### TO TAXPAYERS.

It was ordered by the Court that the following notice be inserted in two successive issues of THE SUCCESS.

"We take this means of calling to the attention of the people of this County the new law enacted by the 30th Legislature affecting the valuation of taxable property, in order to save unnecessary trouble to the people, the Tax Assessor and the Board of Equalization.

This law provides that all property both real and personal shall be rendered at its reasonable market value.

The party given in his property, in every instance, subscribes to an oath that he has rendered all his property of every description and that I have true answers made to all questions propounded to me touching the same."

It is the assessor's duty to ask the parties rendering, to fix the values and the people should bear in mind that when they thus fix the values, they do so under oath.

The oath that the Assessor is compelled to take provides that he, the Assessor, shall make a true estimate of the market value of all such property and attach the same to each assessment sheet made up and sworn to by the property owners and shall attach a memorandum of all facts bearing upon the true value of such property.

The oath that the County Judge and every member of the Commissioners Court must take provides that "I will not vote to allow any taxable property to stand assessed on the tax rolls of said County for said year at any sum less than its true market value," etc, and further provides that "I will faithfully endeavor and as a member of said Board will move to have each item of taxable property which I believe to be assessed for said year at less than its true market value or real value, raised on the tax rolls to what I believe to be its true cash market value," etc.

Under the criminal Statute, the party rendering his property for taxes, the Tax Assessor and every member of the Commissioners Court, for a violation of their oaths, are subject to all the penalties of Perjury, and the late law especially provides that should the Tax Assessor or any member of the Commissioners Court fail or refuse to fix values in compliance with this act and all other laws such failure and refusal shall be cause for his and their removal from office.

Acting under this stringent law, we call on the people of this County

to render all their property at its market value and as such rendering will result in greatly increased values over former years, when we fix the rate of taxation for County purposes, we will only produce sufficient revenue to properly conduct the affairs of the County.

### Burned To Death.

The 16 months old daughter of Mr. and Mrs. Joe F. Logan was so severely burned Thursday morning that she died about 5 o'clock in the afternoon. The baby and little 4 year old brother were left in the house at the Sam McKnight ranch, 16 miles northeast of Sonora, while the mother went to the smoke house about 300 yards distant. The mother hearing the children cry ran back to the house and found the baby's clothing burned entirely off its body. The doctor was phoned for and the parents as soon as possible started to town. They met the doctor on the road and restoratives were given and applied, after which the journey to town was made as hurriedly as possible. The burns were so severe, however, that the little ones sufferings were ended by death. The funeral to the Sonora cemetery occurred Friday. The News extends its sympathy to the parents in their affliction. — Devil River News.

Frank Douglas the young stockman of Schleicher county, was in Sonora several days this week wanting to buy cows. — Devil River News.

### Rain! Rain!! Rain!!!

Once more our country received a good rain, a slow rain set in Saturday and lasted until Tuesday about noon, the ground has moisture enough to insure everything planted early to come forth from mother earth. The dry freeze we had some few night ago killed a great many oats but most of the farmers think they will have a good stand left, and the recent rain will almost insure a good crop of oats this spring. From what we can learn the rain was general all over the west, sheepmen and cattlemen are all wearing smiles.

In searching for a home, and a real nice place to live, a stranger would do well to prospect in our county and especially our community around our little city. Eldorado a quite little city situated on the black waxy divide of Schleicher county can't be beat for a place to rear a family. We have good churches of all kinds and a lots of people that are a wake on the school question; No places of evil doing are found in our town nothing here to lead the boys from their mother training. So we have this to say to those who want a home right here is the expected place, and now is the time to come while land and town lots are cheap, get in on the ground floor and build up with the town and country. We have been here since our county organization and can truthfully say that we have never lived in a mongst a more generous class of people than this county possesses.

...o come to the city, of the plains,  
 A town, of perfect health;  
 Where our farmers will reap, the golden grain,  
 And our county abounds in wealth.  
 Where ranches, of the rich and poor,  
 Are found, on every side;  
 No better place, could be found I'm sure  
 For a home than this Divide.  
 The soil is black, rich and deep,  
 Long ways from side to side;  
 Come now while our land is cheap  
 On this fertile and rich "Divide."  
 We live in peace, no trains to ride,  
 A contented people we are;  
 But someday shure, on this "Divide"  
 Will roll our Pullman cars.  
 The time will come, when we can say,  
 This prophecy has come true;  
 How sweet will be that coming day  
 Under our skies of Azure blue.

**ANNOUNCEMENTS**

We are authorized to announce W. T. Conner as a candidate for county Treasurer of Schleicher county, subject to the action of the democratic primary. Mr. Conner moved to our county from Concho county, and is a worthy citizen and is qualified to fill the office for which he aspires should the voters see fit to honor him with it, and we ask that his application be duly considered at the primary in July.

 Have Resum d Their Hall Movement.

The Knight of Pythias had a call meeting Monday night and decided to start the hall movement again, some time ago we stated that the Knights of Pythias and the Woodmen of the World were going to build a hall, this move has been laid a side on account of the financial strengey that has prevailed through out country, but as the panic is just about gone the hall movement is on foot a gain and every member of these two lodges will be expected to make a payment in cash not later than May the first. A commit has been appointe to call on all members of the two lodges to see how much each member can pay on May the first as the first payment will be made on that date. Now to any member of either order this payment is not a gift, it will be a loan to the lodge and will be returned to the subscriber in time. Each member should help this move as it is something needed in our city, the hall will probably be built in April.

TO LIVE CHEAPLY.

Substitute comfort for show. At convenience in the place of fashion. Study simplicity. Refuse to be beguiled into a style of living above what is required by your position in society and is justified by your resources. Set a fashion of simplicity, neatness, prudence and inexpensiveness which others will be glad to follow and thank you for introducing. Teach yourself to do without a thousand and one pretty and showy things which wealthy people purchase, and pride yourself on being just as happy without them as your rich neighbors are with them. Put so much dignity, sincerity, kindness, virtue and love into your simple and inexpensive home that its members will never miss the costly flipperies and showy adornments of fashion, and be happier in the cozy and comfortable apartments than most of our wealthy neighbors are in their splendid apartments.—Panola Watchman.

RIDING ASTRIDE.

A young lady from Waco asks Harpoon the following question: "Do you think it proper for a woman to ride a horseback as a man?" When she saw the horse, she was surprised to see a woman upon the horse. "I am certain that he didn't make a difference in shape or naturally fit a side saddle," she was manufactured to be a cripple queen, and her "waiting" in order to be each got a side saddle and looked themselves into the same unnatural and uncomfortable shape. So far as the alleged immodesty is concerned, that is all rot. I have seen many a girl climb over a fence, and she never got up and fell over both feet at one time, but like a sensible person simply went over in the orthodox manner. Get your divided skirts, my dear girl, and ride your horse like a sensible Texas woman and let the prudes play the crippled do-do act to their hearts content. When you ride your horse astride you are not only sensible, but you are much safer than if you had your anatomy tangled around a lot of senseless saddle horns and straps. If anyone don't like your style, ride over them.—Harpoon.

T. F. Bengel, who ranches and farms on a large scale near Millersview, is in the city. He says that his sheep and cattle are in fine condition, and that over 100 bales of cotton were raised on his place during the past season, and seemed to be in a happy frame of mind. When the editor of this sheet eighteen years ago Mr. Bengel owned a pretty wife, two ponies and a wagon, and was running a water wagon for a living. "I use us, but his wife is still looking and he is reported to be worth over \$100,000.00. Come to Concho county, you a pretty wife young man and go to hustling.—Concho Herald.

That's nothing brother Shurmen, we have a young man here by the name of Tom Palmer who has resided in Schleicher county about 20 years and has grown very wealthy with out the aid and assistance of a beautiful young wife. Moral: If you will move to Schleicher, buy you a piece of land, you will double your fortune in a short time.

We notice that A. T. Wright, editor of the Eldorado Success, has announced for treasurer of Schleicher county. Mr. Wright through his paper has accomplished much towards the upbuilding of his town and county and he is not only the (Wright) man for the office to which he aspires, but he deserves it, and if the voters of Schleicher do the right thing by him he will get it. In justice to editor of THE SUCCESS we will add that he is not related to the "Wrong Mr. Wright."—Brady Star.

There is no danger from it, and relief is always sure to follow. It is not only a certain cure for croup, but when given as soon as the croupy cough appears, will prevent the attack. Whooping cough is not dangerous when this remedy is given as directed. It contains opium or other harmful drugs, and may begin as confidently to a baby as to an adult. For sale by B. E. Earle.

A petition, with the names of a large number of our substantial citizens appended thereto, has been presented to J. W. Embry soliciting him to become a candidate for the mayoralty of Brady. After giving the matter the serious consideration it deserved he has decided to make the race, and his announcement appears in this issue of the Star. Mr. Embry is a contractor and builder who has built many residences in this city to the satisfaction of his patrons, and being a well informed, broadgaged and progressive citizen, he would doubtless make a good mayor. We understand that Mr. Embry favors floating city bonds for the improvements of the streets in Brady, which is a proposition The Star heartily indorses and will expect all candidates for the mayoralty to favor.—Brady Star.

In behalf of our friend J. W. Embry, who resided in this county three years, and left innumerable friends behind we wish to say, that the citizens of Brady could not find a more honorable man than he to honor with the office of mayor. And should the voters there see fit to honor Mr. Embry with the office to which he aspires we feel assure that his works will bear good fruits for the city of Brady.

Hello Kicker how is old Fredonia? Everything is froze up out here and very little of the geese is left hanging high, but old boy we have some of the finest dry weather land out here you ever saw; one good rain makes very good grass. Cattle are wintering fine; sheep range was never better and the wolves were never so hungry for mutton before. Grass grows thicker on the ground out here than any place I ever seen; stock of all kinds do well out here. Fred Schuessler has one of the finest little ranches in country and I guess the old kid knows it to. Our nice little city is to have a \$14,000 school building soon. ## Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tun-nelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

## Get Acquainted With the Soil

Grow the best of everything for pleasure and profit. FARM AND RANCH will introduce you and direct you on the road to success.

It tells you how in combination with soil and climate to grow the best of everything—it tells you how to harvest what you grow, and more important still, tells you how to market with greatest profit what you have produced.

It has departments of special interest to each member of the family—father, mother, son, daughter—and each department contains clean, reliable, interesting, instructive, original matter, prepared specially for FARM AND RANCH. No second hand or done over articles printed first in other editions or publications.

No whisky, patent medicine or other injurious, fraudulent or unclean advertisements.

FARM AND RANCH don't claim in the reading matter to be honest and then through its advertising columns lure you into the clutches of those who will rob you of your money, health or character.

Its Correspondents' Department contains specially prepared articles by successful men and women who fill the soil and know what they write about.

Its Household Department is edited by a woman of experience and ability, who is assisted by many of the most learned, and able and refined women in the Southwest.

The Children's Department is presided over by a mother, assisted by other mothers who know how to make this department more interesting than any similar department in any other publication. It is not necessary to warn the children not to read the advertisements.

Its Feed and Feed Stuffs Department is conducted by editors who have made the subject a special study; its veterinary department is in charge of leading veterinary surgeons.

That is why the most successful livestock breeders and feeders of the Southwest file each issue of FARM AND RANCH away for future reference. The Editors of every Department are employed because they are known to possess ability and superior knowledge about the topics upon which they are to write.

Its Department of "Farmers' Organizations" is intended to aid in building up organizations run honestly in the interest of actual farmers.

Editorially and every other way its proprietors and editors fight for the right of the producer, and will continue to do so. It has no interest in any other publication or business not in direct line with this policy. FARM AND RANCH is the honest man's friend, the home-builder's guide. Every home would be benefited by its weekly visits. It costs nothing to learn all about this great family farm and stock journal. Why not try it in your home.
