METHODIST ENTERTAIN, HONORING BRO. AND SISTER CLARK

The Methodist congregation, assisted by the Presbyterians, who worship with them, gave a unique entertainment at the W. O. W. Hall, on Thursday afternoon, November 25, honoring Bro. and Sister Clark, who were recently returned to the Eldorado Charge for another year's work and who have won the love and admiration of the good people of our city.

The entertaining hours were from three to four, four to five, five to six and from six to ten, the Pathfinder's Class using the last period.

The Room was very beautifully decorated in evergreen with white background, the windows were darkened and the room was lighted with soft white gas lights, which gave a beautiful tint to the many pot plants, some of which were in full bloom to add mirth, beauty and fragrance to the occasion.

The various reception committees were up to the occasion and made their guest enjoy their hour in the reception hall and served them with punch, followed by chicken-sandwiches and coffee, intermingled with music by a Victrola, also some beautiful Piano selection by Miss Dell Bearce and some of her music pupils. Miss Annie Doty gave several splendid readings, at the different hours, which were enjoyed by the innumerable guests of the evening.

The Pathfinders, with their invited guests enjoyed the evening from six to ten, in which the various games were enjoyed.

The occasion will long be remembered by Bro. and Sister Clark for having thus been honored, and adds much to the social features of the church.

Another good time is being planned for the holidays which will be specially for the children and will deal with old Santa Clause.

I will sell what United States Casings I have on hand at 10 per cent discount for CASH, none better for the money, Ford sizes. W. H. Parker's.

FORMER SUCCESS OFFICE

BOYS IN ARMY LIFE

Two of the former Success Office boys, "devils", are now in the service of Uncle Sam, Russell Gore, a lad of about 14 when he left our city, is now stationed at New Orleans, and Pat Bennett is at Camp Travis, Pat wrote like this, "tell the boy scouts to get in the real thing," Pat did not always live up to the real teachings of Scoutism, but thought lots of the Bob White whistle and other symbols, and we believe he will ascend the ladder of fame, inspite of the loss he sustained in playing "hooky" from school, he is now required to attend school.

The Ladies of the Methodist Church will have a Bazaar the 18th of December at the Toggery Shop. See their display before buying your Christmas presents.

Fordson

TRADE MARK

Farm Tractor

The Fordson cuts the cost of preparing land almost to half of what it cost with horses. But even more important is the fact that the Fordson saves from thirty to 50 percent of the farmer's time. And time saved—getting fields in shape to plant in the proper season; getting things done when they should be done—means money to the farmer. Besides it helps greatly in solving the labor problem.

As ever, the machine way is proving more efficient, faster, easier than the old hand way. In the factory, the machine increases production, saves labor—produces more at less cost. And that is what the Fordson does on the farm. The Fordson way is the machine way of farming. Besides it helps the labor problem.

The Fordson's first cost is low; and the after or operating cost is low. It is a compact, easily handled tractor, backed by the greatest tractor service organization in the world.

We are Fordson dealers. Not only do we sell Fordson tractors, but we carry a stock of Fordson parts and employ Fordson mechanics to help the farmers get the best results from the Fordson. Let us demonstrate the Fordson on your own farm.

We also have a lot of new cars in Stock as well as Ford Accessories.

AVOID CHRISTMAS TREE FIRE

Utmost Care Should Be Used in Trimming, Thus Preventing Fatalities in the Homes.

PEOPLE cannot be too careful in guarding against fire when trimming a Christmas tree, says a correspondent in Good Housekeeping. There have been scores of Christmas tree fatalities in homes and in Sunday schools which a little care might have prevented. The writer once set a tree in a blaze, consuming nearly half of it, tinsel ornaments going with the green branches. A tiny candle had been wired too high, and it took only a few minutes of its brisk heat to char a branch above it and start a flame. A thick portiere was torn from its pole and thrown over the blaze. If it had not been at hand the light window curtains would have caught fire in another minute. Since that Christmas our tree has always been placed in the center of the room, and we have eschewed cotton wool, tissue-paper angels, and celluloid ornaments. First of all, we wire each candle securely in place at the furthest end of a branch which has nothing above it, either fir tree or trimming. Then as the tree is denuded we watch carefully the fast-disappearing candles. Sometimes one of them, nearly burned down, will topple over or be merely a spark of flame, but near to something inflammable and be a menace.

GOOD TURNS ON CHRISTMAS

Chance for All to Aid the Friendless in Having Happy Yuletide Season.

REAL purveyors of Christmas cheer may often find a market for their precious wares outside the pale of charity, for all homeless people are not necessarily poor, and neither are all childless homes necessarily unhappy. Housekeepers who are short on homes may combine these two lackings and make Christmas day a merry delight for the grown-ups in spite of these unfortunate conditions.

There is always something peculiarly pitiable in the idea of any one "flocking alone" which should appeal to the home-maker without a family, so that this should be the occasion for her to gather in all the bachelor maids and homeless men of her acquaintance and give them a joyful opportunity to "flock together." Even the Scrooges, if she knows any, should be rescued from their lonely hovels of grief and wear them outside for general inspection, as Dickens says, "For Christmas days to peck at." Therefore, collect six or eight of these birds of a feather who are destitute of near-by kith and kin and make your Christmas feast a center of good cheer for all the charming solitaires you are able to draw within its radius.—Woman's Home Companion.

BOXES, OLD CHRISTMAS FAD

Ancient Custom at One Time Developed into Demand as Right and Became Nuisance.

THE bestowal of Christmas boxes is of great antiquity and was formerly the bounty of well disposed persons who were willing to contribute something toward the industrious. Later the gift came to be demanded as a right and became somewhat of a nuisance. Long ago the Roman Catholic priests had masses for every thing and if a ship went to the West Indies they had a box in her under the protection of some patron saint. Into which the sailors put money or other valuables in order to secure the prayers of the church. At Christmas these boxes were opened and were thence called Christmas boxes. In England the day after Christmas is known as "Boxing day," from the Christmas boxes which used to be in circulation, and in the British museum can be seen boxes covered with green glaze with a slit in the side for money and presents.

Ancient Christmas Custom.

Many quaint customs are observed at Christmas time in various English country parishes. In that of Cumnor, in Berkshire, of which the living is a vicarage and the church a beautiful specimen of an old English parochial edifice, all who pay tithes repair, after evening service on Christmas day, to the vicarage where the vicar is held in duty bound, by a usage centuries old, to regale them with four bushels of malt brewed into ale or beer, two bushels of wheat baked into bread, and half a hundred weight of cheese. Any remnants of this feast are distributed among the poor of the parish after morning prayer the next day.

POOR THINGS Tramp Birds: They might throw us a few crumbs on Christmas morning.

Traditions of Christmas Festival. In the records of every nation we find traditions of the Christmas festival, traditions which have been handed down from generation to generation in oft-told tales which thrilled the hearts of the listeners with alternate fear and delight. Sir Walter Scott tells us that they who are born upon Christmas or Good Friday will see spirits, and will have the power of commanding them. He also adds that the Spaniards imputed the down-cast looks of their monarch, Philip II, to the disagreeable visions to which this privilege subjected him.

Bring Smiles of Gladness. It is not so much the thought of receiving the customary holiday gift, which most pleases the fancy, but rather that pleasure the heart derives from dwelling upon joyful surprises it may bestow upon others. To bring a smile of gladness upon another's face is, indeed, a boon more precious than a Christmas gift, and the joy of bestowing can never be equaled by the receiving.

Good Year for Violets.

Sweet peas have been forced for the Christmas market only for many years past. They must be started blooming before the cold weather begins. Then they will bloom all winter. Daffodils do not get in until February, but almost all the rest of the spring flowers, hyacinths, narcissuses, bavardia, and so on, are on the Christmas counters. Easter lilies, too, though rather cold and white for Christmas, are sold. Violets, are fine this winter, deeply, darkly, beautifully blue. Some mignonette now comes in enormous sprays. There are carnations but the bright red Christmas carnation is the favorite. Holly comes from the hills of Maryland and the south. The wild holly supplies the market and there has never seemed to be any perceptible diminution of the supply. Great quantities of it are purchased by all sorts of dealers, who decorate their stores with it and send out a sprig attached to every Christmas parcel.

Wooden Soldier: After faithful service in the nursery for a year, I will be cast aside for a new toy this Christmas.

Dumb Animals Remembered.

The noblest observances of Christmas are its charities. In all ages and among all peoples the poor have always been bountifully remembered on that day, and in many parts of England and Scotland even the lower animals are given an extra feeding that they, too, may have cause for rejoicing when all mankind are glad. Many readers will remember Burns' address of the old farmer to his mare when presenting her with an extra feed of corn on New Year's day. "A guid New Year I wish thee, Maggie. Hae, there's a ripp to thy auld baggie."

I have plenty of nice Fruit in gallon cans, W. H. Parker.

Fooling the Feeder

A prime steer could never be made of this critter, even if a carload of corn were funneled down his throat. He lacks something most essential to the making of a high-priced carcass. That "something" is pure blood. For all practical purposes, pedigree is the best feed.

If you've heard of a grade steer's topping the market, it was just because such pure blood as he possessed had *chanced* to get in its work, *chanced* to offset his scrub blood—but it was mere *chance!* With the pure-bred it's a planned certainty.

The pure-breds are the easiest feeders—they use their feed to make prime beef. If you are ready to do your part in efficient feeding, get in touch with some good local breeder and strike hands with him for the upbuilding of your business and of this community.

THE COUNTRY GENTLEMAN, the one great national weekly of practical farming, advises you to do this. Its Editors and contributors travel some 300,000 miles a year to study and write about farming in the United

States. And they declare, as a result of their investigations, that the most hopeful beef practice is that of breeding good steers and feeding them where they are bred.

If you have not yet subscribed for THE COUNTRY GENTLEMAN you owe it to yourself to order now. Only \$1.00 a year for 52 big issues containing the important farm news of the nation; well-trying plans; the best of fiction; strong editorials; good pictures; great cartoons; hopes, helps, and plenty of smiles.

Cut This Out and Take It With You.

A man often forgets the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quiet so satisfactory for constipation and indigestion.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating light, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Theford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Theford's Black-Draught," is on the package. At all druggists.
