69TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS, (76936)

Thursday, October 8, 1970

Number 41

Absentee Voting To Start October 14th

Wednesday, Oct. 14 to Friday, Oct. 30, inclusive, is the period for absentee voting by personal appearance in the Nov. 3 general election.

Any qualified voter in Texas who expects to be absent from the county of his residence on Nov. 3 may cast an absentee ballot. To do so, he should take his voter's registration certificate to the county clerk's office during its hours of operation in the Oct. 14 to Oct. 30 period.

Students and servicemen may request ballots by mail.

In addition to state, district and local races, the Nov. 3 ballot will include 7 proposed amendments to the Texas Constitution.

By subject, the proposed amendments relate to: (1) censure and removal of judges; (2) authority for mixed beverage law; (3) assessment of farm, ranch and forest lands; (4) reconstitute State Building Commission; (5) county road bonds and assessed valuation; (6) increase value of homestead exemption from forced sale; and (7) authority to consolidate functions of government.

Texas has a record 4,150,645 registered voters this year. Normally, absentee voting accounts for approximately 5% of the total vote turnout.

Ballots Being Prepared

The Success printers are already at work on the General Election ballots, and expect to have them printed and ready for delivery to the County Clerk's office by next week.

The new ballot quantities will reflect the re-districting done some time ago whereby each of the four precincts of the county has approximately the same number of voters and corners in Eldorado. There will be 400 ballots printed for each of the four boxes, or a total of 1600.

Main interest is expected to center in the higher level races for U. S. Senate, for Governor, and for Congressman.

Ginning Season Gets Under Way

It was about two weeks ago that Mikeska Gin reported the first bale of this year's cotton, and then we heard no more about ginning until Monday of this week.

Late Monday afternoon the throbbing of the big Diesel motor brot a visit to the gin where it was running full blast and the crew was finishing about 35 bales. Among those ginning that day were Earl and Leonard Lloyd, Bob Faught, James Mika and Victor Sauer.

Leonard Lloyd's experience is probably typical of the Reynolds farming area. He said they failed to receive as much rain there as we had in town. He had defoliated some 30 or 40 acres earlier, and then the cold snap, and frost, last Friday and Saturday also helped open the bolls. He had been stripping recently in between rains as weather permitted.

He said if fair weather would set in he would be able to get his entire crop in early. All of his cotton is early and will yield only a modest crop. Others in his neighborhood probably have similar reports. Ello Wilde, for one, is reported to have a good crop.

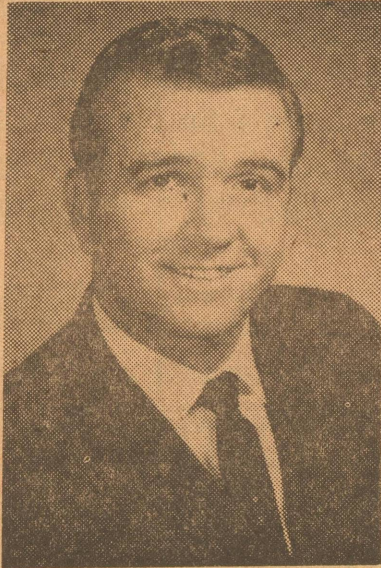

Farmers in general cautiously predict that this year's crop will equal last year's. And that was a modest 2,000 bales.

RETURN FROM INSURANCE MEETING

Mr. and Mrs. Charles Orr departed from here Wednesday, Sept. 30 and drove to Dallas where they joined a group of agents and managers of Mutual of Omaha and United of Omaha. There they boarded a chartered jet airliner and flew to Omaha, Neb., where they attended a celebration of the 50th anniversary, with the companies, of Mr. Ernest Hundahl, division manager of the Southwest division, and also the dedication of the new addition to the home office.

The group remained in Omaha attending company and social functions and sightseeing, until Sunday morning when they again boarded a jet for the return flight to Dallas. A total of 218 employees of the Southwest Division of Mutual of Omaha attended the function.

Joins Faculty Of Local Schools

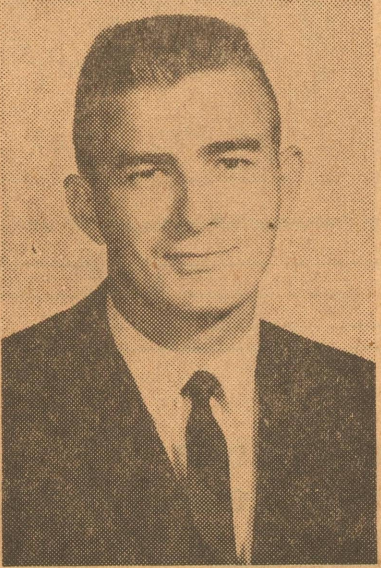

JIM THORNTON

Jim Thornton went to work Monday as teacher in the local school system. He is teaching science and other courses formerly taught by Jack Bell.

Thornton and his family moved here about three years ago at which time he became manager of the Eagle Chevrolet business. Further details on future of that concern are given in Paul Page's ad on page 2 of this Success issue.

Bell Resigns From Local School Faculty

JACK BELL

Resigning his position from the local school faculty recently was Jack Bell.

Mr. Bell has taught social studies and served on the coaching staff, and Mrs. Bell has taught kindergarten, girls' phys. ed., and this year taught one of the 4th grades. They were members of the local faculty for about the past dozen years.

The Bell family have already moved from Eldorado.

Their house in the west part of town has been listed for sale with James Williams Real Estate.

Lions Honor Teachers With Banquet Tuesday

The Lions Club held their ladies' night Tuesday in the Memorial Building at which the teachers and administrators of the local schools were special guests. This has been a traditional event staged each Fall by the club for many years.

Curly Hays of Abilene was speaker for the evening, and was introduced by Phil Olson, master of ceremonies.

Boss Lion L. D. Mund presided. David Lloyd was on hand and was presented the gift of a hat (gift certificate) for bringing in the first bale of cotton.

The door prize was won by Mr. and Mrs. M. H. Woodward and the day was their 28th wedding anniversary.

New Lions recognized were Lions Andrews, Garlington and Homer.

The ladies night took the place of the Wednesday meeting for this week. The club will meet on Oct. 14th at noon.

Club members will start selling bags of trick or treat candy for Halloween in the very near future. Cost will be \$1 a bag and this is one of the Fall money-raising events of the Lions Club.

The R. E. Corbells are back home here after being in New Zealand for a number of months where he was employed.

Antlerless Deer Permits

The Texas Parks and Wildlife department has announced that antlerless deer permits for designated areas of Schleicher County will be issued at the Memorial Building on October 22. Landowners or their agents can apply for permits between 8:00 a.m. and 5:00 p.m. on these dates. All interested landowners or agents are urged to obtain antlerless deer permits during this issuance period.

Maps showing permit issuance rates and compartments of issuance will be posted in the County Court-house prior to the dates of permit issuance.

RECORDS AVAILABLE

Several of the records made by the Eagle Band last Spring are now available to the public. If you would like to buy a record contact Band Director Wayne McDonald. The price is \$4.00. The music recorded is a composi of marches and popular music played by the band, several selections by the stage band, and drum solo by Danny Boyer.

Post Script

The Eldorado Golf Club had another very successful two-day tournament here this past week-end. There were no less than 29 teams; including many out-of-town players taking part in the event. Cars were parked all over the place.

On Saturday evening Kentucky Fried Chicken of San Angelo catered a feed for the crowd in which at least 80 plates were served.

The local golf course is rapidly gaining in popularity and we're already hearing some members wishing it could be enlarged.

The increasing number of electric powered golf carts making appearance has stimulated Weatherly Kinser and Patton Enochs to build "stalls" on their grounds adjacent to the course. Now in process of completion are ten stalls built of steel pipe and corrugated metal. Built by Southwest Fence Co., it will probably be completed within the next week.

—ps—

Horace Linthicum, president of The Eldorado Riding Club, which sponsored the first annual amateur rodeo here some five weeks ago, comes up with a report of receipts and disbursements as follows:

Expenses	
Concession	\$ 269.59
Rodeo	2,026.00
Freight	50.00
Printing	240.00
Total Expense	\$2,585.59

Receipts	
Rodeo	\$ 1,436.77
Concession	519.75
From Ads	655.00
Total Receipts	\$2,611.52
Less Total Expenses	\$2,585.59
Balance	\$ 25.93

—ps—

Mrs. W. G. Godwin was in Tuesday and reported that the next Hospital Auxiliary Flea Market will be held a week from today—on Oct. 15th—from 8:00 to 6:00 at the Woodward building.

Many new items are being gathered for this sale, and everyone is urged to keep the date in mind.

—ps—

With our subscribers: Mr. and Mrs. W. H. (Buster) Hale have moved from here to 2719 Briargrove Lane in San Angelo.

Mrs. L. L. McFall has moved from Mertzon to the Park Plaza Nursing Home at 915 Greenwood in San Angelo.

—ps—

Last week in a brief note in these columns we reported that Ed Meador had lost, and burned, no less than 200 goats that died as a result of a cold, wet norther. We wouldn't make a report of this kind unless it came from what we thought was a reliable source.

This week we received a friendly note from Two-Bits chiding us on our accuracy, saying the figure was 400 dead goats and not 200.

Our justification for the 200 figure was based on a firm statement from no less an authority than the pastor of the Methodist Church, Bobby Palmos, Ed's pastor and mine too.

We are glad to acknowledge this correction for Ed's sake, but it makes us wonder, if we can't quote our pastor's figures, then just who can we quote.

At any rate, we all regret Ed's loss.

Following 17-0 Win Over Iraan Braves Last Friday

Eagles To Go To Junction Friday For Final Non-District Game

Bulletin Board

1. HOW THEY CAME OUT LAST FRIDAY NIGHT:

Ozona 14	Sonora 12
Brady 13	Mason 7
Big Lake 32	Junction 7
Robt. Lee 13	Roscoe 13
Eldorado 17	Iraan 0

2. HOW THEY STAND:

	W	L	T
Sonora	3	1	0
Robt. Lee	2	1	1
Mason	2	2	0
Menard	2	2	0
Bangs	1	3	0
Eldorado	1	3	0

3. WHERE THEY PLAY TOMORROW NIGHT:

Bangs in De Leon
Mason in Goldthwaite
Rocksprings in Menard
Forsan in Robert Lee
Sonora in Rankin
Eldorado in Junction.

Aldai Stevenson's famous quip, "A funny thing happened to me on my way to the White House" might be borrowed and changed to read "A funny thing happened to me on my way to a touchdown" with the spokesman as Keith Williams. He did indeed catch an Archie Nixon aerial, Williams being completely in the clear. The heavy dew and slippery grass conspired against him and he slipped and fell with no Iraan Brave near. This hurt both receiver and passer cruelly because the Eldorado Eagles needed the touchdown. Of course, it is history that they went on to win. But the chances are that Keith will replay this particular "mini-disaster" a number of times in years to come.

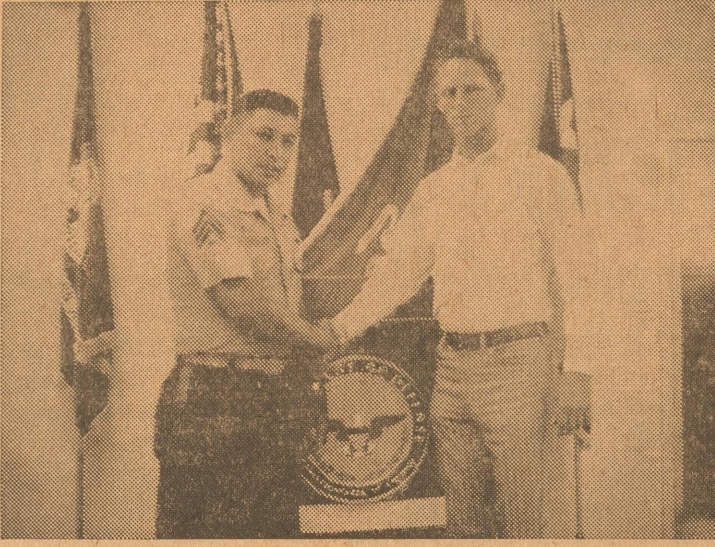

Hospital Directors In Meeting Monday

Schleicher County Hospital District directors met in regular meeting Monday night and transacted routine business including such things as paying bills and taking up necessary minor repairs.

No news is good news as far as the hospital is concerned. It continues to be "full up" and operating smoothly.

The new nursing wing addition has been completed and will be put into use as soon as furniture is installed.

Donnie Overstreet Enlists In Marine Corps

San Antonio, Texas.—Sgt. Rudy Torres, USMC, Area Marine Corps Recruiter, announced the enlistment today of Donnie Fane Overstreet.

Pvt. Donnie Overstreet, former student at Eldorado High School, is the son of Mr. and Mrs. Delbert Dean Overstreet, 405 Mulberry St., Eldorado, Texas.

During Overstreet's high school years, he participated in the following sports: Football, where he played three years and lettered for the Eagle Varsity team. He played two

"Shootout" tomorrow night between the Eldorado Eagles and the Junction Eagles alias the "Junction Cedar Choppers" in the "Old Corral" in Junction marks the end of non-conference football play for 1970, with District 9A. It has been a rough row of stumps for both teams. Each stands one-win-three-losses for the year to date. Another way to say it is that tomorrow night marks the end of the "For fun and experience" phases of the current season. Both teams will play this game furiously. Junction defeated Eldorado 20-12 last year, this game being played in Junction. University Interscholastic League redistricting placed Junction in Class 2A competition and the resulting schedule scramble made it necessary for Eldorado to go back to Junction two years in a row.

The "Cedar Choppers" list 23 men on their roster. This small number should be regarded with some skepticism in view of their reclassification due to greater school enrollment.

Their starting offensive lineup goes as follows:

No.	Name	Pos.	Wt.
87	John Murr	LE	157
65	Rodney Murr	LT	178
67	Billie Williams	LG	146
60	Ted Dutton	C	185
61	Noe Martinez	RG	158
50	Randy Sheppard	RT	174
83	Jim Modgling	RE	145
24	Paul Bierschwale	LHB	166
41	Lewis Allen	RHB	162
42	Charles Allen	QB	191
16	Dicky Oliver	QB	145

At first glance it appears that the Eldorado Eagles will compete weight-wise on terms of near equality; but again, a word of warning is apropos. Many schools regard game programs as propaganda weapons and this school in the past has apparently practiced this

Mrs. Thornton Is 84

Mrs. Mattie Thornton was honored on her 84th birthday Oct. 7 with a surprise party at her home by those living in the Housing Unit.

Fern Parrent furnished refreshments to those attending: Mmes. Mable Davis, Ella Parrent, Ella Curry, Katie King, Jewel Hodges, Besie E. Browne, Carrie Blakeway, and Mr. Jim Taliaferro. —Rep.

SNOW FLAKE BALL ORGANIZATIONAL MEETING

All parents are urged to attend the meeting on Tuesday, October 13 at 7:00 in the Club room of the Memorial building, who have been contacted or who have participated in the past.

This is a private dance given annually for high school and college students. For information call Rose Doyle, 2348.

sort of deception. The cynical "Old Timer" routinely adds 10 to 15 pounds to the published weights. Too frequently, the projected weight is too accurate for comfort.

Offensively, Junction utilizes what coaches call "Dead T" formation which seems remarkably like the "Straight T" to the folks in the stands. They change to "Wing T" by moving either halfback out past the end. A variation of this formation is called "Flanker T" and is effected by changing the position of the other halfback. All three are designed to change blocking angles on defenders, gain advantage in balance, or in increasing the difficulty in pass defense.

Junction also employs the so-called "I" formation but with a very old variation. The halfbacks and full back may line up in "tandem" behind center or even behind the tackles. With all these formations, look for No. 42, Charles Allen at 191 pounds, to be a driving force in Junction offensive efforts.

Defensively, they employ a five-man front with three linebackers, one of whom, No. 41, Lewis Allen, is a sort of free agent commonly called a "Monster." On other occasions and situations, the "Cedar Choppers" shift into a six-man front with an inviting gap between their guards. Of course, this gap is defended by two linebackers possibly a yard or so back. For all practical purposes, this defense operates like an eight-man line.

Meanwhile, the Eldorado Eagles will keep Charles Adams and Jerry Baty at ends with Dobbie Lively and Roy Jones at tackles. Gary Danford and Bob Whitten will man the guard positions while Walter Speck will be called in from tackle to take the place of Jimbo Overstreet and ailing Robert Hibbits at center. Speck at 175 has as counterpart in the Junction lineup, No. 60, Ted Dutton, at 185.

Eldorado halfbacks to start are Keith Williams and Ricky Griffin. Billy Doc Hubble will start at the fullback position; and Eagle Archie Nixon at 145 pounds will be at quarterback.

Game time is 8:00 o'clock. Incidentally, this is the last of the 1970 schedule to start at this hour. Succeeding games will see contests begin at 7:30 p.m.

A sober concluding commentary on the "Cedar Chopper" contest is that Eldorado Eagles and their fans can look forward to a tense, bitterly contested, and probably very rough game.

Grand Jury Returns Seven Indictments

A Schleicher County 51st District Grand Jury at Eldorado Monday returned an indictment on Rumaldo Robledo, charged with assault with intent to murder in connection with an alleged incident involving Juan Gauna Sept. 13.

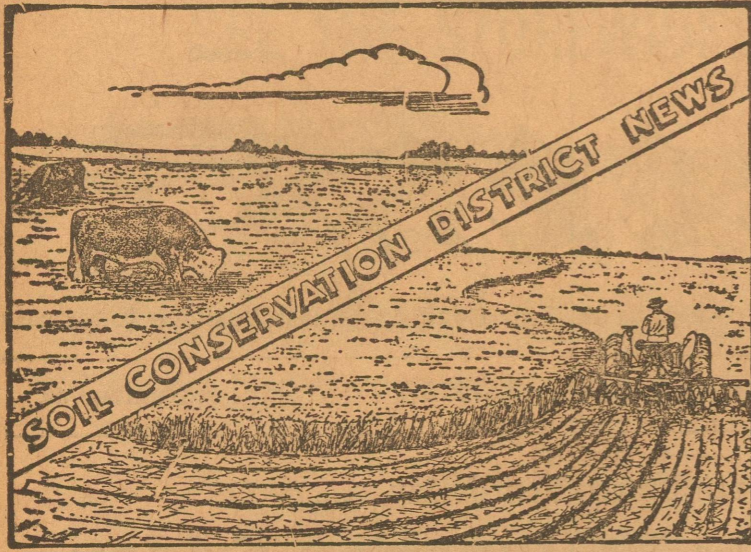

The indictment against Robledo was one of seven indictments returned in seven cases, presented to the grand jury by 51st Dist. Atty. Frank C. Dickey Jr.

Two indictments were returned against J. D. Christopher, charged with two counts of theft over \$50. He was charged in connection with the alleged theft of two 24-inch pipe wrenches, two 36-inch pipe wrenches, three truck tires, three metal wheels and a hammer from Jimmy Tucker on M. 12. He was also charged in connection with the alleged July 21 theft of a set of air slips, two sets of elevators and two elevator hats from Tucker.

Separate indictments on charges of theft over \$50 were returned against Robert R. Raliff and Roby Mae Raliff in connection with the alleged July 21 theft from Tucker. Louis Henry Krueger was reindicted on a charge of theft over \$50 in connection with the alleged Jan. 28 theft of a check valued at \$1,050 from Bertie Faught.

Juan Arispe was indicted on a misdemeanor charge of aggravated assault in connection with an alleged incident on Sept. 13 involving Pedro Torres.

Cases were transferred to County Court. District Judge Mays and District Attorney Dickey were here.

The leveling of 16 acres of irrigated land was checked for completion on Clovis H. Olsak's place three miles southwest of Eldorado, the middle of September. The work was started the middle of August and was delayed a few days by rain received in the area.

The purpose of the land leveling was to alter the topography of the land whereby efficient use of irrigation water can be achieved; to make efficient use of rainfall, prevent erosion and facilitate proper soil and water management.

The field leveling was done on widths of 30 feet. The side fall within each border is one tenth of a foot or less. End fall, in the direction of irrigation is three inches in the total length of each border.

Land leveling eliminates the side movement of water permitting the water to be applied to the same depth across the area being irrigated. This eliminates the waste of

water that occurs when the lower side of each area being watered gets too much water and the upper side doesn't get enough water. With little or no difference in elevations in land leveled fields, water depth will be nearly the same throughout the entire width and length. A more efficient application of irrigation water can be obtained on level land. Also, any rainfall that is received is held and distributed evenly over the field. Thus, better use is made of rainfall.

The time that irrigation water is on an area is known as the opportunity time. To get a given amount of water in the soil, water must be held on the area for the time required to get the water into the soil. Soils that take water slowly and are not level, need more time to apply the water needed to reach field capacity. Most soils in the Eldorado-Divide S. C. D. take water slowly and require a long opportunity time to get the needed water into the soil. Increasing the opportunity time is one of the important factors effected by land leveling, states Lloyd B. Johnson of the Soil Conservation Service.

Managing irrigation water and water received from rainfall whereby it is held and evenly distributed on the land for crop use, attributes to good yields. By applying and maintaining all the needed soil and water conservation practices in conjunction with good farming practices, maximum potential yields can be attained.

Technicians of the Soil Conservation Service assisted Olsak in planning, designing, layout for construction and checking the land leveled field. Cost share assistance was received from the Schleicher County ASCS office.

Rural Housing Loans Aided 21,000 Texans

Austin, Tex.—Rural housing loans made through the Farmers Home Administration during the past fiscal year provided better housing for an estimated 21,000 people in the rural and smaller communities of Texas. The 4,604 loans, totaling \$37,173,160, covered the purchase or improvement of individual family homes, plus \$1,322,910 for rental housing units.

Nearly 650 Texas retail lumber dealers, Farmers Home Administration personnel and other interested parties attended a series of 17 one-day workshops designed to instruct the lumber dealers how to process applications for rural housing loans. Tom Yager, president of the Lumbermen's Association of Texas, stated that the seminars, conducted by FmHA personnel, "were enthusiastically received and proved to be one of the most effective and informative ever scheduled by the association; now interested families may get information and assistance from the local lumber dealer as well as through the county supervisors of the Farmers Home Administration."

FmHA housing loans are available to eligible applicants in rural areas and communities with a population of not more than 5,500. A bill has been introduced in Washington that would increase the size of applicable rural communities from 5,500 to 10,000 population. If passed, many more may be eligible to apply for FmHA loans.

The agency is geared to virtually double its housing services this year with \$1.4 billion authorized nationally to insure home loans for families with low and moderate income, according to J. Lynn Futch the State Director of the Administration. "We expect the sharp upward trend in rural housing to continue," Futch added, "and in the Administration, we fully expect to do our part in bringing rural housing up to modern standards for every family."

New Vehicles

During September, only three new vehicles were registered in Sheriff Orval Edmiston's office:

- Lester Nixon, '70 Chev. pick-up;
- Lois Thompson, Tahlequah, Oklahoma, '70 Olds 2-door coupe;
- Eagle Chevrolet Co., '70 Chev. pick-up demonstrator.

Mrs. Oran Enochs returned home last Thursday, October 1st, after a 9-day stay at Clinic-Hospital where she underwent tests and treatment.

BSP HOLDS MEETING

Beta Sigma Phi sorority held its regular meeting on Sept. 28 at 7:30 in the club room of the Memorial Building.

The Ritual of Jewels ceremony was held for Edith Collins, Flora Hubble, Barbara Nail, Cecilia Zly, and Juanice Orr. The ceremony was conducted by Pres. Ruthie Daey and the ladies were pinned by V. Pres. Anne Doyle.

Speaker for the evening was Mr. Gary Wallace. A very interesting and educational program on "Techniques of Speech" was given by Mr. Wallace.

Refreshments of pumpkin cake and hot chocolate were served by hostess Anne Copeland.

Meeting adjourned with 16 members present. —Rep.

Mr. and Mrs. Jimmy Mercer were home over the week end visiting friends and relatives, and also attended the Eagle-Iraan game. They are both students at Howard Payne College in Brownwood.

Attorney General John Mitchell's first report on Justice Department use of wiretapping reveals that it has been an effective weapon against organized crime.

Altogether, 137 arrests were made from evidence gathered in 31 court-approved wire-taps. In Washington D.C. alone, a wire tap on a narcotic wholesaler picked up 5,594 incriminating calls in 39 days. These resulted in the arrest of 57 people, one of the largest dope-ping roundups on record.

Also in 1969, six wire-taps in Newark collared 55 persons, including many Cosa Nostra leaders. Between 1961 and 1966, the Government's war against organized crime minus wire tapping showed markedly different results: only 185 indictments against Cosa Nostra members during the 5-year period.

Despite the hue and cry protests of a misguided few, wire-tapping has not proven to be an "invasion of privacy" for law abiding citizens. I am pleased to see Attorney General Mitchell and President Nixon being scrupulously careful in applying this most powerful anti-crime tool.

Pd. Pol. Adv., Gill-For-Congress Committee, Dale Dorn, Chmn.)

Letter from Paul Page

In the fall of 1958 Lucy's Father and I bought the Chevrolet dealership in Eldorado, and formed EAGLE CHEVROLET COMPANY. In 1961 we bought the Oldsmobile dealership, combined the two and built our building which now houses our company. A few years later because of an automobile accident, Mr. Huckaby sold his interest to me and moved back to Dallas.

In 1967 Jim Thornton bought into EAGLE CHEVROLET COMPANY and until now has been our PARTNER-MANAGER. Jim has decided he would like to teach school and ranch, and once again I find myself without a manager. Jim has done a fine job for EAGLE CHEVROLET COMPANY and I want to wish Jim the best of everything in his new endeavors.

Because of other interests I do not feel that I can give the time to the automobile business, and I have decided to look for a buyer for EAGLE CHEVROLET COMPANY. I have the hope that a proper buyer will appear, since I feel that this community needs and will support this business.

In order to reduce expenses and to simplify operations, EAGLE CHEVROLET COMPANY will go to a CASH BASIS commencing Monday, October 12, 1970. Because of high interest rates many companies have gone to this method and seem to be obtaining satisfactory results. Our staff will try to make this change as convenient as possible. All customers will pay cash unless your reason for credit is acceptable.

I feel that now is a proper time to publicly thank all the fine people of our community and this area of West Texas for your patronage in the past years, and for your future support and friendship.

Wishing everyone a prosperous decade ahead, I remain

Yours truly,

Paul Page

"Hi, Mom. I was near a phone so I thought I'd call to say hello."

You really don't need a reason to call home. Not when it costs so little. It's especially inexpensive if you can wait for the after-hours rates* After 5 P.M. weekdays and all day Saturday and Sunday.

Your family will appreciate the money you're saving even when you call collect.

**Mrs. Parks Presides At
H. D. Council Meeting**

The Schleicher County H. D. Council met in its regular session Oct. 2 at 2:00 p.m. in the Conference room.

The meeting was called to order by Mrs. W. C. Parks, Jr., chmn. There were seven members and two visitors present.

Officers were elected for the new year, as follows:

Chairman -----Mrs. L. E. Lloyd
Vice Ch. -----Mrs. H. A. Belk
Sec.-Treas. ---Mrs. W. C. Parks, Jr.
THDA Chairman ---Mrs. Jack Wade

Mrs. Margaret Frost gave a report on a workshop that she had attended at Austin. The needs of our senior citizens, who are our very own mothers and dads and loved ones, were presented. Miss Connie Spence is chairman for our senior citizen party, which will be a Christmas party to be announced later.

Mrs. W. C. Parks Jr., Mrs. Bethel Jeffrey, Mrs. Milton Faught, and Mrs. Jack Wade attended the Texas Home Demonstration Association 44th annual convention on Sept. 15-17 at Moody Convention Center in Galveston.

It was the first time any of the group had ever experienced a hurricane. The winds blew 50 to 60 miles per hour, waves were 4 to 5 feet, it rained 5½ to 6 inches of rain in a short time, plus an electrical storm.

Each gave reports on different workshops they had attended. Rep.

**COUNTY AGENT'S
COLUMN**

by *Tiny Godwin*

Schleicher County Agricultural Agent

With the dove hunting season already under way in the North Zone, other opening seasons for other game birds and animals are just around the corner. And already hunting accidents are being reported.

All hunters should become familiar with the ten commandments of safety before starting on the first hunt and make sure they are observed while in the field.

The commandments are: treat every gun with the respect due a loaded gun. This is the cardinal rule of gun safety.

Guns carried into camp or home must always be unloaded, and taken down or have the action open; guns should always be left in their case until reaching the hunting area.

Always be sure that the barrel and action are clear of obstructions.

Carry your gun so that you can control the direction of the muzzle, even if you should stumble. Keep the safety on until you are ready to fire.

Be sure of your target before you pull the trigger.

Never point a gun at anything you do not intend to shoot.

Unattended guns should be left unloaded; guns and ammunition should be stored safely beyond the reach of children and careless adults.

Never climb a tree or through a fence with a loaded gun.

Never shoot at a flat, hard surface or the surface of water.

Do not mix gunpowder and alcohol.

These are simple rules, and are easy to follow. Following them could save your life or that of a hunting companion or even a member of the family.

No good substitute has yet been found for simplicity, frankness, sobriety, industry and sincerity.

Information supplied by some 25,000 Texas farmers and ranchers will become the basis for the official crop production estimates for

each county and the State.

A representative number of farmers and ranchers in Schleicher County will be among the 25,000 in Texas receiving the questionnaire from State Statistician Cary Palmer of the Texas Crop and Livestock Reporting Service in Austin. The questionnaire will be mailed during the last half of October and early November.

Accurate estimates are of great importance to producers in planning their production and marketing, farm program participation and also for providing an unbiased picture of Texas agriculture.

The program of estimates for each county is provided by the Texas Legislature. Since Texas covers such a wide area and with great diversification of production, State totals alone do not provide adequate information on our most basic industry, Agriculture. This is a joint project, between the Texas Department of Agriculture and the Reporting Service of the United States Department of Agriculture.

Because of the importance of the program, every producer is asked in the county who receives a questionnaire to fill it out completely for his farm or ranch and return it to the Austin office.

Found on a college freshman's registration card: "Name of parents Mom and Dad."

Cotton left on the ground, resulting from improper adjustment of picking machinery, can mean the difference between a loss or profit on the crop.

A properly adjusted and operated machine can pick 95% or better of the open bolls, and the machine operator is a mighty important factor in this operation of harvesting cotton.

Approaching the row so the plants enter the center of the picking unit, entering and leaving the row at full speed, staying on the rows during travel and keeping the machine clean are vital factors. One boll missed per plant can result in up to 400 pounds of lost seed cotton per acre.

Adjustment of the machine to fit conditions of the individual field is the responsibility of the operator, and if he knows his job and machine, very little cotton will be left on the ground or plant.

Suggestions for making the machine picking job more efficient and profitable:

Check the machine completely before the harvest and replace worn parts, lubricate it and make needed adjustments. Make adjustments for maximum machine efficiency. Adjust doffer pads for proper spindle clearance. Check pressure plate settings. Adjust stalk lifters. Check for bent spring fingers and for bent grid bars. And finally, lubricate the machine according to the manufacturer's recommendations.

Proper machine adjustment and operation, provided the machine is in first class condition, can put the cotton in the trailer which otherwise will be left on the ground.

If you are going to complain about the way the ball bounces, don't drop it.

Eagles Finally Win A Game With 17-0 Victory Over Iraan

A fanciful summary of the Eagle-Brave football game last Friday night might go something like this: The Iraan Braves came howling into Eldorado with the setting sun to their backs; but the Eldorado Eagles managed to get the women, children, horses, and cattle into the stockade.

Final score was 17-0. Iraan never seriously threatened although the Braves definitely made a game of it. Statistics show that the game was a relatively violent collision with the Eagles having the better of the deal.

Table with 2 columns: Eldorado, Iraan. Rows include First downs, Yards rushing, Yards passing, Total yards, Passes att. & com., Fumbles recovered, Pen. & yds. lost, Punts & av. dis.

Score by quarters— Eldorado 0 14 0 3-17 Iraan 0 0 0 0-0

The first quarter was a see-saw contest with the Eagles making more yardage on the ground. But the turning point came in the second quarter when Eagle blockers gave Billy Doc Hubble a running start, one for a touchdown for seven or eight yards and a second for near 40 yards.

The Braves opened with a dangerous passing attack in the second half but the Eagles made four interceptions to hold Iraan scoreless.

The Eagles threatened much of the last quarter but were not able to cross over. Finally, only 36 seconds before the game ended, Archie Nixon with Keith Williams holding kicked a 25-yard field goal to bring the score to 17-0.

Charles Adams and Dobs Lively broke through to down Iraan QB Randy Burnam and Lively broke through again to down Burnam, this time by himself.

The hard working Eagle line issued Terry Clingan visas for 15 yards travel in Iraan territory on seven carries. Keith Williams ran 69 yards in 10 carries while Billy Doc Hubble carried 24 times for 174 yards in the game.

Archie Nixon had the advantage of improving pass protection and but for a bad break would have fired at least one touchdown pass. He scrambled once for some 55 yards but unfortunately was forced to step just out of bounds near the Iraan 35-yard stripe.

This was a hotly contested football game in which the Eagles demonstrated improvement in almost all departments and incidentally set the stage for another bitter Indian-Eagle contest in Iraan in 1971.

Cancer Unit Meets The Schleicher County Unit Cancer Society met Monday evening, October 5 at the Memorial Building. Mr. Frank Graham, Field Representative of San Angelo, and Mrs. Nicholas, District Representative from Ozona, were present to help with the organization.

Did You Know That—

The first issue of the Eldorado Paper dated December 6, 1901, carried this item: "Eldorado has been established since 1897 and there are as yet only six graves in the cemetery and we understand only four of these died of natural causes."

A. K. Bailey and family passed through town last Monday morning moving to Schleicher county. Quote from San Saba News, late 1901.

Literary Society Program for Friday night, Dec. 13, 1901. Song by the Choir. Reading of the "Bazoo" A. B. Prior, Editor, and Miss Madie Bird assistant.

Recitation, Miss Ella Fields. Music Trio, Miss Janie Cooper, Ollie Alexander and Frank Allison. Select Reading, Miss Carrie Bates. Question for Debate: Resolved that Sam Houston did more for Texas than Stephen F. Austin.

Affirmative: L. H. Brightman, Rex McCormick, and Joseph Elder. Negative: Burgess Weaver, Ollie Alexander, and Pat Elder.

Winners Named In Golf Tournament

Ida Mae Powell and E. H. Utzman of San Angelo Country Club walked away with top honors in the Championship Flight in the couples tournament at the Eldorado Golf Club last week end.

Points were given as follows: 1—Double Boggie 2—Boggie 3—Par 4—Birdie 10—Hole in one.

Championship Flight: Powell-Utzman, 270 points; Hext-Hext, 255; Webster-Webster, 241; Evelyn & R. L. McKinney (Big Lake), 232; Buddy White, Mary Robinson (Eldo.), 227.

Francis Archer-Jane Cavaness, (Sonora), 229; Sam & Edie Conner (SA), 228; Delbert Taylor (Eldo.) - Johnnie Rowoldt (SA), 219; Dub & Martha Black (Sonora), 216; Tiny Godwin-Melissa O'Harrow, (Eldo.), 207.

Second Flight: Ann & Wayne Herrmann (Sonora), 216; Chuck Adams (Eldo.)-Jackie Bivens (SA), 214; Bob Bland (Eldo.)-Margaret Smith (SA), 212; Dick & Dale Preston (Eldo.), 208; Jack & Agnes Hannes (Eldo.), 202; Carl & Wanda Cahill (Sonora), 200; Ralph & Mary Waldron (Eldo.), 197; Jo & Burton Lanehart (Iraan), 195; Ken Rosford (Eldo.)-Vera Miller (SA), 195.

Third Flight: Kathryn & Raymond Covington (SA), 194; Pat and Nell Wester (Eldo.), 191; H. O. Allen-Juanita Tucker (Big Lake), 189; Jim Tucker-Dorothy Allen (Big Lake), 179; W. L. & Eddy Kinser (Eldo.), 177; Ben Hext-Margaret Frost (Eldo.), 134; Raymon Mobley (Eldo.)-Ethel Olson (Sonora), 131.

Elders Back From Train Trip In Old Mexico

Mr. and Mrs. Jack Elder returned last week end from a trip into Old Mexico. They left their car in Presidio and boarded a train in Ojinaga. They had a stop-over in Chihuahua City then went on through the Sierra Madre Mountains to Los Moches.

Highlights of the trip were a visit with Mrs. Pancho Villa in Chihuahua City, the train stop at Copper Canyon, and a long boat ride out of Topolobampo. The food was excellent everywhere they went.

Primitive Bapt. Church Pastor, Carl Watson of Lampasas. Preaching each second Sunday morning at 11:00, and Saturday afternoon before at 4:00, with congregational singing one-half hour before preaching. Services this Sunday, Oct. 11.

Some New Changes In Tax Forms Set

When the mailman brings your income tax Form 1040 early next January, it won't really help any to holler "Why does Internal Revenue keep changing the thing?" The answer on why is actually a simple one. You, the taxpayers, want Congress to change the law to make it more equitable and possibly to ease your personal tax burden just a little.

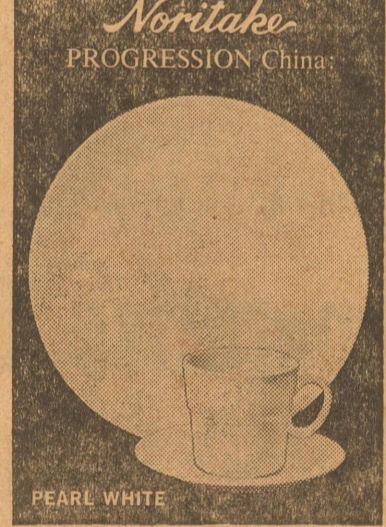

Instead of hollering you might as well start to dig into those fine new tax instructions. Reading the instructions always makes the Form 1040 look a whole lot simpler.

Mr. and Mrs. Buren (Ike) Whitten and sons Trey and Tony, visited Mrs. Buren Whitten Sr., last week. They also visited the John Mormons of Sonora, Mrs. Tommy Whitten and children of Ozona, Mrs. Hermie Davis and children of Big Lake, and Be Meador, Clay and Bertha Meador and Kathie Meador of Eldorado.

Whittens Visit Here Mr. and Mrs. Buren (Ike) Whitten and sons Trey and Tony, visited Mrs. Buren Whitten Sr., last week.

Schooley Selected Booster Of The Week

Clifford Schooley was selected as "Booster-of-the-Week" at the Monday night meeting of the Booster Club. This designation entails his being available at the coming weekend game to assist the coaches in whatever they may ask him to do, and he will ride the bus with the football boys to Junction Friday. To determine who will be given this designation, for out-of-town games one name is drawn each week and two names will be drawn for home games.

Films of the Eldorado-Iraan game were shown to about 30 enthusiastic boosters and after the showing questions were asked and answered.

Reports were asked for and given by chairmen of the various committees and a telephone committee, composed of Mrs. Bill Hubble, Mrs. E. H. Nixon Jr., and Mrs. James Williams, was appointed for next week's meeting.

It was announced that the Booster Club will have the concession stand on October 15th, (Thursday) when a B-Team game has been scheduled with Iraan here. The time for this game is set for 6:30 p.m., so that the Iraan team will not be so late in arriving home. The public is invited to come out and eat supper and attend the game.

Mrs. Clifford Schooley was hostess and served coffee and cookies after the meeting.

Mrs. L. P. Powell Dies

Funeral services were held Monday in Johnson's Funeral Chapel in San Angelo for Mrs. L. P. Powell, 93. Interment was made in Fairmount cemetery.

She was born Aug. 19, 1877 in Tarrant county and had been a resident of San Angelo 33 years. Her husband, the late L. P. Powell, died in 1950. They had ranching and oil interests.

Survivors include a son, Virgil Powell of San Angelo; a daughter, Mrs. H. H. Ball of San Angelo; a sister, Mrs. H. B. Mann of Big Lake; four grandchildren and 11 great-grandchildren.

Pall bearers were James L. Powell of Ft. McKavett; Mort Mertz and Howard Derrick, of Eldorado; Joe Bean of Ozona; and Gregory Powell and Sam Mann, both of Big Lake.

New Babies

Sgt. and Mrs. David Moody are the proud parents of a new baby girl born Friday, Oct. 2nd, at 10:05 p.m., in the Shannon hospital.

The young lady weighed 7 lbs. 7 oz. and has been named Donna Jean. The mother is the former Stella Hubble.

Grandparents are Mr. and Mrs. W. D. Hubble of Eldorado, and Mr. and Mrs. Roy Phillips of Medicine Park, Okla.

Great grandparents are Mr. and Mrs. Farris Sutherland of Bishop, Calif.; Mrs. Effie Hubble of Rock-springs; Mrs. Sally William of Medicine Park, Okla.; Mr. and Mrs. C. C. Moody of Tishomingo, Okla.

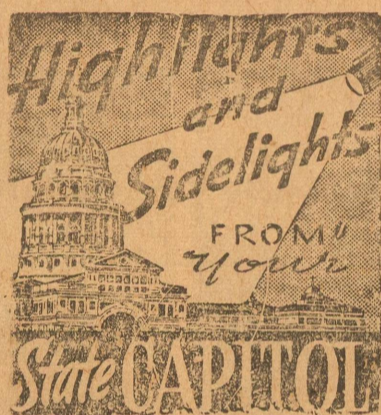

David Moody is in the service and is now in Vietnam, and was to be sent word of his new daughter through the American Red Cross last Saturday.

Mr. and Mrs. Richard Dacy are parents of Waylon Bryan, born October 3, 1970, at 10:40 p.m., in Schleicher County Medical Center. The baby weighed 6 lbs. 3 oz.

Peace Corps Fashion

Colorful tie-dye fashions from Ethiopia are making international fashion news, thanks to Peace Corps Volunteer Stan Provus. Two years ago, Provus organized 16 Ethiopian "street boys" in a cooperative to create the colorful African patterns. The co-op now has 150 members, including 40 lepers, who handmake all its products. The venture has grown from \$100 of borrowed capital to \$400,000 in sales. Provus has found a ready market for the brilliant dashikis and caftans in Israel, Italy and England and more recently in the United States. During a recent visit to Washington, Provus found his fashions popular among girls on the Peace Corps staff — including the pretty models above. Provus says of his unusual Peace Corps project: "How are you going to get food into these people's mouths unless you help them create their own businesses?"

Austin, Tex. — State Health Department's new and unique Drug Abuse Program promises statewide health services that are not now available in dealing with the dope menace.

Program was outlined by a Health Department official at a recent hearing of the House Committee to Study Psychiatric Problems of Youth.

It will be carried out in three steps, offering laboratory services, clinics and an over-view of health factors in the drug area.

Initial action calls for setting up facilities next year in Nueces, Bexar, El Paso, Bowie, Webb and Lubbock counties (serving 1.7 million people). Beginning in 1972, the program will be established statewide. Cost may be three to five million dollars for the second year period, \$1.2 million for the initial pilot program.

Laboratory services will provide surveillance of drug-abuse patients and detect those needing treatment. Department proposes urine tests of patients to determine if illicit drugs still are being used.

Second stage calls for statewide clinics, especially for the median age 19 group, and informational workshops mostly conducted in schools.

Continual study will use computers to correlate facts from a viewpoint of health personnel who deal with the problem daily.

Department believes the program will find these three basic needs not presently available, and without which little chance exists for success in drug abuse control.

Courts Speak

State Supreme Court, following the Fourth Court of Civil Appeals, rejected the plea of La Raza Unida party for mandamus directing that its 15 local candidates be placed on the November 3 ballot in Dimmitt, LaSalle and Zavala counties. Party already has won a place on the ballot in Hidalgo county and will go to federal court to continue its appeal in the other three.

Austin judges refused to lift restrictions against the Alcoholic Beverage Commission's enforcing the stringent guest rule covering private bottle clubs pending clubs' appeal to the U. S. Supreme Court.

Landowners who oppose building a new University of Texas branch at Odessa filed notice of appeal after District Judge Herman Jones of Austin threw out their suit on September 17.

Atty. Gen. Crawford C. Martin sued General Motors, Ford and Chrysler, claiming they conspired to fix prices and eliminate compe-

dition in bids on vehicle purchases for governmental units in Texas.

Martin turned an additional 13,744 to the state in anti-trust recovery from the Brass Mill Tube and Pipe case. Recovery now totals \$111,345.

Pollution Book Released

Attorney General Martin released copies of an 188-page booklet on the principal pollution laws of Texas, for the guidance of local governments.

Booklet contains regulations governing water, air, oil and solid waste pollution, together with "how to do it" suggestions for preparing a pollution suit and exchanging information with state agencies.

Martin said he hopes the publication will provide closer cooperation between local units of government, the attorney general's office, the Texas Water Quality Board and the Texas Air Control Board.

Draft Priority Set

Men whose draft lottery numbers were called by local draft boards in 1970, but who were not ordered for induction, will be the top priority group for calls in the first quarter of 1971.

State Selective Service issued the announcement, as did the White House and national draft headquarters.

First quarter draft calls will go to the carry-overs. If calls do not require all of them, they will be placed in a lower priority. Those whose numbers have not been reached all during the year will be placed in the lower priority group on January 1.

National Selective Service chief said that exposure is limited in keeping with the "12 month draft vulnerability policy."

New Jobs and Awards

Gov. Preston Smith appointed William R. Shaver of Lubbock as district judge of the 140th Judicial District, succeeding Judge Robert H. Bean who resigned.

Burt L. Risley, Texas executive director of the Commission for the Blind, was sworn in as president of the National Council of State Agencies for the Blind.

Harry Bresler, chief of claims for the state comptroller, was named the handicapped state employee of the year.

Secretary of State Martin Dies Jr. will represent Governor Smith at the first international trade seminar in Mexico City, Nov. 2-10.

PWC Row Rages

Chairman Pearce Johnson of the Parks and Wildlife Commission blasted the PWC staff for taking major steps without Commission approval.

Johnson said the department's \$39 million budget recommendations went to the Legislature without Commission approval last year ... and the same thing happened again this year.

Chairman also said that plans for the proposed \$3 million water exchange pass at Mustang Island near Corpus Christi were changed without consulting the Commission. "As long as the staff usurps the powers of the Commission," said

Johnson at an open meeting in the capitol, "I won't be responsible (as chairman)."

Smith Hits Repair Costs
Governor Smith called for legislative study of "excessive" auto repair charges.

He said he supports the Democratic platform planks on insurance which include regulation of holding companies, requiring mandatory pooling for fire and wind-storm protection in areas subject to catastrophe, and consideration of investment income in fixing the auto insurance rate base.

"The public cannot be long protected by regulated insurance rates, if these is no regulation direct or indirect of automobile rates," added the governor.

He also announced his support of group auto insurance coverage.

Dinosaurs "Home"

A symbolic dinosaur family "returned home" amid ceremonies at Dinosaur Valley State Scenic Park in Somervell County.

Governor Smith joined representatives of the Atlantic-Richfield Company, the National Park Service and the Texas Parks and Wildlife Department to formally accept for the park life-size replicas of 70-foot brontosaurus, 50-foot tyrannosaurus rex and two baby brontos with simulated eggs.

Short Shorts ...

House Committee on Charitable Trusts heard criticism aimed at the \$400 million Moody Foundation.

Corpus Christi State School now has resumed partial operation following Hurricane Celia damages.

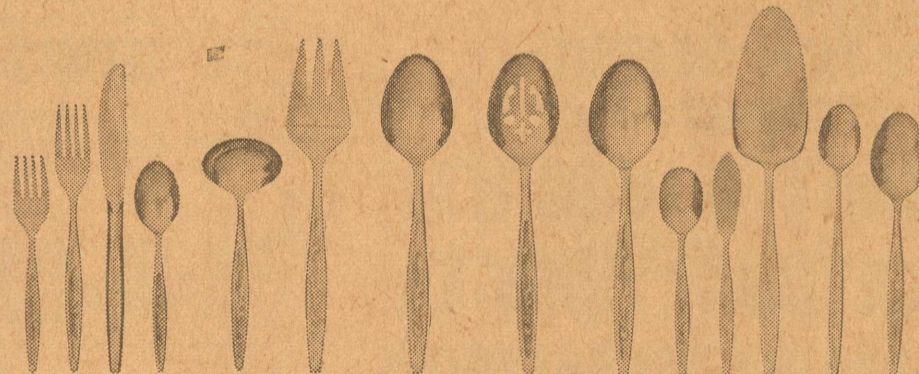

More than 1,000 are expected here on October 13 for the Governor's Conference on Industrial Expansion.

State Democratic Committee, concerned over Republican organization efforts, held an emergency meeting here to map a giant voter registration campaign.

There's no statistical certainty that the worst of the business slowdown is over, reports the University of Texas Bureau of Business Research.

Parks and Wildlife Department reports a good year in prospect for hunters, although the disappointing white-wing dove season in the Rio Grande Valley is history.

Firm Loaf Keeps Well

Snip dates with scissors or chop them with a sharp knife dipped frequently in cold water.

Date and Walnut Loaf

- 2 1/2 cups sifted flour
- 3/4 cup sugar
- 1/2 cup corn starch
- 1 teaspoon salt
- 1/2 cup chopped walnuts
- 1 cup chopped dates
- 2 tablespoons corn oil
- 1 egg
- 2 teaspoons baking soda
- 1 cup boiling water

Grease 1 (9x5x3-inch) loaf pan. Sift flour, sugar, corn starch and salt together. Stir in walnuts and dates until dates are separated and coated. Beat corn oil and egg until blended; stir into dry ingredients. Dissolve baking soda in water; stir into flour mixture. Beat well. Pour into prepared pan. Set in warm place free from draft 10 minutes to rise slightly. Bake in 350 F. (moderate) oven about 1 hour or until cake tester inserted in center comes out clean.
