ROCK TURNS TURTLE, 15 PASSENGERS, NO DEATHS.

The days of miracles are not over Saturday, while coming to town, a Ford truck loaded with 15 Mexican cotton pickers, from the Boothe farm, driven by a Mexican woman, turned a complete turtle, turning back upon its wheels headed the opposite direction from the way it was going. None of the 15 passengers were killed, seven were hurt, two badly mangled, all will likely get well, the two physicians were busy several hours Saturday afternoon dressing the injured.

INCH RAIN FALL THROUGH OUT WEST TEXAS

Monday morning a slow rain began to fall and by Wednesday an inch or more had fallen, and reports indicate that the whole of West Texas got this rain.

The weather has been ideal for the farmers to gather their cotton and about two thirds here has been picked. The rain will put a good season in the ground for the sowing of winter grain, and will greatly benefit the range.

SATURDAY'S BALL GAMES.

Friday the Christoval Basket Ball Girls came up and played the Eldorado girls, the game was full of enthusiasm, but was an easy victory for Eldorado.

The scene was then shifted to the Foot Ball ground where a game of Foot Ball between Eldorado and Ozona was played, making the second game for the home boys, the game resulted in 24 to 0, this showed quite an improvement over the game a week ago with Sonora, after a few more games our boys will catch onto the game and bring home a victory.

Some of the boys have been given some extra tips by Payne Robinson, a foot ball expert, and will improve wonderfully by the next game.

J. E. Jones was in from the ranch Monday marketing a bale of cotton, which topped the market, bringing 21 65, he paid The Success office an appreciated visit, he had us send the paper to his daughter, Mrs. Ruth Siliman at Abilene, with whom Herman is with going to school. Mr. Jones has three daughters in the C. I. A. If Ed didn't own a fine Schleicher county farm he couldn't do all this.

We note from the Christoval Observer that Mr. Alfred E. Shepperd and Miss Helen Teutner of St. Louis, were united in wedlock September 30, in San Francisco, where they will reside.

The groom is a son of Mr. and Mrs. A. E. Shepperd of Christoval, and was reared on the Shepperd ranch which lies on the north county line of this county, it has been our pleasure to know him from infancy, he is a splendid young man of sterling character, with out bad habits, and of noble parentage. He has re-

sided in San Francisco for the past two years where he is engaged in business, he has many friends here who wish him well.

Mr. and Mrs. Cleve Jones and children were in from Middle Valley Saturday guest of T. K. Jones and family.

America, France and Italy were signers to the same Armistice that England was, that meant that the Dardenelle was to remain open to commerce, the Turks came back with their murdering bands, and Britain alone demanded their halt, at the same time the Washington administration sent out the word in big headlines that Harding kept us out of war, when in fact we kept still and let England stop the Turks, the thing we signed up to protect.

We note from the Mertzson Star that Herman Gillis, of San Diego, California, is visiting at Mertzson. Mr. Gillis was one of the early settlers and at one time owned a ranch here, he drilled the well now owned by T. K. Jones, which is near the Mather place, and help to begin the development of this county, this well was drilled about 35 years ago, many of the old timers, who are readers of The Success, will remember Herman Gillis. He was also one of the first home builders he built the house now occupied by J. R. Griffin, Mr. Gillis help to transfer the antelope and buffalo from "The Divide" and plant the long horn cow, which was followed later by the white faced cow, then came the sheep, and now the farming industry is becoming a valuable asset to our people, and will in the days to come be of the most important.

Could our friend drop back to his old ranch, and saddle his favorite pony and gallop over to San Angelo to get his mail, not so now, the modern transportation excels the pony, and 35 years hence, if he could be called forth from the dead as was Samuel (1st Samuel 28 chapter) and permitted to view the transportation of the country, our autos then would resemble the pony of today.

Our younger generation will witness many changes.

BREAKS THIGH.

While walking across the sidewalk in front of the bank Tuesday, Mrs. S. E. Couch, who is employed at the Holland Hotel, slipped and fell on the cement walk, breaking her thigh, Mrs. Couch came here only a few weeks ago.

PLATFORM DEMAND TO BE EXPLAINED

Texas Highway Association to Conduct Campaign of Education.

Waco, Tex.—The Texas Highway Association, with headquarters here, is preparing to conduct a campaign of education between now and the regular session of the Legislature to call attention to the full meaning of the highway plank in the Democratic platform adopted at San Antonio.

The platform declares in favor of a State system of highways but recognizes that without Federal aid such a system cannot be built. It then accepts the provisions of the recent act of Congress, "which declares that in the near future Federal co-operation in road building will be extended to those States only that provide that the State, through a properly authorized and equipped agency, shall finance from funds under the direct and exclusive control of the State the construction, maintenance and operation of a State system of public highways." The platform then adds the following:

"We therefore recommend and urge upon the 28th Legislature the necessity for favorable action on all legislation, whether constitutional or statutory, that may be deemed requisite to enable the State to take over the construction, maintenance, control and operation of a system of public highways without prejudice to the constitutional rights of the counties and of the State."

The Texas Highway Association calls attention to the fact that what this proposes is to give the State Government the authority to construct a State "system" and to maintain and operate that system. Under the Federal law such a "system" shall not exceed seven per cent of the total post road mileage of the State, so far as Federal aid is concerned in Texas this seven per cent system would embrace about 12,000 miles of highways, touching practically every county in the State. The authority it is proposed to give the State over to this system would not interfere with the powers and jurisdiction of the counties over the remaining 93 per cent of the roads nor disturb any of their present revenues nor their powers of raising revenue. The Association points out that it is necessary to pass such legislation in order to continue to receive Federal aid for highway construction in Texas, and it is necessary also if a State system of highways, such as is being constructed in other States is ever to be a realized fact in Texas.

WILL TEXAS FORFEIT FEDERAL AID?

According to the Texas Highway Association, Texas receives five dollars from the Federal Government for highway construction for every dollar which this State contributes in taxes to the Federal highway fund. The other four dollars are paid in by other States. Texas receives more Federal aid for highways annually than any other State in the Union, but this Federal aid is threatened, the association points out, unless the laws of Texas are changed to conform to Federal regulations. The States that are paying the extra Federal taxes being spent in Texas have conformed. The association is carrying on a campaign to have the necessary changes made in our laws.

Mrs. Anna Clover, of R. F. D. 3, Winfield, Kans., says: "I began to suffer some months ago with womanly troubles, and I was afraid I was going to get in bed. Each month I suffered with my head, back and sides—a weak, aching, nervous feeling. I began to try medicines as I knew I was getting worse. I did not seem to find the right remedy until someone told me of

CARDUI

The Woman's Tonic

I used two bottles before I could see any great change, but after that it was remarkable how much better I got. I am now well and strong. I can recommend Cardui, for it certainly benefited me."

HIGHWAY CRISIS IS NOT REALIZED

Highway Association President Says
Organization Needed to
Waken People.

Waco, Tex.—The chief reason Texas is still without adequate highway laws, and is now threatened with a discontinuance of Federal aid unless those laws are modernized, is that the facts have never been properly presented to the people, in the opinion of W. V. Crawford of this city, president of the Texas Highway Association.

And the chief reason for this is that there has never been the proper organization to perform this task he declares.

"The people cannot be expected to comprehend the highway situation unless somebody places the facts before them," says President Crawford in a statement just issued. "Any placing such a question before the people of a State the size of Texas is a big job. That job can be performed only by means of organization, and organization on a scale in keeping with the size of the job. The Texas Highway Association has been organized to undertake this work and it has tackled it with no illusions as to its size. We know it is a big job, that it will take work and money to get the information to the people. And we know that it will require the co-operation of everybody who is alive to its importance. We need the co-operation of the newspapers, of chambers of commerce and other civic bodies, and most of all we need the co-operation of individual citizens who want to see Texas go forward and not backward. We want every such citizen to join the association."

"It is fashionable to blame the Legislature when there is failure of necessary legislation. We don't think the Legislature should be blamed. The average member of the Legislature wants to do the will of his constituents. But when his constituents have not been informed on a question, when they have false ideas about it, we cannot blame a member of the Legislature for reflecting that condition. We must discuss this matter with the people, and that takes organization. The man who wants to solve our highway problems in a way to promote the general welfare, therefore, can help in no better way than to join the Texas Highway Association and thus assist in the work it has undertaken."

**Says Calomel
Salivates and
Loosens Teeth**

The Very Next Dose of this
Treachorous Drug may
Start Trouble

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

OPEN LETTERS.

Ft. McKavett, Texas.

Oct. 14, 1922.

Editor Success:

Inclosed find check for \$1.25, subscription of 9-1-23.

As to your remarks to the letter of Mr. Burlerson in a recent issue of The Success, I wish to say, that in most primaries I vote, not to vote a certain man in, but to vote certain man out. I have known some candidates for some offices, I could not put on my list of honest men. Now then, I want to ask you: suppose "Mr. Jones and Mr. Jackson" are running for some office; I know Mr. Jones to be a No. 1 scoundrel, I go to the primary to help vote him out, or to keep him from getting in, now then, it so happens that Mr. Jones gets the most votes, do you actually think it right for me to support, at the general election, Mr. Jones? When I positively know that a Republican, who is running for the same office is a good honest man, and as far as to qualification he is a good man as could be chosen for the office.

Suppose again, that my choice, Mr. Jackson, gets the nomination, but before the general election he transgresses the law, kills a man, or commits a crime, which would make him subject to the penitentiary, do you actually think I would be obligated to do all I could to put him in office?

Any man who has the spirit of a true American Citizen in him, would never ask me to bind myself to help put a man in office, who I know to be a scoundrel. The hundred per cent American who would want me to do that, would, by his act put me in a class with a peon, an old time corn-field negro, an old country Fendal lord subject, who would have to haste to the lords castle at the call of the trumpet, to defend him against his hostile neighbor.

In 1848 our people fought for "Freiheit und Gleichheit" "Liberty and Equality" something we are supposed to enjoy here, can you tell me when, where and how we enjoy these two things?

Yours truly,

J. A. Ruff.

Friend Ruff:

Your first admission is wrong, you should vote to elect and not to defeat, if you do not like either of the party candidates, and like another candidate of another party better, then you can enjoy your liberty by so voting.

But after you have entered in the democratic primary with me you for Jackson, who you believe from your inner soul to be an honest man with a clean record, and your friend and neighbor and I for Jones, my friend and neighbor and whom I believe to be clean and honest, equally as strong as you do your candidate, then you and I meet at the poll and pledge each other that we will support each others man, regardless which is nominated, and this pledge is after a long and strenuous campaign, in which the lives and character of Jackson and Jones are thoroughly discuss, after you have heard the evidence and have the liberty to either stay out or go into this agreement you inter into the pledge, and Jackson, your man loses and Jones has 53,258 majority, coming out of the votes cast by your friends and my friends, you have lost by odds, does not it look like my man Jones had the best record, then Bro. Ruff, will you desert me and your friends with whom you have signed the pledge and

SENIOR CLASS ORGANIZE.

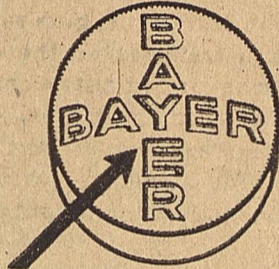

The Senior Class of 1923 met last week for the purpose of electing class officers and deciding on the flower, colors, motto and yell. Leslie Baker was elected unanimously for our Class President and I am sure that all who knew him will agree that we have made a wise choice. Salome Stewardson, also captain of the Girls Basket Ball team, was elected Vice-President, Delta Boothe is our Secretary and Treasurer, and Margie Clark, Class Editor.

The Colors selected were Old Rose and Silver and the flower Red Rose, the Motto and yell have not yet been decided on but will be sometime this week.

The Senior Class also decided to have annual this year which will be called "The Divide" We are determined not to let this fall through and are going to work in earnest to make it a great success.

To Health and Happiness

Bring Cheerful, Inspiring
And Hopeful Messages
To Those Who Are Sick
In Body And Spirit.

Every human being is entitled to health, happiness and success. It is positively wrong to be satisfied with less. Do not fold your hands and accept ill health as something you cannot avoid or overcome.

Tens of thousands of men and women from all parts of the country have testified that life has been made worth living to them after they had almost given up hope. These are the fortunate ones who have been restored to health and strength by the use of Taniae, by far the world's most celebrated tonic medicine.

They all agree that Taniae brings a feeling of new life and energy to every portion of the body and sends the blood ting-

ling through the veins. The body becomes ruddy with the glow of health, the mind casts off its drowsiness and becomes once more alert and active; there comes new life, new energy and a new feeling of ability to do things never thought of before.

Join, today, the vast army of those who have been made healthy and strong by Taniae. Throw off the poisons that are ruining your digestion, weakening your strength, wrecking your nerves, making your liver torpid, causing headaches, backaches and crippling you with rheumatism and other destructive diseases.

Bring the color to your cheeks and the sparkle of health to your eyes. Be robust, strong and sturdy. You can do this and you owe it to yourself, your future, your family, to act now.

Get Taniae from your nearest druggist today and watch how quickly you begin to eat better and work better. (Adv.)

"Cold in the Head"

is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.

HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System, thus reducing the inflammation and restoring normal conditions. All druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.
