MAYER TO CELEBRATE

JULY 20, WITH BARBECUE.

Mayer, which is 20 miles southeast of Eldorado in Schleicher County, is to Celebrate on July 20, with a Barbecue, you are cordially invited to partake of this feast. It's an annual habit with the Middle Valley people to have a July Barbecue and this is in keeping with former occasions. If you have ever attended one of their annual events, there is no use to tell you about the good time in store for you, only that a game of Polo is to be added to the days amusements, this is a new thing for many Schleicher people. Those in charge of the days events say that they expect a big crowd.

Congressman C. B. Hudspeth will address the crowd some time during the day.

The dinner will consist of Barbecued meats, bread and pickles. Don't forget the date, Wednesday July 20.

MERTZON DEFEATES

ELDORADO 5 TO 4.

Mertzon won the third game from Eldorado at Mertzon last Thursday by a score of 4 to 5, this gives Mertzon two games out of three. The game was a real ball game and was a tie at the close of the 9th, but Mertzon made another score in the 10th.

Carson of Mertzon umpired, some squabbling resulted from the umpires decisions which probably lost Eldorado the game. Eldorado played one outside man, Mertzon played five, no objections was made to Mertzon securing good outside players as it takes the best West Texas can produce, with an occasional expert from Chicago, to defeat the Eldorado Eagles, they are capable of playing the best and would probably defeat any team mustered up within the bounds of any West Texas county.

C. L. Fortson, wife and little daughter, Carry Pauline, are visiting relatives and friends in our city. They expect to be here several weeks. Mr. Fortson is now District Clerk of Hidalgo County and lives at Edinburg. This is Mr. Fortson first visit here since he left here in 1917.

BAPTIST ENCAMPMENT

AUGUST 9 TO 18.

The Mertzon and Eldorado papers give the dates for holding the Baptist Encampment there as Aug. 9 to 13, when it should be 9th to 18 inclusive.—Christoval Observer.

The Success made its first announcement from the article appearing in the Christoval Observer of date June 24, column one, which gave the dates "9 to 13" inclusive. The Success has never been furnished with a copy of the program, and did not know the exact date, and made our announcement from the Observer, so stating at the time. However we gladly make this correction.

FORDSON

\$715.00 f. o. b. Eldorado

The Fordson saves from thirty to fifty per cent of the farmer's time.

The Fordson plows, harrows, drills and much ground in the same time as from four to six horses. Many farmers say it does the work of eight horses.)

The Fordson does for the farmer just what machine power does for the manufacturer—it enables him to manufacture his product at less cost. And that is what the farmer wants to do; grow his crops more cheaply and make his margin of profit greater. And the Fordson will help him do it.

Let us prove this to you by a demonstration on your own farm. Just phone us or drop us a card.

THE TARIFF BILL.

Some people who have been so keen for putting a tariff on every thing—people who have hailed it as a panacea for every economic ill are beginning to wonder if those Yankees are not letting us hold an umbrella over them.

America is an export nation of products of the farm and an import nation of every other manufactured product excepting motor cars, and the motor car industry was built up without a tariff and had what little tariff there was against it, repealed a few months ago.

People had better begin to consider that when we stick the highest tariff of our political history on everything, and cut off our markets to European manufacturing nations so that they will not have money with which to buy our grains and beef and mutton and pork, that not only are cutting off our only chance of getting prices back to production costs, but at the same time are preventing these nations from earning enough money to pay the interest on her war debt.—San Angelo Standard.

UNIQUE ENTERTAINMENT.

The Woman's Club of Eldorado entertained Tuesday evening, from 7:00 to 12:00 o'clock, at the beautiful home of Mrs. A. O. Beavers. A few guests, other than the husbands of the Club membership, were invited.

The guests were invited to come in time for supper, and as the editor was among the invited guests, that part of the invitation was most striking. We arrived a little after time and found the home beautifully decorated with pot plants and bouquets of chester daisies, and a merry lot of guests, who had left the busy care of life to enjoy the evening. The guests were then invited to go in couples into the dining room, and while passing through to read the minute which was posted on the doorway, and which consisted of bread, fried chicken, potato chips, stuffed eggs, beets, pickles, fruit salad, lemon, coconut, and cream pie, angel food, pineapple and coconut cake, ice tea and coffee.

Upon reaching the kitchen the guests were each given a plate, others began to serve you from the tables laden with goodies each table having a waiter, after you received "all your plate would hold" you was taken to the lawn where tables were prepared, and there we feasted until we "cried no please" After the first course was served a second, consisting of ice cream and cake, was served.

The remainder of the evening was spent in playing progressive "42" which was enjoyed by all.

After being sumptuously fed and royally entertained the guest departed at 12:00 o'clock, declaring, it to be a most unique entertainment.

The Story of Our States

By JONATHAN BRACE XXIV.—MISSOURI

WHETHER Missouri was actually visited by De Soto at the time of his discovery of the Mississippi is not definitely known.

The first authentic exploration of this territory was by the French, Joliet and Father Marquette in 1673. French settlers gradually located in Missouri, in 1764 St. Louis being settled. This was one year after Spain acquired from France the Louisiana Territory of which Missouri was a part.

Colonization greatly increased after the ordinance of 1787, which excluded slavery from the Northwest territory, as this naturally deflected many to the territory west of the Mississippi who otherwise would have settled in the north. The slavery question continued to hold the stage in Missouri history. After the Louisiana Purchase in 1803 added this vast western area to the United States, emigration increased to such an extent that in 1829 Missouri formed a state government and applied for admission to the Union. Bitter antagonism immediately arose in congress against the addition of another slave state. On the other hand the slavery adherents pointed out that Maine had just been taken into the Union as a free state and one state would therefore balance the other. A final settlement was made by the famous Missouri compromise, which accepted Missouri as a slave state but prohibited slavery in the rest of the territory north of a line extending from the southern boundary of Missouri to the Rocky Mountains. Indeed, it was this agitation which, temporarily smothered at that time, burst forth in the Civil war.

Missouri is in the forefront of the important states in national politics as it has eighteen electoral votes for president. Its area is 69,420 square miles. (© by McClure Newspaper Syndicate.)

Physiological Action Of Tanlac Explained

World's Leading Authorities Show Just What Tanlac Really Is and Explain Effect of Ten Ingredients on the Human System. Power of Medicine Conclusively Proven.

A day never passes but what thousands of people ask the ques-tion; What is Tanlac made of? Why its phenomenal success? Why do we hear so much about it? and Why has this preparation so far out stripped all other medicines of its kind?

The answer to these questions is easy and can be explained in just one word—merit. Tanlac is scientifically compounded and represents years of work, study, experimentation and research by some of the foremost chemists and pharmacologists of America.

The Tanlac formula is purely ethical and complies with all National and State pure food law. It is purely vegetable and is made from the most beneficial roots, herbs and barks known to be Materia Medica. The Tanlac Laboratories are among the largest and most modernly equipped in this country.

Ten Ingredients in Tanlac.

Altogether there are about ten ingredients in Tanlac each of which is of recognized thera-peutic value.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Brit-tanica says:

"It has been the source of the most valuable tonic medicines that have ever been discovered."

In referring to other of the general tonic drugs contained in Tanlac the 13 Edition of Potter's Therapeutics, a standard med-ical text-book, states that "they impart general tone and streng-th to the entire system, includ-ing all the organs and tissues".

This same well-known authority in describing the phy-siological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a "rundown condition" uses the following expression:

"It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other ele-ments in Tanlac which, because of their influence upon the ap-

etite, digestion, assimilation and elimination, improve the nutri-tion and vital activity of all the tissues and organs of the body and produce that state of general tonicity which is called health. The United State Dispensatory makes the following comment regarding another ingredient:

"It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required."

There are certain other ingre-dients described in the Dispensatory, and in other standard medical text-books, as having a beneficial action upon the organs of secretion, whose proper func-tioning results in a purification of the blood streams passing through them. In this manner, objectionable and poisonous in-gredients of the blood are re-moved and the entire system in-igorated and vitalized.

Tonic and Body Builder.

Tanlac was designed primar-ily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it natur-ally follows that any medicine that brings about proper assimi-lation of food and the thorough elimination of the food and the waste products must, therefore, have a far reaching and most beneficial effect upon the entire system.

Tanlac is sold in Eldorado by L. M. Hoover. (Adv.)

WHEN you say that Chesterfields "satisfy," you're whistling. You know—the instant you light one—that the tobaccos in it are of prime selection, both Turkish and Domestic. Did you know about the Chesterfield package of 10?

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.
