Talk Schleicher and live happy.

People coming in every day to enjoy the coming prosperity of the Schleicher county citizens.

To show that the country is rapidly settling up look at the crowded condition of our public school.

The political pot in Texas is now beginning to boil over and state candidates are announcing themselves for office, and great will be the races.

Ain't it a pity that everybody can't live in Schleicher county.

The man with money now has his attention turned to Eldorado, and is realizing that he has at last found the land of milk and honey.

Only 30 days more and the grading on the Orient will start to Eldorado if the right thing is done.

The effects of a railroad is keenly felt now, only the prospects of a road to come is making real estate advance and change hands, Eldorado has yet to see the real activity in land deals, don't be afraid to invest your money in real estate in Schleicher county, for many are the dollars that will yet be paid for the soil of Schleicher county.

Attorney General Davidson takes pains to say that "individually" he is opposed to statewide prohibition, which looks as though he were preparing to be forced to take the gubernatorial nomination on a "pro" platform. Why ring in the word "individually?"—Corpus Christi Caller.

Just, with the assistance of Dr. Rankin, to "wring off" Cone Johnson and put him out of the running. Davidson wants to be governor on a dry, a wet, a white or a scarlet platform with red rosy Babylonian tints to it: and purity advocates are prepared to do the Bacchanalian stunt while Bob is landing the prize.—Houston Post.

Don't go off in a trance brethren, Davidson will be in the gain good and hard, and in using the word "individually" he only says, he wishes to abide by the wishes of the people, though they may be contrary to his. See.

The National Geographical Society has awarded Lieutenant Commander Peary a gold medal for his discovery of the north pole this was after a careful examination of the documents.

Bascon Thomas has announced for Lieutenant Governor. Mr. Thomas is the Senator that was expelled from the Senate. Hawkin has already announced. Now why not Brown F. Lee come forth and announce, as all West Texas is anxious for him to make the race.

Rev. D. M. West is now Editor of the Concho Herald. Mr. West is an experienced newspaperman and knows his business.

Edwin Waller, who now holds a position in the Comptroller Office, has announced himself as a candidate for Comptroller, and asks the support of all Democrats in the coming primaries of July, 1910. Mr. Waller is a student of our Texas University, in both the Academic and Law departments.

We received a nice pamphlet this week from Attorney General R. V. Davidson, announcing himself for Governor of Texas, the pamphlet contained an outline of his views, while he does not believe in State Wide Prohibition he does believe in local option and believes that the cause of state wide Prohibition should have been submitted to the people, as this was the expressed will of the people.

Because an Alabama girl refused to dance with a youth, two young men are dead and four seriously injured. No "licker" present.—Houston Post.

Wrong again, the despatch we saw said, the boys were drinking now who could blame any lady for refusing to dance with a lad full of "bug juice," who did the wrong, the lady in refusing to dance or the boy for drinking "licker."

How to Treat a Sprain.

Brains, swellings and lameness are promptly relieved by Chamberlain's Liniment. This liniment reduced inflammation and soreness so that a sprain may be cured in about one-third the time required by the usual treatment. 25 and 50 cents sizes for sale by B. E. Earle.

PENITENTIARY IN BAD CONDITION

The report of the Penitentiary Investigating Committee, came out in Sunday's Standard, and from reading the report we learn something about our State Penitentiary that many of Texas's citizens did not know. The conditions of the Penitentiary is bad, the prisoners have been cruelly treated, and in fact everything about the premises need overhauling. The committee recommends that an extra session of the Legislature be called.

After Game.

Jeff B. Moore, cashier of the San Angelo Bank & Trust Company, is evidently having a great time in old Mexico, where he went several weeks ago for his hunting trip. Mr. Moore writes J. L. Malone, assistant cashier of the bank, that he is now on his way to Monterey after a successful trip out in the Mexican wilds form Durango. He says he killed 38 deer, 4 bear, 3 panthers and any number of wild turkeys. Mr. Moore's health is much improved and he writes that the hunting has been fine and he has enjoyed almost every moment of it.—San Angelo Standard.

The Frisco proposes to build to Eden for \$25,000 and right-of-way through the county, and the citizens of Eden are busy getting up the bonus and securing the right-of-way, \$16,000 was raised at a meeting Saturday. The Frisco will probably turn southwest from Eden and come to Eldorado, it's a race between the Frisco and the Santa Fe to see which will be the first into this territory, both trying to beat the Orient.

J. H. Booth left for Austin the first of the week on business.

How to Cure a Cold.

Be as careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. For sale by B. E. Earle.

TWO LADIES FIGHT DUEL.

Two ladies at Alica Ark., met and fought with knives, one killing the other. Miss Nora Owens was stabbed and killed by Miss Stella Belk, both were well thought of, the cause of the tragedy was not given.

A certain man once hit his toe against a stone and fell to the ground. He was very much vexed and took revenge out on "Old Mother Earth" by kicking her unmercifully. With imperturbable gravity he hoped to see the world dissolve and come to naught. But the earth remained and only his feet were injured in the encounter. This is the way of man. An article in the newspaper touches him in a "weak spot" and he quickly sends word to have his paper stopped. With great self complacency he looks on to see a crash when the object of his spleen shall cease to be. Poor man, he has his toe against a world that does not perceptibly feel the shock.

No one can run a newspaper without making some one mad. A man of positive convictions and an outspoken way of writing is sure to hit some one hard. If he runs a newspaper and tries to do good and his duty as he sees it, he is sure to displease. If he is human he sometimes overlooks news and he sometimes misinformed. Then the paper gets stopped, but things that displease one please the other. Stopping the paper is like cutting off your nose to spite your face. Don't get mad, but if you do don't stoop your paper. You can't do any more than the Indian could to the train. He got run over and greased the track, that's all.—Exchange.

FIRST MONEY.

It is not strange that the first mention of money is in connection with the purchase of a burial ground? The first mention of money is the Bible account of Abraham's buying a piece of land to be used as a burial place for Sarah. It was the cave of Machpelah. This was over 1800 years before Christ. Money was coined at Argos in the 9th century B. C.—Christian Advocate.

TAKE CARDUI

The Woman's Tonic

Mrs. Verna Wallace, of Sanger, Tex., tried Cardui. She writes: "Cardui has done more for me than I can describe. Last spring I was taken with female inflammation and consulted a doctor, but to no avail, so I took Cardui, and inside of three days, I was able to do my housework. Since then my trouble has never returned." Try it.

CULBERSON RESIGNED.

Hon. Chas. A. Culberson, senator from Texas has resigned as leader of the democrat minority in the Senate. His resignation was due to the failure of his health.

UVALDE GOES DRY.

At an election held Saturday Dec. 4th in Uvalde County to put intoxicating drinks out of the county resulted in a victory for the Pro's something like 550 majority.

The stone and brick work on the new school building has been finished and the top is now being put on, the building is showing up well, and is a perfect scene of grandeur, and when finished will be one of the best buildings in the west.

A small town in Kansas named Hardtner that has a population of 75, built and equipped ten miles of railroad from Kiawa in to their city, at a cost of \$100,000 now they have made applications for a bank charter, with a \$25,000 Capital they have been offered by the Santa Fe and Missouri Pacific, the cost of their road and 5 per cent on the investment Moral—A united effort of any community can accomplish many great things let's all pull for a larger, and better Eldorado.

A. M. Nall was in the city Saturday and when asked about leaving Schleicher county Mr. Nall said he did not know whether he would leave or not. It is the wishes of his many friends that he will remain here.

Don C. Morrison, Kissimmee, Fla. writes: "I have used several bottles of Herbine myself and have advised several of my friends to use same. I have found it to be the best medicine for the liver I ever used. It acts gently the same time thoroughly."

few days.

"The range in Schleicher is in tip top shape; the grass is good and the cattle fat and the prospects for going into winter in good shape were never better. Fall rains have done their part to put a season in the ground.

"The people of Eldorado and Schleicher county are strictly in accord with the West Texas Development Congress. We all feel that it is the best thing that has ever been sprung in this county in a decade or even longer. The vast scope of the Congress is hard to contemplate. It is such a tremendous affair. I believe that it will tend to increase the population of this portion of the state to a material extent in the next few years, besides giving the people a definite idea as to the best methods to pursue in the development of the West.

All of West Texas should get in line and help out on this move which, I believe, they are already doing. West Texas is "an empire in building," so lets help it build.

"Eldorado has outgrown its rural ways and is fact spreading out in true city like proportions and our citizens are coming to the Congress, full of ideas and enthusiasm, all of which will help a great deal.

"San Angelo capital has become interested in Eldorado property of late months, especially, and I believe the investors will be richly rewarded for their confidence in the Schleicher county city."—San Angelo Standard.

THE FATHER OF TWENTY-THREE.

Hamton Steele came to Ballinger Sunday on the noon train from Oklahoma to visit his daughter Mrs. Will Rogers of South Ballinger.

Mr. Steele is 70 years old, the father of 23 children, and is the son of Alfonso Steele who is one of the two survivors of the battle of San Jacinto and lives in Limestone county, Texas.

Mr. Steele does not look his age. He looks as though he may live to the great age to which his father has attained.—Ballinger Ledger.

A. F. Luedecke was in town Saturday and when he was asked what he intended doing since he sold his ranch, he said my mother will visit up north, and I will stay at Eldorado. Mr. Luedecke is to well pleased with Schleicher county to move away.

John Hill was trading and visiting in town Saturday.
