### A VALENTINE.

In an old West Texas town,  
I've heard there are Bachelors  
of wide renown.

So handsome and stately,  
'Twas rumored lately,  
They were known for miles a-  
round.

So the damsels thought it time,  
To send all these gallant  
A Valentine.

But their purses being flat,  
Down they all sat,  
To compose a little rhyme.

This it is:

May you have a happy Valentine,  
Is the sincere wish of  
The Nine.

A. H. Palmer, Miss Kittle and Mrs. Frank James, left last week for Alpine and Marfa where Mr. Palmer expects to buy or build a home as they will move out near the Tom Palmer ranch. We regret to lose them from our midst and trust that they may yet decide to keep their home here.

We are glad to see R. A. Evans who has been confined to his bed for several weeks, able to be up town again Saturday. Bob was among the flu victims and had bronchial pneumonia.

### TO VOTE ON SCHOOL TAX IN PRECINCT THREE.

Will Isaacs was in the city Saturday from his ranch and while here made The Success office an appreciated visit. He reports that his school precinct, which is number three known as the Adams School, will soon have an election to vote a 25 cent special tax for school purposes. All schools are being confronted with a shortage of finances, and the school that expects to succeed must look ahead, we might have as much money as we use to have but it takes more, and The Success is glad to know that the school interests is being looked after in Mr. Isaacs precinct.

### NOTICE.

I wish to notify all those that are indebted to me for last year accounts, to please call and settle at once as I need the money.

### BOY SCOUTS IN YOUNG ARMENIA

Strangest Troop of All in Constantinople Being Made Into Good Citizens.

American Boy Scout training is aiding prominently in the rehabilitation of hundreds of little Armenian boy refugees from the Turkish massacres, who have been organized into a scout troop in Constantinople as the solution of one of the most troublesome problems that confronted the Near East Relief workers in that city. Hounded and driven for four years, having seen their parents and relatives slaughtered or worse by Turks and Kurds and themselves forced to beg, steal or do almost anything to eke out the barest existence, these boys had completely lost their moral sense when they finally found refuge in the Near East Relief orphanages.

The boys had been clad in rags for so long that they had forgotten how to take care of clothes. This was a tragedy when the Near East Relief had need of every pair of shoes and of every suit of clothes for new boys constantly coming in. Then the boys were organized as Boy Scouts and given their uniforms. They began to be careful of their school clothes as well as of their uniforms.

They had been so often hungry they had come to steal without compunction. When they first entered the orphanages they continued to steal. One boy stole a purse from his American teacher. For two or three weeks after he became a Boy Scout he was obviously uneasy. One day he came to her with the purse in his hand.

"I don't want to give it back," he said reluctantly. "But I have to, I'm a Boy Scout now."

To form more scout troops to transform these little unfortunates into good citizens, is one of the reasons why the Near East Relief, 1 Madison avenue, New York city, is making its appeal for funds.

# Ford

THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

This editor has been accused of being a high tax man, all because he favors all progressive moves for the community. We paid over \$50 State and County tax this year and are striving like 'blue blazes' to accumulate enough property to make it \$100 next year.

Our church and charity donations the past year were double that of our State and County, the last was voluntary and not compulsory, can our critic produce a better a record.

President Wilson has appointed Bainbridge Colby of New York, to be Secretary of State, to fill the vacancy caused by the resignation of Lansing.

Colby was first a Republican, then a Progressive or Bull Moose with Roosevelt, but left Teddy in 1916 when he turned to Hughes, and identified himself with the Democratic party. Colby's appointment must be confirmed by the Senate.

Mrs. Vashti Harris, who has been phone operator here for several years, left last Thursday for Wingate where she will work in the local phone office there which is owned by Beavers & Grimes, she was one of the best operators that has ever worked in the local office here, however, she is gone so lets co-operate in every way possible with the new force so that they may soon be able to give the service we desire.

### Only a Cold.

Are you ill? is often answered "Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

**For Weak Women**

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

**TAKE CARDUI The Woman's Tonic**

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be..." writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk... just staggered around. I read of Cardui, and after taking quite all, I felt much better. I took 3 or 4 bottles, at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

## SOUTH IS TURNING AGAINST CALOMEL

Mr. Dodson, the "Liver Tone" Man, Responsible for Change for the Better.

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place. "Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back. Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel... Don't lose

**RACING HORSE-SHOE TIRES**

ALL new tires look much the same on the outside, but experience has proven them to be mighty different on the inside.

That is why many corporations are today buying tires only on performance. The makes of tire that gives the most miles per dollar get the business.

Horse-Shoe Tires are today specified exclusively by some states as well as by many of the world's largest corporations.

Thus they have "proven" their comparative merit under the severest test that could be given an automobile tire.

When Prof. Hurst came to our school it had no classification, now it has first class classification and made eight units for affiliation and has conditional affiliation with the State University now, and it is the desire of the school board and faculty to complete our affiliation at the close of the present term and secure the additional 7 units.

The Board also decided to plan for another additional building or more rooms for next term, this will call for an additional bond election which will probably be ordered at the first meeting in March, at which time a special Tax Assessor and Collector will also be appointed for the district.

**They couldn't be built now for twice \$71,000**

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American Railroads to pay the highest wages while charging the lowest rates.
