## TAX VALUATION RAISED FOR SCHOOL PURPOSES.

The Board of Equalization for the Eldorado Independent School District met Saturday and raised all the land rendered in the district at \$2.00 per acre, to \$4.00 per acre, other properties were raised and a few reductions were lowered, another meeting will be held August 2, to hear complaints if any as to why the raise should not be.

## NEW MEN ADDED TO RAILROAD COMMITTEE.

At the Railroad meeting Saturday, W. O. Alexander, J. E. Hill and Geo. Williams were elected to take the place of the members of the old railroad committee who have moved away.

The object of the meeting was to make immediate demands for the returning of the right-of-way and other properties along Del Rio grade, back to the railroad committee.

The Orient is unable to build the road, other negotiations are under way, but nothing can be done until we get our right of way back.

G. H. Farrington was in from the ranch Saturday.

## ROBERT E. THOMASON FOR GOVERNOR.

Robert E. Thomason, candidate for governor, is the logical man for governor, he is nearing the close of his campaign and as far as The Success knows he has not been accused of accepting fees from corporations, he stands for clean government, he is a western man and should be accorded an overwhelming vote from the voters of this section.

He has done more than any of the candidates for woman's suffrage, however all the candidates favor suffrage except Bailey, The Success believes that Thomason will be in the second primary with Neff or Bailey as a running mate, although Looney is making inroads on the Neff votes during the past two weeks. We have no ax to grind but would like to see Schleicher County good and strong in the Thomason columns in the first primary and 2 to 1 in the second primary in case he does not clean the slate in the first election.

W. E. Baker and W. B. Foley, returned Sunday from Junction where they had been to attend the Barbeque on the North Llano, and spent a few days at Junction with friends and relatives.

Colorado School is now... schools in this section of the State surpass it, the diligent work of the past three years has bore good fruit, the school has made rapid progress and will draw the people here to reap its benefits, with Superintendent Hunslet at its head for another term, the man who has lifted the school from the lowest to the highest standard in so short a time, we have no fears that the coming term will be the best yet. Now is the time to make arrangements to put your children in the Eldorado school, which is as good as the best and surpasses nearly all schools in this section. —not only because it is the hall-mark of a great tire, but because it has several distinct advantages of its own.

It is equally efficient on front and rear wheels—has no tendency to "climb" out of ruts or make steering difficult. And it is wonderfully tough—seldom gets cut.

These qualifications combined with its unusual wearing qualities have made it the sole choice of many of the world's largest corporations.

Remember—the next tire you buy is going to be a Horse-Shoe!

# The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

Cut This Out and Take It

With You.  
A man often forgets the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quiet so satisfactory for constipation and indigestion

### CALOMEL

Calomel is a dangerous drug. It is mercury—quicksilver; and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take "Dodson's Liver Tone" Instead!

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

#### Sore Nipples.

Any mother who has experience with this distressing ailment will be pleased to know that they may be relieved by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe so nurse. Many trained nurses use this salve with best results.

We are not all in yet, just about the time we thought the "jig" was up in came our friend Will Luedecke, with a lot of nice roasting gears, which has put the Wright tribe back on their feet. Will is a successful farmer and proves it with his goods, many thanks.
