School Prizes Offered By HON. W. B. SILLIMAN.

Below is a letter written by Hon. W. B. Silliman and explains within it's self what the pupils must do to get them, these prizes will be worth the work that it will take to get them and if the pupil that works the hardest, fails, then he or she will still be better off and a head for having made the efforts. Mr. Silliman is a great school man and gives these prizes every year, only through a mistake the prizes were not given last year. If Eldorado had a few more such men as Mr. Silliman our schools would rank among the best in the state, and the letter below shows that his thoughts are ever with the school though he be far away.

Red Rock Okla. Sept. 11 '08
Prof. J. B. Smith.

Eldorado, Texas.

Dear Prof.—I want to give the following prize and medals in the Eldorado school ensuing term and want them announced at the beginning of the school.

For the pupil making the best average grade for the term in each room, a gold medal i. e. one medal to each room, five medals in all.

Then for your room, I am going to give \$25 in money to the boy or girl delivering the best original essay or oration at the close of school—none allowed to compete however, who have not made an average grade of 85 or better.

In making these grades the grades in department will be given the same consideration as the grades in the studies.

Yours truly

W. B. Silliman.

STATE BANK

ELDORADO, TEXAS.

WE WANT "YOU"

to consider this bank just as a place of business dealing in money, and credit; a place of business that depends upon the support of the people of this community and is vitally interested in the future growth and up-building of both our town and tributary territory.

We want you to feel just as free to come in here as you would in going into any store in town. Come in and get acquainted with our officers, take note of the class of people we have for customers;

We are confident you will be glad to open an account with us and be associated with these people in a business way.

It is probable that some of our farmer friends, want to concentrate their cotton in several bale lots, and want funds to pay their pickers, if this be the case, we will advance picking money.

Call and see us,

Eldorado State Bank.

OPENING OF SCHOOL.

Monday was the day for the opening of the Eldorado High School, at 3:30 the sound of the school bell was heard as it swung to and fro, and it's clear and loud tones floated out on the town which called the children from every part of town. After gathering at the school building the crowd went to the Methodist church where they could all be seated to in one room.

The exercises were opened by singing, There is Sunshine in my Soul today, and at a glance over the many smiling faces in the room you could almost see the sunshine in every soul.

After the song Judge J. A. Whitten led in prayer, then the old familiar hymn My Country 'Tis of Thee was sang, after this song addresses were made by Rev. A. F. Barnes of Sherwood, Judge J. A. Whitten, F. C. Bates Sr., and Prof. J. B. Smith, all these talks were of interest to the parents as well as to the children, we were glad to see so many parents out at the opening of school.

School opened this year with 5 teachers and 155 pupils, the teachers are as follows, Miss Fannie Johnson 1st and 2nd grades.

Miss May McCormick 3rd and 4th grades.

A. O. Beavers 5th and 6th grades.

J. O. Conner 7th and 8th grades.

J. B. Smith 9th and 10th grades.

There is nothing to keep Eldorado from having one of the best schools in the West, for we have a fine enrollment, last year the school opened with 100 pupils, this year it opened with 155, a gain of over 50 per cent. We are indeed proud of this enrollment and all in this town should be proud and work for the up building of school, for where you find a town that is a wake on the educational line, you will find a progressive class of people.

Mrs. W. F. Clark moved in from the ranch last week to be here at the opening of school Monday.

Mrs. Jhon Bailey who came from the ranch in Crockett county the first of the week, will remain in our city until next week the guest of her sister Mrs. W. B. Silliman.

J. T. Hutcherson of Eola was in our city this week prospecting, he was well pleased with this section of the country, and thought he would probably buy a ranch here a little later on, he is a father-in-law to Mr. Rose who bought the Strothers ranch.

E. R. Ames proprietor of the San Angelo and Sonora stage line was in the city Wednesday. Mr. Ames is contemplating putting on two large automobiles to carry passengers and the mail between Sonora and San Angelo, this will be quite an improved way for traveling over the roads between these cities.

THE MASTER KEY THAT UNLOCKS.

The door that leads to success is business education. Success is achieved by the one who sets clearly the goal of his object and goes straight to it. Young man, there is only one straight road to success, and that road is ability. Ability has never yet lacked opportunity, neither has it remained undiscovered. A great many business men are anxious to secure the services of a good bookkeeper, stenographer, or a general office assistant. To meet the business man's requirements, the applicant must be thorough and practical. To this end and aim we put forward our best efforts and because of our good teaching and superior methods we give our students a better training in three or four months than they can get at others schools in five and six months. Bear in mind, it is only a few steps from Hill's Business College to a good paying position. Every thing is high grade and right up to date. With us you learn book-keeping by keeping books. Our system of shorthand is the best and shortest in the country. It is simplified, and is easy to learn, easy to read and write and is practical. Big summer reduction. Our \$100 combined scholarships are now \$60; \$75 scholarships are now \$50; \$50 scholarships are down to \$25. \$35 and \$40; telegraphy \$25; mail course in shorthand \$20, for five lessons. Be pleasant, always. When troubles and business perplexities come, keep cheerful. Don't be glum or say harsh things about your neighbor. The following from the Glen Rose Herald is a sermon that should appeal to every one: "In the path of life from the cradle to the grave, there are strewn thorns and roses. Why not gather the roses and leave the thorns, why not scatter smiles and sunshine along our pathway. When the sun of life begins to descend the western slope, it would be a source of joy to know that we helped instead of hindered, that we cause gladness instead of sorrow, how much sweeter will be our dreams to think of the good we have done rather than of the evil. Life is worth living only as we make it so."—Chfren Enterprise.

A CANNING FACTORY IS PROPOSED FOR CHRISTOVAL.

From Daily Standard Sept. 3. The Christoval school opens next Monday, Sept. 7th. Our enrollment for this year is 143, and with three excellent teachers we anticipate the best school and largest attendance ever had here.

Mr. Will Crouth, the sweet singer from Leneta, accompanied by his mother, is visiting the family of J. M. Ford this week.

Cotton picking and the marketing of sweet potatoes has begun with our farmers.

Prof. and Mrs. J. B. Smith, of Eldorado, spent a day with friends here last week.

We regret to learn of Joe Pugh being confined to his bed with fever.

Geo. DeLong is operating a canner on his farm near town. In this way George is utilizing his surplus crop of tomatoes, fruit, etc. Our irrigating farmers are getting enthused over the idea of starting up a canning factory on a large scale here. Where such enormous crops of vegetables can be grown as on these irrigated farms along the South Concho valley capital should be interested to the extent of putting in the plant.

Correspondent. Christoval, Texas, Sept. 2.

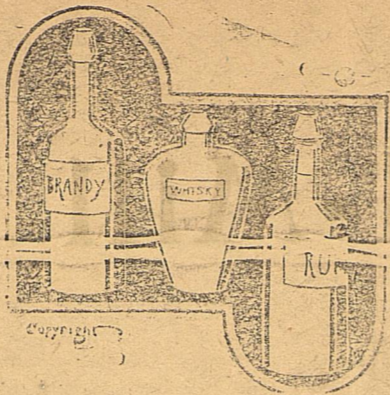

From what we can learn of the cotton crop around our city, the yield will be something over a half bale to the acre, this we consider a fairly good crop and some of the farmers think that they will get three-fourth of a bale to the acre. The buyer should get posted and buy all cotton that is ginned in our city and keep the money at home. If our farmer have to go to San Angelo to sell cotton, of course they will buy more or less good n. that city, but the buyers will be here and the farmer will not have to take their cotton off to market, there will be something like seven or eight hundred bales gined here this year, this is the guess of several who ought to have some idea as to what amount of cotton is planted.

S. I. Nicks and family has moved into their new home in West addition, just finished by contractor John White the home is a beautiful one, and is in a lovely location.

A Traveling Man's Experience

I must tell you my experience on an East-bound O. R. & N. R. train from Pendleton to LeGrand, Ore., writes Sam A. Garber, a well known traveling man.

"I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said, 'There is a woman sick unto death in the car. I at once got up and went out, found her very ill with cramp colic; her hands and arms were drawn up so you could not straighten them, and with a deathlike look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suitcase and got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. (I never travel without it), ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil; then I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her, rubbing her hands, and in twenty minutes I gave her another dose. By this time we were almost into LeGrand, where I was to leave the train. I gave the bottle to the husband to be used in case another dose should be needed, but by the time the train ran into LeGrand she was all right, and I received the thanks of every passenger in the car." THE MASTER KEY THAT UNLOCKS.

The door that leads to success is business education. Success is achieved by the one who sees clearly the goal of his object and goes straight to it. Young man, there is only one straight road to success, and that road is ability. Ability has never yet lacked opportunity, neither has it remained undiscovered. A great many business men are anxious to secure the services of a good bookkeeper, stenographer, or a general office assistant. To meet the business man's requirements, the applicant must be thorough and practical. To this end and aim we put forward our best efforts and because of our good teaching and superior methods we give our students a better training in three or four months than they can get at other schools in five and six months. Bear in mind, it is only a few steps from Hill's Business College to a good paying position. Every thing is high grade and right up to date. With us you learn book-keeping by keeping books. Our system of shorthand is the best and shortest in the country. It is simplified, and is easy to learn, easy to read and write and is practical. Big summer reduction. Our \$100 combined scholarships are now \$60; \$75 scholarships are now \$50; \$50 scholarships are down to \$25, \$35 and \$15; telegraphy \$25; mail course in shorthand \$20, for five lessons.

How to get Strong. P. J. Daly, of 127 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother, who is old and feeble, deriving so much benefit from Electric Bitters, that I feel it my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome and she is growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Letter to O. A. BEAVERS

Eldorado, Texas.
Dear Sir: Paint goes by gallons. There are useful and useless gallons. Useful paint is lead zinc and out with dryer and color, useless paint is whitening, china-clay ground stone, baryters, benzine, or water.

This stuff is put-in because it is cheap; to stuff-out the paint, to make more gallons to sell; of course, the buyer doesn't suspect, or he wouldn't buy it.

It costs as much to brush-on this useless stuff as lead-zinc-and-oil; but looks like that and feels like that in the brush; the painter doesn't suspect it. Besides, if the owner is willing, why should the painter object to painting 100 gallons for one if he is paid by the day; more gallons, more days more money.

Average paint at full price is about one-third this useless stuff, and average paint at \$1.25 or \$1.50 or \$1.75 a gallon is two-thirds trash. Fool paint is the proper name for it but pure paint; it is made to fool people with. Knave paint is another good name; it is made, of course, by knaves. Sick paint is the name of an honest weak paint. They are all weak and all extravagant; too many gallons to buy and too many gallons to brush-on. Devco is the standard.

Yours truly
F. W. DEVCO & CO.
P. S., I. H. Elder and Son sells our paint.

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.
