Notice To The Public.

All persons who have hauled sand from the Quarry site in the Mertzon Lane near the O. E. Conner place and from the Tom Jones' pasture are hereby notified to report to the Office of the County Engineer and pay for same at once.

This sand cost the County quite a bit to crush, and have use for it in the future.

Some few persons have come in and bought sand, but a great many have hauled it away without giving any notice whatever, this sand is the property of Schleicher County Highways, and not the property of any one who wishes to haul it off.

Payment for ALL sand hauled away from these Quarry sites is expected at once. In the future no more sand is to be sold to anyone.

J. L. Neill, County Engineer.

Attention Ford Owners!

Ford parts, like almost everything else worth while, are counterfeited. Imitation parts are manufactured to SELL at the highest possible rate of profit and the grades of steel used are consequently not the same high quality, specially heat-treated alloy steels specified in Ford formulas for the manufacture of GENUINE FORD PARTS.

Don't be misled—Insist upon GENUINE FORD PARTS made by the Ford Motor Company. By so doing you will get from 35 to 100 percent more wear from them, and you will pay the lowest possible cost—the same everywhere.

A little word omitted sometimes make a different sentence, our friend H. Grady Perry over at Junction takes us to task about trying to stamp out the sheepmen. In part we said, "A united effort by all should be made to stamp out the scab, and especially the sheepmen. Which should have read, "especially 'by' the sheepmen. Friend Perry says just because we have a fine farming country up your way, you should not want all the ranchmen to leave."

No, we need our sheepmen, also our cowmen, as we have land in this county that cannot be used for any other purpose, then they are a profitable necessity. Yet we protest against trying to raise stock on fine agriculture land.

Mayor Spencer has secured Will Cross and now has him on the job of cleaning up the town again. Now if you haven't made arrangements to pay your part of the work, do so at once.

There is No "Water" in Santa Fe Stock

President Storey issues another Statement, of Interest to Santa Fe Patrons

The charge is still made that the railroads are asking returns on "watered stock."

Congress undertook to ascertain the facts through the Valuation Act, which was introduced by Senator LaFollette. The Interstate Commerce Commission has been conducting this valuation for nine years, and the following elements are considered: Cost of reproduction in the years 1913 to 1916, cost of reproduction less depreciation, original cost, other values and elements of value. Stocks and bonds or earning capacity have not been considered.

From all the data available the Interstate Commerce Commission has found—

Valuation of all the railways in 1920. \$18,900,000,000

Net capitalization of all the railways

December 31, 1919. 16,939,515,522

Value above capitalization. \$ 1,960,484,478

Otherwise stated, the value of the railroads is TWO BILLION DOLLARS in excess of the net face of all stocks and bonds. If present day unit prices had been used, the excess would be far greater.

This should dispose of the question of "watered stocks."

But recently reference has been made to the "valuation that the railroads have succeeded in putting over on the Interstate Commerce Commission." The valuation work on the Santa Fe is nearly completed and we know that we have not "put anything over" on the Interstate Commerce Commission. On the contrary, we believe that the Interstate Commerce Commission has been over-strict in its rules and methods of valuation, and that as a consequence it has greatly undervalued our railroad.

When the work is completed, no "water" will be found in Santa Fe stock.

W. B. STOREY, President,
The Atchison, Topeka and Santa Fe Railway System.

IF SICK, BILIOUS! START YOUR LIVER

Don't Take Calomel! "Dodson's Liver Tone" Acts Better and Doesn't Gripe, Salivate or Make You Sick—Don't Lose a Day's Work—Read Guarantee

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad

or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

"A JOKE ON SANTA CLAUSE"

A Humorous Christmas Cantata. At Baptist Church Tuesday evening Dec. 19.

A family group, on Christmas eve, discuss events of the afternoon, repeat part of Christmas program, decorate room with Christmas greens, then retire for the night. The small children, after the house is quiet, try to catch Santa Clause. The Sandman puts them to sleep. Jack frost arrives—Holly and Mistletoe fairies visit the place, the Spirit of Christmas comes to remind them of the real theme of Christmas—times, and Santa comes down the chimney, laughs at the attempted "Joke" of children.

An unforeseen occurrence turns the joke on Santa himself, and he is really caught, and "makes the best of it," however.

This program is rendered by the Sunbeam Band, and you will enjoy the "joke" if you are old or young.

Every one invited, 7:00 o'clock sharp.

"Well! Strong!"

Mrs. Anna Clover, of R. F. D. 5, Winfield, Kans., says: "I began to suffer some months ago with womanly troubles, and I was afraid I was going to get in bed. Each month I suffered with my head, back and sides—a weak, aching, nervous feeling. I began to try medicines as I knew I was getting worse. I did not seem to find the right remedy until someone told me of

CARDUI

The Woman's Tonic

I used two bottles before I could see any great change, but after that it was remarkable how much better I got. I am now well and strong. I can recommend Cardui, for it certainly benefited me."
