THANKSGIVING PROCLAMATION

President Wilson issues Thanks giving proclamation.

"The season approaches when it behooves us to turn from the distractions and preoccupations of our daily life, that we may contemplate the mercies which have been vouchsafe to us, and render heartfelt and unfeigned thanks unto God for His manifold goodness.

"This is an old observance of the American people, deeply imbedded in our thoughts and habits. The burdens and the stresses of life have their own insistence.

"We have abundant cause for Thanksgiving. The lessons of the war are rapidly healing. The great army of free men, which America sent to the defense of liberty, returning to the grateful embrace of the Nation, has resumed the useful pursuits of peace, as simply and as promptly as it rushed to arms in obedience to the country's call. The equal justice of our laws has received steady vindication in the support of a law-abiding people against various and sinister attacks, which have reflected only the baser agitations of war, now happily passing.

"In plenty, security and peace, our virtuous and self-reliant people face the future, its duties and its opportunities. May we have vision to discern our duties; the strength, both of hand and resolve, to discharge them; and the soundness of heart to realize that the truest opportunities are those services.

"In spirit then, of devotion and stewardship we would give thanks in our hearts and dedicate ourselves to the service of God's merciful and loving purposes to His children.

"Wherefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the twenty fifth day of November next, as a day of thanksgiving and prayer, and I call upon my countrymen to cease from their ordinary tasks and avocations on that day, giving it up to blessings, and their dutiful and grateful acknowledgment."

Mrs. F. L. Cozzens, of San Angelo, is visiting her parents, Mr. and Mrs. J. L. McElroy, of our city, this week.

DISTRICT COURT CONVEINED MONDAY.

The docket was then read, the six land suits wherein, W. H. Douglas, A. P. Bailey, W. A. Spencer, T. W. Johnson and J. R. Robbins, are trying to have an oil lease sale canceled, were transferred to the Federal court.

The case of Mrs. J. T. Jackson, et al. vs. J. N. Davis, appeal from County court was set for Wednesday, and the petit jury was excused until Wednesday.

The Grandjury adjourned Tuesday after finding one indictment.

FIRST ICE OF THE WINTER VISITS WEST TEXAS.

The Ice cold wave that hit West Texas last Thursday night was the first ice of the season, and many people dug up their winter clothes.

Several of the people took advantage of the cold spell and killed a hog.

Sunday morning everything was covered with ice. This is the coldest spell we have ever had at this time of year.

Fordson

TRADE MARK

The Fordson was made to meet the demands and necessities of the ever-day American farmer. It was made with the thought that it was the necessity of the man of forty acres as well as the man with one thousand acres. It was made not only for harrowing, discing, drilling, seeding, mowing, reaping but for all other work on the farm where power is necessary. It was made to bring conveniences to the farmer's home as well as for the cultivation of his fields. It was made to furnish power for the cream separator, silo filling, cutting feed, sawing wood, furnishing power for milking, washing, supplying the house with running water, electric lights, and the hundred and one things on the farm. It was made to do all this economically and in a reliable way. It was made to be the big profitable servant on the farm.

And it has not failed in any of the expectations had for it. It has been tested as no other Tractor has been tested. It has been proven reliable and can furnish proofs impossible to any other Tractor. It has done these things not only in America but in Europe, Asia, Africa, and in the Islands of the seas. It has met successfully the demands of farmers in every part of the civilized world.

Therefore, the Fordson Tractor can meet all the conditions of your farm. When you buy a Fordson, you are not buying an experiment—you are buying a servant and a money-maker for you that you can depend upon absolutely from the first day you put it to work. It is easy to understand. It possesses all the power you want. It is simple in control. It is more flexible than you imagine. It will help you cultivate every foot of ground you have, and every day in the year you will find use for it on the farm. Its appeal to the farmer is in its dependable service and the wide variety of work it can do.

We'd like every farmer that reads this, if he hasn't a Fordson Tractor already, to come to us and let us sell him one. Let us demonstrate its powers, its values, on your own farm. Let's get into details—power, reliability, economy. While the sale of a Tractor gives us a small profit, the purchaser of a Tractor to the farmer means a money-making servant every day of the years. So the sale of a Fordson means more to the purchaser than it does to us. We are arguing for your good, Mr. Farmer. Come in and talk it over. Your time against ours. It is worth it.

And remember, when you buy a Fordson Tractor, we are right here to keep that Tractor in reliable running condition every day. You won't have to wait if anything should get out of order. We are right here to keep it right, because one of the conditions of the Fordson Dealer is that he must keep on hand always a complete supply of parts. This is a guarantee we don't believe you can get with any other farm Tractor. Come in. Let's talk it over.

Not Wasting Any Time.

Before the plumber came to fix the bathroom, little Doris was impressed with the fact that it cost papa a lot of money and that she must not interrupt the men at work and waist their precious minutes.

Nevertheless, her mother heard her chatting with one of the men up stairs.

"Doris" she called, "what did I tell you?"

"Oh, that is all right, mamma," she answered. "I am talking to the man who just sets around."

Try us on that plumbing job of yours. We waste no time.

Why not close up your place of business next Thursday and draw yourselves away from the cares of the busy world, and give a serious meditation to the things we are thankful for, the day is set apart for thanksgiving and special prayer, shall we observe the day as did our forefathers, or shall we go singing merrily on.

Schleicher County is making good at farming, her soil is very productive, and about the only thing we need now is better equipped farmers, in fact we believe that the tractor would be a money making farm implement for the larger farms of this community. The tractor has proven the farmers friend in many sections of Texas and the is here for its successful advent into this community.

With turkeys selling at 27 cents per pound at Menard, indicates that our brother over at Brady will not have anything to be thankful for, this thanksgiving.

Fooling Himself!

This skinny critter is busy at making himself believe he is a fat steer! But his delusion is no mere complete

than that of the farmer who thinks he saves money by raising cheap scrubs. These days, when the margin between feed cost and selling price on the hoof is uncertain, there is only one economical kind of steer—the pure-bred. His superiority over the scrub can be measured in size, in quality, in pounds of beef for pounds of feed consumed—and finally in dollars on the credit side of the farm ledger.

In a series of advertisements in this newspaper, we shall demonstrate that pure-breds make the beef for which the packer pays the highest price. They are your big money-makers when the market is up, your surest source of profit when it drops.

For this publicity in the interest of pure-bred beef cattle, we are indebted to THE COUNTRY GENTLEMAN. If you are now a reader you know its frequent helpful

articles on better beef cattle, and its many fact-stories of successful farmers who have prospered from the steadily increasing demand for pure-bred breeding stock.

If you are not a subscriber, let THE COUNTRY GENTLEMAN enroll you along with the rest of its progressive farmer subscribers. Fifty-two issues of a year's subscription come for just \$1.00. Yes, your check is good.

Folks Abandoning Old Drug for "Dodson's Liver Tone," Here in South.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with your bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not sallyate or make you sick.
