The Success will wind up another year's work with this issue, we have given you the best paper possible for the remuneration received from the work, we could, by spending more money than we make, give you a better and larger paper, but we believe that every business should be run to make the management a living and a little on the investment, therefore we are trying to give you the very best the remuneration will allow. We ask your continued cooperation by being a reader of these columns and a frequent advertiser of its pages.

Our town county and people are often judged by the paper they send forth, and the editor

alone can not make a paper.

We thank one and all for the co-operation extended us during the past year, and trust that we receive the same or even greater during 1922. Let us put a greater effort into our business and watch for a bountiful year. Let us live as God would have us live and go unto our fellow-man as we would that they do unto us, then life would be a pleasure.

We wish you a Happy New Year.

1921 Appreciations 1922.

We wish to express our appreciations and thanks for the liberal patronage we have received from the people of Eldorado and Schleicher County during the past year. Our volume of business has been greater than we even anticipated. The year just closing has been an uncertain one in many respects with the fluctuation of the market.

This being our first year in this kind of business, has made it harder for us to serve you best, but we assure you that we will enter the New Year with the purpose of living and re-live, and will at all times try to keep what the people need, we will gradually add to our stock as the year passes, and hope to merit a continuation of your trade during the year to come.

We again thank you and wish you a Happy and prosperous New Year, and a bountiful year throughout.

The Story of Our States

By JONATHAN BRACE
XLIV.—UTAH

The first white excursion into Utah dates back to 1540 when a party of Spaniards sent out by Coronado succeeded in penetrating to the Colorado river. There is no authentic record of further explorations until over 200 years had elapsed. In 1776 two Franciscan friars, in their attempt to find the shortest way to the Pacific, went from Santa Fe to Utah Lake. The Great Salt Lake, however, was not discovered until 1824, when James Bridges, a trapper, in wandering through this region came upon this huge, inland, salt sea.

But the real history of Utah begins with the rise of Mormon power there. Discouraged by the agitation in Illinois and Missouri, the Mormons decided to emigrate to the great West. In large caravans they traveled across the plains and in 1847 came to Salt Lake City where they settled. Here they flourished, increasing their numbers and by 1852 they reached a total in this vicinity of over 15,000. Meanwhile, in 1848, by the terms of the treaty of peace with Mexico, a huge western tract, of which Utah was a part, was ceded to the United States. As no definite government was arranged for, the control of affairs locally was for a number of years entirely in the hands of the officers of the Mormon church. They, accordingly, made up a constitution and organized under the name of the State of Deseret. This is a word taken from the Book of Mormon, and signifies, "Industry." Application was made for admission to the Union, but this was refused and the federal government instead organized the Territory of Utah in 1850. The first governor was Brigham Young, the successor of Joseph Smith and president of the Mormon church.

The attempt to do away with polygamy met with little success until in 1890 the Mormon church finally agreed not to countenance it. Meanwhile, growing antagonism between the Mormons and non-Mormons verged nearly on civil war. Finally a general amnesty was declared and after many requests Utah was accepted as the forty-fifth state of the Union in 1896.

**Even Careful
Calomel Users
are Salivated**

**Very Next Dose of Treacherous
Drug may Start Trouble**

Calomel is dangerous. It may salivate
you and make you suffer fearfully from
soreness of gums, tenderness of jaws and
teeth, swollen tongue, and excessive
saliva dribbling from the mouth. Don't
trust calomel. It is mercury; quicksilver.

If you feel bilious, headachy, consti-
pated and all knocked out, just go to
your druggist and get a bottle of Dod-
son's Liver Tonic for a few cents which
is a harmless vegetable substitute for
dangerous calomel. Take a spoonful and
if it doesn't start your liver and
straighten you up better and quicker
than nasty calomel, and without making
you sick, you just go back and get your
money.

If you take calomel today you'll be
sick and nauseated tomorrow; besides,
it may salivate you, while if you take
Dodson's Liver Tonic you will wake up
feeling great. No salts necessary. Give
it to the children because it is perfectly
harmless and can not salivate.

Hall's Catarrh Medicine

Those who are in a "run down" con-
dition will notice that Catarrh bothers
them much more than when they are
in good health. This fact proves that
while Catarrh is a local disease, it is
greatly influenced by constitutional
conditions. HALL'S CATARRH

the mucous surfaces of the body, thus
reducing the inflammation and restor-

**The Story of
Our States**

By JONATHAN BRACE
XLIII.—WYOMING

IT IS to Wy-
oming that
falls the hon-
or of being
the first state
to grant equal
political
rights to

women. In fact when congress,
in 1868, created the Territory of
Wyoming from parts of Dakota,
Utah and Idaho, a constitution
was adopted which gave women
the right to vote.

There were rumors of early
Spanish explorations in Wyoming
but they seem unfounded by
fact. Probably, the first white
men to visit this part of the
country were Sieur de la Veren-
deze, and his sons who passed
through this region in 1743 in
search of locations for trading
posts. In 1804 the Yellowstone
was first visited by hunters, al-
though the fame of its scenic
beauty was not given much cre-
dence until 1870 and it was set
aside as a federal reserve in
1872.

The first permanent fort in
Wyoming was erected in 1834
where the Laramie river flows
into the Platte. Later when the
stream of immigrants passed
through this region on their way
to the California gold fields a
string of forts were erected
along the Oregon Trail to pro-
tect the travelers from attacks
by the hostile Sioux Indians.
Through Wyoming went not
only the Oregon Trail, which
was opened up by Lieutenant
Fremont and his guide, Kit Car-
son, in 1842, but also the Salt
Lake Trail. Along these routes
many travelers crossed Wyom-
ing, but few stopped and set-
tled there as the country was
the most arid of all our states.
The discovery of gold in 1867
led to the founding of South
Pass City and in the same year
Cheyenne was laid out by the
Union Pacific Railroad company.

Wyoming became the forty-
fourth state of the Union in 1890
and is eighth in size with an
area of 97,914 square miles.

**When Bilious, Headachy, Constipated
"Cascarets"—10c**

Clean your liver and bowels!
One or two candy-like Cascarets
tonight will give you the nicest,
gentlest bowel cleansing you ever ex-
perienced. They physic your bowels
fully. All the constipated waste and
sour bile will move out of the bowels
without griping or stirring you up.

There will be no bowel poison to cause
colds, sick headache, dizziness, bilious-
ness or sour stomach when you wake
up in the morning. More men, women
and children take Cascarets for the
liver and bowels than all other laxative-
cathartics combined. They cost only
10 cents a box.
