## Weather Ideal For Cotton Harvest

Mikeska Gin at Eldorado enjoying nearly two weeks of perfect weather has been running full-blast and early Tuesday morning reported 663 bales produced up to that time: This would be a gain of about 400 bales from the week before.

Farmers report their cotton is in excellent shape for stripping and it has been coming in steadily. Certain times of the day finds the gin yard full of trailers waiting their turn, forcing the gin crew to run until midnight. Their biggest run was 93 bales for one day recently. If the present weather continues they will pass the 1,000 mark before the end of this week.

Early this week the days started with heavy fog and light drizzle which quickly cleared away as the sun arose.

By noon Tuesday a dry norther was making things chilly. We had some light frosts but not a really killing one.

### First Light Freeze

Residents awoke Wednesday morning of this week to find a temperature of 30 degrees, the first light freeze of the Fall season.

We had a chilly norther blow in here Tuesday and it failed to bring any moisture.

## Mrs. C. M. Reynolds Buried Saturday

Mrs. Charles M. (Minnie) Reynolds, 78, died Friday afternoon in Schleicher County Medical Center after a long illness.

Services were held at 3:00 p.m. Saturday in the First Baptist church with burial in Eldorado cemetery.

She was born Feb. 15, 1892 in Cisco and had lived in Schleicher County for 70 years. She was married to Charles Reynolds on April 10, 1918 and was a charter member of the First Baptist church of Mertzton. She was a member of the First Baptist church of Eldorado at the time of her death.

She was preceded in death by her husband who died in 1948, and a son, Clark Reynolds, who died in 1944 while in the armed forces.

Survivors include a daughter, Mrs. Mary Charles Dacy of Eldorado; two sons, Bob Reynolds and Billy Jack Reynolds, both of Eldorado; a sister, Mrs. Lonnie McFall of Mertzton; 10 grandchildren and seven great-grandchildren.

## San Angelo Ponders Water Supply From Schleicher County

In order to meet their chronic problem of an adequate water supply, the City of San Angelo has engaged a firm of consulting engineers to consider sources of underground water in Southwest Texas which can be tapped in the future.

One of the sources is said to be the Huldale area of Schleicher county, which lies north of Eldorado.

Whether drawing on such a supply would drop the water table serving the wells in the Eldorado area is an obvious question which comes to mind of local residents, and whether any local governing body has authority to put a stop to such plans.

The problem was also discussed to some extent last week by Mort Mertz.

## Involved In Wreck

Mrs. John Hodges and Miss Lillian Kroeger were involved in a train wreck in Mexico recently. They were riding the train that makes the 800-mile trip from a point near Presidio to the west coast of Mexico. Report was that the train ran into another train.

The two were able to help care for and treat some of the injured. Both are staff members of the Schleicher County Medical Center.

Mrs. Robert F. Frost, accompanied by her mother, Mrs. F. M. Bradley, drove to Kerrville Sunday afternoon and while there spent some time visiting Miss Nettie Isaacs who is confined in a hospital there. They reported her in good health and apparently very happy to have had them visit her.

## Post Script

This is the home stretch of the campaign period for the 1970 General Election. Just five days remain before Texans go to the polls on Tuesday to elect officials from the court house to the national government.

Main interest this year is centered on high level races. Lloyd Bentson defeated incumbent Ralph Yarborough in the Democratic primary earlier in the year and now faces Republican George Bush. Both Bush and Bentson have campaigned long and hard in recent weeks and months and the outcome is regarded as a toss-up at this point in the campaign.

We have a re-match contest for Governor of Texas. Preston Smith, Democrat, is completing his initial two-year term and is challenged by Republican Paul Eggers. The same two ran two years ago.

Here in the 21st Congressional District, Democrat O. C. Fisher, 28-year veteran, is being challenged by Dick Gill of San Antonio who is running as Republican and who has conducted a saturation campaign by T-V in recent months in his attempt to come out on top in the election Tuesday.

As of noon Monday, there had been 52 absentee votes cast in the office of J. P. Enochs, county clerk. So that indicates a fairly good turnout of voters Tuesday.

There are no contests for local offices, but the Success will post returns on how Schleicher county votes for U. S. Senate, Governor, and Congressman.

We will post these returns as soon after 7:00 p.m. Tuesday as they become available.

The Success office and Clerk's office have distributed quite a few sample ballots, printed on yellow paper, in recent weeks.

A few copies are still available, free for the taking, and you are invited and urged to study a sample ahead of the election. But you must also remember that you CANNOT take a sample with you to consult when you go to the polls to vote. To do so would be a violation of the election code.

In order to vote Tuesday, you must be a currently registered voter here in the county. That is, you must have registered no later than last January 31st and hold a registration certificate good for the current voting year, and have your name on a poll list of your precinct.

And here is one final thought on the upcoming General Election: Give a dollar or more to the political party of your choice.

Dick Preston is local Democratic chairman and Ford Oglesby Jr. is Republican chairman and they will welcome your cash contributions in this home stretch of the campaign.

Small contributions mount up to large amounts of money if enough people make them, and it is better for the financial base of campaigns to be as broad as possible.

Halloween is this Saturday night, Oct. 31st. If you have not already bought a bag or two of Halloween candy from the Lions Club, be sure to do so. The candy sale is continuing through this week and is one of the Fall money-raising projects of the club.

Another project worthy of your support is Christmas lighting. The Chamber of Commerce is attempting to raise \$600 for this, and is conducting a ticket sale. Buy yours from any C of C member.

## Man Treated For Heart Attack

E. C. Davis of Robert Lee, a cafe owner in that city, sustained a heart attack while the game was going on here last Friday night.

He was treated at the local medical center and reported a day or so later to be making satisfactory progress. His son, Garland Davis, is principal of the high school.

Mr. Davis's mishap occurred during the first quarter of the game.

## Veteran Congressman Faces Most Formidable Challenge Of Long Career From San Antonioan

O. C. FISHER  
Democratic Incumbent

DICK GILL  
Republican Challenger

Interest is running high in the race for 21st District Congressman with O. C. Fisher, Democratic incumbent, being challenged by Republican Dick Gill of San Antonio. Fisher has been defending his conservative record of 28 years, while Gill has been conducting a well-financed and challenging campaign since last January.

## Where To Vote

## Booster Club Gains Momentum

Good attendance, new members, excellent turnouts at pep rallies on Fridays and enthusiasm shown for all projects submitted have kept spirits high for the Eldorado Booster Club.

This week's new members are Mrs. Kenneth Doyle, Mr. and Mrs. Lee Williams, Mr. and Mrs. Otis Deal, Ted Short, Wayne Mikeska and Charley Morris.

D. T. "Duge" Yates, picked for several years past as "Fan of the Year" by the basketball girls team, was selected as "Booster of the Week" and will accompany the football team on the trip to Bangs.

Attendance at the Monday night meeting was about 40, and they saw an excellent film on the Robert Lee-Eldorado game, shown by Coach Barker. The usual comments and discussions followed.

It was announced by E. C. Peters that ticket sales for the football banquet to be given on November 21, are going well. President Schooley announced again, and stressed, that the banquet is given to honor the football boys AND their dates and they DO NOT need tickets.

A committee of men—Jack Jones and Gene McCalla and Arthur Faull—was appointed to raise money for a charter bus to take the team to Bangs Friday night.

The calling committee, Mrs. Jas. Williams, Mrs. Sam A. Whitten, Mrs. Charles Adams, Mrs. Bill Maness and Mrs. Sherwood Barker, will contact all members of the Booster Club just prior to the pep rally on Friday and the regular meeting on Monday.

Refreshments were served during and after the meeting by Mrs. Sherwood Barker.

## Notice All Boosters

and others interested are invited and urged to be at the Gym for the Pep Rally at 2:05 p.m., Friday, before the team's departure for Bangs. It is difficult to remain unconcerned after attending a rally and seeing the effort and enthusiasm expended.

## Pep Rally Set

The Pep Rally will be held at the Gym starting at 2:05 Friday. School will dismiss at 2:30.

## Changes Made In Snowflake Ball Set For December 30th

Music for the annual Snowflake Ball which will be held on Dec. 30, will be furnished by "The Kranks," a combination country western and rock group. Committees were formed last week and general chairman is Mrs. Bill Maness assisted by Mrs. Kenneth Doyle. This year only those local high school and college young people who go in on the dance may attend and their invited guests from out of town. Invitations must be presented at the door.

Deadline for turning in your money is the first week of November to Mrs. E. C. Peters or Mrs. Billy McCravy. The ball has been a highlight of the holiday season for a number of years and has always been well attended by a large group of local and out of town young people.

A bridal shower will honor Mrs. Danny Halbert this Saturday, Oct. 31, in the home of Mrs. Jack Jones. Calling hours will be 9:30 to 11:00 a.m.

## Bangs, Last Out-Of-Town Game Set For This Friday

A man named George fought a dragon a long, long time ago and earned a place in English myths and legends forever. Chances are George had not fought a dragon before; and right now, the Eldorado Eagles are in the same situation that George was the day before the contest with the dragon. Eldorado has never had any athletic dealings with the Bangs Dragons and the teams meet tomorrow night in Bangs.

The danger to Eldorado about this particular game is that Bangs has suffered a very poor season to date. They have a starting line-up made up of five seniors, three juniors, and three sophomores; and it is always possible as well as faintly probable that one of these days these same kids are going to get sick and tired of being kicked around. When they do, some unsuspecting opponent had better look out.

Undoubtedly, the Eldorado Eagles will not let themselves stumble into any such booby trap tomorrow night. This is a crucial game for Eldorado: — they all are now as the Eagles go searching for illusive phantom, a district championship. Who remembers when an Eagle contingent brought one home last?

The Bangs starting offensive line-up is worthy of examination:

No.	Name	Pos.—Wt.—Cl.
81	Dickie Templeton	LE 160 So.
71	Lloyd Cole	LT 170 Sr.
51	Robert Harper	LG 150 So.
50	Terry Newton	C 150 Jr.
64	Mike Harper	RG 175 Sr.
63	Carroll Fitzgerald	RT 160 Jr.
80	Perry Lykins	RE 160 Sr.
3	Darcy White	LHB 165 Sr.
1	Vaughn Walker	RHB 175 Sr.
6	David Austin	FB 150 So.
2	Eddie Zink	QB 130 Jr.

Defensively the Dragons deploy into a "Stack Five," the line backers playing just behind their guards for stunting or alternating play. Their ends are used as corner backs with two halfbacks as twin safeties.

Their QB, Eddie Zink, according to scout reports, is not flashy but is effective at his job. Robert Lee had a difficult time defeating Bangs week before last by a narrow 6-0 margin.

The Dragons like power plays just off tackle or power sweeps utilizing any and all interferences available.

Offensive formation is a variation of "Wishbone." They pass more effectively long than short. Their kickers are not outstanding.

## Wagon Boss Stresses Boys Ranch Roundup

Bob Johnson, wagon boss for this county is reminding farmers and ranchers of the Boy Ranch Roundup, which is now under way thru remainder of this year.

Each year livestock owners are urged to give surplus animals to the ranch. They may turn them in to any area sales barn, and are sold without commission and proceeds given to Boys Ranch.

In the event it is inconvenient to deliver the animals to a sales barn, the owner may call Bob Johnson and he will call for it.

## Merchants Launch Holiday Drawing

A group of local merchants will stage a Christmas Eve drawing again this year, and tickets will be given out starting Monday, Nov. 2. Hext Foods, Moblely Sinclair, the Ratliff Store, Western Auto, Cathy's Flower & Gift, and the Eldorado Drug are the firms participating this year.

Grand prize is a color T-V set on display in Western Auto, and there are six other prizes, \$25 in trade each.

Further and complete details are given in the ad on page 5 of this issue of the Success.

The problem that baffles Washington is how to dig the country out of the hole without making the hole any bigger.

and they exhibit many signs of youthfulness. Three sophomores in a starting lineup will easily convey this impression.

But the team that consistently loses in stubbornly contested games is like a bomb, ticking away with pressures of disappointment, frustration, and humiliation slowly building up. There is only one way to compete against such a team and that is with greatest caution.

Meanwhile the Eagles will start Adams and Baty at ends. Jones and Lively at tackles. Whitten and Danford at guards with Jimbo Overstreet, "fragile finger" and all at center with halfbacks among Williams, Belman, Clingan, and Griffin; B. D. Hubble will man the fullback position with A. Nixon at quarterback.

Defensively, Speck and Hibbitts will help make up the five-man front with Martinez as an alternate. Whitten and Hubble will help in the secondary along with Adams, Belman, Clingan, Williams, and Griffin.

This has not been an easy week for Eldorado in preparing for a team like Bangs. The Dragons will behave in no predictable manner. They could be nice and docile like "Puff" in the song a few years back, or they could behave like the old-time idea of a roaring scaly flame thrower terrifying all beholders. It would bring a happy glow to the hearts of these battered Dragons to "knock off" Eldorado in this first encounter ever between the two schools.

The Eldorado Eagles should understand the thrill and joy earned by those who "pull" and upset. The sportswriters will pick Eldorado. They picked Mason too.

### 4. CITATIONS FOR MERITORIOUS FOOTBALL PLAY:

A. Terry Clingan for intercepting two Steer passes and snuffing out dangerous scoring threats as well as breaking away for a 36-yard touchdown sortie, this score definitely sealing the Steer defeat.

B. Oscar Martinez who as only a sophomore exhibited flashes of defensive play worthy of an upper classman.

C. Keith Williams for snuffing out a Steer threat with a pass interception as well as completing a two-point-after-touchdown pass and setting up the third Eagle touchdown.

D. Jerry Baty for a crucial pass completion and touchdown run to rescue the Eagles from an unfavorable half-time situation.

E. Archie Nixon for compensating for his only pass interception of the game with a smashing stop on Bobby Mumford who captured it.

F. Messrs. Charles Adams, Jerry Baty, Roy Jones, Dobbie Tively, Gary Danford, Bob Whitten, and Jimbo Overstreet for acting as a committee to launch Billy Doc Hubble on his record breaking single game ground gain of total of 157 yards and to Hubble for utilizing his committee help to tally a crucial third quarter touchdown.

### Sheep Producers Meet In Denver

Denver, Colorado.—The sheep industry's timetable for success faces a crucial test during the next few years with the sheep producers themselves bearing the responsibility for change. Directors of the American Sheep Producers Council heard this warning at their semi-annual meeting Thursday and Friday (October 15-16) in Denver at the Cosmopolitan Hotel.

Forrest Bassford, executive editor of the Western Livestock Journal in Denver, told the board of directors at their special lamb banquet that "nothing happens until someone sells something to somebody." Bassford said, "You are the instigators of change in a changing world. Only you, as producers, can provide more lamb and wool for this country."

Among those attending the meeting and participating in workshops were Howard Derrick of Eldorado, ASPC director and member of the board of trustees of the Sheep Industry Development Program.

### Eagles Down R. Lee By 28-7 Score Friday

The Eldorado Eagles kept the "waterhole" last Friday night and sent the Robert Lee Steers home, tired, sore hearted and thirsty; but not before a thrilling and sometimes servous 43 minutes had ticked away on the scoreboard clock. Coach Larry Blair's lads laid it on the line; but they just did not have enough Steer power to topple the determined Eagles who again fielded an equally courageous, well co-ordinated, and most competitive football team who handed the Steers losing end of a 28-7 score. But no one should fault the Steers for not trying. So did the Eagles. Game statistics reflect the Eagles' superiority very graphically:

Eldorado:	Robt. Lee:
19 first downs	15
338 yards rushing	126
139 yards passing	118
477 total yards	244
6 of 17 passes, comp., att.	6 of 19
5 passes intercepted	1
0 fumbles captured	2
2 for 37 passes & av. y.	7 for 30
8 for 70 pen. & yds. lost	5 for 45

Score by quarters:  
Eldorado — 6 6 8 8—28  
Robert Lee — 0 7 0 0—7  
The Eagles launched a furious attack against Steer defenses after receiving the opening kickoff. In fact, they penetrated within Robert Lee's 20-yard line eight times in the first half. The Steers resisted valiantly and repulsed six of these threats.

It took the Eagles slightly over eight minutes to score the first time. After battling the ball to the Steer four, the hard working Eagle offensive line gave Archie Nixon the yardage needed for the score; but the Steers swarmed through to block the kick for extra point. The Steers blocked an attempted field goal on another of the Eagles threats in this first period.

The second quarter saw the Steers score when their QB Bobby Mumford sneaked over on a QB sneak from four yards out. Their try for extra point was good and the Steers jumped to a 7-6 lead in slightly over two minutes into the second quarter.

Eldorado nerves got pretty tense until Keith Williams set things up with a fine punt return to mid-field. Then the Eagles offensive line gave Archie Nixon an opportunity and Nixon hit Jerry Baty near the Steer 40 with a very proper pass which Baty immediately converted to an Eagle touchdown. This happened only two and a half minutes before the end of the first half; and even though the extra point was blocked, the half ended with the Eagles out front 12-7.

Both Steer and Eagle bands presented halftime shows; but the Eagle Band chose to provide not only a flawless drill but a colorful setting and appropriate music for effective reading of a very significant document for all Americans.

Eldorado partisans did not have a relaxed and happy third period until a minute and a half before it ended. Keith Williams set it up with a fine punt return and the Eagles would not be denied any longer and moved relentlessly on down to the Steer five where Billy Doc Hubble with encouragement from the Eagle line whammed over for the third touchdown to give Eldorado an 18-7 lead. Keith Williams then took an Archie Nixon pass for two extra points to raise the score to 20-7.

The Steers began trying desperately to recoup; and the Eagles began exacting penalties for errors. No doubt Steer QB Mike Mumford

had seed films of the disaster Victor Belman visited on Mason; so Mumford threw his hopeful passes all over the lot—but there were other Eagles.

Terry Clingan captured two of the errant Mumford aerials; Keith Williams two; and Jerry Baty, one; and Williams' last intercept set up the final Eagle touchdown.

The Eagles took over on the Steer 34. Terry Clingan got a fine send off from the Eagle offensive line and bolted all the way down the north side line for the final score and to clinch the Steer defeat irrevocably.

Archie Nixon on a keeper ran over for two extra points and the score rose to 28-7, Eldorado. This happened with seven minutes remaining in the game.

Eagle fans sighed contentedly and sat back to watch the Steers play desperation ball and the Eagles

turn them back.

Terry Clingan ran 36 yards, one for a touchdown, on two carries; and Victor Belman carried four times for 28 yards. Keith Williams carried a whopping 106 yards on 15 carries; and Billy Doc Hubble amassed a record breaking 157 yards on 29 carries.

Jerry Baty took two Archie Nixon aerials for 86 yards; Keith Williams, three for 50; and Charles Adams, 1 for 3.

Defensively, B. D. Hubble claimed four Steer stops while Walter Speck and Keith Williams accounted for five each. Oscar Martinez made six halts; Robert Hibbitts, 7; and Bob Whitten along with Roy Jones each tabbed 11 tackles. This game saw Dobbie Lively lead the defenders with 12.

Robert Hibbitts, Dobbie Lively, Walter Speck, Roy Jones, and Bob Whitten made Mike Mumford's

passing attempts nightmarish for him; but in recognition of his determination, somehow on several occasions, he managed to keep his right arm clear and get passes away. Once he hit Bobby Mumford for some 35 yards while he was draped with three furiously aggressive Eagles.

The Eagle-Steer contest was a fine exhibition of Class A high school football. There is something poignant about seeing two relatively evenly matched teams collide with courageous determination; and although one of these teams has to lose, parents and those who watch football usually sympathize with the losers even as they rejoice over their victory.

The Eldorado Eagles have paid the price of defeat and have a vivid memory of how it hurts. They clearly deserved to win and did in most commendable fashion.

### A LOOK AT CAPITOL HILL WITH **Dick Gill** YOUR CONGRESSMAN

FOR THE '70s  
 AND BEYOND

★ ★ ★ ★

Proposals to change the much criticized Congressional Seniority system under which committee members automatically advance to the top post simply by getting re-elected have been recommended by a House Republican Task Force.

The major thrust of the plan provides that the GOP Committee on Committees recommends at the start of each Congress the Republican member to serve as chairman or ranking member of each House standing committee—thus eliminating the seniority problems.

This supports what I have previously recommended as a criterion for replacing the present outdated seniority system of selecting congressional committee chairmen: **COMPETENCE AND ABILITY.**

O. C. Fisher recently went on record as defending the seniority system which is understandable. Just consider that Mr. Fisher has not been able to get one single military affairs bill he has introduced passed by his only committee in five years—much less passed by the entire Congress. So far this year he has missed one out of every four major roll call votes and now has taken a "leave of absence" for the remainder of the congressional year. You can understand why he would be reluctant to accept as criterion for keeping his job other than—as he puts it—his ability to "survive."

### Bill Lester, Jr., Given Naval Citation

Donald E. Ogle, Commanding Officer of the U. S. Naval & Marine Reserve Training Center in Abilene recently sent copy of a citation that was presented to Bill Lester, Jr., son of Mr. and Mrs. Bill Lester, former Eldorado residents who now live at Colorado City.

The citation reads:  
 Commander, United States Naval Forces, Vietnam. The Secretary of the Navy takes pleasure in presenting the Navy Achievement Medal to

William Cornett Lester, Jr.  
 Communications Technician 2nd Cl.  
 United States Navy  
 for service set forth in following Citation

"For professional achievement while serving with friendly foreign forces engaged in armed conflict against the North Vietnamese and Viet Cong communist aggressors in the Republic of Vietnam from July 1969 to June 1970. While serving as an operations analyst with United States Naval Facility, DaNang, Detachment Alfa, Petty Officer LESTER performed his duties in an outstanding manner. While displaying an exceptional professional proficiency, he significantly contributed to the mission of his unit. He increased the productivity of his unit by recommending new methods and procedures which resulted in an increase in overall effectiveness. He distinguished himself by his performance in continually accomplishing highly technical tasks. He worked long hours in the performance of both professional and military duties and his diligent efforts and professional expertise inspired all who observed him. Throughout his tour, Petty Officer LESTER performed his duties under the imminent threat of enemy terrorist squads and main force units and was subjected to rocket and mortar attacks. His professionalism and devotion to duty reflected great credit upon himself and were in keeping with the highest traditions of the United States Naval Service."

The Combat Distinguishing Device is authorized. For the Secretary of the Navy, J. H. King Jr., Vice Admiral, U. S. Navy, Commander U. S. Naval Forces, Vietnam.

**1970 — Year Of Consumer Revolt**

This year, 1970, may be remembered as the year of consumer revolution.

One advertising executive has said it may represent the beginning of a new era in advertising. "It will separate real advertising from slush."

Every indicator of consumer buying potential shows that the consumer has more disposable income than at anytime in history.

If his buying seems slow in some areas, it is because the consumer is more discriminating than ever. He is buying more from head and less from heat of emotions.

"The consumer has become cynical to appeals to vanity, status, fear, and pseudo-happiness. Now he looks for value," the executive said.

This opinion is confirmed by the increasing profits of great retail stores which depend primarily upon newspaper advertising for sales.

Their quarterly financial statements reflect no sign of recession. Newspaper advertising is a straight appeal to the intellect.

When it offers value, the offer is based on complete information from which the newly sophisticated consumer can make a solid decision.

Merchants who recognize this unique quality of local newspaper advertising yet flourish.

**Why Preston Smith?**

Preston Smith believes in working hard. For you. And that's why he's doing such a good job as Governor of Texas.

When Preston Smith entered public service, he didn't start by asking Texans to elect him Governor. That would have been foolish, because being Governor carries great responsibilities. And it demands the clear, steady judgement that comes only from experience.

Preston Smith had the good common sense to work his way up—gaining insight into how our state government functions.

He served six years each—as State Representative . . . as State Senator . . . and as Lieutenant Governor. Only then, when he felt fully qualified, did he seek the Office of Governor.

Now, after two years he has expanded the duties of the Governor's Office to better serve all the people of our State.

Yes, Preston Smith believes in hard work. For 20 years, he's been working for Texas—doing a good job. You can help keep him as Governor. Vote. Vote for Preston Smith on Tuesday, Nov. 3.

**Preston Smith**

is doing a good job. Let's keep him working for Texas.

(POL. ADV.—Paid for by the Committee for the Re-Election of Preston Smith, Mickey Smith, Chairman.)

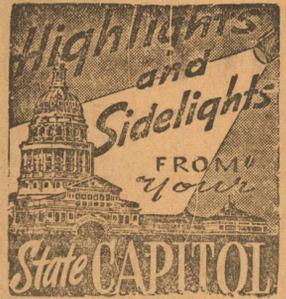

## COUNTY AGENT'S COLUMN

by *Tiny Godwin*

Schleicher County Agricultural Agent

This hasn't been the best fall for crop harvesting and since many cotton farmers save seed from the current crop for next crop planting,

Austin, Texas.—Auto insurance company spokesmen have called for an "absolute minimum" 11.7% profit allowance after taxes.

Industry representatives told the State Board of Insurance at a two-day hearing that they must have that margin to stay afloat and serve car owners.

At the same time, they told the Board it should consider all sources of insurance company earnings in arriving at rates. Meeting was to hear testimony as to whether company investment income should be included in the auto premium rate base.

Further hearing in November will determine what actual rate recommendations will be. Apparently, no rate change will go into effect before next January.

Industry recommendations — including consideration of all income and fixed allowance for a fair rate of return—would add up to a 6.5% increase in the auto premium rate for most motorists, experts estimated.

Under industry recommendations, future rate inadequacies would be the "sole responsibility of the (state) regulators if they fail to recognize a proper rate of return," spokesmen said.

Expert witnesses told the Board that state-regulated utilities, which have far less risk of loss than casualty insurance companies, are permitted higher profits.

Others said that casualty insurance companies are among those that have the lowest rates of return of any major industry.

Unimpressed, Texas AFL-CIO President H. S. (Hank) Brown promised the biggest fight "since the Battle of the Alamo" if the Board agrees to another rate increase.

### Attorney General's Opinions

A county may pay overtime subject to budget and maximum salary laws and may pay for accumulated vacation time in line with contracts, Atty. Gen. Crawford C. Martin has held.

In other recent opinions, Martin concluded that:

—Public junior college districts are classified as political subdivisions of the state for the purpose of elective coverage of employees under employment insurance.

—State employees under the classification system may be reclassified downward without change in duty assignment, without mandatory pay rate reduction not to exceed "step 7" of lower pay group.

—Central Education Agency has authority to contract with private firms to set up and operate experimental diagnostic programs for language-handicapped children.

—Harris County Commissioners Court has the mandatory ministerial duty to approve and pay budgetary expenses allotted for the county purchasing agent and fixed by board of judges.

—Wife of Waller County road administrator may be employed in the county road and bridge department.

### College Enrollment Soars

There are 427,472 students in Texas public and private junior and senior institutions of higher education this fall. It's a new high!

Percentage of enrollment growth was 8.34% over 1969 when enrollment reached 393,102. Texas growth rate is well above the national average of 4.5%. Figures are preliminary.

some problems may arise.

When cotton opens during wet weather there is some danger that free fatty acid may develop in the seed. It can be detected by cutting seed and observing the color of the meat in the seed. If the seed has a brown color, then care must be exercised in handling the seed.

Seed can be damaged if it is stored overnight on a trailer at a moisture content of over 12%, or if it is left on a trailer on the gin lot during rush ginning periods.

Harvesting should be delayed in the morning until the relative humidity, at boll height, is 60% or less. It's better to eat an early lunch and start the stripper around 11:00 a.m. than to rush the job. Next year's planting seed should be saved from afternoon harvested cotton.

Cotton producers who are interested in more information on the subject may come to my office for copies of MP-326, Storage of Cottonseed for Planting Purposes; MP-297, Keep Cotton Dry, Loose and Clean; and L-684, Harvest All You Grow—Increase Profits—Pick Dry Cotton.

It is better to appreciate things you don't have than to have things you don't appreciate.

Frost and freezing weather will soon be with us and with it will come changes in plant growth. When the growth of all members

### Nancy Chambers Bride Of David Oscar Childers

In the First Baptist Church of Carrollton at 7:30 p.m. Saturday, Oct. 10, Nancy Ann Chambers became the bride of David Oscar Childers. The Rev. Wayne Allen was the officiant.

Given in marriage by her uncle, Jack A. Chambers, the bride is the daughter of Mrs. Clyde A. Chambers and the late Clyde A. Chambers of 1837 Spring Avenue, Carrollton.

The bridegroom, of the Westchester Apartments, 1510 Metro Drive, is the son of Mrs. Edwin O. Childers of Eldorado and the late Mr. Childers.

Matron of honor was Mrs. Sharon Quesenberry of Garland, sister of the bride. Bridesmaids were Miss Carla Branson of Killeen and Miss Betty Chambers of Carrollton, sister of the bride.

Best man was Larry Patrick Childers of Richardson, brother of the bridegroom, and the groomsmen were George Bynum and Vant Williams, both of Carrollton.

The couple left on a wedding trip to Colorado Springs, Colo., after which they are residing at 254 Westchester Apartments.

### TO SPEAK HERE NOV. 8TH

George L. Terry of the Christian Medical College in Ludhiana, Punjab, India, will speak at the First United Methodist Church on Sunday evening, Nov. 8, 1970 at 7:00 p.m.

Mr. Terry and his wife Patricia have returned to the United States for a furlough from their overseas missionary service.

Mr. Terry is a graduate of Baker University, with a Masters degree from the University of Pennsylvania. He also has a degree from Garrett Theological School, and has done post graduate work at Louisiana State University.

His visit is being sponsored by the Board of Missions of the United Methodist Church, and the local Presbyterian-Methodist Sunday evening fellowship.

### MERRY MAKERS 42 PARTY

of the Sorghum family, including johnsongrass, sudan, forage sorghums and all hybrids, is stopped by frost, they sometimes develop a high prussic acid content and become a hazard to grazing livestock.

Certain chemical changes occur in the frost-wilted plants and are responsible for the prussic acid development. The poison acts quickly and can kill an animal within a very short time after the damaged plant is eaten. Whether a poisoned animal can be saved usually depends upon how soon a veterinarian can get to it.

Frosted johnsongrass or sorghum should not be grazed until the damaged plants are as dry as good quality hay or for at least a week after the frost. If the crop was ready to cut for hay before the frost, it may be cut immediately provided adequate curing time is allowed. Silage made from frosted plants is safe as soon as the ensiling process is complete.

Young plants or second growth suckers are more likely to cause trouble than older plants nearing maturity. Too, the more luxuriant the growth, the more likely the plants will be dangerous if their growth is interrupted.

Additional information is avail-

able from veterinarians and county agent relating to grazing and/or harvesting and storing of frost wilted plants. \* \* \*

Most of us are so busy trying to get what we don't have that we can't enjoy what we do have. \* \* \*

Schleicher County farmers and ranchers should begin watching their cattle for winter tick population build-ups. These blood-sucking parasites can cause tremendous losses to cattle through loss of blood, weakened condition, reduced feed conversion efficiency and increased susceptibility to diseases and nutritional disorders. Many of the troublesome ticks attack primarily during the winter months when the animals are in their poorest nutritional state creating an extra burden on the animal's defenses.

Effective tick control can be accomplished economically through the use of modern spray and dip materials. Thorough coverage with the insecticidal material is necessary for best control. Dipping assures thorough coverage, but sprays can be effectively used if careful attention is given to thoroughly wetting the hair coat to the skin.

A complete listing of recommended tick control materials is in my office and I will be happy to furnish these recommendations upon request.

Before purchasing and applying livestock insecticides, carefully read the label and pay particular attention to precautions and restrictions listed. Observe strictly the slaughter intervals as clearly stated on the label.

If you cannot have everything; make the best of everything you have. \* \* \*

Ronnie Mittel and Clifford Schooley, 4-H leaders, remind all 4-H and FFA members that Saturday, October 31, is the date set for shearing all market classes and carcass classes to be entered in the January 16, 1971 local show. Mr. Mittel also states "that lambs will be weighed and ear tagged after shearing."

"The place is the 4-H club center, and the time Saturday, October 31, 1970 at 9:00 a.m.," continued Mr. Mittel. "4-H leaders will be present to assist all members," insisted Mr. Mittel.

There is no right way to do a wrong thing.
