## Double Funeral Held For Mother, Daughter

Joint funeral services were held Sunday for a San Angelo woman and her daughter who died about nine hours apart in Shannon hospital.

Mrs. Willie Tisdale, 83, died at 7:20 a.m. Friday and her daughter, Mrs. Laura Tisdale Baker, 61, died at 10:35 p.m. Thursday.

The service was held at 2:00 p.m. Sunday in Johnson's Funeral Home chapel, with J. G. Bunyard, Business Men's Bible Class lecturer, officiating.

Mrs. Tisdale and her daughter had lived in San Angelo 42 years and made their home together at 515 Spaulding.

Mrs. Tisdale was the widow of Joe Tisdale, a Schleicher county rancher. She was born Jan. 6, 1888, at Menard. She had been hospitalized since July 26.

Mrs. Tisdale is survived by two daughters, Mrs. Charlotte Harvey of San Angelo and Mrs. Cliff (Ethel) Jones of Corpus Christi; four brothers, August Prugel of Eden, John Prugel of Prescott, Arizona, Robert Prugel of Dalhart and Jim Prugel of Long Beach, Calif.; four grandchildren and seven great-grandchildren.

Mrs. Baker was the widow of Robert Baker. She had taught in San Angelo schools for about 20 years before becoming ill sometime ago. She was admitted to the hospital a few days before her death. An Eldorado native, she was born Aug. 22, 1910.

Mrs. Baker is survived by two sisters, Mrs. Harvey and Mrs. Jones. The family requested that memorials to her be made to the American Cancer Society.

## Oil Production Figures Given

Dallas, Tex.—Production of Texas crude oil last year again hit an all-time high while additions to reserves continued to lag, according to the latest compilation of the Texas Mid-Continent Oil & Gas Association.

The state's oil fields produced 1.2 billion barrels of crude bringing the total for the past 81 years of recorded production to 34.1 billion barrels.

"Economic benefits from the production were felt throughout Texas," says Kenneth E. Montague, Association president, "as 205 of the state's 254 counties had producing oil wells. It is unfortunate that more oil was produced than was found in Texas—pulling our reserves down for the third straight year."

Schleicher county, which has had recorded production since 1937, had a crude oil output of 55,338,521 barrels up to the beginning of 1971. Schleicher county production in 1970 was 2,104,195 barrels at the rate of 5,765 barrels daily.

Fifteen counties produced more than 25 million barrels with Andrews topping the list with 71,684,656 barrels followed by Ector with 68,562,247 and Scurry with about 58,085,376.

Gregg remained the all-time champion with a cumulative production of 2.2 billion barrels. Ector is second with 1.7 billion barrels.

## RECOVERING FROM HEART ATTACK

Selma O. Dickson, manager of Eldorado Divide Cable Corporation, suffered a heart attack at his home in Sonora about 5 weeks ago and was a patient at Sonora hospital until this week.

He was moved Monday to his home there where he is recovering nicely. According to doctor's orders it will be at least a month before he will go back to work.

Visiting Mrs. L. D. Ochsner over the week end were her son, Mr. and Mrs. George Ochsner of Midland and their baby son Stephen; also her daughter, the Harold Scherzes and son Drew of Austin, who also attended the Teaff and Derrick wedding in Sonora Saturday.

Recent visitors in the home of Mr. and Mrs. Cecil Williams were their son and family of Midland, Mr. and Mrs. Roy Williams, Rodrick and Ellen. Their daughter, Mrs. W. J. Davis, Janet and Ray also Miss Laura Jackson, all of Abilene, visited here also.

## Post Script

In a surprise move to combat inflation, President Nixon gave an address Sunday night freezing all (or nearly all) prices and wages for a 90-day period. Ninety days from now would be mid-November which is less than a year ahead of the contest in 1972 when he must run for re-election. There is already talk that the controls may be extended beyond the 90 days.

The President called for repealing the 7% federal excise tax on new automobiles and imposing a 10% duty tax on foreign imported automobiles. This, it is hoped, will give the American made cars a better advantage over their foreign counterparts which have made considerable and increasing inroads on new car sales in this country in recent years.

The Stock Market responded Monday with a gain of 30 points in the Dow Jones average and a record volume of shares sold for a single day.

This action by President Nixon is the most far-reaching made by any President in a peace time year since the early 1930's when Franklin D. Roosevelt went into office, proclaimed a Bank holiday, and called in the gold.

The Big Three auto makers had price increases scheduled to coincide with introduction of their 1972 models in the fall, and they have already rescinded those hikes.

The President's attempt to hold the line against inflation is being met with both support and opposition, as expected, from those segments of the economy which have to do with pricing, labor-management relations, and those concerned in any way with imports and exports.

Already travelers abroad are finding that their dollars buy less, but the dollar is to "float" and find its own price level in relation to all foreign currencies. The dollar will no longer have any tie to gold.

How all this affects the average citizen in the months ahead remains to be seen.

And now we can say that we have lakes scattered all over our county.

And not a single one of them has been polluted—yet!

The series of rains that started Saturday, July 24th seem to have come to an end this past week end. At least we had sunshine Monday and Tuesday. To get the totals for that period we called a scattered few and here are their figures:

Norman Hodges, Eldorado	20.60
Fay Baugh Spence	14.00
H. A. Belk	20.00
Billy Williams	22.00
S. D. Harper	14.30

Fred Case stopped counting after the first foot.

There are lakes on every farm in Bailey ranch area.

A. W. Keys reported 17.60

E. H. Dannheim 18.45

Truett Stanford 18.50

Parker Bros. ranch, lakes all over no report.

A number of people claim this was a bigger rain than the one in 1936. Thirty-five years ago they didn't have the highways we do now and it caused much more inconvenience. We are told mail had to be carried by a boat across a lake in order to reach Sonora.

Thousands of ducks came in here that fall and fed on lakes full of ripe grain. That may be something to look forward to.

The entire Eldorado business community welcomes Jerroll Sanders' plans for a new restaurant here.

"El Dorado Restaurant" is to be the name of the establishment, which will have total serving capacity of 200, and which it is hoped will be open for business within a month.

With our subscribers:

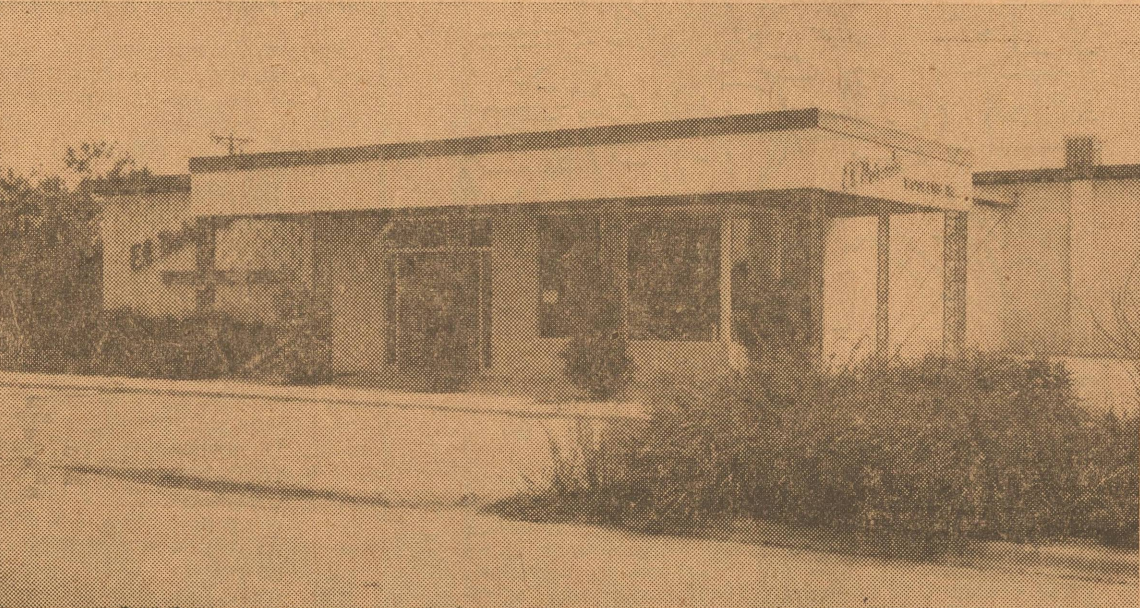

Mrs. Robert Lauffer is subscribing at 13807 Stone Moss, Dallas.

James Swain is a new subscriber at Box 72, Geronimo, Okla 73543.

Earl Barnett recently renewed at 924 South Evenside, Henderson, Texas 75652.

A final note: As we go to press Wednesday morning, we have had three or four days of sunny weather to dry things out, but now the forecaster is again giving us a 20% rain possibility!

## Large Building On Sonora Highway To Be Renovated Into Restaurant

## Remodeling Of Former Woolen Mill Building For New Purpose Is Set

A major business transaction affecting Eldorado took place this week when Jerroll Sanders instigated a lease for the former El Dorado Woolen Mill building on the Sonora highway and announced plans to remodel and equip it for use as a restaurant.

Pen Barker and El Dorado Woolen Mills vacated the building back in the Spring, and the structure has stood vacant since that time.

Sanders announced plans for the largest and most ambitious restaurant ever to be located here. It is planned to serve local people and also the traveling public since it

is located on the heavily traveled Sonora highway.

Inside the front door, where the fabric shop was located, will be the main public dining area. The carpeted office areas on the north side will also become dining areas. There will be a public area at the front and toward the rear (former directors room) will be a private dining room.

The kitchen will be located in the rear, adjacent to the alley, along with a large banquet room on the south side.

Sanders will have workmen at work in the near future laying new

floor tile, removing a partition or two, and doing the necessary plumbing work to accommodate the new establishment.

It is hoped that the restaurant can be open for business by sometime in late September.

Overseeing the remodeling, procuring equipment, and lining up the hired help are all major phases of work for Sanders to be concerned with in the weeks immediately ahead.

He will resign his present job with Service Pipe in order to devote his full time to this new venture.

## Football Practice Under Way

Coach Ronnie Stephens speaking for the Eagle coaching staff said this past Monday that the coaches were pleased with the good attitude exhibited by Eldorado High School boys reporting for practice.

The coaches continued that they were pleased also with the good physical condition they found with the prospective football players August 12, when the lads reported for first drills. They said they had another reason for being pleased and that was because 46 lads had reported for early training with at least two more freshmen and one more sophomore yet to report.

Coach Stephens remarked that earlier it appeared that the total number out might not exceed 34. He went on to say that the Eldorado boys although in good condition, are not meant to be ready for competition, but it did mean that they would not have so far to go to achieve this physical state.

The Eagle coaches said that August 16, which marked the beginning of the two-day drill periods was marked by some confusion but that this was to be expected as this usually happens with teams for the first day or so but routines are quickly established and the Eagles have already done so.

When queried concerning Eagle manpower, Coach Stephens said that the Eagle line had been hit hard by last May's graduation exercises as there were only two returning lettermen for line positions. He continued that the backfield situation provided a more cheerful outlook as there were two sets of backs with promising abilities. Coach Stephens said that it was obvious that the Eagles would rely on strength and quickness to compete against many opponents whose teams would boast bulkier players.

In regard to additional boys reporting, Coach Stephens explained that a change in Interscholastic League rules might provide a man or so to the Eagles. He went on to say that the change was this: A senior boy transferring to another school could be eligible to compete if officials of both schools signed statements to the effect that the boy left former school because of circumstances beyond his control & that the boy had not been recruited by the school to which he transferred.

Coach Stephens briefly described the two-day training routine the Eagles were currently following this way: From 7:30 until 9:00 each morning, the boys don full pad equipment but with shorts rather than pants and leg and hip pads; and that during this period, stress was placed on teaching football skills and fundamentals.

He went on to say that the evening practice periods saw the boys

wearing complete uniforms participate in actual applications and demonstrations of what they had been taught in the morning sessions. He added that this involved considerable contact so the pads were actually needed. He said that the evening activities began at 6:30 and ended at 8:15.

Coach Stephens concluded that the Eagles would change into the regular one-a-day practice schedule beginning with the opening of school Monday, August 23.

## Bulletin Board

1. The Eldorado Eagle football team members report for photography Saturday, August 21, at 10:30 a.m.

2. They report Saturday evening, August 28, on Eagle Field, the B team at 6:30 and the A team at 7:30 for a vigorous session of scrimmage against the always-optional Winters Blizzards.

3. Final pre-season scrimmage sees them, Saturday, Sept. 4, in Ricksprings, the B team working from 5:00 until 6:00, and the Varsity engaging in what will be a boisterous session with the "Billies" beginning at 6:00 o'clock.

4. These two "demonstration periods" are permitted by UIL rules; but kickoffs, publicity, ticket sales and the like are not. However, these sessions provide very valuable experiences and opportunities for changes and corrections for both coaches and players.

## Season Tickets Go On Sale August 25th

Success printers prepared the 1971 season tickets for varsity football last week end and delivered them to the school. Guy Whitaker will start selling them in his office August 25th. The cost is \$7.50 for the five home games.

All football fans who plan to retain their reserved seats for the 1971 season have until Wednesday, September 8, Whitaker added. On that date all unsold seats will be released for sale.

The first home game will be Friday, Sept. 17, with Ozona being the opponent.

The Jim Head family returned recently from Wisconsin where they visited relatives.

Visiting the Pat Wester family have been his brother, Mike Wester and family of Lubbock. Mike is a reporter there for UPI and they were here to visit after spending some time in Edinburg and other points in the Valley.

## Miss Wagoner Receives Auxiliary Scholarship

MONA WAGONER

The Schleicher County Medical Auxiliary has named Miss Mona Wagoner as recipient of this year's scholarship fund. The \$125 scholarship is awarded each year to a person pursuing a medically related field. Mona will enter Angelo State University later this month and plans a career in Registered Nursing.

At the August meeting the nominating committee reported that they had agreed on a proposed slate of officers for the 1971-72 year. These officers will be formally announced and installed at the September 2nd meeting.

A committee was appointed to make the final study and decision on the proposed purchase of a whirlpool bath for hospital use.

## New Babies

Mr. and Mrs. Joe R. Stanford of Vista, California, are parents of a son born August 6, 1971 at Tri-City Hospital, Oceanside, California.

The baby weighed 8 lbs. 11 1/2 oz. and was 21 1/2 in. long. He has been named Mark Andrew. He joins a brother, Kevin, age 4.

The mother is the former Nancy Jo Jackson. Mrs. Truett Stanford is spending several weeks with her son and family in Vista.

## Gets UT Degree

Austin, Tex. (Spl.)—The University of Texas has 346 tentative candidates for the Bachelor of Business Administration degree at the close of the summer session August 21.

The list of graduates, made public by Dean George Kozmetsky, includes John Stephen Whitten of Eldorado.

SALES PADS, just 10c each at the Eldorado Success office.

## School Year To Be Launched Monday

The 1971-72 term of school will get under way this coming Monday morning. The administrators report that everything is in readiness for the new coming term.

The following are this year's school staff:

C. T. Humphries ----- Supt.  
Guy Whitaker ----- H. S. Principal  
Walter Wallis ----- Ele. Principal  
H. S. Secretary ----- Mrs. J. F. Mayo

Cafeteria Book-keeper ----- Mrs. Pansie Jay  
1st Grade ----- Mrs. Imogene Newport and Mrs. Myrta Cash  
2nd Grade ----- Mrs. Billie Jones and Miss Nancy Blount

3rd Grade ----- Mrs. Evelyn Stigler and Mrs. Doris Garlington  
4th Grade ----- Mrs. Melissa O'Harrow and Mrs. Ora Deal  
5th Grade ----- Mrs. Imogene Edmiston and Mrs. Beth Whitaker  
6th Grade ----- Mrs. Estelle Humphries and Mrs. Alta Cain

Elementary Music and Reading ----- Miss Judy Hardin  
Preschool ----- Mrs. Joann Edmiston  
School Nurse ----- Mrs. Franc. Edmiston  
Kindergarten

Aide ----- Mrs. Gloria Rodriguez  
Girls P. E. and Health ----- Mrs. Shannon Harber  
Science ----- Mr. Jim Thornton  
Librarian & Social Studies ----- Mrs. Judy Meador

English and Spanish ----- Mrs. Jean Kuykendall  
English ----- Miss Katherine Hill  
Coach and Reading ----- R. E. Helmers  
Coach & Social Studies ----- Ronald Stephens

Jr. High Math ----- Donald Brim  
High School Math ----- Ken Thomas  
Commercial & English 7 ----- Doyle Williams  
Vocational

Homemaking ----- Miss Dana Owens  
Vocational Agriculture ----- James S. Ball  
Coach, English 8 & Reading ----- Wesley Verner  
Coach & Social Studies ----- Mr. Lynn Meador

Math & Science ----- Robt. Jay  
Band Director ----- Wayne McDonald  
Speech and Social Studies ----- Allan Dinsmore  
Coach, Economics & World Geography ----- Michael Quimby

Math & Science ----- Robt. Jay  
Band Director ----- Wayne McDonald

Speech and Social Studies ----- Allan Dinsmore  
Coach, Economics & World Geography ----- Michael Quimby

## Student Registration Set For August 20

Friday, August 20, has been set aside for all students in grades 7-12 to pick up their schedule of classes, in High School Principal Guy Whitaker's office.

Any student who did not attend the Eldorado public schools during

—(Continued on Page 5)—

## Oliver On Job As Assembly Of God Pastor

The Rev. Doyle N. Oliver, his wife Sandra and son Michael, age 14 months, have been living here for six weeks and he is new pastor of the Assembly of God Church.

He was employed in Dallas and San Angelo before moving here.

## BACK FROM TRIP

Mr. and Mrs. James Williams flew to Atlanta, Georgia, last week for a visit with their son-in-law and daughter, Dr. and Mrs. Stewart Wiegand. James returned on Sunday while Mrs. Williams remained for a longer visit.

Their grandson, Tres Davis, son of the Morris Davises of Austin, visited with the Williamses for several days after their return from Atlanta.

## News of the Sick

Jimmy McGinnes was brought home Monday following a week's stay in Shannon hospital. He is confined to the home of his parents, Mr. and Mrs. Elton McGinnes.

## TO RECEIVE DEGREE

Maggie Lew Stockton will receive her Bachelor of Science degree from Colorado State University at Ft. Collins, on Aug. 20th. Her degree is in home economics. She will visit here for a while with home folks. Her future plans are indefinite.

Cardboard 10c & 20c. Success

### County Ag. Agent's Column

By Jerry Swift

#### Home Gardens

Recent rains have created a few problems with the home gardens. Drain water from your garden as soon as possible. Don't let water stand in the rows. Good drainage is essential for an effective garden.

#### Screwworm Situation!

Thirty-six screwworm cases were confirmed in the southwestern United States in July, compared to 58 for the corresponding period a year ago. Texas reported 30 of these 36 cases.

All Livestock owners are reminded to check their herds regularly, collect samples of all worms found within infested wounds, and mail samples to the Mission Lab.

#### Sheep

Finewool ewes bred earlier are better suited to existing range and environmental conditions and are more resistant to internal and external parasites than other breeds or crossbreeds. Lamb size and percentage lamb crop are the two most important factors in sheep production at the present time. Don't under estimate wool production. It still is a factor in sheep production. To accomplish

these factors, a strong selection program with finewool ewes will produce the desired lambs and wool much more profitable than other breeds or crossbreeds. Consider all factors before under selling the finewool ewes for Schleicher county.

#### Angora Goats

Size is important to the Angora goat because the large animals are stronger and able to withstand more cold following shearing. Size is also becoming more evident due to the meat production possibi-

ties of angora goats. The large animals have more area for producing mohair and usually produce heavier fleeces.

Size is controlled largely by the quantity and quality of feed available during the period of growth. It is desirable to place young goats on good range to get better development and mohair production.

Nutrition is the key factor in goat production.

#### Brands To Be Recorded

Livestock owners need to record

all livestock brands and marks with the county clerk's office after August 30, according to the new brand law passed in the last session of the Texas Legislature.

Under the new law all brands now recorded will expire 6 months after the effective date of Sept. 1.

This means that persons now using a registered brand or mark must register within this 6-month period (Sept. 1, 1971 through Feb. 29, 1972). After this time any unrecorded brand becomes available on a "first-come" basis. The brands and marks must be re-recorded every 10 years.

Periodic registrations are enacted to clear the records of brands no longer being used.

#### Pecans, Fruit Trees & Vegetables

Are you having problems with your pecan trees or the fruit trees? What are our vegetable potentials in Schleicher county? What commercial orchards are suited for this area?

These questions and many others plus your questions will hopefully be answered Thursday, August 19 at 8:00 p.m. in the Memorial Building, B. G. Hancock, Texas Agricultural Extension Service Horticulturist and Floyd Butler, vegetable producer in Schleicher county, will be here to discuss these problems and give the potential of Schleicher county in commercial fruit, nuts and vegetable production.

If you have any question about your home garden, this is a good time to use these two men to answer your questions.

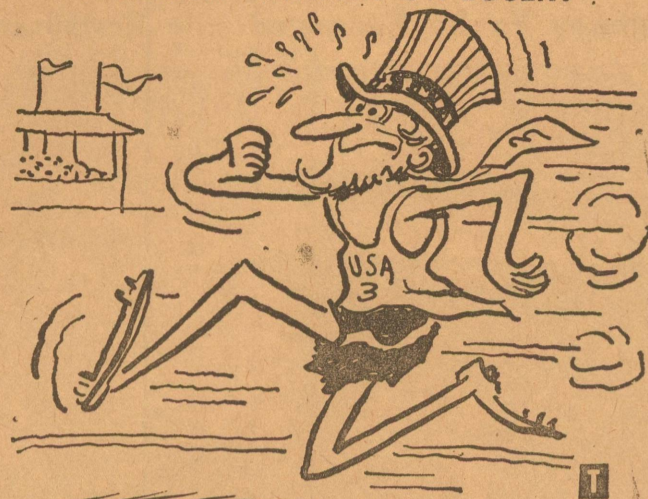

This program will be of benefit to home owners and also farmers. Hope that everyone will plan to attend.

Everyone is invited to attend the tour of pecan orchards in Schleicher county as scheduled or join it at anytime.

Tour Schedule:  
10:00 - 12:00 a.m. Pat Enochs, 1050 pecan trees;  
12:00 - 1:00, Lunch.  
1:00 - 3:00 p.m., Clovis Olsak's, 600 trees;  
3:00 - 4:00 p.m., Joe Christian's, 120 trees;  
4:00 till, Duncan Wilson's, 1450 trees;  
8:00 p.m. Eldorado, Program on Pecan, Fruit and Vegetables, 10:00 p.m.; Completed.  
Program—  
B. G. Hancock, Horticulturist.  
Floyd Butler, Vegetables.

TYPEWRITER RIBBONS, for Royal, Underwood, and Remington—available at the Success.

### AMERICA: WINNER OR LOSER?

In 1972, the largest, best-trained United States teams ever will compete in the world's greatest sports event, maybe!

The current U.S. Olympic Committee budget is \$10 million, the amount required if we are to field the caliber of teams of which the U.S. is capable. And the Committee's need for this large sum is crucial. For, if anything less than the \$10 million is raised in the next two years — some of our athletes might not be able to compete in 1972. There will simply not be enough money unless we do something. Now.

Unlike other countries, America does not support its Olympic teams with government funding. Consequently, the money needed to select, train and field them must come entirely from private sources.

The business community can make an effective contribution by following the lead of the world's largest bank, Bank of America has made an initial gift of \$100,000 to the U.S. Olympic Committee, and will donate a percentage of the commission on each Bank of America Travelers Cheque sold between April, 1971 and Sep-

tember, 1972. Private individuals purchasing these cheques will be making a contribution to our Olympic teams at no additional cost to themselves.

The Olympic games represent international competition in its purest form. For a brief period of time, the Olympics meld the world together, cutting across national differences and jealousies, racial strife and religious conflicts. Young men and women of all countries compete with one goal in mind: excellence of performance. Young people of all nations are inspired and encouraged to work and achieve. Characters are molded, bodies strengthened.

All Americans, whether from the business community or the private sector of life, can help support this ideal by helping their country field teams they will be proud of — by buying an Olympic related product like Bank of America Travelers Cheques or by sending their contributions direct to the U.S. Olympic Committee, Box B, 57 Park Avenue, New York, N. Y. 10016.

After all, what have you got to lose — besides the sporting chance our youth deserves?

### SAFETY SENSE

#### HOME SAFETY QUIZ

Since most accidents occur in the home, household safety should be high on your list of family priorities.

Accordingly — here's a quick quiz to test your home safety awareness:

1. True or false — falls cause more fatalities in the home than any other kind of accident.

2. You can put out a frying pan grease fire with ordinary

(a) powdered detergent; (b) flour; (c) baking soda; (d) water.

3. Where can home craftsmen get special goggles and respirators to protect eyes and lungs from workshop hazards?

4. As a rule, prescription medicines should be discarded after (a) 3 months; (b) 6 months; (c) one year; (d) the illness for which they were prescribed has passed.

5. True or false — cuts are the most common home accident.

6. What's the best way to pick up small bits and slivers of broken glass?

ANSWERS: 1-T; 2-(c); 3-B; 4-(d); 5-F; 6-With a damp paper towel.

### MEMORIAL PROGRAM

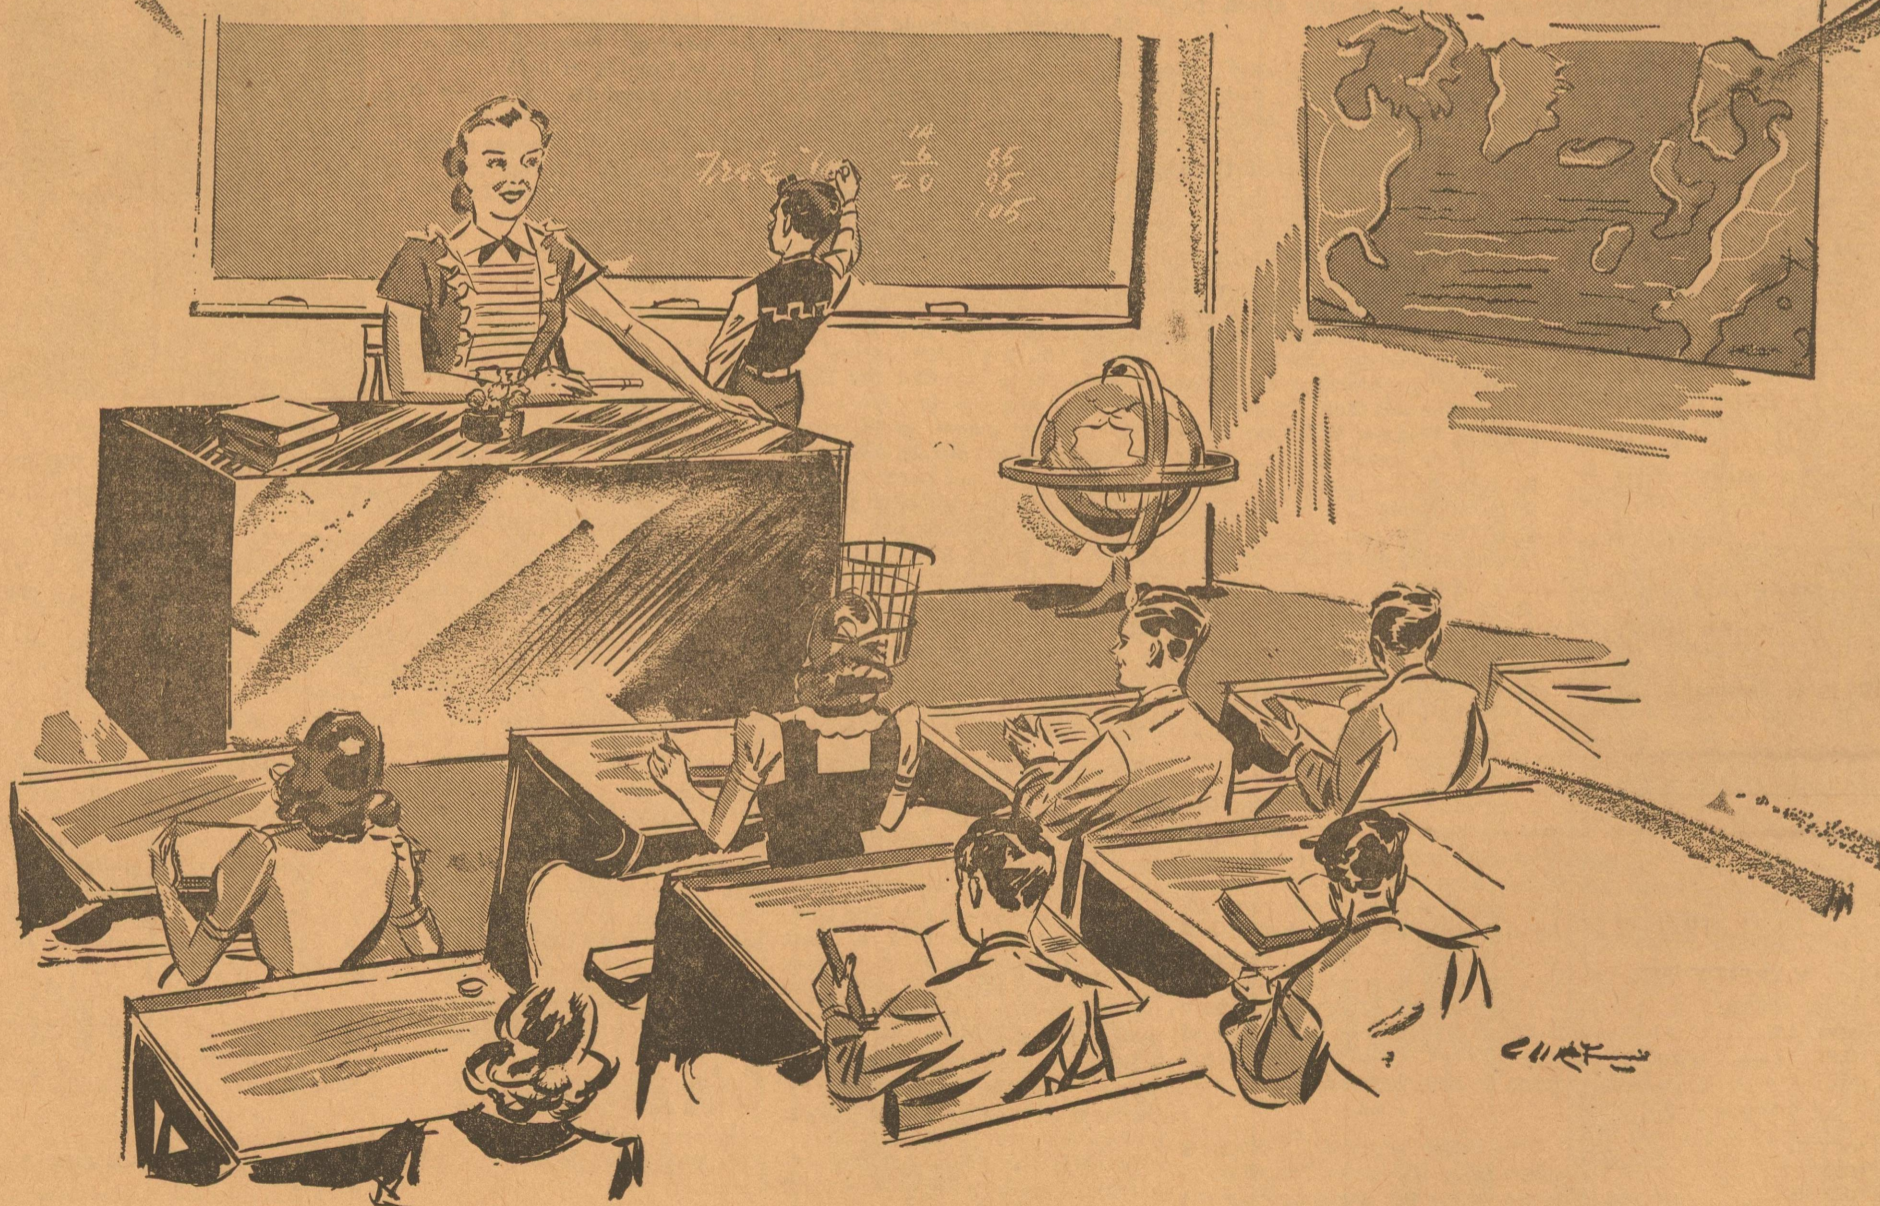

Your Memorial Gift is a fitting tribute to a loved one. This remembrance helps support the research, education and service programs of the American Cancer Society.

Memorial gift funds may be sent to your local Unit of the Society.

AMERICAN CANCER SOCIETY

We have the appropriate cards to send to the family and to the donor, and will send your check to the American Cancer Society in Austin.

The good rains received since the last of July in the Eldorado-Divide Soil and Water Conservation District caused some damage to terraces on cultivated fields. Observations and checks were made last week by Lloyd B. Johnson of the Soil Conservation Service to determine what caused terraces to break. "Most always, the first reason attributed to broken terraces is too much rain in too short a time. Some of the time this is correct. However, too many terraces are broken due to not being constructed or maintained properly," Johnson states.

Terrace maintenance as needed will always either prevent terraces from breaking or reduce damage to a minimum if terraces do break due to too much rain. Constructing and maintaining terraces to hold all water from any rain would not be practical. Therefore, terraces should be constructed and maintained to hold water from storms of moderate high intensity and not maximum intensity—storms that might occur once in 50 years.

Following good rains is a good time to take a good look at terraces and see what maintenance is needed. Proper end-closures is one item that should be checked out. "Improper end-closures was one of the reasons that caused many terraces to break following recent rains. This was due to end-closures begin as high or higher than the terrace," Johnson stated. Terrace end-closures should be constructed and maintained whereby

excess water can spill at end-closure and not break terrace out in the field. If possible, end-closures should be made whereby excess water will drain outside field into a grassed area that will not be damaged by run off water. Another advantage of end closure being constructed to outlet excess water into a grass area is when too much rain is received water can be drained from field before crop is drowned out.

Too many acres of land above terraces can also cause terrace to get too much water. Water from outside the field should always be taken care of before terraces are constructed. Each terrace in field should be located whereby it can hold the water from all the area above it.

Maintenance work and repair should be done after fields are dry enough. Water needed for future crop production can be lost from fields with broken terraces. Also, each time water runs thru washed out places more of the terrace fill and topsoil is lost from that part of the field.

Technicians of the Soil Conservation Service available to assist farmers in determining their needs of terrace maintenance. Checking end-closures and terraces for right height is as important as constructing terraces. SCS technicians also assist farmers and ranchers in planning and applying needed conservation practices on their places.

## Don't drop out of school!

IF YOU DO DROP OUT YOUR EDUCATION AND JOB OPPORTUNITIES WILL DROP OUT TOO!

Today, more than ever before, a high school diploma is vital if a young man or woman wants a career. In fact, it's difficult to obtain any job without completing high school. When a job is available to the non-graduate, it is often one that stops where it starts. There is little chance for advancement. Look beyond the promise of an immediate salary—look to the future and don't drop out of school!

## Sandwich Month

College Station, Tex.—August is sandwich month—time to plan nutritious back-to-school packed lunches and after-school snacks, reminds Frances Reasonover, Extension foods and nutrition specialist at Texas A&M University.

The number one rule in planning sandwich lunches and snacks, she says, is to follow the four basic food groups—meat, bread-cereal, fruit-vegetable and milk.

Peanut butter and banana sandwiches are hardy lunch-time treats. Peanut butter represents the meat group; bread, the bread-cereal group; and bananas, the fruit-vegetable group. To supply the valuable vitamins A and C, round out the lunch by adding a small can of tomato juice, an easy source of both these vitamins.

For growing children, add a cheese and tomato sandwich, made with a quick and nutritious spread of canned tomatoes and cheese, or just add a thermos of milk. Either cheese or milk will represent the milk group.

Lettuce and celery are also important sandwich fillers. They add crunchy variety to mealtime, plus important vitamins and minerals.

Be creative when preparing sandwiches and other sack lunch foods, Miss Reasonover suggests, but always keep in mind the four food groups.

## AWARDED EAGLE SCOUT

CHARLES ATCHLEY

Charles L. Atchley, son of Mr. and Mrs. Thurman Atchley, 1416 Sandalwood, Odessa, Texas, was awarded the rank of Eagle Scout at a Court of Honor held by Troop 269, Odessa, on August 5. Charles will be a seventh grade student at Nimitz Junior High School this fall.

Grandparents are Mr. and Mrs. Cecil A. Williams, Rt. 1, Eldorado, and Mrs. Sue Atchley of Odessa.

## Recent Bride Honored

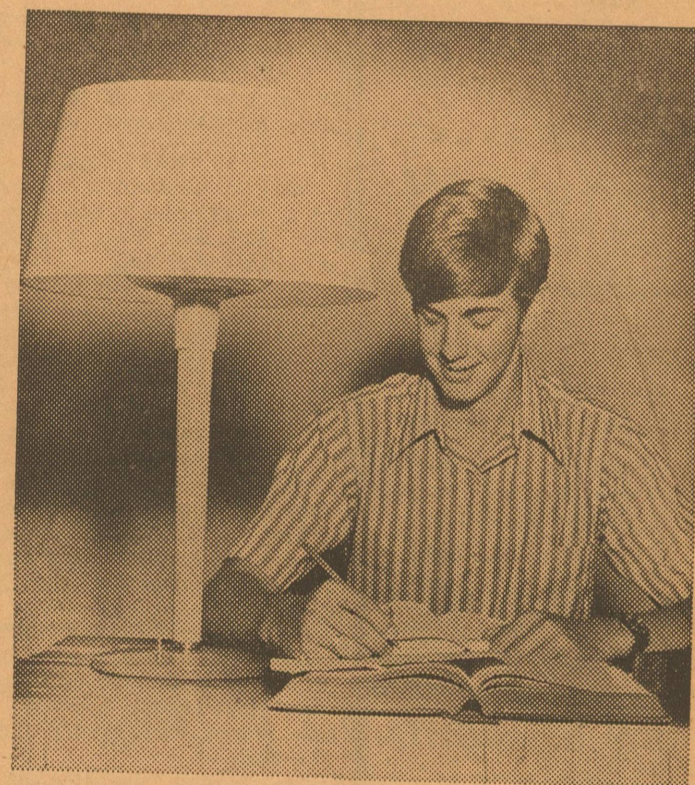

Mrs. Jim Lacy, the former Elizabeth Kay Bradley, was honored on Saturday morning, August 14th, with a bridal shower at the E. C. Peters home.

Jeanne McCravey was at the guest register and Marian Bland, Eva Stigler, Sue Collins and Andrea Lacy served from the dining table decorated in the bride's chosen colors of royal blue and gold.

Receiving guests were Mrs. Lacy, her mother, Mrs. R. K. Bradley, her grandmother, Mrs. F. M. Bradley, and the mother of the groom, Mrs. Jim W. Lacy of San Angelo.

Hostesses for the party were Mrs. E. C. Peters, Mrs. Ray Hanusch, Mrs. Elnora Love, Mrs. Harry Mercer, Mrs. Glenn Parker, Mrs. Jo Ed Hill, Mrs. Clifford Schooley, Mrs. John Stigler, Mrs. Richard Preston, Mrs. Bill Collins, Mrs. Richard Jones and Mrs. Paul Page.

Guests from out of town were Mrs. R. L. Bridgeman and daughters, Jeffie and Jennie, Mrs. B. O. Bridgeman, Mrs. J. H. Lowe and Mrs. Van McCormick, all of Midland, Mrs. John F. Sutton of San Angelo, Mrs. Garvin Lacy of Sonora, Miss Andrea Lacy of San Angelo, and Mrs. Michael McCravey of Coleman.

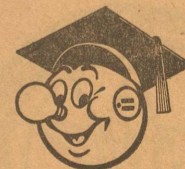

## What grade is your lighting in?

If the light for school study was graded in your home, how would it be classed?

Both students and parents need good reading and study light.

In Those Days Compiled From Success Files ONE YEAR AGO Aug. 20, 1970—Bishop Stephen A. Leven assigned Father Richard Gagnon as resident priest of the Catholic Church here in Eldorado. Earl Parker became new Enco Products dealer. Miss Jerry Blaylock was awarded the Doctor of Education degree from Teachers College, Columbia University, in New York City.

FIVE YEARS AGO Aug. 18, 1966—The fourth Texas Youth Conference was starting in Austin. Those attending from here were Jane Cain, Don Charles Taylor and Maureen McCravy. Mrs. L. V. Newport was assigned as new First Grade teacher, replacing Mrs. Jewel Miller. Mary Hoover had an account of serving on the hostess staff of a big jet troop carrier which went to Saigon and back.

The Lions Club were to vote on raising monthly dues from \$4.00 per month to \$5.00. Wayne McDonald was coming on the job as new director of the Eagle Band. Two wildcat wells, Thomson and Whitten, were set for drilling in the county. Mr. and Mrs. Ray Boyer and Danny visited the Falcon Dam and Corpus Christi. Mr. and Mrs. John Mayo observed their 25th wedding anniversary.

Marsha Mund and Ronnie Griffin were married. A bridal shower honored Jan Davis, bride-elect of Woody Dismuke of Shreveport, Louisiana. 12 YEARS AGO Aug. 20, 1959—The Lions Club set a Bicycle Inspection Day for Sept. 2nd with Lion Ray Boyer as general chairman. Diane Thomas was leaving to attend the National Convocation of Methodist Youth on the campus of Purdue University in Indiana. She was daughter of Mr. and Mrs. Cecil Thomas.

Ernest C. Hill underwent surgery in a Fort Worth hospital. Eagle Coach Jim Herridge reported 23 boys out for football. Mrs. T. W. Johnson returned from a trip to the state of Oregon and other points on the West Coast. P. R. "Shorty" Carrier took over operation of the McDonald Drive-In in the south part of town. A bridal shower honored Mrs. Tom Mason, the former LaNell Reynolds. Jan Preston, daughter of Mr. and Mrs. Ralph Preston, was visiting relatives in Odessa. A daughter was born to Mr. and Mrs. Cotton Clark and a son to Mr. and Mrs. James Alderman.

50 YEARS AGO Aug. 19, 1921—Mrs. Mattie Watson of Palestine, Texas, sister of Mrs. F. R. Keele, came in Monday to visit for a few days. She was met in San Angelo by Mr. Keele and Paul. Hubert Grimes of Dallas is here this week visiting friends. He is still working in a bank there. Hubert was one of the warboys from Schleicher county and worked in the local bank before accepting the position he now holds in Dallas. Mr. Will Ives and Miss Jewell Roberts were married by County Judge Womack. Rev. Truett spoke at the encampment at Christoval, which drew a record crowd. About \$4,615 was subscribed in the collection. Tom Teel is the new barber at City Barber Shop. He moved here from Midlothian. We have our new 1921 Wall Paper Books and would like to order your wall paper for your Spring decoration. —The Success office.

Miss Vadah Brown is home from the Summer Normal at Alpine. H. E. Sharp was in from Mayer Friday shaking hands with friends. F. S. Miller, proprietor of the Eldorado Meat Market, is enjoying a visit from two brothers, W. D. Miller, sheriff of Travis county, and J. D. Miller. Also J. H. Robbins, a brother-in-law, and Mrs. Tumey, a sister, and her son Raben, all arrived from Austin.

ELDERADO LODGE No. 890 — A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m., from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

Austin, Tex.—Legislative Redistricting Board will meet here August 24 to begin consideration of state senatorial reapportionment.

Shortly after the Board announced its meeting date, Gov. Preston Smith issued a sharply-worded statement calling on the Board to forget "political considerations" and start work on a House of Representative redistricting bill also. Smith noted the fact that Atty. Gen. Crawford Martin's appealing a district court decision invalidating the 1971 legislative act which attempted to reapportion the House does not preclude the Board from preparing for any eventuality.

Supreme Court of Texas, Governor noted, may uphold or overturn the district court's August 2 decision that the Legislature illegally divided more than 20 counties. In either case, he said, the Board should be prepared with a House as well as a Senate reapportionment plan to avoid the need for a "million dollar" special session of the Legislature. Lt. Gov. Ben Barnes, a member of the Legislative Redistricting Board, expressed surprise at Gov. Smith's blast. He said the Board has made no decision not to consider House redistricting and, indeed, has not even discussed the issue.

Board has just 60 days to draw the reapportionment after its initial meeting which means its life-span expires in late October. State Supreme Court Chief Justice Robert W. Calvert said the Court will meet within 48 hours after receiving a request for an appeal hearing and can reach a decision in 10 days or less. Attorney General Martin said a transcript of the lower court proceedings is being speeded to completion and can be placed before the Supreme Court within another week.

Auto Insurance Rate Curb Asked Governor last week called on the State Board of Insurance to permit no increases in auto coverage rates this year.

He summoned three members of that agency to his office to hear his proposal. Board is due to meet this month to review requests of insurance companies for increases totaling almost 10% on all types of auto insurance. Board staff members have proposed a modest 2.8% average hike effective September 1. Govnor asked the Board to begin study immediately of no-fault insurance plans with a view toward adopting one for Texas. He said Massachusetts achieved a substantial reduction in auto insurance rates under its no-fault concept. Smith also urged the Board to study the feasibility of establishing a flexible and competitive insurance rating system in an effort to reduce rates.

Before You Trade See JOE GAULT Representing Rutherford Motor Company, Ozona in Eldorado CADILLAC — OLDSMOBILE — BUICK — PONTIAC AND CHEVROLET Phone Eldorado 853-9927 Sonora 387-2819 Ozona 392-2691

"We are confident that a suitable alternative to the ever-rising rates could be found—if the insurance industry and the agencies of state government wish to find them," said Smith.

Water Bonds Sold A Chicago firm was low bidder on a \$25 million Texas Water Development Bond issue to help build or improve sewage treatment facilities.

Issue was the first step in a \$100 million program authorized by voters May 18 for loans to cities, towns, river authorities and water districts. State loans make political subdivisions eligible for increased grants from federal government for water quality improvement.

Board said it expects 40 or 50 applications for assistance by October 1. It will act on the first ones at its meeting here September 16-17.

Local units can borrow 25% of cost of a sewage treatment project from the state. Federal government will provide 50 to 55% of the cost where a state program exists.

Halsey, Stuart and Co. Inc. and Associates bid effective interest rate of 4.9533% for the issue.

Attorney General's Opinions Attorney General Martin said in a recent opinion that Texas cities and counties may charge beverage cartage permit holders and local distributor permit holders additional liquor fees.

In other recent opinions, Martin concluded: —Justices of Peace must take a 40-hour course of instruction determined by state-supported accredited institutions of higher learning in performance of their duties unless they are licensed attorneys. —State departments may pay premiums on group insurance policies for regular, part-time and temporary seasonal employees. —Non-elective state officers or appointees who accept other non-conflicting state positions of honor, trust or profit must receive clearance of their agency heads. —Bell county court at law has jurisdiction in eminent domain and probate matters, and vacancy in judgeship would not change jurisdiction. —A sheriff has no authority to release prisoners in his custody prior to expiration of sentences imposed and may be compelled to re-arrest prematurely-released prisoners. —Professional services procurement act of 1971 is not applicable to landscape architects licensed by Board of Landscape Architects.

Appointments... E. C. McFadden of Dallas was reappointed by Governor Smith to Occupational Safety Board for a

two-year term. Governor also announced these appointments to Texas Vending Commission, effective Sept. 1: Don M. Edmondson of San Antonio, Gene R. Hendryx of Alpine, Jack C. Morgan of Kaufman, Gilbert C. Seelmeyer of El Paso, L. C. Butler of Houston and Ramyond B. Williams of Dallas. George M. Smith of Center was named to Sabine River Compact Commission.

18-20 Year Old Vote Rule Changed Voter registration has, in effect, been reopened for newly-enfranchised 18-20-year olds to permit them to sign up at any time prior to March 1, 1972, close of the voting year.

County registrars have been instructed to accept applications from 17, 18, 19 and 20-year-olds, with registration certificates to be effective for any election held 30 days or more afterward. Young voters who failed to register during the registration period which ended February 28 may now present their applications to tax assessor-collector either in person or by mail.

They must sign up again October 1 or thereafter to remain eligible to vote in elections beyond March 1, 1972.

Vote Machine Sale Halted Secretary of State Martin Dies Jr., Texas chief election officer, announced a temporary halt in voting machine sales over the state. Dies said a survey indicated certain equipment has been discontinued and other machines have not been inspected by the state for many years.

While electronic or punch card voting devices are also being reviewed, Dies said temporary suspension of sales applies only to voting machines. Review of voting machines offered for sale will take "very little time" if companies cooperate, he added.

Tight Welfare Controls Advised New State Welfare Commissioner Ramond W. Vowell, in meetings with field workers, is urging tighter controls on welfare caseloads. He also is calling for greater effort at detection and elimination of fraud in claims and limitations on Texas' Medicaid Program. Vowell has been visiting 17 regional offices of the Welfare Department in a two-week swing.

Short Snorts... Highway Department has approved an expanded program for multiple use of highway right of way—or parks, parking areas and recreation.

Texas Animal Health Commission announced that authorities are very close to bringing Venezuelan Equine Encephalomyelitis, a major threat to the state's horses, under control.

**Miss Teaff Bride Of Gary Randel Derrick**

Miss Trouba Lynn Teaff became the bride of Gary Randel Derrick in a ceremony Saturday in Presbyterian Church of the Good Shepherd in Sonora. Officiating was the Rev. George R. Stewart, minister of the Presbyterian Church in Magnolia, Ark.

Parents of the couple are Mr. and Mrs. Robert S. Teaff of Sonora and Mr. and Mrs. Howard C. Derrick of Eldorado.

Mrs. Rex Lowe of San Angelo, organist, presented music.

Miss Linda Derrick of Eldorado, sister of the bridegroom, and Mrs. W. H. Hill, the bride's sister, were honor attendants for the bride. Bridesmaids were Miss Becky Tittle, Miss Kay Archer of San Angelo, Miss Susan Stewart, and Mrs. Steve Whitten of Austin.

Rex Hollis "Buz" McCormick of Eldorado served as best man. The groomsmen were Phil McCormick, Steve Whitten of Austin, Bill Glasscock, James Leo Greer III of Rocksprings and the bride's brother, Carl Teaff.

Candlelighters were Mark Wilkinson and Seco Mayfield of San Antonio. Jill Phillips was flower girl. Rice girls were Lorie and Victoria Powell and Susan Mertz, all of Eldorado, Keila and Mitzie Phillips and Julie Stewart.

The reception was in the home of the bride's parents.

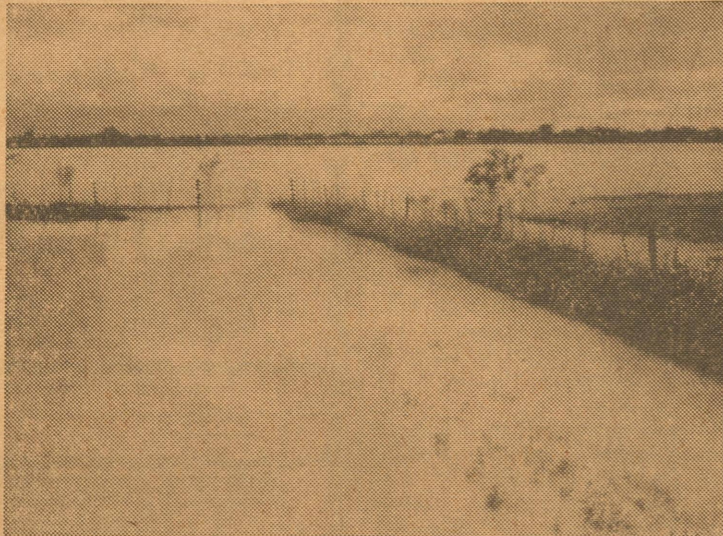

Mrs. Derrick is a 1971 honor graduate of Sonora High School. Her husband, a 1968 graduate of Eldorado High School, attended Texas A&M University. He is engaged in ranching with his father near Sonora, where the couple will live after a trip to Colorado.

**George Graf Receives Honor At Scott AFB, Illinois**

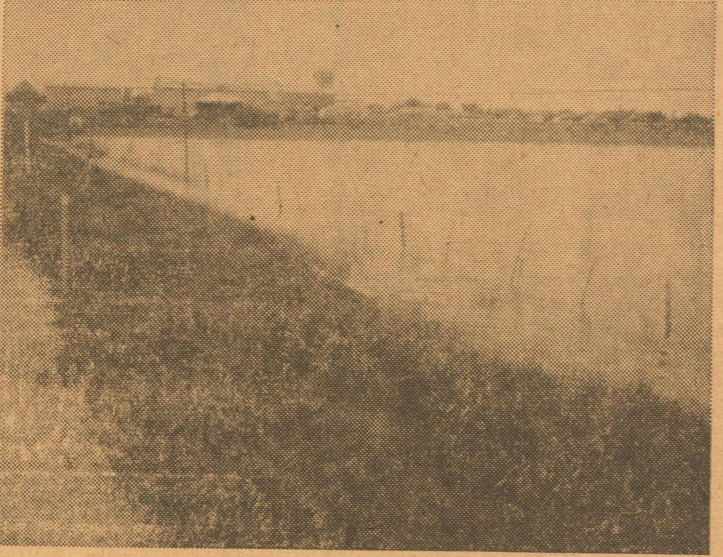

MR. GEORGE L. GRAF, Directorate of Industrial Fund, receives an Outstanding Performance Rating Award from Colonel Westbrook. Mr. Graf received this award for his outstanding performance of duty during the period June 1, 1970 to June 1, 1971. He is the son of Mr. and Mrs. Herb Graf of Eldorado, Texas.

**Heavy Rains Give Louisiana Look To Area**

THIS LAKE is on the southeast edge of Eldorado near the B. L. Blakeway residence. It is one of the several to hold a substantial amount of water in several years.

VIEW FROM BIG LAKE ROAD, looking east, has lakes on either side of the highway. In background is the gin.

**Editorial Comment From Our Neighbors**

**Change Is Not Always Progress**

You are old enough to remember the good old days if you can remember:

When you left your front door open.

When you went to church and the preacher preached from the Bible.

When a girl was a girl, when a boy was a boy, and you could tell them apart.

When even the word "socialism" was a dirty word.

When the poor were too proud to take charity.

When a nickel was worth five cents.

When you bragged about your hometown, your state, and your nation.

When the flag was a sacred symbol.

When this Government stood up for Americans.

When everyone knew right from wrong.

When things were not perfect and you didn't expect them to be.

When people still had the capacity for indignation.

When sick meant that you were not feeling well.

When people expected less and valued what they had more.

When everyone was not entitled to an annual wage whether he worked or not.

When a man's word was his bond.

When America was the land of the free and the home of the brave.

—Anon., reprinted from the Mc-Camey News.

**Time For Discipline Is Upon Us**

The days of the great outpourings of self-depreciation and self-deception are drawing to a close.

The beginnings of a popular movement to downgrade and prohibit the sale of speed drugs, hallucinatory pills, and narcotics are slowly emerging. The latest and largest move to deceive the people about their government and the Vietnam war has resulted in a defeat for the perpetrators.

With the greatest danger to the United States and to freedom for all mankind looming, the time for individual and national discipline is upon us. If through one more mistake on our part, the Russians should gain a clear and unbridgeable advantage over us in atomic weaponry and their delivery to targets, the day may not be far off when we would have to answer the inevitable call for our surrender with submission.

Instead of filling our heads with drugs that induce escape from the stark reality that is ahead of us, we must clear our minds in order to be able to offer the best possible advice to our political leaders. The idea of trusting the Russians with the destiny of our country and our lives in another dubious treaty is abhorrent. At least all disarmament treaties with them should be self-enforcing, that is, requiring inspection of foolproof rigidity.

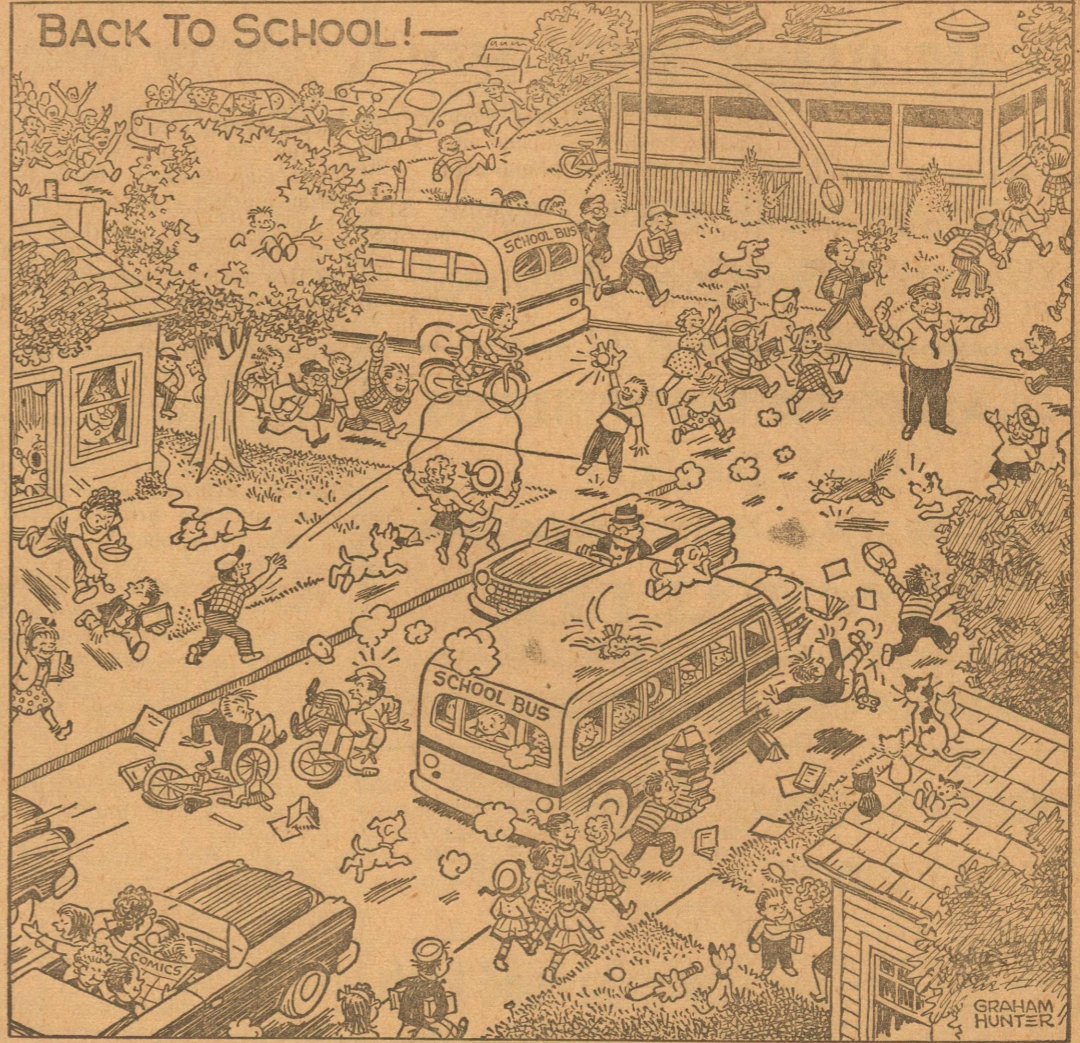

Thomas Paine was so right when he said: "These are the times that try men's souls." Let us be worthy of the men and women who gave us this nation. —Ozona Stockman.

**PAR - TEE**

Due to heavy rains falling Friday the local men's tournament was canceled this past week end. However it has not rained since Sunday morning so said tournament has been re-scheduled for August 28-29. I have conferred with my local

weather forecaster and he says when asked if we could expect good weather for golf on August 28-29, quote—"I don't know that the rains are over—you know these are dog days from July 12 to August 24—and too you have that new moon to contend with." I don't really know what "dog days" are, but thought I would confer with the "Rocky Creek Correspondent" and see if his prediction agrees with my local forecaster. On second thought, I may have to ask Blackie Crawford to make the contact. Seems Blackie is the only one who is able to get a prediction from the gentleman.

Be that as it may—the word is GO for the 2nd men's invitational low ball partnership tournament at Eldorado Golf Club on August 28-29. All registered players have been contacted and they are "checking" to see if the new date is agreeable with their schedule. At the present time we have a "full house"—36 teams—registered. If you would like to enter this tournament, send your name, address, and money (\$20 per team) to Eldorado Golf Club, Box 519, Eldorado, Texas. We will place you on the waiting list: first paid, first served. If you do not get a place in the tournament your money will be refunded.

**No Need For Advertising?**

- Preachers don't preach just once a year even though people are against sin.
- Teachers review lessons. They know that children do forget and often have to be told more than once.
- Highway patrolmen drive up and down the highways, and caution drivers although motorists know the law and should obey.
- Mail order firms continue to send out catalogues.
- Not all of us know what is sold in stores in the home town, and we need to be invited continually to trade in your place of business.
- The Notre Dame cathedral has stood for centuries, but still they ring the bell every day.
- If you're one of those who believe in continuous and profitable advertising, you'll want to use the columns of the

### Agriculture's Impact On Texas Economy

College Station, Texas—While all phases of Texas agriculture added nearly \$10 billion to the state's economy in 1970, about 80% of this total was generated from the manufacture and supplying of tools for production and the processing and distribution of agricultural commodities.

The remaining \$2 billion consisted of values added in farming and ranching and government payments to agriculture. Cash receipts from farm marketings during 1970 were \$3.1 billion compared to \$3.0 billion in 1969, says Charles K. Baker, Extension marketing specialist. Livestock and livestock products sales totaled \$1.95 billion while crop cash receipts were \$1.9 billion in 1970.

Baker adds that the total value of farm assets in Texas is about \$29 billion including \$27 billion in physical assets and \$2 billion in financial assets. Real estate taxes paid by Texas farmers were just over \$119 million in 1970 compared to a \$70.6 million level the year before.

Agribusiness provides employment for 35-40% of the Texas labor force. Farm and ranch operators or members of their families working on farms numbered 190,000. Hired workers on farms and ranches numbered 92,000 and were paid \$250 million in 1970. An additional 1.3 million workers were engaged in off-farm agribusiness employment.

The off-farm percentage has increased as Texas farms have enlarged, commercialized, specialized and mechanized. Baker notes that

the rural population has dropped to approximately 2.3 million out of a total of more than 11 million, but many who live in cities own farms for revenue, recreation or other purposes.

### Save On Food Costs

College Station, Tex.—Save on eating costs this week—follow these marketing tips, suggests Gwendolyn Clyatt, Extension consumer marketing specialist.

Fryer chickens, an excellent protein choice, are probably the most promotable product on meat counters this week. Whole and cut up birds and fryer parts are being featured.

Grade A large size eggs continue to be the best value in weight in most stores.

Features at the beef counter are fewer than usual. Emphasis is on chuck steaks, steaks for broiling, boneless rolled roasts and hamburger, says the specialist.

Pork retail prices reflect little or no change as a result of fluctuating hog supplies and prices during the past week. Specials are scattered among stores and mainly include center cut chops, smoked hams, picnics, frankfurters, bacon and loin roasts.

Vegetables worthy of consideration include potatoes, cabbage, corn, celery, okra, blackeye peas, yellow onions, lettuce, tomatoes, radishes, cooking greens and green onions.

In the fruit section, nectarines and plums are in good supply and prices are attractive. Mrs. Clyatt reports peaches are still in the markets with prices about the same or a bit higher than last week. Cantaloupe quality is very good and prices are reasonable.

### Officials Urge Maximum Cotton Production

College Station, Texas.—Cotton sales during the past five years have exceeded cotton production and the situation has reduced carryover stocks of some lint qualities to dangerously low levels, says Dr. John E. Hutchison, director of the Texas Agricultural Extension Service.

To avoid the possibility of a serious shortage of cotton and to strengthen the future market position of cotton, an educational program—"Better Cotton Yields for Profits and Markets"—was recently started by the Extension Service and the National Cotton Council.

To launch the program in Texas and to acquaint industry leaders with its goals, meetings were held during July in Lubbock, Dallas, Waco, and Harlingen. Attendance at these meetings included producers, ginners, editors, bankers, agribusiness, farm organization representatives, and county agricultural leaders.

About 375 industry leaders attended the meetings which were sponsored by the state co-chairmen Donnell Echols, president of the Plains Cotton Producers Association, and Hutchison.

Improved harvesting efficiency was one of the practices mentioned in these meetings that offers good potential for increased cotton yield in 1971. Surveys conducted by the Statistical Research Service have shown that in the 14-state cotton belt the average field loss is 11% of the total yield.

In Texas, these surveys showed an average 9% loss. Reducing losses to 4% in spindle-picking operations and 2% in mechanical cotton stripping operations are possible with near ideal field conditions, skilled operators, and properly adjusted machines, Hutchison says.

So, in Texas where 15% of the crop is spindle-picked and 85% is stripped, the theoretical field loss should average 2½%.

"This level of efficiency will likely never be achieved due to weather and other uncontrollable conditions associated with cotton production," he adds, "we believe, however, that an obtainable goal is to improve harvesting efficiency by 2%."

"On last year's crop this would have meant better than an \$8 million increase in the value of the lint and seed from upland and American-Egyptian cotton," Hutchison continued.

Under the Agricultural Act of 1970, actual yield for 1971 will be used in computing the payment base for 1972 and '73. This is an additional incentive for individual

producers to do a better job on all production practices, particularly harvesting efficiency.

Secure cotton markets require a dependable source of raw materials for spinners. Thus, keeping a complete inventory of the various lint qualities in sufficient supply is a necessary part of a stable cotton industry. Efforts by producers to increase yield will therefore add to the stability of the cotton industry of the future, the director asserts.

### Tom Davis Dies At Sonora

W. L. (Tom) Davis, 74, a prominent Sonora ranchman, died at about 8:30 p.m. last Friday at his ranch home there. Services were held at 2:00 p.m. Sunday in Sonora First Methodist church with Masonic graveside services in Sonora cemetery directed by Ratliff-Kerbow Funeral Home.

He was born June 22, 1897 at Manor and moved with his parents to Sutton county at the age of 6. He was married to Buena Hoggett on Sept. 10, 1919 at Menard. He was a World War I veteran, serving in the U. S. Army.

He was an outstanding citizen and rancher in the Sonora community for many years and was one of the premium breeders of polled Rambouillet sheep in the United States and a longtime breeder of registered Angora goats.

He was a longtime member of the Methodist church and served several terms on the board of Stewards. He was an active member of Sonora's Dee Ora Masonic Lodge serving as worshipful master in 1935.

He joined the Sonora Lions Club in 1928 and remained active until his death. He was the only member of the Sonora club and one of fewer than a dozen Lions in West Texas to earn the coveted Grand Master Key Award for bringing 50 members or more into the Lions Club.

He was preceded in death by three children and is survived by his wife; a son, Rodney Davis of Sonora; two sisters, Mrs. Harold Saunders of Sonora; and Mrs. Nell Martin of Louisiana; three brothers G. H. Davis of Sonora, Wallace Davis of Houston and B. C. Davis of Austin; seven grandchildren, and five great-grandchildren.

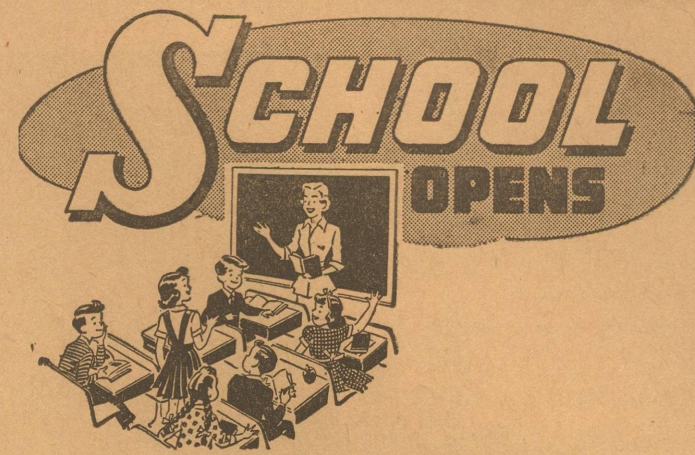

### BACK FROM VACATION

Mrs. Bessie Doyle returned home recently from a week of vacation. She visited her son Jerry Doyle and family in Pearsall, also a sister, Mrs. R. H. Lindholm of George West. On her way home she visited relatives in Kerrville.

Miss Velma Womack of San Angelo and Mrs. Kathryn Glass Johnson of St. Anthony, Idaho, visited recently with Ruth Baker. While here they visited Miss Miltia Hill also.

Carl Parker and family have been visiting his parents, Mr. and Mrs. Earl Parker, this week. They live in Oklahoma.

Mr. and Mrs. Sherwood Barker and children were here from Temple, and in San Angelo Sunday to attend the wedding of John McGregor and Jeanine Ann Kunkel in Trinity Lutheran Church.

We have a complete stock of School Supplies for all the scholars of the Eldorado schools. We purchased our school supply stock with every age group in mind, and can supply your needs from the first grade through the Senior Class.

Notebook binders and fillers, fountain pens and ball points, pencils, erasers, ink, tablets, composition books are a few of the many school supply items that we have for your selection and use.

As all school kids well know, Eldorado Drug is this town's most popular meeting place for after-school sessions. We welcome all of you to our store.
