71ST YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS, (74936) Thursday, March 9, 1972

Number 10

Somebody Else Got Our Money

Mrs. Donnie Gilmore, executive director of Eldorado's low-rent housing units, together with several of her directors, met with the City Council Tuesday night and explained new developments bearing on the city's application for additional units.

In August of last year Eldorado made application for 74 additional units. Application was tentatively approved for 50 but no money was appropriated for the project at that time.

Lately the Mayor and the executive director were informed that the last application had been shelved for lack of funds. However they were informed that this was not final and they were advised to RE-APPLY A SECOND TIME.

This the City Council unanimously voted to do in the first order of business Tuesday night.

From this it would appear that Eldorado's application is still alive even though it has been placed on the back burner.

Site Being Cleared For C. C. Lease

A half-block site in north Eldorado, a block off the Angelo highway, is being cleared off, leveled, and made ready for new location for C. C. Lease Service Co.

John Edward Meador has had men at work hauling rock, of which there is abundant quantity, to low places on the lots, and some caliche has been hauled in to be used for fill. Meador stated that in about six months to a year it is planned for an office building to be built from which operations of C. C. Lease can be carried on. There will also be a large, caliche-paved yard for the firm's trucks.

The C. C. Lease firm has been located for some time in the former Clovis Oil service station location on South Main, which is owned by Jack Elder. A while back, Meador closed out the service station, the last one on South Main to do so.

The new site will provide more room for all the firm's activities. The several lots face the paved by-pass road. The site is also located behind McCormick's drive-in grocery and Kent's Automotive and garage.

Field Advisor For Area Girl Scouts

Mrs. Mickey Powers of Sonora was named last year as field advisor for eight counties in El Camino Girl Scout Council.

Mrs. Powers, the former Claire Jones of Sonora, is responsible for recruiting and training Girl Scout leaders and handling other field advisor chores in Sutton, Reagan, Crockett, Schleicher, Menard, Kimble, Mason and Concho counties.

Mrs. Powers, daughter of Mrs. Cleveland Jones, Jr., of Sonora and the late Mr. Jones, replaced Mrs. Virgil Land.

The field worker and her husband have two children, Rick, 7, and Rebecca, 4. A graduate of Texas Tech University with a B. A. degree in Spanish, Mrs. Powers is active in First Methodist church in Sonora and is a member of Sonora Woman's club. She taught school for two years.

IT'S STILL DRY

Average rainfall for month of February in Schleicher county was exactly one-half of an inch, according to figures supplied by Lloyd Johnson this week.

Rainfall table appears on another page and it shows how dry it has been in the past four months:

Nov., 0.32; Dec., 0.64; Jan., 0.60; and Feb. 0.50. October was the last good rainfall month.

New Babies

On Feb. 29th (Leap Year Day) a daughter was born to Mr. and Mrs. Will McRae of Asherton, Texas. She weighed 4 lbs. 14 oz., and has been named Sherry Kay. Grandparents are Mrs. Rebford Wilkins of Springdale, Ark., Mr. W. C. McRae Jr. of San Antonio, and Mr. and Mrs. Norman Renkin of San Antonio.

Great grandparents are Mrs. W. C. McRae, Sr., San Antonio, and Mr. and Mrs. L. B. Burk, Eldorado.

Post Script

Warmer and Drier

The weather outlook for March for our part of southwest Texas as indicated by maps based on the U. S. Weather Service outlook, predicts more of what we have been having—

Temperature is predicted to be "near normal" and just possibly "above normal."

Rainfall is definitely predicted to be "below normal" which is exactly what it has been all winter.

Maybe we'd all better get busy and water those fruit trees, all of which are now in full bloom.

Girl Scouts—Ahead Of The Times

It began with a gathering of a small group of girls at the home of a dynamic, forward-thinking woman who had as she said, "something for the girls of Savannah, and all America, and all the world and we're going to start it tonight."

The date was March 12, 1912; the place was Savannah, Georgia; the woman was Juliette Gordon Low; the "something for the girls" was Girl Scouting.

This was the genesis of an idea which grew to become a spur to action for nearly 32 million girls, men, and women who at one time or another have been members of Girl Scouts of the U. S. A. In the best American tradition, it is a success story: a youth movement "dedicated to the purpose of inspiring girls with the highest ideals of character, conduct, patriotism, and service that they may become happy and resourceful citizens."

Girl Scouts of the U. S. A. this year is celebrating its 60th Anniversary.

Because its informal education program has remained flexible through the years and because its membership reflects all racial, economic, and cultural backgrounds, Girl Scouts of the U. S. A. has always been ahead of its time. For that first troop of 18 girls, 60 years ago, to today's nearly four million girls, men, and women Girl Scouts, the byword has been action—social action, interaction, ecological action, and community service action—all stemming from the inner awareness and growth of the individual members.

As we mark Girl Scouts' 60th birthday this year, it is our pleasure to extend congratulations and thanks to a youth organization that is a positive force for good and an important part of the American scene.

Girl Scout Week comes this year March 12-18.

Some local Girl Scouts will wear their uniforms this Sunday, to their respective churches. March 12 is Girl Scout Sunday and marks the beginning of Girl Scout Week.

Photos of the local Girl Scout troops are on pages 2 and 7 of this Success issue.

People moving: Celestino Perez to Riley house; Gene Cooper to C. L. Martin house;

Carroll Jones to McDonald house; Mr. and Mrs. Bruce Shipman are moving to Weatherford. He recently retired from Shell.

Public Schools has been designated March 6-10 in Texas, and the Eldorado school has joined others over the state in observing the event.

The school administrators report good attendance all this week by parents visiting the various classes and departments.

The remainder of this week is Public Schools Week, and if you have not visited already, plan to do so.

With our subscribers: Nettie Clevenger is a new subscriber at Box 19, Ono, California 96001.

Re-subscribing recently was Mrs. James Lucas, 2407 Boyd, Midland, Texas 79701.

ATTEND ZONE MEETING

About 30 Lions Club officers from a number of area towns attended a Zone Meeting Tuesday night in Ozona, at which Bill Watson of Ozona presided.

Attending from the Eldorado Lions Club were Bill Gunstead, president; Elton McGinnes, 1st vice president; Walter Wallis, secretary; and Bill Rountree, Tail Twister.

Eldorado is to host a zone meeting in latter April.

Band Banquet Held Saturday Night

The Eldorado High School Band Banquet was held Saturday, March 4, in the Memorial Building.

Mushrooms, butterflies, lady bugs, bees and flowers gaily decorated the "Enchanted Forest."

The program was as follows: Invocation —Eva Stigler

Introduction of Guests —Brian Holsey

Response from Faculty —Mr. Guy Whitaker

Music for the dance that followed the banquet was by The West Texas Drifters.

The seventh grade girls acted as servers and were costumed as fairies.

A good time was had by all.

Nursing Home Notes

Guests of Mrs. Katie Striegler were Mr. and Mrs. George Striegler and Julie Ann of McCamey, Mrs. A. A. Bizet of San Angelo and Mr. and Mrs. Oliver Teele. Mr. and Mrs. L. L. Kinser were here visiting all the residents of the nursing home. Mr. and Mrs. Curtis Andrews were visiting with Mr. and Mrs. John L. Davis; Mr. and Mrs. Oliver Teele visited Mrs. Hixie Potter and Mrs. Katie Striegler; Mrs. Arch Crosby visited her husband, Arch, Mr. E. R. Kinser visited his wife, Faye and Mr. and Mrs. Dayton Capps of Sonora visited her father Will Haines.

Other guests were Mrs. Ruby Damron, Mrs. Bob Faught, Mr. Milton Faught, and Mr. Clemens Sauer visiting Bob Faught. Mrs. N. G. Hodges was visiting her mother, Mrs. Annie C. Clark and Ammer Carter. Mr. and Mrs. E. W. Brooks visited with several residents of the Nursing Home as did Miss Ruth Baker. Mr. T. K. Jones' guests were Mrs. Jess Koy, Mrs. Jim Lucas of Midland, and Mr. Richard Jones.

Church services were conducted by the minister of the Antioch Baptist Church of Eldorado, Rev. Billy Ray Daniels. Guests and residents of the Nursing Home wish to thank the Ministerial Alliance for bringing these services to them each Sunday afternoon.

St. Luke Missionary Baptist will have the service this Sunday, the 12th of March.

Band To March In Rodeo Parade

The Eldorado High School Band will march in San Angelo in the Rodeo parade this Friday, March 10th. The parade through downtown Angelo will launch the fourth Rodeo event, which is held each year early in March.

The Eagle Band will be under direction of Wayne McDonald.

Nellie Mather Hardy Dies In California

Mrs. Nellie Mather Hardy died in Arvin, California, at her home, sometime Saturday night, Feb. 26, or early the 27th. She was alone at the time and had not been sick. It was apparently a stroke, according to a family spokesman.

Her husband, Jess, has been hospitalized for about two weeks with a heart attack. He had talked with Nellie Saturday evening on the phone and she said she felt she might be getting the flu, or something. He called again Sunday morning about 9:00 and had no answer so he had a neighbor check. She was in bed and had passed away sometime during the night. She was 63 years old.

She was born in San Angelo and reared in Eldorado. She graduated from Eldorado high school. She had no children and leaves two brothers, Robert Mather of San Jose, Calif., and Sam Mather of Marathon, Texas. She was buried in Arvin, Calif.

Producers' Meeting Set For Monday Night

To: Producers of Schleicher County.

Subject: Range Management & Predator Control Referendum.

Time: March 13, Monday, at 7:30 p.m. in Memorial Building.

Dr. Bobby Ragsdale, Range Specialist and Bill Sims, Executive Secretary of Texas Sheep and Goat Raisers Association, will present the program.

The Predator Control referendum has many questions that seem not to be fully understood. Bill will present the total program and explain the values that you as sheep producers will receive from the referendum, and hopefully answer all of the questions that you might like to have explained.

Dr. Ragsdale has some new ideas and research of Range Management that will help each of us. The program is planned to help Schleicher county.

County Ag. Agent Jerry Swift said, "Hope everyone can take this short time out to attend this very educational meeting."

Sponsoring Garage Sale

A large one-day garage sale will be sponsored by the Methodist Church on March 17th. Members or friends who wish to contribute items for this sale may leave them at the Educational building beginning Monday, March 13th, or call Mrs. Joe Ed Hill, Mrs. Howard Derrick or Mrs. B. L. Blakeway for pick up service or additional information. Items of all types will be for sale at bargain prices. The building will be open for sales all day March 17 from 8:30 a. m. to 5:00 p. m. Members of the Parsonage and Grounds committee are working the sale up.

Sonora Sheep & Goat Field Day Set March 16

College Station, Tex.—Ram test results and discussions of the wool and mohair market situation, the predator problem, nutrition of range animals and reports of current research will highlight the annual Sheep and Goat Field Day at the Texas Agricultural Experiment Station at Sonora, March 16.

The program will open with an inspection of rams and discussion of performances test results from 9:00 to 11:00 a.m. at the station.

At 11:00 o'clock, Dr. L. B. Merrill, associate professor in charge of the Sonora Research Station, will welcome field day visitors. Doyle L. Moore, District Agricultural Agent for Extension District 13 at Uvalde, will be master of ceremonies.

Jack L. Groff, sheep and goat specialist with the Extension Service at Kerrville, will discuss the wool and mohair market situation. Robert Kensing, Extension area economist in management, will make income comparisons by livestock and game species in the Edwards Plateau.

Activities of the Texas Sheep and Goat Raisers Association and information about the predator control referendum will be discussed by M. L. Mertz, vice president of the association at the afternoon session. Dr. Maurice Shelton of the Texas Agricultural Experiment Station at San Angelo, will discuss research contributions to the predator problem. J. E. Huston, research associate with the Texas Agricultural Experiment Station, College Station, will speak on "Value of Biuret in the Nutrition of Range Animals."

Dr. Carl Menzies, resident director of research at the Texas A&M Agricultural Research and Extension Center, San Angelo, will discuss progress and plans for the new San Angelo Center.

Announcement of ram test results and awarding of merit certificates will be conducted by Joe Stewart of the Sonora Experiment Station and Gerald Porter, president, American Rambouillet Sheep Breeders Association, Fort Stockton. Dr. James W. Bassett, associate professor in the A&M Animal Science Department, will discuss current research results relating to sheep and goats.

The program will end promptly at 3:00 p.m. All interested producers are invited.

Local Candidates To Be On Ballots

Arrangements for the local elections to be held April 1st, were shaping up early this week, and ballots will probably be printed the latter part of this week.

It is pointed out that the local elections come on Saturday, April 1st, the day before Easter, so there may be more than normal interest this year in absentee voting.

SCHOOL TRUSTEE

Positions to be filled this year are presently held by Bobby Sykes, Bob Bradley and Jimmy Martin.

When the filing deadline approached last week, all three declined re-election.

Three new candidates were persuaded and their names will appear on the ballot:

EARL LLOYD
KENITH HOMER
JOHN RAE POWELL.

Mrs. Mayo will be clerk for absentee voting starting on March 15 and ending March 30 at the High School office.

Since there are just three on the ballot and three to elect, one provides no contest.

HOSPITAL DISTRICT

Four Hospital District directors are to be chosen in the annual election Saturday, April 1st.

Names are placed on the ballot by a petition signed by at least 10 legally qualified voters. Filing deadline was Tuesday, March 7, of this week.

The four candidates thus legally filed are:

GUY WHITAKER, incumbent
RONNIE MITTEL, incumbent
MIKE MOORE
RAYMOND MOBLEY.

Readers will notice the absence of Carroll Ratliff and Peyton Cain, two of the original directors who served since the hospital was voted in May, 1967.

Absentee voting for Hospital District Directors starts Monday, March 13 and continues through Tuesday, March 28, at County Clerk's office in court house.

Election will be held on Saturday, April 1st in the Memorial Building from 8:00 a.m. to 7:00 p.m. Mrs. Curtis Short will be election judge, assisted by the helpers.

CITY ALDERMEN

A city election has been called for the purpose of electing three aldermen. The three whose terms are expiring are Ralph Waldron, Frank Bradley and John Hodges.

Those filing with the city secretary before the deadline are:

FRANK BRADLEY
EDWIN JACKSON, Jr.
JOHN HODGES
TED SHORT.

This seems to be the only local ballot providing a choice—you vote for three of the above four.

Absentee voting in this election is from March 13 thru the 28th—in the City Hall.

Revival Set At Assembly Of God

REV. AND MRS. LOYD BLAKE

First Assembly of God, on the Menard highway, will begin revival services here March 12 through 17 with Rev. and Mrs. Loyd Blake. Children will enjoy the Kids Crusade with Mrs. Blake from 6:00 to 7:00 p.m. nightly.

The evangelistic service beginning at 7:00 p.m. will be ministered in gospel music as well as the Word.

Rev. Blake served three years in the Armed Forces and graduated from Southwestern A/G College with a B. S. degree in Theology. His credentials are with the West Texas District of the A/G.

Pastor Doyle Oliver welcomes everyone. He states that each member of the family will experience something special in these services. For transportation for revival call 853-2526. (adv.)

The three daughters of Linda and Bob Whittis of McAllen visited here recently with Mrs. Elnora Love.

Referendum Set For Latter March

San Angelo, Tex.—A referendum to be held later this month by sheep and goat raisers in a 73-county area of Texas to help provide a more effective predator control program in the state is generating as much public interest as the Texas political campaigns.

Special interest in the referendum started developing 3 weeks ago when President Nixon issued an Executive order on Feb. 8 which prohibits the use of poisons on federal lands and by federal agencies for the purpose of controlling predators.

"It's now absolutely essential that we have additional trained predator control personnel in the sheep and goat producing areas of Texas," says Bill Sims, executive secretary of the Texas Sheep and Goat Raisers' Association, sponsors of the referendum.

Sims said more trappers are necessary, especially since the few trappers now working can no longer use poisons. Sims said he had been advised by Milton Caroline, state supervisor of the U. S. Division of Wildlife Services at San Antonio, that all poison baits are being removed from Texas ranches in compliance with the presidential order. Deadline for removing poison baits is March 9, weather permitting.

Sims said the basic proposal in the referendum is to establish a method of financing the cost of adding some 32 or more trappers to the existing force now working on predator control in Texas. The referendum is to be conducted by mail ballot and to be valid, ballots must be postmarked no later than midnight, March 28. Permission for holding the referendum was granted by the Texas Department of Agriculture at the conclusion of a public hearing held Jan. 7 in Austin, 32 days before the President issued his executive order.

Sims said the Association decided to sponsor the referendum because of the sharp rise in sheep and goat losses in recent years which has caused a drastic reduction in lamb, wool and mohair production. The main predators, he said, are coyotes, bobcats and red foxes. Sims said the Association started preliminary work on the referendum proposal last summer and directors voted unanimously to sponsor the referendum when they met in San Angelo in Nov., 1971.

Seek Variety When Shopping Food Store

College Station, Tex.—The food store always offers something "new."

It may be new forms of the same old thing, or it may be a completely new division because of a processing method.

"Look for something new when you shop this week," said Gwendolyn Clvatt, consumer marketing specialist with the Texas Agricultural Extension Service. "This is one of the best ways to keep up with innovations in nutrition."

At retail meat counters, look for best beef values on chuck roasts and steaks, boneless cuts for pot roasting, round steaks, ground beef and beef liver.

Find pork values in some lines of bacon, fresh and smoked picnic roasts, Boston butt roasts and shoulder steaks.

"Fryer chickens are an excellent protein and price choice. Grade 'A' large eggs offer the best combination of quality and economy for your egg money this week," the specialist noted.

"Abundant sources of vitamin C are now available in the markets at reasonable costs," Mrs. Clyatt said. "Oranges, grapefruit, tangelos, and lemons present good fruit buys."

Apples, pears, bananas, pineapples and strawberries are other fruits worthy of consideration because of their moderate prices.

"Good values remain on root vegetables including carrots, dry yellow onions, turnips, potatoes, rutabagas and sweet potatoes," the specialist concluded.

Here Is Cadette Troop 150—Mrs. Kreie Is Leader

Shown left to right are Carolyn Bland, Sandra Kreie, Judy Reynolds, Jayne Smith, and Marcella Vaughan.

Ancient Azaleas Are At Peak Bloom At Rosedown Gardens

St. Francisville, La.—Century old azaleas are at peak bloom in the gardens of Rosedown Plantation, restored plantation empire on the Great River Road on U. S. 61 at St. Francisville, La.

The spring season, fully two weeks ahead of schedule this year, has brought azaleas into full flower while century old camellias and modern hybrid varieties are still in outburst.

It was the gardens of Rosedown which saved this 19th century showpiece. The late Catherine Fonden Underwood first saw the ancient camellias and azaleas in the spring of 1956, when she determined to restore the plantation in order to save the gardens. Since that time Rosedown has become a symbol of the life style of antebellum plantations.

Late in March old-fashioned roses, some of them propagated from original shrubs found on the grounds, will be in full bloom. Modern hybrids will flower in April and May. Blue hydrangeas and thousands of gardenias will create a summer show in late May and in June.

Two color films are available for club use on the Rosedown Restoration and the Gardens of Rosedown.

For information write: Rosedown, Drawer M, St. Francisville, La 70775.

Audubon To Be Honored
Louisiana Gov. John McKeithen has proclaimed March 10, 11 and 12 days in which to honor the memory of the great artist-naturalist, John James Audubon who painted more than 30 of his famous birdlife studies in Louisiana.

To celebrate Audubon's contribution to Louisiana, the West Feliciana Historical Society in St. Francisville will open private townhouses in that historic old town and

plantation homes which were at their peak of prosperity when the famous artist roamed the Feliciana woodlands in the 1820's studying native birds and wildlife. The Audubon Pilgrimage is scheduled for March 10, 11 and 12.

Tree Planting Time Is Now At Hand

College Station, Tex.—Late winter and early spring are good times to set out new trees in your home or community landscape.

Dr. Bill Welch, Extension landscape horticulturist, points out planting trees demonstrates a feeling of continuity with the past and anticipation for the future.

"Trees are probably one of the biggest bargains in our environment," says Welch. "Varieties should be planted that are adapted to the area and that will meet specific needs. Trees can provide lasting beauty if cared for properly."

In addition to aesthetic reasons for planting trees, there are many other bonuses, notes the horticulturist.

1. Trees reduce smog and purify the air by acting as dust and pollution filters and by releasing life-giving oxygen into the air.

2. Trees moderate the climate by protecting from extremes in wind, heat, cold and drought.

3. Trees provide food and shelter for many bird and animal species.

4. Planting good trees increases the value and sales appeal of homes. Beautiful, well-placed trees are a prime selling factor, especially in older homes.

For information on selecting trees for your home or community, consult your county Extension agent or local nurseryman, adds Welch.

The firemen answered a call to Mrs. Pina's in the east part of town Thursday, to a grass fire.

Lotteries Are Illegal Here In Texas

Are you unwittingly participating in an illegal lottery scheme? Every day Texas consumers are solicited by promoters to operate lotteries in order to market their merchandise. Merchandise sold in this manner takes such varied form as children's toys and electric clocks.

These lottery schemes sometimes operate by the use of punchboard devices. The consumer is induced to buy the promoter's merchandise "without one cent of cost." The unwary consumer buys one of the promoter's products and gets one "free" along with a punchboard device. The consumer is then instructed to use this punchboard device by selling "chances" to his friends and neighbors for amounts of one cent to 29 cents per chance.

After all these "chances" are sold, the consumer will make a sufficient return to cover his original investment. The "lucky" winner on the punchboard receives the original "free" product from the consumer as his "lucky prize". It sounds like a good idea, doesn't it? The only catch is, the whole scheme is illegal in Texas!

The criminal law prohibits the POSSESSION as well as the use of a lottery type punchboard. By utilizing this scheme, an innocent Texas consumer engages in a criminal act. Needless to say, the promoters fail to point this out in explaining how you can get his product "without one cent of cost."

There are other types of illegal lotteries that do not utilize punchboard devices that you should be cautious about. All types of lotteries are illegal.

A lottery consists of three essential elements:

1. There must be an awarding of a prize which can be in the form of money, merchandise, or something else of value.
 2. The prize must be awarded on the basis of chance. This can be in the form of a drawing or some other means of selection done in a manner so that chance, rather than skill or judgment, is the predominant element.
 3. There must be consideration for the chance to win the prize.
- Where these three elements are involved, the scheme is a lottery. As an informed consumer you should avoid participation in plans such as this.

MEN WANTED

CATTLE AND LIVESTOCK BUYERS

We want men in this area. Train to buy cattle, sheep and hogs.

We will train qualified men with some livestock experience. For local interview, write today with your background. Include your full address and phone number.

ENGDAHL'S GARAGE

222 S. Main

S. C. Engdahl

Austin, Tex.—Leaders of both Democratic and Republican state parties will meet March 13 for major decisions as well as routine housekeeping duties.

Texas law requires executive committees of political parties on that date to certify statewide candidates, set ratios for state convention delegate selection, fix hours and sites for June 13 and September 19 state conventions and select a place to canvass May 6 primary returns.

National GOP Committeeman Peter O'Donnell Jr. gave Republicans

something else to think about when he unexpectedly submitted his resignation, the vacancy to be filled at the statutory R.E.C. meeting in Austin.

State Rep. Fred Agnich of Dallas is the overwhelming choice to succeed O'Donnell as committeeman, and may get the job unopposed.

Time is also getting close for Republicans to accept a formal set of written rules for operation of party conventions and regular operations, although that is considered no great problem for the GOP.

Rules writing is a problem of major proportions for Democrats. April 6 is the deadline under new state law for the parties to submit their rules drafts to the secretary of state.

Democrats are expected to make a choice at the March 13 meeting between a set of reform rules drawn under direction of William R. Anderson Jr. of Corpus Christi and a watered-down draft which opponents claim perpetuates the winner-take-all system of convention operations.

Supporters of the Anderson rules claim a majority of the State Democratic Executive Committee will

adopt them in preference to the alternative which has SDEC rules sub-committee approval.

Rumors persist that SDEC Chairman Roy Orr of DeSoto may resign his post at the Austin meeting. Gov. Preston Smith is backing Anderson to succeed him. Orr early this year became a Dallas County commissioner, and questions have been raised about his holding both positions.

Courts Speak

Texas Supreme Court has agreed to decide whether party primary election costs can be paid from state funds without special legislative authorization.

The High Court heard arguments in the historic case Monday (March 6). Secretary of State Bob Bullock claims he has power to make rules for conduct and financing of the May and June primaries. Atty. Gen. Crawford Martin maintains only the legislature can provide the money—in this case via special session. Martin tried unsuccessfully to prevent Bullock from bringing the mandamus action against Comptroller Robert S. Calvert to force payment of two minor preliminary election bills.

Court of Criminal Appeals has held that probation cannot be revoked for association with disreputable persons unless it can be shown the probationer knew of the reputations of his friends.

Mustang Controversy Revived

Parks and Wildlife Commissioners postponed for 60 days a showdown on a proposed purchase of 3,965 acres on Mustang Island for a park development after earlier voting to forget the whole thing.

Commissioners voted two-to-one to kill the \$4.2 million island purchase, with three new members abstaining. They agreed to hold off on a firm decision, however, following legal advice that a majority—at least four of six members—had to vote to make action binding.

Former Commission Chairman Pearce Johnson blocked the Mustang purchase early last year with a federal court suit. A higher court reversed the lower court decision, throwing the decision back to the Commission.

Sales Tax Loss Told

A Senate committee's staff report that at least \$12 million a year is being lost by the state in uncollected sales taxes due to alleged faulty administration by the state comptroller's office is figuring in three campaigns. Sen. Joe Christie of El Paso,

chairman of the senate committee, is talking about it in his race for lieutenant governor. Randy Pendleton of Andrews, a candidate for comptroller, blames the loss on Comptroller Robert S. Calvert and Attorney General candidate John Hill of Houston claims Attorney General Martin should be more diligent in filing tax collection suits

Attorney General's Opinions

A public school district can permit neighboring parochial school students to participate in its music (band) program, Attorney General Martin held

In a flood of other recent opinions, Martin concluded:

—Parks and Wildlife Department is not authorized to appoint any game wardens, salaried or non-salaried, other than those permitted under the current state appropriations act. PWD further has no appropriation to buy a white-winged dove habitat.

—Wichita Falls city officials can collect Wichita Falls Independent School District delinquent taxes at a penalty rate of 10%.

—The state treasurer may accept mortgage-backed serial notes as collateral for state deposits if payment is unconditionally guaranteed.

—Where three districts vote on school consolidation and the proposition fails in the third, but the first two subsequently consolidate, another election cannot be held for at least a year on consolidating the third district with the others.

—A court has discretion whether criminal case judgments and sentences will be announced orally and subsequently entered by the clerk or prepared in writing by the clerk and signed before being entered.

—A county is not required to pay out of its funds any portion of court costs due the criminal justice planning fund which are served out in jail by a convicted defendant. If a defendant pays part of the total court costs and serves out the remainder in jail, money collected is to be pro-rated among various costs including that due the Criminal Justice Planning Fund. No cost has priority over another.

—Accrued vacation time of state employees is a vested right of those employees and of their estates.

—There is no statutory authority for disannexing Midland Independent School District from the Odessa Junior College District by resolution of the board of regents. Creation of a new district would have to be under general law.

—An act providing for treatment of cars left too long at parking garages as abandoned does not prohibit enforcement of mechanics' liens on the vehicles.

—An active or retired judge appointed as a master in proceedings before the judicial qualifications commission draws \$25 a day from a \$28,380 commission appropriation.

—Harris County Commissioners Court may enter into contract with the county's Pre-Trial Release Agency for background information to be used in determining the amount of bond in cases.

—A citizen member of the State Banking Board may not be compensated for services rendered to the board but may receive expenses.

—A non-licensed accountant who lists on his letterhead that he is a member of accounting organizations is in violation of the public accountancy act.

—Combination of a "port-a-lift" (towing device) coupled to a vehicle and towed by a passenger car falls within the statutory ban on a passenger car's being coupled with more than one other vehicle.

—Only minors who have been granted adult status legally may receive blind and disabled welfare payments directly from the welfare department.

—Kilgore College District trustees do not have authority to provide for internal redistricting of the Kilgore Junior College district.

Horse Owners Warned

Horse owners have been warned to have their animals immunized for protection against another Venezuelan Equine Encephalomyelitis (VEE) outbreak this spring and summer.

A Texas Veterinary Medical Association spokesman said foals born since the 1971 epidemic and horses vaccinated under six months of age during the epidemic or afterwards are prime targets for exposure.

Crop Insurance Changed

New changes in the crop hail insurance program aimed at savings on premium costs to farmers were reported by the State Board of Insurance last week.

The new "stepladder policy" will enable cotton growers, for example, to buy insurance after July 1 at a drastically-reduced rate. Value of the coverage increases as the crop grows in value. Policies are cheaper after July 1 because hail usually ends with May and June.

Lions Met Yesterday

The Lions Club met yesterday with Boss Lion Bill Gunstead presiding. For the program, Curtis Andrews showed a film on auto crashes.

DO PEOPLE read these small ads in The Success? You just did.

In Those Days

Compiled from Success Files

ONE YEAR AGO

March 11, 1971—Army Pvt. James E. Hight completed basic training at Ft. Lewis, Washington, and was to move to new assignment in the South.

Kathy Robinson was named a Top Student in the freshman class at Baylor University, Waco.

The Census reported 2,277 population for Schleicher County, and about 1400 for the city of Eldorado.

FIVE YEARS AGO

March 9, 1967—"Hospital District Bill Favorably Reported Out of the Committee" headlined the Success. This was latest phase of the work and promotion on getting our new hospital and nursing home.

Funeral services were held for Mrs. Beulah Anderson, 72.

Keith Williams and Bobby Sykes applied to attend the Explorer Scout Canadian Canoe Trip coming up in the summer.

Bill Tomerlin was evangelist and Leroy Yarbrough was music director of a Revival coming up at the Baptist church.

A son was born to Mr. and Mrs. Velton Taylor.

Miltia Hill attended a historical meeting in Austin.

A shower was to honor Miss Melva Pfluger, bride-elect of Joe Charles Christian.

Jack Browning, former coach in the Eldorado and Van Horn schools, accepted a position at John Glenn Junior High in San Angelo.

12 YEARS AGO

March 10, 1960—Carroll Abbott of Kerrville, candidate for the State Legislature, was to visit here in the interest of his campaign.

The Chamber of Commerce was re-organized with Paul Page as new president.

The Broom and Mop Sale was under way here promoted by the Lions Club.

A daughter was born March 6 to Mr. and Mrs. Earl Barnett.

Edda Lou Beach served refreshments at a meeting of the Eldorado Study Club was held.

The Dodge truck chassis was delivered here and was ready for the installation of fire equipment, for the local fire department.

Jody Wagley visited at home from San Marcos Academy.

Leslie Coidiron went to work as new mechanic at Eagle Chevrolet.

35 YEARS AGO

March 12, 1937—A city vote was coming up to decide on a \$120,000 revenue bond issue for installing a municipally-owned water-sewer system.

Named to the Cotton Committee for this county were E. W. Mund, Hugh McAngus, and Joe Edens.

Mrs. Rachel Shoop died at 79 at the home of her daughter, Mrs. Walter Powell.

Frank Stanford moved his family to San Angelo where he planned to operate the Gulf service station at the intersection of the Eden and Eldorado highways.

Final copy for The Talon year-book was sent in to the printer. Johnnie Fern Isaacs was editor, Ed Reynolds, assistant editor; Jack Hext, business manager; and Frank Bradley, Jr., assistant business manager.

Wright's Cash Store advertised apples, 45c a dozen; Blue Goose Coffee, 1 lb. 30c; and a quart of salad dressing, 32c.

At Self Serve Grocery you could buy Sirloin steak, 17c lb.; ground meat, 9c lb.; a 48-lb. sack of Golden Crown flour, \$1.85; and radishes, 3c a bunch. A 20-lb. sack of Pure Sugar was priced at 90c.

District Judge John F. Sutton of San Angelo was to preside at the Spring term of District Court.

Mr. and Mrs. Bob Evans Jr. visited relatives and attended the stock show in San Angelo Sunday.

ELDORADO LODGE

Lawson Edmiston Buried Last Friday

Lawson Eugene Edmiston, 57, died last Thursday morning in Crane Memorial Hospital at 1:10 a.m. after a long illness.

Services were held Friday afternoon in Imperial, with interment in East Hill cemetery, Ft. Stockton.

He was a rancher-farmer, born Sept. 15, 1914 in Sutton county. He was married to Winnie Mae Stribling May 18, 1939 in Crane. He moved to Imperial in 1934 from Eldorado. He was a member of the Methodist church and a Mason.

Survivors include his wife, of Imperial; three daughters, Mrs. Sheridan King of Imperial, Mrs. Kay Kinsey of Fort Stockton and Mrs. Gwen Harris of Imperial; his mother, Mrs. Dollie Edmiston of Imperial; his father, Arch Edmiston, and a sister, Mrs. Margaret Nixon of Eldorado, and six grandchildren.

Mrs. A. C. Donath of San Angelo visited Mary Bruton Tuesday. She is the widow of a former missionary to Africa.

RECEIPT BOOKS — Small pocket size; also big ones with 500 sets. On sale at The Success.

THE LOWDOWN ON PRICES

A two-pound canned ham was offered for only 50 cents in the 1882 Montgomery Ward catalog. Salt that year sold for \$1.25 a barrel, and pepper was 19 cents a pound in 115-pound sacks.

Do you need a tax deduction for 1972?

Do you have an old building you need torn down?

If so, contact your Schleicher County Neighborhood Center for further information or call 853-2763.

Dry Cleaning Clothing

Keeping garment hang tags can help simplify removal of spots on clothing. Most homemakers don't realize that garment or fabric type determines drycleaning methods. The cleaning equipment available should never become the main consideration.

Remember that the drycleaning fluid, perchlorethylene or perc, is not a new solvent. Cleaning plants have relied on perc for more than 35 years. Most coin-operated machines now use it also. Perc will damage only a few materials—furs, suede and vinyl. Fake furs will dry clean very well.

You can safely clean expensive and delicate garments in coin-operated laundry and drycleaning stores as well as in conventional plants. The type of material and accessories determines the cleaning process.

Many coin-operated stores also provide finishing services for those garments that may need pressing or steaming. More than 50% of all draperies and slip covers will coin-clean at a savings.

The average eight-pound load in coin-operated equipment puts far less strain on textiles than in commercial plants where loads go as high as 100 pounds. Heavy loads do not permit easy tumble drying to reduce or eliminate wrinkles.

Studies show that "spotting" causes most dry-cleaning errors. Perc will take care of 92% of all stains. A light spray of water will usually remove another 4% of the stains.

When drycleaning, follow the directions on the garment label.

Weight Control

If your clothes bulge and wad where they used to hang straight, it may be time to consider weight reduction. Form-fitting winter fashions made of figure-revealing fabrics have made many people more diet conscious.

Before beginning any weight reduction program check with your physician. Following the basic four food guide remains the best way to lose weight safely. Recent data

shows that fat makes up only one-third of the total weight lost on starvation diets. The remaining loss comes from muscle.

However, reducing diets that allow the dieter to eat protein and fat but limit carbohydrates cause about two-thirds of the total weight loss to be fat. Muscle tissue makes up only one-third of the total weight loss on this type of diet.

In other words, if the total number of pounds lost on both diets were the same, the person on the reduction diet would actually lose more fat tissue and less muscle tissue than the person on the starvation diet.

The dieter should consider other factors than just what foods to eat when losing weight. Studies on weight reduction show that rats fed throughout the day. This was true even though both groups of rats ate the same kind of food in the same amounts.

Physical exercise plays a part in weight reduction. A person less active than usual needs fewer calories from his food than he would normally require.

Mental attitude plays a major part in successful weight loss. A desire to lose weight despite the difficulty involved makes the difference between permanent weight control and temporary weight loss.

To lose weight while following the basic four food guide, select lower calorie foods from each of the groups. Choose skim milk or buttermilk rather than whole milk from the milk group. Fish, chicken, and liver make good choices from the meat group. From the bread and cereals group choose enriched breads and whole grain cereals instead of cakes, cookies and doughnuts.

Remember too, that when selecting fruits avoid jams, jellies and those canned in heavy syrup. Instead choose fresh fruits. Substitute plain vegetables and tossed salads for french fries and creamed vegetables.

Eating three or more smaller meals a day prevents a feeling of excessive fatigue or hunger. Remaining active also helps to burn fat.

Remember, a truly successful diet means permanently changing eating habits so you can maintain a desirable weight.

NOSTALGIA

A gentleman's straw hat for 25 cents? Ladies' hand sewn kid shoes at \$1.90 a pair? Sure — in 1895. But before you eat your heart out over prices that were part of the good old days, remember that \$21 per week was a princely salary at the end of the 19th century.

Just for the nostalgic fun of it, check out the following familiar articles and try to guess how much they cost in 1895. The answers, all Gay 90's bargains, were taken from the pages of the 1895 Montgomery Ward catalog.

1. Baby carriage
2. Lemon Juice complexion soap
3. All copper tea kettle
4. Bra (then discreetly called a bust supporter)
5. 28-inch hand saw
6. Sewing machine
7. Winchester repeater

Junior High Girls Win Relays Saturday

The local Jr. Hi Eglettes bedecked themselves with ribbons and claimed the championship trophy in the 5th Annual Jr. Hi. Relays staged at the local track Saturday. They also walked away with the three relay trophies and broke a few records on their way to amassing 156 points to close-rival Lake View Lincoln's 125. Iran 65, Miles 36, Stanton 33, Wall 26, Robert Lee 21, Rankin and Menard 12, Sonora 8, and Christoval 0. Only three old meet records held up—one of these tied, as seven were broken and three new-event records were established.

Irene Garcia was the high scorer of the meet, with a record-breaking win in the 220, a record-breaking Triple Jump, a leg on the record-breaking 880 Relay, a leg on the winning 440 relay, and a 2nd place in the Long Jump. Rosie Smith scored 28 points, anchoring the 440 and 880 Relays, breaking her old Shot Put record, and staging a close finish for 2nd place in the 220. Vivian Espinosa, a 7th grader, scored 20 points, winning the 330 and scoring on both the 440 and 880 Relays.

Performances of local girls, etc.: Shot Put—all three Eldo. entries broke Rosie Smith's old record of 24' 10". 1st, Rosie Smith, 32' 1"; 2nd, Terrie Garlitz, 30' 4"; 4th, Delsa Robledo, 25' 3/8".

High Jump: 3rd place tie, Charlene Warnock and Elizabeth Niblett; 6th, Rita Lozano.

Triple Jump: (old record, 29' 6", Wally Joiner, Eldo.); 1st, Garcia, new record, 30' 3 3/8"; 6th, Lozano, 27' 2 3/8".

Long Jump: (old record, 14' 9 1/2" by Patsy Tampke, 1969, was broken by Lincoln's Francine Edwards, 14' 10 1/2"). 2nd, Garcia, 14' 2 1/8".

80 Yd. Hurdles: 1st, Cindy Jackson, 12.9. (The fastest performance in Jr. High seen in this area since the inclusion of the event in other meets; establishes record in this meet.)

60 and 100 Yd. Dashes: new records by Christon of Stanton, 7.5 and 11.8.

220 Yd. Dash: (old record, 29.2, Rosellen Maness, Eldo.) 1st, new record, Garcia, 29.1; 2nd, Smith, 29.5 prelim. time.

330 Yd. Dash: 1st, Espinosa, 48.4; 3rd, Rosa Arispe, 49.7 prelim time.

660 Yd. Dash: won by Adair, Iran, 1:59.5. Establishes record.

440 Yd. Relay: 1st, 54.9, Espinosa, Linda Daniels, Garcia, Smith.

880 Yd. Relay: (old record, Eldo., Teresa Scott, Wally Joiner, Garcia, Smith, 1971). 1st, new record, 1:57.4, Espinosa, Daniels, Garcia, Smith.

1320 Yd. Relay: Established this year by the District Committee as training event for High School Mile Relay. Fine race and good effort

for 1st place winner, Eldorado, 3:24.9, establishes record; Rosa Arispe, Terrie Garlitz, Delsa Robledo, Janis Mikeska. The girls give thanks and appreciation to Lynn Meador for the excellent job performed as Meet Director, and to Christie Meador who handled the clerical work, and for the help and cooperation of the Coaching Staff and Administration. Special thanks go to the volunteer help of the several faculty members and the many members of the community—without whose services and concern for youth events such as these could not take place.

—Girls' Rep.

Miss Henderson Bride Of Mr. Elliott

Miss Shana-Marie Henderson became the bride of Robert Gerald "Bob" Elliott II Friday in the bride's parents home with the Rev. Kenneth Vaughan, pastor of the First Baptist church, officiating.

Parents of the couple are Mr. and Mrs. Sam H. Henderson of Eldorado and Gerald Elliott of San Angelo and Mrs. Kathleen Elliott of Dallas.

Miss Vickie Lynn Jones of Lubbock was maid of honor. Best man was Tom Collins Jr. of Gruver.

Mrs. Elliott, a graduate of Eldorado High School, has attended Sam Houston State University and Angelo State University.

Her husband, who attended San Angelo Central High School and Texas A&M University, is employed by a feedlot in Gruver.

—GARAGE SALE advertisements must be paid in advance. No phone orders, please. —Success.

LORE AND ORDER

Catalog house employees of the 1920s learned to expect the unexpected. It was incidents like the one involving R.D. Argerbright of Great Falls, Montana, that made it so.

One morning at 8:30 a resident of St. Paul, Minnesota, telephoned Montgomery Ward's mail order house in that city and said he had received a wireless message from Argerbright. The message asked anyone in St. Paul who heard him to contact Wards and have some merchandise shipped to him in Montana.

The message contained complete details regarding catalog numbers, sizes and prices. Before 9:30 a.m., the order was on its way to Argerbright.

County Ag. Agent's Column

By Jerry Swift

Get The Jump On VEE

Horse owners throughout Texas are urged to "get the jump" on VEE, Venezuelan equine encephalomyelitis, that deadly sleeping sickness of horses. All horses that were not vaccinated last year should be vaccinated as soon as possible.

It was less than a year ago that the disease swept into the state from Mexico, killing hundreds of horses in its path.

The 1972 campaign against VEE calls for vaccination of all equidae (horses, mules and donkeys) not vaccinated last year.

The four categories of horses that should be vaccinated now are: (1) unvaccinated horses that have recently moved into the state; (2) foals born since last year's vaccination drive; (3) foals vaccinated under six months of age; (4) horses that were overlooked and never vaccinated.

Officials of the USDA's Animal and Plant Health Service believe that VEE will break out again even though the disease was confined to 25 Texas counties in 1971. So, it's important to vaccinate now before mosquitoes which transmit the disease emerge in the warm months ahead.

A surveillance program is under way to check for possible infection in a variety of wild and domestic animals in the critical Gulf Coast and Mexican border states.

Animal Projects Help Develop 4-H And Other Youth

Four-H projects have much to offer youth, especially those involving animals. Perhaps one of the foremost advantages of an animal project is the contribution that it makes to a youngster's development into adulthood.

The values of a youth's association with an animal were voiced recently by Dr. J. T. Holbrook, clinical director of the Brazos Valley Mental Health Center in Bryan.

"Youngsters can transfer feelings of need and love from animals to humans," said Holbrook. "Experiences with animals help mold the individual's personality and attitudes."

In today's mechanized urban society, many youngsters have largely been removed from reality as far as nature and the life processes are concerned, noted the psychiatrist. Thus, they must rely on other opportunities, and 4-H project work provides such an opportunity, he added. Nearly every child who has cared for an animal has experienced some common crisis—daily feeding of a pet, occasional sickness and even death of an animal, or parting with a prize steer on sale day after months of careful attention and handling. "Support from parents and leaders can help youth cope with such stress and thereby enable them to tolerate more difficult future crises," Holbrook pointed out.

The clinical director noted that closely related to the development of youth into adulthood is the idea of becoming accustomed to the normal stress of everyday living. "Exhibiting an animal, for instance, puts a 4-H'er under pressure; he learns to cope with the situation by accepting it and meeting the challenge."

Caring for an animal also allows a youngster to become "goal oriented," emphasizes Holbrook. In feeding, caring and showing animals, the 4-H'er feels his worth because he has some goals. He receives a chance for self-motivation in the fulfillment of his goals with the animal.

"People who can't relate to past experiences or goals tend to have problems in adapting to changes in life," the psychiatrist pointed out. "Consequently, they seldom make useful contributions to society."

Another advantage of working with and caring for animals is that youngsters learn patience, or the ideas of delayed gratification, Holbrook added.

"Once a youngster is committed to a particular activity or project, he can work with it and, at the same time, grow and develop himself. An animal project, whether it be a steer, horse, dog or rabbit, can be the beginning of 'real life' experiences for many a youth," noted Holbrook.

DUPLICATE BRIDGE

Our tournament will be next Thursday night, March 16th, at 7:00 p.m., with light refreshments served during play.

Winners for last week: Margaret Frost and Myrta Bob Cash, 1st;

Ruthie Dacy and Flora Hubble, 2nd;

Ethel Olson, Sonora, and Jan Mobley, 3rd;

Barfields and Blakeways tied for 4th.

RECEIPT BOOKS—Pocket size, and large desk size, for sale at The Success.

A GLIMPSE AT GLASS

Sandwich is more than something for lunch.

It's a type of early American glassware that sings with color and glitters with light, one of this country's great heritages like the Brooklyn Dodgers, silent movies and the Model T.

Sandwich glass derives its unusual name from the Boston & Sandwich Glass Co. in Sandwich, Mass., where it was produced from 1825 to 1888 in the glass industry's first hand-pressing operation. The intricate designs and lacy loveliness of Sandwich glass, coupled with New England practicality, made it a favorite of 19th century households.

It was in 1825 that the Boston & Sandwich Glass Co. began to create Sandwich glass at its factory in the Cape Cod community of Sandwich. The company banked its fires for good in 1888 during a labor dispute, and after 63 years of production Sandwich had become a household word throughout New England and America. After 1888 Sandwich soon disappeared from practical table use and began to appear on collector's shelves; Sandwich lost its original, specific meaning and the word came to be used generically to denote a lacy, frilly design.

The variety and multitude of designs and patterns that gave Sandwich its popularity and uniqueness were created in three-piece molds in a hand-pressed operation. Up to the introduction of hand-pressing, glass was blown, making it an expensive commodity not everyone could afford. Sufficient amounts of

technological skill and natural resources came together in Massachusetts, however, to produce glassware by forcing liquid-hot sand into iron molds.

Most of the original Sandwich molds have disappeared over the years since the Sandwich works closed, but molds carrying the "Star and Scroll" patterns were recently purchased by Pitman-Dreitzer, a glassware distributor, which contracted to produce authentic Sandwich glass for Montgomery Ward. The 100-year-old retail chain has an agreement during its centennial merchandising celebration this year to offer the Star and Scroll pattern in amber, blue and lime green, colors which haven't been on the market for 83 years. Since the Sandwich factory closed Sandwich glass has been available only in a clear, crystal finish. Wards, however, is offering it in color through its 2,100 retail and catalog stores across the country.

Goblets can be bought as part of a 12-piece stemware set—four goblets, four wine glasses and four sherbet glasses—or as a four-piece set by itself. A 12-piece luncheon set also is available, featuring four cups, four saucers and four salad plates.

Other items in Ward's Sandwich line are a sugar and creamer set, torte plate, footed cake stand, deviled egg plate, covered candy dish, two- and four-compartment relish dishes, and a three-piece console set with fruit bowl and pair of candleholders.

Phone 853-2600

NOTICE FOR SEALED BIDS

Sealed bids addressed to Mr. Robert K. Bradley, President Board of Trustees, Schleicher County Independent School District, Eldorado, Texas will be received until 2:00 p. m., March 13, 1972 in the office of the school superintendent on the following evaporative coolers:

Number	CFM	Volts	HP Motor	Speed
24	5000	115	1/2	2
12	5500	115	1/2	2
1	2000	115	1/4	2

All coolers will be squirrel type with water pump and air volume control, installed like one in the library or equal and not connected with water. The owner reserves the right to reject any or all bids as his best interest may direct.

Mr. Alexander Had Week End Visitors

W. O. ALEXANDER An Early Picture

W. O. Alexander of Eldorado, who is presently making his home in the Sonora Rest Home, had several guests to visit him over the week end.

His sons, Forrest and wife, from Amarillo and L. J. and wife from San Angelo, joined with Mr. Alexander's sisters, Mrs. L. M. Hoover and Miss John Alexander for a visit and the commemoration of the 65th Wedding Anniversary of Mr. Alexander and the late Mrs. Alexander.

After visiting in Sonora Saturday morning, Mr. Alexander and his sons and daughters-in-law came to Eldorado to spend some time with Mrs. Hoover and Miss John. Ice cream, cake and coffee were served and pictures of the occasion

were taken. Mr. Alexander returned to Sonora on Saturday evening and was accompanied by his son, Forrest. A record player was brought for the week end by Forrest and Sunday morning he played some of Mr. Alexander's favorite selections of sacred music. The sons returned to their homes in San Angelo and Amarillo after a very pleasant visit.

Mr. Alexander is a retired banker and observed his 90th birthday a while back.

THE LIBRARY BOARD

met March 1st, with six members and librarian present. Mrs. Edwin Jackson Sr., chairman, presided, and minutes were read and approved.

A motion for the board to give a memorial in memory of Mrs. Ernest S. Goens carried.

The librarian gave her monthly report. New readers, 13; books mended, 8; magazines circulated, 19; adult fiction, 421; non fiction, 59; Junior fiction, 190; non fiction, 19; total books read in February, 663. Fines collected \$6.89.

A committee to get estimates for material and labor on new shelving was appointed by chairman. The committee will report to the Board at the next meeting.

We urge all of you who are not Friends of the Library to become a member. Dues are \$1 per year. —Reporter.

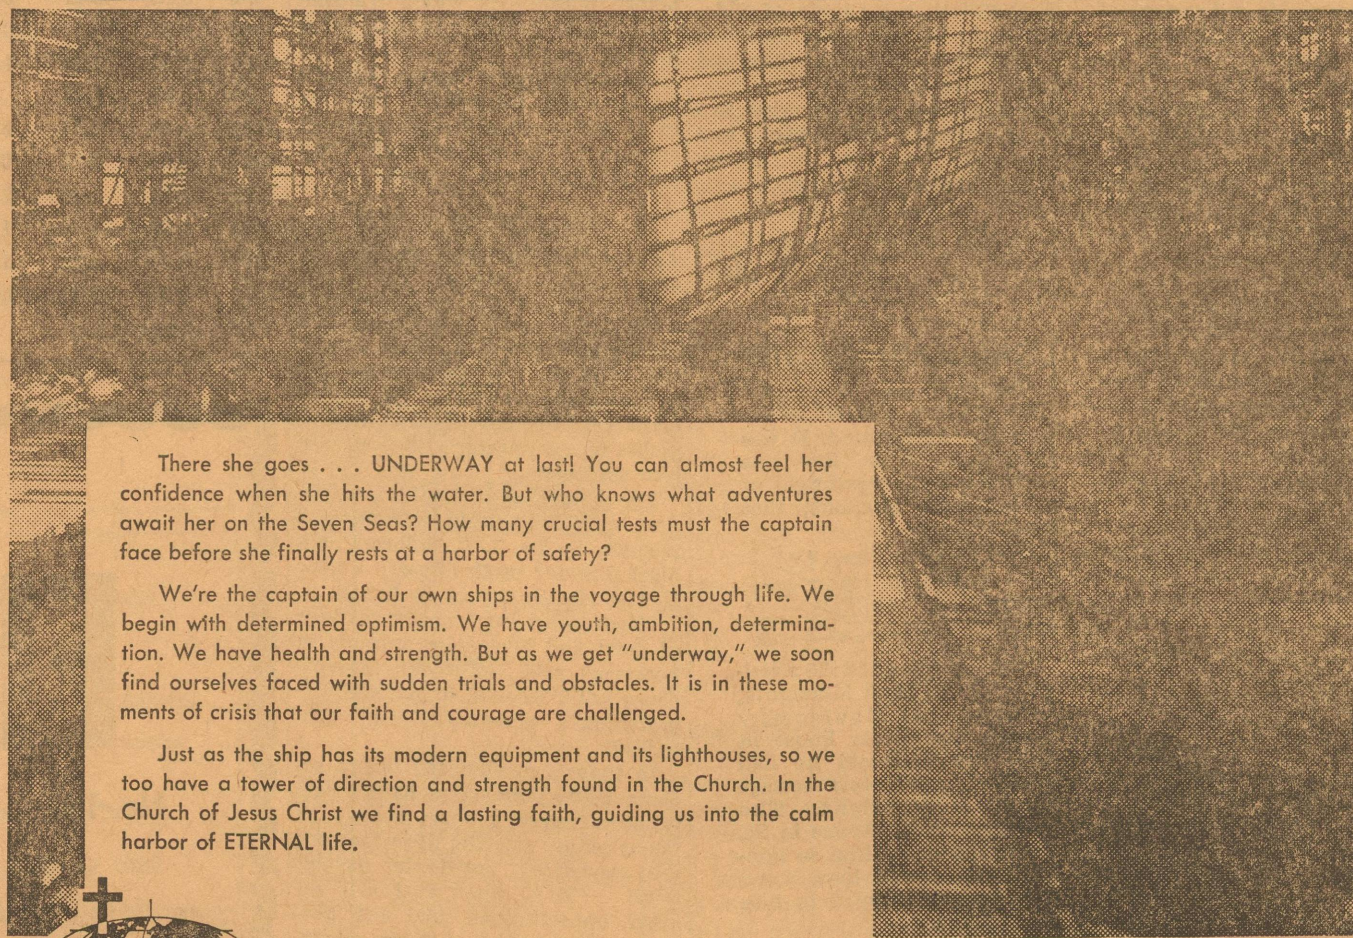

CLASSES SCHEDULED

If you are not a Citizen and are interested in getting your citizenship, the Schleicher County Neighborhood Center will be starting classes in Citizenship on March 14. For further information call 853-2763 or stop by.

UNDERWAY

There she goes . . . UNDERWAY at last! You can almost feel her confidence when she hits the water. But who knows what adventures await her on the Seven Seas? How many crucial tests must the captain face before she finally rests at a harbor of safety?

We're the captain of our own ships in the voyage through life. We begin with determined optimism. We have youth, ambition, determination. We have health and strength. But as we get "underway," we soon find ourselves faced with sudden trials and obstacles. It is in these moments of crisis that our faith and courage are challenged.

Just as the ship has its modern equipment and its lighthouses, so we too have a tower of direction and strength found in the Church. In the Church of Jesus Christ we find a lasting faith, guiding us into the calm harbor of ETERNAL life.
