Austin, Tex.—Texas voters will decide April 22 in a statewide constitutional amendments election whether they want to increase retirement benefits for school teachers and state employees.

Both houses of the legislature have agreed on the proposal to lift the present 6% ceiling on matching state contributions to the pension funds (replacing it with a 10% limit).

If voters approve, retired teachers will get boosts in their benefits ranging from 5 to 18%, and pensioned state employees will get an additional 12%.

Cost of teacher benefits' raise is estimated at about \$98 million and the state employees' pension improvements at \$21.8 million.

Meanwhile, the House of Representatives also approved for the April 22 ballot a proposed constitutional change to raise legislators' pay from \$400 to \$600 a month and expense allowances from \$12 to \$30 a day for length of a lawmaking session.

Senators may balk at the pay raise proposal which has been advanced in more than half a dozen forms over the last 15 years, without convincing voters.

Gov. Dolph Briscoe said he will actively support the legislative pay raise proposition if the Senate goes along with submitting it on the April 22 ballot.

A quick recapitulation on emergency spending matters already before the legislature (or finally passed) indicates about \$310 million in outlays have been committed during the first month of the 64th lawmaking session.

And Governor Briscoe submitted \$672,000 more in recommended quickie appropriations late last week.

Pay Raises Set

One hundred and twenty-five thousand state employees were assured a \$93 million pay raise effective February 1.

Governor Briscoe signed the legislation into law to provide the raises over a seven-months' period.

Most state employees in the low-to-medium pay bracket will receive a 13% raise, and most of those in the middle-to-top category will get a 9% increase. Additional raises are expected to be voted on a permanent basis after September 1st.

Short Snorts

A proposed new shield law to protect newsmen against forced revelation of their information sources has been introduced by Rep. Joe Allen of Baytown.

A five-bill package seeks to upgrade standards for emergency medical services in Texas.

Comptroller Robert Bullock has requested a \$472,000 emergency appropriation, claiming his predecessor under-budgeted and overspent.

The Texas economy is continuing to resist the recession, according to a University of Texas Business Review article.

Texas Office of Minority Business Enterprise approved 10 minority business loans totaling \$865,000 last month.

Revenue from cigarette smoking for January was \$20.7 million, of \$693,502 above January, 1974.

A House committee dumped a proposal to allow a statewide referendum on Daylight Saving Time.

The State Senate called for a moratorium on enforcement of "wasteful environmental standards" as a means to help combat the energy crisis.

Gas Supply Interrupted

A "freeze-out" in the gas field 9 miles east that serves the town of Eldorado was reported cause of low gas pressure Sunday morning in parts of Eldorado. Local residents had to re-light pilots on heating systems and water heaters and other gas equipment after service was restored to normal later in the day.

Some people reported going to bed under electric blankets!

The City dads have had some work done in recent months on the 35-year-old gas distribution system here in town.

On page 2 is official notice of the City Mayor and Alderman election set for April 6th.

The 1% optional city sales tax issue will be submitted to voters again at that time. The city sales tax was submitted here a little over two years ago and lost by a slight margin. Mayor Mobley and the aldermen state that they hope local voters will approve it this time and that the extra funds from the tax will be used for city improvements.

Next week's Success issue—for February 20th—will be our annual salute to Texas F. F. A. Week. The Future Farmers of America chapter is a significant organization in our high school and we will have write-ups and advertising saluting them.

Frank T. Hilton, program director of the Concho Valley Council, Boy Scouts of America headquartered in San Angelo, wrote The Success recently:

"Your Thursday, February 6, 1975 edition of the Eldorado Success is great! We appreciate the excellent coverage your paper did for Boy Scout Anniversary Month and its 65th Anniversary.

"Your coverage of the local units and their leaders and youth reflects on your paper's strong support of what goes on in Eldorado. You have always published that which is important in the future of Eldorado, its youth and their activities, whether it be Scouting, FFA, school activities or what ever.

"In addition, you have always printed the news releases we have sent your paper from this office so the local Scouters and interested friends know what's going on in the world of Scouting. Again thanks for a job well done!"

Eaglette Basketball

The Eldorado basketball girls won their 18th game of the year by defeating the Menard girls 46-38 in a district contest. The Eaglettes got off to a slow start and found themselves still behind by 2 points at halftime. In the third quarter, however, the Eldorado girls outscored Menard 13-7 and then outscored them 11-7 in the final period. This victory gave the Eaglettes a 6-2 district record. Irene Garcia led in defensive rebounding with 7 followed closely by Terrie Garlitz who had 6 rebounds. Sharon Garlitz led in scoring with 21 points. Carolyn Page contributed 12 points, Charlene Warnock 11 points and Jill Yates 2 points. The forwards attempted only 39 field goals but hit 21 of them for a 54% completion.

Junction Game

The forwards found the basket consistently in the Junction gym as they tossed in 90 points against 40 for Junction. This set a new girls' scoring record. The previous high had been 88 points. Charlene Warnock led the scoring with 31 points, Carolyn Page contributed 29 points, Sharon Garlitz 18 points, Jill Yates 8 points, and Gynna Jay 4 points. The forwards attempted 63 field goals and made 36 of them which figures out to 57%. The girls made 18 of 30 attempts for 60% at the free throw line. In defensive play, Terrie Garlitz and Irene Garcia led in rebounding with 12 each. Margaret Powell pulled in 6 rebounds and Wally Joiner one.

District Standings

The win over Junction gave the Eaglettes a 7-2 district record. At this time Robert Lee has an 8-1 record. If the Eaglettes beat Robert Lee on Tuesday night (Feb. 11), the district race would be tied and a play-off would be necessary. This play-off would most likely be played on Feb. 14th.

Cub Scout Banquet Set For February 26th

The February Cub Scout Pack Meeting will be the Blue and Gold Banquet on Wednesday, February 26 at 7:15 p.m. in the Memorial Building.

The Banquet will be an "Indoor Picnic." Each family will bring food, drinks and necessary utensils for their family. Special BSA birthday cakes will be provided for dessert.

An award, "Honor Den of the Month" will be awarded to the Den which has the largest family attendance registered.

The program will feature a skit by Den #1, the Awards Ceremony, the Advancement Ceremony and the Honor Den Award.

Mrs. Page Presides At Auxiliary Meeting

The Hospital Auxiliary met Feb. 6 with the president Mrs. James Page presiding. There were seven members present.

The treasurer reported \$1190.21 in the treasury. In January there were \$45.00 in memorials and \$84 taken in from the gift shop.

A motion was made and carried to pay for the screen.

A motion was made and carried to increase the scholarship from \$125 to \$200. The scholarship will be given in the fall to someone in the nursing field.

The following scholarship committee were appointed: Mrs. Henry Moore, Mrs. Rance McDonald and Mrs. Truett Stanford.

A sewing day was planned for the third Wednesday at 2:00 p.m.

The next meeting will be held March 6 at 9:30 a.m. New members are always welcome.—Rep.

PAR TEE NEWS

At the monthly bingo party Wednesday night, we had a nice crowd to come out to play. The March party date will be announced later.

Due to the cold rainy weather, not many golfers are on the course lately. Just wait though until we have some nice weather and everyone will be back hitting the little white ball again.

A. G. McCormack, tournament chairman, has released the tentative tournament dates for 1975.

Eldorado Golf Club Men's Tournament will be April 19-20. Couple's tournament May 17-18.

Jack Hext Memorial Partnership Aug. 23-24. Keep these dates in mind and plan to play in each tournament.

We are glad to have Tiny and Martha Godwin, Dick and Winnie Bearce, Bob and Lil Page back from their trip to the Valley. We missed these men on the course.

Our best wishes for Jan's Crippin's return to Eldorado from San Antonio hospital and trust she is feeling better at this time.

The club welcomes all the newcomers to Eldorado and hope some of them are interested in golf.—Rep.

GOOD CROWD ATTENDS SWEETHEART BANQUET

Cue Whisker, president of the Eldorado Lions Club, presided at the Sweetheart Banquet and ladies night Monday in El Dorado Restaurant, which had a good crowd on Lions and ladies on hand.

Musical entertainment from San Angelo and an address by Congressman Bob Krueger comprised the program.

Nursing Home Notes

We had a busy week in the Nursing Home. We had Arts and Crafts and Happy Hour. Wednesday we played bingo and our big Bingo champion was Lee Dudley with 3 games and Mr. John Davis with 2 games. Other winners were Gertrude Nixon, Flossie Crawford and Ella Casbeer.

Out of town visitors this week were Mr. Bill Cartwright to visit his wife Ila Cartwright. Mrs. Lizzie McCalla visited with her daughter Sally Christian from San Angelo. Mrs. Harva Cooper from Sonora visited Mrs. Ila Cartwright and Mrs. Sally Crosby. Mrs. Hallie Parker enjoyed a visit from her daughter Mrs. Irene Mills from Big Lake. Mrs. Maxine Stephens visited with her mother Mrs. Flossie Crawford.

We would like to thank Mrs. Bill Williams for her donation for Bingo prizes. Bingo is our favorite pastime and these prizes were really appreciated. We also would like to thank Mrs. Elizabeth Powell for her donation of a popcorn popper for the Nursing Home. We sure have enjoyed having popcorn the last couple of weeks.

We also enjoyed having the 3rd grade Brownies come and visit us. They brought us all a Valentine which everyone enjoyed. Thanks girls and come back and see us again soon.

Fred Gunstead is currently a resident in the Nursing Home.

O. E. S. Chapter Notes 64th Anniversary

Eldorado Chapter No. 140, O. E. S. observed its 64th anniversary at a regular stated meeting with Mary Sofge, Worthy Matron and Elton McGinness, Worthy Patron, presiding.

A bit of interesting history was told with the Charter being read giving the names of the charter members in 1911 as follows: Mrs. Bessie Alexander, Mrs. Mattie Bailey, Miss Pearl Bailey, Mrs. Azale Boynton, Mrs. Alice Doty, Mrs. Daisy Ford, Miss Clyde Holland, Mrs. Mattie Humphreys, Mrs. Myrtle Lewis, Mrs. Sally McCormick, Mrs. Angie McCormick, Miss May McCormick, Mrs. Myrtle McDonald, Mrs. Jessie Smith, Mrs. Olivia Spencer, Mrs. Anna White, Mrs. Mollie Whitten, Mrs. Mary Williams and Bros. Rex McCormick and J. B. Smith.

Mrs. Jessie Smith was named the first Worthy Matron with J. B. Smith serving at Worthy Patron. Sister Edith Findlater, Worthy Grand Matron and Brother Edmund Hosey, Worthy Grand Patron signed the Charter in 1911. Miss Pearl Bailey is the only living signer. Excerpts from the first Secretary's and Treasurer's book were given. The records show that Grand Chapter dues in the amount of \$21.50 was paid in July 1913.

A white birthday cake decorated with pink roses and green inscription was served to members and guests.

Jesse Lee Spencer directed the program assisted by Charlene Edmiston. Blanche West and Jewel Van Dusen were hostesses.

P-TA To Meet Monday

The monthly Parent-Teacher Association meeting will be held on Monday, Feb. 17th, starting at 7:30 p.m. in the Memorial Building.

Mrs. Ruppeck will give a program Monday night on child abuse. Willard Gentry, president, urges all members and prospective members to attend.

Telephone Rate Increase Granted

In their regular meeting on February 4, 1975, the Eldorado city council decided to allow General Telephone only a 5.1% overall increase instead of the 16.8% increase the company had requested. The action climaxed months of careful deliberation and study, including a public service hearing, by the public-minded council. The increase is to become effective February 22, 1975.

Jack Goss, San Angelo division manager said the approved increase falls well short of that which is needed to offset today's higher operating costs and attract new investors. "It will be extremely difficult to construct new facilities and maintain present levels of service under these conditions," Goss said.

The new rates, without tax, for Eldorado are:

Class of Service—	
Business One Party	\$18.50
Extension	1.75
Residence One Party	\$8.50
Residence Two Party	7.25
Residence Extension	1.25
Semi-Public	\$18.50

The last increase for Eldorado telephone rates became effective October 22, 1972.—News release from General Telephone.

Federal Holiday Is Set For Monday

The third Monday in February is designated as a Federal holiday for Washington's birthday.

That means that this coming Monday, Feb. 17th, will see the post office, SCS office, and ASCS closed for the day. The post office will put up mail in boxes on a Sunday, but will not have window service. So if you need to buy stamps or other things you should do so no later than 9:45 Saturday morning.

The First National Bank will also observe Monday as a holiday.

Nearly all other business establishments and offices will be open for business as usual on Monday.

Screening Clinic Set For February 25th

A County Wide Screening Clinic will be held February 25th from 1:00 to 7:00 p.m. at the Memorial Building under the supervision of Dr. J. B. Brame and by the personnel of the State Dept. of Health.

Blood pressure screening and tuberculin skin testing will be offered to everyone requesting it.

Diabetic screening will be offered to all persons over 40 years of age, blood relatives of diabetics, mothers of babies weighing 9 lbs. or more at birth, children of a diabetic parent and the obese.

Diabetes is the eighth cause of death in this country, third cause of blindness; four million or more U. S. citizens are currently diabetic and two million or more of these people are unaware that they have the disease; 22% of our present population carry the genes for diabetes; diabetes can be detected long before symptoms appear; simple measures can control early diabetes if it is discovered; acute complications of diabetes can be prevented by early detection and treatment.

All of the above tests are free of charge and persons in all categories mentioned above are urged to be tested. Those persons screened at the Community Clinic on January 28th need not repeat the tests.

Presbyterian Notes

The Women's Circle met in the Educational Building at 9:30 a.m., Monday. Mrs. John Williams was hostess and Mrs. James Williams led the Bible study.

The Youth Communicants' Class met at the church Wednesday at 3:45 p.m.

A special offering will be received this Sunday, Feb. 16th, for support of the Church's international mission.

Mr. and Mrs. Lewis Whitten had as a week end visitor Mrs. John Volk of La Cross, Wisconsin.

WEEKLY MARKET REPORT SHOWS THAT POULTRY OFFERS GOOD PROTEIN CHOICE

College Station, Tex.—Poultry offers economical protein choices at the supermarket this week, according to Mrs. Gwendolyn Clyatt. "Chicken hens are a good choice, and egg supplies are adequate for the demand—with little change in price," the consumer marketing information specialist with the Texas Agricultural Extension Service, reported.
"Currently, Grade A, large-size eggs give the consumer more for his money," she added.
"Another good value is fish, and many varieties are available in frozen form with little or no waste," the Texas A&M University System specialist said.
Of beef, Mrs. Clyatt said special prices are not extensive, although some appear on chuck cuts and ground beef. Also, some markets are highlighting rib or T-bone steaks and beef liver.
"Real pork values are difficult to find, but good choices, price-wise, include Boston butt roasts, smoked picnics, liver and roll sausage.
"Cheese specials are dairy counter features, along with milk and sour cream."
At fruit and vegetable counters, the specialist noted some features on Temple oranges as they reach a peak harvest, and she said grapefruit and pear supplies continue to be heavy—with orange supplies ample.
Most plentiful vegetables include cabbage, potatoes, carrots, onions, turnips, squash and cooking greens."
Consumer Watchwords: Coupons can save money, if consumers use them wisely.
Coupons that offer "money off," are refunds, for usual purchases do save money.
However, consumers who clip out every coupon they see—and buy the advertised products—will increase spending rather than savings.

NEWS OF SCIENCE

ENGINEERING FOR A BETTER WORLD
Bioenergetics, bioentrainment, bioenergotherapy, generic memory—scientific mumbo jumbo for ecology, right? Wrong! Translated, these words might sound more like dowsing, fire walking, mediums, levitation, faith healing and ESP, terms you might ordinarily associate with "hocus pocus" magic and occult. But not anymore. Engineers and scientists in Russia and more recently in the U.S. are taking these phenomena seriously while trying to explain how and why they occur and if there is practical value to these events. It's all called parapsychology.

At the recent International Convention of the Institute of Electrical and Electronics Engineers (IEEE), a team of American engineers described their investigations of parapsychological phenomena. With numerous referrals to Russian work in the new field, the group explained experiments to measure mental telepathy, to explain acupuncture, and to determine the effects of electric fields on human behavior.
One of the most widely heard-of forms of Extra Sensory Perception (ESP) is mental telepathy, the ability to pass information from one mind to another. ESP has three other subcategories—clairvoyance, direct passing of information from matter to mind; psychokinesis, mind over matter; and precognition, direct obtaining of information about the future.

Investigations both in this country and in Russia, parapsychology speakers told the IEEE audience, have convinced most researchers that one or all the forms of ESP exist. The Russians have conducted experiments with a woman who can move an object without touching it. They found that near the object that she moves there is enough electrical energy to light up a small fluorescent lamp. American scientists are seeking clues to clairvoyance and precognition.
While ESP is relatively easy to categorize, the phenomena associated with electromagnetic fields around living systems are much more difficult to assign and analyze. The basic problem is measurement. How do you measure something that you can't prove exists?
One measurement method, discovered by the Russians, put a high voltage electric field around the subject which is then photographed with special film. This technique, called Kirlian photography, has helped to form some explanations of why acupuncture works. Kirlian photos show radiations around various body zones that coincide with acupuncture points. In fact a device called a tobiscope can actually find acupuncture points by using electronic circuits. To explain this, one American scientist postulates the existence of an unknown circulatory system in the body that seems to be composed of energy and electric fields.
Certainly the practical aspects of telepathy are intriguing and the possibilities in the biomedical areas are encouraging. But, all the benefits or parapsychological research are by no means obvious. As one engineer told the IEEE International Convention, "The potentialities of the individual human being are far greater than we ordinarily imagine them to be and far greater than the in-vogue models of man would lead us to think possible. We are finally beginning to discover some of these potentialities."

Dr. John Mihalasky, Newark College of Engineering, discussed parapsychology at IEEE INTERCON.

I Am Still In The Butane Business

as manager of the Houston Natural Gas Company, HNG Propane Division, who bought out my butane service recently. I will still provide butane service at 23c and 25c and will continue the same prompt service you have come to expect in the past. Houston Natural Gas also has a number of refineries so plenty of fuel will be available. My office phone is still 853-2931, and all trade is solicited.

Also, I am still owner and operator of the Guif wholesale gasoline, etc., distributorship.

Your trade of past years is appreciated by me and my crew and I wish to express thanks for it, and look forward to continuing to serve your needs in the future.

Hall Is Chairman Of Easter Seal Drive

RAYMOND HALL

Raymond D. Hall will lead the 1975 Easter Seal Appeal in Schleicher county, it was announced by Thomas N. Jenness, Jr., of Fort Worth, president of the Easter Seal Society for Crippled Children and Adults of Texas.

Residents in the county will receive the traditional Easter Seal Appeal letters beginning February 15. The Easter Seal Appeal is conducted each Spring to provide disabled persons and their families treatment and services. It will continue through Easter Sunday, Mar. 30th.

Hall is one of 234 men and women throughout Texas who serve in this capacity to help meet the cost of the statewide Easter Seal program, which assisted 20,152 handicapped Texans in 1974.

The Texas Easter Seal Society and its statewide network of treatment centers and local volunteers spent \$1,410,907 financed by the traditional Spring Easter Seal Appeal and Fall Membership Drive. Over 90% of all funds raised remain in Texas to support the growing needs of the disabled in the state.

Special emphasis is being given in the 1975 Easter Seal Appeal to the disabled citizen who may need assistance and not know where to obtain it. Contact Hall at First National Bank in Eldorado.

He will give the simple, self-mailing request for service form. A determination of the extent and type of assistance needed, the most efficient means of obtaining that assistance, and arrangements for qualified treatment or other services will be made by the Texas Easter Seal Society.

ANTIOCH BAPTIST CHURCH

will have charge of the services this Sunday afternoon, Feb. 16th, at the local Nursing Home. The service will start at 3:30 p.m.

Jerry Doyle Addresses Educational Secretaries

Fort Stockton Independent School District Educational Secretaries and Aides Association met recently with Mrs. Morris Childers in charge.

Guest speaker, Jerry Doyle, history teacher and practicing principal intern at Junior High School from Southwest Texas State University at San Marcos, informed the organization how important it is to contact your representative on the legislative bills coming before the House in Austin. He encouraged the group to uphold the Texas State Teachers' Association legislative program. "The bill will mean a great deal to the school secretaries, aides, teachers, librarians, counselors and principals," he said.

Jerry is the son of Mrs. Bessie Doyle and brother of Jimmy Doyle, of this place.

In parts of England it's believed that a person who picks marigolds will take to drink.

The Spanish Inquisition burnt its victims because it believed it's wrong for the church to shed blood.

Some people believe that eating a jackal's heart will cause a child to grow up a coward.

As the old saying goes, there's nothing as sure as death and taxes. But when a person dies, will he or she live again? At the very center of the Christian Gospel stands the fact of Christ's resurrection. Death couldn't hold Him (Acts 2:34).

Christians confess, "I believe in the resurrection of the body and the life everlasting." This is hooked right into Christ's becoming alive again. The Bible says that He is the "Firstfruits," (1 Corinthians 15:20), the first in the long line of those who shall experience resurrection from the dead.

If you are not sure what you believe about life after death, a booklet titled "If a Man Die..." may clarify your thinking. Send 25 cents to Room 220, International Lutheran Laymen's League, 2185 Hampton Ave., St. Louis, Missouri 63139.

People once thought that the liverwort fern was good for the liver.

Reddy's helpful tips for your Electric Range

BAKING. Plan your oven meals. A complete meal can be cooked in the oven as economically as one food item. Get foods into the oven as soon as it's preheated - or don't preheat at all.

BOILING. When cooking vegetables, use a small amount of water. It takes less time to bring them to a boil. As soon as water reaches the boiling point, you can cut the setting back. When boiling water for coffee or tea, heat only as much as you need. Remember, too, that water comes to a boil quicker in a covered pan.

COOK AND FREEZE. Prepare double recipes for meals like spaghetti sauce, soups, and stews that take a long time to cook. Then freeze half for future use.

**THDA Planning Meet
Held In Brady Feb. 6th**

Four Schleicher County Home Demonstration Club ladies attended the Texas Home Demonstration Association District Planning Meeting in Brady on Feb. 6th. Those attending were Mrs. Eleanor Jeffrey, county THDA chairman; Mrs. Geneva Wade, Reynolds H. D. Club; Mrs. Frankie Schrier, Good Neighbor; and Mrs. Patsy Kellogg, who represented the Young Homemakers H. D. Club.

A demonstration on how delegates are elected to the Spring THD Ameeeting was presented. Mrs. Jeffrey attended a session for the County THDA chairmen and the other ladies attended a council workshop.

While on the way to Brady the ladies stopped to visit with Mrs. Geneva Wade's parents and in Brady they stopped to visit with Mrs. Geneva Wade's parents and in Brady they visited with her sister. They were accompanied by Nancy Lester, assistant county extension agent.

PRE-STORM STOCK-UP

Prepare for a storm-caused power failure by collecting most of the necessary items to keep you comfortable and put them in an out-of-the-way spot until they're needed. This way, you won't use your supplies before the emergency.

Store small items in a picnic basket or a box with a closable lid. These include:

* Several flashlights with fresh batteries so you can light a few rooms at a time.

* A supply of unspoilable food: canned soups, dried fruits, instant tea and coffee,

sealed packages of crackers, dry milk, a cream substitute, a jar of peanut butter.

* Dixie paper plates, bowls and cups to brighten your simple meals and eliminate any need for clean-up.

* Large, slow-burning candles with safe, flat holders, and matches in a metal container so they'll be dry and usable.

A small stove run on canned heat will cook simple one-pot meals for you.

Make sure you know the best information station on your portable radio and keep some extra batteries in stock.

**Internal Security
Committee Promoted**

From The Office Of
Congressman Bob Krueger

U. S. Representative Bob Krueger today announced that he is co-sponsoring House Resolution 67, a bill to restore the House Internal Security Committee (HISC) as a standing committee of the House. Introduced by Representative John Ashbrook of Ohio, this bill seeks to reverse action taken by the House last month to transfer the functions of the HISC to the House Judiciary Committee.

"The House Internal Security Committee has played an important role in safeguarding our freedoms. Although I think the House Judiciary Subcommittee can do an adequate job, I think this important task can best be performed by an independent committee," Krueger stated.

"I was disappointed that the House chose to transfer the functions of the HISC to the Judiciary Committee as part of the House organization proposals enacted early in the session," Krueger continued. "A number of us opposed this transfer when it was voted on as a separate item before the Caucus, but we were defeated."

The new Congressman from the 21st District explained, "This bill will give the entire House a chance to vote on the status of the House Internal Security Committee as a separate issue without its being tied to an enormous package as was the case under the previous vote.

"Many of us were forced to make the difficult decision of voting for the whole rules package, which contained many necessary and good provisions but which also contained the transfer provision, or voting against the package and further delaying the organization of the House and therefore its action on the important issues facing our nation," Krueger concluded.

Bruce and the Spiders

The one date which all Scots remember is the year 1314, when the Battle of Bannockburn was fought to establish Scottish independence against the English. The King of Scots who master-minded the battle was Robert the Bruce and he was born just 700 years ago.

The Scottish Army was one third the size of the English Army, but Bruce's tactics were brilliant and King Edward II of England had to flee the field.

To many people Bruce is famous because of the story of how, when he was on the run as a rebel and living in a cave, he was on the point of giving up hope when he saw a spider keep climbing up a thread until it reached its goal. This inspired Bruce to restart his fight for Scotland's freedom.

Teacher's Scotch Information Centre says that there are at least three different caves where Bruce is supposed to have seen his famous spider. One is on an island off the coast of Ireland. A second is the King's Cave on the Isle of Arran in the Firth of Clyde. The third cave is inland, at Kirkpatrick Fleming, not far from the Border between Scotland and England.

All three have spiders and supporters, but it's generally agreed nowadays that this famous story of Bruce and the spider was invented by patriotic priests who were public relations men for the King of Scots!

We owe the apple a lot, historically. Who would ever have heard of William Tell if he hadn't shot an apple off his son's head? And we wouldn't have had THAT overture! Don't forget, too, that Isaac Newton, sitting under an apple tree, supposedly discovered the law of gravity when he saw an apple fall.

Apples are your tummy's best friend. They aid digestion and pep up your whole system.

Although recent statistics show that not much more than half as much fresh fruit is consumed now as in 1940, apples still stand out as the most popular domestic fruit. The annual U.S. apple crop is about 150 million bushels — and that's not applesauce!

Good-tasting, economical apples come in so many varieties — over the years, more than 7,000 have been named and more than a hundred are grown commercially in the United States today — that you're not likely to taste them all. But you can get to know the difference between the eating varieties — Jonathans and Red or Golden Delicious — and cooking varieties — Greenings and Northern Spies. Some, like Winesaps and McIntoshes, star in both roles.

THE STEPS OF LENT

Between Ash Wednesday and Easter Sunday there are forty days? No, that's not quite right. Between Ash Wednesday and Easter Sunday there are forty weekdays—and six Sundays. Traditionally the weekdays were the Lenten fast, the Sundays were festivals of Christian worship. If your faith has taught you to observe Lent: by foregoing pleasures or adding new religious experiences or both . . . those Six Sundays are occasions for taking inventory of your spiritual progress. If yours is a religious background that does not emphasize Lent, those Six Sundays are still milestones on the way to the great Christian celebration of Christ's Resurrection—Easter! And if, perchance, you have never given much attention to spiritual matters, those Six Sundays (and the thoughtful days between) are an invitation from your Lord . . . to walk with Him the path He walked for You.
