Hospital Auxiliary Meeting Draws Enthusiastic Crowd

Following the announcement of a proposed hospital auxiliary, a group of some 29 women met in the hospital dining room last Thursday and took the first steps in setting up an organization. They heard Pauline Hodges explain the plans and purposes of a hospital auxiliary and proceeded to set up a temporary organization.

Mrs. Delbert Taylor was elected to serve as temporary chairman; Mrs. M. H. Woodward as recording secretary, and Mrs. Arch Mittel as publicity chairman. A temporary telephone committee was named with Mrs. Elton McGinnes, Mrs. Tiny Godwin and Mrs. Vernon Rogers.

It was decided that a formal organizational meeting will be held in the hospital dining room at 1:30 on Tuesday, September 30th, at which any other women will be cordially invited to attend.

Those at the initial meeting included Mmes:

Robert Jay	Pauline Hodges
Marilyn Short	Domingo Pina
Ann Copeland	Vida Krelkow
C. F. Dacey	C. C. McLaughlin
Connie Spence	Ray Alexander
Opal Parks	Vernon Rogers
Jeannette Kreie	Delbert Taylor
Tiny Godwin	E. W. Brooks
Elton McGinnes	Leslie Baker
Carroll Ratliff	Granvil Hext
Van McCormick	Bob Bradley
Bill Holsey	M. H. Woodward
Longino Pina	B. F. Blaylock
Manuel Jasso	Arch Mittel
Oliver Teele	

Surplus Food Program Now Under Way

Starting this past Monday applications are processed for surplus food under commodity distribution program. Distribution is being handled at the Neighborhood Center (OEO) of which W. R. Bearce is in charge.

A new program, basic education class for adults, will start Thursday, October 2, when first classes will get under way at the high school. Hours will be from 7:30 to 9:30 p.m.

Commissioners Meet

County Commissioners in regular meeting Monday voted to advertise for bids for a chassis to be used as a basis for a county fire truck. Other business included setting the county tax rate and keeping the same property valuations as last year.

Regular meeting days are the second and fourth Mondays of each month.

Lions To Entertain Teachers October 13th

The Eldorado Lions Club officers and members are making plans to stage their annual Ladies Night in honor of the school faculty members the night of Monday, Oct. 13. The club met yesterday at noon in the Memorial Building with Boss Lion A. G. McCormack presiding. This was the monthly business session of the club.

Another event coming up in October will be the sale of bags of candy for Halloween. So wait and buy yours from a Lion. Cost is just \$1 a bag.

Post Script

Ramblers Being Shown Today
Earl Parker announces that the new Ramblers for 1970 are being shown today, Thursday, in his showroom.

Refreshments are being served all day today.

Everyone is invited to go by and see them. Further details are in the ads on pag 5 of this Success issue.

—ps—

Once again we remind college students and their parents that a student subscription for the coming school term costs just \$3.00. If you have not already taken care of it, you still have time to do so.

There is a handy coupon order form on page 3. Just fill it out and mail it or bring it to the Success office with \$3.00 payment.

—ps—

With our subscribers:
Mrs. Joanne Wright, social worker here, is a new subscriber in Menard, Texas.

Mrs. S. D. Harper has entered new subscriptions for her daughters: Mrs. Norm Cash at 4000 Ridgeway, Country Club Road, Ft. Worth, Texas 76108, and Emily Ann, Mrs. James Ainslie, 3002 E. Cortez Courts, Irving, Texas 75060.

Mrs. Hattie Blaylock has moved from Mountain Home to Route 2, Box 391, Fredericksburg, Texas.

—ps—

I learned some more this week about the ladies hospital auxiliary when Josephine Woodward was in the shop. There is a lot more to it than I at first realized.

To begin with the auxiliary will adopt a constitution and by-laws and it will be affiliated with a national organization, which sets out purposes. It provided a sheaf of suggestions on what the volunteers could do in providing extra services for patients which the hospital staff does not have time to provide.

I suppose it also tells them what they can not do.

—ps—

According to the article in another column there were 29 in attendance at last week's meeting when temporary officers were elected. Next meeting will set up permanent organization and a permanent slate of officers. Other interested women are invited to join the group at this time. (It was raining cats and dogs during last week's meeting.)

Josephine said the auxiliary will be ready to function following a third meeting.

—ps—

At their Sept. 8 meeting, the Schleicher County Commissioners voted to enter into a contract with Penny Pennington for labor, two welding machines and one laborer for construction of a grandstand for the Roping Arena at the rate of \$10 per hour. Schleicher County to furnish all materials and supplies.

One week later material was delivered on the ground and now, two weeks later, no start has been made on construction.

Where is Penny Pennington?

Chamber Election Set For October 1st

A new board of directors for the Schleicher County Chamber of Commerce will be held on October 1st, it was announced this week by Raymon Mobley, current president.

The election will name a new slate of directors who will serve the 1969-70 year. The directors in turn will elect a president and other officers.

Kindergarten To Start This Coming Monday

School Supt. C. T. Humphries announces that the Early Childhood Education Preschool for five-year-old children will start on Monday, September 29, 1969. This will be the third year for the kindergarten to be conducted in the local school. To be eligible to attend the child must be five years old on or before September 1, 1969.

Registration will begin at 8:30 a.m. All students riding buses will be in school all day. All others will be divided into morning and afternoon sections.

Parents should bring their child the first day if possible. They will need birth certificate and immunization record.

Pupils will be dismissed immediately after registration.

SCD Director To Be Elected October 2

The election of a district director for Zone 1 for the Eldorado-Divide S & WCD will be held at 11:30 a. m. at the Shady Lane Park (about one mile north of Christoval) on October 2, 1969.

A barbecue lunch will be served followed by the election of a district director, and a short directors meeting. After the election and business meeting a tour of the Buescher farm will be made.

District Directors run the business of the Soil Conservation District and call upon and receive aid from state and federal agencies who have technical help or equipment to assist farmers and ranchers to work out conservation plans.

The election will be of the convention type, with nomination from the floor and the nominee receiving the majority of votes being elected.

The creation and operation of a soil conservation district is thoroughly democratic in every respect. Every land owner of Zone 1 should attend and help elect a supervisor. Only land owners and their wives are qualified to vote in the election.

The present director of Zone 1 is Voy Lee Butts. The director elected must be a farmer or rancher owning land in Zone 1. When elected he will serve a term of five years.

Mrs. Wright Serving As Welfare Worker Here

Mrs. Cameron (Joanne C.) Wright of Menard is serving as welfare worker here. She comes to Eldorado 1st and 3rd Thursdays of every month and stays in the Justice of the Peace office from 1:00 to 3:00.

In regard to the food commodity program being adopted by the county, Mrs. Wright said:

"This is to advise that all persons drawing public assistance checks should make application for surplus commodities. This may be done any day between 8:00 and 5:00 at the Neighborhood Center. If unable to come call Mr. Bearce at 2763."

Eagle Band Elects Officers For 1969-70

Carolyn O'Harrow was elected president, Danny Boyer vice president and Lisa Whitten secretary of the Eagle Band for the 1969-70 season recently. Mr. McDonald and these young people have the responsibility of co-ordinating band efforts in many areas.

The band services as Eldorado's representative many times each year in parades and fairs in other towns. It serves as the school's representative in individual and group competition all through the year. During the first part of the school year it is the Mean Green's loyal backer every Friday night as a pep squad—as well as performing at half-time. There's no bigger thrill for director and band than the opportunity to switch to the Fight Song mid-way through another number, because a gallant Green and White clad boy has crossed the goal line. They talk and dream of backing "our boys" to state.

"Members of the band have fun together, we work together, worry together and strive to win together. We expect all band members to show good sportsmanship and good manners while members of the Goin' Band from Eagle Land," said Carolyn O'Harrow, president.

Following 40 To 14 Victory Over Ozona

Eagles To Robert Lee Friday Night For Third Game Of The '69 Season

Bulletin Board

HOW THEY CAME OUT LAST WEEK:

Big Lake 34.....Sonora 14
Eden O.....Bronte 41
Junction 68.....Santa Anna 0
Menard 0.....Wall 16
Mason 35.....San Saba 14
Eldorado 40.....Ozona 14

WHERE THEY PLAY TOMORROW NIGHT:

Sonora in Ballinger
Early in Menard
Goldthwaite in Mason
Bangs in Junction
Eldorado in Robert Lee
Jim Ned in Eden

Coach Larry Blair of the Robert Lee Steers is an Eldorado High graduate of 1963. He was a very excellent player on some fine teams about that time. Something of a coincidence is that he played under Eldorado Coach Sherwood Barker when Coach Barker was on a prior tour of duty in Eldorado.

Last year Eldorado worked the Steers over right thoroughly 53-8.

Noteworthy comment is to the effect that the Harris Rating System by which Texas High Schools are compared, scored, and ranked moved Eldorado from 27th in Class A schools the week of September 8-12 to 17th for the week of September 15-19. A year ago, the same system placed Eldorado as the 117th Class A school in Texas.

Salvation Army Drive Closing Out

Bill Rountree, chairman of the Salvation Army drive this year, wishes to encourage workers to help complete the drive on the date which has been set—September 30, 1969.

Since the local Salvation Army Unit was organized here in June of 1965, campaigns have raised a total of \$2,854.58.

Of this amount \$1,891.87 has been sent to the State Service Department for use wherever needed. \$945.91 (1/3) has been retained for local use.

To date \$741.67 has been spent by the local unit to aid 41 local people and 97 transients. Local aid has consisted of providing food, lodging, clothing, transportation to and some expenses for three people who underwent surgery in Houston. And also sending 11 boys to Summer camp at Midlothian, Texas.

Assistance to transients has been for the most part food, gas and oil, car repairs, tires, and bus tickets.

See page 3 for the write-up on the Ozona game

Eldorado Eagles journey to Robert Lee tomorrow night. The evening's contest sees two teams with no-win-no-loss records collide. Eldorado defeated Robert Lee decisively last year 53-8; and without doubt, memory of this walloping still rankles the proud "Steers" who will present a team composed of seven seniors, three juniors, and one sophomore, in their bid to avenge last year's defeat.

Another Steer incentive is the fact that their coach Larry Blair is an Eldorado high graduate; his assistant is from Big Lake; so Eldorado Eagles and fans will do well to exercise the utmost caution in handling the "Cattle." They are very ably coached, have shown great spirit and aggressiveness in their play, and can be expected to present grim and competent opposition.

Their offensive formations include Wing T with the Wing to either side along with not infrequent reversions to Straight T play. Their quarterback is No. 11, Mumford, a very capable junior. He is well versed in the Robert Lee offense which sees Mumford run or hand off, usually to their hard driving fullback, No. 40, Keys, who has carried on as many as 85% of their

ground sorties to date. The other 15% of these ground attacks should be carefully scrutinized as No. 28, Smith, may reverse to the opposite side or No. 35, Millican, may go wide behind Keys who has first option on the ball. This option business is a quite sophisticated version of "Button, button, who has the button?"

In the passing department, in their last contest which saw them trample Bangs 20-6, they fired 15 aerials, 9 of which were completed. They may send both ends and one back down field or again only the ends. They provide Mumford excellent protection. He is very well able to throw long and dangerous ball.

This year as they did last year, the Steers utilize the so called "Arkansas Monster" defense which is composed essentially of a five-man front with two linebackers and Millican, No. 14, the Monster.

Scouts say that to date, he plays the wide side of the field. The Steers have probably been thinking about Keith Williams and Wayne Doyle all season.

Robert Lee's starting line-up is as follows:

No.	Name	Pos.	Wt.
10	Burns	LE	144
78	Fields	LT	193
63	Conley	LG	153
50	Presler	C	165
67	Thomason	RG	157
76	Cox	RT	165
88	Beaty	RE	150
28	Smith	LHB	143
35	Millican	RHB	153
40	Keys	FB	160
11	Mumford	QB	145

Scattered Rains Again Last Week

If farmers had any intention of defoliating their cotton, it was canceled last week when some heavy, scattered rains fell on Wednesday and Thursday. Mikeska Gin which processed its first bale on September 8th has not had a second bale up to this time.

Bailey Ranch and Reynolds communities each received around two inches and one farmer said Tuesday that his fields were still soggy.

As usual precipitation was extremely scattered. Aaron Steward west of town reported only half an inch, while Gene McCalla, several miles east jubilantly claimed no less than 5.30 inches—2.80 one day and 2.50 the next. It was great for the grass and fall crops.

Here are a few figures compiled early this week:

City of Eldorado	1.50 to 2.00
H. A. Belk	1.90
Parker Bros. Bailey Ranch	3.00
George Humphrey	3.70
Arch Edmiston	1.00
W. V. Lux	3.00
C. C. McCurnett Ranch	1.60
Billy Jack Reynolds	2.20
Peyton Cain	2.25
Aaron Stewart	.50
Gene McCalla	5.30

News of the Sick

Ray Boyer was brought home Monday from Clinic-Hospital where he underwent eye surgery a week earlier. He is confined home where he is continuing convalescence.

Mrs. Don Taylor had surgery in a Snyder hospital recently.

Here Are This Year's Twirlers and Drum Major

TWIRLERS shown left to right are Judy Hanusch, Marian Bland, Jean Rountree, Mona Wagoner, and Peggy Hanusch. Kneeling is the drum major, Lisa Whitten.

Modern Equipment Used By Local Electric CoOp

L. L. Kinser was the driver of this rig when it paused on Main street prior to leaving for the country with a utility pole and equipment to set it with. If you need to give it a name you could describe it as a modern version of a "post-hole digger." It was bought just a few months ago, is completely hydraulic equipped and replaces some older equipment.

—Success Staff Photo

Results Of ASCS County Committee Election

The county ASCS committee has canvassed the election returns and announces the results as follows: Wayne Mikeska was elected to serve a three year term and W. F. Edmiston and Billy Frank Blaylock were elected as first and second alternates respectively. Alternates are elected for a one year term only.

The newly elected committeemen will take office on October 1. County office manager Ronnie Mittel states that out of 699 eligible voters only 202 voted this year. This compares with the 200 voters who cast ballots last year.

School Menus

(All meals served with hot rolls and milk.)

Thursday, Sept. 25: Barbecued beef, pinto beans, potato salad, cole slaw, green bell peppers, gingerbread, lemon icing.

Friday, Sept. 26: Fresh fish filets, tartar sauce, macaroni and cheese, mustard greens, sliced beets, ice cream.

Monday, Sept. 29: Baked ham, sweet potato casserole, green beans, combination salad, canned fruit.

Tuesday, Sept. 30: Fried chicken and gravy, creamed potatoes, waxed beans, waldorf salad, chocolate pudding, whipped cream.

Wed., Oct. 1: Sloppy Joes, potato salad, pork & beans, cheese strips, fresh fruit salad, peanut butter cookies.

Thursday, Oct. 2: Roast beef & gravy, creamed potatoes, buttered broccoli, strawberry congealed salad, fruit cobbler.

Friday, Oct. 3: Sandwiches, tuna salad, pimento cheese, and ham salad; English pea salad, French fries, half fresh apple.

RECEIPT BOOKS—Pocket size, and large desk size, for sale at The Success.

Miss Doyle Becomes Bride Of Mr. Bishop In Baptist Church Ceremony Saturday

MRS. ALLEN BISHOP (the former Joan Doyle)

First Baptist church here in Eldorado was the setting Saturday for the wedding of Miss Joan Doyle and Allen Bishop. The Rev. Kenneth Vaughan, pastor, officiated at the ceremony.

Parents of the couple are Mr. and Mrs. Kenneth Doyle of Eldorado and Mr. and Mrs. Garland R. Bishop of 1201 Linden Way, San Angelo.

The bride wore a formal orientally designed gown of card-light peau de soie. The dress featured a Chinese collar designed by Han Ming of Singapore and a cathedral length train.

Mrs. Dewain Weldon of San Angelo was matron of honor. The bridesmaids were Miss Jan Brown of Sonora, Miss Sue McMillan of Brady and Miss Debra Murr of Wimberly. Jill Yates was junior bridesmaid.

John Bishop of Dickinson served his brother as best man. Groomsmen and ushers were Wayne Doyle, the bride's brother; Travis Rogers, Keith Wiggins and Dewain Weldon, all of San Angelo; Billy Ratliff of Llano, Jim Kinney of Sweetwater and Mickey Bailey of Kerrville.

Wedding music was presented by Mrs. Evelyn Stigler, organist; and Mrs. Vernon Rogers, soloist. Ring-bearer was Cleve Clark of Fort Worth. Bobby Jack Slone of Fort Worth and Cleve Clark were candlelighters.

The reception was in the fellowship hall of the church. Houseparty included; Mrs. Marie Akins; Mrs. Al Poe of Arlington, Mrs. Odes McMillan, Mrs. James Slone and Miss Lynn McMillan of Brady; Mrs.

Arnold Clark of Mansfield, Mrs. Jack Slone of Fort Worth, Mrs. Winnie Ellen Bishop, Mrs. John Murr and Miss Joni Bishop of Dickinson, Mrs. Leonard Bailey of Kerrville, Mrs. Earl Yates and Mrs. Lucille Jackson. Rice bag girls were Mary Kay White, Paula Poe, Rhonda and Brenda Clark, Jamie, Melonie and Cythia Slone, Jackie Etheredge and Lisa Blackmon.

Mrs. Bishop graduated from Eldorado High School and is a senior student at Angelo State University. She has been a twirler with the Ram Band for three years and is a member of Lamba Tau sorority.

Her husband, a junior at ASU, is vice president of Delta Sigma Phi. He is employed by a San Angelo bank.

After a wedding trip to Acapulco, Mexico, the couple will live at 1815 Fillmore, San Angelo.

The parents of the bridegroom were hosts for the rehearsal dinner in the River Club in San Angelo.

County Extension News

W. G. Godwin, Co. Agent

Internal parasites can rob you of cattle profits. Though your cattle don't "look" wormy they may be. Internal parasite infestations often are well established before the animals show obvious symptoms.

Probably the number one cause of internal parasites in beef cattle in this area is neglect. Although cattle have an inherent high resistance to parasite damage, this resistance is also lowered by malnutrition.

The animal's immunity mechanism cannot function properly if the diet doesn't provide enough of the needed fuel.

Another cause is sanitation. Keeping water, feed and grazing areas clean will go a long way toward reducing internal parasite troubles.

A third cause of internal parasites is improper pasture management. This comes from overgrazing and high stocking rates. With overgrazing, animals are forced to eat the plants close to the ground where most of the larvae are to be found.

On highly developed pastures where stocking rates are high, contamination of the pasture from excessive manure can be a problem. It is in manure where parasite eggs often hatch into larvae.

Once the parasites are inside the animal's stomach, they reach maturity in 2 to 3 weeks. They lay eggs which are passed out in manure. The eggs either hatch in manure or in the ground and develop into the infective larvae stage over a period of a few days. Their cycle is often repeated.

You are expected to make good—not to make excuses.

From a quality standpoint, the basic objective of cotton harvesting is to keep moisture and trash content to a minimum.

Their removal at the gin creates a major preservation problem. Excessive moisture and the presence of green leaves also cause quality losses in storage.

The moisture and trash content factor in seed cotton is related to the prevailing weather, plant condition and machine adjustment and operation.

The guidelines for cotton harvesting:

- 1. Moisture of seed cotton in the field should be 10% or less.
2. Machines must be conditioned prior to harvesting and kept in adjustment as dictated by plant and field conditions.
3. Operators must be trained and supervised.
4. Only enough water to keep spindles clean should be used.
5. A specific service program should be followed.
6. Excess lubrication should be removed.
7. Seed cotton of varying trash and moisture content should not be mixed in the same trailer.
Getting cotton to the gin in the

best possible condition makes it possible for the ginner to do the kind of ginning job his plant was designed and engineered to do.

All people smile in the same language.

Recent rains in Schleicher county have improved the chances for the success of a fall garden. Many tasty vegetables actually grow better in cooler temperatures.

Cabbage, broccoli, carrots, cauliflower, turnips, mustard, spinach, beans and squash and even tomatoes do well under fall weather conditions.

Onions can be produced from seed planted this month. Those thinned out can be used in the green stage.

A soil mulch of decomposed organic matter—grass clippings, sawdust or other material, will help conserve moisture, keep down weeds and grass and reduce cultivation.

An application of fertilizer before the soil is prepared for planting will give the garden plants the plant food needed to give them a

good start & keep them producing. Information on fall gardens and suggested varieties for this area are available from my office.

The worst buy is an alibi.

Farmers in Schleicher county who spent time and money fighting winter grain mites last year need to rotate their small grain crops to different fields.

Winter grain mites build up to damaging populations in late winter or early spring. Infestations start from eggs placed in the soil by last year's adults. Heaviest populations occur in fields planted year after year to small grains. Rotation can help to reduce the need for chemical control of this pest.

Politeness to superiors is duty—to equals courtesy—to inferiors nobleness.

Disabled Also Helped By Social Security

"Most people think of elderly people and retirement benefits when social security is mentioned," commented Ted F. Moellering, San Angelo social security district manager.

Social security does provide retirement benefits, but it also means financial security to the younger worker by providing monthly benefits to survivors of deceased workers and also to disabled workers and their families.

Many changes have been made in the social security disability program since it began. Now if a person has a disability which is expected to last 12 months or more, he may qualify for monthly benefits.

Amendments signed into law in 1968 reduced the work requirements for persons disabled before age 31. Although those disabled at age 31 or later must have worked under social security at least 5 out of 10 years ending with the date the disability began, a young person can now qualify for disability benefits with less work, and those disabled before age 24 with as little as 1 1/2 years work in the 3 years before you become disabled.

Anyone needing further information about the new disability requirement or any other part of the social security program may contact the Social Security Office at 3000 West Harris Avenue in San Angelo, Texas, or see the representative when he is in your area.

Eagles Come From Behind To Down Ozona Lions By Score Of 40 To 14

The Eldorado Eagles suffered severely last Friday night from First-Home-Game stage fright but rallied after this severe attack of early jitters and dominated the second half of the game completely. The Eagles salted away the contest by a 40-14 margin and statistics show graphically that they were indeed the better team.

The score by quarters was as follows:

Eldorado	6	6	8	20-40
Ozona	7	7	0	0-14

The statistics were like this:

Eldo.	Ozona
18	12
218	112
239	122
457	234
10 of 21	4 of 9
0 oppon. passes caught	0
8 fumbles	2
3 fumbles captured	2
3 for 45 punts & yds.	8 for 28
6 for 50 yds. penalties	3 for 35

Ozona scored its first touchdown as the result of a fumble and its second as a result of penalties, one a 15-yarder. They kicked both extra points.

The Eagles' first score came on an Archie Nixon to Keith Williams pass good for 36 yards. The try for extra point failed.

The second touchdown featured Keith Williams who scampered over from nine yards out. Again the try for extra point failed.

The half ended 14-12, Ozona.

The third quarter saw the first of two decisive game happenings.

Archie Nixon hit (High Velocity) Wayne Doyle with a pass when Doyle started right and began his crossover. Nixon then hit him with a 15-yard pass right over center and Lion defenders could say only, "There he goes." The combination pass-run was worth 49 yards. Keith Williams ran this try for extra point over and the end of the third quarter saw Eldorado out front

20-14, the first time in the game they were in the lead.

Then HV Doyle came left on a reverse and whizzed down the side line to score. A Lion defender failed to get either in or out of the way and was shaken up when Doyle apparently ran through him. The try for extra point failed but the Eagles were out front 26-14.

About this time QB Archie Nixon was rushed and in the ensuing confusion he scrambled to his right and forgot to stop running for 25 yards and a touchdown. Again the try for two extra points failed. But Eldorado moved out again 32-14.

The Eagles then fired Doyle again and for effect and he raced over from 25 yards out. This time James Larry Davis went over for the two points and the score had risen to 40-14.

Second decisive event in the game occurred when Archie Nixon kicked and Ozona's powerful full-back Greg Stuart took the ball. He feinted to his left, turned right, picked up some blockers, and being so strong, broke a tackle or so with his own strength.

He was headed apparently for a breakaway as only one man, Sophomore Archie Nixon who had kicked the ball, stood between him and a score. Stuart was in great haste as Paul Page was only a step behind him; so Stuart elected to steamroller Nixon. But Nixon evaded Stuart's "center of mass" and threw a sahttering "cut through" or "rolling block" into Stuart's legs whose feet flew high in the air; and sure enough, "When a man's feet are stopped, he stops too." Unfortunately the shock re-hurt a former injury Stuart had suffered and he could not continue. Keith Williams at 140 pounds has used this foot-stopping business a long time.

The Ozona lads seemed to lose

heart completely when Stuart left the game and the rest of the exercises provided considerable experience for the lads who really need it.

A pleasant feature of the game was the excellent pass protection afforded Nixon by Eagle linemen composed of Messrs. Robert Hibbits, Bob Sykes, Bob Whitten, Roy Jones, and Dobs Lively. The burly Lion forwards were able to smother Nixon but once out of his 21 passes. The Eagles ran 42 ground plays besides the 21 passes for a total of 63 offensive sorties for the night.

Paul Page gathered in 6 passes for 112 yards. Wayne (HV) Doyle caught 8 for 52; Keith Williams, 1 for 36; James Larry Davis, 1 for 31; but Davis carried also 13 times for 57 yards. Doyle carried 8 times for 52; Bob Page 8 times for 42; Keith Williams, 6 times for 22; Archie Nixon, 1 for 25; Billy Doc Hubble, 2 for 16 yards; and Victor Belman, 1 for 3 yards. It is worthy of note here that James Larry Davis was greatly feared by Ozona and he was keyed on by about half the Lion defensive unit.

Roy Jones led the way tackling with 14; Bob Page made 10; Bobby Sykes, 9; Charles Adams tabbed 8; Keith Williams and Bob Whitten racked up 7 each. Meanwhile James Larry Davis, William Edmiston, Dobs Lively, and Sam Oglesby posted 5 each records.

The nine-year Lion-Eagle rivalry now stands Ozona 5—Eldo. 4.

The largest crowd in a number of years supported the Eagles throughout the contest.

Booby Traps Found In Some Nat'l Laws

By Congressman O. C. Fisher

Laws which when enacted often sound innocuous and desirable may turn out to be replete with booby traps and loopholes.

Here are two examples: Last July the Congress enacted the 136-page 1968 Housing Act, which was described by the Washington Post as a "housing bananza," and by another as an "omnibus monstrosity." No one would dare estimate the ultimate cost to the taxpayers, but it clearly would be up in the billions. This Great Society answer to the nation's housing problems provided goodies galore for almost everyone except the poor taxpayer. Some of us opposed it, but to no avail.

Included were provisions which gave vast authority to HUD to help pay interest charges, rentals, taxes, etc., on behalf of those in low income brackets, related to their housing.

Under a home-purchase authority HUD recently announced plans to have 511 housing units constructed in San Antonio to sell for up to \$17,500 each to those earning between \$3,000 and \$6,000 — with no more than 20% of the purchaser's monthly income to be paid on the purchase price. Uncle Sam is to pick up the balance, estimated at about \$1,000 a year per unit, and the commitment is to continue for 25 years.

I have lodged a vigorous protest against this and any other similar projects wherever located. While there is need for better solutions to housing problems, the subsidy involved here is obviously exorbitant and is manifestly unfair to the taxpayers who must work for a living and help pay the bills. Why use a 5-ton truck to do the job of an ordinary pickup?

Another example is Great Society's celebrated 1964 Civil Rights Act, of which the late Martin Luther King was one of the principal architects. It, too, was an omnibus hodge-podge of "goodies," designed to prevent racial strife and take care of about all the accumulated racial gripes. I joined with others in opposing its enactment, but to no avail.

Among scores of other bombshells uncovered in the law is the provision which allows HEW's braintrust to impose compulsory busing of students across cities in order to comply with bureaucratic whims. A good many who voted for the bill will tell you today: "I didn't dream it authorized compulsory busing!"

Home Demonstration Agent's Column

Bread is still the staff of life and do not let anybody tell you that bread will add pounds and should be avoided like the plague. The truth is that avoiding bread in the daily fare altogether may cause more plagues than any one ever thought of.

Texas law requires that wheat flour and corn meal be enriched. Grain enrichment restores the important B vitamins—thiamine, riboflavin, niacin and iron that are lost when the bran and germ are removed from the kernal during milling.

Specifically what good are these vitamins to the human body? This is what each one does—

Thiamine helps promote normal appetite and good digestion, keeps a healthy nervous system and releases energy from food. (This is of tremendous importance.)

Riboflavin helps cells use oxygen and keeps skin and lip tissue normal.

Niacin helps keep the nervous system, skin, mouth, tongue and digestive tract healthy and helps cells to use other nutrients.

Bread and cereals also contain iron which combines with protein to make hemoglobin, the red substance in the blood that carries oxygen to the cells of the body.

Now—I expect bread to rank a little higher in your estimation after these remarks. Anyway it is usually the butter, jelly, jam, honey, preserves and gravy that pile the calories high on bread.

Our Home Economics Clubs over the county have been giving serious thought to the families' daily bread and have come to these conclusions:

Bread is essential, of great importance in the diet.

Bread and cereal add protein to the daily dietary needs.

Quick breads are easy to make, nutritious and taste very good. One slice white bread contains 60 calories, 2 grams protein, one gram fat, trace only of the saturated and unsaturated fats, 12 grams carbohydrates and 19 milligrams calcium.

If the man who grows the wheat for a loaf of bread were to sell his wheat in bread loaf form instead of by the bushel, he could count only one slice per loaf as his net profit.

Hot breads are usually no problem to the person in good health; it is just that hot breads taste very good and one is more apt to eat more of them.

Home made mixes are simple to make, convenient to use and cost about one half as much as commercially prepared mixes.

Recipes follow:

Master Quick Bread Mix
9 cups sifted all purpose flour
1/3 cup double acting baking powder

1 tablespoon salt (I add one teaspoon more)
2 teaspoons cream of tartar
1/4 cup sugar
2 cups shortening which does not need to be refrigerated.

Stir baking powder, salt, sugar and cream of tartar into the flour. (Cream of tartar tenderizes and whitens the dough.) Stir well with pastry blender. With same blender cut in shortening until the mix is consistency of cornmeal. A note of caution; don't over mix; the particles of fat should be granular and not mixed so much that ingredients will stick together.

Three cups of mix to which 2/3 to one cup milk has been added will make 18 medium sized biscuits. If convenience and speed are important why not store the mix in plastic bags according to the needs of the family? It is very easy to dump two cups, already measured, into a mixed bowl, add milk and stir a few times, use spoon and scraper and end up with a pan of drop biscuits. To explain a little more clearly, this is the recipe for

Biscuits
3 cups master mix
2/3 to 3/4 cup milk.

Add milk to mix all at once, stirring 25 strokes. Knead 15 to 18 times on lightly floured board. Roll 1/2 inch thick. Cut. May be round or in squares. Bake on sheet at 450 F. 10 to 12 minutes. Makes 18 biscuits 2 inches in diameter.

Muffins
3 cups master mix
2 tablespoons sugar
1 cup milk
1 egg.

Add sugar to mix. Combine milk and beaten egg. To do this easily I pour a pint jar half full of milk and add the egg. Shake the two together; this saves washing an egg beater and an extra bowl.

Add milk-egg mixture to mix. Stir until flour is just moistened. Bake in greased muffin pans at 425 degrees F. about 18-20 minutes. Makes 12 medium sized muffins.

Quick Pizza
3 cups master mix
2/3 to 3/4 cup water.

Mix same as for biscuits. Roll dough to 1/4 inch thick to fit pans. This amount will fit two 9-inch pie pans if you don't have a pizza pan. A cookie sheet may be used. Square cuts of pizza taste exactly as pie wedge shaped pieces.

Filling. Lightly brown 1 pound pork sausage. Add salt, pepper, smidgen (a very little bit) garlic salt and about a quarter teaspoon thyme. (Pronounced time.) Drain fat from sausage.

One number two can solid pack tomatoes, drained and sliced. Mozzarella cheese, 1/2 of a pre-weighted and wrapped package. (Check paper between slices.)

Cover pans with dough. Cover dough with sausage. Add tomatoes, salted to taste. Cover tomatoes with cheese slices. Bake at 425 F. for 15 to 18 minutes. Serve hot. If you are going to have just pizza and a salad for supper maybe you had better make another one.

Next week we will continue with the mix story and give recipes for onion crisps and orange-date rolls.

Don't miss them.

A couple or three things I have heard or read lately which I remember—

"One cannot practice mediocrity and come out with excellence." — Myrtle Garrett, negro specialist for Extension Service at the Fredericksburg agents meeting.

"With each right of the individual comes a responsibility. I wish some morning I could read of some group demonstrating for their responsibilities."

I don't know who said it. "Virtually every man" believes that a woman's place is in the home. And he wants her to go there right after work." Nor who said this funny one.

Miss Applewhite To Be Honored Here Saturday

A Gift Coffee honoring Miss Jill Applewhite, bride-elect of Richard Preston II, is set for this Saturday morning in the home of Mrs. Thomas Richard Jones. Calling hours will be from 10:00 to 11:00.

Hostesses will be Mmes. E. C. Peters, C. J. Niblett, Joe Kreklow, Billy McCravy, Hollis McCormick, Glenn Parker, Richard Jones, Jas. Page, and Robert Bradley.

HERE FOR WEDDING

Week end visitors here with Jack Etheredge and family of Dallas, Mrs. W. G. Blackmon, Victoria, Tex.; Mr. and Mrs. Doyle Blackmon of Victoria, Mr. and Mrs. Bobby Blackmon, Victoria; and Mr. and Mrs. Milton Doyle of Roby.

All attended the wedding of Joan Doyle, and visited relatives.

Shower To Honor Mrs. Jodie Wagley

A Gift Coffee will honor Mrs. Joe Roy Wagley, a recent bride, this Saturday morning, Sept. 27, in the home of Mrs. N. G. Hodges. Calling hours will be from 10:30 to 11:30 a.m.

Co-hostesses with Mrs. Hodges will be Mmes. Sam Henderson, B. F. Harkey, Lucille Jackson, L. D. Mund, Pat Finley, Clay Porter, Laura Baker, Lum Burk, and Palmer West.

OFF FOR ILLINOIS

Mr. and Mrs. George Long left out Saturday morning with their camper for a three weeks vacation which will take them to points in Illinois. Their ultimate destination will be Barry, Illinois, where they will visit in the home of his sister, Mrs. Robert H. Byler.

YARD SALE: New hand-made stuffed animals. Ideal for children and gifts. Adult and children's clothing; odds and ends. Friday, Sept. 26, First Assembly of God church, Menard highway. 1*

Notice

In order to maintain the dental health needs of Sonora and Eldorado, I have now employed an associate dentist to aid in caring for the patients of Eldorado.

Due to his Air Force commitment he will maintain as regular hours as possible, these hours being Thursday, 1:00 to 6:00 p.m., and Saturday, 9:00 a.m. to 6:00 p.m.

I will oversee all work performed and will remain on the hospital staff. I will continue to perform our hospital surgery at scheduled times. I will periodically be in the Eldorado office on Wednesday afternoons.

Any emergencies arising when there is no dentist at the hospital may call our Sonora office.

Sincerely,
Ron Williamson, D.D.S.

In Those Days

Compiled From Success Files

ONE YEAR AGO

Sept. 26, 1968—Don McCormick resigned as manager of the Southwest Texas Electric Co-op and was succeeded by Elton McGinness.

Deaths reported: Mrs. Jerry Clay Burleson, 20; and Chester Winans, age 82.

Mrs. Vallie Sheppard also died at the age of 81 in San Angelo.

FIVE YEARS AGO

Sept. 24, 1964—James Williams was chairman of a fund drive coming up for the Concho Valley Council, Boy Scouts of America.

A daughter was born to Mr. and Mrs. Bob Reynolds and a daughter was also born to Lt. and Mrs. W. H. Harrison Jr.

Gerald Hartgraves sold three registered Angus cows to Diamond N Ranch at Blue Ridge, Texas.

The Young Homemakers H. D. Club met and Mrs. Jimmy Doyle was re-elected president.

Mrs. Truett Stanford, Mrs. Jimmy Doyle and Miss Connie Spence returned from the State Home Demonstration Convention in Houston.

12 YEARS AGO

Sept. 26, 1957—The Rev. Douglas C. DuBose accepted the call to serve the First Baptist church here as pastor. He was to move here with his family from Johnson City.

Lige W. Chrestman retired from Republic Pipe Line Co.

Promoters were trying to organize a Chamber of Commerce for the Eldorado area.

Asiatic flu was reported prevalent over the country, and doses of special vaccine were to be made available.

35 YEARS AGO

Sept. 28, 1934—A commission appointed by the Brownwood Presbytery was to formally install N. P. Wilkinson as pastor of the Eldorado church.

Miss Gussie Nolen died in a San Angelo hospital. Others reported in hospitals were Mrs. Bertie Needham, Mrs. Fred Bruton, Mrs. Fred Mathews, and Preston Bailey.

Mrs. A. D. Richey left for Olney, Illinois, upon being notified of the death of her brother, Charles Beard.

Ben Hext reported that the local cannery had put out 13,500 cans during the current season.

Orville Taylor Conner, young son of Mr. and Mrs. J. R. Conner, was painfully burned when he fell into a fire around a washtub at the home of Robert Isaacs. Dr. Pennington reported that the burns were painful but not serious.

Rev. A. J. Quinn of Carlton accepted the call to serve the local First Baptist church as pastor.

Miss Lucile Davis and W. C. Doyle were married Sept. 23rd.

On Sept. 21st a boy was born to Mr. and Mrs. Fred Gillaspay.

Miss Ilah Manchester was to conduct a cooking school here Oct. 4 and 5 for West Texas Utilities.

Band Aides Meet

The band booster club met Monday night, Sept. 15, for the first meeting of the year. The following slate of officers were elected to serve for the 69-70 year: Mr. and Mrs. Bob Bland, president; Mr. and Mrs. Jerroll Sanders, vice president; Mr. and Mrs. Harry Mercer, secretary-publicity-reporting; and Mrs. Billy McCravey re-elected treasurer.

The Band Aides work for band and several items were discussed, including District Band Meet to be hosted by the Eldorado Band this year on Nov. 8th with Mr. McDonald in charge.

The membership drive for Band Aides is under way. Mrs. Sanders reports that membership cards are now ready. You who have already paid will receive yours soon; those who haven't, are urged to contact Mrs. Sanders (853-2389) or Mrs. McCravey and pay your membership dues.

Mr. and Mrs. John Gilmore were weekend visitors in Van Horn, where they were guests in the home of their nephew, Harold Coulter and family. They report that the boom in that West Texas city continues undiminished.

Community Calendar

Sept. 27, Saturday. Gift Coffee honoring Mrs. Joe Roy Wagley, 10:30 to 11:30 a.m., in the home of Mrs. N. G. Hodges.

Sept. 27, Saturday. Gift Coffee honoring Miss Jill Applewhite, bride-elect of Richard Preston II, 10:00 to 11:00 a.m., in the home of Mrs. Thomas Richard Jones.

Sept. 30, Tuesday. Hospital Auxiliary meets 1:30 p.m. in hospital dining room.

Oct. 1, Wednesday. Lions Club meets 12:05. Memorial Building.

Oct. 2, Thursday. Am. Legion.

Oct. 5-12. Revival at First Baptist Church.

Oct. 8, Wed. Senior Citizens party 2:30 p.m. at Memorial Bldg.

SUCCESS OFFICE

Hilary Doran Named To Tex. Legislative Council

Austin, Tex.—Speaker Gus Mutscher today announced appointment of Representative Hilary B. Doran, Jr., of D1 Rio to the Texas Legislative Council.

The Legislative Council is a permanent legislative service agency with a full-time professional staff, which conducts studies requested by legislative resolution and other sources, provides bill-drafting services during sessions, is charged with the statutory revision function and staffs many of the special interim committees created by the Legislature. Members of the Council, who determine policy and direct the work of this important agency, are appointed by the presiding officers of the two Houses.

The Speaker of the House of Representatives serves as vice chairman of the Council.

Representative Doran is serving his second term as a member of the House of Representatives, and his 65th District, including the counties of Concho, Crockett, Edwards, Kinney, Maverick, Menard, Schleicher, Sutton, and Val Verde, is one of the largest legislative districts in area in the state. He has served on a number of important House committees and is currently a member of House standing committees on Appropriations, Congressional and Legislative Districts, Constitutional Amendments, Livestock, and Rules.

In announcing Doran's appointment, Speaker Mutscher said: "This young legislative leader brings enthusiasm and capability to the Council, and he will be a real asset to the work of this important legislative service agency."

TOM CARROLLS HERE

Mr. and Mrs. Tom Carroll of San Antonio are having a two weeks vacation from their duties there, and are spending it in Eldorado, where they are remodeling and refurbishing the old Parent house which they now own.

On their way here they stopped and visited with kinfolks in Brady and report that Mr. and Mrs. Vernon Carroll are doing well, but that they are both lonesome for Eldorado.

Highlights and Sideliqhts FROM YOUR STATE CAPITAL

Austin, Tex.—Gov. Preston Smith has signed into law a \$5.3 billion 1970-71 state budget. This was after vetoing \$4.4 million in miscellaneous spending items. Yet the expenditure set an all-time record. Earlier, Smith approved a new record \$348.6 million tax bill which takes effect Oct. 1. (In addition to state revenue, cities will get an estimated \$6 million a year due to extension of the sales tax to beer and liquor. Sales tax rate goes up from 3 to 3.25 per cent).

Smith also signed other acts of the special session, including legislation creating 28 new Texas district courts. He will name all judges to serve until the next general election. This may be the largest single amount of judicial patronage assigned a Texas governor at one time in state history.

Tax bill as passed by the Legislature provided plenty of revenue to fill the state's needs, but Smith said his vetoes are "justified for the sake of economy perhaps more than for anything else." Many of the items, he noted, were not part of the original House or Senate appropriations acts, and some were not even requested by agencies.

Governor Smith vetoed the following items as now "unjustified or non-essential": Construction funds totaling \$2.9 million for the Dallas Neuropsychiatric Institute; \$282,717 for the Department of Public Safety sub-district headquarters in McAllen; \$250,000 for the Junction adjunct of Texas A&M; \$160,000 for Texas Maritime Academy Pelican Island Development.

Also an appropriation of \$225,000 for contracts of private lawyers to assist the Attorney General in tort claims cases in 1971; \$172,000 for park land acquisition in Hardeman and/or Motley counties; \$207,500 for acquiring land and development of Port Lavaca Causeway State Park; \$50,000 for drilling a water well at Lyndon B. Johnson State Park in Gillespie County; \$25,000 for Longhorn Cavern State Park; \$29,000 for completion of a master plan for the Red River Authority; \$60,000 for a fish raising facility at Stephen F. Austin College at Nacogdoches, and \$65,000 for environmental pollution control studies at Prairie View Agricultural and Mechanical College.

Barnes For S-nate?

Is Lt. Gov. Ben Barnes, 31, about

to become a candidate for the U. S. Senate against Sen. Ralph W. Yarborough, 66?

Nobody can truthfully claim to know the answer to that, including Barnes himself, who says he has not yet made up his mind.

Yet, Governor Smith opened up new speculation on the subject during the recent Southern Governors' Conference in Williamsburg, Va.

Asked by reporters if he thinks Barnes could beat Yarborough, Smith said he believes that is possible—depending on the kind of races run by each, their financial resources and a lot of imponderables.

Smith didn't claim to know, but the fact he was willing to discuss the prospective race at all was an indicator of the widespread circulation of the Barnes-Yarborough contest rumor.

Smith also told newsmen he feels Yarborough is in the best political position he has enjoyed since he went to Washington more than a decade ago.

Smith will, he emphasized, take no hand in the Senate race no matter who the candidates are.

Appointments Announced

Major and minor appointments came thick and fast during the last week.

Veteran State Securities Commissioner William M. King resigned his post to enter private banking here, and his longtime deputy, Truman G. Holladay, was named to succeed him.

Former State Sen. Dorsey B. Hardeman of San Angelo was selected executive director of the Texas Water Rights Commission, succeeding Frank Booth who resigned to enter private law practice.

Sen. Criss Cole of Houston was sworn in as president pro tempore of the Texas Senate on September 22nd.

Smith named a nine member board of regents for East Texas State University. They include Houston H. Harte of San Antonio, Raymond Middleton Holliday of Houston, Joseph Zeppa of Tyler, William Garland Button of Dallas, Cam F. Dowell Jr. of Dallas, Joel Thomas Williams Jr. of Dallas, Leon Jackson Coker Jr. of Texarkana, Thomas Brazzelton Steely of Paris and Luther Preston Johnston of Lubbock.

Smith placed on the new State Board of Landscape Architects Robert Hall Green of Houston, Otto Erwin Scherz of San Angelo and Leonard Morrison Riggs of Longview.

He named Gerald Hicks Smith of Houston and James L. Lindsey of College Station to the State Finance Commission and reappointed Rex G. Barker Jr. of Houston to the Commission's banking section.

Buster Eugene French of Dayton was named to the board of directors of the Coastal Industrial Water Authority. Smith renamed John Glenn Jennings of Baytown and Robert Clayton Lanier of Houston to same agency. Malcolm J. Henley of Lindale was placed on the Sabine River Authority board of directors and Tom R. Pegues of Mineola and Charles T. Wickersham of Orange were reappointed to the Sabine Authority.

Perl E. Godfrey of Fort Worth, Davie James Lawson of Dallas and Gus S. Wortham of Houston were assigned by Smith to six-year terms on the board of regents of North Texas State University.

Smith selected Mrs. Elaine Byron Cominsky of Pasadena and Mrs. Helen Ruth Cox of Lubbock for the board of nurse examiners. He appointed Roy Lee Fowler of Austin to the board of barber examiners.

Dr. Stewart Wolf will head the marine biomedical institute at Galveston. Mrs. Marie Schulz has been named program director of the library systems act for the state library. Eleven new Texas Rangers were designated by the Department of Public Safety.

Lease Sales Set

A total of 338 tracts of University of Texas lands (11,812 acres) in West Texas will be placed on lease auction, December 16. On November 4, some 768 tracts totaling 496,871 acres will be offered in a school land sale.

Land Commissioner Jerry Sadler said 125 tracts of university land in Hudspeth county will be offered at bonuses of not less than \$1,000 per half section and at annual lease rentals of \$1.50 an acre. This was reduced from former requirements of \$5,000 per quarter section and \$1 per acre. Former requirements will govern other tract leases.

In school land sale, 37 tracts in El Paso county had acceptable bonuses reduced to \$5 an acre and annual rental to \$2. Other upland and riverbed tracts will command a \$20 per acre bonus and \$5 per acre annual rental. Those lying under bays, inlets and Gulf of Mexico lands will go at \$25 an acre and a \$5 per acre annual rental. Most of school land is in Gulf Coast submerged areas.

Attorney General Speaks

University of Texas cannot strip Dr. James McCrocklin, former Southwest Texas State University president, of his Ph. D. degree, and court action would be necessary to annul it, Atty. Gen. Crawford Mar-

tin said.

In other recent opinions, Martin concluded that:

—Commercial feeding lots "finishing out" cattle for market must provide county tax collector a list showing the numbers of cattle they need for each owner, on Jan. 1.

—New type liquor wholesalers permit does not discriminate against other permit holders, and is constitutional.

—Harris County commissioners may grant the county sheriff and DPS officers have, to remove vehicles from county roads.

—Depository interest earned on special constitutional funds or federal trust funds created for specific purposes should be deposited to the credit of those specific funds rather than the general revenue fund.

—Employees of the House and Senate are not part of the class of elected officials for purposes of membership in the state employees retirement system. Therefore, they are not eligible to make contributions or receive benefits as elected personnel. Only officers of the two houses who are required to take the constitutional oath of office, can be so considered.

School Districts Warned

More than a dozen Texas school districts have drawn warning of deficiencies from the State Board of Education.

Crosby Independent School District lost its accreditation but can regain it when it meets state requirements.

Alpine received final warnings it may lose accreditation if conditions are not approved.

Also warned were Antelope, Bertram, Bridgeport, Calvert, Hemp-hill, Masonic Home, Pewitt, Rains, Elizario, Spur, Timpson and Little Elm.

State Board decided to permit 16-year-olds to enroll in adult basic education programs. New department of special education and special schools organization was approved.

Short Snorts...

Governor Smith and Senator Yarborough are united in defense of tax exempt status for state and local bonds.

Liquor Control Board will make new rules covering collection of taxes on mixed drink (in private club) before the levy goes into effect October 1.

Many Texas nursing homes are withdrawing from medicare program because of government red tape, according to an association spokesman.

Law enforcement leaders have scheduled meeting here for Sept. 27-28 for the 19th annual attorney general's law enforcement conference.

TPS is actively recruiting men (ages 20-35) for Texas Highway Patrol training.

A last-minute item in the appropriations bill was a \$100,000 allotment to the Texas Water Quality Board to contract with the Sabine River Authority for a study of pollution in the Sabine.

This Can Can Dancer is no doll to play with. But, mounted on a board, she'll get attention.

Materials: One Canada Dry can. Styrofoam ball for head. Piece of red cloth for mouth, buttons for eyes and yarn for hair. One large wooden spool from thread for neck. Two 9 in. lengths of syringe tubing. Two quarter-inch dowels, each 9 in. long. Bonding glue. Pink spray paint.

Turn can upside down (Fig. 1). Make holes for arms 3/4 in. from rim. Pouring slot will be used for one leg. Make hole for the other leg alongside, near rim.

Insert rubber tube (A) through arm holes (Fig. 2). Cut fingers.

Cut second piece of rubber tube in two. Place over dowels (B). Insert dowels into leg holes as shown in Fig. 3. Leave 3/4 in. piece of tubing overlapping end of each dowel for feet. Press dowels down on nails taped up through board stand. Cut toes in tube ends, glue and tack down to board (Fig. 4). Glue spool in place for neck. (Fig. 5). Glue head on neck.

Spray paint entire doll. Glue woven strands of yarn for hair. Add features. Glue cloth to can for blouse. Put on skirt with yarn waist band.

Telephone Directory Goes To Press Soon

The 1969 edition of the Eldorado alphabetical telephone directory is about ready to go to press.

Jack Goss, division manager, said the last day for taking listings in the 1969 directory will be Oct. 17. "Those people in Eldorado who would like a new listing in the directory, an additional listing or a change in their present listing should get in touch with the telephone company business office as quickly as possible," he emphasized.

Goss also noted that this directory will be for a 15-month period rather than the usual 12-month period.

"Due to a change in directory scheduling," Goss said, "the next Eldorado directory will be issued in March, 1971, and each 12 months thereafter."

Womans Club Meets

The Eldorado Woman's Club re-assembled Tuesday morning at the home of Mrs. Robert Page, with 15 members and two guests present. Guests were Mrs. Jim O'Harrow and Mrs. Mary Oglesby.

Mrs. M. H. Woodward gave the president's greeting, emphasizing the changes made in 50 years, in the world as well as the club, which this next year will be celebrating its 50th anniversary. Mrs. Vernon Rogers presented the year-books which are gold covered this year in honor of the anniversary. Mrs. Edwin Jackson gave a paper on "Reflections of the Past."

The club will be having a bake sale Oct. 10 in the old Enco building at 9:30 a.m.

The District Board Meeting will be Oct. 17 in Ballinger.

School News

Thursday, the Jr. High team will play in Menard at 6:00 p.m. The Jr. High pep rally will be at 11:40 a.m.

Friday, the high school varsity team will play in Robert Lee at 8:00 p.m. The pep rally will be at 2:20 p.m.

Mr. Wayne McDonald, Eagle Band Director, has been in Amarillo since Sunday where his father was to have surgery Tuesday morning. No report on the condition of the patient had been received as this paper went to press.

With Men In Service

ARTHUR ESTRADA

Sp/4 Arthur C. Estrada is now serving his tour of duty in Viet Nam with the U. S. Army. He is attached to HHS Btry 1st Bn 77th Arty. 1st Cavalry Division (AM). Arthur is the grandson of Mrs. Mercedes J. Peña, and son of Mr. and Mrs. William Estrada of San Diego, California.

ROBERT ESTRADA

Army Sp/4 Robert N. Estrada, now stationed in Ft. Bragg, North Carolina, returned from tour of duty in Viet Nam in January, 1969. While in Viet Nam he served with the 1st Brigade of the 101st Airborne Division. He was awarded the Medal for Meritorious Achievement during combat. Also he received the Bronze Medal for outstanding achievement. Robert is the grandson of Mrs. Mercedes J. Peña and the late Mr. Paul Peña, and son of William Estrada of San Diego, Calif.

Balance livestock with the amount of good grass in the pasture. If this isn't done you will have more bad plants than good plants for your livestock to graze.

Range Conditions

Bill Rountree, District Conservationist, writes this week that:

The state of health or productivity of a range is known as range condition. The steps or stages in the up-building of ranges are known in practical management as range condition class—poor, fair, good, and excellent.

Following good rains the rangelands turn green, plants begin to grow and different ones are heard to say, "The country looks better than I have ever seen it." What do they mean? Perhaps from a vegetative growth standpoint this is true, but composition wise our ranges are not in near the condition they were some 60 or 70 years ago when our forefathers first came to this country. From study and observation one can easily see that down through the years our ranges have declined considerably. A decline in the stand is often difficult to recognize and the significance of the decline is even harder to realize.

Due to overstocking, drought, and in some cases improper grazing distribution, a large per cent of our rangeland in the Eldorado-Divide Soil and Water Conservation District has declined to the point that it is only in a poor to fair condition, having taken this long to reduce these ranges to this condition class. One or two good rains is not going to increase choice varieties of fuel plants to the extent that the range condition will move back up to good and excellent condition.

In excellent or climax condition our ranges had many more good plants than bad plants. After being used for some 60 to 70 years the reverse is true. We now have more bad and undesirable plants than we have good plants.

Checking the increase of these undesirable plants offers farmers and ranchers a major opportunity to conserve soil and water and to increase forage production. On ranges where dense stands of useless plants are growing, more water is being used to grow a pound of dry leaves than it would on the better higher producing grasses. Grazing lands covered with woody plants, less palatable perennial grasses, weeds and shrubs grow less forage, and of poorer quality, than the same acreage can yield in vigorous grass.

Where ranges have declined and they have been invaded by these poor and undesirable plants, the loss of forage production has been astonishing. It is significant that the ranges which have lost well over half of their better grasses are in the areas where the major brush and undesirable plants exist.

Our ranges can be brought back to the higher condition classes, but rainfall and improved weather conditions alone will not do the job. The amount of rainfall received can help speed up the improved condition class of our ranges only after we have controlled brush

on the rangeland, cross fenced in some cases, provided adequate water, deferred rangeland to let the better plants make seed, and properly use the range.

The range condition of an area of land within a range site is determined by comparing present vegetation with the vegetation that originally grew on the site. The purpose of determining range condition is to provide a measure of changes that have taken place in the plant cover and thereby determine a basis for predicting the nature and direction of plant changes to be expected from good range management practices.

Technicians of the Soil Conservation Service assisting the District will be glad to work with producers and help them determine the conditions of their rangeland.

New Ramblers For '70 Now Being Shown

Earl Parker, Rambler dealer for this area, invites everyone in today—Thursday the 25th—to see the new 1970 models which are now going on sale. Refreshments are being served all day.

Detroit, Mich.—Five lines of '70 cars, led by the all-new compact Hornet, were announced today by American Motors Corporation.

In addition to the 108-inch wheel-base Hornet, offered in both two and four-door sedans, the American Motors lineup includes seven Ambassador models, six Rebel models, two Javelin models and the AMX sports car.

"The new Hornet will strengthen American Motors' position in the market," William S. Pickett, vice-president of sales said. "This trim new car offers a wide range of power and luxury options. It is available with a six-cylinder engine or a V-8. Highly economic in its basic form, the Hornet can be dressed up for sporty appeal or pepped up for the performance-minded buyer."

Pickett said all AM lines for 1970 are concentrated in an area of the U. S. market that continues to show the fastest growth.

"Ambassador, which continues as the only full U. S. car line with air conditioning standard, fills the gap between standard-size cars and intermediates," he said. "Rebel is our versatile intermediate. Javelin and AMX are sporty cars."

All American Motors cars for 1970 incorporate significant engineering advances for improved performance, handling, convenience and safety, including a new twin-ball-joint front suspension and a new anti-theft lockable steering column.

The new front suspension provides smooth friction-free action and improves turning stability. It also reduces effort with manual steering, makes for a quieter ride, and minimizes nose-down tendency when braking, Pickett said.

With the new anti-theft system, ignition, steering wheel and transmission are locked simultaneously. A built-in safeguard warns the driver to remove the ignition key as he leaves the car. Opening the driver's door activates a buzzer when the key is left in the ignition.

A low fuel warning light which warns the driver when the gasoline level drops to about two gallons is standard on Ambassador SST models and is included in optional light groups for all other models. A "rim-blow" sports steering wheel is a new standard feature on AMX and Javelin SST

models, and is optional on all Ambassadors and Hornet and Rebel SST's. The horn blows by squeezing any part of the rim. An improved energy-absorbing steering column and new two-spoke steering wheels are standard

throughout the 1970 American Motors lines.

Javelin and AMX models feature an industry first—a new safety windshield which reduces the possibility of facial injuries in accidents.

The "America the Beautiful" Paint Sale.
"America the Beautiful" On sale now in gallon cans.

Polystyrene
 Top quality latex paint.
 Covers wood, brick and masonry.

Wash 'N Wear
 Great washable protection for interior wood, masonry, plaster.

Starting today, you can see our little rich car, the Hornet, and all our other cars for 1970.

From \$1,994* to \$3,589*

The Hornet is the first car in America designed to prove that the word *small* doesn't automatically mean *cheap*.

It offers more unbridled luxury than any other car of its type.

But it doesn't stop there.

It offers you the luxury of spending more... on power steering, power brakes, individual reclining seats, custom upholstery, a 304 cubic inch V-8 engine, vinyl roof, air-conditioning and more.

Depending on just how rich you want to get. See all of our 1970 cars including the luxurious Ambassador, the sporty Javelin and AMX, and Rebel—our intermediate that lists for less than many compacts.

1. Based on manufacturer's suggested retail price for Hornet 2-Door sedan. Federal taxes included. State and local taxes, if any, destination charges and options excluded.
 2. Based on manufacturer's suggested retail price for Hornet SST 4-Door sedan (\$3634 in California) including 304 V-8, auto. trans., power brakes and steering, air conditioning, push button radio, vinyl roof, tinted glass, 13.70 reclining tires, twin-axle differential, handling package, decor, visibility, insulation and light groups, side scuff molding, sports steering wheel, bumper guards, 70 amp battery. Federal taxes included. State and local taxes, if any, destination charges excluded.
