68TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS, (76936) Thursday, October 30, 1969

Number 44

Please Look Out For Goblins ! !

They're small, swift, and turn up in the most unexpected places on Halloween night. And while they may be fearsome to look at, actually they're the ones most likely to get hurt, not the victims of their boisterous threats of "Trick or Treat!"

Texas motorists are urged to keep a watchful eye out for the youthful spooks on October 31. Absorbed in their fun, the youngsters, disguised as pirates or witches or ghosts, forget safety rules and may carelessly dart out into dimly lighted streets.

Parents are also reminded to be sure their trick or treaters are dressed in fireproof costumes. Costumes may be flameproofed by dipping them into three quarts of warm water, seven ounces of borax and three ounces of boric acid.

Children should never carry jack-o-lanterns lighted with candles. Battery powered lights are safer.

All costumes should be made of light colored materials with reflective materials in easily seen locations. Masks and costumes should be well fitted to prevent tripping and blocked vision.

Texas Safety Association says Halloween is a night of fun for youngsters of all ages, but can quickly turn into a tragedy if adults are not aware of the dangers.

Completes 35 Years With Shell Corporation

BRUCE SHIPMAN

W. B. Shipman, Station Attendant A with Shell Pipe Line Corporation's West Texas Division, located in Eldorado, celebrated 35 years with Shell recently.

Shipman joined Shell in 1934 as a laborer in McCamey, Texas. He became Tank Farm Gauger in 1937 and was named Station Engineer in 1941. He transferred to Denver City in 1953 and assumed his same position in the Wasson Station. He was appointed Field Gauger in 1957. He accepted his present title as Station Attendant A in Eldorado in 1966.

Post Script

Don't forget that when you go to the Sheriff's office to pay your county and state taxes you should also register to vote for the upcoming 1970 year.

The voter registrations are gradually coming into Sheriff Edmiston's office, and the total at 4:00 p.m. Tuesday was 354 registrations. But there are between 700 and 800 local citizens who will have to register between now and next January 31st if they want to be qualified to vote next year.

If you have not already bought your Trick-or-Treat Candy for Halloween, be sure to buy at least one bag from the Lions Club.

The Lions Den truck is parked from 8 to 12 each morning at the post office. You can buy a bag of candy for just \$1. Friday will be the final day for the sale and it is hoped that all bags can be sold by then.

—ps—

Another money-raising project being staged by the Lions is the annual broom sale set for Wednesday, November 5th. The ad on page 2 lists all articles which will be available for sale.

These articles are made by Texas Blind and are of high quality.

So check on your needs for brooms, mops, and other cleaning items of all kinds between now and next Wednesday. If you wish to order something, call L. D. Mund or any Lions Club member.

While we reported last week that Ruth Harper had retired as city clerk, we failed to mention that she is being succeeded by Mrs. Edw. Childers, long-time assistant clerk, who will be assisted by Mrs. Nell Wester. Our apologies to Thelma.

Wreck Occurs On Rain-Slick Highway

A wreck at about 7:45 Wednesday morning on rain-slick Highway 29 four miles east of Eldorado involved D. Williams and a couple from California.

Williams was traveling east in his pick-up on his way to work at Cities Service, when the vehicle was in collision with the west-bound 1960 Cadillac.

D. Williams was brought in by Carl Fuller for medical treatment. Sheppard ambulance was summoned to the wreck scene and took the couple to the local hospital where they were given emergency treatment. Their name was given as Price.

Williams' pick-up sustained damage and the Cadillac was believed a total loss by by-standers and investigators.

The wreck was investigated by Sheriff Orval Edmiston and his deputies and by Del Copeland, highway patrolman stationed here.

The wreck occurred during a time of drizzly rain and fog.

Mrs. Marvin McDonald and Mrs. Stackhouse have returned from a trip to Pennsylvania. They report beautiful country between here and there, and some snow.

HOW JUNCTION AND ELDORADO HAVE COME OUT SINCE 1961:

1961: Eld. 36 — Junction 6
1962: Eld. 0 — Junction 0
1963: Eld. 35 — Junction 0
1964: Eld. 32 — Junction 0
1965: Eld. 12 — Junction 8
1966: Eld. 11 — Junction 7
1967: Junction 15 — Eld. 0
1968: Junction 53 — Eld. 0

Game time tomorrow night is 7:30 o'clock instead of the previous hour, this in keeping with the time change over the nation.

It is true that football is only a game; but, of late, so much importance has been placed on winning that other objectives of the game have been overlooked or forgotten. Among these submerged objectives are learning to face apparently overwhelming life situations without panic and learning how to rise to the challenges that inevitably confront human beings along life's path.

These two concepts certainly face the Eldorado Eagles tomorrow night. It can be said that their survival as contenders for District 8A championship honors depends on the outcome of tomorrow night's football game against the Junction Eagles, right here on Eagle Field; in other words, "it's do or die" for Eldorado tomorrow night.

Now, of course, losing a football game isn't a matter so important as "doing or dying"; but this situation does provide excellent training for a number of teenage boys to see if they can combine their total energies, mental and physical, well enough to beat another team of boys with similar aims and ambitions.

In fact, tomorrow night's Junction contest is the "make or break" game, certainly for Eldorado and probably for Junction, since Junction meets Mason in Junction November 7, and Sonora in Sonora in the 8A district finale. Eldorado, Mason, Sonora constitute

quite a threesome for any high school football team on consecutive week ends.

Also, tomorrow night's Junction-Eldorado "Donnybrook" is the outstanding affair in District 8A just as the Mason-Sonora game was the night of October 24.

Starting Eldorado lineup is as follows:

No.	Name	Pos.	Wt.
80	Sam Oglesby	LE	150
77	Walter Speck	LT	182
61	Bob Whitten	LG	140
52	Wm. Edmiston	C	141
68	Bobby Sykes	RG	153
78	Roy Jones	RT	170
88	Paul Page	RE	185
20	James Davis	LHB	165
22	Keith Williams	RHB	141
10	Bob Page	FB	185
12	Archie Nixon	QB	150

Meanwhile the Junction starting lineup illustrates graphically the basis for Coach Sherwood Barker's remark that from the standpoint of individual physical strength, Junction is probably the strongest team in District 8A. This lineup is as follows:

No.	Name	Pos.	Wt.
81	Tim Gilliam	LE	189
65	Rodney Murr	LT	170
70	Buddy Murr	LG	202
60	Ted Duhon	C	160
67	Troy Sanafer	RG	170
50	Randy Sheppard	RT	170
16	Brent Rice	RE	200
35	Jimmy Bankston	LHB	150
22	Scotty Phillips	RHB	145
42	Charles Allen	FB	185
10	Bob Allen	QB	148

Coach Barker commented on the fact that not only is Junction blessed with big strong boys but with a large number of them as well. This means two and three lads for every position, this being commonly termed "depth".

Offensively Junction employs so-called "Straight T" and/or "Wing T." These formations feature No. 35, Jimmy Bankston who is a speedy and dangerous open field runner. In No. 42, Charles Allen, they have a powerful fullback who apparently had just a little bit rather run over than run around opponents; but he can do either.

Their passing attack utilizes their two big and powerful ends, No. 81, Tim Gilliam, and No. 16, Brent Rice, along with No. 35, Jim Bankston, again.

Now the Eldorado Eagles hope to match Junction's strength and reserves with sheer speed and shocking power. Eldorado's backfield is faster and almost as large pound-wise as the Junction backfield.

The great difference is in the line. Eldorado's forward wall is faced with a heavy responsibility; if these Eldorado lads averaging 161 pounds from end to end, do not outplay the Junction line which averages 180 pounds from end to end, Eldorado's fine running game and their potentially deadly passing game will never get going, and tomorrow night's contest could be a replay of last year's cruel 53-0 clubbing that Eldorado suffered in Junction.

On the other hand if this same Eldorado line can give Wayne Doyle, Keith Williams, James Larry Davis, Billy Hubble, and Bob Page some running starts, and if they can hold off the savage rushes surely to be aimed at Archie Nixon, and give him time to pinpoint his receivers and then time to maneuver, Eldorado can turn the game around.

Make no mistake, an Eldorado victory would be a crushing blow to Junction whose powerful defense has allowed only a meager 28 points scored against them to date.

You can pay your money and take your choice tomorrow night on Eldorado's beautiful Eagle field; but remember, if you don't get there by 7:30, you will miss about the first quarter or a bit more.

Homecoming Set For Friday Night

Half-time of the Eldorado-Junction game will mark homecoming for Eldorado with the announcing of the Football Homecoming Queen and Band Sweetheart.

The two young ladies are chosen by secret ballot and their identity is not revealed until time for their coronation.

Scout Finance Drive Is Still Going On

The fund drive for the Concho Valley Council of the Boy Scouts of America is still going on this week with Pat Wester as chairman.

At the 2nd report meeting Tuesday, Pat Wester, drive chairman, reported \$525 had been raised to date in cash and pledges on the Boy Scout sustaining finance drive for the Concho Valley Council. Raymond Hall, auditor, stated about 65% of the cards have been worked to date.

The final report meeting will be held on Friday, Oct. 31st, at 10:00 a.m. at Java Junction Cafe.

Rainy Weather Continues

Along with most of the state, Schleicher county has experienced three days of wet weather which has added up to 2 inches of moisture up to noon on Wednesday.

Low hanging clouds have brought fog, drizzle and showers—some heavy—causing highways to become slick and bringing field work to a standstill.

Predictions are that the same conditions will continue through Thursday.

Gin Work Halted

Work has again been halted at the Eldorado cotton gin after having a good day on Saturday. Total at that time was over 400 bales.

Funeral Tuesday For Jesse Thompson

Jesse Lee Thompson, 77, longtime resident of Schleicher county, died about 7:00 a.m. in Schleicher County Medical Center Monday, October 27.

Services by Rev. Kenneth Vaughan were held at 3:00 p.m. Tuesday in First Baptist Church here with burial in Eldorado cemetery under direction of Ratliff-Kerbow Funeral Home. Pall bearers were: R. P. O'Harrow, John S. O'Harrow, Perry Mittel, F. A. Watson, W. H. O'Harrow and W. M. Rountree.

Mr. Thompson was born in Quitman, Arkansas, September 30, of 1892, and came to Schleicher county as a young man. He entered the military service from this county and saw overseas service in France during World War I, during which time he was gassed. After his discharge he returned to Schleicher county where he had employment with Shell Oil Co., and also worked as a carpenter.

On June 26, 1921, he was married to May O'Harrow. He served as Mayor of Eldorado some 25 years ago, was a 32nd degree Mason and a deacon in First Baptist Church here. He had been in retirement for a number of years due to frail health.

Survivors include his wife; three daughters, Mrs. Helen Blakeway of Dallas, and Mrs. Mary Speir of Lake Eldorado, Mrs. Frankie Hamby of Jackson, and six grandchildren.

Penfield Barkers To Move To House At Mill

Mr. and Mrs. Penfield Barker have been having some work done to the house adjacent to the woolen mills, in preparation to moving into it.

Old timers recall when the house, located on South Main, housed the funeral home. It later served as the mill offices and as the "Casa De Risi" designing rooms, and also as a sewing room.

Some partitions have been re-installed in the house, and some electric wiring and insulation work has been done, and ceilings have been lowered. Mr. and Mrs. Barker plan to move in some time this week end.

The Barkers will vacate one of the four El Dorado Apartments on the Mertzon road.

Miss Lillian Kroeger, hospital administrator, plans to move into the apartment as soon as the Barkers vacate it. The other three apartments are occupied by Mary Oglesby, Shannon Harber, and Mr. and Mrs. John Hannes.

CHARGE TICKETS, special for service stations; 8 for \$1 or \$11 carton. —The Success office.

Eagle Band to Attend A. S. U. Band Day

The Eagle Band will be in San Angelo Saturday to participate in Angelo State University Invitational Band Day, in competitive street marching and to appear at half-time in the college football game.

The parade in downtown San Angelo will start at 10 a.m. Bands in order of appearance will be: Angelo State University Band, the Goodfellow Air Force Band, Bronte High School, Santa Anna High Sch., Eden High School, Ranger High School, Menard High School, Sonora High School, Iraan High Sch., Eldorado High School, Coleman High School, Ballinger High Sch., Winters High School and Reagan County High School.

(Eldorado will compete against other Class A schools in street marching in the parade.)

All the bands will appear in the halftime show at the ASU-Tarleton football game, in mass formations on the field and play with the ASU Band. During halftime the winner of the marching contest will be announced. The band winning 1st place will be awarded a trophy and \$100, plus a \$100 scholarship to an outstanding Senior in the winning band. The second place band selected will be awarded a plaque and \$50.

Mr. Eddie Pace, former Eagle Band director, is Angelo State University band director and is director of ASU Band Day.

County Dads Attend Meeting In Dallas

Two commissioners and the county judge and their wives were in attendance in Dallas for a three-day meeting of County Judges and Commissioners Association held in the Baker Hotel last week on Oct. 22-23-24.

Besides banquets and entertainment the group heard from a number of state-wide speakers on grass roots problems of county government and law enforcement.

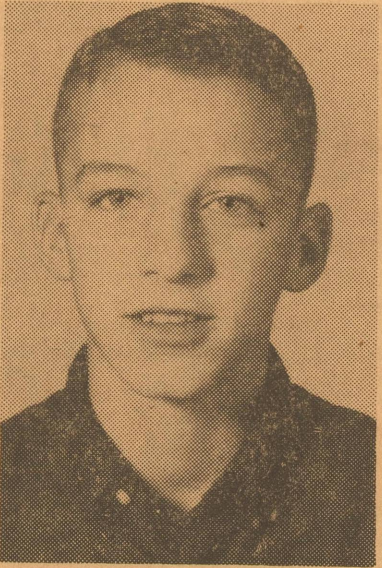

Present from here were Mr. and Mrs. Tom Ratliff, Mr. and Mrs. Lawrence Dannheim and Mr. and Mrs. L. E. McCalla.

Observes 88th Birthday

Although he and his wife are in frail health, W. O. Alexander observed his 88th birthday last Thursday with a birthday cake and refreshments and received congratulations and best wishes from a number of his loyal friends.

Among those who called were: Mrs. Luke Thompson, Frances Peters, Lisa Whitten, Mrs. Mae Mercer, Mrs. Essa Hoover, Raymond Hall, William Rountree, Jo Ed Hill, Eldon T. Calk, Kenneth Vaughan, Mr. and Mrs. W. N. Ramsay and Mrs. Buren Whitten who served the refreshments.

New Eagle Scout

STEVE SYKES

Troop 18, Eldorado, sponsored by the Lions Club, held a troop Court of Honor on Tuesday, the 21st, in the Memorial Building. Scoutmaster Jim Holley presided.

The highlight of the Court of Honor was the presentation of the Eagle Badge to Steve Sykes, son of Mr. and Mrs. Bob Sykes. The Rev. Kenneth Vaughan presented the award.

Ricky Love received his Tenderfoot badge. First Class badge was presented by Robert Pena by Scoutmaster Holley.

Merit badges were awarded to: DeWayne Rushing, Mark Bland, Mark Calk, Benjie Jay, Dan McWhorter, Kenneth Peters, Robert Pena, by Rev. Bobby Palmos.

DeWayne Rushing and Mark Bland received Scout Life Guard patch presented by Bill Rountree.

A Roundup banner for recruiting 6 new boys was presented to the troop, also recruiting strips and patches to the Scouts who recruited the new boys by J. B. Morris, District Scout Executive.

A First Aid meet will be held in Sonora on Nov. 17 at 7:00 p.m. at the old gym between Boy Scout troops in Sonora, Eldorado and Christoval.

A winter camp will be held at Camp Fawcett on Dec. 26-31 for Scouts who didn't get to go to the summer camp.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

Lice that are on your cattle now are the ones that start the winter infestation. Since lice don't fly and they don't spend any time on the ground or in the brush, treatment of lousy cattle now will kill all of the lice that are on your cattle and the cattle will stay free of lice this winter unless they come in contact with a lousy animal.

Don't wait until your cattle are rubbing the fences down before you treat for lice. Treat cattle by a thorough spraying or a good dipping now before the weather gets bad and their hair gets long. If treatment for lice is put off until cattle are noticeably infested, the lice have been weakened and the lice are more difficult to control.

Insecticides and application rates recommended for lice control on cattle are listed in the "Texas Guide for Controlling External Parasites of Livestock and Poultry," which is available in your local county agricultural agent's office.

Before buying insecticides for spraying or dipping cattle, read the label on the insecticide container completely. Pay particular attention to warnings and restrictions listed on the label, check on waiting periods—especially if some treated cattle may be going to slaughter.

Some people speak when they think and some oftener.

With a touch of fall in the air, most trees will soon be shedding their leaves and that brings on problems for the homeowner.

The leaves can serve a very useful purpose if they are collected and made into compost. As material becomes available, including leaves, place it in layers in an out-of-way place. A mesh wire or board pen makes a good container for keeping the material from scattering. Keep the pile moist as an aid to the decomposition process.

Layers of manure or commercial fertilizer, placed alternately with the leaves will make the resulting compost even more valuable. The compost will not only supply organic matter but will also have value as plant food.

Compost can be made anytime during the year, but the decaying process is slower during the cool

months of the year. Now is a good time to start a compost pile because of the generous supply of composting materials available during the fall season.

Your flower and vegetable gardens next year can become more beautiful and productive as a result of the compost you can have ready for next spring. And finally, composting eliminates burning and resulting air pollution.

To make money last you have to make it first.

The peach tree borer attacks peach, nectarine, apricot and plum trees as well as others. The insect can greatly reduce the life of trees within a few years. This insect feeds on the cambium and inner bark at or below the soil level. When peach tree borers are present a large amount of gum mixed with a brown sawdust-like material is found at the base of infested trees.

One of the most effective treatments for peach tree borers should be carried out between October 20 and November 15 when the soil is dry and the soil temperature is 55 F. or above. All weeds and grass should be cleaned out of the area within one foot of the tree trunk. The ground is then leveled and a groove is made to encircle the tree two inches from the trunk. Paradi-chlorobenzene crystals are then placed in this groove at the rate of 1/2 ounce for 2- and 3-year-old trees, 3/4 ounce for 4 to 5 year old trees and 1 ounce for older trees. The band is then covered with soil free of leaf or grass material and the soil is mounded and packed around the trunk so a cone-shaped pile about six inches high is formed around the base of the tree. Care should be taken to see that none of the PDB crystals come in contact with the tree, since crystals in contact with the bark will cause injury. The mound of soil should be removed in the early spring.

Home Demonstration Agent's Column

Somebody has said that a blender gives a home maker the part time services of a strong armed cook and a French chef.

The blender does in seconds what once took exact knowledge, a long time and hard work to do.

Here are some of the things a blender can do for you. The blender I own has only two speeds (several years old) and does all these things which are listed below; however, the newer models have up to eight speeds and perform a greater variety of jobs.

A blender does a great job on: Making crumbs from bread, crackers and cookies.

Chops vegetables or fruits, vegetables for salad and soup and uncooked applesauce made the blender way tastes wonderful.

Grates fresh coconut, raw potatoes (for sweet potato pudding and irish potato pancakes) and nuts.

Grinds whole spices which can be pulverized, split peas, beans or rice into small particles. This process is noisy!

Purees cooked vegetables or fruits into baby foods or diet foods. Mixes milks, milk shakes and thin batters as for pancakes or waffles.

Blends heavier batters, heavy sauces, mayonnaise, nut butters (how about making your own peanut butter?) spreads and dips.

Will liquify fruits and vegetables in water or fruit juices. Blenders become well known for this unique specialty in their earliest years.

The fibrous parts of vegetables and fruits are broken down so that all the flavor is released into a liquid; makes very good drinks.

Do not expect too much from your blender. It will not do these things:

Whip egg whites. Crush ice—but you may add one broken ice cube at a time to at least 2 cups liquid.

Mash potatoes. Grind or chop raw meat. Knead stiff doughs.

Tips On Operating A Blender Do not try to work with firm and solid foods in pieces bigger than one inch square. Some one used my blender once to make a cheese spread. The cheese mixture got too heavy and the motor was burned out before anyone knew what was happening.

A little mayonnaise or milk put into the blender first would have prevented the trouble. Do not fill the blender more than two thirds full; the top can be blown off if it gets too full. Don't overdo the mixing job—a blender works in seconds, not minutes.

Do keep your hand on the lid when starting the blender motor. Do be sure that the container is firmly seated on the motor stand before switching the on button.

Do not use a metal spoon or spatula to stir mixture in container. A well known trick is used to wash the blender container. Fill about half full of warm water and add a few drops of detergent. Place lid on and turn switch to low, then high. Chopping blades and inside of container will be completely washed. The rinsing process may be carried out the same way. Just omit the detergent.

All this blender story was brought about by two or three recipes which I meant to place at the top of the column; recipes for blender use. Then I got strung out telling about the appliance itself and nearly left the recipes out.

Cream of Spinach Soup 3 cups milk 3 tablespoons flour 3 tablespoons butter or margarine

1 teaspoon salt 1/2 pkg. fresh spinach (frozen spinach may be used).

Place all the flour, butter, salt and 2 cups milk in blender container. Blend on low for 5 or 10 seconds. Pour mixture in saucepan.

Add the remaining cup of milk and coarsely chopped spinach to container.

Blend at low speed for 5 to 7 seconds. Add to other milk in saucepan.

Heat over low heat for about 10 minutes. Serve hot with a dusting of nutmeg on top. Makes 3 servings of 1 cup each.

Unbelievably good. Virtually any other vegetable may be used; carrots, green beans or cabbage may be used instead of spinach.

This next soup is an Americanized version of a soup which had its origin in Spain and is called Gazpacho. Don't worry about how the word is pronounced. Just make it and you will pronounce it Good!

Gazpacho 1 can (10 1/2 oz.) Condensed tomato soup

1 soup can of water 1 cup coarsely chopped cucumber (1 small cucumber)

1/2 cup green pepper strips 1/4 cup sliced onion 1/4 cup olive oil

2 tablespoons wine vinegar 1 small clove garlic (may be omitted or garlic salt used instead) Dash tabasco sauce Dash salt Dash black pepper.

Combine all ingredients in large bowl. Cover and place in refrigerator until well chilled, about 4 hours if possible.

Pour half of bowl's contents into blender container. Blend on low speed 6 to 8 seconds. Pour into chilled cups or bowls. Do second batch the same way. Garnish with

lemon or lime slices. Makes 4 servings of 1 cup each.

I like a bit of chopped green onion sprinkled on top of soup. The green and red look good together. And now for the last one.

Bean Dip 1 can red kidney beans, drained 3 tablespoons tomato paste 2 tablespoons oil—salad oil is good

1 teaspoon salt 1/4 teaspoon pepper 1 clove garlic, cut in quarters 1/2 cup Dr. Pepper (beverage).

1 4-oz. can green chilies, drained; and 1 teaspoon Worcestershire sauce; 1 cup sharp cheddar cheese, cut in small pieces.

Crisp chopped bacon. Combine all ingredients except the last 2 in a sauce pan; heat to boiling. Pour into blender or electric mixer; add cheese. Blend on high speed until well mixed; about 10 to 15 seconds. Pour into a dish which can be warmed. Cover with bacon, or bacon may be omitted. Serve with chips or crackers. Makes about 2 cups.

A.S.C.S. NEWS

By RONALD A. MITTEL County Office Manager

In a recent announcement by the USDA it was pointed out that the 1970 cotton allotment would be increased and the 1970 projected yields would be decreased. The national allotment is being increased by 1 million acres and the projected yield decreased by 45 lbs. per acre.

The increase in allotment is brought about by the declining '69 crop prospects caused primarily by abnormal weather conditions all through much of the Cotton Belt. The increase in allotment is necessary in order to assure the maintenance of adequate stocks in the United States to provide a continuous and stable supply of the different qualities of cotton in the U.S. and in foreign cotton consuming countries.

Also recently announced were the following provisions of the '70 crop program for upland cotton.

The farm domestic acreage allotment has been set at 65% of the farm allotment. Farmers who sign up to participate in the program and who plant at least 90% of their farm's domestic allotment, but not in excess of the permitted acreage for the farm, will be eligible for price support loans and for price support payments of the farm domestic allotment.

The skin row rules which were in effect for the 1969 crop will be applicable to the 1970 crop.

The matter of leasing or selling of cotton allotments will also be permitted for the 1970 crop. The final date for filing applications for the transfer of cotton allotments is December 31, 1969.

A projected national yield of 500 pounds per acre has been established for the 1970 crop. This represents a 45 pound per acre reduction from that set for the last three crop years. During the last four years yields have been leveling off and have trended down since 1965.

The projected yield for Texas will be announced in a few days and then in several weeks the projected yield for Schleicher county will be released.

Your county committee has the difficult task of setting each producer's projected yield using the county yield as a guide. You can assist the committee by turning in your production records for the

questionnaire by mail on or about January 1, 1970. The questionnaire should be filled out and mailed back not later than February 15. Your cooperation in this census is very important because decisions that will lead to improved farm programs must be based on reliable facts and those facts can only be obtained through a nationwide census of all farms and ranches.

Junior High Takes Win Number Six

The Eldorado Junior High won their sixth game without a defeat this season by beating the Robert Lee Doggies 36-6 here last Thursday night. Eldorado had to kick off to start the game but gained possession of the ball when Benjie Jay recovered a fumble on the Robert Lee 40 yard line. Ken Peters crossed the goal line first on a 38 yard run. Mike Manning added the two points on the extra point attempt. It was Ken Peters who recovered the next fumble on the 32 of Robert Lee. Mike Manning was the ball carrier on this touchdown effort. The point after failed and the score at the end of the first quarter was Eldorado 14 and Robert Lee 0.

In the second quarter it was again Mike Manning who carried the ball into the end zone on a sweep play. Eldorado failed again to make the points after the touchdown. Mike Manning was again the ball carrier on an 85-yard play that ended over the goal line. This time Timmy Farris added the points after the touchdown. With just 8 seconds remaining in the first half the Eldorado squad lost the ball on an attempted lateral play and Robert Lee recovered. Seconds later Robert Lee threw a long pass and the receiver raced into the end zone as the half ended. They did not make their extra points and the score at the half was Eldorado 28 and Robert Lee 6.

On the first play from scrimmage the second half, Ken Peters went 60 yards to pay dirt. Nixon added the points after and the score stood 36-6. The rest of the third and fourth quarters proved rather uneventful with lots of reserves being used for Eldorado. The Junior High will attempt to make it seven in a row this Thursday when they meet the Menard Junior High in Eagle stadium at 6:00 p.m.

Eagles Down Eden By 39 To 0 Score

The Eldorado Eagles downed the Eden Bulldogs on Eagle Field last Thursday night by a 39-0 score.

The Eagles and their coaches deserve a special commendation for their sportsmanlike direction of this football game against dauntless but futile lads. Eldorado scored in 40 seconds from the first kickoff and Coach Sherwood Barker promptly began shuttling in the lads whose football fortunes are due to blossom in 1970 or '71.

Otherwise, the game could have been a complete slaughter with a tremendous but hardly attractive score. Instead Eagle sophomores and freshmen had a lot of fun along with getting some invaluable experience. It was fun to see and speculate on what the Eagles might be two years from now; and that is what you are looking at when sophomore and freshman lads get together.

Game statistics reveal that it was a romp for Eldorado.

Eldorado	Eden
16 First Downs	6
268 Yards rushing	70
26 Yards passing	0
294 Total yards	70
1 of 11 Passes att. & c.	0 of 4
2 Fumbles recovered	1
0 Passes intercepted	1
1 for 36 Punts & dist.	7 for 27
5 for 45 Penalties	1 for 15

The score by quarters was as follows:

Eldorado	— 10	23	6	0	— 39
Eden	0	0	0	0	— 0

Keith Williams whiffed off his own left side for 46 yards to score only 40 seconds after the game began. Bob Page held and Archie Nixon kicked the extra point.

Shortly later, Eldorado moved to Eden's 24-yard line. Bob Page held and Nixon booted the field goal.

Then Bob Page scored through the middle for 12 yards and Nixon again kicked the extra point.

Then after some "fooling around" Nixon flipped a 12-yard pass to Paul Page who ran across for 12 or 14 more, the whole play being good for about 25 yards. Nixon again kicked the extra point.

Shortly before the half ended, Victor Belman grabbed a blocked Eden punt and scored from four yards out. Nixon missed this one.

After the half, Chris Pena recovered an Eden fumble on/about Eden's 20. Bob Page held and Archie Nixon hit his second field goal of the evening.

In the sophomore picnic the remainder of the game, Ricky Griffin broke away to his left and turned in a sparking 50-yard scoring run. Nixon missed this extra point also.

The game saw Bob Page as the cohesive element among the sophomores and freshmen take tackling honors with 9 Bulldog stops. Jim Martin was next with 7; Bob Sykes, 6; Archie Nixon and Chris Pena posted 5 each; Bill Hubble, Bob Whitten, and Freshman Oscar Martinez tabbed 4 each; Victor Belman, Keith Williams, Ricky Griffin, Steve Sykes, Robert Wilson, Dobs Lively, Roy Jones, and Paul Page all made 3 each while Robert Hibbitts, Jimbo Overstreet, and Charles Adams grabbed 2 each.

Robert Wilson and Chris Pena each recovered a fumble.

Bob Page carried six times for 48 yards; Archie Nixon, six times for 14; James Larry Davis, six for 32; Victor Belman, six for 16; K. Williams, six for 98 yards; Bill Hubble, six for 15; Ricky Griffin, two for 38; and Steve Sykes, three for 7.

First Baptist Church

A book review was given by Mrs. T. P. Robinson Jr. Monday at 2:00 p.m. at the First Baptist church. The title of the book was "Christy" by Catherine Marshall. This was enjoyed by a large group of women from the WMS with members of other churches as guests. Refreshments were served and the fellowship was enjoyed by all.

Next Monday Nov. 3rd will be Baptist Women's Day of Prayer. Members of the WMS and of the church are urged to attend the program where Baptists all over the world will be taking part.

Carroll Ratliff's Sunday School class were host to their wives in the Ratliff home Monday night for an ice cream party. We all enjoyed this party but we are wondering if Carroll and Dorothy had any wood left for their fireplace the next day. Someone presented Granvil Hext with a thermometer. (So he can take the temp. next time.)

It's always sad to write on this day, as Mr. Jess Thompson's funeral is being held in the church. Mr. Thompson was one of the oldest deacons in the church. His face had been missing from our church for a long time, due to illness. But the memory of this man will always be remembered among fellow deacons and ones who knew him best.

Our prayers are for his family and also for another deacon, Mr. Guy Whitaker, principal of high school and family, in the loss of Guy's brother. —Mary Hext, rep.

Jimmy McGinnes Given Agricultural Scholarship

College Station, Tex., Oct. 30 (Spl.)—A \$300 general agricultural scholarship has been awarded to James A. McGinnes of Eldorado, a freshman agricultural economics major at Texas A&M University.

The award recognizes academic achievement and activities in high school. Presentation was made by Dr. Page Morgan of the A&M College of Agriculture Scholarship Committee.

James is the son of Mr. and Mrs. Elton A. McGinnes of Eldorado.

In high school, McGinnes was president of the Senior class, FFA chapter and "E" Club, and a member of the National Honor Society and FFA Livestock and wool judging teams. He also won honorable mention in football.

The student is among the first recipients of scholarships in a new program started by A&M faculty and staff members to attract outstanding young men and women to the university. —A&M photo

Austin, Tex.—A new 50-member governor's committee has launched an historic effort to improve relations among Texas ethnic and racial groups.

Gov. Preston Smith called on Governor's Committee on Human Relations at its initial meeting last week to document the problem of discrimination "warts and all" and recommend a solution.

Secretary of State Martin Dies Jr. of Lufkin is chairman of widely-representative panel, which includes whites, blacks and Mexican-Americans and a diverse economic cross-section. Former Secretary of State Roy Barrera of San Antonio was named vice chairman and Mrs. M. J. Anderson of Austin, secretary.

"Racial blindness and intolerance in state government, local government, private industry and business and in every other place in which people come in contact with people must be overcome," Smith told the Committee. "Human relations problems to exist in Texas. That is why this committee is necessary."

Smith pledged "any reasonable step" to help bring about "real and measurable improvements," and he called on all state agencies to "re-examine their employment practices, with a view to this worthy end."

Governor identified, as obvious problem areas "education, housing,

employment, administration of justice, public facilities and services and consumer protection. Special sub-committees will be set up in most of these categories to begin study and investigation soon.

New State Park Authorized

A sales contract was signed last week for a scenic new 4,775-acre state park in Blanco county.

Parks and Wildlife Commission agreed to pay \$200 an acre—\$955,000—for land it once was offered free by Mr. and Mrs. C. A. Wheatley of San Antonio. Legislature in 1963 did not provide \$250,000, which the Wheatleys specified be spent for development of the beautiful area, and state lost title to land.

Money for development will come from the \$75 million parks bond issue and federal aid. Park is the second financed under the bond program. First was Dinosaur Valley in Somervell county. New area probably won't be open for a year, PWC indicated.

Train Hearings Set

December hearings have been set by Texas Railroad Commission on Missouri Pacific Railroad's request to eliminate the St. Louis-Eagle which runs from Texarkana to Laredo, via Jacksonville, Palestine, Austin and San Antonio.

Laredo hearing will be held Dec. 1, San Antonio session December 3, Austin hearing December 5, Palestine hearing December 8 and Texarkana windup December 10.

Attorney General's Opinions

In giving notice of meetings of school boards and all other public agencies as required under the open sessions law passed by the 61st. Legislature, commissioners courts should itemize agenda topics, Atty. Gen. Crawford Martin has held.

In related opinion, Martin said county clerks may charge "a reasonable fee" to school districts for posting the required notices of their meetings.

In other recent opinions Martin held that:

School districts cannot legally pay more to a teacher who is head of a household than to an identically qualified teacher who is not. State's basic law against speed-

ing is constitutional.

District Attorney Hollis Garmon of Greenville is out of a job as d.a. because his home county (Hunt) was removed by the Legislature from the Eighth Judicial District and placed in the 196th.

A judge lacks the power to probate or suspend the automatic suspension of a driver's license following a conviction for driving-while-intoxicated unless the entire judgment of conviction and sentence are probated.

Resolutions of a junior college district board of trustees must be adopted by affirmative vote of a

majority of all members.

State may pay premiums for property damage insurance for Texas Highway Department employees within the limits of the new tort claims act.

A county-wide day school program cannot be paid for by the state during fiscal 1969-70.

Tax collectors and deputies are liable on bonds for loss through fraudulent or negligent issuance of a tax certificate.
