## Rodeo Winners Reported

### 2-Day Amateur Rodeo

The results of the 2-day Amateur rodeo here last week were:

- Bareback Bronc Riding**
- Ernie Gabriel, Uvalde.
  - Glen Keith, Wimberly
  - Bob Golson, Cross Plains.
  - Split between Chick Elons of Belton and Bubba Morrison, San Antonio.

- Calf Roping**
- Bob Johnson, Eldorado.
  - Horace Rankin, Big Spring
  - Ernie Gabriel, Uvalde
  - Anthony Herrea, Kyle.

- Barrell Race Jackpot Friday Night**
- Joan Clark, Eldorado
  - Margaret Powell, Eldorado

- Barrel Jackpot—Saturday Night**
- 1st and 2nd split between: Joan Clark, Eldorado, and Linda Taylor, Stephenville.
- 3rd and 4th, split between: Vada Duncan, Brownwood, and Kay Williams, Eldorado.

- Team Roping, heading & heeling**
- B. B. Ingram, Sonora, and Bob Johnson, Eldorado.
  - B. B. Ingram, Sonora, and J. L. Keeney, Crane.
  - Logan Stevens, Harper, and Johnny Bierschwale, Harper.
  - Fred Chaney, Midland, and J. L. Keeney, Crane.

- Bull Riding**
- Chick Elms, Belton.
  - David Elms, Belton.
  - Bob Graham, Uvalde
  - Split Prater Gibbs, San Marcos, and Bubba Morrison, San Antonio.

- 12 and Under Steer Riding Friday**
- Casey Davidson, San Angelo
  - Soulie Shanklin, Rocksprings

- Saturday Night**
- Casey Davidson, San Angelo

Riding Club members placing in the rodeo were:  
 Kay Williams in the barrel race.  
 Bob Johnson in calf roping and team roping.  
 B. B. Ingram in team roping.

### Labor Day Jackpot

Winners in the Labor Day roping held in Eldorado.

- 1st Calf Roping Jackpot**
- Lyn Waldrop, San Angelo
  - Marvin Raz, Fredericksburg
  - Skipper Duncan, San Angelo

- 2nd go-round:**
- Horace Rankin, Big Spring
  - Bob Johnson, Eldorado
  - John Rae Powell, Eldorado

- Average:**
- Lyn Waldrop, San Angelo
  - John Rae Powell, Eldorado
  - Skipper Duncan, San Angelo

### Labor Day Team Tying

- 1st go-round:**
- Logan Stevens and Johnny Bier-

schwale of Harper.  
 2. Randall Wilcoxson of Odessa and Boob Kelton of McCamey  
 3. A. R. Northcutt of Eunice, N. M., and Larry Mobbs of Odessa.  
 4. Tied between: Terry McMillan of Mason, Bill Benson of Angelo, and Bob Johnson of Eldorado and B. B. Ingram of Sonora.

- 2nd go-round:**
- Fred Chaney of Midland and Jim Espy of Fort Davis.
  - Boob Kelton of McCamey and Randall Wilcoxson of Odessa.
  - Frank Boyd of Rankin and Harry Howard of McCamey.
  - Tie between: Terry McMillan of Mason, Bill Benson of Angelo, and Johnny Bierschwale and Logan Stevens of Harper.

- Average:**
- Boob Kelton of McCamey and Randall Wilcoxson of Odessa.
  - Logan Stevens and Johnny Bierschwale of Harper.
  - Terry McMillan of Mason and Bill Benson of San Angelo.
  - J. L. Keeney of Crane and Jim Longino of Odessa.

- 2nd Calf Roping Jackpot**
- 1st go-round:**
- Skipper Duncan, San Angelo
  - Robert Crenshaw, Big Spring
  - Bob Johnson, Eldorado
- 2nd go-round:**
- Marvin Raz, Fredericksburg
  - Bob Johnson, Eldorado
  - Tommy Nosworthy, Menard

**Average:**

- Bob Johnson, Eldorado
- Robert Crenshaw, Big Spring
- Skipper Duncan, San Angelo

After this second calf roping contest, another team roping jackpot was held. Its results were:

- 1st go-round:**
- B. B. Ingram of Sonora and Bob Johnson of Eldorado
  - J. L. Keeney of Crane and B. B. Ingram of Sonora.
  - Logan Stevens and Johnny Bierschwale of Harper

- 2nd go-round:**
- A. R. Northcutt of Eunice, N. M., and Larry Mobbs of Odessa.
  - B. B. Ingram of Sonora and Bob Johnson of Eldorado
  - Frank Boyd of Rankin and Larry Mobbs of Odessa.

**Average:**

- B. B. Ingram of Sonora and Bob Johnson of Eldorado.
- Boob Kelton of McCamey and Randall Wilcoxson of Odessa.
- Tie between: Jim Espy of Fort Davis, Boob Kelton of McCamey and Frank Boyd of Rankin and Larry Mobbs of Odessa.

Announcer for this event was Horace Linthicum.

**HERE FOR RODEO**

Mickie Clark, son of Mr. and Mrs. A. A. Clark, and roommate Guy Roseberry were here visiting over the week end, and attended the Rodeo. They left Monday to return to school in Huntsville, at Sam Houston State College.

Cardboard 10c & 20c. Success

### Post Script

The Labor Day week end is now behind us, and the next holiday of any consequence will be Thanksgiving Day.

This Friday sees the first of our regular football games and Thanksgiving will just about see the close of that season. Football and cotton harvest will claim our attention, and, yes, there will be a General Election on the first Tuesday in November.

Political campaigning will really begin to pick up now.

—ps—

Sometimes along with a lot of other news, we report the death of a good citizen when we scarcely have time to comment on how much we have lost.

It wasn't until after his funeral last Friday that we realized how much we had lost in the passing of Claude Bruton.

A farmer here since 1916 we should surely classify Mr. Claude as one of the steady, substantial citizens of the county. As a reporter for your local newspaper we often called on Claude to ask his opinion on crop conditions and rainfall. We always found him to be an agreeable and intelligent reporter who didn't mind taking the time to give a considered report.

All I can say is that Claude was a valuable source of information and we are going to miss him.

—ps—

Having breakfast at Java Junction Sunday morning, I was joined by Rony Kerr, past president and wheel-horse of the Jaycees, who was enthusiastic about the Saturday night-dance at the City Park. I went to sleep that night at 11:30 with the pleasant strains of dance music coming into my window from a block away.

Rony said that at least two-thirds of the dancers came from out of town. He said it was a nice, clean evening of enjoyment and everyone had a good time. My comment to the Jaycees is this: If you've got a good thing going, why don't you make it a regular event? There are lots of nice cool Saturday evenings in store for us before cold weather sets in.

—ps—

Chevrolet is unveiling their new small economy car, the Vega, in dealer showrooms over the nation today—Thursday, Sept. 10th.

Jim Thornton of Eagle Chevrolet Olds here in Eldorado invites everyone to drop in and see it. This is a new 4-cylinder car and is to be competitive with small foreign cars.

—ps—

Don't forget: Thursday, Friday and Saturday of this week are the days set for the diabetes testing in the front lobby of the Medical Center. Be sure to take advantage of this program; the cost is FREE!

This is a joint project of the Lions Club and the Medical Center and has been in the planning for many weeks.

Further details are on page 4.

## Eagles Face Tough Competition With Rankin Here Friday Night

### Football Bulletin Board

1. Where They Play Tomorrow Night:

Rankin in Eldorado.  
 Llano in Mason  
 Jim Ned in Bangs  
 Menard in Eden  
 Wall in Robert Lee  
 Sonora in Coahoma

2. Here is how Rankin and Eldorado came out the last time they played: Nov. 3, 1967, Rankin in Eldorado. Score was Rankin 12 to Eldorado's 0.

3. The Eagles have had it "up and down" with Rankin in the years gone by. As follows:

1966	Rankin 24, Eagles 0
1965	Rankin 12, Eagles 14
1964	Rankin 14, Eagles 26
1963	Rankin 20, Eagles 13
1962	Rankin 28, Eagles 34
1961	Rankin 14, Eagles 6

4. Keith Williams, All District halfback, suffered a painfully bruised hip in the Ballinger scrimmage, and it is problematical whether he is able to play tomorrow night. He has carried a heavy load the past three years as an offensive halfback and defensive halfback also.

5. Not many "old time" Eagles will forget the 1968 game in Rankin. The Red Devil pep squad beat a drum for 24 hours before the game and their team came out on the field in a fiercely competitive frame of mind, and sad to relate, soundly trounced the Eagles who had not worked themselves up to such a frenzy.

Since that time, beating drums, ringing bells, pounding barrels, and other such "mental conditioners" have become common occurrences; but in 1966 it was a brand new experience for the Eagles and their fans.

### Auxiliary Meets For Officer Installation

The Schleicher County Medical Center women's auxiliary installed officers at their weekly meeting Thursday.

President for the coming year will again be Mrs. W. G. Godwin. Mrs. Carroll Ratliff is vice president, Mrs. Delbert Taylor is recording secretary, corresponding secretary is Mrs. Ted Short and treasurer is Mrs. C. C. McLaughlin.

Installing officer was Mrs. Winnie Jackson, auxiliary parliamentarian. It was announced at the meeting that Mrs. Margaret Ellen Nixon is the first recipient of a scholarship loan being awarded to someone from Eldorado interested in pursuing a medically related field. Mrs. Nixon is presently an Angelo State University student working toward a nursing degree.

Money for the scholarship is being provided by the auxiliary's memorial fund.

### TIP TOP IN SONORA SOLD

Jack Raye has recently purchased the Tip Top Package Store located on Crockett Avenue in Sonora from Mr. and Mrs. Glynn Edmondson.

The store name has been changed to Ranch Country Package Store and store hours have been set from 10 a.m. to 9 p.m.

Raye formerly owned and operated the Live Oak Service Station and maintained a used car business. —Devil's River News, Sonora, Sept. 3.

### BSP SETS FIRST MEETING

Beta Sigma Phi sorority will have its first meeting on September 14 at 7:00 in the Club Room of the Memorial Building.

Program for the evening will be "Oratory" by Flora Hubble and hostess for the meeting will be Judy Meador.

A "kick-off" picnic was held recently at the County Park with 13 members present. All present enjoyed an evening of hot dogs, cold drinks, girl-talk and volleyball. —Rep.

Coach Norman Roberts scouted for Eldorado in Rankin this past Friday night where the burly 1970 version of Class 2A Junction Eagles were outdone by their hosts by two scores to one. Rankin's first full dress rehearsal earlier saw them clobber Class B Imperial by seven or eight touchdowns to one. This seems to hint that the 1970 version of the Red Devils may be formidable opponents.

Coach Roberts said that Rankin has a very smoothly operating team, enjoying good size and speed, particularly with Number 21, Roy Kelly, at split end. He said that their fullback, Number 31, Ken Smith, is big, fast, and aggressive and that he repeatedly whacked the boys from Junction for good gains.

Coach Roberts continued that the Red Devils ran eight different

offensive sets, that Wingback Ray Kelly, Number 21, was an excellent receiver, and that Tom Bloxom, Number 32, was not only a good running back but that on occasion he took the ball on the handoff for a reverse and then became a very capable passer. Coach Roberts concluded that the Red Devils had two hard blocking guards, Number 61, Harold Sigman, and Number 74, Bill Routh, and that these two young lads were good at clearing the way for Rankin ball carriers or in protecting their designated passer.

Old timers will probably see a great similarity between the Rankin offensive "sets" and ancient "single wing"; but there are some differences. The Red Devils have three or four bigger and heavier linemen whom they shift frequently to either side of their offensive line. They split an end, sometimes both ends, and may or may not place a wingback in the opening or slot. It is a varied offense that tries hard to take maximum advantages of personnel strengths.

Their starting lineup is as follows:

No.	Name	Pos.	Wt.
21	Roy Kelley	LE	145
71	Monroe Sullivan	LT	165
61	Harold Sigman	LG	168
50	Mike Hodges	C	209
74	Bill Routh	RG	183
70	Bob Parhan	RT	181
32	Tom Bloxom	LHB	148
30	Bobby Johnson	RHB	171
31	Ken Smith	FB	160
10	Jim McBee	QB	120

With a four-three margin over the Eagles since 1961, the Red Devils can be expected as tough contenders in the 1970 opening contest.

### Ballinger Scrimmage Was Here On Sept. 4

The Eagles ended their pre-season scrimmage schedule last Friday night on Eagle Field in a session which saw the Ballinger Bearcats very definitely as the tutors. In a regularly scored game, the boys from Ballinger would have racked up a four-touchdowns-to-nothing evening of play. They were very sincere and enthusiastic teachers.

In fact Ballinger gave an Eagles a good going over, so to speak, in the exercises in which they displayed outstanding hitting and just hard, rough, honest football. As for that, the Eagles showed great improvement over their Winters practice performance; but if the Eagles displayed grade "C" tackling, the Bearcats would have to be ranked "A".

The Eagles racked up a respectable 117 yards on the ground and 68 yards in the air, completing 4 of 15 aerials. Bad feature was that another six or eight tosses were caught but dropped.

Incidentally, Ballinger is a big Class 2A school and is favored to win their district. Their thorough instruction and superb example should be an excellent tonic for the Eagles.

Item of interest is that the area scouts were swarming at the evening's exercise. As a result the Eagles did not reveal their full set of offensive plans.

### Five From Here Are In LVN Course In Angelo

Linda Berajas, Anne Doyle, Rebecca Garcia, Betty Hanusch, and Nancy Waggoner began classes for LVN in the San Angelo Vocational Nursing School on Sept. 1. The school is affiliated with the Shannon hospital.

There are 28 women and five men in the class. The following officers for the class of 1970-71 are:

President	Angelo Constancio
V. Pres.	Joe Fay
Sec. Treas.	Anne Doyle
Reporter	Dayle Edwards
Social Ch.	Jalinda Hubbard
Program Ch.	Mack Burk

The course will last for the coming 12 full months.

Last Sunday afternoon at 3:30, the firemen answered a call to a grassfire at the Billy Williams place northwest of town.

## Chevrolet introduces Sprightly Vega Hatchback Coupe

This distinctive four-passenger coupe model of Chevrolet's new 1971 Vega 2300 economy car has a wide combination rear window and rear deck that swings up for easy access to the rear compartment and a fold down rear seat for extra cargo room. This is one of four Vega models. Vega's individual styling will be continued for at least four years. Roomier and better handling than usual economy cars, Vega has a new, domestic-built lightweight overhead cam engine to fill performance needs of American drivers. It gives impressive fuel economy and low emissions. Among "firsts" in economy cars are Vega's power-flow interior ventilation, comfortable molded foam seats and steel side-guard beams in the doors. Vega models go on sale in Chevrolet dealerships on Thursday, September 10.

**A LOOK AT  
CAPITOL HILL  
WITH  
Dick  
Gill  
YOUR CONGRESSMAN**

**FOR THE '70s  
AND BEYOND  
★ ★ ★ ★**

The relation of House committees and their chairmen to the success of President Nixon's programs cannot be underestimated: Congressional committee chairmen have the power of life and death over legislation, and if more House Committees were controlled by Conservatives, much of the President's legislation that is now bogged down would come to the floor for a vote.

The Americans For Constitutional Action rating of all the present Democratic committee chairmen is 26.5 percent, while the ranking Republicans of all the House committees have an average Conservative rating of 77 percent. Were the Republicans to take control of the House, the Conservatism of the committee chairmen would be three times greater.

This vital fact is apparently lost on O. C. Fisher, because for 28 years he has consistently voted to keep the House Liberals in power. If the trend toward big government spending is to be stopped, we must return control of the House to Conservatives.

Pd. Pol. Adv., Gill-For-Congress Committee, Dale Dorn, Chmn.)

Mr. and Mrs. Jack Fant Tarut of Chula Vista, Calif., were the guests of Mr. and Mrs. Tom Ratliff for a week.

Mrs. Bessie Doyle and Mrs. Ruby Damron visited recently in Pearsall with Mr. and Mrs. Jerry Doyle and children. They also visited Mrs. Doyle's sisters in Kerrville, Mrs. M. Coker, Mrs. Rex Welty and Mrs. Kate Lindholm.

**Nixon Endorses Gill,  
Calls GOP Hopeful  
To California**

San Antonio, Texas.—Republican Congressional Candidate Dick Gill today made public a strong letter of endorsement from President Richard Nixon and announced that he would be flying to California tonight for meetings tomorrow with White House aides. Tomorrow night, Gill added, he would join Administration officials at a Presidential State Dinner honoring Mexican President Diaz Ordaz.

"During my stay in California," Gill said, "I expect to discuss with the President and Administration leaders a wide range of matters pertaining to relations between the United States and Mexico, as well as recent domestic developments involving the Latin American community."

"I also expect to continue discussions begun six weeks ago pertaining to my race for Congress, and in that area I would like to disclose today a letter from President Nixon

The time of year that all farmers look forward to is almost here. The harvesting of crops is the time of each crop year that most farmers enjoy most. Good crop yields and good profits from crops grown, add to the enjoyment and financial well being of farmers. The application and maintenance of all needed soil and water conservation practices helps assure farmers of good crop yields.

Rainfall is always one of the big factors affecting crop yields in the Eldorado-Divide Soil and Water Conservation District. The lack of enough water from rainfall to produce good yields each year is not something that just started. Schleicher county farmers have never consistently received enough rainfall to produce high yields.

The fact that rainfall has been low as well as erratic has helped farmers in the District to become aware of the need of applying and maintaining needed conservation practices on their farms. Damage caused by excess water in high rainfall years and water lost that was needed for crop production, were two of the reasons that the Eldorado-Divide S & WCD was organized some 28 years ago.

Benefits from conservation practices applied and maintained, were experienced by farmers throughout the District the first year it was in operation. Assisted by technicians of the Soil Conservation Service, conservation plans to treat each acre of agricultural land according to its needs, and use it according to its capabilities, for production and improvement, was prepared. On numerous farms, level closed end terraces and farming on the contour were two of

the practices that received top priority by nearly all farmers.

Farming on the contour in conjunction with level closed end terraces, started paying dividends in Schleicher county from the time the first system was put in use. Rows on the true contour held all the water from some rains. Level terraces properly planned, designed, and laid out by the Soil Conservation Service, constructed to the needed height and width, held water that was not held by contour rows. Water that was once lost from the field, was held where it was needed for crop use. Low lying lakes, that in times past were too wet to plant and drowned out in many years if crops were growing in them, were being utilized to better advantage.

Some of the major benefits of supplying and maintaining the needed conservation practices is water received is kept where it is needed for crop use. Lake fields become the most productive part of the farm, after the problem of crops being destroyed by too much water has been eliminated. "Too dry to plant on the hill and too wet to plant in the lakes," was how one farmer described the condition on his farm to Lloyd B. Johnson of the S. C. S., before his cropland was farmed on the contour and terraced.

Crop yields in the district will continue to be affected by the amount of rainfall received. However, more important than the amount received will be the amount kept on the land for crop use. Maximum potential yields can be attained only when all the needed conservation practices are applied and maintained in combination with all good farming practices.

strongly endorsing my candidacy."

In part, the Presidential letter read: "America is at a key point in her history, and we must have the best available men and women in Congress if we are to continue making progress as a free nation. "The voters of the 21st District have an opportunity on November 3 to express themselves on the direction this country will take. I hope they send you to Washington to help this Administration with its work."

Gill made the announcement at a morning news conference in San Antonio, and also took the opportunity to take his opponent, Ovie Clark Fisher, to task for "trying

to fly two flags."

Responding to a question regarding Fisher's recent statements that he had been a guest of the President two weeks ago, Gill noted that, "Mr. Fisher is always trying to paint himself as a supporter and close confidant of President Nixon—when it is politically expedient to do so."

"But in this instance, the truth of the matter is that Mr. Fisher was not invited to the White House by President Nixon. The President extended an invitation to Rep. Bill Colmer, of Mississippi, and asked if Rep. Colmer would bring along with him a few of his colleagues in the House."

**CHEVY'S NEW  
LITTLE CAR IS OPEN  
FOR BUSINESS.**

We call it Vega.  
We also call it "the little car that does everything well."  
Because it does.

**Everything? Everything.**

Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect to pay for such a talented little car.

In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood.

Yet unlike your average little car, ours steps right out when you step on the gas.

The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare.

Disc brakes are standard in the front. So are bucket seats, except on the truck.

**How we doing so far?**

**Numbers speak louder than words.**

The wheelbase is 97 inches.  
Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Height of the coupe is just 50 inches, nine inches lower than the leading import.

Width: a nice stable 5½ feet.

Weight: 2,190 lbs. for the sedan.

Engine displacement: 140 cubic inches.

Fuel economy: about 25 mpg, with the standard engine and transmission, in our highway tests.

Horsepower: 90. You can order 110. (80 and 93 hp, SAE Net.)

Seating capacity: 4 adults.

What it all adds up to is a lot of little car.

**Three cars and a truck.**

Vega turned out so well that we couldn't turn out just one.

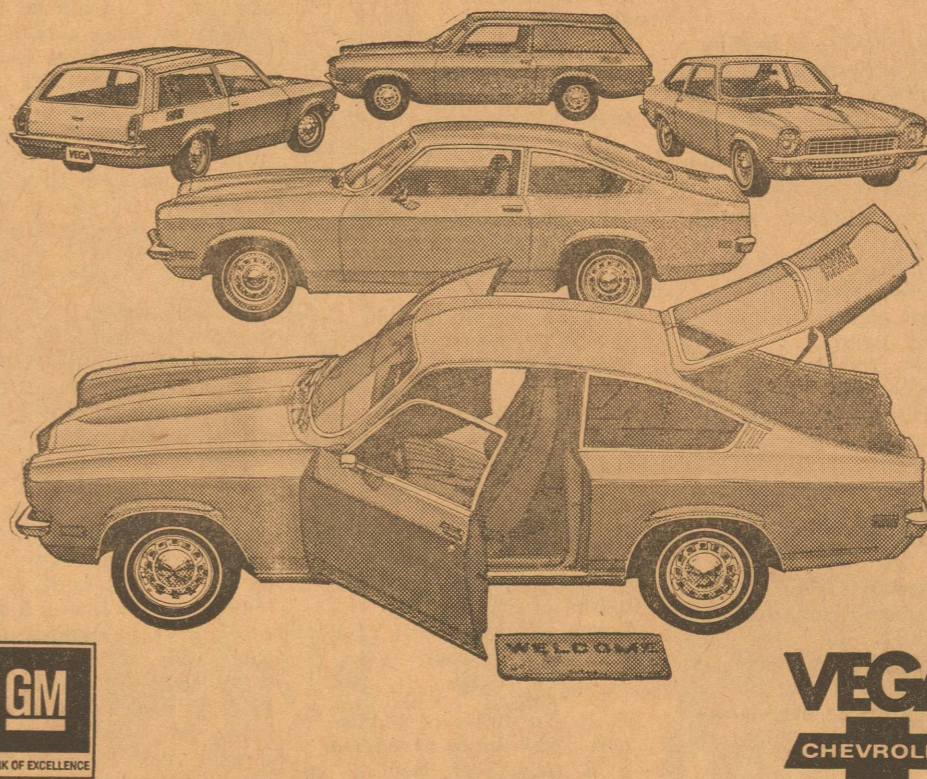

So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kamback wagon, on the left; and the little panel truck, in the rear.

Oh, and a special GT version of the coupe and wagon which we'll show you later on.

**September 10th is Opening Day.**

All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one.

Chevy's new little car is open for business. Look into it.

"The purpose of the meeting was to give the President an opportunity to discuss fully the importance of two impending roll call votes on bills which the President had vetoed. The President explained to the Congressmen who attended the meeting the absolute urgency of upholding the vetoes as key moves in his fight against inflation. Mr. Fisher listened, and then went back to the House and voted to override one of President Nixon's vetoes.

"He is now adding insult to injury by painting an absolutely false picture of the White House meeting, and he is conveniently ignoring its purpose. This is simply the latest in a series of incidents where Mr. Fisher has tried to fly two flags to get himself out of a ponucal jam, and it is consistent with Mr. Fisher's record of being the second-most anti-Nixon Congressman from Texas."

According to a spokesman for the Gill campaign organization, Mr.

and Mrs. Gill will leave for San Diego, California, tonight. Tomorrow will be taken up with conferences with White House aides, after which the Gills will drive to Coronado, California for the State Dinner and a private meeting with President Nixon. Tentative plans call for the Gills to return to San Antonio early Friday, although further conferences may be scheduled during that day, thereby delaying their departure until late Friday night.

## COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

All 78 4-H members received a copy of the 1971 4-H and FFA Show Rules and Regulations to be held January 16, 1971. Boys and girls who did not receive a copy but who plan to join the 4-H Club should contact County Agent W. G. Godwin in the near future and make plans for their 4-H projects and activities. Members who need help in securing lambs for a lamb feeding project, should contact either the county agent, Mr. Ball the Vocational Agriculture instructor, or Ronnie Mittel, president of the adult leaders association.

Fields treated with most defoliants, dessicants, insecticides and some herbicides should not be grazed by livestock.

Agricultural chemicals, commonly used as herbicides, insecticides, defoliants and dessicants, are necessary for profitable cotton production in Texas. Some of these chemicals are highly toxic to livestock and animal death can occur when treated fields are grazed.

Besides causing direct death to animals, chemical residues from treated fields may contaminate meat or milk and make them subject to seizure under state and federal regulations.

It is a producer's responsibility to adhere to specific restrictions on grazing fields treated with any pesticide or harvest aid chemicals. Follow all label instructions, and if in doubt about grazing restrictions, check with your county agricultural agent before livestock are permitted to graze treated fields.

Adolescence is when children start bringing up their parents.

The late summer storm season is here. Windstorms, including hurricanes, are not uncommon during the months ahead and if averages hold, much needless damage will occur to farm structures.

Much of this damage can be prevented if personal attention is given to such things as keeping doors and windows closed and their fastenings in good repair. Also by removing limbs or entire trees which have become diseased and are no longer strong enough to stand during high winds. Trees or limbs blown against structures or

power lines during a windstorm can cause excessive damage and even endanger life.

Perhaps the most important factor in keeping damages low is proper maintenance. Structures which are always kept in a good state of repair and were properly constructed in the beginning can withstand most windstorms without damage. Buildings which are allowed to "run down" can easily become a fatality of even a not too severe storm.

And, with building and repair costs what they are, it is just good business to pay close attention to their maintenance. They are too valuable an asset on most farms to chance their destruction.

The three great passings in American history: passing of the Indian, passing of the buffalo, and passing of the buck.

Due to the current grazing conditions, stockmen are advised to check the diets of livestock on pasture to make sure they are getting needed minerals.

While minerals are not "cure alls" they are essential along with proteins, carbohydrates, fats and vitamins for good animal nutrition. Cattle under normal grazing conditions require sodium, calcium phosphorus, chlorine and additional trace minerals. Trace minerals are supplied in adequate amounts from natural forage and water.

Sodium and chlorine are obtained from ordinary salt. Cattle should have free access to salt, preferably granular, at all times.

Calcium and phosphorus are obtained from green grazing but under conditions which now exist, they may be deficient. Unless the deficiency is severe, steamed bonemeal fed free choice should supply the needed elements. It's a good idea to keep bonemeal available to cattle at all times.

Phosphorus is usually more deficient than calcium and results in loss of appetite and weight, decline in milk production, poor calf crop and failure to breed. Prolonged deficiency causes cows to become lame and stiff in the joints. Should this condition occur, phosphorus should be added directly to the drinking water.

Minerals should be placed in a sturdy container divided into two-sections. Loose salt should be placed in one section and bonemeal in the other. Mineral boxes should be placed in shady areas and near water supplies.

Additional information is available on minerals for livestock from my office.

"My dear," she purred, "What a perfectly stunning dress. Didn't they have it in your size?"

### Booster Club Meets

About 25 members were in attendance at the Booster Club meeting at 8:00 p.m., Monday, Sept. 7th, in the Band Building, and saw films on the Ballinger-Eldorado scrimmage in Eldorado last Friday. Coach Barker was in charge of the program and made comments on the plays as the film was shown. Coach Norman Roberts gave a scouting report on the Rankin-Junction scrimmage held in Junction on September 4th.

After the Rankin-Eldorado game on Friday night, September 11th, members of the Booster Club will serve refreshments at the Band Hall and everyone, whether a Booster Club member or not, is extended a cordial invitation to attend. A special invitation is given all parents of the 49 boys who are out for football training.

The secretary, Mrs. E. C. Peters, reported that the club now has 108 members, and the membership committee requested that anyone who has not been contacted to please see Bob Bradley, Jack Jones or Mrs. E. C. Peters to join this group of boosters for participants in all sports, both boys and girls, in the Eldorado schools.

President Cliff Schooley named Mrs. W. A. Tampke, Mrs. Mary Hernandez and Mrs. Clifford Schooley on a telephone committee for the meeting set Monday, Sept. 14.

Various projects were discussed as a means of money raising for the two banquets planned for the year.

Refreshments were prepared and served by Mrs. Glenn Parker and Mrs. Bob Bradley.

Marilyn Wilson, daughter of Mr. and Mrs. Leonard Wilson, is living in McCamey and is teaching second grade in McCamey schools. This is her second year of teaching there. Carolyn Wilson, another daughter, is employed in San Angelo by Continental Life Ins. Co.

### School Menus

Thursday, Sept. 10: Chicken fried steak, creamed potatoes, green beans, celery stuffed with cheese, fruit cobbler.

Friday, Sept. 11: Sandwiches—tuna, pimento cheese, ham salad; potato chips, fresh fruit cup, peanut butter cookies.

Monday, Sept. 14: Baked ham, macaroni & cheese, chopped spinach, pineapple chunks, sugar cookies.

Tuesday, Sept. 15: Chicken and rice casserole, five bean salad, battered carrots, butterscotch pudding.

Wed., Sept. 16: Hamburgers, lettuce & tomato slices, fritoes, cheese strips, fresh fruit cup, chocolate brownies.

Thursday, Sept. 17: Roast beef & gravy, creamed potatoes, whole kernel corn, strawberry congealed salad, oatmeal cake.

Friday, Sept. 18: Fresh fish fillets, tartar sauce, macaroni and tomatoes, Creole style beans, ice cream cups.

### O'Harrows Honored On Golden Wedding

Mr. and Mrs. Van O'Harrow were honored by their children on their fiftieth wedding anniversary at the Eldorado Memorial Building last Sunday. Friends and relatives were received between the hours of 3:00 and 5:00.

The table was decorated with a white cut work table cloth over gold, antique gold candle holders with white tapers and a floral arrangement of bronze mums in a white and gold bowl.

Miss Kathleen O'Harrow was at the guest register. Mrs. Zoanell Cathey, Mrs. Gwen Rountree, Mrs. Jimmy Mercer, Mrs. John O'Harrow and Miss Robin Eve Rountree, were at the serving table. Gifts were displayed.

Mr. and Mrs. O'Harrow were married in Ft. Worth in August 1920 and have been residents of Eldorado since 1923. They have three children and eight grandchildren. Their children are John O'Harrow, Eldorado; Pat O'Harrow, San Angelo, and Mrs. Joe Logsdon of Clarksville, Tennessee.

Out of town guests were: Mr. and Mrs. Jimmy Mercer, Brownwood; Mr. and Mrs. Lester Hodges, Freeport; Mr. Jack Halbert and Lee, Tow, Texas; Mr. Jack Whitely, San Antonio; and Mrs. Joe Logsdon, Clarksville, Tenn.

Guests from San Angelo were Mrs. Gwen Rountree and Robin Eve, Mrs. Mary Jo Hodges and Gay, Mr. and Mrs. Durward Rutland, Mrs. Zoanell Cathey, Mrs. Luke Robinson, Mr. Will O'Harrow, Mr. Pat O'Harrow and Randall.

Long distance phone calls were received by the couple from Mrs. Ada Chriesman, Ft. Stockton; Mrs. Barbara Hall, Portland; Mrs. Preston Slaughter, Goldthwaite; Mrs. Mae Sutton, Belton; Jerry Wooten, Dallas; and Mr. Joe Logsdon, of Clarksville, Tennessee.

### O'HARROWS HAVE VISITORS

Out of town relatives visiting Mr. and Mrs. V. P. O'Harrow Sunday included: Mrs. Joe Logsdon and daughter of Clarksville, Tenn.; Mrs. Gwen Rountree, granddaughter, of San Angelo; Robin Rountree, great granddaughter; Mr. Pat O'Harrow, San Angelo; Randall O'Harrow, grandson; Mrs. Gerald Van Wooten and Kimberly and Scott Wooten, great grandchildren of San Angelo.

Mrs. Joe Logsdon's visit to her parents included the wedding of her niece Carolyn O'Harrow to Jimmy Mercer and the 50th wedding anniversary of Mr. and Mrs. V. P. O'Harrow Aug. 30.

### New Vehicles For August Total Just 5

During the month of August, there were just five new vehicles registered in the office of Sheriff Orval Edmiston, as follows:

Schleicher Independent School District, '70 Chevrolet school bus; R. J. Nixon, '70 Chevrolet 2-door coupe;

CARD OF THANKS

We wish to thank all of our friends who sent cards, flowers, or placed memorials, or who in any other way were so kind during the loss of my father and mother.

Your words of sympathy have helped us through our period of sadness. May God bless each of you.

Joey, Bessie, Joey and Chuck Jones.

CARD OF THANKS

Many thanks to all our friends for the concern for Mike after his accident at the rodeo. Also thanks to Dr. Brame and his nurses for the real good care they gave him.

The Redwines

DEAR FRIENDS & NEIGHBORS

Many thanks for all the kindness shown us during my stay in hospital and since my return home.

A special thanks to our good doctors and nurses. May God bless you all.

Sincerely, Edgar, Louella Sauer

In Those Days

Compiled From Success Files

ONE YEAR AGO

Sept. 11, 1969—Material was reported on the ground for the new grandstand at the rodeo arena south of town.

An organizational meeting of a Women's Hospital Auxiliary was set.

A daughter was born to Mr. and Mrs. Hubert Coy Hight.

FIVE YEARS AGO

Sept. 9, 1965—Army Pfc. Tommy Roach was going to Vietnam on new assignment, after being stationed at Ft. Ragg, North Carolina.

Edgar Bird died at the age of 82 in Patagonia, Arizona.

Mrs. L. D. Ochsner accepted a position as dormitory manager at Angelo State College.

The old frame colored school building was moved to new location near the high school gym to be converted to new use as a storeroom.

Mr. and Mrs. Charles Wimer returned from a week's vacation trip to Oklahoma City and Kansas.

Mary Dyer's engagement to Gerald Duaine Schalmus of Colorado was announced by her parents, Dr. and Mrs. E. L. Dyer of Ozona.

Funeral services were held at Tennyson for Ben Brooks, 70, father of Mrs. Albert McGinnes.

Sherry Yates was honored on her 16th birthday.

12 YEARS AGO

Sept. 11, 1958—Joel Tom Meador filed application to attend the International Jamboree of Boy Scouts to be held in the summer of 1959 in the Philippines.

Aviation gasoline fuel pumps were being installed at the airport.

Rance McDonald was a patient in Shannon hospital. He was mayor of Eldorado.

Clarence O. Dewey completed 25 years with Ohio Oil Company.

Mrs. E. H. Coulter returned from a visit to Waterloo, Iowa and the state of Washington where she visited relatives.

J. D. Tom moved here from Austin to be mechanic at Eagle Chevrolet Co.

Mrs. A. H. Green observed her 36th birthday.

Jerry Doyle was president and Joe Ray Stanford vice president of the EHS Senior Class.

Jean Kuykendall became the bride of S/Sgt. Raymond Franklin Henderson, on Sept. 6th.

The five Explorer Scouts who went on the Canadian Canoe Trip gave a report to the Lions Club.

35 YEARS AGO

Sept. 13, 1935—Carl Pool, manufacturer of men's shirts and pants for over 20 years, visited the Ratliff Store Thursday. Ratliff's handles the Carl Pool work clothes.

Mrs. Jack Kerr, who has operated the Happy Beauty Shop at her home for more than a year, has moved her equipment to the City Barber Shop.

West Texas Lumber Company were enlarging their quarters to stock a larger selection of building materials. The firm had served this county for 25 years.

There were 412 pupils enrolled in the local school system.

Mr. and Mrs. J. Gordon Bird and little daughter, Mary Rebecca, now of Midland, visited in Eldorado during the week end as guests of Mrs. Bird's mother, Mrs. J. N. Davis.

Mr. Deaton of the Massie Company in San Angelo was here Tuesday visiting friends.

The R&M Chevrolet Company moved to the Enochs building east of the court house. The building was being painted and repaired.

Wiley Ratliff, consignee for Gulf Oil Co., joined the Lions Club. The club was meeting in the Eldo hotel.

Austin, Tex.—A veteran state tax bill author predicts that the Legislature will be levying more new taxes on Texans next year than the king-sized \$348.6 million revenue bill of 1969.

Forecast was offered by Rep. Ben Atwell of Dallas, chairman of the House Revenue and Taxation Committee and head of the Committee on State and Local Tax Policy.

Bolstering Atwell statistically was James W. McGrew, research director of Texas Research League, who acknowledged that his original estimate of a \$400 million tax bill "looks smaller all the time."

Lt. Gov. Ben Barnes frankly concedes that a "major" tax bill is looming—unless the federal government agrees to some form of unrestricted revenue sharing with the states or picks up the entire tab for welfare aid. Barnes further acknowledges that he is not optimistic about prospects for a federal rescue in the nick of time.

This view was heartily concurred in by Atwell.

Although Barnes and Atwell did not appear far apart in their estimates of revenue need, they were speaking a different language as to sources.

Atwell, who declined recommendations at this point, told newsmen he thinks an increase in the sales tax rate is likely and that the Legislature properly should look to broad-based taxation in 1971.

While going along with the possibility of a sales tax boost, the Lieutenant Governor said flatly that the Senate would insist on balancing any revenue bill with a corresponding tax on business.

Difference in viewpoints perhaps illustrates to some extent the divergence in House and Senate philosophies.

But, once more in harmony, Barnes and Atwell agreed that Texans will be facing state corporate and personal income taxes sometime during this decade.

Insurance Hike Delayed

Further delay in a public hearing on auto insurance rates or investment income makes any rate increase this year even more unlikely than ever.

State Board of Insurance changed to October 19 the September 9 hearing on whether to consider insurance company investment income in determining insurance rates.

A three-way hearing on auto insurance rates, manual rules and policy forms will be held at a still later date to be announced in the future.

Investment income hearing originally had been slated for July 14 and the rate hearing August 17. One delay already had been ordered.

Companies had hoped to put any new rate increases into effect by September 1, but the delayed meetings made that impossible.

Crime Rate Up

Major crime rate in Texas rose 19.9% for the first half of 1970, Col. Wilson E. Speir, Texas Department of Public Safety director, reports.

Latest statewide report reflects a major crime is committed every minute from January through June. Sheriffs and local police chiefs furnish the information.

Increase actually is 20.9% in urban areas and 10.5 in rural territory.

Robbery shows the biggest jump —40.2%. Rape increased 28.7%, murder 28.1%, theft 21.6%, burglaries 17.9%, auto thefts 16.5% and aggravated assaults 10%.

Speir said an estimated 233,599 major criminal offenses occurred during the January-June period. Comparison-wise, it was 4,404 per 100,000 population. Crime clearances (solutions) declined from 27% during the first half of 1969 to 26% for 1970, but the clearance rate for murder and robbery increased slightly.

Attorney General Opinions

Attorney General, on request of the Air Control Board, can take action based on violation of Board rules, but local government can take action to institute legal proceedings without Board approval, says Atty. Gen. Crawford C. Martin.

In other recent opinions, Martin concluded that:

—Any person receiving probation for driving while intoxicated who refuses to take a chemical breath test for d. w. i. is subject to administrative proceedings to revoke his license.

—Neither the State Commissioner of Education nor the State Board of Education has power to determine unliquidated damages on appeal by a teacher dismissed without cause by a school district.

—Governor may use his staff to provide direct planning aid to cities.

—Higher education Coordinating Board's plan for junior college development lays out service areas, and a junior college district can be expanded under provisions of an applicable statute.

—Parks and Wildlife Department can sell development bonds at par and accrued interest for cash only, and is not authorized to exchange bonds for land to be developed as a park site.

—Mother of a school board mem-

ber may not be promoted to the position of tax assessor-collector of the school district.

—American Revolution Bicentennial Commission members on official business are entitled to 10 cents a mile and \$25 a day per diem.

—Red River County Commissioners have no right to prohibit people from carrying rifles or pistols around Langford Lake near Clarksville.

—Water Rights Commission may only pass on the issue whether good cause is shown as to claims presented under adjudication act.

—Where there is no change in school district boundaries, there is no requirement that an election be held to assume outstanding bonds or other debt of a district as existed prior to consolidation or annexation; nor is there requirement that bond or maintenance tax be voted.

—Hemisfair's skyride in San Antonio is taxable although city-owned and leased to a concessionaire.

Appointments . . .

Dr. David Wade, Austin psychiatrist and member of Gov. Preston Smith's health planning staff, has been named commissioner of the Department of Mental Health and Mental Retardation.

John Simmons, longtime Sabine River Authority manager, of Orange will become the governor's special consultant on water affairs.

Former Atty. Gen. Waggoner Carr heads a 100-member committee studying the duties, responsibilities, compensation and ethics of state legislators.

Warren G. Woodward of Dallas will represent Governor Smith on his committee studying use of state-owned aircraft.

Austin attorney Will Davis is chairman of a 15-member Texas study committee on Texas Democratic party structure and convention delegate selection.

Rep. Frank Lombardino is the latest Smith appointee to the Texas Criminal Justice Planning Council.

Dr. George G. Killinger of Huntsville heads a select, seven-member committee that will make recommendations for core curriculum in law enforcement education.

Women Want Recognition

Representatives of an Equal Opportunity for Women's group ask that the Governor's Commission on Status of Women be made a permanent, legally-constituted agency with \$100,000 biennial budget.

Commission members also requested governor to direct state

agencies to make all appointments to jobs without regard to sex and to appoint a significant number of women as regents and on the Coordinating Board, Texas College and University System.

Texas Highway Commission approved a \$50.4 million safety and betterment program for highways and farm to market roads for next year.

Deadline for cotton stalk plowup in Willacy and Cameron counties and southern halves of Hidalgo and Starr counties has been extended to September 15 in the pink bollworm fight.

An Austin district judge cancelled 40,000 insurance policies following the bankruptcy filing of Texas Consumer Finance, a loan chain.

Texas Fine Arts Commission approved federal grants of \$51,363 to 17 cultural groups and organizations.

Library Notes

Newest guild books in the library are One Life (story of Christian Barnard who made first heart transplant); First on the Moon (the astronauts); The Crystal Cave, by Stewart; Five Patients, by Crich-ton, for adults.

New children's books, When Water Animals are Babies; and Hey Elephant.

The library will have three copies of Howard Green Smith's book, Cattle Trails To Trenches, on the shelves shortly.

Sandra Kreie gave us these books The Flight of the Doves, Portrait of Ivan, Wolfskin, The House of Secrets, My Mysterious and Company, Kidnaped by Accident, The Secret Journey of the Silver Reindeer, Chalon, The Kidnaped Circus, Peter's Moose, The Seventh Cousin, Beaver of Weeping Water. These are books the fourth and fifth graders will enjoy.

The story hour was a decided success; the pre-schoolers certainly enjoyed this, Susan Thornton and Neria Garcia were responsible for this and did a real good job of it. We appreciate their help in this work.

More children received reading certificates this year. We had 40 to complete their 12 books. All children who have not received their certificates are urged to pick them up at once. —Rep.

RECEIPT BOOKS—Pocket size, and large desk size, for sale at The Success.

Why wait? Diabetes doesn't Be Tested Now Today, Thursday, September 10th and Friday and Saturday, 11th and 12th All Three Days - - - 8:00 a. m. to 5:00 p. m. in the front lobby of the Medical Center. TESTS WILL BE GIVEN FREE AND WILL TAKE JUST A MINUTE OR TWO When you come to the Center to be tested you will fill out a medical history form. A technician will then take a small sample of your blood and test it. This quick and painless test will show whether or not you have a high level of sugar (glucose) in the blood. If you do, you will be advised that a further test of your blood should be done. The test results will be sent to your doctor and to you. You should then visit him for further examinations. Only your doctor can determine if you have diabetes and he can plan methods to manage it properly.

## Some Lumber Down In Price, Past Year

Austin, Texas.—It isn't often a shopper comes across an item selling for less than a year ago. Lumber yard customers find this the case with lumber and plywood, however, and are taking advantage of the lower price tags. Future market predictions indicate they are wise to buy now rather than delay any longer.

Joe Butler, executive vice president of the Lumbermen's Association of Texas, an 84-year-old non-profit trade association, reports that the Bureau of Labor Statistics' June 1970 wholesale price index for softwood lumber was 123, whereas in June, 1969, the index ran 142. While this pricing has been fairly stable the first half of 1970, the forest products industry has no real assurance that prices will remain favorable in the months to come.

A recent report by a Presidential Task Force predicts softwood lumber and plywood demands will rise sharply after 1971 and grow even more acute thereafter. "The price of most new housing has increased during the past year while lumber and plywood prices from the mill straight down to the consumer have fallen to 1968 levels," Butler said. "The low prices over the past 12 months, however, have not generated a corresponding decrease in new house prices," he added. "This would indicate that housing prices have been influenced primarily by land, labor and financing costs."

## Mayor's Proclamation For Constitution Week

The following article was prepared and sent in by the El Dorado Chapter, Daughters of the American Revolution. —Mrs. L. M. Hoover.

### CONSTITUTION WEEK

The Daughters of the American Revolution requests all citizens to observe Constitution Week, Sept. 17 to 23, as proclaimed by President Nixon. Our Constitution contains not merely a Bill of Rights; it is a covenant binding citizens, as well as government to its support. Let us protect it, so that it may continue to protect us.

The Constitution of the United States of America gives us the foundation for a free, prosperous, and independent life for every citizen, but each generation in time, must work for and claim it; otherwise, through carelessness or indifference, the rights and liberties we have enjoyed may vanish.

And whereas, it is the privilege and duty of the American people to commemorate this week;

I therefore, Eldon T. Calk, by virtue of the authority vested in me as Mayor of the City of Eldorado, Texas, do hereby proclaim the week of September 17 thru the 23rd as Constitution Week.

—Eldon T. Calk, Mayor

## Mrs. Frost Attends Conference On Aging

Mrs. Margaret Frost, County Coordinator for County White House Forums and a County Program Building Committee member on Aging, accompanied by her mother, Mrs. Frank Bradley, attended a meeting in Austin Friday called by the Governor's Committee on Aging. Over 200 County Co-ordinators attended this meeting held at Terrace Motor Hotel in Austin, Texas.

"Senior Citizens in Schleicher County, as well as in every community in the nation, will have an opportunity to speak out on their needs," advises Mrs. Frost.

During the week of September 20-26 Community White House Conferences will be held throughout the nation. In general, the basic needs of older people will deal with such areas of information as Income, Health, Nutrition, Housing, Transportation, Employment and Retirement, Education, Activities and Spiritual well being. "The local Forums may uncover other needs," Mrs. Frost noted.

"In Schleicher County, Community Forums are being planned and will be announced next week," said Mrs. Frost. "All local Forums are basic to the White House Forum to be held in Washington, D. C., in 1971. Senior Citizens make up 10% of our population and is expected to increase. All interested persons are invited to attend," noted Mrs. Frost.

## Attend Funeral

Mr. and Mrs. Longino Pina and Mr. and Mrs. Domingo Pina attended the funeral of Mr. Julian Pina, age 46, and brother of Mr. Longino Pina.

Julian along with his parents, brothers and sisters, lived here in Eldorado and in 1929 moved back to Muzquiz, Mexico. In recent years he had lived in Zaragoza, Mexico.

He is survived by his wife, one adopted son of the home, and his mother, Victoriana Pina from Muzquiz, Mexico and four brothers and five sisters.

## Did You Know That---

The Schleicher County Commissioners Court ordered that "Robert Bucklew be and he is hereby allowed the sum of \$11.25 for 45 nights guarding the County Records at Court House before Vault was completed."

A special Prohibition election was held in Schleicher County on September 10, 1961, and the following named persons presided over such election: P. H. McCormick, W. B. Hays, F. C. Bates Sr., T. J. Miller, J. W. Embry, J. L. Allen, T. G. Chaney, Tom Cummings, Dan McCrohan and R. H. McCartney.

On January 14, 1962, it was ordered by the Court "that a Court house be built to cost about \$2500."

## Lions Met Yesterday

The Eldorado Lions Club held their regular meeting in the Memorial Building at noon yesterday with Boss Lion L. D. Mund officiating. Guy Whitaker brought the program. He is chairman for this month of September.

Everyone was urged to take advantage of the diabetes testing program set for this week. This project has been in the planning stage for some time and is being sponsored jointly with the Medical Center.

The club will honor the school faculty with a ladies night; tentative date is October 6th. This is a traditional event that has been staged for many years by the local Lions Club.

The club will stage a Halloween candy sale and a Broom and Mop Sale on Nov. 11th, as fall money raising projects.

At a recent meeting, the club members voted to raise dues from

\$5.00 to \$6.00 a month.

With our subscribers:

Mrs. Ochsner is now receiving her Success each week in San Angelo at Box 3805, ASU.

The Norm Cash family have moved from Michigan back to Fort Worth, where their address is 4000 Ridglea Country Club Road, Apt. 308.

Mrs. Joe Griffin has entered a new subscription for Mrs. Della Yancy at Wynne, Arkansas.

## HEALTH & SAFETY

### Mainly for Mothers

by Carol Hart

#### Power lawn mowers—no toys where children are concerned

Cutting the grass on the family lawn, once a laborious chore for the man of the house, has been made faster, easier and more efficient by the introduction of the power mower. Unfortunately, the power lawn mower can also be a dangerous weapon and last year injured 140,000 people, an increase of 40 percent over 1968.

The power mower may well be the greatest thing to come along since grass, but it is also one of the most dangerous since it often is in the hands of amateurs, women and children. Children, in particular, are too often the victims of lawn mower accidents. The Council On Family Health, sponsored by the manufacturers of medicines as a public service, cautions parents to be watchful of young children when using power mowers during the summer months of fertile lawns.

A study of pediatricians at the Ohio State University College of Medicine reported that most lawn mower injuries to young children occurred under three circumstances: when the children, ranging in age from two to twelve years, were bystanders, when they were operating the machines, or when they were passengers on the mowers.

All three types of accidents could have been prevented if children under 13 had not been allowed to use these machines, if parents had not held children on their laps and if bystanders had been kept a safe distance away.

Some additional advice to parents using power mowers is:

- Never adjust or repair the machine while the motor is running.
- Try to thoroughly rake the lawn

clear of stones, twigs or toys before cutting.

—When using rotary mower in tall grass or weeds, slow the engine speed to prevent damage to cutter blades.

—Periodically, clean and inspect mower parts to make sure nuts and bolts are tight.

Age is a very definite factor in lawn mower injuries, as the Ohio State study indicated. The Council On Family Health reminds all parents to remember that children are simply not mature enough to be given the responsibility of operating power mowers.

**It's a fact**

OAK trees often were worshipped as holy by ancient pagans... and supplied wood used for furniture, panelling and floors in mansions and palaces centuries later.

Today OAK is used throughout homes to provide permanent floors of enduring beauty and distinction.

## AMERICAN HOSPITALS SET WORLDWIDE EXAMPLE

Pity the poor Nepalese! There are nearly 7,000 Nepal subjects for every hospital bed in the Himalayan kingdom—the highest patient-to-bed ratio in the world.

By contrast, hospitals in the United States boast a bed for every 120 Americans, against a worldwide average of 220 persons per bed.

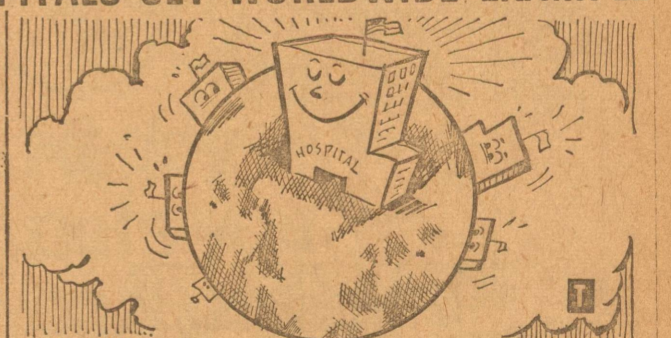

These statistics, compiled by the World Health Organization, are only one example of the superior facilities and care available to Americans in the nation's 7,000-plus hospitals.

There's been a revolution in American hospitals in the past 25 years. Partly, the phenomenon is due to the technological spinoffs of World War II, nuclear development and the space race. The result has been diagnostic and treatment tools and techniques of a precision level that would have seemed miraculous in pre-war days.

Even more revolutionary is the post-war philosophy of medical care. For example, an official of the American Hospital Association (AHA) says: "The number of beds alone is no longer the main consideration. The swing is toward an ambulatory approach—keeping a patient on his feet or getting him there as quickly as possible."

The idea is to keep beds free for those who need them most—not to mention sparing patients the hospital-room costs.

With modern techniques, it's even possible for a patient to undergo major surgery in a hospital and return home the same day. Most medical men agree that there is therapeutic value in putting a patient back on his feet as soon as possible. In addition, there's a dollar-and-cents consideration: The AHA estimates that the cost of

building a hospital and providing in-patient care and services is \$40,000 per bed!

Another advance in hospital care is the transformation from specialized-to-full-service institutions. With the population mobility increase since the war, more and more Americans are moving to new communities where—instead of hunting up a new family doctor—they have turned to the local hospital for complete medical care. Even the traditional "emergency ward" has taken on a new community-service look. AHA estimates that less than half of the patients treated in these sections are actually emergency cases. The majority comes in for routine outpatient treatment.

In its antiseptic cleanliness, the average American hospital outshines its foreign counterpart. Sterilized instruments, impeccably clean doctors and nurses and rigid isolation of contagious cases are all standard in the U.S.

But the war against contamination is endless. One of today's most stubborn menaces to public health is staphylococcus infection, which has become a particular hazard to hospitals. "Staph" is a highly contagious microorganism re-

sponsible for infections ranging from boils, carbuncles and acne to bladder inflammation, blood poisoning and pneumonia.

The control of staph, says an AHA spokesman, "is simply a matter of being overcautious." This means not only instrument sterilization and personal cleanliness but an almost constant washing and scrubbing of hospital linen, garments, fixtures, floors and walls with powerful cleansing agents—most commonly a detergent with a high phosphate content. Powdered, liquid or tablet detergents fortified with phosphate are particularly efficient in cutting down germ levels and thus reducing the chance of cross-infection by staph or other dangerous microorganisms. Today, American phosphate-rich detergents are helping to fight disease in hospitals throughout the world.

"A hospital's emphasis on cleanliness," the AHA spokesman says, "must go beyond anything that any other industry has to consider."

It's all part of the high-standard service given to nearly 30 million patients admitted every year to American hospitals.

**THAT'S A FACT**

**BUY BONDS**
