I first wish to thank the people of Schleicher County for their support in my behalf Saturday, also wish to thank Mrs. Stevenson for the nice clean race she made.

Second, I wish to correct some statements that were made against me. It was told that Mrs. McCormick drew \$75 per month from the Government for the death of her son, Roy during the war. This statement was untrue, she gets \$28.75, blood money per month. As to the statement that I was Treasurer but my son, Rex, was getting the money for service he did, is a shame, he does the work for me free. Has never received a penny for his work, these statements are wholly untrue and I want the people to know the facts.

**THE CRACK-O' DOOM FOR NASTY CALOMEL**

Folks Abandoning Old Drug for "Dodson's Liver Tone," Here in South.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with your bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.

**GLOBE CORDS GUARANTEED 8000 MILES FABRIC TIRES 6000 MILES**

The cost of making Globe Tires averages about 10% more than ordinary tires, but they give 50% more miles. And they give you those miles in greater comfort with less trouble on the road.

Figured on a mileage basis, Globe Tires are the most economical you can buy. Globe Tubes in Globe Tires make the ideal combination.

## RACINE HORSE SHOE TIRES

"Remember the Horse-Shoe Tread"

Not only because it is the hall-mark of a great tire, but because it has several distinct advantages of its own.

It is equally efficient on front and rear wheels—has no tendency to "climb" out of ruts or make steering difficult. And it is wonderfully tough—seldom gets cut.

These qualifications combined with its unusual wearing qualities have made it the sole choice of many of the world's largest corporations.

Remember—the next tire you buy is going to be a Horse-Shoe!

## Back Principles in Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

### RELATING TO TAXATION BY SCHOOL DISTRICTS. SENATE JOINT RESOLUTION No. 17.

Proposing an amendment to Section 3 of Article VII of the Constitution of the State of Texas by exempting independent and common school districts from the limitation of a total tax of one dollar on the one hundred dollars valuation for any one year, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3 of Article VII of the Constitution be so amended as hereafter to read as follows: (Creating a new Section 3.)

Section 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every inhabitant of this state, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and in addition thereto, there shall be levied and collected an annual ad valorem state tax of such amount not to exceed thirty-five cents on the one hundred (\$100.00) dollars valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient the deficit may be met by appropriation from the general funds of the state and the legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and if such school districts, whether created by general or special law may embrace parts of two or more counties. And the legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the legislature may authorize an addition ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings herein; provided, that a majority of the qualified property tax-paying voters of the district voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts, nor to independent or common school districts created by general or special law.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the state on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the Amendment to Section 3 of Article VII of the Constitution of the State of Texas, providing that the limitation upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of Five Thousand Dollars, or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expenses of such publication and election. (Attest—A True Copy.) C. D. MIMS, Secretary of State.
