Number 42

Booster Club To Participate In Christmas Parade

At the Monday night meeting of the Eldorado Booster Club when about 25 members were present it was decided that the club would build and enter a float in the Chamber of Commerce Christmas Parade in December.

Last week's Booster-of-the-Week, Clifford Schooley, felt that more interest and enthusiasm could be shown to our football boys as they depart for games in other towns and the suggestion was made and a committee appointed to contact every business firm and ask that signs be made and displayed evidencing interest in the team for both home and out of town games.

On Friday afternoon a telephone committee will call Booster Club members asking that they be at the front of the gym at 3:45 to see the team off on its trip to Mason. Everyone, not only Booster Club members, is invited to help send our team to Mason with the assurance that it is being solidly backed by everyone.

Jerrold Sanders was selected as Booster-Of-The-Week.

Reports were made by the various committees and a suggestion was made and accepted that the coming football banquet and dance should be semi-formal (coat and tie) affair.

The film of the Eldorado and Junction game was shown and discussed by Coach Sherwood Barker.

Refreshments were served by Mrs. F. M. Bradley. —Rep.

Christmas Parade Plans Being Made

The Schleicher County Chamber of Commerce held its monthly board of directors meeting last Wednesday night.

Plans were begun for the annual Christmas Parade and crowning of Miss Merry Christmas. The parade will be held Monday, Dec. 7th. All clubs are being contacted about entering a float in the parade. If as many as 10 float entries are submitted three prizes will be awarded: \$25 for 1st place, \$15 for 2nd place and \$10 for 3rd. Mrs. Bob Sykes is contacting club members and if your club has been overlooked then call her at 2628.

There will also be two prizes awarded in the children's division. Five dollars will be awarded to the child with the best Christmas costume. All children through the 3rd grade may enter. A new category will be the best decorated bicycle and best dressed cyclist.

Plans will be put into action for obtaining a brochure advertising Schleicher county and they should be printed real soon.

In order to get the ball rolling on several projects, the board will meet each Wednesday night this month in the OEO building at 8:00 p.m. —Rep.

Hospital Notes

To Local Hospital Between Oct. 5 and 12, 1970:

Edna Faulk
Billie Carson
Mae Mercer
Delores Gauna
Sharon Lyne Mittel
Irene Hernandez
Morris Whitten
Lee Williams
Ester Bumgardner
Lavita Scott
Norma Kay Halbert
Rita Galin.

Patients Dismissed:

Esteban Fava
Weldon Davis
Billie Frank Carson
Irene Hernandez
Regina Hernandez
Margaret Jasso
Edna Faulk
Judith Dacy
Waylon Dacy
Elpedio Torres
Bonnie Lewis
Morris Whitten
Myrtle Wade
Sharon Mittel
Ester Bumgardner
Lavita Scott
Kimberly Kay Scott
Norma Kay Halbert
Mae Mercer.

Post Script

The start of absentee voting this week means that the General Election set Nov. 3rd is edging closer, and we are now going into the home stretch of campaigning.

County Clerk J. P. Enochs reported late Tuesday that he already had eight absentee ballot requests to take care of by mail, and absentee voting in person was slated to start Wednesday in his office.

This is a "mid-term" election coming as it does between Presidential years, and such elections traditionally draw a smaller turnout of voters. It remains to be seen how many voters cast their ballots here in Texas and elsewhere over the nation.

Main interest is expected to center in the top three races on the ballot. For U. S. Senator, Lloyd Bentsen defeated incumbent Ralph Yarborough in the Democratic primary earlier in the year and now faces Republican George Bush.

Democratic Governor Preston Smith is completing a two-year term and faces Republican Paul Eggers; the same match was held two years ago. Here in the 21st Congressional District, which now stretches about 350 miles from Odessa on the west to a slice of San Antonio on the east, O. C. Fisher is seeking re-election. His challenger is Dick Gill of San Antonio who has conducted a vigorous campaign since he announced for the office on the Republican ticket on January 1st.

There are seven proposed amendments to the State Constitution at the bottom of the ballot. Main controversy seems to center on the second proposal, to repeal the prohibition against open saloons in Texas and thus allow the sale of mixed alcoholic beverages, on local option basis.

And finally, while we are on the subject of politics, all organizations need money to operate, including political parties. If you consider yourself a Democrat or Republican and plan to vote accordingly, this is a good time to give some financial help to the party of your choice. Even if a dollar is all you can give, such amounts can total up to large sums if enough voters give them. Dick Preston is Democratic chairman and Ford Oglesby Jr. is Republican chairman and they will welcome your contributions.

The Lions Club will conduct their sale of bags of candy for Halloween again this year, and you are urged to support them in this endeavor. The bags are already on sale at \$1 each at the Southwest Texas Electric Co-Op and a few other places over town. About a week or so before Halloween, the Lions members will man their Lions Den truck near the post office and sell the candy to the public.

Proceeds from the sale of trick-or-treat candy are put into the Lions fund for community betterment projects.

So—buy yours from the Lions!

—ps—

Skelly Oil Co. has rented the small office building formerly occupied by S&D Used Cars, located across the street from Java Junction cafe.

—ps—

With our subscribers: Mabel Parker writes: "Moving again! To Tulsa Pythian Manor, a newly completed and beautiful apt. for retired persons. Similar to Rio Concho Manor in San Angelo, except two storey buildings; 150 units here. Very few people have moved in yet, but most all are reserved, so should soon be full. My best wishes to you and other friends in Eldorado. —Mabel." Her new address: Mrs. Mabel Parker 6568 E 21st St., Apt. 224 Tulsa, Oklahoma 74129

Patricia Enochs' new address is 12820 Noel Road, Apt. 2044, Dallas, Texas 75230.

—ps—

Over at the cotton gin Tuesday night after visiting at the office, we dropped in at the gin proper and found Gin Foreman Sam Gausemeier hobbling around with only one shoe which was on his left foot.

"I dropped a crowbar on my right toe yesterday," he explained, "and I can't get a shoe on it." Apparently he didn't allow it to interfere with his work.

In this day and time, a sore toe is enough to send some people to the hospital!

—ps—

We plan to run the Jr. High football team picture in the Success issue for next week.

54 Bales Ginned In One Day

A visit to the Mikeska Gin about 6:30 Tuesday evening found the plant running full blast.

In the office we found Mr. and Mrs. George Mikeska who were down to check on operations as the season got under way, and at the post as bookkeeper was their daughter Karen Homer. At that hour there were 17 bales on the yard waiting to be ginned and the gin crew was expecting to stay on the job until all were processed. (It closed at 9:30.)

Karen said that the run for that day (Tues.) would come to 54 bales, which is a good day's work even the height of the season. They all agreed that the crop would be moving in rapidly from now if favorable weather continued. Total for the season at that time was 189 bales.

Mr. Mikeska said that he expected this year's crop to be considerably better than last year.

He also said that the gin is starting off with a full crew of good men, which makes it appear that the labor situation is not as difficult as in some previous years.

Ballots Delivered For General Election

The Success printers delivered the ballots to the County Clerk's office last week for the November 3rd General Election, and absentee voting is now under way.

Some ballots are being mailed away to servicemen and students, while other people are voting absentee who expect to be out of town on election day.

Sample ballots for each precinct, printed on yellow paper, are available at the Clerk's office and at the Success office. Voters may pick these up and study them between now and the election, but you CANNOT take a sample with you to consult when you go to the polls to vote. Do so would be a violation of the election code.

Co-Op Members Attending Meeting

A regional meeting by the National Rural Electric Cooperative Association is in progress this week at the St. Anthony Hotel in San Antonio.

Meetings got under way with registration at 4:00 p.m. Wednesday and is continuing through Thursday and Friday.

Attending from Southwest Texas Electric Cooperative will be: J. D. Strauss, president, of Big Lake; R. A. Harrell, vice president, of Ozona; Fred Case, treasurer, of Eldorado, and Elton McGinnis, manager.

September Rainfall Reported At 3.41 In.

Rainfall averages supplied by Lloyd Johnson, credits Schleicher county with almost five inches of rain during August and September. The table appearing elsewhere in these columns gives 1.50 inches for August and 3.41 for September.

Our total for the first 9 months of this year comes to 17.42 inches.

Wildcat Slated

Lively Exploration Co., Houston, will drill the No. 1-B Mrs. Myrtle Williams as an 8,000-foot Schleicher county wildcat, 18 miles northwest of Eldorado, approximately 1,650 feet east of the two-well Williams Ranch (Strawn) field, and also approximately 1,650 feet south and very slightly east of the firm's No. 1 Myrtle Williams, et al, original opener of the field.

Location, on a 640-acre lease, is 900 feet from the north and 467 feet from the west lines of 41-EE & WTRR.

The re-opener, Tucker Drilling Co., Inc., San Angelo, No. 1 Myrtle Williams, et al, was finished June 18 for 198 barrels of 48 gravity oil, no water, with gas-oil ratio of 206-1, through an 18-64-inch choke and perforations at 7,254-257 feet.

The original opener was finished Jan. 11 for 75 barrels of 43.5 gravity oil, plus 45 barrels of water, with gas-oil ratio too small to measure, through perforations at 7,282 to 85 feet.

Following 15-0 Loss To Junction—Report On Page 2 . . .

Eagles Launch District 9A Play Against Highly Rated Mason Friday

Bulletin Board

1. HOW THEY CAME OUT LAST FRIDAY NIGHT:

Sonora 40	Rankin 20
DeLeon 40	Bangs 0
Robt. Lee 7	Forsan 6
Rocksprings 25	Menard 7
Goldthwaite 21	Mason 20
Junction 15	Eldorado 0

2. HOW THEY STAND IN NON-CONFERENCE PLAY:

	W	L	T
Sonora	4	1	0
Rob. Lee	3	1	1
Mason	3	2	0
Menard	2	3	0
Bangs	1	4	0
Eldorado	1	4	0

3. WHERE THEY PLAY TOMORROW NIGHT:

Bangs in Robert Lee
Menard in Sonora
Eldorado in Mason.

4 ALL DISTRICT 9A football games are scheduled to start at 7:30 o'clock for the remainder of the season.

The Eldorado Eagles have met two football teams in the current season whose members were just "big boys" by anybody's standards. But the team they meet tomorrow night is made up of the "biggest" boys yet. The Mason Cow Punchers are to say it simply, "huge." Their offensive lineup is as follows:

No.	Name	Pos.	Wt.
88	Tim Ziriak	LE	162
62	Marvin Hahn	LT	237
75	Tommy Smith	LG	202
50	Melvin Stahl	C	172
66	Jerry Crouch	RG	210
71	Billy Brady	RT	220
82	Bruce Lehnberg	RE	153
10	Jerry Whitehead	LHB	162
22	Carlton Eckert	RHB	154
33	Skeeter Martin	FB	184
11	Bobby McDonald	QB	153

Coach Bill Huffman, Cow Puncher head man, obviously tries to take advantage of the Mason bulk. He arranges the Cow Punchers offensively with a balanced line but the backfield alignment is "I" formation or in a popular term in today's vernacular "tandem" formation. As an aside, it was "tandem" in 1920 too. This is primarily a power formation and is designed to provide the travel needs for Fullback Skeeter Martin who car-

ries usually about 85% of the time. Martin at 184 pounds is fast as well as elusive—and dangerous also to his opposition.

The Cow Puncher QB Bobby McDonald is elft handed and is an excellent passer as well as ball carrier who can very capably take any pressure off Martin. He passes both near and far. He has good receivers in his halfbacks and ends; but the mainstay of the Mason offense is still on the ground.

Defensively, the Cow Punchers employ a five-man line with three closeup linebackers. No. 88, Tim Ziriak may function as a roaming defender or "monster." But the impressive thing about the Mason defenders is this: No. 66 at left tackle weighs 210 pounds; Marvin Hahn at left guard weighs 237; the "nose man" or center is No. 75, Tommy Smith at 202; right guard is Billy Brady at 220. For a change, No. 81, Jacky Floyd at 140 plays the right end of this ponderous forward wall. Line backers are Martin and Grote who is outstanding at 184 and 171 respectively.

Although Mason's win-loss record is only so-so, this serves only to mask the threat that they pose to District 9A leader Sonora as well as to Eldorado or anyone else they meet the remainder of the season.

Mason has been playing tough competition and they are well prepared spiritually as well as physically for 9A members. It would be exercising great wisdom to avoid any semblance of over-confidence when a team is preparing to play Mason.

Meanwhile Eldorado will field Jerry Baty at 185 pounds and Charles Adams at 155 at the offensive ends. Dobs Lively at 175 will man one tackle and Roy Jones at 180 will take the other. Gary Danford at 170 and Bob Whitten at 145 will be the guards. Walter Speck at 185 will be the pivot man while Terry Clingan and Victor Belman at 145 pounds each will start as halfbacks. Billy Doc Hubble at 175 will take his usual place at fullback and Archie Nixon, his knee permitting, will step up as quarterback.

Defensive changes will see several lads rotated to provide as much rest as is possible for the "Thin Green Line." These include the largest man on the Eagle squad, Sophomore Oscar Martinez at 220; Ricky Griffin at 150 at a halfback both offensively and defensively, Freshman Mike Manning at 160 will provide respite for Bill Hubble. Gene Nixon at 140, and a freshman along with Billy Tampe at 150 and a senior will standby on the alert for use where needed.

The area sportswriters and forecasters will pick Mason tomorrow by a lopsided majority. What Mr. Eldorado fan should be happy to see is a team of outmanned Eagles perform courageously under extremely adverse conditions. It is not out of the realms of possibility for the Eagles to wallop such a team, particularly should the "mammoth" Puncheders get too overconfident.

Library Board Meets

The Library Board met Oct. 7 in the library with Mrs. W. N. Ramsay, board chairman, presiding. Mrs. Norman Thomas was appointed new board member from Beta Sigma Phi.

The board voted to elect Miss Ruth Baker a permanent board member in recognition of her outstanding service rendered as librarian for 24 years. The report from the librarian for September was read. Books circulated 501, magazines 22, records 10, new readers 10, fiction adults 309, children 146, adults non fiction 37, children non fiction 9. Fines collected \$3.85. Eight members were present. Next meeting will be on Nov. 4. —Rep.

FLEA MARKET

The Hospital Auxiliary Flea Market is set for today (Thurs.) Oct. 15 from 8:00 to 6:00 at the Woodward building on the Menard highway.

Lots of new merchandise has been added, and everyone is invited to come by, promoters stated.

Missing Hunter Found Dead

Search for a missing archery hunter in a two-section pasture on the Figure 3 Ranch ended about 9:00 a.m., Tuesday when the body of Byron Bryant Cox, 23, was discovered beneath a large tree, a victim of a lightning bolt.

The body was found by Bill Maness, a member of a large posse which had responded to a call by Sheriff Edmiston for volunteers. Justice of the peace (and coroner) B. L. Blakeway ruled that death was caused by lightning.

To reconstruct the story Byron Cox was one of a group of "bow-and-arrow" hunters from Fort Worth who entered the Figure 3 Ranch early Sunday morning. Cox was driving his own car, a Volkswagon. Others in the group were in another vehicle.

Local residents recall there were several severe thunderbolts Sunday morning between 9:00 and 11:00.

When Cox did not return to Fort Worth late Sunday with the other group, his relatives began making inquiries of Mr. and Mrs. Wm. Ray who reside on the ranch. Searchers Monday found his car and a coat. As darkness was falling Monday evening the Sheriff's office in Eldorado was notified and a call for help was issued.

Sheriff Orval Edmiston and his deputy Jack Jones were joined by Hwy. patrolmen, game wardens, volunteer firemen, and men and vehicles from Southwest Texas Electric Co-Op.

Searching in darkness in rough terrain was extremely difficult, but was carried on with flashlights until after midnight. The search was resumed in daylight Tuesday morning, and the body was quickly found.

Since the brief but very severe electric storm occurred about 9:30 a.m., Sunday, officers at the scene estimated the body had been dead for about 44 hours when found Tuesday.

The body was taken to Ratliff-Kerbow Funeral Home and then transferred to Fort Worth.

Among the victim's relatives here was his stepfather, T. C. Carll, also a brother and an uncle.

The Fort Worth relatives wish to say "thank you" for the kindness and assistance they received from the people here in their tragic hour.

Program Held

"The Magic Circus" was presented by Mrs. Evelyn Stigler's 3rd grade students in her annual assembly program October 8th.

The children were in costume representing different circus animals and people and as "Jeffrey" turned the pages of a large book on stage, the particular animal or person shown on the page appeared and told of its or his usefulness in the world. The assembly program was well attended.

**A LOOK AT
CAPITOL HILL
WITH
Dick
Gill
YOUR CONGRESSMAN
FOR THE '70s
AND BEYOND**

★ ★ ★ ★

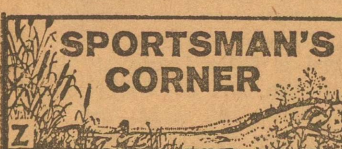

One of the major points of President Nixon's war against crime is his efforts to reform the Bail Reform Act. The Bail Reform Act of 1966 requires that federal judges cannot consider a criminal suspect's dangerousness in setting bail.

Recently, U. S. District Judge George L. Hart told a Senate committee that the Bail Reform Act has permitted rapes, armed robberies and attempts at murder that otherwise could have been prevented. And, according to Washington D. C. Chief of Police Jerry Wilson, criminals in Washington, frequently get out on bond under the Bail Reform Act to commit more crimes.

The Nixon Administration asked Congress to act quickly on its anti-crime legislation; Congress has dawdled. The Democrats are playing politics with the public's safety by sitting on the Nixon Administration's crime package, and O. C. Fisher, WHO VOTED FOR THE BAIL REFORM ACT IN 1966 must share part of the blame for this intolerable state of affairs.

Pd. Pol. Adv., Gill-For-Congress Committee, Dale Dorn, Chmn.)

**SPORTSMAN'S
CORNER**

by Curt Clair
Remington Shooting Expert
"The First Rifle"

By the time a youngster reaches his tenth birthday, a great many parents are faced with the request, "May I get a rifle?" This is the moment when concerned parents must decide if their son or daughter has achieved the responsibility and knowledge required for firearms ownership. The lure of shooting is no mystery. It's not only a lot of fun, but part of the American tradition. Few sports offer such broad opportunities of direct participation to virtually all youngsters. Occasionally, parents may be hesitant because they lack sufficient knowledge themselves to provide proper instruction for their child. Actually, this is rarely a problem. Eleven thousand shooting clubs in the United States offer instruction by adult members of the National Rifle Association. The Boy Scouts, church groups and 1,300 summer camps are excellent sources of rifle training where competitive programs help young shooters develop poise, confidence and self-discipline under pressure.

The 22 caliber rifle has long been the standard gun for beginners. Remington's Model 581 provides an ideal combination of simple, safe operation and dependable, accurate performance. Mastering this basic rifle will allow the young enthusiast to enjoy years of outdoor target shooting or hunting with whatever firearm he chooses. Most parents join in the excitement of shooting. Only then do they learn the sense of accomplishment a boy or girl receives after that first bull's-eye. It is an honor not quickly forgotten.

**Eagles Drop Game
To Junction 15-0**

The Junction "Cedar Choppers" overpowered a gamely struggling team of Eldorado Eagles the night of October 9, in Junction by a margin of 15-0. The real question about the contest is how the Eldorado lads managed to hold the Junction steamroller to that low figure.

It was Junction all the way but in slow and ponderous fashion. Eldorado kicked to Junction to open the activities; and Lewis Allen, 162-pound halfback almost ran through the Eldorado Eagles for a total runback. But Archie Nixon who had kicked the ball brought Allen down near Eldorado's 30-yard line with a smashing tackle. This near break away seemed to shake up the Eldorado lads and it took them too long to recover.

After an exchange of punts, and after six minutes had elapsed on the clock, Junction was able to "crush" the ball over. A successful pass for the extra point after touchdown gave Junction an 8-0 lead.

Statistics tell a lot about the game.

Eldorado	Junction
7	15
87	155
81	83
168	233
3 of 17	6 of 12
0	2
3-3	5-2
3 for 35	9 for 50
8 for 30.5	6 for 30

Score by quarters:

Eldorado	0	0	0	0
Junction	8	0	0	7-15

The Eldorado lads took heart and pulled themselves together after this initial touchdown and made a game of it. Jerry Baty took an Archie Nixon aerial for a long gain that was almost good for a touchdown. Two other Nixon aeriels slithered through receivers' hands; and these receivers are not only fleet of foot but were just about in the clear. But it was not a night for Eldorado.

Final score came in the fourth quarter after some fumble exchanges which gave Junction the ball near Eldorado's vital territory. Junction at one to three yards to the carry finally wore down the "Thin Green Line" and "buled" the ball over with just a minute showing on the scoreboard clock. This time the "Cedar Choppers" kicked the extra point; and the game ended with Junction out front 15-0.

Spearheading the Junction offense was big Charles Allen, No. 42, who at 191 pounds, could usually make the critical yardage when his teammates had been halted. Trouble was that the Eldorado defenders had to make sure first that he did not have the ball. This flicker of delay gave No. 24, Paul Bierschwale, and 41, Lewis Allen, a slight advantage; otherwise, it would have been No. 42 all night.

The Eldorado lads had some fine moments. Once they held Junction for three successive tries for a first down when Junction lacked only a couple of yards and another first down would have resulted almost certainly in another Junction touchdown.

The Eldorado defenders contained the Junction passing attack quite thoroughly. The only Junction score resulting from a forward pass was the two-point after touchdown completion.

A very noticeable feature of the game was that the Junction lads repeatedly drew five-yard penalties for back field men in motion or "illegal procedures."

Eldorado suffered from one bad call but in view of what happened in the first game of the World Series, it hardly seems enough to mention. It happened on a fumble recovery by an Eldorado lad which was disallowed and the culmina-

tion of this chain of events resulted in the final Junction touchdown.

Gary Danford and Victor Belman distinguished themselves by covering two of the five Cedar Chopper fumbles. Jerry Baty was not partial about his pass catching activities, latching on to two while Charles Adams grabbed the other of Eldorado's three completions.

The unsung heroes down in the front line deserve commendations as stopping such runaway tanks as Big Charles Allen took not only strength but courage. Among these lads are Walter Speck with six stops, Gary Danford with seven, Victor Belman with eight, Terry Clingan with 10, Dobbie Lively with 12, Billy Doc Hubble with 13, Oscar Martinez with 14, Manning with 15, Bob Whitten with 19, and Roy Jones who although seldom mentioned by the game announcer last Friday night amassed a monumental 20 stops from his front line position.

It was a bleak night for the Eagles in respect to personnel. Keith Williams suffered a shoulder injury earlier in the week that kept him out of play and may do so for some time. Archie Nixon still has an ailing knee; Hibbitts' play in the Mason contest is problematical; and the status of Jimbo Overstreet's "damaged digit" is uncertain.

It was very commendable of freshman Gene Nixon to step in as quarterback and provide some rest for his brother Archie in the closing minutes of the contest.

A conclusion about the Junction game is that it was a sort of rehearsal for the opening 9A contest in Mason tomorrow night in that it gave the Eagles a foretaste of how it is to be outweighed and still make a game of it.

**Jr. Miss Contest Set
At Rocksprings In Nov.**

Edwards County Chamber of Commerce will sponsor the presentation of the Hill Country Junior Miss Pageant in Rocksprings for 7 area towns: Junction, Eldorado, Brackettville, Leakey, Nueces Canyon, Sonora and Rocksprings.

The pageant will be staged in Rocksprings High School Auditorium in November. Claud Erwin is Chamber of Commerce chairman for the event. Winner of the contest will participate in the state pageant to be held in New Braunfels.

Only senior high school girls are eligible to enter. Her age on March 6, 1971 shall not be less than 16 years, nor shall she attain her 19th birthday prior to March 16, 1971.

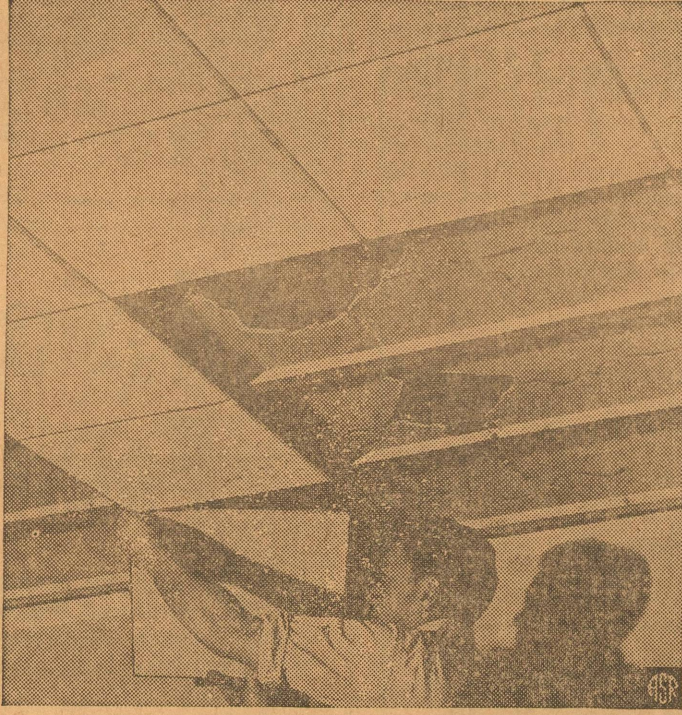

Further details are available from the Rocksprings Chamber of Commerce.

W. A. Wall of Elmira, Washington, was in Eldorado Monday and Tuesday greeting old friends and acquaintances after being gone from here 30 years. He enlisted in the U. S. Air Force October 15, 1940, and when his enlistment time was up he remained in Washington state and is in business there. He had visited his mother, Mrs. Alma Yeager in Anson, his sister Jo in Pampa, and brothers Roy and J. T., in Lawton, Oklahoma, and Albuquerque, New Mexico, and was on his way home.

Mr. and Mrs. Bill Davies of Southland, Texas, were week end guests of her father, Pat Finley, and of her aunt, Mrs. Rance McDonald.

CARDBOARD 10c & 20c at Success

Ceiling Installation Tips

Old, badly cracked ceilings can be renovated quickly and easily with acoustical ceiling tile made of insulation board. Such ceilings absorb up to 70 percent of the excess noise striking them.

They are considered one of the easiest do-it-yourself projects. Only a minimum of mechanical ability and ordinary hand tools are needed to install acoustical tile.

The condition of the present ceiling determines which of three basic application methods is best suited to a specific room.

1. Adhesive requires a clean, dry, firm and even surface. Large holes, cracks, crumbling or sagging plaster can be covered by the following alternatives.

2. Furring strips of 1 x 2 or 3-inch softwood. Nail at each joint crossing with 8 penny nails. Tile should be applied with 3 penny box nails or 9/16-inch coated staples spaced six inches apart.

3. Suspended ceilings of metal grid hung from wire or straps. There should be a minimum drop of three inches, particu-

larly between exposed pipes or ducts.

This method can also be used to lower the high ceilings common in many older houses and apartment buildings. When remodeling, the space between the old and new ceilings can conceal new electric wires, pipes and heating-cooling ducts with access always possible for adjustment.

Tile and lay-in panels are available in more than 250 designs, advises the Acoustical and Insulating Materials Association. While white is the most popular, a wide variety of pastel and bold decorator colors can be found at nearby lumber dealers and building supply centers.

Acoustical ceiling tile may be distinguished by fissures or tiny holes. They trap sound waves which are absorbed in the insulation board by air cells.

Oil News

Wesley West, Midland, has requested designation of East Cody Bell Canyon sand gas area for his No. 1 Mora Lee West section 43, block TT, TC survey, drilled to 6,970 feet as a Schleicher wildcat 14 miles north of Eldorado and 1 1/4 miles northeast of the Cody Bell multipay Canyon sand gas area.

The operation rated a calculated, absolute, open flow of 3.3 million cubic feet of gas daily from the Canyon sand through perforations at 6,075 to 6,092 feet, after being fractured with 20,000 gallons. Gas-distillate ratio was 41.658-1.

Women Employees Of WTU To Meet

The 16th annual Women's Conference of Wets Texas Utilities is scheduled in Abilene October 19 with an expected attendance of 200 women employees and guests. The all-day meeting will be at Abilene Country Club with the Abilene District serving as host.

The leadership workshop conference was established 16 years ago to help the women employees of the company develop public relations know-how in order to better serve the public.

The morning session gets underway at 9:00 o'clock with a call to order and explanation of the program theme by Mrs. Adis Long of the Abilene office. The theme is "Switched On."

Ola Mae McDonald from the local WTU office will attend.

Tax Man Sam Sez:

Topic: Pay As You Go.

A long time ago Congress decided to change the income tax law by adding the pay-as-you-go provisions. It didn't take most of us very long to find out about pay-as-you-go. Our employer gives us a very effective lesson every pay day. However, the self-employed taxpayer and the taxpayer with income other than his salary or wages, doesn't always seem to understand that Congress provided the benefits of pay-as-you-go for him as well as the rest of us.

Filing an estimated tax form 1040ES and paying taxes quarterly is a nuisance. However, it is less expensive than the tax and the penalty and interest that Internal Revenue collects if you don't.

COUNTY AGENT'S COLUMN

by Ting Godwin

Schleicher County Agricultural Agent

A rear view mirror on the farm tractor can save lives on the highway and help the operator do more and better work in the field.

Many motorists have found themselves in a difficult spot because a tractor driver didn't know what was happening behind him. The addition of a rear view mirror can change this situation, enabling the tractor driver to know at all times of approaching traffic from his rear.

Every farm tractor should be equipped with a rear view mirror, not only for safety purposes, but also as an aid to field work. And, if the tractor and/or equipment must be moved on highways that one of the slow moving emblems be installed.

A rear view mirror aids in viewing the operation of a trailing machine or equipment in the field. It makes the work easier and permits the driver to face forward at all times. This makes for a better job and greater safety.

It is rather difficult to do a good job of tractor driving while looking backwards. The addition of a rear view mirror can correct this situation and it could save a life—maybe yours.

Friends: Two women mad at the same person.

Green bolls belong in the fields and not in cotton trailers heading for the gin.

As harvesting and ginning gains momentum in Schleicher county, farmers should be on the lookout for green bolls mixed with high quality cotton because lower returns are almost always the result.

Green bolls add nothing to cotton quality and very little to total weight. They distribute green fibers among mature fibers in the bale and cause a reduction in uniformity of the product which is so important to spinners.

The immature bolls that are not removed are often chopped apart and the wet fibers are mixed with the mature fibers. Some of these "green" fibers are later thrown out

by the extracting saws in a lint cleaner, but not before they have done their damage to the high quality lint.

Producers should always be sure that the condition of the crop is at its peak at harvesting time. Overall maturity and humidity conditions in the field should be closely checked.

The green boll separators on the stripper should be adjusted to remove as many rejects as possible. The modern, high efficiency vertical type boll units will do the job nearly 100% if properly adjusted.

If, under conditions which can't be avoided, green bolls are included in the stripping operation, the ginner should be notified at the time the cotton arrives at the gin. The modern gin is equipped with machines to remove green leaves, green bolls, sticks, stems, dust and trash, but it can do the job better if the ginner can adjust for the extra load.

Finding a way to live the simple life is today's most complicated job.

Incorporation of crop residue into the soil by deep plowing is an effective means of preventing a carryover of disease causing organisms.

In peanut production, for example, deep burial of crop residue will reduce the amount of southern blight and Cercospora leaf spot in succeeding peanut crops. Both of these diseases are common in the peanut growing areas of Texas.

Plowing under large amounts of organic matter has substantially reduced losses from cotton root rot. Many cotton growers have found this practice works well where a three-year rotation is used. A cotton-grain sorghum-small grain rotation gives the grower the opportunity to deep plow after the sorghum or small grain crops are harvested, or both.

Many disease-causing organisms which affect cotton can also be carried over from year to year in the soil. These include the bacterium which causes angular leaf spot or bacterial blight and fungi which cause seedling disease. Diseases from both these organism types will be lessened by burying the organic matter as deep in the soil as is practical.

You will find things you don't need, buy with money you don't have, to impress people you don't like.

For the Football Brunch Bunch

While their sports-mad husbands are glued to their television sets, more and more wise wives are turning Sunday afternoons into an occasion for the ladies to get together, and do their own thing. Sewing bees, needlepoint sessions and crewel work lessons all have their place—and give the girls something to do, instead of watching football.

Barbara Mahoney, the Wise Foods party advisor, beats the football blues by starting Sunday with brunch—scheduled early enough to let the men watch TV. It's an occasion that gets everyone together, without the strain of more formal entertaining. The best brunches are planned around a main course that's hot and tasty, yet light. Quiche Lorraine—cheese pie with an Alsatian accent—is one good idea. For a switch from cookbook standards, substitute Wise potato chips for flour in the crust, blending with butter until crumbly-fine. If you don't already have your own favorite Quiche recipe, here's one from Mrs. Mahoney's files that you'll like.

- WISE QUICHE LORRAINE**
- 1 cup crushed Wise potato chips
 - 1 Tbsp. butter
 - 1 package Swiss cheese, diced
 - 1 small onion, sliced in rings
 - 1 egg
 - 1 cup sour cream
 - Pinch of oregano
 - Pinch of pepper

Make crust by blending butter with potato chip crumbs until mixture is crumbly-fine. Press into pie plate, covering sides and bottom. Cover bottom of crust with half the Swiss cheese. Arrange onion rings over the cheese. Add rest of cheese. Beat egg with sour cream until smooth. Add oregano and pepper. Pour over pie. Bake at 375° for 20 minutes, then at 425° for 10 minutes, until firm. Cut in wedges. Serves four.

Round out the day with tea and cakes for the ladies, plenty of drinks and chips with dips for the men. They'll munch away through the game—without your having to wait on them. With you to break the ice, and show how easy it is, you can start a trend among your friends—with a brunch party each week, at a different home. A nice way for the ladies to enjoy those sports-season Sundays, too!

NOTICE

This Drive-In will close permanently on Monday, October 19th.

All persons owing bills, please come by and pay them by that time.

Thanks for all your patronage.

In Those Days
Compiled From Success Files
ONE YEAR AGO
Oct. 16, 1969—A fund drive for the Boy Scout Council was being launched with James Pat Wester as chairman.
Billy Gene Edmiston was having Formal Opening Saturday of his Handy Hardware.
Dr. Phil Osborne and family moved to Groveton, after he practiced here for about 10 months.

FIVE YEARS AGO
Oct. 14, 1965—The Commissioners voted to buy more land for the county park.
A son was born to Mr. and Mrs. Earl Dean Clark.
David Steen was teaching in a college in Lafayette, La.
General Telephone was assigning new 7-digit phone numbers to subscribers here. The new direct distance dialing equipment was to be put into service December 15th.
Mr. and Mrs. Raymon Mobley went to Haskell to attend his mother's funeral. She was Mrs. R. Y. Mobley, 74.
B. K. Patton was on the job as barber at the Palace Barber Shop, which he had purchased.
Funeral services were held in Christoval for Mrs. C. P. (Ada) Jones, 93. She was the mother of Dick Jones.
Menard County Commissioners set an election to vote on doing away with County School Superintendent's job. The vote was coming up there on November 2nd.

12 YEARS AGO
Oct. 15, 1958—Funeral services were being held for Mrs. Mattie Bruton, long-time county resident. She died at the age of 92.
Mikeska Gin reported 991 bales ginned to date.
The Eastside Baptist church was having a social to honor their new associate pastor, the Rev. George Reesor who had just moved here with his family.
The first annual Chamber of Commerce banquet was set for November, and Jo Ed Hill was chairman of arrangements.
Mr. and Mrs. Sidney Maxfield returned from a visit in East Texas with their daughters.
Bob Steward returned to his job at Sanderson after visiting home folks here.
Jerry Carlman was elected president and Carol Higgins vice president of the Eagle Band.
New Fords were at George Humphrey Motors, new Plymouths at P&M Motors, and new Chevrolets at the Eagle Chevrolet Company.

35 YEARS AGO
Oct. 18, 1935—"Natural Gas In Eldorado Before Winter Comes" was headline. A mass meeting was coming up to discuss proposal of John M. Cooper and associates to supply the town of Eldorado with gas from their No. 1 Bert Page well 9½ miles southeast of town.
Clyde Galbreath announced that the first 1936 Ford V-8 would be on display Saturday at Eldorado Motor Company.
Rev. N. P. Wilkinson officiated at the wedding of Miss Mary Florence Boyer and Don McCormick. The ceremony was held in the Presbyterian Manse.
Judge H. W. Finley presided at a County Commissioners meeting. Commissioners present were Hugh McAngus, R. C. Edmiston, Pat Martin, and T. C. Meador. Also John F. Isaacs, clerk; and O. E. Conner, Sheriff.
A school health clinic was to be sponsored by the P-TA. Appointed to committee on arrangements were Mmes. Aubrey Baugh, Luke Thompson, and John Williams, and Supt. J. Carlton Smith.
Dr. Pennington reported a 9-pound girl born to Mr. and Mrs. Ross McAngus.
Mrs. C. S. McKinney invited some little friends to help Betty Lou celebrate her 6th birthday. Those attending included Etta Jean Lynn, Donna Mae Mullet, Gloria and Elaine Watson, Clarence Alfrey, Howard Parker, Corwin Connell, David Williams, Curtis Kay, and Peggy Sue and Betty McKinney.
Miss Elizabeth Miller was visiting here from Washington, D. C. with her mother, Mrs. Felix Miller. She was a sister of Mrs. Joe Edens and Aubrey Miller, and was employed by the U.S. Government.

NEW BABIES
Mr. and Mrs. John K. Wilson of Sonora are parents of a daughter, Heather Lee, born in Schleicher County Medical Center, September 29, 1970, at 10:30 a.m. This is the first child of the Wilsons and she weighed 6 pounds 2 ounces at birth.
A son, Jeffrey Allen, was born to Mr. and Mrs. H. H. Hutcherson at Schleicher County Medical Center on October 1, 1970, at 1:40 a.m.
A daughter, Kimberly Kay, was born to Mr. and Mrs. George F. Scott on October 11, 1970, at 4:13 p.m. in Schleicher County Medical Center. Mr. and Mrs. Charles Speck Jr. of Silver, Texas, are maternal grandparents of the new baby.
Mr. and Mrs. Junny Iverson announce the birth of their son, Jayme Alan, on Oct. 4, 1970, in Arlington, Texas. They also have a daughter, Jerami, age 2.
Grandparents are Mr. and Mrs. Weldon Hall of Eldorado, and Mrs. Adron Iverson of Snyder.

CARD OF THANKS
Sweet and I thank each of the good people of our county for the nice things done for us, flowers, food, cards, and all other acts of kindness.

Wool Sewing Contest Set Dec. 5

District 5 annual Make It Yourself With Wool Fashion Show and competition is set for December 5 at the Junction High School Auditorium, Junction, Texas. District Director is Mrs. Raymond J. James and the Schleicher County Chairman is Miss Dana Owens, local homemaking teacher.
The contest is sponsored by the Women's Auxiliary to the National Wool Growers Association and the American Wool Council. It is open to all girls and women beginning with the Sub-Deb Division, Ages 10-13, Juniors 14-16, Seniors 17-21 and adults. The ages are determined by the age of contestant on January 1, 1971. The type of garment is chosen by the division age.
Entry blanks may be obtained from Miss Owens or from some of the stores carrying wools. The wool must be of 100% quality, loomed in America. Contestants must select their own fabrics, patterns and accessories. The garment must be made by the contestant and modeled before the judges at the district level.
It is the desire of the county chairman that there will be a sizable number to participate in this worthy competition. Many local ladies and girls sew such lovely garments that surely could be notable for recognition.
For further details, contact Miss Owens. Only the professional seamstresses are disqualified. Deadline for entry is November 21st.

Community Calendar

Oct. 15, Thursday. Hospital Auxiliary Flea Market, 8:00 to 6:00 at Woodward Building.
Oct. 15, Thursday. DAR meets.
Oct. 15, Thursday. Jr. High team to Eden for game at 6:00.
Oct. 16, Friday. Eagle varsity football team to Mason for game starting at 7:30.
Oct. 20, Tuesday. Historical Society meets 7:30 p.m. in the club room of Memorial Building.
Oct. 21, Wednesday. Lions Club meets 12:05, Memorial Building.
Oct. 22, Thursday. Antlerless deer permits issued 8:00 to 5:00 at Memorial Building.
Oct. 26, Monday. Beta Sigma Phi meets.

Susan Mobley Is In Strutters At San Marcos

San Marcos, Tex.—A student from Eldorado is a member of the widely acclaimed Southwest Texas State University Band Organization.
The four-part SWT Band Organization includes the playing unit, the Color Guard, the Strutter precision dance team and the Bobkitten majorette corps.
Under the direction of Maurice Callihan, associate professor of music, the band organization not only performs at home football games, but also participates in local parades and has made numerous appearances on national television.
Organized in 1960, the Strutters consist of approximately 100 lovely coeds.
Susan Mobley of Eldorado is a member of the Strutters.

Judy Sallee In H-SU Band

Abilene, Tex.—Prof. Marion B. McClure, director of bands at Hardin-Simmons University, is now making preparation for the University Concert Band Christmas Concert.
Other plans for the Concert Band this year include the Spring Tour. Membership in the band includes 62 students, including Judy Sallee, junior of Eldorado.
Mrs. Vernon Hazelwood received word last week her aunt, and Mrs. J. C. Whiteley's sister, Mrs. Bettie Ohlhausen, had passed away. She lived in California.

Do-It-Yourselfers Make Home Improvements

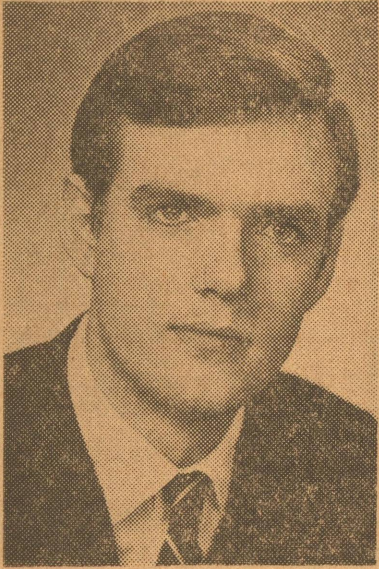

Austin, Tex.—The United States is a nation of "do-it-yourselfers" where home repairs and remodeling are concerned, according to the Bureau of Building Marketing Research. A recent nationwide survey shows that 12,705,000 home additions and major remodeling jobs are done each year, plus 37,975,000 improvement and main-

Dick Gill To Address Lions Club Next Week

DICK GILL

Arrangements have been made for Republican Congressional Candidate Dick Gill to address the meeting of the Eldorado Lions Club at noon on Wednesday, Oct. 21st, according to announcement this week from Gill-For-Congress headquarters in San Antonio.

Mr. Gill has been campaigning actively over the far-flung 21st District since he made his initial announcement as a candidate about the first of January.

While here next week, he will take time to visit a number of people in the interests of his campaign. Some of his campaign staff members have been here in recent weeks.

Mr. Gill will be introduced Wednesday by Lion Ford Oglesby, Jr.

Congressman To Visit Here Today

O. C. FISHER

Expected to be in Eldorado today, Thursday, in the interests of his campaign for re-election to Congress is O. C. Fisher, 27-year veteran of the 21st District.

Mr. Fisher was elected to his initial term back in 1942, when he defeated the late Charles South of Coleman for Representative, 21st District. He has served continuously since that time.

Mr. Fisher is expected to visit with local Democrats and other voters during the day, and will be on his way back to San Angelo after campaigning earlier in the week in populous Bexar county.

Merry Makers 42 Club

Mrs. Bonnie Bridgeman was hostess last Thursday when she entertained the 42 club in her home.

There were three tables of players including one guest, Mrs. Frank Van Horn.

The hostess served refreshments of salad plate, plain cake, coffee and tea. —Rep.

STATEMENT

OF OWNERSHIP, MANAGEMENT AND CIRCULATION:

1. Date of Filing: Oct. 15, 1970.
 2. Title of publication: The Eldorado Success.
 3. Frequency of issue: Weekly.
 4. Location of known office of publication: Eldorado, Texas.
 5. Location of the headquarters or general business offices of the publishers: Same.
 6. Names and addresses of publisher, editor and managing editor: Fred Gunstead, Eldorado, Texas.
 7. Owner: Fred Gunstead, Eldorado, Texas.
 8. Known bondholders, mortgagees, and other security holders: None.
 10. (A) Total No. Copies Printed, 1,010.
 - (b1) Sales through dealers and carriers, street vendors and counter sales, 330.
 - (b2) Mail subscriptions, 650.
 - (D) Free distribution, 30.
 - E. Total distribution, 1,010.
- I certify that the statements made by me above are correct and complete.

Ginning Season Well Under Way Here

These bales were on the yard at the gin last week, and were the first ones of the '70 season. Related article on Front Page.

Field Designated

The Texas Railroad Commission, Oil and Gas Division, has announced a field designation for a gas field in this county.

The Fort McKavitt, North Lower Canyon and Tillery (field of Schleicher County was opened with dual completion of Tucker Drilling Co., Inc., San Angelo, No. 2-A J. M. Treadwell, 34 miles east of Eldorado.

It was finished from the Canyon June 26 for a calculated, absolute open flow of 5,200,000 cubic feet of gas per day, with gas-liquid ratio of 250,000-1, through a 20-64-inch choke and perforations at 4,083-90 feet.

It was finished from the Tillery June 27 from a calculated, absolute open flow of 45 million cubic feet of gas per day, with through perforations at 3,654-60 feet.

Location is 437 feet from the south and 567 feet from the west lines of 23 AB&M, Abst. 9.

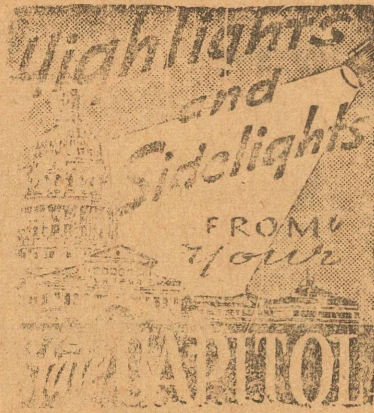

Mr. and Mrs. Vernon Hazelwood visited with Mr. and Mrs. Tom Carroll, Mr. and Mrs. Sam Granberry, and Mr. and Mrs. Jimmie McDonald in San Antonio. From Thursday to Sunday, they went to the ball game where Jimmie Carroll is band director, and went to the Peanut Festival at Floresville, and visited Mr. and Mrs. Vernon Carroll and Jack Whitley at Brady.

Mr. and Mrs. Emmett Eskins of Rule and Mrs. Jack Wester, of Abilene visited here recently with the Pat Wester family.

CHARGE TICKETS, special for service stations; 8 for \$1 or \$11 carton. —The Success office.

Austin, Texas.—State employees went a 17% pay raise within the next two years. They served notice of their desire at the annual meeting of the Texas Public Employees Association.

TPEA's legislative program for 1971 seeks a three-step (10.2%) raise effective next September; and a two-step (6.8%) hike the following September; plus a 3.4% merit raise for half of the employees.

Also requested are "career incentive" benefits—a \$10 a month automatic raise after three years of service, ranging up to a \$60 a month supplement for employees with 30 years' service.

Substantial pension benefits also were included in TPEA's far-reaching legislative package which would give retired employees with 30 years' service 50% of their base pay.

State employees also want their travel allotments boosted to \$16 a day per diem and 12 cents a mile.

Social Welfare Changes

Continuing growth of welfare rolls will bring changes in basic operating methods of the State Department of Public Welfare after January 2.

Welfare Commissioner Burton G. Hackney says that the key procedural change would require welfare applicants to fill out their own "declaration forms." This would

replace face-to-face interviews with overworked caseworkers. This method already has been tested in Corpus Christi, Austin and Nacogdoches regions.

Another change would reduce social services to that which can be quickly provided and for which specific goals can be defined.

Hackney predicts that legislators will be called on for \$96 million annually in state funds, just to keep the financial assistance programs at present levels. This is \$16 million above the constitutional ceiling. Some \$291 million in federal funds would match the state outlay.

Insurance Laws Pushed

State Insurance Board is pushing four new laws to protect both the policy holders and the ailing insurance industry.

Insurance Board told the House probgn committee that it is becoming increasingly difficult to get home and auto protection in disaster-hit areas. Therefore, it will advocate these changes in the law:

Stiff regulation of holding companies, assessment of all companies to protect citizens against insolvencies, a mandatory pool to provide fire and windstorm insurance in areas subject to catastrophes and provision for identifying and segregating company assets.

Board members said they are unanimously opposed to the "no-fault" auto insurance plan now before Congress and in effect in Massachusetts.

Drillers Warned

Three deaths in a new water well near Queen City in Cass County brought warning to water well drillers in Northeast Texas, Arkansas and Louisiana to beware of escaping nitrogen gas.

Texas Water Development Board issued a warning that a high concentration of nitrogen gas and a lack of oxygen were found in a Cass County well. Most likely source was found to be a natural condition caused by denitrification of organic matter in sub-surface strata, with entrapment in small reservoirs. A similar condition was found in Marion County.

New Jobs Announced

Jerome D. Chapman Jr., assistant welfare commissioner, is new president of the 28,000-member Texas Public Employees Association.

George Bolin of Houston is new chairman of the Texas Real Estate Commission.

Tommy V. Smith, commissioner of the state Bureau of Labor Statistics, was named a member of the Selective Service System appeal board for the western federal judicial district.

Newton T. Fisher, retired Dallas police assistant chief, has joined the Texas Criminal Justice Council staff as program coordinator.

Courts Speak

Interest on debts after the death of the borrower may not be deducted in computing the net taxable value of an estate, says the Texas Supreme Court.

In other recent opinions the Supreme Court decided:

—Kentucky Fried Chicken distributors don't have to pay Texas' chain store tax.

—An Odessa woman is entitled to \$3,750 damages due to a fall at a drive-in grocery store.

—Distributorships of a Florida-based cosmetic firm are not subject to state securities registration because investors must work for profits.

—Whether a Fort Worth judge should have postponed a Sunday closing suit until similar cases have been decided will be reviewed November 18.

—Voters signing a petition to get a new party nominee on the general election ballot are entitled to know who the candidate is in advance of signing. Decision was in a case where the High Court ruled La Raza Unida candidates off the ballot in Dimmit, LaSalle and Zavala Counties.

—Appeal of a Ward County attorney to prevent the county's participation in a retirement system for employees was dismissed for want of jurisdiction.

Attorney General's Opinions

Mobile homes or trailers owned by non-resident servicemen are not subject to ad valorem taxation, Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that:

—A junior college district has the power of eminent domain to acquire buildings, land for building, campus sites or other property the board of trustees determines is needed to carry out its functions.

—A minor's driving license automatically is suspended when finally convicted for driving while intoxicated.

—County Commissioners Court can order publication of information relating to redistricting of the county into voting precincts in addition to the minimum publication required by the election code.

—It is not a violation for a motorist to make a left hand turn off a four-lane highway across a double yellow stripe into an alley, a private road or a driveway.

—Nursing home administrators must pass an examination by the

Texas Board for Licensure for Nursing Home Administrators in order to get a license. However, the Board may not establish additional training requirements for those with sufficient experience.

Drinks Passage Predicted

Sen. Joe Christie of El Paso, head of the committee campaigning for passage of the local option liquor-by-the-drink amendment, predicts its passage at the election on November 3.

Christie says that sponsors of the amendment hope to dry up bogus private clubs in areas which vote against liquor-by-the-drink. "Hypocrisy" of present liquor laws, argued Christie, contributes to the "generation gap" and promotes disrespect for all laws.

Opponents contend that passage would increase liquor consumption.

New Parks Land Acquired

Parks and Wildlife Department has acquired new park land tracts in Hardeman, Clay, Burleson and Lee counties.

A Hardeman county tract of 1,931 acres cost \$143,862 and a Clay county tract of 524 acres on Lake Arrowhead, \$50,000.

Southwest Texas lands near Somerville Reservoir in Lee county were leased from the U. S. Corps of Engineers.

Short Snorts . . . Railroad Commission allowed 69

of 282 fields put under a special low allowable order on October 1 to resume production at 87%.

Hood Airlines is seeking a permit for two daily flights between Killeen and San Antonio and to purchase all Rio Airlines stock.

Attorney General Martin has opened offices in Austin for the new anti-trust and consumer protection division.

State Insurance Board has ordered misleading language removed from medical policies and advertising guidelines prepared.

A weapons detector has been installed near Governor Smith's door. University of Texas oil and gas lease sale of 32,711 acres brought \$1.4 million.

Texas legislators will get a briefing on major governmental issues at the Lyndon Johnson School of Public Affairs here on Nov. 23-25. DDT uses have declined from 120 to 10 during the past 17 years, an advisory panel on agricultural chemicals told Governor Smith.

HEALTH & SAFETY

Mainly for Mothers

by Carol Hart

Labels on medicines are recipes for safety

Medicines you store in your medicine chest have more in common with the food you store in your kitchen cabinet than you may think. When a cook follows a favorite recipe to the letter, the result is a smiling happy family at the dinner table.

The labels on your medicines are recipes, too, and like any good

recipe, should be read carefully for maximum benefit. Accidents are separated from safety by the thinnest of margins, and that margin can be a label.

The Council On Family Health, a non-profit organization sponsored by leading medicine manufacturers to promote health and safety, says there is a lot more to a label than paper and ink. The labels on medicine bottles show the name of the medicine, its active ingredients, and the exact dosage recommended for good reasons: to help a sick person back to health.

A medicine should be given to a patient exactly as it is spelled out on the label. Too little can do no good. Too much can prove to be harmful. This is especially true in the case of a very young child who cannot explain how he feels when the medicine takes effect.

Did you know that nurses are professionally trained to always read labels or instructions three times? A nurse will check the medication when she takes it out of the medicine chest, when she is about to give it to her patient and when she returns it to its proper place in the cabinet.

Such precautions are particularly necessary at night. A mother should turn on a light so she can read the label and be sure she has the right medicine. It is absolutely necessary that she be

wide awake so that she fully understands the instructions.

Medicines should always be properly stored and never given if the label cannot be read clearly and accurately. Keeping a container of medicine with a badly smudged label, a torn label or no label at all can be extremely hazardous. Relying on your memory of the contents of a container and instructions for its use is simply too risky for good health. Medicine labels, like the directions in a treasured recipe, work most successfully when they are strictly followed.

WE'RE CELEBRATING

the 20th anniversary of

KITCHENAID DISHWASHERS

Now is the time to buy!

Many KitchenAid dishwashers introduced in 1949 are still going strong! That's the kind of dependable performance that's earned KitchenAid its reputation for being the best.

Come in and see our newest models. They're built with good old-fashioned quality — and provide the latest innovations. There's never been a better time to buy!

Wide choice of models.

Front-loading built-ins for outstanding convenience. Top-loading portables that need no installation. Convertible-portables you can use right away; build it in when you're ready. Many finishes. Wide range of prices. Dishwasher-sink combinations, too.

KITCHENAID FOOD WASTE DISPOSERS

Built better to grind finer, faster, quieter, and last longer. Install one with your dishwasher and save on installation cost.

20 years of good old-fashioned quality
