## SCHLEICHER COUNTY GET MONEY ON ESTIMATES.

County Engineer Stanley reports that Schleicher county received from the State Highway Department, for March and April estimates, \$8,525.69, this however, is not the first money received from the State Aid appropriation.

Some of our people are anxious to know if the State Highway Department is putting up the amount they claimed they would.

## RECEPTION GIVEN BRIDE AND GROOM.

Thursday afternoon a number of friends and relatives were entertained at the King ranch by Mrs. King and Mrs. Lamar Wilkerson, in honor of the bride of Mr. J. C. Crosby.

The large reception room was decorated in the colors pink and white, and while the Edison softly played a march Little Victoria Jones and Anna Florence Page came in bearing a large basket, decorated in the chosen colors, containing gifts for the bride and groom.

After the presents were examined and admired by the couple, several toasts were given, one especially enjoyed being to the "Mother-in-law".

Refreshments of pink and white ice cream and cake were served the guest.

Following is a list of presents received by the happy couple.

Cut glass nappy, Mr. and Mrs. King; Cut glass pitcher, Mr and Mrs. Wilkerson; Aluminum pot, Mr. and Mrs. Sam Jones; Cut glass cream and sugar, Mr. and Mrs. Bert Page; Cake plate, Miss Velma Sharp; Cut glass toothpick holder, Mr. and Mrs. Arch Edmiston; Cut glass preserve dish, Mr. and Mrs. Cleve Jones; Fruit bowl, Mr. and Mrs. Gene Edmiston; Pair of towels, Mrs. John I. Jones; Hand made towel, Miss Ida Conner; Cake plate, Mr. and Mrs. Hollis Neal; Hand made tray cloth, Mrs. Claud Stites; Wool comfort, Mr. and Mrs. Crosby; Linen table cloth, Mr. and Mrs. Tom Nix; Pyrex Casserole, Mr. Hal Ramsey and Miss Ruby Mittleton; Cake plate, Mr. and Mrs. Alyn Edmiston; Fruit bowl, Mrs. E. N. Edmiston; Silver tea and table spoon that had been in the family more than 50 years were given by Grandma Crosby.

## MERTZON MOHAIR SELLS.

## ELDORADO DEFEATS OZONA IN THURSDAY'S GAME.

Last Thursday afternoon the Ozona Giants came over and played the Eldorado Eagles on the local diamond, which resulted in an easy victory for the home team. The Ozona boys were a fine bunch of fellows but have not been practicing much this season, and as usual when a team leaves home some of their regular players can't go with them. The score was 23 to 6.

## ELDORADO AND SAN ANGELO PLAY TIE GAME MONDAY.

Monday the Eldorado Eagles went to San Angelo where they played a 10 inning game of ball which resulted in a tie, score being 5 and 5. This is the second game between San Angelo and Eldorado, Eldorado winning the first game, the third game will be played on the Eldorado Diamond at a date to be announced later.

## MERTZON FAILED TO APPEAR.

The Mertzor Ball team failed to appear for their game Friday afternoon, as was advertised, to the disappointment of many local fans. The game was well advertised and the Mertzor boys did not let us know in time, that they were not coming, to let the people know that they were not coming. So a local game was played between two home teams and the people were really entertained with a real ball game.

Eldorado has about four ball teams, the "has-beens" the Eagles, and two school teams.

The local boys are sorry that Mertzor did not come but are not to blame for the disappointment.

S J. Boothe, a typical West Texas farmer, dropped in The Success office Friday on business and incidentally told off on his expert farming, and how a lot of his neighbor farmers from the near west had been out and stared with amazement at the waving corn and cotton almost in bloom. "Uncle Sid" says it's easy to do when you know how, and put forth an effort, those who have seen his crop says it's a dandy, he always makes it, he has no auto to worry him, he has no stock except Beck and Jude, and as far as we could learn from the interview the only error he has made this spring, was when he set an incubator instead of old "domineer" and "blue", he says the darn thing wouldn't cluck nor scratch.

Mrs. Boothe has a fine garmen says "Uncle Sid."

A goodly number of Eldorado people attended Presbyterian Services at Mayer Sunday, where a Sunday School was organized with John Earving Supt. J. C. Crosby assistant Supt. and Mrs. W. A. Edmiston Secretary and Treasurer.

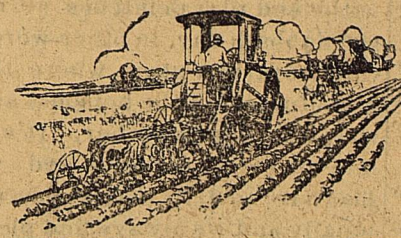

Mrs. T. C. Sproul attended the closing of the Blackwell school last week where her daughter, Miss Annye, has been teaching, they returned home Sunday.

Miss Maude Jones was in from the ranch Saturday shopping.

Friday June 3.

We wonder if Uncle Bill voted for that West Texas Truck law, he'd better keep still if he did.

There will be something doing in Eldorado, Friday June 10, a ball game in the afternoon and a play (by home talent) will be given Friday night at the school auditorium.

Any way those San Angelo Ball games is one in Eldorado favor just playing two games, and the home boys are confident they will win third to be played in Eldorado.

The truck law that goes into effect June 11, is causing much discussion, the truck law is more class legislation. The new Texas law places a total tax of \$1,560 per mile on a 5-ton truck if operated 300 working days in the year and travels 60 miles per day, or a tax of \$5 20 per day on a 5-ton truck that travels 60 miles per day.

Trucks that operate in incorporated cities, we understand, are exempt. Us country folks are the one's to pay the bill.

The Editor of the Sterling City News-Record, "Uncle Bill" remarked that he went into a cold drink parlor to quench his thirst and sitting down by a boy started to pinch him, when he discovered it was a girl in men's clothing. Narrow escape says Uncle Bill.

Now comes along "Kuzn Bill" of the Ozona Stockmen and calls Uncle Bill a fraidcat.

"Fraidcat", that the word we have been looking for, our old bachelor brother migrated to the bathing pool at Christoval where two young ladies were trying to duck a young man, in the scuffle it seemed to be the rule to catch as catch can, another lady sitting on the bank near our old bachelor brother asked him how he would like to be in the young man's place in the water, whereupon he replied, he didn't believe he could stand it. We presume he is one of those fraidcats.

If a woman would be healthy she must have some healthy object to live for; and what more worthy object for a wife than to look well to the ways of her household, and find health and cheerfulness in helping her husband in a mutual interest to lay by something for the years to follow when feeble hand and tottering limbs forbid profitable employment. Such a course pursued by men and women would prevent the great demand for almshouse homes and charities of all sorts. "The righteous are not forsaken nor his seed found begging bread."

Of all the holidays of the year Christmas and Easter stand more prominently on the page of history than any others. Throughout all the initiation and vicissitudes that have entered into the world's history during the past two thousand years, the two festivals that commemorate respectively the birth and the resurrection of the Man of Nazareth still shine with a lustre that remains unfaded after a span of twenty centuries.

The Success tribe accompanied by "Uncle Steve" and Misses Earline Atkins and Lola Mae Tisdale spent Sunday afternoon at Christoval where they preach, bathe and play dominoes all on the Sabbath day, in other words Christoval is a place where the hopeful meets the hopeless and they all hope together. It's a fine place to recreate and we just have to drift that way occasionally and we always find plenty of Eldorado folks there, in fact they come from everywhere.

We didn't take a dip Sunday but the old swimming hole looked mighty tempting only there were too many ladies around for us to use our old time bathing suit and there is many styles of dressing these days that we do not fancy so we came home dry and dusty.

Gov. Neff will have several things to submit to his call session of the Legislature, one of the most important things for all inland towns in West Texas is the Tax placed on trucks. This was the biggest knocks such town as Eldorado ever got from any legislature and Governor. We don't understand why they have it in for the good people of West Texas, but we've got it in the neck more than once, come on now Pat and submit the repeal of that truck law, or show us a reason for keeping it. We tried to reason with our people but they voted for you anyway.

The Sunday Star-Telegram contained 169 pages, and write ups and portraits of its new \$1,000,000 home. The Star-Telegram is now published in one of the most modern plants in the entire South, and the special edition published Sunday is what one would term a "hum-dinger."

The Trustees of the Sonora School District has ordered an election for the purpose of raising their maintenance tax, the order calls for the tax not to exceed \$1.00 on the \$100.00 valuation, this is the limit fixed by law and when voted by the people, gives the trustees a right to assess whatever tax they need to maintain the school up to \$1.00 on the \$100.00 valuation, but does not necessarily mean that they must collect the \$1.00.

The above order is in line with what The Success, several week's ago, proposed for the Eldorado School District to do.

### TO OPEN NEW GARAGE.

Will Eaton reports that Miss Elizabeth Brown and Mr. E. F. Hall, were married in San Antonio on May 25.

Miss Brown has many friends in Eldorado who extend best wishes, she has taught in our school for the past three years and was re-elected for next year.

## FROM REMO TEST PARTS OF GLOBE.

Tanlac Elements Come From Many Lands Far Away From Here.

The ingredients from which the celebrated medicine Tanlac is made, come from remote sections of the earth, and are transported thousands of miles over land and sea to the great Tanlac Laboratories at Dayton, Ohio, and Walkerville, Canada.

Alps, Appenines, Pyrenees, Russian-Asia, Brazil, West Indies, Rocky Mountains, Asia Minor, Persia, India, Mexico, Columbia and Peru are among the far away points from which the principal properties of this remarkable preparation are obtained.

What is said to be the largest pharmaceutical laboratory in the United States has been completed at Dayton, Ohio, for the manufacture of Tanlac which, according to recent reports, is now having the largest sale of any medicine of its kind in the world; over 20,000,000 bottles having been soled in six years.

The new plant occupies 60,000 square feet of floor space has a daily capacity of 50,000 bottles.

Uniform quality is guaranteed by a series of careful inspection by expert chemists from the time the roots, herbs, bark and flowers are received in their rough state from all parts of the globe until their medicinal properties have been extracted by the most approved processes. The finished medicine is then bottled, labeled and shipped out to tens of thousands of druggists throughout the United States and Canada to supply a demand never before equalled by this, or any other medicine.

Tanlac is sold in Eldorado by L. M. Hoover. (Adv.)

There is a time for work and a time for play, says W. L. McWhorter and Prof. Hurst, and now these gentlemen have found time to go fishing, and are now angling for finnies in the limpid water of the Sount Concho, and will be able to tell some good fish stories when they return.

The unexpected will happen once-in-a-while, we didn't learn who they carried along to bait their hooks, but the motive these gentlemen had in going fishing and taking with them a shotgun, was to get out of that Neff way of doing things.

## The Story of Our States

By JONATHAN BRACE XV.—KENTUCKY

THE kinship of Kentucky and Virginia is that of parent and child. From Virginia came most of the settlers of the western state, and with them these pioneers brought Virginia institutions and ideals. It was not until 1750 that the first authentic journey was made by a white man into central parts of the region afterwards called Kentucky.

Further explorations showed that this territory held two important attractions for settlers. The first was the great fertility of what was called the Blue Grass region. The so-called blue grass, from which this state is nicknamed the "Blue Grass State" is in no wise peculiar to Kentucky.

The second inducement for settlers was the fact that there were no Indians living in this region. It was later found that many roving bands of savages crossed the Ohio from the north and sorely harassed the early colonists until Clark's expeditions into Ohio and Indiana checked their invasions. In fact, the name Kentucky is probably derived from the Iroquois word kentucke, meaning "hunting land." Another interpretation is "dark and bloody ground," but this is doubtless incorrect.

The main highways of travel at that time were Daniel Boone's "Wilderness Road" through Cumberland Gap and down the Ohio. Hardy pioneers poured into this new territory in such numbers that in 1792, with the permission of Virginia, Kentucky was admitted to the Union as the fifteenth state with an area of 40,598 square miles. Kentucky has thirteen electoral votes for president. The remarkable physical condition of its population is shown in a report of the volunteers in the Civil war. This gave their average height as nearly an inch taller than the New England troops and with a correspondingly greater girth of chest. (© by McClure Newspaper Syndicate.)

## The Story of Our States

By JONATHAN BRACE XVI.—TENNESSEE

THE history of Tennessee stretches back to the year 1541 when De Soto with his party of Spanish

adventurers probably reached the present site of Memphis on the Mississippi. The French under La Salle built a fort here about 1682. The English also laid claim to this territory, including it in the grant to North Carolina. It was not until 1770 that the first permanent settlement was made by James Robertson and this was soon followed by many other settlers from North Carolina. They formed what they called the Washington district, but this was short lived as it was promptly annexed to North Carolina. In 1784 the inhabitants, indignant over North Carolina's attitude toward them, declared their independence and formed the State of Franklin or Frankland. As this secession was not countenanced by North Carolina, for a number of years a state of confusion existed with two sets of officers trying to govern. Meanwhile the settlement suffered severely from hostile Indians and from the Spanish, who still held Louisiana, and controlled the Mississippi river. In 1790 North Carolina finally ceded this territory to the United States. By 1796 the population had increased to over 60,000, so Tennessee was admitted as the sixteenth state of the Union.

At the outbreak of the Civil war, Tennessee joined the Confederacy. In 1863, when the state was readmitted to the Union, there was much disorder during the reconstruction period. This led to the formation of the Ku Klux Klan, the influence of which quickly spread throughout the Southern states. This secret organization took into its own hands the suppression of crime and the administration of justice.

Tennessee contains 42,022 square miles, and is sometimes called the Volunteer state. It is named after its principal river, which is a Cherokee word meaning "Crooked River" or "bend in the river." (© by McClure Newspaper Syndicate.)

### SEND A BUNDLE OF OLD CLOTHING

TO SAVE LIVES OF NAKED MEN, WOMEN AND CHILDREN FACING DEATH FROM EXPOSURE.

Send your old clothing immediately to the appeal sent broadcast throughout the United States by the Near East Relief organization, to make possible the saving of a million men, women and children refugees who face death from exposure.

"The need is tremendous," State Secretary O. M. Lowry of the Near East at Dallas stated, "and every garment forthcoming may mean life or death to those needy ones. Everyone has some pieces of old wearing apparel they can spare for these destitute ones. Wrap that bundle today, and send it immediately. Hear the cries from those who must face the bitter winters, the snow and sleet and rain without any clothing whatsoever, or if they possess any at all, just a few rags or old sacks to protect them. Will the people of Texas permit their old cast off clothing to remain boxed up or put away in boxes and closets when such old clothing will save human lives? I cannot believe that they will, but upon response to this old clothing appeal depends whether or not these destitute people, ninety per cent of them Christians, live or die."

"Procrastination will cost lives. Old clothing is needed immediately to ship to Armenia to be on hand in time for the early winter in that section. Your bundle, Mr. Reader, should leave immediately by parcel post or express."

Send Your Bundle of Old Clothing to  
**NEAR EAST RELIEF WAREHOUSE**  
548 WEST 32nd STREET, NEW YORK, CITY.

The campaign for old clothing is nation wide. It is announced, denoting the tremendous quantity of cast off clothing needed to care for those who are in such need. The kind of clothing needed in particular is given out as follows:

Coats, dresses, sweaters, skirts, blankets, petticoats, overcoats, work shirts, heavy hose, heavy wrap, woolen gloves and mittens, boots and shoes, felt slippers, shopworn garments, children's clothes of every sort, sheets for bandages.

New cloth by the piece and new garments are greatly desired. Sewing by women's societies or other organizations in America is not encouraged as it is much better to send the cloth to the Near East to be made into garments, thus giving employment to otherwise unemployed refugees.

Send Your Old Clothing Immediately

"Picture, if you can," Mr. Lowry stated, "as many as fifty thousand men, women and children, walking miles through the snow and mountain trails without a single piece of wearing apparel. This happened last October following a continuation of Turkish atrocities upon the Armenian race. Fifty thousand were thus deported, but thousands and thousands died from exposure before reaching a Near East Relief station. Those that did arrive were in the last stages of death from exposure, and thousands of operations were performed on frozen limbs.

"Did they get food, clothing and shelter? No. Supplies were low. They got some soup, some black bread, and for clothing they got old flour sacks and burlap bags. For shelter, they were turned out again into the mountains and the bitter winter, because there was no room for them and only sufficient supplies left for the 10,000 orphans in that section. How many of them later died from exposure, no one knows.

Wrap and Send Your Bundle of Clothing Today

"These refugees are only a negligible number of those who must face this coming winter without clothing. Hundreds of thousands will make out through the Summer and Fall, but will not be able to survive the coming winter. The old clothing that is needed, is needed now. What will your answer be, Mr. Reader, will you permit your cast off clothing to go to waste when it means life to those who are naked? Let your answer be a bundle of old clothing sent today. Give your full name and address on your bundle so that proper credit and acknowledgement can be made."

### RESOLUTION ADOPTED BY WOMAN'S AUXILIARY.

St. Louis, May 24.—Christian marriage "has been degraded to a vulgar worldly thing" from which results "a frightful and terrible demoralization of married life" declares a resolution adopted yesterday by the Womens Catholic League, an auxiliary of the catholic Union of Missouri in convention here.

"Marriage is growing to be legalized prostitution and the dignity of mother hood is ridiculed and despised," the resolution says. It asserts that the blessing of children, "once cherished as something sacred," is now regarded as "a streetcorner joke." Modern styles in womens dress, modern dances and picture shows were assailed in other resolutions adopted.

## Uncle Walt's Story

### HARD ON THE POETS

"I'M SCHEDULED to recite 'Annabel Lee' at an entertainment tonight," confessed the retired merchant, "I've been repeating the poem to myself almost constantly for several days, and know every comma in it, but I'm afraid that when I stand up to recite, I'll have forgotten every word of it."

"I hope so," said the hotelkeeper. "Such a poem as 'Annabel Lee' deserves better treatment than you are qualified to give it. You have a voice like a guinea hen, and you telescope your words, and you

don't know any more about poetry than a porcupine knows about Paradise. If you'd stand up and recite a few pages from a mail-order catalogue I have no doubt you'd put the proper feeling into it, and move your audience to tears, but it's a crime for a man like you to mangle a beautiful poem, full of sentiment and melody."

"There ought to be a law against that sort of thing. Some of the best poems in the country have been ruined by common or garden elocutionists. Nowadays people smile when you mention 'Curfew Must Not Ring Tonight.' It has been recited so much by people with cracked voices that it has become a joke. Yet if you examine the poem calmly and impartially you will find that it has a great deal of merit."

"In the schools the pupils are permitted to recite some of our best poems, and the poems aren't fit for anything after it. The school authorities should prohibit this sort of thing, and prepare a volume of cheap asbestos poetry that is fool proof, that can't be injured, no matter what you do to it. There is plenty of punk poetry in the world, and a collection of this stuff would serve the schoolboy elocutionists just as well as the high class poetry that is so easily spoiled."

"When I went to school, about a hundred years ago, there was a tall, freckled, gangling boy, who talked through his nose, with a sort of whine that sounded like filing a saw. There was to be a school entertainment, and this boy was down for a recitation. The teacher never asked him what he was going to recite, but gave him the right of way. Teachers continue to make the same mistake, even as we go to press. They should choose the poems which are to be butchered to make a Roman holiday and select something that won't rip, ravel or run down at the heel."

"This boy stood up before the school and droned through Gray's 'Elegy.' Now, that's one of the best rhymes ever composed. It was written by a journeyman poet who put in seven years at it, in the time when they had ten-hour days. He wanted to leave behind him a poem that would stand the severest tests of the government inspectors, and he did. In my opinion there is nothing better in any language. It is rather melancholy, but it has a sort of doggone soothing quality that is a balm to the bruised spirit of a landlord when he finds that the receipts of his hotel don't equal the expenses."

"Time and again, when discouraged and played out, I have started to read that poem, and as soon as I get fairly into it, I seem to see that blamed gangling schoolboy, in his high-water garments, and hear him droning through those verses, making a noise like a sawmill on a wet day. It's more than forty years since he made a violent assault upon the Elegy, but it seems like yesterday. It's the same way with Hamlet's 'Soliloquy.' Every time I hear or see that gem I think of a fat youth who recited it in our school, and then I burst into tears."

"There's no sense in such a business, and congress ought to do something, doggone it."

All sensible people who have the means and opportunity, recuperate themselves by frequent pauses for recreation. They do not defer this period of pleasure until the closing months of worn out life. They are too wise to expect impossibilities of nature the recuperation of an utterly exhausted body. They are grateful to heaven that they possess the means which which is wisely used to prolong a useful existence.

### Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. Circulars free. All Druggists. F. J. ## Soon There May Be No God But Allah!

THE trend of destruction has turned from bodies to souls. Warfare of guns has been translated into a warfare of ideals. The world war has been followed by a titanic struggle for spiritual supremacy between Paganism and Christianity, between Allah or force and Christ or love. In half the world Islam flaunts her bloody crescent, while in so-called Christian lands materialism and pagan ethics seek to conquer the souls of men.

There is a form of education which is thoroughly pagan. It is the offspring of Prussianism; it is godless, materialistic, unspiritual. It will eventually paganize any people.

Will Germany be allowed to win the war at last? If her educational ideals—her type of culture (Kultur) by peaceful penetration—

come to dominate in Western Europe and America, she has won an infinitely greater triumph than if she had conquered France and dictated a German peace.

If the Church goes out of education and allows the present secularizing tendencies, already strong unrestrained freedom to develop, soon there will be no God but Allah.

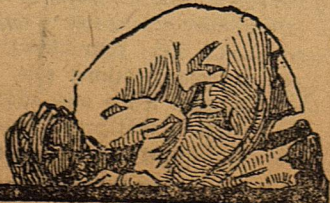

### Education Must Be Christian

Education types civilization. The American ideal is Christian education. Thus were our greatest colleges founded. Until fifty years ago America did not swerve.

It is the purpose of the Christian Education Movement of the M. E. Church, South, to call the country back to its early ideal. Through the finest and most thoroughly Christian system of schools and colleges in the nation, we propose to counteract these unholy influences, to fill the world with trained religious workers, and to produce a generation of leaders who will steer us safely, govern us wisely, and stabilize us socially and industrially.

Who will lend his energies to this high crusade, that Christian education shall not perish from the earth?

It will cost \$32,000,000. Send your share to the pastor May 28-June 5 of any M. E. Church, South, during the campaign period.
