BROWN'S 5 STAR SHOES

TO THE VOTES OF SCHLEICHER CO.
 Owing to the fact that my friends are anxious to know whether or not I will be a candidate for re-election in 1910, to the office of County Judge, I take this method of saying to the public, that I have fully decided that I will not under any circumstance, be a candidate in 1910. I make this statement at this early date, first because I owe it to my friends and second because I think that it is right and just to every body. I am indeed sorry to have to refuse my friends who have stood by me through thick and thin all these years, and I assure you that it is with sorrow in my heart that I say no, in this case. This will make me eight years in the Office and I feel like that is long enough for one man to hold a public office. During the time that I have been in office I have tried to serve you as best I could, and while I realize that I have made some enemies, I have done so by contending under all circumstances for what I thought was right. I have long since learned that it is impossible for a public officer to please every body and I have done my duty as I have seen it without fear or favor, and will continue to do so while I shall remain in office. I have worked hard to protect the interest of every man alike, and have managed your county's finances and affairs in a way that I am proud of and that speaks for its self. Your tax rate is the best that I know of any where and is as follows, County Advalorum 16 2/3 cents on the \$100 valuation, Road and Bridge 5 cents on the \$100 valuation, Jail 5 cents on the \$100 valuation, Total county tax 26 2-3 cents on the \$100 valuation. There are two small districts in the county that have a 10 cent school tax, state and county, less than 50 cents.

FROM BALLINGER SOUTH.
 Morgan Jones was in Winters yesterday and gave out the information that it was no longer a secret that the A. & S. would move right along south from Ballinger and that he would have propositions to offer the people of that section.
 He said he had not decided yet as to whether they would use the Millersview, the Paint Rock, or the San Angelo routes.
 Mr. Jones talks very little generally, but when he does it may be taken that he means what he says. The people south of Ballinger may as well make up their minds that Mr. Jones will soon be before them with propositions and we can see now some lively work on the part of the people down there in meeting these propositions.
 Morgan Jones knows his business, has the capital and fully carries out in every detail anything he promises to do.
 The Enterprise is just a little bit curious to know who will be the lucky ones and we shall watch with interest Mr. Jones' movements in the matter.—Winters Enterprise.

Spain, poor Spain is in war again.

The extensive hot weather for the past few days must mean rain. Is it possible that Eldorado, is to be a great railroad center.

Good schools, and lots of railroads is bound to build a city on the "Divide."

The first consideration in this office is to have things done EXACTLY RIGHT.

Some one in Boston, is urging that Congress put a heavy duty on swearing, nothing like that is needed here, as it seems to be the duty of some to swear for pleasure.

K. Lamity Bonner, had a pleasant outing on the Slater ranch this summer, all went well until he tried to rob a bee hive.

The First and Citizens National Bank of Ballinger have consolidated their business, and will hereafter be one bank.

Williams J. Bryan, will move to Texas, but intends to make a tour through South America before his coming to this State.

It appears from the latest movements of the Frisco road, that their intention is to come West. We have a nice bonus that we had just as soon give the Frisco people as any other railroad promoter.

If the Frisco intends to go to Stanton, this route is the route, for after leaving the main draws of the San Saba, they will have a divide route.

When the Frisco builds from Brady to Stanton, via Menardville, McKavett, Eldorado, Still and Garden City, she will pass through one of the best portions of Texas.

Col. Bill Ake, according to Sam H. Hill's statement to a San Angelo Press-News reporter, is heart and soul interested in a railroad to be built through the Rudd neighborhood, go it Bill, we are after the same plumb.

Sam H. Hill, a Rudd ranchman, and a railroad booster, went to San Angelo Wednesday, to try and interest Mr. Lanin and Shaffer in his section of the country.

F. R. Keele, was in from his stockfarm Wednesday, with a few water melons that weigh 36 lbs. a piece, pretty nice melons for such a dry year.

Lanin and Mr. Shaffer the parties who propose to build a railroad from San Angelo to Kerolle, via Eldorado and Sonora. Messrs Lanin and Shaffer made a date to come to Eldorado just as soon as they finished their business in Angelo, but futher stated that they would build this line whether they built the Sterling road or not, if our people will do the right thing. The date set for the arrival of Mr. Lanin and Shaffer is not known but will be before the last of this week, they are expected to be here today.

Letter to

E. C. CNZZENS
Eldorado, Texas.

Dear Sir: Two men on opposite sides of the same street sell sausages, one at 10c lb, the other at 5. Which sells the more sausages, think you?

The answer is: It depends on the street. There are plenty of streets in the world where 5c sausages go like the wind.

Devoe is an honest paint; there are eight honest paints, 200 adulterated and short measure; Devoe is the best of the eight. Devoe has more strength than the other seven. The painter adds generally a quart of oil to Devoe, he still has a stronger paint than any other one of the seven.

The seven are sold at one price \$1.75 a gallon; a common price of second-rate paint is \$1.50. It takes 8 gallons Devoe to paint a small house, and 12 of average paint; 8 gallons cost less than 12; the price is more than offset by less gallons.

It costs \$2 to \$4 a day to get paint on; a day is a gallon; \$8 to \$16 more to paint the more gallon paint; \$8 to \$16 less for painting the less-gallons paint.

The difference in first cost of the two jobs is \$14 to \$22 and which wears best do you think? It's the less-gallons paint because of its strength.

There are plenty of people to buy those 5c sausages.

Yours truly
F. W. Devoe & Co.

BIG RANCH DEAL.

The report reached the city today that C. G. Burbank has sold his ranch and cattle near Fort Mc Kavett, Menard county, to E. F. Tillman, live stock agent for the Frisco, and B. F. Yoakum and brother. The ranch comprises 35,000 acres of land and sold at \$5 and \$7 per acre, bringing a total of over two hundred thousand dollars; and the cattle number about three thousand head, making the total amount involved in the big deal about two hundred and seventy-five thousand dollars (\$275,000).

Much significance is attached to this tremendous transaction since the Frisco is preparing to move out from Brady. B. F. Yoakum is chairman of the board of directors of the Frisco, and his brother and Mr. Tillman are closely associated with him. It was reported a short time ago that the Frisco would build from Brady to Del Rio, via Fort Mc-Kavett, and the purchase of the Burbank ranch seems to indicate that it is really the intention of the road to build that line. Fort Mc-Kavett is off the line from Brady to San Antonio and it is hardly probable that the road will come through Menard county in building to Stanton.

Menardville is on a strait line from Brady to Mc-Kavett, and the citizens of that place have up a handsome bonus for a railroad. They have been rather quiet lately and some think that they have received assurance that they will be given railroad connection soon.

Sonora will also likely make a bid for the Brady-Del Rio road —San Angelo Standard.
