear tread, combination side marker lights and reflectors, and bias belted ply tires for greater tread life and resistance to road hazards. New options in the conventional light line include AM-FM radio, air-inflatable shock absorbers on models with coil springs for level ride with varying loads, stereo tape player, adjustable tilt steering wheel when automatic or four-speed transmission is ordered, sliding rear window glass, auxiliary fuel tank on some models, weather-sealed and lockable tool storage compartment for longer wheelbase Fleetside models, and a larger 400 cu. in. V8 of 310 hp.

Styling introduced on conventional light-duty 1969 models is generally continued, with several changes to interiors. Five new trim colors are available and seat trim styling is new this year. A new grille grid paint treatment adds to pleasing appearance.

Other changes in the light-duty line include larger tires as standard equipment on 3/4-ton and 1-ton models, new front suspension spherical joints for better sealing, and seat belts anchored to the optional rear seats on Suburban Carryalls for easy removal.

Attend Firemen's Meet In Ballinger October 11

The Hill Country Fire Association held their fall fire convention in Ballinger Saturday, Oct. 11th.

Eight families from Eldorado attended the all day business, racing events, buffet supper, and dance.

Eagles Take 5th Win Over Wall 42 To 16

The Eldorado Eagles in a relaxed and happy mood romped to a 42-16 win over the stubborn Wall Hawks on Eagle Field in Eldorado last Friday night. The Eagles built up their score in the first three quarters and Eagle Coach Sherwood Barker utilized every man on the 34-member Eagle squad before the game was over.

Statistics show that Eldorado dominated the game but reflect also that the Hawks made a creditable showing for themselves.

Table with 2 columns: Eldo., Wall. Rows include First downs, Yards rushing, Yards passing, Total yards, Passes att. & c., Passes intercepted, Fumbles captured, Pen. & yds., Punts & av. yds.

Eagle scoring in the first quarter was dramatic. Archie Nixon hit Wayne HV Doyle crossing from left to right and Doyle converted the play for 54 yards and a score. Nixon kicked the extra point.

Then Nixon hit James Larry Davis with a 20-yard pass and Davis scampered another 10 to score. Again, Nixon kicked the extra pt.

In the second quarter, Archie Nixon and Paul Page teamed up for two more touchdowns. The first saw Page convert for a net of 40 to score; and he converted a second 20-yarder for a total of 80 yards to score again. The Eagles essayed to run these extra points over and failed in both instances.

In the third quarter, Nixon passed again to Wayne Doyle who scored from 10 yards out. Nixon passed this time to Sam Oglesby for the two extra points.

Then Bob Page broke away over the left side of the Eagle line behind the blocking provided initially by Paul Page, Bobby Sykes, and Roy Jones. Bob Page swerved left and ran over or outdistanced all pursuit from some 35 yards out and crossed the goal line standing up. This time Nixon ran the ball over for two points and the score stood 40.

Wall scored their first touchdown on an 81-yard pass and run combination from QB Ed Holik to end points. Late in the game, QB Holik ran the ball over for the two extra points. Late in the game, QB Holik ran the ball over for short yardage and Halfback Steve Edwards carried over for the two extra points. This second score happened when Coach Barker gave Eagle reserves their taste of total responsibility.

The game ended Eldorado 42 to Wall's 16.

The Wall Hawks and their peesquad were an impressive group as they never let down but continued to contest the Eagles all the way even to the final whistle. They were outmanned but not outcompeted.

Sam Oglesby and Bob Page each captured a Wall fumble while Sam Oglesby again distinguished himself along with Bob Whitten by intercepting two Wall aerials.

Sam Oglesby also tied with Paul Page for pass completion honors for the night, each catching five Nixon tosses. However, Oglesby's contributions netted 64 yards while P. Page by virtue of his long breakaways added 191.

Wayne HV Doyle and James Larry Davis each caught two Nixon passes. Doyle for 61 yards, and Davis for 28.

Mickey Clark caught one for two yards. In the ball toting activities Eagle linemen helped Eagle backs post the following records: Mickey Clark, 8 carries for 72 yards; Bob Page, 10 for 79 yards; James Larry Davis, 8 for 48; Keith Williams, 5 for 17; Bill Hubble, 2 for 6; and Ricky Griffin, 1 for 2 yards.

Dobby Lively took first honors defensively with 10 tackles while Bob Whitten and Roy Jones were close behind with 10 each; and Bob Page next with 9. Keith Williams and Robert Hibbits got 7 each while Charles Adams and Jim Martin tabbed 5 each in the contest.

The Wall game ended the Eagles' non-conference play and left them in a three-way tie with Junction and Mason, all with perfect records to put on the line tomorrow night.

4-H District Council Meets In Menard

Mrs. Vida Kreklow, H. D. agent, and Mrs. E. H. Nixon Jr., leader, and Leslie Nixon and Louann Nixon were in Menard last week end for a 4-H meeting.

Twenty counties were represented by approximately 50 boys and girls and 50 adult leaders and agents.

Dr. Edward Schlee from the state 4-H office was a featured speaker. Roy Jacoby of Menard is district chairman of the adult leaders association.
