Superintendent Of Schools To Retire

C. T. HUMPHRIES

Curtis Humphries, superintendent of Schleicher County Independent Schools for the past seven years, has announced his retirement to be effective July 1. His retirement will end a period of 34 years in the teaching profession.

Mr. Humphries assumed the position of elementary principal in Eldorado schools in 1937. After serving in that capacity for nine years, he was selected to be superintendent in 1966, succeeding A. M. Whitis.

Mr. Humphries spent his early years as a teacher and school administrator in Coryell county, before joining a lumber company in Hamilton in 1945.

Mr. Humphries will retire to Hamilton where he has an interest in a lumber company as well as farm and ranch interests.

He hopes to have time for some long overdue fishing. He will also have more time to enjoy his three grandchildren.

Girl Scout Cookie Sale To Start Here Friday

Kicking off at 4:00 p.m. Friday, January 19, the Girl Scouts of El Camino Council will be in their neighborhoods selling Girl Scout cookies. The cookie sale continues through February 3. The family size box from Burry Cookie Company this year sells for \$1.00 and comes in five different flavors: Cocoa Fudge, Chocolate and Vanilla Cremes, Scot-Teas, Mints and Savannahs. Ten cents a box is kept for the girl's troop treasury and the remainder of the profit is used for awards for the girls and their troop and for equipment for days camps throughout the council and improvement to our established camp Jo Jan Van.

Good salesmanship is an important part of American financial life. So, the next time you buy a box of cookies from an eager Girl Scout, remember that you are not only helping her troop, you are also contributing in part to a special way of life in your community and you are helping that girl learn intelligent money management.

Every penny earned by these girls remains in the El Camino Girl Scout Council.

Mikeska Gin in Eldorado began operating again at noon on Tuesday and was processing cotton that had been gathered before last week's storm.

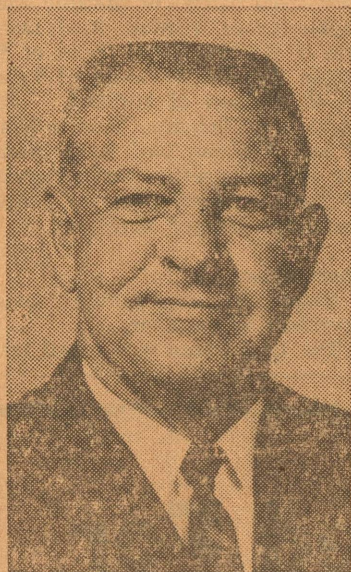

The season total at that time was 2535 bales, and George Mikeska estimated at least 500 bales remained to be gathered in the county. Harvesting will be resumed as soon as fields dry out where strippers can operate again.

The recent "spell o' weather" caused mail and freight shipments to be delayed in recent days. Some days the mail truck from Dallas does not make it to San Angelo in time for mail bags to be transferred to these outlying towns. Then there is a double batch of mail the following day.

The County Commissioners met and voted to renew the \$20,800 Certificate of Deposit for an additional 30-day period. They accepted the new Federal Revenue Sharing Check in the amount of \$19,986, and ordered the County Treasurer to purchase another Certificate in amount of \$20,000.

Spell Of Ice And Snow Closes School For Two Day Period Last Week

During the latter part of last week, a spell of severe weather accompanied by snow and ice visited this area and all of West Texas. The Eldorado schools joined others of the area in closing Thursday and Friday. A covering of ice and packed snow made streets slick and dangerous to drive on.

School Supt. C. T. Humphries stated that the two days would be made up some time in the coming Spring, probably at Easter.

The only vehicular accident reported as the result of icy weather occurred Friday when the cars driven by Claude Oran Spencer and Mrs. Ken Thomas had a slight collision at the foot of Lee street.

By the week end, the weather was moderating and warming up. Eldorado received a total of about three-quarters of an inch of moisture during the recent wet spell, although some outlying areas got more. The moisture was welcomed.

We Had 20.55 Inches Of Rain During 1972

On page 3 of this Success issue is printed the cumulative rain total for the past 37 years, and the final totals were compiled recently by the Soil Conservation Service for the year 1972.

Lloyd Johnson reported that for December there was no measurable rainfall for the average of the three gauges used by the SCS to determine the figures. The total for the first 11 months of last year comes to 20.55. That is less than the 28.85 high figure reported in 1971, but more than 1970's 18.41.

The town of Eldorado has had about three quarters of an inch of moisture since the first of the year in connection with the recent spell of snow and ice and rain.

Is now the time to buy land?

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help: We know land values; we will inspect the property. We will then try to make a loan that meets your exact needs.

Highlights and Sidelights FROM THE State CAPITOL

Austin, Tex.—Texas got a fast-starting legislature, a new governor, lieutenant governor and speaker of the House all in eight action-packed days.

Dolph Briscoe of Uvalde and William P. Hobby Jr. of Houston were inaugurated as governor and lieutenant governor in spectacular ceremonies Tuesday (Jan. 16).

Price Daniel Jr. of Liberty won election as House speaker without opposition as the legislature convened January 9. The 31-year-old son of former Gov. Price Daniel (who now serves on the State Supreme Court) announced appointment of House standing committees four days after his election, and immediately referred bills for hearing.

Outgoing Gov. Preston Smith offered some good financial news to the arriving legislators. His \$9.7 billion biennial budget proposal estimated a \$300 million surplus for lawmakers to use in expanding programs or revising school finance formulas.

Governmental reform proposals backed by Daniel will be among the first bills to get House hearing. The House, with a minimum amount of opposition, promptly adopted a thick set of procedural rules the new speaker urged.

Smith in his swansong to the Legislature, advised that lawmakers move immediately to establish the constitutional revision commission directed by voters last November. He submitted as an emergency matter appropriation of funds to pay the commission's expenses.

The outgoing governor further advised legislators ought to consider tackling the tough school finance system overhaul in a special session.

Appointments . . .
 Governor Smith named former Gov. Allan Shivers of Austin, former Ambassador Ed Clark of Aus-

tin and Dr. James Bauerle of San Antonio as University of Texas System regents. A. G. McNeese of Houston was named chairman.

Other Smith appointments included: Mrs. Wilmer Smith of Wilson, Richard A. Goodson of Dallas and Clyde H. Wells (reappointment) of Granbury to the Texas A&M University board of directors; Edwin R. VanZandt of Beaumont as chairman of the Texas Board of Mental Health and Mental Retardation; Dorsey B. Hardeman, formerly of San Angelo, as chairman of the Texas Water Rights Commission; Robert S. Rowland of Houston and Ernest S. Sterling of Tyler to the Texas Southern University Board of directors; former Sen. Joe Christie of El Paso to Texas Aeronautics Commission; former State Rep. Joe H. Golman of Dallas to the Texas Cosmetology Commission; Kent R. Hance of Lubbock to the West Texas State University board of regents; and Scott Hardy of San Antonio as Texas Film Commission chairman.

New Governor Dolph Briscoe designated former White House aide Robert L. Hardesty, 41, as his press secretary and special assistant.

Robert S. Johnson will head the new Texas Commission for the Deaf staff.

Jack H. Dillard will serve as executive director of the new Texas Center for the Judiciary here.

Job Commission Urged
 Key legislative researchers recommended establishment of a governor's committee on equal employment opportunity in state government to police job discrimination.

A Texas Legislative Council staff report found blacks and Mexican-Americans under-employed in state government.

The report showed 79.92% of state governmental employees are white and that they tend to hold higher paying jobs than the blacks and Mexican-Americans.

It recommended a six-member commission to report to the governor on employment practices and discrimination and to evolve policies and programs to encourage equal employment opportunities at all levels of government.

Jails Criticized
 Texas Legislative Council urged creation of a commission on county jail standards, terming present laws on the subject "totally unrealistic and meaningless."

The Council's report said only five jails in Texas (those of Andrews, Lynn, Oldham, Smith, Taylor, and Wichita counties) meet health department standards. The State Health Department inspects jails but has no authority to compel compliance with its own standards.

TLC said the proposed commis-

Six Flags To Re-Open On St. Patrick's Day

Arlington, Texas.—Six Flags Over Texas will begin its 12th season on St. Patrick's Day, March 17th.

General Manager Robert W. Freeman said the big theme park will be open on Saturdays and Sundays only during the spring season with the exception of the Easter holidays. For that period Six Flags will open daily from April 14, thru Easter Sunday, April 22.

Full time daily operation for the summer season will begin May 26, and will extend through Labor Day, September 3.

Operating hours for the spring and summer seasons will be 10:00 a.m. until 10:00 p.m.

The entertainment center's fall season will begin September 8, and will end December 2. Fall hours will be 10:00 a.m. until 8:00 p.m.

Freeman said the Park is currently undergoing a complete renovation and a major expansion in preparation for the 1973 season. The expansion, the largest at Six Flags in several years, will add about five acres to the entertainment complex and will include two rides, a games area, additional parking and a number of other features.

tion should promulgate realistic standards and regulations and prohibit confinement of prisoners in those which do not measure up to them.

The Council also recommended a work-release program for jail prisoners, allowing inmates to post 10% of their bond on condition it would be refunded when they appear for trial and immediate transfer to the Department of Corrections of inmates convicted of felonies and waiting action on appeal.

Courts Speak

The Court of Criminal Appeals upheld the murder conviction of Walter Lee Morris in the shooting of a Sherman police sergeant.

The same Court affirmed a two-year probation sentence of a Houston youth for wearing the U. S. flag on the seat of his blue jeans, although it agreed two sections of the law on desecration of the flag are unconstitutional.

In a new ruling on contributory negligence laws, the Supreme Court held damages should be paid to the children of a woman killed in a collision with a negligent driver

Senators Draw For Terms

Sixteen state senators got four-year terms in a drawing which may decide the political futures of some. Fifteen others, not so lucky, drew two-year terms and must face voters again in 1974.

Four-year terms went to Bill Braecklein of Dallas, Ron Clower of Dallas, Tom Creighton of Mineral Wells, Robert Gammage of Houston, Glenn Kothmann of San Antonio, Mike McKinnon of Corpus Christi, Bill Moore of Bryan, Walter Mengden Jr. of Houston, Jack Ogg of Houston, D. Roy Harrington of Port Arthur, O. H. Harris of Dallas, Grant Jones of Abilene, Bill Patten of Ganado, Max Sherman of Amarillo, Tati Santiesteban of El Paso, and A. R. Schwartz of Galveston.

Two year terms were drawn by Don Adams of Jasper, A. M. Aikin of Paris, H. J. Blanchard of Lubbock, Chet Brooks of Houston, Jack Hightower of Vernon, Raul Longoria of Edinburg, Bill Meier of Ft. The Wet Shave is Drying Up

Flexamatic Wins Converts From Blade Men

Your eyes are still half closed as you stumble out of bed and into your bedroom. You look into the mirror. Slowly your eyes begin to focus. You rub your scratchy beard and think out loud: "Another day, another horrible shave." You turn on the hot water. It takes a moment to reach the right temperature.

Olympic Gold Medalist Mark Spitz has given up the everyday hassle of shaving with a razor blade. He says that his new Schick Flexamatic really beats the blade for both comfort and convenience.

That something is the new Schick Flexamatic 400 Electric Shaver. Schick, which has been making the finest men's and women's personal care products for years, realized there was a need for a top quality electric shaver for today's market.

The first priority was to develop a shaving head on the Flexamatic to give the American men a greater degree of shaving closeness. Result was a super-thin, flexible shaving head made of durable nickel, formed by an electro-plating process. It contains 2900 tiny pores, permitting only the whiskers through, but not the skin.

Mohair Council To Meet January 31st

The annual membership meeting of the Mohair Council of America has been rescheduled for 10:00 a. m. Wednesday, January 31, at the Hotel Cactus in San Angelo.

The meeting, one of the most important business sessions to be held by the Council this year, had to be rescheduled when severe, icy weather kept a quorum of members from being present on the January 10 meeting date.

"It's absolutely essential that every mohair grower who possibly can attend this meeting so they can take part and help direct the Council's activities," said Noel Fry of Del Rio, Council president. "The money being spent on advertising, promotion, publicity and new market development programs is grower money," Fry declared. "Every grower should be interested in how his money is being used to help the mohair industry." Fry said every grower that received a mohair incentive check in 1972 is a member of the Council.

General business activities will include election of new directors and officers, approval of the 1973-74 budget, decision on a proposed by-law change, and special reports on current and future advertising, promotion and publicity programs and new market development work.

Presbyterian Notes

PARADE

Strutting across the ice, penguins make a comically pompous picture. They are at once dignified and ridiculous, and if we look at them very long they remind us uncomfortably of ourselves!

We, too, are apt to mass together on occasion and to be, perhaps, a little ludicrous in our efforts to be "part of the scene." Sometimes following the leader may, indeed, be the best thing to do. But it can also be the easy way out.

Today, especially, we need the courage of our convictions. We need to stand up for what we truly believe in. We need to do the important things.

Like going to church.
